Friends may depend upon our best and continuous assistance in all matters relating to despatch.

Friends will remember the earnest appeal we made in February, 1896, respecting the blighting and baneful influence of War. For more than two hundred years Friends have consistently and earnestly set their faces and their lives against soldierly influence and rule, the harvest being near at hand. The dream of Alexander I. and Stephen Grellet will soon be a fact. No quarter must be given in the future to the horrible war-spirit, and votes and voices must move on peace principles only. The Bookselling Season with ourselves has again come and gone. It has been a labor of love rather than of speculation. Only the best authors and the highest and most enduring class of literature which is calculated to advance the interest of mankind at large, receive a welcome resting-place with ourselves, and we part with them again as we part with our dearest friends. We thank our many friends and correspondents in Canada and the United States, in England and Ireland, Germany and Paris, Hong Kong and the Sandwich Islands, for the patience and forbearance shown us under disappointment, for the kindly words to and respecting ourselves and our work, and EARNESTLY, SINCERELY, and AFFECTIONATELY we hope to resume our work in September next, when FRIENDS WHO LOVE GOOD OLD BOOKS and who appreciate our methods of business will kindly aid in the circulation of our Catalogue, as THIS KIND OF BREAD IS IMPERISHABLE AND WHEN CAST UPON THE WATERS OF TIME WILL BE SEEN AFTER MANY DAYS.

A FINE TALL COPY OF AN EARLY EDITION.

Johnson's (Dr. Samuel) DICTIONARY of the ENGLISH LANGUAGE,

in which the words are deduced from their originals and illustrated in their different significations by examples from the best writers, to which are prefixed a history of the language and an English grammar, 2 vols, stout folio, calf, each has two bookplates, RARE, 8.75, 1765.

JOHNSON'S Dictionary of the ENGLISH LANGUAGE, by DR. K. G. LATHAM, F.R.S., founded on that of DR. JOHNSON, as edited by REV. H. J. TODD, with numerous emendations and additions, 4 vols, 4to, a little rubbed and very cheap for 5.50, PUB. AT SEVEN POUNDS, London, 1866.

"THIS TRULY GREAT PHILOLOGICAL WORK is now brought to a conclusion. To the VOCABULARY of the original work, Dr. Latham has made so many additions that his work may fairly be pronounced the MOST COMPREHENSIVE AND COMPLETE that has hitherto been attempted. He has very properly admitted PROVINCIAL WORDS having an undisputed ancient origin; those WORDS of FOREIGN ORIGIN which have been incorporated bodily into the English language; purely COLLOQUIAL PHRASES and MODERN SCIENTIFIC TERMS, and COMPOUNDS of recent date. Another important improvement upon the original has been made in the ETYMOLOGY, all conjectural derivations having been rejected."

"Dr. Latham's work is not only an English Dictionary in the strict meaning of the term, but in many important respects a very valuable addition to our national Lexicography. It deserves to be studied by everyone interested in the language, and as a book of reference is admirably fitted for general usefulness."—*Edinburgh Review*.
