A STRONG CASE AGAINST ACCUSED TRAIN BANDIT. Quebec, Oct. 1.—The case of the crown against George Topping, the accused train bandit, who is held for trial, \$71,000 from the mail car on the Ocean Limited train on the morning of Sept. 18, was brought to a close in the preliminary investigation this afternoon. The principal witness was Mrs. Lennax, in whose house Topping boarded. She testified under oath that the suit case, in which the money was found, belonged to Topping, also the cap found with the money, as well as two khaki shirts found under the suit case in the barn at Montmagny where the shirts were hidden. Inspector Charon was the next witness, and he swore that after examining the shirts found in the barn with the stolen money, he took note of the marks and the laundry numbers and went to Topping's boarding house where he found other articles of clothing belonging to the accused which bore the same marks and laundry numbers as the shirts found in the barn.

ANOTHER NEGRO OUTRAGE REPORTED FROM OMAHA. Omaha, Neb., Oct. 2.—Mrs. W. G. Wisner, a white woman, was attacked by a negro in the rear of her home this afternoon. The negro escaped. The Wisner home is in the heart of Omaha's "black belt" which is under control of troops under the command of Major-General Leonard Wood. According to Mrs. Wisner, the negro entered her home while she was alone with two small children. After threatening to kill the children if they made an outcry, the negro carried Mrs. Wisner from the house. As soon as the assault was reported troops threw a cordon around the entire district and refused to permit anyone to leave or enter the district.

INFLAMED GUMS—THE CAUSE OF TOOTH-BASE DECAY. Just as the strength of a building is dependent upon its foundations, so are healthy teeth dependent upon healthy gums. Perforated the gums to become inflamed or tender and you weaken the foundation of the teeth. This condition is called Pyorrhea (Riggs' Disease). Loosening of teeth is a direct result. And spongy, receding gums invite painful tooth base decay. They act, too, as so many doorways for disease germs to enter the system—inflicting the points or tonsils—or causing other ailments. Pyorrhea (Riggs' Disease) attacks four out of five people who are over forty. And many under that age, also. Its first symptoms is tender gums. So you should look to your gums! Use Forhan's, which positively prevents Pyorrhea if used in time and used consistently. It also scientifically cleans the teeth—keeps them white and clean. Brush your teeth with it. If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment. 3c and 6c tubes. All Druggists. FORHAN'S, LTD., Montreal.

Declaring that within a few years the Nancy type of plane will be one of the smallest made, Read said:

"If I go across again, as I shall, I expect to take my family with me."

Bleriot, the famous French aviation expert, told him, Read asserted, that by the use of French inventions now being completed it will soon be possible to reach an altitude of 60,000 feet. At such a height, where air resistance would be greatly lowered, it would be possible to fly at a speed of 1,000 miles an hour, he explained.

DETERMINED TO PUT AN END TO MOTOR SPEEDING

N. B. Automobile Association is Taking Action

A WEEK OF WARNING

If Conditions Do Not Show Decided Improvement Steps Will be Taken to Enforce Full Penalty of The Law Against Offenders

The executive of the New Brunswick Automobile Association is determined to bring to their senses those drivers who have been in the habit of exceeding the speed limit, passing other automobiles, pedestrians and teams without giving up a fair share of the road and ignoring the law respecting the use of dimmers.

At a recent meeting it adopted the following resolutions:

"Whereas the improved road between St. John and Rothesay has greatly increased the traffic, and ignoring the law respecting the use of dimmers, there appears to be a tendency on the part of careless and irresponsible automobile drivers to take advantage of the improved conditions and to disregard the law both as to speed and the proper use of lights at night, and

"Whereas, such improper conduct reflects with discredit upon the just as well as upon the unjust drivers, therefore

"Resolved that for a period of one week as much publicity as possible be given to the proper application of the Motor Vehicle Act by way of warning to the motoring public, and should be improved be found at the end of that time, then application shall be made to the fullest extent of the law; and further

"Resolved, that the co-operation of the local press be sought, in order that the matter may be given the fullest possible publicity."

In this connection it may be well to quote the section of the Motor Vehicle Act dealing with the dimming of headlights:

"Whenever a person operating a motor vehicle which is equipped with a device or means for dimming the head lights of said motor vehicle, known to the trade as dimmers, shall meet on a public highway, any other person riding or driving a horse or horses or other draft animal or any automobile or other vehicle, the person so operating such motor vehicle shall seasonably make use of such device or means to dim the said lights on the said motor vehicle so that the beam of

Among the new Coats for Fall and Winter wearing, many values of special interest are evident. Here are just a few of the many:—

At \$22.50 — Stylish Velour Coat in brown, wine and green. Loose all-around belt style, lined to waist with fancy brocade lining. Back is prettily trimmed with buttons.

At \$29.00—Several Styles in Heavy Tweeds and Frieze Cloth. Some have loose, flaring backs, others in belted effects with large convertible collars. Dark and light greys and heather mixtures predominate.

Other very smart coat models are showing in Silverstone, Chevots and all fashionable fabrics; some fur trimmed, others plain. Sizes to fit every woman, and the values are right.

At \$26.50—Empire Coat, developed in pom-pom cloth. Colors are brown, tan and navy. This has loose box plaited back, big storm collar, slash pockets, and is lined throughout.

Dutch Scenery

If you have a fancy for the quaint style which always typifies the decorative productions of Holland, you will be interested in a collection which has just reached us.

The series includes a number of Dutch reproductions as copper plates, heavily electro-plated—the decorations are chased and represent native scenes of life and landscape.

The pieces themselves are also perfect in usefulness and include such things as Table Baskets, Relish Dishes and a fine assortment of odd pieces.

There has been a scarcity of Dutch ware for some time past, so that we have great expectations for these pieces and advise an early selection as duplicates are comparatively few.

A piece of Dutch Silverware would make your Wedding Gift a little out of the ordinary.

FEW AUSTRALIANS DESERTED THEIR ENGLISH WIVES

London, Oct. 2.—Between 10,000 and 15,000 Australian soldiers married English women. Only thirteen of these soldier husbands have deserted their wives, as far as is known now.

"The Australian soldier takes his marriage vows as seriously as anybody else," said Brig.-General C. H. Foots, deputy director-general of the Australian registration department today.

"That is proved by the extraordinarily low percentage of women who have claimed our assistance on the grounds of desertion."

"So is set at rest what threatened to be a grave scandal. Rumors have spread that hundreds of Australians have sailed for home, leaving their wives here. To cope with this state of affairs—should it exist—the Australian military authorities, with their usual thoroughness, established a deserted wives department at No. 130 Horseferry road here. The response has been small. Up to this line only thirteen wives have sent particulars of their desertion to the department.

Judging from their letters, most of the unlucky thirteen seem to be fairly well educated. They are not, as was feared, of the type which the Australian government would regard as undesirable. Most of the cases illustrate the old adage, "Marry in haste and repent at leisure." Under the circumstances, the Australian military authorities are communicating with the husbands concerned and will arrange to send out their wives to them if they so desire. If not, facilities will be given the women to obtain divorces in England on the ground of desertion.

NEGROES ARRESTED FOLLOWING RIOT GO UP FOR TRIAL

Truro, N. S., October 1.—Samuel Reece and Leonard Paris, both colored, who were arrested the day following the recent race riot, were today committed for trial at the supreme court. Reece is charged with unlawfully wounding Amos Ogden, a C. N. R. policeman, at Truro station, and Paris is charged with obstructing the officer in his duty. They were released on bail of \$2,000 each.

The residence of Mr. and Mrs. William Johnston in Randolph, was totally destroyed by fire yesterday afternoon. The origin of the blaze is unknown.

RECENT DEATHS

Miss Margaret Hamilton.

The death of Margaret Hamilton, daughter of the late Harvey and Annie Hamilton, occurred at an early hour this morning at her residence No. 6 Chipman Hill. She is survived by one sister, Miss Hamilton.

John H. Gallagher passed away at his home in Ennisville Thursday morning, Sept. 25, after a long illness. Besides his wife he leaves two brothers, two sisters and one niece.

The death of Mrs. Sarah Washburn, widow of Louis Washburn, and a sister of Charles H. Ramsey of this city, occurred in Somerville, Mass., Sept. 30. She leaves two sisters and three brothers.

John McManimen of Fredericton died very suddenly last evening at the age of sixty-four years. He leaves two brothers, including Michael, of this city.

MORNING NEWS OVER THE WIRES

Wade Dodge, aged thirty, accidentally shot himself yesterday near his home in Aylesford, N. S., and was found dead by one of his father's employes.

Before the committee on soldiers' re-establishment in Ottawa yesterday, J. H. Flynn of Toronto, president of the United Veterans' League of that city, urged the grant of a straight sum, \$2,000 to all who served in France, \$1,500 to those who served in England and \$1,000 to those in Canada during the war, regardless of the length of service. He suggested various means by which the money might be raised.

The fund of the I. C. R. and P. E. I. Railway relief and insurance for September shows \$4,250 paid to relatives of deceased employees.

Fourteen nurses have applied to take the examinations for registration to be held in the rooms of the Natural History Society, Union street, on Oct. 15 and 16.

PATTI PLAYED FOR ISOBEL

Torontonian Had Unique Honor in the City of Memphis.

Few people in Toronto can say that the great diva, Adelina Patti, played for them, and for them alone, but that honor fell to a little girl, called Isobel, who absolutely refuses to allow her surname to be mentioned; indeed, it took a good deal of journalistic persuasiveness to win her consent to the vague indication of her identity.

But this is the memory which Isobel cherishes. Some years ago when the beloved queen of song was touring in America for the last time, a man well known in Toronto's musical circles even now was closely interested in that tour, and with him as he traveled were his wife and little daughter, then a winsome maid of four, whose nurse was a colored woman. Musical, as is the greater portion of her race, the nurse longed to hear the great Patti sing, and the color line is tight in Memphis, and try as her master and mistress would, she could not get her admitted to the theatre. Then her master hit on the plan of sending the black woman in behind the stage with his little girl in her arms, no one questioning the entrance of the negro, when she carried the manager's child. The diva noticed the babe as she came off after one of her numbers and asked who she was and played with her for a moment. Later, when she and her entourage were boarding the midnight train for New Orleans, her quick eye spied the little maid again, and she said to her father:

"Won't you bring the baby in to see me?"

"Yes, I does, you, Madame Patti!"

"You don't know who I am?" to which Isobel replied promptly:

"Yes, I does, you, Madame Patti!"

"Then, as her eye caught sight of a piano, she asked:

"Does you play, too?"

"Yes," said Patti. "Shall I play for you?" and then there the famous

Justice Coderre said he would reserve judgment. In the meantime he dismissed the declaratory exception which the respondents presented some days ago asking that Miss Reid be ordered to make an option between seven claims mentioned in her action and alleged by respondents to be contradictory and incompatible.

One of the first effects of the big American steel strike has been to cause dealers whose stocks were broken to rush to fill them. Those who have not Canadian manufacturers will be seriously inconvenienced. Many Canadian manufacturers are almost wholly dependent upon United States mills for certain requirements and as English steel supplies are limited quantities of such lines a lengthy strike would have serious effects in Canada.

Senator Lynch-Staunton replied that the relationship of the dominions to the empire was established as much by change in the statute as by the constant change in the relationship and constitutional development within the empire. LIVED ON BISCUITS FOR THREE MONTHS

Couldn't Even Drink a Cup of Tea—Gains Thirty Pounds After Tanlac Ends Trouble.

The public of today is accustomed to strange and unusual occurrences, and the newspapers are filled with sensation after sensation from day to day; but in spite of this the story of Mrs. Wellington Campbell, regarding her remarkable recovery by the use of Tanlac, would hardly be believed were it not for the high character of Mr. and Mrs. Campbell and the further fact that each and every circumstance can be established beyond a reasonable doubt.

Mr. Campbell is a retired farmer and rancher. They came from Kingston, Ontario, to Calgary just after the war was started and located at 301 18th Avenue, West, where they now reside. Mr. and Mrs. Campbell have five sons, two of whom attended the "supreme sacrifice." Another, who was badly wounded, is now working in the office of the Canadian Pacific railroad in Calgary.

"I am a well, happy woman now," said Mrs. Campbell after completing her remarkable statement, "and my husband remarked just the other day that I would not be with him now if it had not been for Tanlac."

Following is a recital of the facts just as Mrs. Campbell related them: "For the benefit of others I want to tell how my health has been so wonderfully restored by Tanlac. My age—forty I am now almost seventy—makes it seem all the more wonderful, and I hope my statement will be the cause of other suffering health and happiness. I had suffered for thirty years or more from stomach trouble and nerve disorders and about a year ago my health became so bad that I gave up all hope of ever getting well. My stomach was in such a condition that I could not eat a bite of food for weeks at a time and my nerves were shattered completely. It is impossible to describe the suffering I went through and only those afflicted the same way can have much idea. I tried every known treatment at great expense, but the results were always discouraging. For three months I lived entirely on specially prepared biscuits and could not even drink a cup of tea.

"At this time I was very weak and delicate and my husband never expected to see me pull through, and a feverish visit to the time went away believing she would never see me alive again. My husband finally brought me a bottle of Tanlac, having seen of the splendid results others had gotten from it, and the next time he brought five more for I found it was correcting my troubles and soothing my stomach. In a short time it created an appetite for me and I began to improve rapidly. Well, the result I have obtained from nine bottles is nothing less than astonishing. There has been thirty pounds added to my weight and my health is better than at any time since my troubles began. A walk down town, which is eighteen blocks, is just good exercise for me and when my friends returned to visit me again a few days ago she could hardly believe her own eyes. I feel that I would be ungrateful not to tell others about Tanlac for I consider it the greatest of all medicines."

Tanlac is sold in St. John by Ross Drug Company and F. W. Munro under the personal direction of a special Tanlac representative. (Advt.)

WHY THE TRAIN WAS HELD UP

Statements by Premier Foster and Hon. W. P. Jones on Status of Negotiations Between C. N. R. and C. P. R.

There still remains some doubt as to when the through service from St. John to Centerville by way of the Valley Railway will be commenced, on account of the failure of the C. P. R. and C. N. R. to agree as to running rights over the C. P. R. from St. John to Westfield. The first scheduled train went over the line from Westfield to Centerville yesterday, the passengers from St. John being taken to Westfield by a special C. P. R. train leaving St. John at 2:30 o'clock.

All along the line the train was greeted by the residents of the country through which the line passes and there were a few passengers who got off at the intermediate stations. The greater part of them however went through to Fredericton and many expressed themselves as delighted with the trip. Among those who travelled from St. John on the first official trip over the new line were: Premier Foster and his son, Walter; E. S. Carter, secretary to the Premier; C. O. Foss, chief engineer of the Valley Railway; J. S. Crockett, of the C. N. R. freight department; R. Z. Walker, assistant superintendent, Fredericton, and Mrs. Walker; L. Dougan, travelling passenger agent, Moncton; D. A. MacNeill, supervisor of telephones and telegraphs; A. J. Gray, assistant freight agent, St. John; H. C. Greighton, superintendent, Canadian Express Co.; W. A. Lochart; W. J. Mahoney; W. Bowman; Henry Lee; Mr. and Mrs. W. I. Penton; M. E. Mooney; Edward S. Crawford, of the Bank of Nova Scotia, and his mother, Mrs. Gabriel Crawford; Mr. and Mrs. E. B. Ellis; Dr. G. G. Melvin; H. B. Tippetts; S. L. J. Peters, Hampstead; T. Sherman Peters (Gaspeter); W. McKel, Brown's Flat, and a staff representative of The Telegraph. The train crew which accompanied the train from Westfield Beach to Centerville was as follows: Conductor, Robert Henry; engineer, H. Lawson; fireman, L. McPherson; baggage man, G. Markee; brakeman, William Barrow and news agent, R. E. Coleman. Both the conductor and news agent are veterans in the government railway service.

The Premier's Statement. Before leaving St. John the premier was asked for a statement with regard to the failure of the Valley train to leave, and said: "B. D. Hanna, president of the Canadian National Railways, wired me some days ago that arrangements had been completed to connect the train from Westfield Beach to Centerville on Wednesday, October 1. He said that all parties had been notified. Consequently I was surprised to learn last evening that the C. P. R. authorities had not received any instructions to allow trains of the St. John & Quebec Railway to pass over their tracks from Westfield to St. John. I took the matter up with Mr. Hanna and Mr. Hanna asking the latter for an explanation. He replied that he was in the season that the road would be ready for operation between Gaspeter and Westfield on the first day of August last. The road has been ready for operation for more than a month. The board of railway commissioners has been advised of the situation and the chairman of the board is taking a personal interest in this matter and no agreement is reached between the two railways the board will be asked to make an order for operations to commence immediately."

NOT KIDNAPPING BUT ELOPEMENT. Everything Just According to "The Pictures," and All Happy Now. Quebec, Oct. 2.—The arrest on a charge of abduction of two young men from Edmundston, N. B., brought to light a sweet little romance when one of the accused, Charles Boulet, told the magistrate at Edmundston today that he had not in the least kidnapped the girl, but that the whole thing was a mere elopement.

Charles Boulet, who is a returned soldier, had fallen in love with young Miss Ouellet, and, finding that the girl's adopted father objected to his dating, decided, with the consent of the girl, to elope. The inevitable motor car was whisked around the corner and the girl found things running on movie schedule when, after returning with her adopted father one night last week, she saw her lover approach, subdue the objecting father and speed away to a justice of the peace, exactly as it is done in the pictures, and the minister was pulled out of his bed and made to bless the blissful couple, who took their honeymoon trip to Rimouski, Quebec.

The father wired all over the country and had the lover arrested on a charge of abduction, but when before the magistrate at Edmundston Boulet produced a duly registered marriage certificate the man shook his head and with a poorly hidden smile agreed that the stunt had been pulled off quite successfully in the film ritual, so he stopped all proceedings. The wedding was later blessed at the parochial church in Campbellton by Rev. Father Mesnon, pastor of the parish, and today New Brunswick added another name to the list of her happily married couples.

FEWER MARRIAGES AND BIRTHS STOPPED ENDED. London, Oct. 2. Since the armistice there has been a falling off in both the marriage and birth rates in England and Wales. The number of persons married in the three months just ended was 120,276, a decrease of 11,940 for the 1913 figures. Births registered showed a total of 146,924, or 21,415 less than in 1913. Of the births 76,312 were males.

Curfew for Youths. Portsmouth, Oct. 2.—Three boys charged with breaking into a shop, were placed on twelve months' probation, during which they were to attend Sunday school regularly and to be indoors by eight every evening.

HOW TO GET RID OF RHEUMATISM

"Fruit-a-lives" Point the Way to Quick Relief. Verona, Ont.

"I suffered for a number of years with rheumatism and severe pains in my Side and Back caused by strains and heavy lifting. When I had given up hope of ever being well again, a friend recommended 'Fruit-a-lives' to me and after using the first box I felt so much better that I continued to take 'Fruit-a-lives' until my wonderful fruit medicine."

"Fruit-a-lives" are sold by all dealers at 50c. a box of 6 for \$2.50, trial size 25c. or sent postpaid by Fruit-a-lives Limited, Ottawa.

on my own initiative I hired a special train from the C. P. R. to take them as far as Westfield. I have also aided the chairman of the railways, in commissioning for an interim order pending further arrangements."

Mr. Jones' Statement. Hon. W. P. Jones, K. C., president of the St. John & Quebec Railway, officiating last evening as to the present status of the agreement on running rights for the Valley railroad, said to the press: "The condition of the St. John & Quebec Railway, the advice received tonight by the provincial government, and that Mr. Walker, the superintendent of the C. N. R. at Fredericton, had been instructed by the provincial government to proceed with the operation of the railroad between Westfield and St. John, would have been postponed until he received further directions from headquarters and that he hoped to be advised regarding this at any moment. The premier has also received telegrams from Mr. Hanna, president of the C. N. R. and Mr. Bratty, president of the C. P. R. and also from Hon. P. B. Carvell, chairman of the board of railway commissioners. In a conference tonight at Quebec regarding this matter and agreement is reached that he would be able to wire something definite either tonight or tomorrow morning. The provincial government and the St. John & Quebec Railway board have been for some months endeavoring to bring together the officials of the C. N. R. and C. P. R. so that the running rights might be secured, but without the provincial government and the St. John & Quebec Railway having any control over the situation. The St. John & Quebec Railway does not claim any portion of the earnings of the road between Westfield and St. John nor does it assume any liability for the payment of rentals or otherwise with the C. P. R. in connection with that part of the road. It has been understood for a long time between the St. John & Quebec Railway and the C. N. R. that whatever arrangement was made would be made between the C. N. R. and C. P. R. The premier has no authority over either of the C. P. R. or C. N. R. for sometime the necessity of having the matter closed and operations commenced. He notified the board of railway commissioners that the road would be ready for operation between Gaspeter and Westfield on the first day of August last. The road has been ready for operation for more than a month. The board of railway commissioners has been advised of the situation and the chairman of the board is taking a personal interest in this matter and no agreement is reached between the two railways the board will be asked to make an order for operations to commence immediately."

LARGEST CRANBERRY CROP IN YEARS IS PROSPECT.

St. Thomas, Oct. 2.—The advance guard of what is described as being the largest crop of cranberries in years passed through this city over the Washabou Railroad yesterday. It consisted of two large trainloads of the costly fruit. Shipments of three trains a week from Chicago, coming from the famous cranberry marshes in the Jersey meadows, will be made for the remainder of the season until Christmas have been arranged for over the Washabou road.

Rye Watered, His Defense. New York, Oct. 2.—Charged with selling liquor in violation of the war-time prohibition act, John J. Hanley said that the liquor was diluted to such an extent that it did not come under the prohibition law. He was held for further examination.

Increases Your Weight, Restores Lost Strength, Prevents Illness

Every day come new converts to that great army of men and women who rejoice in new-found health that came to them through the use of that wonderful blood-renewing preparation called "FERROZONE." Very simple how it acts. All you have to do is take two small chocolate-coated tablets with a sip of water at the close of each meal. Ferrozone is a marvel. It contains just what thin blood lacks—lots of iron, but mark you, the kind of iron you need is able to absorb. Ferrozone puts life and vim into the blood. Makes it rich, red and nourishing. Naturally the body is better fed and grows stronger day by day.

Of course digestion must be improved, and probably the stomach will require aid as well. Ferrozone serves this purpose admirably. Those who use it enjoy appetite and digestive powers far beyond the ordinary.

That tired feeling is replaced by the best joyous sensation of health and vigor. Day by day as your strength increases, you feel new energy surging through your veins, and know that a great tonic of great merit is at work. No remedy more nourishing or uplifting, no treatment so sure to bring lasting health, good spirits and contentment. Ferrozone contains just what the weak folks need. It cures because it supplies more nutrition than you can get in any other way. 50c. per box or six for \$2.50 at all dealers, or by mail from The Catarhosone Co., Kingston, Ont.

\$2,500,000 FROM CANTEEN FUND

Canada to Obtain This Proportion of \$30,000,000 Realized: Will Go to The Soldiers—Decision of Gen. Byng.

London, Oct. 2.—Canada will benefit by a substantial sum from the proceeds of the expeditionary force canteens. These were canteens with which the Y. M. C. A. and other organizations supplied all the British troops in France with extra messing supplies, liquors, cigarettes, and various other articles. Their surplus proceeds have been turned into a fund of which General Julian Byng is director and which will be used for ex-service men of the imperial army and amounts to over \$30,000,000. An allotment, however, is to be made to the troops of the various overseas dominions, according to proportional strength. This money will be paid to the Canadian military authorities and will probably amount to between two and two and a half million dollars.

KING'S CERTIFICATE ISSUE ARRANGED

Is For all Discharged as Medically Unfit After War Service. Ottawa, Oct. 2.—The king's certificate on discharge will be issued through the militia department to all soldiers who, after serving in a theatre of war, are, as a result of disablement in military service, discharged as medically unfit. It is also being issued to those who, while not serving in a theatre of war, were discharged as a result of disabilities caused by air raids, naval bombardments, etc. The certificate is a handsomely engraved document and will be distributed without being folded. Applications for them may be made on cards which are now available at the principal post offices.

His majesty has also approved of the issue of a king's certificate to officers being identical with those attached to the king's certificate on discharge for other ranks.

Too Ill to Work Scores of Women

in homes, stores, offices and factories are not fit to be at work. They toil on day after day and year after year suffering with distressing weaknesses and derangements, hoping against hope that they will soon feel better, but how can they hope to do good work or escape permanent invalidism? Such women are in danger of derangement of women's functions. They owe it to themselves to try that good old fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been restoring Women to health and strength.

Here is a Notable Example

St. John, N.B.—"I have used Lydia E. Pinkham's Vegetable Compound for bladder and kidney troubles and backache and find it the best medicine I ever took. I used many other remedies with very little result. I had two miscarriages and would have been in my grave ere this if it had not been for your medicine. I always keep a bottle of Vegetable Compound in the house, and I feel free to do my work for five in the family. I have recommended your Compound to many people, and you may use this testimonial if you like. It may help some other woman."

MRS. ALBERT S. GILL, 17 St. Andrew St., St. John, N.B.

And Another

Regina, Sask.—"I was going through the Change of Life and suffered two years with headaches, nervousness, sleepless nights and general weakness. Some days I felt tired and unfit to do my work. I gave Lydia E. Pinkham's Vegetable Compound a trial and found good results. I also find it a very helpful spring tonic and useful for constipation from which I suffer much. I have recommended Vegetable Compound to several friends and am willing you should publish this."

The Intelligent Way To End Corns

Not by paring. That's a risky makeshift, and results are brief. Not by harsh, haphazard methods made by non-scientific men. Not by padding. Pads are unsightly, and they simply coddle corns. Expert Methods. Blue-jay was invented by a scientific expert. It is made by a house famed for its surgical dressings. It embodies the up-to-date method, the right method of corn treatment. Apply it and the pain stops instantly. Forget it for two days. Remove it, and the corn is gone for good. One corn in ten may need a second application, but that's all. Millions of corns have been ended in this way. Aching corns are unknown to its users. These are facts known to your own friends and neighbors. It is time that you knew them. Try Blue-jay tonight.

SALTS FINE FOR ACHING KIDNEYS

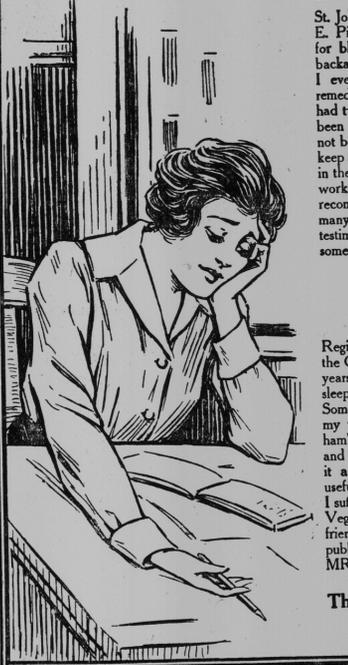

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders. You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive, makes a delightful effervescent lithia water, drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

DO YOU KNOW YOUR OWN WARD?

The difficulty of deciding in which ward they are living has proved a stumbling block to many women. Those who by mistake have registered in the wrong ward are recommended to look at the list of voters when published and see in which ward they are listed. Their error may be corrected by the revisor but if not they will have a vote in whichever ward they registered.

The boundary lines of the wards are as follows: In Carleton there are two wards, Guy to the north and Brooke to the south and Rodney street forms the dividing line.

In the city starting from the south Sydney comes first, comprising all to the south of the middle of St. James street. Dukes ward contains all between St. James and Duke streets; Queens extends from Duke street to King street; King's ward is bounded by the following streets: King, Charlotte, Garden, City Road, Brussels and Union.

Prince ward includes all land from Brussels street to Courtenay Bay as well as that district between Union and King streets lying east of Charlotte street.

Victoria ward comprises all the land north of City Road, its western boundaries being Rockland Road, Park street, Sandy Point Road to Stanley ward boundary back of Lily Lake.

Dufferin ward boundaries are City Road, from corner of Wall street and a line of prolongation of the harbor, the harbor front to a prolongation of Portland Point Road, along Portland Point Road to Main street for 270 feet, then north along the line of Stanley ward, Sandy Point Road, Park street, Rockland Road and Wall street.

Leanslowe ward boundaries are: St. John River and harbor on the south, the middle of Douglas avenue from the Suspension Bridge to Main street, to Adelaide Road, to the northern lot line of the Hazen estate to the boundaries of Dufferin ward.

Lorne ward boundaries are: Douglas avenue, Main street to Adelaide Road to the western prolongation of the northern line of Class K of the Hazen estate, to Spar Cove creek and the river front to Douglas avenue. The islands in the river are included in Lorne ward.

Stanley ward contains all of the city north of a line through Spar Cove creek, the northern boundary of the Hazen estate, Class K, prolonged to Lily Lake, thence to the eastern boundary of the city at the intersection of the Marsh creek with the northern line of the Gilbert estate prolonged thereto.

BRINGING THEM CLOSER TOGETHER

That there was an awakening of a broader spirit of friendliness between the manufacturers of Canada East and Canada West, that the people of Ontario and vicinity should come to the Maritime Provinces more often with an idea of studying problems which in the end tend to assist the future progress and expansion of Canada as a whole, but if not they will have a vote in whichever ward they registered.

The first meeting of the board in the Maritime Provinces, but it is safe to say that it will not be the last.

The great possibilities that industry alone can bring out; the progress that lies in the united efforts of manufacturing activities from one end of Canada to the other, and the closer linking of the Maritime Province manufacturers with those in Ontario and Quebec were strikingly produced at the luncheon of the C. M. A. in the Union Club, last evening. There were short but telling addresses by members of the council from all parts of Ontario, Quebec and the Maritime Provinces.

W. S. Fisher presided at the dinner last evening and made a most opening address, proposing the health of the visitors. He also called upon Mayor Hayes, who addressed the gathering. Other speakers were R. B. Emerson, president of the board of trade; W. H. Shapley, Toronto; Geo. Douglas, Hamilton, Ont.; Samuel Harris, Toronto; R. H. McKay, New Glasgow, N. S.; H. W. Fleury, Aurora, Ont.; H. A. Teller, Toronto; J. E. Walsh, general manager of the C. M. A., Toronto; P. E. Joubert, Montreal; J. Picard, Quebec; A. D. Ganong, St. Stephen; W. A. Christie and Mr. Currie, Amherst, N. S. and R. E. Armstrong, secretary of the local board of trade.

Defies Stage Superstitions

London, Oct. 2.—Arthur Collins, in his disregard of stage superstitions, provides a complete contrast with his predecessor at the Lane. Sir Augustus Harris was perhaps the most superstitious person of his period. He used to go to all sorts of lengths and put himself to all kinds of easily avoidable trouble in order to follow even the silliest of stage superstitions. He had an especial horror of peacocks' feathers coming anywhere within measurable distance of any part of the theatre. Yet, directly Collins succeeded to the management of the Lane he not only laughed at all such superstitions—and especially at the peacocks' feathers one—but actually put up there a Peacock's Feather Ballet.

Announcing the Curtiss Aeronola

WHEN a giant organization that built untold numbers of aeroplanes for the Allied Governments, and that built the first aeroplane to cross the Atlantic—the N.C. 4—the Navy Curtiss "Four"—concentrates its skill and craftsmanship upon the design and manufacture of a talking machine, that talking machine must command attention. Well, it does. The Curtiss Aeronola is the crowning achievement in talking machine production.

"Prove it." Very well, then. What is your test of a talking machine? What is that subtle quality which distinguishes one voice from another, or marks off the master violinist from the second best?—the ultimate quality which any talking machine must catch or fail in reproducing perfectly? The answer is—TONE.

So be it, then. The Curtiss Aeronola, by means of an exclusive reproducer, a perfect tone-arm, and a distinctively designed horn, reproduces to a shade, the pure quality of tone as rendered by voice, instrument or blending of both. In addition, a discriminating choice of materials and distinction in cabinet making, presents the Curtiss Aeronola as a thing of beauty, a handsome addition to one's furnishings. It plays Victor and Columbia Records, and it is so adjusted that without attachments it will also play Edison or Pathe Records. But, after all, nothing that can be said about the Curtiss Aeronola is half as convincing as hearing it play. Go to your favorite music dealer or furniture store and ask for a demonstration.

CONGRESSMEN DEMAND BONUSES FOR SOLDIERS

Urged Bond Issue to Provide \$1,000,000,000 to \$2,000,000,000 For That Purpose

Washington, Oct. 2.—A concerted drive for an additional bonus for soldiers and sailors has begun in congress. The ways and means committee was stormed today by a delegation of congressmen most of whom had plans for further reimbursement of the soldiers and sailors for their services during the war. They urged legislation authorizing bond issues of from \$1,000,000,000 to \$2,000,000,000 to supply the funds necessary to make effective any plan for new bonuses.

In this delegation were Representatives McKenzie of Illinois, Swasey, Kinchloe, and Langley of Kentucky, Tinkler and Strong of Kansas, Hicks and Foster of New York, Knutson of Minnesota, Nelson of Wisconsin and others.

Mr. McKenzie urged his plan of refunding to soldiers and sailors the \$18 per month collected from them for the care of their dependents, and of paying them in addition \$18 per month of service, exclusive of the first two months, to equalize the depreciation in the value of the dollar.

"I don't believe the boys are asking for presents," he said, "and they should be dealt with fairly and in justice. Their dependents were the charge justly of this government, and they should not have been forced to make the payment of \$18 per month for this purpose with the government contributing a like amount. The government should have paid the full amount. Many men were

exempted from service on the ground of their dependents. The \$30 a month paid to them did not continue to represent this amount actually because the expansion in currency and inflation depreciated the value of money, and their pay should now be adjusted to compensate for this depreciation."

Representative Swasey said that about 20,000 1st Division men had approved his plan for a flat bonus of \$30 a month for the period of service in excess

WHITE SOX LOSE OPENING GAME

Decisively Beaten by Cincinnati Reds in Opening Game of World's Series

REUTHER THE IDOL

Cincinnati Pitcher Covers Himself With Glory While Cioette, The Chicago Ace, Was Driven From The Box—One Side Victory Came as a Surprise

The Cincinnati Reds are the heroes of the baseball world today, due to their great victory over the Chicago White Sox in the first game of the world's series played in Cincinnati yesterday. While the victory of the Reds was not surprising to a large percentage of the baseball fans throughout America, the decisive defeat of the champions of the American League was more or less of a revelation. To see a well balanced team composed of some of the acknowledged stars of the younger organization so decisively beaten was a case of the unexpected. The idea of the White Sox, Cioette, was the one directly responsible for the overwhelming defeat. The "windy city" fans as well as hundreds of thousands in other parts of America pinned their faith on the "shine ball" artist and when he failed to stop the Reds the heart was evidently taken out of the team. The fact that Manager Gleason sent Wilkinson and Lowdermilk in as relief pitchers proved that he realized the game was practically lost and that he must save his two left-handed twirlers for other contests. Fans who have watched Cioette's work closely during the latter part of the American League series must have had some misgivings regarding his condition. He

was rested up to pitch against St. Louis in the first game of their series in order to clinch the championship of the league, but he had to be withdrawn and Kerr, the sensational young left hander, carried the club through to their long cherished ambition—the championship. Again on a later date Cioette essayed to pitch and again had to be taken out. Many felt that Williams would be Gleason's choice for the initial contest, as he has been going strong and running a good second to the American League ace. However, Gleason built his hopes on his shine ball artist and a disastrous defeat resulted. Owing to the result of the game, fans are beginning to predict that it will be a repetition of 1914 when the Braves humiliated Connie Mack's collection of stars and won the series in four straight. It is a little premature to make any such prediction as the series has only started and conditions naturally favored the Reds. They were playing before their own fans, at least the majority of them were strong for the home team, and on their own diamond. After the break in the fourth inning the Reds bubbled with confidence and every play they made was cheered. This alone is a wonderful stimulant to a ball team, who are tasting victory, and those who have experience realize that once a team gets started it is hard to head them.

The sympathy of the baseball world, barring those who are betting on the results, is naturally with Cincinnati and should they eventually win the championship they will be given due credit. Reuther was the star in yesterday's contest. He not only held the White Sox to six scattered hits, but in addition proved to be a wonder with the willow. Three times he faced the White Sox twirlers and three times drove the ball out of the lot. His batting was largely instrumental in the one-sided victory and he is today the idol in Cincinnati. Roush also played sensationally and made two wonderful catches out of eight chances, which he accepted. Many predicted that his inexperience in world's series fixtures would be against him, he came through like a vet. He hit the ball hard and steady. Neale in right field was another surprise. While he has been acknowledged a good fielder, he was not considered dangerous with the bat, but true to the unexpected he came across and registered three safeties out of four chances.

Today's batteries will in all probability be Williams and Cioette for the White Sox and Eller or Sallee and Wingo for the Reds.

The box score of the game follows:—

CINCINNATI

Forward, CANADA!

THROUGH sacrifice, Canada has gained the respect and admiration of all people.

The years of War that deprived Canada of so many of her bravest sons, have given her greater self-reliance and wider vision. The world has come to expect great things of Canada.

Our army has set us the highest example — to persevere and to succeed.

Canada has the fundamentals of success — strong, virile men, resolute and devoted women, and unbounded resources. In the readjustment of Canada's affairs, as in the affairs of the world, money plays a leading part.

The transition from War to Peace is long, tedious, costly; it takes money, time and effort to beat swords into plowshares. Men cannot drop their arms and return immediately to their former occupations.

War has left Canada a heritage of obligations.

War has left Canada—and the world—face to face with problems that are new and gigantic.

Money is required to discharge these obligations and to solve these problems.

Canada therefore is about to ask her citizens once more to lend their money to enable her to fulfil her obligations to her soldiers and to maintain the country in prosperity.

Canada can, if Canada will, march straight on to her glorious destiny.

USE The Want Ad Way

FANS EVEN MORE EAGER TO WITNESS THE SECOND GAME

Yesterday's Game Upset the Betting Odds

FAIR WEATHER AGAIN TODAY

Every Space in the Grounds Will be Filled, and Cincinnati Enthusiasts Are Booking Reservations for Chicago Games—Williams and Sallee to Pitch.

Cincinnati, Oct. 2—With the Cincinnati Reds leading the Chicago White Sox by one game, the world's series of 1919 will be resumed here today. The weather man is kind to the followers of baseball and predicts fair weather for the second contest. Statements from Manager Moran, of the Reds, and Manager Gleason, of the White Sox, indicated that the winning of the first game had while it had the effect of making the losers even more determined to regain the ground lost. Accordingly Gleason announced that he would pitch Cud Williams, his star left hander, and Moran said "Slim" Sallee would be on the mound.

The winning of yesterday's game had no noticeable effect on the Cincinnati fans. The railroad offices were crowded all of last night by local baseball enthusiasts eager to get accommodations to Chicago to witness the three games to be played there Friday, Saturday and Sunday.

That yesterday's game upset the predictions of the followers of the hope was indicated by the fluctuations of the betting odds, even money on the Reds finding few takers, and here and there odds being demanded by those who still believe the Sox will ultimately prove the victors.

The White Sox players promised Manager Gleason faithfully that they would see that the tables were turned at today's game. There is no disguising the fact that the Reds outplayed the visitors in every department of the game yesterday, but those who have watched Coniskey's aggression in their pennant fight maintained that the team will show their true form before the series is over. In so far as the crowd is concerned, the business managers cannot figure in any way where the attendance of yesterday can be exceeded today, for every available seat and every available place where a man could stand was sold. However, they do expect a crowd of equal proportions as all seats are sold and there is every reason to believe that those who are content with standing room will be just as numerous.

Toward morning the crowd became even larger than that of yesterday and this fact only displayed the greater eagerness of the fans to witness the second game than was shown at the first.

The probable batting order for today's game is—
Chicago—Liebold, r. f.; E. Collins, 2b; Weaver, 3b.; Jackson, l. f.; Felsch, c. f.; Gaudin, 1b.; Risberg, s. s.; Scalk, c.; Williams, p.
Cincinnati—Rath, 2b.; Daubert, 1b.; Gresh, 3b.; Roush, c. f.; Duncan, l. f.; Kopf, s. s.; Neale, r. f.; Rairden, c.; Sallee, p.

Old Black Joe Johnson is a storm center, no matter where he goes or with whom he associates. Black Jack and Trouble are life partners.

Even down in Mexico, where trouble is the rule and not the exception, Black Jack manages in some way to be mixed up with a brawl.

Black Jack fought "Kid Cutler" at Mexico City recently. Black Jack knocked "Kid Cutler" out in the sixth round of what was to have been a 25-round fight.

Now here's where the trouble comes in. Antonio Sarabi was picked to referee both the Johnson-Cutler fight and the preliminary bouts. Two judges were picked to act with Sarabi.

After one of the preliminary bouts Sarabi rendered a decision which was contrary to the judgment of the judges and Sarabi, just to prove he would take no back talk from the judges, drew a revolver and shot Miguel Mendizabel, dangerously wounding the latter.

UNIVERSAL'S BRILLIANT YOUNG STAR
DOROTHY PHILLIPS
In Charles Neville Buck's Romance of Love Against Money
DESTINY
MARY BURTON LOVED JEFFERSON EDWARDS, her girlhood sweetheart. But Hamilton Burton, her brother—the czar of Wall Street, who knew no law but his own will—forbade her to marry him. It was not the first time the wills of brother and sister had clashed. Up to that time, Hamilton had had his way. But in the matter of her love, Mary was not to be gainsaid. And so—But that is the story of "Destiny," a powerful drama of human emotions and conflict, in which Dorothy Phillips is the most delightful interpreter of the leading role—a sweet wisp of a girl, but powerfully dramatic and convincing.

Bright Skies Today.
Baseball enthusiasts were greeted by bright skies early today, and it appeared that weather conditions would not interfere with the playing of the second game of the world series between the Chicago White Sox and the Cincinnati Reds at Redland Field this afternoon.

The local weather forecaster's prediction for today was cloudy and warm.

The Canadian Amateur Baseball Association was organized at a meeting of the representatives of the various provinces held in the Chateau Laurier, Ottawa. Each province in the dominion is represented, and the object is the promotion, encouragement and control of the game from coast to coast. The following officers were elected:

Bumble-Bee Perishing
London, Oct. 2—So widespread is the mortality of bumble-bees in Montgomeryshire that the Board of Agriculture has been asked to send down an expert to investigate. Swarms of bees have been found dead under lime trees. It is known bees do sometimes get drunk and incapable on lime-juice, but that can scarcely be the explanation of the present epidemic.

BANK CLEARINGS
The St. John bank clearings for the last week were \$2,760,470, as compared with \$2,824,478 for the corresponding week in 1918, and \$1,759,788 in 1917.

OUT OF HOSPITAL
James McNulty, who was injured a short time ago in the Christie Woodworking Factory, and taken to the General Public Hospital for treatment, was sent home today quite recovered.

TURNER-MUNN
The wedding of William Wright Turner, formerly of St. John, to Alberta E. Munn, daughter of Mr. and Mrs. A. E. Munn of Vancouver, was solemnized by Rev. Fr. Beck in Vancouver on Sept. 2. Mr. and Mrs. Turner will reside in Vancouver.

K OF C DANCE
A most enjoyable informal dance was held last evening in the Knights of Columbus hall, Colburn street. Dancing began at 9 o'clock and afforded considerable pleasure to quite a few of the knights and their friends. Music was furnished by the Arlington orchestra.

GOT A FINE MOOSE
One of the finest moose that has been brought to the city this year was bagged yesterday afternoon at Cape Spencer by Roy E. Palmer, one of the Cape Spencer fishermen. He got the animal only a short distance from his home.

FOR RETURNED MAN
Friends of Leonard Maguire, who recently returned from overseas, invaded his home in Sandy Point road last evening and made him the recipient of a very pretty signet ring. The presentation was made by E. A. Brown, on behalf of the gathering. Music and dancing were enjoyed and refreshments served.

COMMITTED FOR TRIAL
Clifford Humphrey, who was charged before Magistrate P. W. F. Brewster, in Hampton last Saturday, with assaulting Treva Quigley, aged thirteen, daughter of Mr. and Mrs. William Quigley of Glenora, was committed for trial yesterday to be tried at the next session of the county court, which sits next Tuesday, October 7. Dr. G. O. Baxter gave evidence at the preliminary hearing yesterday afternoon.

RED CROSS MEETING
The annual meeting of the local Red Cross Society is to be held this afternoon, but it is expected that a motion to adjourn will be made almost at once until early in November, when the annual reports will be submitted. The only matter to be dealt with is the resignation of a motion of sympathy upon the death of Col. Chipman recently in Toronto. The motion will be moved by Lady Tiley.

NO SUFFERING AT OROMOCTO
In a long-distance communication with T. H. Estabrooks, who was at his farm near Oromocto this morning, he said that the work of relief for the people who had lost their homes by fire there this week was going on well. There was no suffering, as those whose homes had not been destroyed had taken in those who had lost homes for the time being. The people of Fredericton had been generous in their aid, he said. Regarding a relief fund, Mr. Estabrooks said it might be advisable to wait a day or two to determine what amount might be required.

"WILL SHOOT TO KILL"
Residents in the neighborhood of Sandy Point road are much agitated over what is looked upon as an attempted renewal of the robberies and damaging of property there last year. One of the citizens last night was awakened by a noise in his barn and getting up saw two men making off in a run. He fired his gun at them but did not hit either, as they got from view too quickly. But because of the experience they had in "hoodlums" last year the residents of the neighborhood all threaten this year to "shoot to kill" any marauders—and they all have guns on hand to carry out their threat.

THORNE-SMITH
Several friends were in the depot last evening on the arrival of the C. P. R. train to greet Mr. and Mrs. Harry W. Thorne, who passed through the city from Springhill, N. S., on their way to Montreal on their honeymoon trip. They were married yesterday at the home of the bride's parents, Mr. and Mrs. James R. Smith in Springhill, N. S., by Rev. Mr. Sweetman. The bride was Miss Minnie Winona Smith. She was dressed in brown traveling suits with last to correspond, and carried a bouquet of Ophelia roses. Miss Purdy, organist of the Baptist church there, played the wedding march. Following the ceremony, they left for Montreal on their return from the honeymoon. They were accompanied by Mr. and Mrs. Thorne, 203 Duke street, and both he and his bride will enjoy best wishes from numerous friends for future happiness.

STOLE COAT FROM POLICE STATION

He Was Given Shelter But He Took the Coat—Magistrate Explains Matter of Deposits in Liquor Cases

In the police court this morning the case against Charles A. Paddock, charged with allowing his premises to be used for illegal purposes and also the case against Fred Paddock, charged with having liquor in his possession, were resumed but were postponed again until tomorrow afternoon at 2 o'clock. J. Barry appeared for the prosecution and E. S. Ritchie acted for the defence. Fred Paddock, who was allowed out on a deposit of \$200, was called but did not appear in court either yesterday morning or today. The magistrate said, when postponing the case, that it was not because he was being lenient with the accused but because he thought by having the man appear before him it would be for the better administration of justice. If a person is charged with an offence under the intoxicating liquor act of 1916 and is allowed out on a deposit and forfeits the deposit it is not a fine and he is still liable for that offence and can be brought into court and tried. Another reason is that if a deposit is forfeited it does not count against a person as a conviction would. This explanation made it clear that the magistrate was not being lenient with the accused.

The magistrate also said that a deposit was only accepted so that a man would not have to await his trial in jail and if the person did not appear the case could be postponed from time to time according to the disposition of the magistrate. In speaking of deposits under the prohibition act he concluded by saying: "St. John is supposed to be a 'dry town' but that is a violent supposition."

Harry Kemp was charged with having liquor in his possession other than in his private dwelling. He pleaded not guilty and the case was postponed until tomorrow afternoon. The defendant was allowed out on a deposit.

Charles Bordreau came to the central police station last night for protection and was given an overcoat to put over him. On leaving early this morning he took the coat with him but before getting far he was arrested. He was brought before the magistrate this morning charged with stealing a coat. He was remanded to jail.

One man charged with drunkenness, was remanded to jail.

DEFER ACTION ON WATER EXTENSION

Water and Sewerage Facilities for Mount Pleasant Court Would Cost \$2,000

The matter of the extension of the water and sewerage from Mount Pleasant avenue was taken up this morning at a committee meeting of the common council. It was decided to refer the matter to council before any action would be taken. The mayor presided and there were also present Commissioners Bull, lock, Fisher and Jones.

Mr. Jones reported that he had an application from Armstrong & Bruce for an extension of water and sewerage to start two houses this fall and two more next spring. They expected to make a report that the cost of putting a nine-inch tile sewer, with a 3-inch galvanized water pipe, part of the way and cost \$2,000. Mr. Jones moved that this work be authorized at a cost of \$2,000, and that the cost be taken from the maintenance fund. On motion the matter was referred to council. Mr. Jones said that the owners intend to convert a large house there into a two-family dwelling in addition to erecting the other buildings.

CUSTOMS FIGURES FOR LAST SIX MONTHS SHOW A GREAT INCREASE

Customs receipts for September this year amounted to \$609,888.02, as compared with \$231,480.42 for the same month last year, an increase of nearly 170 per cent. This was the biggest month in the history of the Customs House.

For the six months ending September 30 the total customs duties collected were \$2,278,492.98, only \$604,892 less than for the whole fiscal year ending March 31, 1919. Up to the present there have been 1,392 more entries made at the St. John customs house than for the same period last year. A great deal of the increase in revenue is said to be from the importation of raw sugar.

CHILDREN'S GOOD WORK

A nice donation of \$40 for the Protestant Orphans' Home is the result of the efforts of five little girls of North End who have already established quite a name for themselves by patriotic endeavors during the war which netted different funds in tidy amounts. The youngsters are Margaret and Dorothy Crockett, Vickers McLaughlin, Roberta Scott and Lillian Morrell. On Saturday last they conducted a bazaar at 68 High street in which they were very successful, realizing the sum mentioned by the sale of various goods made or collected by themselves.
