BELGIUM NOW STANDS WITH BACK TO WALL FIGHTING FOR LIFE

Families Thrown Into Streets of Antwerp as Homes Are Rained, But Inhabitants Will Resist to the Last.

By E. Alexander Powell.
ANTWERP, Aug. 25.—With the court and all departments of the government transferred to Antwerp, and with the major portions of its army now behind fortifications which encircle the city, Belgium stands with its back against the wall.
The Antwerp lines of defence mark the burghers' last stand. The officers of the general staff profess to be confident that the Germans will press forward along Liège, Brussels and Ghent en route towards Lille, without turning aside to attack Antwerp.
In the suburbs of Vieux-Brabant, where thousands of workmen's dwellings are being demolished, heart-breaking scenes are taking place among the people who suddenly find themselves destitute and without a roof to sleep under. Workmen with tears coursing down their grimy cheeks, their sobbing families clinging to them and the pitifully few possessions they have been able to save, have been tossed hastily into the streets.
Orders from headquarters were received yesterday afternoon that five members of the local permanent strength of the Canadian Ordnance Corps were to leave last night for Valenciennes. The men left on the 11.40 C. P. R. under the command of Lance Corporal Holland. Three men from London were also detailed to go and then left on the same train. They were Staff Sergt. O'Donoghue and Privates Belch and Francis.
The men could not say whether they would be sent farther than Valenciennes or not. With other branches of the Ordnance Corps they will be in charge of the stores and other equipment which will be used at the camp at Valenciennes. The likelihood was that they would be sent to the front with the Canadian Ordnance Corps probably about the middle of September.
Five Toronto members of the Canadian postal army corps left Toronto at 10 o'clock last night for Valenciennes. They are Corporal George S. Wallis, 195 Major street; Bombardier William A. Boyd, 273 Broadview avenue; George G. Smith, Box J. Terry, Hugh W. Davis, etc.
Major George Rose of the Canadian postal corps issued orders for fifteen men to report at Valenciennes at once. The others are: From Ottawa, Corporal Geo. W. Ross, Pte. Ledman Edwards; from Montreal, Pte. Henri Bedouin, Pte. Fred H. Chagnon; from London, Staff Sergeant K. A. Murray, Corp. B. A. McPherson, Corp. Fred A. Taggart, Pte. Walter Bowler, and Thos. H. Murray.

"Our Time is Coming" Say French Officers In Official Message

Direct Copyrighted Cable to The Toronto World.
LONDON, Aug. 25.—Following is the statement issued at the close of a hurried war council in Paris, for which generals of the general staff were summoned from the front:
"There is no doubt in the minds of the president and his ministers, in our final success. Every engagement in which the enemy suffers losses only weakens him. The Germans are far from their main base. We were brought closer to ours by falling back on French soil. We are content to remain on the defensive for the present, but our time is coming."
Russian Force Was Routed.
Advices reaching London from Berlin, state that the Russians were routed at Stallupoenen, 15 miles east of Gumbinnen, last Sunday; that the fire of their infantry proved ineffective, many of the soldiers being ignorant as to the manner of sighting their rifles. It took only a very inferior force of German troops to rout a Russian force consisting of two cavalry divisions and three infantry divisions.
Tried to Wreck King's Palace.
Antwerp despatches say that when the Zeppelin airship over Antwerp and Helmsloo, six miles outside the city, began dropping bombs before it was brought down at the latter place by Belgian artillery, one of the houses wrecked in Antwerp was situated only about 300 yards from the Palace of King Albert. A bomb also partly wrecked the hospital of St. Elizabeth, which was flying the red cross flag.

KITCHENER PREPARED TO SEND HUGE ARMY FOR SERVICE ABROAD

Reinforcements Will Steadily and Increasingly Flow Out As Need Arises—Thirty Divi- sions May Be Maintained in Field Within Six Months.

Canadian Press Despatch.
LONDON, Aug. 25.—In concluding his speech in the house of commons today, Earl Kitchener, war secretary, said:
"Over seventy battalions have with fine courage already volunteered for service abroad. When they are trained and organized in larger formations they will be able to take their places in the line."
"The hundred thousand men asked for in the first place have already been virtually secured."
"The empire with which we are at war has called to the colors almost its entire male population. The principle we, on our part, shall observe is this: that while the maximum force undergoes constant diminution, the reinforcements we prepare will steadily and increasingly flow out until we have an army in the field which in number will not be less than in quality and not be unworthy of the power and responsibility which will be the limits of force required or what measures may eventually become necessary to supply and maintain it."
Strain May Be Great.
"The scale of the field army which we are now calling into being is large and may rise in the course of the next six or seven months to a total of thirty divisions to be continually maintained in the field."
"But if the war should be protracted, and if its fortunes should be varied or adverse, exertions and sacrifices beyond any which have been demanded will be required from the whole nation and empire. And where they are required, we are sure they will not be denied to the extreme needs of the state by parliament or the people."

An army division consists of 15,000 men, so that Earl Kitchener's estimate is that 450,000 British soldiers may be fighting on the continent within six months.

Q. O. R. TO BE BROUGHT TO ITS FORMER STRENGTH

It was stated at the militia headquarters last night that no orders had been received for troops to leave Toronto for Valenciennes, but it is expected that there shall be a small detachment of the Grenadiers will be sent during the day. No orders concerning the moving of the second detachment of the Q.O.R. had been received from Ottawa.

CHAUFFEURS LEFT FOR VALCARTIER CAMP

Fifty Toronto Chauffeurs Who Responded to Call for Service, Went to Quebec.
Fifty members of the Toronto Chauffeurs' Protective Association left last night for Valenciennes, under the command of Captain Clifford Stron. The remainder of the 180 who volunteered to go may be called on later.

Recruiting for the Q.O.R. at the armories continued all day yesterday with the result that over one hundred ex-members and ex-service men were enlisted. After the full 150 have been obtained existing will continue to bring the regiment back to its former strength in Toronto. This will be done with each regiment.

BATTLE NOW BEING FOUGHT TO DECIDE FATE OF FRANCE; ALLIES IN COMBINED ATTACK

British Army Well Fed No Detail Overlooked

Earl Kitchener Evidently Keeping Pledge that Cam- paigners Will Not Go Hungry—Severe Treat- ment of Spies is Good Example to French Army.

Canadian Press Despatch.
LONDON, Wednesday, Aug. 26.—(11 a.m.)—Telegraphing from Paris, the correspondent of Reuters's Telegram Co. says:
"A special envoy of The Temps, who has returned from the front, had an opportunity of seeing the English troops. He was much struck by the excellent commissary arrangements. Huge cases of sugar, tea, cocoa, tinned meats and vegetables and enormous pots of jam have been provided for the men. Everything has been done in the minutest detail to insure their well-being."
The correspondent further remarks: "We have in the British forces a strong disciplined spirit in the army equal to the best of troops. I would like to see the French copy the English in the severe treatment of spies."

Two Hundred Americans Form a Corps in Paris To Battle for France

Canadian Press Despatch.
PARIS, Aug. 25, 3.30 p.m.—The Stars and Stripes was seen on the streets of Paris today alongside the French Tricolor, when the corps of American volunteers, 200 strong, marched thru the city to the St. Lazare railroad station, to take a train for Rouen, where they will be drilled under French officers. Among the American volunteers are many young men who have been studying in Paris. American girls waved their handkerchiefs and clapped their hands as the slender column of volunteers entered the station, while a crowd which filled the square outside cheered.
Three troop trains will take the Americans, together with some other foreign volunteers, to the north.

HUGHES REVIEWS NEW REGIMENT GERMANS LEAVE DUTCH FRONTIER

Enthusiastic Cable Sent to Earl Kitchener—Sixteen Troop Trains Speed to Valenciennes.

By a Staff Reporter.
OTTAWA, Aug. 25.—The Princess Patricia Light Infantry, 950 strong, were reviewed by Hon. Sam Hughes this afternoon, and he expressed himself as highly pleased with their showings. After returning to headquarters he telegraphed to Earl Kitchener that there was no finer regiment in the world than the Princess Patricia Light Infantry. No. 1 Company from Toronto acted as a guard of honor to the minister. Another 150 men will be added before the regiment sails.
Col. Hughes stated that no less than 16 trains were then on the way to Valenciennes with troops from different parts of the country. The first brigade is from Ottawa, Kingston, Belleville and Gananoque; second brigade from Toronto, Hamilton, St. Catharines and London; third brigade from Montreal, Sherbrooke, Quebec and Sydney.

DEATH OF MRS. HUGHES.

KINGSTON, Aug. 25.—Mrs. Hughes, wife of Sgt.-Major A. L. Hughes, died suddenly. Her sister, Miss Catherine Crowley, was killed on the G. T. R. at Findlay station, a few miles east of Kingston, a few weeks ago, after coming from Ireland to visit her sister. Mrs. Hughes' death was hastened by the shock.

CERTIFICATES TO BE ISSUED TO BANKERS

Lloyd George Introduces Bill to Assist in Financing Trade.
Canadian Press Despatch.
LONDON, Aug. 25, 4.35 p.m.—The chancellor of the exchequer, David Lloyd George, today introduced a bill in the house of commons enabling him instead of actually issuing notes to bankers, to issue certificates, so as to give the bankers the benefit of state credit, without actually taking out notes.
The chancellor considers that this will undoubtedly be of great advantage in assisting them to finance trade.

All Troops Withdrawn From Alsace Temporarily in Order To Assure Its Final Deliver- ance—French and British Commenced Com- bined Attack on Germans After Regaining Original Positions Thru Hard Fighting— Muhlhausen Again Evacuated, All Avail- able Forces Being Required on the Meuse— British Loss 2000 in Sunday's Battle— Cattaro Forts Entirely Destroyed—Czar's Troops Take More Territory.

Canadian Press Despatch.
PARIS, August 26, 12.16 a.m.—The war office has issued the following official announcement:
"The commander-in-chief, requiring all available forces on the Meuse, has ordered the progressive abandonment of occupied territory. Muhlhausen has again been evacuated."
FRANCE'S FATE IN THE BALANCE.
"A new battle is in progress between Maubeuge (Department of the Nord) and Donon (Department of Doubs.) On it hangs the fate of France. Operations in Alsace along the Rhine would take away troops upon which might depend victory. It is necessary that they all withdraw from Alsace temporarily, in order to assure its final deliverance. It is a matter of hard necessity."
West of the Meuse, as a result of orders issued on Sunday by the commander-in-chief, the troops which are to remain on the covering line, to take up the defensive, are massed as follows: The French and British troops occupy a front passing near Givet which they gained by hard fighting. They are holding their adversaries and sharply checking their attacks.

ORIGINAL POSITIONS REGAINED.
"East of the Meuse our troops have regained their original position commanding the roads out of the great forest of Ardennes."
"To the right we assumed the offensive, driving back the enemy by a vigorous onslaught. General Joffre stopped pursuit so as to rearrange his front as decided upon Sunday. In this attack, our troops showed admirable dash. The sixth corps notably inflicted punishment on the enemy close to Virton."
ARMIES IN COMBINED ATTACK.
"In Lorraine the two armies have begun a combined attack, one starting from Grand Couronne De Nancy, and the other from south of Lunéville. The engagement, which began yesterday (Monday), continues at the time of writing. The sound of cannonading is not heard at Nancy, as it was yesterday."
RUSSIANS ADVANCE STEADILY.
The French embassy in London tonight issued the following statement:
"The movement which has begun yesterday by order of the commander-in-chief, was continued today without successful opposition by the enemy. It is confirmed that a Prussian corps of guards were roughly handled in the recent fighting. They were attacked by Algerian riflemen and in the hand-to-hand fighting which ensued the Germans suffered heavily."
"The attacks against Nancy have failed."
"The Russians are resolutely pushing forward their offensive movement in Galicia and have routed two divisions of Austrian cavalry."

BRITISH LOSSES 2000.

Direct Copyrighted Cable to The Toronto World.
LONDON, August 25.—The British loss in the fighting in southwestern Belgium is estimated at 2,000 by Field Marshal Sir John French, commander of the British expeditionary force on the continent. Announcement to this effect was made in the house of commons, this afternoon, by Premier Asquith.
A late despatch from Ostend says that wounded soldiers are being brought in there.
The Belgian gendarmerie is putting up a stiff fight against the German cavalry.

ZEPPELIN DROPPING BOMBS.

The foreign office confirms the report that a Zeppelin airship dropped six shrapnel bombs into Antwerp, killing twelve persons, but does not confirm the report that the Zeppelin was fired upon, brought down and captured.

FRENCH COME TO CHARLEROI.

Charleroi, Belgium, was bombarded by the French between noon and 2 o'clock on Saturday, according to a Paris despatch to

BRITISH LINES UNSHAKEN—CASUALTIES EXCEED 2,000

The Daily News. The Germans, it is said, entered the town by way of the left bank of the Sambre River, the French troops arriving the same evening.

From the buildings in the lower portion of the town the Germans maintained a heavy fire. The French were compelled to bombard this section of the town and it was soon in flames.

The official bureau of the government is unable to confirm or deny the statement that Namur is partially invested, altho yesterday it announced the fall of that Belgian city.

GERMANS IN CONCENTRATED ATTACK.
LONDON, August 25.—Following the report from Paris that the German armies are about to execute a concentrated advance on the French capital, word has come that France has been bracing up the lines of her forces today, to meet the advance of the Germans along the Luxembourg frontier, whither they are approaching in what might seem to soldiers of less courage overwhelming numbers.

At the same time, the French have boldly renewed the offensive in Belgium. The admission is made at the French war office, according to despatches, that France has been defeated at Lorraine and that the kaiser's troops are aggressively engaged on French soil, massing at Luneville, Blamont and Cirey, forcing the French to retire on their barrier fort line extending from Verdun to Belfort.

No less than 700,000 Teutons are now said to be about to hammer at this line of forts and the huge army is being reinforced daily.

ALLIES HOLD GERMANS BACK.
The official statement from the French war office relative to the victory at Malines, Belgium, of an army of French, British and Belgians, says:

"The German offensive movement in the north, which was stopped yesterday, appears to have been resumed. The enemy is, however, being held back by a French army acting in conjunction with an English army and a Belgian army. The Belgian army came from Antwerp. The armies of the allies surprised the enemy and drove back advance detachments."

AUSTRIA EXPECTS JAPAN TO ACT.
LONDON, Wednesday, August 26, 1.40 a.m.—The Exchange Telegraph Company's Rome correspondent says that as a result of the Austrian Government having ordered the cruiser Kaiserin Elizabeth to join the German fleet at Tsingtau, the Austrian Government momentarily is expecting a declaration of war by Japan.

TRAINING GERMAN BOYS.
LONDON, Wednesday, August 26, 12.22 a.m.—The official news bureau says:

"The German papers of August 22 and 24 publish orders that boys of from fifteen to nineteen years of age shall be put thru a course of musketry and military training. Retired officers are to be engaged as instructors."

BOMBARDMENT OF NAMUR.
AMSTERDAM, August 25.—A message from Liege, Belgium, bearing no time, says that Namur is partially invested and is being bombarded. The Belgian forts are answering the enemy's fire, it is added.

CATTARO FORTS DESTROYED.
Direct Copyrighted Cable to The Toronto World.

ROME, August 25.—The correspondent of The Corriere Italia, at Antivari, reports that the fortifications at Cattaro on the Adriatic Sea have been entirely destroyed and the commander is treating with the intention of surrendering.

The bombardment to which the correspondent refers was carried out by a fleet of vessels composed of the allies and flew the Russian, British and French flags. The attack was unexpected and the plan of the Austrians to mine the Gulf of Cattaro had not yet been consummated. It is believed that the course of the Austrian fleet will soon bring it in range of the allies' fleet in the vicinity of the gulf and that a battle will follow.

BRITONS BORE THE BRUNT.
PARIS, August 25.—(From A. J. Rorke, Central News Special correspondent)—Graphic stories of active fighting are brought to the war office by officers from the front, who relate how the British troops in the terrific battle at Mons, bore the brunt for two entire days in the dogged main German advance.

The soldiers of the King bore themselves with superb coolness and the derring they exhibited was truly wonderful. For instance, every impetuous rush of the German infantry was met by calm, calculated and deadly rifleman's fire, and the intrepid British cavalry men, without hesitating a moment, flung themselves at the German horsemen, giving the Uhlans the surprise of their lives.

RUSSIANS CONTINUE TO ADVANCE.
Word has been received here from St. Petersburg that the czar's troops, following up their advantages in Galicia, have captured several passes south of Tarnopol, 80 miles eastward of Lemberg, and on the Sereth River.

In Galicia, near the frontier, a division of Austrian cavalry was routed.

An announcement issued this evening says: "The German offensive movement in the north, which was stopped yesterday, appears today to have been resumed. The enemy is, however, being held by the French army, acting in conjunction with an English army and a Belgian army."

ROSE-COLORED SPECTACLES.
Editor World: Just a word in connection with the optimistic editorials now appearing in The World, during these days—the greatest in the history of the world.

It must be of great satisfaction to those who are taking an optimistic view of things to see you endeavoring to keep the people buoyed up and cheerful. There seems to be many who have a very "poor mouth," and whenever they are in conversation, speak of the terrible times ahead, of the high prices, etc. In several cases such persons are in a position to be able to stand hard times, yet it would do them good to feel the pinch themselves.

I was also glad to see in a recent issue of The World that you are the first to announce the exposure of merchants who are trying to profit thru the war. Keenly after them and also keep up the bright outlook thru your paper.

A. Holman, 622½ Huron's Point, Aug. 23.

FORM RED CROSS BRANCH.
At a meeting of the Toronto Board of Trade yesterday a Toronto branch of the Canadian Red Cross Society was organized. Sir John Gibson, when outlining the objects of the society, said that it was for providing relief and care for the wounded soldiers on the field. A public meeting will be held in a few days, when arrangements will be completed.

BOY SCOUTS FOR THE WAR.
A messenger, announced yesterday that a corps of one hundred Boy Scouts was being prepared for active service in the war. All members of the corps are over fifteen years of age and are being trained along the same lines as the army medical corps. Week-end camps are being held at Lambton.

Prince Edward Island Gives Oats
By a Staff Reporter.
OTTAWA, Aug. 25.—The government today received a message from Premier Matheson of Prince Edward Island stating that that province wished to give 100,000 bushels of oats for purposes of war. It would be delivered free at any port indicated and additional aid would also be given by the province.

FOR MEN MUST GO THO WOMEN WEEP
Mobilization Scene in French Hamlet Described by Traveler.
SUDDEN ORDER CAME
Red-Eyed Women Watched Their Husbands and Sweethearts Depart for War.

Special to The Toronto World.
NEW YORK, Aug. 25.—One of the most graphic descriptions that has been given of the departure of troops for the front in Europe was related last night by Edwin Thanhauser, who, with his wife and two children, were passengers on the Principe Di Udine. Mr. and Mrs. Thanhauser have been touring the countries of Europe for the past two years. They were on a walking trip thru France when the war was declared, and were obliged to suffer hardships when they arrived without clothing other than that which they were wearing.

"We had reached Argentiere in the east of France, near the Moselle on August 1," said Mr. Thanhauser. "Rumors about war had filtered thru the hamlet, but nothing definite was known until that night when a notice was posted in the center of the village saying that all troops were to mobilize the next day. The little village was prostrated. Men and women gathered in knots about the streets and talked of the war. Women were red-eyed and their faces were pale. They were preparing to meet the men who were leaving for the front. We heard the moaning of the soldiers who were drawing into the station and the shouts of the men. It was just breaking day. On the platform the weeping women were saying their last farewells to their husbands and sweethearts who were off for the front. Soon the train drew out of the station. Its windows crowded with soldiers who waved their hats, shouting 'Vive La France, A Bas Berlin!' Before the shouts and singing of the soldiers had died out in the distance we heard the moaning of the women who had been left at the station."

Mr. Thanhauser said that Switzerland is facing a grave proposition, that at any moment the 50,000 foreigners there may be ordered to leave because of the shortage of food.

Russian Troops Taken Prisoners By Germans
Berlin Announces Capture of Three Hundred Dragoons—Papers Praise Crew of Sunken Austrian Cruiser for Bravery—Twelve French Guns Captured and Taken to Berlin.

Canadian Press Despatch.
LONDON, Aug. 25, 10.26 p.m.—The following despatches have been received from Berlin by Marconi wireless:

It is officially announced that the German-Austro-Hungarian consuls in Tangier were ordered to leave by the French Government on Aug. 19.

The Italian steamer Ancona, from New York for Italian ports, was held up near Gibraltar. About seventy German conscripts on board were taken at Gibraltar as prisoners of war.

"Fourteen officers and 170 of the crew of the Austrian cruiser Zenta, said to have been sunk Aug. 15 in an engagement with the French fleet, have been brought to Karlsruhe and placed in the palace yard."

The press, commenting on this engagement, says that the men on the Zenta, inspired by the spirit of Tegethoff (a noted Austrian admiral) ventured into the open sea to engage in battle a force probably fifty times stronger, with the object of doing as much damage to the enemy as possible, even though they knew that certain destruction awaited them.

"Russian prisoners, including 20 officers and 300 Dragoons, with many guns, have been brought to Lemberg, Galicia. The Russian general, Wlanowsky Ivanoff, has died from injuries received in an engagement."

The emperor has granted 5000 marks towards the municipal fund for the relief of the unemployed in Berlin.

"Twelve guns, with their gun carriages and ammunition carts, captured by the Bavarian troops from the French, have been brought to Karlsruhe and placed in the palace yard."

Uncle of Kaiser Killed Says Report from Paris
Canadian Press Despatch.
PARIS, Aug. 25.—5.25 p.m.—The Journal this afternoon says it has obtained from an authorized source the news that in a battle fought yesterday an uncle of Emperor William, commanding the imperial guard, was killed.

Emperor William of Germany has no living paternal uncle. An uncle of his maternal side being of English origin, (the emperor's mother having been a British princess) naturally would be opposed to the Germans in the present war.

Cruiser Essex Proved Too Quick for Austrian Ship
Special to The Toronto World.
NEW YORK, Aug. 25.—Just outside the harbor mouth today a British warship, thought to be the Cruiser Essex, chased and captured an incoming freight steamer, later identified as the Ida of the Austro-American line. Hundreds of residents of the Long Island coast in the vicinity of Fire Island witnessed the capture. After satisfying herself of the identity of the ship, which was coming off and the Ida came on into port.

This was the second time that the Austro-American boat had been taken by British men-of-war. She was captured the second week in August and brought into Quebec by a British cruiser, but the Canadian prize court decided that inasmuch as she left her home port before the declaration of war, her capture was not legitimate, and she was accordingly released.

Her commander promised, as a condition of his liberty, that he would exert his best efforts to escape a repetition of his experience with British war craft.

The Ida was within a few miles of the three-mile neutral zone today when she was sighted by the cruiser, and she, it is reported, was not possible to make haven. His craft was not speedy enough for the undertaking.

The Ida was got within gun range while the cruiser was several hundred yards short of the mark and rather than risk a threatened projectile the merchantman dove to sea. She was boarded by a party from the cruiser, which spent more than two hours locking over the papers, inspecting the cargo and otherwise satisfying themselves of the identity of their prize.

The Essex has been in these waters for the last 24 hours. She held up the Rio Grand of the Clyde line 18 miles southeast of Atlantic City, last night, and this morning's capture inside of the Ambrose Channel lighthouse on her way north.

GERMANS CORNERED IN EASTERN PRUSSIA
Russian Cavalry Have Suffered Heavily as Result of Daring Attacks, But Infantry Advance is Most Effective —Germans Show Fear of Cossacks.

LONDON, Aug. 25, 7.20 p.m.—Telegraphing from St. Petersburg, the correspondent of Reuter's Telegram Co. says:

"The principal Russian losses in Prussia up to the present have resulted from the determination of the rank and file of the Russian army to get at the enemy. Altho the mounted guards in the centre have suffered heavily, the infantry advances have been more than satisfactory. The enemy is virtually cornered in eastern Prussia."

"Mounted officers, arriving in St. Petersburg, in relating their stories of the front, dwell on the fear displayed by the Germans of the Russian cavalry."

"Military experts say the equipment of the Germans is excellent, and that their artillery is good, but that their rifle shooting is deficient as regards accuracy. They add that the Japanese were infinitely superior in this respect in the Russo-Japanese war, and accomplished in a hour what the Germans would require a day to do. It is stated that in one case a Russian squadron charged a battery and captured all its guns. The German soldiers are said to have discarded their rifles and their officers to have thrown on their swords and even their helmets."

PATRIOTIC FUND TODAY TOTALS \$248,000

The first rally of the captains in the Toronto and York County fund campaign has brought into the treasury more than the most sanguine of the organizers expected. Practically half the sum sought is now in hand and tomorrow the sweep again begins. Energy on the part of the collectors and the generous reception of the public at large have united to help the cause along, and the expectation at headquarters is that the total sum sought will be followed far past the half-million mark, it rests with the public, however, to roll up with smaller subscriptions the larger ones which have given the flying start.

One of the encouraging features of the campaign is the co-operation of the business firms. The Canadian North-Western legal staff have volunteered a day's salary, and the example has been followed by the staffs of the Electric Writing and Fixture Company. The subscription offered by the L. J. Applethorn firm has already come in. Box office receipts from Roncesvalles avenue will be submitted tonight, and the florist companies of Jennings & Sons and Dale Estate & Sons are forwarding large quantities of flowers to be realized upon.

Old and young, rich and poor, are all leaving subscriptions and contributing and volunteering to advance the cause as far as possible. The need of the fund has apparently been made vivid by the appeal of needy wives whose husbands have enlisted.

This morning the captains go forth pointing to the splendid response of the first day and appealing for a continuation of enthusiasm until their total subscription has been gathered in. A popular concert has been arranged for Massey Hall, Friday evening, and the total receipts will be turned into the fund.

The Sheet Metal Products Company promise an additional \$10,000 if the fund association decides to extend its field to those whose distress is indirectly caused by the war.

Altho it has not yet been officially made public, the games committee of the Toronto police force at a special meeting yesterday afternoon decided to contribute \$2,000 of the police games receipts to the Patriotic Fund. In addition to this a movement instituted by the constables on the force today is well under way to contribute one day's pay to the same fund; this decision, it is understood, has practically been arrived at. The average day's pay of constables, sergeants, inspectors and higher officials is about \$5.50, which would make the splendid total of over \$4,000 contribution by the police of Toronto.

GERMANS DRIVEN FROM MALINES
Two Thousand Men Repulsed by Belgians—Losses Very Considerable.

Canadian Press Despatch.
LONDON, Aug. 25.—(10.58 p.m.)—An Antwerp despatch to Reuter's Telegram Co. says that early this morning a force of 2000 Germans bombarded Malines (Mechlin), 14 miles southeast of Antwerp. Two hundred houses were partly destroyed and the church tower was damaged. The Belgians made an energetic counter attack and drove the Germans back as far as Villvorde to the south. The losses on both sides were considerable.

On the occasion of his departure to Valenciennes, the Toronto Advertising Club presented their secretary-treasurer, Lieut. A. J. C. Davidson of the Canadian Engineers, with a handsome wrist watch. Frank G. Mackay, in witness Lieut. Davidson's godspeed, voted the approval of the club for the good work done since his appointment. Frank G. Rowe also said a few words of appreciation for the very efficient way in which Lieut. Davidson had handled the secretarial duties in connection with the recent Ad Club convention, held in this city. As well as being a reservist of the Army Service Corps, Lieut. Davidson is to be appointed quartermaster of the second corps of the Canadian Engineers.

EAST PRUSSIA IS WELL FORTIFIED FRENCH ALLEGE CROSS TREACHERY

Natural Obstacles Support Other Defences - Six Fortresses Guard Vistula Villagers in Lorraine, While Professing Friendship, Gave Enemies Aid.

Canadian Press Despatch. LONDON, Aug. 25.—A despatch to The Daily Mail from St. Petersburg says: "The German defence in East Prussia is based on four parallel and strongly fortified lines running north and south. Each is supported by natural obstacles. The foremost three lines are distinct groups of numerous lakes. The fourth and strongest defence line is the Vistula River, extending from the Russian frontier to the Baltic. "Outside these defence lines the Germans have on the northeast the very strong fortress of Konigsberg, with fortified advance positions at Libau and Tapiau. This is situated on the flank of the Russian line and must be invested, necessitating the detachment of a considerable force.

Canadian Press Despatch. PARIS, Aug. 25.—A despatch received here from Bourges gives the recital of a French officer wounded in Lorraine. He sets forth how the Germans were aided by the local inhabitants, who helped by the loss of their neutrality. The officials of villages in Lorraine fell upon the necks of the French and they were taken into town and troops when they came into the village to the edge of the village and hang out French flags, big white sheets, etc., to indicate to the enemy the exact position of the French soldiers. The mayor of one village tapped a French field telephone wire for the benefit of the enemy, after having offered a room in his house for the installation of the station. A local schoolmaster corrected the range of the German guns by moving the hands of the church clock. At Dieuze, the French were persuaded that they would meet no opposition. Despite these assurances, however, they were taken into the trenches and supported by quick firing guns. After they had stormed the trenches with the bayonet and were resting, they heard the strains of Chopin's funeral march played by a military band in the distance. This music served as a prelude to a storm of shells from a masked battery.

ZEPPELIN AIRSHIP BROUGHT TO EARTH

Before Its Destruction, It Dropped Seven or Eight Bombs in Antwerp.

Canadian Press Despatch. LONDON, Aug. 25.—(1:30 p.m.)—The correspondent at Antwerp of The Evening News writes that a Zeppelin airship which flew over Antwerp last night was brought down by Belgian artillery fire at Hemiksem, six miles out of Antwerp. The crew of 15 men were taken prisoners.

Another despatch from Antwerp says that this Zeppelin before it was brought to earth succeeded in dropping seven or eight bombs into Antwerp. One of the houses wrecked by these missiles was situated only 300 yards from the palace of King Albert. Seven persons were killed and six seriously injured by this explosion. Some other houses were half demolished by the falling bombs. One bomb struck the Hotel of Saint Elizabeth, but fortunately there were no patients in the building. The bombs exploded with terrific force and threw the inhabitants of Antwerp into a condition of semi-panic. There is intense indignation at Antwerp at the attack upon the hospital, which was flying the Red Cross flag.

Austrians Flee in Greatest Haste - Casualties Were Enormous.

Canadian Press Despatch. LONDON, Aug. 25, 4:50 a.m.—The Nish correspondent of Reuters' Telegram Company writes as follows: "After the great victory by our army, our forces are vigorously pursuing the enemy along the whole of their front. The latter made no resistance, but fled with the greatest haste. "The enemy's casualties were enormous. According to the information obtained up to the present the 21st, 11th, 102nd and 28th regiments were completely wiped out. The commander of the 21st was captured, the commander of the 21st division of infantry of the Landwehr was killed. The Austrians destroyed our quays at Aukstria.

AUSTRIAN MASSES ARMY ON ITALIAN FRONTIER

Canadian Press Despatch. ROME, via Paris, Aug. 25.—The Secolo says that notwithstanding the details of the Austrian Government, certain Austrian troops are massing on the Italian frontier. The movements were discreet at first, but orders from Vienna in the last 48 hours compelled precipitate action, the effects of which were visible at Trieste, where there is an incessant movement of troops. The paper adds that there are also 80,000 Austrians troops at Innsbruck.

OFFICERS KILLED, MEN RUSH AHEAD

Wounded Soldiers Tell of Battle - Bomb Fell Away Harmlessly.

Canadian Press Despatch. LONDON, Aug. 25.—The correspondent of The Daily Mail describes a visit among the French who were wounded in the battles of the Vosges and have been brought to Vichy, whose palatial hotels have been transformed into hospitals. "I talked with many of these wounded," he said. "Three men who fought side by side said: 'It is probably our own fault that we are here. Our major fell at the first volley and the other officers at succeeding volleys. When we found ourselves without officers, we not bothering about what was going on at the front, rear or flanks, I didn't stir, expecting every moment to be blown to atoms. After what seemed a half hour, seeing that the shell hadn't exploded, I hunched up my shoulders and the shell gently rolled off. It is a pity it was so big, as otherwise I should have brought it back as a trinket for my sweetheart.'"

FAMINE THREATENS BRUSSELS PEOPLE

Soldiers Take Vast Amount of Food - Troops Exhausted.

Canadian Press Despatch. LONDON, Aug. 25.—German officials claim that 200,000 Germans passed thru Brussels, as the Brussels correspondent of The Chronicle, whose message was received here by way of Antwerp. It continues: "Some of the troops seemed in excellent condition physically, and in good spirits, but the general impression is that the vast amount of food commandeered by the Germans there is a great scarcity of bread and other supplies, and famine is threatened. All German requisitions for food are payable in scrip, which is being printed freely for the use of officers. Most of the troops are quartered in the barracks, while the officers generally have put up in private houses in parties of seven or eight.

REQUIEM MASS FOR SOUL OF LATE POPE CELEBRATED

St. Michael's Cathedral Was Dressed in Black for Occasion of Solemn Service. Solemn high mass of requiem was celebrated at St. Michael's Cathedral, Church street, yesterday morning at 9 o'clock, for the late Pope Pius X. Archbishop McNell was celebrant. The church was draped as becoming the death of a Pope. The pillars were decorated in black cloth, with black and white streamers, looped from pillar to pillar. The high altar was covered with black cloth, with black tabernacle veils and large white crosses on a black ground, hung along the back of the sanctuary. The effect was grand and sombre. A catafalque draped with a pall, upon which was the papal arms and six tall lighted candles, three on each side, stood inside the sanctuary. In all the churches throughout the city requiem masses were celebrated yesterday.

Do You See Those Thin Spaces?

Genial warmth all over the house, all the winter time, at least expense—that's what those water spaces (sections) would mean to you if you put a Safford heating system in your home.

You would call them big, covered water "pans." They're shallow enough to let the water heat quickly, and flow by the shortest way out of the "pans" into the radiators. If you had four of these big "pans" to heat, one above the other, you would have them made and arranged (if you had studied the problem scientifically) just the way they are in the Safford.

Safford Boilers and Radiators

are, you see, built by a company with 30 years' experience. The Dominion Radiator Company makes nothing but hot water and steam heating systems, specializing in this line. The arrows in the picture show you how the heat travels in the Safford hot water boiler. You see how the heat encounters the first pan straight from the centre of the fire where it is hottest. The heat goes straight against the second pan, straight against the third and the fourth. All of it is absorbed quickly, surely, and sent coursing through the radiators. In the Safford System the heat units given off by the coils are absorbed by the water and take the shortest route to the radiators, and, consequently, less heat-energy is required than if the water had to travel a much longer route, as it does in ordinary boilers. The less heat-energy required, the less fuel consumed. Economy in fuel consumption is the keynote of the whole Safford System. If you are anxious to save 30% per cent. of your coal expense next winter get a Safford hot water system put in now. The first step in that direction is to write for our "Home Heating" booklet and see the different styles of radiators, as well as get a full description of the Safford System. It will only take you a minute or two to write for the booklet. Do it now, before you've a chance to forget.

BELGIUM MAKES SOLEMN PROTEST

German Atrocities Committed Upon Inoffensive Citizens Disgrace Civilization. Canadian Press Despatch. LONDON, Aug. 25.—The following announcement was given out today by the official information bureau: "The Belgian minister in London has made the following statement: "In spite of solemn assurances of good will and treaty obligations of long standing, Germany has made a savage and utterly unwarranted attack on Belgium. However sore pressed she may be, Belgium will never fight unfairly; she never will stoop to infringe the laws and customs of legitimate warfare. She is putting up a brave fight against overwhelming odds; but to quote the words of our noble king, 'she will never be enslaved.' "When German troops invaded our country the Belgian Government issued a public statement, which was placarded in every town, village and hamlet, warning all civilians to abstain scrupulously from hostile acts against the troops of the enemy, and the Belgian press has daily published similar notices broadcast thru the land. Threats Not Effective. "Nevertheless, the German authorities have issued statements lately containing grave imputations against the attitude of the Belgian civilian population, and threatening us at the same time with dire reprisals. These imputations are contrary to the real facts, and as to threats of future vengeance, no menace of reprisals on the part of German troops will deter the Belgian Government from protesting before the civilized world the fearful and atrocious crimes committed willfully and deliberately by the invading hosts against helpless non-combatants, old men, women and children. "Long is the list of outrages committed by German troops. The appalling details of these atrocities are vouchered for by a committee of enquiry recently formed by the Belgian minister of justice, and presided over by him. This committee comprises the highest judicial and university authorities of Belgium, such as Chief Justice Van Seghem, Judge Nye, Prof. Cottee, Woodon, etc. Instances and particulars have been established by careful investigation based in each case on the evidence of reliable eyewitnesses."

Austrian Cruelties to Serbian Troops to Cause Bloody Reprisals. Canadian Press Despatch. PARIS, Aug. 25.—That Serbia is preparing to wage a war of no quarter to her enemies is indicated in a note sent by Serbia to the French Government, protesting against the alleged order from the headquarters of the Austrian army to burn Serbian crops and fire Serbian villages all along the Austrian line of march. This note says further that in view of Austrian cruelties to Serbian troops it will be very difficult to restrain the Serbians from measures of revenge, and that the Serbian Government finds itself constrained to take all measures of reprisal compatible with international law.

IS THERE TO BE RELIEF FOR THE MONEY STRINGENCY OF THE WAR?

An unparalleled money stringency prevails through Canada as a result of the war. Extraordinary legislation was passed in an emergency session of parliament last week to help over this stringency. But the initiative in using this relief legislation was put absolutely in the hands of the banks—the government carefully "fenced themselves out" of exercising on their own motion the relief authorized. The title is "An Act to Conserve the Commercial and Financial Interests of Canada."

The question of the hour is, will the banks take advantage of the act and afford the relief that parliament contemplated, and for which there seems the most pressing need? And if not, will parliament reassemble and find some instrument other than the banks to use the powers of relief created?

It may not be amiss to observe that the Dominion Government by its legislation has taken no power to issue national currency against collateral other than gold, except by way of loans to chartered banks. No person or corporation (other than a chartered bank) can apply for Dominion notes upon the faith of securities in his possession, no matter how valuable they may be. What he may do is go to a bank with his collateral and the bank may rediscunt his paper, and if the securities are sufficient, obtain national currency therefor by way of loan. But the bank is primarily liable to the government and virtually guarantees the securities. For not only must the borrower persuade his own bank that he is good and that his securities are ample, but that bank must get the fiscal agents of the government, who may be the managers of rival banks, to recommend the securities offered, and after that the securities must be approved by the treasury board. Some proceed!

In short, if we read the Dominion Notes Act, as amended at the recent session in connection with the act passed at that session, entitled, "An Act to Conserve the Commercial and Financial Interests of Canada," we find that Dominion notes, or national currency, may be issued by the Dominion Government:

1. To the extent of \$50,000,000 upon a gold reserve of 25 per cent.
2. To any amount that the government may decide in excess of \$50,000,000 upon a gold reserve of 100 per cent.
3. To an unlimited amount upon securities to be approved by the treasury board and its agents.

Now it must be apparent that any considerable increase in the volume of our national currency must come under the third head. It is government money, to be issued against high-grade securities and prime commercial paper, which must help and stimulate business if the business of the country is to be conserved and stimulated by the loan of the national credit. The clause in the law which permits the lending of the nation's credit thru the issue of the national currency provides that the governor-in-council may in time of war, or upon other occasions specified, by proclamation authorize:

The making of advances to the chartered banks and to the savings banks to which the Quebec Savings Bank Act, 1912, applies, by the issue of Dominion notes upon the pledge of securities deposited with the minister, of such kind and amount as may be approved by the treasury board; such advances to be repayable at such times as the board may determine, with interest at a rate likewise determined by the board of not less than five per cent. per annum.

Now it seems to be clear from the wording of the statute and from the discussion in the house last Friday that the issuing of national currency against collateral paper and other securities, except gold, will depend not, alone upon the governor-in-council, but also and more intimately upon the chartered banks taking some affirmative action. The government will lend only to a bank, and will issue Dominion notes only against securities deposited by a bank.

The borrower must get a bank to apply to the government and become the primary debtor. If the bank refuses to do so, he is powerless, and so, apparently, is the government. But, even if the bank does act, the securities offered must run in the name of the government's fiscal agents. If these agents, who will be officers of the biggest banks, turn down the securities, that will be the end of the matter; if they recommend the securities, the treasury board must still approve.

Will the banks encourage the issue of national currency, or will they put a silent veto upon the law and cause it to become stillborn?

Such is the law now; let us try to work out its application; and let us begin with the case of the Canadian Northern Railway and the Grand Trunk Pacific, two enterprises, in order to secure the completion of which, the government guaranteed in the one case forty-five millions of bonds, and in the other sixteen millions of bonds. The two railways have been unable to realize on these issues because of the condition of the money market. Now, in the case of the Grand Trunk, it does its business with the Bank of Montreal. Can the company go to the Bank of Montreal and will that institution take the company's bonds, guaranteed by the Dominion Government, and agree to endorse them—for that is what it is practically called upon to do, provided the fiscal agents of the government, in this particular case, a board of bankers in Montreal, approve of them, and that their report after approval is further endorsed by the treasury board at Ottawa, made up of three ministers? And after all these preliminaries are complied with, will Dominion notes or government money to the amount of the loan be deposited to the credit of the railway so that it can finance the things it undertook to do in the agreement made with the government when the guarantee was voted by parliament? And, in the same way, will the Bank of Commerce, bankers for the Canadian Northern, do the same thing?

If these two banks will undertake to do these things, and if the treasury board also approves, then money in the shape of national notes is in sight for carrying on the completion of the roads and the expenditure of millions of dollars in the way of work, in the labor camps, in rolling mills, and in other directions. This money is wages and in other ways will relieve the stringency.

And now we come to other cases where the legislation might afford relief. Take, for instance, the Province of Ontario. It wants money in order to finance a unit to the empire to help on the war. It also wants money for Hydro-Electric construction, for which purposes money floated, but proceeds for which cannot be realized at the present time. The other provinces also want money; the municipalities also want money, and perhaps the City of Toronto; and many places in this province have either bonds or short-date notes which they can use for special purposes; but the question is can they get banks to guarantee them to the fiscal agents of the government, and can they persuade these agents and the treasury board to approve of them so as to get national notes for the works in question?

Then there are other securities which can be presented in this same way in this carefully guarded plan for conserving the commercial and financial interests. But when they pass the scrutiny? We have already heard of relief having been asked under the new act and the application being stalled. We do not for the moment undertake to vouch for this statement until we make further enquiry.

In a word, whether there is to be relief to the country by way of the emergency legislation of last week absolutely appears to us to depend upon the banks, and if the banks do not think the proposition good enough, or if they do not care to assume any risk in connection with it, it will be almost impossible for the country to obtain any relief whatsoever, notwithstanding the special session and the special act "to conserve the commercial and financial interests of Canada."

But let us pass from the question of relief by way of Dominion notes and come to another measure of relief which occurs in this law "to conserve," etc.

By sub-section "c" of section 4 of the chartered banks act authorized to issue excess circulation to an amount equal to fifteen per centum of combined capital and reserve, at any time between the first day of March and the last day of August. They already had and, of course, still have authority to issue such excess circulation between the first day of September and the last day of February. The legislation dates back to the financial stringency of 1907, when Hon. W. S. Fielding, then minister of finance, issued ten million dollars of Dominion notes as a loan to the chartered banks. His action was validated at the next session, and, as a measure of relief against anything like another currency famine, the banks were authorized to issue excess circulation to the extent of fifteen per centum of their combined capital and reserve during October, November and December. This was to enable them to move the crops, and Hon. Mr. White, when he revised the Bank Act, extended the privilege to five months. By the legislation of last week the banks now have power at any time to increase their circulation. In short, the banks have general authority to increase their circulation, subject, however, to a tax of 5 per cent. upon the circulation in excess of their paid-up capital.

If, under this measure, we take the bank capital as paid up at \$115,000,000 and the rest at over \$115,000,000, we have practically \$230,000,000 of which the banks can issue 15 per cent. of their own notes, or almost an additional \$35,000,000. In this case the initiative is again on the banks. Will they put out this \$35,000,000 not only for the movement of crops, but will they put it out, or a portion of it out, for easing off the war stringency?

For instance, let us take one of the strongest of our Toronto banks, the Imperial, which by the new law is authorized to increase its bank note issue by over \$1,000,000. Will it take advantage of it, or will it rather take the position that the main thing to do in the present situation is to "keep strong" and out in its loans and ask its customers to do with as little accommodation as possible and wait for the times to improve? We can understand a number of banks not caring to take advantage of this emergency banknote power and therefore not helping to conserve the commercial and financial interests of the country.

All, therefore, comes down to this that unless the banks take advantage of the recent legislation there will be little or no relief, and if they fail in acting, then parliament must be reassembled and the whole question be reopened. For this reason we regret that the attitude of the government was to keep parliament in session for only four days and then to have it prorogued. Our idea is that the parliament of Canada, especially in times of stress, ought to be available at any

"This shall not be war upon our women and children"

HUSBANDS and fathers, sons and brothers may go to battle, but all the hordes of warring Europe shall not force them to leave grim privation and terror of want encamped at their hearthstones.

Not while we Britons who remain at home have a dollar left shall the women and children of our soldiers suffer!

Give! Give! Give! to the War Relief Fund

GIVE in the name of our own women and children, fortunately not robbed of their husbands and fathers.

We are face to face with the realities of war, more dreadful than we at home yet understand, but imagination needs no help in picturing what the war means to the women and children whose natural protectors have been taken from them.

With rent to be paid—with Winter coming and no fuel in the house—with the little children crying for warm clothing—with foodstuffs rising in price, war is, indeed, carried to the very hearthstones, unless we defenders at home stand in the way.

Give! Give! Give! \$500,000 in Four Days

Every dollar will be spent under a thorough business-like administration.

moment. Congress, in the United States, has not been out of session since Wilson came into office, and parliament has been pretty much the same in Great Britain. But apparently in Canada the whole thing seems to be done close up parliament and close up legislation in the provinces. We know there may be reasons for this view, but we believe that parliament will have to be called to find a way of affording relief to the financial situation, notwithstanding what it did last week; and we believe the Ontario Legislature can do good work in the same direction if it were kept under adjournment rather than under prorogation.

Now again we ask are the banks going to do anything under the wide powers conferred on them in the special session of parliament last week to help out the scarcity of money? A lot of concern is shutting down for lack of money. The government has provided more money; but left its employment in the hands of the banks solely! What's to be the outcome?

WATCH ARMY OF ITALY IS TRAVELER'S ADVICE

Every Able-Bodied Man in Naples a Soldier—Which Side Will She Take?

"Watch out for the army of Italy. It is, in my opinion, the only live organization in that country." Such was the comment of Norman A. Douglas of Toronto upon the European situation.

Mr. Douglas has recently returned from the great war theatre. "The thing that impressed me most in Naples," he continued, "was the fine physique of the Italian soldiers. It seemed as if every well built man in Naples was in the army. The first thing I saw on entering the city was a large force of bicycle soldiers. On every street you see detachments of infantry, and there are a host of barracks in the city.

"It must not be forgotten that Italy can place an effective force of a million and a half in the field immediately.

upon the declaration of war. Should Germany force Italy to fight with her, the war situation will become enormously more serious."

MASSEY-HARRIS CO.
 EXPLAINS ITS POSITION
 Editor World: Due to lack of knowledge of the situation, a number of newspapers have criticized the action of our company in advising its employees that they would be unable to open the factories, in Toronto and throughout the country, at the present time. We had not thought it expedient, or desirable, either in the interests of our own company or in the interests of the general community, to make any public statement regarding the effect of the war upon our business. We did, however, think it due to our employees that they should know the reasons for the closing, and the shut-down may last for several months, we are stating frankly the situation the company finds itself in, so that employees who can find other employment elsewhere during the interval.
 "We need scarcely say that we regret exceedingly the necessity for this, the first shut-down in its history."
 The percentage of business during the past year in European countries, as above stated, was about one-half of our total output, nearly all of it in those countries now at war. Immediately the war broke out every order we had in hand from Europe was cancelled by cable, including some for which the goods were already manufactured or in process of manufacture. In addition to Europe we had foreign business in Australia, New Zealand, South America and South Africa. This has often been demonstrated, and particularly during the last two years, when most industries in Canada have been employing a smaller number of men than usual, and many running on short time, while our company has given steady employment to a larger number of men than ever before in its history. Under the extraordinary conditions created by the disastrous war suddenly precipitated upon the world, the widespread operations of the company have unexpectedly created an embarrassing situation. We have been demonstrating in London, Paris, Berlin, Budapest and Moscow, and in addition business connections in all other European countries. Our

ONTARIO MINISTER OF TRADE AND COMMERCE
DEPARTMENTS
 Hon. W. J. Hanna Back at Desk in Queen's Park.
 Hon. W. J. Hanna is back at his desk in the parliament buildings. For three hours yesterday afternoon he was busy with correspondence which had accumulated and today will take part in the regular cabinet meetings.
 He spoke of his experiences in coming from England in war time as highly interesting and made some references to the conditions of the old countries in the crisis now being faced. Mr. Hanna was in London on the evening when the war office announced their intentions toward Germany and formed one of the vast crowd in the streets.
 "There was not the violent outbreak of emotion that one might have expected," he said, "but rather a great feeling of relief that war had been declared. I was impressed also with a strength of grim determination on the part of the populace."
 Mr. Hanna stated that he had experienced little trouble in securing passage on a freighter to New York. The trouble was to get out on the Atlantic. For four days the ship was held in the Mersey before clearance orders from the admiralty came thru. The passage itself was uneventful, although British cruisers all the way across. At Fire Island the Suffolk ranged alongside and exchanged greetings.
 The Ontario minister's trip was cut in by the outbreak of the war. He returns, however, bronzed and invigorated by the sea voyage.
WHITNEY TO SPEAK AT FIRST LUNCHEON
 Exhibition Arrangements Go Forward—Duke of Connaught Will Be Guest.
 "Things never were so far advanced at the grounds," said General Manager Orr of the Canadian National Exhibition yesterday afternoon. "As a matter of fact we could open the exhibition tomorrow. And in spite of all the hard times cry the exhibitors are spending more money on their booths this year than they did a year ago."
 President Oliver and General Manager Orr returned from Ottawa yesterday morning and were able to announce that the Duke of Connaught would visit the exhibition on Saturday, Sept. 5. His Royal Highness wishes it understood that his visit is not a social one, but simply an appreciation of the splendid effort the exhibition authorities are putting forth to bring trade back to a normal state. Several members of the cabinet and Sir Wilfrid Laurier will attend the exhibition for the same reason, and the management are able to announce the following speakers for the first week:
 Monday, Opening Day—Sir James Whitney; Tuesday, Society Day—Mr. Martin Burrell; Wednesday, Educational Day—Sir Geo. E. Foster; Friday, Press Day—Hon. Sam Hughes; Saturday, Hamilton Day—R. H. the Duke of Connaught.
TEA EMBARGO REMOVED
 PRICE DROPS FIVE CENTS
 Salada Tea Company Announces Reduction—Will Buy Tea Back From Grocers.
 The Salada Tea Company announced yesterday that they had reduced the prices of their teas five cents a pound. The following is the announcement which has been forwarded to the trade by the company: "The embargo on tea has been definitely removed in England, and how temporary this may be, we have taken advantage of it to immediately reduce our prices five cents per pound. This is in spite of the fact that war risk insurance and freights are still abnormally high, and that no shipments have yet been made from Ceylon or India.
 "All these conditions leave the tea situation, while relieved somewhat from last week, still in a very difficult condition, and it is impossible to see a week ahead.
 "We are therefore taking to take back all the tea we shipped last week from the grocer, and pay him for it exactly what he paid us. The cost of this will be very large, but we know that the interest in which the grocer and the consumer and the producer can be safeguarded.
EMPLOYERS' BLANKS WILL BE FORWARDED
 Chairman Price of Compensation Board Proceeding With Preliminaries.
 With the object in view of having the Workers' Compensation Act come into force at the beginning of the year, Chairman Samuel Price of the commission is proceeding with the preliminary steps. He stated last evening that he is in receipt of most of the forms to be filled in by the employers will be forwarded. The act prescribes this method as the most feasible in gaining the number of men in each employ and the size of individual payrolls. With the material in hand a large part of the commission's preliminary work will be accomplished.
 There are yet two commissioners to be appointed, as well as a clerical staff, but no inkling of the personnel is to be given to date. Mr. Price hopes to have the organization in working order before Christmas, so that the act will become effective on the new year.
Help Wanted.
 WANTED—Two more men to travel in small towns in Ontario as salesmen; must be neat appearing, and good habits; right party has excellent opportunity for quick advancement; will advance expenses and furnish samples; call at 13 Jarvis street between hours of 10 and 12 this morning. A. W. Capron.

London's Beauty Writers
 Weekly Selections from Noted Beauty Experts Writing for the English Press.
 Simple and Effective Methods.
 By Olga Amsdell, Special Correspondent, London, Eng.
 Each week in this department I will endeavor, by careful selection from the London papers, to keep you abreast of the latest and best advice of the London beauty experts. Owing to the persistent demand, most London newspapers and periodicals are now devoting much space to the serious consideration of beauty culture. Many of them now employ high-salaried experts to advise and instruct in methods most efficient for enhancing or restoring beauty of face and figure. I append herewith a few clippings from leading English publications. Any of the ingredients mentioned could be obtained from Canadian chemist or druggists, so I am told. Look out for more hints next week. I shall endeavor to keep right up to date.

SEVEN FAVORITES FAIL AT HILLCREST

Modern Priscilla the Only Public Choice to Win — Two Firsts for Griner.

Another large crowd turned out to witness the running of the third day's races at Hillcrest yesterday. The bookies had their innings with the form players, when seven well-backed favorites out of the eight races went down. The best finish of the day came in the running of the seventh race, when Modern Priscilla, the only successful colic of the day, got up in time to beat O'Tis True, the pacer-maker, half a length. Jockey Griner carried off the riding honors with two wins.

BRAVES ARE ONE POINT BEHIND N.Y.

Win at Chicago While Rain Stops the Giants at St. Louis.

At Chicago—Boston defeated Chicago by 4 to 1 yesterday, and now are within one point of the leaders in the pennant race. New York, idle on account of rain, retains the lead. Sweeney was hit by a batted ball in the fifth inning and a tired, Brennan taking his position at second. Score:—

| | | | | | | | | |
|---------|---|---|---|---|---|---|---|---|
| Chicago | 0 | 0 | 0 | 1 | 0 | 1 | — | 2 |
| Boston | 1 | 0 | 1 | 0 | 0 | 0 | — | 3 |

At Pittsburgh—Philadelphia was shut out, 2 to 0, in the last game at Pittsburgh for the season between these two teams. R. H. E. scores:
Philadelphia 0 0 0 0 0 0 0 — 0 5 1
Pittsburgh 0 0 0 0 0 0 0 — 0 3 1

At Philadelphia—Philadelphia shut out St. Louis in both games here, the scores being 2 to 0 and 1 to 0. In the opening event Bressler fanned ten batsmen. In the second game Bennock not only kept the visitors' hits scattered, but he scored the only run of the contest, on his triple and Murphy's single. Scores:
R. H. E.
St. Louis 0 0 0 0 0 0 0 — 0 2 4
Philadelphia 0 0 0 0 0 0 0 — 0 3 1

BUSINESS ABOUT AS WAS EXPECTED

Fair Demand for Stocks on Standard Exchange Yesterday.

Another day of business on the Standard Exchange brought out nothing of a very much the same appearance as prevailed prior to the closing.

What stocks were wanted were bought. Brokers seem not to mind telling the bulls they could go. Everything moved along entirely in accordance with what was expected by those who advocated the opening.

Some stocks were in demand, others were not so popular. Don Dom Extension was at the figure. Timiskaming was also wanted. In reply to the demand, it sold first at 7 1/2 and later at 7 3/4.

Standard Quotations. Cobalt Stocks—Buyer Sell. Buy. Beaver Consolidated 19 18 1/2

Advance in Sugar. Latest wholesale quotations on sugar since the war tariff went into effect:

Money and Exchange. Glazebrook & Chomyn, exchange and bond brokers, report exchange rates as follows:

Butchers. The local market is firm with a steady demand for car lots. In flour the selling is strong owing to the further sharp advance in prices for wheat in the west.

Earnings of C.N.R. for Week and Month. C. N. R. gross earnings for the week ending August 21 amount to \$307,600.

The Investment of Trust Funds. The first essential in the investment of trust funds is security; the second is income.

CONSIDERABLE DROP IN MELON PRICES

Ordinary Baskets Sold at Fifteen to Twenty Cents Each.

Plums Become Cheap. Pear Prices Also Lower—First Canadian Grapes on Market.

Cantaloupes were shipped on the market in large quantities yesterday, the prices decreasing materially, the ordinary melons, 11-quart flats, selling at 15c to 20c per basket.

Plums were also there in great numbers, the half-baskets selling at 20c and 25c, while the 11's sold at 50c and 40c per basket.

Canadian pears are of much better quality than have been coming in, and the quantity is steadily increasing.

Apples—Canadian, 15c to 25c per 11-quart basket; few choice, 35c to 40c per 11-quart basket.

Watermelons—35c to 45c each. Whole Sale Vegetables. Beets—\$1 per bag; 20c per dozen.

World's Visible. Wheat, 3,710,000 bushels; corn, 424,000 bushels; and oats increased 3,710,000 bushels.

Chicago Cars. Wheat—328 112 322 358. Shipments—1,122,000 110 200 210.

Northwest Cars. Minneapolis—286 121 281 291. Duluth—178 71 64 68.

Primary Movement. Wheat—Yesterday's Last Week's Last Year's. Receipts—1,461,000 1,491,000 867,000.

European Visible. Wheat this week amounts to 56,488,000 bushels, against 57,856,000 last week.

Chicago Markets. Erickson, Perkins & Co. (J. G. Beatty), 14 West King street, received the following quotations from the Chicago Board of Trade.

ST. LAWRENCE MARKET. There were eighteen loads of hay and seven loads of oats brought on the St. Lawrence market yesterday.

SEAN PRICES. MONTREAL, Aug. 25.—Beans—New crop, hand-picked, \$2.60 to \$2.70 per bushel.

BUSINESS AT STOCK YARDS

Prices Firm in All Departments on Light Receipts.

CATTLE PRICES STRONG. Hogs Advanced Fifteen Cents Per Cwt. Over Monday.

Receipts of live stock at the Union Stock Yards on Tuesday were 37 carloads, 496 cattle, 646 hogs, 495 sheep, and 48 calves.

Receipts were light in all the different classes. Trading was active.

Cattle prices were high considering the quality offered, the highest price recorded for a straight load of steers being \$8.42.

Very few milkers and springers were offered but quality considered, values were unchanged.

Only a limited number were offered for sale. These sold at \$60 to \$80 each. Had there been better quality higher values would have been paid.

Choice calves. Receipts moderate and values practically unchanged. Choice veal calves 61c to \$10.50; good, \$8.50 to \$9.50; medium, \$7.50 to \$8.50; inferior, \$6.50 to \$7.50.

Sheep, light ewes, \$5.75 to \$6.25; heavy ewes and lambs, \$4 to \$5; yearlings, \$6.75 to \$7; lambs, \$7.50 to \$8.50; culls, \$5.50 to \$6.

Hogs. Selects, fed and watered, sold at \$10.15 to \$10.25 and \$10.40 weighed out cars.

Representative sales. H. P. Kennedy sold 1 load medium heifers, 900 lbs., at \$7.80; 1 load cows, 800 lbs., at \$7.50.

Dunn and Levack sold: Butchers—7, 1200 lbs., at \$5.50; 2, 800 lbs., at \$5.50; 3, 800 lbs., at \$5.50.
