#### POINCARÉ SENDS MESSAGE TO ITALY

Hopes That She Will Remain United in Peace With France.

Paris, April 30.—The continued friendship of France for Italy was expressed by President Poincaré in a message today to the Italian people, sent through the Association of France and Italy. The message said: "Italy and France, as closely as in war, will remain united in peace; nothing will separate them. A break in their friendship would be a catastrophe for Latin civilization and humanity. France remains faithful to its engagements, its sympathies and its traditions."

#### HANDS OFF ONTARIO POWER SAYS BECK TO GOVERNMENT

"International It May Be, Interprovincial It Is Not And Dominion It Never Will Be," Sir Adam Tells Ward Four

Sir Adam Beck, in addressing ward four Liberal Conservatives in Broadway hall, last night, had something to say to the Dominion Government on the development of waterpowers on the St. Lawrence and also on its railway policy, putting forward the claims of Ontario for the power. On the former question he quoted the Hon. Clifford Sifton—and they might take it what he said had weight with the government—as saying in his report of 1915 that they intended to develop the waterpowers, with the government of the United States, the waterpowers of the St. Lawrence, and they were going to do this, that and the other thing for the general good of all the people. Hon. Mr. Rowell repeated exactly what Sir Clifford Sifton said, that the waterpowers should be developed by the two governments for the good of all the people. Then Sir Adam quoted Hon. Dr. Reid and, commenting on his statement, asked "Does he for one moment mean that he says, that they mean to develop these powers in Dominion undertaking, over 600,000 horsepower, equivalent in the generation of electricity to at least 10,000,000 or 12,000,000 tons of coal per annum, at \$70,000,000 odd dollars at coal prices today? Do you mean to tell me the people of this province will for one minute tolerate the development of that power, the usurping by the Dominion of the surplus waters of that river, which belong to the province. It is inconceivable to me. We have never asked for bonuses, we have never asked for subsidies, we have never traded upon the credit of the Dominion of Canada. We have depended upon our own credit and resources in the development of this great project of public ownership. I maintain with confidence that we have properly submitted to the parliament of this Dominion that they will think again before they attempt to develop waterpowers that belong to the Dominion of Canada. (Applause.)

#### PREFERENCE GIVEN TO THE DOMAINS IN BRITISH BUDGET

Statement Presented in Commons by Chancellor--Preference Reductions Will Be Substantial, With Rates Few and Simple--British and Canadian Obligations to Each Other Reduced.

London, April 30.—Austen Chamberlain, chancellor of the exchequer, today made a statement on the government's budget, a feature of which was the introduction in the budget of imperial colonial preference. The principal colonial products affected by its introduction will be tea, cocoa and rum, but there are other products, like cotton, sugar, tobacco and wine in which there will be great opportunities for development of trade. It is considered that never was there a time when the imperial development was so important as now. The preference on alcohol is one-third, while the preference on tea, nearly 92 per cent, of which is grown within the empire, will be equivalent to reducing the duties on beer and spirits of 2,200,000 pounds of revenue. It is expected the preference will greatly increase the consumption of tea, fifty per cent, of the cocoa is produced within the empire and a preference of seven shillings per hundred weight, the loss in revenue will be 200,000 pounds.

Ottawa, April 30.—Hon. J. A. Calder's immigration bill was the one subject of debate in the commons today. The most interesting development arose out of a statement by Mr. R. L. Richardson of Springfield, that there was a serious situation amongst the Ruthenians in his constituency, and that the refugee mover in the camp was Bishop Budka. He said the information had been given him by D. A. Ross, M.L.A.

#### SHOCKING SURPRISE FOR MOTOR THIEVES

Magistrate Gives Heavy Sentences, and States His Reasons.

Magistrates and judges in the Toronto courts, realizing the seriousness of citizens having their motor cars stolen from the streets and used for "joy rides," have started to deal severely with their offenders. Magistrate Denison sprung a surprise today to motor thieves and lawyers in the police court yesterday morning when he imposed stiff sentences on three offenders found guilty of stealing an automobile. With the continuation of heavy sentences upon all young men and boys caught stealing cars, the police are confident that within a short time they will realize the seriousness of running off with standing cars, and automobile theft will be reduced to a minimum on the streets without the prevalent danger of not only missing the car for a day, but finding it badly wrecked on a country road.

They asked for no politicians, no manipulators, but real railwaymen; loyal, true friends of public ownership, in the good management and freedom from political interference, we will, with co-operation of the public, make the C.E.R. look to their laurels.

Hoped to Kill Everyone Connected With Deportation of I. W. W.

New York, April 30.—Every agency of the national and municipal governments was at work tonight trying to track the "Reds" responsible for the terrorist bomb plot which has started the country.

The estimated sugar revenue is 33,000,000 pounds. Seven per cent, of it comes from the empire. The preference will be worth four shillings per hundred weight, meaning a loss of 800,000 pounds sterling in revenue. The preference on wine duties is levied at two rates, one shilling three pence and three shillings, according to the strength of the wine. Preference is given by a reduction of six pence in the lower class and a shilling on the higher class. This will prove of importance to South Africa and Australia. The chancellor said he was unwilling to raise the duties on account of the interest of Great Britain's allies, France and Portugal.

Just before the house rose, Mr. J. A. Davidson, Edmonton, rose to read a telegram which he had received from Lieut. R. Kremar, dated from Winnipeg. The deputy speaker ruled that Mr. Mackie could not read the telegram except as a matter of privilege, but Mr. D. C. McKenzie suggested that he could do so by general consent.

Mr. Mackie subsequently gave the Canadian Press the telegram, which was as follows: "The Ukrainians are the only solid backbone behind Union government in Canada. Charges against Bishop Budka same as in 1914. A prominent business man out of Canada by a bunch of scoundrels. You know me for years and you may depend on my word. You know what I have accomplished for my British flag amongst Ukrainians in Canada, and you may tell the government that they can rely upon Ukrainian element, notwithstanding what an organized camarilla may invent. Support all the measures of Union government for reconstruction. No Mr. Ross nor any other preserver can shake their confidence in the Dominion government. Tell straight to the house that Ross is lying."

The speaker said the accommodation was very limited and with places reserved for the wives of members there might be congestion. However the matter was worthy of consideration.

Hon. Arthur Meighen stated in answer to Mr. C. A. Gauvreau that the question of the disfranchisement of defaulters was under consideration and a statement should be made to the house as to the government's policy on Friday or Monday.

## THE SITUATION IN EUROPE

The Associated Press issues the following: Official details concerning the latest phases of the deliberations of the council of three of the peace conference in Paris are somewhat obscure. It is known, however, that the Japanese question concerning Kiaochow has been settled. The terms of the agreement, according to unofficial sources, involve the surrender by Germany of Kiaochow to Japan, but in due course Japan will retransfer this stronghold on the Shantung peninsula to China.

Likewise, it is stated, also unofficially, that there are indications that the council of three has looked with favor upon the request of the Belgians for an immediate advance on their share of the indemnity which Germany is to pay in reparation for damages and given the delegates satisfactory assurances that the Belgians will begin the reconstruction of the country overrun by the Germans.

Therefore the only outstanding problem of great importance before the council apparently is that due to the claims of Italy to Fiume and the Italian senate and chamber of deputies have given Premier Orlando's government and the Italian delegates the peace conference strong votes in favor of Italy's demands. It is believed that the Italian senate and chamber of deputies have given Premier Orlando's government and the Italian delegates the peace conference strong votes in favor of Italy's demands. ## MAY DAY FINDS LABOR UNREST IN MANY CANADIAN CITIES

Toronto Situation Shows Little Probability of Trouble Except in Metal Trades--Kindred Trades Join Strike.

While it is true that the labor situation in Toronto is more serious than has been the case in many years, there is no reason to consider it tense in any sense of the word. The situation may be summarized as follows: The metal trades are out to a strike of 4000 men; metal trades are out 700 strong; the members of the Amalgamated Association of Engineers, an English association, are supporting the strikers 500 strong; the painters are out on strike of 1000 men; the electricians are out on strike of 1000 men; the plumbers are out on strike of 1000 men; the bricklayers are out on strike of 1000 men; the carpenters are out on strike of 1000 men; the masons are out on strike of 1000 men; the roofers are out on strike of 1000 men; the glaziers are out on strike of 1000 men; the painters are out on strike of 1000 men; the electricians are out on strike of 1000 men; the plumbers are out on strike of 1000 men; the bricklayers are out on strike of 1000 men; the carpenters are out on strike of 1000 men; the masons are out on strike of 1000 men; the roofers are out on strike of 1000 men; the glaziers are out on strike of 1000 men.

## LEADERS OF "REDS" FLEE FROM MUNICH

Revolutionary Tribunal, With Convict Chief Justice, Has Been Established.

Copenhagen, April 30.—The soviet government in Munich has been overthrown, according to reports from the city, the correspondent of The Berlingske Tidende.

The correspondent adds that the government troops, in accordance with martial law, shot a number of members of the red guard who had been captured, while a mob attacked others of the captured reds and tried to kill them.

Berlin, April 30.—Communist leaders are fleeing from Munich as the situation there worsens by the advance of Bavarian government troops become worse. According to reports received here, Herr Landauer, minister of popular enlightenment, disappeared Sunday, and was captured by Herr Pechenbach, former secretary of the late Premier Eisner. Pechenbach was arrested at Ulm later in the day.

## MORMONS' ADVANCE CLOSES MISSIONS

Western Disciples of Brigham Young Cause Alarm to Presbyterians.

Alarming reports respecting the spread of Mormonism in western Canada have just been received at the Presbyterian church offices, Toronto. A report from the Presbyterian home mission superintendent in Alberta points out as a new menace to Canadian institutions the qualifying of young Mormons as public school teachers so that they can propagate their religion through their opportunities as teachers. The matter is to be dealt with at the Presbyterian general assembly at Hamilton in June. The home mission superintendent has also reported that a great Mormon forward movement is to be launched shortly in the shape of a monster festival in connection with the dedication of the great Mormon temple at Saskatoon. Rev. Dr. R. Haddow has received word that two Presbyterian home mission stations in southwest

## MOUNT PLEASANT NEW ORGANIZATION FOR MT. PLEASANT

### Ratepayers Form Association to Formulate District Needs.

A resolution that the citizens in Mt. Pleasant district form an association to be known as Mt. Pleasant Ratepayers' Association was carried unanimously at a public meeting held in Hodgson School last night. James O'Brien opened the meeting and acted as chairman. T. W. Banton was appointed chairman of the organization pro tem and S. Bell will act as secretary. An executive committee was named who will look after the workings of the new body and arrange membership meetings, etc. Ald. Ball and Controller Robbins attended and spoke briefly on matters directly affecting the residents in the district.

As the transportation difficulties and the proposed Mt. Pleasant car line, Ald. Ball pointed out that a report had been asked from the commissioner of works and that it would be presented within two weeks from date. This report will give estimates and route. The money for the line was voted some five years ago and amounted to \$20,000, but that it was now suggested that that sum is inadequate. Any further money would have to be voted on next January, but what the people want is transportation in the immediate future and not necessarily a permanent roadbed. A ballasted line would serve the present needs of the residents and the improvements could come later.

### Commended Action.

Mr. Ball commended the action of the ratepayers of the district in forming themselves into an association and thought that it would very materially help the district in formulating the needs of the people in that vicinity.

Cont. Robbins also spoke in favor of the new road and said that he did not anticipate any trouble in getting a recommendation for the new line thru the city council.

## WESTON VICAR RESIGNS.

A dispute between some of the wardens of St. John's Anglican Church resulted in a vestry meeting managed by a diocesan commissioner and the resignation of the vicar, Dr. Archibald. The vicar is very popular with the congregation and so far his resignation has not been accepted by the bishop. A report from the commissioner has not yet been delivered but it is hoped that an amicable settlement will be made.

## NEWMARKET SAVED HIGH SCHOOL.

Damage to the extent of \$200 was done to the outbuildings of the high school by a fire of unknown origin yesterday. The main building, valued at \$35,000, was threatened, but the good work of the local fire brigade saved it. The location of the school, which is on top of the hill, made fire fighting extremely difficult.

## EARLSCOURT FAREWELL TO MRS. WOODING.

The members of the ladies' auxiliary of the Earlscourt G. W. V. A. gave a supper in honor of Mrs. Wooding, one of the members who is shortly leaving for the old country. Mrs. Wooding lost her husband in the late war, and has been an active member of the association for some time past. She has a family of five children, and she will make her home in England among her own relatives. Mrs. Stockley, president, was present.

## G.W.V.A. DANCE.

The veterans of Earlscourt gave a dance at their headquarters, Belmont Hall, last night, to the returned men, their wives and daughters. There was a large gathering. The veterans' band of three pieces furnished the music.

## WILL TRY AGAIN.

A deputation of the provisional committee appointed to interview the board of control in connection with a new public library for Earlscourt, attended city hall yesterday by appointment, but were not heard, owing to a long session given a deputation from North Toronto, and another date will be fixed later on. Rev. E. C. Hunter, assistant pastor of Earlscourt Central Methodist Church; R. S. Moody, W. J. Willis, C. E. Johnston of the Bank of Commerce, M. A. Brilling, Comrade R. Wiseman and W. Graham of the G.W.V.A., Ald. Brook Sykes, and Secretary R. A. Everett were among those present.

## EAST TORONTO ALL HALLOW'S GIRLS' CLUB.

The last social evening in connection with the All Hallow's Girls' Club was held on Tuesday evening last in Secord's School, Barrington avenue. There were about 40 members present, and by the kind permission of the trustees a most enjoyable evening was spent in games, dancing and singing. Miss D. Brown, in charge of the East Toronto, will be glad to hear of intending members.

## NOT A GERMAN.

John Fidler, 8 Newman avenue, an American citizen, and a valued employee of the C.P.R., proved to the satisfaction of Mayor Bruntton in the county police court yesterday that he was not a German, also Mrs. Morley, his next door neighbor, and her brother, Samuel Fieldhouse, a returned veteran, claimed otherwise. Mr. Fidler also stated that abusive language was used. Constable W. Wilkie stated the trouble primarily arose over a dog. Mayor Bruntton administered advice on living in neighborly harmony and dismissed the case.

## LEASIDE AMERICAN AVIATORS CRASH

Lieuts. Donald and Goldberg, United States army officers, while making a final trial flight previous to leaving for Buffalo, crashed to the ground at Leaside yesterday afternoon.

The cause of the accident is not at present known. It is stated that the machine was not sufficiently banked while making a turn and that there was also engine trouble.

The men fell from a height of about 100 feet and the machine was almost entirely wrecked. The officers had a providential escape. One had his nose broken and the other was considerably shaken up.

Scarboro branch of the G. W. V. A. have arranged for an energetic canvass of the township to raise funds for the building of two clubhouses in the district. Various disabled soldiers will be on the canvass, and the branch would appreciate the loan of autos for the purpose of transporting the veterans during the drive. Any citizens who are willing to loan autos should communicate with E. Stephenson, 66 Stephenson avenue, Toronto. The drive will begin on Monday next and the veterans have a program of novel canvassing stunts outlined for the week.

## PORT CERDIT WHOLE PORT FOLLOWS PIONEER'S FUNERAL

The largest funeral cortege in the history of the Port followed the body of the late Captain Daniel Sharpe to the family burying place in Clarkson village. He was a pioneer, sailor and blacksmith, and probably more intimately associated with the affairs of the village than any other man. Captain Dan was born at Clarkson 89 years ago and died at his home in Port Credit on Sunday. He is survived by Mrs. Clark, "Aunt Betsy," as she is affectionately called by the villagers. The funeral service was held in the parlor of the Sharp residence, Rev. Mr. Rogers, and Rev. Mr. Duncan, officiating.

Captain Dan served as man, mate and master on various lake boats, and later built the "Minnie Blackely" and sailed her for a few years between Port Credit, Trenton, Oswego, Charlotte and Cleveland. When sailing in the Bay of Quinte some years later the boat struck a rock, and the crew was compelled to abandon her. Capt. Sharpe returned to Port Credit, and the blacksmith trade, and was eventually appointed county constable. His good work in this connection was recognized, and he was appointed harbor master and customs officer for the Port, during the premiership of Sir John A. Macdonald. He held that office until superannuated ten years ago. Numerous friends and admirers in the village and vicinity feel keenly the loss of a picturesque personality and a fine citizen.

## AURORA CONGRATULATED CADETS.

Lieut. Col. Huggins inspected the high school cadets on the campus yesterday afternoon and congratulated them on the splendid appearance. After the inspection a supper was provided and served by the girl students and 150 guests attended. A lengthy toast list was given and several local men and a few of the cadets spoke.

**Thora and Nirvana..... 235001**

"THORA" by Weatherly-Adams will be welcomed by all admirers of these talented writers, known the world over. The subdued opening of this beautiful song and the tender undulation of the voice gives a mellowness of beauty that at once gains the attention of the listener and the expressive singing of this gifted artist infuses a note of appeal and tender affection throughout the whole song. The lines—  
"I loved you in life too little"  
"I love you in death too well"  
are rendered with telling effect. The finish in particular furnishes a fitting finale to this beautiful song.

"NIRVANA" by Weatherly-Adams is a song that has rightfully won a place amongst the immortals. Full of richness and beauty of modern melody and has at the same time a touch of florid elaboration of the older music. The tones are soft and round and leave an effect of simple grandeur. The whole is finely rendered and this artist's varied gifts of expression are beautifully exemplified.

### WESTERN MEN FAVOR INDUSTRIAL COUNCILS

Mathers Royal Commission Hears Opinions of Employers and Labor Men in Vancouver.

Vancouver, April 30.—The views of employers as represented by ship-builders, glove makers and a garment factory, and the views of two labor men, one of them president of his local union, and the other speaking for himself, were heard this afternoon at length by the Mathers Royal Commission, which will conclude its work in British Columbia tomorrow and then proceed to Calgary.

There was general opinion that the idea embodied in the proposed scheme of industrial councils was good, and any plan for co-ordination of the interests of the employees and employers was bound to have good effect. The labor men heard today paid particular attention to the insecurity of labor as a cause of unrest.

### RATEPAYERS' MEETING.

The regular monthly meeting of the Central Council of Ratepayers' Associations will be held on Wednesday next, May 7, when the annual meeting and election of officers will take place. A notice of motion has been given to raise the membership fee to \$3.00 per annum.

### DOUBLE NORMAL RATE.

Thomas Morris, town clerk of Oshawa, in communication with a resident of the east end, stated that houses in Oshawa are selling for about double the normal value at the present time.

### SILVERTHORN

G.W.V.A. BOX SOCIAL.

A box social was held at Calvary Church, rector Rev. H. J. McKitterick, last evening. The object of the social was to provide money for the general fund of the local branch of the Great War Veterans. Mrs. Miles is president of the Ladies' Auxiliary of the G.W.V.A., and whose auspices the social was held.

The building fund of the Silverthorn G.W.V.A. is progressing satisfactorily, and it is expected that soon a suitable home for the veterans to meet and transact their business affairs.

### SCORE'S GREAT ESTATE SALE.

With his eyes blindfolded one could make his selections at Score's and never step outside the bounds of good taste — for though individual preferences may vary, quality in Score's clothes stands only on one level, and that the highest — and a good time to test values would be during the extra discount days of the Great Estate Sale — and a good time to measure of guaranteed indigo dyed Irish blue serge. Score's, Tailors and Haberdashers, 77 King west.

## HAMILTON NEWS

Hamilton, April 30.—Cyrus A. Birge resigned as vice-president at the annual meeting of the Steel Company of Canada in the Royal Connaught this afternoon, but it was announced that he would remain as a director and a member of the executive commission.

Retailers' week continued with a large attendance in the Royal Connaught tonight, the program being mixed and interesting from the point of view of the different trades taking part in the convention.

Rumors of raising the price of a hair cut to 50 cents by the local barbers is not going to meet with the approval of the already well clipped public. The resolution passed by the barbers in Guelph asking for the above fee is regarded as being the thin end of the wedge towards higher prices.

Miss Lucille Manion, it is not often a burlesque attraction booked the presence in its cast of a young woman who has had operatic experience of more than choral capacity, Miss Lucille Manion, prima donna of the Lew Kelly Show next week at the Gayety, has sung minor parts with two of the country's best known opera organizations, making use of a voice of great natural range and sweetness which has been improved by work with the leading teachers of New York, Chicago and Paris.

That she should prefer burlesque to continued devotion to the opera stage may seem strange until she explains that in the latter, for a doubtful success, she must not only devote a week to preparation and keeping fit for a season of more than twenty weeks on salary, but must be subjected to unpleasantly particular repulsive to a young woman of refinement and modesty.

In burlesque, on the other hand, she occupies a position which commands the respect of the other members of the company, is assured of a season of at least forty weeks on full salary, and is compelled to govern her life according to the whims and desires of no one but herself.

While Miss Manion's argument may seem far-fetched to a certain class of persons, she stands ready to back it up with figures, dates and names, and feels certain she is convinced of a wise choice. A person that for the average girl, burlesque is a safer field of employment than grand opera.

THE T. EATON CO LIMITED

TAG DAY FOR BLIND ON MAY FIFTEEN

Give Public Opportunity for First Time to Aid Sightless.

HELP AND PREVENTION

Is Dual Purpose Achieved by Funds Sought From Citizens.

When the tag day for blind work in this city is held on May 15, the general public will have the opportunity of contributing for the first time to a cause which places within reach of every blind person the option of becoming a producing factor in the community's life.

The workshops for the blind in Toronto already provide employment for twenty-one men and as many women, but the industrial aspect of work for the blind is only one of a number of activities which vitally affect the life of the community.

In addition to employing blind people, suitable positions are found for those who secure the necessary qualifications. Assistance in marketing is given those who work in their homes. Field workers and teachers are constantly engaged in enlarging and maintaining contact with the blind world.

One of the most appreciated works for the blind is that carried on by the library at 142 College street. From this point are sent embossed books to every blind person in Canada who desires them. There are approximately 4,000 volumes in the library, the circulation of these averaging 900 a month. Embossed catalogues of the books have been prepared in the printing department of the library and members can run over the various classifications and suit their need or fancy just as any sighted person might do.

Vocational Trainings. The residential club and vocational training centre for blind soldiers has been the home of probably a couple of dozen men, some of whom are still there, while others have gone to some definite employment in other parts of Canada. New arrivals keep the total number in residence at about twelve.

Prevention work has been seriously and scientifically undertaken. Infantile blindness has been proved to be largely preventable, hence a propaganda campaign among physicians, nurses, hospitals, health officers and the public in general. Children frequently attend school suffering from defective vision; their state can be greatly bettered by the use of recognized helps. The prevention worker investigates in the schools and her reports are the basis of recommendations to school boards, etc. In the industrial world accidents are constantly occurring. The prevention worker studies not only methods of preventing accidents, but of preventing eye strain as well.

These various activities are controlled and directed by the Canadian National Institute for the Blind with executive offices at 36 East King street.

CHRISTIAN FEDERATION ELECT NEW OFFICERS

At the annual meeting yesterday afternoon in Bond street church of the Christian Men's Federation of Canada, the name was changed to the Christian Men's Brotherhood Federation of Canada. Rev. Dr. T. A. Moore, president, noted that \$100,000 had been sent during the war to aid brotherhood relief work in Belgium, France and Serbia. Messrs. Ward and Heil, of the British Federation, also spoke. It was decided to exhibit motion pictures, showing the need for relief work in France, in Euclid Ave. Church on Sunday night.

These officers were elected: Hon. president, T. B. Macaulay; president, Rev. T. W. Davidson, Toronto; vice-presidents, Rev. J. A. Stewart, Montreal, and Rev. Lawrence Skey, Toronto; treasurer, J. O. McCarthy, Toronto; secretary, Thos. Howell, Toronto; executive, Bishop Brewer, Toronto, Rev. R. M. Hamilton, Brookville, Rev. A. R. Mackenzie, Toronto, Rev. W. D. Creighton, of Toronto, Rev. W. M. Murdoch, Toronto, Rev. E. B. Lancelley, Toronto; A. A. Eby, Kitchener; R. S. Fenwick, Toronto; Rev. G. A. Woodside, Brantford; J. A. Burns, Toronto; Rev. M. McKelighan, St. John; Rev. R. B. Whyte, Ottawa; Rev. W. A. Cameron, Toronto; Rev. D. C. MacGregor, London; W. C. Senlor, Toronto, and three others to be chosen by the executive to represent the east and west.

J. W. DAFOE TO SPEAK

J. W. Dafoe, editor Manitoba Free Press, Winnipeg, will be one of the speakers on "Editorial Night" in connection with the 61st annual meeting of Canadian Press Association, Inc. in Toronto on June 5 and 6. Mr. Dafoe recently returned from Paris, where he participated as a member of the Canadian delegation at the peace conference, and his address to the publishers will be on the subject, "Canada and the Peace Conference."

HAIR CUTS AND SHAVES WILL NOT BE RAISED

Toronto barbers will not be governed by the Journeymen Barbers' Association which passed a resolution at Guelph yesterday recommending that the price of a hair-cut be raised from 35 to 50 cents. Several downtown barbers stated yesterday that they will not raise their rates. Less than 25 per cent. of the barbers in the city are members of the association which is not regarded as powerful enough to enforce their recommendation.

May Day Sees Ex-Alderman's Seventy-Seventh Birthday

Ex-Alderman Lamb is to be congratulated on attaining his 77th birthday today. The originator of the Riverdale zoo, the straightening of the Don, the Riverdale bridge and the improvements of Ashbridge's Bay is still well though he has to be wheeled around in his chair while outside his residence, 155 Winchester St.

PHYSICIANS URGE NEED OF HOSPITAL

Shocking State of Affairs Exists at Reception Building.

A large deputation of physicians and welfare workers yesterday waited upon the board of control urging that the city approach the Ontario government for a suitable reception hospital for Toronto.

Dr. C. K. Clarke said that in 1908, as the result of the report of the commission sent to Europe, the Ontario government, under the guidance of the late Hon. W. J. Hanna, decided to build such an institution in Toronto. A preliminary grant of \$100,000 was voted, but petty jealousies—professional and political—killed this splendid scheme.

It has been a long experience visited practically every hospital for the insane in Canada and a very large number in the United States. Never before have I witnessed a more pathetic, so more depressing, or a more shocking state of affairs than that any one of you may see if you care to take the trouble to visit the so-called reception hospital in Toronto.

Mayor's Proposal. "Here is what we proposed," said Mayor Church. "We offered the provincial government to pay 50 per cent. of the capital expenditure and 50 per cent. of the maintenance charges. We also proposed to close this present hospital at once and provide temporary accommodation in other hospitals."

The point is," said Controller Maguire, "does the fact that the provincial government is evading its responsibility enable or justify us in evading ours?"

Mayor Church: "Will this deputation meet the government, say next Tuesday morning?"

The deputation was favorable to appearing before the government in the near future.

Women's Protest. Women interested in social questions were represented in large numbers in the delegation which waited upon the mayor and city council at the city hall yesterday morning to represent their views on the question of the Reception Hospital for the Insane.

On behalf of the Local Council of Women, Lady Falconer spoke of conditions as at present existing in the institution, and forcibly pointed out the need for an improvement.

MUNICIPALITIES BEGIN TO BUILD

Thirty-Three Take Advantage of the Provincial Apportionment.

All but \$5,000,000 of the Dominion loan to the province for the construction of houses has been taken up by 33 municipalities according to Director Ellis of the provincial bureau of municipal affairs. Their borrowings total \$5,000,000.

The municipalities that have passed bylaws are Sudbury, Windsor, Sandwich, Port William, Hespelet, Port Dalhousie, Madoc, Galt, St. Catharines, Ingersoll, Port Credit, Oshawa, Sault Ste. Marie, Ford City, Ottawa, New Toronto, Elmira, Niagara Falls, Point Edward, Trenton, Sarnia, Woodstock, Cochrane, Trenton, Sarnia, Woodstock, Point Edward, Sturgeon Falls, Leamington, Palmerston, Richmond Hill, Perth, London, Whitby, Guelph, Niagara Falls and Kingston.

Beginning to Build. Plans and specifications have been forwarded to the director for approval from about ten of the above mentioned municipalities. In several of these places construction of houses has commenced. The director anticipates that over 50 municipalities will be actively engaged in the construction of houses under the act during this summer.

A number of municipalities are making plans for acquiring land and erecting houses on a large scale. Ingersoll has acquired a tract of land of over 25 acres in the centre of the town, which can be divided into about two hundred fifty-foot lots. The municipality paid \$3,000 for the property, and can provide lots for about \$30 each.

## The World Pays You Homage

THE war achievement of Toronto has commanded tribute from the world.

**\$30,000,000** were given by citizens to the Patriotic Fund, the Canadian Red Cross, the British Red Cross, the Y.M.C.A., the Salvation Army, the Catholic Army Huts, the French Red Cross (Secour National), and other war relief organizations that appealed to our ever-open purse and generous spirit.

**55,000** of its men answered the High Call to Service.

**6,000** of them

"With the flame of their bright youth unspent,  
Went lighting up the pathway to the sun."

**25,000** of them suffered wounds and endured the pestilence of the trenches that we might live.

AS each battalion went away Toronto promised magnificent things to them; and, magnificently, Toronto kept her word.

\* \* \* \* \*

FROM whence came this giant achievement?

IT arose from the immediate community consciousness of the seriousness of the situation. Toronto realized overnight that the Empire was engaged in a life and death struggle, and that every nerve and sinew must be strained to achieve Victory.

THE result was a magnificent unity of effort.

ALL the little pettiness of civilian strife was swept aside. Distinctions of race, creed and color disappeared. The people united in a bond of service unequalled for fortitude and resolution.

\* \* \* \* \*

WHAT has come out of all this?

TO-DAY we see the world in the melting pot. Unrest and reaction are rampant. And the thought comes: Shall we, shall Toronto, be overwhelmed by its excesses? No!

WE shall come through unscathed if we fulfil our obligations.

THE first of these is to the men who went "over there." They have earned the right, by the shedding of their blood, to a better and cleaner world to live in than that they knew prior to August, 1914.

### POLICE COMMISSION MAKE PROMOTIONS

Numbers of Plainclothesmen and Constables Take Step Upwards.

The board of police commissioners made a number of promotions both in the plainclothes and uniform ranks of the police force yesterday afternoon. Further promotions are likely to be made in future including the filling of several vacancies for patrol sergeants, which will be held open for a number of former first-class constables returning from overseas. Sergt. of Detectives William Wallace was made assistant inspector of detectives to Inspector George Guthrie. Detective A. Murray was promoted to sergeant of detectives. Eight acting detectives were made full detectives and will be connected with headquarters. William Shand, property clerk and Police Photographer Duncan were granted the rank of detectives, but will continue to do the same duties that they are at present engaged in. Ten acting inspectors were made inspectors, while seven sergeants were made and seven patrol sergeants.

**List of Promotions.**  
Following is a list of the promotions as given out by the police board: William Miller, inspector, Markham street division, and Phillip Umbach, inspector of Ossington avenue station; to full detectives: Mose Mulholland, Peter Strohm, William Nursey, Frank Wickert, William Elliott, George Young, Mike Koster and William Nicholls.

The following patrol sergeants were made sergeants: Reg. Lundy, James Payne, Bill McMenamy, Harry Griffith, Patrick Pheasant, Bob McKay, Joe Baird, Bob Allison, E. Follet, Frank Reilly will be made a sergeant when Sergt. Wilson's resignation takes effect next month.

The following constables were promoted to patrol sergeants: Tom Reburn (55); Fred Finch (87); Peter Kerr (87); Sam Thind; George Tuff; Douglas Marshall (35); Charlie Greenwood was formerly vice-president of the Policemen's Union, and resigned following a meeting when the men refused to surrender the charter.

### AUTO STEALING BECOMES HABIT

Seventeen-Year-Old Youth Faces Five Separate Charges.

The weekly sitting of the county criminal court opened yesterday before Judge Coatsworth with a big list of cases.

Robert Dorland looked no more than his seventeen years of age when he answered a charge of theft in five auto-stealing cases and also that of stealing an active service badge. His list of misdeeds took about ten minutes to read. Frank Roblin, another youthful offender, was also in the dock on the same charge. The two worked together.

Dorland pleaded guilty to two of the charges, but claimed to be only a companion in a ride in the other three. The owners all claimed that the cars were in bad shape when they were returned. Dorland enlisted and went overseas when only sixteen and counsel pleaded for bail for him, but this was refused. "This lad stole cars while out on bail before," said Judge Coatsworth, in remanding Dorland in custody for sentence.

Frank Robinson, who was with Dorland, was convicted and given two months at the jail farm.

Lazar Stayanoff was acquitted on a charge of receiving a quantity of cigars and tobacco stolen by John W. Milligan, Walter Wood and Clayton Johnston.

The above named trio were convicted of theft and are serving a sentence. They claimed that Stayanoff got the stuff, but there were doubts and Stayanoff was given the benefit of these.

Irene Mark, found guilty of stealing a silk dress, was given twenty days at the Jail Farm. Although she had a couple of previous convictions, County Crown Attorney Greer pleaded her case and the girl promised she would attend no more at the criminal court.

### REPATRIATION LEAGUE IS SOLDIER'S FRIEND

That within four or five hours after a case of destitution is registered it is dealt with, immediate relief secured and a permanent basis for readjustment started, is one of the records of the Citizens' Repatriation League, one of the four in the Big Four Drive to raise \$1,500,000 in Toronto May 6 to 9. Any soldier who finds himself in this condition or any soldier's family so affected gets action just as soon as the facts are made known.

This is but a portion of the activities of the league. At headquarters, 32 West King street, each individual case is tackled in the spirit that its solution is anything but impossible. There are two officials here and they are kept busy from 8 o'clock in the morning until well on in the evening. In only one or two cases out of every 50 is it necessary to refer matters to executive officers, the balance being settled by giving information and advice, by getting into touch with the labor bureau or by having a heart to heart talk with the parties concerned.

### ORANGEMEN STAGE GRAND SONG REVUE

"The Tramp and the Singer" Was the Star Feature.

A great vaudeville and song revue performance was given in Victoria Hall last Thursday and Friday nights

in aid of returned members of the Orange Association. The stage setting in the first part represented a roof garden cabaret. The principals in this act were eight attractive young ladies and a double male quartet who rendered "Hindustan" in an effective manner to much applause. Bert Powell, the boy comedian, in Michael Casey's band; Billy Moore, with his song, "Dear Old Pal"; Miss Ella Lambly, an exponent of Dr. Drummond's works, all met with approval and George Russell, an old-time minstrel, entertained with three song numbers, assisted by the Bow-Wow Quartet. Miss Eleanor Milloy scored a hit with her rendition of

"Don't Cry Frenchy," supported by a dancing chorus of eight boys. Brought Down House. Johnny Walker and Pete Frobe, the Swiss yodeler, both made song hits. Babe Morrison brought down the house in her child numbers. Impersonating the character "Uncle Peter from Millersville," Ralph Gordon called forth applause from all parts of the house, Gordon Street in "Three for Jack," also pleased the audience. Last attention was accorded the act "The Tramp and the Singer," written and introduced by V. J. Cavers. This was the star feature of the evening and was given in a manner deserving great credit. Mr. Cavers was supported by Claude Parker and

Miss Eleanor Milloy. Clever sleight-of-hand tricks were given by Molesworth. Claude Parker scored in a number of popular song selections. Ralph Gordon, in humorous sketches, was also good. Bob Clarke, the ventriloquist, in his new dialog, completed a fine bill. The pianist of the evening was Willard Cavers, a boy of 17 years.

### REDEMPTORIST BANQUET

Under the auspices of the Redemptorist Fathers of St. Patrick's Church, McCaul street, a banquet was given to the members of the Passion Play Company in the church hall last

night. Over 70 guests were present and an excellent menu was served. Rev. Father Bonomo, who presided, in a brief speech thanked the artists for their great zeal on behalf of the Italian Kindergarten and paid a glowing tribute to their splendid rendering of the characters in the sacred play.

Short addresses were also given by U. Rapkin, G. Sansome, F. A. Micell, J. Megos, Miss C. Collins, Rev. D. Vigilanti, C. S. R., and others. A musical program was also rendered, after which dancing concluded a very happy evening. The proceeds of the production netted about \$1000.

By-Elections and Proportional Representation.

In the central district of Aberdeen and Kincardine a by-election has resulted in the loss of a seat to the government.

Under such three-cornered conditions it is a comparatively easy matter to throw a government out of power.

The Calgary Albertans state that there is good reason to believe that the Alberta government is disposed to consider a modified form of proportional representation before the next election.

A similar plan should be adopted in Ontario where the cities are large enough for proportional representation.

The question is well within the range, not only of practical politics, but of indispensable legislation.

The Colonel Knows How.

Stealing motor cars has been the recreation of many enterprising young gentlemen for some years past.

Well! All this is changed. A revolution occurred yesterday when three young gentlemen who had been indulging in the wonted jollity were halted before the Grand Pandarum and the law was put in force.

Some years ago in Alberta horse and cattle stealing became so common that radical action had to be taken.

THE DAY AT OTTAWA

By TOM KING

Ottawa, April 30.—The immigration bill has occupied the house all day. It has called forth an expression of views from the western members that will undoubtedly guide the government in framing its federal franchise act.

FOUR STARS SHINE AT MASSEY HALL

Alda, Lazzari, Martinelli and De Luca Appear on One Platform.

Among outstanding events in the musical season of 1919 will be remembered the grand operatic concert given at Massey Hall last night by a quartet of singers, everyone of whom is a star in the operatic field.

Band Concerts.

Editor World: The council having voted against the band concerts this year, I think the music-loving citizens should have a meeting to consider ways and means for carrying out the scheme.

THE PROMOTER'S WIFE

By JANE PHELPS.

Mr. Frederick Again Arouses Barbara's Distrust.

CHAPTER LXXIII. I hurried down to greet my guest. I thought I detected a look of something very near pity in his eyes.

"What do you know? Did you go to Blanche Orton's?" Instead of which I used the trite greeting of society.

"Good morning, Mr. Frederick! This is so good of you to give me so much of your time, I know you are a busy man and so on in New York, offering my hand."

"It is a great pleasure to be allowed to see you—the greatest I have," he replied as he released my hand.

"For a moment we both seemed tongue-tied. Then with his usual straightforward, almost brusque manner he said:

"I dined with Mr. Forbes last night—at Mrs. Orton's. Scott was there, and others."

"Yes—what others? Any one I know?" I asked eagerly when he paused for a moment.

"That I do not know. Some of them I hope you do not claim as acquaintances. It was quite a large party."

"Were there any other women besides Mrs. Orton?" Something in his manner had aroused my suspicions.

"Yes, my dear. Very charming women, very beautifully dressed, but not your sort at all—not Mr. Forbes' sort either. You have no reason to be taken aback by that score. They were invited, I imagine, to help entertain Thompson and Lane, perhaps Scott, although he paid them very little attention."

"Connor—Tearle—do I know them? Their names sound familiar."

"I don't think you have met them—In fact I am sure from something that was said that you have not. You may have heard your husband mention them."

"Do you mind telling me what was said to lead you to think I did not know them?" He flushed before he answered:

"It do mind, yet I think I will tell you. They intimated that you were too highbrow for them. Nothing against you surely," he smiled, "rather in your favor."

"Please tell me if there was anything—if you heard anything I should know. I am sure Lorraine was mistaken to some man who is jealous of Nell's success. He is very young and has gone ahead of many much older in a business way. I am positively convinced he has done nothing wrong—at least either intentionally or knowingly."

"Your faith is—well, it is what might be expected of you. But I am afraid I shall have to hurt you. I am a plain man, you know. I never learned to camouflage my words. But even if I can, sometimes people have to be hurt before it is possible to help you know."

"I felt myself trembling, growing faint and weak with apprehension. What had he found out? What had Nell done?"

"Please tell me everything you know."

"Well in the first place, Mr. Forbes does know that some of his schemes will not stand daylight. Not all of them of course. Connor and Tearle are men absolutely devoid of conscience. They are the kind who would take the last penny a widow or orphan could give them a fancy engraved certificate for it—and that is all they would give. No one can have them as associates and not have straight business men afraid of them."

"But I thought they put in money themselves—into things, like Mr. Scott, and others."

"No, they are promoters pure and simple. The job is to get the other fellow's money. Fellows like Scott and Thompson, another rich man they have on the string. Both Scott and Thompson are fond of women, and are gamblers. That is why they are easily duped. The women are provided, also the game. It sounds raw as I tell it. But as I told you, I cannot camouflage words. The food is excellent, as well as the wine. But the servants in that house must talk. Al—Mrs. Orton assured me they did not."

"What do you think of Mrs. Orton? Would he tell me the truth, what he thought of the truth of her connection with Nell?"

"Tomorrow—A Confidential Conversation."

Censorship by Press Censor Is Announced as Now Over

Ottawa, April 30.—Press censorship under the direction of the press censor ceases today. The provisions of the war measures act and the orders in council and regulations made thereunder will still remain in effect, but responsibility for seeing that they are complied with will rest upon publishers, importers, distributors and persons having objectionable matter in their possession.

2/3 OF YOUR MATCH MONEY GOES TO THE GOVERNMENT

The tax on matches amounts to more than the cost of the matches themselves. As a matter of fact, two-thirds of your match money goes to the Government, and one third goes to pay for the material, the labor and the handling of the matches.

Insist on Getting Eddy's Matches

You avoid paying this heavy tax on an unsatisfactory product. Eddy's matches have been the standard for 67 years. ONTARIO "REDS" TALK REVOLUTION

Brantford and St. Catharines Bolsheviks Flood Cities With Pamphlets.

St. Catharines, Ont., April 30.—The most wholesale distribution of Bolshevik literature since the propaganda was started was carried out during last night. It was nothing less than a May Day call for action. Many hundred pamphlets were circulated during the night and found under doors and in letter boxes this morning.

Brantford, Ont., April 30.—Brantford was flooded during the night with Bolshevik pamphlets peddled by small boys. The police have the matter in hand, and Chief Slemin stated this morning that arrests would be made, as a good idea, also remaining, the chief authorities have as yet been unable to locate the local distributors.

The character of the pamphlets peddled from doors and doorsteps some time during the night was such as to arouse the ire of ordinary citizens. It was holder/stuff that was issued here last winter and called for confiscation of property, abolition of all law courts and the substitution thereof of tribunals by peasants, soldiers and workmen.

ment should take care that the immigration to Canada came from the British Isles. In his opinion it was to remain in the British Empire we should have national schools, and schools should not be taught in a foreign language. Mr. Gauvreau interjected that that was "nonsense altogether."

Western Views. W. A. Buchanan emphasized the fact that western Canada needed immigration, but it either required the services of persons who would not become good citizens. In the west, at present, there were communities of people who did not associate with the Canadians, and refused to assume the obligations of citizens. The Hutteners and Mennonites were in this class. These people wanted their own schools, and also desired to perpetuate their language.

Expect Manitoba Uprising. Mr. Richardson stated that he had received disturbing reports from his own and other sources and an uprising was expected. There was a large Ruthenian population in his riding and, of course, they were not given the vote at the last election. Mr. Ross, a member of the Manitoba legislature, which inferred that great danger existed. Mr. Ross had asked him by telephone to warn the government at Ottawa. He had made a tour of the constituency and they were talking of rising on some date in May.

award, the commissioners have already announced that they would accept the decision of the arbitrators, no matter what it might be. The new schedule of wages is \$7, 39 and 41 cents per hour, nine hours per day, and time and a half for overtime. Three Rivers, Que., April 30.—The strike at the plant ended this morning when the thousand men resumed work. The company did not renege the men who had been discharged and recognized no union whatever. Strike at Winnipeg. Winnipeg, Man., April 30.—By a practically unanimous vote the men employed in the building trades decided tonight to go on strike tomorrow morning at 8 o'clock. The offer of the employers was rejected after a secret ballot by 1,188 to 74. This would give an advance to some trades of ten cents an hour, and to some five cents. The men by their vote reaffirmed the demand made by their representatives of a general increase of twenty cents an hour.

TORONTO STRIKERS NUMBER THOUSANDS

(Continued From Page 1).

ment that the plant had closed down. It was a fact, however, that a number of employees had been discharged because the business had been so small as to permit of no other course. Painters Still Out. No agreement has been reached between the master painters and the 400 members of the Painters and Decorators' Union. On the other hand, it was stated yesterday afternoon that agreements had been signed by 34 master painters not members of the Painters' Association, yet employing an average of from four to eight men each. The union men have refused to consider the compromise recommended by the joint industrial council, which was unanimously made, and which called for a 2 1/2 per cent increase, or an increase of 2 1/2 cents upon that now in force. The men had asked a wage of 85 cents, a 10 per cent increase of ten cents. The whole trouble is said to date back some months, when the master painters refused to accept any agreement from the men. Many months ago officials of the association are said to have promised to stand at all their power to effect an amicable agreement with the men when the time arose. They are said to have done everything in their power to have done under discussion. Altogether, a little more than 250 painters out of the 400 are out on strike, the remainder having taken a 2 1/2 per cent difference from previously out.

Meat Cutters Amicable. An official of the Meat Cutters' Union stated authoritatively last night to The World that there was every indication on the part of both the packing houses and the union to discuss all matters at issue with reasonable care, and that the Meat Cutters' Association was composed in the main of men who would never be so foolish as to force an issue without due consideration. It was quite true, he said, that the employers and the union had reached an agreement as to wages, and conditions, but there was every indication that the difficulties would be amicably settled. You may, therefore, eliminate the Meat Cutters' Union from any forced issues or May Day strikes," concluded this official. "We shall use every available and reasonable means to secure our demands, and our faith in the reasonableness of the packers does not lead us to foresee trouble ahead."

Joseph Gibbons and W. D. Robbins, two well-known officials of the Street Railwaymen's Union also desired to be counted out of the May Day issues. They refused to say what the union would do in the case of a strike, but pointed out that they were well able to control their own destiny. The Brotherhood of Carpenters also reports a clear sky for the rather red-letter day, and according to the general opinion of the union, everything is in the best of shape for greater prosperity and increased work.

The lathers' and plasterers' laborers have accepted the five cent increase offered by the employers. The bricklayers have settled upon an agreement working as usual. The plumbers and pipefitters do not consider the agreement until the end of the year. On the other hand, the electrical workers have extended the time limit another 48 hours, and the issues between themselves and their employers are still in the air. The union workers are not working. The builders' laborers state that they have received from the employers only a letter noting their demands, but not in any way offering to accept them.

G. W. V. A. Neutral. Lieut.-Col. F. C. Rorrison of the soldiers' re-establishment, in response to a query from The Toronto World as to what action the re-establishment might take in connection with the students alleged to have gone out in sympathy with the metal strikers, stated that he did not know, but that they might be listed as absent without leave, "merely be fined for the days they were absent. He referred The World to Prof. H. E. T. Hamilton, "What action the re-establishment department to take" inquired the professor, "These men taking vocational training are no longer in the army. They are free citizens, and as such, have no control over such action as they see fit to take in this matter. I have nothing to say in the matter. I am a government employee, and as such, have no opinions to express, nor news to give."

The officials of the G. W. V. A. have expressed their determination to remain perfectly neutral in the matter, and again expressed their stand as of neither striker nor strike-breaker. The sympathies of the returned soldier, they stated yesterday, were with the strikers, but they must decide for themselves. It was pointed out that there were committees in every branch which dealt with the immediate needs of returned men, and these committees would deal with individual cases as they were considered advisable. In this connection the resolution of the Central Branch on Monday night to give support to the returned returned soldiers affected by the painters' strike is of interest. After that resolution was passed members of the executive registered the vote, and pointed out that the re-establishment committee of the branch could have attended to the needs of the members implicated. However, the vote was strongly in favor of support. Returned soldiers generally taking interviews with the press, the consensus of opinion, are not unfavorably disposed toward the strikers, and many of them belong to the various trades affected. They are opposed, however, to anything in the nature of extremely radical measures, and join the majority of the labor men in denouncing anything in the shape of sabotage or Bolshevism. It is the stated intention of the strike committee to carry out the strike along constitutional lines. James T. Gunn is authority for the statement that the electrical workers have not at this time considered the possibility of a strike. The plasterers have effected an agreement at a raise of 7 1/2 cents an hour; the granite cutters have settled all grievances; the plasterers' laborers have signed an agreement at a raise of five cents an hour. The meat cutters are holding a mass meeting at the Star Theatre on Sunday afternoon to consider their new schedule, and reports are abroad that they intend to strike on Monday, but these are not verified. The Brotherhood of Carpenters has passed a resolution at its district council meeting to urge upon the building

pronounced radicals. It was recalled that radicals in this country had threatened a demonstration on May 1, on behalf of Thomas J. Mooney, under sentence of life imprisonment in California for murder in connection with the preparedness day bomb outrage. Labor generally has advocated action of some kind in his behalf, but has frowned on radical ideas. The deductions of the government agents were based not only on the list of those who have received the bombs addressed to them but the names on the wrappers of the infernal machines seized in the postoffice here. Mayor Jackson of Seattle, who brought to a sudden end the "general strike" instituted by the I.W.W. in the Washington city was the first to receive one of the deadly packages. Senator's Wife Injured. Former Senator Thomas W. Hardwick of Atlanta, Ga., author of the senate bill to stop immigration, was the second. His wife was injured when the bomb exploded in Seattle, who brought to a sudden end the "general strike" instituted by the I.W.W. in the Washington city was the first to receive one of the deadly packages. Senator's Wife Injured. Former Senator Thomas W. Hardwick of Atlanta, Ga., author of the senate bill to stop immigration, was the second. His wife was injured when the bomb exploded in Seattle, who brought to a sudden end the "general strike" instituted by the I.W.W. in the Washington city was the first to receive one of the deadly packages.

Another of those marked for destruction was Judge Kenneth Mountain Landis of Chicago, before whom William D. Haywood and his followers were tried and found guilty. Bombs were also sent to Charles M. Pickett, district attorney of San Francisco, and his assistant Edward Cunha, who were prominent in the prosecution of Mooney and others implicated with him. Included in the list of those whom the bombs found here were addressed were: Anthony Caminetti, commissioner-general of immigration, who issued orders for the deportation of a large number of I.W.W. agitators rounded up in the west. Frederick C. Howe, commissioner of immigration at New York, who has confessed to somewhat radical ideas of his own, but who was charged with carrying out the orders of his chief. Wm. B. Wilson, secretary of labor, whose jurisdiction extends over the bureau of immigration. Attorney-General Palmer, who directs the operations of the department in enforcing prosecution of alleged violators of the espionage law and plotters against the government. William H. Lamar, solicitor-general of the department of justice. W. H. Finch, one of the representatives of the department in this city. William M. Wood, president of the American Wool Company, Boston; Hon. A. S. Burleson, postmaster-general, Washington, D.C.; Hon. J. Morgan, C. Sprout, Chester, Pa.; Hon. Oliver Wendell Holmes, United States chief justice, Washington, D.C.

Others Marked for Dead Bombs deposited in the mails for Mayor Hyman of this city and Police Commissioner Enright. Radicals have accused them of making it impossible to rent halls in which to hold demonstrations. They also have barred the red flag in parades or at meetings of any kind. Others on the list of those marked for death by the bombs were John D. Rockefeller and J. P. Morgan. In this connection it was recalled that Thomas J. Tunney, inspector of police in this city, testified before the senate committee which investigated proposals that New York anarchists be deported in 1914, shortly before the outbreak of the world war, to wipe out the families of Mr. Rockefeller and other wealthy persons. General Affairs Sent Out. Government officers made no attempt to minimize the seriousness of the situation. They admitted frankly they had no idea how many of the bombs had been mailed, all apparently wrapped in paper purporting to come from the department store of Gimblet Brothers in this city, but declared by members of that firm never to have been in their establishment. It was pointed out that 14 of the infernal machines had been held up in post-offices along the Pacific coast. The postoffice department has sent a general alarm to postmasters all over the United States, directing them to watch the mails carefully for packages similar to those seized here. Detectives who know all the prominent anarchists and radicals in New York were rounding them up and questioning them tonight in the hope of obtaining some help. A careful watch was being kept on the known haunts of I. W. W. agitators.

The Favorite Ran Third In Great Metropolitan

London, April 29.—The great Metropolitan stakes of the value of \$5000, the feature of the spring meeting, was run off today over a course of 2 1/2 miles on the famous Epsom Downs, and won by C. Christenson's Langdon Hills, ridden by Robertson, one length ahead of T. Ellis' Eureka, with Carlake in the saddle. The favorite, Captain B. Bibby's St. Tudig, Steve Dignough up, was third. Twenty-three horses were entered, but only twelve faced the starter.

SPORT FOR THE ANGLER.

To the excellence of the fishing to be enjoyed in Algonquin Park there is undisputed testimony. Fish caught in the waters of the park have won each year many of the national competitions open to the anglers of the continent. The brook trout of Algonquin Park are of the genuine square-jawed, red spotted or speckled variety. Bank bass are plentiful in the Rock Lake district and are of the small-mouthed variety. Salmon trout are found in all the waters of the park. Splendid camp sites, unlimited canoeing and hotels in you want them. Every one of these and many more other attractions are to be had in Algonquin Park. For more information, apply to the Algonquin Park Ranger, or to the Algonquin Park Ranger, or to the Algonquin Park Ranger.

Cudgel Is in Form and Sure to Start In Pimlico and Kentucky Handicaps

Baltimore, April 29.—Cudgel, that won a two-horse race at Havre de Grace yesterday, winner of the Brooklyn, Plover Spring and Kentucky Handicaps of 1918, and with the possible exception of the Bowie Cup winner, George Smith, the champion handicap horse of the season, will be a sure starter in the 1919 Kentucky Handicap, Churchill Downs, great \$20,000 race, on one mile and a quarter for three-year-olds and over, and the best of his kind that will be run in the United States all spring. Cudgel, which wintered at Laurel Park with Commander J. K. Ross' Derby candidates, Billy Kelly and Sir Barton, and his Peake's candidate, War Pennant, is training superbly. The only reason he did not start at Havre de Grace on Saturday in the Suffolk Handicap, the race in which Vindex proved that he was of the stuff of Peake's and Derby winners, was that H. G. Bidwell, Commander Ross' trainer, believed that Peake's would be good enough to win. Cudgel is not, he says, as far advanced as Billy Kelly, but, as shown today, he is ready for a brilliant effort at one mile, or one mile and a quarter, and Bidwell believes he will be fit enough on the 7th of May to win the impending race of the Pimlico Spring Handicap, which will be a 1 1/2 mile race, and a 1 1/2 mile race, and a 1 1/2 mile race. It was in the 1918 renewal of this special race Cudgel, which had made

Motor Cop Defeating Good Field in Oakington Handicap at Havre de Grace.

1908, and the victim of an accident at Tottenham corner, which cost him victory in the British Derby of 1909, for half a furlong at Havre de Grace on Friday in 1918. Sir Barton, by all odds the handsomest individual of the Ross three-year-olds, is a fast, smooth galloper. Last fall, before he suffered an attack of blood poisoning, which was near the killing of him, he could do anything in work that Billy Kelly could do, and as impressively. But the malady from which he suffered, often leaves horses, that may seem to recover completely, with constitutional weaknesses, and Bedwell wanted to be sure Sir Barton was right before he attempted a plan of campaign for him. He is convinced now Sir Barton is as sound constitutionally as any horse in his stable, and that he is as formidable a Derby prospect as may be found in the east. Most of the horse-owners who wintered at Laurel Park are in agreement with him. Milkmaid is to go west for the Oaks at Churchill Downs, and other races. Her Havre de Grace form has been reassuring. She did not prove good enough to start in the 1918 race, but she did last Friday, but there are a lot of mares that can't beat Old Rosebud when he is in his stride, and she is a mares that did beat Toto and Tickish and Routledge without great difficulty earlier in the Havre de Grace meeting, and she is training splendidly. At Pimlico last fall there was little or nothing to choose between Milkmaid and Skelchies, the winner of the \$5000 Wadsten Stakes. The Peop Day filly is not as robust a three-year-old as was War Pennant, but she is a fine public form reliable, she is not content to balk at a good distance of ground, wintering under chains. ## Sunlight dispels the shadow that once hung over wash day

**I**N fact many women do not say "wash day" any more. They say "Sunlight Day". It's a genuine pleasure to use Sunlight Soap because it means an economical wash, it means a quick wash. Why? Because, Sunlight is absolutely pure—you need only half the quantity as compared with ordinary soaps, nor will Sunlight harm any delicate fabrics, or hurt your hands. And it really takes the labour out of the washing in surprisingly little time as you will see by following the directions.

## WOULD NATIONALIZE METROPOLITAN LINE

### Board of Control Will Urge Acquisition by Federal Government.

The government is to be urged to take over the Metropolitan Railway into the national system. After some lively discussion yesterday the board of control, with Messrs. McBride and Cameron dissenting, adopted the following resolutions: "That the board of control concur with Hon. J. D. Reid and the government of Canada, in urging the minister that the government acquire the Metropolitan division of the York Radial as part and parcel of the Canadian National Railway's Company's system, similar to the acquisition by the government of the Toronto and Suburban Railway."

## "DANDERINE" FOR FALLING HAIR

Stop dandruff and double beauty of your hair for few cents.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out, and you can't find any dandruff. Your hair appears soft, glossy, and twice as quick and abundant. Try it.

government regarding the acquisition of that portion of the Toronto and Suburban line within the city of Toronto by the city, and also the improving of the right-of-way on Davenport road, of which the government would pay their share of the cost of a new pavement.

**McBride's Opinion.** Controller McBride maintained the latest move had been taken simply to block all further negotiations with the Metropolitan. It would hold up the Yonge street situation for the next four or five years. The following motion by the mayor was also carried: "That the board of control concur with the Hon. J. D. Reid, minister of railways and canals, and the government of Canada with regard to the acquisition of the yards of the Canadian Northern Railway in the Don Valley, north and south of the Don viaduct, and add same to the Riverside Park area, and report the conditions on which said property may be acquired by the city."

## VETERAN HANDS OUT FIRST "Y" DONATION

A returned soldier has given the first contribution towards the Red Triangle campaign for \$1,100,000 on May 5-9.

Sergt. Hunter, who has charge of the service bureau at the Red Triangle Club on Queen and Victoria, was handed a two-dollar bill by a newly returned man. The donor refused his name and his only comment was "God bless the 'Y' and help it bring yet more happiness and good cheer to the boys from over there."

## FIRE LOSSES SHOW MARKED REDUCTION

Considerable reduction in fire loss in Ontario is reported for the first three months of 1919 as compared with the same three months of 1918. Financial saving amounts to \$1,165,257 and number of fires is 363 less.

Figures for the first three months of 1917, 1918 and 1919 are: 1917—Fires, 2,583; total loss, \$3,282,161; insured loss, \$2,628,674; uninsured loss, \$753,487. 1918—Fires, 2,589; total loss, \$3,194,300; insured loss, \$2,634,318; uninsured loss, \$559,982. 1919—Fires, 2,226; total loss, \$2,029,073; insured loss, \$1,526,345; uninsured loss, \$502,728. In March there were 832 fires, with loss \$795,791, and \$618,556 was covered by insurance. There were 257 fires in Toronto during March, as compared with 268 during the same month of last year, but the total loss in Toronto was reduced by \$41,445, or over 26 per cent, which more than offsets the increase of 24 per cent in the number of fires. Deputy Fire Marshal Lewis says these satisfactory figures are due largely to the fire prevention campaign begun last year.

## BOGUS PHONE CALL - SPOILED MEETING

### Civic Abattoir Committee Had to Do Without Dr. Hastings.

The special committee on the civic abattoir did not accomplish much yesterday by reason of the fact that there was a misunderstanding caused by someone unknown telephoning Dr. Hastings in Ald. MacGregor's name that the meeting had been called off. Alderman MacGregor, who is chairman of the committee, gave no such telephone message, but somebody had done so, and the M. O. H. was not present yesterday with his report. E. J. Wainwright, president, and other representatives of the Retail Butchers' Association were present. Attention was drawn to civic abattoir deficit mentioned in the estimated revenue, and Commissioner Forman was asked by Mr. Wainwright if he could explain. That official stated he was concerned with working under the assessment act, and the abattoir being a civic affair was not taxed. Mr. Bradshaw evidently had that in mind. Mr. Wainwright declared Mr. Bradshaw might be a good finance commissioner, but perhaps some of the deputations could teach him lessons as a trade commissioner.

## LOYD GEORGE LOSES THE FOURTH SEAT

London, April 30.—The coalition government of Premier Lloyd George has lost another seat in the house of commons, its fourth since parliament was elected in December, in the victory in the central district of Aberdeen and Kincardine of Major M. Wood, a Liberal. Major Wood defeated the coalition unionist and labor candidates. The vote was: Major Wood, 4,970; Mr. Davidson (coalitioner), 4,784; Mr. Duncan (laborite), 3,842.

## DVINA RIVER PARTLY OPEN FOR NAVIGATION

London, April 30.—The Dvina river is believed to be open for navigation as far south as Kollas, says an official statement issued at the war office today on the situation in northern Russia. At Berezinsk, on the Vorka, fifteen miles south of the junction with the Dvina, the river is flowing rapidly and has risen two or three feet. It is believed that the main ice has passed from the Dvina.

## Start Terrace Hill Railway In Brantford in Thirty Days

Brantford, April 30.—The Brantford Municipal Railway Commission has decided to top the Terrace Hill extension via the East Ward, to reach the factory district there. The steel for construction will be here within thirty days, and work will then commence.

## COURSE FOR THE BIG BIKE RUN ON SUNDAY

Over Seven Hundred Expected to Start From Queen's Park At Ten.

After having swept the card last year in the bicycle week campaign against all cities in the United States and Canada, Toronto cycling enthusiasts are confident that they will duplicate the feat this year.

About seven hundred cyclists took part in the bike run last year and they hope to exceed that number this year. The riders will start from the same point as in other years, namely, the corner of Queen street and University avenue, next Sunday morning, at 10 o'clock.

The course selected for the run is as follows: Up University avenue, thru Queen's Park to Bloor street, west on Bloor street to High Park. All cyclists in Toronto are invited to join in this outing.

Mr. G. L. MacKay will act as marshal, and Messrs. Lou Rounnell, Doc Morton, Fred McCarthy, Walter Andrews and Heck Macdonald, all well-known cycling champions of former years, will have the honor of being co-marshalers.

The 1919th excitement will ride in unit formation, led by the parade, Mr. Heck Macdonald and Mr. B. Bingley will have the ceremonial of an unpunctured tube of venture, riding their old-fashioned high-wheelers. All old-time cyclists will be afforded the opportunity of meeting their old acquaintances.

Riders who have tandem, triplet or freak bicycles of any description are requested to bring the same along. The summer hours should be outstayed, and you can't find any dandruff. Your hair appears soft, glossy, and twice as quick and abundant. Try it.

## YEARST EXPECTED TO GET POSITION BACK

"I am perfectly satisfied with the result of the inquiry," said Chairman J. D. Flavelle, of the license commission today, regarding the pronouncement of Chief License Inspector John A. Ayearst at the conclusion of the probe into the "Dewart charges."

Mr. Ayearst was around the license department at Queen's Park, but he has not yet resumed his duties, altho he is expected to be reinstated at once.

UPPER SILESIA SEAT OF UNREST

General Strike at Gleiwitz Spreading—Mine Managers Continually Deposed.

Berlin, April 30.—A combination of a general strike at Gleiwitz, increasing unrest throughout Upper Silesia, the continued depositing of mine directors for trivial causes by employees under the new right of determination, and a great Polish Socialist demonstration at Katowitz on May 1, brings upper Silesia to the front, at least temporarily, as the seat of trouble among the German provinces.

The general strike in Gleiwitz has been extending gradually. The Upper Silesia Mining Association has made representation to the Prussian government, declaring that the strike is managed by Poles, basing their allegation on the fact that the chief demand of the strikers is for the withdrawal of the German volunteer troops on the German eastern front.

The head of the Silesian committee of the Polish Socialist party, it is said, has issued a protest against the union of Silesia to Prussia and urging that Silesia should be united to Poland. The appeal says that in all towns near Katowitz demonstrations must be held in the morning of the afternoon the manifestants must march to Katowitz carrying Polish flags.

The strike of electrical workers has thrown the entire district into darkness at night. Newspapers are unable to appear because they lack power with which to run machines and presses.

CALL FOR REVOLUTION IN ST. CATHARINES

Hundreds of Circulars Distributed by Bohemians—Constantly May Day Signal for Action.

St. Catharines, Ont., April 30.—The most wholesale distribution of Bohemian literature since the propaganda was started, was carried out during last night. It was nothing less than a May Day call for action. Many hundreds of pamphlets were circulated during the night and found under doors and in letter boxes this morning. It is believed, here that the Bohemians under arrest in Toronto are concerned in the shipment of the literature, but the local authorities have as yet been unable to locate the local distributors.

TAKE BRIGHT VIEW OF UNEMPLOYMENT

British Labor Minister Outlines Absorption by Peace Industries.

London, Tuesday, April 29.—In defending the government's policy of donations to the unemployed, Sir Robert Stevenson Home, the minister of labor in the house of commons today, said it was unnecessary to take a gloomy view of the unemployment question. Since the armistice, he said, four million persons have been demobilized from the army and naval forces, and from civilian employment, and one million remain unemployed, eighty per cent of the demobilized soldiers, fifty-five per cent of the civilian males and forty-five per cent of the civilian women have been absorbed by peace industries.

QUEBEC PREPARING FOR NEW LIQUOR LAW

Montreal, April 30.—This was the last day on which spirits could be sold without a prescription in the province of Quebec as the wine and beer referendum taken recently comes into effect tomorrow. During the past week hotels and dealers in liquor have been busy getting rid of their stocks. Huge quantities have been auctioned off. Under the new licensing laws, Montreal can have 250 hotels and restaurants, and 250 shops where wine and beer can be purchased. No bars will be allowed. So far only 89 hotel licenses have been applied for. A number of spirit vendors are to be appointed later by the provincial government.

ASQUITH'S DAUGHTER WEDS RUMANIAN PRINCE

London, April 30.—Dowager Queen Alexandra and Princess Victoria were among the wedding guests at St. Margaret's Church, Westminster, today, of Miss Elizabeth Asquith, daughter of the late H. Asquith, former premier, to Prince Antoine Bibesco, councillor of the Rumanian legation. They previously had been married under the rites of the Greek church of which the prince is a member.

AUSTRALIA TO DEPORT INTERNED GERMANS

Melbourne, April 30.—The Commonwealth of Australia plans to deport interned Germans, beginning late in May. It was announced today. The internees, who are for the most part Germans, previously residing in Australia, the eggs of captured ships and prisoners in liquor have will have the right of appearing before special magistrates and showing cause why they do not wish to be returned to Germany.
