FRED A. KRIBS.
PHIL. BOSBY, Agent.

NOTICE is hereby given that 60 days after date I intend to apply to the Hon. the Chief Commissioner of Lands and Works for permission to purchase the following described lands in West Kootenay district, British Columbia: Commencing at the center of the east boundary of Clark Marshall's (L. 3038 G -) pre-emption, thence north along east boundary of Marshall's, McCormick's and McDevitt's pre-emption claim 80 chains; thence east 40 chains; thence south 80 chains; thence west 40 chains to place of commencement, containing 320 acres more or less.

Dated this 24th day of April, 1907.

WILLIAM McDEVITT.

NOTICE is hereby given that 60 days after date I intend to apply to the Hon. the Chief Commissioner of Lands and Works for permission to purchase the following described lands, situate in West Kootenay District: Commencing at a post planted on the south side of Lemon creek, near the mouth of the first North Fork, and marked "R. W. Gladstone's northeast corner post," thence running 40 chains west; thence 20 chains south; thence 40 chains east; thence 20 chains north to the place of commencement.

R. W. GLADSTONE.

April 3, 1907. 5-3

NOTICE is hereby given that 30 days after date I intend to apply to the Hon. the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following described lands in West Kootenay district: Commencing at a post planted on the southeast side of Poplar creek, and about four miles from the mouth of the creek, marked "A. G. Johnston's northeast corner post," thence south 160 chains; thence west 40 chains; thence north 160 chains; thence east 40 chains to point of commencement.

Located May 1, 1907.

ARTHUR G. JOHNSTON.
ALEX. MACDONALD, Agent.

LAND NOTICES

NELSON LAND DISTRICT, DISTRICT OF WEST KOOTENAY.

TAKE NOTICE that Arthur J. Campbell, of Ymir, B.C., occupation, miner, intends to apply for permission to purchase the following described land:

Commencing at a post planted on the north side of the Salmon river, about three miles from E. M. Ferst's pre-emption, adjoining Paul Wallach's pre-emption on the west, S.E. corner post, running north 160 chains; thence west 40 chains; thence south 160 chains; thence east 40 chains, to point of commencement.

ARTHUR J. CAMPBELL.

July 15, 1907.

NELSON LAND DISTRICT, DISTRICT OF WEST KOOTENAY.

TAKE NOTICE that James D. Wightman of Nelson, B.C., occupation policeman, intends to apply for permission to purchase the following described land:

Commencing at a post planted at the N.W. corner of section 22, township 69, Fire Valley, B.C., thence north 80 chains; thence west 20 chains; thence south 80 chains; thence east 20 chains to point of commencement and containing 160 acres, more or less.

JAMES D. WIGHTMAN,
W. A. CALDER, Agent.

22nd June, 1907.

NELSON LAND DISTRICT, DISTRICT OF WEST KOOTENAY

TAKE NOTICE that John Carscadden of Kaslo, B.C., occupation teamster, intends, 60 days after date to apply for permission to purchase the following described lands: Commencing at a post planted at the southeast corner of lot No. 6318 G1, thence east 60 chains; thence north 40 chains; thence west 60 chains; thence south 40 chains to point of commencement, and containing 240 acres more or less.

Dated May 29th, 1907.

JOHN CARSCADDEN.

NOTICE TO DELINQUENT CO-OWNER

To James Livingstone, or any other person or persons to whom he may have transferred his interest in the Alberta Mineral Claim, situated on the First North Fork of Lemon Creek, in the Slocan City Mining Division of West Kootenay district, and recorded in the Mining Recorder's office at Slocan, B.C.

You, and each of you, are hereby notified that I have expended the sum of four hundred and ten dollars ($410.00) in labor and recording fees upon the above named mineral claim in order to hold the same under the provisions of Sec. 24 of the Mineral Act; and that if, within 90 days from the date of this notice, you fail or refuse to contribute your proportion of the aforesaid expenditure, which is two hundred and five dollars ($205.00) for the four years ending the 12th day of July, 1907, together with all costs of advertising, your interest in the said claim will become vested in the undersigned, under Sec. 4 of the Mineral Act, Amendment Act, 1900.

Dated at Slocan, B.C., this 15th day of July, 1907.

J. T. BEAUCHESNE.

THE WEEKLY NEWS

VOL. 6 NELSON, B. C., SATURDAY, SEPTEMBER 7, 1907. NO. 19

NEW DIVIDEND

Granby Company Distribute $405,000

ABOUT $3,000,000 ISSUED

DESPITE TROUBLES OF LAST FEW MONTHS GRANBY COMPANY HAS BEEN ENABLED TO ISSUE ITS EIGHTH DIVIDEND TO ITS SHAREHOLDERS.

(Special to The Daily News)

Phoenix, Sept. 6.—Information was received here today that the directors of the Granby Consolidated, at a meeting held on Tuesday of this week at the New York offices of the company declared the regular quarterly dividend, amounting to three per cent on the outstanding capital shares of the company. The declaration, like those previously made this year, is announced as two per cent regular and one per cent extra. As there are 135,000 issued shares of the Granby Co., of the par value of $100 each, this makes this dividend, like the last six declarations of the company, amount to $405,000. This will be dividend No. 8, and is payable from the offices of the company in New York on September 30th. With the payment of this dividend, the Granby Co. will have distributed among shareholders a total of not quite $3,000,000, all but $133,630 having been declared and paid in about eighteen months. Following are the dates and amounts of the Granby dividends:

No 1.—December, 1903	$ 133,630
No. 2.—January, 1906	405,000
No. 3.—May, 1906	405,000
No. 4.—September, 1906	405,000
No. 5.—December, 1906	405,000
No. 6.—March, 1907	405,000
No. 7.—June, 1907	405,000
No. 8.—September, 1907	405,000
Total	$2,968,630

The annual meeting of the Granby Co. has been called for October 1st at the New York office, when the reports for the company's fiscal year, ending June 30th last will be made public. Notwithstanding the great drawbacks of fuel shortage last winter and spring, curtailing operations at mines and smelter to a considerable degree, the report is expected to make a favorable showing when everything is considered.

NO FEAR OF FUEL FAMINE.

Northern Pacific Has Plenty of Cars and Large Stock of Coal Available.

St. Paul, Sept. 6.—J. F. Hannaford, vice-president and traffic manager of the Northern Pacific and Charles W. Bunn, general counsel for that road, assured Interstate commissioner Lane today that there is little probability of a car shortage and coal famine in the northwest this winter. The railway officials told Mr. Lane that about 38,000 cars would be needed to move the wheat and the company has about 43,000 of its own cars on its lines, and 1,000 foreign cars.

New elevators with a capacity of 1,160,000 bushels have been built along the line, said the railway officials, and elevators with 820,000 bushels' capacity are now being built. They said that the company had taken all possible precautions to prevent a coal famine. There are now two million tons of coal at the head of the lakes and three months more of open water.

C. N. P. COAL AND COKE EXPORTS.

Customs Returns for Past Six Months and for Last Fiscal Year.

Rossland, Sept. 6.—A special to the Miner from Ottawa says: Departmental returns show that the following were the coal exports for the Crow's Nest Pass, which were passed by the customs house at Nelson for the first six months of the current year:

January, 33,290 tons	value $76,405.
February, 31,955 tons	value $63,919.
March, 54,905 tons,	value, $105,875.
April, 13,984 tons,	value, $27,898.
May, 9,276 tons,	value, $19,692.
June, 28,236 tons,	value, $56,059.

Coke from Crow's Nest passed by the Nelson custom house for export for the first six months of the year was:

January, 3,131 tons,	value, $13,333.
February, 3,716 tons,	value, $18.528.
March, 7,132 tons,	value, $32,519.
April, 2,581 tons,	value, $13,407.
May, 950 tons,	value, $4,121.
June, 3,083 tons,	value, $13,869.

July and August returns are not completed. Totals for fiscal year ended June 30, 1907, are as follows:

Coal, 282,598 tons,	value, $599,117;
coke, 22,907 tons,	value, $106,398.

MORE TROUBLE FOR S. O.

Jamestown, N. Y., Grand Jury Returns New Indictment.

Jamestown, N. Y., Sept. 6.—An investigation which was begun before the federal grand jury here early in July was concluded today and the jury discharged. The jury found four indictments, one each against the Standard Oil company, the New York Central Railroad company, and one against the two railroads jointly. The first three indictments contained 128 counts each and that against the railroads jointly contained 54 counts, all of them charging the accepting or granting of rebates on oil shipments from Olean to points in Vermont.

FORTUITOUS CONCOURSE.

Presence of Many Railway Presidents Has no Significance.

New York, Sept. 6.—Informal gatherings this week of the presidents of several western railroads, who have been in this city attending board meetings gave rise to a well-defined report late today that certain of them had met in quiet conference at the Waldorf-Astoria to discuss the new law under which the railroads have been forced to charge to operating expenses certain items that heretofore had been charged to construction.

It was further reported that one or more of the presidents had a telephone conversation with president Roosevelt's secretary at Oyster Bay. Presidents of several trunk lines denied tonight that any such conference had been held. Presidents Ripley of the Santa Fe, Earling of the Chicago, Milwaukee & St. Paul, Hughitt, Chicago & Northwestern, Harris, Chicago, Burlington & Quincy, and Stevens, Chespeake & Ohio, left for their homes yesterday.

Oyster Bay, N. Y., Sept. 6.—The report that the railroad presidents had been in communication with Oyster Bay was denied by secretary Loeb tonight.

BLOW UP BANK VAULT AND SAFE

Bold Work of Burglars Who Escape on Hand Car with $8000 in Cash

Frankfort, S.D. Sept. 6 — The James River bank at this place was dynamited this morning between 4 and 5 o'clock and the robbers escaped with $8000 in cash and with valuable papers. Seven charges of dynamite were used in blowing up the vault and safe. Persons who were aroused by the explosion were prevented from interfering by the guards who were stationed at the front and rear doors of th bank. Frank Fitzpatrick a hotel guests, who sought to break through the line of guards was shot; his wound is not considered fatal. Many shots were fired to hold the onlookers at bay. After looting the bank the robbers broke into a section house on the Chicago and Northwestern railway and secured a bandcar on which they made their escape.

A posse has been organized and is seeking the robbers.

TO FIGHT BUBONIC PLAGUE.

Washington, Sept. 6.—By direction of surgeon-general Worman, of the public health and marine hospital service, D. Rupert Blue, director of the Jamestown exposition, is now on his way to San Francisco to take charge of the campaign in that city against the bubonic plague.

MOORS MUST BE PUNISHED

FEELING IN SPAIN THAT EUROPEAN PRESTIGE IS SUFFERING

MOROCCAN WAR MINISTER PROPOSES SUMMARY TRIBUNALS

Tangier, Sept. 6—Responding to a request of the diplomatic corps that he take steps to arrest the needless exodus of people from Tangier, caused by the prevalence of local disorders and the circulation of false and alarming reports ,the Moroccan minister of war, El Gabbas, today proposed the institution of a summary tribunal before which malefactors and persons guilty of circulating damaging and exciting rumors could be brought. A note setting forth the purposes of the proposed tribunal was sent to the legations and all representatives of foreign powers, with the exception of the Spanish minister signed it. Fearing that the terms of the note might conflict with the wording of the Algeciras convention, the minister of Spain, requested to be allowed to submit the document to the authorities at Madrid before giving his adhesion to it.

A despatch to the Temps from Madrid, says that premier Maura has expressed a desire to co-operate with the French in the organization of the international police, under the new conditions.

The premier is quoted as adding: "Spain an other powers signatory to the Algeciras convention understand that events have sensibly modified the situation as considered at Algeciras in 1906."

The correspondent says that the opinion is gaining ground in Spain that the Moors should be punished as otherwise European prestige will suffer. There are several Spanish warships at Cadiz ready to sail for Morocco and enforce the new policy of the powers.

ELECTIONS IN RUSSIA

Constitutional Democrats Issue a Manifest Claiming Support

St. Petersburg, Sept. 6—It was announced today that the preliminary election in Moscow and Tver provinces will take place on Sept. 15 and in the other provinces soon afterwards. The constitutional democrats have issued at manifesto setting forth that partys' claims for popular support, repeating the old arguments and declaring that through flagrant violation of the fundamental laws the government on July 16 gave the electoral power into the hands of a handful of wealthy landlords. The manifesto further expresses confidence that the government's plans will miscarry, but in view of temporary governmental success, the constitutional democrats appeal to the rich merchants and landlords to resist the government's efforts to ensnare them.

EASTERN STAR ORDER

Milwaukee, Sept. 6—At the closing session of the general grand chapter order of the Eastern Star, Mrs. Retta Mills was elected right worthy conductress. The next triennial convention meets in Jackson, Fla

STANDS FIRM

Premier Visits Scene of Quebec Disaster

BRIDGE MUST BE REBUILT

FAULT APPARENTLY LAYS WITH BRIDGE COMPANY WHICH WILL BE HELD RESPONSIBLE—GOVERNMENT MAY ITSELF TAKE OVER CONSTRUCTION.

Montreal, Sept. 6.—Sir Wilfrid Laurier, accompanied by Hon. L. O. Davis and others, paid a visit to the scene of the Quebec bridge disaster on Tuesday last. The premier was deeply moved by what he saw and expressed himself in feeling terms both to officials and to relatives of the men who had lost their lives in the catastrophe. Though no formal offical announcement has yet been made in this connection, it is stated on high authority that the dominion government will take a very firm and definite stand in its attitude towards the Phoenixville Bridge company. Present indications tend to show that as the result of the official investigation proves that the piers had nothing to do with the disaster, the government will hold the company fully liable and will insist upon the re-building and completion of the bridge as though no accident had occurred. The government will also insist upon the enforcement of all penalty clauses, if the company is shown to be responsible under the law.

Sir Wilfrid is determined that the bridge shall be rebuilt and the government will, it is stated, press the company to the fullest extent of its obligations on the contract. Should there be a failure on the part of the company to complete its contract the government will take the matter in hand and see to the completion of the bridge itself.

It is probable that a federal grant will be made in aid of the survivors and those bereft of their support by the death of the workmen.

OCEAN RACE.

Liverpool, Sept. 6.—When the new Cunard steamship leaves Liverpool tomorrow, bound for New York, her departure will mark the greatest event in maritime history. Great enthusiasm is manifested here in the trip of the largest steamer propelled by the greatest marine turbines yet constructed, and elaborate exercises will mark the beginning of her maiden voyage. Special interest attaches to the event because the Lucania will leave port for New York at the same time, and the passage of the Atlantic will develop into a speed contest such as has never before been known. Both vessels are booked full up and the offices of the steamship company are being besieged by homeward-bound Americans, anxious to cross on the Lusitania.

TAFT'S CAMPAIGN.

Thinks United States Afflicted With Plethora of Millionaires.

Portland, Ore., Sept. 6.—Secretary Taft and party, en route to the Philippines, spent today here as the guest of Theodore B. Wilcox, president of the Oregon Development League. Mr. Taft took breakfast at the home of Mr. Wilcox, then went to Vancouver barracks. At a luncheon at the Portland hotel, Mr. Taft said that he was firmly convinced that the country is tired of the plethora of millionaires and their influences and that it had been demonstrated that the business of the nation should be run on the principle of special privileges to none, be he rich or poor. That, he said, had been the principle of the present administration and it would be the republican administration to come. Secretary Taft speaking tonight under the auspices of the Oregon Development League addressed over 5,000 people at the armory.

C. P. R. LOSES OLD OFFICIAL

St. Paul, Sept. 6—J. G. Thompson, for 16 years in the employ of the C.P.R., the major portion of the time being spent in Chicago, and recently acting in the capacity of agent for the Soo line, with headquarters in Winnipeg, has been appointed traveling passenger agent for the Chicago, Milwaukee and St. Paul, with headquarters in this city, succeeding L. W. McConnell.

BANK CURRENCY.

Emergency Schemes Submitted by U. S. Mint Directors.

Pittsburg, Sept. 6.—Before the Pennsylvania Bankers' Association here today, Charles H. Treat, of the U. S. mint, submitted a plan for a emergency bank currency. He described it as "an amendment to the national bank act, permitting any national bank that has not less than 50 per cent of its capital invested in U. S. bonds; that the issue shall be made on five, six and nine months dating from August 1st or September 1st or any other date, according to the needs of the crop movement period; state or municipal bonds according to the standard of the states of New York and Massachusetts for savings bank investments. These securities to be accepted at 70 per cent of their market value, and the United Staees government to guarantee the payment and redemption of all notes so issued at a charge of one percent.

"The acceptance of other than U. S. bonds makes them more easily attainable for banking purposes, they can be easily secured from private individuals at a very moderate charge, probably not exceeding one per cent. The matter of working out the details is of little moment if the principle is recognized."

PALMA MATCH

Great International Rifle Contest Today

KEENEST RIVALRY SHOWN

FOUR STRONG TEAMS ENTERED, REPRESENTING CANADA, AUSTRALIA, GREAT BRITAIN AND UNITED STATES — CANADA'S CHANCES GOOD.

Ottawa, Sept. 6.—Crack marksmen of Uncle Sam and John Bull, including the best rifle shots of Canada, Australia, England and the United States, are assembled today at the Rockliffe range, near Ottawa, to engage in the international match for the Palma trophy. Teams of eight men each, represent the fou rcountries, the aggregation constituting what is probably the most expert company of riflemen ever assembled. The Palma trophy is now in the hands of England's marksmen, but it appears probable that they will have to break all previous records to retain it.

The Rockliffe range is one of the best in the world for such a competition. The fire is delivered northeast on fifty targets set in one line. Behind the pit is a high stop butt, painted black, which minimizes the effect of the early morning light. Against this backstop the targets show up with great distinctness, insuring a great degree of accuracy. The firing points lie one behind the other, the longer ranges being slightly elevated. On the left is the Ottawa river, running at the foot of a high bluff, while the range is bordered with forests. Street cars run to the club house on the grounds, making the range easy of access for the riflemen.

The conditions of the Palma match provide for teams of eight men each, shooting with the service rifle of their country, fifteen shots at 800, 900 and 1,000 yards. Any ammunition suitable to the rifle is allowed.

The contests for the Palma trophy have always aroused a great deal of interest on both sides of the Atlantic. It was won by the British team in 1902, at Ottawa. In the following year the United States marksmen obtained possession of the trophy at Bisley, scoring 1,570 points against Great Britain's 1,555. Later the trophy was returned to the British team by the United States Association of Riflemen, owing to the fact that the American team had used a rifle barrel with a special grooving and not the service weapon of the United States army. Believing that they had committed a breach of the conditions of the contest, the American marksmen voluntarily returned the trophy for another contest.

The team from the United States, headed by lieutenant colonel N. B. Thurston, of New York, as captain, is admittedly one of the finest bodies of marksmen ever selected for such a contest, and unprejudiced military authorities believe it has a good chance of winning the trophy. Lieutenant colonel Thurston has been captain of the rifle team of the New York state militia for many years, and has been successful in a number of interstate contests.

The Canadian team is composed of the best riflemen in the dominion, and they face their expert competitors from other lands with a confidence that is shared by many who have witnessed the men in practice.

The British team has been selected from the best marksmen in the royal army and navy volunteers and includes the pick of English riflemen. It is under command of colonel Hopton, one of the greatest living match rifle shots. He has shot for England in the Elcho Shield competition twenty-two times, has won the gold jewel of the English VIII eight times and the Albert trophy three times. Major P. W. Richardson, of the Northumberland Fusiliers, is shooting captain. Immediately after the Palma competition the British team will journey across the continent and on September 13th will sail from Vancouver for Australia, where they will take part in friendly competitions at Sydney before returning home. The Englishmen will be accompanied on the journey by their Australian competitors for the Palma cup.

The Australian team is now homeward bound on its trip that will have extended completely around the world. The men left Sydney on May 14th and have since taken part in numerous matches, their total winnings so far aggregate nearly $7,000. The records of the team show it to be a dangerous competitor for the Palma trophy, and there would be little surprise if the marksmen from the antipodes won the prize. The team failed to secure the Kolapore cup only because of a technical ruling. While in England, one of the members, lieutenant W. C. Addison, won the King's prize, the highest individual award in the British empire, with a score of 318 out of a possible 355 points. Another Australian, W. H. Cutler, was the winner of the Prince of Wales prize.

For several days all the teams have been engaged in practice, in order to become familiar with the range, and all will enter the contest in the best of condition, promising the keenest rivalry that has been seen in an international rifle contest in many years.

DUCHESS OF BEDFORD

Fear Expressed That Expedition has been Lost

Edmonton, Sept. 6—Fred Harrison of the Royal Geographical society, and other explorers and trappers have reached this city, having been in the north exploring for the past two years. Concerning the Anglo-American expedition which set out last year from Vancouver he said:

"When Steffenson, who was studying Esquimax life, arrived at Herschel island from Flaxman island, he reported that the Duchess of Bedford expedition ship, had been frozen in the ice last winter at Flaxman island, 15 miles west of Herschel island. The ship was broken and filled with water and now only the hull remains. All supplies were removed from the ship to the land.

"Captain Mikkelson, commissioner of the expedition Norse, an explorer noted in Europe for his scientific work, set out in February with Mr. Leffingwell, an American, to explore land supposed to be in the north. They went over the ice and on the last report at Herschel island before I came out, nothing had been heard of them. They were only ten days overdue, but since nothing seems to have come by boat or telegraph from Point Barrow concerning them, I am afraid nothing ever will be heard of them."

TAKES LIQUOR CURE

Fargo, Sept. 6—There are some tragic incidents connected with the murder and suicide at Worthington, Minn., in which a man named Walsh killed Mrs. Dayton before taking his own life. Walsh was a Soo line brakeman charged with the responsibility for the terrible wreck at Enderlin last winter. Mrs. Dayton formerly lived at Esmond, this state, where her husband was a barber. She induced him to come to Fargo and take a liquor cure and he died here after a protracted debauch.

TOOK NO CHANCES

Kingston, Sept. 6—Henry Nicholson, a marble cutter, committed suicide this afternoon. His body was found in a block house by some children playing near. The pistol with which he did the deed was lying near. No cause is apparent for the deed. He was to have been married in Montreal in a few days.

WHEAT STEAMER LOST

Kingston, Sept. 6—The steamer Edmundston, with 75,000 bushels of wheat from Fort William to Montreal, ran aground and sank last night at the narrows near Brockville. The Donnelly wrecking crew left today to lift the freight.

SENATOR McKEEN RETIRES

Sydney, Sept. 6—Hon. senator McKeen has resigned from the directorship of the Dominion Coal company.

HIS WIFE IS A DRUNKARD

HUSBAND CHAINED HER UP WHILE HE WENT TO WORK

WOMAN GOT LOOSE AND IMBIBED TOO FREELY

Montreal, Sept. 6—With a chain tightly wound about her waist, Mrs Edward Quinn was taken in an intoxicated condition last night to the Chenneville street police station. It was not until the woman had been seven hours in the cells that the chain was discovered so tightly was it wound around her waist and so securely was it padlocked that the police had to file it open.

She told the police that she was married to Edward Hamilton Quinn, an employee of the Bell Telephone company who boarded at 93 St. Alexander street. Her husband was jealous she said and had chained her to a bedpost to prevent her from going out. She had two children, one was nine years old, a boy, who was still at home, and the other a six months old baby which had been suffering from hip disease ever since its birth and was now being treated in the hospital.

"This morning," she continued, "while my husband was out at work I decided to myself that I would stand it no longer. I filed open the chain which kept me to the bed, and at first I intended to go to the police station and report the case, but thought that if it were known my husband would lose his job and my children would have to be sent to an orphans' home, so I started to drink. I never used to drink; now I am just as glad the whole thing has been found out."

The case was reported to secretary Skroder of the society for the prevention of cruelty to women and children, and a warrant issued for Quinn's arrest. When he appeared he ppt a new light on the story. His wife is a drunkard. He has had her committed to several institutions in the hope of reforming her but without success.

"I have no doubt," he said, "this world will say I have done wrong but what I did was done with good intention. It may seem cruel to chain one's wife up but I can assure you there was no cruelty in it at all. The chain was about ten feet long, it was light, not heavier than an ordinary dog chain. she could move about the room as much as she liked."

"How was the chain fixed on Mrs. Quinn, was it above her clothing?"

"It was above her nightdress, and was so slack that she could undress. There is a story about that when the chain was taken off in the police station that there were red marks underneath, but they were not caused through me; they must have been caused by my wife putting on tight corsets over the chain."

"And why did you put the chain on at all?"

"It was drunkenness. We were married eight years ago and for seven years she has been addicted to drink."

A PIONEER RETURNS.

Montreal, Sept. 6.—There is at present in this city no less personage than a man who was colonial secretary of British Columbia, at the time of confederation forty years ago. Sir Arthur Birch, K. C. M. G., who arrived in this city last evening from Quebec. He is on his way to the coast to once again visit the scenes of his former activity, which he has not seen for many years. He is accompanied by Miss Birch.

TRAIN WRECK

Bad Collision on the Rock Island Railroad

ELEVEN LIVES ARE LOST

NORTHBOUND EXPRESS DERAILED COLLIDES WITH FREIGHT ON SIDING—SEVEN MORE ARE REPORTED AS INJURED—CAUSE OF DERAILMENT UNKNOWN.

Waterloo, Sept. 6.—Twelve people were killed and twelve injured in the wreck of an express train on the Rock Island railway at Norris, Iowa today. The train which was northbound jumped the track while going at full speed, and oclilided with a freight train standing on a siding.

The dead: P. D. Oliver, Waterloo; Will Goodman, Waterloo; J. N. Watson, Waterloo; C. L. Landphere, Shell Rock, Iowa; W. Ray Johnson, Waterloo; Dr. Christer, Minneapolis, Minn.; Leporan Toja, Hammond, Ind.; laborer, unknown, Hammond, Ind.; W. H. Meyers, baggage man, Burlington, Iowa; three unidentified men.

Injured: J. A. Newell, Illinois Central conductor, Waterloo, Iowa; John Shaw, Waterloo; Dr. C. J. O'Keefe, Marble Rock, Iowa; J. H. Douglas, Watreloo; Thomas Evenson, Mora Minns, C. H. Martin, mail cleric, West Liberty, Iowa; Edward St. Pierre, Minneapolis, Minn.; Torgorn Crisnen, St. Paul; H. McMahon, fireman; Albert Mason, engineer; A. L. Wellever; F. Kinch, engineer, all four of Cedar Rapids, Iowa.

Waterloo, Ia., Sept. 6.—Eleven known dead, three of whom have been identified and seven or more injured, is the result of an express train northbound being derailed on the Rock Island railroad at Norris, Ia., and collid[illegible] while going at full speed, ten minutes behind schedule time, with a southbound freight train standing on a siding. The collision occurred shortly before noon today. The injured were brought to Waterloo and placed in the hospital. All of the dead and injured were in the smoking car which was immediately behind the baggage and mail cars. The smoking car was completely demolished, there not being one piece of wood left large enough to make a top for an ordinary kitchen table. The dead and injured were strewn about among the wreckage.

The northbound express was ten minutes late leaving Norris siding and there, a southbound freight train was awaiting the express which came thundering along at a terrific speed in an effort to make up time. Just as the engine of the express was about to pass the freight engine, the trucks of the express engine jumped the track and the engine crashed with terrible force into the engine of the freight, wrecking both engines and telescoping baggage and mail cars and demolishing the smoking car in which a number of men were riding.

It was among the occupants of this car that the only injuries and fatalities occurred. The passengers in the two day coaches following the smoker escaped with only a violent shaking up. Rescuers were immediately attending to care of injured and taking dead from among the wreckage. Physicians and hospital attendants were hastily brought to Norris on a special train made up in this city. Owing to the delay in the arrival of the county coroner it was impossible to identify the dead and only the names of those known to the excited spectators were secured.

Chicago, Sept. 6.—Only meagre details have been received, but it is believed that the majority of the people injured were passengers in the smoker. The wrecked train was passenger No. 31, a local express. While passing through Norris in some unknown way, the locomotive struck a portion of a freight train standing near a switch, the engine of the passenger train was thrown from the rails and overturned, telescoping the smoker which was immediately behind. Norris is a small station with no telegraph facilities and the number of injured is not known, except that baggageman Meyers is said to be missing.

DEATH OF MRS. J. DRURY.

Vancouver, Sept. 6.—In a recent telegraphic dispatch, the death was announced of the mother of Dominic and Patrick Burns, millionaire packers. This message was misleading in that the lady who died was not the mother of Burns Bros., but the mother-in-law of Thomas Burns of Calgary. Her name was Mrs. J. Drury and her home was at Kirkfield, Ont. She died while en route to Calgary in a Pullman car, and was accompanied by the Misses Mollie and Stella Burns, daughters of Thomas Burns.

MUNICIPAL OWNERSHIP

Sherbrooke, Sept. 6—The shareholders of the Sherbrooke Power and Light company held a meeting today and decided to sell out to the city for $190.000, the city to assume the bonded indebtedness. The city has offefred $170,000 for the plant and to assume the bonds.

MULLAN'S VICTIM IS DEAD

MICHEL ITALIAN SHOT SUNDAY NIGHT DIED YESTERDAY.

POLICE CAN FIND NO TRACE OF PAT MULLAN, THE MURDERER.

(Special to The Daily News)

Michel, Sept. 4.—Orlando, the Italian who was shot Sunday night by Pat Mullan, died this morning from the effects of his injuries. Coroner Bleasdell, accompanied by chief McMullan, came up from Fernie this evening, opening the inquest, which was adjourned until next Tuesday. The funeral will be held tomorrow, under the auspices of Michel miners' union.

Pat Mullan is still at large, the police have failed to obtain any trace of his movements since the night of the shooting.

REVENUES KEEP GROWING.

Ottawa ,Sept. 4.—The revenue of Canada from customs collections continues to swell. For the first five months of the present fiscal year the Canadian customs revenue amounted to $26,209,097 which is $5,572,065 greater than the previous revenue for the same period the year before. During the month of August customs collections amounted to $5,643,402, an increase of $1,027,451.

KOOTENAY TOPS PROVINCE

MAXWELL SMITH ON THE FRUIT CROP PROSPECTS.

URGES EXHIBIT AT VANCOUVER CONVENTION.

Maxwell Smith, dominion inspector of fruit, was seen yesterday evening at the Hume hotel by a Daily News reporter, and on being questioned as to the prospects before the fruit crop of the province declared that "the crop of the whole province would be average while that of the Kootenay would be good."

Speaking as to the recent heavy rainfall, which Mr. Smith said he had heard bemoaned in more than one quarter he prophesied, spposing that the recent wet weather was not continued and that some bright weather was experienced for the next few weeks that the coloring on Kootenay fruits would be a record. "It is a great mistake to suppose," asserted Mr. Smith, "that coloring comes from the sun alone. On the contrary the best coloring can only be obtained at times when the roots and the leaves of the trees are moistened. One of the worst years I remember in the Okanagan was a year in which there but little rain. In consequence the coloring was throughout poor. "I will grant you," continued Mr. Smith, "that the rain will cause trouble to your plums but the apples and pears will not suffer."

The inspector was sorry to have to say that there had been a disposition among wholesale merchants in the Kootenay to import boxes of fruit from the United States and send them out to their customers without their grading being properly marked or with grading altogether omitted. Canadian growers are obliged to mark their boxes with the grade of fruit and the law insisted that imported fruits shall be similarly marked. With Canadian growers the first man the dominion government looked after when such things go wrong is the grower and when the fruit is imported the first man is the importer. But the government is not confined to take heed of these men alone. It can and does get after the retailer and Mr. Maxwell Smith is very emphatic on the point that offenders need not look for mercy from him on this point. The honest Canadian grower is the man who has to be protected and the government proposes to protect him.

That which, however, Mr. Smith was most emphatic about was the coming International Fruit Growers' convention in Vancouver in December next. He said that this convention was of more importance to Kootenay than any other exhibition, including those occurring in the old country. The severest competitors this province possesses are Washington, Oregon and Idaho and all these states, together with British Columbia, would be represented at the Vancouver convention. Now if British Columbia can exhibit alongside of their strongest competitors and bear away the palm it will be an achievement which would be of infinite service by way of advertising to its fruit growers. There was every prospect with the good crop in the Kootenay that this section of the province would be able to compete successfully at Vancouver. Mr. Smith is particularly desirous that Nelson and Kaslo, particularly ,should send in exhibits and let those exhibits be of the very best. Mr. Smith said he had met with gratifying support for the convention of which, probably for his sins, he had been appointed secretary and voluntary subscriptions from the government, from Vancouver merchants and from fruit growers' associations had flowed in generously. Every fruit growers' association in the province had promised something and a few had already made good their promises; Victoria had sent in $37.50, Peachland, $25 and Kaslo $10 and he dared to say that probably others had come in during his absence from the coast. At all events there was enough money in sight to guarantee a promise that there would be at least $500 in gold and silver medals for the exhibitors The International Fruit Growers' convention had met for the last 15 years and this was the first time it had been north of the line and Mr. Smith proposed to make it the best convention that had ever been held and wants the help of the Kootenay in succeeding in his aim.

Edwin Flick of Addy, Wash., and Miss Minnie Waddell of Nelson, were married on Sept. 3, at the residence of the bridegrooms' father in Addy, by Rev. G. H. Wilbur.

RACE RIOTS

Bellingham, Wash., Sept. 5.—Six badly beaten Hindus are in the hospital, 400 frightened and half naked Sikhs are in jail and the corridors of the city hall, guarded by policemen, and somewhere between Bellingham and the British Columbia line are 750 natives of India, beaten, hungry and half clothed, making their way along the Great Northern railway bound for Canadian territory and the protection of the British flag.

The long expected cry "drive out the Hindus" was heard throughout the city and along the water front last night. The police were helpless. All authority was paralyzed and for five hours a mob of half a thousand white men raided the mills where the blacks were working, battered down doors of lodging houses and dragging the inhabitants from their beds escorted them to the city limits with orders to keep on going. The trouble started at C and Holly street, a district with Indian lodging houses. Three were cleaned out and the denizens started to trek for the Canadian line. The mob then swept down to the water front and mill after mill was visited, the white employees joining the mob and every black man was hustled outside. Here the police suggested that the undesirables be taken to the jail. This was hailed with delight and the blacks were hustled along. From this on very few were beaten as the blood thirstiness of the mob was seemingly satisfied during the attack on the lodging houses. The mob kept up its work along the water front, until early this morning, when Larson's mill at Whitcom lake was visited and a hundred blacks brought in from there. Four women were found this morning among the crowd in the city building. The city is quiet today but there is a strong undercurrent of opinion which apparently approves the action of the mob and it may be found impossible to prosecute the leaders.

Racial feeling has played no small part in the affair. Every day whites are being replaced in the mills by blacks. The invaders have become bold and instances of women being pushed into the gutter, insulted on street cars, etc., being reported. General uneasiness of the whites is given as a reason for the outbreak. The Hindus are all British subjects and their case is being placed before the British authorities.

IRELAND-FRASER

Hamilton, Ont., Times, Aug. 23: A very pretty house wedding took place this afternoon when Miss Edith Elizabeth Fraser, youngest daughter of Mr and Mrs. James Fraser, 53 Erie avenue, was united in marriage with Mr. Edmund D. Ireland of Nelson, B.C.

The ceremony was performed at 3 o'clock at the residence of the bride's parents, by Rev. D. R. Drummond. The bride entered the parlor to the strains of the "Lohengrin" wedding march played by Sadie Fraser, Mus. Bac. She was given away by her father. The bride was beautifully gowned in a magnificent costume of white embroidered muslin, with a Brussels net veil and a myrtle wreath. She carried white roses.

Miss Christie Waite of St. George, attended the bride, and was becomingly attired in white point d'esprit over white silk. Miss White carried a bouquet of white asters. Mr. George Ireland, brother of the groom was best man.

After the ceremony the bridal party sat down to a dainty wedding breakfast. The usual toasts to the bride were honored in a most enthusiastic manner, showing the esteem in which the bride is held by her many friends.

Mr. and Mrs. Ireland left for a short trip but will return on Thursday evening and will receive their friends at the residence of the bride's parents, 53 Erie avenue, prior to leaving for Nelson, their future home.

Among the costly and beautiful presents that were received by the bride were a set of sterling silver spoons, from S. Paul's church choir, of which both bride and groom were formerly members; a cutlery set from Stanley Mills and company and a gold clock from the employees of Stanley Mills and company.

The bride and groom will carry the best wishes of a host of friends in this city with them to their future home in Nelson.

MARRIAGE OF PHOENICIANS

(Special to The Daily News).

Phoenix, Sept. 5 — Two weddings of well known Phoenicians occurred this week. Eugene Patrick Shea and Miss Esther Swanson were married by Rev. Father Hartman of the Catholic church, the ceremony taking place in the residence recently purchased by Mr. Shea, in the presence of a few intimate friends. John Milligan was best man and Miss Eva Swanson, sister of the bride, was bridesmaid. Mr. Shea is one of the old residents of Phoenix, having first reached the present site of the city in May, 1895. For several years he has been proprietor of the Bellevue hotel here and is one of the best known citizens of the Boundary. Mrs. Shea has resided here a couple of years and is also well known. Many presents were received from the numerous friends of the bridal couple one being a piano from the Phoenix branch of the Eagles ,of which Mr. Shea is one of the most active members.

Ernest Eugene Walter Mills and Miss Jessie M. Smith were married Labor Day at the residence of A. D. Morrison, in Grand Forks, by Rev. McLeod of the Presbyterian church. Mr. Millis has resided here several months and is manager of the jewelry store of Mr. Morrison in Phoenix, his bride coming from St. Mary's, Ont. Both bridal couples were favored with serenades by numerous friends and well wishers.

Kaslo fruit fair managers are leaving nothing undone to assure the success of their exhibition, which comes on just after the close of the Nelson fair. They look for a large attendance from Nelson and the hearty co-operation of the people of this city and district in the way of exhibits. In both these particulars their hopes should be amply satisfied.

YOUNG LIBERALS TO ORGANIZE

Association to be Conucted on Social and Educational Lines

It is probable that within a very short time Nelson will boast a young liberal association, organized after the model of those now existing and doing good work in Vancouver and Winnipeg. A number of the younger liberals of the city have been discussing the project for some time and the scheme is commencing to take definite shape in the form of a proposal to hold an organization meeting next week, probably on Thursday evening. The idea behind the movement is to provide a means of promoting social intercourse amongst active liberals, keeping the organization alive and ready for action whenever necessity arises and developing a spirit of enthusiasm and loyalty amongst the young men who are just commencing to take an active interest in politics.

The Young Liberal association would be a social and educational society in the first place, but it would at the same time provide a nucelus of active young workers who would yield valuable service in electoral campaigns, either provincial or dominion. In Vancouver the Young Liberal association, under the direction of the senior association, takes entire charge of the duty of providing scrutineers for the polling booths ,of handling the preliminary canvass and of getting out the voters on election day. In addition it conducts regular meetings throughout the winter and arranges occasional whist tournaments and smokers. The same plan of work could be carried out in Nelson, although, perhaps, on a smaller and less pretentious scale.

The movement amongst the younger liberals has met with the cordial approval of the seniors. Dr. Hall has promised the promoters his full support and it believes that, within its own sphere, such an association could accomplish a great deal of good for the party. Fred Hume, S. S. Taylor and Dr. Arthur are other liberals of recognized standing and influence who are supporting the movement although they are not of it. A committee is at work canvassing young liberals for membership and a definite announcement concerning the time and place of the organization meeting will probably be made later in the week. In the meantime Lorne Stewart of the Bell Trading company, or V. W. Odlum of the Kootenay Land and Investment Co., will be pleased to hear from all those who would like to enter the ranks of the proposed Young Liberal association.

MINING RCEORDS

Certificates of work have been issued on the Bodie, Boston, Iron King and No. 1, work done on the first named to apply on all, to W. J. Toye for the recorded owners; on the Durango to E. H. Stanley; on the May Day to J. F. Harbottle for the recorded owner; on the Pink Diamond for work done on the May Day, to J. F. Harbottle; on the May Blossom to J. F. Harbottle for the recorded owner; on the Helena for work done on the May Blossom, to J. F. Harbottle; on the Silver Stone time extension, to A. Anderson for the recorded owner; on the Gold Leaf fractional and Gold Leaf No. 2, for work done on the first named, to A. Anderson for the recorded owner; on the Good Hope to F. Holland for the recorded owners; on the North Star and Nelson, for work done on the Good Hope, to F. Holland.

The location has been recorded of the Last Chance on the South Fork of Duck creek, by G. P. Towne.

Fred Starkey was busy all day yesterday getting up a drilling contest at the fair. He has a purse of $300 promised and has wired the Faulds Bros of Greenwood for an acceptance of the challenge made by the Silverton men. From Silverton it is asserted three drilling team will be forthcoming and it is likely that other teams will also be attracted. Altogether the event, thanks to the energy of the managing director of the fair promises to be one of the most popular of the exhibition.

As stated some days ago in these columns agent-general Turner will be a visitor at the fruit fair and he will be accompanied by finance minister Tatlow, who is also minister of agriculture. Unfortunately it is probable that premier McBride will be unable to attend as at first arranged to perform the opening ceremonies, his engagements necessitating his presence elsewhere.

Special freight and passenger rates for the Nelson fair have been granted over the C.P.R. and connecting lines. Exhibits will pay full rate from point of shipment to Nelson and on production of a certificate signed by the fair secretary, will be returned to original point of shipment free of charge, provided no change in ownership has been effected by sale or otherwise. Passengers will be carried at single fare return from all points in B.C, and also from Calgary and common points.

EDITORIAL NOTES.

It is suggested that tory leader Borden's proposed election law should include a provision that the spending of money in elections must be confined to people who are not in public life. Such a provision would be in accord with his recommendations for the handling of campaign funds in the province of Quebec at the last general elections.

It would appear that a little ventilation into the city power question would be opportune. If the local marble works has cause of complaint for being cut off water supply a day or two ago, whilst other firms still have that privilege, how about those firms that were deprived of water more than a month ago and forced to expend large sums of money, practically at a moment's notice, to replace water wheels with electric motors?

Notices of closing on Sunday were yesterday served to all hotels and saloons in the city, the time of closing being between 11 p.m. on Saturday night until 1 o'clock on Monday morning.

BIG ANNUAL FRUIT FAIR

EVERYTHING POINTS TO UNQUALIFIED SUCCESS.

PREPARATIONS WELL UNDER WAY —ENTRIES POURING IN.

It is gratifying to note the air of successful anticipation with which the inquirer is met when consulting the officials of the Nelson Agricultural and Industrial Association respecting the approaching fair. Evidence is not lacking to prove that the fifth annual fair promises to be the best and most entertaining of any in the history of the association. Already the entries are greater in number than in any previous year so early a date, and every section is certain to be well represented, while the competition promises to be keener than usual. In fruits, which are the main feature of the exhibition, the numbers and varities to be shown will far outclass anything heretofore seen in the interior ,and will not suffer in comparison with fruit exhibits anywhere in the dominion. From an educational standpoint to the practical orchardist, and as an evidence of the fruit possibilities of the Kooteney district, this exhibit alone is of more value to Nelson and the surrounding districts, and the residents therein, than any other form of advertising that has been attempted in the past or is under contemplation for the future.

The field and garden produce section will also be well represented. Roots, vegetables and all other products of the soil will be there in abundance and of the best quality. What promises to be an interesting feature of the fair will be the competition for the handsome silver cup donated the association by sir Thomas Shaughnessy, which is offered for the best exhibit of products grown by an individual grower. To this is added by the association two cash prizes of $25 and $15. This competition includes everything that is grown in the orchard, field or garden, and should be a practical demonstration of the productiveness of the soil in the district, and also of the attention, care and knowledge of the individual fruit grower.

The mineral section under the supervision of Mr. T. G. Procter, promises to be even more successful than last year. Every mining district will be represented. Good prizes are offered in this section and the competition will be as keen as it is good-natured. Ample space for display has been reserved by the committee in charge and much interest is sure to center in this feature of the exhibition.

The district exhibits, which the directors this year have wisely confined to fruit, will afford even fore keen rivalry than in former years. Already four of the districts have applied for space, and it is expected that one other, and probably two ,will also compete. It is a fact to be regretted that more of the districts designated in the list do not take an interest in this competition. All sections of the Kootenay are interested in the advancement of the district, and all are anxious to see settlers come in and assist in building up the country. Exhibits of this nature afford the general public an opportunity of comparing results and are the means of introducing new settlers to cast in their lot with the others, and they also assist undecided ones in determining where they would prefer to settle. With the intention of being officious in the matter the suggestion is offered to the directors of the association of the advisability of featuring this exhibit in future more assiduously than heretofore with the object of securing keener competition, which would no doubt be of great benefit in advertising all sections of the district.

In the home made bread, jams and jellies departments the ladies are given an opportunity of displaying their kitchen handiwork. The needle and fancy work department also opens up possibilities which are certain to be taken advantage of, the result being a fine display and close competition.

Provision has also been made for exhibits of work by children, and it is to be hoped the young people will show their appreciation by making this section one of the best and most interesting of the fair, a result quite easy of accomplishment if entered into with the proper spirit.

The poultry section, as in former years ,affords fanciers an opportunity of demonstrating the success of their pet theory in the raising and care of birds, and also give to the public a view of some of the choicest varieties raised.

Efficient judges have been secured for each section, each an adept in his or her own line, and as far as is humanly possible, the directors guarantee that prizes will be awarded according to merit only.

In theentertainment line more and better features are promised than have ever before been offered. "The best ever" concisely states the case. A continuous two hours entertainment in front of the grand stand each afternoon and evening free; horse races during the afternoon of each day; firemen's reel and hose cotests, and many other free attractions promise a "continued round of pleasure" during the fair. In addition the Yat Reles Carnival Co. will afford unlimited fun for all comers.

Remember the dates, September 18, 19 and 20.

AGNEW BACKS DOWN.

(Special to The Daily News.

Rossland, Sept. 5.—George Agnew, who a few months ago brought an action of slander against his pastor has evidently come to the conclusion that discretion is the better part of valor and has today unconditionally surrendered by discontinuing his action and paying the defendant's costs.

There is a keen feeling of satisfaction among all classes of people over the complete vindication of Mr. Knox.

New Schedule for Kootenay District to Take Effect Tomorrow.

Commencing Sunday, Sept. 8th, the following changes in the schedule of the Kootenay district will take effect:

Train No. 41 for Midway will leave Nelson at 9:45 instead of at 8:10 as at present. It will arrive at Midway at 17:00 instead of at 15:00.

Train No. 43 for Slocan City will leave Nelson at 9:00 instead of at 9:25, and train No. 44 returning will arrive at Nelson at 18:00, instead of 17:20.

Train No. 45, for the coast and Rossland will be a straight passenger train instead of a mixed train, and will leave Nelson at 19:00 instead of 19:15. It will arrive at west Robson at 20:35 and leave for Rossland as a straight passenger train at 20:45, arriving at Rossland at 23:00 instead of 23:20.

Train No. 42 will leave Midway at 14:50 instead of 15:10, will be allowed 35 minutes for transfer at Robson and will arrive at Nelson at 22:30 instead of at 22:05.

Train No. 61 will leave Rossland at 8:40 instead of 7:00 and will arrive at Nelson at 12:35, instead of 11:00.

Train No. 62 for Rossland will leave Castlegar junction at 11:00 instead of 9:35 and will arrive at Rossland at 13:40 instead of at 12:30.

On the Phoenix branch the northbound train will leave Phoenix at 14:40 instead of at 15:50 as at present. The southbound train will leave Eholt at 16:00 instead of 14:05.

The Columbia river boat will leave Arrowhead at 10:35 and will arrive at Robson at 20:25 instead of at 20:35.

The steamer Kokanee on Tuesdays, Thursdays and Saturdays will leave Kaslo as at present, but will arrive at Nelson at 16:30 instead of 16:00.

It is hoped that these changes will insure the night trains arriving at Rossland and Nelson on their regular schedule.

SUING TELEGRAPHERS UNION

Chicago, Sept. 6—The Postal Telegraph company today began suit against the Commercial Telegraphers 'union of America on the grounds that the latter had refused to pay for transmission of messages. According to officials of the telegraph company no answer was made when bills for the telegrams were presented to the union. Upon enquiry they were told that the union declined to make payment unless the telegraph company would certify that the messages had reached their destination, by sending a "chaser' 'after each message. The company refused. The company refused. The messages in question were filed with the company since the strike began. The case was set for Sept. 15.

THE RAILWAY COMMISSION.

Writing in the Engineering Magazine for August, J. G. G. Kerry contributes an interesting article on the Canadian Railway Commission. He says that Canada's board of Railway Commissioners is a notable example of a comprehensive effort to control transportation corporations. Under what is known as "The Railway Act of 1903," the board enjoys power and jurisdiction. This act is a complete revision of the existing railroad laws of the dominion. During the debate thereon railroads were freely consulted and given every opportunity to be heard. As a result the commission is a logically empowered body, created to try certain cases which arise out of the construction and operation of railways. In particular it has jurisdiction over matters concerning:

(1.) The construction details of new roads or of the improvements undertaken by the existing lines.

(2.) The crossings of highways, railways, power lines, and drainage mains by railways.

(3.) The rates that may properly be charged for the various services rendered to the public by the railways, the express companies, and the telephone companies.

The commission is also charged with the collection of statistics of operation, investigations of the operating of the roads, in particular of the accidents occurring on them, and with inspection of equipment. To some extent, also, it has become customary when public outcry is made concerning any particular item of railroad practice, for the government to request the commission to make a report upon the matter, even if it does not lie within the ordinary field of the commission's activities. It acts as a special adviser to the government in matters involving the details of the art of railroading.

These duties call for moderation, good temper, plenty of thought, hard work, and heavy traveling; for it conducts its hearings at the place where the complaint originates. No attempt has been made to invest its decisions with a political character, and appeals therefrom have been few. In conclusion, he says:

"It may be said that the board is to be regarded as an experiment in government, made by a rapidly growing country in an endeavor to provide that its railways shall be intelligently built with due regard to public safety and the general advantage; that they shall be properly equipped and efficiently operated, and that the charges for transportation shall be reasonable and free from all suspicion of manipulation in favor of private interests. The Railway Act, under which the board exercises its authority, is a recent compilation and will be subjected to much amendment. The board itself has been in active service for only a little over three years, and its staff is not yet fully organized. It would be, therefore, entirely premature to express any opinion as to the ultimate success of this particular method of corporation control, and all that can be said at present is that the board has so performed its duties that the Canadian people as a whole are entirely content that the experiment shall be continued."

NOTICE is hereby given that 60 days after date we intend to apply to the Hon. the Chief Commissioner of Lands and Works for permission to purchase the following described lands in West Kootenay district: Commencing at a post planted at about 800 feet west of the Scerro Verde mineral claim, and marked "southeast corner post," thence 1-4 mile to the northeast corner post; thence one mile to the northwest corner post; thence 1-4 mile to the southwest corner post, and thence 1 mile to the southeast corner, or place of commencement, containing 160 acres, more or less.

MARTHA DAVIS
CHAS. E. WILSON
WM. CONNOLLY, Agent.

NOTICE is hereby given that 60 days after date I intend to apply to the Hon. the Chief Commissioner of Lands and Works for permission to purchase the following described lands, situate in West Kootenay District: Commencing at a post planted on the south side of Lemon creek, near the mouth of the first North Fork, and marked "R. W. Gladstone's northeast corner post," thence running 40 chains west; thence 20 chains south; thence 40 chains east; thence 20 chains north to the place of commencement.

R. W. GLADSTONE.

April 2n, 1907. 5-3

NELSON LAND DISTRICT, DISTRICT OF WEST KOOTENAY.

TAKE NOTICE that Emily Wenmoth, of Hayfield, England, occupation, farmer, intends to apply for permission to purchase the following described land:

Commencing at a post planted on the north boundary, and 20 chains from the N.W. corner post of lot 7740, Pend d'Oreille river, B.C., thence 40 chains north; thence west 40 chains; thence south 40 chains; thence east 40 chains to point of commencement, and containing 160 acres, more or less.

EMILY WENMOTH.
A. G. LANG, Agent.

Dated 15th June, 1907.

HOBBERLIN'S MAN IS HERE

Direct from Toronto ,the home of the House of Hobberlin, famous for good tailoring, and has brought with him samples of all the newest fabrics and designs for Men's Fall and Winter wear.

Call today and let him take your measure—he is an expert. First class workmanship and perfect fit is of course guaranteed. The price for suits and overcoats range from $17 to $35.

Anyway ,call and see the samples.

SOLE AGENT IN NELSON

How Zam-Buk Saved a Girl's Hair

When eczema, ulcers or ringworm break out on the scalp the first thing the doctor orders is to have the hair cut o&ff. Don't do it before trying Zam-Buk, because it can cure these diseases without causing such a sacrifice. Mrs. J. Butler of 5 Bannockburn avenue ,Montreal, has proved this. She says: "My eldest daughter Annie, caught eczema. It broke out on her face and scalp, and the disease was quickly transmitted to Herbert and Edith, and in their cases not only their heads, but their hands and faces were covered with sores and scaly places. I tried various blood purifying remedies in vain and then consulted a doctor. He applied all kinds of lotions but the sores remained the same. He next ordered that the hair be all shaven off from the girls' heads in order to get down to the disease on the scalp. They each had nice long hair and I thought it such a pity to cut it all off. I refused; he thereupon withdrew his services altogether.

"After that I bought first one thing and then another, but it was all no good until we got Zam-Buk. That proved equal to the case and in a few weeks it cleared every trace of skin disease from each child. With it in use there was no need to cut off the girls' hair or take any other extreme measures, it just went to work and healed the sores in fine shape."

Zam-Buk cures blood poison, cuts, old wounds, bruises, running sores, ulcers, boils, eruptions, scalp sores, eczema, itch, barber's rash, burns, scalds and all skin injuries and diseases. Best cure for piles yet known. All druggists and stores at 50c. a box, or from Zam-Buk Co., Toronto.

Souvenir China

We have now in stock some very nice China with view of Baker street, Nelson. Everybody buys this who sees it. Get in before it is all gone.

Also a full line of other China, Crockery and Glassware, Toiletware, Lamp goods, etc.

Second hand goods of all kinds cheap.

China Hall

P. O. box 588, Munro & Nelson. Phone a261.

HOUSTON SCHOOL

CANNON HILL, SPOKANE, WASH.

Protestant Boarding School for Boys

Prepares thoroughly for best universities, scientific schools and for business. Graduates in Stanford and Harvard.

All masters are specialists, experienced college graduates and give thorough individual instruction.

Healthful location and mild climate. Athletic sports in charge of special instructors.

Home comforts and constant supervision

E. F. STRONG, A.M., Head Master.

NOTICE

TO LOUIS ERNST AND WILLIAM ELLIS.

TAKE NOTICE that the Governor and Company of Adventurers of England, trading into Hudson's Bay, have commenced an action against you for payment of the sum of $3600 and interest, the amount due to them under and by virtue of an agreement for sale to you of Section 26, Township 10, Range 3, west of the fifth Meridian in the province of Alberta, and in default of payment of this said sum, that your equity (if any) in the said lands may be foreclosed and that the said Governor and Company of Adventurers of England trading into Hudson's Bay, may recover possession of said lands. If you dispute the said claims either in whole or in part, you do, on or before the First day of October, A.D., 1907, cause to be entered for you in the office of the Clerk of the Supreme Court of the North West Territories, at Calgary, an Appearance and within six days thereafter file with the said Clerk a statement of the grounds on which said dispute is based and take notice that in default of your so doing, the said Governor and Company of Adventurers of England trading into Hudson's Bay may proceed in their said action and judgment may be given in your absence and without further notice to you, pursuant to the order of the Hon. Mr. Justice Stuart.

Dated at Calgary, Alberta, this 19th day of August, 1907.

JONES, NICHOLS & PESCOD,
Plaintiffs' Advocates.

CERTIFICATE OF THE REGISTRATION OF AN EXTRA PROVINCIAL COMPANY.

"Companies Act, 1897."

I HEREBY CERTIFY that "The Morning Bell Mining and Smelting Company" has this day been registered as an Extra-Provincial Company under the "Companies Act, 1897," to carry out or effect all or any of the objects of the Company to which the legislative authority of the Legislature of British Columbia extends.

The head office of the company is situate at Spokane, Washington.

The amount of the capital of the company is Two hundred and fifty thousand dollars, divided into One Million shares of Twenty-five cents.

The head office of the company in this Province is situate at the City of Creston, and O. J. Wigen, a fruit and produce rancher, whose address is the City of Creston, B.C., is the attorney for the company.

The time of the existence of the Company is Forty-nine years from the 15th of January, 1907.

The company is specially limited under Section 56 of the said Act, and no liability beyond the amount actually paid upon shares or stock in the company by the office at Victoria, Province of British Columbia ,this 12th day of August, 1907.

GIVEN under my hand and seal of subscribers thereto or holders thereof shall attach to such subscriber or holder.

S. Y. WOOTTON,
Registrar of Joint Stock Companies.

The objects for which the Company has been established and registered are restricted to acquiring, managing, developing, working and selling mines, mineral claims and mining properties, and the winning ,getting, treating, refining and marketing of mineral therefrom.

NOTICE

TO LOUIS ERNST AND WILLIAM ELLIS.

TAKE NOTICE that the Governor and Company of Adventurers of England, trading into Hudson's Bay, have commenced an action against you for payment of the sum of $3600 and interest, the amount due to them under and by virtue of an agreement for sale to you of Section 26, Township 10, Range 3, west of the fifth Meridian ni the province of Alberta, and in default of payment of this said sum, that your equity (if any) in the said lands may be foreclosed and that the said Governor and Company of Adventurers of England trading into Hudson's Bay, may recover possession of said lands. If you dispute the said claims either in whole or in part, you do, on or before the First day of October, A.D., 1907, cause to be entered for you in the office of the Clerk of the Supreme Court of the North West Territories, at Calgary, an Appearance and within six days thereafter file with the said Clerk a statement of the grounds on which said dispute is based and take notice that in default of your so doing, the said Governor and Company of Adventurers of England trading into Hudson's Bay may proceed in their said action and judgment may be given in your absence and without further notice to you, pursuant to the order of the Hon. Mr. Justice Stuart.

Dated at Calgary, Alberta, this 10th day of August, 1907.

JONES, NICHOLS & PESCOD,
Plaintiffs' Advocates.

CERTIFICATE OF THE REGISTRATION OF AN EXTRA PROVINCIAL COMPANY.

"Companies Act, 1897."

I HEREBY CERTIFY that "The Morning Bell Mining and Smelting Company" has this day been registered as an Extra-Provincial Company under the "Companies Act, 1897," to carry out or effect all or any of the objects of the Company to which the legislative authority o fthe Legislature of British Columbia extends.

The head office of the company is situate at Spokane, Washington.

The amount of the capital of the company is Two hundred and fifty thousand dollars, divided into One Million shares of Twenty-five cents.

The head office of the company in this Province is situate at the City of Creston, and O. J. Wigen, a fruit and produce rancher, whose address is the City of Creston, B.C., is the attorney for the company.

The time of the existence of the Company is Forty-nine years from the 15th of January, 1907.

The company is specially limited under Section 56 of the said Act, and no liability beyond the amount actually paid upon shares or stock in the company by the office at Victoria, Province of British Columbia ,this 12th day of August, 1907.

GIVEN under my hand and seal of subscribers thereto or holders thereof shall attach to such subscriber or holder.

S. Y. WOOTTON,
Registrar of Joint Stock Companies.

The objects for which the Company has been established and registered are restricted to acquiring, managing, developing, working and selling mines, mineral claims and mining properties, and the winning ,getting, treating, refining and marketing of mineral therefrom.

BANKS IN RIGHT COURSE

FINANCIAL STRINGENCY RESULT OF CONDITIONS.

J. GRIFFIN TALKS ON THE MONETARY SITUATION.

J. Griffin, of St. Thomas, a partner in the firm of J. Y. Griffin & Co., is in the ... iess visit. Speaking yes... ...ially News reporter Mr. ... at many people seemed ... under a misapprehension ... e of the business of his ... business of the firm had ... two years ago to Swift & Co., of Chicago. That sale included their house here. The firm was interested in farm lands all over the prairie provinces and in real estate in Fort William, Winnipeg, Nelson and Vancouver. Recently they had organized as the Dominion Wholesale and Produce company with headquarters at Winnipeg and branches at Brandon and Calgary.

Mr .Griffin is just from Winnipeg and on being queried as to the general prospects in the northwest provinces said; "If the weather is favorable for the next few days the crops, coupled with the very high prices they are likely to command for wheat, oats and barley, will make returns to the northwest and Manitoba farmers fully equal to those of last year. As to the financial stringency I think the banks are fully justified in husbanding their resources and keeping enough money on call, at New York or elsewhere, for any emergency. Of course if there proves to be a good crop it must relieve the monetary stringency but in any event there is no cause for alarm, for the dominion, at no period of its history, was in better financial position than it is at the present moment. Yet, owing to over speculation and, possibly, to extravagance in living there has been caused a stringency in the money market that really should not have occurred. However, it will have the effect probably of teaching people the value of money. I say so because I think credit has been too cheap or, in other words, money has been too easily obtained and you may rest assured that I don't make any mistake when I repeat that the banks have been justified in the course they have taken.

"The banks, after all, are but custodians of the people's money and the public would expect them to keep a restraining hand on the outflow of money under existing conditions. Yet we must not forget that at the rate Canada is now froging ahead we will have quickly recovered our lost position."

OTTAWA BUDGET OF NEWS

Australia's Preferential Tariff—Valleyfield Arbitration

Ottawa, Sept. 5 — According to advices from J. S. Larke, Canadian commercial agent at Sydney, the government has under consideration a new tariff which involves striking changes. The preferential tariff has now been extended to cover a large variety of lines. It will cover nearly all lines now exported to New Zealand from Canada as well as others in which a trade may be done. The Fiji islands are desirous of obtaining a tariff preference in Australia for bananas and other products, but Mr. Larke does not think the Commonwealth will grant the request. He, however, believes that such an arrangements might be made with Canada applicable to bananas, pineapples and other products.

The department of the interior has just issued a new map of the railway belt of British Columbia, an addition which shows all timber limits.

Representatives of the workmen and employees on the conciliation board in connection with the Valleyfield strike having failed to agree upon a third party, minister of labor Lemieux has appointed Hon. L. Fortin, at one time M.P. for Laval, to act as chairman of the board.

A well known resident of Ottawa passed away yesterday at his home, 450 Somerset street, in the person of Thomas Borbridge, who formerly conducted a large dry goods and tailoring establishment on Sparks street. He was 79 years of age. About 12 years ago he went to Brandon to manage the branch there of S. and H. Borbridge, harness manufacturers of this city. He was quite well throughout the west. About six years ago he returned to Ottawa and retired from commercial life. For the past five years he has been in declining health and last week suffered a stroke of paralysis. To mourn his loss he leaves a widow and three sons, Thomas, manager of the Calgary Sadlery Co., Edmund of the Hugh Carson Co., Ottawa, and Walter M., commission merchant of Brandon. He was a brother of Henry Borbridge of the S. and H. Borbridge Co.

DEATH OF JULIUS SCRIVER

Montreal, Sept. 5—Julius Scriver, liberal member of parliament for Huntingdon Co. from 1869 to 1900, died here this morning after a lingering illness.

The late Julius Scriver was born at Hemmingford, Que., Feb. 5, 1826. He was a descendant of U. E. Loyalists, who at the close of the revolution came to Canada from Duchess county, N.Y. He was formerly by occupation a merchant. He married Miss Frances M. tSevens of Potsdam, N.Y. Was president of the Quebec Frontier railway. Represented Huntingdon in the Quebec legislature from the time of the union until his resignation in 1869, when he was elected by acclamation to the dominion parliament and was subsequently re-elected at each general election until 190 when he retired from politics.

TRIAL AGAIN POSTPONED.

Standrad Oil Company Given Until 15th to Prepare Statements.

New York, Sept. 5.—Another postponement of the taking of testimony against the Standard Oil company of New Jersey and affiliated concerns, was ordered today by former judge Franklin Ferriss of St. Louis, who is acting as examiner for the federal court. The hearing is now scheduled for September 15th and it is said there will be no delay beyond that date in the proceedings. The adjournment was requested by the attorney for defendant companies and joined in by the special counsel representing the government. It was granted to give the Standard Oil company time to prepare statements from its books and records, which are desired by those in charge of the prosecution. These statements it was claimed would do away with the necessity of bringing all of the books of the various companies to the federal building and would ultimately expedite the hearing. The testimony to be taken in New York will be largely of a documentary character and will be reported back to the United States circuit court in St. Louis where the government's suit to dissolve the so-called 'oil trust" was brought.

WEEK'S ORE SHIPMENTS

IMPROVEMENT NOTICED IN COKE SITUATION

MANAGER THOMAS OPTIMISTIC OF OUTCOME

The principal news of the week is of a relief in the coke siutation. Manager Thomas of the Dominion Copper company passing through Nelson on his return from a visit to Coleman, says that the coke situation is much improved. He is dealing altogether with the International Coal company. Through a series of accidents and through a temporary shortage of labor, which has since been got over, the coke was short and he was forced to blow out two of his three furnaces. Both were blown in again on Friday night. The C.P.R. is opening up their coalfields at Hosmer but cannot ship under the old agreement until next year. Mr. Thomas could not speak for the other Boundary smelters.

Appended will be found the ore shipments and smelter receipts in detail for the past week and year to date in tons.

The total amount of receipts reported from the local and foreign mines for the past week were 28,671 tons and for the year to date 1,016, 014 tons.

(Special to The Daily News)

Phoenix, Aug. 31—During the last year or two many promising mineral claims in this camp have been bought or bonded by the large companies operating in the Boundary. Especially has this been the case this year, when the Consolidated Mining and Smelting company of Canada, now operating the Snowshoe group, bought the dozen properties of the Phoenix Amalgamated Copper Mines, outright and at the same time secured bonds on some score of other claims in this camp. These properties adjoined those of the Granby company, the Snowshoe or the Dominion Copper company and the War Eagle is now being actively developed, a large air compressor having been taken to that property this week, to facilitate exploitation work.

In addition to the above, however, in the last two weeks or a month 15 or 20 more mineral claims have been taken under bond by three or four large concerns already operating in this section. The Consolidated company secured bonds on the Midnight, Joker and Nos 1, 2, 3, and 4 claims, among others., the Midnight adjoining the companys' Snowshoe mine. Active work is now going on at the Midnight. The other claims adjoin the Granby group on the northeast.

The Granby company secured a bond on the Bullion, Keystone and the Monte group, adjoining its own claims on the north as well as those of the Dominion Copper company. A force of men is now employed on the Bullion opening up the property.

Farther over towards Summit camp, where the B. C. Copper company has a group of valuable properties, including the Emma, B.C. and Oro Denoro, all developed mines; the B.C. Copper company has taken bonds on the Undine and Mary B. and it is understood that it has also secured the Diamond Joe group of five claims, the latter adjoining the Granby group.

The prices to be paid for these properties have not been made public yet, but it is known that for the most part several months or a year have been given the company in which to prospect before making considerable payments.

FINE WEATHER ASSURED

MEANS COMPLETE SUCCESS OF COMING FRUIT FAIR.

HENRY WADE HAS TAKEN CHARGE OF MINING EXHIBITS.

Consultation with the weather-wise elicits the prediction that fine weather will prevail during the week of the fair. This is a consummation devoutly desired, and will assure a complete success for the fair from every standpoint. No effort is being spared by the directors to carry out the plans arranged early in the year, and the indications are that all will be complete in plenty o ftime. The number of entires already in the hands of the secretary warrants the assumption that every available inch of space in the buildings will be reqired for the display, and emphasizes the fact that before another exhibition is held additional room will have to be provided. This is as it should be, and should encourage the directors in an endeavor to make provision for the entension necessary.

The floral exhibit this year promises to be larger and more magnificent than any heretofore seen in Nelson. All of Nelson's residents are lovers of and engaged in the cultivation of flowers, and many more than usual are taking an interest in the coming fair. Under the able and careful supervision of Mr. H. Selous, ample room has been allotted for the display in this department, and every provision is being made for the proper arrrangement of exhibits, without having to crowd them into a confined space. Professional florists are also taking an interest in the exhibition, and there is promise of some beautiful floral designs from outside points as well as from Nelson. Should the temperature continue mild, and no early frost intervene, this department will no doubt be one of the most admired in the building.

Mr. Henry Wade, well known to all the mining men in the district, has undertaken the task of collecting and arranging the mineral exhibits. Mr. Wade's knowledge and experience ensures success in this department, and the directors request that all to whom he may apply for samples will respond cheerfully and liberally, with the understanding that all samples will be returned if so desired.

The special prize list is worthy the attention of all intending exhibitors. It covers all departments, and the prizes offered are well worthy of competition and will no doubt be a source of pleasure and gratification to the fortunate winners. Some very handsome pieces of cut glass are offered by the Belding Paul Silk Co. for fancy work in silks manufactured by that firm. These prizes should appeal to the ladies, and will no doubt result in keen competition. The Corticelli Silk Co. also offer a handsome piece of cut glass for similar work. Particulars regarding the work, and the conditions governing these competitions will be cheerfully furnished by the secretary. As a matter of fact the directors appear to have had the ladies well in mind when arranging the special list, as the greater number and most valuable prizes are offered for exhibits in their lines of labor.

With the view of affording residents on the West Arm and Kootenay lake points an opportunity of attending the fair without having to remain in the city over night, the directors are endeavoring to arrange a special service to reach Nelson in the morning, returning to these points in the evening. Definite information will be given regarding this as soon as arrangements are completed.

There will no doubt be a large influx of visitors to Nelson during fair week, and as the hotel accommodation is likely to be overtaxed, the directors will consider it a favor if citizens who have vacant rooms, and who are willing to rent the same at reasonable rates, will notify the secretary as soon as possible.

Nelson's big fair—September 18-19-20. Don't miss it!

TORY ELECTION METHODS

INTERESTING ECHO OF LAST GENERAL ELECTIONS.

HUGH GRAHAM'S CONTRIBUTION OF $29,000 FOR QUEBEC DISTRICT.

Leader Borden in his tour of Quebec was met with some interesting reminiscences of tory electoral methods in that province, methods, which according to the sworn testimony of Hugh Graham, of the Montreal Star, had the approval of the same Mr. Borden. It is certainly appropriate that the electors of Canada should have some clear conception of what tory leader Borden means by purity in elections. The following synopsis of the documents in the case of L'Evenement company versus Hugh Graham, of the Montreal Star, throw a flood of light upon the standard of electorial purity aimed at by the tory leader. His position was that money for election purposes must not be handled by men in the party in public life, but by friends acceptable to the party.

The whole story, as the Montreal Herald remarks, may be accepted as a valuable contribution to the science of winning elections with prayers:

On December 24th, 1904, the L'Evenement company, of which senator Landry was managing director, took action against Mr. Hugh Graham of the Montreal Star, to recover the sum of $2,389.33 for certain services rendered to the conservative party during the electoral period which ended on November 3rd, 1904.

The first three allegations made in the statement of claim show the nature of these services.

"1.—At the beginning of last October in the city of Quebec the plaintiff agreed to publish and distribute on account of the defendant, his newspaper L'Evenement in eight pages instead of in four pages, and that from October 12th until November 3rd inclusively.

"2.—The defendant agreed to pay for the said publications and distributions, the sum of $400 a week for the first five thousand and $300 for each other additional 5,000, the whole to be paid on November 4th.

"3.—The plaintiff had accordingly published in Quebec and had distributed 10,000 copies of L'Evenement in eight pages during three weeks and two days, which, on the basis of the price agreed upon, made a total of $2,333.33.

Mr. Hugh Graham, the defendant, contested the claims of the "Compagnie de L'Evenement" and, on February 22nd, 1905, pleaded, among other things, that:

"7.—The defendant and Mr. L. P. Pelletier, both belonged to the conservative party and in last September and October met each other several times and, in view of the approaching federal elections, busied themselves in organizing the conservative party in the district of Quebec.

"8.—As a considerable sum was needed to organize the struggle in the interest of the conservative party in the district of Quebec, of which the said Mr. Pelletier was the organizer-in-chief and called himself such, the said Mr. Pelletier asked the defendant for the funds which he alleged to have needed to organize the election with any chances of success for his party in the district of Quebec.

"9.—The defendant was strongly attached to the conservative party, whose success he wished to assure and after a number of pourparlers with the said Mr. Pelletier they both drew up a statement showing the minimum and the maximum needed in each county of the district of Quebec in order to have any chance of success in the struggle.

"10.—The said Mr. Pelletier furnished these figures, very high, for that matter, to the defendant and they included all that was to have been necessary to organize the fight in the district of Quebec, including L'Evenement, the official organ or other expenses of the same nature that he said Mr. Pelletier would deem proper or necessary.

"11.—As soon as the defendant and the said Mr. Pelletier came to this agreement, the latter began to draw on the defendant and obtained very large sums from him.

"12.—Not only did the said Mr. Pelletier receive in this manner the minimum amount agreed upon, but he exceeded by $3,800 the maximum amount fixed by himself as heretofore mentioned for all the needs of the district of Quebec."

On March 7th, 1905, the "Journal" of Montreal, in taking leave of its readers, shot the following shaft among the readers of L'Evenement: "We have not, as has L'Evenement, any claims to make against the conservative party for services rendered others. Where loyalty has a price one must needs be at least indulgent."

Mr. Hugh Graham was examined under oath on May 29th, 1905, by Mr. L. P. Pelletier, counsel, from which examination the following are extracts:

"Q.—You took a prominent part in the organization of the conservative party during the last dominion elections? A.—I assisted to the utmost of my extent and ability.

"Q.—In what capacity A.—Oh, in a general way, principally making them gifts of money.

"Q.—There was a cipher code used for these communications between yourself and Mr. Pelletier, was there not? A.—Yes.

"Q.—Will you kindly tell us what is the word representing your name and signature? .A—As I recollect it was 'Zandray.'

"Q.—Do you remember the word representing Mr. Casgrain's name? A.—I do not; but you have got a copy of it.

"Q.—It was 'Zandrank'? A.—I can tell you in a minute if you will allow me to look at it. (After consulting code book) 'Zandrank.'

"Q.—Mr. Pelletier's name was, if I mistake not, 'Zandring?' A.—'Zandring.'

"Q.—B. A. MacNab's name was? A.—'Zandride.'

"Q.—Yourself and Mr. MacNab were working together at this L'Evenement contract, were you? A.—We were working in some cases together, and Mr. MacNeb was representing a parliamentary committee in Ottawa in some matter.

"Q.—Oh, we are not with the parliamentary committee at the moment. I a masking . . . A.—I think that Loranger matter has got something to do with the parliamentary committee, if I mistake not.

"Q.—Now, Mr. Graham, you allege in your plea in this case that you have sent a certain amount of money to Mr. Pelletier. Will you tell us what amount you sent to Mr. Pelletier? A.—Mr. Pelletier and his friends, and——.

"Q.—Well, my question is, Mr. Pelletier? A.—And his associates.

"Q.—I want the answer to go, for Mr. Pelletier, because that is my question? A.—Mr. Pelletier received $10,381.70 directly, and $19,000 at the disposal of the committee which he was asked to represent him.

"Q.—My question is, how much money did you send to Mr. Pelletier, Mr. Graham; that is a very clear question? A.—I have answered it.

"Q.—No; I want to know what money was sent direct by you to Mr. Pelletier; now that is a very clear question? A.—Mr. Pelletier received $10 381.70 directly in his name, and $19,000 placed at the disposal of the committee which he appointed to represent him.

"Q.—But that is the committee which you mean in your answer? A.—No; the committ—perhaps I better do into a detailed explanation of the matter, because it is a little involved unless it is so. About the 24th of October—23rd or 24th of October—I received a letter from Mr. Borden, the chief, telling me that moneys must not be handled by any person, I believe—I won't quote the exact words, but to the effect that moneys must not be handled by men in the party, in public life, or words to that effect, and that it was better to have, in each province, persons appointed who were in every way acceptable to the party, locally. I sent a copy of that letter to all the different provinces where I was giving my assistance.

"Q.—What business has Mr. Borden's name to do with that? A.—With what?

"Q.—With the committee in question? A.—Mr. Borden asked persons to be appointed who were acceptable to the local friends."

"A—In a letter dated 26th of August herewith filed, it was intimated by Mr. Pelletier that the party owed him nine hundred dollars. I called to see Mr. Pelletier early in September, I believe it was, and spoke to him about the work. He referred to his claim against the party. I assured him that in due time this would be righted and said: I believe it was nine hundred dollars. Oh, no, Mr. Pelletier said, drawing a memorandum book from his pocket, it has risen to $1381.70. I understood these were for disbursements, cab hire and such things. Well, I said, certainly you will have it Mr. Pelletier; and on the 5th of October I sent him $1381.20 to cover the $900 and the increase of $481 that had taken place in the following five or six days. On the 10th October $2000 directed to Mr. Pelletier; on the 17th, $3000 to the committee, to Mr. Pelletier's committee, through Mr. Giroux; 21st of October, $3000 in same way; 24th, $4000 in the same way; 25th, $5000 in the same way; 29th, $4000 in same way.

"Q.—Now, sir, as a matter of fact, to what credit were the amounts—to the credit of whom the amounts of the 16th October, 21, 24, 25 and 29, were deposited. A—They were instructed to be sent to Mr. Giroux, one of your committee.

"Q.—Were they sent to Mr. Giroux? A.—Yes, sir, as I understand it. I paid them. Any way I paid them. I paid the money out of my own pocket, personal means, but not party funds at all; my own private means. That is why I know.

"A.—Mr. McNab was acting for a parliamentary committee from Ottawa. I do not know exactly the backers of it."

Text of letter produced by Mr. Graham, as exhibit II, 2:

Quebec, Aug. 20, 1904.

"B. A. McNab, Esq.,
Star Office, Montreal.

"My dear McNab—I have duly received your favor of the 25th instant and in answer I beg to say that I approve of the circular which you intend sening in my name about the circulationo of a French paper in the English provinces.

"I am of the opinion that the elections will not take place this fall and I have pretty good reasons to believe that.

"At all events I suppose it is better to be always ready.

"You say that you do not see me very often now.

"Did I not tell you that I had resigned as organizer of the province of Quebec. I was under the impression that I had told you so.

" At all events, if I have not it is on account of not having met you since, because you have inspired me so much with confidence, and I have kept of you such a good souvenir that I feel inclined to have no secret for you.

"Mr. Borden has understood my reasons and has consented to relieve me on condition that I keep the direction of the 20 counties of the district of Quebec, it being understood that my resignation is not to be made public, and that my name be used for such purposes, as the one you write me about today.

"The main reason why I took that course was because this organization has cost me so far $900 more than I have received and if there is one thing I dislike above all others, it is to be asking people for money all the time. Mr. Borden told me that something would be sent to keep things going in this district, but I have received nothing so far.

"I am doing my best without it, but of course I have to avoid everything exceeding trifling expenditure.

"You say that I do not write very often. I feel like returning the reproach. You may rest assured that I am always so glad to hear from you that you might write once and a while, and I will do the same thing. Yours truly,

"(Sgd.) LOUIS P. PELLETIER.

MONTREAL REGISTRAR'S DEATH

Montreal, Sept. 5—William John Watts, registrar for Montreal West, died suddenly at his home in Drummondville. He had been ill for some time, but his death came unexpectedly. Mr. Watts, prior to his appointment as registrar for Montreal West, was a member of the Quebec legislature for about 2 years. He was 67 years of age.

DEATH OF DIXIE WATSON

For Many Years Regina's Clerk of the Supreme Court—Pioneer of the West

Regina, Sept. 5—Dixie Watson, for many years clerk of the supreme court, died last night as the result of an operation. He was one of the pioneers of the west and welll liked for his genialty and good heartedness. At the last session of the Saskatchewan legislature a vote of $2500 was passed to Mr. Watson for his long and faithful services as clerk of the supreme court. Although he retired as clerk, he accepted a lighter position in the service of the government.

CORNISH MINER EARNS NEW V. C.

Risked Being Blown to Pieces by Dynamite to Save Comrades

It is not unlikely that the first recipient of the new order instituted by king Edward for deeds of bravery and self-sacrifice by miners will be William Pooley, a Cornishman, who works as a colliery sinker at Treherbert in South Wales.

This man deliberately risked death by dynamite in order that his five comrades might escape the effects of an explosion intended to bring down masses of coal.

Pooley was on the early shift in the shaft and with his comrades had charged six holes with dynamite and ignited the fuses. The whole party then got into the cage to ascend to the surface. The signal was given to haul up the cage, but the cage for some unexplained reason remained stationary.

Telling his story to an interviewer Pooley said: "I realized that the fuses were being consumed and that the shots would go off shortly, so I shouted, 'For God's sake, chaps, let's pull the primers (which are the means of exploding the dynamite charges) out.'

"I jumped out of the cage to the bottom of the shaft and commenced extracting the primers. While doing this the cage with the other men inside commenced to ascend and one of them shouted a signal to stop, so that I could jump in. I shouted in reply 'No, go on, I will try and manage,' and went on pulling out the primers. I succeeded in getting five of the six primers out and then, finding that I had no time to deal with the other one, I crouched up in the side of the shaft and threw my oilskins over my face to prevent my face and eyes being burnt by the explosion.

I had hardly done this when the charge went off and down came a lot of stones, some of which fell on my head and sides. The primers with the detonator caps which I had pulled out, also exploded about my feet. Afte all the noise was over I realized that I had had a marvellous escape with my life, and thanked the Almighty for sparing me to come back to my wife and children."

STATE TELEPHONE SYSTEM

Saskatchewan to Follow Lead of Manitoba and Alberta—Crops All Right

Toronto, Sept. 5—Premier Scott in an interview today intimated that Saskatchewan would follow the lead of Manitoba and Alberta in establishing a state telephone service.

"Mr. Dagger, who helped in Manitoba," he stated, "is conducting an investigation into Saskatchewan conditions and will report. He will likely make a recommendation."

Mr. Scott was not prepared to say this recommendation will be immediately acted upon by the government but he left an impression that it would.

"There will be no setback to Saskatchewan crops; we should have as big a yield as last year," concluded the premier.

STRIKE OF TELEGRAPHERS

Company Officials Say It Does not Exist—Neill in New York to End it

New York, Sept. 6—Officials of the telegraphers' union state today that important developments in the telegraphers' strike may be expected next Tuesday when the directors of the Western Union hold their regualr quarterly meeting. Nearly 200 of the strikers have obtained other positions.

Officials of the Postal Telegraph company and the Western Union declare the strike is over so far as they are concerned.

Commissioner Neill is here to "end the strike of the telegraphers at once, and see that not only are both sides satisfied but that the interests of the public at large are safeguarded." It is declared by some that the instructions are from president Roosevelt.

SEARCHING FOR A VICTIM

Cleveland, Sept. 6—Today a former employee is suspected f having caused the deatoh of John J. Philips, coal operator and broker, who was shot and killed at his home in the aristocratic part of East Cleveland on Monday. At that time the crime was laid to a burglar but on Tuesday it was thought Phillips had committed suicide. On Thursday this theory was discarded and suspicion was directed against the widow, Charlotte Phillips, but now suspicion has shifted to an old employee.

SCOTSMAN FIRST AGAIN

London, Sept. 6—The first application for a marriage license under the new deceased wifes' sister law was made in Aberdeen yesterday. The license was granted.

CERTIFICATE OF THE REGISTRATION OF AN EXTRA-PROVINCIAL COMPANY

"Companies Act, 1897"

I HEREBY CERTIFY that the Snowdrift Gold Mining Company, Limited, has this day been registered as an Extra-Provincial Company under the "Companies Act, 1897," to carry out or effect all or any of the objects of the Company to which the legislative authority of the legislature of British Columbia extends.

The head office of the Company is situate in the city of Spokane, state of Washington, U.S.A.

The amount of the capital of the company is twelve thousand five hundred dollars, divided into one million two hundred and fifty thousand shares of one cent each.

The head office of the company in this Province is situate at the town of Koch's Siding and Noah Eastman, lumberman, whose address is is the same, is the attorney for the company.

The time of the existence of the company is fifty years from the first day of June, ninteen hundred and seven.

The company is specially limited under section 56 of the above act and no liability beyond the amount actually paid upon shares or stock in the company by the subscribers thereto or holders thereof shall atatch to such subscriber or holder.

Given under my hand and seal of office at Victoria, Province of British Columbia, this fifth day of July, one thousand nine hundred and seven.

S. Y. WOOTTON,
Registrar of Joint Stock Companies.

The objects for which the company has been established and registered are:

1. To own, purchase and otherwise acquire, mines and mining properties, and to sell and otherwise dispose of mines and mining properties, in any part of the state of Washington, United States of America, and in the Province of British Columbia, Canada.

2. To purchase, lease and otherwise own, control and sell such real and pers property as may be necessary to the prosecution of the business of this poration.

3. To purchase, appropriate and o dise acquire and to sell and dispos and to maintain such water rights water power as may be necessary to the due prosecution of the business of this corporation.

4. To develop and operate mines containing precious metals, and to sell the products thereof.

5. To construct, maintain, purchase and otherwise acquire any and all buildings, devices, structures, machinery and improvements essential to the due prosecution of the business of this corporation as above set forth.

6. To build and construct flumes, dams and other structures for the creation of water power and to maintain the same, such as may be essential to the conduct of the mining business of this corporation.

7. To mortgage and issue mortgage bonds upon any of the foregoing kinds, classes and descriptions of property that may be by this corporat n owned and acquired.

LAND REGISTRY ACT
TAKE NOTICE that an application has been made to register Mary Ann Sturgeon as the owner in Fee Simple under two several tax sale Deeds from R. J Stenson, Collector of the Slocan Assessment District to C. V. Gagnon, bearing date the 21st day of November, 1906, and the 22nd day of August, 1905, respectively, of all and singular those certain parcels and tracts of land and premises situate, lying and being in the District of Kootenay in the Province of British Columbia, more particularly known an ddescribed as:
All minerals, precious and base, save coal and petroleum, under lots four thousand and four hudred and seventy (4,470) "Mountain Chief No. 3" Mineral Claim, and four thousand four hundred and seventy-one (4,471) "Sarnia" Mineral Claim, both in Group One in the District of Kootenay.
And said minerals have been transferred by the said C. V. Gagnon and the said Mary Ann Sturgeon.
You and each of you are requested to contest the claim of the tax purchaser within fourteen days from the date of the service of this notice upon you, and in default of a caveat of certificate of lis pendens being filed within such period, you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Mary Ann Sturgeon as the owner thereof.
DATED at the Land Registry Office, Nelson, Province of British Columbia, this 23rd day of July, A.D., 1907.
H. T. MACLEOD,
District Registrar.

NOTICE TO DELINQUENT CO-OWNER
To James Livingstone, or any other person or persons to whom he may have transferred his interest in the Alberta Mineral cliam, situated on the First North Fork of Lemon Creek, in the Slocan City Mining Division of West Kootenay district, and recorded in the Mining Recorder's office at Slocan, B.C.
You, and each of you, are hereby notified that I have expended the sum of four hundred and ten dollars ($410.00) in labor and recording fees upon the above named mineral claim in order to hold the same under the provisions of Sec. 24 of the Mineral Act; and that if, within 90 days from the date of this notice, you fail or refuse to contribute your proportion of the above said expenditure, which is two hundred and five dollars ($205.00) for the four years ending the 12th day of July, 1907, together with all costs of advertising, your interest in the said claim will become vested in the undersigned, under Sec. 4 of the Mineral Act, Amendment Act, 1900.
Dated at Slocan, B.C., this 15th day of July, 1907.
