Grippe Headache.

Mrs. C. Appleton, White wood, N. W. T., writes: "Milburn's Sterling Headache Powders have given me great relief from the terrible pain of La Grippe in my head and through my back."

"What do you think of his nerve?" exclaimed the young man who was notorious in business, "he called me a baseheaded robber."
"O, well," replied the man who knew him, "probably in his excitement he didn't notice your mustache."

At this time of the year when sore throat, pain in the chest, rheumatic pains and aches are so prevalent, it would be wise to keep on hand a bottle of Hagyard's Yellow Oil. It is a perfect medicine chest. Price 15c.

Sick Headache.

Mrs. Joseph Wordworth, Ohio, U. S., says: "I have been troubled with sick headache for over a year. Lately I started taking Lax Liver Pills and they did me a world of good acting without pain or griping."

The sermon was exceptionally long, and the minister had just reached the seventh division of his subject.

Take Notice.

During the year the spec devoted to advertising MINARD'S LINIMENT will contain expressions of no uncertain sound from people who speak from personal experience as to the merits of this best of Household Remedies.

Sweet are the uses of advertising. The following gem has been found in the pages of a prominent German paper: "Any person who can prove that Messrs. Blank's chocolate is harmful to health will receive a free gift of one pound of the chocolate."

Doan's Kidney Pills

FINALLY MADE A COMPLETE CURE.

Mr. Jacob Jamieson, Jamieson Bros., the well-known Contractors and Builders, Welland, Ont., tells of how he was cured: "For fourteen years I was afflicted with kidney trouble which increased in severity the last five years. My most serious attack was four years ago, when I was completely incapacitated. I had terrible pains across my back, floating specks before my eyes and was in almost constant agony. I was a wreck in health, having no appetite and lost greatly in flesh. I had taken medicine from five different doctors and also numerous other preparations to no purpose. I finally began to take Doan's Kidney Pills and before I had taken five boxes the trouble left me and I now feel better than I have for twenty years. Those who know me know how I was afflicted and say it is almost impossible to believe that I have been cured, yet they know it is so. I have passed the meridian of life but I feel that I have taken on the rosy hue of boyhood." Price 50c per box, or 3 for \$1.25, all dealers or THE DOAN KIDNEY PILL CO., TORONTO, ONT.

New England and Christmas.

The New England Magazine for December opens with four beautiful pictures for Christmas, Bogue's "Adoration of the Shepherds," Carl Maller's "Nativity," Hofman's "Bethlehem," and "Trio of Famous Madonnas, i. e., Raphael's "Madonna di Tempi," a Madonna and Child," by Carlo Dolce, and Bogue's "Our Lady of the Angels." It is too bad that this appropriate and attractive collection should be followed, at some distance on, in the same magazine, by a painful article from the pen of Abram English Brown, on "Ups and Downs of Christmas in New England." No small share of the depressing and forlorn notions connected with Christmas in the minds of Pilgrim Fathers and of Puritans seem to cling unfortunately about poor Mr. Brown himself; and any one is to be pitied who so misconstrues Christmas and its innocent joys! On the eve of this bright season, when peace and goodwill abound, we don't like to meet with remarks so incongruous, so lacking in delicate taste, good cheer, and large-heartedness, as this sentence: "In our New England Christmas we have a strange blending of the Christian and anti-Christian customs and feelings. They are so interwoven that it is difficult to tell where the paganism ends and the Christian begins, and because of this complexity we may have more patience with our Puritan ancestors who fought so persistently against the observance of Christmas on these shores." In opposition to these painful remarks, we quote with pleasure from the Rev. D. Shanahan's charming essay on "The Origin of Christmas," contained in his new volume, "The Baggage of Christianity," now lying on our desk.

The Catholic Church and Christmas.

"We may be tempted," writes this deep scholar and Christian teacher at the Catholic University in Washington, treating of the rude practices which in some nations marked the feast, "to smile at what seems to us the uncouth, uncultured conception of this great Christian festival on the part of our forefathers. But the spirit of the Church was ever the same, and though her children may at times have fallen below it, we have yet the splendid pages of her liturgy and the public instructions of her priests to show that within the sanctuary there reigned at all times the most profound and spiritual views of the nature and celebration of this feast." The education of proud and barbarous nations was no easy task, and only those who sooft at their weakness and the motherly indulgence of the Church who ignore by what infinite patience and by what manifold solicitude the brilliant natures of noble barbarians are soothed and toned into sympathy with the habits of perfect society and the restraints of a sublime religion. The old Puritan showed an ignorance of human nature as common in the sea's as it is rare in the Church when he suppressed the innocent and natural enjoyments of the English people at this period. With the new and vigorous life of Catholicism and the consequent healthier view of human social relations, the cold and sombre spirit of earlier days (not wanting, I confess, in a certain arid grandeur and rough directness) is giving way on all sides to views of life and humanity more kindly, more tolerant and liberal, more in keeping with the glie burden of that angelic song which has been the Church's watch word from the most ancient times. We heartily commend the perusal of this delightful, scholarly essay, with its dominant feature of all-embracing charity and true Christianity, to the perusal of Mr. Abram English Brown and the editor of the New England Magazine, with our most sincere wishes for a Happy Christmas.—Stered Heart Review.

Austrian Count Will Enter Benedictine Monastery.

VIENNA, December 12.—Count Albert von Meran, a young son of the Austrian imperial house, has entered the novitiate of the Benedictine monks. Count Albert is the grandson of Archduke John, who was appointed the Emperor's representative in 1858 at the National Germanic meetings in Frankfurt, a chaduck-John married Anna Flochi, the beautiful daughter of a village postmaster. She was raised to the rank of Countess von Meran. Count Albert, who has now become a monk, is her youngest grandson. He was born

in 1874, and from the first was destined for the Church. He is a young man of extraordinary personal attractions and of great influence over his companions. Three young Austrian nobles have been converted by him from their wild ways and will enter the Benedictine order shortly after Christmas. One of them, Count von Brandhofen, is also distant related to the Emperor.

Items Of Catholic Interest.

The Pope, in honor of the feast of the Patriarch St. Dominic, the day on which he was raised to the Pontifical throne, has retained to himself the protectorate of the Dominican Order.

"The Osservatore Romano" says: "We are authorized to deny the report circulated by the press with regard to the abolition of the 'non expedit' and to say that it is absolutely devoid of foundation."

The Sovereign Pontiff, as a token of his affection for the Irish College, Rome, has sent to it a gift of books treating of theology, history and literature. These, which amount to fifty, are very beautifully bound and are of considerable value.

In view of the prominence given by the Holy Father to devotion to St. Anselm, as manifested in his first encyclical letter, it is interesting to note that through Cardinal Merry del Val he has just sent his special blessing to the members of St. Anselm's Society, London. This society performs the useful task of reading all non-Catholic books as they appear for the purpose of issuing monthly lists of such as may be safely read by Catholics.

A telegram from Avila, always memorable as being the birthplace of the great Benedictine prelate, St. Anselm, states that the celebrated dogs of the Hospice of St. Bernard have already saved a life this winter. An Italian laborer named Bellotti, being unable to find work at Lausanne, started to walk back to Italy by the St. Bernard route. Going over the mountains, he lost his way and fell asleep in the snow. The monks, who are Canons Regular of St. Augustine, were guided by their well-trained dogs to the unconscious man, and carried him to their monastery. After two days he was able to resume his journey.

The opinion which we expressed last week that the unauthorized French religious should maintain their work in France itself and among their own countrymen, not on their own opinion merely, but that of the Bishop of Paris, Mgr. Dalmain, says the "Lyons" Catholic Times: "He, too, has bidden the religious banished from their monasteries and churches to go forth into the lanes and byways and in word and example make of themselves missionaries of truth, liberty and right. 'They forbid you the pulpit,' he says, 'then go to meeting, go to the square, go wherever men gather together, and while opening their eyes to your sufferings, open them to the injustice of your enemies.' This counsel would seem to be as sensible as it is necessary. Religion in France had never so much need of missionaries as now, and since no tyrant can deny that the monks and nuns are citizens, and as such, when secularized, may claim the protection of that common law by which they are governed, they have an opportunity, even outside their monasteries and convents, of advancing the cause of religion among the people."

All Stuffed Up

That's the condition of many sufferers from catarrh, especially in the morning. Great difficulty is experienced in clearing the head and throat.

No wonder catarrh causes headache, impairs the taste, smell and hearing, pollutes the breath, deranges the stomach and affects the appetite.

To cure catarrh, treatment must be constitutional—alterative and tonic. "I was ill for four months with catarrh in the head and throat. Had a bad cough and raised blood. I had become discouraged when my husband bought a bottle of Hood's Sarsaparilla and persuaded me to try it. I advise all to take it. It has cured and built me up." Mrs. Hiram Rippon, West Liscomb, N. S.

Our Ottawa Letter.

OUT SCANDALING SCANDAL.

"Political Pointers, No. 1," the first of a series of official Liberal literature, untruthfully states that since the Laurier government came to power no scandal has been brought home to it. The explanation of this is to be found in the fact that the new Liberals are so corrupt that among them are to be found—men who are willing to vote that black is white or white is black.

The Grand Trunk Pacific deal, however, is without doubt the most corrupt arrangement ever thrust upon the Canadian electorate. The people of Canada have been asked to shoulder responsibility for a debt of \$151,000,000, or approximately \$150 per family. The Grand Trunk undertook to deposit in cash \$5,000,000, or \$1 per family in Canada, to bind a contract which was condemned by the Hon. A. G. Blair, who was Minister of Railways when the job was first broached. Think of the enormity of it—\$150 of the people's money is reckoned as no better than \$1 in doubtful securities put up by Mr. Hays, Senator Cox, Senator Wm. Gibson and a number of other grafters. Would any private business man consent to such an arrangement? Undoubtedly he would not, and yet Sir Wilfrid Laurier proposes to accept the mortgage of \$150 for every dollar's worth of Grand Trunk stock which has been unloaded on the government. It out-scandals any scandal in the annals of Canadian public life.

LAURIER NEGLECTING SHOE FACTORIES.

One of the "finger posts" of prosperity which the Liberals do not care to allude to, is to be found in the development of boot and shoe importations since 1897. In that year Canada purchased abroad \$319,876 worth of boots and shoes of which \$271,657 worth came from the United States, and on which \$68,021 in customs duties were paid. In 1903 boot and shoe importations mounted up to \$743,378, the United States supplying \$710,889 worth of the total, and the people paid \$177,722 taxes on Uncle Sam's contribution.

There is a lesson to be learned from this state of affairs which should bring home to every elector the viciousness of the Fielding tariff. As is well known, the shoe factories of the New England States depend upon the people of Quebec and other Canadian provinces to supply labor. An increase in Canadian sales means an increase in Canadian workmen at Lynn and other great American shoe centres. Instead of the government protecting our own industries and allowing Canadians to make boots and shoes for Canadian feet on Canadian soil, the blood of the Dominion was allowed to produce in the United States last year \$710,889 worth of footwear for sale in Canada. Those who remained at home were fined \$177,722 because Canadian factories are not given the same encouragement as their Yankee competitors.

Is it fair that this insane course should continue? Canadians, are you in favor of the Conservative policy of leaving your boots and shoes made in Canada? If so lend your support to "adequate protection" of Canadian industries.

A SWEEPING LIBERAL DENUNCIATION.

The Ottawa Journal, independent Liberal, and a warm admirer of Sir Wilfrid Laurier, refers editorially to the Callaghan case as follows:

"The Callaghan, case in Toronto does not bear a very reassuring look to those who are interested in maintaining decent politics in Ontario—if that be possible."

"Callaghan, as a good many remember, published a few weeks ago a charge that Crossin, the piano dealer who was mixed up

with Ganey and who later made statements reflecting on Ganey, had been induced to make these statements in consideration of getting several thousand dollars worth of stock in the Crossin Piano Company by Hon. Mr. Stratton or his allies.

"After this charge by Callaghan appeared, Callaghan was arrested, not on any ground connected with the charge, but upon an accusation of theft of some money from Crossin."

"Callaghan being arrested elected to be tried by jury. Crown Attorney Dewar in the selection of the jury challenged seventeen men, all Conservatives. Why? Was this a political trial? Why was the Crown Attorney himself a Liberal, interested in having a Liberal jury to try a charge of theft? A Crown Attorney is a servant of all the people, entrusted with the responsibility of championing justice by only fair and honorable means."

"Callaghan was convicted of theft, and Judge Winchester, another Liberal, sentenced him to two months in jail. Callaghan's counsel asked for a stay of imprisonment while an appeal was made to a higher court. Judge Winchester refused, although a delay of a couple of days was needed to have the appeal disposed of."

"The Journal does not like the look of this thing. It looks too much in principle like some other commissions, or commissions of courts and officials in this province whereby political crimes tending to promote the Liberal party's fortunes seem to have been protected or condoned."

"This is the kind of justice which has sprung up under the Laurier government."

THE GRAND TRUNK DEPOSIT OUTRAGE.

The Grand Trunk Railway Company was to have deposited \$5,000,000 in cash or approved government securities by November 23rd, according to the terms of Laurier's National Transcontinental Railway bill. Sir Wilfrid, Hon. C. E. Fitzpatrick, Hon. Clifford Sifton and Sir William Mulock, in their respective speeches on the great measure, impressed upon Parliament the importance of this clause. Sir Richard Cartwright was so thoroughly satisfied with the way in which his conferees explained the merits of the "\$5,000,000 cash or approved government securities" proposal, that he dismissed it in a few words.

But where is that \$5,000,000, containing which so much was said? The Grand Trunk Company are simply laughing at Sir Wilfrid and his government. They have put up \$5,000,000 in Grand Trunk debentures, and Sir Wilfrid will have to take that or get nothing.

This means that the Canadian people, who have already donated \$50,000,000 to the Grand Trunk, are to become responsible for a further expenditure of \$151,000,000, if the Liberal government succeeds in foisting on them the illegal security offered by the company. The whole transaction has been an outrage from start to finish. Sir Wilfrid Laurier has shown absolute ignorance of ordinary business methods, and by his blundering has made Canada play second fiddle to Mr. Hays, Senator Cox, and a few other exploiters. There is yet time for the people to prevent \$5,000,000 worth of the stock of a company which pays no dividends on much of its capital, being made the lever to pry the treasury doors wide open. The Conservative party, if returned to power, is pledged to operate government railways for the people, independent of Messrs. Hays and Cox or their deposits.

EVEN COURTS ARE DEGRADED.

It is painful to note the growing tendency in Canada to criticize the judiciary. In Ontario, the most bitter onslaughts have been made upon members of the bench, and seemingly without fear of punishment for contempt. Judges have been accused of using their offices to influence political opinion, until hardly a day passes without seeing some comment of such a character in the press. The Laurier government is much to blame for this condition of affairs, unheeded before the Liberals were returned to power. Under Liberal rule, members of Parliament have occupied their seats in the Commons with appointments to judgeships in their pockets. Judges have been engaged to settle scandals affecting the honor of members of the government, and have been openly insulted by witnesses summoned to appear before them. In Manitoba, Mr. Sifton's election, positions on the bench have been kept vacant in order that Liberal candidates might be supplied with positions in case of defeat. Elevations to the bench have also been made to remove independent candidates, whose influence might affect a Liberal seat, and as a result men wholly unfitted for the judiciary have been thrust upon the courts of the land. Thus has the judiciary of Canada, for whom none had an ill word a few years ago, been dragged into the mire by the Laurier administration. Nothing is allowed to stand in the way of the machine. But is it not time that a change occurred, and the judiciary restored to the exalted position which it occupied under Conservative government?

CANADIANS REPLACED BY DOCKHOBORS.

Canada has been abnormally prosperous during the past seven years. For this Canadians have been truly grateful. But the measure of progress, great as it has been, has failed to stem the tide of emigration to the United States. True, there has been an increased immigration by which thousands of strangers have been brought to the shores of Canada. Among them have been types which failed to live in peace and harmony in their own lands. These people have few of the qualities of the sturdy Canadians, whom they are displacing. Can we accept a Dockhobor, a Gallician or a Russian Jew in compensation for every Canuck, who last year left his native land to work in United States factories? That the eastern provinces are losing their best blood by this exodus is shown by the Trade and Navigation report of 1903. In 1897 purely Canadian household effects shipped to the United States

were valued at \$374,220. In 1901 the value increased to \$1,026,276; in 1902 it had gone up to \$1,090,424; while last year the unprecedented total of \$1,928,329 was reached. This means that the Canadians who went to the United States to live in 1903 outnumbered those of any previous year. However, little better can be expected under a policy by which the Liberal government are forcing Eastern Canadian factories to close their doors on reduced wages. Hon. Clifford Sifton pays \$5 per head for Dockhobors but refuses a Canadian a chance to work at home.

USING PUBLIC MONEY TO BRIBE.

Sir William Mulock has been having all repairs to mail bags done in his own riding, in the town of Aurora. Party friends of the Minister were paid \$7,400 for this work in 1902. The contracts were let without tender and the price for repairing a mail bag was advanced from 15 to 25 cents. The bags are brought from all parts of Canada at considerable expense in order that the political prestige of Sir William may be strengthened. Everybody in Aurora who has a pull with the Minister gets a plum. A man named Winter, who makes 1,248 trips per year carrying mails to and from the station for \$149, was able to collect \$73 for handling the few disabled mail bags which came his way. Sir William also discovered that the class of boots obtained at Aurora were better suited for the use of letter carriers than any other variety in Canada. The Minister explained that he liked uniformity and under no consideration would he have one variety of shoes used in one city and another make in some other city. And so it happened that Aurora gets orders for flocks which are sent all over the country. The mere formality of asking for tenders was dispensed with, and again Sir William was able to distribute some of the people's money for campaign purposes. He has no scruples in admitting that such was his intention, but in defence he lays down the remarkable principle that Ministers have a right to use patronage to keep their own particular constituencies in good humor, no matter what additional cost may be involved. It is the most outrageous policy ever laid down by a member of the cabinet, and it shows how the Laurier government is managing Canada's affairs.

Appalling Disaster in a Theatre.

One of the most appalling disasters, involving the loss of hundreds of human lives occurred in Chicago on Wednesday evening last. The holocaust was caused by a fire in a theatre during a performance. The theatre was the newest, largest and considered the safest in Chicago. It is estimated that about 635 persons were killed on the spot besides the number who were injured many of them fatally. In all the casualties are placed about 1,000. The shocking loss of life all happened in about ten minutes. Fire started near the back of the stage and an attempt was made to confine it thereby lowering an asbestos curtain; but the curtain stuck fast when about half way. In the mean time doors were opened and this created a draft that drove the gas and flames towards the audience. Some one shouted "fire," and in an instant there was a stampede and tier upon tier of human beings, men women and children were trampled to death in the aisles. Many more were trampled to death in the seats, and some were killed by attempting to jump from upper portions of the building to the ground. In the mad rush towards the exits a head was paid to the shrieks and moans of women and children, each one was only intent on making his or her own escape and in the mad frenzy hundreds upon hundreds were knocked down and trampled to death. Some were disfigured out of all possibility of recognition. After the mad panic was over a most sickening sight presented itself to the beholder. Clothing was torn to rags or burned to cinders and faces were trampled to unrecognizable pulp by the crowd as they trampled them down in their flight for safety. As a result of an investigation made by order of Mayor Harrison on Thursday, nineteen theatres and museums were ordered closed on New Year's day, some of them being among the leading and most popular play houses in the city. Such a day of mourning in Chicago was never witnessed as that which shrouded in the New Year. In every portion of the city almost it seemed as though there were funerals going on, and undertaker's wagons arriving with the dead who were brought to their homes for the last time.

Conservative Meeting.

A meeting of the Conservative of Georgetown and vicinity was held in the C. M. E. Hall, Georgetown, on Wednesday evening for the purpose of discussing Dominion issues and organizing for the coming Federal Contest. Notwithstanding the storm the hall was filled to overflowing and the utmost enthusiasm prevailed. Hon. D. Gordon was appointed chairman and in a few pithy remarks introduced the Conservative candidate, Mr. John McLean who on coming forward was most warmly received. In a clear-cut ringing speech Mr. McLean dealt with the issues now before the people and whilst urging the necessity for work and a thorough organization expressed his confidence in the result of the coming contest. M. J. A. Mathison, leader of the Local Opposition being called upon, in a logical and convincing manner dealt with the G. T. P. and other Dominion questions, Mr. A. J. McDonald spoke of the opportunities for the Conservative party in both the Dominion and local contests. He was followed by Murdoch McKinnon, M. L. A. After appointment of a committee, to attend to matters of organization in the poll and other matters were attended to, the meeting broke up with three cheers and a tiger for Mr. McLean.—Ex.

Consumption

Salt pork is a famous old-fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request. Be sure that this picture in the form of a label is on the wrapper of every bottle of EMULSION you buy.

Another Big SLAUGHTER SALE!

Forward the Dry Goods Brigade. There's not a man dismayed, Although we all know someone has blundered, Ours not to reason why. Ours but to do or die.

And the latter we have no intention of doing at the present time, not even to suit any of the "Smart Alec" type who resort to such methods in the rush of holiday trade to work off their old stock. There is no need for us to slaughter goods, as they were moving out as fast as we could wish, and as we have never learned the trick of making them up too high, these discounts mean a heavy loss to us. We are convinced our gain will come in afterwards in the increased patronage of the store.

Had we the accumulation of years in our store it would pay us to pick them out and offer them to you at sweeping reductions, as goods which have become shopworn are certainly not worth what they once were; but as you all know, there was a clean sweep made previous to the dissolution of the old firm, and our stock is all new, good and desirable. However, to protect our custom and in order to circumvent some of our very unbusiness-like competitors we will give the same discounts. We will even go one better, and offer several desirable lines

At Half Price. So here goes for 20, 40 or 60 days, if necessary to hold our trade. Come Here for Genuine Bargains, As ancient goods are dear at any price.

Happy New Year!

Time says, "Move on old 1903, for 1904 stands waiting at the door." Let it be so—for a year, at best, is but a twinkle on the Calendar of Time.

Welcome to 1904

New Year's resolutions are NOW in order. Start right in everything. Start right toward the right Clothing, Hat and Furnishing store. Get yourself into the habit, early in the year, of buying the kind of Clothing, the kind of Hats and the kind of Furnishings that will give absolute, unqualified satisfaction. It pays in every way.

Such a Resolution Will Bring You Here.

We wish you all a Happy New Year, and we expect to see you soon.

LOCAL AND OTHER ITEMS

Hon. W. S. Fielding has been re-nominated for Shelburne Queen's, N. S.

Mrs. Benjamin Carty, an elderly lady at Sandy Cove, N. S., was burned to death by her clothes catching in front of the stove on Monday last.

The special for the steamer at Georgetown, did not leave here till five o'clock Monday morning. The Minto left at 8, for Pictou.

There were present rumors at Colon, Columbia on the 1st and 2nd of January, that the Columbian galleon, "General Pirron," had been sunk by the United States warships.

The majority of Mr. Danlop's Conservative candidate in North Rowley, is 602. The Liberal majority in the same riding in 1902 was 451. Considerable of a turn over, eh!

The poor sparrows have suffered from the severity of the weather. Several have been found frozen stiff in the streets. On Monday some of them sought shelter in the houses of citizens.

In consequence of the cold weather and bad roads, the market was very slimly attended yesterday, not much change could be noted in prices of staples. Pork was about 6 cents a pound.

The mail special arrived here from Georgetown at 3.15 p. m. on Monday. Ordinarily the special reaches here about one o'clock. Considering the dreadful cold and storm of Monday, it was well that a crossing was made.

The snow which fell on Tuesday the 29th Dec. made pretty good sleighing and the New Year's Market on Thursday was well attended. Especially in the afternoon, when the roads were well broken, there was a large number of people in the city and the merchants did good business.

The news from the East is scarcely any more reassuring than for some time past. The prospect of war between Russia and Japan is fully as imminent as at any time within the past month; but the same degree of uncertainty hangs over the whole affair.

Messrs. Saunders and Newcome showed the finest carcass of beef in their stall yesterday ever exhibited by them. Divided in quarters, the beef was something remarkably excellent. The carcass dressed weighed 1132 lbs. It was an ox bred by Wm. Schurman, Bedouin, and fed by Saunders and Newcome. He was rising 4 years.

New Year's was a beautiful day, pretty cold, with very good sleighing in the city. Advantage was taken of the good roads to the fullest extent and sleigh driving was extensively indulged in. About all the available horse flesh was brought into requisition and the streets were very lively during the afternoon.

Hon. A. G. Blair, has issued a letter to his supporters in St. John announcing his resignation and his acceptance of the chairmanship of the railway commission. It is stated that at present, Mr. Blair receives \$50, a day and expenses, while investigating the operations of commissions in the United States, similar in character to the one of which he is to be chairman.

The cold weather in Halifax is just about the same as all along the Atlantic seaboard north of Vineyard Haven. At no time Monday did the thermometer go above zero and most of the time it hovered in the vicinity of ten below. Just as Sunday witnessed an all time snowstorm, Monday witnessed the old time cold war. It was four below zero yesterday morning.

Four Grit members of the Ontario Legislature have election protests hanging over them in the courts. Election trials cannot go on during the Legislative session, and the first of these trials was called for the 14th, inst. As an evidence of how frightened Premier Ross was of losing the trials he has called the Legislature to meet on the 14th, thus shutting off the trials, that is hanging on with a vengeance!

The report of cold weather continues in New Brunswick. Forty below zero was registered at Woodstock Monday morning and at Fredericton, 30 at Grand Falls, 15 at St. John. At 8 o'clock Monday night in the city the temperature 7 below zero. The thermometer has not registered above zero here since Friday night last. The meteorological bureau records here contain no data of such a protracted period of below zero weather.

SUNDAY last was a day of funerals and for the first time in the history of Chicago, all the people who desired to bury their dead were unable to do so. The cemeteries were compelled to keep men at work all through the night digging graves, and some of the larger cemeteries barely managed to make them with sufficient speed. At one time fourteen burials were in progress in the cemetery and all of them were victims of the fire.

Andrew Pattallo, M. P. P. for North Oxford Co. died in London a few days ago under painful circumstances. It is indeed reported he committed suicide. He had been ill for some days, it appears, and one account says he took strychnine in a mistake for medicine. He had been speaking in favor of Chamberlain's policy in Great Britain. He was a Liberal and his death reduces Rosses' majority by one more; Two seems to be all the majority Mr. Ross has now. That is not much of a margin in a house of 98 members.

On New Year's Day, high Mass was celebrated in St. Dunstan's Cathedral, as on Sunday. Rev. Dr. Monaghan was celebrant of the Mass, and his Lordship the Bishop presided. His Lordship reviewed the history of the congregation during the year past; thanked the different societies for the good work they had done and admonished them to continue their good offices. He strongly counseled amendments of whatever sort coming were guilty of during 1903, and wished all a happy and prosperous New Year.

The lecture delivered in this city on Wednesday evening last, by Rev. A. McLean Sinclair, on "The Making of Britain," was a rare treat and all who attended were delighted and instructed. The learned lecturer, in a learned dissertation, delineated the characteristics of the different races that constituted the stock from which sprang the British people of the present day. Complimentary remarks on the lecture were made at the close by Dr. Taylor, A. A. McLean, K. C., Rev. Dr. Morrison, Mr. McCready, Mr. P. J. T. minor and others.

LOCAL AND OTHER ITEMS

The Mount Royal Club, Montreal, is in ashes. Fireman Frank Butt, is dead. Col. Lardet, Secretary of the club is dying. Others are seriously hurt. The fire started at six a. m.

The weather for the past few days has been the coldest experienced here for many years. Between Friday night and Saturday morning, the mercury in the thermometer at the meteorological office here registered 12 below. All day Saturday was very cold and Sunday was a blustery cold day. Sunday night the official thermometer registered 16 below and all day Monday the mercury hovered between 8 and ten below. On Monday night the lowest recorded was 12 below. All will admit that this is extremely cold weather. The cold wave seems to have been general in the Maritime Provinces. In Nova Scotia, they have had snow blockades, and at Halifax, which is much milder than here, the thermometer registered 6 below. But the breaking of all Provincial records seems to have occurred at Woodstock, N. B. when 44 below was recorded. In many parts of this Province outside of Charlottetown considerably lower marks have been reached than here.

Samples of Choice Grain for the Improvement of Seed.

By instruction of the Hon. Minister of Agriculture another distribution will be made this season of samples of the most productive sorts of grain to Canadian farmers for the improvement of seed. The stock for distribution is of the very best and has been secured mainly from the excellent crops recently had at the branch Experimental Farm at Indian Head in the Northwest Territories. The distribution this spring will consist of samples of oats, spring wheat, barley, Indian corn and potatoes. The quantities of oats, wheat and barley to be sent this year will be 4 lbs. of oats and 5 lbs. of wheat or barley, sufficient to sow one twentieth of an acre. The samples of Indian corn and potatoes will weigh 3 lbs. as heretofore. Every farmer may apply, but only one sample can be sent to each applicant, hence if an individual receives a sample of oats he cannot also receive one of wheat, barley or potatoes, and applications for more than one sample for one household cannot be entertained. These samples will be sent free of charge through the mail. Application should be addressed to the Director of Experimental Farms, Ottawa, and may be sent in any time before the 1st of March, after which the lists will be closed, so that all the samples asked for may be sent out in good time for sowing. Parties writing should mention the sort of variety they would prefer, and send the available stock of the kind asked for as exhausted, some other good sort will be sent in its place.

Wm. Saunders, Director Experimental Farms, Ottawa, December 15, 1903.

DIED

Accidentally killed, at Westford, California, on Dec. 11, while engaged at work on a bridge, William Westerbe, of this city. He was thrown into the water and the body was not recovered. May his soul rest in peace.

Suddenly, at Lot 11, on Christmas morning, Thomas Kelly, aged 81 years, leaving leaving four sons and three daughters to mourn their loss. Deceased was an active, healthy man in spite of his many years, and on the day previous to his death had done his usual daily work and retired to rest in excellent health and spirits. R. I. P.

Killed by the fall of coal in a mine at Springhill, N. S., on Dec 30th, Ephraim Bradley, eldest son of James Bradley, of this city, aged 20 years, leaving a father and one brother to mourn. The body was brought over on Saturday, and the funeral took place on Sunday afternoon. May his soul rest in peace.

At St. Patrick's, Hope River, on Feb. 30th, 1903, Annie Wilms, infant daughter of Julia and Thomas McGuigan, aged 8 months.

In this city, on January 3rd, Ann Malin, aged 71 years. R. I. P.
