EXPLANATIONS
AND
Principal Articles of the Calendar for 1881.

EXPLANATIONS.

The calculations are reduced to the nearest minute of local mean time for Charlottetown, with the exception of the equation of time, which is given for apparent noon, and the Sun's declination for mean noon, both Greenwich time.

If the declination is required at apparent noon it may be readily found, multiplying the hourly variation of declination by the equation of time reduced to the decimal of an hour, and applying the product to the declination at mean noon, attending to the following directions:—

| DECLINATION INCREASING. | | DECLINATION DECREASING | |
|----------------------------|---------------------------------|---------------------------------|----------------------------|
| Sun slow of clock. Add. | Sun fast of clock. Subtract. | Sun slow of clock. Subtract. | Sun fast of clock. Add. |

Example Required, the sun's declination at Greenwich, apparent noon, for February 1 and March 25 :

| | | | |
|------------------------------------|--------------------|-----------------------------------|--------------------|
| Feb. 1, hourly variation, Decln., | 43.06" | March 25, hourly variation, | 58.89" |
| Equation, | 13°53.16" = .2414" | Equation | 5°53.34" = .09354" |

| | 4306 | | 29445 |
| | 12918 | | 53001 |
| | 3612 | Declination increasing } Add | 53001 |
| Declination decreasing } subtract | | Sun slow, | 53001 |

| Declination mean noon, 16°58.14'9" | | Declination mean noon, 1°58'57.6' | |
| App noon, | 16°58. 4.9" | App. noon, | 1°59' 3.5" |

Satisfaction Guaranteed.

100 Men's Ulsters selling at cost to clear, immense bargains at Macdonald's, Queen Street.

Fur Muffs and Boas Cheap at S. W. McMurray's.

These data may be reduced, if required, to Charlottetown time, by multiplying the hourly difference by the constant 4.208, and adding or subtracting the result according as the data are increasing or decreasing.

For convenience of reference, the Sun's semi-diameter is given for every day in the year, in a separate table on page 17 of the Calendar, from which may be obtained the horizontal parallax by dividing the seconds of semi-diameter by the constant 107.44, and the parallax in altitude by multiplying the result by the cosine of the apparent altitude. Example:

| | | | | |
|---|----------------------|------------------------|----------|---------------------|
| For March 25, sun's semi-diameter, | 16'5"2 | $\frac{965.2}{107.44}$ | =8.98 | horizontal parallax |
| For parallax in altitude, 40°, for the same date, | 3.90 long., | .9534913 | | |
| | Cosine 40° | 9.8842540 | | |
| | Paralla in altitude, | 6.88 | 18377453 | |

The bearing of the Moon at the time of full and changes are given for assisting or testing weather forecasts, and the time of the Moon crossing the equinoctial, and of its reaching its greatest declination north and south are given as days of expected atmospheric disturbance. When these days fall on or near the time of the Moon's change or perigee, the disturbing influences is proportionally increased these cases are marked with ** or *** according as two or three of these are combined, the stronger and more certain may be the disturbance expected.

ECLIPSES.

There will be four eclipses during the year, viz.

I. A partial Eclipse of the Sun, May 2nd, five minutes before midnight, Greenwich time, visible to the northern parts of Asia and America, beginning at sunset—carried east.

II. A total Eclipse of the Moon, Greenwich time of conjunction, June 11th, 18h. 44m. 23sec., visible at Charlottetown, commencing two minutes past midnight, ending 5h. 20m, after the moon has set.

III. An annular Eclipse of the Sun, Nov. 21, G. M. T., 4h. 42m., only visible as such near the South Pole, visible as a partial Eclipse at Cape Horn and Patagonia.

IV. A partial Eclipse of the Moon Dec. 5, G. M. T., 5h. 7m. 11sec, invisible at Charlottetown.

There will be a transit of Mercury across the Sun's disc, November 7th, from 10h. 16m. 13sec. to 15h. 37m. 41sec., Greenwich time, therefore invisible to Charlottetown.

COTTON YARNS.

Nos. 5's to 10's, White, Blue, Red, Orange and Green, made of good American Cotton with great care, correctly numbered, and warranted full length and weight.

We would ask purchasers of Cotton Warps to remember that our Yarn is spun on Throstle Frames, which make a stronger Yarn than the Ring Frames used in making the American Yarn.

It is also better twisted and more carefully reeled, each hank being tied up in seven leases of 120 yards each. This makes it much more easy to wind than when put up without lease, as the American Yarn is, and also saves a great deal of waste.

Those acquainted with weaving, will understand the great advantage it is to them to use Yarn put up in this manner.

COTTON CARPET WARP

Made of 10's Yarn, 4 Ply-Twisted, White, Red, Brown and Slate, All Fast Colors.

Each 6lb. bundle contains 10,000 yards in length, and will make a length of Carpet in proportion to the number of ends in width. We put more twist into this Warp than it formerly had, and it will now make a more durable Carpet than can be made with any other material. Since its introduction by us a few years ago, it has come into very general use throughout the country.

BWARE OF IMITATIONS.—None is Genuine without our name on the Label.

Grey Cottons, in Various Qualities & Widths.

This Cotton will be found quite equal to American in appearance, and owing to the Yarn being harder twisted, it will prove much more durable. It is made with the smallest possible quantity of Sizing, and is consequently very much superior to any English Cotton imported. Our Grey Cotton has our stamp upon it.

COUNTY COURTS.

JURISDICTION OF COUNTY COURTS.

The County Courts have not power to try any of the following actions, namely :

First—Detinue, replevin, ejection, or any action where the title of land is brought in question. Or, Second—Actions in which the validity of any devise, bequest, or limitation, is disputed. Or, Third—Criminal conversation or seduction. Or, Fourth—Breach of promise of marriage. Or, Fifth—Actions against an executor or administrator, but executors or administrators may bring actions in the said Courts. Or, Sixth—Actions against any Justice of the Peace for anything done by him in the execution of his office. Or, Seventh—Actions upon a Judgement in the Supreme Court. (See Section 16, County Courts' Amendment Act.)

The County Courts have jurisdiction in all civil actions both of debts and contracts, wrongs and damages, where the debt of damages claimed, whether on balance of account or otherwise, do not exceed one hundred and fifty dollars, and on all claims on Bail Bonds or on other Bonds, given under the County Courts' Act, or any Act in amendment thereof, whatever may be the amount sought to be recovered, and in all actions recoverable under any Provincial Statute, where the remedy provided by such statute is by suit before any Court of Commissioners for the recovery of Small Debts. (See Section 17 County Courts Amendment Act.)

Where the debt or demand claimed is a balance not exceeding one hundred and fifty dollars, after an admitted payment, or set off any debt or demand, claimed or recoverable by the defendant from the plaintiff, the Court shall have jurisdiction to try such action. (See section 18 County Courts' Amendment Act.)

The plaintiff, in any County Court, cannot divide any cause or action arising out of a debt or contract, for the purpose of bringing two or more actions; but any plaintiff having cause of action, arising out of a debt or contract, may abandon the excess and can, on proving his case, recover to an amount not exceeding one hundred and fifty dollars; and the judgment of the Court in such cases, shall be in full of all demands in respect of such cause of action against a defendant for goods sold and delivered, and at the same time be the holder of promissory notes, made by such defendant and due and payable to the plaintiff, the plaintiff may sue for the amount of his claim for goods sold and delivered, without being required to sue at the same time upon such promissory notes, or that he may sue for such promissory notes, without being required to sue at the same time for the amount of his account for goods sold and delivered. (See section 20 County Courts' Amendment Act.)

RATES OF POSTAGE.

RATES OF POSTAGE on letters within the Dominion of Canada (including the Provinces of Ontario, Quebec, New Brunswick, Nova Scotia, Manitoba, British Columbia, and Prince Edward Island), to Newfoundland and to the United States.

WITHIN THE DOMINION OF CANADA.

| | POSTED PREPAID. | POSTED INSUFFICIENTLY PAID. |
|---|--------------------|-----------------------------------|
| On a letter weighing not more than $\frac{1}{2}$ an oz. | 3 cents. | |
| On a letter weighing more than $\frac{1}{2}$ an oz., but not more than one oz. | 6 " | Double the deficient postage. |
| On a letter weighing more than 1 oz., but not more than $1\frac{1}{2}$ oz. | 9 " | |
| and so on, 3 cents being charged for every additional $\frac{1}{2}$ oz., or fraction of a $\frac{1}{2}$ oz. | | |

The rate of postage on a letter posted within the Dominion of Canada, for transmission by mail to any place in Canada, is three cents per $\frac{1}{2}$ oz weight; but the Statute provides that this rate must be prepaid by Postage Stamp at the time of posting the letter.

Any such letter posted wholly unpaid (or prepaid less than one full rate of three cents) cannot be forwarded to its destination, but will be sent to the Dead Letter Office, with the reason plainly written or marked upon it—"postage not prepaid."

Letters as aforesaid posted in Canada, and addressed to places in Canada, when weighing more than half an ounce, and liable therefore to two or more rates of postage, will be transmitted by mail to destination, though not fully prepaid, if as much as one full rate of three cents has been prepaid thereon by postage stamp; and in such cases will be forwarded charged with double the amount of deficient postage not prepaid: Thus, if such a letter weighing more than $\frac{1}{2}$ oz., and not exceeding 1 oz. in weight, be posted prepaid 3 cents only, it will be rated 6 cents unpaid—"more to pay"—and forwarded to its address.

On letters posted at an Office to be delivered from it commonly known as "drop letters," the rate is 1 cent per $\frac{1}{2}$ oz., to be in all cases prepaid by postage stamps affixed to such letters when posted.

The charge for the Registration of a letter is 2 cents, to be prepaid by Registration stamp.

CANADA AND NEWFOUNDLAND.

Letters for Newfoundland are charged at the rate of five cents per half ounce, and must in all cases be prepaid.

The Registration fee to Newfoundland is the same as to places within the Dominion, viz., 2 cents, to be prepaid by Registration stamp.

CANADA AND THE UNITED STATES.

The rate of postage upon letters passing by mail between Canada and the United States is the same as to places within the Dominion, and must in all cases be prepaid by postage stamp.

The Registration fee to the United States is five cents, to be prepaid by Registration stamp.

AGRICULTURAL INSURANCE CO. Of Watertown, N. Y.

This Company has deposited with Dominion Government for protection of Canadian Policy Holders,

Had paid for losses up to 1st July, 1880,

Had assets for protection of policy holders same date,

\$ 100,000.00
3,044,437.71
1,215,205.11

The specialities offered by this old and reliable Company to its policy holders are as follows:
IT PAYS for losses by fire, or damage by lightning whether fire ensues or not.
IT PAYS for live stock killed by lightning anywhere on the farm or burnt in any of the farm buildings.

It does not take risks in business centres or endangered by commercial hazards, and is not liable to being wiped out by a conflagration such as that of St. John or Chicago. In twenty-seven years it has never lost over five thousand in one fire.

This Company has again established its business in these provinces, and its having over a million of assets, its experience of over a quarter of a century, its reputation for honorable dealing, its fair adjustments and prompt payments of losses ought to secure for it a fair share of patronage. Energetic and experienced Agents wanted in unrepresented localities. Apply to

ROB. ANGUS, TUNO N. S.,

Gen. Agent for Maritime Provinces.

JAS. DESBRISA Y,

Agent for P. E. Island

N. B.—The public must not confound this Company with the two Canadian Agricultural Companies which have lately had to give up business, as they were only weak imitations of this old and reliable concern which was established in 1853.

Foreign Newspapers and Magazines at

The Independent.

"The Foremost Religious Newspaper of the United States."—
JOSEPH COOK.

THE INDEPENDENT seeks the patronage of the public on three grounds, as follows:—

- 1st. It is the largest religious newspaper published.
- 2d. It employs as contributors more able Writers, at home and abroad, than any other weekly newspaper.
- 3d. It gives its readers a wider range of topics and more and fuller departments than they can find elsewhere.

THE INDEPENDENT consists of 32 pages, neatly cut and pasted. It is printed from clear type (we stereotype the pages weekly, and, hence, every issue is really printed with new type) and on good paper, and mechanically it is unexcelled.

The list of our contributors embraces names which are known throughout the nation. We may mention some of them.

Poets—John Greenleaf Whittier, Oliver Wendell Holmes, Richard Henry Stoddard, Jean Ingelow, Brete Harte, Paul H. Hayne, Joaquin Miller, C. P. Cranch, Alfred B. Street, Sydney Lanier.

Writers of Fiction, Travels, and Criticism—Elizabeth Stuart Phelps, Horace E. Scudder, Rebecca Harding Davis, Louisa M. Alcott, Edward Everett Hale, Susan Coolidge, Rose Terry Cook, Henry James, Jr., Sarah O. Jewett, Mary Clemmer, Helen Jackson, ("H. H. R."), "Gail Hamilton," Wm. M. Baker, Thomas Dunn English, L.L.D., Mrs. Gov. Lew Wallace, Louise Chandler Moulton, Jane G. Swissheim, Hon. Josiah Quincy.

Religious and Philosophical writers—Pres. Noah Porter, D. D., L. L. D., Pres. S. C. Bartlett, D.D., L.L.D., Prof. George P. Fisher, D.D., Leonard Bacon, D. D., L.L.D., Daniel Curry, D.D., L.L.D., Bishop E. O. Haven, D.D., L.L.D., Bishop J. F. Hurst, D.D., Bishop Henry W. Warren, D.D., Prof. E. D. Morris, D. D., Prof. L. H. Atwater, D. D., Chan. Howard Crosby, D. D., Bishop A. C. Coxé, D.D., L.L.D., Bishop J. T. Peck, D.D., L.L.D., James Freeman Clarke, D. D., Wm. M. Taylor, D.D., T. L. Cuyler, D.D., Philip Schaff, D. D., Ray Palmer, D.D., G. R. Crooks, D.D., Prof. W. C. Wilkinson.

There is no question of prominence in religion, politics, science, education, finance, or any other department of human knowledge which THE INDEPENDENT does not discuss. It has regular departments devoted to Biblical Research, Missions, Religious Intelligence, Book Reviews and Literary News, the Sunday-school, Education, Science, Sanitary questions, Fine Arts, the movements of ministers, Personalities, News of the Week, Financial and Commercial matters, Flowers and Farming, Insurance, Weekly Market and Dry Goods Reports, Prices Current, Cattle Market, etc. In its religious departments it gives news and statistics of all denominations of Christians, everywhere. In fullness, accuracy, and comprehensiveness this department is unequalled. Several columns of stories and poems adapted to old and young are given every week, with a column of puzzles.

From time to time sermons by eminent ministers are published. The current topics of the day are discussed in our editorial columns freely and vigorously. We are not afraid to state our opinions.

THE INTERNATIONAL REVIEW.

The publishers of the INTERNATIONAL REVIEW feel assured that the volume of that periodical now completed has more than fulfilled their promises made at the beginning of the year, and invite the attention of their readers to the features—old and new—which have given the INTERNATIONAL the high place it now occupies, and have rendered it a recognized authority in literary matters.

From the first it has been the aim of the publishers and editors to establish in the REVIEW a consistent system, coupled with the highest literary merit and grammatical accuracy. While the contents of each number is intended to include articles of timely value the high literary standard adopted will never be lowered in the interest of articles with "taking" titles, or signed by high-sounding names.

The REVIEW has from the first been most favorably received in literary and critical circles and taken a strong hold upon its readers. That this success has been fully deserved a glance at the contents of the nine volumes now completed is all that is necessary to convince the most exacting. There may be found the names of scores of authors whom the whole literary world has delighted to honor—Longfellow, Bryant, Holmes, Whittier, E. P. Whipple, Bayard Taylor, Henry James, Jr., W. W. Story, H. H. Boyesen, Alex. H. Stephens, David A. Wells, President Chabourne, Pres. Noath Porter, Froude, Philip Gilbert Hamilton, Miss Mulock, Chas. Tenyson, R. H. Proctor, Walter Besant, Thomas Hughes, Thomas Brassey, Wilkie Collins, Baron F. Von Holtzendorff, Carl Abel, August Vogel, E. de Pressense, Luigi Monti, Auguste Langel, Princess Dora D'Istria, Karl Blind, and a host of others equally well-known. And the titles of the articles also indicate a steady literary merit, and embrace a long list of subjects which were of special interest at the time of their publication and are still a living literary force. It may safely be claimed that nowhere is there to be found such a collection of brilliant and instructive essays upon subjects of universal interest, as between the covers of the nine completed volumes of the INTERNATIONAL REVIEW.

We make no special promises for the forthcoming year, but refer the readers to any recent number and ask them to accept it as an earnest of those to follow during 1881. Our expectation is to make even greater advance toward our ideal than in the past year, and we can assure our readers that there will be, at least no retrograde movement.

While the success of the REVIEW in a literary sense cannot be gainsaid, it has also achieved a material success alike gratifying to the publishers and an evidence of the correct taste of the reading public. But we are anxious to still further extend its sphere of usefulness, and if our readers will call the attention of their friends to the REVIEW they will be doing us a favor we shall not fail to appreciate.

The World's Model Magazine. DEMOREST'S ILLUSTRATED MONTHLY.

THE MODEL PARLOR MAGAZINE OF THE WORLD, COMBINING
THE ESSENTIALS OF ALL OTHERS.

The increasing popularity of Demorest's Monthly Magazine, a popularity extending over seventeen years, is ample proof that each succeeding year finds it improved in its vitality, beauty and attractiveness; thus meriting the enthusiastic eoniums bestowed upon it by a wide circle of intelligent and critical readers.

The peculiar features of this Magazine render it absolutely indispensable in the family circle. Its mission is to refine, elevate and instruct. Not only does it show how home may be beautified and adorned, but it points out the way by which the qualities of head and heart can be so cultivated that they will shed around the beneficent light of intellectual and moral beauty. Thus it is a safe family guide, a counsellor and friend for the young, while those older find profit and pleasure in its pages.

So varied and instructive are its departments, combining, as they do, Literature, Art, Architecture, Poetry, Floriculture, House and Home Matters, Work Table, Fashions, Young America's Corner, Editorials on Topics of the Day, Science at Home, Kitchen, Ladies' Club, Review of New Books, Common Topics, that it forms a valuable compendium of desirable and useful information for everybody.

Its Literary Department is richly stored with Serials, Shorter Tales, Biographical and Historical Sketches, Essays, Editorials, Poems and Miscellaneous Articles, from the pens of the best writers of Europe and America; thus furnishing the most choice and popular literature of the day.

Its Artistic department possesses unusual interest. It is illustrated with beautiful Art Pictures in oil of rare delicacy of finish, or well executed Steel and other Engravings of celebrated pictures, by world-renowned artists of ancient and modern times, and Fashion Illustrations, which for beauty, variety and reliability are not equalled by those of any magazine in the world.

Its Scientific, Architectural, Floriculture, Household and Fashion Departments are equally full and attractive; the whole forming a Magazine which most admirably combines the useful and ornamental, the instructive and entertaining, and which for beauty, utility, originality and cheapness, is without a peer in the field that it occupies.

Any one desiring a sample copy of this thoroughly comprehensive and Literary and Fashion Magazine, can obtain the same by forwarding Ten Cents; or for Current Copies, Twenty-five Cents.

Yearly Subscription \$3.00, with a valuable Premium to each Subscriber, who has a List of Twenty useful and beautiful Article to select from.

Announcement for 1881.

With the January Number LIPPINCOTT'S MAGAZINE will enter upon a NEW SERIES, a change which will be marked by many improvements and a material reduction in price. Maintaining the same high literary standard as in the past, but presenting

New and Attractive Features,

rendering the Magazine somewhat lighter in character than hitherto, its conductors will spare no efforts to secure for it the distinctive reputation of a thoroughly

Popular and First-Class Family Magazine.

The rapid development of periodical literature during recent years has been attended not only by a vast increase in the number of readers, but by a proportionate advance in their requirements. Some Magazines address themselves to particular classes engaged in special studies, others seek to meet the general demands of the mass of intelligent readers. Ranking itself among the latter, Lippincott's will aim to furnish entertainment and a healthy stimulus to those of both sexes who find their best mental refreshment in

Light and Attractive Reading.

Its new scheme will embrace a great variety of topics, giving special prominence to those that concern actual life, its interests, social aspects, and various phases, pathetic and amusing, presented in vivid pictures and graphic sketches. The list of writers will include many new contributors, fresh editorial departments will be added, and illustrations, carefully executed, will continue to hold a place.

Grand Diet of Worms!

DISSOLVED BY

WATSON'S

SCHOLEDION,

Which is offered to the public as a perfectly safe, pleasant and efficacious EXPELLER OF WORMS from the human system.

As this preparation contains no mineral ingredient, the administration of it to young children is not followed by the dangerous, and—in many cases—fatal consequences resulting from the use of many of the Vermifuges at present before the public

A compliance with the directions accompanying this, will prove that it deserves the character claimed for it above; while the promptness and painless character of its action render it, the cheapest and safest remedy for worms hitherto discovered.

DIRECTIONS.

| | | | |
|---------------------------------|----------|------|--------|
| A child from 6 months to 1 year | may take | 1 | stick. |
| “ “ 1 year to 2 “ | “ | 2 | “ |
| “ “ 2 “ to 4 “ | “ | 4 | “ |
| “ “ 4 “ to 6 “ | “ | 6 | “ |
| “ “ 6 “ and upwards | “ | 7 to | “ |

To be given at night, on going to bed, and on getting up in the morning fasting for three hours after. Two or four doses, according to symptoms, will ENTIRELY eradicate every species of worms.

Charlottetown, 21st Sept. 1869.

W. R. Watson, Esq., has informed me of the composition of his "Worm Candy" and I can unhesitatingly recommend it as a safe and efficacious vermifuge.

JAMES N. FRASER, M. D., I. R. C. S., Ed.

Having prescribed "Watson's Scholedion" in a large number of cases, in which Worms were indicated, we have much pleasure in stating that we consider it a very safe and efficient form Anthelmintic.

Messrs. JENKINS & BRINE, Physicians and Surgeons.

Charlottetown, Sept. 22, 1869.

Summerside, August 10th. 1869.

DEAR SIR,—I shall feel obliged by your making known, for the benefit of others, my opinion of your "Scholedion." The use of it in the case of my infant child has satisfied me that it not only merits the character claimed for it in your advertisement, but also that the advertisement does not do adequate justice to a most valuable remedy.

Yours truly WM. M. HOWE.

McKINNON & McLEAN.

It is a conceded fact that a country to become prosperous, must protect and encourage HOME MANUFACTURE.

Ours is a *Home Institution*, where we make STEAM ENGINES and BOILERS Lobster Factory Supplies, Mill Gear of every description, Threshing Mills and Fan-ners, Ploughs, Pulverizers, and Ship works of all kinds in Iron and Brass.

As Agents for the LEFFEL AND VULCAN WATER WHEELS, we would direct the attention of Mill owners and others, who use Water power, to the accompanying cut of the Water Wheel we are supplying. It is the original design, combining the latest improvements of Lef-fel's Patent, manufac-tured by Paxton, Tate and Co., Ontario, which we can furnish at lowest prices and most reasonable terms.

We also furnish BURR STONES, Improved EUREKA SMUTTERS BOLTING CLOTH, cut, to order and ready to put on Reel, and all MILL FURNISHINGS, cheaper than ever.

We would ask the special attention of Millers to our SILVER STEEL MILL PICKS, for Burrs,—Carbon edged and warranted. Give them a trial.
