CORONA

-OR-

TACO

Assures you of Perfect Baking and good Heating.

The CORONA is known as the leader among stoves, as has been proved by the many satisfied users.

Constructed of extra heavy materials with 27 inch fire box (for wood), large copper reservoir, tinned on inside to prevent rusting and 21 inch oven covered with asbestos mill board to insure longer life.

Many other little conveniences and features that we will be glad to show you.

The TACO very simple in construction, but designed for those who prefer a little smaller, lighter and cheaper range.

Ask your neighbor about the CORONA—he has one.

A Full Line of FAWCETT Heaters

The LOUNSBURY COMPANY Ltd.

Doaktown Newcastle Blackville

Mr. A. Alcorn of Blackville was in town last Thursday. Mrs. Mary McCarthy and Mrs. Frank Gillis were in Chatham last week, attending the Graduating exercises of Nurses at the Hotel Dineen.

The many friends of Mrs. Aleck Haug, who has recently been in poor health, will be pleased to learn that she has undergone a most successful operation in the Montreal General Hospital.

A Course in Practical Agriculture

The third annual practical course in Agriculture will be held in the New Brunswick Agricultural School, Experimental Farm, Fredericton on November 16th to December 19th. These dates are practically two weeks later than the opening dates of the two previous courses. This should be conducive to a larger attendance as the press of the fall work will be practically over by that time.

Tuition is free for the entire course and board and lodging is furnished at the rate of \$3.50 per week in the School Dormitory. The principal is in residence to look after their interests at all times.

The work accomplished by the students of the previous courses in judging competitions of various kinds and the added interest these young men have taken in farm work since leaving the school has amply justified the expense and time devoted to the Course. One of the best advertisements of the first course was the attendance at the second course of a young man, an older brother of a young man who had taken the first course.

The expenses incurred by a student included his railway fare to and from the school, his board and lodging at \$3.50 per week and a small amount for laundry and incidental expenses.

Readers of this notice will confer a favor on the School and on the young men of their community by bringing the merits of the School to their attention.

NEWCASTLE JUNIORS DEFEAT CHATHAM IN TENNIS

The Newcastle Junior Tennis Club played an enjoyable tournament with Chatham last Saturday, in which the local players were victorious, winning by a score of 8 to 4. The young tennis players motored to Chatham in the morning, the play beginning at 9.30 o'clock. The visitors were served with lunch in the afternoon and a corn ball in the evening. The tournament and hospitality of the Chatham Junior Tennis Club was much appreciated by the Newcastle players and a return match will be played in Newcastle on Saturday of this week.

The following is the score and results of the various matches played:

Boy's Singles
Jack Searle, (C.) Kenneth Brown (N.) 6-2, 6-3, won by Newcastle.
Mac Snowball (C.) Byron Petrie (N.) 6-4, 4-6, 6-2 won by Newcastle.

Bep Loggie (C.) John Morrissy (N.) 6-3, 2-6, 6-4 won by Newcastle.

Girl's Doubles
Molly Loggie, Ebbess Tweedie (C.) Ethelwynne Ferguson, Edith McWilliam (N.) 6-4, 6-5, won by Chatham.

Helen Tweedie, Isabel McLachlan (C.) Marjorie Ferguson, Alice McTavoy, (N.) 6-4, 6-3 won by Chatham.

Boy's Doubles
M. Snowball, B. Loggie (C.) J. Morrissy, B. Petrie (N.) 6-4, 6-3 won by Chatham.

J. Searle, B. Fowle (C.) J. Morrissy, K. Brown, (N.) 3-6, 6-4 won by Newcastle.

Mixed Doubles

M. Snowball, Helen Tweedie (C.) Elizabeth Stohart, B. Petrie (N.) 7-4, 6-2, won by Newcastle.

B. Loggie, E. Tweedie, (C.) J. Morrissy, E. Ferguson, (N.) 6-4, 4-6 won by Newcastle.

J. Searle, M. Loggie, (C.) K. Brown, E. McWilliam, (N.) 6-5, 4-6, 6-5 won by Chatham.

D. Sadler, R. Searle (C.) K. Brown, Davida Troy (N.) 6-2, 6-1 won by Newcastle.

Girl's Singles
M. Loggie, (C.) E. Stohart (N.) 6-4, 6-1 won by Newcastle.

VARIETY SALE

The W. M. S. of St. John's United Church (Methodist) will hold a Variety Sale in the vestry of their church Saturday afternoon, Sept. 26th, at 2.30 o'clock.

There will be Cakes, Preserves, Pickles, Knit Goods, Sewn Goods etc.

Don't Forget—You may find just what you have wished for. 35-0Pd.

SPORTS PROGRAM HELD AT NEWCASTLE

The track and field sports which were carried over since Memorial Day, were run off Wednesday. After the events the prizes were awarded to the competitors on the field. The list of winners follows:

220 yard dash (Junior)—1st. C. Keating; 2nd. C. Craig. Time, 29 1/2.

220 yard dash, intermediate—1st. Brander; 2nd. F. Carter. Time, 30 sec.

220 yard dash, senior—1st. J. Keating; 2nd. R. Allison. Time 27 1/2.

Shot put, intermediate—1st. Russey. Distance, 27 feet 1 inch.

Shot put, senior—1st. Mcrell Taylor. Distance, 30 feet 4 inches.

Half mile run—1st. Bowling 2nd. Keating. Time 2 minutes 43 seconds.

High jump, senior—1st. Allison. Keating. Height, 4 feet 4 inches.

High jump, junior—1st. C. Keating. 2nd. Craig. Height, 4 feet 1 inch.

Tug of war—Harris' team won from Taylor's team.

The prizes were awarded by Mayor Russell who highly praised the competitors and congratulated the committee who were in charge of the meet and who were instrumental in bringing it to such a successful venture.

REQUEST BAXTER CABINET TO ADOPT QUEBEC LOG SCALE

The Provincial Government gave a hearing to a committee of the New Brunswick Lumbermen's Association which requested that certain measures for the relief of the lumber industry of the province be put into effect. Consideration was promised.

The requests of the committee were along the line of those made of the outgoing government led by Hon. P. J. Veniot, the response to which was not satisfactory to those who made the request.

The committee which waited upon the Government was composed of the following: Angus McLean of Bathurst; Arthur Culligan of Jacques River; Archibald Fraser of Fredericton; D. Ritchie of Newcastle; R. O'Leary of Richibucto; J. W. Brankley of Chatham and W. E. Anderson of Saint John, secretary.

The requests made of the Government embraced three chief points. The reduction of the rate of stumpage to \$2, that rate to be effective for a period of five years; the establishment of the Quebec log scale system, and the extension of

NEWCASTLE CONSERVATIVES APPOINT DELEGATES

At a largely attended meeting of the Newcastle Liberal-Conservative Association held last Wednesday evening in the Town Hall delegates were appointed to attend the County Convention to be held in the Palace Theatre, Chatham on Tuesday, 22nd inst. Vice-President D. S. Creaghan occupied the chair and W. H. Davidson the secretary took the proceedings of the meeting. The present board of officers and executive were re-elected for the ensuing year. The officers are President, G. G. Stohart Vice-Pres. D. S. Creaghan, Secretary W. H. Davidson, Treas. A. V. Tracey Gould, and the executive consists of seven members of the association.

The following delegates and alternates were appointed by the open meeting.

Delegates

G. G. Stohart, C. E. Fish, David Leroy White, John H. Sargeant, Wm. Ferguson, D. S. Creaghan, R. H. Gremley, D. P. Doyle, A. V. Tracey-Gould, Joseph Manderson, W. F. Smallwood, Wm. McKay, F. V. Dalton, H. H. Ritchie, T. M. Maltby, R. T. D. Aitken, Wm. McCallum, J. A. Creaghan, C. M. Dickison and P. N. Brown.

Alternates

L. W. Buckley, G. T. Bethune, H. B. Cassidy, Arthur Copp, W. J. Sutherland, J. B. Russell and Murdoch Wedden.

The very important matter of organization was discussed by C. E. Fish, J. D. Creaghan, George Bethune, A. V. Tracey-Gould, J. A. Creaghan, W. H. Teed and R. T. D. Aitken. Each speaker laid particular stress on the importance of thorough organization and the great necessity of revision of the voter's lists. After a general discussion the matter of revision and preparation of lists was first left in the hands of the executive for attention, which on reconsideration was placed in charge of Mr. C. E. Fish, who was authorized to choose his own workers. The President G. G. Stohart pointed out to the meeting the importance of the preparation of the lists; the matter of transportation on election day and the inside and outside agents and workers.

It was decided by the association to hold fortnightly meetings during the election campaign, of all members of the Liberal-Conservative Party and the meeting adjourned to meet in the Town Hall on Wednesday evening, Sept. 23rd.

the period of leases.

The Veniot Government in replying to requests made of them by the Lumbermen's Association reduced the rate of stumpage on spruce, pine, hemlock and cedar to \$3.00 per 1,000 feet and on hemlock to \$2.25 the previous rate in each case having been \$4; and reduced the rate on fir to \$2.50 from \$3.00. The request for the Quebec scale, which is more generous to the lessees than that in vogue in N.B. was refused at that time as was also the request that the stumpage reduction be retroactive.

The present arrangement with regard to term of timber leases of crown land is that leases expire in 28 years with privilege of renewal of saw mill licenses for ten years, and pulp mill licenses for 20 years.

MORE MILK

—after prolonged tests more milk has been added to all Moirs Chocolate Bars. This in spite of the fact that they were already considered the creamiest on the market. The bars benefiting are: Cream-O-Milk, Nut Milk Chocolate, Roast Filbert Milk Chocolate with Vanilla Milk Chocolate, Almonds, Burnt Almond Milk Chocolate.

Canadian money is not only above par in the States, it's above par in buying Moir's Nickel Treats.

Meighen Positively Not An Advocate Of Amalgamation Of Two Railway Systems

Conservative Leader Equally Definite In His Declaration That the Canadian National Must Not Be Plunged Deeper Into Debt by Further Capital Expenditures

Without a Strong, Definite Fiscal Policy, this Country Will Be a Mere Adjunct, a Mere Hanger-on, a Mere Feeding Ground for the United States, Declares Rt. Hon. Arthur Meighen—Whither Are We Going, Asks Senator Robertson—Railway Employees Decreased—I. C. R. and Record of King Government

Chatham, Sept. 17.—Without a strong, definite fiscal policy, this country will be a mere adjunct, a mere hanger-on, a mere feeding ground for the United States," Rt. Hon. Arthur Meighen, Conservative leader, informed a large audience in the opera house here. The Conservative leader had motored forty miles from Rexton, where he had spoken at the unveiling of the Bonar Law Memorial in the afternoon. His speech touched on transportation problems, immigration and last but in his opinion most important, tariff.

"What is the transportation policy Mr. Meighen asked his audience. "You don't know, I don't know; but what is most disastrous, the government do not know," declared Mr. Meighen, answering his own question.

He stated positively that he was not an advocate of amalgamation of the two great Canadian railway systems, but he was equally definite in his declaration that the Canadian National must not be plunged deeper into debt by further capital expenditures.

On the tariff he declared that a policy must be adopted which would give work to the Canadian people.

The government failing in that fails in the first essential he insisted.

Whither are We Going?

Senator Robertson, former minister of labor, was the first speaker. At the present time, he said; the question in the minds of most Canadians were, whither are we going? Is our employment getting more secure or less secure? Are we progressing or are we going down the hill?

Canada's trade was on the decline, and that was the reason that 500,000 Canadians had left their own country in four years, the speaker said.

"That is the reason that hardly a wheel is moving in Chatham today," Senator Robertson told his audience.

Since the war, 67 countries of the world had increased their tariffs. Canada, on the other hand, had reduced hers. This was the reason why Canada was lagging behind, why Canadians were leaving their own country for the United States.

Railway Employees Decreased

The effect of the fiscal policy of the present government on Canadian railways was dealt with by Senator Robertson. He said that the number of railway employees on Canadian roads had decreased by 20,000 since the government took office. Today there were 160,000 railway employees working. Supposing next year, the government continued to cut the tariff and close factories. The result would be decreased traffic and further unemployment for railway men, or a decrease in wages for those employed.

But Canadian railway employees were not going to accept cuts in their wages, even though the policies of the government meant decreased traffic to the roads. If necessary they would go to the United States and get employment there.

Senator Robertson drew some applause when he remarked that the representative of Northumberland constituency in the last parliament W. B. Snowball, had promised renewed activity among industries of Chatham.

"He promised you all sorts of things," said Senator Robertson, "and what he has done, I believe is to close his own plant."

Twaddle of Premier King

"The government of Canada should never interfere with the operation of the system," Mr. Meighen declared, "whether the present government does or does not. I don't know but I have my suspicions."

Mr. Meighen ridiculed the claim of the Prime Minister that he had a majority of but one in parliament. "All this talk and all this whining about majority of one is so much twaddle," Mr. Meighen said. "The government had courted an alliance with the Progressives—had declared that their principles were identical, and by the virtue of this alliance of majority in the House was sixty."

The need of the Maritime Provinces for assistance in the matter of railway rates was discussed by Meighen. He opened his policy whereby financial assistance from the treasury of Canada would be given in order to enable goods from the Maritime Provinces and the West to get into the central markets of Ontario and Quebec. He pointed out the fact that the West and the Maritime Provinces were handicapped by their location and he felt that the whole of Canada should assist in removing this handicap. The faith of the government in a coming era of prosperity for Canada was remarkable, Mr. Meighen thought.

"You know faith founded on the hopes of office is a wonderful thing," he informed his auditors as in previous speeches. He concluded his speech with a declaration that Canada's remedy lay in a protective tariff. "The basis essential is to get work for the people," he said; "and the government that fails in that fails in the first essential."

Pointed to what a protective tariff had done for Australia. Over three prosperity reigned according to a prominent Australian who had addressed an audience in Toronto recently. In Canada stagnation prevailed in many lines. The King government had found a sales tax of 2 per cent on Canadian produced goods when it came into power. The first year it had increased this tax to 1.2 per cent the second year to 2 per cent and the third year it had reduced it to 5 per cent. "And now Mr. King says glory be to us we reduced the sales tax," Mr. Meighen insisted.

I. C. R. and King Government

Mr. Meighen asked anyone in the audience to tell him what the transportation policy of the King Government was. "You don't know, I don't know. But what is still more disastrous, the government doesn't know," he declared.

At the time of the last election the Liberals had declared that the inclusion of the Intercolonial Railway in the National system was a crime against the people of the Maritime Provinces, Mr. Meighen said.

Hon. E. M. MacDonald, the Minister of National Defence, "since he escaped from Picton to Antigonish-Guysborough they call him the Minister of Self-Defence," Mr. Meighen interjected, had been making this charge recently. But the governments of Mr. King and Mr. MacDonald had been in power for four years.

Keep a Box Always Handy!

Zam-Buk provides an ever-ready and reliable first-aid for injuries. It is also unequalled as a soothing, speedy remedy for obstinate and deep-seated skin disease, poisoned wounds, ulcers, piles, etc.

Within every box of Zam-Buk are stored the most valuable healing, soothing and antiseptic properties known to Science. Its unique herbal composition and its absolute freedom from animal fats and mineral drugs make Zam-Buk the safest and best dressing for skin troubles of all kinds.

Nothing Like Zam-Buk FOR THE SKIN

Why Didn't They Take it Out?

"Why, if it shouldn't be in the national system, didn't they take it out?" he asked his auditors. The government had done nothing about it but complain that the Conservatives had included the Intercolonial in the national system.

We've gone into debt at the rate of about a million and a half dollars a week since this government came into power," Mr. Meighen said. He was not out for amalgamation of the Canadian railways, Mr. Meighen said. In fact he would advocate any other course rather than that.

"I want to see the Canadian National system pay but I know that it can never pay if the present practice continues," Mr. Meighen assured his hearers. Capital expenditures should be cut down. He did not favor interference with the operation of the system, but he would refuse money for expensive "fads" which were unnecessary to operation.

Canada's Mineral Output Praised

"Canada has reason to be proud of the rapid growth of her agricultural and mineral output" declared L.W. Meekins, United States Trade Commissioner to Canada and Newfoundland. Mr. Meekins expressed the wish that more Americans would traverse Canada from Atlantic to Pacific in order to obtain an adequate appreciation of its present development. Interest in the United States, he declared is keen regarding Canadian Trade possibilities and much of his work, he added consists in trying to make the American commercial public better acquainted with Canadian business methods.

Friendly Relations Now Being Resumed

A resumption of friendly relations is in course of consummation between two branches of the Masonic Fraternity that have been somewhat estranged for many years, namely: the Grand Chapter of Quebec (Royal Arch Masons) and the Grand Lodge of Mark Master of England.

For reason of a purely Masonic nature, these two sections of the craft suspended fraternal relations in 1883. This year, overtures were opened with a view to restoring between the two sections official relations of as amicable a nature as exist between their individual members on the common ground of the A. F. and A. M. The Grand Lodge of Grand Master Masons in England has shown a desire for amity equal to that of the Grand Chapter here, with the result that the estrangement is now considered at an end. This brings the Grand Chapter of Quebec into completely harmonious relation with all the sovereign Grand Masonic bodies of the world.

Freshmen Class At N.B. University

The University of New Brunswick will have one of its largest Freshman classes in the history of the institution with the reopening of the college year and the commencement of classes.

Chancellor C.C. Jones expects that the incoming class will equal in number that of last year when fifty-eight students entered the University, comprising one of the largest classes on record with the exception of the year following the conclusion of the Great War, when returned men taking the D.S.C.R. courses swelled the Freshman class to an unusual extent. It is believed that this year's class will number some sixty odd students, half of whom will enter the engineering faculties.

A dozen young women are anticipated...

Cooked An Egg Over Ice By Wireless!

NEW YORK, Sept. 17.—Cooking an egg over a cake of ice by wireless was one of several demonstrations of mysterious radio power given yesterday at the Radio World's Fair. The egg was placed on a frying pan on the ice. In a moment the pan became red hot through action of waves that penetrated the ice. The egg soon was cooked to a turn.

The trick was done through the so called wireless lamp, the inventor of which also lit the bulb through a man's head.

Rum Smuggling In Kent Co. Reported

Several reports of the liquor smuggling along the coast have been received. The latest is that 400 cases of Scotch whiskey were loaded a few nights ago at an island on the Kent county coast, less than a dozen miles from Shediac. The liquor is said to have been sold at \$12 a case and to have been distributed by motor cars from Moncton and vicinity. The whiskey was brought from St. Pierre in a schooner.

Residents of the Chatham post road and Moncton road say that there has been considerable liquor drinking by persons running motor cars from the north and that several recent accidents on these highways were due to drunken driving. Patrol of these roads by a provincial constable on a motor-cycle is advocated as a method of making human life safer and protecting the public from speed fiends.

High Blood Pressure is Prevented when Liver & Kidney are Regulated with Dr. Chases Kidney & Liver Pills

Here is the Summer Home of Mister Jack Frost Himself

THIS is the Ice Cave in Mount Sir Donald, near Glacier, B.C. The light of the sun streams in through the opening at the far end causing the frozen walls to glisten as though built of a thousand times ten thousand diamonds. It is rumored that this is the official summer residence of Jack Frost himself, to which the Chilly Monarch retires for his annual nap from spring time to autumn.

And this is a scene from Mr. Frost's private grounds, on the roof of the world in the Canadian Pacific Rockies. It is here, so we understand, that Mr. Frost spends most of his time when not asleep in his Cave. For a pastime he enjoys most of all riding around on chunks of floating ice and his favourite food is a good, deep crackly glacier which he prefers coated with a generous frosting of newly fallen snow. When the winter comes and the nights are long and dreary he lets out a wild whoop of joy (so we are told), jumps on a passing snow cloud and sails away over the continent, pushing down mesquites and heaping up snow drifts wherever he goes.

But after all, nobody takes him very seriously these days, for it would be a tiresome old world to live in if Friend Frost didn't come along once in a while and give us something to contrast with the summer.

E. W. GILLETT CO. LTD.
TORONTO, CAN.

Says It Is An Astute Move By The Premier

Toronto, Sept. 16.—"An astute political move," and one that would have its effect in the West, was the observation of several speakers on the appointment by Premier King of Vincent Massey as Minister without portfolio in the Federal Cabinet when Ward Four Conservative Association met last night at the I. O. O. F. Hall, College Street; to appoint delegates to conventions in the various ridings of which Ward Four is now a constituent part. Choice of the delegates passed tediously, but without incident following which about a dozen speakers were allotted five minutes each in which to address the gathering.

It was left to J. A. McCausland, M. P. P., who is not a candidate for Federal honors, to sound a note of caution. After declaring that the appointment of Mr. Massey was an astute political move, Mr. McCausland went on to say that "King is no fool; he is a fairly good politician, and we must realize that fact, and not underestimate him."

The matter of Mr. Massey's appointment to the Cabinet was also attacked by T. L. Church, candidate for honors in the Northwest riding, who charged that the agricultural industry lined up against Hearst, lined up with Drury against Ferguson, and is now lined up with King. He voiced the hope that there would be complete unity in the Conservative party. Fred G. McBrien, M. P. P. an aspirant to Federal honors, observed that "Massey is going to have the proud distinction, if he runs in Toronto, of being a Cabinet Minister who will never get inside the Parliament Buildings."

TEMPERANCE FORCES ISSUE A STATEMENT

According to a statement given out by the executive of the Prohibition Federation of Canada in regard to a meeting of the executive held in Toronto on Thursday of last week, much was achieved in the direction of the permanent organization of the Federation. It was decided to appoint an educational secretary, who, it is hoped will be able to undertake the duties of his office at once. In view of the pending elections, a statement, which reads in part as follows, was prepared to be sent to the temperance forces:

"The Prohibition Federation of Canada, which seeks the ultimate elimination from Canada of the traffic in and use of alcohol for beverage purposes, in view of the present situation, regards Federal action as imperatively required to achieve the following ends:

1. The automatic prohibition of export, manufacture, importation of liquor; out of, within or into any province whose legislature having prohibited the sale, requests this Federal support, or whose electorate by referendum have voted for the prohibition of the sale
2. The refusal of Federal license to establish any new brewery or distillery in any province which has legislated as aforesaid.
3. The adoption of a thoroughly friendly policy of complete co-operation with the United States of America in the enforcement of the Constitution and law of that country.

"This declaration of national policy is given out at this time so that local units may forthwith bring the matter before candidates for nomination and election.

"The Prohibition Federation of Canada consists of the following co-operative units: The Baptist Conventions of Ontario, Quebec, and Manitoba; Evangelical Church of Canada; United Church of Canada; Salvation Army of Canada; National W.C.T.U.; Royal Templars of Temperance; Independent Order of Good Templars; Sons of Temperance; Social Service Council of Canada; Alberta Prohibition Association; British Columbia Prohibition Association; Manitoba Prohibition Alliance; The New Brunswick Temperance Alliance; Nova Scotia Social Service Council; The Ontario Prohibition Union; The Prince Edward Island Social Service Council; The Quebec Federation; The Saskatchewan Prohibition Association

No Better Medicine For Little Ones

Is What Thousands of Mothers Say of Baby's Own Tablets

A medicine for the baby, or growing child—one that the mother can feel assured is absolutely safe as well as efficient—is found in Baby's Own Tablets. The Tablets are praised by thousands of mothers throughout the country. These mothers have found by actual experience that there is no other medicine for little ones to equal them. Once a mother has used them for her children she will use nothing else. Concerning them Mrs. Charles Hutt, Tanook Island, N. S., writes: "I have ten children, the baby being just six months old. I have used Baby's Own Tablets for them for the past twenty years and truthfully say that I know of no better medicine for little ones. I always keep a box of the Tablets in the house and would advise all other mothers to do so."

Baby's Own Tablets are sold by all medicine dealers or will be mailed upon receipt of price 25 cents per box, by The Dr. Williams' Medicine Co., Brockville, Ont. A little booklet, "Care of the Baby in Health and Sickness," will be sent free to any mother on request.

N.B. Farm School Will Open Nov. 16

The New Brunswick Agricultural School at the Experimental Station, Fredericton, will open its course for men on Monday, Nov. 16. This will be the third year of the school. Principal M. A. McLeod has numerous applications for admission. The course will close about the middle of December.

CHURCHILL TELLS BRITISH DEBT STAND

Great Britain expects to profit by any agreement Finance Minister Caillaux of France may make in Washington to pay proportionately more toward funding the French debt to the United States than he has already agreed to pay Britain.

Winston Churchill, British Chancellor of the Exchequer, who recently effected with Caillaux a tentative settlement of the French-English debt, reiterated his country's stand in a speech Wednesday night. He announced that he had received a letter from Caillaux stating that the French Government had accepted in principle the Caillaux-Churchill agreement.

"I often am asked by Americans," Churchill said, "if Great Britain would object if the United States granted more favorable terms to France (than to Britain). I invariably reply, with the full assent of my colleagues in the Government, that a creditor has every right to discriminate between debtors, but debtors have no right to discriminate between creditors."

In other words, the United States may grant any terms she pleases, according to Churchill, but Great Britain would object to France agreeing to pay America proportionately more than she paid Britain.

Cannot Modern Housewives Cook?

Nellie McClung, author, lecturer, and Canadian from the breezy West, told an audience in the women's building at the Toronto Exhibition that modern housewives cannot cook. Not in so many words, but that is what she means when she declares that "home is not what it used to be; home was a grand place where daughters helped mothers; but now much of the cooking is just adding boiling water and serving."

"Can modern housewives cook? Have they become mere 'can openers' as Mrs. McClung hints, and forgotten the art their mothers practiced with such skill in the good old days when daughter helped mother? The prevailing opinion seems to be that domestic cooking is becoming very much a lost art. Instead of the savory feasts which mother and grandmother used to prepare the daughters now seem to rely upon the master chefs of highly organized and lavishly advertised companies which turn out all manner of foods from oxtail soup to boiled dinners—in cans."

Goodness receives appreciation.

The thousands of satisfied daily users of

KING COLE TEA

testify to its unfailing goodness.

For the enjoyment of old friends and new, Tea will be served FREE in restful "King Cole" Tea Rooms at the Exhibitions

—AT—

Sherbrooke, P. Q.	Fredericton, N. B.
Quebec, P. Q.	Sydney, N. S.
St. Stephen, N. B.	Bridgewater, N. S.
Woodstock, N. B.	Yarmouth, N. S.
Chatham, N. B.	Charlottetown, P. E. I.
	Saint John, N. B.

But cooking, like many other things, is a matter of practice, and no doubt when the daughters who are chided by Mrs. McClung have reached the age when they have grown up daughters of their own, the lament will be heard just as often and insistently. Give the girls a chance, and they will become just as efficient cooks as their mothers were.

Changing customs have robbed many homes of the daughters who help mother compose a meal, and many women today do their first cooking as brides. But when they do start, they enter into the business with zest and with greater understanding of its finer points. And after a few years they acquire a skill which rivals the old and causes them to deplore the lost art of cooking among the younger women of the day.

MINARD'S OINTMENT

"Treat them quickly with Minard's. It takes out the inflammation, soothes and swells."

Always keep Minard's handy. Good for all emergencies.

"Not only the Annex"

The Central Christian Church of Charlottetown had a Fawcett Pipeless Furnace put in their new annex. Recently the Vice-Chairman of the Board of Trustees, C. L. McKay, reported: "no satisfactory has been the capacity for heating that we have not only heated the Annex, but we have heated the main auditorium of the Church as well."

Very good. But the latest model of the Fawcett Pipeless will do even better. For one thing, the casing has been enlarged to a depth of 2 1/2 inches giving free circulation both of the warm air going up and the cooler air coming down

SACKVILLE, N. B.

Another Victory for Fawcett

At the Vancouver Exhibition, just closed Fawcett received the Gold Medal for furnaces and for ranges. This is not merely a tribute to the 70 years of supremacy they have enjoyed, but also to the improvements in the latest Fawcett models—Pipe and Pipeless furnaces, coal and wood burning heaters, coal, wood and gas ranges. Catalogue on request.

Fry Pan Free

Send 10c to cover postage and we will mail you the Fawcett Fry Pan—cast in one piece of solid cast iron. A small size, everlasting fry pan, handy for frying one egg, melting butter, etc. Tell us at the time you write how your house is heated.

Win This Prize!

The other day a request came in for a pair belonging to a Fawcett stove that we hadn't manufactured for over forty years, accompanied by a letter to the effect that the fine old stove had played such a part in the life of the family that they wouldn't like to part with it under any circumstances. There must be many more such "Human Interest" stories.

For the best account of an incident relating to a Fawcett Furnace, Heater or Range, or the lack of one, we will send free this handsome Baby Grand Range. Although its top is only 9 1/4 by 14 1/2 inches, and its height over all 17, it is a real steel range in every respect, beautifully enamelled, completely equipped. A splendid toy (think of it as a Christmas present to a little girl!) that will actually cook. Remember—free to the best account (not over \$50 words relating to Fawcett goods or the lack of them. The event is more important than the language—don't hesitate to tell about it. Answers must be addressed to Charles Fawcett Limited, Sackville, not later than Oct. 31.

"We are in Florida"

"Just at the present time we have too much heat in the house. I am obliged to shut all the drafts, and still we could imagine we are in Florida at times, the whole atmosphere being so warm. I must admit that all my fears have vanished, and the heat reaches the farthest rooms. J. L. Landry, M.D., written in mid-winter, 1922, from St. Philippe de Neri, Kamouraska, Que.

Is there one room you can't use in Winter? Do you hate to go up stairs at nighttime? Are your halls like arctic corridors? Let our engineers prescribe the size and style of furnace for your home and ever after you'll be able to enjoy Florida weather throughout the Winter.

After 25 Years

"I am enclosing a snap shot of my double house, built twenty-five years ago. At that time there was two Fawcett Furnaces installed, which have been in use ever since and now giving perfect satisfaction in every way. I find them very economical on fuel and can cheerfully recommend Fawcett Furnaces to anyone."

Harold A. Blackadar, Weymouth, 1924.

It is a fact that although there are thousands more Fawcett furnaces in actual use than any other Maritime made ones, Fawcett repairs are far less.

Sportsman From Holland For Big Game

For the first time since the war a citizen of a European country other than Great Britain has come to New Brunswick to hunt the moose and deer that are so famous all over this continent. G. J. Van Heek of Enschede, Holland, a cotton manufacturer on a large scale arrived last week and reported to Chief Game Warden, L. A. Gagnon, with whom he has been in correspondence this summer. Although the big game hunting has attracted many visitors from the United States and from all parts of the other provinces there have been few sportsmen from across the water here since the war.

In company with the noted guide Arthur Pringle, of Stanley, Mr. Van Heek is leaving for the hunting country on upper waters of the Southwest Miramichi.

Mr. Van Heek is a man of about

English accent and with but the smallest trace of an accent. He is a noted European sportsman and has exhausted the sporting attractions of Continental Europe. He expects to say here through the deer and moose season.

PERSONALS

Mr. M. Schaffer of Blackville was a visitor to town on Wednesday.

Miss Maudie Keating is spending her vacation with friends in Chatham.

Mr. Percy Winslow and son Kenneth of Montreal, are visiting the former's sister, Mrs. W. A. Park.

Rev. B. J. Murdoch of Douglastown left last week on a trip to New York City.

Mr. and Mrs. W. L. Durick attended the Fredericton Exhibition last week.

Mrs. W. J. Dunn, of White Plains, N. Y. is visiting relatives and friends on the Miramichi.

Rev. F. G. Mackintosh of New Glasgow, N. S. was in town on Thursday.

Mayor and Mrs. John Russell attended the Fredericton Exhibition last week.

Miss Margaret McCurdy leaves tomorrow for Halifax, to resume her studies at Dalhousie University.

Mrs. Charles Vanstone and little daughter of Gaspé, Que. are visiting relatives in Newcastle and Chatham.

Miss Hannah Miller left last week for Halifax to attend the Ladies College.

Miss Florence Galloway of Boston, is visiting her mother, Mrs. John Galloway.

Mr. and Mrs. Maynard Price, of Campbellton, were in town on Wednesday enroute to Portland, Me.

Mrs. Alfred Finnigan has returned to Boston after spending the past five months with her parents Mr. and Mrs. George Black.

Mr. Graham S. Jardine, of Toronto was in town Thursday, enroute to Rexton to attend the unveiling of the Bonar Law Memorial.

Mr. We'don Robinson of Detroit, Mich. is visiting his parents Mr. and Mrs. James Robinson; Millerton N. B.

Mrs. Arthur Petrie has returned from New Hampshire where she has been visiting her son the last three weeks.

Mrs. A. E. Quartermain and daughter, Maudie, were in Fredericton last week attending the Exhibition.

Miss Dora Ross returned to New York on Saturday after spending her vacation with her parents, Mr. and Mrs. Robt. Ross.

Miss Iris Forrest, who has been spending the summer holidays with her parents, Mr. and Mrs. Herbert Forrest, returned to school in Halifax on last Saturday.

Rev. A. W. Brown returned from St. Stephen on Tuesday where he was the guest over the week-end with the Rev. H. and Mrs. Scott formerly Millerton.

Mrs. Dell Boone, of Hartland, N. B. has returned home after spending the past two weeks with her daughter, Mrs. Claude Clyde, Chatham Head.

The many friends of Rev. S. J. Crumley of Blackville will be pleased to learn that the revered gentleman's health has so much improved that he is again able to take charge of his parish again.

Mr. and Mrs. Willis McD. Nicholson and Mrs. Wm. Ferguson left today by motor for a two week's trip to New York, Boston and other American cities.

Mrs. Frank Wallace of Halifax who has been visiting her home here returned to Halifax on Saturday. She was accompanied by her sister Miss Agnes Lawlor, who will spend some time in Halifax.

Among those who attended the baseball game in Bathurst last Wednesday afternoon were Meses Bertha and Annie Robertson, Mrs. J. Henderson, Mr. Albert Robertson, Harry Robertson, Charles McCullam, Wm. McCullam, Charles Dickson, Wm. Bayles and Chester Murray.

OBITUARY

MRS. EDWARD KANE

The death of Mrs. Edward Kane, which occurred at her home in Millerton on Monday morning Sept. 14th was heard of with deep regret by her numerous friends throughout the county. Deceased who was 60 years of age, had been an invalid for the past two years. She was formerly Miss Quilty of Barnaby River, but had resided in Millerton for the past 35 years. She is survived by her husband and one daughter, Miss May, at home; and one son E. P. Kane of North Adams, Mass. Also surviving are four brothers, J. P. Quilty, Supt. B. & M. Railway; Boston; Hugh A. C. N. R. Station Agent at Newcastle; Thos. of Somerville, Mass.; and John of Newcastle.

The funeral, which was very largely attended, was held on Wednesday afternoon. Requiem High Mass was celebrated by Rev. Father Burns, at 9 o'clock Wednesday morning and the funeral cortege, which was a very large one, left her late residence at 1.45 Wednesday afternoon, proceeding to St. Mary's Church, Newcastle where services were conducted by Rev. P. W. Dixon. The pallbearers were Rev. J. S. Mackay, James Robinson, C. C. Crocker; John Bettes, Michael Monahan, and John Doran. Interment was in St. Mary's Cemetery.

Sincere sympathy is extended to the bereaved family in their loss.

Nature's Warning

Danger Signals that Everyone Should Take Seriously

Pain is one of Nature's warnings that something is wrong with the body. Indigestion, for instance, is characterized by pains in the stomach, and often about the heart; rheumatism by sharp pains in the limbs and joints; headaches are a sign that the nerves or stomach are out of order. In some ailments, such as anaemia, pain is not so prominent. In this case Nature's warning takes the form of pallor, breathlessness after slight exertion, palpitation of the heart, and loss of appetite. What ever form these warnings take, wise people will not ignore the fact that many diseases have their origin in poor blood, and that when the blood is enriched the trouble disappears. Dr. Williams' Pink Pills are most helpful in such cases because they purify and build up the blood to its normal strength. In this way it tones up the nerves, restores the appetite and gives perfect health. Miss Hazel Berndt, of Arnprior, Ont. has proved the great value of this medicine and says:—"I am a young girl and have been working in a factory for the past four years. For two years I had been in such poor health that at times I could not work. I was thin and pale, and troubled with headaches and fainting spells. I doctored nearly all this time, but it did not help me. My mother advised me to take Dr. Williams' Pink Pills and after using them for a while I could notice an improvement in my condition. I used nine boxes and can truthfully say that my health is restored. When I began taking the pills I weighed 97 pounds and now I weigh 114. I feel that I owe my good health to Dr. Williams' Pink Pills and hope other ailing people will give them a fair trial."

You can get these pills through any medicine dealer, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

THE UNIVERSITY OF ST. JOSEPH

Changes Made in Faculty-- Missionary for Bengal

Almost a complete change has taken place at St. Joseph's University during the summer months.

Rev. Desmas LeBlanc C. S. C. a former graduate, has become religious Superior, and President. Rev. Father C. S. C. L. D. is Vice-President. Rev. T. F. Cashen, C.S.C. Ph. M. is Prefect of English studies. Father Cashen has just returned from a year's sojourn in the south, and followed graduate work in English literature at Notre Dame during the summer months. Rev. L. N. Papineau C.S.C. was appointed again as Director of French studies. Rev. L. Guertin, C.S.C.; D.D. has charge of the Scientific and Commercial courses. Rev. George Laliberte, C.S.C., D.D. is now Prefect of Discipline.

Rev. Leo Goggin C.S.C., D.D. visited the College during the week end. Father Goggin, ordained but a few months ago, will leave shortly for missionary duties in Bengal, India. The student body and the parishioners of St. Joseph's presented this young apostle with substantial purses and wished him God-speed and a fruitful harvest in the field afar.

CONCERNING WOMEN IN POLITICS

Although men and women in politics have disappointed those who had hoped that they would organize along sex lines and vote en masse, women have achieved something politically, declares Emily Newell Blair, who is Vice-Chairman of the Democratic National Committee.

"I know of no woman today who has any influence or political power because she is a woman. I know of no woman who has a following of women. I know of no politician who is afraid of the woman vote on any question under the sun.

"The women who are open to the same prejudices, prey to the same motions, worshippers of the same ideals as men will not be mobilized by any appeal to which men will prove invincible. In short, the events have shown what every rational person knew—that sex is not a line separating the brains, the prejudices the ideals of men from women, and that manhood suffrage was not the only defence that kept men and women from civic and political warfare. Those to whom it was a bogie and those to whom it was a hope have both been enlightened. Women suffrage did not mobilize a woman block.

"The battle of woman suffrage was to fight to win opportunity for women. Already it has won for some women an opportunity to become a judge of a State Supreme Court many to reach appointive offices, more to be elected to state legislatures and county offices. It has opened the door of party organizations. It has placed women in state and national conventions. It has won for all women a right to political opinions. To those who asked nothing more and expected nothing less this is not a bad showing for five years of woman suffrage.

"And do I mean to say that woman suffrage will not change politics at all that the woman voter will not change the world? Have women in business made any difference in the ways of offices; their atmosphere, and their manners. Have women buyers and women clerks made any change in stores. Have they made any change in the professions, in industry, in the arts? So much and so more can they be expected to make in politics

Was Killed While Putting Up Radio Set

Worcester, Sept. 16—Arthur Brusco, 23, of 49 Tampa, St. was instantly killed by electricity while installing a radio set at his home.

Brusco, according to his wife Pauline, promised his children he would install a radio set for them. He had strung his aerial and ground wires, and was bringing his lead in through the parlor window preparatory to connecting the set.

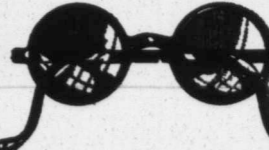

His four small children were standing about him asking him whether he would have the set connected in time for them to get the "bed-time story." He turned to his small son Arthur Jr. and said "It's pretty nearly finished, Artie. We'll just connect the two wires and then we will get the music."

He was holding the ground wire and turned to pick up the lead-in wire. There was a flash. Brusco screamed and dropped to the floor as the wire touched a heavily charged wire in the yard. Neighbors hearing the scream, ran to the Brusco apartment and pulled him off the wire.

The police ambulance was called but Dr. Arthur J. Nugent found the man beyond assistance when he arrived.

Would \$10 A Day Interest You?

It's yours if you act quickly. Skilled men in the following professions and trades are constantly in demand. The old established Hemphill Government Chartered Schools are training men to take positions as Mechanical Dentists, Automobile and Electrical Engineers, Barbers, Bricklayers and Plasterers. If you are not now earning at least \$5 a day write to 163 King St. W. Toronto, and we will send our free book which tells how it is done. DON'T STAY IN A RUT, LEARN A TRADE NOW!

Memorial To The Late A. Bonar Law

The Bonar Law memorial cairn at Rexton, Kent county, was unveiled thursday afternoon with fitting ceremony before a large gathering, by Richard Law, son of the Right Hon. A. Bonar Law, former Prime Minister of Great Britain, and the only Canadian born citizen who ever headed the British Government.

The memorial which takes the form of a cairn is about twelve feet in height and is built of grey granite boulders, having a score of cement. It is plain in structure massive and impressive, and is situated on the north side of the Richibucto river, within sight of the manse in which Bonar Law was born, and on land donated by Richard O'Leary, along the main road. The work on the cairn was done by Mr. Macbeath, and the cairn has a bronze tablet bearing the following inscription:

In Memory of
The Right Hon. Andre Bonar Law
Premier of Great Britain 1922
1923
Born in the Manse of Richibucto Parish, 1858
Died in London, 1923
His Ashes Rest in Westminster Abbey of Noble Character and Sterling Integrity. He Served His King and Country Faithfully
His Passing Was Mourned By The Empire
A Tribute From Citizens of New Brunswick

The ceremonies began at 3 p.m. Colonel Murray MacLaren, C.M.G. M. P., chairman of the committee which had arranged for the erection of the memorial, spoke as follows:

Here, in this town of Kingston now called Rexton, in the Parish of Richibucto, County of Kent, there was born in the year of 1858 Andrew Bonar Law, son of Rev. James Law, Minister of St. Andrews Church. The Manse in which he was born is but a short distance from the place in which we are now assembled. Here his early years were spent and at the age of five he began attendance at school, some of his former schoolmates are present today.

When he was eleven he went to Glasgow Scotland to make his home with relatives. His active and successful business career in that city is well known to us. This was followed by a seat in the British House of Commons, the holding of important posts as Minister of the Crown, tendering invaluable service to the state during the Great War and finally gaining the high distinction of Prime Minister of Great Britain for a period all too short. Then came ill health and his lamented death in 1923, at the age of 65 years.

So distinguished a career of the one Canadian who became a British Prime Minister and the high esteem in which he was universally held surely warranted recognition by his native province; and Dr. J. Clarence Webster who has accomplished so much for the history of this province, the architect of the idea, correctly interpreted the sentiment of the people in proposing the placing of a cairn, here to the memory of one of Canada's greatest sons. To a committee composed of Hon. P. J. Veniot, A. A. Carson and myself, all men of Kent, was assigned the duty of carrying out the proposal but recently the occasion has been saddened by the passing of Mr. Carson whose place has been taken by his son Kenneth Carson.

Mr. Richard O'Leary of Richibucto generously made a gift of this pleasant site and the Me-

memorial will be placed appropriately in the care and keeping of the Province. Our people readily contributed the stipulated small sums which were required and the cairn is a tribute to the memory of Bonar Law from the Citizens of New Brunswick.

It has been thought desirable to represent in the memorial something of what was so characteristic in the man, therefore in its construction it has been made simple, durable and steadfast.

Those who may pass by Yeomen of Kent and all others, will think of him who left these shores at an early age, who rendered invaluable service as a Minister of the Crown and later on became Prime Minister who throughout his life showed the splendid qualities which constitute Character Integrity, Uprightness, and disinterested Service to the State. He brought honor to Canada. Beneath all this will run strongly the conviction that he was a man who "Followed the Gleam," "After it! Follow it! Follow the Gleam!" was his inspiration and will so be treasured in the mind of all who belong to the British Empire.

It is fitting, therefore, that they should gather here today, to do honor to his memory, the Lieut. Governor of the Province; the Right Honourable Arthur Meighen, a former Prime Minister of Canada; Judges of the Province; the Premier of New Brunswick; Members of Parliament; distinguished visitors and people of the adjoining provinces.

Nothing gives the people more satisfaction than the presence of Mr. Richard Law, son of the late Prime Minister, who has come from Overseas to unveil this memorial to his distinguished father.

His Honor Lieutenant-Governor W. F. Todd, on behalf of the people of New Brunswick, requested Richard Law to unveil the cairn. Immediately after the unveiling Richard O'Leary made a formal presentation of the deed of the site.

Letters of appreciation of the life and achievements of the Rt. Hon. A. Bonar Law; former Prime Minister of Great Britain were read from the Rt. Hon. W. L. MacKenzie King, Prime Minister of Canada; from Lord Beaverbrook, a personal friend of the late Mr. Law and Sir Frederick Williams Taylor, General Manager the Bank of Montreal. Lord Beaverbrook's letter to Col. MacLaren to read, was as follows. From Lord Beaverbrook, 23 Bride St., London E. C. 4.

11th. August, 1925.

Dear Murray;— It is a real sorrow to me that I should be unable to be present at the unveiling of memorial to Bonar Law in his old home, and in a neighborhood I know so well.

Bonar Law was my greatest friend. His character was an incomparable mixture of shrewdness, and simplicity typical of the Province of New Brunswick. His shrewdness, he got in my opinion, from his Scottish ancestry, so well represented in that province; while his simplicity sprang direct from his own native soil.

Bonar Law was never a man to put himself forward, though he would never let himself be pushed back. But as time goes on, and history reveals by degrees the secrets of the Council Chamber, it will be discovered that he was

DOCTOR ADVISED AN OPERATION

Read Alberta Woman's Experience with Lydia E. Pinkham's Vegetable Compound

Provost, Alberta.—"Perhaps you will remember sending me one of your books a year ago. I was in a bad condition and would suffer awful pains at times and could not do anything. The doctor said I could not have children unless I went under an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the papers and a friend recommended me to take it. After taking three bottles I became much better and now I have a bonny baby girl four months old. I do my housework and help a little with the chores. I recommend the Vegetable Compound to my friends and am willing for you to use this testimonial letter."—Mrs. A. A. ADAMS, Box 64, Provost, Alberta.

Pains in Left Side
Lachine, Quebec.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my left side and back and with weakness and other troubles women so often have. I was this way about six months. I saw the Vegetable Compound advertised in the 'Montreal Standard,' and I have taken four bottles of it. I was a very sick woman and I feel so much better I would not be without it. I also use Lydia E. Pinkham's Sanative Wash. I recommend the medicines to my friends and I am willing for you to use my letter as a testimonial."—Mrs. M. W. ROSE, 680 Notre Dame St., Lachine, Quebec.

the real leader of the British Empire in the Great War,
Yours Sincerely,
BEAVERBROOK.

Regrets at his inability to attend were read from Hon. E. N. Rhodes, Premier of Nova Scotia, and addresses given by the Rt. Hon. Arthur Meighen, a former Prime Minister of Canada; Hon. P. J. Veniot, a member of the memorial erection committee; H. A. Powell, K. C., a boy friend of the late Mr. Law, and Hon. Dr. J. B. McPherson, Prime Minister of New Brunswick.

An address of welcome from the people of Kent county was presented to Richard Law by Dr. J. Clarence Webster, Shediac.

Wreaths were placed on the memorial by representatives of the Bonar Law Chapter, I.O.D.E., Moncton and the Provincial Chapter I.O.D.E.

Many of those present then availed themselves of the opportunity to visit the old Manse, where Bonar Law was born, this privilege having been extended by John Hudson, the present owner of the house.

New Professor At N.B. University

Dr. George H. R. O'Donnell, who has been appointed to succeed Professor Paul Kilmip as professor of French and German at the University has arrived in Fredericton, accompanied by Mrs. O'Donnell and family. Dr. O'Donnell is a graduate of the University of Idaho, where he obtained his B.A. Degree in 1912. In 1916 he obtained his Master's degree from the University of Washington and a Ph. D. from Yale in 1921. Since October, 1923, he has been abroad and for the greater part of the time a student at the University of Berlin. He has had three years experience as instructor in the University of Oregon, and was engaged in High School teaching at New Haven and High School and tutoring during his course at Yale University.

CANADIAN TRADE IN PAST WEEK

Dispatches to Dun's Review from branch offices of R. G. Dun and Co. in leading cities state that while many buyers still exercise considerable caution in their operations good crops in most sections, and an encouraging industrial outlook are resulting in steadily increasing confidence in Canadian business circles and there is already much more disposition to anticipate requirements than at this time last year. Orders received through the mails are quite satisfactory in volume, buyers are arriving in the leading wholesale markets in steadily-growing number, and sentiment regarding prospects for a heavy Fall and Winter trade is decidedly optimistic.

Retail trade at Montreal has been helped by the heavy tourist traffic, and the return of many vacationists to the city. More active conditions are apparent in wholesale lines. Orders are being placed for a wide variety of staple commodities by both country and city dealers, and prospects for the immediate future, are considered favorable. Collections are fairly prompt.

Wholesalers at Quebec regard the outlook for business as encouraging and they are busy preparing for an increased demand for all kinds of reasonable staples, which they expect to develop in the near future as retail stocks are reported to be unusually low and consumption, it is anticipated, will be stimulated by the satisfactory harvests in most districts. Collections continue to slowly improve.

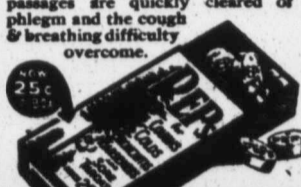

The return of many vacationists and preparations for the opening of the schools have stimulated retail distribution of reasonable staples at Toronto. Wholesalers state that orders for Fall and Winter dry goods, clothing, millinery, footwear, furniture, groceries, etc., are increasing steadily. Sentiment is now very cheerful, owing to the favorable crop reports and the improving outlook in numerous manufacturing lines. An unusually active season is looked for. Collections now occasion comparatively little complaint.

If Budworm Scourge Is Not Checked

That the entire coniferous forests of Cape Breton Island, are in danger of being ruined, if the budworm scourge is not checked, is understood to be the gist of a report brought back to Halifax by Otto Schlerbeck, forest insect entomologist, who proceeded to Cape Breton several days ago to investigate forest conditions there, at the request of the Nova Scotia government.

HAVE YOU BRONCHITIS?

Sufferers from deep-seated coughs and bronchitis find wonderful relief in these breathable Peps tablets—their medicinal fumes pass straight into the inflamed bronchial tubes. Delicate lining membranes are soothed and healed by Peps, air-passages are quickly cleared of phlegm and the cough & breathing difficulty overcome.

Here and There

All previous records set by the Manitoba Telephone System, a provincial all-government owned and operated utility, were surpassed in July, when net earnings for the month were \$15,764. A surplus of \$100,000 was predicted for the present fiscal year.

According to an estimate made by Quebec Automobile Club officials from data supplied by transportation companies and garages, 200,000 tourists have already passed through Quebec this year. This, it is explained, is an increase of twenty per cent. over the total for the whole of last year.

Building permits issued in Winnipeg since the beginning of the current year to date have topped the three million dollar mark, being \$3,084,840 for 1,704 structures. For the corresponding period of last year the total was \$2,289,450 for 1,733 buildings, an increase in value for this year of \$745,390.

Heavy shipments of this season's crop of potatoes in Fredericton, N.B., are now being made to the Cuban market from the potato belt on the Upper St. John River, according to the provincial superintendent of the crops and soil division of the Department of Agriculture. There have been large consignments from Carleton and Victoria counties.

Greater Montreal's population is now estimated at 1,028,000, according to the 1925 issue of Lovell's Montreal Directory just published. Population of the city proper is estimated at 907,500. Population in the suburbs and surrounding country is given as 120,500. The last estimate of Greater Montreal's population, by the same authority, gave the population as 979,027.

A party consisting of twelve Chinese students from Hong Kong and Peking arrived in Montreal recently to take up temporary positions in departments and shops of the Canadian Pacific Railway, in order to familiarize themselves with the railway situation in Canada. They will remain a few months and then return to China to make practical use of the information they acquire.

Among the notable personages who arrived in Canada during the first week in September from Europe were Princess Patricia, Sir Thomas and Lady Grattan, and the Earl and Countess of Mar and Kellie, all of whom were on the Canadian Pacific steamship Mountroyal; James Oliver Curwood on the Empress of Scotland and Baroness Orczy on the Montclair, of the same line.

Calgary, Alberta. — The No. 4 Royalite well (Imperial), continues to amaze geologists. Its naphtha production increased July to 546,135 gallons, 73 degrees Beaume, an increase of 25 barrels daily over the June production. The production continues to increase and the flow of gas at 20,000,000 cubic feet a day is being maintained. This flow will shortly be harnessed to supply Calgary.

Preparations are under way for the holding in Montreal in June next year of the annual convention of the American Association of Railroad Superintendents. J. K. Savage, General Superintendent, Canadian Pacific, was elected chairman of the arrangements committee, and plans were made for the organization of a complete committee to go ahead with the business of making the convention a success.

A despatch from London states that in the past three weeks more than 20,000 boxes of Quebec-made cheese have arrived and been sold in London at good prices, the quality, it is said, being of the best. It is pointed out that if Quebec products are to obtain the position they deserve here it is necessary to keep continuous supplies coming, in order to make them known to the general public, rather than to make either isolated or occasional speculative shipments. Along this line, some 7,000 boxes of Quebec-made cheese went forward from here to the London market during the past week.

New Military Head In India Makes Address

Simla, India, Sept. 12—Field Marshal Sir William Birdwood, the new commander-in-chief in India, appropriately made his first appearance in the legislative assembly when the house yesterday was discussing a bill introduced by a prominent Indian member to regulate the use of fire-arms in dispersing unlawful assemblies. The Field Marshal's maiden speech was one of opposition to the measure.

Soldiers, Sir William said, already felt a keen dislike, amounting to repugnance, to being called upon to assist the civil authorities. Officers with a definite personal sense of responsibility, were the best possible safeguard for ensuring the proper execution of the duties involved in aid of the civil power in the case of an unlawful assembly, he said. Such officers must have full government protection, since they alone were able to decide the necessities of the situation. He disliked anything which would tie the officers' hands or make the situation in the case of an unlawful assembly more arduous and complicated than it need be for him.

Copper Finds In North Of Sweden

Deposits of copper ore recently discovered at Skellefte a. in the north of Sweden, have been declared by mining experts to be the largest copper finds discovered in Europe for many years.

It has been pointed out as a coincidence that the discovery of these deposits happened in the same year as the seven hundredth anniversary of the Great Copper Mountain Mining Company, said to be the oldest industrial corporation in the world, which in the seventeenth century alone produced more copper than any other country in the world.

Auto License Fees To Reach \$200,000

Motor vehicle license fees will reach the \$500,000 mark this year in New Brunswick.

Actual receipts at the Provincial Department of Public Works from motor vehicle license fees this year have already reached \$492,000 and it was said that if all returns were in from dealers the amount would probably now be up to the half a million dollar mark.

The estimate for the year was \$500,000, a new high figure for this province.

A GOOD YEAR FOR LIVE STOCK MEN

The 1925 harvest is garnered and considerable of it is threshed from every part of the country come reports of satisfactory grain yields. There were sections of the country where the hay crop was light but taking in from one end of Canada to the other, the farmer has much to be thankful for. He can now plan on what stock he can winter or finish for the market. Prices for all kinds of live stock are good, and for those who sell grain the market is fairly satisfactory. The prices for cattle, hogs, sheep and lambs are considerably higher than at the same time last year. In fact, hogs are at a much higher level than at any time since 1920. Lambs are again at war time prices. Cattle are from \$1.50 to \$2.00 per hundred above last year, and equal to the September price of 1923. Scarcity of bac on supplies on the British market should insure continued high prices for live hogs. Fall pasture is good and grains are higher than last year although there is but little rise in the price of bran and shorts. Wheat is starting around twenty cents higher than at the same date in 1924.

Following market reports, it will be noted that the quotations on choice butcher cattle, choice feeders and choice lambs are, naturally, higher than for the average run. Select hogs bring a substantial premium. On the other hand, cull lambs and plain cattle are not readily picked up. Farmers raising feeder cattle should use the best bull available if they are looking for the top prices for their stock. If we were given to prophesying, we would say that from now on the tendency of the market, more than ever before, will be to pay the producer well for good stuff, but to cut heavily on the culls. Grading up the herd, so that it produces satisfactory market stock is not expensive. A good herd sire, saving the best heifers to replace old cows, and feeding a little better than in the past will soon change the appearance and value of the herd.

Fletcher's CASTORIA

MOTHER! Fletcher's Castoria is a harmless Substitute for Castor Oil, Paregoric, Teething Drops and Soothing Syrups, prepared to relieve Infants in arms and Children all ages of

- Constipation

Provincial By-Elections Dates

Writs have been issued for the

by-elections, necessitated by the filling of cabinet positions in the new provincial government. Saturday, Sept. 26th, has been set as nomination day; Saturday Oct. 3rd as polling day.

Silence That Is Not Golden

The merchant, who fails to "speak up" lets a lot of golden sales slip past his store. This lost business goes either to his competitor down street or, by mail order route to the big city stores.

People are often surprised to find that the goods they bought "unsight unseen" from a catalogue can be seen and examined in the local store!

Tell your buying public what you have—ADVERTISING in "The Union Advocate" will invite the whole community to your store. And—

Most Folks Shop Where They Are Invited to Shop

How to make DUTCH PICKLE

1 quart green cucumbers, 1 small cabbage, 1 quart onions, 3 red peppers, 1 quart green tomatoes, 1 large cauliflower, 1/2 cup salt.
Chop all fine and pour on enough hot water to cover. Let stand half an hour and drain, then make a dressing of the following:—
8 tablespoons Colman's D.S.F. Mustard, 3 cups sugar, 1 tea-spoonful turmeric, 1 cup flour.
Mix with a little vinegar until smooth, add mixture to 2 quarts vinegar stirring constantly over fire, until thickened, then pour over vegetables.

Local and General News

BORN
Sept. 7th, 1925, to Mr. and Mrs. J. S. MacArthur, nee Beatrice Piking, 45 Bedford St., Waltham, Mass.; a son (William, John, Albert).

PUBLISHERS TO MEET

PAINFUL INJURY
Mr. Robert Murray had the misfortune last week of breaking his collar bone. Mr. Murray was assisting in the loading of a tombstone on a motor truck, when unexpectedly the car was started and he was thrown to the ground.

NEWCASTLE CADETS SIXTH
Fredericton High School again has won first prize among the cadet corps of the province. This is the fifth successive year that the cadets have occupied first position. Aberdeen High School of Moncton was second. Rothesay Collegiate School had a higher score than Fredericton High, but it is not eligible for Stratford prizes. Harkins Academy Cadet Corp came sixth in the province. Major A. L. Barry is their instructor.

BIG BATTLE IN BRITISH ARMY MANOEUVERS

Sept. 17—Somewhere in the County of Hampshire, from September 23 to 29, will wage one of the greatest battles of modern times. It will be fought on the most scientific lines the world ever has seen, but there will be few casualties among the 40,000 troops participating, because the demonstration will be the autumn manoeuvres of the British Army. They are to be the most extensive staged since 1913.

Roads will be closed over a considerable area, and while the battle is in progress airplanes, almost unknown in military manoeuvres prior to 1913, will carry out operations on a plan never before attempted. The latest wireless inventions will be utilized to effect rapid transportation of men and ammunition by motors, while speeding up generally of the mimic warfare, with tanks moving at fifteen miles an hour instead of five, as in Flanders, will bring the opposing forces together more quickly than ever before.

Special devices for hiding guns and troops from aerial observers, as well as special smoke screen apparatus, will be tested during the manoeuvres, which will be attended by Marshal Foch and other foreign officers. British public has been kept in the dark regarding the exact location of the troops, so that the owners of excursion automobiles are advertising trips to hunt the battle field "somewhere in Hampshire."

CHURCH NOTICE

The Public Services of St. James' Presbyterian Church Newcastle, N. B. for

Sunday Sept. 27th, 1925 will be held in the

OPERA HOUSE at 7 o'clock p. m.

Service will be conducted by the REV. A. G. RINTOUL, B.A. of Thornton, Ont.

PRIVATE SALE
A quantity of household effects, including Table Piano, Kitchen Range, Furniture etc. will be sold privately at the residence of the late Dr. Joseph Hayes, Nelson, N. B. The goods may be seen at once.

Fraser's To Spend \$2,000,000 In Maine

The Fraser Companies, Ltd. of Canada, will spend \$2,000,000 in the State of Maine, in the course of their development at Madawaska, on the border, counsel for the corporation, told the Governor and Council at a hearing before them on the application for the right to construct two pipe lines for the transmission of sulphite pulp in liquor form from the company's mill at Edmundston, N. B. to a new mill at Madawaska, across the international bridge over the Saint John River.

Mr. Hart said that the action is taken under a law passed at the last session of the Legislature, which authorized the Governor and Council to permit the affixing of wire lines, cable lines and pulp lines in international and interstate bridges under certain restrictions.

Revised plans for the proposed pipe lines, approved by the State Highway Commission, have been placed on file at the office of the Secretary of State, the attorney added, and work will begin at once, if permission is granted.

No one appeared in opposition to the application.

APPOINTMENTS MADE AT OTTAWA

Of Harbor Officials in the Maritimes

Official announcement of the appointment of four harbor masters and an officer to superintend the survey and measurement of ships, who will also act as surveyor of accommodation for seamen, is made today.

Frederick William Campbell, collector of customs and registrar of shipping at the port of Campbellton, is appointed an officer to superintend the survey and measurements of ships and surveyor of accommodation for seamen at this port. Thomas Hubley, Black Point, N. S. is appointed harbor master at the port of Ingram, N. S., vice Eugene Huntley.

Randall Matthews, of the port of L'Etete, N. B., is appointed harbor master for that port, in place of H. W. Harris, resigned.

Clement M. Cormier, of the port of Buctouche, N. B., is appointed harbor master for that port, in succession to Adolphe Robichaud, resigned. Joseph L. Dufrenoy, of the port of Lower Caraquet, N. B., is appointed harbor master for that port, vice James A. Levesque, resigned.

W.B. SNOWBALL IS LIBERAL CANDIDATE IN NORTHUMBERLAND

W. B. Snowball, of Chatham, N. B., for Northumberland was unanimously chosen as the Liberal Standard bearer in the county convention of the party held in Chatham, Wednesday. No other names went before the convention. The convention was held in the Palace Theatre. About 300 electors were present. In the absence of County Secty. T. H. Whalen James Shanahan, of Nelson was appointed Secty. pro tem. President R. J. Gill, of Baraboy River, welcomed the assembled delegates and made a brief reference to the coming campaign. He urged upon them the necessity of strong organization.

After the transaction of some preliminary business the meeting proceeded to the principal business of the day, nomination of a candidate to represent the county. W. B. Snowball was nominated by James Nicol, of Chatham, and Mr. B. LeBlanc, of Rogersville. No other name was proposed and Mr. Snowball was accordingly named the convention's choice.

In thanking the convention for the honor conferred upon him Mr. Snowball said that he believed it to be a mark of confidence in his record during the last session of Parliament. The county which he represented was a large one and had varied interests but he had striven to the best of his ability to obtain concessions for his constituency and he cited several instances where needed works had been undertaken due to his efforts.

The speaker claimed that Northumberland County had received more benefits under the King administration than under the previous government. The Conservatives claimed to be in sympathy with the Maritimes but every estimate for Northumberland which came before parliament in the session just past had been bitterly opposed by Mr. Meighen and his Lieutenants. The Conservative Party had no eyes for the Maritimes alleged the speaker. They wished to build up Ontario at the expense of the east and west. Mr. Snowball touched but briefly upon the issues of the campaign. The railway problem was difficult of solution but its burden was largely a legacy from the previous Conservative Government. Making a brief reference to the tariff he said that no benefits could accrue to the Maritime provinces through a high protective tariff. It would mean the building up of Ontario manufacturers at the expense of our own people. The speaker briefly reviewed the Dominion situation and stated that the outlook was bright for a return to power of the King Government.

Other speakers who delivered brief addresses to the delegates were G. P. Burchill, of Nelson; F. M. Tweedie, of Chatham; A. G. Dickson; Napan; D. V. Allain, Neguac; Dr. F. C. McGrath, Newcastle; Cuthbert Donald, Upper Blackville; and Robt. Murray, Chatham.

The following resolution was passed.

Resolved that the Liberal party of the county of Northumberland in convention assembled places itself unanimously upon record as endorsing the record and policies of the Liberal administration at Ottawa under the leadership of the Rt. Hon. W. L. Mackenzie King and at the same

time this convention wishes to express its appreciation of the valuable services rendered to the county of Northumberland by W. B. Snowball, at Ottawa and that every elector and every delegate present at this convention hereby pledge themselves to work to the utmost of their ability to secure the return of W. B. Snowball the Liberal candidate in this contest; and that this convention express its confidence that on Oct. 29th the Liberal administration as led by the Rt. Hon. Mackenzie King will be again returned to power and that W. B. Snowball will again be elected as Liberal representative for the county of Northumberland.

Gloomy View Of Situation In Amateur Sport

Anent the proposed relaxation of the definition of an amateur by the Amateur Athletic Association of Canada to "suit changed conditions" and to "make the penalty fit the crime" the Hamilton Herald takes a gloomy view of the outlook for amateurism in Canada. The Herald on its editorial page says in part as follows: It has been recognized for a long time that amateur athletics in Canada have retrograded that certain of our foremost athletics in

possession of amateur cards have retained their "simon-pure" status only because they have found it more profitable than to turn professional. The Amateur Athletic Union of Canada, realizing that amateurism is in danger of complete destruction has been casting about for a remedy and from the President of the organization, Mr. W. A. Findlay of Montreal has come what seems to be a practical suggestion. It is that the penalty imposed by the Amateur Union for infractions of the code should "fit the crime." There is no denying the drastic regulations of the Amateur Union in Canada have invited deceit. Canada's national sporting scandal is her hockey tourists who change their places of residence annually. The residence rule designed to curb the tourists has been proven to be but a slight deterrent. There is but little incentive to develop home talent when as soon as it had been developed it is induced to display its wares elsewhere.
