## ENTERTAINMENT AT PARADISE

Programme by "Willing Workers" Under Direction Mrs. H. W. Longley—Personal and Social Items.

Paradise—A very fine Easter entertainment and supper was given in the church vestry Monday evening, April 21st. Mrs. H. W. Longley was in charge and was assisted by the "Willing Workers" and by members of the church aid society. The programme consisted of exercises, choruses and readings, provided by members from the Sunday school. Music was furnished by the choir, also a special feature of the programme was a guitar duet by Mrs. Ritchie Elliott and Miss Evelyn Longley. Candy and aprons sold, helped to enlarge the returns of the evening to the satisfactory sum of about \$20.00 which will be used for church purposes.

Those from Paradise who attended the Jubilee Missionary meetings at Middleton were Mrs. Minnie Rice, Mrs. H. J. Bateman, Mrs. Norman Longley, Mrs. W. H. Robinson and Rev. W. Stoddard Smith. All speak enthusiastically of the inspiration and power of these meetings and prophesy very definite and far-reaching benefits to the work in India among the Telugus as a result of this Jubilee effort and the messages of the Jubilee speakers.

Mr. and Mrs. Max Saunders of Wolfville, recently made a several days visit in Paradise. Following the closing of college they will return to Paradise for the summer.

Mr. Anthony Banks and Mr. Irving Bishop have completed their course at the Truro Agricultural College, and are now home for the summer.

After visiting for several weeks at the homes of her three sons here Mrs. Zaachava Phinney left Paradise Monday, April 28th, to visit another son and his family, Rev. H. H. Phinney, Kingston Village.

Mr. and Mrs. Burpee Phinney and family are leaving this week for Boston, Mass., where Mr. Phinney has accepted a position. Mr. Phinney has worked in Paradise for the last five or six years. They will be missed by the family and friends. The good wishes of the community follow them in their work elsewhere.

Miss Leone Banks, teacher of the Bear River East school recently visited her home here for the week-end.

Mr. Byron Chesley, who has been spending the winter in Wolfville, was here for a few days last week. He will return again next week to open up the home. Mr. Chesley reports little or no improvement in the state of Mrs. Chesley's health.

The annual church meeting and Roll Call of the Clarence and Paradise Baptist church will take place in Paradise, Monday, April 5th. A large representation from both parts of the field is anticipated. The usual business will be held in the afternoon including reports from the various societies. Supper in the vestry will be served by the Paradise ladies. An inspirational program for the evening meeting is being provided. Don't miss this particularly good and probably best get-together church day of the entire year.

## WILLIAMSTON.

Mrs. Jno. L. Shaftner has been spending a few weeks with her sister in Halifax.

Miss Effie Balsor has been ill with an attack of jaundice.

Mrs. Elbert Whitman has closed her house for the summer and gone to her home in Weston, Kings Co. Miss Hazel Dode, teacher in Kentville, was visiting her aunt, Mrs. Burpee Fitz Randolph during Easter vacation.

Miss Hilda Beals spent Easter in Le. Clarence the guest of her aunt, Miss Susie Beals.

Miss Eileen Shankel has returned to Acadia Seminary after spending the Easter holidays with her parents, Mr. and Mrs. B. M. Shankel.

Mrs. A. H. Bishop and Mrs. B. M. Shankel spent a couple of days in Middleton last week.

Mrs. Jos. Woodworth has been confined to the house for a few weeks through illness.

Mr. B. R. Parks of Clementsport, was a guest of B. Bishop on Good Friday.

## ACTION FOR FALSE IMPRISONMENT IN CASE OF ARTHUR SIMS

Last week papers were served in connection with the Arthur Sims case on action for false imprisonment.

Sims months ago was convicted of a violation of the Nova Scotia Temperance Act and sentenced to pay a fine of \$200 and costs within ten days or in default suffer three months imprisonment. The fine was not paid nor was he imprisoned till New Years Day, 1924. After this O. S. Miller, Barrister, took Habeas Corpus proceedings and the case was heard before Judge Russell in Halifax, with the result that Sims was released after he had served a month or so in jail at Annapolis. Mr. Miller took the ground that as the warrant had not been executed within the three months following conviction the lapse of time rendered it void and hence took action on behalf of his client for false imprisonment. The case is to come up at the June Court and will it is understood be contested by the Municipality.

## Provincial Highways Board Notice

On and after May the first all roads in the County of Annapolis are open for motor travel.

The public are asked to co-operate with the Highways Board and not use any road when wet or soft during the first part of May.

M. MILLAR, Division Engineer, Prov. Highways Board, Kentville, N. S., April 28th, 1924

## UNITED CIRCUIT NOTES.

On Thursday at Bentville and on Friday in Bridgetown the monthly illustrated lecture will be given. Admission 15c. and 10c. The lecture for this month is exceedingly fine and is more than up to Dr. Stephenson style. The subject is: "The New Canadian in the Making." We are glad to be able to say that we are securing "Ben Hur" for the month of May. This department of our church's activities has been operated this winter most successfully in conjunction with the whole District one of our own men being the organizer and supervisor of the scheme.

The Committees for the Conference arrangement the third week in June are getting into their stride and things are going along finely. On Conference Sunday, afternoon and evening, the male chorus of "Wesley Church," Yarmouth, one of the finest in the Province, will take charge of the music. In the morning the Acadia triple quartette will take charge of the music.

All funds for Missions, Social Service and Evangelism, Education, etc., (the so-called Connexional Funds), should be in by next Sunday so that we may see how we stand. Seven hundred and fifty dollars is needed for this year.

The regular quarterly meeting of the Boy's Work Board will be held in the Board of Trade rooms next Monday evening (May 5th) at 7 p.m.

## Obituary

### Mrs. Julia Anthony.

After a very brief illness of bronchial pneumonia, Mrs. Julia Anthony passed peacefully away at her home Port Lorne, N. S., on April 25th 1924, at the age of ninety years.

She was born in Port Lorne, Nov. 15th, 1833 and joined the Wilmot Mountain Baptist church in early life. She was married March 4th, 1854 to Capt. John Anthony, who predeceased her by nine years.

She possessed a strong and robust constitution and enjoyed good health until her recent illness. She was a faithful member of the church she so dearly loved. Her house was often opened for charitable objects and her home was a model of christian hospitality.

She was a faithful wife and devoted mother and beside a large number of friends leaves to mourn two daughters, Mrs. Jas. Miller of Boston and Miss Jane of New York. Also two sons Jason of Boston, Mass., and Willoughby of Bridgetown, N. S.

### Thomas Foster.

The death took place on Saturday at the home of his daughter, Mrs. Thomas Templeman, Port Lorne, of Mr. Thomas Foster, one of the oldest and most respected residents of the village. Mr. Foster was but three months short of eighty-six years of age at the time of his death, having suffered from asthma for many years, a sufferer for years his general health was for the most part excellent up to his last illness.

He leaves to mourn their loss two sons, Joseph I., of Bridgetown, and Fred W., of Carleton Corner; one daughter, Mrs. Thomas Templeman, Port Lorne, with whom he had resided for some time back; two brothers, David and Alonzo, who reside on the old homestead at Hampton and on sister, Mrs. Guilford Vidito, of Hudson, Mass.

The funeral took place on Sunday afternoon and services were conducted by Rev. D. W. Dixon and interment took place in the cemetery at Hampton, where the remains of the deceased were laid beside those of his wife, who predeceased him some fourteen years ago. Many friends attended to pay their last respects.

The late Mr. Foster was a native of Hampton and resided there during the first half of his life. He was one of a family of twenty-one children and was himself the father of eleven. It was a most remarkable fact that three of these were the tiniest ever born. With these, Dudley, Victoria, and Cassie, the parents travelled through the United States to all the leading cities, where the size of the children attracted wonder and astonishment. Dudley, the oldest, when full grown, was less than twenty-seven inches in height and his brother, Mr. J. I. Foster, has in his possession a pair of boots worn by this tiny little man, so small that an ordinary baby a year old could scarcely wear them. Other interesting heirlooms in the same home are two little chairs, the backs of which are not fifteen inches high. These were made in Bridgetown at the furniture factory of the late Mr. Bath Reed, father of Mr. W. E. Reed, of this town. They are beautifully constructed and upholstered and on them the little girls, who were not over fifteen inches in height were accustomed to sit. So small was the smallest that a teacup would fit on her head like a cap. Death removed them at an early age. Victoria at seven and Cassie at eleven. Dudley lived till his twentieth

year and with his parents travelled Europe and met many of the crowned heads. In London the late Queen Victoria came to see him and took the tiny man on her knee. All three children were bright and active and during their life-time, more than forty years ago aroused great interest through the entire civilized world.

Mr. and Mrs. Foster on returning from their travels resided for a number of years at Bridgetown.

## Personal Mention

One of the nicest courtesies you can show your friends is let them learn through this column of your visit whenever you go away. Let us know when you have visitors at your homes. The Monitor will consider it a courtesy whenever you give us an item of this kind. Write or phone No. 12 or 102.

Mr. and Mrs. Harold Buckler, of Dalhousie, left on Tuesday on a visit to Connecticut.

Dr. F. S. Anderson arrived home on Thursday from Dorchester, N. B., where he was called by the illness and death of his mother.

Mr. G. H. Peters and Mr. E. H. Collins of Digby, were visitors in town last week.

Mrs. E. L. Fisher is visiting in Halifax this week.

Mrs. Lenley McPadden and son David, of Clementsport, are guests of Mr. and Mrs. J. I. Foster. Master Morris Guest of Beausfield was also a recent guest at the same home.

Mr. Hallett McLaughlin arrived home from New Hampshire last week.

Mr. and Mrs. W. W. Graves and daughter, Mrs. Sidney Blenkhorn, arrived home on Saturday. Mrs. Blenkhorn had been visiting her sister, Mrs. O. F. Underwood at Detroit, since last September with the exception of some three months of the winter spent with her parents in Florida. On the return trip Mr. and Mrs. Graves and Mrs. Blenkhorn came by way of Detroit, where they spent a month with Mrs. Underwood.

Miss Violet Gillis of Upper Grandville, left on Friday for the U. S. Ronald C. Bishop of Lawrenceport, is in Halifax this week on business.

## OLD CHURCH BUILDING WILL BE REPAIRED

MIDDLETON—A largely attended meeting of the members of the United (Methodist and Presbyterian) churches was held last evening for the purpose of formally ratifying the motion that had been made to remodel the Victoria Methodist Church, instead of building a new one. Various things militated against pursuing the latter course. The motion passed with out opposition. It was also decided at this meeting that certain outside sections, formerly under the ministrations of the Middleton pastor, should now have a supply of their own. This suggestion had come from Dr. Ross, of Halifax, and Mr. Connel, Superintendent of Home Mission Board, and received the sanction of the United Churches. After the business was concluded lunch was served and a period of social enjoyment followed.

## FALKLAND RIDGE.

Clarence Mason, student at Wolfville, spoke in the B. church here Easter Sunday.

Bessie Marshall of the R. Bank at Halifax arrived on Friday to spend the Easter holidays with her parents.

E. H. Marshall accompanied by James Hyson left Monday morning for Middleton, a few minutes after their arrival Mr. Hyson dropped the body of Mr. Marshall accompanied the body to his late home at Simpson's Corner.

Mrs. Louisa Andrews who has spent the past six months at the home of Mrs. E. G. Mason, left on Tuesday the 22nd for New Albany.

Elbert Whitman of New Albany, came on Monday and accompanied Mrs. Andrews to New Albany.

Despite the rain and bad roads, a large number from here attended the funeral services of the late Robert Wilson at East Dalhousie.

Mrs. Mary Sprowle left the 25th for So. Farmington to visit relatives.

Mr. and Mrs. E. H. Marshall left the 25th for Simpson's Corner to attend the funeral services of the late James Hyson.

Mildred Starratt left on Wednesday the 23rd to attend the Jubilee of Missions at Middleton, from there going to Aylesford to visit relatives.

Word was received here on Easter Sunday by telegram from the passing away at Lancaster, Mass., U. S. A., April 19th of George Demone of tuberculosis. He had been resident of this place for two years, but a year ago he moved to U. S. A. thinking the change might be beneficial to him. He was of a quiet retiring disposition, a kind friend and a good neighbor. He leaves to mourn his passing a widow, formerly Mrs. Barbara Kaulbach, and three sons by the first wife, and three grandchildren. His body was brought to Springfield by his son, Simon, and buried beside his first wife. His family have our sympathy.

## BENT-TROOP

At nine o'clock on Wednesday morning last, Mr. Joseph Bent, only son of Mr. and Mrs. John Bent, and Miss Henrietta Troop, youngest daughter of Mr. and Mrs. William Troop, were united in marriage at the bride's home in Grandville Centre, Rev. J. H. Freestone pastor of the United church tying the nuptial knot. The bride was given away by her father and the wedding march was played by Mrs. Earle Poole. The contracting parties were unattended and the wedding was a quiet one, the guests being the immediate relatives and friends of the young couple. After the ceremony a dainty wedding breakfast was partaken of and Mr. and Mrs. Bent left by auto for Yarmouth where they will spend their honeymoon. The wedding gifts were handsome and many.

About a week previous to the wedding the bride-to-be was "showered" by her many friends and a most enjoyable evening was spent at her home. On returning from Yarmouth the young couple will reside at Grandville Centre.

## MERCHANT'S CLUB DAY

Business Men of Town Inaugurate Summer Schedule With Attractive Sale Offerings on Tuesday, May 6th.

On pages four and five particularly the attention of the readers of the Monitor is called to the advertising display inserted there by the merchants of the town. This year a new departure has been made to mark the date, Tuesday, May 6th, for the beginning of the opening for the season of the town stores on that evening of the week. The Wednesday half holiday will prevail for the summer months and from May on.

A careful perusal of the new advertisements will, we feel sure, prove of benefit to the readers of the Monitor for among them are excellent offerings and many money saving opportunities.

For the summer months negotiations are under way to secure the services of the Bridgetown Band to render a programme on Tuesday evenings. This is a good move. The band merits encouragement and the citizens and visitors will enjoy their programmes.

## DEEP BROOK.

Miss Blanche Berry returned home on Monday after a pleasant week spent with Mr. and Mrs. Elburn Berry at Torbrook Mines.

Mrs. E. V. Hutchinson spent a few days of last week in Yarmouth, attending the funeral of his sister's husband, Edson Ellis who passed away in Bear River, April 22nd.

Miss Margaret McClelland is attending school at the Academy, Annapolis Royal for the remainder of the school year.

Miss Evangeline McClelland of Acadia College, Wolfville, was an Easter guest at the home of Mr. and Mrs. J. Frank McClelland.

Mr. Joseph Henshaw left her on Friday for Boston, where he expects to remain for the summer.

Mrs. Frank Jones and son of Providence, R. I., have been spending a week here, the guest of Mr. and Mrs. James Vroom.

Mr. and Mrs. H. E. Snell and son Chester, of Bear River and son Laurence of Sydney, C. B., were Easter guests of Mr. and Mrs. L. E. Sherman.

A number of people from Deep Brook attended the special service at Smith's Cove Baptist church Easter Sunday evening. Special music under the direction of Miss Frances Austin, an excellent sermon by Rev. I. D. Lytle. Eighteen were received into church membership, this service was followed by communion which made an evening long to be remembered by those present.

St. Matthew's Guild, Deep Brook, was entertained on Tuesday afternoon of last week at the home of the president, Mrs. Ernest Purdy. The members had discovered it was the birthday of the hostess, who has been so untiring in her efforts for the welfare of the Guild and after the usual work was over and a delicious tea had been served, the vice-president, Mrs. Marsters, on behalf of the Guild presented Mrs. Purdy with a dainty piece of china. The recipient, although taken completely by surprise, thanked the members in a happy way and altogether the afternoon was one long to be remembered.

## HAMPTON.

Mr. and Mrs. William Johnson of Port Lorne, spent Sunday 27th with Mrs. Johnson's parents, Mr. and Mrs. Anson Mader.

Miss Zella Foster of Kennabunk, Me., is visiting her parents, Mr. and Mrs. Curtis D. Foster.

Mrs. Amos Rice and daughter Phyllis of Annapolis is visiting Mrs. Rice's parents, Mr. and Mrs. Lenley Banks. Mr. Lenley Banks, Mount Handley has also been a visitor at the same home.

Mr. David Kearns who has been spending a week with his family returned to Lynn, Mass., on Thursday 29th.

Sorry to report Mr. Dennis Whitfield in very poor health at time of writing. Mrs. Charlie Copley has returned, after spending several weeks in Port Lorne, visiting friends of relatives.

Vol. 1, No. 36 BRIDGETOWN, April 30th, 1924 FREE

CINDERELLA 2,600 years ago the substance of this immortal story of childhood was familiar to the people of Greece. As they knew it, Rhodope was bathing when an eagle pounced on one of her slippers and carried it to Memphis where King Psammetichus was holding a court of justice. Struck with the exquisite beauty of the shoe, he offered a reward for the discovery of the owner. When she was revealed he married her. A new biscuit just perfected by Moller's is named in honor of the lovely maiden of the fairy tale, Cinderella. This biscuit is of dainty shortbread, made from the best butter, eggs, and sugar. It will add interest to the biscuit to tell the story of Cinderella to them while they eat it.

### EDITORIAL NOTES.

#### WHAT OF ITALY HERSELF?

Los Angeles Times: The King and Queen of Rumania feel that they have been insulted by Mussolini. The Italian Premier sent a curt note to the effect that the royal pair ought not to attempt to visit Rome unless they were making an effort to pay their debts. If the European countries get to knocking one another over their frailties it may provoke some Government into making a payment. Rumania's record is not very clean, but it is not the only black sheep in the European flock.

#### POLITICS AND PROMISES.

London Post: The vagueness in the average political catchword is, as Mr. Baldwin hinted the other night, its main characteristic and its main merit. It promises everything and yet nothing. The quack issues his pills, the victim pays his money, but his trouble and the puff remain. The Russian worker was entranced by the music of "the dictatorship of the proletariat," and he is now starving and in chains. In fact, the political system of almost every country in the world is today based on promises—promises which are enticingly drawn up and which mean nothing.

#### OLD FORMULAE.

Boston Globe: (Mr. Ramsay MacDonald, speaking in London.) The trouble was not that France was asking for too much security, but that she was asking for too little. What she has been seeking is security in the old-fashioned way, which has gone, and gone forever—by means of patched-up net-works of European alliances. It was on this plane that the late conflict occurred, and on this plane no such conflict can be reconciled. The only security for France or for Europe (or, for that matter, the only security possible for the Western world), lies in some international organization on the general type of the League of Nations; that is, a step higher than the plane of nationalistic alliances and intrigues on which the world conflict occurred.

#### FRENCH LOANS.

Le Temps (Paris): As regards the other allied nations of this continent, who has France seen fit to grant them credits? Because they need to be more thoroughly armed in order to secure their frontiers. And why do they need to be more thoroughly armed? Because, thanks to the English policy of the balance of power, the peace of Europe is not sufficiently consolidated. Should one say that English policy alone are not responsible? Yet there would always be left a manifest truth: When a country is so constrained to arm itself to avoid being exposed to further invasions, there is no justification in presuming from this fact that it has resources at its disposal for the payment of bygone debts to bygone allies. Military expenditure forced upon a country means additional charges, not additional resources.

#### BRITISH FISHING INDUSTRY.

London Daily Telegraph: We should have come very near the starvation point in the summer of 1917 if it had not been for the daring which the North Sea fishermen, unarmed as they were, displayed in continuing their calling in face of the activities of the enemy. The whole British industry is under a cloud, the fishermen, who know little or nothing of fiscal theories, resent the manner in which our own markets are periodically flooded with fish caught by

foreigners. They do not object to fair competition, but the competition, they claim, is not fair. The depreciation of the currencies on the Continent, reacting on the first cost of boats, the expenditure on gear and the rates of wages paid, constitute a serious handicap to our own fishermen, who have to support homes in a land where the cost of living is greater and all the expenses of the industry are consequently on a much higher scale.

#### BROTHERS IN ARMS.

Cape Argus: (The U. S. cruiser Concord will shortly visit Cape Town.) It is a long time since the American navy has visited these waters, and we are sure that the citizens of Cape Town will give the officers and crew a very hearty welcome. They will certainly not look upon our visitors as foreigners, but rather as friends and virtual allies. For the past hundred years and more there have been the friendliest relations between the British and American navies. The traditions of efficiency and discipline which animate the one are shared by the other, and it is a matter of congratulation that Dominion ports should be included in this world cruise.

#### BRAIN IN POLITICS.

Sydney Bulletin: All over the world the tradition of the granite jaw and the chilled-steel will has been accepted as a thing desirable. Instead of shaping politics on the model of the fruitful garden, the idea has grown that walls are the chief necessity and unbreakable fortifications about set ideas that are safeguarded because of their sheer weight and immobility. Yet obviously the thing wanted is the brain to conceive rather than the mere will to execute anything or nothing. The general idea that the mistakes must be given up, that the statesman of the future must be the man who is willing to admit mistakes and boldly try the other road. Thousands of political catchwords have been coined to meet special occasions; but the one we most need is "Brains in politics." The strong man is not strong in any real sense unless he is a man of wide knowledge and ready intelligence.

#### IN CLOUD CUCKOO-LAND.

Henry Bidou in Figaro (Paris): We have mentioned the inexperience of the Labor party. Mr. Ramsay MacDonald seems to have his fair share from the outline of his programme, which will be approved by the whole world, at least in so far as foreign politics are concerned. His object is quite simply to restore the earthly paradise. We crave for this as much as he. But does he believe in it? Do we believe in it? Mr. Ramsay MacDonald wishes to crush beneath his shoes the fire-brands which still smoulder in the world's capitals. May he crush them! We wish him good luck of his task. He would complete the edifice of the League of Nations. Soon may he complete it! He wishes to establish an entente with all the peoples of the universe. How does he propose to set about it? There is nothing so easy as to compose a policy in theory. Politics are like aviation. One flies with ease above the clouds. The difficulty comes when you descend into the gloom and wish to come down to earth once more.

#### LABOR AND INDIA.

Singapore Free Press: The new Labor Government has an extremely difficult situation to face in India. It has probably only a partial knowledge of the extent of the malice which has spread in India of late, merely because we refused to hand over the Government of that complex community at once into the hands of a tiny percentage of her people practically totally inexperienced in the art of governing. It will probably find that its own efforts to pave the way for sure and safe self-government in India will be as venomously misrepresented and misunderstood by the clamant section of Indian public opinion as were the efforts of previous administrations, and short of abandoning the vast silent majority to the amateur efforts of the tiny voracious minority, we do not see anything but stormy times ahead for it.

#### SELF-DETERMINATION.

Springfield Republican: If the Filipinos would yield absolutely to General Wood and permit him to govern them like an autocrat, he could undoubtedly give them the best Government they have enjoyed since the Spanish conquest—the best in the sense of security for life and property, public health, schools, roads and sewers. The death rate would go down and the birth rate would go up. Trade would flourish and eventually there would be a great market for victrolas, radios and Ford's. But they will not yield to him; with all his efficiency and good banking and budget making, he does not sympathize, in their opinion, with the Filipino's aspirations to be master in his own house.

### INGLISVILLE.

Mrs. Ethel Naugler is spending a week with her parents, Mr. and Mrs. Fred Naugler.  
Miss Dorothy Stoddart accompanied by her cousin, Sylvia Beals, of Somerset, spent the Easter holidays with her parents, Mr. and Mrs. Carmen Stoddart.

### ALBANY.

Mr. Robie Tutts of Wolfville, was the guest of Mr. and Mrs. Clayton Zwicker from Monday 31st March until Thursday.  
E. J. Whitman's horse broke thru the stable floor on April 6th bruising its leg quite badly, so it could not be driven for some time.  
Mrs. Lyman Whitman who is teaching at Wilton, was home for Easter holidays.  
Our teachers, Misses Robinson and Mader, each spent their vacations at their home.  
Aid Meeting at A. S. Fairn's, April 9th.  
Reuby Zwicker, Gladys Connell and sister Gertrude, found a mayflower on April 15th.  
Mr. Elvin Oakes, principal of Melvern Square school, spent part of the vacation at home.  
Wood sawyers were around last week.  
Mrs. A. B. Fairn has returned to her home after her visit with her daughter, Mrs. E. G. Mason.

### STORM TAKES TOLL.

Clementsport.—The storm of Saturday blew down one of the large pines on the Rectory property. This small grove is all that is left in this section of the extensive timber which once clothed these hillsides.  
merely because we refused to hand over the Government of that complex community at once into the hands of a tiny percentage of her people practically totally inexperienced in the art of governing. It will probably find that its own efforts to pave the way for sure and safe self-government in India will be as venomously misrepresented and misunderstood by the clamant section of Indian public opinion as were the efforts of previous administrations, and short of abandoning the vast silent majority to the amateur efforts of the tiny voracious minority, we do not see anything but stormy times ahead for it.

## ARE YOUR NERVES "ALL ON EDGE?"

### "Fruit-a-tives" Brings Rest and Comfort

#### Amazing Results from Intensified Fruit Juices

In these strenuous days, there is constant warfare waged against our nervous vitality. The man and woman who is free of Nervousness and Sleeplessness, who is not more or less troubled with Indigestion, Rheumatism, Headaches, Neuralgia, Weariness and Loss of Vitality, Pain in the Back and Constipation, are very rare indeed. This is why the Fruit Treatment, in the form of "Fruit-a-tives" is a blessing to nervous, sleepless, unstrung men and women. "Fruit-a-tives" is really the intensified juices of apples, oranges, lemons and pines and contains all the medicinal powers of these fruit juices and in a more active and concentrated form. "Fruit-a-tives" will always relieve Nervousness and Sleeplessness by cleansing the system of waste—by rebuilding the nerve cells by means of pure, rich blood—by regulating the stomach, liver, bowels and skin—and by invigorating and re-vitalizing the whole system. Try the fruit treatment for your nerves. Get a box of "Fruit-a-tives" today. Your druggist has them—25c and 50c a box, or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

### TWIST YOUR TONGUE OVER THIS.

Aristophanes invented a word of 75 syllables to describe a dish compounded of fish, flesh and fowl. Mark Twain in his protest against the German language says that the arrays of syllable ending in "Versammlungen" were not words but alphabetical professions. Now comes boldly forward a Swedish chemist who has given the name "trinprometaxylitool" to a disinfectant he has invented.

## Here and There

More than \$12,000,000 worth of equipment was added to the Canadian Pacific Railway's service during 1923. Included were 15 Pacific and 20 Mikado type locomotives, all very powerful and equipped with the most modern devices for power, speed and economical operation. Other items were 15 steel baggage cars, 12 mail and express, 15 first class coaches, 6 cafe-parlor and buffet-parlor cars, 1,000 box cars, 250 freight refrigerator cars, 300 coal cars, 50 oil tank cars, 300 automobile cars, 36 vans for freight conductors and 14 snow-ploughs.

The seventh of Canada's direction-finding stations was recently completed for service by the radio branch of the Department of Marine and Fisheries, to assist the boats and ships navigating the Bay of Fundy and the coastal waters extending to Boston. This station tends to make the route favored by the Canadian Pacific steamships in the winter, already splendidly equipped with safety devices, still safer. By means of the apparatus, the wireless operator on any ship in distress within 400 miles of the Canadian shore can find his location simply by pressing a spring. These stations have been described as "Godsend to us mariners."

## Here and There

A dispatch from London, England, states that the Sudan Government, through Capt. E. C. Midwinter, general manager of railways and steamers, South Africa, has accepted a tender from a British Columbia firm for 150,000 railway ties of Douglas fir. The contract expressly stipulates that the railway ties shall be of Canadian origin.

British Columbia's shipment of water-borne lumber to overseas markets totalled 521,707,132 board feet last year, against 273,146,800 in 1922, an increase of 91 per cent. This announcement was recently made by the provincial minister of lands and it is a remarkable index of the rapid expansion of the lumber industry in British Columbia.

Under a scheme inaugurated by the Provincial Government it is announced that British Columbia will advance loans up to \$300 a family to manufacturers from the Hebrides, on condition that the British Government advance a like amount. In view of the present depression in the islands, it is expected that the British Government will co-operate.

Keen interest in all Canadian manufactures and especially in mineral products, wood pulp, textiles, leather and rubber goods, heavy machinery and farm machinery is now manifested by France and Belgium, according to H. E. Tessier of Montreal, who recently accompanied an exhibit of these manufactures on a tour through every important city in these countries. Mr. Tessier believes that the tour will bring great practical benefit to Canada as soon as the French currency becomes more stable.

The exterior of the great Canadian pavilion at Wembley has now been completed, and the interior decorators are busily finishing the building, according to H. E. Tessier, who has just returned to Canada abroad the Canadian Pacific liner Montclair. The exhibits are being packed up and everything ready in time for the opening of the British Empire Exhibition.

That Canada's culture has nothing to fear from the promised flood of immigration from continental Europe was the message recently delivered by J. Murray Gibbon, Canadian author and litterateur, in an address on "Canadian Literature and the Foreign-born" given in Montreal recently. Of all the Scandinavian races contributing to the Canadian population, Mr. Gibbon considered the Swedes to have the highest literary mentality.

More than 13,000,000 bushels of grain have been received at the Government elevator at Vancouver, B.C., from Canadian Pacific Railway cars since the opening of the crop year. A report issued by railway officials, exported from Vancouver in the same period there have been 20,415,534 bushels, comprising 15,438,348 bushels to the United Kingdom, 4,630,165 to the Orient and 338,133 bushels to South America.

The aggregate value of all field crops in Canada in 1923, was \$891,755,200, according to a report of the Dominion Statistics, a decrease of \$70,538,000 from 1922, caused mainly by the lower prices applicable to wheat and every crop. This sum was made up of the following items: wheat, \$316,606,700; oats, \$177,704,400; barley, \$32,955,700; rye, \$11,246,900; hay and clover, \$168,882,000; mixed grains, \$17,854,800; potatoes, \$57,076,800 turnips, etc., \$22,550,100; corn, husking, \$12,465,000.

A golden wedding, celebrated by Mr. and Mrs. R. H. Williams, of Lunenburg, Saskatchewan, was one of the novelties enjoyed by the passengers on board the Canadian Pacific Empress of Britain when the ship was at Barbados during the West Indies cruise. "Here Comes the Bride" was played by the ship's orchestra, and a huge wedding cake was baked, adorned with 50 candles and presented to the happy couple at a surprise party, in which even the crew joined.

Earl Bridges, 17-year-old musher, from Le Pas, Manitoba, won the Eastern International Dog Sled Derby at Quebec, receiving the gold cup and \$1000 awarded for the team first past the winning post. The race was run on three successive days, February 21, 22 and 23, in daily laps of 40 miles, under extremely trying conditions due to the heavy snowfall on February 20, which was the worst Quebec has known for half a century. Bridges, who won the Le Pas Dog Sled Derby at Quebec during the winter of 1922, was a member of the best-matched team of dogs in the Quebec race. There were 15 starters.

**MAN-EATERS.**

Over 28,000 Were Killed in British India.

Little do we realize how appalling is the toll of life exacted from the human race every year by the man-eaters of the forest. Such figures as are available show that lions, tigers, snakes, and crocodiles do their deadly work with staggering effect. In one year, for example, more than 28,000 people were killed in British India, 1,923 being slain by tigers and other beasts, while 26,885 perished through being bitten by reptiles. The number does not include the native states, for which, with their population of some ninety millions, no figures are obtainable.

The highest total of deaths due to wild animals within recent years in any one province was for Behar and Orissa, where 684 people lost their lives. In the United Provinces one man-eating tiger in the Almore district killed ten persons. In Nounal there is on record a case in which a train was derailed because the native pointsman had been carried off and eaten by these animals.

But India is not the only country afflicted with the man-eater. In Uganda in one year lions killed as many as 22 Europeans, 12 Hindus, and 167 natives while employed in the construction of a railway. These figures do not include such natives as were not in the employment of the railway; a local administrator estimated the loss of life in his case at something over 500.

In a single year the lions in Rhodesia are reported to have claimed 119 victims; those of West Portuguese Africa accounted for more than 200 people, including three European hunters.

China, thanks to her long history, has been able to rid herself of the most dangerous animals; but in Korea a local species of tiger, perhaps the largest and fiercest in the world's family, annually kills 2,000 peasants. Siberia, again, is affected by the ravages of wolves and bears, whose victims run into thousands every year.

Milnard's Ointment for Corns.

**LIVED A JEKYLL-HYDE LIFE.**

Wife of Carpenter in Day Time, Bride of Banker at Night.

Philadelphia.—The wife of a carpenter in the day time and the bride of a wealthy banker at night, Mrs. Anna Beswick today awaited a hearing on charges of forgery, which in an alleged confession given out by the police, she said she was forced to commit to obtain money for blackmailers who had threatened to expose her dual life.

Apparently neither Samuel E. Beswick, by whom she said she had eight children, nor William C. Martin, vice-president of a suburban bank, whom she declared she had married last February, and from whom she said she had taken at least \$50,000 to pay for the blackmailers' silence, knew of her Jeekyll-Hyde life. She said she had kept them in ignorance through various subterfuges. Martin married her, she said, in the belief that she had been divorced.

Mrs. Beswick was taken into custody yesterday outside the courtroom of Judge J. Willis Martin, whose name she is alleged to have forged to letters. Through alleged representations in those letters, she is charged with having obtained \$5000 from William Shuman and Ralph Hawthorne, who had the warrant issued for her arrest.

In her confession, Mrs. Beswick named Herbert Russie, John McCoy and Erwin Hamilton. All three were arrested and were to be given hearings today on charges of extortion, conspiracy and blackmail. Mrs. Beswick said they had learned of her double life through driving her in a taxicab from the modest home of her children and their father in West Philadelphia to the more pretentious residence of Martin in Fox Chase, a northern suburb.

Mrs. Beswick, who gave her age as fifty years, told the police she had paid these men sums ranging from \$2 to \$1000 at different times during the last year and that she had given them a total of at least \$50,000.

The police learned from the woman's first husband that she had served six months in prison in 1917 for check forgery. He said he had taken her back home for the sake of their children.

Mr. Martin appeared stunned when he was summoned to the District Attorney's office. He told the authorities that Mrs. Beswick had not "a lot" of money from him, but that he could not state the exact amount.

**DRIFTED 42 YEARS.**

Bottle Set Afloat in 1882 in Ireland Found at Rockaway.

New York.—While walking along Rockaway Beach recently, Frank Pick, who lives at the resort, noticed a green bottle which had been washed in by the waves. The top of the bottle was sealed and inside was a piece of white paper. Pick broke the neck and read the following message on the paper:

"This bottle was cast into the sea at Kingstown in the county of Dublin, 1882, by Elizabeth Kinch, Pave Lane, Kingstown, age 18 years. Hope some nice boy finds and returns it to me.

Pick said he would inform the sixty-year-old woman that the bottle had ended its journey.

**PHINNEY COVE.**

We have not written during the winter, so will mention some matters rather old for news, but not yet ancient history.

Mr. Fred Farnsworth and his crew have cut 200 cords of wood and considerable of it has been hauled to the wharf. The hauling of the remainder and shipping, will be deferred until the roads get settled. Mr. Farnsworth has now left us to prepare for the season's business on the highways and bridges.

Mr. Marvin Farnsworth has been laid up with erysipelas and boils. He is now sawing traps for lobster traps. Other sawing will follow, and after the springs sawing is over we understand Mr. Farnsworth's engine, saws, etc., will be for sale.

Miss Marjorie Young has had a position in St. John, N. B., during the latter part of the winter.

Mr. Lorne White has been employed with Mr. Frank Poole, St. Croix Cove, during the winter, and is now home again.

Mrs. Clyde Chute has been quite sick for a few weeks and is now slowly recovering.

Miss Eleanor Chute has taken a situation with Mrs. Kenneth Leslie, Upper Granville.

Mr. Enos Munroe has been seriously ill for about ten weeks, and attended by Dr. Dechman. We are glad to see that she is able to be about the house again.

Mr. and Mrs. Arnold Rafuse, of Parkers Cofe, spent Sunday, March 23rd with Mr. and Mrs. Enos Munroe. Mr. Aubrey Young of Grandview Ferry spent a week with his friends and relatives here in March, not having been here for five years.

Mr. Maxwell White is home after spending several weeks in the United States.

Mr. Crisp has sold his motor boat to Mr. Clarence Seaborn of Port Lorne.

Mr. Maurice Wilkins of Port Lorne was a recent guest of Mr. Crisp. We were delighted to have our pastor, Rev. D. W. Dixon, with us again after his serious sickness during the winter.

Relatives and friends in this place regret the passing of Mrs. Sarah Snow of Parkers Cove. She made her home for five years with her nephew, Mr. Enos Munroe, and has made long yearly visits since. Her amiable disposition and beautiful Christian life endeared her to all who knew her, and she was called "Aunt Sarah" by many who claimed no family relationship.

On Jan. 25th, Mrs. John F. Muse passed away at the age of ninety-three after being confined to her bed over two years as the result of a fall, breaking her hip. She was a native of Prince Edward Island, from where she went to New Brunswick and crossed to this province about sixty-five years ago. Her marriage with Mr. Muse took place about thirty years ago, since which they have resided here excepting for a brief sojourn at Bear River. After her accident she was cared for very efficiently by her husband, now past ninety, and still able to keep house and walk a mile and a half to church. Mrs. Muse was buried at Hampton.

Suit your manner to the man.

**Here and There**

Commencing April 15th, the Canadian Pacific Railway, having in mind the expressed wishes of the majority of its patrons, has decided to revert to the custom of permitting no smoking in observation cars of its transcontinental trains.

The production of steel ingots and castings in Canada during the month of February amounted to 70,953 tons, an advance of 72 per cent over the 41,309 tons produced in January. The increase was almost wholly accounted for by the rise in the quantity of open-hearth basic steel ingots made for the use of producers.

Canadian farm products exported to the United States during February totalled \$2,440,203, an increase of \$961,979 over February last year, according to a report published by the Bureau of Statistics. Wheat exports to the United States were valued at \$107,714 in February, as against \$27,577 in February of the previous year.

Under the agreement with the Imperial Government under the Empire Settlement Act, Canada, spent \$30,657 in assisted passages for some 2,653 British immigrants in the fiscal year just closed. In the past four years the Dominion Government has spent nearly \$1,500,000 in promoting immigration from Great Britain to Canada.

By arrangements made by Hon. George Healey, Minister of Agriculture, a trial shipment of cows and steers will be made in the near future to Japan for the purpose of testing out the possibilities of a market for Alberta livestock in that country. It is also the purpose of the department to send with the shipment a qualified investigator who will look into the potentialities of a market for all Albertan farm products.

For the first time in the past two or three years the Saskatchewan Co-operative Creameries Limited is shipping butter in carload lots direct to the United States and the States. A carload shipment was recently made from Saskatoon to Philadelphia. The carloads were directed to Chicago, where they realized good prices. Each car contained between 25,000 and 30,000 pounds of Saskatchewan butter.

Speaking at Quebec recently, E. W. Beatty, President of the Canadian Pacific Railway, summarized the operations of the operations of the Company. It has 15,000 miles of railway in Canada and controls 5,102 miles in the United States. It owns and operates telegraph and express systems, 13 hotels, 16 bungalow camps and rest houses, and has in commission on the Atlantic and Pacific coasts, 81 ships aggregating approximately 450,000 gross tons. Its personnel varies in numbers with the business conditions, from 65,000 to 100,000 employees in all branches of the service.

What must constitute a record in the rapid handling of an important consignment from the Orient was established recently by the Canadian Pacific when shipping to New York a quantity of silk from Yokohama to New York. The consignment, which was the largest forwarded from Asia since the recent slump in the silk market, left Yokohama on March 22nd on the Canadian Pacific steamer "Empress of Asia." Specially arranged for this business consignment from 65,000 to 100,000 employees in all branches of the service.

London Daily Telegraph: Bad photoplays are apt to be very bad. The besetting sins of dramatic art are intensified. What is vulgar becomes more vulgar; over-emphasis of gesture becomes ridiculous and repellent; sentiment grows maudlin; a glance becomes a glare; a sigh a convulsion. The photoplay has been greedily exploited to pander to what was supposed to be the public love of bad melodrama. . . . But the important thing to our mind about the cinema is the conscientious artistry which is being lavished upon it. . . . It is the artistry rather than the magnificence which counts for excellence, and in this respect there is true and steady progression. Cunning artificers are at work in the picture world and fine artists, continually exploring and experimenting both with physical beauty and with mental suggestion.

**PROVISION FOR CARE OF MENTALLY DEFECTIVE GIRLS.**

A bill was introduced in the Legislature Friday proposing important amendment of chapter 166 of the Revised Statutes of Nova Scotia 1923, regarding the care of mentally defective female children after medical examination and certification of their condition.

The bill provides that when a female child has been ordered delivered to the care of a Children's Aid Society under the provisions of the act and been examined by a qualified medical practitioner approved by the Governor in Council for such purposes and who has taken special training to qualify him for examination of persons suffering from mental defect or mental disease, and when such a practitioner certifies that such a female child is mentally deficient within the meaning of the act, and when the Superintendent of Neglected and Delinquent Children and the Provincial Health Officer recommend it and the Attorney General concurs, such a mentally defective person may be detained for an indefinite period in any temporary home shelter or institution defined in the Act as recognized and approved for the purpose of this subsection.

The amendment proposed includes provisions that when any such temporary home etc., shall comply with the conditions prescribed it may secure and detain any such person on a certificate approved as required. The Attorney General may order release at any time of any such mentally defective, when such temporary home, shelter, or institution the weekly sums to be paid for such person as a neglected child, shall thereafter be paid for maintenance until the person is released or discharged by order of the Attorney General. The sums to be paid under the provisions of the sub-section for maintenance of any such female by a municipality, city or town whose name is declared to have a settlement as a neglected child under the act and the sums to be paid from the Provincial Treasury would be paid directly to such home, shelter or other institution on certificate of the Superintendent of Neglected and Delinquent Children that such sums are properly payed.

**NO DEPTH OF WATER AT PORT NELSON.**

Ottawa, Ont.—The fact that ships used in provisioning the post at Port Nelson, in the Hudson Bay, are obliged to anchor seven and a half miles out and tranship their cargo to low-draft vessels, was brought out by a question in the House Wednesday afternoon. Within that limit ships of 21 feet draft or over cannot navigate. The suction dredge "Port Nelson" and pontoons sent to Port Nelson during the war cost \$371,881. It operated in 1915, 1916 and 1917.

**NEW YORKER BUYS OLD QUEEN'S COUNTY PLACE**

Caledonia.—"Pinehurst," the beautiful and valuable hunting lodge and summer home of A. Byron MacLeod, of Boston, situated at South Brookfield, has been purchased by W. L. Keyte, of New York, who will take up residence here in the near future. The splendid building with its wide verandahs, overlooks Martin Lake, and a picturesque woodland of magnificent pine and oak extends for many acres to Cameron's Lake, being a part of the original Cameron property. For years past Mr. MacLeod and family have entertained their friends there at the hunting and fishing seasons, and the place is known as one of the beauty spots of North Queen's.

**Council of Education Plans Programme**

Sir Robert A. Falconer, K.C.M.G., President, University of Toronto.  
 Mr. Vincent Massey, Member, Board of Governors, University of Toronto.  
 Sir Arthur Currie, G.C.M.G., Principal, McGill University.  
 Mr. E. W. Beatty, President, Canadian Pacific Railway, Chairman, McGill.

The recent announcement that the third triennial conference on Education and Citizenship to be held under the auspices of the National Council of Education will take place in Montreal in 1925 recalls the invaluable work this organization is performing. Under the Honorary Presidency of His Excellency the Governor-General and the Presidency of Mr. Vincent Massey, President of the Massey-Harris Co., Toronto, the Council includes many of Canada's leading citizens, among them Sir Robert A. Falconer, K.C.M.G., President of the University of Toronto; Sir Arthur Currie, G.C.M.G., Principal of McGill University; and Mr. E. W. Beatty, President of the Canadian Pacific Railway. It has as its principles: (1) That education should concern itself with the development of character and should provide a spiritual process; (2) That education is a spiritual process; (3) That education is imparted by personality—its success or failure rests with the teacher; (4) That education is everybody's business; and (5) That Canada's education must be Canadian in its ideals.

The principal activities of the Council are two-fold. The National Lectureship Scheme is a plan under which distinguished men and women—both Canadians and visitors from Great Britain and other countries—are engaged to speak on education (broadly interpreted) throughout Canada. The Bureau provides an organization for the exchange of information between the Provincial departments of education, for the reception and diffusion of ideas from outside the Dominion and for disseminating data concerning education in Canada to the outside world. Until the Council established this bureau, Canadian educational authorities were dependent upon the American Bureau of Education at Washington for all educational information.

The Council was formed as a result of a conference held in Winnipeg in 1919 and attended by over 1,200 persons from all over Canada. The second conference was held in Toronto in April of 1923 and was attended by about 1,500 persons, representing the nine provinces. This conference, through many brilliant speakers on the programme, among them Sir Michael Sadler, Sir Henry Newbolt, Lord Robert Cecil and Sir Robert and Lady Baden-Powell, sought to set forth the Council's conception of the role of Education as a citizen builder. The plans for this third conference now pending were laid at a meeting held in Montreal, presided over by Sir Arthur Currie, in the absence of the Chairman, and attended by several of the leading officers of the Council in the persons of Mr. Vincent Massey, President; Mr. S. B. Gundy, Chairman of the Finance Committee; and Major F. J. Ney, Executive Secretary. At present, the Council is engaged in preparing a programme for the second triennial period. It has secured as Educational Secretary Professor J. A. Daniels of the Social Service Department of the University of Toronto, whose duties will include the editorship of a series of small volumes on educational problems. The success of the National Lectureship Scheme inaugurated last year, which established important contact with the leading minds of Great Britain, will be followed up, beginning in September, by contributions from Dr. Finley, Editor of the New York Times and once a Commissioner of Education for the State of New York, from the Stratford-on-Avon Shakespeare Fellowship Players, under the direction of Mr. Bridges Adams, and from a number of other distinguished speakers.

### OUTRAM.

Miss Alma Slocumb, B.A., is visiting her parents, Mr. and Mrs. James Slocumb, after spending the winter in Toronto.

Mr. Talmage Marshall spent the Easter holidays in Bridgetown.

Mr. George Andrews left on April 21st for U. S. A.

Mr. A. G. Sleep of Acadia spent the Easter holidays, guest of Mr. and Mrs. James Slocumb.

Congratulations to Mr. and Mrs. Joseph Bent on the birth of a little daughter.

Mrs. John Slocumb and Master Garnet Marshall visited her sister, Mrs. Percy Marshall of Port Lorne on Easter day.

Several from this place attended the Easter concert at Port Lorne on the evening of the 20th and enjoyed the program.

Mrs. M. R. Banks celebrated her 92nd birthday on April 16th. In spite of her years Mrs. Banks is bright and active.

Mr. Tommy Greene of Port Lorne recently spent several days in this place visiting friends, before leaving for U. S. A., where he has employment for the summer.

Mr. and Mrs. Joseph Hines of Port George were recent guests of Mr. and Mrs. Avard Slocumb. Glad to see Mrs. Hines out again after a rather serious illness.

Our teacher, Miss Fritz spent the Easter holidays in Wolfville.

Mr. and Mrs. Allister Banks of Arlington were guests of Mr. and Mrs. Joshua Banks on April 16th.

Mr. H. Reid of Granville Ferry, and Mr. George Corbett of Port Lorne called in this place on April 25th.

Mr. Lendly Banks is employed in Mr. Ellis' mill, Mt Hanley.

Miss Alma Slocumb and friend, Mr. Sleep spent Easter Monday with her sister, Mrs. G. B. Hines of Mt. Hanley.

Mr. John Slocumb has his woodsaw in working order and with his son, Avard, are engaged sawing up the wood piles.

Mr. John Balseer and son John, of Digby, arrived here April 24th, to look after the rafting of their logs to Port Lorne. Mr. Reid has the wharf under construction.

Dr. and Mrs. Brown of Port George were visiting friends in this place on Easter Monday, and were present at our B. Y. P. U. meeting in the evening, which was much appreciated.

Miss Lena M. Banks was an overnight guest of her aunt, Mrs. Norman Healy of Port Lorne, on the 20th.

### BELLEISLE.

It becomes our duty at this time to chronicle the death of one of our oldest and most highly respected citizens in the person of Mr. Alfred J. Bent. Mr. Bent's wife predeceased him in January last and since then he has made his home with Mrs. Witham E. Bent who has been most untiring in his care and attention for her aged uncle.

At first hopes were entertained that with the best of medical attention and faithful nursing Mr. Bent might be spared for some time to come. But the weakened constitution failed to respond, and after twelve weeks of suffering he passed peacefully away at an early hour Thursday a.m., April 24th.

Mr. Bent, who had reached the advanced age of 77 years and 7 months had lived his entire life in Belleisle, where he leaves many friends, who will mourn his loss. In politics he was a Conservative of the old school, in religion he was an Episcopalian. The funeral which took place Friday afternoon from St. Mary's church was largely attended. Rev. Canon Underwood officiating. Interment took place in the Gesner burying ground beside his late wife. The under-bearers were Mr. Laurence Willett, George Bent, Henri Bent and Alfred Gesner.

### HOME-TOWN PAPER BEST.

Charles E. Blackwell, the most successful merchant in the entire state of Washington, has no faith in calendar advertising, says an exchange. He says: "There are many lines of publicity that the country store-keeper can use to advantage, but the one he can use to best advantage is his home town paper. I venture to say that if the money spent each year for fancy calendars and other knick-knacks give-ways were invested—I say invested, not spent or donated—in carefully planned newspaper advertising the actual net returns to the advertiser would be ten times as great, to say nothing of the advantage the small town-paper would derive from the additional and much-needed revenue. And we know that as a business builder it is without an equal in any town."

### THE DELICATE GIRL.

#### What Mothers Should Do as Their Daughters Approach Womanhood.

If growing girls are to become well-developed, healthy women, their health must be carefully guarded. Mothers should not ignore their unsettled moods or the various troubles that tell of approaching womanhood. It is an important time of life. Where pallor, headache, backache or other signs of anaemia are evident you must provide the sufferer with the surest means of making new blood. Remember, pale bloodless girls need plenty of nourishment, plenty of sleep, and regular open-air exercise. But to save the bloodless sufferer she must have new blood—and nothing meets the case so well as Dr. Williams' Pink Pills. These pills increase the supply of new, red blood; they stimulate the appetite and relieve the weary back and limbs; thus they restore health and charm, and bring to anaemic girls the rosy cheeks and bright eyes of strong, happy girlhood. You can get these pills through any dealer in medicine, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## WINN \$35,000.

### New Brunswick Student Gets Big Prize For Good Writing

Quebec.—Arthur Cormier, 22 years of age, a first year medical student at Laval University, coming from Coaticook, New Brunswick but a former pupil of the Moncton College, has been advised that he has won the \$35,000 prize awarded by a special calligraphy jury representing some twenty countries sitting in Paris.

"Though I had done my best in the final competition I will admit I had not dreamed that I would ever win the prize," Mr. Cormier said when asked about his good fortune. Unmoved by the fact that he was on the eve of falling into a fortune, he was quietly playing billiards.

To improve Calligraphy a group of professors gathered in Paris in 1896, organized an international contest of handwriting open to any one using the ordinary European type of calligraphy. The first rules set at the time provided that the competitors would first forward six copies of various categories of hand-writing namely: Business writing, bird flourishing, artistic writing, card writing, text writing and engrossing.

Only those obtaining 90 per cent of the notes awarded could according to the regulations adopted, enter the final competition.

### DID NOT APPLY FOR PRIZE MONEY

#### A Large Sum of Money Awaits Canadian Sailors.

Ottawa.—A large number of sailors of the Royal Canadian Navy and Royal Canadian Volunteer Reserve have not applied for the payment of prize money.

Prize money has been paid in three instalments and there are over four hundred eligible men who have not made any application. There are twelve hundred who received payment of the first distribution, but have not applied for the second or third and three thousand who have been paid the first and second distribution, but who have not applied for the third.

There is \$71,000 in prize money not yet distributed. Authorities of the Department of National Defence state that it has been decided to complete payment without further delay, and all qualified Canadian Naval ratings are advised to file their applications accompanied by their service certificates with the Chief Accountant, Department of National Defence, Ottawa, in order that their claims may be settled.

### WOLFVILLE "BOASTS" BROADCASTING STATION

Wolfville.—Wolfville can now boast of a broadcasting station of sorts. On Friday evening a youthful radio amateur selected some radio parts, combined them with telephone equipment and with the possible addition of a half-pin, a tomato can and a bed-spring, established here the first radio communication with the world at large. A number of fans within a radius of a few miles connected up with "H. W. announcing," and listened in on an excellent gramophone record. One of the first precepts heard from was G. W. Munroe, veteran radio fan. Another also reported that grand opera from New York and Coolidge from Washington, did not compare with the allure of "H. W. announcing."

### OBITUARY.

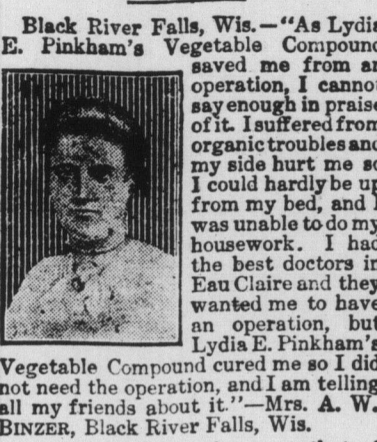

Mrs. Mary J. Anderson.  
Dorchester.—The death occurred Wednesday morning at 1:10 of Mrs. Mary J. Anderson, widow of Thomas Anderson. Mrs. Anderson had been ill but a few days when pneumonia developed. She was a life long resident of Dorchester, and in her 86th year. Her husband died six years ago. She leaves to mourn three daughters and two sons; Mrs. G. A. Kane, Stevensville, Mont.; Mrs. H. D. Smart, Berkeley, Calif.; and Bessie at home; Dr. F. S. Anderson, of Bridgetown, N. S.; and E. P. Anderson, Boston. The funeral took place at her home here on Saturday afternoon.

### VICTORY.

School opened in West Victory on Monday; April 14th.  
Mr. and Mrs. George Oickle of Charlestown Mass., are home on their honeymoon, visiting relatives and friends. We wish them much happiness.  
One flock of wild geese passed over this place on Friday night 11th, three flocks on Monday 14th "honking" on their way to their usual northern breeding grounds.  
Miss Lillian Campbell is spending the Easter holidays with her parents, Mr. and Mrs. W. Campbell, Bear River East.  
Mrs. Grace Devaney of Cross Roads has been visiting Miss Ida Berry.  
Miss Dorothy Simpson is visiting relatives at Clementsville.

## THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my household work. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. BINZER, Black River Falls, Wis.

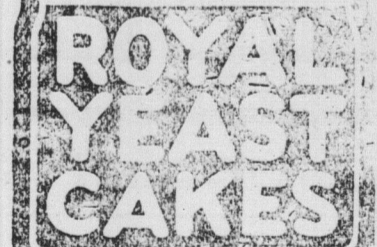

It is just such experiences as that of Mrs. Binzer that has made this famous root and herb remedy "the blues" should suffer from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass.

### SAM LANGFORD AT END OF CAREER.

Almost blind and feeling his man out rather than seeing him, Sam Langford, originally from Weymouth, N. S., one of the greatest prize fighters of his day, but now an old man in the ring game, boxed four rounds at Bakersfield, California, on Friday night against Sammy Olson. Out of admiration for the veteran who is making his last stand against penury, the three judges gave Langford the decision by unanimous agreement. Not seriously injured after three rounds against the veteran, Olson opened out a bit in last round and landing on the almost blind man, with the bell Sam groped his way to his corner falling along the ropes. Thus is terminating the career of a fighter who has won and lost a fortune.

GOOD home-made bread has always been the chief food of the earth's sturdiest races. None of the breakfast foods or health foods can equal bread in nourishment. Good bread is the most digestible food as well as the cheapest.

### TO CUT THE FORCE.

Reduction in All Permanent Units as Result of Estimate Slash.  
Ottawa.—Units of the permanent force will probably be cut as a result of the estimates for national defence having been reduced by nearly \$500,000, according to G. J. Desharas, deputy minister of national defence, here today, when asked regarding the rumored reduction in the strength of the Royal 22nd Regiment of Quebec City.

Quebec.—A report from a semi-official source reaching here from Ottawa has it that the strength of the 22nd Battalion stationed on the Citadel is to be reduced within two months. At present the unit has a strength of 165 men. This number will, it is understood, be decreased to one hundred. Other permanent units will be affected in the same proportion by the same decision, it is said.

### "THE AFTERMATH"

Now that Mr. Daugherty of Tea Pot Dome fame has been eliminated I am strongly reminded of a good southern story:

A big northern business man, whether he was dosing or otherwise occupied, passed by the station of a southern town for which he was bound. He was carried many miles beyond to the next stopping place, which he reached late at night.

It was a small typical southern country town, with an anti-bellum hotel. It was not expecting visits from a man of his class.

He was tired and soon retired. The only colored servant of advanced years, but impressed by the rare chance of serving his guest well, had spruced himself up and was arranging the breakfast table.

He had collected according to his estimate the best flowers he could find and placed them in a glass filled with a timely ray of sunshine on the flowers made it all inviting. Pretty soon the important guest came and the servant "John" with great humble submission held the chair until he was seated. He then presented the bill of fare. This bill had certainly seen much service and was not what you call exactly appetizing, but it was the only one and had to do.

John waited patiently. He had done that many times before. Scanning the bill again and again, the guest remained silent, expressing his disgust by his looks, which the waiter did not notice. At last timidly suggesting John said, "I have fresh newly laid eggs, sir." Eliminate them was the only answer. Then followed his order which was promptly taken to the kitchen with a great burst of speed.

After a few minutes John returned and scratching his head said, "How did you say you wanted your eggs done sir." Eliminate them was the same answer. After quite a while John came back again.

Our cook is a good cook, sir, he has even cooked in New York, but he has never done them eliminate way.

The presidential election in the U. S. this year will interest Canadians in many ways. We like Mr. Coolidge, he impresses us as the right man in the right place. As a rule former Presidents have been too old and feeble for the strenuous job.

Mr. Coolidge is young, has plenty of vitality and can hold out his full term without interruption or sickness.

As Governor of Massachusetts his administration of laws have also benefited our Canadian brothers, who have long been residents there.

He has shown intelligence, common sense and no doubt when he is finally the choice at the next election all differences existing now between Canada and the U. S. will be sifted and smoothed out to our satisfaction.—Com.

### WINDSOR BIDS FOR TOURIST TRADE

Hants County Branch of Publicity Bureau is Proposed.

Windsor.—The Windsor Board of Trade held a large and representative meeting to discuss the matter of a camp site for tourists and other matters of interest to the town generally. A. F. Armstrong, President, explained that the acting secretary, E. B. Smith, had interviewed the Chief of the Highway board asking that the new construction work to be done this summer, from a point on the Halifax-Windsor road near Cameron Lake, be first done at that point, and then toward Windsor, in order that detours might be made through Brooklyn, via Martin's Corner, for the greater convenience of motoring tourists. The Highway Board had promised to do all in its power to aid the contractors to begin the work at the points indicated and to make the detours as easy as possible for the travelling public.

The question of providing a camp site, suitably lighted and guarded, for the travelling motorists was discussed. It was decided that, without the co-operation of the Town Council, the Board could do little in the way of expenditure. A committee consisting of H. A. Lynch, H. F. Dodge, James Barnes, H. S. Anslow, Otis Wack and Rev. H. A. Harley was appointed to look up available sites and also to wait on the town council asking for co-operation. A resolution was passed authorizing the Board of Trade to arrange a public meeting to which will be invited Mayor Murray, of Hantsport, Hants County Director of Publicity, Col. A. Montgomery, of the Nova Scotia Publicity Bureau, G. E. Graham, general manager D. A. R. of the Warden and Councilors of West Hants, Town Council and other prominent citizens who may be interested in the formation of a Hants County Branch of the Publicity Bureau.

Among the other things discussed was the need of advertising the Windsor camp site by signs of highways and other good methods.

Health hint to Motorists: A lightning bug is about the only one that can get along with just a tail light.

### THE SWEET, SWIFT YEARS.

They are slipping away—these sweet, swift years,  
Like a leaf on the current east;  
With never a break in the rapid flow,  
We watch them one by one as they go  
Into the beautiful past.

As silent and swift as a weaver's thread,  
Or an arrow's flying gleam;  
As soft as the languorous breezes bid,  
That lift the willow's golden lid,  
And ripple the glassy stream.

As light as the breath of the thistle-down,  
As fond as the lover's dream;  
As pure as the flush in the sea-shell's throat,  
As sweet as the wood-bird's wooing note,  
So tender and sweet they seem.

One after another we see them pass  
Down the dim-lighted stair;  
We hear the sound of their steady tread  
In the steps of the centuries long  
since dead,  
As beautiful and as fair.

There are a few years left to live;  
Shall we waste them in idle strife?  
Shall we trample under our ruthless feet  
Those beautiful blossoms, rare and sweet,  
By the dusty ways of life?

There are only a few swift years—ah, let  
No envious taunts be heard;  
Make life's fair pattern of rare design,  
And fill up the measure with love's sweet wine,  
But never an angry word.

There are only a few swift years—ah, let  
No envious taunts be heard;  
Make life's fair pattern of rare design,  
And fill up the measure with love's sweet wine,  
But never an angry word.

## The Meaning of Chevrolet's "Economic Transportation"

It is more economical to travel by Chevrolet than by any other means. That is what it means to say that Chevrolet is the most economical form of transportation. This implies, first of all, that Chevrolet costs the least per car-mile—that it is less expensive to operate than any other make of car. But, more than that, it means that Chevrolet is more economical than any other kind of transportation.

An investigation among Chevrolet owners of all classes, shows that it is not only more convenient—but also more economical—to travel by Chevrolet than by railway-train or trolley car. The information received gives an average of 30 miles per gallon of gasoline and over 1,300 miles per gallon of oil.

Chevrolet is easy to own. The G.M.A.C. plan of deferred payments will enable you to finance the purchase. Investigate the new Superior Chevrolet today.

### CRUSOE KNEW WHAT HE WANTED AND HE GOT IT

ONE of the most persistent advertisers in the history of success was Robinson Crusoe. He knew what he wanted—a ship—so he put up an ad. for one. He flung up a shirt on a pole, at the top of his island. That, in the language of the sea, was plain to every seafaring man.

The circulation was small, there was no other medium, but Crusoe kept at it, despite the fact that he got no inquiries for a long time. He changed his copy, as one garment after another was frayed out, and in the end got what he wanted.

### SMALL FRUITS FOR HOME GARDEN.

(Experimental Farms Note.) A naturally well-drained loam is preferable for all small fruit plants. Heavier soils, however, if there is sufficient sub-soil drainage to prevent an excess of stagnant ground water, will give good results.

Strawberries are set in rows four feet apart and twelve inches apart in the rows. Currants and gooseberries are set in rows five feet apart each way.

The strawberry may best be set by using a spade, thrusting it into the soil and pressing it sideways, and setting the plant with the roots spread fan-shape in the opening so made.

It stimulates appetite and aids digestion. It makes your food do you more good. Note how it relieves that stuffy feeling after hearty eating.

It whitens teeth, sweetens breath and gets the goody out of the mouth. SEALS in its Purity Package. WRIGLEYS DOUBLEMINT CHEWING GUM. R25

### THE ROAD TO GLORY.

You'll never get to glory, lad, along the glittering road. Your shoulders must be big and strong to bear the heavy load.

Two ways there are for youth to go, and one is gay with song, The other calls for earnest men and rugged hearts and strong.

You'll never get to glory, lad, by travelling pleasure's way: Who steps aside for dance and game shall see his strength decay.

Who steps aside for dance and game shall see his strength decay. So bend your shoulders to the load, And trudge the rough and dusty road, And choose the brave and earnest souls.

Montreal.—The price of American anthracite was reduced from \$17 a ton to \$15.25. A fight for the Montreal market has begun between merchants handling Welsh and Scottish coal and those selling the United States product.

### INTERURBAN ELECTRIC CARS SUGGESTED FOR C. N. R. IN PICTOU CO.

New Glasgow.—At the executive meeting of the New Glasgow Board of Trade yesterday afternoon, R. C. Grant was elected chairman of the industrial committee; W. F. Fraser, of the Tourist committee; Andrew Douglas, of the Entertaining committee; G. H. McGregor, of the Transportation committee; D. C. Sinclair, of the Agriculture committee; and A. J. Chisholm, of the Membership committee.

The Board of Trade intends holding a banquet in honor of the Pictou County Power Board on May 7th, when the Power Board takes over the plant at Stellarton. The Board of Trade will ask the Canadian National Railway to equip storage battery electric cars to be run on the branch lines between here and the various towns and villages in Pictou County.

### C. P. R. APPOINTMENT.

St. John, N. B.—Douglas W. Allen has been appointed a travelling passenger agent of the C.P.R. with headquarters in St. John succeeding George B. Carter, who was promoted to New York office. Mr. Allen has been on the port staff at St. John during the winter and Quebec during the summer.

### BLUENOSE COUPLE MET GRIM REAPER FEW HOURS APART.

William and Annie Woods, Natives of Weymouth, Buried Together in San Francisco.

Yarmouth.—The following clipping taken from the San Francisco Chronicle, has just been received in Yarmouth:

"Fifty years of happy married life together, death within three hours of each other, and the last long journey to Holy Cross Cemetery, side by side. Thus ended the lives of William and Annie Woods, old-time San Franciscans, who were buried here yesterday.

### Fate Kind to Pair.

It is not often that death comes to two old folks together. Usually one or the other is left to grieve, but that kindly Fate which ruled the lives of Mr. and Mrs. Woods seemed to be with them to the end, taking off the husband of five decades but three hours after his wife had succumbed.

The last act of a long, full, happy life was played for the wife at 2 o'clock, Thursday morning. At 5 o'clock William followed his mate, facing life's greatest adventure with that childhood sweetheart and wife of 50 years waiting in the shadow just beyond.

### Couple Never Parted.

That was in 1874. Since that time never had they been parted. Nor were they parted in death.

Woods was well past the Biblical three score years and ten, having celebrated his 82nd birthday some time ago. He had been ailing and under a physician's care. But Mrs. Woods who was two years younger, was thought to be in perfect health until her sudden death at the home of her niece, Mrs. Thomas Dougherty of 1455 Fifth Avenue, with whom Mr. and Mrs. Woods have made their home for several months.

### STOLEN \$14,000 SPENT TIPPING "WHITE WAY"

Surrenders When "Broke."

For two weeks George Lister was "the millionaire kid" on Broadway with \$14,000 he stole from the American Express Company in Sausalito, Cal., when he absconded as cashier. Today he is under arrest—"broke."

### STOLEN GOODS WILL BE RETURNED.

Washington.—Canada and the United States have made effective a new arrangement by which stolen property of residents of one country seized by the custom authorities of the other may be returned to its legal owner, it was announced here today.

One immediate effect of the arrangement will be to release a large number of automobiles stolen from United States citizens and smuggled across the border.

# QUALITY

## NO TREASON

PRICE has always been of secondary importance in the blending of KING COLE Orange Pekoe. It has to be, if that characteristic rich flavor is to be maintained. Unusually choice teas are continually sought for it, and the cost of these is frequently changing.

KING COLE Orange Pekoe is for the real tea lover to whom a fine cup of tea is a delightful necessity. Any lowering of the quality would be treason.

The price of KING COLE Orange Pekoe has changed slightly from time to time, and may again be higher or lower according to market conditions, but its original exclusive flavor remains unaltered.

**A secret so simple many overlook it**

Let millions of women keep youthful loveliness this way

To realize the dream that is in every woman's heart, to keep the youth that every woman wants... Turn for a while from the elaborate treatments and methods. Try this simple but correct way by which millions of women are keeping youthful radiance and charm.

**Authorities advise this**  
Cleanse the skin regularly, authorities say, to keep your complexion lovely, radiant, youthful. But beware of harsh cleansing methods. They injure skin.

Wash thoroughly with Palmolive Soap—each night before retiring. Rub the creamy, foamy lather over into the pores. Rinse— and repeat the washing. Then rinse again.  
Then— if skin is dry—apply a little cold cream. That is all. Skin so cared for is not injured by cosmetics, by wind and sun, or by dirt.

**The simple, correct way**  
You cannot find a more effective beauty treatment. Because

Palmolive Soap is blended of rare palm and olive oils. These oils are mild but thorough cleansers. They remove dirt and impurities. They leave the skin soft and smooth. They are gentle and safe. And it is in the water. All dealers have it. Then for one week try this simple treatment. To your delight, results will be noticeable even in that short time! The cost is so little that you can well use Palmolive for the bath, too.

**FIRST GASPAREUX**  
St. John.—The first big catches of gaspareux in this vicinity this season were made on Wednesday. It is estimated that the catch around Lorneville brought in as many as 10,000 fish, while in St. John harbor and in the bay there were between 50,000 and 60,000 fish caught by the boats and in the weirs. The fish were selling at 1 1/2 cents apiece wholesale and five cents retail today.

Gloucester Times: Fishermen have begun to arrive in large numbers from the provinces for the spring and summer fishing. On board the str. Prince Arthur which arrived in Boston on Saturday from Yarmouth were nearly 200 fishermen from the Maritime Provinces who will join vessels here and at Boston which are fitting for the various branches of fishing.

There are teas and teas, there are even other Orange Pekoe teas than MORSE'S, but do not forget that MORSE'S SELECTED ORANGE PEKOE is the original ORANGE PEKOE, and that there is no substitute for it which equals it either in flavor or the number of cups to the pound.

We would call the attention of our readers to the advertisement appearing on the last page of this issue, announcing a concert to be given tomorrow (Thursday) evening, in the Court House, by Mrs. Chadwick's Singing Class. Apart from the object to which the proceeds are to be given, the concert itself is worthy of patronage. Part I will consist of a miscellaneous programme of vocal and instrumental music, including several "Two-part Songs" by the class. Part II will be a cantata entitled "Greeting of the Gypsy Queen," by Thomas Façer. This is a particularly tuneful composition and, as rendered by this class, is sure to be pleasing. The whole concert will be under the personal direction of Mrs. Chadwick.

**SEWING CIRCLE GOSSIP.**  
There was some discussion at the Sewing Circle this week about the cup of coffee one gets at the Parker House in Boston. The wife of the radio operator, who visited Boston recently, said that she found the Parker House coffee of excellent quality, but no better than LUXOR ORIENTAL COFFEE, which she gets from MacPherson the grocer, in half and one pound tins. It would be impossible, she thinks, to make a more delicious cup of coffee than she prepares for her husband's breakfast every morning with LUXOR ORIENTAL COFFEE.  
Over a hundred took part most appropriately costumed. The effect was most pleasing, the genera rendering very creditable and highly enjoyed by a large audience. We regret that pressure on our columns does not this week permit of a more extended reference to an event of such merit.  
A real estate deal was completed last week. Mr. Harry Sancton securing the new house on Granville street west from Messrs J. H. Hicks and Sons. While the firm have acquired the Longmire farm with its valuable timber acres from Mr. Sancton who on Monday moved to town to occupy his new property.  
The music pupils of Miss Cameron, who reside on Granville Street East, assisted by their teacher, gave an enjoyable hour at the piano to a few of their friends at the home of Mrs. M. C. Foster on Saturday afternoon April 29th. The pupils taking part were Mrs. K. B. Ewan, Aelina Fay, Marguerite Foster and Charles Anderson.

**SOCIETIES ACTIVE AT PARADISE**

W. M. S. Have Fine Entertainment Many Students Were Home For Easter.—Other Notes And Items.

Monday evening, April 7th, in the Paradise church vestry, Rev. W. Rackham presented the story with pictures, or Christie's Old Organ. Pictures and music provided an excellent entertainment.  
A pleasant afternoon was spent recently in the church vestry, when a number of ladies met and completed the quilting of two quilts, which are now for sale and can be purchased through Mrs. J. S. Longley, president of the Church Aid Society.  
The April meeting of the Woman's Missionary Society met with Mr. Ralph Williams. Following the business meeting an inspiring Easter program was provided by Mrs. J. Hald. The quarterly entertainment was also a pleasing feature of the afternoon.  
Mr. Nathan Banks recently went to Halifax where he received medical attention.  
Dr. Vernon Morse and Mr. E. Morse returned from Boston April 12th, where Dr. Morse underwent serious operation. Dr. Morse's condition is still very critical. Respect and loved by all these days of suffering are peculiarly hard ones for friends and family.  
Among the Acadia students, home for the Easter holidays are Mr. M. Munroe, Mr. Gordon Starratt, Mr. Ewart Longley, Mr. Charles Longley, Miss Alice Longley and Miss Evelyn Longley.  
Miss Hazel Grant and Mr. Chest. Ferguson of Acadia are vacation guests at the home of Mr. and Mrs. J. S. Longley.  
Miss Hazel Turner of Wolfville, spending the Easter holiday with Miss Evelyn Longley.  
Miss Eleanor Longley of Halifax spending Easter with her parents and Mrs. H. W. Longley.  
Mr. Murray Elliott who has been teaching at Plympton spent the vacation with his mother and sister, Mr. Ritchie Elliott and Miss Joyce Elliott.  
Miss Irma Campbell visited friends in Paradise during the vacation.  
Mrs. Rupert Chesley is in Charlott. visiting with Mr. and Mrs. Milled Marshall.  
Mrs. Aubrey Freeman visited Round Hill, April 11th and 12th. Rev. and Mrs. W. H. Robinson spent spending a couple of months Digby returned to their home here April 19th.  
The Sunday evening B. Y. P. U. service was of a special character and was well attended. Miss Lillian Leonard was leader of the service. The program included Easter readings and choruses and a solo by Mrs. Ritchie Elliott.

There will be no morning service in St. James' church next Sunday, instead there will be an 8 a. m. service in St. Mary's, Belleisle, (also p. m.) and 11 a. m. (with Easter communion) in St. Peter's-by-the-Sea Young's Cove. The evening service will be as usual at 7.30, when it is hoped the Easter music will be repeated.

The Story of Tea LEAD PACKING.

Tea comes from India, Ceylon and China packed in lead lined chests ALWAYS. The growers and buyers insist on this one method of retaining the freshness of tea.  
Yet tea is often longer in reaching the consumer from the blender than it is coming from the Orient to Canada.  
That's why it is essential to buy tea in lead packages—no other protects the tea from loss of flavor and freshness. Rackwanna Teas are so protected.

Mrs. David Gagne, St. Godfrey, Que., writes:—"I have used Baby's Own Tablets for my three little ones and have found them such an excellent medicine that I always keep them on hand and would strongly advise all other mothers to do the same thing." The Tablets are a mild but thorough laxative which quickly relieve constipation and indigestion; break up colds and simple fevers and promote that healthful refreshing sleep which makes the baby thrive. They are sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
