SECOND NIGHT OF WORLD'S WAR PICTURES IS SPECTACULAR HIT

Visiting Sailors From H.M.S. Carnarvon, Which Helped to Sink German Fleet, See Their Own Ship on the Screen.

The second day's showing of The Toronto World Moving Pictures of The War attracted fine audiences to both matinee and evening performances yesterday, and it is evident from the vociferous appreciation to which the crowds are giving vent that the showing of these pictures has proved both a spectacular, a patriotic and an educational hit. Among those who witnessed the exhibition yesterday afternoon as the guests of The Toronto World were Seaman Walter Gigg and Geo. Hooper of H.M.S. Carnarvon, who are on a furlough in Toronto visiting at the home of the former's brother Charles W. Gigg, accountant with Rice Lewis and Son. A remarkable picture of the Carnarvon is included in the portion which depicts the ships of the British navy, and Seamen Gigg and Hooper watched not only the picture of their own ship but those of the many other remarkable army and battle scenes. The Carnarvon happens to be one of the British fleet which attacked the German ships under Admiral Von Spee of the Falk-

LIEUT.-COL. BECHER KILLED IN ACTION

London, Ont., Officer Second in Command of First Battalion.

OFFICIAL MESSAGE

Col. Becher Was Head of Brokerage Firm and Highly Popular.

LONDON, Ont., June 17.—Lt.-Col. Campbell Becher, commanding officer of the 7th Fusiliers, this city, and second in command of the 1st Battalion, Canadian expeditionary force, has been killed in action at the front, according to a private message received from the adjutant-general's department, Ottawa, tonight by Jeffrey Halls, manager of the local branch of the Bank of Commerce, an uncle of Lt.-Col. Becher.

The dead officer was head of the C. M. Becher Brokerage Co. and was one of the best-known and most popular military men in the first district.

COULD CUT OFF FOOD

Teuton Alliance Desperately Strives to Foment Resistance to Demands.

BY GORDON GORDON-SMITH.

MILAN, June 17.—As could be foreseen, the inevitable has happened between Italy and Switzerland. It was clear that France and Italy would profit by the fact that Switzerland was completely dependent on them for food supplies and raw material to dictate the conditions of supply, the first of which is that Switzerland ceases to do business with Germany. This has already led to friction, Italy desiring a general prohibition on blood while Switzerland desires to proceed by the prohibition of individual categories of goods. It is reported that the solution of the conflict will be the creation of a Swiss import and export trust under British surveillance, the same as already exists in Holland, which would handle all business.

OTTAWA, June 17.—The executive of Carleton County Conservative Association, 19 strong, waited on Sir Robert Borden today to ask for a fuller explanation of why W. F. Garland has been practically read out of the party by the prime minister at the close of last session. They also asked what would his status be if retired, and who controlled the patronage for the county now.

ITALIAN SUBMARINE TORPEDOED AND SUNK

Five of Crew Were Saved—Austrian Exploit is a Unique One.

LONDON, June 17, 9:50 p.m.—It is officially announced that the Italian submarine Medusa has been torpedoed and sunk by an Austrian submarine, says a despatch from Rome to the Stefani Agency.

The Medusa was a vessel of 341 tons and was built in 1911. She had a speed of 13 knots above water and eight knots submerged. Her ordinary complement was 14 men.

The feat of one submarine in sinking another had never before been chronicled. The official communication issued by the ministry of marine tonight says: "The submarine Medusa, which had accomplished a useful and daring service of exploration, has been torpedoed by an enemy submarine. According to an Austrian official communication, an officer and four men of the crew were saved and made prisoners."

WARNEFORD FELL TO DEATH WITH AMERICAN JOURNALIST WHILE MAKING TRIAL FLIGHT

Airman Recently Decorated for Destroying Zeppelin Lost Control Following Explosion, Machine Falling Five Hundred Feet—Henry Needham, Well-known Writer, Shared Fate.

PARIS, June 17.—Lieut. Reginald A. J. Warneford, who gained fame recently by blowing to pieces a Zeppelin over Belgium, was killed today by the fall of an aeroplane at Buc, France.

Lieut. Warneford was piloting the machine, which had as a passenger Henry Beach Needham, the American writer, who also was killed.

Lieut. Warneford and Needham fell from a height of 500 feet. The lieutenant had been spending a few days in Paris, where he came after his Zeppelin exploit to receive his decorations of the Legion of Honor.

Exploded in Midair.
According to a report received in Paris, the accident resulted from an explosion in midair, which caused Lt. Warneford to lose control, the machine crashing to earth.

Needham's body was taken to the English hospital in Trignon Palace, Versailles. He had been in Europe about four months as a correspondent of magazines and newspapers, and was attached to the British aerial squadron only about six weeks ago.

ITALIAN AIRMAN WORKS HAVOC

ROME, June 17.—An official statement tonight says: "One of our dirigibles flying over the entrenched camps of the enemy last night let fall powerful bombs on the important railroad branch of Divaca, causing serious damage. The dirigible returned unharmed, despite a lively fire from the guns and quick-firers of the enemy."

SANK OTHER VESSELS LIKE MONS RETREAT

But Turnwell, Holes Plugged Up, Limped Safely Into Port.

MILFORD HAVEN, Wales, June 17, 10:30 p.m.—With a big list to port and all her pumps working at full pressure, the steamer Turnwell steamed into port, after having surrendered to a German submarine, the crew of which had exploded bombs in her hold.

The escape of the steamer was due to the fact that the submarine, eager to sink another steamer, did not remain long enough by the Turnwell to make sure of the effectiveness of the bombs.

The Turnwell, which is a vessel of 4264 tons, left Liverpool June 15, for New York. She was overhauled by the submarine 30 miles off the Pembrokehead coast Wednesday morning and her crew ordered to take to their boats.

WAR TO LAST BEYOND NEXT YEAR'S HARVEST

Britain Considers Measures to Increase Production on Such Assumption.

LONDON, June 17.—The Earl of Selborne, president of the board of agriculture, has appointed a committee, of which Lord Milner is chairman, to investigate and report as to "what steps should be taken by legislation or otherwise for the sole purpose of maintaining and, if possible, increasing the present production of food in England and Wales on the assumption that the war may be prolonged beyond the harvest of 1917."

The committee is instructed, if it finds additional powers are necessary to report in time for legislative action during the present session of parliament.

GERMANS DEFEATED AT ARRAS

French Troops Inflict Tremendous Disaster on the Enemy.

QUARTER OF A MILLION GERMANS PUT TO ROUT

Two Towns on Fecht River in Alsace Captured by Joffre.

Special Cable to The Toronto World.

LONDON, June 17.—Defeat of eleven German divisions, or about 250,000 men, in a two-days' battle in the north of Arras sector, and the capture of Altenhof, a suburb of Metzrail, and Steinbruck, in Alsace, near Colmar, a German defence of the Rhine, with their successes continuing, is the substance of the war news received here from Paris tonight. The French War Office issued the longest official report that has been issued for some time late tonight. The news awakened the belief among military men that big events are not long pending in France and Flanders.

Battle Raged Thru Night

The battle, which had been raging with great intensity for some weeks around the strong German positions at Arras, awakened to new and greater intensity when the Germans brought up great reinforcements last night and counter-attacked the French infantry while engaged in a bayonet fight east and south of Neuville. The attacks of the French were maintained with great spirit, and supported by artillery, which fired 300,000 shells in the night, and the large force of Germans brought into the combat were decisively repulsed by dawn along the whole front. The only place where the French fell back was a small wood south of Hill 119, which the German artillery fire had rendered untenable.

Both Sides Suffered Extremely Heavy Losses in this Engagement

in which there was much stubborn fighting with the bayonet and with hand grenades. The counter-attack of the Germans at Quenneviers, which was carried out simultaneously with the others, was marked by particularly heavy casualties on the part of the Germans, who left a great many dead in front of the French trenches.

Fruits of Victory

This victory gave the French the following fruits: 600 prisoners, several lines of trenches on both sides of the road from Aix-Noulette to Souchez; the surrounding of a force of Germans in Fond du Buval; an uninterrupted advance towards Souchez for a considerable distance; part of the Chateau St. Carleul; the cemetery of Souchez; part of the slopes to the southeast of Souchez; and the enemy's first line and at certain points his second line of trenches, north, east and south of Neuville. The French air squadrons did efficient service in preventing the bringing up of supports for the enemy by bombarding his reserves at Giveny.

York County and Suburbs of Toronto

FARMERS VISITED GUELPH COLLEGE

Excursion Under Auspices of York and Ontario Institutes.

PLEASED WITH STOCK

Herd of Dairy Cattle and Shorthorns Were Much Admired.

Delightful weather, an unexcelled train service to and from the Ontario Agricultural College at Guelph and a gratifying turnout of farmers, their wives and daughters, served to render the guided excursion of the York County and South Ontario Farmers' Institutes yesterday one long to be remembered.

Every station along the line from Burlington Junction to Donlands and Leslie contributed its quota, while scores came down the Metropolitan Railway from Newmarket and other northern points and joined forces with their friends from the east at the North Toronto terminal. The institute members were further reinforced in numbers by the presence of Warden James of South Ontario with the members of his council.

The big excursion left the North Toronto C.P.R. station shortly before 9 o'clock, arriving at Guelph at 11 o'clock and going directly to the college grounds, where they were welcomed by Professor Creelman, and following luncheon served in the reception rooms the visitors were taken in charge by the several professors having in charge the different departments of field work.

Plots of Wheat.

A source of never-failing delight and wonder to the York and Peel County farmers were the magnificent series of plots of oats, wheat, fall and spring barley and peas, each and all growing in the greatest profusion and luxuriance. Special interest centred in the alfalfa plots, in view of the fact that Ontario farmers are now most intensely interested in the growing of this crop. Professor Day stated that at the O.A. College they had cropped their alfalfa four years in succession without reseedling, with an average output three times a year. As a fodder crop alfalfa, in the mind of the O.A. College authorities and Prof. Creelman, is the most profitable of the average Ontario farm, especially where the land is high and rolling.

The big ditching machine crew of doing the work of from 20 to 30 men, and operated by gasoline, in operation was visited and closely inspected by hundreds of the York County men and voted a great success.

Cattle and Sheep.

The cattle, sheep and pigs, especially the magnificent herds of dairy and shorthorns, delighted the visitors, who never tired of admiring them and their milk and butter-making capabilities. One Holstein cow with a record of slightly over 30 pounds of butter a week especially attracted the attention of the Scarborough and Markham fanciers. In all there are on the farm 120 head of cattle, 100 of which are the poultry, too, embodying in their pens and general arrangements the latest word in this line of farm revenue, had scores of visitors.

During the afternoon the lady members of the institute were addressed in the dairy building by Miss Miller, and in the McDonald Hall by Miss Bailey.

BEDFORD PARK ENTITLED TO FIVE CENT FARE

Reduction Automatic When Metropolitan Terminus is at Farnham Avenue.

"When the Metropolitan Company's franchise south of Farnham expires on the 25th inst. Bedford Park will be within the five cent fare limit," said W. G. Ellis last night. "According to the company's charter they cannot charge more than five cents for a three-mile journey, and we hope that the city will not make any arrangement which will leave Bedford Park in the lurch."

REFORM ASSOCIATION PLANS DEMONSTRATION

King Township Society Arranges Field Day at Kettleby in Aid of Wounded.

A patriotic demonstration is being arranged, under the auspices of the King Township Reform Association, in the Amphitheatre park at Kettleby, on Saturday, July 10. There will be field sports of all kinds and patriotic addresses by prominent men. The proceeds will be contributed to the relief of wounded soldiers returned from the war.

NEWMARKET

Newmarket is likely to have a new and important industry established within the corporation limits in the next six months, steps to that effect already having been taken. P. Polino, who for a number of years has conducted a 5, 10 and 15 cent store in town, has the proposition in hand and has already arranged to occupy a building on Prospect street, for the manufacture of toys. Mr. Polino has already secured 49 lots in the town limits, known as the "Comnaught Gardens," and as soon as possible will erect a building suitable for the business proposed. The new industry, when running in full blast, will employ a large number of hands.

SCARBORO TOWNSHIP

At a meeting of the ratepayers of School Section No. 12, an association was formed to be known as the Oakridge Ratepayers' Association. These officers were elected: Mr. E. T. Milton, president; Mr. Forster, vice-president; Mr. P. T. Walsh, secretary; treasurer. The association will meet the last Wednesday of each month. Next meeting Wednesday, June 30.

MOUNT DENNIS WANTS TO BE POLICE VILLAGE

Deputation Laid Petition Before York County Council — Committee to Report.

A deputation from Mount Dennis waited on the county council yesterday and presented a petition for the incorporation of the district of Mount Dennis as a police village. According to the speakers, the main object of incorporation was to secure a water supply for the district, which has a population of about 3000. Some sections are already closely built up and the need for fire protection is urgent.

Reeve Griffith of York Township said that the township council had done everything possible to give it a water supply. Application had been made to the city council, but a bill had been introduced in the legislature asking that the city be compelled to supply water to suburban districts in the township, but without success.

SCARBORO TOWNSHIP

The death of Thomas Kennedy, a well-known Scarborough man, took place yesterday after a lingering illness at the family residence at Birchcliffe, on the Kingston road. Born at Agincourt, Mr. Kennedy had lived in the township all his life and was well and favorably known. He is survived by his widow and family. Deceased was 82 years of age and the funeral takes place Saturday afternoon at Knox Church, Agincourt.

T. Chase Casgrain, postmaster-general, arrived in Toronto last evening. He has just returned from Brantford, where he inspected the public buildings at the invitation of the mayor and R. Cockshutt, M.P. An address was presented to him and a luncheon given in his honor.

ALBERT, KING OF THE BELGIANS

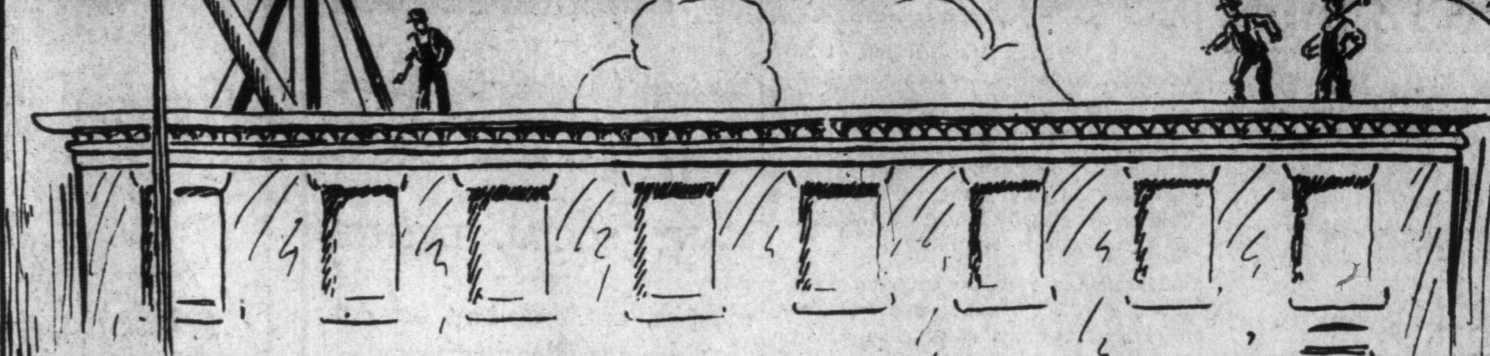

A Man Without a Country, But With a Clear Conscience.

Albert, King of the Belgians, is in every sense of the word, a king. He has set an example of courage and righteousness to the world. He did not act upon his rights as a king to flee to safety. He called for an army to drive out the invaders, and led it himself. He has been wounded twice in battles and has shared the lot of the common soldier. He has suffered in the trenches and faced the enemy's bullets. But all this has more than ever increased the respect and admiration for Albert, King of the Belgians.

GRANT MADE TO SOLDIERS.

Special to The Toronto World. BELLEVILLE, Ont., June 17.—At the Hastings County Council session this afternoon a grant of \$1000 was made to the 39th Battalion, mobilized here for the purpose of assisting in providing a field kitchen and other necessities for the men when at the front.

BUILDING SALE

The Most Remarkable PIANO Bargains Ever Presented in This City

A few more weeks and there will be wonderful changes in our building. Plans are all made and the workmen are ready to start, but they cannot knock out a brick until we have reduced the enormous stock of pianos on our floors.

We have reduced the stock heavily during the last few days, but still the contractor is adamant; he says: "You'll have to get these pianos out of here before we can start building." Hence the further sweeping cut in prices, and the hundreds of expensive instruments we have taken in exchange on our new Gourlays and Gourlay-Angelus pianos are offered now at prices without a precedent.

BRITISH WOMEN WANT TO SERVE

Suffragettes Appeal to Lloyd George to Call on Them.

TO MAKE MUNITIONS
Thousands Are Willing to Turn in and Do Men's Work.

Special Cable to The Toronto World.
LONDON, June 17.—Suffragettes commenced a series of war meetings in the London pavilion today when Mrs. Pankhurst made a stirring appeal to Lloyd George as munitions minister. "Don't hesitate to call upon the women," she said. "We want to be organized for war service the same as men. You don't understand how patriotically willing women are to help on the allies' cause. We don't care how hard the work or what its nature. Our plan for creating a home for war babies, which opens in July, is only an incident. We all want to be utilized."
Thousands Are Ready.
Asking how many women in the audience would be ready to devote themselves to making ammunition, everyone of the thousands of women present answered Mrs. Pankhurst by upholding her head.
Miss Annie Kenney pointed out that they had forgotten for the time being that they were men or women. Henceforth it was purely a case of every one of the inhabitants of Britain fighting the Germans some way or other. "Women must be given their part in the war, especially young women, because if Germany wins it will be the young who will have to endure them," she said. "Not that we suffragettes would ever be aided by any Germans."
A Violent Attack.
She made a violent attack on Ramsey MacDonald, whose organization the Union of Democratic Control has been circulating pro-German pamphlets, even sending them to relatives of soldiers killed in action. The only thing to do was to send them to the front, where they will get shot just as Liebknecht was sent to the front, or at any rate sending them to prison, where we suffragettes, who were something about prisons, would be delighted to act as jailors."

TRAINING ASSOCIATION SEEKS MORE RECRUITS

The Riverdale Corps of the Toronto Military Training Association will assemble at Frankland School tonight at 8.30. The band of the Frankland School Corps will lead the men. They will march thru the North Riverdale District, with the object of attracting recruits.
The Training Association hopes to have the city organized in such a manner that it can allot battalions to each district. Negotiations are under way for a tract of land in York County with a view to securing a rifle range.

IMPORTANT EVENTS AT COMMENCEMENT

Ontario Ladies' College at Whitby Holds Annual Exercises.

REV. DR. HARE RETIRES
Former Principal, Succeeded by R. F. L. Farewell, Receives Gift.

Special to The Toronto World.
WHITBY, June 17.—The 41st commencement of the Ontario Ladies' College was characterized by incidents that easily marked it as the most interesting and important of all. The retirement from the principalship of Rev. Dr. Hare, well as other members of the staff, brought as incidents during the afternoon concert, after the arrival of the Toronto specialists, bringing the guests from the city, the presentation of addresses and very tangible gifts with most appropriate references.
A beautiful case of silver cutlery for Dr. and Mrs. Hare, from the Trafalgar Daughters, was presented by Mrs. G. D. Atkinson acting for Mrs. D. A. O'Sullivan, president of the Toronto Chapter. Mrs. Hare, responding to the bright prospect of the college becoming the first woman's university to be established in Canada. Dr. Hare bespoke for his successor, Rev. F. L. Farewell, who spoke briefly later, that loyal support so helpful to him in accomplishing his work.
Prof. and Mrs. Greenwood and Miss Kate Wright, as well as Miss Taylor, were the recipients of presents, and responded suitably. Miss Burkholder, who three years ago gave up the position of lady principal for a similar situation at Edmonton, Alta., called to the platform, took of her having just arrived from five days' hard travelling to get here in time for this most eventful period in the college history. The proposal to develop a woman's university with the Ontario Ladies' College, she heartily commended and considered this a most opportune time for action.
Mrs. Richey, who had written a very clever poem on the retirement of Dr. Hare, brought enthusiastic applause with her rendering of it.
The concert program consisted of several selections by a choral class of forty of the college girls, all in white, under the direction of Arthur Blight; two piano solos by the Misses Meath and Heath; a vocal solo by Miss Marguerite Homuth, and a dramatic reading by Miss Catherine McCormack. All of these elicited the heartiest of applause.
Refreshments were served in the gymnasium and for an hour the viewing of the art exhibited in the magnificent rooms and promanading on the great lawn fronting Trafalgar Castle, until the commencement exercises in the evening again filled the concert hall to overflowing, served to interest the hundreds of guests in these splendid features of the college.
Medals Warranted.
Medals were awarded as follows:
The George A. Cox Memorial Gold Medal by Mrs. Cox, for highest standing in M.E.L. Course—Miss Gladys Irene Hart.
Silver Medal by John Rice, for second standing in M.E.L. Course—Miss Gladys Rosa Green.

JUDGMENT WAS RESERVED.

City Has Offered Settlement, But Claims Equipment Unsatisfactory.
Mr. Justice Middleton reserved judgment in the case of the Green Fuel Economy Co. against the City of Toronto yesterday in the non-jury assize court. The plaintiff had installed some machinery in the Toronto water-works, but the city notified them to remove it, as it was not giving satisfaction, and as the machinery was not removed, the city had it taken out. The company claimed \$370, but the city gave as payment in full of all indebtedness \$127.50.

STRONG OBJECTION TO PLAN OFFERED

Board of Education Dislikes Idea of Stopping Special Subjects.
The policy of doing away with special supervision of all subjects except music and drill, as opportunity offered, was advocated in the report brought forward by Trustee McTaggart at last night's meeting of the board of education. Strenuous objections were made to this by Trustee Brown and other members of the board, and it was finally referred back to the committee for further consideration.
Trustee Brown said that the principle was in contradiction to the policy followed for years, and that it meant placing emphasis on two subjects and passing over others. He declared that laymen could not dictate in a matter of this kind, and that it demanded the attention of specialists. It meant placing educational methods back fifty years.
Dr. Caroline Brown said that the women of Toronto and Ontario did not want the position of supervisor of art abolished. The subject was essential to technical education, declared Dr. Brown.
In discussing the matter of the erection of a play shed at Winchester Street School, Trustee Miles Vokes said the finance committee would provide the funds for that purpose. An objection was made by Trustee McTaggart on the ground that the finance committee could not well do this. The proposition was finally thrown out by the board when Chairman Hodgson made the securing of a two-thirds majority impossible by casting his vote against the measure, for the reason that it was a costly experiment.

REPORT WAS LAID OVER

Superannuation Discussed, But Matter Will Come Up Again.
The superannuation report brought forth a spirited controversy between Trustees Shaw and Boland. The former read the report recommending that collegiate institute principals, public school in-pectors and supervisors, who were retired during the ten years following July 1, should receive an allowance proportionately on the basis of their salary, to the sum of \$2000.
Trustee Boland objected to the report being considered at all, declaring that he had not received a notice about the meeting. He objected that Trustee Shaw was not running the board of education. It was decided by the board that the report should be laid over until the next meeting.
A. H. Colquhoun, deputy minister of education, wrote the board, asking that one or two rooms of Victoria Street School be provided for the summer school, from July 5 till Aug. 6, for kindergarten primary certificates. This was approved of by the board with very little discussion.

FRIDAY MORNING, JUNE 18.

Sir Edward Grey's Aim

Probably no man in England is so much detested by the Germans as Sir Edward Grey. They regard him as the man who is responsible for defeating their most cherished plans of conquest.

Sir Edward has always been a most pronounced peace man. One can only regard as absurd the German efforts to discredit him. Up till the very last moment he tried to bring about a peace conference, and all the powers except Germany and her cat's paw, Austria, were willing to negotiate.

When one renounces morality he is apt to forget the point of view of those who have not renounced it. Or, to put it in another way, if one accepts a new code of morality, he must not forget the old standards by which former friends regulate their action.

There is no reason to suppose that Sir Edward Grey has ever done anything more than follow the policy of Great Britain in force in foreign affairs since the accession of King Edward the Seventh. King Edward suspected Germany, and declared that Kaiser Wilhelm was no gentleman.

It is disappointing to find many otherwise well-informed people in the United States and elsewhere swallowing this German view of things, and professing inability to see any difference between the policy of Great Britain and her allies, and that of Germany.

to all the nations of the world, and as they became fitted for it she granted self-government to her colonies. Those nations who followed her example have had no reason to regret the course they took.

Germany came into the field at a much later date, not having the ability to take advantage of the victory of Waterloo, as she might have done. The Germans, in fact, were better adapted to peace than to war, and had they applied the same energy from the first to the arts of peace, which they have done in the last forty years to military practice, they would have accomplished a similar peaceful conquest to that of Britain.

There is nothing innately impossible in the idea of a world federation, but Germany could not be satisfied with that consummation. She desired a world domination, under which every human soul would speak German and follow the goose-step.

"The Western Phenomenon" "Canada," says The Chicago Economist, "has been the phenomenon of the western hemisphere for the past ten or fifteen years." Not long ago, it proceeds, the average American had a very poor opinion of that part of the world.

But the Economist is concerned even more with the opportunities Canada will present in the future. It regards the Dominion as still in the making, with vast areas yet to be filled with undertakings to complete.

Waterloo One hundred years ago today Napoleon the First fought his last battle on the field of Waterloo. The wars in which he was the leading figure had been waged almost continuously for nineteen years, and from the time of his coronation as hereditary emperor of the French in 1804 their main object was to extend his dominion over Europe.

Napoleon reached the zenith of his power after the peace of Tilsit in 1807. He had become the head of a real empire and had surrounded his own throne with subordinate thrones occupied by members of his family.

Now Europe is confronted with another victim of the lust of power—a despot who believes himself to be destined to rule the world by divine appointment. Without Napoleon's genius, the Kaiser is far more dangerous. Napoleon, a Corsican by birth, was by nature neither merciful nor cruel.

Centenary of Waterloo

By HELEN M. MERRILL

When several nations join forces on a field of war and win the battle, succeeding events are likely to raise barriers against the celebration of the centennial of the conflict. For instance, it is obvious why it would be particularly tactless for Canadians to hold exercises in honor of the one hundredth anniversary of the battle of Waterloo.

SUBMARINE ATTACKED CANADIAN TRANSPORT?

Soldier Writes Torpedo Missed Saxonia by Only Forty Feet.

QUEBEC, June 17.—A letter received in Quebec today from a member of the second contingent says that as the steamer Saxonia, with troops from Canada, rounded the Irish coast on her last voyage, she was attacked by a German submarine. A torpedo was fired, but went amiss, racing on the surface of the sea some forty feet behind the transport.

MONTEFORT ATTACKED.

MONTEFORT, June 17.—The Canadian Pacific liner Montfort, carrying freight only, arrived here last night and reported being attacked by a submarine when one day out from Avonmouth. The Montfort's officers thought they were due for destruction when the steamer Demara came up and killed the submarine, causing it to dive. Before it dived one again the C.P.R. ship had made good its escape. So hard did the engineers push the Montfort that her machinery broke down the next day. She was thus 17 days on a trip ordinarily covered in 10.

G. P. R. MAGNATE WILL PROBABLY BUY MUNITIONS

Sir Thomas Shaughnessy Said to Accept Post Under Government.

LOYD GEORGE'S MAN Attempt to Settle Difficulties Between Morgans and Manufacturers.

LONDON, June 17.—The Globe says that it understands that Sir Thomas Shaughnessy, president of the Canadian Pacific Railway Company, has consented, at the request of the imperial government, to take up a responsible position in connection with the purchase of munitions from Canada.

The Globe connects Sir Thomas Shaughnessy with David Lloyd George's announcement in the house of commons this afternoon, that he was sending a business man to the United States and Canada to deal with this question.

Question Re Morgans. In the house of commons tonight, Ronald McNeill asked whether any Canadian firm able and willing to supply large quantities of munitions had refused to transact business thru a United States agency, and whether it was intended to adhere to the conditions presented by manufacturers of British nationality which hamper and limit the supply of munitions.

To Send Out Big Man. Lloyd George, replying to this question, said: "This appears to refer to a proposal made by a Canadian manufacturer whose firm is supplying munitions under orders from the shell committee organized for the production of shells in the United States. He declined to negotiate with Morgans & Co., and, in view of the risk of interference with contracts already placed, the war office considered that it would be unwise to adopt this scheme, except with the co-operation of the Morgans. I see no reason for dissenting from that view. I may say that I am arranging to send a big business man to the United States to discuss the whole position of American and Canadian contracts."

Walter Runciman, president of the board of trade, stated in the commons in reference to the mission to Canada to find unemployed skilled workmen for war service here, that the mission was only beginning. Reports already received stated that it was likely to meet with considerable success. Workmen from Canada will come on an understanding that they will accept the rate of wages also paid to English workmen, including the customary war bonuses. Fees would be paid. No official steps had been taken to obtain workmen from other British dominions or the United States.

Asked whether, in view of the great number of skilled mechanics in the States it would be advisable to try to induce some of them to come here to assist in making war material, Mr. Runciman replied that he was not sure that the U. S. authorities would welcome such a mission but he said:

"Such reports," said Sir Thomas, "is premature. My business in London is merely to negotiate with the war office to see what assistance the Canadian Government can offer in the way of supplying food and other material for the equipment of the British army. In this connection the Canadian Pacific Railway could, of course, facilitate the provision for and the conveyance of food to the allied armies."

(Continued From Page 1.) who make a business of putting on exhibitions. Today's Matinee. This afternoon the usual afternoon matinee is to be given at 3:30 with a quarter admission to all parts of the house.

The evening performance of last night, which was much larger in point of receipts than on the preceding evening, promises to be altogether eclipsed by this evening's attendance, as there has already been a heavy demand for reserved seats, and Friday night is known in Toronto as one of the regular times in the week for taking in events of this kind.

The pictures are also to be shown twice on Saturday, matinee and evening. The playing of the Russian Juvenile Band at both performances yesterday won extraordinary tributes of applause from the crowds. In bringing this organization of young ladies to such a height of musical efficiency, M. Ignatz Glass has done what no other bandmaster has ever attempted in Canada, and his organization promises to make a name for itself through the Dominion.

Notable Deeds in Alsace. In their advance towards the Rhine the French infantry also did notable work, capturing Altenhof, a suburb of Metzeral, then capturing Steinbruck, and continuing their advance on both banks of the Fecht River. Preparatory to leaving Metzeral the Germans commenced to fire to it. Five hundred Germans were taken prisoner, including ten officers and 23 non-commissioned officers. They also captured three bomb throwers, three machine guns, some field telescopes and some chemical apparatus for the manufacturing of asphyxiating gas.

A French aeroplane brought down a German machine in Alsace. The two occupants were killed. Villers-Cotterets was bombarded by a long-range German gun, which fired two shots and wounded one person today.

GERMAN OFFICERS SHOOT OWN TROOPERS Panic Stricken Turks at Dardanelles Shot Down by Allied Officers.

Turkish patriotism, as evidenced when the allies invested the historic plains of Troy, appeared to be quite a negligible quantity, requiring bristling German officers in the rear to prevent the Ottomans from precipitately fleeing. Such tactics are a true appraisal of the worth of Germany's janissaries, who, without their well nigh impregnable forts on the Dardanelles, would hardly be fomenting worthy patriotic breast with fortifications, subjecting the invading ship to a murderous cross fire at all times.

No one can afford to be without a flag for the world has made it possible for every reader to have a handsome, fast color, bunting Union Jack, complete with brass-fringe jointed pole, ball and halyard, together with window socket, on practically gift terms. None should neglect this opportunity to show their patriotism. On view at 40 West Richmond street, Toronto, and 15 East Main street, Hamilton.

WON IT IN NINTH LEAFS BEAT BISON

Solid Hitting in Last Round Turned the Trick—McTigue Blew Up Early.

The Leafs came back yesterday. With new third baseman who jumped into the fray with a couple of healthy hits they pulled the game out of the fire in the sixth inning and showed over the winning count by two out in the ninth, five to four. The league leaders were the Leafs' opponents.

Clymer used the pitchers and the enemy two, and they also switched backstops. McTigue started off for us and for two innings was inviolable in the second he struck out the three batters, none of whom even touched the ball, and in the next started to walk everybody in sight until Clymer yanked him in favor of Cochrane. The latter retired in favor of a pinch hitter, and then Cook took up the job, holding Buffalo to one hit in three innings. Five hits in the enemy gathered off our hurlers, but they were nearly enough to beat us with a run.

Buffalo got two in the second when Judge drew a walk and Roach dropped the throw on Cochrane's infield hit. Everybody was safe when Judge bled to get Judge at third on Fullenweider's hit, and Judge walked home when Mac passed Gilhooly. Jameson hit to Parent forced Cochrane at the plate. With two balls on McCarthy's McTigue retired, and Cochrane put across two more balls, forcing in the second. Jackson then batted, and Omlow grounded out.

A couple of walks mixed in with two hits were responsible for Buffalo's other runs in the fifth. Fullenweider got a hit, and Gilhooly lined to Roach. Jameson was passed, and the score was three when McCarthy hit to left. Jackson walked, forcing in Fullenweider, and Omlow batted easily, counting Jameson.

For us Rath opened with a hit in the first, moved to third on Graham's clot to centre, and scored on Demmitt's sacrifice fly to right. The fans had nearly lost hope when the sacrifice broke and we evened it up. Demmitt hit to centre, Roach duplicated it, and Parent walked, filling the socket. Trout forced in Demmitt on his pass, and another counted on Cochrane's hit to left. Bader, who replaced Fullenweider, Lique, hitting for Cochrane, hit the score with a sacrifice fly which counted for us.

In the ninth Wilson hit to centre, and was out stealing. Graham walked, and hit by Demmitt and Roach, the trick with only two out.

Knotty Lee's Leafs In Guelph to Stay

Knotty Lee telephoned this office last night, asking us to state that no more jealous people are spreading rumors, there is no chance that the Guelph franchise is to be transferred. No, the Guelph Leafs are a real ball team, and they hope to stay where they are, in the city, and land the rug for the Royal City. They have averaged one Saturday a week, including only one Saturday, and with eleven men on the pay roll, including himself. Knotty Lee knows they are well within the limit. The owners and business men of Guelph are well satisfied with the club.

AMATEUR CHAMPION FAR IN THE REAR

Francis Ouimet in Poor Form at Short Hills—Barnes and Telles Lead the Field.

SHORT HILLS, N.J., June 17.—At the conclusion of today's play for the national open golf championship, James M. Barnes, the western open champion, and another professional, Louis Telles, formerly champion of France, led the field with scores of 146 strokes each. M. J. Brady finished only one stroke behind the leaders, and Jerome D. Travers, winner of many amateur titles, was fourth, with a score of 148.

The worst reversal of form in the history of the sport was witnessed when Francis Ouimet, the amateur champion, was greatly disappointed with his worth in both rounds. The Boston youth, with a total of 156, will have to accomplish something phenomenal tomorrow to get among the prize-winners.

EDDIE COLLINS BEAT ATHLETICS

He Was the Whole Works—Six in a Row for Donovan.

At Philadelphia—Eddie Collins' batting, leading and run running featured the game yesterday, in which Chicago defeated Philadelphia 7 to 3. Eddie Collins made two home runs, and drew a pass in four trips to the plate, stole two bases and drove in one run and scored another against his former teammates. In addition he accepted ten chances. Score: R.H.E. Chicago 7 0 0 0 0 0-3
 Philadelphia 3 0 0 0 0 0-3
 Chicago—Eddie Collins, 1st base; Scott and Schalk; Bresler, Shawley and Lapp and McAvoy.
 At New York—The New York Americans made it six straight by easily taking the first game of their Cleveland series by a score of 7 to 3. Caldwell held Cleveland to two hits until the ninth when a misplayed throw gave him two of the three Cleveland runs. Caldwell, however, scored on many runs in the eighth when they scored. Score: R.H.E. Cleveland 2 0 0 0 0 0-3
 New York 7 0 0 0 0 0-3
 Cleveland—Harstad and O'Neill; Caldwell and Sweeney.
 At Boston—The Red Sox moved into a tie for second place in the American League race by winning from St. Louis yesterday, 11 to 10. The game was scheduled for the Bunker Hill Day program, but the morning contest was postponed because of rain. The Boston team, solving the delivery of Ruth, scored because of the excellent pitching of eleven strikeouts in seven innings, drove him from the box in the eighth when they scored. They pressed the locals closely by hitting five runs, but Boston was able to add to their lead off Hoch, who had succeeded Perry. Score: R.H.E. Boston 11 2 0 2 2-11
 St. Louis 10 0 0 0 0 0-10
 Boston—Batters—Murray, Hancock and Severin.
 At Washington—Detroit altered its line-up yesterday, and the change had the desired result, the Tigers winning the first game of the series with Washington, 4 to 3. Score: R.H.E. Detroit 4 0 0 0 0 0-4
 Washington 3 0 0 0 0 0-3
 Detroit—Batters—Dubuc, Cavet and Starnes; Ayers, Hopper, Galla and Henry.

INDIANS AT NIAGARA DEFEAT ROSEDALES

The Tecumsehs put one over on the Rosedale team at Niagara camp, when they took the measure of the north end team by a score of 7 goals to 6. The Tecumsehs were short, Graydon, McKenzie and Stag; Rosedale were short Longwell, but Kalls was pressed in line and played a clever game.

The result of the game gave Tecumsehs a little edge on the Rosedale team for tomorrow's match. The Indians are fully satisfied that with a full team they can defeat the Rosedale. The game tomorrow will commence at 5:30.

The game at Niagara camp was witnessed by fully 2000 soldiers, who were very much interested in the work of both teams.

The Tecumsehs looked much the best in the early part of the game, while Rosedale came to life during the third and fourth quarter, coming within one goal of tying the score. Several well-known lacrosse men were present. Among those who took in the trip were Percy Quinn, Peter Small, Joe Thompson, Hugh Lamb and John Park, who played for Toronto several years back.

AMATEUR BASEBALL.

The Sales Department of the Toronto Hydro-Electric Baseball League defeated the Construction Department on the Don Plains Wednesday evening. The features of the game were Harry Aitchison's catching and Len Smith's pitching, he having 17 strikeouts. Pitched a very fine game for the losers. Score: R.H.E. Sales 4 2 0 0 1 0-7
 Construction 1 0 0 0 0 0-1
 In the intermediate series of the Play-ground baseball the following players will represent Elizabeth Centre in their game with Moss Park tonight at Elizabeth: F. Grunstein, C. E. Winerop or B. Culbert, P. J. Sullivan, J. A. Richards, B. V. Forbes, B. G. Samsen, A. S. Suman, R. S. Gruber, J. J. Elckler, C. F. W. Garnet, L. E.

Two good games are on the bill for Saturday, June 18, at the Northwestern League grounds, corner Bathurst street and St. Clair avenue, when the Albany, the leaders, tackle the Fairhairs. The latter team has been greatly strengthened by the addition of a new battery, Greengard and Cosgrave. The second game brings together the old rivals, Wychwoods and Ontario Press. Manager Davis of the former team expects to take a fall out of Wychwoods and set a good wild on second place. Umpire, Geo. Tolley.

AFTER ANOTHER ONE.

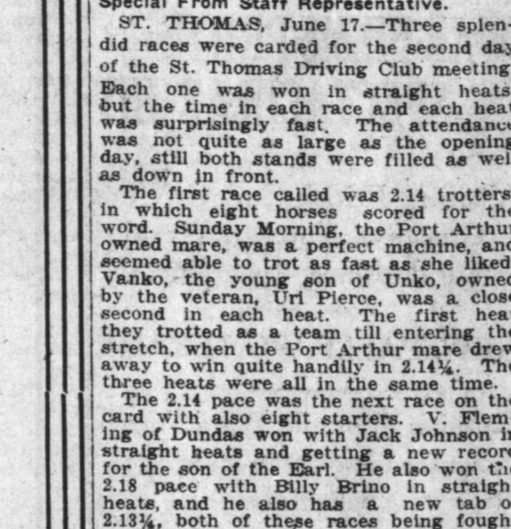

The Leafs and Bisons will meet in the second game of the series today at the stadium at 2 p.m. Infielder Clyde Warren reported last night to manager Clymer, and will hold the reins in today's game with Rath on third.

Tomorrow two games will be played with the league leaders, the first one beginning at 2 o'clock.

DUNLOP TRACTION TREAD EIGHT OUT OF TEN Over eighty per cent. of the bicycle tire sales this year will be Dunlop. This means that, over the entire Dominion, at least eighty men out of every hundred will select DUNLOP TRACTION TREAD or DUNLOP SPECIAL Every dealer is selling more Dunlop tires than any other make of tires. Riders stay with Dunlop tires because the quality stays with the tires.

NEW YORK STOCKS DULL AND HEAVIER

What Strength Was Shown Was Confined to Few Specialties.

MODERATE PRESSURE

Passing of Chesapeake Dividend Added to Bearish Feeling.

NEW YORK, June 17.—Dealings in stocks today suggested a state of suspended animation, the total output falling far below the average of the early days of the month.

Shares of recognized intrinsic value were under moderate pressure at intermittent periods, while specialties, whose chief claim to public attention was their participation in war contracts, made further gains.

STARTLING RUMORS SENT WHEAT DOWN

Chicago Heard of Allies in Dardanelles.

MORE HEAVY RAINS

Corn and Oats Showed Moderate Tendency Toward Firmness.

CHICAGO, June 17.—Rumors of important success for the British and French in re-taking the Dardanelles did a good deal today to make wheat average lower in price.

Lowest prices of the day in the wheat pit came immediately after false reports that the Dardanelles had been forced.

Corn was firm. Persistent buying on the part of houses with country connections more than counterbalanced in the corn market the effect of the weakness of wheat.

Oats rallied with corn. There was much complaint of excessive wet weather and rank growth.

GOOSEBERRIES IN LARGE QUANTITY

Local Produce Market Receives Good Supply for Merchants.

CANADIAN BEETS DOWN

Carrots Almost Unsaleable at Present Because of Small Size.

Gooseberries came on the market in larger quantities yesterday, and some of the larger, but the larger quantity were small.

Canadian beets declined in price, selling at 20c to 30c per dozen bunches.

Carrots were almost unsaleable at present because of their small size.

TODAY'S THE DAY

Here's one of the biggest bargains for men ever offered! It's a frank attempt to beat any Friday's selling the Men's Store has known, and gives our customers the best suit value ever offered in Toronto at the price.

When you see these suits in the window, notice the good materials, the fine tailoring—and, without going any further, consider that these two items alone would use up more than our price today. For today we are aiming at VOLUME OF BUSINESS—and, as this price will show, all other considerations have been lost sight of.

These 300 Suits Will Be Ready for Your Choosing at 8.30 Friday. Men who know Suit Values will make no delay.

These suits are made by one of Canada's most important manufacturers, out of English tweeds and worsteds, in browns and grays, stripe and check patterns; the linings are fine twill mohair, and the size range is from 34 to 44; the prices these suits would sell for in the regular way are \$10.00, \$10.50, \$12.00, \$13.50, \$15.00. Today **4.95**

Youths' Suits at \$7.85
