AFTERMATH. When the Summer fields are mown,
When the birds are fledged and flown,
And the dry leaves strew the path;
With the falling of the snow,
With the cawing of the crow,
Once again the fields we mow
And gather in the aftermath.

Not the sweet, new grass with flowers Not the sweet, new glass;
Is this harvesting of ours;
Not the upland clover bloom;
But the rowen mixed with weels,
Tangled tufts from marsh and meads
Where the poppy drops its seeds
In the silence and the gloom.

—H, W, Longfellow.

THE QUAKER POETS FAITH.

I dimly guess from blessings known Of greater out of sight,
And, with the chastened psalmist, own
His judgments, too, are right.

Of marvel and surprise,
Assured alone that life and death
His mercy underlies. I wait the muffled oar;
No harm from him can come to me
On ocean or on shore

Juteresting Story.

FOOT-BALL.

The first match of the season was played on the College grounds last Saturday, between the Acadia team and a team from Kings College, Windsor. The Kings boys arrived by the morning express and play commenced at about 11:30. A strong wind was blowing at the time from the northing at the time from the northing at the time from the northern goal giving them a great advantage.

MINERALOGY conducted by Miss Composition of the general tendency of Christianizing and refining influences, is an open question. In this as in all other upward movements, we find men working and clamouring for what they were aware of it their last man had gone out with only 38 of a score. As to be attributed to special effort in one direction, or to the general tendency of Christianizing and refining influences, is an open question. In this as in all other upward movements, we find men working and clamouring for what they were aware of it their last man had gone out with only 38 of a score. As of the lesson. As Dr Allison afterwards remarked in reference to his own feelings during the lesson—

Still he gazed and still the wonder grew That one small head could carry ail he knew."

PROF. EATON, from the Nermal School, then addressed the teachers on ELEMENTARY ARITHMETIC. He work done in arithmetic of ground, but in the end step out at one of the less of the carrival of the train, the match of the instituted to special effort in one direction, or to the general tendency of Christianizing and refining influences, is an open question. In this as in all other upward movements, we find men working and clamouring for what they were aware of it their last man the direction, or to the general tendency of Christianizing and refining influences, and open question. In this as in all their last man the direction, or to the general tendency of Christianizing and refining influences, and open question. In this a Kings winning the toss took the norther goal giving them a great advantage.

Jesse Prescott, captain of the Acadias, kicked off and the play commenced. From the first the home team had it all their own way being far ahead of the visitors in weight, muscle and knowledge of the galar. Against the wind they forced the bail down to the Kings goal and kept it there throughout nearly the whole time. Time was called at the latter advanced after the child was further advanced after the child was further advanced. whole time. Time was called at the after the child was further advanced, on human fiends, and the brutal drunkhalf hour and after a few minutes rest and when only a short time would be ard, —havedrawn pathetic pictures of the half hour and after a few minutes rest the goals were changed and play recommenced, and now the superior playing of Acadia came to the front. They well half a half a came to the front. They session commenced with a paper by the session commenced with a paper b rushed the ball down to the opposite goal and kept it there getting several

MISS EMMA ELLIS, on "HISTORY AND suggests nothing like reform. It may be that a sort of public feeling will be arous the wind and the ball being so wet and slippery that it was well nigh impossible address on the "METHOD OF CONDUCT- but this seems to me like lopping off one al other branches are more than likely to a whole the play was not nearly so interesting as other matches seen here, as

a public meeting was held in Church, to the root of the matter. People say,

I have now in stock the the fight was so largely one sided. Some pretty rough play was indulged and introduced as the first speaker Mr in and some pretty severe bruises are left to show for that part of the sport. PROF. SMITH read a very interesting law, we want a public sentiment among

principal of teaching the people from the public stands adopted and skill-

sence help to foster and encourage and at the same time elevate physical exercise and many sports must be, at deservedly so, very popular with their classes. Kings did all they could to save their goal and it is only fair to them to say that they were completely overmatched, and they deserve credit for the fight they made.

THE COLONIAL AND INDIAN EXHIBITION

WHAT WE WILL SHOW

At the Colonial and Indian Exhibition will be found a very creditable exhibit from Nova Scotia, Coal and gold will be a most prominent exhibit. Iron in its crude state and manufactured into the finest steel will be shown. The mineral show will be large. The fisheries exhibit, if not so large as in life to the served was snown to be of great importance, and the climate, soil, mountains, currents, &c. are known to have a great influence over the character of the people. A lively discussion took place after this paper on the drawing of mapper on the drawing of the right direction. This state of things seems to be now in progress. We meet fewer demagogues with nothing at stake, and a few men like Joseph Cook, not coming before the milke Joseph Cook, not coming before the pople. A lively discussion took place after this paper on the drawing of mapper on the drawing of the right direction.

The CoLONIAL AND

AS OTHERS SEE US. CORRESPONDENCE BY "A RAMBLER" IN

Wolfville is rapidly becoming a fashonable resort for picnics. The Halifax folk seem to think so, at any rate, as there had been two or more from the city there this season. One took place when your correspondent was there. A large crowd of the city people took advantage of the cheap railway fare in or-

and a team made up from the Wolfville and Kentville Clubs on the other. Being very fond of cricket, although not much of a player, it is not surprising Temperance Reform has been before that I was on the campus about as soon the public mind, a live question, for as the players. The Halifax boys were

COMPARATIVE WORTH OF BAKING POWDERS.

REPORTS OF GOVERNMENT CHEMISTS

As to Purity and Wholesomeness of the Royal Baking Powder. "I have tested a package of Royal Baking Powder, which I purchased in the open market, and find it composed of jure and wholesome ingredients. It is a cream of tartar powder of a high degree of merit, and does not contain either alum or phosphates, or other injurious substances.

E. G. Love, Ph.D." phates, or other injurious substance.
"It is a scientific fact that the Royal Baking Powder is absolutely pure.
"II. A. Morr, Ph.D."

"I have examined a package of Royal Baking Powder, purchased by myself in the market. I find it entirely free from alum, terra alba, or any other injurious sub-stance. HENRY MORTON, Ph.D., President of Stevens institute of Technology."

"I have analyzed a package of Royal Baking Powder. The materials of which it is composed are pure and wholesome. S. Dana Hayes, State Assayer, Mass." The Royal Baking Powder received the highest award over all competitors at the Vienna World's Exposition, 1873; at the Centennial, Philadelphia, 1876; at the American Institute, New York, and at State Fairs throughout the country. No other article of human food has ever received such high, emphatic, and universal endorsement from eminent chemists, physicians, scientists, and Boards of Health all over the world.

NOTE-The above DIAGRAM illustrates the comparative worth of various Baking Note—The above Diagram illustrates the comparative worth of various Baking Powders, as shown by Chemical Analysis and experiments made by Prof. Schedler.

A pound can of each powder was taken, the total leavening power or volume in each can calculated, the result being as indicated. This practical test for worth by Prof. Schedler only proves what every observant consumer of the Royal Baking Powder knows by practical experience, that, while it costs a few cents per pound more than ordinary kinds, it is far more economical, and, besides, affords the advantage of better work. A single trial of the Royal Baking Powder will convince any fair-minded person of these facts,

* While the diagram shows some of the alum powders to be of a higher degree of strength than other powders ranked below them, it is not to be taken as indicat-ing that they have any value. All alum powders, no matter how high their strength, are to be avoided as dangerous.

ONLY A BOX BY WILL CARLETON

Ouly a box, secure and strong, Rough and wooden and six feet long, Lying here in the drizzling rain, Waiting to take the up-bound train!

Only its owner, just inside, Cold and livid and glassy-eved; Little to him if the train be late; Nothing has he to do but to wait.

Only an open grave somewhere, Ready to close when he gets there; Turfs and grasses and flowerets swee Ready to press him neath their feet.

Only a band of friends at home. Waiting to see the traveller come, Naught he will tell of distant lands; He cannot even press their hands. He has no stories wired and bright He has no gifts for a childs delight; He did not come with anything; He had not even himself to bring.

Yet they will softly him await, And he will move about in state; They will give him, when he appe Love and pity, and tender tears.

Only a box secure and strong, Rough and wooden and six feet long, Angels guide that souless breast Into a long and peaceful rest!

words:

Her clothes were ragged and drenched with rain, the wind had tossed her hair around her unprotected shoulders. Her white face bore marks of sin and suffering. Her hands were clasped over her breast as though the scarlet letter of her

Steamer Evangeline leaves Apparolis seruple to rouse him out of his bunk, even at 1 o'clock in the morning, no matter if it was very cold outside; and I also noticed that the man said nothing about "Yes, sir, I'll be there in a minute," or "wait till I finish this nap." He came right out, and taking his partner's place.

The office of nonesty has always been a failure.

Steamer Evangeline leaves Annapolis every Mon., Wed. and Frid. p. m. for Digby.

The steamer New Brunswick leaves Annapolisevery Thursday p. m. for Boston and returns from Boston every Monday p. m.

The office of nonesty has always been a Steady our mane on a post-card.

We are selling 5 quires of Note Paper and 250 Nice Envelopes for 45c at "The Bookstore. or "wait till I finish this nap." He came right out, and taking his partner's place, held it for six weary hours amid a silence that would chill one. So, my boy, when you pick up your possessions in a red handkerchief and steal out of the back window of a dark night to run away to the lakes to become rich and famous, like "Billie, the Boy Whaler or the King of the Quarter Deck," don't try wheeling.

Cabin boy! The lake steamers carry no cabin boy; the cook is the best they can afford in this line. But then there are the sailors, the men with pretty blue are the sailors, the men with pretty blue are the mindle or the most karacter have the few est ababits.

Thare iz cheats in all things—even pison iz adulterated.

The man who iz thoroughly polite, iz 2 thirds ov a christian enny how.

KIDNEY DISEASE,

GENERAL DEBILITY.

READ THE FOLLOWING TESTIMONIALS. Weymouth, Sept. 14, 1885.

Dr Norron: Dear Sir,—For twenty-five years I have been afflicted with Salt Rheum, and last Summer my head and part of my body was one fearful sore. My husband employed at different times three doctors, which failed to do me any good. In August 1884 I commenced taking your DrO. W. Norton's Burdeck Blood Purifier, and after taking three bottles, am chirrely cured, as I have not the least symptoms of it since. The Blood Purifier has also cured Capt Brooks of Dyspepsia and Liver Complaint.

Yours truly, Mrs John Grant Weymouth, Sept. 14, 1885.

Leter Frost. Esq., of Little River, Dig-by Neck, was sick a long time with Liver Kidney and Nerve Disease. He is now well by using Norton's Burdock Blood Purifier.

Asa Raymond's son was sick and confined to the house for over three months with Rheumatism and Kidney Troubles. He was attended by a doctor, and tried many remedies but obtained no relief until he used Norton's Burdock Blood Purifier, wich cured him.

John Layton of Mount Denson, was sick with Sciotica for five weeks, when his doctor gave him up. He is now quite well by using Norton's Magic Liniment and Dr O. W. Norton's Burdock Blood Purifier.

There is no medicines known to the medical fraternity that has cured so many of Liver, Kidney Blood and Nerve Diseases as the medicines that compose Norton's Burdock Blood Purifier. Sold by most of the dealers in medicines throughout the county, and by G. V. Rand, Druggist, Wolfville at \$1.00 per large bottle.
