Watch Out For Second Story Man, Is Police Warning

PREPARED FOR EMERGENCY EVALUATION LAW

WATERLOO ST. HOME INVADED DURING NIGHT
C. Bassen Loses \$155 From the Pocket of His Trousers.

THIEF USED WINDOW
Fredericton Had Similar Cases Recently and St. John Last Summer.

That an expert "second story" man is at work in St. John, and that all citizens should exercise care regarding leaving windows unfastened or money around in clothing was a warning issued by the Detective Department this morning.

Some time last night, while Carl Bassen was asleep in his home at 139 Waterloo street, a burglar gained entrance and succeeded in stealing \$155 which was in one of his trousers pockets. An entrance was gained from the roof of a porch through a washroom window. Nothing else in the house was disturbed.

About this time last year similar breaks and thefts were made and despite every effort no clue was unearthed to disclose the identity of the culprit. Speaking about the matter this morning, Sergeant-Detective Power said that cases of this kind are difficult to handle, as the thief left no clue to work upon.

In Fredericton recently a case similar to that of Mr. Bassen's was reported. Two men had their trousers taken from their rooms and sums of money stolen, after which the thief left the garments lying on stairs in the house.

SHADOW OF DEATH FALLS ON DIVORCE
Polo Player Dying, His Wife Abandons Suit and Goes to His Bedside.

Detroit, Aug. 22.—(United Press)—As James S. Southwick, noted Detroit polo player, lay unconscious and dying in Henry Ford Hospital today, an attorney, representing his wife, filed in circuit court a petition for dismissal of divorce suit against him.

Meanwhile Mrs. Southwick sat at her husband's side, her body rigid with suspense, her eyes straining for the first signs of returning consciousness. He has been in a stupor since Sunday afternoon, when his pony tripped and threw him on his head as he was battling in behalf of the Gold Hats polo team against the Grosjean County Country Club poloists at the Detroit Riding and Hunt Club.

Blood transfused from the veins of Gerald Monaghan, clubman, brought about a slight improvement in the injured man's condition last night and today.

CANADIAN ALE IS SEIZED AT BORDER
Customs Officials Take Liquor From Car of Hay For Yonkers.

Montreal, Aug. 22.—Customs officials at Rouens Point, one of the districts closely watched for infractions of liquor transportation, came across a fine consignment of ale this morning. Hidden among 100 bales of hay in a freight car the Canadian ale was brought to the surface after diligent digging and removal of scum and hulk hay. The shipment came from St. Edouard, Que., and was marked with the name of William Kay, Grain Company, Yonkers, N. Y. The seizure was made by Deputy Customs Collector W. Shaw.

Killed a Cat; Dog Gets Life Sentence

Philadelphia, Aug. 22.—Governor Gifford Pinchot's dog, Pep, has begun a life-sentence in the Eastern Penitentiary for the "murder" of a family cat. The Pennsylvania chief executive himself imposed the sentence upon the canine and had a special policeman bring the convict from the Governor's home at Mill-Ford, Penn., to this city.

FINNISH GIRL IS HELD AT HALIFAX

Halifax, Aug. 22.—A young woman being held by immigration authorities at the request of the authorities at Helsinki, Finland, who charge her with embezzlement of \$25,000 from her employers there. She was taken off the liner Oscar II, and was accompanied by her mother. The authorities refuse to divulge her name, and the girl protests innocence.

GETS REWARD FOR PARTNER'S ARREST

Bennett, Associated With Charles Mathews in California, Receives \$2,500.
Toronto, Aug. 22.—Edward Bennett, partner of Charles Mathews, Jr., former Deputy Treasurer of Ontario, in the quick lunch business in Santa Clara, Calif., has received the complete reward of \$2,500 for giving the Ontario Government information which led to the arrest and deportation of Mathews on a charge of violating the Secret Commissions Act.

WORK OF BRITISH NAVY IS PRAISED

Special Squadron Commander is Guest at Dinner in Ottawa.
Ottawa, Aug. 22.—(By Canadian Press)—It takes three years to build a ship and nine years to train the crew to man her, thus Vice Admiral Sir Frederick Field, commanding the special service squadron now touring the Empire, declared at a dinner given here in his honor last night by Hon. M. MacDonald, Minister of National Defence. Sir Frederick was speaking in reply to a toast of his health, and that of the officers of the special service squadron, proposed by Premier King and seconded by Sir Robert Borden, Canada's Premier during the war.

Premier King spoke in high terms of the work of the navy in the war, of the value of the cruise of the special service squadron. On behalf of the Dominion Government he extended a warm welcome to Canada.

Sir Robert Borden said that if possible he would like the whole population of Canada to go to the coast and further he would like to have some of the public men of Great Britain accompany the squadron on its cruise and learn a little more than they seemed to know about the British commonwealth.

Wire Briefs
Sydney, N. S., Aug. 22.—Up to noon, Lausburg wireless station had picked up nothing from the American U. S. fliers or their naval escorts.

Connaught Ranges, Ottawa, Aug. 22.—Captain Stewart Bone of the Victoria Rifles, Montreal, this morning won the Governor General's medal for the second stage with a total score of 198 points out of a possible 205.

Stamilton, N.Y., Aug. 22.—Giant steamship Majestic, inbound from New York, grounded on a sandbank at the entrance to Southampton water at low tide this afternoon but was refloated with the aid of two tugs a short time afterward and proceeded to Southampton.

PRINCE OF WALES READY TO SAIL FOR U. S. TOMORROW

Berengaria's Capacity Taxed by Crowds Anxious to Accompany Him.
HAS SPECIAL SUITE
Whole Vessel Has Been Renovated in Honor of Royal Passenger.

London, Aug. 22.—The Prince of Wales has packed his trunks and bid good-bye to his cronies and, with the exception of a few official matters to be attended to today, is ready to hand over his tickets to the purser of the Berengaria, which will leave tomorrow from Southampton on his second visit to the United States.

The Prince of Wales' trip this time will lack the exclusiveness of his first visit, made in a British man-of-war for the capacity of the Berengaria has been packed by debutantes who for various reasons are cutting off the European trips to hurry homebound on this particular liner.

These marriageable daughters will leave behind several hundred disappointed Americans who have been turned away from the shipping office in the last four or five weeks, since the liner's accommodations for 700 saloon passengers are all taken, and who constitute the "long list" of expectant ones awaiting possible last-minute cancellations.

Suite is Prepared.
Since the Berengaria arrived in port Tuesday a corps of plumbers, carpenters, painters and upholsters has been busy decorating the imperial suite which His Royal Highness will occupy.

The suite, consisting of two bedrooms, saloon and breakfast room, now is in spotless white and gay chintz-covered chairs and draperies, new furniture and fixtures and other improvements, including a tiled bathroom.

The adjoining suite will be occupied by the Prince's cousin, Lord and Lady Louis Mountbatten, who are accompanying him. His equerries and attendants will distribute themselves in rooms bordering on the royal heir's quarters.

Acrobatic Thieves Get \$13,500 at Coney

New York, Aug. 22.—Robbers, avowedly skilled in acrobatics, broke into the freak show of Henry Brill at Coney Island by swinging from the Brighton Beach subway structure to a window in the rear of the building. They broke open the safe and stole \$10,000 in cash and notes and mortgages valued at \$3,500.

KID MCCOY FACES DEATH ON GALLOWS OR TOTAL DEMENTIA

Los Angeles, Calif., Aug. 22.—Death on the gallows or the living death of paralysis and total dementia today appeared to be all that was left for Kid McCoy, once copper hero of the ring, charged with the murder of Mrs. Theresa W. Mors here on August 17.

The prisoner's eighth wife, Dagmar Dahlgren, dealt his defense a blow when she repudiated a previous alibi volunteered to show he could not have been guilty of the murder. Then an alienist sent into his cell by defense attorneys reported that even if McCoy could prove his innocence he would fall victim within three years to complete paralysis and total dementia.

The alienist Dr. Cecil Reynolds said McCoy is "without question" suffering from paralytic form of dementia due to organic changes of the brain and brought on in his case by excessive addition to alcohol and a mental infection of long standing. The disease is in its early stages, the alienist's report said, during which acts of violence should be expected as a matter of course.

Physically, too, the prisoner is but a pale reflection of his former self, says Dr. Reynolds, although as is characteristic of paralytic victims, he labors under the delusion that he is a man physically than he ever was.

In one respect, however, the report shows McCoy free of all delusions; he knows he is broke; he has no delusions of grandeur.

Pointing out to statements made with it accompanying enfeeblement of judgment, intellect and memory, the alienist declares that McCoy is not only demented but a very dangerous man. Smuggled Jewels.
Newport, R. I., Aug. 19.—Fifteen men who said they were members of the crew of a British schooner running rum into port aboard a power boat from Block Island and three of them were taken to a hospital suffering from severe burns. They had been injured, they said, when a quantity of gasoline exploded on a fishing boat which was lying along side the schooner.

HERRIOT DEFENDS MACDONALD LETTER

Discussion on London Pact is Resumed in French Chamber.
Paris, Aug. 22.—(United Press)—Herriot, with strengthened conviction that he would win his fight for ratification of the Pact of London, swung into the second day of discussion in the Chamber today, and responded to many interruptions on the Dawes reparation accord.

After a dramatic appeal Thursday, the Chamber voted 820 to 209 against ratification of the pact, which was taken as assuring that Herriot would be able to muster a majority for passage of the motion to ratify.

Yesterday's vote in the Chamber to adjourn the debate was to allow the Pact of London to be taken before the Chamber's foreign committee for examination. The opposition declared that Pact of London modified the Versailles treaty.

When the debate was resumed today Herriot replied to the Communist leader, M. Cachin, regarding the letter of Prime Minister MacDonald in which earlier evacuation of the Ruhr was urged.

Herriot said he knew of the letter before reaching London, but that publication was delayed, on account of papers being issued on Sunday.

He said the letter purely confirmed the principle of British opposition to the occupation of the Ruhr, but that Herriot interposed by pointing out that the fourteenth new British unit had been scrapped.

Principals in Murder Case

PLACES BLAME FOR INEQUALITIES ON LOCAL ASSESSORS

Veniot Answers Critics After Paper at Municipalities Session.
DR. ROBERTS HEARD
Gives Paper on State Medicine and Its Relation to Municipality.

(Special to The Times-Star.)
Moncton, Aug. 22.—The outstanding feature of the morning session of the Convention of the Union of New Brunswick Municipalities today was the paper by C. T. Mersereau on provincial valuation, and the discussion it raised.

The present provincial law was warmly defended by Premier Veniot, who placed the blame for inequalities in taxation on the way the assessors carried out the law.

A paper by Hon. W. F. Roberts on "State Medicine and Its Relation to the Municipality," was heard with deep interest by the delegates. This afternoon the delegates are the guests of the city of Moncton on a drive to the oil wells and Hopewell Cape.

Survive Many Attacks.
Mr. Mersereau said that of the Maritime Provinces had been accused of having a single track mind, and it seemed to him there was some truth in the contention. We had gone through in turn, attacks of railways, highways, automobiles, and later hydro-electricity, but fortunately these attacks had passed the acute stage and the patient was likely to recover.

The microbe of home-rule had effected the body politic and, while it had some good in it, had been carried to extremes, and our municipal legislation today resembled a patch work. Through all the changes in municipal legislation the system of valuation and assessment was practically the same as in 1854, and this seemed to him an evidence of a single track mind.

He expressed the idea that taking the appointment of parish officers from the province as the returns filed with the Provincial Secretary had only come from 10 of the counties, three cities and nine of the 21 township towns.

This return showed a valuation for assessment purposes of \$134,298 and this was doing us a manifest injustice, and one of the reasons we were getting the dirty end of the stick from Ottawa.

It was time we quit crying for something and get down to business.

The county of Charlotte had a valuation of \$7,668,614 and of this the sum of \$5,000,000 was in the four towns of St. Stephen, Milltown, St. Andrews and St. George. He did not believe there was this difference in the town and parish values.

In Kent county the per capita valuation was only \$99.28 and Kent was one of the best agricultural counties in the province. He said there was no such thing as a provincial valuation, as many of the counties and towns failed to send in returns.

Mr. Kelley said he had a great deal of sympathy with the officials of various municipalities as it required a lot of work, for which they received no pay, to fill out these returns.

Mr. Mersereau said the remedy he had for this state of affairs was a provincial board of valuation.

Law is Criticized.
In the State of Maine they had a board whose duty it was to equalize the assessment and there should be something of that nature in New Brunswick. The trouble with our present system lays largely in the fact that the assessors did not make their assessment on the valuation.

Premier Veniot pointed out that the N. B. law had the same effect, and it was not the fault of the law if it had not carried out.

Mr. Mersereau said it had been argued in opposition to a central board (Continued on page 9, fourth column)

Early Destruction of Paper Money Is Blamed on The Bootleggers

Washington, Aug. 22.—The automobile and bootlegger were blamed for one more brand of trouble, when it was learned that the treasury's new policy of trying to substitute the old-fashioned silver dollar "cartwheel" for the crisp one dollar bill, it's the dirt.

The automobile and bootlegger are dirty businesses, the greasy and soiled bills with oily finger prints and the filthy bills that came out of the country's bootlegging centres so attest. Some of this money is so unclean that it is almost beyond description. So fast has the paper money, especially \$1 bills, been coming in because of this condition that the Government has been reduced to a hand to mouth condition so far as printing money is concerned.

It is unable to keep up with the demand for well seasoned, fresh new money and the new \$1 bills have to be rushed from the Bureau of Engraving and Printing and shipped out to the banks of the country so fast that the ink is hardly dry. No time can be given at all for "seasoning," which experts agree is necessary to the life of a bill.

District Attorney Asa Keyes' office had another lot of the Mors jewels. These, valued at \$5,000 disappeared the night Mrs. Mors died. Her divorced husband charged that they were stolen from her body. Thursday attorneys for Mrs. Jennie Thomas, sister of Kid McCoy turned them over to the district attorney, whose office said they had been given to Mrs. Thomas by McCoy the night of Mrs. Mors' death.

The greater portion of the jewels said by Federal officials to have been in possession of the Mors family still is missing.

VESSELS CAUGHT IN THE ARCTIC ICE

Vancouver, Aug. 22.—The officers and crew of the Hudson's Bay auxiliary Lady Kindersley, are reported on the ice 20 miles northeast of Point Barrow, in the Arctic Ocean, and the American gas schooner Arctic is said to be a wreck about five miles south of the Point.

This information was wireless from the U. S. cutter Boxer, via Nome. The Hudson Bay Company offices here report that they have received no word from the Lady Kindersley for two days. No information has reached them from any official source, that the men are on the ice.

Arctic Total Loss.
The Arctic, with a victual cargo, is reported a total loss. Her master, Captain Burton, with his crew of 20 men, are safe at Point Barrow.

If the crew of the Lady Kindersley are not able to get to the U. S. cutter they will have to attempt the long voyage across the ice to land.

Novel Punishment For Petty Larceny

Tsingtau, China, July 23 (Associated Press by Mail)—The park police here demonstrated a new and effective mode of punishment for vandals recently when two men were caught stealing flowers.

The officers took the culprits to the main boulevard and made them kneel. To the prodding of police rifles they were made to shout to all passers by they were being thus treated.

For 15 minutes they were compelled to shout: "I took what did not belong to me and promise never to do it again," while they were made to hold the stolen flowers aloft.

At 93, Walks Mile To Get Hair Bobbed

Middletown, Conn., Aug. 22.—Ninety-three years old, but determined to have her hair bobbed in spite of the protests of her niece, Miss Eliza Watrous of Chester walked a mile to a barber shop and had her hair cut in the prevailing style. When she could not persuade her to give up the idea, the niece offered to bob it for her, but Miss Watrous said she wanted a tonsorial parlor. When she returned, with her locks shorn, she said it felt comfortable and she would advise all the girls to have their hair bobbed.

BOURASSA IS WRONG.

Mr. Henri Bourassa told a Halifax audience yesterday that it is the settled foreign policy of England to sacrifice the best interests of Canada whenever the interests of England are served by doing so. In making such a statement, Mr. Bourassa is not only irresponsible but also a danger to the peace of the world. He is a man who seeks to arouse prejudice without any regard to the facts. Mr. Bourassa is no longer regarded as a prophet in Quebec, and his nationalist doctrines will find little support in the Maritime Provinces. Does he expect to create national unity in Canada by denigrating England? How is he going to weld French and English together in Canada by denigrating what is very precious to the English—their love for the Mother Country and their faith in it? Mr. Bourassa need not worry about Canada. He has learned that the national policy of England is to sacrifice the best interests of Canada whenever the interests of England are served by doing so. HON. DR. KING SPEAKS.

Hon. Dr. King, Minister of Public Works, in a speech at Warton, Ontario, this week, did not offer much encouragement to those who seek large expenditure on Federal public works. He said that the Government is not prepared to spend more than \$100,000,000 on public works during the present year. He said that the Government is not prepared to spend more than \$100,000,000 on public works during the present year. A NEEDED CONFERENCE.

St. John has accepted an invitation to the Unemployment Conference which meets in Ottawa on Sept. 3. So have Halifax and all the larger cities west to Vancouver. The two big railways will be represented, and the Canadian Manufacturers' Association and the Association of Canadian Building and Construction Industries. The Trades and Labor Congress will send representatives as will the building trades unions.

The Ottawa Journal says: "Retirement of Mr. W. J. Bowser from the leadership of British Columbia Conservatives removes a strong personality from contemporary politics. He was a willful, characterful politician, incapable of running in harness, and with a singular capacity for offending persons in his own political faith. Yet he had capacity, industry and, despite attacks of opponents, a more than fair share of integrity. He may not be a loss to his party, but he will be a loss to the British Columbia Legislature."

WHAT ABOUT BOOTLEGGERS?

(Branford Expositor.)

According to statistics the ownership of cars in Canada is as follows, showing percentages:

Farmers 37
Salesmen and travelers 16
Businessmen, brokers, etc. 8
Gentlemen of no occupation 7
Laborers 4
Contractors 3
Liveriesmen 3
Miscellaneous 6

It will be seen that the bootleggers do not appear on the list. Possibly they are disguised as "gentlemen of no occupation."

THE BYRON CONTROVERSY.

(Victoria Colonist.)

The opponents of the erection of a memorial tablet in Westminster Abbey to Lord Byron say that character should count for more than genius. Supporters of the project point out that he was no more disolute than the ordinary man of fashion of his day while very few had the same temptations. The Dean of Westminster approves of honor being done to Lord Byron, but not in a Christian church, but in answer to this it is shown that there are memorial tablets in many Christian churches to those whose lives would hardly bear investigation. The Abbey is essentially a national shrine. A subscriber to this newspaper has forwarded to us an excerpt on the subject of the Byron controversy which is called from the "Two Visits to Denmark," by Edmund Gosse. It summarizes the opinion expressed by Hans Lassen Martensen, who is regarded as a great Scandinavian and probably the greatest Lutheran divine of the 19th century. He is quoted as saying: "And is it true that Byron was refused burial in Westminster Abbey? Excuse me saying so, but really you English are an extraordinary people. Refuse burial to a world-famous poet, because he had done and said whatever it was that Byron said and did. Our notion is that death is the end of sin, and the church takes back her prodigal son to her own bosom. Well! well! we Danes would have given him a resting place in Holmen church (Copenhagen); would we not?"

WHAT DID WE GAIN.

(Toronto Star.)

When the American Legion Weekly sent out to leading men in various countries the question, "What Did We Gain by the World War?" It received many dull and some interesting replies.

The only gain, the former crown prince of Germany could think of in making his reply was this: "The only good the war did is to show that a nation not well armed is powerless, and that such a nation gets no help from anybody." It is evident that the war did not do much for the former crown prince. He fails to see that the United States was not armed, yet she was not powerless; that Germany was well armed, yet she was rendered powerless.

ROWBOAT CAPSIZES; THREE DROWNED

Severn Falls, Ont., Aug. 21.—While attempting to escape in rowboat from a burning motor boat near here last night, three young men, Percy Beatty, of Severn Falls, and Arthur and Arthur Heels, of Toronto, all between 20 and 30 years of age, were drowned when the rowboat capsized. Miss Ethel Fontain, of Toronto, was also a passenger in the motor boat but was saved by the heroism of Mrs. Charles Wilkinson, of Severn Falls, who had put out to the rescue.

BODIES ARE FOUND

Montreal, Aug. 21.—Two bodies of men found on the shore of one of the islands opposite Boucherville this afternoon were later identified as those of Hector Delaurier, 18, and A. Guerin, 27, both of this city and members of the party of six persons who were drowned in the rowboat fatality of last Sunday.

With the recovery of these bodies remains only one of the victims of the accident not yet found. This is Leo Boyer, the body of whose wife was found on Sunday. Gertrude Leduc and Bertha Lapointe, two other victims, were found on Monday and Wednesday respectively.

HEART'S DESIRE.

(Clarence Mansfield Lindsay.)

Oh, not for me the rough-paved marts of urban toil!
The tramp of men, the roar of carts, And rattle trolleys,
The dusty air men breathe,
Who struggle to achieve,
Is not for me,
I would be free!

For me the quiet garden close,
Where in the sun
The hollyhock nods to the rose,
And one by one
The season's fringes come,
To harken to the hum
Of humbees,
And hymn of trees!

For me the virgin dawns which ante
On waking flowers:
The birds' blithe matins which beguile
The untroubled hours!
While down the glinting walk,
The jeweled peacocks stalk,
Whose gauds outvie
The glowing sky!

For me the nodding noons which find
The news cast
And stary evenings, when entwined
With pearls which spilt
From the pale moon's soft beams,
The sleepy lily gleams!
Be this my lot!
The world's forgot!

Stumped.

The old farmer had dropped a 2-shilling piece in the kick plate instead of a penny, and, noticing his mistake, tackled the elder at the end of the service.

"It wud be sacreledge, Sindy, ta lift it out noo," he said.

"Well, I'll git credit for it in heaven," replied the farmer.

"Na, na; ye'll only get credit for a penny, for that was a' ye intaidit ta pit it."

NATIONHOOD FOR CANADA IS URGED

Bourassa Opposed to Dominion Entry Into Foreign Struggles.

Halifax, N. S., Aug. 21.—The continued rain here all day long has interfered with the plans for the entertainment of the French Canadian visitors from Quebec who arrived here at 8 o'clock this morning. There was to be a mass meeting in the Public Gardens this evening to be addressed by Henri Bourassa, leader of the visiting delegation, but this was called off owing to the rain.

Mr. Bourassa was the guest of honor of the Commercial Club at noon. He delivered an address in which many of his friends thought to be one of the finest of his career. The hall was packed to the doors, with nearly 350 citizens.

He made an eloquent plea for a united Canada; for the building up of the Dominion, maintaining that this could only be accomplished by developing the national spirit in Canada. "Before we start to preach imperialism, before we talk British Empire," he exclaimed, "let us learn to talk Canada and Canadian Nationalhood." He bitterly opposed the system by which Canada could be drawn into European squabbles without any will of her people. To show what was behind these wars and the insincerity of those who engineered them he disclosed what he claimed to be a fact, that in the late war, Krupp, the big German firm, the Italian manufacturers of guns, and the British manufacturers as well, were united in a combine, by which each profited by the shells sold to the other. "Consequently," he said, "every shell which killed a German put money into the pockets of the Germans and every shell which killed one of our Canadian boys brought a certain percentage of profit into the pockets of British manufacturers."

He settled foreign policy of England, he charged, was to sacrifice the best interests of Canada whenever the interests of England were served by doing so. Canada, he reminded his hearers, was incapable of being defended by England against her only conceivable foe, the United States, and consequently Canada should learn well the lesson which England by example had taught her—to look after herself first. He said he was French by birth but British by education and in any war which Britain might have on this continent he and his compatriots would be glad to take part on the side of Britain, even against France, but in quarrels which neither had their origin nor their theatre in this country, he would frankly state that they would not assist. From this he pointed out the urgent necessity of establishing first a nation by welding together the English and French speaking peoples of Canada with an ideal they could appreciate because it was close to them and not trying to make them reverse an idol from afar. "When we achieve our nationhood then will come easily enough the love for Empire, but until we become a nation," he concluded, "we can never become as a unit a part of the British Empire."

MAKE it easy for yourself to win. Equip your body to successfully meet the many problems you must face each day. Have on tap always, boundless energy of body and mind.

The foods you eat, of course, are very important. You must choose them with care. You must see that they give your body the nourishment you pay for. Such a search will lead you to Grape-Nuts.

Grape-Nuts is concentrated nourishment. Whole wheat and malted barley give it a mighty store of the most vitalizing elements—phosphorus and iron, carbohydrates—all the essentials. A long baking process leaves these ready for rapid assimilation by the body. And then, because the whole wheat berry is used, Grape-Nuts contains an adequate supply of bran roughage.

Grape-Nuts is a perfectly-balanced food. Its crispness makes you chew it, thus aiding the teeth. It is easily digested; soundly nourishing; and economical, because there are many helpings in each package. Costs 1c per serving. Buy Grape-Nuts from your grocer and serve it tomorrow with milk or cream.

DISCUSS HALIFAX TRAIN SERVICE

C. N. R. Officials Meet the Board of Trade—Alternatives Suggested.

The question of proposed curtailment in the Canadian National Railways service between St. John and Halifax was discussed yesterday afternoon at a meeting of the Board of Trade council, the transportation committee of the Board of Trade, A. T. Weldon, of Moncton, traffic manager for the Atlantic Region of the C. N. R., and A. C. Barker, superintendent of transportation in this district. The transportation committee had formerly entered a protest against the proposed cancellation of trains No. 9, arriving here at 6:40 o'clock a. m. (standard time) from Halifax, and No. 10 leaving here at 10:25 p. m. A similar protest had also been entered by Halifax parties and had been discussed with them.

No decision was reached yesterday, the matter requiring the attention of the company's headquarters in Montreal before anything final could be arranged. Several suggestions were made however.

One idea receiving some approval as suggested as follows: The train leaving here at 6:10 p. m. to carry a sleeper which would be detached at Moncton and picked up by the train through from Montreal, reaching Halifax at about 8:45 o'clock the next morning and the train leaving Halifax at about 3 o'clock in the afternoon to take sleeper, mail, baggage and express cars to Moncton where they would be picked up by the light freight arriving here at 8:50 the following morning.

The matter of the petition for a daily train on the St. John & Quebec Rail-

Dress All Your CUTS & SORES WITH ANTISEPTIC Zam-Buk

way (Valley) between Gagetown and St. John was also discussed and it was reported that such a train would not be possible at the present time. It was suggested by the railway representatives that the question be discussed with L. E. Whittaker, of the Maritime Outing Association, originators of the petition. A suggestion was made that a train from Fredericton to Westfield and return might connect with the Canadian Pacific Railway at the latter station. Nothing definite was decided upon but further discussion is probable and some workable suggestion may be adopted.

THE JUNGLE PLAYGROUND

Weeny landed right in the middle of the pool.

The next thing the elephant and the Twins did in the jungle playground was to slide down the sliding-board.

"You go first," said Tommy Tiger to the Twins, "and Weeny can go next and I'll go last. It's lots of fun for it has so many bumps on it."

So Nancy took her turn and Nick took his turn, and then Weeny climbed

up the steep ladder at the back to take his turn, with Tommy behind him so he could be all ready to go when Weeny reached the bottom.

But the very minute Weeny reached the top, the whole business crumpled up like a jack-knife and you couldn't tell which was Weeny and which was

MAGNESIA BEST FOR YOUR INDIGESTION

Warns Against Doping Stomach With Artificial Digestants.

Most people who suffer, either occasionally or chronically from gas, sourness and indigestion, have now discontinued disagreeable diets, patent foods and the use of harmful drugs, stomach tonics, medicines and artificial digestants, and instead following the advice so often given in these columns, take a teaspoonful or two tablets of Bismarck Magnesia in a little water after meals with the result that their stomachs no longer trouble them, they are able to eat as they please and they enjoy much better health.

Tommy and which was sliding-board.

"Oh, oh, oh!" screamed Nancy.

"Help, somebody, quick!"

"I'm all right!" called Weeny cheerfully, "if only Tommy Tiger would take his paw out of my eye."

"Eye, yourself!" growled Tommy. "I can't move because you are sitting on my tail."

"Here, I'll move these boards and then you can both get up," said Nick.

"There! Now you're alright."

So Weeny and Tommy both crawled out, all covered with mud and dirt but not mad a bit.

"Ha, ha, ha!" laughed Weeny.

"Ho, ho, ho!" roared Tommy. "We didn't get our ride but had a lot of fun, anyway. I'll tell you what we'll do next. Let's go swimming. The swimming pool is right over there."

"I didn't know tigers could swim," said Nick.

"Sure they can! Especially circus tigers," said Tommy. "Come on, everybody."

"We'll get our clothes all wet," said Nancy. "So we can't swim, but we'll go wading."

"Well, you'd better keep your magic shoes on," warned Tommy. "If you don't, you are likely to find yourself back home, and I'll have to take the rest of my vacation trip alone."

"We'll keep them on," said Nick. "They are magic so they won't get wet."

So off they all went to the jungle swimming pool.

Tommy dived in first with a splash.

"Fine!" cried Nick.

"That's nothing!" said Tommy.

"Why, in the circus I dive twice as far, and sometimes I jump through a hoop of fire. That's what they call me, 'Fire and Water Tommy.' Come on in, the water's fine!"

So Nancy and Nick stepped right in. "Oo! Eee! Let it grand!" said Nick.

But he said no more, for at that minute Weeny gave a run and jump and landed right in the middle of the swimming-pool. And Tommy Tiger and Nancy and Nick disappeared like sugar in a teacup.

For when Weeny went in, the water went up as though the whole Atlantic Ocean had been emptied into it.

"My goodness!" cried the elephant.

HEALTH WORK IN SHEDIAC GOOD

Miss H. Melick-John returned yesterday from Shediac where she had made a short visit as director of public health nursing service for the Department of Health.

She found that Miss Geraldine Armstrong, the public health nurse, was doing excellent work and that the community was showing a very encouraging interest in the nurse's efforts.

Shediac has now a substantial sum in its nursing fund and is giving the work every support.

URGES NEW PACT WITH WEST INDIES

Ottawa, Aug. 21—H. J. Logan, M. P. for Cumberland, who is a very active promoter of the move for closer trade relations between Canada and the West Indies, is in Ottawa.

Mr. Logan is here to urge that a Canadian minister be sent down to the islands to negotiate a new agreement on lines much broader than are covered in the present convention.

**Social Notes
of Interest**

The residence of Dr. and Mrs. Walter W. White last night was the scene of one of the season's most notable and delightful social events. Miss Mary White had invited about 140 of her friends to meet Mr. Donald Forbes Angus and dancing was enjoyed until an early hour this morning. The two large drawing rooms and the dining room had been thrown into one and made a spacious and altogether charming ballroom. Throughout the residence was a profusion of flowers. In the ballroom the lights were pink shaded, pink being the predominant note in the floral color scheme. Pink sweet peas, delicate tinted gladioli, pink snapdragons and dahlias in all the glory of their rich colors graced the mantelpieces and were arranged about the rooms most effectively. One lovely spray caught above a long mirror was reflected back again in an altogether charming manner. Golden rods and the glowing flowers of the early autumn decorated the hall and stairways and the lounge in the upper hall from which the supper room was entered. Given the place of honor amongst the flowers were several small baskets of pink and white heather, a pretty compliment to the nationality of Mr. Angus.

Dr. and Mrs. White received the guests, Mrs. White wearing a handsome gown of black lace. Miss Mary White made a charming hostess and was wearing a gown of white lace over pink chiffon. She carried a large bouquet of American Beauty roses. Her sister, Miss Edith White, was gowned in silver and blue, trimmed with crystal beads.

An orchestra of five pieces excelled themselves in providing a programme of 16 dance numbers and several extras. Each dance was repeatedly enjoyed. In arranging the rooms for the dance "sitting out" opportunities had not been forgotten. The conservatory opening from the ballroom was lighted with Japanese lanterns. The conservatory steps led down to the garden, where more Japanese lanterns made a romantic setting.

During the evening punch was served in the library. At supper time Mrs. Clarence DeForest presided at the pouring of tea and coffee. The supper table was most attractive. Set on a gleaming mirror was a wonderful big water glass cunningly made that it was an exact reproduction of its fragrant sister of placid lakes. Surrounding the mirror and trailing gracefully across it were miniature water lilies and at each end of the long table was a tall silver vase with white phlox. Those who assisted the hostess in serving were Mrs. Sherwood Skinner, Mrs. Stewart Skinner, Miss Maud Addy and Mrs. Douglas White. Those present were Mr. and Mrs. Hugh Mackay, Mr. and Mrs. Hugh

Miss Beale Seymour, of Fredericton, is being congratulated on having won the first prize for physical training instruction awarded under the Strathcona fund. Miss Seymour was the teacher at Lorneville last term.

Miss Elizabeth King, supervisor of the Victoria Hospital, London, Ont., who had been visiting Rev. Mr. and Mrs. Davidson at a few weeks and will be the guests of the city to reside with her parents, Rev. Mr. and Mrs. J. K. King, who arrived from Boston yesterday.

Mrs. W. L. Young and daughter, of this city, were passengers on Cunard line steamer Carmania, which sailed from Quebec yesterday for Liverpool.

Mr. and Mrs. Seymour Rathbone arrived on Wednesday evening from Ottawa, having come by automobile. They will remain for a few weeks and will be the guests of Mrs. Rathbone's parents, Mr. and Mrs. G. L. Espley, Douglas avenue.

The masquerade dance given under the auspices of the Renforth Athletic and Outing Association last night was a great success and very much enjoyed. There were about 200 present and the costumes were exceptionally good. A five-piece orchestra provided an excellent dance programme. The prize winners were as follows: Ladies, most handsome, Mrs. Royden Foley as "Pierrette"; most original, Miss Mildred Wetmore as "Wheel of Fortune"; men's, most handsome, George Burton; most original, Wilson Dalton, who carried a miniature of the new tennis pavilion and representing the Renforth Tennis Club in 1923. The door prize was won by Miss Audrey Turner. The committee in charge of the dance consisted of E. A. Job and W. C. Clarke.

GOING TO BYNG CAMP.

Two more children will be taken out to the Lady Byng summer camp for under-housed children at Fair Vale on Saturday and these two will bring the total number of children cared for at the camp this season to 42. All of the children will come back to the city on Aug. 30 and a day or two will be taken in getting everything cleaned up and straightened away before the younger children are taken out. It is planned to have about 10 children between the ages of four and six years have two weeks at the camp during September. Among the younger children, who it is hoped will have a fortnight's care at camp, is the little boy of five years who is not able to say more than a very few words.

**SAY FAREWELL TO
CANON ARMSTRONG**

Trinity Congregation Presents Departing Pastor Purse and Address.

The congregation of Trinity church last night tendered a farewell reception to Rev. Canon R. A. Armstrong, who has been the rector of Trinity church for the last 17 years and has won for himself a place of warm affection in the hearts of his people. Canon Armstrong leaves soon to become associate rector of the Church of the Redeemer, Toronto.

A purse of gold and an address of appreciation were presented Canon Armstrong last evening on behalf of the corporation and congregation. With the purse and address there was given a large framed photograph of the interior of the church showing the beautiful east window, each panel of which depicts some scriptural scene or person. As the gift of the Sunday school a handsome tea wagon of mahogany was presented. Mr. and Mrs. Dorey presented as a personal gift a pair of beautiful candlesticks.

The reception was held in the lower hall of the school house and the hall proved inadequate to accommodate the large number that attended. The choir room was used as an overflow hall and could barely provide accommodation. W. Silves Fisher, senior warden, made the presentation of the purse of gold and read the address which later it to be inscribed and suitably bound. I. H. Northrup, junior warden, presented the framed picture of the church and Charles E. Upham, on behalf of the Sunday school, made the presentation of the tea wagon.

Recipient Replies.

In his reply Canon Armstrong showed that he had been greatly touched by the reception he had been given. He spoke of the happiness which had been his in his work in Trinity and told of his great appreciation of the kindness of the people and of their loyal support. He assured the congregation that it was with the greatest regret that it was saying good-bye.

Following the presentations there was a social hour and refreshments were served by the members of Trinity Girls' Guild under the convenship of Miss Vallie Sandall. Mrs. H. Russell Sturdee and Mrs. Walter Harrison poured tea and coffee. The refreshment table was very attractively arranged with large bowls of sweet peas and yellow candles in brass candlesticks.

**HEBRIDEANS WILL
INSPECT N. B. LANDS**

The Hebridean party, at present in Nova Scotia, has accepted the invitation of the Provincial Government to inspect the opportunities this province offers for colonization and will arrive in Moncton on Saturday evening. This information was received in a telegram by Premier Veniot as he was eating supper in Moncton last night. The telegram was signed by Father McDonnell, who leads the party and who, during the last two years, has been the leading spirit in the Hebridean migration to Canada. Premier Veniot immediately tele-

graphed Father McDonnell, asking him for further information in respect of the visit. It is planned to take the party in automobiles from Moncton around the coast as far north as Campbelton.

PREPARE FOR SCHOOL.

Already 280 children who are about to enter school have been vaccinated at the office of the medical inspector of schools, Dr. Mabel Harrington. The number is a better showing than last year's figure for a similar date before school opening and on Tuesday the doctor made a new high record by vaccinating 70 children on one afternoon.

**PREPARE TO GREET
BAPTIST WOMEN**

The city will welcome about 250 delegates to the United Baptist Women's Missionary Union Maritime Province convention which will be held here during Aug. 25, 26, 27 and 28. The meetings will be held in the German street Baptist church and all of the other Baptist congregations will assist in the convention arrangements. A very energetic committee has charge of the preparations for the comfort and entertainment of the visiting delegates. An executive board will hold its first meeting on Monday evening and will continue in session through Tuesday. The convention opens on Wednesday morning.

The following returned missionaries from India will be present: Mrs. R. E. Gullison, Miss Beale Lockhart, and Miss Bertha Myers. There are other returned missionaries now home on furlough both from India and from Bolivia but ill health makes it impossible for them to be present at the convention. Miss Mattie Curry, of Fort Milland, N. S., who has just completed her course at the Gordon College of Missionary Training in Boston, a missionary-elect who expects to go to India in the fall, will also be present.

Outstanding speakers at the convention will be Dr. R. E. Stillwell, of Toronto, general secretary of the Baptist Foreign Mission Board, Rev. Malcolm Orchard, of Winnipeg, superintendent of missions for western Canada, Dr. F. W. Patterson, principal of Acadia University, Wolfville and Mrs. Grace Dean McLeod Rogers, of Amherst, authors. Many important questions will be

brought up for discussion and a very interesting session is expected. Miss Alice Vanwart, a graduate in education from Acadia, is to take part in the programme.

PLUMS - TOMATOES - APPLES

Several varieties of early plums are now available—Emeralds, a small green plum, and the Abundance, a Japanese plum of medium size, are popular for cooking or preserving. The Burbank a large red plum of good appearance is excellent for table use or preserving.

Tomatoes are at their best. Prices are low so now is the time to buy for preserving. For table use ask for N. P. G. purple or red label grades.

There is also a good supply of Astrachan and Duchess apples.

**Look for This Label
It Tells You the Quality
of the Fruit You Buy**

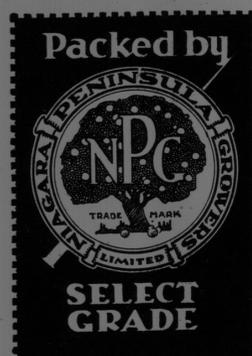

Every basket of N.P.G. fruit carries a label that tells you the quality of the fruit you are buying. You are certain that you will get just what you ask for.

The N.P.G. Purple Label denotes fruit of the highest and most select quality. The Red Label stands for a fine grade of fruit excellent for both table and preserving. Blue Label fruit is a family grade good for all purposes.

Niagara Peninsula Growers Ltd., are able to guarantee the quality of all fruit bearing their label because it is carefully graded and packed and then inspected before shipping.

If your grocer cannot supply you, telephone our local representative.

Stiffer Time Money Rates Affect Trading—Montreal Active.

New York, Aug. 22.—(Wall Street opening) Stiffer time money rates brought about further profit taking in today's stock market, giving opening prices an irregular appearance. International Telephone advanced one point and U. S. Cast Iron Pipe a quarter, each to a new high level for the year. Pan-American B. dropped one point and a number of other oils and rails yielded fractionally.

Montreal Market

Montreal, Aug. 22.—(Stock exchange opening) The opening of trading on the Montreal stock exchange this morning was again very active and was carried on over a broad range of issues. Prices were steady to a shade stronger, although several of the leaders suffered slight recessions. Steamships preferred was the active feature and came out with an overnight gain of 1/4 to 3/4; Spanish River common of 1/4 to 3/4; Dominion Textile was the next most active stock. The former sold unchanged at 110 1/2 after selling 1/4 during the first fifteen minutes, and the latter registered an advance of 1/4 to 60 1/2.

Brokers' Opinions

New York, Aug. 22.—Josephthal & Co.—"In our opinion the advance, subject to reactions, should continue." Prince & Whately—"We expect leading rails to be taken up in the near future." Hutton & Co.—"There may be a set-back but it looks as though the advance will be finished this rise began."

Comment On Smelters

Montreal, Aug. 22.—The question of a possible merger between Spanish River and Abitibi again came in for consideration yesterday. It was said that word had been received from important English interests to the effect that they were in accord with large local Spanish shareholders in opposing any such merger as that mooted. This was taken as an assurance against the success of any such merger, and the strength of S. R. was by way of a demonstration of the general feeling on such a move, while the weakness of Abitibi tended to show that the recent advance had been in the expectation of the appearance of a strong possibility of amalgamation that would give Abitibi all the best of it.

NEW YORK BANKERS BID FOR ONTARIO'S BOND ISSUE

New York, Aug. 22.—Five or six New York banking syndicates are bidding for a \$20,000,000 Province of Ontario bond issue, which is expected to be awarded today, and if the terms are satisfactory to the Canadians it is believed other issues will follow in this line.

NEW YORK FUNDS AT PAR

New York funds yesterday touched par in the Canadian market for the first time since Sept. 21, 1922, says Toronto Globe. The funds were at par, they went as low as 5-32 per cent. discount of the same year, when they again sold at a premium, which condition has continued since yesterday. The high point touched during 1923 was 3 per cent. on July 2, while the high point reached this year was 2 1/2-3/4 on March 10. These all being closing prices.

REPORT ON WOOL TEXTILE TRADE OF GREAT BRITAIN

New York, Aug. 22.—A feature of the wool textile trade of Great Britain during recent weeks has been the general quietness in the raw material market. According to advices received by the Bankers' Trust Company through its English Information service, this followed a continuous advance in medium and low crossbreeds during the last six months. The colonial wool-selling season was contracted into a shorter period than usual, and though the total clip was less than in the preceding season, and the primary markets are now said to be practically cleared of the season's wool.

TEN-HOUR DAY IN POLAND.

Warsaw, Aug. 21.—The cabinet has introduced a 10-hour working day for three months in the metal and iron industry of Upper Silesia, after a series of conferences with representatives of labor unions and industrialists. The labor unions made this concession as a means of enabling Poland to produce more cheaply and compete on better terms with foreign industry.

Lefty Shanahan Holds Visitation to Three Hits—Feature Plays.

The Vets apparently realized that 70 per cent of the gate was worth more to them than 30 per cent, and turned to and decisively defeated the Royals in playing of a tied game. The Saints have never found the Royals any set-ups when it comes to a ball game although they usually manage to win out and tonight will find the Royals in a more determined mood, than ever.

TURF NOTES OF INTEREST.

(St. Croix Courier.) Aubrey Johnson has sold his fast pacer, Lawrence Bond, 2:15 1/2, to parties in Maine. He was shipped the first part of this week and his many admirers are disappointed as they expected to see him race on his home track during Fair week.

Games Tonight

A crucial game is carded for the South End league tonight when the St. John Baptist meet the Royals in playing of a tied game. The Saints have never found the Royals any set-ups when it comes to a ball game although they usually manage to win out and tonight will find the Royals in a more determined mood, than ever.

LOCAL SCOLLERS TO TITLE MEET

Belyea, Giggy, McCavour and Logan to Compete.

Four local scollers headed by Hilton Belyea, twice Canadian champion and Canada's representative this year at the Olympics, will compete in the maritime sculling championships at Halifax on August 30 next. Others besides Belyea are: Harry Giggy, senior sculler; Grenville McCavour, junior sculler; and Willie Logan, special event with Frank Penny. This is a strong quartette to send over and Halifax boys will have to be at top form to beat them.

ALL READY FOR RENFORTH REGATTA

Many Entries Received for Rowing Races on Kennebecus River.

Everything is set for a real good regatta on the Kennebecus River to-morrow. Starting at 2:30 o'clock (sharp) a programme, held under the auspices of the Renforth Athletic and Outing Association, promises to be most interesting. There will be rowing races for the Fulton Trophy for four-oared crews, the McLellan Cup for four-oared crews, and the Ross Trophy for single scullers under the age of 21. In addition to these events there will be sailing races for dinghies and also one for motor speed boats.

"TAKE YOUR TIME" IS POOR METHOD

Writer Says Greatest Pitchers Were Always Fast-Working.

"Take your time." In recent years that has become a big league slogan, particularly as to pitching, says Billy Evans. A majority of major league managers have been working on the theory that the pitcher who works slowly is certain to be the more successful. Yet it is an easy matter to offer proof directly to the contrary.

OLD TIMER SHUTS OUT FREDERICTON

Gero Pitches Moncton to Victory at Capital-Second Game Tie.

The fast traveling Moncton team defeated Fredericton yesterday afternoon at the capital by the score of 5 to 0 and nearly repeated the performance in the evening as a last inning rally, which tied the score, saved Fredericton from a second straight shut out on their own grounds. The evening score was two-all.

INTER-PROVINCIAL TENNIS NEXT WEEK

Championships in Nova Scotia Were Again Delayed by Rain.

Owing to rain yesterday in Halifax the Nova Scotia tennis championship series had to be further postponed and it is now considered unlikely that the inter-provincial play-off in Sackville will be held before Tuesday. According to a wire received yesterday by J. Harold Drummond, secretary of the Nova Scotia Tennis Association, from L. A. Gastonguay, secretary of the Nova Scotia association, the earliest possible date for the Maritime event will be held before Tuesday.

TITLE SERIES OF GAMES ARRANGED

At the meeting of the executive of the City Intermediate League last evening at the St. Luke's church rooms, President Charles W. Ellsworth presiding, it was decided to have the Canucks and Nationals, now tied for the league leadership, play a five-game series for the championship, the first game to be Monday evening at 6:45 on the Nashua park. Four home-and-home games will be played and a fifth, if necessary, on a neutral diamond.

WORLD'S CYCLE CHAMPION WINS

Peter Moeskops Defeats Alfred Grenada in Two Straight Heats.

Peter Moeskops of Holland, world's bicycle champion and holder of the title for the last four years, demonstrated that he was a real champion when, in his first appearance of the season at the New York Velodrome this week, he defeated Alfred Grenada, Tasmanian star, in the two straight heats of a two-thirds-mile match race. A crowd of 18,000 fans, the largest that has ever witnessed a bicycle race at the New York track, and the biggest gathering for a bike event since the old days at Manhattan Oval, saw the champion win.

RESENT DRAWING OF COLOR LINE

G. W. V. A. Protest Against Action of Ontario Athletic Commission.

Ottawa, Aug. 22.—A recent ruling by the Ontario Athletic Commission, which prevents white and colored boxers from being matched, and which caused a local promoter to call off a bout between Fred Snell, Toronto light heavyweight, and Dennis Critchell, Ottawa, has evoked a protest from the local branch of the Great War Veterans' Association on behalf of Critchell, who is a former service man. In a telegram sent today to J. P. Fitzgerald, secretary of the Ontario Boxing Commission, G. W. V. A. protested against the ruling, pointing out that Critchell had a good war record and a clean sporting record.

Bail Problems By Billy Evans

QUESTIONS

1. There is a runner on first base. He attempts to steal second. The base umpire gets in the way of the catcher's throw, the ball strikes him on the back of the head and rolls to center field. The runner continues on his way to third, but is thrown out at that base by a perfect throw from the center fielder. Is the runner out or should he be sent back to first base because of the umpire's interference with the catcher's throw?—D. S.

ANSWERS

1. The ball is in play. When a thrown ball strikes the umpire, it is so considered. Umpire should have ruled the runner out at third, when throw beat him to that base and he was touched out. 2. The pitcher made a balk. After once starting his delivery to the batsman, he must continue it. Stopping in delivery constitutes a balk, suspends play, and merely entitles runner on third to score. The batsman is not considered out. 3. When a player bats out of order and the mistake is discovered before a ball has been pitched to the next batter, who is declared out?—G. B. N.

RED SOX SECURE GEM FROM MINORS

"Dutch" Welch May Secure a Permanent Position at Short.

Danville, Ill., Aug. 22.—Dutch Welch, the youngster who recently brought the moogles of the local Three Eye League baseball club such a handsome purse when he was sold to Bob Quinn's Boston Red Sox, is counted on to make a permanent place for himself at shortstop in the majors. Whether or not he will be able to fill the place which has given Manager Lee Foul so much cause for worry this season is problematical, but Welch's flashy defensive work and his recent ability to connect regularly against Class B pitching promises that the kid will draw the attention of Mr. Foul when he gets his chance next spring. Welch is last on the bases and has an excellent arm, while his defensive ability and his recent hitting have made him a great deal responsible for the Danville team's recent winning streak and the club's last minute climb from the cellar up toward the top of the Three Eye flag chase.

PLANS OF RIVERSIDE CLUB

The weekly club sweepstakes will be held on the Riverside Golf links to-morrow. In the morning the juniors will hold the second round in their championship series. On September 10 the Riverside Club will send a contingent to Moncton and will take along their junior players who made such a good showing in the match on Wednesday. Also early in September the club will send a strong team to Woodstock. Times-Star Want Ads secure results. It will profit you to read and use them.

Hampton Club Wins Tennis Title

Victory Over Grand Bay Gives Them Championship of League.

The Hampton Tennis Club wins the C. N. B. section of the Suburban Tennis League by virtue of their victory over Grand Bay, C. P. R. section leaders, the final game being played yesterday at Grand Bay. They are now titleholders of the Suburban League and it is expected that the club will be present at the season, holds the record of never having tasted defeat in that event in the C. N. B. League. Her club is proud of this record. This is his third year in professional baseball.

MAY HOLD RUNNING RACES AT CAPITAL

Exhibition Directors Consider Adding This Attraction to Program.

(Fredericton Mail.) The arrangements for the Fredericton Exhibition which will open on Saturday, September 18th and continue until the following Saturday, are still advanced. The race committee met last night and arranged a programme and the directors will meet tonight to make further arrangements. A proposal which has been made and which will be carried out if possible is to have running races appear on the local track as a feature of the fair. Since the mile track, which now is covered by streets and houses west of York street, was done away with, running racing has not been seen in Fredericton the half-mile track being given over to harness racing with few exceptions. The suggestion is that some twelve runners be secured. With jockeys in stable colors and the usual features of running races it is believed that the attraction would take. The horses would come from Montreal and vicinity.

FULL PENALTY FOR BEATING A HORSE

Fine of Fifty Dollars, or 3 Months in Jail—May Appeal.

Having been adjudged guilty of beating his horse when it was not in a fit condition to work, Fraser Johnson was given the maximum sentence by Magistrate Henderson in the police court this morning and was ordered to pay a fine of \$50 or go to jail for three months.

Police Constable Bette said that he went to Sandy Point road last evening and found a horse lying in the ditch. It bore bruises and was apparently in such a weakened condition that it could not get up.

Mrs. Clara Marshall of 166 Hawthorne avenue, testified that she saw the defendant driving along the road yesterday between 4 and 5 o'clock.

She said he was beating the horse unmercifully with a whip, and she had heard others telling him to stop. In answer to a question by the defendant she said she saw him hit the horse repeatedly, and that she was informed there was a ton and a half of coal in the wagon.

Her son, James Marshall, said he saw the defendant drive along and saw him repeatedly hitting the horse with a whip. He saw the lash snap off the whip and said the defendant hit the horse over the head with the butt. He followed the team for some distance and saw the horse fall in the ditch. He said it lay there from 5 o'clock until 9 o'clock.

Detective Biddercombe told of going to the scene last evening and finding the horse in the ditch. He said it had bruises on it, some old and some fresh. He did not consider it was in a fit condition to be worked.

The defendant when asked to explain his action said that he had some trouble with the horse, as it refused to haul the load up the hills. He confessed striking it with a whip, but denied cruelty.

Magistrate Henderson asked him if he had any witnesses, and when he said he had not, he was informed that he was found guilty of cruelty to a horse, which is one of the best friends a man has.

The magistrate said the testimony showed that the horse was not in a fit condition to work, let alone to be abused. He said the maximum fine was \$50 and he would impose it, and in event of it not being paid the defendant would have to go to jail for three months.

The defendant said he would appeal the case.

S. M. Wetmore, Secretary of the Society for the Prevention of Cruelty, prosecuted the case. He paid a tribute to the work of the police officers and also to the witnesses, who had put themselves out to put a stop to cruelty to dumb animals.

HALE AND HEARTY AT EIGHTY YEARS

Lives on Farm His Grandfather Cleared—Happy Birthday Party.

A party in honor of the 80th anniversary of Edward J. Neal of Nealville, parish of Westville, better known as Greenwich Hill, was held on Monday. Mr. Neal, who has lived all his life on the farm at the village which was cleared originally by his great-grandfather, is still hale and hearty, and can relate many interesting stories of wood-boating on the St. John river.

He is still able to do his own work on the farm, with a little help in getting in his hay. All his faculties are still bright and he can read the paper without the aid of glasses.

A large birthday cake, handsomely decorated with 80 candles, was placed on one of the tables, which were tastefully decorated with cut flowers for the occasion. A bountiful repast had been prepared by the friends of Mr. Neal, who arranged the affair, and a social evening was enjoyed. A purse containing \$35 was presented Mr. Neal by Charles Pitt, on behalf of those present.

Mr. Neal's wife, formerly Miss Ada Williams of Long Reach, is also living on the farm.

Among those present were Amos Neal, son of the host; Stanley Neal, a grandson; Mr. and Mrs. Howard Neal and Miss Eulah Neal, Mr. and Mrs. Yening Neal, Mrs. Walter Neal and family, Miss Olivia Neal, Mr. and Mrs. Charles Pitt and William Neal. Those present from the city were Mrs. E. G. Williams, Hiram Williams, Mrs. Walter Gregg and Master Purdy Gregg, Mrs. Bayard Silwell and family, Mrs. James W. Mowry and family, Herbert Mowry, Mr. and Mrs. Warren Williams and Mrs. George Williams of Fairville.

BURGLAR GOT AWAY BUT EMPTY HANDED

The East St. John post office, located in the store of the assistant postmaster, W. B. Parkinson, at the corner of Mount Pleasant street and the Red Head Road, was broken into between midnight last night and 2 o'clock this morning and a suit of clothes belonging to Mr. Parkinson was taken. The suit, however, was later found in Mount Pleasant street and returned to its owner. Mr. Parkinson, who sleeps in the building, was awakened by the burglar, who entered by forcing a window. He arose and found the miscreant in a room in the back of the store and gave chase. In the darkness, however, the burglar escaped through a back door, which was latched on the inside, and got away without being identified. The matter has been reported to the police.

As Hiram Sees It

"Well, sir," said Mr. Hiram Hornbeam to 'The Times' reporter, "I know some kickin' about what us farmers in Noo Brunswick has to put up with, but I guess I don't want to change places with them them wheat farmers out west—after all."

"It's a great thing," said Hiram, "not to hev to figure on a frost or a hail storm wipin' out a hull season's work. Me an' Hanner was readin' about it las' night an' we felt sorry for them farmers that was hit so hard in Manitoba—just when they all thought they was goin' to hev a great crop. Then there's the farmers in Saskatchewan an' Alberta—some of 'em hev'n' their crop burnt up by the drooth. It don't help the fellers that was hard hit for them in the next county to hev plenty. No, sir—I aint hankerin' after any sich experience. Give me old Noo Brunswick every time—even if I don't never get rich. There's a lot o' things besides money—By Hen!"

HOME AFTER TOUR OF OLD COUNTRY

John Jackson Tells of Visit to England, Ireland and Scotland.

John Jackson arrived home yesterday after an extended tour of England, Ireland and Scotland. He left here early in April and sailed for England on the Canadian Pacific steamship Montclare. After spending a week in Liverpool he journeyed to London, where he remained five weeks. While there he had the pleasure of meeting Hilton Belyea, who was in training for the Diamond Sculls and the Olympics, watched him and scores of others perform in their shells on the Thames. He said that he saw as many as 50 or 60 scullers working out on the Thames at one time, and the sight was an inspiring one. He also attended the British Empire Exhibition at Wembley and said he had the pleasure of seeing the Canadian exhibit, which is eulogized by everyone who visits it. Mr. Jackson says it is a credit to Canada and the men who put it there. The crowds that attend the exhibition are so large that, he said, one finds it hard to get around.

While in London Mr. Jackson attended several great organ recitals, heard astounding radio programmes and attended many feature events. After his five weeks' stay there, he left for Lincolnshire, his native town, where he had the pleasure of once again visiting the haunts of his boyhood days. While there he also met two boyhood chums, John Thorby and William Dickinson, and had the pleasure of recounting his experiences since he left home in 1872 for Canada. He visited the Grantham Fair and spent some time in the Fen Lands, and thoroughly enjoyed the visit.

In Ireland, he then left for Ireland, which he says is the most beautiful country he visited. He said his present state is pathetic, and he told of seeing many magnificent buildings which had been wrecked during the troubled times in the Emerald Isle. He said he considers Dublin one of the finest laid out cities he was ever in, and told of the wide streets with their wealth of striking architecture. He intended spending some time in Queenstown and learned that its name has been changed and is now known as Coblenz. In Ireland he visited many beautiful old abbeys and castles.

He also spent some time in Scotland and told of his visits to the large ship building yards along the Clyde. In Glasgow he took in all the places of interest, which include the vesting and other relics of the past which still stand in all their grandeur. Both good and returning across the Atlantic he favored weather conditions were enjoyed, and during the entire journey Mr. Jackson says he never missed a meal. He has a diary of his extended tour and has carefully noted every interesting event which transpired since the day he left St. John until he returned home.

EIGHTY NOW WORK AT THE NEW HOTEL

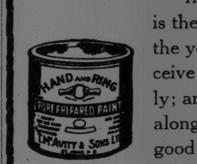

Contractors are Going Deeper Than First Planned, for Foundation.

The work at the Admiral Beatty Hotel is two or three days behind schedule owing to a depression in the rock formation on the east side which has necessitated that the contractors delve much deeper for their foundations. The contractors expect to make up this delay within the next couple of weeks. The depression was discovered between the high rock pile on the west and the edge of the Imperial theatre site. However, the extra depth for the foundations is the only change this morning in the plans. Additional carpenters were taken on this morning and in all, there are about 80 men employed on the work at present and an official in charge declared today that he expected this number would exceed 100 by the latter part of next week. F. Neil, local architect, has been looking after the interests of the Imperial theatre in connection with the lining off of the boundary between the two sites.
