Was this hardly fair? queried Mr. Euler of North Waterley. The minister of forementation Waterloo. The minister of finance took the view that there was no excuse for a taxpayer failing to make a return

Another point was raised by Hon. T. W. Crothers, formerly minister of labor in the Union government. Mr. Crothers complained that the taxation statutes were so complicated the average man could not understand them. "After studying the statutes for half a day I am no wiser." he said, urging that the statutes should be consolidated.

Temperance Men Who Are Not "Slouchers" Urged to Fight Hard.

Kemptville, Ont., June 4.—At the Montreal Methodist Conference this afternoon, Rev. Ben Spence, secretary of the Dominion Alliance, dealt with the progress which the present resolutions and the progress which the present resolutions and the progress which the present resolutions are and the progress which the present resolutions are all the progress ar provincial government, and the people generally, had made towards total prohibition, but pointed to the weakness in the legislation which, at present, exists. "Short circuiting," total Hog choiers, it is stated, has broken out in parts of East York district, at among the swine, the breeding of mess in the legislation which, at present, exists. "Short circuiting," which is made a very easy matter to secure liquor, had not been touched, for instance, by Bill 26. The government had made it possible to go to the federal government and apply for a referendum on the question, but there was a division of opinion as to the feasibility of this course. That every temperance man who was not "a slacker or a sloucher" should get out and fight hard for total prohibition was his advice.

"But what we want you to do is take the beer out of our province." continued the speaker, "and we will take the wine out of yours."

"But what about your wine then?" called out a layman from the rear of the church, a question which evoked considerable mirth.

"Well, you can take that, too," was the solemn rejoinder of the speaker.

Continuing. Mr. Carson declared that he wanted the conference to commit itself to a national prohibitory law and be satisfied with pething law.

Sinn Fein Proves Victorious In Ulster's Own Strongholds

Belfast, June 4.—The followers of Sir Edward Carson have been defeated in county and district council elections in their own strongholds in choosing boards of guardians. In addition to the Sinn Feiners' winning of County Tyrone for the first time and maintaining their hold on County Fermanagh, Michael Carsolan, who was unseated by the Belfast council following his sentence at hard labor for an alleged seditious speech, today headed the poll in the Shankhill division of Belfast, which previously had been a stronghold of Orangeism.

Still another Sinn Feiner headed the polls in the Falls division, Belfast, the stronghold of Joseph Devlin, and another. Sinn Feiner was elected in Lisburn.

Keenest interest was taken in the Tyrone and Fermanagh elections because both counties are included within the Ulster area outlined in the Irish bill now before the Irish parliament. Another vacant barracks was burned at Goleen, near Skibbereen. The
railway terminus at Tralee was raided at daylight and a quantity of exblosive and military stores removed.

Shortly before midnight the police were informed that a car of whiskey owned by the government was in the sheds at the foot of Yonge street and whithat four men were acting propionally around it. Waterhouse and Turner went down and brought the four men to Court street station. Here the quartet stated they came from Windsor yesterday in charge of the government car. They said they had been told to go to the foot of Cherry street to watch the car, but when they made inquiries there they could not find the car and traced it to the Yonge street sheds. Whether or not the men were employed to guard the whiskey is not definitely known yet by the police. The police here were not satisfied with the explanation of the four men and they locked them up. The Windsor authorities have been wired for particulars concerning the prisoners and until this word arrives they will all remain in custod.

Sir Robert Falconer then went on to say that the graduating class of this year was vastly different from those of the past five years, as they were the first that had completed their stidies in first that had completed their stidies in a year that was free from the troubles and anxieties that had been experienced by the classes held during the war. A large number of the class now graduating were men who had seen overseas service, and it was a remarkable fact that these men had made a great record in their final examinations. He based this on the fact that education does not alone consist of book knowledge, and these men, by reason of their experiences in active war regions, were able to discern quickly the essentials of their studies.

The red letter day in the lives of some six hundred young men and women attending the Toronto University came yesterday when they received their degree in the various sciences at the annual convocation exercises held in Convocation Hall.

The seating capacity of the huge amphitheaure was taxed to capacity by former graduates, friends and relatives of students who had assembled to do honor to the class of 1920.

Following the graduating procession came the stail of the university and a number of prominent invited guests, including Sir Charles Townshend, K.C.B., LL.D., all attired in their robes of office, and followed by Sir William Meredith, chancellor of the university.

The back part of the hall had been the star of the lives of the settimated at \$1,000.

The stove was situated against the wall, and when it became overheated the walls ignited and the laundry was in flames. Song ran to the cash drawer and while taking the money out was burned about the face and hands. He was attended by firemen of Rose avenue hall. Fireman Allison was injured when the glass panel in one of the fire cars to the General Hospital.

Forecasts say the voting percentage of 85 will not be reached, despite the fact that 400,000 German-Austrians, who will not vote this year, will be approximately replaced by the influx of Germans from the occupied territories. Some forecasts give the probable number of members of the Reichstag as 508, but the building's capacity is 450 and no suggestions have thus far been offered as to how the surplus could be accommodated.

MEETS AT DULUTH

Duluth, Minn., June 4.-Eighty per cent. of the world's tonnage would be available for lake and ocean traf-fic at once if the proposed Great Lakes-St. Lawrence tidewater, channel was open, C. C. West, vice-president of a shipbuilding company at Manitowoc, Wis., told the International Joint Waterways Commission

here today.

He said this passage of vessels, plying between all the ports of the world, could enter Duluth harbor if the channel project went thru. He explained that the lake ports were built, generally speaking, to accommodate ships of twenty-two feet

Washington, June 4.—Decision not to take action on the senate resolution denying President Wilson's request for authority to accept mandate over Armenia was reached tonight by Republican leaders of the house.

Speaker Gillet told Republican members of the foreign affairs committee, which had reported it favorably, that some members wished to abandon action on the measure because they did not wish to arouse dislike of persons sympathetic with Armenian aims.

Democratic members of the committee expressed opposition to the senate resolution to be "a direct, deliberate and gratuitous in sult to President Wilson." The report added that the measure "injects the spirit of political partisanship into a question of importance to peace and civilization."

modate ships of twenty-two feet draft.

"There are now plying between cean ports 12,500 vessels of less than 1,500 tons capacity," he said. "There are 3,821 vessels of between 1,900 and 3,000 tons; 5,000 of between 7,000 and 15,000 tons, and 238 vessels of more than 15,000," he added. This does not include passenger ships and the proposed St. Lawrence channel would accommodate vessels of from 6,000 to 17,000 tons burden.

The attitude of the Dublin strikers to-ward the suggestion of Mr. Thomas that the men return to work pending the con-gress which is to consider the Irish workmen's refusal to handle munitions appears unfavorable, according to a Dub-lin despatch to The London Times. The strike committee, the despatch states, discussed the situation last night, but no statement was issued. It is expected the matter will take a definite turn to-day.

day.

The Times' message remarks that while refusal of the triple alliance's support would probably kill any ordinary strike in Ireland, this is not certain regarding this case. The principle involved, it is said, is upheld by railwaymen thruout the country and by a vast body of popular opinion. The prospects of getting money and support is also declared to be good.

The bill was given third reading and the house went into committee on a bill to amend the inspection and sale act. This act regulates the dimensions of apple barrels. The bill was given third reading.

Budget.

Past years.

Sir Henry Drayton said it was obviously improper that the act should be looked upon as a mere invitation to pay taxes. As a result of issuing writs, collections had been increased by 100 per cent.

Every effort was being made to collect taxes which should have been paid in past years. He stated that, since the 1917 returns had been made, some \$6,000,000 had been collected.

Replying to Dr. Sheard, Sir Henry Drayton said the taxpayer could secure a court of revision at any time.

The house then went into committee

escaped taxation altogether, because it was privately owned.

Sir Henry Drayton said there was no tax on electricity nor on the consumer of electricity. The house was not talking about a tax on electricity, but about a tax on excess business profits. The Hydro-Electric was not operated for profit, therefore there would be nothing to tax. In taxing the excess profits of private companies, the only persons hit were the shareholders. In the case of the Hydro-Electric, there were no shareholders to hit.

CITY HALL NOTES

Plans of the proposed live stock arena, the building of which was approved by the ratepayers last January, have been completed by the city architect, and will be before the board of control next week. The vote calls for a million dollar arena, of which sum the city will pay \$600,000, but City Architect Price says the structure will now cost a million and a half. Whether the extra-money will be raised or the size of the building reduced to come within the million-dollar limit is still to be settled. The Live Stock Association, which has undertaken to provide \$400,000, may undertake to raise the extra amount.

England and the adjoining property occupied by the Queen's Hotel. The transaction, according to the Allens, involves a total expenditure exceeding four millions of dollars, half of which amount is property cost, and calls for the razing of the two most historic buildings in the British metropolis.

Starting in a very small way in Brantford, Ont., fourteen years ago, Bernard Allen, together with his sons, Jule and Jay, formed the nucleus of what is now a dominating organization in the motion picture business.

Thru sheer perseverance and natural ability the brothers progressed until today they own or control over fifty theatres in Canada, representing an investment exceeding \$20,000,000, and have under construction cinema palaces in the leading cities of the United States, including a theatre in Cleveland and another in Detroit. Today's announcement that London, England, will be the scene of their next immediate operations, makes the Allen enterprises one of the greatest factors in the exclusive picture exhibiting field, and the largest international concern of its kind.

On Convention's Eve ety Leaders Consult "Digest's" Poll for Guidance

The deep interest that has been aroused throughout the nation by THE LITERARY DIGEST poll of 11,000,000 voters, and the influence that the results may have upon the Republican presidential choice next week, are indicated by the requests by telephone, by telegraph, and through the mails from party leaders everywhere asking for the latest returns. The fact that in almost every case the results of THE DIGEST poll have corroborated the decisions of the people at party primaries would seem to indicate that it accurately registers the people's choices for

In THE LITERARY DIGEST for June 5th the poll enters its eighth week with a total number of ballots considerably in excess of 1,500,000. The votes of more than thirty candidates are tabulated State by State, and there is also a summary of the votes cast for second choice

Whether or not you feel that a "favorite son" or a "dark horse" will be led forth at the Republican Convention next week, you will do well to read and study the returns of THE DIGEST'S mammoth Presidential poll of the nation in this week's DIGEST.

what backward in certain sections of the province. I trust that the great agricultural industry of this province will have a successful year, and thus contribute to relieve the scarcity of food and to enhance the prosperity of the whole community. By means of legislation and appropriations, steps have been taken to assist in the further development of agricultural production. Special mention may be made of the act to encourage co-operation in the marketing of potatoes and or seed grain, which is expected to have a very beneficial effect. The Act respecting handling of cream the amendments to The Dog Tax and Sheep Protection Act and the act respecting community halls are among the other measures which will no doubt prove of advantage to the province generally.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications it also brings back the gloss and lustre and gives an appearance of abundance.

An advocate of our decimal system of currency refers to the well-understood feature, that the removal of decimal points, reducing all to cents, does not change the value of any expressed amount of money. For exdoes not change the value of any expressed amount of money. For example, \$90.60. Removing the decimal points we have 9060 cents, the same value in money. In sterling pounds, shillings, pence and farthings, there is only one amount of money which admits of removal of the dividing point, reducing the figures to farthings, without disturbing the expressed value, and it is quite a puzzle to discover it.

Can you find a certain sum in English money which will represent an equivalent value in farthings when the dividing points are removed?

Chapter 102.

A week went by after the letter from Clara telling her of her engagement to Lawrence.

After her first feeling of loneliness and the fregivable bit of envy that the found I was growing reconciled to the arrangement, she told me first that I didn't appreciate you, and that I should have gone off with you, a la young Lochinvar, and secondly, that after all, probably you would be better off if you married David!

"Then I asked her whether he knew you were free and she said to the arrangement, she told me first that I didn't appreciate you, and that I should have gone off with you, a la young Lochinvar, and secondly, that after all, probably you would be better off if you married David!

from Clara telling her of her engage ment to Lawrence.

After her first feeling of loneliness and the firgivable bit of envy that collars was so happy while she herself was so miserable. Alice came back to her normal frame of mind.

She sat down and wrote them both him or her letter to Clara she said:

"I am very happy for you. Lawrence is a dear, dear boy. I know that, because he was so charming to the him, because he was so charming to him at one time, I can tell how lovely he will be to you. He has the one supreme gift that a man can have—sympathy. Sometimes I think that if two people have only that and the form that if two people have only that and the form the form that if two people have only that and the form t

WEST TORONTO BUILDING

West Toronto builders report building not as brisk as last year. Some few necessities, they say, have gone down, but cement, lime and granite have gone up since May 1. It was also pointed out to The World that all trades necessary to building have also advanced men's wages 25 per cent. since May 1, making contract costs higher also.

DANFORTH

WOMAN BADLY BURNED BY A GASOLINE EXPLOSION

Considerable dissatisfaction is expressed in the eastern section of York Township, adjoining the city limits, in connection with the Bell Telephone Companies business methods and their refusal to accept contracts for telephone installations. W. Moore, Woodbine Heights, claims that his order was refused after a delay of nine months on the grounds that the Danforth cable is filled. Residents in the Gledhill avenue section cannot secure the convenience, altho poles are erected and 27 wires are strung along the street. The company claim they are inundated with orders for installation and in the Beaches district alone there are 1500 applications.

The York Township Central Council of Ratepayers are bringing the matter to the attention of the provincial government.

G.W.V.A. BAND CONCERT.

Port Arthur, June 4.—With the arrival here for burial of the body of Mrs. Douglas Wait, it became known that this well-known local weman was shot recently at Gerber, Cal. She had left this city to reside with her husband in California, and was shot while asleep by an American-born Mexican, who afterwards committed suicide in the same dwelling in which they all lived. The murderer was a waiter, and returned to the house during his usual working hours, while the rest of the household were away, and both were dead when found.

Now wont to jeer him. The word revolt was on many a young returned to was the duty of the older, steadier men to educate him to use his ballot rather than his fist.

To accommodate Saturday travel the Grand Trunk Rallway have arranged to run train No. 83. leaving Toronto, 1.25 p.m., for Hamilton and intermediate stations, in two sections, first section leaving Toronto 12.45 p.m.; second section 1.25 p.m. were the euphonium solo, "The Village Blacksmith" rendered Deputy Bandniaster G. Snowden, and the selection from Blanquett's opera. "Chimes of Normandy". Many encores were responded to. The band of 35 soldier musicians was under the leadership of W. Coldenith musical disease.

YORK POPULATION GROWS.

The rapid growth of population in the eastern section of York Township in recent years, has necessitated considerable increase in school accommodation in all school districts. At the present time, besides the permanent additions to Secord and other school buildings, two substantial portable buildings are being erected at Plains road school in S.S. No. 7, and one double portable on the grounds of Kitchener School, Pape avenue north.

BOARD ADOPTS PLENUM SYSTEM

After Endless Discussion, Architect's Report on Ventilation Approved.

"That the plenum system with exhaust fan and air wasners is the best system of ventilation for Toronto schools" was decided upon favorably at the meeting of the board of education last night. The decision was arrived at after one of the most lengthy discussions of the season. Dr. Noble gaye a lengthy account of all the systems that had been tried and failed. Mr. Bell and Mr. Pearse described things in favor of the plenum system, and named institutions and experts in its favor. When put to the vote, it carried by 3 to5, but the chairman ruled that it required a two-thirds vote. This ruling was not sustained.

On motion of Trustee Boulton, it was carried that an annual collection, be taken in the schools for the soldier amputation cases, the purpose being to keep in memory the sacrifices these men had made for Canada.

No player of prominence has in recent years secured and held the esteem and affection in the hearts of the amusement-loving public all over America like Tom Wise, who next week, commencing Monday evening, will again become a member of the Robins Players, under the management of Edward H. Robins.

The comedy selected for the opening performance for Mr. Wise is his starring vehicle of the past two seasons, "Cappy Ricks," adapted from the many Saturday Evening Post stories for the same name, in which the life battles of the napoleon of the Blue Star Navigation Company of San Francisco were fought, not only in the business world but also in his private life. Alden P. Ricks is a two-fisted man, who has fought his way thru from the lowest to the highest, and we still find him a veritable human dynamo. Through his life he has never acknowledged defeat, and when the youngest captain of the fleet announces that he is going to become his son-in-law, the air freely tingles with suppressed tension. The entire strength of the Robins Players will again be utilized in "Cappy Ricks," the matinees of which will be on Wednesday and Saturday.

SOLDIER SETTLER

Pensions Committee Told All Farmers in West Alike Shared Losses of Cattle.

LOOK FOR EARLY REPORT

Ottawa, June 4 .- (By Canadian Press).—The special committee on pensions and re-establishment has almost finished its task. At present there remains but one more witness to hear and he is not expected to occupy more than half an hour of the com-mittee's time on Monday. This wit-ness is Mr. Naulin Cauchon of Ottawa, who will present the details of a plan of small holdings for returned soldier settlers on irrigated land. Mr. Cauchon was before the committee last session with a similar plan.

with a similar plan.

A report from the committee is expected in about two weeks.

Hear Veterans' Charges

This afternoon the committee heard a refutation of the charges against the soldier settlement board, made by war veterans of Manitoba and produced by C. G. MacNeil, Dominion secretary of the G.W.V.A., in response to the committee's request for stated cases of dissatisfaction among soldiers with the work of the board's officials. Several of the letters brought forward by Mr. MacNeil dealt with hardships said to MacNeil dealt with hardships said to Western founder of the W.C.C.A.

Western Canada Colonization Association represents a literal formation of the soldier settlers. work of the board's officials. Several of the letters brought forward by Mr. MacNeil dealt with hardships said to have been suffered by soldier settlers. Many of them, it was claimed, had lost cattle and horses. Members of the committee pointed out that experienced farmers in the west had lost many cattle and horses thru shortage of feed. Thos. McNutt. Saltcoats, said that 50 per cent. of the horses had died around Yorkton, Sask. He had lost 18 head himself. The local member had lost 18 head of cattle and another man had destroyed 78 head to save them from starvation. Therefore the soldier settlers had not been the only losers.

only losers.

Securing of Titles.

During this afternoon, while Dr. W.

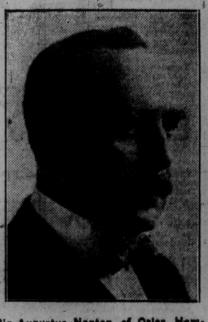

J. Black and S. Maber of the settlement board were on the stand, chief interest was in the claim of one settler who had gone on the land and incurred expenses before receiving assurance from the board that the title was secure. Members of the committee were of the opinion that some warning should be given to prevent settlers from losing in this manner, but they supported the board in the position that the settler had no claim against them.

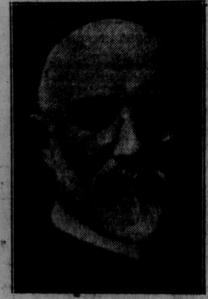

During the afternoon a little clash took place between T. M. Tweedie (West Calary) and C. G. MacNeil. Mr. Tweedie objected to the G.W.V.A. secretary making charges in the press before taking them up with the committee.

Mr. MacNeil replied that he was not making any charges of maladministration against the soldiers' settlement board. The committee had asked for specific cases, and, therefore, he had brought forth documents and affidavits to show the complaints which were reaching him., All he sought was an investigation of these complaints.

DECISION BOUTS LEGALIZED.

Boston, June 4.—Governor Coolidge signed tonight a bill to legalize tenround boxing bouts in this state. The bill specifies that decisions are to be given by two judges and if they are unable to agree, by a referee. A club wishing to conduct boxing bouts, must have at least a year's lease of its building and all boxers, managers, handlers, referees, judges or others, associated, must be licensed by the state. The state will collect five per cent. of the gross receipts from all bouts.

CHANGES IN RESOLUTE'S RIGGING. Bristol, R. I., June 4.—The sloop Resolute was towed here late today from Newport and immediately a spiral plated steel mainmast, used in 1915 and recently placed in readiness for an emergency, was stepped, together with a hollow wooden topmast. Test spins are expected to be held in Narragansett Bay tomorrow. The new main mast is two feet longer than the one which was pronounced faulty off Newport today and, with the new topmast, will give the yacht a loftier sail spread. New rigging stays and new aluminite saff also were installed. The changes in the rigging are expected to give the sloop additional advantages when she again meets the Vanitie off Newport in the elimination trials for the honor of defending the America's Cup.

ination trials off the port have been postponed until the Resolute can be made ready again. In the trial race with Vanitie yesterday, the jaw of the Resolute's gaff was damaged, and an examination of the steel mast today showed a structural weakness. This necessitated the calling off of the second race, scheduled for today, and the sleep was towed to Bristol, where another steel mast will be stepped. W. Butler Duncan, chairman of the committee on cup defence of the New York Yacht Club, said tonight that he expected the repairs would be completed by Sunday and that the Resolute would be prepared to meet the Vanitie again on Monday or Tuesday next. The Resolute's troubles with masts began in the tuning up trials with the Vanitie off New Haven, when her builtup, hollow wooden mast snapped in the first race. A steel mast used in 1915 was stepped in its place and at the same time another steel mast used in 1915 was stepped in its place, ed in readiness in case another change should be required. It was said here tonight that a new steel mast would be substituted.

SHAMROCK ALSO RESTS.

New York, June 4:—Sir Thomas Lipton's Shamrock IV. was given a rest today from her daily trial spins and was being equipped with new crosstrees, because Charles E. Nicholson, her designer, decided not to take any chances with the slender rigging with which she is now fitted.

The Shamrock's original topsails were burned before she came to this country, and the new ones were never tried until this week, when it was noticed that the crosstrees showed signs of giving way under heavy gales. It was expected the yacht would be ready for further trials by tomorrow or Sunday.

NO TRIAL RACE YESTERDAY

Newport, R.I., June 4.—Owing to the inability of the managers of the yacht Resolute to effect complete repairs at her anchorage in this part, the race with Vanitie today was called off, and the Resolute was towed to the Herreshoff yard, at Bristol, LORNEVILLE BEAT SUTTON.

HUMBERSIDES DEFAULT TO YOUNG TORONTOS

There will be no lacrosse game at the seach this afternoon. Humbersides n they would be forced to default.

Humbersides prepared several mago to put a fast team in the series and secured promises from eral players, but these promises not been fulfilled, with the result the Humberside club are unable to pateam of senior calibre in the firm they will, however, stay with the termediate series. Their withdrawal from the senior ranks is to be regretted, having regard to the amount of hard we which has been put in by Arnold Smit Fred Rowntree and others.

If Charlie Querrie is as successivith the Saints as he was with Tecum sehs, then you'll have to concede the enior championship to St. Simons. The nodian chief's coaching ability will go any way in the battle for supremacy ut if the members of the team carry it instructions the other chaps will twe to go some to score a victory. A new epoch in the manufacture of Canadian quality motor cars is ushered in with the advent of the new Oldsmobile.

Both the Seven-passenger Thorobred and the Speedster models possess those daring lines of construction, and are finished throughout to a standard hitherto not attempted in Canada. Both models are amply powered with the famous Oldsmobile eight-cylinder motor. A four-cylinder Economy Truck completes the line.

The mammoth, new, up-to-date plants in Oshawa are now working on large production schedules to fill orders placed when the new Canadian Oldsmobile was first announced.

Demand for good cars is great, and the demand for the new Canadian - built Oldsmobile grows, apace as dealers get their sample cars. Write or wire for literature and name of nearest dealer where the new Canadian-built Oldsmobile can be

FARM FOR SALE 200 ACRES-CLOSE TO CITY OF

The property contains two hundred acres, more or less. It is about five miles from the limits of the City of Toronto, lying about one and one-half miles east of the Village of Newton-brook, which is on Yonge Street; Nearly all the land is cleared and about one hundred and fifty acres are available for cultivation, the balance being river bottom land, suitable for pasture. A branch of the River Don runs through the property. A good house, barn and other outhouses are on the premises. This would make an excellent stock farm, or would be ideal for a city man desiring a farm near town. Apply to PROUDFOOT, DUNCAN & GILDAY, 12 Richmond St. East. Toronto, Solicitors for the Owner.

NITTI WOULD REVISE

TERMS OF REPARATION Paris, June 4.—President Nitti of Italy believes that country's share in the indemnity to be paid by Germany, the indemnity to be paid by Germany, as fixed by the peace treaty, is insufficient, as Italy did not participate in the distribution of German colonies or in warships which were surrendered, says The Matin. He has been in conference with Signor Bertolini, chief of the Italian delegation the sist Eattalion, a patient of the Westminster Military Hospital, committed suicide this morning by tarowing himself in front of a Grand Trunk train. His next of kin is Mrs. Allen Edwards of Toronto.

He was a baker prior to enlisting in the sist Eattalion. His rash act is believed to have been due to despendent.

BOLSHEVIKI IN HUNGARY USING POISON NEEDLES

Budapest, June 4.-With twelve army officers in hospitals in consequence of having been pricked by poison needles, and a number dead, it is believed that Bolsheviks are attempting to create new disorders during the period of uneasiness attendant upon the signing of the peace treaty. The city is thrilled with tenror at these outrages, which are committed at night when officers are going about on duty, and particularly when they are in the crowds. Order is being kept by mounted police and squads of sol-diers armed with hand grenades, pistols and rifles with fixed bayonets.

down of demand for the cash in south-western and western kets. This tendency was all played on the least Chicago

ing practically all lost. Advices the country indicate a desire to make the old crop. This condition more plainly outlined in wheat the in the corn, and it is not indicated in oats. Industries have either will drawn entirely from cash markets reduced their bids to a consider extent. Despite the absence of improvement in receipts from country, we are inclined to the that a slowing down of the cash mand, increased offerings of wheat and material reduction in eign bids, together with some in cial news from the east, will cobine to bring about a price react of greater or less extent.

Oats: There is a better under in the cash oats market than in corn, due not only to the smalls of the receipts but the absence offerings by the country. The carticle is strong, with premiums exfirmer than yesterday. Current receipts are so light as to necessita a withdrawal of oats from elevator, but it seems to have inhere strength.

BRADSTREET'S REVIEW.

WINNIPEG CATTLE RECEIPTS.

Winnipeg, June 4.—(Dominion Live Stock Branch.)—Receipts today 215 cattle, 488 hogs and 21 sheep. Trading was quiet again today, up to 11 o'clock only a few cattle being weighed up. Quotations were generally steady with yesterday's close. Choice butcher steers ranged from \$15 to \$17.50; stocker and feeder trade quiet, quotations steady to weak.

There was no demand for veal calves.
The hog market opened decidedly weak with no sales this morning. Prices will likely decline before the close of the day's trading.

STEEL SHARES WEAK

All the speculation on the Canadian stock markets yesterday was again concerned with the papers. Brompton, Abitibi and Spanish River were dealt in on the Toronto exchange, and the figures presented for the two first named have now been reached and passed. Brokers here have given up questioning the heights to which these issues mi, ht run, but are assured that a stopping place will be reached, and the belief is that this is not far off. The market was by no means one-sided. Steel Corporation had a bad break to 59, a drop of about 20 points from the top of the year. Brazilian was back to 44%, or about where it was when the dividend boom advanced the price. Steel of Canada reacted to 75%. The market as a whole was quiet and uninfluenced by some improvement on the Wall street exchange. Banks and bonds were steady, with a scattered amount of business in the former. Funds for market purposes are reported less tight than they were last month.
