Lewis Here, Ready to "Tell All" Says He Cares Not Who Suffers

Comes From Detroit and Seems Frightened

Will Likely Present Himself to Authorities To-day — Yesterday's Proceedings Bring a Surprise—Serviss, Discharged as a Prisoner, and Turned into a Very Unwilling Witness for the Crown.

The arrival in the city last night of the now-notorious "Tom" Lewis of London, at whose hotel in London so much transpired in connection with the present bribery case, will add fuel to the flame of interest in the police court proceedings.

For Lewis is here with the World's credibly informed—the avowed intention of telling all he knows. Lewis is probably in possession of more information concerning London elections than any other of the "workers," and he can make revelations—if he is in earnest—that will be truly sensational.

He left London last Friday. The announcement that a warrant was issued for him on Tuesday seems to have frightened him, and he left Detroit yesterday and came to Toronto. He registered late last night at the Walker House, and then went out. At an early hour he had not returned.

Norman Chamberlain, nephew of the great imperialist, occupied a seat on the bench yesterday at the trial of Lewis. He learned something about the practical end of Ontario politics for London witnesses continued to testify to receiving money to vote for Mr. Hyman. The ruling price was \$10, but John Hayslip only got \$5. Alfred Gatechiff was promised \$10 to vote for Hyman, and reported that he had taken the oath, but says that he voted for Gray.

Serviss, who had been a defendant, was yesterday discharged at the request of Mr. DuVernoy, who immediately had him sworn as a witness for the crown.

It cannot be said that Serviss is a willing witness. But in one respect he bears the palm. He is an exasperated court and counsel by his evasive answers that the hearing came to a

SHOOK HANDS WITH HYMAN COMPANY WASN'T WANTED

Lewis, at London Station, Meets Member for London—Both Came to Toronto on Same Train But Not Together—Says He Will Confess What He Knows

"Tom" Lewis came in from London on the C. P. R. flyer last night and registered at the Walker House.

Hon. Charles S. Hyman, minister of public works, and member for London, was on the same train, but he did not ride in the same car with Lewis.

When Mr. Hyman reached the Union Depot he failed a hack and drove to the main entrance. A lady met him, and drove with him to the King Edward. Mr. Hyman immediately hurried back to the depot, where he boarded the flyer east at 10.15, en route for Ottawa, where there is a cabinet meeting to-day. At least, that is the hackman's story.

A warrant was issued for Lewis Tuesday morning on a charge of conspiracy in connection with the London election scandal. Lewis was in Detroit. He came thru to London yesterday, and it is said, on the advice of "men higher up," stayed on the train, reaching the city last night.

When Lewis stepped on to the London platform, the first man to shake him by the hand was Hon. Mr. Hyman, with whom he had a hurried consultation. Persons at the depot were in open-eyed astonishment at the spectacle, and to overcome his chagrin, the minister of public works hastened into his Pullman.

Altho Lewis had not gone to his room at 2 a. m. to-day, he is known to have admitted on the train that he was coming to Toronto to give himself up.

"I am going into the box and tell the truth, and the whole truth," he was heard to say several times. "If you do, you will put them all to the bad," he was told. "I don't care who goes, Gilt or Tory, I am going to make a clean breast of everything," he said.

NOT SOLID

UNCLE SAM: Yes, I guess considerable of the "Respectable" High Finance vote 'll go agin you William, but not the hull of it. Some of it won't be aout of penitentiary in time to vote.

SUCH A GOOD INVESTMENT THAT MORAL ETHICS WEREN'T ALLOWED TO COUNT

Hon. Mr. Foster Explains the Manner in Which Union Trust Funds Went Into Western Lands—Free Stock for Oronhyataka and Sir John Boyd—Personal Dealings With Fowler.

Hon. Geo. E. Foster was a witness before the insurance commission almost last yesterday, the only other heard being Peter Ryan, who, in a six-minute statement, given at his personal solicitation, declared that the manner in which it had been inducted he had acted improperly was quite unwarranted, and the assistant manager of the Bank of Nova Scotia, who was questioned concerning entries in Fowler's bank account.

One entry was of a payment of \$2600 to Mr. Foster, and Mr. Shepley apparently sought to connect this as improper act on the part of Mr. Foster, but Mr. Foster, in the course of a long statement, explained that it was a loan. There had been a pleasant road for me to travel, but I have traveled it. Financial obligations had come about and he had to call on friends for assistance.

Mr. Foster related the organization of the land company. The syndicate knew there would be difficulty in financing it for the first three years. He himself felt that the prospects were splendid for ultimate success, and when it became a matter of getting capital, it was decided to substitute the Union Trust for outside capital.

"You were fully alive to the general objection to directors occupying dual positions?" asked Mr. Shepley. Mr. Foster thought so.

"Is it, then, fair to say that the proposition appealed so from its intrinsic merit that your best regard regarding its propriety was forgotten?" "We were convinced it was a good investment," said Mr. Foster.

Sir John Boyd, who was to get \$1000 stock free in order to qualify as a director. One hundred shares belonging to the syndicate had been allocated to Oronhyataka and Fowler, but witness could not say what for.

Mr. Shepley announced that he had a telegram from Geo. W. Fowler, to the effect that he was on his way to Toronto.

NEXT COBALTER TO RISE STOCK ALREADY BOUNDING

Canadian-American Syndicate Has Secured Control of Foster Mine.

Foster-Cobalt Mining Co. Incorporated, Feb. 14, 1906, under the laws of Ontario. Capital, \$1,000,000; shares 1,000,000 of \$1 each. Area, 40 acres; estimated \$250,000 to acre.

There are several veins in this property, some very rich and others of moderate width. To date (August), five car loads have been shipped from this property and there are four car loads on hand in the ore house for shipment.

Such is the description published in August last in William Starr Bullock's "Handbook on Cobalt Mines," of the next Cobalt property that has come off in the same phenomenal way as did the Nipissing-Foster that was par a few days ago, sold yesterday in New York at \$3 for \$1 shares, and sold in Toronto and Montreal for \$2.75. It is probably to be an active stock market here in New York and Montreal.

This Canadian-American syndicate is understood to have paid over \$150 a share, and to have made payment in cash. Who compose the syndicate could not be learned by The World last night, beyond the fact that W. K. George of the Toronto Silver Plate Co. is to be president, and that the directors are to be men well known in Toronto and New York.

TEN DOLLAR BILLS IN N. S. FIGURE IN ELECTION CASE

One Defendant Acknowledges Giving Bribe While the Accused Postmaster of Hamilton Fails to Appear at Trial—Claim Offer of Cash Was Merely a "Feeler."

Annapolis, N. S., Oct. 3.—(Special).—Two cases of special interest were before the supreme court here to-day. They were brought by A. L. Davidson, Conservative provincial organizer, against parties accused of bribery in the interests of T. A. Daniels, M.L.A., in connection with the recent elections in this county.

In the case of the action against Fred Armstrong of Round Hill, in which it was charged that he had been paid by the defendant to bribe a voter to vote for Mr. Daniels, the defendant admitted the offence and thus avoided appearing on the stand. His counsel asked that the full penalty of \$400 for the offence be not imposed.

Judge Townshend took the matter in consideration. In the other case, in which Z. Hall, postmaster of Hampton, Annapolis County, was alleged to have offered \$5 bribes to various voters to vote for Mr. Daniels, the case was allowed to proceed to trial. The defendant failed to put in an appearance.

Two other witnesses, however, Samuel and Taylor testified in the most positive way to Hall offering them \$5 to vote for Daniels, and that Councillor H. Williams was to pay over the money in the event of their voting satisfactorily.

Defendant's counsel took the objection to the witness, were not offers within the words of the statute, but merely feelers. Judgment was reserved in this case.

TWENTY-FIVE ARMED MEN HOLD UP BLACK SEA SHIP

Drive Crew into Steerage and Loot Mail and Ship's Treasury.

Pott, Transcaucasia, Russia, Oct. 3.—Twenty-five men armed with revolvers and rifles, who boarded the Black Sea steamer Czarevitch George at various points on her voyage, succeeded in abstracting and getting away with \$6000 from the mail and the ship's treasury during the night of Oct. 1.

Firing the weapons and shouting to the steerage passengers not to move, the robbers drove the crew into the steerage and occupied the approaches to that part of the ship, threatening the passengers and crew with death if they resisted.

The first-class passengers fired some shots at the robbers, who, however, compelled the captain to order an immediate cessation of the firing, threatening to shoot him, the two mates and four sailors, whom they had retained as hostages, if the firing was continued.

After securing the sum referred to the robbers compelled their hostages to put them ashore in one of the ship's boats.

LEAVE IT TO RATEPAYERS WHERE SCHOOL TAXES GO

London Standard Says Canada Need Not Be Lacking in Time of Stress.

(Canadian Associated Press Cable).—London, Oct. 3.—Speaking at the church congress Rev. Mr. Cripps, vicar-general, advocated allowing ratepayers to state whether their rates should be used for denominational or undenominational schools in accordance with the system tried and worked in Canada. This would end the educational difficulty.

The Standard, referring editorially to imperial defence, says Canada perceives that in the interest of the empire it is better to devote all her resources and energies to developing and preserving her invaluable possessions. What is gained to Canada is gained to the rest of the empire, and in time of stress Canada would not be lacking.

The Standard views with apprehension the influx of Americans into Canada, and demands that Canada preserve a rigid probity in her public administration. American immigration, even American contiguity, contains a constant and insidious peril.

The New Zealand parliament passed a resolution hoping that a satisfactory reciprocal treaty with Australia will yet be devised.

IRELAND SOON TO BE FREE

After Leader's Address, United League Pledges Financial Support to the Cause.

Philadelphia, Oct. 3.—Patriotism of a substantial kind was manifested today, when the convention of the United Irish League of America pledged \$100,000 for the cause of home rule for Ireland within two years.

A cablegram which had been ordered forwarded to John E. Redmond, announcing the \$100,000 pledge, was the motion of D'Arcy Scott, the solitary delegate from Ottawa, who made the motion that the league increase the amount to \$150,000. This motion was unanimously adopted and subscriptions were fairly showered on the presiding officer, and this in Ireland would soon emerge from British rule and have its own home government.

Mr. O'Connor spoke for more than an hour. He reviewed the work being done in the British parliament in the cause of Irish home rule and predicted that Ireland would soon emerge from British rule and have its own home government.

Rev. Frank J. O'Hare of Ireland read the report of the business committee. He recommended sending delegates from the United States to investigate extreme conditions in Ireland and report to the league.

EXTEND STREET, SAVE LIVES CORONER'S JURY ADVISES

Train Crew Exonerated in Wrahal Fatality—Suggestion Made to City.

Coroner McConnell conducted an inquest at Nurse's Hotel, Humbert, last night touching the death of Horatio Wrahal, who was killed on the railway track at that place Tuesday night.

The verdict returned was that the unfortunate man came to his death through being struck by a C.P.R. train, and that no blame was attachable to the engineer or fireman of the train.

The verdict concluded: "Owing to the large number of trains passing at excessive rate of speed we recommend that pressure be brought on the City of Toronto and the Township of York to have Queen-street, north of the tracks, extended to the Humbert River so as to avoid crossing."

REBELS LAY DOWN ARMS ALACRITY IS SURPRISING

Havana, Oct. 3.—The alacrity with which the rebels are laying down their arms to the disarmament commission is the greatest surprise the provisionist government has yet encountered.

Seven hundred of Cuermas men, with their horses, have been entrained for Pinar del Rio, while one brigade marched to Guanajay to-day. As a concession to the men, General Funston and Major Ladd permitted them to take their arms to Pinar del Rio, where most of them joined the insurgent army. They will be requested to surrender them before leaving the train.

The marines sent to Pinar del Rio last night were prepared to enforce order and see that the disbanded rebels dispersed quietly.

According to an American named Harvey, formerly a Roosevelt rough rider, who has been with the insurgents, the amount of actual fighting during this revolution really was small. Harvey says that most of the fighting he had seen was between game cocks. Ten per cent of Guermas men carry fighting cocks tied to their saddles.

ONTARIO CHEAP POWER MOVEMENT MAKES SATISFACTORY PROGRESS

Ald. Fryer, President of the Municipal Power Union of Western Ontario, Says Plans Should Be Complete in Eighteen Months.

Galt, Oct. 3.—(Special).—Ald. J. H. Fryer, president of the Municipal Power Union of Western Ontario, to-day expressed himself to The World correspondent as being exceedingly well satisfied with the progress the cheap power movement was making.

He referred to the fact that over 75,000 horse-power of electric energy had been applied for, as evidence that people generally had faith in the scheme and ability of the commission to carry it out successfully.

"How long do you expect it will be before the electric-commission gives municipalities an estimate on the cost of power?" was asked. "I don't think we should expect estimates for a few months. These things take time and there is a lot of work before they can give us prices."

Arbitrator Asks \$400 for His Services—Test of City Water—Funeral of F. R. Hutton.

Hamilton, Oct. 3.—(Special.)—Detective Miller made what the police regard as an important arrest this afternoon at the race track.

Bad Place for a Fire.

About 7.15 this evening fire broke out in the shed in rear of Smith, Staker & Feeder Company, 115 East Jackson-street.

Von Wagner Not There.

The special waterworks investigating committee had a meeting this evening to hear what Col. Van Wagner had to say in support of the charge he made that the lake in-take pipes were open when Engineer Crewe of Toronto was testing the basins as part of his filtering capacity.

Another Tangler.

The latest tangle about the street railway arbitrators' award is the one presented by Arbitrator Jardine. He has demanded \$400 for his services, to be paid at the rate of \$50 a day, and the company's arbitrator, F. J. Howell, has declined to endorse the award.

Donald Sutherland, for many years a grocer in Hamilton, attempted to commit suicide at his home on the beach this morning.

Jockey May Die.

Jockey Pedergast, who had the mount on George Perry in the first race to-day, and whose horse fell when Miss Martha fell, was so badly hurt that the little hope of his recovery is held out by the doctors at the City Hospital.

The funeral of the late F. R. Hutton took place this afternoon.

The Yukon Consolidated Engineering Goldfields Company has given the Canadian Westinghouse Company a big contract.

The ladies who have charge of the campaign to make money for the new Y.M.C.A. will operate a street car, and pocket the proceeds for their fund.

The full text of the street railway arbitrators' award will be given out Thursday.

A new company, with John Connon as manager, has taken over the business of the Webster Floral Company.

The petition of the parks board asking the Dominion railway commission not to allow the Hamilton, Waterloo and Guelph Railway to use the parks, has been issued.

W. A. Sealey, formerly a city ward foreman, died at his home, 66 West Ferrie-street, to-day.

The Toronto Daily and Sunday World delivered to any address in Hamilton before 7 a.m.; daily, 25c a month; Sunday, 50c per copy.

It is said that the Ontario government is planning to build a canal through the Niagara Gorge.

It was rumored in connection with the monthly meeting of the Association of Retail Coal Dealers, held last night, that a further advance in the price of coal was under consideration, but this was emphatically denied by Secretary E. M. Townson of the Retail Dealers' Association, when asked about it by The World.

"Nothing of the kind was suggested," he declared. "The dealers are pleased to be up to their present standard, and would prefer to be able to supply the public at less than the present figure. I can say positively that there will be no advance this year at any rate, and there is no prospect of any rise this winter, unless there should be a strike among the miners."

WOMAN'S WORLD.

THE LADY WITH A POCKET IN HER DRESS.
I've wondered what the charm could be
imbued her with placidity!
'Twas only lately I could guess—
The lady had a pocket in her dress!

No nervous search in belt to find
A truant kerchief—left behind!
Or quaking when a sneeze doth press
The lady with a pocket in her dress!

No awful hunt to find her purse
While someone waits—to make it worse!
Serene and calm in time of stress
The lady with a pocket in her dress!

She sits to sew, her thimble there
Where the darning is so true,
All ready, waiting lady fair!
The lady with a pocket in her dress!

We Jeanie frets—her hand slips in
To find some treasure—trove therein!
Her quiet way doth me impress
The lady with a pocket in her dress!

A face so smooth and sweet and fair
It radiates that peaceful air
Of one who doth her soul possess!
The lady with a pocket in her dress!

Hamilton, Ont.

WORLD'S PATTERN DEPARTMENT.
Designed by Mildred Cassella.
BOYS' KNICKERBOCKERS—(1045)
Knickers are being worn more
by small boys this season than ever
and many times a smart suit can be
obtained by combining some fetching
blouse with these bloomers, which
make a waist appear more attractive
than the straight pants. Particular at-
tention is being given to bloomers set
with wash materials and many smart
designs are to be had at the shops,
such as striped or plain galatea cloth,
white, very neat and dainty styles.
Other materials that will develop nicely
are cotton, or linen duck, woolen
material will make up attractively as
well.

In St. Stephen's Church, last evening,
W. E. B. Hemphill and Mrs. Alice
Thorne were quietly married by Rev.
Canon Broughall. The young couple
are popular. They will reside at 470-1/2
Fergus, Ont., where the family now
reside.

The marriage of Miss Mary Mennie,
daughter of the late Dr. J. G. Mennie
of Toronto, to R. J. S. Weatherston of
Ottawa, will take place on Oct. 17 in
Fergus, Ont., where the family now
reside.

In St. Stephen's Church, last evening,
W. E. B. Hemphill and Mrs. Alice
Thorne were quietly married by Rev.
Canon Broughall. The young couple
are popular. They will reside at 470-1/2
Fergus, Ont., where the family now
reside.

Parke W. C. T. U. regular monthly
meeting will be held in Dunn-avenue
Methodist Church to-morrow at 8
p.m. in connection with the celebration
of the delegates to provincial
convention in London will be elected.

Coming Events.
The Rosedale Travel Club meets to-
night at the residence of Mrs. H.
O'Hara, 50 Elm-avenue.

The monthly meeting of the Anglican
Women's Auxiliary to Missions will be
held in St. John's Church, Toronto
Junction, at 10.30 to-day.

The Women's Canadian Historical
Society will meet on Thursday, Oct. 11,
in the Y.M.C.A. building in Queen's
Park.

WOMAN BADLY INJURED.
Mrs. C. A. Jackson Struck by Horse
After Alighting From Car.

A butcher's horse and cart caused
serious injury to Mrs. C. A. Jack-
son of Castle Frank-road, Rosedale, as
the lady was alighting from a car at
the head of the street yesterday
noon. The cart came round the corner
and knocked Mrs. Jackson down. Her
head struck the curb and she was un-
conscious when taken to the General
Hospital.

The driver of the cart was Thomas
Bertram of 509 1-1/2 Yonge-street. Last
night the hospital authorities stated
that Mrs. Jackson was very badly
injured. Her head was fractured. The
doctor failed again in the case of
young J. C. Smith, when a street car
hit the lad at Close-street and King-
street, very early yesterday morning.
It seems that the boy walked around
the milk wagon which he drives for his
father, Philip Smith, at the corner of
avenue, and got in front of the car
with the result that he got underneath
the wheels. Dr. McKenzie and Harris
attended him.

ADDITIONS TO WYCLIFFE
ALREADY WORLD'S LARGEST

With Next Three Years Anglican
College Will Have Made
Great Extensions.

Wycliffe Alumni continued their
meetings yesterday with great suc-
cess. The day opened with a quiet
hour service when Rev. F. W. Tom-
kins, Holy Trinity, Philadelphia, spoke
on the need of consecration.

Principal O'Meara's address at the
morning session on the Past, Present
and Future of Wycliffe, aroused vivid
interest. He had said the university
must be investigated to see if it was
worth the cost. He said that Wycliffe
theological institution in the world
There had been ten graduates last
year and 27 new students had entered.
They had to refuse 27 different places
from whom appeals had come for
admission. He said that the university
was a greater rigor in the
examinations in future.

During the next three years he ex-
pected Kasan to be considerably
enlarged. Fifty feet more has
been definitely secured to the east of
the present site, and he refused to admit
any suggestion to build anything be-
tween are college boundary and
Queen's Park.

The terms of his requests and en-
dorsements require the college to pur-
sue its own way without amalgama-
tion or union with other similar in-
stitutions.

At luncheon Prof. Clark of Trinity
spoke of the growing spirit of unity
between the branches of the church,
and the importance of the education
of the St. Andrew's Brotherhood, spoke
of that movement in the afternoon.
Archdeacon Swenson, secretary of
the Anglican Young People's
Associations, and Rev. T. A.
Wright, Tillsonburg, gave an address
on the comprehensiveness of the
church.

A pleasant social evening was the
result of the reception given to the
alumni at the university last night by
Principal and Mrs. O'Meara.

The meetings continue to-day and
tomorrow evening. The association will
conclude to-morrow evening.

After Alighting From Car.

A butcher's horse and cart caused
serious injury to Mrs. C. A. Jack-
son of Castle Frank-road, Rosedale, as
the lady was alighting from a car at
the head of the street yesterday
noon. The cart came round the corner
and knocked Mrs. Jackson down. Her
head struck the curb and she was un-
conscious when taken to the General
Hospital.

The driver of the cart was Thomas
Bertram of 509 1-1/2 Yonge-street. Last
night the hospital authorities stated
that Mrs. Jackson was very badly
injured. Her head was fractured. The
doctor failed again in the case of
young J. C. Smith, when a street car
hit the lad at Close-street and King-
street, very early yesterday morning.
It seems that the boy walked around
the milk wagon which he drives for his
father, Philip Smith, at the corner of
avenue, and got in front of the car
with the result that he got underneath
the wheels. Dr. McKenzie and Harris
attended him.

YE OLDE FIRME OF HEINTZMAN & CO. ESTABLISHED 50 YEARS.

Emergency Make-Room Sale of
Leading Makes in Square Pianos
A New York Rosewood Case Piano for \$60.00.
Heintzman & Co. Rosewood Case Piano for \$140.00

We are crowded for room in our warerooms, King St. West, and must clear
present stocks. "Must" is the word. Price cannot stand in the way as the fol-
lowing lists prove:

Gale & Co., New York, octagon legs, 6 1/2 octave,
rosewood case, a very good practice piano,
good value at\$60.00
Stodard, New York, octagon legs, 7 octave,
rosewood case, good practice piano, good value
at\$65.00
Gordon, New York, carved legs and lyre, ser-
pentine base, 7 1/3 octave, over-strung scale,
rosewood case; in A1 condition, and good
value at\$122.00
R. S. Williams Square Piano, with four round
corners, finished back, front, 7 1/3 octave,
over-strung base, carved legs and lyre, ser-
pentine base, top and bottom mouldings, in elegant
condition in every way, and can hardly be told
from brand new; would pay you to see this
piano\$123.00
Dominion Piano, carved legs and lyre, serpentine
base, 7 1/3 octave, over-strung scale, rose-
wood case, in A1 condition, and will give sat-
isfaction for years to come, special at, \$125.00
Heintzman & Co., Toronto, rosewood case, ser-
pentine base, carved legs and lyre, 7 1/3 octave,
over-strung scale, one of our own well-known
make, and an instrument that will give every
possible satisfaction, and we consider it excep-
tional value at\$140.00
Heintzman & Co., Toronto, rosewood case, ser-
pentine base, carved legs and lyre, 7 1/3 octave,

Gas Blow Kills Two

Pueblo, Col., Oct. 3.—Two men are known to have been killed and two fatally injured as the result of an explosion of gas at a blast furnace of the Colorado Fuel and Iron Company's steel works here early today.

Your Cold

How will your cold tonight? Worse, probably. How about tomorrow? The trouble is, colds always tend downward. Stop this downward tendency with Ayer's Cherry Pectoral. Your doctor will tell you why it can do this. Ask him all about it. Ask him if he has anything better for coughs and colds. Then follow his advice, whatever it is.

Moses Healey and Graham Will Lay Off on Saturday

For City Lawn Tennis Championship—Results in Varsity Tennis Tournament.

Fine weather again favored the many players in the Varsity tournament, and in the three days considerable progress has been made in all events. The match for the ladies' city championship was played Saturday afternoon between Miss Healey and Miss Graham. Surprises have been the order in all the events, and also most of the events have reached the semi-final stage, it is very difficult to pick the winners.

The results of the third day: Ladies' handiicap—Miss MacLaren (scr.) won from Miss Tait (plus half 10), 6-4, 6-4; Mrs. Cox (half 10) won from Miss Mitchell (minus half 10), 6-4, 1-6; Miss Moses (minus 30) won from Miss Melville (plus 10), 6-1, 6-3; Miss Scott (plus 10) won from Miss L. Shepherd (plus 10), 6-2, 6-0.

Ladies' open singles—Miss Graham won from Miss Andras, 6-0, 8-6, 6-3; Miss Healey won from Miss Summehayes, 6-1, 6-2. Men's open—Glasseo beat O'Grady, 6-1, 6-2; Macoswin beat Macdonald, 6-1, 6-2; Macdonald, 6-2, 6-4; Bartlett beat MacLaren, 6-0, 6-3; Hodgson beat Brock, 6-0, 6-2; Macoswin beat Spinaux, 6-0, 6-4; Kieley beat Thompson, 6-0, 6-2.

Handicap singles—Locke (minus half 10) beat Dr. Henry, 6-0, 6-4; Pettigrew (minus half 10) beat Macdonald (scratch), 6-1, 6-3; Macoswin (minus half 30) beat Cumming (minus half 10), 6-1, 3-6, 6-2; Bartlett (minus 10) beat Hara (minus half 10), 6-4, 6-2.

Men's doubles—Larson beat Brown, 7-5, 6-4, 6-3; Hooper beat Hara, 6-3, 6-2. Men's doubles—Kieley and Southern beat Brown and Kieley, 6-3, 10-8; Leslie and Kieley beat Macdonald and Crawford, 7-5, 7-5.

Men's doubles—Larson beat Brown, 7-5, 6-4, 6-3; Hooper beat Hara, 6-3, 6-2. Men's doubles—Kieley and Southern beat Brown and Kieley, 6-3, 10-8; Leslie and Kieley beat Macdonald and Crawford, 7-5, 7-5.

Men's doubles—Larson beat Brown, 7-5, 6-4, 6-3; Hooper beat Hara, 6-3, 6-2. Men's doubles—Kieley and Southern beat Brown and Kieley, 6-3, 10-8; Leslie and Kieley beat Macdonald and Crawford, 7-5, 7-5.

Men's doubles—Larson beat Brown, 7-5, 6-4, 6-3; Hooper beat Hara, 6-3, 6-2. Men's doubles—Kieley and Southern beat Brown and Kieley, 6-3, 10-8; Leslie and Kieley beat Macdonald and Crawford, 7-5, 7-5.

Value of Inoculation Described to Students

Sir A. E. Wright of Dublin Delivers Inaugural Address at the University.

Sir A. E. Wright, M. D., F. R. S., of Trinity College, Dublin, delivered the inaugural address to six hundred medical students on the subject of "Inoculation" at the gymnasium last night. Professor Wright is noted for his brilliant works on research, and his lecture, assisted by various designs and illustrations, was exceedingly interesting.

The man of the medical college presided. Those on the platform were: The chancellor, vice-chancellor, Dean Reeve, Acting-President Maurice Hutchinson, I. E. Cameron, Dr. McPhedran, Dr. F. W. G. Starr, Dr. W. J. Wilson, Dr. Harold Parsons, Chambers, N. A. Powell, Ryerson, and the guest of the evening, Sir A. E. Wright, M. D., F. R. S.

After the lecture, the junior members of the faculty gave a dinner to Dr. Wright at the dean's residence. Dean Reeve, in a brief speech, introduced the speaker of the evening. Sir A. E. Wright spoke on the subject of "Inoculation." Medicine had not achieved much as yet. Man had control of many diseases, but he had not yet to control, typhoid on the face were practically incurable, for instance, still many people pretended to cure this disease. Typhoid fever had yet to be conquered. The knowledge of inoculation has commenced the work in the struggle for life against these diseases. The speaker announced that this work was going on apace, and remarkable cures had been effected by the close study of this treatment and a successful application.

Inoculation gave a high resisting power. By diagrams it was shown that the inoculation might at times bring the resisting power above normal. Successive inoculation would be successful in the same way. Hence the principles of inoculation was just the test, and then the inoculation and re-inoculation.

Dr. Wright told of many cases and notoriously desperate chances in fever, tubercular and other diseases, when inoculation had resulted successfully. In the dread disease, maffa fever, this treatment had worked out nearly every time.

The fringe of the subject has only been touched. Countless diseases might be attempted to see whether they could be found, the resistance power tested, and the inoculation applied. The medical profession would take it up within the next few years hundreds of cures, otherwise hopeless, would be effected by this subject.

York County and Suburbs More Church Members Stricken Off the Rolls

Quarterly Board of Annette St. Baptist Church Takes Rigorous Action.

Toronto Junction, Oct. 3.—At the quarterly meeting of the board of the Annette-street Baptist Church to-night the names of between 25 and 30 members were struck from the rolls. It is understood that their sympathy for members previously expelled is the cause for the erasure.

A quiet wedding took place to-day when Ida Maude, daughter of George Elliott of Peterboro, was married to Robert Carruth of London, by Rev. Dr. Hoadley of the Annette-street Methodist Church.

Jack Desmond received word to-day that his mother, who resided in Galt, had died.

A shipment of 51 Shire, Clydesdale and Percheron horses, from England by the C.P.R., for the Hotel de Lakeview, will be sold on Oct. 16 at Weston.

At 7.30 to-night, Mrs. C. J. Musson of 125 Delaware-avenue, Toronto, was crossing at the corner of Dundas and Keele-streets. Motor car 484, owned and driven by R. A. Fraser, 175 Keele-street, came up behind her. Mrs. Musson got frightened and fell, fracturing her knee. She was carried into the store of G. Musson, her brother-in-law, where Dr. Perfect attended her.

G. Nichols, 25 Hamilton-street, aged 70, and Frank Emmett, 48 Saulters-street, aged 9, were taken to hospital at 7 o'clock. They were not at school all day. Their parents were notified with and sent for them.

North Toronto. The removal of the trestle work of the old waterworks tank seems to be a puzzle. One firm's tender for removing it was \$881, but the other firm's offer to take it down and pay the town \$30 if he can keep the timber.

The Women's Foreign Mission Society of the Independent Presbyterian Church met yesterday afternoon in the church, Mrs. (Rev.) D. C. Hossack presided. Mrs. Greig, of the mission, was the speaker. Miss Grace McKenney and Miss Annie Murray added to the musical program. The Women's Foreign Mission Society of the Independent Presbyterian Church met yesterday afternoon in the church, Mrs. (Rev.) Q. O. R. on Active Service. One Battalion Performs Field Work in Queen's Park.

A little variety was introduced in the weekly military manoeuvres of the Q. O. R. last night. The two battalions drilled separately, No. 1 in command of Maj. Rennie, being allotted the entire floor space of the armories to execute battalion movements, while No. 2 was marched off to University lawn, where the different companies were given a special drilling in outposts duty. A line was established around the corners of the park, the group system being employed, and visiting patrols were sent out from the pickets to establish communication between the pickets and main lines.

Lieut.-Col. Mason inspected the proceedings and pronounced the work very successfully done, the men apparently taking great interest in the tactics. The attendance has shown a weekly increase since the season opened, until last night roll call was responded to by 875 men.

Fourteen men were added to the regular strength during the past week and 39 struck off.

Corporal P. C. Sent and R. Y. Inglis have been appointed to act as sergeants, and Ptes. F. Scully, W. S. Pate and A. A. Strathdee, 1st Bat., Pte. R. Dunlop of No. 6 Co., 1st Bat., has been promoted to rank of sergeant.

More Children at School. Increased Attendance of 1445 Reported for September.

Figures prepared by the inspector's department show the growth in the number of school children in this city. In September of last year the attendance at the public schools was 27,486, while the month just closed shows an average of 28,923, an increase of 1445.

City teachers will go to Rochester on Thursday, Oct. 18, returning on the 20th. Inspector Hughes will visit Rochester on Saturday to arrange for the visit.

Gamey in Thamesville. Thamesville, Oct. 3.—R. R. Gamey of Mantoulin gave an interesting talk on New Ontario at the fall fair to-day. P. H. Bower, M.L.A., and other prominent people were on the platform. The fair was a great success.

Walter Cassels, K.C., and Wallace Nesbitt, K.C., have been elected to the seats in the places of Walter Barwick, K.C. (deceased), and the Hon. A. B. Aylesworth, who as minister of justice, has become an ex-officio bench.

New Cure For Rupture

New Scientific Appliance, Always Perfect, Fits Adjustable to Any Size, Person—Easy, Comfortable, Never Slips—Costs Less Than Many Common Trusses—Made for Men, Women and Children.

I send it on Approval—You Wear It—If You Are Not Satisfied, I Refund Your Money.

I have invented a rupture appliance that I can safely say, by 20 years' experience in the rupture business, is the one that will absolutely hold the rupture and never slip, and yet is cool, comfortable, conforms to every movement of the body without chafing or hurting, and costs less than many ordinary trusses. I have put the price so

Get After Country Vendors Who Put Water in the Milk

Local Board of Health Favors City Getting Permissive Legislation.

If the city council gives support to the recommendation passed by the local board of health yesterday afternoon the Ontario legislature will next session be asked to give the city power to prosecute outside vendors of adulterated milk brought into Toronto.

Dr. Sheard, in urging that the legislation be applied for, said that the percentage of two per cent of butter fat in a number of the samples of milk analyzed by him meant that three gallons of water had been added to six gallons of the lactical fluid.

"It has been going on for years, and has been the cause of the deaths of hundreds of infants," declared Ald. Dr. Noble, who thought the city should also seek to proceed against the middlemen. Dr. Sheard thought, however, that these latter were often innocent victims of malpractice by the milk producers.

Before going before the council the recommendation will pass through the hands of the city solicitor to be properly framed.

Dr. Sheard reported that the city was in a satisfactory state of health. There was no smallpox what-ever, and there was less contagiousness of any kind abroad than usual.

City to Have Fire Boat. The fire and night committee looked with favor upon a recommendation by Fire Chief Thompson that the city engage the services of Capt. Goodwin's improved fire boat for the protection of island property. It was pointed out that the experiment would mean an outlay of \$500 for the boat, and that the city would have to supply the men, and to keep steam up constantly.

Incendiarism was blamed by F. Lee for fires which had broken out in two stables, in the rear of 388 West Adelaide-street in the evening of Sept. 27. He asked that a gas lamp be placed at a pole nearby where lanes intersected, and this was approved.

Ald. Graham again made complaint that the electric gas lamp company was failing to give proper service, a number of lights often going out. Street Railway Company Agreement. The street railway company have given notice to the city that they require the cancellation of the agreement for the removal of ice and snow which was entered into nine years ago. This agreement provides that the company pay the cost of the removal of three feet from the sides of the tracks. The reason given is that the company is liable for accidents due to snow and ice being on the street.

The street railway does not intend to enter into any hard and fast agreement with the city as to snow and ice, as Manager Fleming told the board of control. He said the company would not have consented to start work on the agreement to that the city would raise a question as to the roadbed.

Mr. Fleming will wait on the board to-day to request a reduction in the price charged by the city for land at the corner of Ossington-avenue and Harrison-street to be used by the company as site for a new electric storage house. The claim will be made that the company, through its representative on the other side after being turned down on another one by the city, will have to spend \$9000 extra for truckage and concrete.

Protest Against Metropolitan. Protests against the fenders used by the Metropolitan Railway and the Toronto Street Railway is contained in a letter by Controller Jones to Chairman Letch of the Ontario railway board. He asks investigation of the Glen Grove car fenders, and styles the fenders on the Newmarket cars of cow-catcher design. He asks investigation of the fenders and their condition of repair.

FORMED A NEW COMPANY. Case is Now Being Ventilated in the Non-Jury Assizes. The quarrel between the Copeland-Chatterton Co. and their former employees now composing their competitors, the Business Systems, Limited, makers of loose-leaf ledgers and account books, is now before Justice Clute in the non-jury assizes. It promises to last for some time.

The Copeland-Chatterton Company claim to be entitled to damages and injunction from the defendants, alleging that they solicited plaintiffs' servants to break their contracts; made a list after leaving and forming a new company of plaintiffs' customers; duplicated information respecting plaintiffs' business, and carried off tools of the plaintiffs.

The witnesses examined yesterday afternoon were Henry S. King, one of the defendants, and Melville Stanfield, the fifth of the latter's evidence being that he had known of the plans of the defendants but had remained with his own company upon proper arrangements being offered for him to do so.

The case goes on this morning. The peremptory list in the non-jury assizes of the high court to-day is Copeland v. Business Systems, Limited (continued), and Western Commission Co. v. Moore.

On Trial a Second Time. For the second time, Judge Inglis is trying the action of Richard Stokes, who is suing the Toronto Railway Co. for damages for injuries arising out of an accident which occurred July 15, last year, on Queen-street, opposite the city hall.

Stokes was driving a lumber wagon when he got into a collision with a horse-drawn cart owned by McBurney of 86 West Queen-street. A street car was also injured. The company applied to a fall from his wagon, broke both legs. He sued the Railway Company, and also has a suit against McBurney now pending.

In his action with the railway, he was at a former trial, awarded \$1500 damages. The company appealed to the divisional court, and was granted a new trial.

F. A. Nutt of Stratford has been appointed chief clerk to the G.T.R. divisional freight superintendent, Mr. J. H. Husted is in the city ahead of the "Charlie's Aunt" company.

GREAT AREA OF TIMBER

IN THE NEW TOWNSHIPS

Government Surveyor Niven Returns From Extensive Tour in New Ontario.

Alexander Niven, one of the most experienced surveyors in the Ontario department, has just returned from laying out in outline ten nine-mile townships in the clay belt between the Mississauga and the Mettagami Rivers.

Mr. Niven commences his survey from the base line run by him in 1900, running west 108 miles from a point on the district boundary between Nipissing and Algoma, 115 miles north of Sudbury, the townships lying south of this line.

The country through which Mr. Niven passed he describes as the finest he has ever met in Northern Ontario. Nearly every acre is good agricultural land, the country generally being of a rolling character with occasional mountains. The soil is a rich clay loam, with occasional areas of sandy loam. The new townships are crossed by the Rivers Mississauga, Opazatika, Kapuskasing, Groundhog and Mettagami. A large and beautiful clear lake was found in one of the townships, three or four miles wide and six or eight long, which contained trout, pike and pickerel. There are only a few rock exposures in the whole area, near the rapids on the larger rivers.

Mr. Niven states that the timber in the largest he has passed thru in any of his surveys. It consists chiefly of black and white spruce, of from 16 to 20 inches diameter, suitable for lumbering; considerable poplar or aspen, as well as balsam of Gilead, white birch, with occasional areas of black birch on the ridges.

The G. T. P. Railway survey for the main line runs thru these ten townships, which with the 10 surveyed to the north by T. B. Speight cover an area of 1600 square miles, comprising a million acres. This is twice the size of York County, or as large as Grey, of the district of Muskoka. In the whole block the land is less broken than in any one township in Eastern Ontario.

At the meeting of the board, subsequently held, Sir William C. Van Horne was re-elected chairman of the board, and David McNeill, vice-president of the company, and the executive committee was appointed as follows: Sir William C. Van Horne, Lord Strathcona, and Mount Royal, Richard Angus, Edmund B. Osler, Sir Thomas G. Shaughnessy and David McNeill.

PHILLIPS CASE TRAVERSED.

York County Loan Affairs Will Be Ventilated at December Sessions

The York County Loan smashup was recalled, when Joseph Phillips, the manager, was arraigned before Judge Winchester in the sessions yesterday on a charge of having falsified the request of Arthur Ardagh, the case was traversed to the December sessions. Phillips pleaded not guilty. A. M. Hobbler, in again became ball bodsman for \$5000.

The grand jury is still considering the conduct of the defendant as to the management of the Loan Company. The charge upon which Phillips now stands indicted is in connection with the Listz Piano Co. dealings with the Bank of Montreal, combining \$25000 payment of a house on Macdonell-avenue.

Books for Sportsmen. Hunting season is round again, and every sportsman should write for the Canadian Pacific Railway's new booklets and maps. A post card to C. B. Foster, D.P.A., C.P.R., Toronto, will bring you by return, without cost, any or all of the following: "Fishing and Shooting Sportsman's Map," "Open Season" and "Game Laws." Remember return tickets to all game regions on sale to hunters at single fare from Oct. 9 to Nov. 6, good to stop over anywhere and to return until Dec. 8. Tickets and full information at all C.P.R. offices.

Special New York Excursion. Via Lehigh Valley R. R. from Suspension Bridge, Thursday, Oct. 4. Tickets only \$3.00 round trip. For tickets call 10 East King-street, L.V.R. office.

For Weddings Silver \$1 to \$5.

To find a gift article that is at once inexpensive and in irreproachable taste is not everywhere easy.

The difficulty disappears on a visit to Diamond Hill, where a wide range of Sterling Silver articles is shown at from \$1 to \$5.

The showing includes Tea Strainers and Stands, Sugar Tongs, Tea Balls, Tea Infusers, etc.

C.P.R.'S SUCCESSFUL YEAR

TO PAY EXTRA DIVIDENDS

Deferred Receipts From Land Sales to Be Distributed—Five Millions Voted Still on Hand.

Montreal, Oct. 3.—At the annual meeting of the shareholders of the Canadian Pacific Railway Company today the report of the directors was unanimously adopted. The retiring directors, Lord Strathcona and Mount Royal, Sir Thomas G. Shaughnessy, Thomas Skinner and Clarence H. Mackay, were re-elected.

Resolutions were passed, authorizing the lease of the following lines in Ontario and Quebec, aggregating 166 miles: Georgian Bay and Seaboard Railway; Walkerton and Lucknow Railway; Berlin, Waterloo, Wallaceburg and Lake Huron Railway; Joliette and Brandon Railway.

An issue of one per cent. debenture stock was authorized for the construction and equipment of the following branch line extensions in Northwestern Canada, aggregating 290 miles: Moosejaw branch, Weyburn branch, Stonewall branch, extension, Lauder extension, Souris branch, and extension of West Selkirk branch.

A resolution was adopted, approving the action of the directors in agreeing to contribute \$100,000 towards the improvement of the Winnipeg water system.

President's Address. In moving the adoption of the report, the president said: "The increase of more than \$11,000,000 in gross earnings marks the progress and development of the territory served by your lines, and the very satisfactory nature of the earnings remains a liberal allowance in your working expenses for the maintenance of your property. Thus far in the present year your revenue from traffic shows a large increase over the corresponding period in the previous year, and, while it is probable that later on the weekly comparisons will not be so striking, there is every reason to anticipate continued improvement. Indeed, although neither effort nor money is spared, we find it almost impossible to provide cars and locomotives rapidly enough to meet the requirements of the business development along your lines in such a manner as to satisfy with promptness the demands of your patrons."

"At the special general meeting held Monday, Sept. 18, it was decided to supplement the proceeds of the issue of ordinary capital stock then authorized by an appropriation from surplus earnings of \$1,000,000. No portion of this appropriation had been expended prior to June 30, but your directors have now decided to apply the same to the accounts for the current year, to be employed from time to time, in circumstances, and under conditions and improvements to your property."

"Early in July the balance required to pay the 3-1/2 per cent. land grant bonds was deposited with the government, and the requisite instruments were executed, relieving the company for ever from any liability in respect to the principal or interest on these bonds. All of your lands are now free from any encumbrance whatever."

Millions Redeemed. "Since June 30, 1901, you have redeemed bonds to the amount of \$17,821,000 out of the proceeds of land sales; and during the same period, the balance due to the company on account of land sold has increased from \$3,467,000 to \$16,822,000, on which you are receiving an interest of 4 per cent. per annum. The principal sum realized from the sale of your lands has been invested in the purchase of bonds, to be repaid as you may require, for the purpose of increasing the interest on both the cash receipts and the interest on the bonds, which are increasing month by month, are available revenue, to be dealt with as you may see fit. It is now proposed to pay the receipts from this source will, during this year, be about equivalent to 1 per cent. on the ordinary share capital."

Officers Re-Elected. At the meeting of the board, subsequently held, Sir William C. Van Horne was re-elected chairman of the board, and David McNeill, vice-president of the company, and the executive committee was appointed as follows: Sir William C. Van Horne, Lord Strathcona, and Mount Royal, Richard Angus, Edmund B. Osler, Sir Thomas G. Shaughnessy and David McNeill.

ONE BROTHER DEAD.

Another Locked Up, Charged With the Killings.

Carleton Place, Oct. 3.—John Bradley died this morning and his brother George is locked up pending an investigation. On Saturday John, William and George Bradley were in the lake in their gasoline launch, and an attempt was made to strangle John over the head with an oar.

35 NEW LOCOMOTIVES.

The Grand Trunk Railway System recently placed an order with the Montreal and Machine Company of Montreal for a total of fifty-five new Richmond Compound Consolidation Engines, which are being delivered as soon as they are turned out, and all of which will be in service on different divisions of the system before the end of the present year. A number of these engines are now in freight service, showing excellent results. They are large and powerful machines, except those used in heavy mountain service, and are 40,000 lbs. heavier than the compound freight engines that have been used as the standard on the Grand Trunk in the past.

The Richmond Compound was decided upon in preference to the simple engine on account of practical tests having shown that engines of this class effect a saving of from 20 per cent. to 25 per cent. in fuel without any corresponding increase in the cost of maintenance.

These engines have a calculated tractive power of 36,000 lbs. and a haulage capacity of 773 tons in freight cars on the level track at a normal speed, and a haulage capacity of 1300 tons on a 1 per cent. grade. They will haul from 350 to 400 tons more than the ordinary standard Moulton engines.

The size of the cylinders of these engines is 22 1/2 inches x 35 inches x 28 inches; the driving wheels are 83 inches diameter; the total weight of the engine and tender 354,500 lbs. The capacity of tender is ten tons of coal and 7000 gallons of water.

Varsity Senate Elections. Counting the ballots in the university senate elections will commence this morning and will, it is expected, last until tomorrow.

GOVERNMENT MAY OPEN EMPLOYMENT AGENCIES

Suggestion That Bureaus Should Be Established Thruout the Province.

Hon. Dr. Reaume will leave the city this morning for Fort William, Fort Frances, Webwood and other western points to view the public works completed during the season.

He had an interview with the new secretary of the labor bureau John Armstrong, yesterday, and stated that there was no intention to cripple the labor bureau by the proposed changes. He had under consideration a number of suggestions for an alteration of the department to broaden the sphere of its activity and to establish the employment agencies which would take the place of the employment bureaus, which have not been found to work to the satisfaction of the unemployed. Dr. Reaume thinks that such agencies in various parts of the province would be of great benefit.

The collection of statistics from manufacturers is to be revised, and probably considerably modified.

ONE BROTHER DEAD.

Another Locked Up, Charged With the Killings.

Piles Cured Quickly at Home

Without Pain, Cutting or Surgery. Instant Relief.

We Prove It. Sample Package Free.

Seven people out of ten are said to have Piles. Not one man in a million need have them and we are proving it every day at our expense.

We don't do this as a matter of amusement or philanthropy, but because it is to our interest to do so.

We know that the sufferer from piles, tormented and driven almost crazy by this wretched trouble, will find such immediate relief that he will go at once to his druggist and buy a box and get well.

We know that we have got the greatest remedy in the world for piles, and we are ready and willing to stand or fall by the verdict of those who make the trial.

Here is a sample of the kind of letters we get every day and we don't have to ask for them:

Received your sample of Pile Cure and have given it a fair trial and it has effected a complete cure. I can recommend you highly in this vicinity.

Thinking you for the sample and the cure, I will recommend you to everybody. Yours respectfully, Julius Mayer, Dealer in Feathers, Ginseng and Hides, Bedford Street, Montreal.

VOLUNTEER MISSIONARIES TO BE SOUGHT IN BRITAIN

Death so Great in Presbyterian Fields That Special Effort Will Be Made.

The meeting of the executive of the Home Mission committee of the Presbyterian Church, held in Knox Church yesterday, was not altogether of an encouraging nature.

Delay in forwarding contributions has so far resulted in a deficit of nearly \$4000. Steps will be taken to call the attention of the members to this fact at once.

Another difficulty which the Home Mission committee have this year to meet is in securing men. Out of 75 fields only some 20 are covered.

So urgent is the call that Rev. Dr. MacLaren will go to the old land to try and get volunteers.

WATERWAYS COMMISSION. Canadian Section Will Hold a Meeting in This City To-Day.

The Canadian section of the International Waterways Commission will hold a meeting this morning at the Queen's, preparatory to the joint meeting at Chicago on the 16th.

Dr. W. F. King of Ottawa, Royal astronomer, stated that the Chicago drainage canal, some water powers of the lower St. Lawrence, and the boundary line of Lake Erie are among the subjects under discussion.

COMMITTEES WILL CONFER. At the invitation of Hon. Dr. Egan, the members of the committee of education conferred with the minister yesterday with respect to the new scheme, by which public and high school teachers will be trained at the university.

CHAPLAIN IS APPOINTED TO ASSIST IMMIGRANTS

Methodist Mission Board Decides on Innovation—Eight Missionaries for China.

At yesterday's gathering of the general mission board of the Methodist Church, a number of important matters were up for consideration. A basis of \$50 was fixed as an advance to the missionaries in the domestic service.

A forward step was taken in the appointment of an immigration chaplain to meet all boats at Montreal, Quebec, Halifax and St. John. The object is especially to assist immigrants of the Methodist persuasion.

INSURANCE INVESTIGATION

Continued From Page 1.
the importance of the changing of the consideration, I never stipulated nor did I receive a portion of that.

"I was doing business with Mr. Fowler. Mr. Fowler asked me to do it. I wasn't one of their Levites; I wasn't even worshipping in the temple, looking upon it as an ordinary occurrence.

"I have no apology to offer; I admit the ethics were not exalted, but when you consider I was very heavily involved and I was anxious to get rid of the property, it presented an attraction to me. My arrangements were carried out in good faith, as far as I was concerned. They sued me for the \$225,000, which it is very true I received, but of which a portion had been handed back to Mr. Fowler.

"I kept no portion of the excess back; I gave them fair count, a fair deal and a fair divide. Do not forget I was doing business not only for myself, but for four other beneficiaries.

"I regret very much my name has been bandied up and down about 'letting Mr. Ryan' etc. The simple substance of what I did was I made out the transfer at \$225,000 instead of \$170,000, which is done time and again by men who do not consider wrong.

"There is no evidence which can be produced that I care about. Mr. Shepley shakes his head in my face as though there was something I kept back. My testimony in British Columbia was the truth.

"No one in the room there dared contradict me, although there was a roomful of the 'whelps.' I have given this commission the truth of the statement."

Mr. Fowler's Accounts. Assistant Manager Sherman of the Bank of Nova Scotia was next called and explained the account of Fowler, which had been opened Nov. 4, 1903, with \$15,000 and reduced by Feb. 3, 1904, to \$2,000, but on that day the \$12,000 cheque from Peter Ryan was deposited. By March 21, however, the account was reduced to \$431. Sums paid out included \$1000 from Ryan to McCormack, \$2500 to Foster, \$100 to Borden and \$200 to McNab. On Nov. 11 Fowler deposited \$10,000, of which \$5000 was a Ryan cheque. On July 4 a cheque for \$20,000 from the Union Trust was banked on the purchase of the Okanagan Lumber Co. On Nov. 1, 1905, \$20,000 were deposited of \$40,000 and \$20,000 were made by Fowler or Powell. Like sums were paid over by the Kamloops Lumber Company to Fowler. The sum of \$72,818.85 changed hands Feb. 1, 1906. Now only \$27.44 was left to the credit of Fowler.

Mr. Shepley went into the joint account of Fowler and Ryan, showing a count of \$20,000 on Sept. 2, 1903. On Sept. 8, \$14,000 was checked out of the account by Fowler or Powell, in discharging Mackenzie and another went to LeFurgey, and other sums were transferred to Ottawa.

Mr. Foster on the Stand. Hon. George E. Foster was called. "Have you any connection with the Foresters?" asked Mr. Shepley.

"I was, by virtue of the Supreme Chief Ranger, made an honorary member in the twinkling of an eye."

After the deal was made thru, Fowler had given him an option value, plus interest and expense.

"It was intended to give you an interest in the capital stock of the Kamloops Company, which was not disclosed."

"What means did you take of ascertaining the value of the property you were acquiring?"

Mr. Foster said the board had gone fully into the matter, had sent two gentlemen to make a thorough examination of the British Columbia property. They reported favorably as to location and cost.

"Who were these?"

"Messrs. McCormack and Irwin. I have always regarded Mr. Irwin as a straight man and an authority on lumber, and Mr. McCormack was also a lumberman."

Irwin had dropped out rather than join in a joint note.

"There were two principles the board acted on, one that in any considerable investment it would not be made if one or two directors strongly objected; another invariable rule was that the outside directors, representing but a small number, never consented to a single investment which had not the assent of the Foresters," said witness.

"What was the reason for adopting that policy?"

"To undertake a profitable investment and to make money out of it for the company."

"Had you any discussion as to the wisdom of trust company carrying on a manufacturing business?"

"Yes; I don't remember there was any objection. The board was a unit on the transaction."

THE OVERCOAT QUESTION

Pardon the brief but emphatic mention that we can answer any question in the line of Overcoats—that is stylish ones.

THE OVERCOAT QUESTION

willing to accept that I am willing to explain to the commission what that interest is."

The commissioners did not press witness further.

"Do you know where Mr. Fowler is now?" asked Mr. Shepley.

"No, I saw arrangements in Toronto about the opening of this court. He said he was going to British Columbia—nothing more definite."

Mr. Shepley then turned to the purchase of the Okanagan property. Mr. Foster said he relied on Mr. Irwin and others to learn if the property was a fair deal.

"Would your experience persuade you not to go into similar ventures again?" asked Mr. Shepley.

"Experience would teach me not to, chiefly for this reason—I have found it only to be unmitigated trouble and nuisance to try to manage from Toronto, industries and operating in British Columbia. I have never had any doubt about the prospects of success," was the reply.

Financing the syndicate. The examination was continued in the afternoon along the line of the morning session. Mr. Shepley was anxious to learn if the syndicate was a deliberate weighing of the propriety of these transactions. Mr. Foster said that at first the deal seemed to be done entirely outside of the Union Trust. The documents show that the syndicate (McGillivray, Wilson and Foster) were to get half of the Pope and Fowler Co. Town and Farm sites company, the Town and Farm Sites, were to finance the other half. Mr. Foster said that Pope and the witness were ready to assume half the liability to Pope and Fowler.

Mr. Shepley pointed out the financial burden that the syndicate would have to bear, but Mr. Foster claimed that there was no idea that one-half of the carriers should make any profit out of the other half. When it became definite that the syndicate was to be formed, the syndicate was to be financed by the syndicate, and the syndicate was to be financed by the syndicate.

Mr. Shepley asked witness if he had any connection with the Ontario and Saskatchewan syndicate. Mr. Foster said he had, but this company had been organized an entirely different basis of organization and finance.

There was no idea that one-half of the carriers should make any profit out of the other half. When it became definite that the syndicate was to be formed, the syndicate was to be financed by the syndicate, and the syndicate was to be financed by the syndicate.

"We sat down to do this," said Mr. Foster, "and after several conferences we decided upon the syndicate, and the charter and good will was handed over to us, as shown by the document of that date. Shepley took up the documents. The consideration was fully set out in the document of the 4th of June, 1904."

"At that time had the Union Trust been introduced into the matter?" asked Mr. Shepley.

"My impression is that the first appearance of the Union Trust was when the option was handed over to the company as a trustee," answered Mr. Foster.

Mr. Shepley read the document of May 20, between Pope and Fowler and the Union Trust. It was not the intention at this time to have the Union Trust Company finance the syndicate, but the syndicate was to be financed by the syndicate, and the syndicate was to be financed by the syndicate.

The next stage was the laying of the proposition before the board on June 1, 1904. Those present were Oronhyatekha, Sir John Boyd, Geo. E. Foster, Matthew Wilson, John A. McGillivray and Col. Davidson.

Here Mr. Shepley stated that Sir John Boyd had said that it was all present to his mind that the syndicate was to be put up by their own money.

"What have you to say to that?" he asked.

"I would not dispute Sir John, but nothing was kept back from him. I can't explain his idea."

"Did you recall that meeting to the effect that a loan be made to the New Ontario Town and Farm Sites Company. There was some discussion as to whether the Union Trust should remember what it was. The proposition was presented by Mr. Foster. The board approved of the loan in principle, and fixed the amount at \$140,000, taking as security the 337 shares of bonus stock."

"Did you recall that meeting you discussed your own personal interest in the transaction?"

Mr. Shepley asked if anybody suggested any objection to that as a matter of principle. The question was referred to Sir John Boyd and Mr. Foster got away from the point, and Mr. Shepley brought him back again.

"You say that the power susceptible in the case was not abused in this instance?"

"Was it ever discussed?"

"I can't recollect any particular discussion."

"Speaking about the position of directors," said Mr. Shepley, "is what I am after."

"For its advance of \$140,000 the Union Trust Co. were to own 237 1-2 shares. Witness did not know that Oronhyatekha was to get 100 shares, but he did know that Sir John Boyd was to get \$1000 worth of stock for nothing so that he could qualify."

Mr. Shepley left off for a moment to pursue the agreement of June 22. The syndicate had control of \$35,000 worth of stock.

Oronhyatekha's Shares. Mr. Shepley read the agreement, and Mr. Foster explained it. The syndicate was to get 445 shares. Witness was to have the regular 100 shares and 17 1-2 more so as to avoid division. The syndicate had control of \$35,000 worth of stock.

White Bear Mine. Favorable and encouraging reports have been received concerning work on the White Bear mine at Roseland, Ont. The development of the several new ore shoots found on the 800-foot level thus with flattering results. Eighty concentrates were shipped to the smelter during the week. This was taken out in the course of the development."
