## RECOMMENDATIONS MADE TO CURB TUBERCULOSIS

**Provincial Board of Health Would Demand Compulsory Notification of All Cases.**

Compulsory notification of all cases of Tuberculosis occurring within the province. The care, necessary control and nursing of those who have not the means to provide such for themselves.

Enforced disinfection of premises in every case upon the removal, recovery or death of the subjects of the disease. The supervision of the home treatment of such cases by specially trained nurses connected with local boards of health, who would attend to the proper carrying out of precautionary measures under the advice and direction of attending physicians, where such are employed.

Practical measures for the education of the people, and more especially the subjects of the disease, with a view to their own safety and that of their families and the public generally. Legislation encouraging the establishment and maintenance of district sanatoria, with such an equitable adjustment of the cost in connection therewith as will encourage immediate action being taken.

Such is the outline of a policy which the provincial board of health have recommended to the government for the control of the "white plague."

The board had considered the "act to prevent the spread of tuberculosis," introduced by J. P. Downey, and the "act for the administrative control of tuberculosis," introduced by Mr. Torrance, and having given careful consideration to the proposed legislative measures dealing with these questions, had appointed a special committee to collect specific and extended information in relation to the whole question, and having their recommendations on the large number of deaths from this disease constantly occurring, which amount to 10 per cent. of the total deaths from all causes in the province, there having been 30,700 deaths from tuberculosis registered in the Province of Ontario during the last ten years, apportioned as follows:

1918	2164
1919	2291
1920	3405
1921	2484
1922	2294
1923	2694
1924	2723
1925	2894
1926	2867
1927	2811

This number, based upon the conservative estimate of four cases of the disease to each death, would mean about 12,000 cases in various stages continually in existence in the province. It was shown at the seventh annual conference of Sanitary Officers of the Province of Ontario, that about 80 per cent. of those afflicted would recover if rational methods of relief were employed.

## NEW LABOR BUREAU.

**Will Be Opened at Once to Aid City's Unemployed.**

The opening of a temporary labor bureau as a means of solving the problem of the workless poor of the shack district was decided upon by the relief committee at a meeting held in The Globe office yesterday afternoon. It was the opinion of the various representatives that little hope could be entertained for a permanent improvement in the conditions of Toronto's labor market in the spring as would give work to all the unemployed of the city, much less to those of Shackland. It was, therefore, determined to use the machinery of the relief committee in recording the names, occupations, etc., of the men out of work in the various districts. Meanwhile Edwin Dickie of 30 East Wellington-street will act as hon. secretary and receive communications from persons out of town wishing to employ labor of any kind. The applications for men received by Mr. Dickie will be compared with the records of the unemployed of the shack districts, with a view to satisfying the need of both the employer and the unemployed.

No fee will be charged, and in special cases transportation expenses may be advanced by the secretary on the understanding that the money is to be refunded out of the first wages earned. It is hoped, the machinery having been provided, that many employers of labor throughout Ontario will help in solving what is admittedly a State-wide problem. Several things have to be taken into consideration by possible employers. The shacks are practically all married folk with families ranging from two to as high as eight and nine children. They are mostly recent immigrants from England and Scotland. Few of them have been accustomed to farm labor. Many are bricklayers, carpenters and builders' laborers, most of the others are general unskilled laborers of thrifty habits and good physique. The committee will recommend no man of doubtful habits to employers who may make application.

## BODIES TAKEN FROM RIVERS

**Managing Director Says One Man's Carelessness Cause of Disaster.**

MONTRÉAL, Feb. 12.—(Special.)—Up to a late hour this afternoon six bodies had been recovered from the ruins of the ill-fated powder works at Ile Perreault, the remains being those of Menard, Dumbarry, Rouseau, Rousseau, Le-gault and Narge, leaving the body of Trepanier, Lauzon and Robitaille still in the ruins, and some believe that they may never be secured, or, rather, that they will not be in any kind of recognizable shape.

The funeral of these poor fellows will take place to-morrow, and it is announced that Bishop Emard of Valleyfield, the diocese in which Ile Perreault is located, will be present at the ceremony.

**Men Fully Instructed.**  
Speaking of the affair to-day, the managing director, W. D. Rodden, said: "The men are given the fullest instructions regarding the precautions they must take. We do all we possibly can, but we cannot guard against a man's carelessness. The dreadful thing about it is that the neglect of one man to observe the necessary precautions results in the death of eight others, who may have observed every precaution."

"We do not care about the expense or the loss. What we feel very keenly in the terrible loss of life. We have not yet decided what action the company will take in regard to the bereaved families, but that matter will be taken up at once by the directors."

**Managing Director's Defence.**  
"People are apt to emphasize on a catastrophe of this kind to an undue extent. Why, along the railway line at Vaudeville and in connection with the work on the railway bridge, some twenty men have been killed. I fully recognize the shocking nature of this catastrophe, and we feel it most deeply, but what I want to point out is that there should be no unfair comparison. There has been about one car-load a day of our works during these years, with upwards of a couple of hundred men working there every day, many more lives are lost every year by contractors who employ fewer men daily."

"Nothing can minimize the gravity of this disaster, however. We must be as sure as certain that we do not within our power to avoid it. We had done this in our work on the bridge, and we employ through the works with the fullest possible protection in every way."

"Our works are the largest of the kind in the Dominion. Our capacity is three car-loads of dynamite per day—that is about 60,000 pounds. Our output lately has been about one car-load a day. We hold the two largest contracts ever given to such a firm in this country—by the Canadian Government and the C.P.R., and for the laying of the G.T.P. east of Winnipeg."

**Man Who Took Part in Sensational Elopement, and Left Coat on Beach, Arrested.**  
CHICAGO, Feb. 12.—Howard Mark Ogilvie, whose clothing was found on the Evanston lake shore last September with a note announcing that he was about to commit suicide, is in custody in Philadelphia, under the name of Sumner C. Osborne. He is wanted by the officers of university towns throughout the west. Ogilvie eloped July 27 last with Miss Weir Lane Roland, 19 years old, daughter of L. B. Roland of Evanston.

The elopement created a sensation in Evanston. Afterward it was learned that the couple had gone to Canada. Soon warrants were issued against Ogilvie charging him with having uttered bogus cheques. His wife at once left him, returning to her father and resuming her maiden name. In spite of the dangers of arrest, Ogilvie followed her to Evanston and pleaded vainly with her to return. His suicide wish was resorted to soon afterward. Instead of throwing himself in the lake, however, he went to the University of Vermont, where he became a student, and was initiated into Sigma Chi under the name of Osborne. After swindling his fraternity brothers, he left there on Dec. 15 and went to the University of Nebraska at Lincoln. There he ingratiated himself with his fraternity brethren and after cashing \$100 worth of cheques disappeared. He went successively to the University of Missouri at Columbia, the University of Kansas at Lawrence and to Syracuse University. He is said to have obtained from \$50 to \$150 on bogus cheques at each place.

Yesterday a telegram was received from Philadelphia saying that the prisoner admitted he was Ogilvie.

## Gamey Brings to Light Some Opposition Errors

**Man From Manitoulin Retaliates For Mr. Smith's Short-Lived Triumph With Some New Ontario History.**

A Manitoulin blizzard blew across the floor of the legislature yesterday when R. R. Gamey rose to indict the opposition for the sins of their party. Mr. Gamey is not loved by the opposition. He knows their history too well. He is a fierce and relentless debater, and as he delivered his blistering and invective, sarcasm, exposure, ridicule and denunciation, the little band shriveled and shivered and rubbed their freezing ears.

In a speech displaying the closest intimacy with the government policy, the facts of opposition rule and the conditions of every aspect of affairs in the northern territory, he assailed those who sought to defend the misdeeds of the past, while willing to give credit to Liberals wherever any was due. The debate was adjourned till this afternoon, the house rising shortly before 6.

C. N. Smith (Sault) rose at 3:40 to resume the debate on the address. He was glad to have the opportunity of offering an apology to the minister of agriculture for having stated that a blind mare had been purchased for \$1500 at Guelph by him. He had learned since that another member of the administration had been present and he felt that an apology was due to Mr. Monteth.

"A mare's nest," remarked Premier Whitney, amid laughter.

Mr. Smith advocated the building of roads in northern Ontario with the people's money. There were 150,000 square miles of territory there, with the most valuable timber and minerals. He repeated his advice of the previous day, that the Algoma Central should be acquired by the government and continued to the G. T. P. Railway. There were 15,000,000 feet of pine standing in the pine forests to-day, not to speak of spruce, and 25,000 square miles of arable land. He proposed that the immigrants in the province should be gathered together in the north country and enabled to develop small sections of land. The control of the newspaper pulp trade of the State was possible to the Province of Ontario and action should be taken in this direction. Not only this, but with a railway to Hudson Bay, the market of Europe would be at the door of the province. Negotiations should be entered into with the provinces to the east without delay in order to secure the execution of such a policy. If Mr. Whitney adopted such a policy of development, he might yet be worthy to sit beside Hon. G. W. Ross.

Hon. Nelson Monteth explained that the blind mare was not blind when purchased three years ago. "Is she blind now?" queried opposition members.

"I'm not an authority," was the reply, "but I will give hon. gentlemen an opportunity to examine for themselves."

**Gamey to the Front.**  
R. R. Gamey deprecated Mr. Smith's debate and contrasted what he called Mr. Smith's clap-trap with the dignified and logical speech of Gamey.

## CRITICAL TIME FOR THE HORSE

**Hon. Adam Beck Says Government Should Do Something Now.**

The government has been sadly remiss in the giving of proper encouragement to the horse breeding industry, so that in the event of any heavy demand, such as the outbreak of war would cause, Canada would be in a woful case. This was the vigorous declaration made by Hon. Adam Beck, speaking before the Ontario Horse Breeders' Association at its banquet in the King Edward last night.

Hon. Mr. Beck asserted that a critical time in the history of the horse had been reached, and that it behooved the government to take prompt action, otherwise the country would be in a helpless position if there came a sudden call for mounts and remounts. It was almost impossible to go out into the country and pick out five to ten thousand horses adapted to such needs. The banquet was presided over by William Smith, president of the association. The guests included Hon. Adam Beck, Hon. Nelson Monteth, W. K. McNaught, M.L.A., Charles Calder, M.L.A., W. H. Hoyle, M.L.A., Alex. McCowan, M.L.A., Controller Harrison, Dr. Andrew Smith, principal Ontario Veterinary College; J. J. Dixon, president Harness, Hunter and Saddle Horse Association; Noel Marshall, president Open Air Horse Page Association; A. W. Mills, manager Winnipeg Exhibition; Dr. W. A. Young, Dr. D. King Smith, John Bright, Myrles, L. E. Dickinson, H. C. Tomlin, T. A. Chisholm, Dr. Hodgins, Alfred Rogers, W. J. Sark, S. E. Briggs, T. A. Graham, George Davies, Robert W. Davies, E. C. W. Tisdale, J. A. Turner, Calgary; John Graham, president Manitoba Horse Breeders' Association; Mark E. H. Eckford, Calgary; Robt. Neesh, Howick, Que.

The chairman complained that the city council had not given proper encouragement to the spring show and said that unless a more generous spirit were shown, it would have to be transferred to some other place. Other speakers took the view, however, that the trouble was merely due to misunderstanding.

Hon. Nelson Monteth, in emphasizing the importance of the horse-breeding industry, estimated the value of horseflesh in Ontario at \$80,000,000. There were 800,000 horses in the province, the Counties of Middlesex, Huron, Perth, Grey and Bruce, contributing one-fifth.

Among others who spoke were W. K. McNaught, M.L.A., W. H. Hoyle, M.L.A., Controller Harrison and Noel Marshall.

The Canadian Hackney Horse Society held an enthusiastic meeting at the King Edward yesterday. Mr. W. C. Renfrew was elected president. O. Sorby of Guelph first vice-president, and I. Graham of Carberry, Man., second vice-president. The secretary-treasurer's report showed the society to be in a flourishing condition and by their grants to several fairs all over the country, are doing a great deal of good to encourage the breed of horses.

## AUTO RACING NEW YORK-PARIS

**Half a Dozen Cars Are Now on the Way in 20,000 Mile Contest.**

NEW YORK, Feb. 12.—The six automobiles contesting in the New York to Paris race started from Times Square, Forty-second and Broadway, at 11:15 a.m. to-day, cheered by a throng of several thousand persons.

Accompanied by more than 200 motors of all descriptions, the racing machines made their way up Broadway and Riverside Drive to the city limits, where they turned north on the road to Albany. From that city the route to San Francisco, which is the objective point of the first stage of the trip, lies across New York State to Buffalo, thence through Toledo to Chicago, to Omaha, Cheyenne, Ogden, Reno, Goldfield, San Luis Obispo and San Francisco.

All traffic in such neighborhood of Times Square was stopped a half hour before the start. Automobiles clogged the intersecting streets and lined the route for many blocks up Broadway. No such aggregation of machines has been seen in or about New York since the last "handicapped" cup race. A band in the official grandstand played the anthems of the nations as the cars lined up for the start. A pistol shot sent the spectators away amid the cheering of the people and the hoarse hooting of hundreds of automobile horns.

The contesting cars are the queerest looking machines ever devised for motoring purposes, with their heavy equipment of stores and camp utensils; several wore a modern representation of the old prairie schooner. One resembled a horse-drawn ladder truck with long running-boards on either side, equipped with axes, shovels, ropes and a dozen other articles. The clothing of the drivers varied from black bearskins to the pure white fur outfit and headgear of a French team.

Three French cars, one German, one Italian and one American started in the race. Three men constituted the crews of the cars. The German car had there were only two in the American car. The three French cars are steered by G. Bourcier St. Chaffar, M. Godard and the German car by Lieut. Koepen of the Prussian army; the Italian car by Antonio Scarsoglio, and the American car by Montague Roberts.

**May Take Nine Months.**  
All of the machines carried the flag emblem of the nation to which they belonged. They were plentifully decorated with signs and placards, so there could be no mistaking their nationality wherever seen. The buildings surrounding Times Square were decorated with flags and bunting.

Estimated to be of the length of time the race will require. From six to nine months, it is believed, will be consumed. All the drivers are confident of reaching their destination through the frozen fields of Alaska and Siberia. Steamers will transport the machines from San Francisco to Cape, Siberia, across Bering Strait.

It is really a Times race, for that paper, in connection with the contest, has arranged a long string of supply stations all the way across the continent and up into the great north. A heavy contingent of chauffeurs and mechanics will be on hand to attend to the cars. The route across Asia and Europe will be that of Le Matin, which brought about the now famous Paris-Peking race. Haring some short stretches by water, automobiles are expected to cover the whole distance, about 20,000 miles, under their own power.

## QUEBEC TRICENTENARY IS BECOMING POPULAR

**Quebec Government Will Subscribe \$100,000—Lord Mountstephen Gives \$1000 Towards Project.**

MONTRÉAL, Feb. 12.—(Special.)—The great event which is to take place at Quebec next summer with a view to celebrating the three hundredth anniversary of the foundation of the old city of Champlain, appears to be becoming popular on all sides.

Lord Mountstephen has subscribed \$1000 towards the project of a national park being located on the battlefield, and to-day Premier Gouin announces that at the coming session of the legislature he will ask that body to vote \$100,000 in order that the event may be worthy of the old city, and province.

It will also be remembered that Sir Wilfrid Laurier and Hon. W. S. Fielding stated that the Dominion Government would also give a grant.

## MASTERS' AND MATES' OFFICERS.

Capt. J. H. McMaugh of Toronto was elected grand master of the Canadian Association of Masters and Mates, which completed its sixth annual council yesterday. Capt. Frank Scott of Collingwood is grand first officer, and Capt. H. O. Jackson of Toronto, grand secretary-treasurer. A number of aids and safeguards to navigation were discussed, and a committee appointed to decide upon those most needed. The committee will then request the government to put in as many of these as possible.

MORE NURSES NEEDED SAY VICTORIAN ORDER

Good Year Shows Three Appointments Made and Record Number of Cases Attended.

A plea for an increased staff of nurses was entered at the annual meeting of the Victorian Order of Nurses yesterday afternoon by Superintendent Miss M. E. Evans, it being pointed out that numerous calls had of necessity been refused during the year on account of all nurses being busy. The institution aims to refuse no aid on account of poverty. The number of patients visited was 529, involving 7018 calls, an increase of 68 patients and 102 calls over the previous year. The number of doctors under whom the nurses worked was 312, and out of 2319 obstetrical cases in Toronto only two deaths occurred. During the year three nurses have received appointments, namely, Miss Green as district nurse in London; Miss Wallace as district nurse in Hamilton, and Miss MacPherson as district nurse in St. John, N.B. All are trained graduates nurses, who have given themselves up to the work. Eight nurses were maintained throughout the year.

The honorary treasurer's report showed \$1,325.06 received from patients; \$300 from the city; \$264.85 from subscribers; total \$1,894.91, with a balance after all disbursements of \$36.36. His Honor Lieut.-Gov. W. Mortimer Clark presided, and among the speakers were Mayor Oliver, Rev. Canon Cody, Rev. Canon Welch, Rev. Dr. Brown, Prof. Wallace and Father L. Minehan. Officers for the ensuing year remain as last term, viz.: Governors—Mrs. J. Herbert Mason, Mrs. S. Nordheimer, D. R. Wilde, Chas. Cockshutt and J. W. Flavell.

Executive committee—Lady Thompson, Mrs. J. Herbert Mason, Dr. Hartley Smith, Dr. F. L. M. Grassie, C. Cockshutt, Mrs. W. Cummings, Dr. J. D. Thornburn, Dr. J. T. Fotheringham, Mrs. S. Nordheimer, J. W. Flavell, Hon. Geo. Cox, Dr. John Caven, Rev. Canon E. A. Welch, D. R. Wilde, J. Herbert Mason, Dr. Temple, Dr. E. Stanley Ryerson.

THE NEWSSTAND GIRL. One of the cleverly-drawn characters in the George Ade comedy, "Just Out of College," which comes to the Grand next week, is that of the railway newsstand girl, who, while disposing of her wares, discusses the authors of the day as follows: "George Bernard Shaw is clever, ain't he? I can't get on to him, but I know he's clever. I like Hall Caine, but he's such a sad looking man. William Dean Howells writes beautifully, but nothing ever happens in his books. Drummers never read anything, but Billy Baxter, but my favorite is Richard Harding Davis; you can tell by his picture that he's just lovely. I'd love to meet him."

Suffragettes to Jail. LONDON, Feb. 12.—Nearly fifty women suffragettes who yesterday made a raid on the house of commons were arraigned in police court to-day and sentenced to pay a fine or one month's imprisonment. All but two of the women preferred to go to jail rather than pay the fine.

Personal. T. E. Fletcher, manager of the Sterling Bank at Kearney, on the eve of his departure to fill a more responsible position in the service of the bank, was presented by the residents of the town with an address, accompanied by a gold-headed ebony cane and a gold pocket suitably inscribed. The following program for the weekly concert of the Woman's Musical Club this morning has been prepared by Mrs. J. D. Tripp from Wagner and Richard Strauss: 1. Sketch—"Wagner's Life in Venice," Madame Anna Farinell. 2. Piano—Introduction and Bridal Chorus, Wagner-Liszt (Lohengrin); Miss Lillian Jackson. 3. Song—"A Dream in the Twilight"; (b) "To-morrow"; (c) "To None Will I My Love Ever Discover"—R. Strauss; Miss F. E. Kemp. 4. Piano—(a) Wagner's Prelude (Der

Meistersinger); (b) Sigmund's Liebesang (Die Walkure), Wagner-Bendel; Miss Frances Morris. 5. Song—"Wotan's Abschied (Die Walkure), Wagner; Mr. R. S. Pigott. 6. Piano—Concert Waltz, R. Strauss; Miss Caldwell. 7. Organ—Vorspiel IV. (Parsifal), Wagner; Mr. T. J. Palmer. Mrs. W. E. Phillips of 382 Euclid-avenue, will receive this afternoon in honor of her guest, Mrs. Harry Tobey of Picton. Mr. D. Arthur McAdam, 151 Pearson-avenue, will not receive on Friday. Mrs. George Thompson (nee McCue) will receive for the first time since her marriage at her home, 15 Tyndall-avenue, on Thursday, Feb. 20. Miss Gagen, 275 Poplar Plains-road, corner of St. Clair-avenue, will receive to-day and afterwards on the first and third Thursdays. Mrs. Preston Wilson and Miss Preston will receive the second and third Fridays at 480 Huron-street. Owing to prolonged illness, Mrs. and Miss Sheridan of Avenue-road will not be able to receive during the months of February and March. Mr. and Mrs. George Reedy are now settled in their new home, 152 Madison-avenue, where Mrs. Reedy will receive on Friday and afterwards on the fourth Friday of each month. Mrs. Robert W. Moffat (nee Ferriter) will receive for the first time since her marriage at her home, 245 1-2 Markham-street, on Friday, from 3 to 6 o'clock. Mrs. C. Fish, who has just returned from the west, will receive with Mrs. Alfred C. Fish to-day. Mrs. L. P. Stewart, Poplar Plains-road, will not receive to-day. Miss Alice Hamilton, formerly of Uxbridge, has returned from Seattle, and will receive with her aunt, Mrs. Joseph Bascom, 1339 West King-street, to-day. Mr. H. M. Fletcher will leave on the 15th for Pittsburgh to rehearse the choral works to be given by the Schubert Choral and Pittsburgh Orchestra March 2 and 3. Ladies attending the rose ball on Friday night are requested to wear roses of any color, and the coffee may be poufde if desired. The Companions of the King Solomon's Chapter have issued invitations for their annual at home in Temple Building on Friday evening, Feb. 21. Mrs. Bailey was the hostess of an informal luncheon yesterday in the royal suite at the King Edward in honor of her mother, Mrs. Pinney of Chicago. Covers were laid for twelve on a table decorated in a yellow color scheme, with daffodils, yellow satin ribbon and tulle. Lieut.-Col. Hamilton Merritt sails on Feb. 22 for Europe, and upon his re-

turn in May he will be accompanied by Mrs. Merritt, who has spent a prolonged time abroad with her mother, the late Mrs. Robert Simpson, whose death occurred recently. The ninth annual banquet of the Durham Old Boys of Toronto will be held at McConkey's Friday evening, Feb. 28. The program will consist of addresses and music. A first-class orchestra will be in attendance. Mr. Arthur Reinhardt will receive on Thursday and Friday of this week at 370 Palmerston-boulevard. Miss Blanche Waite, a talented pupil of Owen A. Smyly, will contribute two readings at the concert in St. Stephen's Schoolhouse this evening. The concert is being given in aid of the choir boys' summer outing fund. There has been considerable enquiry concerning the procedure to be followed in order to obtain invitations for the annual dance of the High Park Golf & Country Club, to be held at the King Edward Hotel on the evening of Feb. 21. The stewards meet almost daily with the honorary secretary to arrange details and pass upon requests for invitations. Those wishing invitations should make request to Mr. E. A. Donald, honorary secretary, 16 West King-street. O. L. C. Conversat. The sudden postponement of the O. L. C. concert on the last Friday night until to-morrow night, Feb. 14, owing to a snow blockade, which prevented trains from running through to Whiteby, was a disappointment to some, but the final result will make amends for that. To-morrow night the special train will leave Toronto Union Station at 7 p.m., and judging from indications an exceedingly good crowd will be on it. Every effort is being put forth by the management of the college to make the concert the best yet, and the guests are sure of an excellent time. The special leaves Whiteby on return journey at 12 p.m., and the street railway company will arrange for street cars to be at Station-street when the special gets in. Ryan Has Another Sult. In the non-jury assizes Peter Ryan, registrar for East Toronto, is suing E. S. Kinsman of Vancouver, John Brophy of Massey, Ont., and the Imperial Timber & Trading Co., Vancouver, for \$6000 compensation for the sale of eighty-eight square miles of British Columbia timber berths. The action will be continued before Chancellor Boyd to-day. Expelled From Nobility. MOSCOW, Feb. 12.—For signing the Vologda manifesto, Feodor Fedorovich Kokoshkino, a scion of the ancient Rurik dynasty, now a professor of Moscow University and a prominent leader of the Constitutional Democrats, yesterday was expelled from the Moscow nobility by a vote of 280 against 52. MOTHER AND CHILDREN BURIED IN SINGLE GRAVE. Interred in Necropolis—Bereaved Father Will Remain in City. In a single grave the remains of Mrs. Haacke and her six children, who were burned to death at New Liskeard, were interred in the Necropolis yesterday afternoon. The bodies arrived at the Union Station in the morning in three caskets, one containing the mother and her babe, another enclosing the two boys, Clarence Henry, aged 4, and George Frederick, aged 6, and in the third was all that remained of the three little girls, Vera Margaret, Mabel Irene and Annie Evelyn. The bereaved father, heart-broken, almost beyond self-control, accompanied the bodies. From the station the caskets were conveyed in three hearses to Washington by Rev. Mr. Childley of the Christian Church, Newmarket, and by Rev. Mr. Chambers of the Menonite Mission, Parliament-street. A short service was also held at the home of Mr. Henry Jermain, 55 Hamilton-street, the father of the late Mrs. Haacke, and from where the cortege, comprising a large procession of sympathetic friends, moved to the place of burial. No last view of the remains was accorded anyone, the bodies being cleaned and disfigured beyond recognition. The plain coffins were void of any floral tributes, and simply bore the silver nameplates. Mr. Haacke will not return to New Liskeard, and the deceased woman's sister, who is living there, will also leave the place. SENATORIAL STRENUOUSITY. Assent Given to Six Bills by Chief Justice. OTTAWA, Feb. 12.—(Special.)—Chief Justice Fitzpatrick, deputy to the governor-general, attended at the senate chamber, whether the commons were summoned at 3.30, and gave assent to five railway bills and the seed grain bill. Detective Kidnapped Youth. DETROIT, Feb. 12. Wh. A. Murray, a clerk, 17 years old, who lives in Toronto, is held at the central police station on a charge of obtaining money under false pretences by bogus checks. Murray was smuggled out of Toronto and taken to Detroit without his arrest becoming known. Shot Young Girl. PHOENIXVILLE, Pa., Feb. 12.—Norma Tholan, aged 15 years, daughter of Hiram Tholan, was shot and killed on the highway by John Miller, a young farm hand, who was shot himself. Miller had been employed by the girl's father. Stamp Instead of Label. Hon. Nelson Montelth was yesterday shown a device for stamping a loaf of bread, and it was recommended that this be adopted instead of the label. It is the idea of a Toronto baker. The question of adopting a standard weight is also under consideration. Some amateur actors, in this week's Sunday World.

WOODSTOCK, Feb. 12.—(Special.)—Thomas Roselle, aged 26 years, was this morning sentenced to two years in Kingston Penitentiary at hard labor, by P. M. Ball, for stealing a quantity of furniture from George A. Loney of Stratford. A charge of forgery was laid against the prisoner, but on this he was not convicted. Roselle eloped with Loney's wife. He said this morning that his crimes were committed for the woman's sake. Skating the new winter sport, fast becoming popular in Canada, pictured in The Sunday World of Feb. 15.

\$340 PIANOS FOR \$238 OUR MENDELSSOHN PIANO CLUB

Four years ago a trade depression in the United States provided the opportunity for a special cash purchase of fifty pianos, which were disposed of through the medium of our first piano club. Taking advantage of similar conditions now existing in the piano trade, we have arranged a special cash purchase of fifty Mendelssohn Pianos at a reduced figure, this purchase being just so much extra business for the manufacturers during the quiet season. The price advantage so secured we offer to the fifty purchasers who first enroll themselves as members of our Mendelssohn Piano Club. (Read conditions of membership below.)

OUR CLUB OFFER

These 50 Mendelssohn pianos are from the regular output of the factory, and quite up to the usual high Mendelssohn standard. They will be supplied to the first fifty persons who shall be enrolled as members of the club on one or other of the following options: Option A—A \$340 piano for \$238, cash. Option B—A \$340 piano for \$252, on payment of \$50 cash and \$25 every three months until the full sum is paid. Option C—A \$340 piano for \$263, on payment of \$15 cash and \$7 every month until the full sum is paid.

THE PIANOS

They are of very attractive design (as per illustration). The cases are in handsomely figured walnut and mahogany, double veneered throughout, and beautifully finished. The dimensions and descriptions are as follows: Height 4 feet 6 inches; width 5 feet 1 1/2 inches; depth 2 feet 3 inches. 7 1/8 octaves, full, tri-chord overstrung scale, improved iron frame, compound sectional wrestplank, improved repeating action with nickel-plated brackets and rail, curved trusses, full-length music desk, folding fall board, continuous nickel hinges, ivory and ebony keys, practice muffer, three pedals. The tone is full, sweet and musical to the topmost note; the action is responsive and sympathetic to every mood of the player.

OUR GUARANTEE

HAVING SOLD 1200 OF THESE PIANOS DURING THE PAST SEVEN YEARS. This experience has proved the sterling merit of the Mendelssohn piano, and we unhesitatingly recommend them as excellent pianos of good tone, well made, serviceable, and, as a further evidence of their durability, we shall furnish each member of the club with our written undertaking to accept any of these Mendelssohn pianos in exchange, any time within five years, in part payment of any other new piano on sale in our warehouses, such as the Gourlay, Knabe and others—the said piano to be supplied at the then current net cash price, and the Mendelssohn piano to be taken back at the club cash price, \$238, less a small annual charge of \$10 per year for the number of years that have elapsed since its sale by us to the club member. Every piano is also fully guaranteed by the Mendelssohn Piano Company, whose record of 24 years' manufacturing is a guarantee in itself. TRIAL OFFER TO OUT-OF-TOWN MEMBERS To our out-of-town buyers we offer to mail descriptive catalogue, and, further, to use for them our knowledge and experience in making good selection, and, on receipt of reference as to reliability, to ship piano on the understanding that the piano is to be thoroughly examined and tested before they forward to us the cash payment. If satisfied, cash payment to be at once forwarded, whilst, if for any reason piano should not prove as represented, or satisfactory, the piano is to be returned to us within, say, fifteen days, we agreeing to pay return freight. In a word, we not only guarantee satisfaction, but ask no payment until you yourself decide the question of satisfaction. Could any offer be more fair to an out-of-town buyer?

The member shall pay the cash deposit as soon as accepted by and enrolled in the Club, and the piano is delivered at once, the obligation of the member being to pay the monthly or quarterly payment until the purchase price is met. There is no interest charged; there are no extras. A fine stool is supplied with each piano, and in lieu of supplying a piano box (necessary with out-of-town members), the first tuning will be done free of charge for members within or contiguous to city limits.

As our special purchase is for but fifty pianos, the club limit is FIFTY ONLY. We need scarcely say, therefore, that prompt enrollment is advisable. The extraordinary character of this club offer cannot fail to impress you if you will but take the time to examine into the merits of the instruments. Think of it! A good, guaranteed, new piano AT LESS THAN THE PRICE OF A SECOND-HAND INSTRUMENT; also that the offer is made by the firm of Gourlay, Winter & Leeming, whose knowledge and standing in the trade are, after all, your best guarantee.

SHE PATIENTLY BORE DISGRACE. A Sad letter from a lady whose Husband was Dissipated. How She Cured Him with a Secret Remedy. "I had for years patiently borne the disgrace, suffering, misery and privations due to my husband's drinking habits. Hearing of your marvelous remedy for the cure of drunkenness, which I could give my husband secretly, I decided to try it. I procured a package and mixed it in his food, and, as the remedy was odorless and tasteless, he did not know what it was, so he quickly relived his craving for liquor. He soon began to pick up, his appetite for solid food returned, he stuck to his work regularly, and we now have a happy home. After he was completely cured I told him what I had done, when he acknowledged that it had been his saving, as he had not the resolution to break off of his own accord. I heartily advise all women afflicted as I was to give your remedy a trial."

**New York Market Closed—Canadian Speculative Stocks Are Dull and Easier.**

World Office, Wednesday Evening, Feb. 12.

Only one session of the Toronto stock market was held to-day, and this was more than sufficient to accommodate all the business that had accumulated since yesterday. The local exchange was without the guidance of Wall-st., which was on holiday. London quotations for American securities came in firmer, but this was after the morning session of the Toronto market. The main feature of this morning's market was the desire to realize in the speculative issues. Wisely, there was no force exerted to distribute stock, but the trend of prices indicated that securities were being put out as fast as opportunities were presented. Mexicans and Rio's were reduced fractionally in price under this process, but in other issues the market was generally left to take care of itself. Dominion Steel common entered into to-day's dealings to the extent of 50 shares. It is the wonder of market critics as to who are the purchasers or supposed purchasers of this issue. Local operators cannot connect anyone buying into this stock with real money. The market closed dull and with little sentiment that might indicate any near approach of a rally.

The New York market was closed to-day and the index of the prices of securities listed on that exchange was from the London market. Quotations at the English centre were on the whole fractionally higher than Tuesday's close at New York, but as this represented little if anything more than arbitrage costs, the recovery was not considered of sufficient moment here to warrant the belief that any real improvement in prices was denoted.

**MONTREAL, Feb. 12.**—The issue of \$1,000,000 of 5 per cent. bonds made by the Richelieu and Ontario Navigation Co. in London was made at the company received slightly under the price from the underwriters.

**MONTREAL, Feb. 12.**—The annual statement of the Richelieu and Ontario Navigation Co. is forwarded to the shareholders at the end of the week, will show net earnings for 1907 slightly in excess of those of 1906, which was the record season up to that time. There was a falling off in the gross earnings for 1907 owing to the cold season, but there was still a larger decrease effected in operating expenses, which left the net earnings slightly above those of the previous year.

**MONTREAL, Feb. 12.**—The C. P. R. will commence producing coal from its mineral lands in the Crow's Nest Pass country on Jan. 1 next, according to the statement of W. H. Aldridge, consulting engineer for the railway, who is superintending the sinking of shafts and erection of machinery at Hornby, just north of Fernie. He says the company is spending between one and two million dollars there in development work.

Investment in high-grade bonds has slowed down both abroad and here. The failure of the Bank of England to reduce its rate further and a fractional decrease in its reserves has been the buying there, and here the approaching sale of the New York City issues has led investors to await the result as indicating somewhat the present situation and future outlook. Under the circumstances of all these depressing influences, the market has held up remarkably well, but this is attributed to short selling and professional operations. A series of recoveries and reactions may be looked for with gradual tendency towards lower levels.—J. S. Bach & Co.

**HAS CHANCE FOR LIFE.**

**Alfred Holdsworth Removed to Hospital by Constable.**

**WOODSTOCK, Feb. 12.**—(Special.)—Alfred Holdsworth, the man who shot his son, seriously injuring him, and then tried to shoot his own father, was taken to the hospital by Constable Martin on Monday morning. He is a family quarrel, is still living, and the shooting, and has taken no nourishment, his condition is such this morning that there is some chance of his recovery. He was removed to the hospital by High Constable Martin putting it in a ambulance on a bob-sleigh. The condition of the son, William, still remains serious enough, but unless complications set in he will recover. Constable Hobson visited the scene of the shooting last night, and found everything about the Holdsworth home in the same condition in which it was left by him on Monday night. The family had not returned to the house, but remained in the ambulance, and was being looked after by Special Constable William Martin.

**EAGLE POINT ARRIVES.**

**Engine Remodeled and Assistance Was Declined.**

**PHILADELPHIA, Feb. 12.**—The Eagle Point arrived here shortly after 2 o'clock. The wreck of the steamer Brock during a violent storm and the ship rolled helplessly in the rough sea. It was found almost impossible to repair the engine apart bit by bit and practically impossible to get the engine running. The engine room staff could effect the necessary repairs.

**A HOLIDAY OR A TRIBUTE.**

World Office, Wednesday Evening, Feb. 12.

As a tribute to Lincoln's memory, the Toronto stock market proclaimed a half-holiday to-day. A declaration much more truthful, perhaps, would have been that it was a relief to close the exchange to save themselves the necessity of attending a session practically devoid of business. The stock market has reached a stage about as comatose as it is possible to arrive at, without absolute cessation. Orders in brokers' hands are exceedingly light, and so far away in the speculative stocks that there is no immediate chance of filling them. The supporting interests have an interesting proposition on hand—one the warding off of short contracts, and the other of filling orders which would be utilized in cutting out a prospective market from under their feet. Between the two, those who are not in the market speculatively can scrutinize the immediate future transactions with interest. Investment securities showed the ordinary substantial support, and offerings, as presented, were taken without difficulty. **Herbert H. Ball.**

**Coal Oil Stove Explosion Responsible for \$15,000 Blaze.**

**NEW LISKEARD, Feb. 12.**—Fire, started by an explosion of a coal oil stove in the building of A. J. Coombe, tailor, did over \$15,000 worth of damage to the neighborhood this morning about 8 o'clock.

**INSURANCE MEN CROWD THE COMMITTEE ROOM**

**Complaints Made With Respect to Investment Clauses in the New Bill.**

**OTTAWA, Feb. 12.**—Insurance men representing all branches of the business crowded the room when the insurance bill came up before the committee on banking and commerce.

**MOLTEN STEEL EXPLODES.**

**Dozen Men Badly Injured in Peculiar Accident.**

**PITTSBURG, Pa., Feb. 12.**—A dozen men were burned, one fatally, in a terrific explosion of molten steel at the Monongahela Blast Furnace of the National Tube Company, McKeesport, Pa. The huge steel-piased furnace, 100 feet in height, burst at the top, and 50 tons of liquid metal dropped to the floor, accompanied by a terrific explosion. The explosion was over the heads and bodies of the workmen nearby.

**TO INVITE ENGLISH BISHOP.**

**MONTREAL, Feb. 12.**—At the meeting of the 49th Synod of Montreal, this morning, it was decided to ask a bishop of the Mother Church of England to visit Canada next year, and Elizabeth Gore of Birmingham will be invited. As soon as practicable it was decided to raise the smaller stipends \$100.

**STRONGER UNDERTONE IN THE MINING MARKETS**

New York Curb Closed and Local Exchanges Evince a Strong Desire for Betterment

World Office, Wednesday Evening, Feb. 12.

With New York trading eliminated, there was a stronger undertone to the local mining markets to-day. The betterment in tone was conducive to more activity, and the increased demand for stocks caused an appreciation in the price of some shares. Notably among these was Silver Queen, which opened strong at 88, and sold for a broken lot as high as 90. Temiskaming was bought for future delivery at a two-point advance. In the other more standard stocks prices were held firmer and transactions were precluded mainly on that account.

CLAUSE PARIAL BILL PASSED AFTER CONTEST

Dr. Sproule, Messrs. Bristol and Macdonell Hold Out for Provincial Rights.

OTTAWA, Feb. 12.—Mr. Lennox, in the railway committee, again proposed an amendment striking out from the preamble of the radical bill the clause declaring that the work is a federal undertaking by reason of its crossing the G.T.R. Mr. Clark, proponent of the bill, proposed an amendment to eliminate certain recitals in the preamble. In place of the preamble as amended, the words of the company being advised "that the work is federal in character" were substituted.

### YORK COUNTY GARDENERS HOLD FINE BANQUET

Eighth Annual Was Great Success—General Notes of Interest From the Suburbs.

Successful beyond even the hopes of the officials was the eighth annual banquet of the Toronto branch of the Ontario Vegetable Growers' Association, held at Orr Bros., East Queen-street, last night.

From all parts of the fine old County of York they flocked together and from first to last there was not a dull moment throughout the evening.

President Delnorth occupied the chair and was supported on his right by Dr. Forbes Godfrey, M.L.A., E. E. Denovan, M.L.A., and Lockie Wilson. On his left were Frank Reeves, the indefatigable secretary, and Hon. Mr. Monteith and Capt. Tom Wallace.

Among the scores of growers and others referred to in the special work of the A. S. Simmers Company, Mr. Guthrie of Steele-Briggs Co., H. Sheppard, A. Little, A. Shuter, E. Waterman, C. Aymer, Mr. Sharpley, Mr. Stubbard, R. Lanckin, J. Barger, C. McKay, J. McKay, H. Jordan and John Lang, circulation manager of The World.

Letters of regret were received from W. F. Maclean, M.P., Dr. P. D. McLennan, M.P., Dr. J. G. Garthouse, Etobicoke, and others.

The toast list was a lengthy one and following that of "The King," "The Dominion Parliament" was responded to by Capt. Tom Wallace.

"The Provincial Parliament" elicited eloquent responses from Dr. Godfrey, M.L.A., and Hon. Mr. Monteith. "The Ontario Vegetable Growers' Association" brought happy and practical replies from George Syme, Jr., and H. B. Cowan.

Hon. Mr. Monteith responded to the toast of "Our Guests." Incidentally the minister referred to the special work being undertaken by the Legislature at Guelph and elsewhere, and urged organization and more intensive cultivation of the soil by the growers present.

He referred briefly to his recent trip to the continent and drew favorable comments from the guests. "I'm no believer in fraternalism," said the minister, "and the only true enjoyment comes from meeting and conversing with those who are not of your own kind."

"Municipal Councils" elicited a short but happy address from George Henry of York Township.

President Delnorth, Secretary Reeves and other members of the committee congratulated on the success of the gathering.

**TORONTO JUNCTION.**  
Baptists of Junction Submit Annual Report.

**TORONTO JUNCTION, Feb. 12.**—A phone message was received in the Junction to-night from No. 6 Police Station, Parkdale, that a young girl, a little 6-year-old girl who had been playing in the corner of Queen and Dundas-street, had been found apparently strayed from home.

The attention of a passerby was drawn to the child by the police officer, who was attempting to cross the street.

The child was brought to the police station by a man who saw the accident. She was not injured. On being questioned, the little one said her name was McKay, but she couldn't tell where her home was. She was sent to the Children's Shelter at 10 o'clock.

**Sneak Thieves Operate.**  
While the family of John Boylan, 431 West Annette-street, were away from home yesterday afternoon, two thieves entered the house about 4 o'clock and got away with a gold watch and a small sum of money in cash. Luckily it was that a diamond ring valued at upwards of \$250 had been left in the attic bedroom otherwise this, too, would have disappeared.

The annual business meeting of Annette-street Baptist Church was held to-night, and the reports showed a progressive year in all departments. The total receipts for the past year aggregated \$2832.32, an increase of \$714.15 over the previous 12 months. The individual items of this total are: Treasurer \$1720.19, ladies' aid \$500.94, mission circle \$22.75, Sunday school \$243.36, poor fund \$24.08, Young People's Club \$2.

**Great Year for Annette St.**  
The membership of the church has been increased by thirty-eight during the year, twenty-eight of whom were received by letter and ten by baptism. The total membership at present is 158, of whom ten are non-residents, and nineteen belong to Weston-road Mission. The report of the Ladies' Aid was remarkably good. This society undertook to pay for the seats and furnishings of the new church building. The total cost of these items was \$500, of which all but \$200 has already been paid.

## Eczema, Salt Rheum.

Eczema or Salt Rheum, as it is often called, is one of the most agonizing of skin diseases. It manifests itself in little round blisters, which contain an extremely irritating fluid. These break and subsequently a crust or scale is formed.

The intense burning, itching and smarting, especially at night or when the part is exposed to any strong heat, are almost unbearable.

The pre-eminent success which Burdock Blood Bitters has met with in permanently curing a disease of such severity is due to its wonderful blood cleansing and purifying properties.

No other remedy has done, or can do, so much for those who are almost driven to distraction with the terrible torture, as our thousands of signed testimonials can testify to.

Mrs. Jno. B. Keedy, Linton, N.B., writes: "I was so troubled with Salt Rheum for eight years, that I could not work my hands were so sore. By using Burdock Blood Bitters my hands were eventually cured."

Mrs. Ira C. Buckner, Eden, Ont., writes: "I was troubled with Eczema for a long time. It came out on my face and between my shoulders. A friend told me about Burdock Blood Bitters. I took two bottles and it helped me so much I cannot recommend it too highly."

While attending a meeting of the relief committee of Runnymede Church, about a week ago, in which work she was helping Mrs. Henry Jane Woodhead of Herbert-avenue, York Township, complained of not feeling well. Her condition was not considered critical she died suddenly to-day. She was 42 years old and survived by her husband, Albert Woodhead, and son 12 years old. The funeral will take place on Friday at 2.30 p.m. to Prospect Cemetery.

The Festival Chorus, under the leadership of Dr. Torrington, will hold its regular practice to-morrow evening (Thursday) in St. James' Hall. The success of the chorus is not only assured, but has exceeded the expectations of its organizers. Dr. Torrington is pleased both with the quality of the voices and the large membership, and in order to give them an added stimulus, he has strengthened so as to better balance the chorus, he suggests that the list of applicants for membership be kept open a little longer.

Mr. and Mrs. Henry Rowntree and Mr. and Mrs. J. H. Beamish attended the wedding of Miss Helen Beamish to Mr. Robert Coulter of Islington.

### NORTH TORONTO.

**Big Budget of News Collected From the Suburbs.**  
NORTH TORONTO, Feb. 12.—There was a full board present at to-night's council meeting.

Councillor Douglas asked if the water, fire and light committee had investigated why the electric lights along the street between St. George and the highway club had not been turned on.

The chairman explained that the anticipated tampering with the wire was unfounded and that the water lamp will be procured, each one being valued at \$1, and if one light goes out the other lamps will not be affected.

These recommendations of the board of works were adopted: That the tender of Frank Lamb for gravel be accepted; that the tender of the Metropolitan Railway Company to remove the small iron bridge over the water works be accepted; that the council be instructed to have the water works fitted out with inverted gas lamps.

The recommendation of the water, fire and light committee for better supervision of the commission for the laying of water services, caused a lengthy discussion, if the town labourers should be employed, or if such work should be done by private contractors, and was finally referred back to the committee.

The legislative committee's recommendation that the ninth clause of the private bill re the dividing of Danville ward into two wards be struck out, was debated at considerable length. The committee contended that the town should wait till the population reaches 500, which may be only two years hence. The recommendation, however, was finally adopted, as was the one that P. S. Gibson, engineer, be instructed to survey a parallel street to and east of Yonge-street, to Mount Pleasant Cemetery.

The finance committee's recommendation, adding an extra \$1800 of insurance on the town hall and \$200 on its furniture.

The application of Mr. Black waterworks engineer, of having a dwelling house on the site of the pumping station, was referred to the water, fire and light committee.

The resolutions passed by the ratepayers' association were submitted to the council by the secretary of the association, and they were referred to their respective committees.

The secretary of the public school board submitted the board's estimates for the year, amounting to \$10,000, less the government grant.

F. C. Baldwin made application to have a switch laid on Yonge-street, connecting with the Metropolitan Railway. The switch to be laid would be between Soudan and Eglinton-avenue, onto his lumber yard. Referred to the board of works.

**Say There Was No Gong.**  
After unloading a cargo of goods at Conroy's grocery store and crossing onto Yonge-street from Eglinton-avenue, the lorry of the McCann-Knox Milling Company was struck by a southbound Metropolitan car at 11 o'clock this morning. Had the team been 10 feet further west the driver and horses would have been killed, but as it was no injury came to the lorry. The greatest damage done was to the fender. It is claimed that no gong was sounded.

High class music is furnished the patrons of the concert given at Christ Church, Deer Park, to-morrow (Thursday) evening, by the choir of the church.

Mr. and Mrs. Webster of Sherwood-avenue were entertained by a party of young people last night who drove up from the city. In the progressive euchre game Mr. Webster received the first game's prize and Mrs. Cornelius the first lady's prize. Mr. Kenney carried away the booby prize.

**Wedding Bells in Town.**  
A quiet home wedding took place this afternoon at the residence of the bride's mother, Mrs. Margaret Blong,

Kensington-avenue, Eglinton. The marriage of Miss Jessie Blong to Mr. H. C. Almont, took place very quietly. The Rev. W. G. Back of Eglinton Presbyterian Church officiated. Only the immediate relatives of the bride and groom were present. The bride wore her traveling suit of champagne chiffon broadcloth, with hat to match. Mr. and Mrs. Almont left on the 5.15 train for New York.

The North Toronto Hockey Club will play a return match at Markham on Friday evening. A special train will leave the Union Station at 6.30 on that evening; also a special car on the Metropolitan Railway has been provided for the going and coming from the Union Station.

Yarmouth Lodge, S. O. E., of Brantford, visited Sherwood Lodge last night and engaged in a match of carpet balls. The visitors were victoriously entertained by Sherwood Lodge.

The entertainment in the town hall to-morrow (Thursday) evening, under the auspices of the local court of the Canadian Order of Foresters, promises to be a great success.

The Davierville picked school team played Eglinton school team a game of hockey this afternoon on the Eglinton rink. The game was in favor of Eglinton by 4 to 1.

**RICHMOND HILL.**  
Local Lodge A. F. & A. M. to Hold Important Session.

**RICHMOND HILL, Feb. 12.**—Things are resuming their normal conditions again. The Metropolitan and the C.N.O. are running on schedule, and trying to make up for lost time as far as possible. The country roads, not blocked as badly for thirty years, are being opened in good shape.

Mr. and Mrs. Lewis Stone and a large number of friends followed to the grave on Tuesday afternoon the remains of a very much larger number would have been present had the roads been in better shape.

The boys who attended the S.P.S. V. Thornhill hockey match on Monday evening say that Thornhill put up a game of good hockey. It was simply a case of being outclassed, as the score showed.

A large number of people attended the funeral of the late Miss Minnie Redditt at the home of her mother, Mrs. B. Redditt. The services were conducted by Rev. A. P. Back, assisted by the quartet of the Methodist Church choir.

An important meeting of Richmond Lodge, A. F. & A. M., will take place on Monday evening next, on the occasion of the visit of the deputy grand master of the district. The regular meeting will be followed by a banquet. A large gathering of the fraternity is expected from distant points also.

Rev. E. Harold Toye will preach a special sermon in the Methodist Church on Sunday evening to young men.

### DULL EYES? BLOODLESS LIPS? PALE, DRAWN CHECKS? You Must Stop the Progress of Anemia—Or Die!

When anaemic, you are languid and sensitive to cold. Gums lips, eyelids are blanched and wax. The skin is pallid, pulse becomes rapid and feeble. You grow dyspeptic, short of breath and nervous.

Anemia can't exist if there is a sufficient supply of healthy blood—FERROZON makes good blood and lots of it.

Mothers, look after your children. Are they ruddy and strong, do they eat and sleep well, or are they pale, weak and anaemic?

FERROZON will rebuild them. Take your own case—is the blood strong and rich? Have you that old-time strength and vigor, or are you somewhat under the weather?

FERROZON will supply the strengthening elements you require. It is a blood-forming, nourishing tonic that makes every ailment well.

FERROZON is a marvelous remedy, it contains in concentrated form certain rare qualities that especially fit it in cases of anemia, poor color, thin blood, tiredness and loss of weight.

Every day you put off using FERROZON you lose ground. Get it to-day; it costs 50 cent boxes by all dealers.

### DIAMONDS IN MEXICO.

**\$100,000 Find Said to Be Like Rich South African Beds.**  
MEXICO CITY, Feb. 12.—T. J. Robinson and two other Americans who own what is said to be a genuine deposit of diamonds in the State of Guerrero have just refused an offer of \$100,000 gold for the property. The offer was made by a British syndicate that is interested in diamond mining in South Africa.

The formation of the Guerrero diamond field is identical with that of South Africa. Several grams of much value have been taken recently from the property which Mr. Robinson and associates own.

### TRADE WITH MEXICO.

**Montreal Board of Trade Invites Mr. Cahan.**  
MONTREAL, Feb. 12.—(Special.)—At the meeting of the council of the board of trade to-day, it was decided to invite Charles H. Cahan of the City of Mexico to address the Montreal Board of Trade, especially on Canadian manufactures between this country and Mexico.

Mr. Cahan, who was at one time a member of the Nova Scotia Legislature, has been in the City of Mexico for the past few years, and is also director of the Bank of Montreal in that city.

He has given an especially study to this question, and has no confidence whatsoever in the attempt of the United States to work up friendly trade or any other relations with either Mexico or the South American countries. They don't want, he says, any truck with Uncle Sam, and all their thoughts are for Canada.

Mr. Cahan and Vice-President Clouston of the Bank of Montreal will leave towards the end of the month for Mexico, but in the meantime the address to the members of the board of trade will take place.
