Cabinet Skake-Up Took Place Today

Casgrain Postmaster General and Blondin is New Inland Revenue Minister

Ottawa, Ont., Oct. 20.—Hon. T. Chase Casgrain was sworn in as Postmaster-General, and Hon. P. E. Blondin, Deputy Speaker of the Commons was sworn in as Minister of Inland Revenue at one o'clock today.

Progress By Allies At Various Points Is Today's Report

Belgians Withstand Violent Attacks of German Troops—Men Taken From Bruges to Reinforce the Enemy

Paris, Oct. 20.—The French War Office gave out an official announcement this afternoon as follows:—

"In Belgium, in spite of violent attacks on the part of the enemy, the Belgian army has held its position on the line of the river Yser.

"There have been other actions in the region of Ypres between the allied forces operating in this territory and the forces of the enemy.

"On our left wing the Germans continue to hold strongly their advance posts around Lille in the direction of Ammentiers, Fournes and La Bassée.

"On the Meuse the enemy has endeavored in vain to drive back the advance posts of our troops, who have moved out along the right bank of this stream in the peninsula of the Camp Des Romains.

"To sum up, during the day of October 19, we have made progress at various points on the front.

"In East Prussia and on the Vistula River, there is no change in the situation. The efforts of the Austrians to cross the river San have been repulsed. The battle south of Przmyśl is continuing under conditions favorable to the Russians."

MANY GERMANS WOUNDED

London, Oct. 20.—"Bleeding houses indicate the line of fighting in North-western Belgium," telegraphs the Flushing correspondent of the Evening News, under date of Monday.

"On Sunday," the correspondent continues, "seventeen trains of forty cars each brought German wounded back to Bruges.

"The northern columns of the Germans have been increased with reinforcements brought at night by train from Bruges, where there are now but few Germans left.

"Ostend was quiet on Monday morning."

TRAWLER TELLS OF NORTH SEA FIGHT

Rotterdam, Oct. 20.—The only story of last week's battle in the North Sea was brought by the crew of the Dutch steam trawler Catharina, Rostrom and Nellie, which arrived in Ypsand on Saturday at midnight.

"It was in the afternoon," said a member of the crew of the Catharina, "at about three or four o'clock, we were fishing with a watch on deck and the rest of the crew down below, when we suddenly found ourselves in the middle of a very heavy fight.

"The commanding gun very heavily when we came on deck we found ourselves encircled by a large number of warships. There certainly were fifteen of them. Shells fell in all directions and so close that we were alarmed for our own safety, for we did not know how to direct our course.

"The danger was real, not imaginary, for one of the trawlers was severely hit. The distance between us and the warships at times was so short that we could distinctly see the sailors working on the decks of the vessels.

"One boat steamed up at a great speed absolutely surrounded by the strange ships of war. Naturally we were thinking of our own lives and could not follow the fighting very closely, but as the trawlers escaped, we saw distinctly two vessels on fire and another sinking in several places we saw huge columns of water spurt up around us. Seven shells exploded in the water near us and one shell fell so close to the Catharina Rostrom that water was thrown on the deck."

Belgium True to Trust

London, Oct. 20.—King Albert of Belgium, in an interview given the representatives of the Daily Telegraph at the headquarters of the Belgian army in which he expressed thanks for the help given the Belgian people, said he hoped the American nation would remember that Belgium had been scrupulously exact in carrying out its obligations as a neutral country and that the United States as a nation would not forget how

GERMANS REPULSED SOME BRITISH OFFICERS, THOUGHT DEAD, ARE PRISONERS OF GERMANS

Report From American Consul-General in Berlin—English Non-Combatants Over 55 Allowed to Leave

Paris, Oct. 20.—The first substantial German attack on the allied forces on the Belgian coast, near Nieupoort, has been decisively repulsed. The Belgian troops have shown how little reason there is for fearing that their morale had been affected by the events at Antwerp.

As the enemy has brought up heavy artillery to bombard the Franco-Belgian lines which had been organized from Nieupoort to the village of Vlaadoux, three miles beyond Dixmude, this was evidently no mere skirmish, but an assault in force. Not only was it repelled, but the allies have advanced fourteen miles southward to Roulers, which was reported on Saturday as one of the German advance posts.

On the line of the upper Lys and Labasse Canal further progress has been made. Lille is now immediately threatened, and important news may be expected. Further south, between La Bassée and Couchez on the line from Arras to Bethune, extremely obstinate fighting is reported. The official bulletin particularly names the village of Abbeville Naasien, which is a little west of Souchez. This is a thickly populated mining district, and the bulletin states that the houses have been burnt down from La Bassée to the north and south of Arras, where it has been continuous fighting for ten days.

Another serious German effort to break through to the Franco-Belgian line was defeated. For the first time of late we hear of French progress in the line. One line reaches from the Schlicht to Sulzern near Munster, and the other is established in the south at Thann.

King Albert's Men Met a Bit Discouraged by the Fall of Antwerp—Progress of French in Alsace Again Reported

Berlin, Oct. 19 (via London, Oct. 20).—American Ambassador Gerard has arranged for the release and departure of all Englishmen in Germany over the age of fifty-five including clergymen and physicians. They will leave for England via Holland.

Julius G. Lay, American consul-general in Berlin, has returned here after a visit of inspection to the officers' prison camp at Torgau, Saxony. He says that the British officers are in good spirits, and that the British lists are missing. This one had been sent to fall another had been buried, while still another was known to have been taken to a hospital. Eleven reported among the dead, were found unaccounted among the prisoners at Torgau.

The general commanding said that this was because the anti-English feeling was so high that he feared that the British officers would be mobbed if they left the limits of the fortress.

The captured officers have few complaints, according to Mr. Lay, and are chiefly anxious in regard to their speedy return to their regiments. The consul was able to learn the fate of several officers, carried on the British lists as missing. This one had been sent to fall another had been buried, while still another was known to have been taken to a hospital. Eleven reported among the dead, were found unaccounted among the prisoners at Torgau.

Patrols of the Canadian Patriotic Fund this morning shows that the total of cash and subscriptions received to date is slightly under \$50,000, and of this about \$4,500 has been paid out in relief.

The following amounts were acknowledged this morning:—\$3, 30; E. H. McCoube, \$10; Mrs. D. G. Co., \$1; Miss Dole, \$1. Total, \$36; John Lee & Co., \$50; Empire Novelty Co., \$50.

The amount of \$100 reported yesterday from M. L. Kane should be credited to M. T. Kane.

More Than \$5,000

The cash contributions for the Belgian Relief Fund received by His Worship Mayor Frink have now passed the \$5,000 mark, the amounts received this morning bringing the total up to \$5,042.74. New contributions are acknowledged as follows:

Recruiting Brisk Is Ottawa Report

The 16,000 Will be Enrolled in Very Short Time—Headquarters Relieved of a Lot of Detail

(Special to Times)

Ottawa, Oct. 20.—Recruiting for the 16,000 infantry to be raised immediately was formally commenced throughout Canada last night. According to advices received by the militia department recruits came forward at all points in large numbers. Officials say that the number of men required will be secured in a very short time. This will be due partly to the circumstance that those who volunteered when the first overseas contingent was raised and who were not accepted are still eager to go to the front.

Owing to the decision to place the details of the work on the shoulders of the officers commanding the various military districts there will be considerably less strain upon the headquarters staff in Ottawa than there was in connection with the organization of the first contingent. When that work was under way everybody from the minister of

militia down was worried with individual applications for enlistment and other small matters of detail of which they are now relieved by the staffs at divisional headquarters.

The new plan is expected to work with much less friction and to bring about more satisfactory results.

It is explained that the selection of officers provisionally will be made by district officers commanding, but that these selections will later on have to be confirmed.

Officials of the militia department are not surprised at the cable reports telling of the time it has taken to transport the Canadian forces from Plymouth to Salisbury Plains. They say it emphasizes the difficulty experienced in connection with the work and makes it clear that Canada's record in connection with the handling of so large a body of troops was not a bad one.

Berlin Reports Sinking Of New British Submarine

Berlin, Oct. 20.—(By wireless Sayville, L. 1.)—It was officially announced today that the new British submarine E3 was sunk by German warships in the North Sea on Sunday.

This is the first report that has been received that has reported the loss of a British submarine. The E 3 went into commission in November 1913. She was 176 feet long, 22 1/2 feet beam, and her displacement was 810 tons. She had a speed of 15 knots, was equipped with four torpedo tubes and carried a crew of sixteen men.

In admitting the loss of the destroyers S 115, S 116, S 117, and S 119, the admiralty states that the worst feature of the loss was the death of the majority of members of the crews, all especially trained men. The destroyers themselves, it is stated, were comparatively old.

FUNERAL OF ARCHBISHOP HOWLEY AT ST. JOHN'S

St. John's, N.F., Oct. 20.—In the death of Archbishop Michael Francis Howley, whose funeral was held yesterday, the colony lost one of its notable figures.

Archbishop Howley, who was born in St. John's in 1848, was the first native of Newfoundland to be elevated to the Roman Catholic Episcopacy, becoming Bishop of St. John's in 1894. Ten years later the diocese was elevated to an archbishopric.

Archbishop Howley was the son of an immigrant from Ireland, who established a prosperous business here, in addition to his ecclesiastical duties, he took an active part in public affairs.

Squadron of British Warships Aid Belgians In Repulsing Germans

(Today's Summary.)
Paris, Oct. 20.—The action of the Belgian army and of a squadron of British warships in repulsing an attack of the enemy is the subject of especially favorable comment. The position in Alsace is more and more favorable to the French.
The Germans are hastily preparing new defensive works around Strassburg, and digging innumerable trenches in front of that city.
That the allies are frustrating the attempt of the re-inforced extreme right wing of the German army to skirt the English channel ports with the supposed object of finding a new route to Paris, is indicated by the French official statement given out this afternoon. It asserts that the Belgian army is maintaining its position on the River Yser.

Further actions are being fought between the allies and the Germans in the region of Ypres, Belgium. From Ypres the allies' left wing extends to the English channel where it is being supported by British naval forces.

Along the remainder of the 300 mile battle front stretching from the North Sea to Switzerland, where the defenders and invaders have been deeply entrenched for thirty-seven days, the only activity noted is that in the region of the Meuse river where heavy fighting goes on incessantly, principally in the vicinity of Camp des Romains.

French batteries at St. Mihiel and in front of Verdun are reported to have destroyed an entire battery of German artillery which had been particularly active in sweeping the French positions. There is a dearth of news from German sources concerning the operations of Emperor William's forces either in France or in Russia.

THE RUSSIAN GOVERNMENT WILL NEVER AGAIN CARRY ON MANUFACTURE OR SALE OF LIQUOR

Petrograd, Oct. 20.—The Russian government will never again embark on the manufacture and sale of alcoholic drinks. This statement has been made under the name of the Czar himself.
The Russian Union of Abstinence, which devotes itself to the combating of alcoholism, addressed to Emperor Nicholas a solicitation that he forbid forever the sale of spirituous liquors in Russia. His Majesty replied—"I thank you, I long ago decided to interdict for all time in Russia the sale of alcoholic drinks by the government."

EXPRESSION OF LOYALTY SENT TO KING FROM BAPTIST CONVENTION

Fredricton, N. B., Oct. 20.—That the Baptists of New Brunswick are solidly behind Great Britain in the present struggle was manifested this morning when the convention for New Brunswick, which was held at the following telegram to King George:
To His Majesty King George V.
Baptists of the Maritime provinces, in convention, by unanimous vote, humbly express to Your Majesty their loyalty and devotion, with the assurance that our prayers ascend to God's blessing upon our king and his empire.
W. J. ARCHIBALD, President.

Secretary.
Reports of the mission boards were read and adopted. Rev. E. E. Daley submitted the annual financial report, which recommended that a percentage of the denominational funds for Sunday remain the same. Immediate steps are to be taken to increase the endowment fund.

The financial committee recommended that Rev. Dr. J. W. Manning be re-appointed denominational treasurer for Nova Scotia and P. E. Island, and Dr. W. E. McIntyre for New Brunswick.
The amount to be asked from the churches will be \$65,500, the same as last year. It will be apportioned as follows:—Nova Scotia, \$33,000; New Brunswick, \$21,000; P. E. Island, \$1,500.

Big Game Is Off

Washington, Oct. 20.—The army-navy football game has been abandoned definitely.

Cost Bill Signed

Washington, Oct. 20.—President Wilson today signed the Alaska coal land leasing bill, opening the coal fields of Alaska.

Cost Captain \$25

Fort William, Ont., Oct. 20.—The captain of the S. S. Beaverton has been fined \$25 and costs on a charge of interfering with military guards in the discharge of their duty.

A. O. H. Secretary

The successor of Wm. F. Harden as provincial secretary of the A. O. H. is Dr. J. Shea, of Fredericton.

Horse and Foot

In 1863 a party of Confederate Rough Riders under Colonel Mosby made a raid inside the Union lines at Fairfax Court House, about twenty miles below Washington, and captured Brig. Gen. Slaughter, also eighty cavalry horses.
A friend who called upon President Lincoln soon after found him deeply regretting the affair.
"Yes, Mr. President," he said in sympathizing tones, "it was a most unfortunate thing the capture of the general."

"Oh, I wasn't worrying about the general," replied the president, with a characteristic wave of his hand denoting dismissal of the subject. "I can make a general in thirty seconds with the scratch of a pen. But it's those eighty horses. I can't make horses."

Two colored men were employed in tearing down a three-story brick building. One colored man was on top of the building taking off the bricks and sliding them down a narrow wooden chute to the ground, some thirty feet below, where the other was picking them up and piling them. When this latter colored man was stooping over to pick up a brick the former accidentally let one fall striking him directly on the head. Instead of his killing him, he merely looked up, without rising, and said:
"What you bite 'em, you nut? You make me bite 'em longer."

On a voyage from Baltimore to Rotterdam, a Dutch steamer was held up by a French cruiser and taken to Havre. Her 200 tons of flour and provisions were taken and paid for.

A curiosity was found in a Dryden, Me., corn-shop the other day in the form of three ears of corn grown in one, making a broad, flat ear.

AN ADVANCE IN ART WILL FOLLOW THE WAR

Strong Emotions Produced Will Find Expression, Says Professor Jenks.

New York, Oct. 20.—A renaissance in art after the war was prophesied today by Prof. Jenks, of the University of Pennsylvania, who is returning here Friday afternoon at New York University on various phases of the war.

"Art is the expression of human emotion," said Prof. Jenks, "and if some of the finest art ever created is to be the result of the war, it is because of the sorrow to untold millions, but his very sorrow is sure to find expression in some form of art, and the strong feeling of patriotism that has been stirred in millions of hearts is sure to cause a new birth of art."

The Best Quality at a Reasonable Price

A Modern Jewel

How can a precious stone known to the ancients be called a modern jewel?
That's an easy riddle.

Although the Diamond has been known in history for centuries, its great beauty was not developed until about 50 years ago. Not until then was the present method of cutting in facets, according to a carefully worked out geometric plan, devised.

This increased the brilliance of the stone so wonderfully that most of the famous Diamonds in history were recut and thousands of dollars added to their value.

You can secure one of these modern, perfectly cut Diamonds for as little as \$10.00 at Sharpe's.

Prices on our Diamond Jewelry were established before the war began. Purchasing now is securing genuine Diamond bargains.

LOCAL SOLDIERS

Recruiting and Other Matters Affecting St. John Men

Recruiting orders have not yet been received by the commanders of local militia units; with the exception of Col. B. R. Armstrong, O. C. the 3rd, Regt. Artillery, who was instructed to recruit about a fortnight ago while in Ottawa. Notwithstanding this fact, recruiting is being steadily advanced in St. John, and the names of any men desirous of volunteering are being taken either for home or foreign service. Even for some time, in the anticipation of a second call on the youth of Canada, some of the officers commanding units here have been making additions to the strength of their corps, so that now when the summons for recruits is again issued they find themselves quite prepared to respond.

So far as the cavalry is concerned there is no mention of their being taken in the second contingent. Fourteen battalions of infantry are to form the quota required, and of these the maritime provinces are expected to furnish two. This is roughly speaking about 2,200 men. This is in connection with the announcement made some time ago at the divisional headquarters in Halifax to Colonel J. McAuliffe, who was there in connection with his project to establish a New Brunswick infantry regiment in the field that there would be one from both this province and Nova Scotia.

It is believed however that the force will not be all infantry as was stated in today's despatches, as militia men think there will be need of artillery, cavalry, army service, and army medical men, but no instructions have as yet been received. It is understood that some of the local officers who have been attending the school of instruction here during the last few weeks will go to Halifax to complete their training, before any of them will be sent to the second contingent. Some of the local officers who have been on duty for some time have already given their names for overseas service.

THE WAR

The attitude of the government with regard to the war was approved. It was decided that there were no reasons at present that would justify any alterations of Roumanian's attitude.

RUSSIAN TROOPS TO PLAY WAITING GAME

Said to Have Allowed the Enemy to Entrench for Winter in Poland

London, Oct. 20.—Telegraphing from Petrograd regarding the situation in the Russian field of operations, the correspondent of the Times says:
It looked as if those high in Russian command had decided to play a waiting game. Otherwise they would not give the Germans time to entrench and thereby prolong the whole course of operations.
"Reliable information shows that the Germans seriously contemplate wintering in Poland. Peasants have risen at many places, notably Kielce and Mieschov. Regardless of the most terrible reprisals, they are forming guerrilla bands and attacking the invaders. The railroad near Nowo Radomsk has been wrecked and trainroads of Germans soldiers killed.
"All roads from the Vistula to the frontier are encumbered with the German transport wagons and dead horses. The roads are impassable owing to rains."
A despatch from Venice says that headquarters in Vienna from the Russian frontiers are said to admit that the soldiers are suffering intense hardships in the cold, rainy weather, owing to lack of proper warm clothing. The Russian prisoners, on the other hand, are all said to have been found to be well provided with the winter, and are wearing fur caps covering both their heads and their necks.

WESTERN MEN WANT TO SELL ALL GOODS FOR SOLDIERS FROM THE WEST

Winnipeg, Man., Oct. 20.—The finance committee of the Winnipeg Patriotic fund, passed a resolution and telegraphed the Dominion government to place all orders for goods for use of western soldiers in the Co-operation of public bodies throughout the west, is also asked in this connection.
It is reported that applications have been received from 456 families for assistance, and 444 families are to receive a regular monthly allowance. Total subscriptions to October 17, amount to \$388,999.

READY FOR ANYTHING

Scientist, Too Old to Fight, Will Help in Other Ways

London, Oct. 20.—Sir William Ramsay, a great scientist, in a public letter, makes this concise patriotic offer:
"I am too old to be of use in the fighting line. But as an eminent professor of chemistry, I am willing to give my services gratis in any capacity as a chemist by so doing I will release anyone fit to defend his country."
Sir William Ramsay has already backed up his offer by action. The provost of the University of London having informed him that his successor (Sir William Ramsay, retired last March), was last heard of in Sicily, and is probably interned by the Germans, Sir William will hold the professional chair for him to take up his labors.
If he returns Sir William is then "immediately ready to take up any chemical work whatever that will release a young man for enlisting." "I do not care what it is," said Sir William. "Mixing prescriptions behind a counter, bottle washing, if you like. It is every man for his country, and all hands to the wheel."

SAYS HIGH PRICE OF PORK WILL CONTINUE

More Money in Raising Hogs than in Any Other Branch of Farm Life.

Chicago, Ills., Oct. 20.—Wealth will come more quickly to the young farmer who embarks in the business of raising hogs, than any other branch of farming he may choose, said E. T. Cash, of St. Louis, today before 500 members of the American Meat Packers' Association in convention here. There is more money in raising hogs than in other branches of farming, he said, because they can be fed more cheaply and the demand is daily increasing, and will continue to increase. High prices, he asserted, would prevail indefinitely.

THE WHEAT MARKET

Chicago, Oct. 20.—After opening 1/2 off to 1/2 up the wheat market suffered a material decline all around and then recovered with May scoring a fresh gain but December not keeping pace.

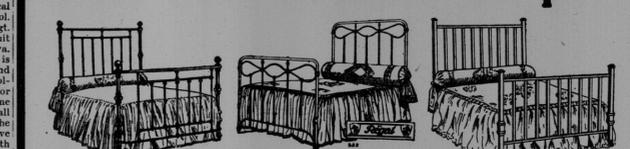

BROUGHMAN F. McCREADY.

Moncton, Oct. 20.—Broughman F. McCreedy, well known Moncton young man, died yesterday. He was thirty years of age, and is survived by his wife and two children. He was a son of the late George McCreedy, a former city engineer, and a nephew of J. E. B. McCreedy, Charlestown, P. E. I. He is survived also by three brothers, Charles and Lee, of New York, and Frank, of Spokane; a two sisters, Mrs. Arthur Farquhar, of Kimberley, B. C., and Mrs. A. E. McEadden, of Johnson's Mills, N. B. The funeral will be held on Wednesday afternoon.

Bethoven a Belgian.

Paris, Oct. 20.—The Figaro has discovered that Beethoven was a Belgian, and that he came from Louvain. The family later lived in Antwerp and Ghent. The composer's grandfather was buried in a Louvain church, which was burned by the Germans.
The Figaro suggests heading all future Parisian concerts of exclusively Belgian music by Beethoven's symphonies.

SOUTH AFRICANS HERE.

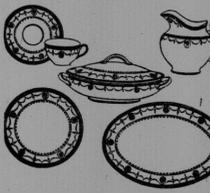

Head of Society Wishes to Form New Company of Artillery.

Toronto, Oct. 20.—James B. Ashman, of London, Ont., president of the South African Society in America, has written to Sir Robert Baden-Powell in behalf of his compatriots, offering the services of British South Africans for defence of the empire.

In a letter to The Mail and Empire Mr. Ashman says: "South Africans in America are shocked at the treacherous and suicidal conduct of Colonel Martin, and we wish to demonstrate to our fellow countrymen at home that we in America intend to stand by the British Empire."
The text of his letter to the Premier of Canada follows:
"I have been requested by South Africans, both of British and Dutch descent, at present residing in America to write you offering our services for garrison or defensive duty in any portion of the British Empire."
"We would suggest the formation of an artillery company comprising South Africans, Australians and New Zealanders resident in Canada, to be known as the Southern Imperial Artillery."
The writer, who is a South African by birth and education, would undertake to recruit the men, you to appoint the officers?"

Reginald Hatfield, of Port Greville, N. B., was drowned on last Friday night while canoeing.

BERLIN PEOPLE STILL ARE UNDER DELUSION

Fed on False News, They Sneer at the World and Boast of Success

London, Oct. 20.—A London newspaper man who made a special visit to Berlin with the object of noting the conditions there has just returned and relate his experiences.

He was arrested several times, but speaking German well, accomplished his mission without undue difficulty. Describing the aspect of Berlin, he says: "Foodstuff prices are a little higher than usual. Women driving taxicabs, people starving outside of butchers' shops and potatoes sold at a high price—these exist only in the dreams of newspaper correspondents.

"Everything seems pretty normal. Enthusiasm for the Emperor, the army and the fatherland is as strong as ever. The confidence of the people, fed on false news, on fantastic reports, on gigantic illusions, is unbounded.

"These people have been re-lit and delight in the fact—as they admit at once—that the whole world is against them. They seem proud of their isolation

and despise infinitely their only allies—the Austrians.

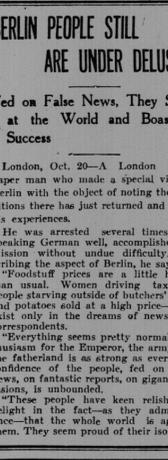

"One hears in the street people talking like this: 'We are bound to win; it is ridiculous to see a few decrepit nations trying to stop God's will. We are the only race of dictators. We will have the whole world at our feet and impose our law on every nation.'

"Most of the people I met in Berlin willingly admitted the methods of their troops in Belgium and France were very wrong, but they invariably concluded that if this is the only way to give Germany her definite position of queen of the world, the life of a few thousand men, the pillage of a few cities and the tears of a few women cannot be an obstacle worth considering.

"They don't admit for a moment that success will not crown their deeds. They do not consider the possibility of disaster. Only military circles seem to realize fully how terribly strong is the enemy which Germany is fighting and how very small are her chances in the long run, but they keep their sentiments as secret as possible, and, helped by a wonderfully organized press, they manage to keep alive the Berlin public's illusion.

MEASUREMENTS NECESSARY TO GIVE MAN PLACE IN ARMY

As there has been some misunderstanding and confusion regarding the requirements for recruits for active military service. The Montreal Star has ascertained that the standard required is 5 feet 3 inches in height, with a chest measurement of 33 1/2 inches, and between 18 and 45 years of age. This is the standard for all overseas recruits as well as for home service.

In some instances, certain regiments require a higher standard, but this is a matter they are allowed to regulate for themselves, so far as their peace strength is concerned. Any man who might be turned away from one particular regiment for being shorter than their standard, would still be able to enlist in many other regiments, provided he came within the militia standard requirement. Some regiments will not take recruits 5 feet 6 inches, and others bar out any who will not measure at least 5 feet 7 inches; but any man who wants to go to the front need not give up hope if he is 5 feet 3 inches tall.

Bona Berlin.
Per capita, more has been subscribed by her inhabitants to the National Patriotic Fund than in any locality. Her population of 18,000 has responded with over \$80,000. Waterloo has contributed nearly \$30,000.

Lord Kitchener, in reply to a cable from Mr. Williams, president of the local committee, wired: "My best wishes for success of your efforts"; and the newspapers say that Great Britain is "thrilled by the loyalty and the German-Canadians of Berlin, Ont."

One woman in Berlin had no money to give, but donated a solid gold watch chain. This was put up at auction and knocked down to A. J. Kimmel for \$50.

The revised subscription of the employees of the Dominion Tire Company, Limited, amounts to \$1,850.71.

Rev. Dr. Herridge will preach in St. David's church tonight, service beginning at 8 o'clock.

Policeman Jeffrey gave evidence yesterday in the police court in the case of James Mullin in connection with the break into the liquor saloon of Wm. O'Keefe. He told of finding Mullin and Fred Keefe in the store and of his efforts to arrest them.

Others who delivered short addresses were D. M. Ross, Anglican secretary of the mission movement, and Rev. H. M. Hamilton, of Montreal. Doctor Hart spoke of the debt Canadians owe to foreigners. He anticipated a great influx of a foreign element after the war.

Dr. W. T. Herridge, of Ottawa, Moderator of the General Assembly of the Presbyterian Church in Canada, was the speaker at the opening of the mission service in St. David's Presbyterian Church last evening and preached a masterly sermon. The services were conducted by Rev. Gordon Dickie, assisted by Rev. J. H. A. Anderson.

SPECIAL EVENTS IN LOCAL CHURCH WORK

A delightful banquet was given last evening in the Seaman's Institute by the Laymen's Missionary Movement, at which stirring addresses were delivered. Lieut-Governor Wood presided and Dr. W. T. Herridge, of Ottawa, His Lordship Bishop Richardson, Rev. H. E. Stillwell, an Indian missionary, and Rev. E. I. Hart, of Montreal, were the principal speakers.

Look to the food. Eat heartily of hot breads, hot biscuit, hot cakes, made light and tasty with Royal Baking Powder, and snap your fingers at dyspepsia. It is the tasty, appetizing food that aids digestion.

There is a quality in Royal Baking Powder coming from the purity, wholesomeness and fitness of its ingredients, which promotes digestion. Food raised by it will not distress. This peculiarity of Royal has been noted by hygienists and physicians, and they are accordingly earnest in its praise, especially recommending it in the preparation of food for those of delicate digestion.

THE WAR NEWS

Nieuport, Dixmude and Ypres are in Belgium. Arrantieres, a little farther south, is in France close to the Belgian port of Ostend and the French port of Dunkirk. In this region there has been heavy fighting several days; for here the Germans have made desperate efforts to break through the allied lines. But the Belgian army had retired to Antwerp to Ostend, and thence to a junction with the French and British forces along the line between Nieuport and Arrantieres, and the German advance has been checked. Nieuport is on the coast, about half way between the Belgian port of Ostend and the French port of Dunkirk. Before the Germans can secure control of the French channel ports of Dunkirk, Calais and Boulogne, they must overcome the Belgian army and its allies in that quarter, and we are told that near the coast the British fleet has lent assistance by shelling German positions. Indeed there was a report last night that the Germans had withdrawn from Ostend. All the reports indicate that the allies continue to gain some ground in the north, and are either making progress or holding their own along the whole line to the border of Switzerland. There are further rumors of large reinforcements for the Germans; but, if the allies continue to make gains even slowly for a few weeks longer, all danger of a great German victory in France will have passed away. The heavy rains make it increasingly difficult for the enemy to handle their heavy artillery, and what they could not do in September they will hardly be able to do in November. The outlook is much more cheerful since the German attempt to seize the French channel ports ended in failure.

In the eastern field the Russian reports are very meagre, but tell of partial successes in Poland and Galicia. Disturbing reports concerning the attitude of Turkey continue to appear in the press, and it is evident that Germany is trying by every means to involve that country in the war. If she should succeed, Britain's threat that the power of Turkey in Europe would be destroyed will be carried out to the letter. Britain has saved Turkey in many a crisis in past centuries, but the situation has not completely changed.

THE CALL TO ARMS

A force of 16,000 infantry is to be recruited at once in Canada. Two battalions, or about 8,000 men, are to be raised in the maritime provinces and the cavalry, artillery and other branches will be recruited as soon as instructions have been received from the British War Office as to the number required. There should be no difficulty in quickly recruiting the maritime province quota for the infantry force. St. John and the province of New Brunswick, which are well represented in the first contingent, will be not less strongly represented in the new force. It is planned to raise the effective force in Canada to 40,000 men, and to make such provision as will enable the department to send forward contingents from time to time to reinforce those already in the field. The general plan provides for arming at least 100,000 men by next spring, and indeed this country should have at least that number of men in the foreign field within six or seven months. The cost will be heavy, but it will be cheerfully paid, and as long as the war lasts the Canadian people will be ready to contribute men and money, with no other thought than that we must see this thing through, and do our share in crushing out forever the spirit of German militarism. An English officer writing from France to his brother in Montreal, says: "I have seen some battle sights in my life, but nothing to this. We brought ten of our fellows over to England with both hands cut off at the wrist—not shot off, but cut off."

This war, on the part of the allies, is a war against barbarians. The world must be freed from its fear of the domination of the German savage. Canada will do her share.

THE SURPLUS APPLES

In the province of Ontario the problem of utilizing the apple crop has proved somewhat serious; but the farmers and others are endeavoring in a generous spirit to see that the very poor people in the cities are supplied with the fruit rather than to have it rot on the ground. In Toronto a large market has been set apart as a distributing centre for the apples and vegetables donated by farmers for the use of the poor of the city. It will only be necessary to get an order from the Salvation Army, the Civil Service Commission of the city or the charitable organizations in order to receive a bag of apples. In the city of London the children have offered to pick and the business men to deliver apples from neighboring orchards for distribution among the poor. The county council of Lambton is seeking to send 100,000 pounds of dried apples to the soldiers at the front. The growers are giving the apples and the county has agreed to furnish \$6,000 to have them evaporated and packed. In the section around St. Thomas it has been decided to oper-

ate the evaporating plants in the hope that a market for the product may be found in Europe. The farmers will supply the apples, and whatever return there may be will be paid to them after the apples are sold. It is said that great quantities of apples in New Brunswick and Nova Scotia will be wasted this year through lack of a profitable market. Cannot some action be taken to bring about their distribution among the poor in the cities and towns?

The news that the City Road is to be placed in good condition will be hailed with great satisfaction by all who find occasion to use that thoroughfare.

The Municipal Assistance Department of Montreal shows that during the coming winter that city will be able to give nightly shelter to as many as three thousand destitute people.

The new Italian minister of war is said to sympathize with the British and French, or at all events to entertain friendly feelings toward Austria. His appointment to office has caused some apprehension in Vienna.

Eminent clergymen are directing the attention of the people of St. John this week to a war that is always with us, the struggle of good against evil in the heart of man and in the general social fabric.

A letter from Caraquez gives the names of thirty-eight office holders and government employees who took an active part in the recent Conservative convention in Gloucester county. No doubt the attention of Sir Robert Borden will be directed to the matter.

One of the speakers at the Baptist Convention yesterday said:—"If the ministers of New Brunswick will start an active campaign against political corruption every grafter in political life would be forced to crawl into his own political grave." That kind of a revival would certainly possess the merit of novelty.

A correspondent suggests to The Times that all German names of streets in St. John should be changed, and the name New Brunswick also abandoned. Such a method of fighting the German would be like the act of a man who, in order to avenge himself upon his neighbor, dug up the neighbor's graveyard and pulverized the bones of his ancestors.

Whether the battleship can hold its place as the paramount factor in war on the sea, or whether its usefulness has been destroyed by the submarine, is a question that has aroused great interest in American naval circles. A Washington dispatch says that the battleship is still in favor; but that the naval board will withhold its recommendations as to the naval needs of the United States for the next year as long as possible, so that there may be further study of the relative value of the battleship and submarine in the present European war. Secretary Daniels expresses the opinion, however, that submarines in their present state of development will not decide any naval war, and that the greater need is still for battleships.

The suggestion of Mayor Frink that a corps for home service might be organized of men between forty-five and sixty-five years of age is worthy of consideration. Such corps, if we mistake not, have been organized in some Ontario towns. There are many men who cannot go to the front, or who, if they desired to go, could not pass necessary examination, but who would cheerfully undergo a certain amount of drill and discipline for home service. Moreover, the example of these men would have a healthy influence upon many younger men in whom the military spirit it has not yet been aroused. We need more than anything else at the present time that this spirit be aroused, because Canada is in danger, and her defenders, whether at home or abroad, should be her own sons.

There is a small German element in Russia which is endeavoring to arouse prejudice against England and in favor of Germany. The foreign minister of Russia has found it necessary to take note of the activity of these people, and to declare that they are wholly unrepresentative of Russia. There will be, he says, no rupture between England and Russia, nor is there any possibility of a premature settlement between Russia and Germany without the consent of Britain and France. The foreign minister's assurance will be accepted in good faith, Germany not only straining every nerve in the field of actual warfare, but her emissaries are carrying on an active and well directed campaign in all countries to arouse sympathy for her cause. Unfortunately for German contentions, however, the records showing the causes of this war are open for the world to read, and the stories of German atrocities in Belgium cannot be suppressed. German attempts to arouse sympathy will end in failure, just as they attempt to achieve world domination will result in utter defeat.

Many Gifts of Cash and Supplies—The Names of the Donors—\$350 Spent in Two Weeks

Splendid progress was reported at the fortnightly meeting of the St. John branch of the Red Cross Society at the afternoon, when Lady Tilley, after giving an interesting account of the formation of a provincial branch, added that the thirty-five or forty branches in the province might later obtain a charter.

The gathering many useful hints about the organization, and answered many questions. The secretary reported the receipt of a letter from Mr. Burden, of Boston, offering a box of surgical supplies. The collector of customs had stated that the gift could be sent on free of duty.

INDIGESTION AND HEADACHES

Arising From Constipation, Cured and Regular Habits Established by Dr. Chase's Kidney-Liver Pills.

In the western Provinces, where so many thousands live far from doctors and drug stores, very many rely on Dr. Chase's medicines to cure disease and maintain health and strength. This letter gives some idea what perfect control Dr. Chase's Kidney-Liver Pills exert over the most common ills of life.

Mrs. H. K. Hever, farmer's wife, Eastburg, Alta., writes:—"For about ten years I suffered from constipation, indigestion, headache, and languid feelings. Treatment from two or three doctors afforded only temporary relief, so I bought Dr. Chase's Kidney-Liver Pills, and with most satisfactory results. Headaches have disappeared, regular habits established and general health very much better. Both my husband and I can speak highly of Dr. Chase's Kidney-Liver Pills, as we have both been greatly benefited by them." EXCLUDE JEWS FROM LODGES IN GERMANY. Present War May Remove the Disabilities Now in Effect. Jewish Masons in all parts of the world have long been complaining about the exclusion of Jews from the German lodges. It was reported that of the eight grand lodges, containing a membership of fifty thousand, the three largest, with thirty-three thousand members, refused to admit Jews. Moreover, the lodges which followed the ritual of St. John were stated to be in full accord with this policy. The complaint, says The Jewish World, is a very fair illustration of the wretched spirit of social ostracism which has kept Jews out of the German university affairs and the commissioned ranks of the German army, and one cannot but hope that if the present hostilities should result in the overthrow of

DISCUSS NEWFOUNDLAND UNION WITH DOMINION

The New York Herald prints the following from St. John's, Newfoundland: "The possibility of a union of Newfoundland with Canada is receiving renewed attention from political leaders here as a result of the European war. Advocates of the idea show the danger to this colony of a separate existence if misfortune should come to the Allies in the present struggle, and they emphasize also the strategic advantage to Canada of the possession of Newfoundland, at the mouth of the St. Lawrence River.

"In this connection the possible fate of the French island of Miquelon in the event of a German victory is being considered on account of its suitability as a naval coaling station.

"Six years ago the German cruiser Panther made a lengthy stay in St. John's harbor, and her officers took many trips to the suburbs. They also went down the coast to the fishing settlements at St. Pierre, Miquelon. It is now believed that they made extensive notes during their stay. The harbor of St. Pierre is recognized as one of the best in this region, as it is free of ice during the entire winter."

They call it the "Salamander hat" perhaps because it is worn with the saucy angle so much approved by the "butterfly" type of girl, and perhaps because the curious feather that sits so rakishly on the tilted brim is touched with red, the favorite color of the "salamander" girl.

The "salamander" hat illustrated here is made of mole color plush, and the feather is a gay affair of green and gold and vivid red.

Thompson-Woods Players Give Excellent Presentation of Awakening of Helena Richie

In their presentation of The Awakening of Helena Richie in the Opera House last evening the Thompson-Woods Stock Company scored the biggest success of the present season. The play, which has gained an international reputation through the work of Margaret Anglin, who created the leading role, is a fine piece of workmanship in itself. The plot is of compelling interest and is developed with great skill, working up to a logical climax. The atmosphere is realistic, and the situations around which the play centres are brought about in a natural way. While giving opportunity for the display of strong emotions, the whole is marked by a restraint and reasonableness which gives to the audience the impression of witnessing a fragment of the lives of real people.

The story is built upon the old triangle of conflicting ideas of love and duty. It is the solution of these problems in the life of Helena which makes the plot. Because of her love for an orphan boy whom she has adopted, Helena finally decides to give up her lover, who has been posing as her brother while waiting for her dissolute husband to die. The next blow falls when the friends of the boy learn of her affairs and decide that she is not a fit person to trust with his training. Her realization of this fact results in her moral awakening, and the aged clergyman who has been keeping an eye on the boy is afterwards convinced that, through her triumph over her weaker self, she has attained to a strength of character worthy of trust, and the boy is restored to her.

In the hands of a less capable company the play would be far from so convincing as it proved last night, but it was presented with such fidelity and in so adequate a manner as to arouse the greatest enthusiasm on the part of the audience.

In the leading role, the one big part in the play, Miss Howell takes a splendid opportunity to display the full extent of her talent as an emotional actress, and her success was as well deserved as it was well earned.

Mr. Dimock made the attractive role of the old clergyman, Dr. Lavender, very impressive and almost as prominent, and Mr. Howard was well received as Dr. King, one of Helena's new friends in old

ULTRA-MODISH COAT.

Inch material. One yard extra will be needed for the cape.

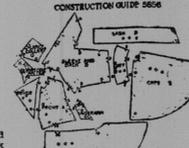

With the exception of noting that the cape and skirt are cut from an open width of the material, it may be stated that the cutting process is very simple.

Not so with the making, however. First, take up dart in front as perforated. Sew under-arm section to back as notched. Close sleeve seam as notched and sew to upper edge of under-arm section as notched. Gather sash between double "O" perforations; adjust between single small "O" perforations at under-arm seam in front. Small "O" perforation indicates upper edge of sash. Sew front to under-arm, sleeves and back as notched. Center-front indicated by large "O" perforations. Close cuff seam as notched; sew to sleeve as notched. Sew revers to front as notched. Adjust canvas to position underneath Directorate collar from creasing of small "O" perforations to neck edge; sew to neck edge as notched.

Close back seam of skirt section indicated by small "O" perforation. Sew to lower edge of front, under-arm and back as notched; center-backs and front edges even.

Finally, for cape and large collar close center-back seam of cape (indicated by double "O" perforation); turn under front and lower edges on small "O" perforations. Form inverted pleat at center-back, creasing on slot perforations; bring folded edge to center-back seam and press. Adjust to position on coat, attaching neck edges to collar.

CONSTRUCTION GUIDE 5856

Exclusive model for a dress tailored coat which may be finished at the back with or without a cape. It is trimmed with buttons and a sash of satin.

The season's fashions show this unusually effective coat design. It has a gathered, notched and center-backs even. Bring single large "O" perforations at shoulder and near lower edge to collar. There is a Directorate collar of the same responding perforations in back at material which surmounts a square collar of moire. If made without the large collar to neck edge as notched cape, size 36 requires 3 yards of 54- and tuck at shoulder.

Pictorial Review pattern No. 5856. Sizes 32, 34, 36, 38, 40, 42 and 44 bust. Price of pattern, 15 cents.

CANADA'S CONTINGENT ON IMPERIAL SERVICE

Splendid Views of Force at Valenciennes—Sparkling Singing, Talking and Dancing Act — "Brewster's Millions" Tomorrow

Johnston & Crane carried the Imperial patrons far away from the drizzle, foggy conditions which obtained in town yesterday, to the gay, alluring lights of Broadway, and presented fifteen minutes of rollicking, sparkling repartee and saucy songs, which, with their modern dancing partners, made a distinct novelty hereabouts. The Keith people are evidently sending some of their best big-time performers to their handsome new theatre here and Johnston & Crane with modish attire and ultra-modish programmes, are two of these. W. L. Cockburn, the Scot, sings The Boys of the Old Brigade, and other songs of his native land, with a fervor that only a Britisher can.

The pictures yesterday were above the ordinary in subject value. In the first place the Imperial presented a splendid review of the Canadian expeditionary force as inspected by H. R. H. the Duke of Connaught at Valenciennes, prior to embarkation. Needless to state, this film was received with prolonged applause. The remainder of the topical budget contained detailed views of Belgian cities ruined by German shells; election of the new pope, prisoners arriving in Berlin, etc. Alice Joyce was seen in a fine drama, entitled The Brand, and Mary Pickford and Edwin August shared honors in the most melo-dramatic chase-picture ever turned out by the Biograph Co., bearing the title A Beast of Bay.

The above especially good programme will be continued today, and tomorrow a real treat is in store in Jesse L. Lasky's metropolitan production, Brewster's Millions, with the noted star, Edward Ables playing the name-role. This picture is in five parts and 215 scenes. The dramatization is by Winchell Smith and Melville Stone as founded on George Barr McCutcheon's famous novel. It is a highly exciting and amusing adventure by a young man who must spend a million dollars sensibly, within a year in order to gain seven other millions. Both the play and the story are famous throughout the world.

SECRET AGENT FROM RUSSIA

THIRTEENTH CHAPTER OF MILLION DOLLAR MYSTERY.

Followers of the Million Dollar Mystery being shown at the Unique Theatre every Monday and Tuesday, braved the elements of yesterday and were well repaid by the thirteenth chapter of the serial, The Secret Agent from Russia.

The next act comedy is a feature of this edition makes it stand out among the rest to such an extent in fact that one is inclined to favor it above all others shown. In other words, the most unexpected thing imaginable happens in chapter thirteen and that is the dainty and decidedly pleasing comedy turn the story takes at the finale of the incident. Then to make it all the more interesting neither the conspirators or those interested in the welfare of Ed Hargreaves realized that they were both

playing a comedy of errors and when the mask falls at the close of the last scene the audiences are not slow to catch its full significance. Like previous chapters it must be seen to be fully appreciated, the flow of comedy is rich, while the acting is unusually good, the costumes a little better than usual, while the producing receives the same careful attention that has characterized the Million Dollar Mystery from the beginning. Of particular interest on the same programme is a two-part Broncho story The Embesler, which is a gripping story of the business world with the slightly greenbacks playing a powerful part in a tale from life. How Reuben fooled the Bandits, which is a Keystone subject of merit, supplies an abundance of good comedy.

Those who visited the Lyric Theatre yesterday came away wearing the smile that won't come off. The reason was the Shelybs, who opened the usual three days' engagement yesterday afternoon, submitted their act of singing, comedy, piano playing and talking and incidentally scored a hit. It is rather difficult to say which artful pleased the most. The efforts of both met with the unqualified approval of the audiences and it could hardly be otherwise. Miss Shelyb proved very enjoyable in her song numbers and piano work, while her partner kept the ball of laughter rolling at no slow clip. Both are gifted with the essentials that make a performer a success and they know how to use them.

Refinement is the keynote of their offering which is given in a graceful pleasing manner and the Shelybs have been engaged for a lengthy period with the Torrie and Winter Musical Stock Company after their St. John engagement expires speaks in no uncertain manner for their ability to entertain.

A Tragedy of the Orient, which borders almost on the classical, produced by the Broncho players, also calls for much praise, while the Mutual Weekly is to say the least most interesting than ever.

The Kitty MacLain Co. will be the vaudeville attraction the last three days of the week.

Re-Open Panama Canal.

Panama, Oct. 20.—The Panama Canal will again be opened to traffic today and ten merchantmen will be passed through the waterway from the Pacific to the Atlantic. Conditions at the scene of the recent slide are reported to be excellent. The earth movements in the Gold Hill district have now ceased.

Health and Beauty Answers

Clara: I made my faded "strings" hair take on its natural color again and become soft, fluffy and brilliant by shampooing with catnip, a teaspoonful of which I dissolved in a cup of hot water. It gently, yet thoroughly, dissolved dirt and excess oil and when I rinsed it out left the scalp healthy and pliant. Since my first trial I have used nothing but this.

How to Destroy The Dandruff Germ
 BY A SPECIALIST
 That the dandruff germ is responsible for nearly all the diseases to which the scalp is heir, as well as for baldness and premature gray hair, is a well known fact, but when we realize that it is also indirectly responsible for many other diseases as well, we appreciate the importance of any agent that will destroy its power. We are, therefore, particularly pleased to give herewith the prescription which an eminent scientist states he has found after repeated tests to completely destroy the dandruff germ from one to three applications. It will also immediately stop falling hair and it has in numerous cases produced a new hair-growth after a period of partial baldness. This prescription can be made up at home, or any druggist will put it up for you: 6 ounces Bay Rum, 2 ounces Lavon de Compose, one-half drachm Menthol Crystals. Mix thoroughly, and after standing an hour it is ready for use. Apply night and morning, rubbing into the scalp with the finger-tips. If you wish it perfumed, add 1/2 drachm of your favorite perfume. While this preparation is not a dye it is unequalled for restoring gray hair to its original color.

MAYOR SUGGESTS
CITIZEN CORPS FOR HOME DEFENCE
 Supernumeration Scheme for Civic Employees—That \$30,000 For Winter Work—The Common Council

A statement by Mayor Fink favoring the formation of a St. John corps for home defence to be the place of the younger men who will go to the front, and his belief that there was a demand for such a corps was the outstanding feature of the common council meeting the opinion by other members of the council.

Another matter was the decision to grant to the relatives of the late Robert Wisely an amount equivalent to his salary until the end of the year, but it was yesterday. No comment was made upon Wisely not to make the case a precedent, as the Mr. Wisely had served the city for twenty-five years. Com. McLean said that the city would soon have to face the creation of a supernumeration scheme for its employees.

RELIEF FOR INDIANS
 Their Income From Fur Trade Cut off, Other Provision is Necessary

Ottawa, Oct. 20.—The government will this winter make provision for the relief of the northern Indians, who, owing to the cessation of fur buying at the Hudson Bay and Revillon posts, have been deprived of their usual means of livelihood. The usual advances made to the Indians are this winter withheld with the result that many of the Indians face starvation. The government will supply to the Indians ammunition and twine and wire for snares and will encourage the Indians to hunt for food instead of fur. To facilitate this provincial governments have been induced to relax the game laws in the northern districts so as to extend the season for the shooting of moose, deer, caribou and food animals or birds. In cases of destitution the officials of the Hudson Bay Company and Revillon Post have undertaken to dispense the bounty of the government at their various posts to the needy ones.

LOYD GEORGE'S GREAT SPEECH

(Continued.)
 But they were not in uniform when they shot. The burglar broke into the Kaiser's palace at Potsdam, destroyed his furniture, shot down his servants, ruined his art treasures, especially those he made himself (laughter and cheers)—burned his precious manuscripts, do you think he would wait until he got into uniform before he shot him down? (Laughter.) They were dealing with those who had broken into their houses, holds, but their peridy has already failed. They entered Belgium to save him. The time has gone. (Cheers.) They have not gained time, but they have lost their good name.

The Case of Serbia
 But Belgium was not the only little Serbian nation that has been attacked in this war, and I make no excuse for referring to the case of the other little nations—the case of Serbia. The history of Serbia is not unblotted. What history in the category of nations is unblotted? The first nation that is without sin, let her cast a stone at Serbia. A nation trained in a horrible school, but she won her freedom with her tenacious valor and she has maintained it by the same courage. If any Serbian were mixed up in the assassination of the Grand Duke they ought to be punished. Serbia admits that the Serbian government had nothing to do with it. Not even Austria claimed that. The Serbian prime minister is one of the most capable and honored men in Europe. Serbia was willing to punish any one of her subjects who had proved to have any complicity in that assassination. What more could you expect? What were the Austrian demands? Serbia sympathized with her fellow-countrymen in Bosnia. They must do no more. Her newspapers were saying nasty things about Austria. They must do no longer. That is the Austrian spirit. You had it in Zaboron. How dare you criticize a customs officer and if you laugh—(laughter)—it is a capital offence. The Colonel threatened to shoot them if they repeated it.

Tackled Even the Editors
 Serbian newspapers must not criticize Austria. I wonder what would have happened had we taken the same line about German newspapers. Serbia said: "Very well, we will give orders to the newspapers that they must not criticize Austria in any way." (Laughter.) You go to Greece, the Netherlands, Italy, Germany and France, and all these lands, gentlemen, could point out to me where the sons of Britain have died for freedom of these countries. (Cheers.) France has made sacrifices for their freedom of their lands than her own. Can you name a single country in the world that has made more sacrifices for the freedom of other lands than her own? Prussia has ever sacrificed a single soldier in the name of her freedom. The highest standard of civilization is the readiness to sacrifice for others.

Not Disparaging Germany
 I would not say a word about the German people to disparage them. They are a great people; they have great qualities of head, of hand, and of heart. In the spirit of recent events, it is as great a source of kindness in the world. But he has been drilled into a false idea of civilization—(hear, hear)—that it is a material civilization. They do not comprehend the action of their own people. (Laughter.) You must dismiss from your army all those officers who we shall subsequently name." Will I think could name any? (Laughter.) Lord Kitchener—(cheers)—would go, Sir John French—(cheers)—would go, Sir John Jellicoe—(cheers)—would go, General Smith-Dorrien—(cheers)—would be no more, and I am sure that Sir John Jellicoe—(cheers)—would go. (Laughter.) And there was another gallant old warrior that would go—Lord Roberts. (Laughter.)

Read the Kaiser's Speeches
 What is their demand? Have you read the Kaiser's speeches? If you have not, I advise you to buy it; they will soon be the property of the Kaiser, and you won't have any more of the same. (Renewed laughter and cheers.)

Remember that the German people are the chosen of God. On me, on us, as German Emperor, the Spirit of God has descended. I am His weapon. His sword and His vanguard. Now to the dishevelled, Death to cowards and unbelievers!
 There has been nothing like it since the days of Mahomet. (Loud laughter and cheers.)

On the Advice of His Doctor
 He Used Dr. Chase's Ointment for Protruding Piles With Splendid Results. Too often a doctor can only think of an operation when asked for a treatment for piles. Some are sufficiently broad-minded to use the most effective treatment available, which is undoubtedly Dr. Chase's Ointment, as was proven in the case referred to in this statement.

Sore Corns Dissolved
 Removed Without Pain
 The best wrinkle of all, no plasters or ointments or burning salves—they are all relics of the dark ages. The only sure cure is to use the only one that never fails to lift out a sore corn without pain or discomfort. It is Putnam's Painless Corn Extractor. Apply it at night and it dissolves away the painful corn while you sleep. Nothing to equal the painless removal of corns by Putnam's Extractor. Get a 25c. bottle from any druggist.

Gen. Sir Wm. Otter Issues Warning—Dangerous Time For Canada
 (Toronto World.)
 Addressing a crowded meeting of the Riverside Business Men's Association, held in the Queen Alexandra School, Broadview avenue, last night on "Canada's Duty to Home and Country," Gen. Sir William Otter said:
 "I wish to cast no reflection on the men serving with the militia nor do I wish to encourage military training. It is no easy one, as any remarks I may make to encourage military training likely to be met with criticism from those holding peaceful views of settlement. I am afraid though that there has been a setback of late to those opinions. War is a terrible affliction, and it is always our hope to find a means of a natural settlement, but can any one hope for such a thing at present? We talk of peace, but when was there peace in the world, for the life of man has been one of conflict and peace only comes with death.
 "It is only natural that man should fight with weapons when he is attacked. Why do people have rifles? They are the property of others? Why do nations train an army if they are not for the defence of their own territory? It is because of the fear of aggression.
 "Can it be assumed that Canadians are of a peaceful and unwarlike nature? We live under our flag as long as they can accumulate wealth and are assured of comfort. Are we not satisfied with our glorious inheritance? We desire no change and are ready to battle to the bitter end."
 Defence Situation
 Sir William analyzed the defence situation and declared that peace was only secured through maintaining a prepared line of defence. There are many who rely on the British navy and army for their protection and therefore ask why they should be troubled with the expense of organizing a line of defence. That is true, but they are still children and unable to help themselves. We must be prepared to defend ourselves. We must be prepared to defend ourselves. We must be prepared to defend ourselves.

THE WAY GERMANY DOES IT.
 From a trade paper in South America, published in Spanish, comes a clipping which comparatively recent, showing the way in which the German military police, in the rules, translated into English follow:
 First—In your purchases, no matter how small, you must be prepared to purchase a foreign product, even though you spend only a penny, you diminish in so much the trouble (prosperity) of your fatherland.
 Second—Do not forget that when you purchase a foreign product, even though you spend only a penny, you diminish in so much the trouble (prosperity) of your fatherland.
 Third—Your money should benefit only German merchants and German workers.
 Fourth—Do not profane the German land, the German house, the German table of foreign meats or greases (condiments) that might cause a prejudice against German cattle or its products; or which, moreover, might put your health in jeopardy, not having been examined by the German sanitary police.
 Sixth—Write on German papers, with a German pen, and dry your German ink with German blotting paper.
 Seventh—In your dress goods use nothing but German cloths and buy German hats only.
 Eighth—The German flour, the German fruits, and the German beer are the best ones that produce German strength.
 Ninth—If you do not like German coffee, drink only coffee not brewed in German colonies, and if you prefer chocolate or cocoa for your children, see that the chocolate and cocoa are exclusively German articles.
 Tenth—See to it that foreign propaganda do not interfere with the strict observance of these few precepts. Let it be with you a firm and earnest conviction that no matter what you do, said, the best products—the only ones worthy of a citizen of great Germany—are the German products.

10 YEARS SUFFERING FROM PILES
 Mr. J. McEwen of Dundas, Ont., writes: "For fifteen years I suffered with Piles and could get no permanent cure until I tried Zam-Buk. Perseverance with this herbal balm resulted in a complete cure, and I have not been troubled with the painful ailment since."
 Mr. Henry Fougere of Poulmond, N.S., says: "I suffered terribly with Piles and could find nothing to give me relief until I tried Zam-Buk. This cured me. I consider Zam-Buk, the finest ointment on the market."
 The above are specimens of the many letters we are constantly receiving from men and women who have ended their suffering by using Zam-Buk. Why not do likewise?
 Zam-Buk is best for eczema, blood poisoning, ulcers, sores, cuts, bruises, and all skin injuries and diseases. 50c. box, all druggists and stores, or post free from Zam-Buk Co., Toronto. Send this advertisement with name of paper and one cent stamp for free trial box.

FOOTBALL

Preparations are about completed by the Intercollegiate League for the opening of the season on Thursday of this week with a game between Acadia and Mount Allison teams in Wolfville. Both these teams, as well as the U. N. B. quad have been rounding into shape, but the make-up of the aggregations has been carefully kept secret.

BASEBALL

Troy, N. Y., Oct. 19 - Troy gave Johnny Evers, captain of the Boston Braves, the world's champions, a rousing reception tonight upon his return to his home in this city. There was a parade with ten bands and several drum corps and more than 3,000 men in line. The marchers carried baseball bats, and each wore a large button the size of a tea saucer, and which bore Evers' picture. Captain Evers rode at the head of the column in an automobile with Mayor Burns and other citizens, and he was wildly cheered. After the parade there was a banquet at which about 500 were present.

TURF

Frederick Glenner - Trainer Wm. Saron this morning shipped Prince Haron (2:18 1/4), the Alfordly pacer, to Moncton, where, on Wednesday, he is to meet Hal L., pacer owned by P. A. Bellevue, in a race of half mile heats, best three out of five, for \$400 a side.

RING

Buffalo, N. Y., Oct. 19 - Willie "Knockout" Brennan out-boxed Al Mc-

Coy, claimant of the middleweight championship, in a fast ten round bout here tonight. Neither boxer scored a knockdown, but Brennan out-pointed his opponent at all stages. McCoy weighed 158 pounds and Brennan 157.

Bouts Tonight

Sam Langford vs Gunboat Smith, Joe Eagan vs Young Jasper, Patsy DeLuca vs Kid Mercer and J. Sousa vs Johnny Murphy, Atlas A., Boston. Battling Levinsky vs Jim Flynn, New York. Jim Savage vs C. Weiner, Newark. Joe Borrell vs Frank Logan, Baltimore. Young Dyson vs Young Otto, New York.

CREDIT WHERE CREDIT IS DUE

Government Railways' Sleeping, Parlor and Dining Car Service Appreciated. "Railroad men have so many knacks that I want to throw one bouquet. The Intercolonial is operating an excellent service between St. John and Montreal, and have no doubt other portions of the lines are equally well served. You have the best class of sleeping and parlor car conductors it has been my good fortune to meet, and your dining car employees' food and service leave nothing to be desired."

An officer of the Canadian Government Railways received the above from a much travelled official of one of the most important railways across the border.

BOILERS AT HOME AND ABROAD

Thirty-one ocean liners, a fleet many times greater in tonnage than any array of medieval Spain, are now in the Canadian army of liners. Eleven war vessels were strung by the lines-of-communication system across the Atlantic, one every couple of hundred miles as a convoy. It was the greatest army that ever crossed the Atlantic, and the most impressive convoy ever seen in our times. The value of that 31,000 soldiers, 5,000 horses and 70 field guns was absolutely guaranteed to the British War Office by the greatest insurance system ever seen afloat.

But the Canadian army is no safer on the Atlantic than the Canadian mercantile marine carrying Canadian wheat, bacon, flour, and cheese to the ports of Britain. Day in and day out, night after night by all belts the guns of British battleships keep open the trade routes between the fields and the mills and the factories of Canada and the markets of England. Thanks to those nimble cruisers, this country becomes a creditor of England, who, thanks to the navy, is financially able to pay her bills in a time of war on the principle "Business as Usual."

This navy-guaranteed trade puts England in our debt hundreds of millions in a year. It enables a large percentage of our population to go on raising wheat, operating mills and factories under absolute safety of transportation. The British navy is the greatest guarantee of our system of transportation, not only of ships but of railways that feed them and are fed by them. With such magnificent insurance every wheel in Canada, every smoke-stack, every power-house, every travelling crane, every spindle and loom, lathe and drill and roller should go on working as though war had never happened in the world.

With such an impressive spectacle of efficiency on the high seas, it is the imperial business of every man and woman in Canada to spend every dollar possible to keep the factories of Canada operating as diligently as the farms and the fisheries and the mines. The money spent in buying Canadian goods is money spent to justify the protection we enjoy from the British navy. If in a time of dissolution caused by war we cease to put every dollar we can buy from our own people we are no longer worth that navy's protection.

It's the busy army at home that makes the majesty of the watch-dog fleet almost. Every warship boiler burning on the seas should be backed up by ten Canadian factory boilers burning at home.

The price of sugar was advanced yesterday forty to fifty cents per hundred pounds by Canadian refiners.

HOW THE KAISER MAY CROSS STRAITS OF DOVER

(Toronto World)

If the Kaiser were as intimate with the Lord as he would have us all believe, would get the Almighty to freeze the English Channel between now and next March and cover the silver streak with a coat of ice not less than two feet thick. Nothing less than this will convince us of the Kaiser's celestial influence and nothing less than this will avail him in his attempts to invade Great Britain.

Moltke knew several ways of getting into England, he said, but he did not know any way to get out again. Perhaps the Kaiser has not considered the latter part of the problem. But it would take a solid ice road from Ostend to Dover to do him any good in carrying out an invasion.

We are told by some of the amateur experts that the Kaiser could command the channel with his heavy siege guns mounted at Ostend. It is about seventy miles from Ostend to the nearest land in England, and however heavy the Kaiser's artillery he could not fire the channel at that width. If he had taken Calais he would have a range of thirty odd miles to cover, and it is hardly likely that he could stop the English navy with a land bombardment of this description. To bombard the English coast from Ostend or any other continental channel port would do him little good.

The real danger might be the holding of the channel against war vessels as Gibraltar commands the entrance to the Mediterranean. But supposing that with immense guns the Kaiser was able to command the Straits of Dover. The German navy would have more than three hundred miles to sail from its present base before it got down there, if it wanted to go there, and there is no conceivable reason why it should want to go there. If it wants to come out into the North Sea it can do so at any time. The guns of the Kaiser at Ostend could neither assist nor retard any operation based on Cuxhaven or the Kiel Canal. In the three hundred miles between Cuxhaven and Ostend there are ample opportunities for the British fleet to get into touch with the German navy should Admiral Tirpitz venture his precious vessels outside their nursery. When the allies decided to abandon Ostend they would take all the factors of the situation under consideration, and when they left it behind them we may be sure they did not leave much that would be of any use to the Kaiser.

The other suggestion that Ostend would serve as a base for air fleet attacks on Britain would have been more worthy of attention earlier in the season. Just at present, and for the rest of the winter season, the weather in the German Ocean and the English Channel is not inviting for airships, not even for cross-channel steamers, as passengers who have tried it will be able to testify. Fog, squalls, storms, atmospheric conditions fatal to all air craft are to be expected to prevail for six months to come. And if a few Zeppelins did venture across into England they are likely to get a reception there which would make their return to Germany exceedingly problematical.

Taking it by and large, we believe the Kaiser's best chance of invading England is a freeze-up of the Straits of Dover.

REMARKABLE SEASON THIS FOR UPSETS IN WORLD OF SPORTS

Greatest of the Lot, Though, Is Braves' Easy Conquest of the Athletics

(New York World)

Boston's feat of defeating the Athletics in record time for the world's title is a fitting climax to a season that will go down in history as the greatest ever known for a record number of upsets and reverses in all lines of sport. How the Braves came rushing from last place to win the National League race and how they followed this up by defeating the supposedly invincible world champions is pretty well known in every city and hamlet throughout the country.

Those who love to figure the outcome of sporting events have received an awful jolt in 1914, not in one sport, but in many. "Figures never lie" runs an old saying. They don't but this season the dope has been found to be a very poor indicator for the favorite players. This trait of the under dog rising up and smothering his stronger opponent began to show itself early in the year.

The first reversal of form was the international polo game. England sent over a team this year that had been beaten consistently abroad and the poor, misguided Yankees really thought it a shame that the big series had to be played.

The Americans ruled a prohibitive favorite. But the jinx got busy and the Brits cleaned up in two straight games, to the great astonishment of the defenders. Then on the water came the next big surprise. Yale after trailing Harvard for six years changed things by defeating the Crimson by two feet in the most remarkable race ever seen at New London. One week later Columbia won the

annual Poughkeepsie regatta, something she hadn't been able to do for nineteen years. Not only that but Cornell, pronounced by Courtenay as one of the strongest crews he ever had, was forced to be content with third place. Then tennis came in for its share of upsets. Maurice McLoughlin, defeated by both Norman Brookes and Anthony Wilding on the other side, defeated both these foreign stars in the International Davis cup matches. Before the California Comet became familiar with his world title he was surprised and routed by R. Norris Williams in three straight sets in the national tournament finals at Newport.

Francis Ouimet accounted for the biggest surprise in golf when he won from Jerry Travers in the finals for the national championship, a title Travers held four times.

Boxing wasn't without its strange reverses. Willie Ritchie's defeat in London by Freddie Welsh for the light-weight championship was another instance of the favorite being vanquished. Then if this was not sufficient there was Al McCoy's sensational feat of beating George Chip in the first round for the middleweight title.

BAPTIST PASTORS SALARIES TO BE AT LEAST \$800

Fredericton, N. B., Oct. 19 - A minimum salary of \$800 a year for Baptist ministers was decided upon today at the Maritime Baptist convention here, and it was also moved to have the date of the convention changed from October to September. An educational meeting was held this evening. Speeches were given by Rev. Dr. Francis, Rev. Dr. Archibald, Rev. Dr. Cullen, and Rev. Dr. Dewolf.

The third report of the nominating committee was submitted as follows: 1917 - Rev. W. L. Archibald, A. S. McDonald and E. M. Beckwith. 1918 - Rev. F. L. Orchard; retiring in 1917 - Rev. A. W. Robb; retiring in 1917 - Rev. J. H. McDonald; retiring in 1917 - Rev. F. S. Porter, Rev. A. G. Archibald.

Board of governors of Acadia University, retiring 1916 - J. F. Fraser; retiring in 1922, Rev. Dr. J. H. McDonald. Ministers' annuity board, retiring 1917 - Havelock Coy, Rev. Dr. Price, C. L. Martin, W. M. Manning, Rev. C. W.

Rose, Rev. F. C. Hartley, B. W. Ralston and Rev. A. F. Newcomb. Ministerial education board, retiring in 1917 - Rev. W. L. Archibald, A. S. McDonald and E. M. Beckwith.

William Allen was a witness yesterday afternoon in the case against Policeman McLeese charged with assaulting Dr. W. B. Campbell in Charlotte street. He said the policeman was being imposed upon and he thought he was justified in trying to get the men to move on. He did not see him strike Campbell or take hold of him. The case was adjourned until Thursday afternoon.

CAPTAIN J. B. WAGNER
LEFT NO WILL; ESTATE IS VALUED AT \$19,700

In the Probate Court the matter of the estate of John B. Wagner, late of Westbeach, Simonds, master mariner, formerly of the schooner "Ronald," was taken up. He died intestate. The only next of kin he left is a sister, Annie, the wife of John Cochrane of East Brantree, Mass., ship carpenter. On her petition she was appointed administratrix. Real estate consists of an undivided half interest in property at Westbeach, valued at \$200; personally \$19,500; total \$19,700. J. Starr Fitt is proctor.

The will of Mrs. Eliza Young, widow of William Young, mail carrier, was proved. She gives to her married niece, Eliza Scribner, of Boston, \$100; the rest of her estate she gives to her sister, Mary Campbell, wife of Jeremiah Campbell of St. John, millman, and to her niece, Jane Campbell, equally. The latter was sworn in as executrix. There is no realty; personal estate \$1,000. Clarence H. Ferguson is proctor.

MAYOR MAY OPEN ROLL FOR HOME DEFENCE VOLUNTEERS

His Worship Considering Matter in View of So Many Representations Made to Him

"I have no wish to overstep the bounds of the work of the militia department but there has been such a demand for the formation of a home defence corps by men of middle age that I feel it my duty to give the opportunity for these men to get together if they wish to do so." This was Mayor Frink's comment this morning when asked about a suggestion which he had made at the meeting of the common council yesterday afternoon.

"So many men have come to me with the suggestion that a strong corps should be formed of men over the military age limit that I have been convinced there is an actual demand for the formation of the corps. In addition to the men

LOCAL NEWS

WEST SIDE FIRE
Investigation this morning showed that the fire in the building on George street, West St. John, owned by Charles E. Colwell and occupied by him and James McLennan, did not start in Mr. Colwell's office as was reported yesterday. The fire started in another portion of the building.

MRS. HARRY NIXON DEAD
Mrs. Agnes Nixon, wife of Harry Nixon, died this morning at her residence, 168 Brussels street, after an illness of four or five months. She is survived by her husband and four small children. She also leaves her mother, Mrs. Catherine Delaney, one sister, Miss Catherine Delaney, and a brother, Fred Delaney, all of St. John. The funeral will be held at 2:30 on Thursday afternoon.

BURIED TODAY
The funeral of Mrs. Mary Doolin was held at 2:30 o'clock this afternoon from her late residence, 168 Watson street, to the Church of the Assumption for service. Interment was in Holy Cross cemetery, Sand Cove.

The funeral of Oscar E. Long was held this afternoon from his late residence, 74 Moore street, to Fernhill. Services were conducted by Rev. M. E. Connon, pastor of Portland Methodist church.

SENT UP FOR TRIAL

Courtney Committed—Irvine In For 143rd Time

Frank Courtney, charged with stealing the fee in the building on George street, was committed to the House of Correction this morning. Courtney was charged with stealing the fee in the building on George street, West St. John, owned by Charles E. CAPT. JOSEPH H. CANN OF YARMOUTH DIES IN SHARON HOSPITAL

Yarmouth, N. S., Oct. 20.—Captain Joseph H. Cann, died this morning in Sharon, Mass., this morning. He belonged to Yarmouth and went to Sharon last week for treatment, resigning his position on the Boston-Yarmouth steamers. He was sixty-five years old. Mrs. Jane Watkins, widow of John Watkins died at Yarmouth Bar yesterday, aged seventy-five.

CONTRIBUTIONS FROM PRINCE EDWARD ISLAND

Charlottetown, P. E. I., Oct. 20.—While the required quantity of oats for the island's population in Britain has not all been sent in yet, about \$12,000 cash has been raised for this branch of the island people's war donation.

The Red Cross Fund now amounts to nearly \$6,000 and there are also many contributions of clothing and food. The first shipment was sent away last week. For the Belgian Relief Fund \$1,800 in cash has been quickly raised and several car loads of clothing and other supplies contributed.

The Women's Patriotic Society has raised \$2,400 in cash.

"These funds are being allowed to advance well before the Canadian Patriotic Fund is taken up. There will be an organization meeting this week."

P. E. I. POTATOES

Charlottetown, P. E. I., Oct. 20.—Meetings are now being held throughout the island to discuss plans for dealing with the "powdery scab," which prevents, at present, the admission of our potatoes into the American market. The crop will be one of the largest for years, and with the embargo removed, our farmers will cease to worry. This year inspectors report that the scab is still here, steps must be taken to fight the enemy.

At a meeting in Montague, John Adams, M. A., assistant botanist of the experimental farm, Ottawa, advised the farmers not to plant any potatoes in any "diseased" ground for at least ten years, when it would have then become dead.

Getting More Than You Pay For in Men's Clothing!

You don't often hear that, do you? Sounds unreasonable, doesn't it? But it's a fact, nevertheless, that the man who buys his clothing at Oak Hall actually gets more than he pays for—if other stores' prices are taken as a basis of calculation.

In the first place, buying at Oak Hall means buying directly of the makers and saving the middleman's profit. You get your clothing at practically the same prices other stores pay at wholesale.

A suit we sell at \$15.00, for instance, would cost you \$18.00 to \$20.00 elsewhere, and there's a proportionate difference at every other price. For proof—just make comparisons.

Then you get clothes as smart and stylish and as up-to-date as the most fastidious college chap could wish for, or as conservatively correct as the most dignified man desires.

In each case we provide a variety that has no parallel outside of this store.

In short, you get all that you can get anywhere else, and you get it for less than you'd have to pay anywhere else.

That's why you get more than you pay for when you buy clothing at Oak Hall.

You can't lose anything by investigating, but you will lose if you don't investigate.
