

THE ACADIAN.

WOLFVILLE, N. S., JAN. 24, 1908.

Sanctum Suggestions.

A large amount of our space this week is taken up with the report of the Mayor. We make no apology, however, as this is matter that will naturally be of deep interest to our readers, particularly to those who are resident in the town. Our citizens should be interested in every detail of the town's business, and prepared to discuss every item with intelligence.

The coming summer should be a busy one in Wolfville. Among the buildings to be erected will be the new science building for Acadia University. This is to cost when completed about \$30,000, and will be begun as soon as the frost is out of the ground. Architects are now at work on the plans for the same. This work of itself will make quite lively times, and it is hoped a number of other buildings will be erected. These should include a new town hall, and a new public school building, but so far no definite arrangement has been made concerning these much needed additions to the town property.

If Wolfville is to hold its own it is time some move was made in the direction of improvement in the condition of Main street. A gentleman from Cornwallis told THE ACADIAN a few days ago that he only came to our town when he had to because of the bad condition of our streets. The roads all over the county have been unusually bad the past season, but out-of-town people claim they are a little worse here than elsewhere. We are not in a position to speak authoritatively on this point, but we do know that they should be better. Our town has taken all the steps preparatory to the construction of permanent streets, and until these are secured our citizens should bend all their energies in that direction. The undertaking does not appear to be more difficult of accomplishment than did the construction of the water or sewerage system at their inception, and all that is needed is the concerted action of our people to secure for the town that which will be one of the greatest possible factors for success. "Do it now."

Wolfville Board of Trade.

The annual meeting of the Wolfville Board of Trade was held on Tuesday evening, and although not largely attended there was a fair attendance of members present. Mr. R. E. Harris, the vice-president, occupied the chair. Mr. J. F. Herbin presented a lengthy report concerning the proposed abattoir, which was spoken to by a number of members. Secretary Black's report for the year was read. This showed the finances of the Board to be in a healthy condition. The following officers were elected for the ensuing year:— President—C. R. H. Starr, Vice-President—W. T. Ford, Sec.-Treas.—A. M. Wheaton, Council—J. F. Herbin, I. B. Oakes, J. E. Hales, J. D. Chambers, Chas. S. Fitch, F. J. Porter, R. R. Duncan, R. W. Starr, Auditors—R. Earl Burgess, G. W. Munro.

Sleepless Babies are Sickly Babies.

Well babies sleep soundly and wake up brightly. When little ones are restless, sleepless and cross it is the surest sign that they are not well. Probably the stomach or bowels is out of order, or it may be teething troubles. Give Baby's Own Tablets and see how quickly the child grows well and happy and sleeps soundly and naturally. Not the drugged sleep of "soothing" medicines, but the natural sleep of health. You have the guarantee of a government analyst that this medicine contains no poisonous opiate or narcotic, and you can give the Tablets just as safely to a new born baby as to the well grown child. Sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The news has just been received here of the death at the home of her son, Frank W. Ronnefeldt, at Vancouver, of Mrs. Margaret Ronnefeldt, wife of John Ronnefeldt, a former well known merchant of this town, and daughter of the late William DeWolfe, an old resident of Wolfville, in the 70th year of her age. Her home was at Chillinack, B. C., but while on a visit to Vancouver she contracted typhoid fever and never recovered her strength and passed away on January 13th. Her sisters and brothers living are Mrs. D. F. Higgins, Wolfville, Mrs. Joseph Best, Chillinack, Mrs. Fitz Mahon, London, England, John DeWolfe, Liverpool, England, and William DeWolfe, Chillinack, who visited friends in Halifax, and his sister here last summer. Besides her husband she leaves seven children—George Ronnefeldt, Alaska; Mary, wife of Mr. Haines, B. C.; Frank W. Vancouver, Alaska; New York; Annie, wife of A. W. Holden, Chillinack, Dalry, wife of Mr. Richardson, and John of Los Angeles. Mr. and Mrs. Ronnefeldt, who have many relatives and friends in this province, moved to Chillinack a number of years ago, and there made a pleasant home and a host of friends who sympathize with the sorrowing husband and his children.

Monday last was the most windy day of the season. A strong wind from the west and a few ice particles made the day very disagreeable.

Mayor's Report, 1907.

To the Ratepayers of the town of Wolfville, LADIES AND GENTLEMEN.—It is once again my pleasure to present to you, for your careful consideration, my annual report of the affairs of the town as conducted during the past year by the Council now about to retire from office. As I believe it is the intention of the various committees to report at length on the work performed by them, it will not be necessary for me to do more than lay before you some of the most important matters that have taken the attention of the Council during that period, and to call to your attention matters of interest to the town's welfare that will engage the attention of the next Mayor and Council.

FINANCE.
It is most gratifying to be able to report that the finances of the town are in a most excellent and healthy condition, the cash on hand as shown by the report of the auditors being no less a sum than \$122.61 from which must be deducted \$93.81 in outstanding cheques as well as such amount as we owe the bank for interest on overdrafts for the year. This latter amount has not yet been adjusted but it will only be a small item as compared with previous years. We have a further asset of upwards of \$1000.00 in good and collectible taxes.

It was freely predicted at the beginning of the year by many ratepayers of this town and others, men of financial ability, that the Council had acted hastily in making such a low rate as \$1.40 on the \$100.00. The result shows that the Council had carefully and conscientiously considered every phase of the question at the time of making up the estimates and that all matters coming before them (however trivial or important) are carefully considered and investigated with the sole object of guarding the interests of the ratepayers in every respect. It is believed by many of the ratepayers that everything laid before the Council for consideration is simply passed, or otherwise, without due regard to the merits of the case. This belief is erroneous, as the contention cannot be born out by the facts.

While not only the Council, but ratepayers as well, are to be congratulated on the low rate that prevailed during 1907, the lowest for many years, they must be prepared for a higher rate the coming year. This increase will be caused by expenditures entirely beyond the control of the Council. While the matter has not yet come officially before the Council it is a fact well known to the authorities of the town that the heating apparatus in the school building is not only in a most unsatisfactory condition, but that it is most expensive on fuel, and expensive repairs and alterations, if not an entire new system will become necessary. All this of course is a matter for the School Board, the Council having nothing to do with it further than to furnish such funds as may be necessary for the carrying on of the school work of every nature.

While it is to be regretted that the school rate may possibly be advanced the fact remains that we should not hesitate to assess ourselves for such a cause, tending as it will not only to the betterment of our school building, but a lessened fuel bill and the comfort and health of the children and teachers as well. This matter will probably be brought before you in the report of the chairman of schools. I mention it here as one of the causes that will likely advance the rate for 1908.

The new county jail at Kentville will also be one of the causes for an increase in the rate as we will have to pay our proportion for that building; this is another matter that the Council has still less control over.

I cannot of course speak for the incoming Mayor and Council, but at the present moment I know of no other causes than the above two that will tend to increase the rate.

The incoming Council should consider the advisability of having an act passed at the next session of the Legislature which will enable them to invest the sinking funds of the various services to better advantage than at present.

The present acts of the water and schools require the Council to deposit the sinking funds in some chartered bank and it is well known that at the present time the best interest to be obtained from any bank on deposit receipts is 3 per cent, possibly in some cases 3 1/2 per cent.

If we had the privilege, as we have in the case of the sewerage debentures, of buying in or retiring these debentures from time to time as offered, we would be gaining the difference between the interest allowed us from the banks and the interest payable by us. By the passage of such an act no harm could accrue to the holders of our debentures, their security would be just as strong, if not stronger.

STREETS.

In regard to streets I can only repeat in part what I stated last year. The Main street of this town is in a most deplorable condition, and it is time that steps were taken towards a better state of affairs, a street should be built that would last for many years and at a minimum expenditure for up keep.

There are two ways in which the desired result could be attained, one of these would be by authorizing the Council to borrow such a sum as would build a proper road from the east to the west boundaries of the town, the interest on such a loan would be a small item, and the amount that is really appropriated to the street could be used for the

MITCHELL'S SHOE STORE.

MITCHELL'S SHOE STORE.

WOLFVILLE, N. S.

BETTERMENT OF THE TRAVELLED STREETS.
The second method would be by a slight increase in the tax rate which would enable the authorities to purchase the necessary machinery and lay a short portion of approved road each year.

The first method is of course preferable, except that it would increase our bonded indebtedness and this method could only be carried out on the following conditions:

1. A road making engineer of ability and standing in his profession should be employed to draw out plans and requirements and locality.
2. The work should be given to a road building contractor, who should work under an experienced inspector, whose duty it would be to see that the contractor performed the work strictly in accordance with the specifications.
3. Neither the Town Council or any person or persons should have the power to change the whole or any portion of the specifications after they have once been approved and accepted by the Council and ratepayers.
4. All sewer connections should be made and water services renewed where necessary before the work was commenced.

The present Council and the committee on streets have worked to the best possible advantage with the material and means at their disposal, as have previous Councils and as future Councils no doubt will. This is a matter for your serious consideration as it would be your money that would pay for the work by whichever method might be selected.

The construction of such a street is simply a matter of good business policy and foresight and any individual business man would at once proceed with such work; it would cost you nothing more in taxes and you would have a Main street equal to any in the province.

ELECTRIC LIGHT.
The Council was authorized by the ratepayers during the winter of 1906 to apply to the Legislature for an Act empowering them to operate an electric light plant for town purposes as well as private lighting and power. An application was made at the session of 1907 and after some minor amendments in the Act it was finally passed and became law.

One of the clauses required the town, before engaging in business, to acquire by purchase the present "Acadia Electric Light" plant.

The matter was placed in the hands of the committee on Streets and Public Property, who had the charge of all negotiations from the first and this committee asked the company their price for the plant at present operated by them, which upon being received was laid before the Council and after some discussion the committee was authorized to secure the services of an expert to value the plant on behalf of the town. At a later date upon the receipt of the report of this expert the committee was instructed to offer the company a price for their plant based on this report, this offer was rejected by the company and the committee was then authorized to take the necessary steps leading to the acquisition of the plant by arbitration as provided for in the Act. The necessary steps have been taken and nothing more can be done until the report of the arbitrator is received.

It was not deemed advisable to hasten matters for more than one reason, the principle one being the stringency of the money market which has prevailed for the last few months and which might and probably would prevent the sale of any bonds we might offer at a profitable price.

POOR.
This is a question that will engage the careful attention of the ratepayers. During the last year the calls upon the public treasury have increased at an alarming rate, but before going further I wish to state that none of these appeals have been neglected, each and every case has been carefully and quickly investigated and when the authorities were satisfied that no imposition was being attempted. Both as individuals and as a Council it was felt that we could not do so much for those who, through no fault of their own, had been brought to that stage where they must depend upon the town funds. We are now expending a fairly large sum upon this service, larger than for some time, and in my opinion the time has arrived when we should look for some

EDISON PHONOGRAPHS

We would like to see an Edison Phonograph in every home. We know that you will find in the Edison Phonograph the greatest amount of amusement, either for yourself, for your friends or both. Nothing makes an evening's party "go" so much as an Edison Phonograph. The faithfulness of its reproduction of all kinds of music is marvellous. Come into the store at any time and hear it, and especially ask to see and hear the new model with the big horn.

Wolfville.

Local Happenings.

Don't fail to see the first hockey match of the season next Tuesday evening.

Principal and Mrs. Mersereau are moving into the Dr. Cecil Jones house on Westwood avenue.

Law office of Shalmer and Pineau over store of R. E. Harris & Son. Open every Wednesday.

Mrs. Lounsbury will be at home at her residence, Gasper avenue, on Wednesday afternoons, from 3 to 6 o'clock.

Rev. L. D. Morse, pastor of the Baptist church, and Rev. E. B. Moore, pastor of the Methodist church, exchanged pulpits last Sunday evening.

Mr and Mrs James West wish to tender their sincere thanks to neighbors and friends for the kindness shown them during their daughter's illness.

Beginning next Monday evening, Asa Coggshall, of this town, will have a hot drink counter at the rink, where beef-tea and chocolate will be served at nominal prices.

Hertel, the magician, gave a good performance in College Hall last Friday evening. The program was varied and most interesting and the whole entertainment was thoroughly enjoyed by all present.

The regular meeting of the W. C. T. U. will be held at the home of the president, Mrs. Mitchell, on Thursday, the 30th, at 7.30 o'clock. During the first week in February the Union expects to hold a number of prayer services—programs of which will appear next week.

The members of Orpheus Lodge, I. O. O. F., had a very enjoyable time at their hall on Monday evening. There was a large attendance of visiting members from Halifax and elsewhere. We regret that we are not furnished with a report of the proceedings, which are said to have been of a very successful nature.

Miss Eliza T. Harding, who for a number of years has charge of the art department at Acadia Seminary, died quite suddenly at her home in Middleton on Wednesday night. She has been in failing health for some time. Miss Harding recently visited for some time in Wolfville. The news of her death will be heard with deep sorrow.

All who are interested in Dr. Grenfell's work in Labrador are cordially invited to the Y. P. U. meeting on Tuesday evening, Jan. 28th, in the Baptist vestry, at 7.30 o'clock. An interesting programme will be given consisting of papers on the country and people, character of Dr. Grenfell's work, late reports, reading, story told by Dr. Grenfell, special music and silver collection will be taken.

The death occurred at the Cosmopolitan Hotel, New York, on Tuesday of this week, of pneumonia, of Dr. Anson Parker Smith, of this city. Dr. Smith was a son-in-law of Mr. and Mrs. Andrew H. Johnson, of this town, with whom he recently visited, in company with Mrs. Smith. He was a graduate of Columbia University, and had been practicing his profession about twenty years, ten of which he spent in New York city, where he was house doctor at the Cosmopolitan Hotel. He was about 51 years of age, and a native of Brookfield, Conn.

A large audience assembled in College Hall on Wednesday evening to listen to the address by Rev. Dr. Chown. President Hutchinson presided and introduced the speaker in a few well chosen words. Dr. Chown is a crisp, clear and forcible speaker and gave an excellent address, which was listened to with close attention. He made a strong plea for the sanctity of the ballot, and urged that the people should be educated to feel their responsibilities as citizens. He also presented very strong arguments in favor of Prohibition. Rev. G. J. C. White offered prayer and Rev. David Wright closed with the benediction.

The Browning Club will meet with Miss Higgins next Monday, Jan. 27th, at 7.30 p. m., instead of 8 as formerly. The meetings of the club are largely attended and under the leadership of Rev. David Wright, who this year is acting president, the reading of Paracelsus is much enjoyed by the members. The president, Mrs. Moore, accompanied by her daughter, is in Italy spending the winter in travel and research and it is expected that she will return in time for the lecture at the close of the Browning year. The officers for the year are: 1st Vice-pres.—Rev. David Wright, and 2nd Vice-pres.—Mrs. Esty; Sec.—Miss Burgess.

The public of Wolfville and vicinity will learn with pleasure that Mr. L. B. Bostes, whose tailoring in the past has given such universal satisfaction, is still in business here. It is very generally conceded by the wearers of good clothes that Mr. Bostes has no superior in this province as a cutter and fitter. The clothes turned out from his establishment would do credit to any American tailoring house. This is the opinion not only of local patrons but of many of the fastidious American tourists. We are pleased to learn that under the recent change, Mr. W. T. Ford having purchased the business, sufficient orders are already in to warrant a continuance of Mr. Bostes' old patronage.

Ask your tailor for 'Bray Deep' Serge.

Great Reduction

In the Prices of our
MEN'S & WOMEN'S FUR COATS.

Men's Raccoons, Imitation Bear, Wollaby, Fur Lined.

Women's Fur Coats worth \$30.00 for \$25.00.

C. H. BORDEN,

WOLFVILLE.

Canning Items.

A fourth department has been added to our school since Xmas, with Miss Stella Loomer, of Sheffield Mills, in charge. The attendance in several grades has been increased by six pupils from Kingsport.

The Canning brass band was reorganized on Wednesday evening under the leadership of Mr. E. P. Grant. Sir Frederick Borden has generously donated twenty-five dollars towards defraying their expenses.

The action of the County Council in not reappointing Mr. Ira Cox as Scott Act Inspector is very much deplored.

Mr. Whitman Newcomb is leaving a house built on Main street, west of the property of his father, Mr. James Newcomb.

A son was born to Dr. and Mrs. Covert on Monday last week.

The building on Main street owned by Mr. N. W. Eaton, recently rented by Mr. R. M. North for the purpose of carrying on a hardware business, has been much improved by plate glass windows.

Mr. Simon Jacobson and little son have removed to St. John. The business is now carried on by Mr. E. Jacobson.

Capt. W. R. Potter is recovering from a slight stroke of paralysis.

The dance given by the Canning Quadrille Club in the warehouse on Tuesday evening was largely attended.

The friends of Miss Grace Wood worth are glad to welcome her home again after several months absence in Winnipeg.

Mr. and Mrs. Starr Eaton entertained a large number of young people on Tuesday evening and the Canning Whist Club on Thursday evening.

Mr Robert Storis, of Wolfville, was a guest at Mr. George Jodrie's recently.

Mr. Hille Bigelow has returned from a trip to Halifax.

Lieutenant Fred Eaton, who was home for a short visit last week, has gone to the Pacific coast.

The following mathematical problem has been handed to THE ACADIAN for publication. We shall be glad to publish the solution:

A merchant accepts wool from a customer at 25c. per lb. in payment for cloth which cost him 50c. per yd. He disposes of the wool at 15c. per lb. and finds that he has made 20 per cent on his cloth. How much did he charge the customer per yd. for the cloth?

We have a few pairs
CYCLE HOCKEY SKATES

which we are anxious to dispose of.

Will Sell at HALF PRICE in Order to Clear.

L. W. SLEEP,

Personal Mention.

(Contributions to this department will be glad by returned.)
Rev. E. LeRoy Dakin, Acadia, '02, who has been the efficient pastor of the Emmanuel Baptist church at Victoria, B. C., for several years, has resigned to take a post graduate course at the University of Chicago.

Arthur W. Warren, P. E. Island, and Donald J. McPherson, C. B. Acadia, '05, have been chosen to represent the graduating class as two of the speakers at the commencement exercises at Colgate, in June next.

Reginald and Bernard Trotter, sons of Dr. Trotter, who left Toledo, Ohio, some months ago, for California, on account of their health, are in charge of a lemon ranch, and are being much benefited by the salubrious climate.

The many friends of Dr. DeWitt are glad to know of his continued improvement in health. In company with Mrs DeWitt and son Avery, he returned home on Saturday last from Montreal, where he has been undergoing treatment. We trust he may soon be fully recovered.

Mrs. David Freeman, who has been for a time in Halifax, has gone to Knowlton, Quebec, where she has temporary charge of the Children's Home, under the management of Mrs. Bert, of Liverpool, England, after which Mrs. Freeman expects to visit her daughter, Mrs. Trotter, at Toledo.

Notice.
The subscriber wishes to announce to the public that he is still at the old stand in Wolfville, and managing the tailoring business previously conducted under his proprietorship. The business is now owned by W. T. Ford, of Wolfville, with whom all financial transactions will be conducted. The subscriber, as manager, respectfully solicits a continuance of the patronage so generously extended to him in the past, and trusts that the appreciation which his endeavors to please the public have always met with, may still reward his efforts.
I. S. BOATES.

The musicals given at the home of Mr. and Mrs. Emery on Friday evening last was a most successful and enjoyable affair. The parlors were well filled with invited guests and the general verdict expressed was that Miss Lyons, one of Mr. Emery's pianoforte pupils who took part in the program, has a great future. Her love for the music and not of self was apparent to everybody. Her touch is very musical and sympathetic and the falling ringing chords were so beautiful she plays with a perfectly relaxed arm and hand. She certainly has remarkable talent. Mr. Emery's part in the program was especially enjoyable. This was the first time he has done any public singing in Wolfville, and he certainly demonstrated remarkable powers as a vocalist. His numbers included Italian, French, German and English songs. His many Wolfville friends will be glad of another opportunity of hearing him sing. Much credit is due Mrs. Emery, who played the accompaniments in a most sympathetic, broad style. She is a former pupil of Schorwenka and a most enthusiastic musician.

Mr. and Mrs. Harry Creighton Gilmore gave a dinner and reception at their home, 128 Olney St., Rochester, Mass., last Tuesday evening, in honor of the former's parents, Captain and Mrs. George H. Gilmore of this town, who are visiting in Boston. Forty guests were present and a very enjoyable time was spent by them all. Captain Gilmore, at four score and five, was as lively and happy as the young folks. Following are the names of some of those present: Capt. G. H. Gilmore, Mrs. G. H. Gilmore and wife, Mr. W. K. Gilmore and wife, Mr. Robert B. Gilmore, Mr. H. E. Gilmore, Mr. Bert Gilmore, Mr. E. S. Gilmore and wife, Mr. Reginald Gilmore and wife, Miss E. A. Gilmore, Mr. Franklin Snow and wife, Mr. Stanley Logan Gilmore, Mr. Benj. Zinck and wife, Mr. Thomas Archibald and wife, Mr. George Zinck and wife, Dr. James Humphrey and wife, Miss Jane Kaulback, Mr. E. B. Floyd and wife, Mr. Harry Trely, Miss Isabelle J. McRaghar, Miss Elizabeth Henderson, Mr. Hollis Gordon, Mr. George H. Yeames, Mr. R. E. Crosby.

Musical Notice.
Mr G. O. Gates, piano and organ tuner, is in town. Orders left at Harris' book store will receive prompt attention.

The question of woman suffrage, which will be brought to the attention of the New Brunswick legislature at its next session, is coming to the front in Toronto, where the Toronto Suffrage Association has been formed to advance the cause of woman suffrage in Canada. English suffragettes have also been lending personal encouragement to the movement in the United States.

Golden Wedding.
Mr. and Mrs. David Fuller, of Avonport, celebrated their golden wedding on Monday, Jan. 13th. Fifty years ago Mrs. Starratt and David Fuller were married by the Rev. James Henegar, Methodist minister stationed at Grand Pre, and on Monday they celebrated the anniversary of their wedding in their home only a few rods distance from the house in which they were married.

Eleven children were born to them of whom nine are living, and there are 14 grandchildren. The daughters are Laura (Mrs. McDonald), Martha (Mrs. Fye), Eva (Mrs. Daniels), Bessie (Mrs. Crane), Ethel, head nurse in Lynn Hospital, and Alice and the sons are Dr. Albert, of Yarmouth, Dr. Lewis O., of Shelburne, and Leverett, at home.

An interesting feature of the evening was that at 6 p. m.—the hour of the marriage fifty years ago—the wedding march was played and a mock marriage was performed, the eldest son acting as parson and reading a most amusing marriage service. The youngest son and daughter acted as best man and bridesmaid.

Mr. and Mrs. Fuller were the recipients of many valuable presents. Mr. Fuller was presented with a gold watch and chain, and Mrs. Fuller with a ring having the word "Mother" on it in raised letters. The gold for this ring was brought from the Yukon by their daughter, Mrs. Crawford. Mrs. Fuller also received a gold-lined bonnet dish and a substantial sum of money in gold. Mr. and Mrs. Fuller are both enjoying good health, and as they have only reached the ages of 71 and 70 respectively, we trust they may live to celebrate their diamond wedding.

Another Use for Pulp Wood.
Wood pulp or paper floors are the latest fad in Germany, and the new idea has many advantages over the wooden floorings. A rough board floor is first laid, any sort of soft pine being used, since this is to serve merely as a foundation for the flooring proper. Over this is spread a special preparation of pulp, which dries almost as hard as stone and with an absolutely even surface. When thoroughly dried, it can be painted or stained to imitate any wood, and as it is absolutely impervious to water, oil or dirt, it can be kept much cleaner than the best hardwood floor, and the absence of cracks prevents the gathering of insects under the boards. It costs but two-thirds of what a hardwood floor would, and it is being adopted in the best houses, as well as in cheaper apartments where cost is considered.

Mr. Emery's Choral Club in Lakewille will give a concert early in March and the Berwick Club Concert is set for the first part of April. Some of Mr. Emery's vocal pupils will appear as soloists.

Remove Poisons FROM THE SYSTEM
These are three ways and these only, by which the human body can be rid of poisons, waste matter—the bowels, the kidneys and the skin.
It is only when the bowels become sluggish and constipated that the kidneys play out as a result of the excessive work thrown upon them. Now, there is only one medical treatment that fully restores this condition of affairs.
For they regulate the bowels as well as the kidneys, and thereby remove the cause of trouble and cure the most complicated cases. You can readily find a case of kidney disease which did not begin with liver and bowel disorders, and which could hardly have been prevented by the great prescription of the famous Foreign Book author. One pill a dose, 25 cents a box, at all druggists or Edmondson, Bates & Co., Toronto.

Dr. A. W. Chase's Kidney-Liver Pills
For they regulate the bowels as well as the kidneys, and thereby remove the cause of trouble and cure the most complicated cases. You can readily find a case of kidney disease which did not begin with liver and bowel disorders, and which could hardly have been prevented by the great prescription of the famous Foreign Book author. One pill a dose, 25 cents a box, at all druggists or Edmondson, Bates & Co., Toronto.

Pupils' Pianoforte Recital.
Attention is called again to the Pupils' Pianoforte Recital, this evening in Alvarado Hall. The program, a most interesting one, will be presented by pupils of Mr. J. C. Ringwald, assisted by pupils in the departments of Elocution and Voice. The price of admission is twenty-five cents. Tickets may be had at Rand's. The proceeds in part are for the Pine Arts Building Fund.

Musical Notice.
Mr G. O. Gates, piano and organ tuner, is in town. Orders left at Harris' book store will receive prompt attention.

Golden Wedding.
Mr. and Mrs. David Fuller, of Avonport, celebrated their golden wedding on Monday, Jan. 13th. Fifty years ago Mrs. Starratt and David Fuller were married by the Rev. James Henegar, Methodist minister stationed at Grand Pre, and on Monday they celebrated the anniversary of their wedding in their home only a few rods distance from the house in which they were married.

Eleven children were born to them of whom nine are living, and there are 14 grandchildren. The daughters are Laura (Mrs. McDonald), Martha (Mrs. Fye), Eva (Mrs. Daniels), Bessie (Mrs. Crane), Ethel, head nurse in Lynn Hospital, and Alice and the sons are Dr. Albert, of Yarmouth, Dr. Lewis O., of Shelburne, and Leverett, at home.

An interesting feature of the evening was that at 6 p. m.—the hour of the marriage fifty years ago—the wedding march was played and a mock marriage was performed, the eldest son acting as parson and reading a most amusing marriage service. The youngest son and daughter acted as best man and bridesmaid.

Mr. and Mrs. Fuller were the recipients of many valuable presents. Mr. Fuller was presented with a gold watch and chain, and Mrs. Fuller with a ring having the word "Mother" on it in raised letters. The gold for this ring was brought from the Yukon by their daughter, Mrs. Crawford. Mrs. Fuller also received a gold-lined bonnet dish and a substantial sum of money in gold. Mr. and Mrs. Fuller are both enjoying good health, and as they have only reached the ages of 71 and 70 respectively, we trust they may live to celebrate their diamond wedding.

Another Use for Pulp Wood.
Wood pulp or paper floors are the latest fad in Germany, and the new idea has many advantages over the wooden floorings. A rough board floor is first laid, any sort of soft pine being used, since this is to serve merely as a foundation for the flooring proper. Over this is spread a special preparation of pulp, which dries almost as hard as stone and with an absolutely even surface. When thoroughly dried, it can be painted or stained to imitate any wood, and as it is absolutely impervious to water, oil or dirt, it can be kept much cleaner than the best hardwood floor, and the absence of cracks prevents the gathering of insects under the boards. It costs but two-thirds of what a hardwood floor would, and it is being adopted in the best houses, as well as in cheaper apartments where cost is considered.

Mr. Emery's Choral Club in Lakewille will give a concert early in March and the Berwick Club Concert is set for the first part of April. Some of Mr. Emery's vocal pupils will appear as soloists.

Gleaned by the Way.

'Why is it the good are not always happy?' asked the Sunday School teacher, addressing the juvenile class.

'Because,' replied a small boy, 'they are thinking of the fun they ain't havin'.'

'The wages of sin is death,' quoted the moralizer.

'Suppose,' rejoined the demoralizer, 'that sinners would strike for higher wages and be granted a 25 percent increase, what would their wages then be?'

'Sleep - Nature's Great Restorer.'

While you sleep Nature is restoring the cells and tissues wasted during the hours of wakefulness.

'Knew Dr. Chase in 1867.'

Mrs. Biggs - There goes Mrs. Uppson. Hasn't she a graceful carriage?'

'CASTORIA. The Kind You Have Always Bought.'

'Piles.'

'A teacher is a down-town school has for her pupils the children of Russian parents.'

'CASTORIA For Infants and Children.'

'The Pure Food Law.'

'Some little while ago a popular writer visited a jail in order to take notes for a magazine article on prison life.'

'What place is this?'

'The county jail,' another answered promptly.

'Whereupon Mary embarked in a fit of rage and around the corners of other occupants of the carriage by asking in a loud shrill voice:

'Is that the jail you were in, father?'

Seeing the Point.

The following story is told of a Philadelphia millionaire who has been dead some years.

'Do you drink?' asked the millionaire.

'Once in a while.'

'Stop it! Stop it for a year, and then come and see me.'

'Do you smoke?'

'Now and then.'

'Stop it! Stop it for a year, and then come and see me again.'

'Do you chew?'

'Yes, I do, was the desperate reply.'

'Stop it! Stop it for a year; then come and see me again.'

'Don't Take the Risk.'

'What are you crying for, my poor little boy?'

'Lame Shoulder Cured.'

'CASTORIA For Infants and Children.'

'Fever Sores.'

'The Pure Food Law.'

'Some little while ago a popular writer visited a jail in order to take notes for a magazine article on prison life.'

'What place is this?'

Tumors Conquered Without Operations

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in Cases of Mrs. Fox and Miss Adams.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumors.

Why Do Women Worry?

Worry is a disease - and it's more - it produces other diseases, because it breaks down the nerves and saps the vitality of the body.

FOR YOUR Stomach's Sake

You should keep Mother Seigel's Syrup by you. It soothes and strengthens, cures wind, cramps, colic and all forms of indigestion.

Take Mother Seigel's Syrup

Such unquestionable testimony proves the value of Lydia E. Pinkham's Vegetable Compound, and should give confidence to every sick woman.
