COUNTRY CAN PAY GRANT FOR SOLDIERS BY REAR VETERANS

Member of South York-Entrusted With Presentation of Grievances.

In Belmont hall last evening the Earl Court G.W.V.A. passed resolutions incorporating a number of substantial grievances in connection with discharged soldiers' civil re-establishment and other concerns of the returned men, which will be entrusted to the South York member, W.F. Maclean M.P., for presentation to parliament and the authorities at Ottawa.

A number of suggestions were also made with the view of increasing the compensation upon the government's part, and that the gratuity must be made adequate to the necessities of the case of the soldiers, and that proper provision for the dependents of those who fell or returned wounded cannot be evaded.

One suggestion was that Premier Borden be invited to attend a meeting in the Massey Hall, where he would hear the case of the men fully stated, or, failing the premier, that some members of the government attend for him.

The claim was repeatedly stated that the Union government, having outlived the war, should not be expected to pay the cost of the war.

The meeting heard W.F. Maclean's statement regarding the debate upon the \$50,000,000 by parliament and passed a resolution of thanks to the member for South York for the information and advice which his address contained.

Recalled Recruiting. Major G.P. Richardson presided and Secretary Beauchamp took a minute of the proceedings for parliamentary use of Mr. Maclean, who was most cordially received.

Mr. Maclean's statement was a recapitulation of the routine meetings at the beginning of the war and his own pledges and those of many other public men that all who served in the service of the country would be decently treated and their dependents looked after.

The position which parliament has taken in the matter of the returned men was that Canada not only had to win the war but to take care of the men who fought the war.

Mr. Maclean told the comrades that he had related to the house the fact that South York had sent more men to the front than any other constituency in Canada and that the roll of honor in the little mission church contained as many as a hundred names, of whom more than one case twenty had not come to the front.

Parliament was sympathetic but the resolution was not what is called a budget resolution. Mr. Maclean said that the re-establishment must be widened beyond provision as to farming lands and all men who served and need to be taken care of.

Mr. Maclean said that the government must improve its position. He was glad that the \$100,000,000 so far granted \$90,000,000 is intended to provide gratuities for British reservists and airmen. His own opinion was that the cost to the country will be less and the men will be better satisfied if their claim is settled once for all.

ICE BROKEN AT LAST PROSPECTS BRIGHTER FOR STRIKE SETTLEMENT

Operators Make Offer and Miners' President, While Rejecting It, Says Men Will Come Down in Their Demands.

Washington, Nov. 20.—The operators and miners of the competitive fields remained hard locked all day today in their negotiations for a new wage scale contract, prospects for a settlement being brighter than at any time since the strike was called.

The operators offered the miners' representatives a flat increase of 15 cents a ton on coal mined and 20 per cent. increase for day workers. John L. Lewis, acting president of the Mine Workers of America, outwardly stamped the concession as wholly inadequate, but both sides plainly took the offer as a breaking of the ice and an opening for trading tomorrow.

Meanwhile the government continued to hold hands off and Fuel Administrator Garfield took no step openly to ration or restrict coal consumption.

President Lewis of the Mine Workers, after the close of the long session today, said he considered that the offer was a breaking of the ice and an opening for trading tomorrow.

WILSON MAY BE REQUESTED TO ASCERTAIN FROM POWERS WHAT THEY WILL ACCEPT

Administration Has No Intention of Allowing the Treaty to Lapse—Senate Leader Has Already Drawn Up New Set of Reservations—Ratification Will, Anyway, Be Greatly Delayed.

Washington, Nov. 20.—Avenues of speculation leading many ways were opened up today when officials and diplomats turned over in their minds the possible results at home and abroad that are to follow termination of the special session of congress last night, without senate ratification of the peace treaty.

The thoughts of the treaty's friends in the senate centred on accomplishment of some compromise for a ratification in the session beginning December 1, and to that end steps are understood to have been taken to ask that President Wilson ascertain from the other powers what reservations they would accept.

The White House silence was maintained and calls for the impression that for the present the administration was willing to await quietly the outcome of the diplomatic exchanges suggested.

Everywhere the senate's action was accepted as meaning, at least a long delay in ratification and officials thought the formal establishment of a state of peace between Germany and the United States would be postponed.

The chief result it was agreed, would be commercial and financial.

War-time Prohibition Continues. Chief among the matters of domestic concern affected by the senate's delay is war-time prohibition which took a new lease of life with the postponement of a legal status of peace.

In the same class is various other legislation and also the Republican leaders in congress will seek to end the war formally by a resolution, constitutional objections to that method are likely in the opinion of some officials, to tie up the effort for some time.

Another line on which speculation turned was the possible effect of the senate's show-down on domestic politics. Both parties have declared an ardent desire to put the treaty into politics, the chances of keeping it out of 1920 calculations were diminished on all sides.

The board of commerce is in a position to describe the various cities and towns objecting to the prevailing prices of milk and to recently made raises in price.

Result of Feed Costs. Being convinced that the present price levels in various localities are the direct result of the high cost of mill feeds, concerning which a price-fixing jurisdiction has been conferred upon the Canadian wheat board, the board of commerce is applying to be investigated into the matter.

The board of commerce, which has no price-fixing jurisdiction, but instead, a profit-fixing jurisdiction, accordingly finds it necessary to state that it is unable to control the advancing price of milk and milk products, other than by way of supervision of profits of producers and distributors.

In the opinion of the board, the effect of the result when and if, after investigation it is found that the price of milk is not reasonable and just, they cannot be cheaper milk unless the price of milked, such as bran and shorts, is substantially reduced.

Under the circumstances hereafter, whenever special application is made to the board for a review of the various prices of producers and processors, the board will, to the best of its ability, and as early as possible after the request, investigate and declare a price.

It can assume no responsibility for the result when and if, after investigation it is found that the price of milk is not reasonable and just, they cannot be cheaper milk unless the price of milked, such as bran and shorts, is substantially reduced.

NO HOPE FOR VIENNA WITHOUT AID FROM U. S.

London, Nov. 20.—Premier Lloyd George, replying to questions in the house of commons today, said he saw little hope of settling the economic situation in Vienna, without the help of the United States.

The British had already given aid to the Vienna government, amounting to three and one-half million sterling, but the premier announced that Great Britain did not intend to send any more money to the government of the Republic in that country.

Paris, Nov. 20.—The note sent by the supreme council to Rumania last Saturday, after praising the services rendered by Rumania during the war, recalls the difficulties which arose at the signing of the treaty of St. Germain, according to a Bernese despatch to the Associated Press.

The communication adds that in view of Rumania's unyielding attitude on the decisions of the council, the latter is at loss to know whether Rumania really desires to follow the allied policy, if it is her intention to follow this policy, the note says, the council requests that she sign the Austrian treaty immediately.

Rumania will be considered as having withdrawn voluntarily from the alliance.

It really, he said, "that it will result in a more economical basis."

A good deal of common sense, a small amount of courage, and an able use of instruments of war, are lying at hand—this combination, he is saying, is what the city councilors who are worried about the municipal abattoir, he has given much practical attention to the farmers' marketing of their stock in Toronto, and if Mayor Chalmers' idea of calling in men like ex-Alderman Dunn and ex-Controller O'Neil as special advisers about the abattoir and the city going into the hands of the city councilors, a newspaper appearing in London.

Commerce Board Unable to Check Rising Milk Prices. Announce It Will Only Be Able to Supervise Profits.

Canadian Press Despatch. URGENT NIGHT WORK FOR HOME TOOLERS BE NOT PERMITTED

Labor Conference Sends Recommendation to Its Drafting Committee.

Washington, Nov. 20.—Without a dissenting vote the international labor conference this afternoon referred to its drafting committee a recommendation which would prohibit night work in industrial establishments (which came from a special committee and were adopted by the conference) the rejection of two amendments follow the lines of the Bernese convention of 1906, with some extensions. The night work, during which it is proposed that the lines of the Bernese convention shall be prohibited, is defined as that of eleven hours, which must in any case comprise the period between 10 in the evening and 5 in the morning. In that the recommendations follow the Bernese convention, the extension is a provision that the prohibition will apply to all industrial establishments in which more than ten persons are employed.

As was the case with recommendations to fix a minimum age for employment for children, the drafting committee will now prepare a special convention. These will then be submitted to the conference. The second adoption they must have a two-thirds vote of the delegates present.

Rejected Recommendations. The rejected recommendations came from both employers and workers. On behalf of the employers, Mr. Louis Guerin, French employers' delegate, proposed that where, owing to the nature of the eight-hour day, work would have to be arranged in shifts, employment of women should be authorized between 5 a.m. and 11 p.m., with one hour rest. Mr. Guerin's motion was defeated by 68 to 16. Blake Roberts, representing the workers, proposed that the motion, by Mr. Christie and Robert Brown (substitute delegates) and David Keane, representing Canadian workers, be adopted against it.

The other amendment was submitted by Gino Balzani, Italian workers' delegate. He moved that the night work be prohibited in all industrial establishments in which more than ten persons were employed.

TO INQUIRE OF BURNING OF TIES

Statement That Railways Waste Fuel to Be Investigated.

Canadian Press Despatch. Ottawa, Nov. 20.—Asked with regard to a statement alleged to have been made by E. McCord, M.P., for West Kent, to the effect that the Canadian Pacific and Grand Trunk Railways were burning up thousands of dollars' worth of fuel, which was used for fuel, officials of the Canadian Pacific and Grand Trunk Railways, in a statement, said that the fuel controller had no knowledge of the statements made above.

Says Practice Discontinued. "Some time ago during the war," said Mr. Connor, "the practice of burning ties was started by Canadian railways. The matter was brought to the attention of the railway managers and board and the railway managers were ordered to stop the practice before that body. As a result of the conference the railways had given an undertaking to discontinue the practice, and so far as I have any present knowledge I believe the practice has been entirely discontinued."

Mr. Connor added that he would undertake to make the necessary enquiries at once and would issue a statement when the necessary information had been obtained.

COLONEL DINNICK CANNOT REMEMBER

Counsel for Standard Reliance Liquidator Strikes Snag in Witness.

George H. Kilmer, K.C., counsel for liquidator G. T. Clarkson, struck a snag yesterday on resuming the probe into the Standard Reliance Loan wreckage when he tried to get from Col. W. S. Dinnick, former manager of the Standard, an explanation of some of the puzzling book entries relating to the acquisition of the Huron & Bruce Loan Co., which, on their face, he declared, indicated a disappearance of assets.

After the enquiry had proceeded for an hour without getting anywhere in particular, Col. Dinnick said that the transactions back of the entries in the books had, three lapses of time, entirely vanished from his memory, and that he would need a week at least to look into the books and think the matter over.

Master-in-Chambers G. A. C. Cameron, who is conducting the investigation, said significantly that some of the transactions revealing apparently a loss of assets would have to be explained by Mr. Dinnick or somebody else, and that it would be the duty of the liquidator to recover from persons who may be shown to have unlawfully come into possession of Standard Loan assets.

According to Mr. Kilmer, one sum of \$134,000 stands in the Standard books unaccounted for, and this item would certainly have to be cleared up by Col. Dinnick. Counsel would not say that this particular sum had disappeared, but there were grounds for thinking that a certain loan had been repaid twice. In the absence of an explanation from Mr. Dinnick, he would consent to an adjournment to give him time to figure it out.

J. H. Spence, acting for Col. Dinnick, asked for an adjournment until Dec. 2, and this was granted.

Col. Dinnick testified that negotiations opened with the Huron & Bruce Loan & Savings Co. in July, 1904, and on Nov. 4 the Huron & Bruce Loan & Savings Co. directors of the Standard. He personally had carried on the early negotiations with the Huron & Bruce Loan Co. The basis of the deal was an exchange of Standard stock for Huron & Bruce stock, both at par. It was found, however, proceeded the witness, that a duplicate book of the Huron & Bruce, and that they had purchased this controlling stock with money advanced by the London Loan & Savings Co., who now own the stock as security. In fact, this stock stood on the books of the Huron & Bruce, in the name of M. J. Kent, manager of the London Loan Company. The amount was \$133,455.

"Mr. Kent," continued the witness, "declined to accept Standard stock for the Huron & Bruce stock in exchange, long negotiations it was arranged that the London Loan Company would lend the Standard Loan Company \$150,000; \$15,000 of this cash was to be used in repaying \$134,000 in the form of a receipt for the money borrowed by the syndicate. In this way the Huron & Bruce stock held by Mr. Kent was released, and Mr. Kent or the syndicate received in exchange an equal amount of Standard stock. But Mr. Kent had demanded a block of Huron & Bruce mortgage assets as security for the \$150,000 loan, and, according to the books, the proceeds from these mortgages as they were paid went to wipe out this loan. The books also indicate," said Mr. Kilmer, "that this block of \$134,000 Standard stock is still in London, although Col. Dinnick testified that it is in the possession of the Dovercourt Land Company."

The records of the whole transaction, said counsel, indicated that the London people had received \$134,000 in mortgages, and also \$134,000 in Standard Loan stock in return for \$134,000 of Huron & Bruce stock. Mr. Dinnick, however, would not agree to this view, but contended that papers in the possession of the liquidator on the London Loan Company would explain everything satisfactorily.

Col. Dinnick was also questioned about another item of \$7500 paid out by the Standard, and he said he had paid it out in connection with the Huron & Bruce deal, but to whom he could not remember.

"Probably to Kent?" suggested Mr. Kilmer. "Probably," said Mr. Dinnick. "I would not say definitely."

Mr. Kilmer then opened the enquiry into the absorption in 1906 of the Canadian Savings Loan & Building Association by the Standard Loan Company. Holders of permanent Canadian Savings stock got 74 per cent in Standard stock, and holders of terminating Canadian Savings stock got 74 per cent of par in Standard Savings deposit receipts. The value of the Canadian Savings assets over liabilities was \$388,815.

Will Explain Later. In the books appeared a "brokerage item" of \$29,000, which the witness was asked to explain. He said \$15,000 of this had been paid to C. D. Scott, solicitor for the Canadian Savings Association, but he could not recall who had received the balance. Witness also admitted that there had been a special deal with a Canadian Savings director named Walsh, which had resulted in a loss for the Standard. He would try and explain that later also.

Mr. Dinnick testified that all the real estate that over with the Canadian Savings Company was immediately turned over to the Dovercourt Land Company, who gave back a mortgage covering it. Stock that matured these real estate assets were converted into mortgages receivable.

The witness was asked to recall why Dovercourt Company stock held by the Standard Loan had been written up \$45,515 at the end of 1907. He thought \$15,000 of this sum had been credited to C. D. Scott, and about \$10,000 had been paid out in connection with the Canadian Savings deal. Witness could not remember who had received it, but would try to find out.

FRESH EGGS \$1.20 A DOZEN. New York, Nov. 20.—Fresh eggs the staple diet on the poor man's table a few years ago, leaned into the luxury class in New York today, selling for \$1.20 a dozen—the apiece. Wholesale prices are \$1.02, said to be the highest on record here. Even cod storage eggs are selling for 65c a dozen, retail.

Perhaps You Will Find It Here

BY IDA L. WEBSTER.

When Fred Hamby wrote to the board of control on behalf of the board of education, and told them so plainly without any beating about the bush, the position that his colleagues intended to take in the matter of ex-City Architect Pearce, he showed that he, at least, has the courage of his convictions. For the city to imagine that Mr. Pearce would desire to be cat-hauled around from one job to the other was quite absurd. He was not satisfied with working for the city of Toronto, and so he hunted up another job. The whole thing was quite right and proper, and it is too bad some other folks would not follow in his footsteps.

The firemen are having a great big wonderful concert on Friday night, Nov. 28. As this is the first to be held under the auspices of the fire-fighters, it is bound to be good. And besides the objective is worthy of your consideration. The proceeds are to be used to help defray the expenses of their clubroom, which also answers for their association room. In short, the \$50 which you will spend on the ticket will go far in making the fireman's lot a little more attractive.

It is to be hoped that the new provincial secretary, young and all as he is, will immediately turn his attention to the juvenile court. Right in that field he will find all the scope that any one man could ask for, and for a start he might suggest to Ald. Nesbitt that he pay him a call.

And while the Hon. Mr. Nixon is investigating the court, he might also inquire just how much leeway is being given to the Big Brotherhood organization, or members thereof.

If eggs are placed on sale at the city markets for \$1.25 a dozen this Saturday, then the members of the city council had better close out that sort of trade entirely. And thus give the persons selling at such exorbitant prices a chance to make their money in their own home town—if they can.

Almost a week has passed without Jimmy Simpson's name being mentioned in any public position. Surely the young man has not retired to private life.

The owners of the Toronto Ball Club are no stouthees when it comes to taking trips. Unlike critics, people who content themselves with a flying journey to New York, these two males have packed their grips and bought their tickets for Cuba. Oh, well, let it be: "To those as has, gets?"

JEWISH WOMEN'S COUNCIL.

At a meeting of the Jewish Women's Council held yesterday afternoon, the chair was taken by Mrs. J. W. Herman, who told of the weekly meetings of the members for the purpose of sewing for the poor. A report of a successful year's work by the Girls' Club was given. The features of the meeting was an address by A. E. S. Smythe.

BY-ELECTIONS FOR EARLY IN NEW YEAR

Members of Drury Cabinet Are Not Anticipating Much Opposition.

"The by-elections for ministers will be held on the earliest date possible," remarked Premier Drury to The World yesterday. He figures that Dec. 29 would be the day according to the law, but thought that would be inconvenient in view of the holiday period. Mr. Drury added that it would be safe to say that the elections would come off early in the new year—certainly not before.

The following are the ministers who must seek re-election by virtue of accepting office: Hon. P. Smith, provincial treasurer; Hon. H. Grant, minister of education; Hon. H. C. Nixon, provincial secretary; Hon. Beniah Bowman, minister of lands and forests; Hon. F. C. Biggs, minister of public works; and Hon. Walter Rolfo, minister of labor and health.

Hon. Harry Mills, minister of mines, cannot officially assume his portfolio and draw the salary attached to it until the necessary legislation has been passed creating his office. Lieut.-Col. Carmichael, minister without portfolio, is to be appointed to the Hydro-Electric Commission, but is likely to not necessitate his seeking re-election.

Ministers Without Seats. There are seats to be found for the premier; Hon. W. E. Hanson, K.C., attorney-general, and Hon. Manning Doherty, minister of agriculture. Mr. Drury, while having two other seats offered him, is likely to run in Centre Simcoe, where he may get an acclamation. Messrs. Raney and Doherty will, as already stated in The World, probably find political refuge in Dundas and North Essex, respectively. The ministers for re-election are not, so far as they know at present, likely to encounter much, if any, opposition.

WELCOME FOR NEW POOR OF ENGLAND

Ontario Would Be Glad to Get Desirable Settlers From Britain.

"We should welcome the 'new poor' of England to Ontario," said Hon. Beniah Bowman, minister of lands and forests, who also has charge of immigration, to The World yesterday. In a despatch from London recently it was stated that Brigadier-General R. Mansley Sims, agent-general of the Ontario government, was likely to bring the first party of thirty or forty picked settlers to this province next spring. The settlers, it was explained, belonged to what is now known as England's "new poor" class. These are people with fixed incomes which are insufficient to maintain their standard of living before the war, but now, in consequence of heavy taxation and high prices, leave them in somewhat a distressed condition. "I think it would be a capital idea to bring these people to Ontario," remarked Mr. Bowman. He said he had not yet received a report from England on the matter, but had no doubt one would come to hand from the agent-general in due course. Asked if any new immigration policy had yet been considered by his department, Mr. Bowman said the whole matter would shortly be taken up.

JAPANESE EDITOR CALLS UPON DRURY

Sons of Temperance Delegates Make Requests of New Premier.

Daikichiro Tagawa, Japanese editor, Presbyterian elder, former vice-mayor of Tokio, member of parliament and ex-cabinet minister, said one of the leading figures in the public life of the flower kingdom, paid a visit to Premier Drury at the parliament building yesterday afternoon. He is a Japanese Liberal of a somewhat advanced type, and was delighted at having a chat with Ontario's new farmer premier. Mr. Tagawa, who was in Paris during the peace conference, and has travelled considerably, was interested in hearing from Mr. Drury of recent political events in Ontario and also of public matters in the province generally. He was accompanied by Dr. and Mrs. J. A. Macdonald, whose guest he is during his stay in Toronto.

First Public Deputation. Premier Drury also received his first public deputation yesterday when he was waited upon by representatives of the Sons of Temperance, who are now in session in Toronto, headed by J. E. Johnson of Orillia. They felicitated Mr. Drury on attaining office, urged strict enforcement of the O. T. A., and asked the premier to use his influence in having a referendum put to the people of Ontario to prohibit the importation of liquor into the province. He promised consideration.

Darcy Scott, former Mayor of Ottawa, and ex-member of the Railway Commission, was among many other callers upon the premier yesterday. "It almost keeps me busy answering congratulations," Mr. Drury said to The World towards the close of his strenuous day.

Winnipeg Defence League To Aid W. S. Woodsworth

Winnipeg, Nov. 20.—The Labor Defence League, in an effort to combat the charge against W. S. Woodsworth for alleged seditious language at Sunday's labor meeting, will canvass all persons who attended the meeting. Officials of the league said today that a petition will be circulated, containing the statements reported in the local papers. This petition, it is said, will be presented as evidence for the defence.

PEERAGE FOR SIR ALBERT STANLEY

London, Nov. 20.—Sir Albert Stanley, member of parliament for Ashford-under-Lyne, and a former rail-road official in the United States, will soon resign his seat in the house, and will be offered a place in the peerage, according to The Mirror. It is reported that Sir Albert resigned the presidency of the board of trade a few days ago.

TO EXTEND WORK OF THE RED CROSS

Director-General of League Explains World-Wide Movement.

Red Cross work all over the world is far from dying out with the expiration of the war. This truth was made plain by General Sir David Henderson, director-general of the League of Red Cross Societies at Geneva, Switzerland, at a well-attended meeting held yesterday afternoon in the banquet hall of the King Edward Hotel.

Elaborating on the second point, Sir David said that there are at Geneva central bureaux to deal with such subjects as child welfare, tuberculosis and meningitis. These would meet the demands of that branch of work. There is also a bureau of research and a laboratory to demonstrate or try out new ideas.

The situation in eastern Europe, Sir David remarked, was only temporary. The league would be permanent. He sketched briefly the conditions among the Poles, Jugo-Slavs and Rumanians, with a view to showing the extent of the work needed there.

UNIVERSITY NOTES

A deep gloom has been cast over Trinity College by the recent death of Mr. Gordon H. Bigg, B.A., head of the college. Mr. Bigg, entered the college with the class of '15, but on account of poor health was obliged to give up his studies for several years. Last year he graduated in arts, being the only man to secure first-class honors in the general course. He was much admired and respected by the student bodies with which he had come in contact, and his death leaves a great gap in the life of the college. He had been president of the literary society and took a keen active interest in all college activities.

Results of the elections held by the Chemical Society of the faculty of arts resulted as follows: Honorary president, Prof. W. N. Miller; president, G. Lucas; vice-president, Miss I. Lane; secretary, F. Hutchinson; treasurer, F. Powell.

The main topic heard in the various college halls these days is the students' convention to be held in Des Moines. Already several of the colleges have started a campaign to raise the necessary funds to meet the expenses which will be incurred. In this respect, McGill, under their able president, Slim Russell, have started an individual subscription campaign, and will easily secure enough money to defray the expenses of their eight delegates.

The administrative council was given a solid foundation for future democratic discipline when President Falconer addressed their last meeting and gave a brief informal discourse on the matter of university discipline. He assured them that the caput desired the administrative council to feel at liberty to take as much authority as it could carry, and definitely explained to the members that it stood solidly behind all their decisions that possessed justice and common sense.

It was also decided at this meeting that as pharmacy had no connection with the university it had therefore no legal right to membership privileges in Hart House. This also applies to Osgoode Hall.

CLAIM A LAWYER OPERATED STILL

Peterboro Man is Charged With Manufacturing Liquor at Home.

Peterboro, Ont., Nov. 20.—J. Guise Bagley, a local lawyer, was arrested here this afternoon on a warrant charging him with manufacturing liquor and also having a still in his possession. The arrest was made by Sergeant A. W. Blad, Detective W. Mcagher, Acting Detective George Cookman and Constable A. Bristow. The still and several barrels of varying sizes were removed from the police station. An effort is being made tonight to have Mr. Bagley released on bail. He will appear in police court tomorrow morning and unless bail is secured, will remain in custody. The police claim that the liquor manufacturing outfit was once located in a store on Charlotte street, but recently was removed to the home of Mr. Bagley. The accused was president of the local branch of the Citizens' Liberty League and assistant secretary of the West Peterboro Conservative Association until he was repudiated by the latter body. He has been a practicing lawyer in Peterboro for a number of years.

Oh, How Good

That's what the kiddies say about Lawrence's Home-Made Bread. See that you give them "a piece" often. No matter how much of it they eat, it can't hurt them. There is more nourishment in a pound of bread than in a pound of beefsteak. Choose your children's food intelligently. Remember, their growing bodies require all the nourishment possible if they are to maintain their health.

LAWRENCE'S BREAD

subplies the necessary nutritious elements for developing healthy, robust children. Cheery disposition and rosy cheeks are the result of the proper selection of food for the little ones. If you choose wisely—you'll select Lawrence's Bread as the foundation.

The Toronto World

FOUNDED 1850. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

FRIDAY MORNING, NOV. 21

Must Toronto Remain in Bondage?

At the moment of news of a great big clean-up of the Mackenzie interests in and around Toronto and the whole of the Gibson interests in and around Hamilton, The Globe comes out with a stranglehold that the Toronto Railway has on the city.

Woodrow Wilson is More to Blame Than Anyone Else for the Defeat of the Peace Treaty.

That President Wilson's peace treaty has failed of ratification in the senate is largely the fault of the president himself. In the conduct of this supreme affair Mr. Wilson did not display his usual sagacity.

Who is Behind Secession Up North?

An agitation has started up in New Ontario for secession from old Ontario of all the northern parts of the French river and Lake Nipissing, and its erection into a new province, with control of all the resources thereof.

Generous Proposal for the Hospital.

No institution in the city has suffered more from the vicissitudes of the war than the General Hospital. When it began work in January, 1914, there was a liability after deducting subscriptions promised of only \$287,552.77 against it, and to meet this the old General Hospital property on Gerrard street was valued at \$200,000.

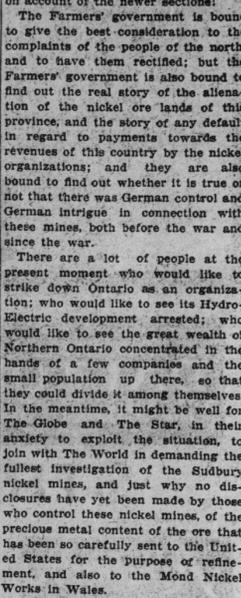

OTHER PEOPLE'S OPINIONS

The World will gladly print under this heading any letters, articles, or reports, dealing with current topics, as long as they are not longer than 200 words and written on one side of the paper only.

WATERWAY CONVENTION.

Editor World: Your Windsor correspondent reporting the convention proceedings just concluded there as the first of the kind held in Canada is in error. The first deep waterway convention held in Canada, and which was practically international for the reason that all the governments were represented, and with which the writer had some connection, was held at Toronto in September, 1894.

ITS USE.

Profiteer: The board? O, it is supposed to render her less fractious while being milked.

At first blush it would seem as though the fall-down of the treaty would put fresh heart into Germany and pull the allied nations farther apart, instead of bringing them closer together.

WOULD LEASE MUNICIPAL ABATTOIR.

Editor World: This morning's World carries an editorial entitled "Packerdom, keep out," in which it is stated that "some Smith is trying to induce the city to get rid of the municipal abattoir," etc.

TO CONTEST PRESIDENCY OF FRENCH CHAMBER

Associated Press Despatch. Paris, Nov. 20.—Rene Viviani, former premier, is to be asked to stand as a candidate for the presidency of the new chamber of deputies against Paul Deschanel, who is claimed by the members of the right and centre, showed a too lenient attitude toward the extremists and other disturbers during the sittings of the last chamber.

Demanding Extradition Of Communist Ex-Dictator

Paris, Nov. 20.—Despatches from Bucharest say that the Rumanians are demanding the extradition of Bela Kun, former communist dictator of Hungary, on the ground that he is a native of Transylvania and therefore at the present time a Rumanian citizen. It is proposed to bring a specific criminal charge against Kun, accusing him of irregularities while director of the workmen's stock insurance fund in 1914, the despatches add.

French Imports From Germany To Be Free of Customs Tax

Paris, Nov. 20.—Details of the arrangements governing the chemical and other products which the peace treaty compels Germany to supply to France, were published today by the Journal Officiel. No customs taxes will be paid for the products on their entry into France and the government will control their distribution.

I.W.W. and O.B.U. Identical, Says N.W.M.P. Commissioner

Regina, Sask., Nov. 20.—That the I.W.W. and the O.B.U. were identical is the statement of Commissioner Perry of the R.N.W.M.P., who informed the Canadian Press today that a close watch was being kept at all border points by members of the force for I.W.W.'s who were trying to enter Canada in fear of prosecution across the line. Many had been turned back in the last month.

TELEGRAPHIC BRIEFS

Kingston.—There is absolutely no truth in the report that Mayor Newman would seek re-nomination for mayor this year and run for a second term. Mayor Newman said that he had no intention whatever of running for a second term.

Belleville.—(Special)—Fire last night did damage to the extent of about \$500 to the residence of Mr. R. E. Kelly, wife of William Robinson, and mother of Chief of Police Robert Robinson, died at Lake of Bays.

STERLING EXCHANGE WILL DROP LOWER

Frewen Says It Will Go to Four Dollars, and Stay Many Years. Vancouver, Nov. 20.—That sterling exchange will drop to \$4, and will remain at that point for many years and win for Great Britain a tariff wall, is the statement of Morton Frewen, the noted British economist, who arrived in Vancouver last night.

TITONI TO RESIGN FOREIGN PORTFOLIO

Possibility of Reconstruction of Italian Cabinet Before Chamber Reopens. Rome, Nov. 20.—Signor Titoni is to resign upon resigning from his post as foreign minister, according to the Giornale d'Italia, both for personal reasons and because of ill-health. He is to be replaced by Signor Ciano.

PROUD OF BIRTH PLACE

Kingston, Ont., Nov. 20.—(Special)—It is a message received here this afternoon from Sir Henry Drayton that expresses deep appreciation over the splendid contribution Kingston made to the Victory Loan. He said he was proud of his birth place, which he now represents in the house of commons.

KINGSTON PIONEER DIES.

Kingston, Nov. 20.—(Special)—The death occurred of John Vance H. Burton, aged 86, a resident of this city for 84 years. Previous to the installation of a choir and organ in Cooke's Church, he acted as precursor.

Chief Lieutenant of Villa Has Been Taken in Mexico

Mexico City, Nov. 20.—Felipe Angeles, chief lieutenant of Francisco Villa, has been captured by state militia, commanded by Gen. Gabino Oliva, near the Conchos River, Chihuahua. He was escorted under heavy guard to Parral, where he will be tried by court-martial.

BUYS "LAVANDER" FOR \$5000.

Brandon, Man., Nov. 20.—Brisk bidding characterized the Western Canada Shorthorn Club sale here today. John Barren of Carberry sold Lavander 47th, C. G. Beeching of DeWinton, Alberta, was the purchaser, the consideration being \$5000. Another high-priced animal is Nonpareil Lady of Sylvan Hill. She was sold by Beeching to C. Kahler of Moline, Ill., for \$1400.

FORWARD POLICY FOR NORTH ONTARIO

Ontario Government Hears Nothing of Proposed Seccession Movement.

"No representations have been made to the government on the matter," said Premier Drury to The World yesterday relating to the question raised in Northern Ontario of the proposed secession from the southern part of the province. "I can only say," added Mr. Drury, "that we have in view a policy of further expansion of the northern country, and our plans will be made public in due course."

CHEAPENING MEAT A. U. F. O. QUESTION

dead meat trade is sound, the city cannot do better than seek the collaboration of the Hon. Manning Doherty. "Didn't Go Far Enough Back." The trouble with the city abattoir administration has been that it never went far enough back in the problem with which it proposed to deal. The abattoir has been a place where the unorganized butchers could sell their purchases of stock, but the question of the stock supply was never dealt with because there was not enough money thinking about a problem which has become very much more serious than it was when the abattoir was built.

Between the pork producer and the pork consumer, the packer stood—and still stands—as the double profiteer, efficient, experienced, and, when the opportunity offered, inexorable in his demands upon producer and consumer alike. The farmer, the packer, the consumer was at the mercy of the packer. He was also afraid to deal with the farmer who scornfully dismissed the packer as a fence, and civically, as a man who was bound to abundant toil and scant reward. While the city's market has been recurrently held up by the packer and his friends as a fine example of the incompetence of public ownership, the farmer, who has previously and the consumer, as represented by his elected alderman and controller, has not realized what was happening right under his nose.

Forty Thousand Farmers Ready. During the whole of Wednesday afternoon a discussion of the abattoir by the farmers and packers, there was not a suggestion of the new position in which the city's market supply has been held up by the packer and his friends as a fine example of the incompetence of public ownership, the farmer, who has previously and the consumer, as represented by his elected alderman and controller, has not realized what was happening right under his nose.

Really Control Stock Yards. It has long been understood that the packers have controlled the Union Stock Yards as thoroughly as the city council controls the waterworks. But any market can be controlled, in what has been the case with the waterworks, by those who control the products that are sold in it. You can't have a market if nothing comes into it for sale.

One-half of the animals sold at the Union Stock Yards are sold by and for the U.F.O. Suppose the U.F.O. were in a position to withdraw its production from the packers, what would happen? The packer would become as much of a minority interest, in what has been the case with the waterworks, as the C.P.R. has become in the Union station, thru the nationalization of the Grand Trunk.

CLAIM IMPERSONATION Man Arrested in Syracuse Said to Have Impersonated J. H. Flynn of Toronto. Belleville, Ont., Nov. 20.—(Special.)—A man is under arrest in Syracuse, N.Y., who is supposed to be the impersonator of J. H. Flynn of Toronto, president of the United Veterans' Association, who operated in this city on the day of the provincial election. The police here were informed of the arrest, and a photo of the man arrested is a striking likeness of the election day Flynn. Not only is the imitation Flynn wanted in Belleville and Nanapanee but in other places in the province. Whilist the man is held up, it is said the Flynn visited G. M. Campbell, the Indian agent at Deseronto, and by obtaining the good graces of Mr. Campbell secured a sum of money. He also staged a meeting at the council house of the Mohawk reserve and gave an address to a number of the members of the band and appeared to be well versed in matters appertaining to the rights of Indians, and promised to do all in his power to assist them in securing any concession they might desire.

FIRST MEETING SINCE REFERENDUM

Sons of Temperance Consider Changed Policy to Meet Conditions.

The Grand Division of the Sons of Temperance of Ontario opened its 70th annual session on the 19th in the West Hall. In the absence of the Grand Worthy Patrons Bro. J. M. Walton of Alton, and Bro. J. M. Draper, grand worthy associate, presided. Delegates were present from all points of the province. Ontario St. Catharines, Ontario, Ontario, and St. Mary's. As this was the first meeting of any of the various provincial temperance organizations since the referendum vote, several important business transactions were transacted. The latest and final returns of the vote were presented showing the following: No. 1, 406,674; No. 2, 338,425; No. 3, 354,149; No. 4, 246,688.

The officers reports were presented and approved. The most favorable condition of the membership showed a slight increase since the referendum. It is a fact that a strong financial condition has been maintained and the sum of \$100,000 has been accumulated in 13 weeks to 18 weeks and provision will also be made whereby benefits may continue for a period from date of termination rather than six months as at present. An increase in the per capita tax is being considered and a percentage of this amount will be granted direct to the local section, which department has heretofore been financed by separate funds. The general policy of the order may be stated as follows: To meet new conditions which will be based along educational lines. In this connection the minister of education is being requested to consider the subject of temperance on the public school examinations.

Yesterday afternoon the following officers were elected for the coming year: G. W. A. Mrs. W. A. Tice, Toronto; G. W. A. Mrs. Jameson, Toronto; G. S. T. N. Whitlock, Ottawa; G. Chapp, A. M. Miller, Toronto; G. C. B. B. G. Stevens, Solina; G. C. B. B. Davis, Toronto; G. S. J. F. Goyne, Shaw; G. E. Patton, A. N. Howard-Moore, Toronto.

LABOR NEWS

CRAZY FILM FADS HOTLY CRITICIZED

Labor Wants Representation on Censor Board, to Secure Better Films.

Toronto Trades Council last night appointed Fred Bancroft, Lou Braithwaite, Jack Cottam, John Doggett and Herbert Lewis a committee to take up with the government the question of amendments to the censorship act, in place of the one-man board of present date, this to have labor representation, criticism being forcefully leveled against many alleged spurious comedy films now permitted to pass by the hands of the censor. "Most censors, these days," said Arthur Pauline, "are nothing but jobber politicians."

A vote to have the council represented in the Citizens' Voters' League was lost by a vote of approximately 60 to 4. Masters and mates and engineers, who have hitherto held aloof from trade unionists, asked for representation in the Toronto Trades Council, and will be given all information necessary. McMillen, chairman of the board of education, in his report, asked for consideration of a board of censors with ideals, and also asked for both financial and moral assistance of the Workers' Educational Association. Both were granted financial aid to the extent of \$100.

REORGANIZATION. Reorganization is the slogan of the drivers, bakers, bread handlers and all organized employees of the master bakers of the city. This was the message given for last night to The World by Tom Watson, general organizer for the Canadian Federation of Labor. A big meeting of the cake bakers is to be held at the S.O.E. Hall for this purpose, these employees being the first to make the move. When the smoke of battle is over all the branches of organized labor in the bakeries will each have their own executives, but all executives will co-operate to one end and under one head.

NOT MANY UNEMPLOYED. Shipbuilders and boiler-makers are on the whole generally employed, despite the recent closure of the Union shipyard. This was the statement given yesterday afternoon by an official of the union. It will be recalled that a few weeks ago when this occurred more than 800 men were affected. Most of these men were taken on by other Canadian delegation, supported by Messrs. Brown, Christie and Blake Robertson voted against it.

ADJOURNED TO THIS MORNING. Owing to the indisposition of Judge Baren, chairman of the electrical board investigating the strike on Sept. 2, the meeting of the National Polity Speaker of the evening will be called. HAGEN STILL VERY ILL. W. C. Hagen, business manager for the Machinists' Union in Toronto, and one of the most popular men in the Toronto labor movement, still lies seriously ill at his residence and may resume his duties for many weeks. In the meantime Herbert Lewis is taking charge of the office.

I.W.W.-O.B.U. NOT IDENTICAL. Joe Knight, general organizer for the O.B.U. in eastern Canada, in an interview with The World, gave an absolute denial to the statement of Commissioner Perry, R.N.W.M.P. Regina, that his association and the I.W.W. were identical. "When the commissioner makes those allegations, he expresses opinion without the slightest foundation," was Mr. Knight's terse comment upon the situation.

REVEALING INSIDE HISTORY. J. G. O'Donoghue, counsel for the Electrical Workers' Union, has written for various men arrested during the past two years, under the order-in-council governing section, will be the first of the men to be released. A meeting at Massey Hall called by the Political Defence League, in aid of political prisoners either on trial or in jail. Mr. O'Donoghue will take up in detail many of the cases which have come under his notice.

A. W. ROEBUCK TO SPEAK. A. W. Roebuck may be one of the speakers at next Sunday's meeting of the labor party at the Labor Temple. CONVENTION TO RECONVENE. Toronto I.L.P. convention will reconvene tomorrow week at the Labor Temple. Nomination of alderman candidates is expected to take place at tomorrow's convention of the combined I.L.P.-Trades Union political forces.

Peterboro Trades Council Nominates Man for Mayor. Peterboro, Ont., Nov. 20.—At last night's meeting of the leaders of the Trades and Labor Council Ald. A. McIntyre was nominated to contest the mayoralty on the labor ticket. Ald. McIntyre has been in the city council for a number of years. He will have several opponents.

Miners at Minto on Strike; May Go West, With Families. Sydney, N.S., Nov. 20.—The strike of miners at Minto, N.B. is on. CANADA'S CHANCE TO WIN MARKETS

Trade Commissioner Announces Canadian Exhibition in England in June.

Lloyd Harris, Canadian trade commissioner in Europe, made last evening an instructive and interesting speech before the members of the Canadian Advertising Club at the King Edward. Mr. Harris kept the tit-bit

of his remarks to the last, when he announced that a Canadian exhibition would be held in London, England, in June next. A business man, who came out from England with Mr. Harris, is now canvassing the idea throughout the Dominion, and the trade commissioner asked every Canadian manufacturer to do his best, even at a financial loss, to make the exhibition a gigantic success.

Mr. Harris declared that the great impression left on his mind on leaving England was that he had discovered the British empire. The empire was little known to Canadians, but he thought they knew considerably more about it than the English themselves. There were colonies within the empire doing a tremendous trade, and Canada as yet had never gone out to look for the business. Mr. Harris as-

ured the meeting that the attitude of the British people had been very friendly towards Canada in the launching out of the European trade. All the English colonies would take goods manufactured in Canada. Gen. Botha had told Mr. Harris that South Africa could not hope to become a manufacturing colony for years, and all the officials of the colony were very friendly towards Canadian trade. Australia and New Zealand were also anxious to develop commercial relations with the Dominion. It was now up to the Canadian government, said Mr. Harris, to arrange a preference tariff between the colonies and Canada.

A Chance For Canada.

The newly appointed governor of the Gold Coast had informed Mr. Harris that his colony would build some large

docks and a thousand miles of railway. If this information was properly followed up Canada could obtain the greater part of the construction contract to lay out the commercial goods required immediately in that colony. The result of the late "Victory Loan" Mr. Harris considered was the best thing Canada had accomplished since the war. It would greatly enhance her reputation for soundness. In 1916 Canada passed from a debtor nation to a creditor nation and had stood in that position ever since. He wanted Canada to put as much money into her future commercial state as she did into the war. If she did that she would get over the effects sooner than any other nation, but if she allowed herself to drop back to a debtor nation she had very hard times ahead. Canada at the present moment needed great leader-

ship with co-operation. If they had that they could build the country up on a solid and permanent foundation. People in eastern Europe, said Mr. Harris, were sitting down waiting to go to work and asking for raw material and machinery. In England and Canada people were sitting down and refusing to produce. Canada, he declared, had to start production at once and settle any differences of opinion after the "rush" was all over. Today Canada could sell everything she manufactured. There was no difficulty in selling goods, the job was to obtain them from the manufacturer. Mr. Harris said he had suggested to the English authorities the setting up of an empire trade council to take an inventory of the commercial possibilities of the empire with a view of utilizing all the raw material within the empire. The

council would be set up and the results would be inter-imperial trade.

IMPROVED SERVICE TO ATLANTIC CITY.

Canadian travel to Atlantic City is constantly on the increase. In order to encourage more of it during the fall and winter season, thru drawing-room-sleeping car service has been established between Philadelphia and Toronto. The route is by the Atlantic City Railroad, Philadelphia and Reading Valley to Suspension Bridge, and Grand Trunk Railway system. This route is doubly track all the way.

HORSE BURNED IN STABLES.

Fire, the cause of which was un-

"BE MASTER OF YOUR HEALTH"

---Dr. Chase

Make your blood rich--strengthen your nerves, increase your vitality and build up your system generally by using

Dr. Chase's Nerve Food

You may be skeptical of what any medicine will do for you. But you are human--your vitality depends on an abundance of rich, red blood. Dr. Chase's Nerve Food supplies the ingredients from which new blood is created, and is bound to help you in the same way that it helps many thousands of others.

HERE IS THE PROOF

Woodstock

Mrs. T. Allenby, 269 Main St., Woodstock, Ont., writes:—"For several years I have made use of Dr. Chase's Nerve Food as a tonic and blood-builder. Whenever my system gets run down or I do not feel quite up to the mark, I resort to this medicine, and they never fail to build me up and strengthen me. Different members of our household have also made use of Dr. Chase's Nerve Food with splendid results."

Peterboro

Mrs. James Bogue, 226 Dublin St., Peterboro, Ont., writes:—"Three years ago I noticed that our children seemed to be suffering from bad nerves and poor appetites, and were inclined to anaemia. Knowing the good of Dr. Chase's Nerve Food, I started to give them a treatment of this medicine. I found it built them right up, made them bright and cheery and restored their usual good health. I have also used the Nerve Food myself and found it very beneficial for nerves and heart. In fact I have found Dr. Chase's Nerve Food to be such a valuable medicine for general family use that I have recommended it to many of our friends and acquaintances."

Guelph

Mrs. Emma Loach, 95 York Rd., Guelph, Ont., writes:—"Last year my system became rundown, and I was troubled with nervousness. I had frequent headaches, and found it difficult to get a good night's sleep. I sometimes had a creepy sensation or hot flashes over my body. I secured some of Dr. Chase's Nerve Food in January, and after using them for a time I noticed an improvement. I therefore continued the treatment until the headaches and that creepy feeling disappeared. I got better control of my nerves, and now can go to bed and get a real good night's rest. We think a great deal of Dr. Chase's medicines, and I can certainly recommend the Nerve Food."

Hamilton

Mrs. S. Staunton, 136 McNab St., N., Hamilton, Ont., writes:—"I have used Dr. Chase's Nerve Food for a run-down system, and found it splendid for strengthening and building up the body. I can recommend it to any person requiring a good tonic."

Pictou

Mrs. Arthur Hicks, Pictou, Ont., writes:—"About a year ago I was on the verge of nervous prostration. I became very irritable, and could scarcely stand the noise of the children. As for sleep, it was impossible. Then I had an attack of neuritis in my right arm and little finger. I had spent a great deal of money on different medicines, and doctored with different doctors, trying to get relief, but without success. Finally I tried Dr. Chase's Nerve Food, and they have given me great benefit. My husband could see a great improvement in my look in a short time. I feel so much better that I cannot speak too highly of Dr. Chase's Nerve Food, and would recommend them to anyone suffering from nervous troubles."

London

Mrs. S. Meathrel, 23 Hyla St., London, Ont., writes:—"About a year ago I had a complete collapse from my nerves. I was taken to the hospital for a treatment, but it did not give me much relief. When I was brought home again, I went to the country for a change of air. I seemed to be a little better while there, but after my return home I did not feel much better. I used to have nervous spells, when my limbs would begin to shake, then grow cold, and I would be completely exhausted. I was also troubled with an accumulation of gas on my stomach, which caused me to trip over my feet. At last I decided to try Dr. Chase's Nerve Food, and after I had used them for a while, I could see that they were helping me, so I continued using them until I became quite well again. I became real strong and healthy, could sleep well at night, and was able to do my own housework. As I got stronger the nervous spells disappeared, and I have not had one since. I also used an occasional Kidney-Liver Pill in connection with the Nerve Food, which I think cured the gas on my stomach. I have received such benefit from these medicines that I wish to recommend them to others."

Collingwood

Mr. Harry Edward Trotman, First St., Collingwood, Ont., writes:—"It is with great pleasure I write to tell you the splendid results I have secured through the use of Dr. Chase's Nerve Food. Before I commenced this treatment, I suffered from nervousness--was restless, easily worried; had frequent headaches and neuralgic pains through my body, especially in the back. I could neither sleep nor eat well, my circulation was poor and the heart action seemed weak. I tried several different remedies, but could not gain permanent relief. At last I started taking Dr. Chase's Nerve Food, and this treatment, together with an occasional Kidney-Liver Pill, worked wonders in my case. Five boxes of Nerve Food cured me. My wife has also derived great benefit from the same treatment, and we shall never be without these medicines in the house as long as we can get them."

Brockville

Mr. M. B. McCarten, 88 Church St., Brockville, Ont., writes:—"About five years ago I was troubled with nervousness and sleeplessness. Owing to my business (as a baker) I had long hours and only broken rest, and became so rundown that when I could get the time to sleep, sleep would not come. Through reading some of the advertisements and also looking over a family receipt book, I decided to try Dr. Chase's Nerve Food. I purchased a box, tried it, and continued the treatment until I found myself much improved and could get a good night's rest. Since then, when I feel the need of them, I resort to Dr. Chase's Nerve Food again, with the same good results. I gladly recommend the use of this treatment to anyone suffering from nervousness or sleeplessness."

"Oh, You Do Look So Strong and Well"

"A man who looks like this is a man who has a strong and healthy system. Dr. Chase's Nerve Food is the best medicine for building up the system and restoring the vitality of the body. It is a tonic and blood-builder, and is bound to help you in the same way that it helps many thousands of others."

Children's Diseases Are Not Necessary

"Children's diseases are not necessary. They are the result of a weak and unhealthy system. Dr. Chase's Nerve Food is the best medicine for building up the system and restoring the vitality of the body. It is a tonic and blood-builder, and is bound to help you in the same way that it helps many thousands of others."

"I Am So Short of Breath"

"I am so short of breath that I cannot get on with my work. I have tried many different medicines, but they have not helped me. I have heard of Dr. Chase's Nerve Food, and I have decided to try it. I have purchased a box, and I have continued the treatment until I have found myself much improved. I can now get on with my work, and I feel much better. I can recommend Dr. Chase's Nerve Food to anyone who is short of breath."

"I Wonder If It Would Help Me"

"I wonder if it would help me. I have heard of Dr. Chase's Nerve Food, and I have decided to try it. I have purchased a box, and I have continued the treatment until I have found myself much improved. I can now get on with my work, and I feel much better. I can recommend Dr. Chase's Nerve Food to anyone who is short of breath."

"I Am So Afraid it is My Heart"

"I am so afraid it is my heart. I have heard of Dr. Chase's Nerve Food, and I have decided to try it. I have purchased a box, and I have continued the treatment until I have found myself much improved. I can now get on with my work, and I feel much better. I can recommend Dr. Chase's Nerve Food to anyone who is short of breath."

"You Will Have to be Careful, John, the Doctor Says Your Heart is Very Weak"

"You will have to be careful, John, the doctor says your heart is very weak. I have heard of Dr. Chase's Nerve Food, and I have decided to try it. I have purchased a box, and I have continued the treatment until I have found myself much improved. I can now get on with my work, and I feel much better. I can recommend Dr. Chase's Nerve Food to anyone who is short of breath."

"What is This Nerve Food You See Advertised in all the Papers, Some Kind of Patent Medicine?"

"This is a question that is asked by many people. The answer is that it is a tonic and blood-builder, and is bound to help you in the same way that it helps many thousands of others. It is a medicine that is made from natural ingredients, and it is the best medicine for building up the system and restoring the vitality of the body."

Workers in Chemicals and Metals Are Often Subject to Anaemia

"Workers in chemicals and metals are often subject to anaemia. This is because their work is so strenuous, and it is so easy to get run down. Dr. Chase's Nerve Food is the best medicine for building up the system and restoring the vitality of the body. It is a tonic and blood-builder, and is bound to help you in the same way that it helps many thousands of others."

A Mother's Tribute

"A mother's tribute to Dr. Chase's Nerve Food. My children were so run down, and I was so worried about them. I have heard of Dr. Chase's Nerve Food, and I have decided to try it. I have purchased a box, and I have continued the treatment until I have found myself much improved. I can now get on with my work, and I feel much better. I can recommend Dr. Chase's Nerve Food to anyone who is short of breath."

"I don't think I can go, Jessie, for I just feel wretched"

"I don't think I can go, Jessie, for I just feel wretched. I have heard of Dr. Chase's Nerve Food, and I have decided to try it. I have purchased a box, and I have continued the treatment until I have found myself much improved. I can now get on with my work, and I feel much better. I can recommend Dr. Chase's Nerve Food to anyone who is short of breath."

"Will Morning Never Come"

"Will morning never come. I have heard of Dr. Chase's Nerve Food, and I have decided to try it. I have purchased a box, and I have continued the treatment until I have found myself much improved. I can now get on with my work, and I feel much better. I can recommend Dr. Chase's Nerve Food to anyone who is short of breath."

"I Shall Have to Quit, Principal, I Cannot Manage This Class"

"I shall have to quit, principal, I cannot manage this class. I have heard of Dr. Chase's Nerve Food, and I have decided to try it. I have purchased a box, and I have continued the treatment until I have found myself much improved. I can now get on with my work, and I feel much better. I can recommend Dr. Chase's Nerve Food to anyone who is short of breath."

At this season almost everybody is in need of restorative treatment to keep up energy and vigor and to maintain health, strength and vitality. Everywhere people are talking about Dr. Chase's Nerve Food, because it seems to be exactly what is required in the great majority of cases to restore the run-down human system. 50 cents a box, 6 for \$2.75, all dealers, or Edmondson, Bates & Co., Ltd., Toronto. The portrait and signature of A. W. Chase, M.D., are on every box.

GREAT PROGRESS BY BANK OF MONTREAL

Aid is Being Given Country in Difficult Period of Reconstruction.

Montreal, Nov. 20.—(Special).—The advantages of the Canadian banking system have, perhaps, never been more strikingly shown than by the way Canadian banks quickly met the unprecedented situation arising out of the war, and the manner in which they are now helping the country in the difficult period of reconstruction.

The annual statement of the Bank of Montreal for the fiscal year to Oct. 31 is the first report to be issued for a full year since the armistice. On this account, it contains many changes that indicate a gradual adjustment of special government undertakings of the war period, and a marked expansion in the general business of the country.

Table with financial data for Bank of Montreal, including Total assets, Liquid assets, Savings deposits, etc.

ORE RECEIPTS AT TRAIL. The Consolidated Mining and Smelting Company of Canada, Limited, reports ore receipts at Trail smelter from Nov. 1 to Nov. 7, inclusive, and from Oct. 1, 1918, to date, as 247,712 tons.

PRICE OF SILVER. London, Nov. 20.—Bar silver, 71 3/4 per ounce, an advance of 3/4.

BETTER LATE THAN NEVER. Boston, Nov. 20.—The 25 per cent. increase in freight rates on the Boston and Maine Railroad, granted in April, 1918, but suspended in the computation of rates for the various classes of the railroad's business were given as the reason for the delay.

TO TENDER IMPERATOR TO GREAT BRITAIN. Washington, Nov. 20.—Settlement of the controversy over the disposition of the German liner Imperator was indicated tonight by the shipping board officials, who intimated the ship would be tendered immediately to Great Britain.

Pope Urges Collection For Suffering War Children. Rome, Nov. 20.—The pope has addressed an encyclical to the Catholic Episcopals throughout the world urging a collection on December 28 for the suffering children of the countries devastated by the war.

ORE BODIES OF SHINING TREE SHOW UP UNUSUALLY LARGE

There is No Single Vein Like the Ribble in Any Other Camp—Transportation Should Transform District in a Year.

A blind vein, 15 feet wide, has been picked up by the diamond drill on the Herrick gold mine at West Shining Tree. The vein strikes north and south and has given assays up to \$39 per ton.

There is no single vein like the Ribble in any other camp. Then on the Churchill there is an ore zone 30 feet wide, and as yet only the merest fraction of the property has been prospected.

Shining Tree's Future. Shining Tree, as yet, is not fully explored. The deepest shaft is on the Wasapika, but that is down only 125 feet.

ON CHICAGO MARKET

Hughes, Harcourt & Company, 3 Royal Bank Building, received the following wire at the close of the Chicago market yesterday:

Corn—Corn has been a rather small and narrow affair today, with a somewhat lower price range. Because prices are higher than last year and the crop is larger, it is popularly believed that a downward trend of value is inevitable; however, it is well to bear in mind that conditions are abnormal, that the influences that indirectly govern the price of corn are material factors and that these features, rather than those having direct bearing on the prices, are responsible for the shaping of values.

STERLING HAS RALLY. New York, Nov. 20.—Rates of foreign exchange again dropped to new low levels in the local market today.

BANK OF GERMANY. Berlin, Nov. 20.—The statement of the Imperial Bank of Germany for the week ending Nov. 7 shows the following changes:

REAL INVESTMENT OPPORTUNITIES

Big Dyke stock was not put on the market as a speculative boom stock. It is being sold to obtain money to develop the mine in a big way. The money is going into operations now in progress. Before offering the public any stock.

BIG DYKE

was bought and paid for—\$40,000 was spent on development. The full plan required for sinking a 300-foot shaft was installed and paid for. No liability exists.
