BRIDEGROOM OF DAY A LUNATIC.

Father and Singular Fate of Al-

bany Business Man.

New York, May 31.—In the presence

of his bride of less than 24 hours, Dr.

Witt Olmstead, a well-known business

man of Albany, became violently insane

yesterday as he was about to register

at the Hotel Newburgh on Fifth ave-

nue, and last night he was taken to

Bellevue Hospital and put in a strait-

jacket. The doctor in charge of the

hospital said that the case was a

strange one, and that the bridegroom

was a private sanitarium in Stamford.

The doctors say there is little hope for his

recovery. Almost frantic with grief,

the bride's father was taken back to her

home in Albany last night.

The bride's father, a brother of the

unfortunate bridegroom, officiating. Many

friends and relatives accompanied

them to the boat to wish them a pleas-

ant journey. Rev. Mr. Olmstead accom-

panied them to this city. Neither the

bride nor her brother-in-law noticed

anything unusual in the conduct of the

bridegroom.

Yesterday morning the party took a

carriage to the pier and were driven

to the Netherlands. It was not until

they had entered the hotel and were

approaching the register desk that

young Mr. Olmstead showed any signs of

insanity. He began to talk incoherently

and the attendants of the hotel started

to call the police. The bridegroom

was extremely boisterous and started

the hotel employees by shouting at

the top of his voice.

The bride insisted on accompanying

the patient to Roosevelt Hospital. The

physicians determined that the patient

must be removed to Bellevue psy-

chopathic ward. He was transferred

there without difficulty. The bride

stratagem, he fought his attendants

with all his strength. The doctor in

charge of the psychopathic ward said

that the case was a very singular case

and that he had never seen a case like

this under his notice. It is

said that the bridegroom was

suddenly, Mr. Olmstead's con-

dition, he said, was extremely grave.

A DELIGHTFUL MONTH.

Neither Rainfall Nor Temperature

Was Much Worse Than Average.

The month of May has been a

"delightful month," said the weather

man at the observatory when The World

dropped in to see him yesterday. "There

have been no extremes," he continued,

"and it has been a little warmer than

the corresponding month of last year."

"But vegetation appears to be more

backward than last year," suggested

the interrogator.

"The reply of the weatherman, "but

growth depends upon the heat of the

ground, and in March and April the

heat of the sun did not get into the

ground. Look how far back growth is

in the shade now," he said. "We had

a warmer month, but we had not quite

as much rain. Had we had a warmer

April there would have been more

growth in the ground."

What was the rainfall in May? was

asked. "2.27," was the reply. "About

half an inch less than last year, and

the rainfall was 3.75. The average

for the past 64 years has been 2.57, so

the past month shows that there was

a quarter of an inch more than the

average."

The heaviest day was the 23rd, last

Monday, when the fall was 0.83. The

heaviest rainfall in May, 1904, was on

the 15th, when there was registered

1.65.

The mean temperature for the

month has been 62.5, and the average

for May during the past 64 years is

62.4. The highest registered was on the

23rd, when the temperature was 73.6.

The lowest was on the 15th, when it

was 51.3. Last year the temperature for

the month was 65.0, or 2.5 degrees

above the average. The highest last

year was on the 25th, 73.6, and the low-

est was on the 11th, 52.7.

"But the weather has seemed rather

cold for May," was suggested.

"Perhaps, but it has been warmer

than the average," was the reply. "The

rainfall has been exactly the same as

in the year 1878, which is rather a

strange coincidence. The mean tem-

peratures since 1871 have been:

fect that the Ontario government has a right to control the work of the administration. It is the duty of the sanitaria, charitable institutions and the institutions of the province. It is something that will command the respect of the public. At present these interests are distributed among various departments of the government, and the result is a confusion of functions. As a result, if brought together under one administration, the result would be a more efficient and more successful administration in his profession and of tried business capacity, there would be a more efficient and more successful administration only.

Willoughby has been mentioned, and, indeed, a more creditable mention. The new department could not be found. He has the confidence of the profession."

ROOSEVELT IS WAITING.

Ready to Advance Peace Proposals When Time Arrives.

Washington, May 31.—Sir Mortimer Durand, the British ambassador, was the guest at luncheon to-day of President

dent Roosevelt, at the White House. When they discussed the prospects of peace there can be no doubt. So far, however, the United States has received no information from Russia that negotiations would be acceptable. President Roosevelt has said that his initiative should be a favorable opportunity be presented.

What President Roosevelt has discussed informally the subject of peace negotiations with members of his cabinet, as well as with some representatives of the foreign press, is that the United States, and, in the near future, possibly will take up the matter with others, and that the United States has no definite steps looking toward peace yet have been taken by the American government.

24 THEATRICAL MANAGERS

ARREST HELD FOR CONSPIRACY

New York, May 31.—Magistrate Pool, in the West Side court this afternoon, held for trial 24 members of the Thelma Houston Association on the charge of conspiracy, made by James S. Metcalf, who says they kept him out of office for three years.

The persons held in trial include Daniel Frohman, Klaw & Erlanger, Frank McKee, Oscar Hammerstein, Tony Pastor, E. J. Williams, C. M. Burnham and Al. Hayman.

ENGORGED BY AWFUL FIRE

Then Togo Offered Chance to Surrender That Was Taken.

London, June 1.—The Daily Mail's Topham, writes:

"We first saw the Japanese at six o'clock on the morning of May 27, when suddenly and unexpectedly we encountered the enemy's fleet as we were moving to the east of Tsu Island. They steamed towards us and opened fire. Only ninety minutes after the firing began a sudden shock was felt under our feet. The ship began to roll and sink with great rapidity. My belief is that she either struck a mine or a torpedo. My crew numbered 600 men,

"In the engagement fought off Lian kock Rocks the Russian battleships were surrounded by Japanese ships, but the Russian fleet was not in a terrible fire, and they almost immediately fell into hopeless confusion. Seeing their plight Vice-Admiral Togo sent a message to the Russian ships a demand to know whether the Russians were ready to surrender. Our ships complied with the demand."

Philippine Gas.

Difficulties have been experienced in obtaining a reliable supply of coal for the small communities inhabitable in the Philippine Islands and after experiment the government laboratories have found that a much more economical method of obtaining fuel is the oil of coconuts.

Cocunut oil is a commercial product, and therefore readily obtainable and is much cheaper than the coal which is more cheaply than with the use of coal. The oil is slowly fed into red hot retorts, and the gas which is obtained is being but a small residue of tar. So successful have been the experiments that there is already an agitation on foot to establish a gas works in the Philippine States in sections where coal cannot be readily had. It is asserted that because of the fact that the oil of coconuts is gas, bulk for bulk, it would be possible to make up of the oil on the Pacific

IS SCIATICA CURABLE?

Many who have used poor remedies think sciatica is well nigh incurable. But it doesn't take long to change this opinion. Nervine has penetrating, pain-relieving power unknown in ordinary treatments. With Nervine failure is impossible. E. S. Jenkins of Portland says: "I spent a small fortune on sciatica. I was cured only one of real merit was Nervine. I bought two bottles and was cured. I can recommend Nervine as a sure cure for sciatica. It is excellent also for Rheumatism and neuralgia." For nearly fifty years Nervine has been curing the sciatic. It is sold everywhere. Large bottles, 25c., at all dealers'.

Tales on Trucks—II.

Somebody said, "To save time is to lengthen life."

It is true that to save time is to save money.

More time is needlessly lost in a waste of money than in handling goods any other way.

Figure it up for yourself. If you wish to satisfy yourself a good truck system will be a money saver in your business, and save up about it.

SIR JAMES WATSON'S OPINION

He says that the commonest of all disorders, and one from which few escape is Catarrh. Sir James firmly believes in local treatment, which he supplies in the form of Catarrhine. No case of Catarrh can exist where Catarrhine is used; it is a miracle cure. He says that all the nostrums and cures where other medicines fail. Other treatments can't reach the diseased surface, but Catarrhine can, and it goes to the source of the trouble along with the air you breathe. Catarrhine is free from cocaine. It leaves no bad after-effects, and simply nature's own cure. Accept no substitute for Catarrhine, which alone can cure Ca-

On and after June 1st Ten Thousand Acres only will be sold at \$20.00 per acre. After this is sold a further issue will be sold at \$40.00 per acre.

Buy Now and Save Money. You can't duplicate this land for less than \$50.00 per acre to-day in Cuba.

Buy a Business Lot at \$50.00 to \$75.00 which will rapidly increase in value. Terms Cash; or 25% cash and 25% each month till paid for.

The First Issue of the Company's Business, Residential and Winter Resort Lots.

This Site Consists of 60 Acres, About One Square Mile in Area.

It is situated on a slight elevation, sloping from the centre to the sea, chosen very carefully by the members of the company and the company's engineers with a view toward insuring a perfect drainage. The location is well suited to the development of a thriving business and residential community.

This tract is being divided by many avenues and a grand boulevard. The arrangement is effective, and when the streets and avenues have been cleared, leaving only the stately royal palms, there will be no more picturesquely beautiful spot in the tropics. Most of the lots are 20 x 125 in size, except where otherwise surveyed, as per map.

These lots are unusually large and give plenty of room for lawns, gardens, fruit and shade trees.

The first issue will be sold for \$20.00 each lot, according to location. Call or write for a selection and get your choice. Only a limited number will be sold at this price.

Hundreds of Canadian families have purchased plantations from our Company, and are going to make their home on our estate.

On the first day of June we shall issue ten thousand acres at \$20.00 per acre; after that amount is sold a further issue of ten thousand acres will be issued at \$40.00 per acre.

The same quality of lands can't be bought in Cuba for less than \$50 per acre anywhere to-day.

Our business and residential lots will be sold rapidly, so don't let this opportunity pass; it is a chance in a lifetime. The same acts will advance in price rapidly. Hundreds are going down in September who have already located for their plantations.

So rich is the soil of Cuba that a tract the size of a city lot will furnish all the fruit and vegetables that a family can consume.

Value of an Acre of Land in Cuba.

Not only is Cuba attractive as a winter and health resort and permanent place of residence, but the fertility of its soil gives it agricultural advantages which are fast making it famous as a field for the cultivation of Citrus Fruits and Early Vegetables.

Resources

Citrus Fruits, such as Oranges, Grape Fruit, Pineapples, Lemons and Limes, grow almost without care, while early vegetables—Potatoes, Beans, Peas, Tomatoes, Cucumbers, Onions, Corn, etc., can be grown and harvested in the month of January, when they bring the highest prices in the Northern Markets.

ROCKEFELLER IS MALIGNED.

Baptist Pastor in New York Comes to Magnate's Rescue.

New York, May 31.—The recent criticisms of John D. Rockefeller, growing out of his gift of \$100,000 to the American board of commissioners of foreign missions, are being met in an article by Rev. Dr. Robert Stuart MacArthur, pastor of the Cavalry Baptist Church of this city, to be published tomorrow in The Examiner, a Baptist publication, to be coarse and cruel, and perhaps criminal and to have maligned the entire Baptist denomination. He has investigated certain business transactions, which have been severely denounced by Mr. Rockefeller's critics, and has found them in accordance with the highest standards of commercial morality. Mr. Rockefeller, he asserts, is worthy of confidence, admiration and respect, and he appeals for fairness of judgment for him.

MILBURN'S Heart and Nerve Pills.

Are a specific for all heart and nerve troubles. Here are some of the symptoms. Any one of them should be a warning for you to attend to it immediately. Don't delay. Serious breakdown of the system may follow, if you do: Nervousness, Sleeplessness, Dizziness, Palpitation of the Heart, Shortness of Breath, Rush of Blood to the Head, Smothering and Sinking Spells, Faint and Weak Spells, Spasms or Pain through the Heart; Cold, Clammy Hands and Feet. There may be many minor symptoms of heart and nerve trouble, but these are the chief ones.

Milburn's Heart and Nerve Pills will dispel all these symptoms from the system.

Price 50 cents per box, or 8 for \$1.25.

WEAK SPELLS CURED.

Mrs. L. Dorey, Hemford, N.S., writes as follows: "I was troubled with dizziness, weak spells and fluttering of the heart. I procured a box of Milburn's Heart and Nerve Pills, and they did me so much good that I got two more boxes, and after finishing them I was completely cured. I must say that I cannot recommend them too highly."

JAPAN ORDERS U. S. EQUIPMENT.

Government Shipbuilding Yards to Have Rush Supplies.

New York, May 31.—Contracts amounting to fully \$5,000,000, calling for the shipment with all despatch, of electrical equipment, machines and tools, have been placed in this market on Japanese account. The orders were mostly placed by the New York representatives of Japanese firms. The machinery is for installation in the principal government ship building yards. Because of the inauguration of a war tax, ranging from five per cent. to ten per cent. on various foreign equipment entering Japan after July 1, most of the orders call for shipment overland to the Pacific coast.

A Fake or a Tragedy?

Norfolk, Va., May 31.—The following message, received over the government sea coast telegraph wires, has been posted at the Norfolk weather bureau: A bottle containing the following note was found on the beach at Pam Neck, on the North Carolina coast, by Captain J. E. Woodhouse of the life-saving service: "On board the schooner Phantom, struck by outgoing steamer Bodoni; all hands at the top vessel slowly sinking; now at water edge; have put off in small boat. (Signed) C. A. Jones."

The names of the vessels in the note do not appear in any of the records or maritime registers.

When Royalty Weds.

Berlin, May 31.—The hotels of Berlin find their capacity far overtaxed for the accommodation of the guests at the forthcoming wedding of Crown Prince Frederick William and the Duchess Cecelia of Mecklenburg-Schwerin, even princely personages being refused accommodation. The problem of accommodating the royal visitors is enhanced by the large retinue accompanying them.

Girl's Body Recovered.

St. Catharines, May 31.—The body of Gertrude Hill, the 10-year-old daughter of Chas. W. Hill, of Merilton, was found in the old canal this morning. The child fell into the water on Sunday afternoon on her way home from Sunday school.

Municipal Ownership of the Platform.

New York, May 31.—A city ticket has been nominated by the social democrats, headed by Algonquin, Lee for mayor. The candidate came here from the west some years ago. The platform demands among other things municipal ownership of public utilities.

A SCARE FOR ALFONSO.

Paris Socialists Brandishes a Dagger and Shouts Treason.

New York, May 31.—A Paris despatch to The Herald quotes The Petit Parisien of that city as saying that while King Alfonso and President Loubet were driving along the Avenue du Bois de Boulogne a spectator burst thru the line of police, dodged the horses of the escort and brandished a dagger, shouting, "Down with the king; live the workers."

The police succeeded in seizing him, and at the police station he said his name was Auguste Garney, a Jeweler's workman and secretary of the Jewel Workers' Federation.

Garney had previously had trouble with the police on account of his revolutionary opinions.

King Alfonso, accompanied by President Loubet and with a brilliant military escort, to-day visited the Invalides, Notre Dame, Eglise and historical monuments. Along the route the king met with an enthusiastic reception from various crowds of people. The rigid police precautions prevented any demonstrations on the part of the anarchistic element. Three anarchist suspects were arrested during the night and others were kept under close surveillance.

Drags Its Weary Way.

Chicago, May 31.—After twenty-four hours' truce, occasioned by Decoration Day, employers and teamsters resumed the strike struggle to-day, with little prospect for any immediate change. The Employers' Teaming Company expelled its previous records today, sending out between 2500 and 3000 teamsters. Every driver that could be spared was sent to the lumber district in order to facilitate deliveries.

Positive announcement has been made that there would be no sympathetic strike in New York to help the Chicago teamsters. Instead of quitting their jobs, the New York union drivers, who number 35,000, will be assessed five cents, or \$1500 a day.

When a Woman Loves.

London, May 31.—(C.A.P.)—The woman arrested on the arrival of the Tunisian at Montreal married Mr. Bellamy, a resident of Barnsley. She left him a considerable time ago, and, going to Cheshire, represented herself as a widow. In Altrincham she made the acquaintance of a barber named Percy Bugler and married him; the registrar's office in Manchester. Bugler is a man of humble circumstances and was regarded as having made an exceedingly prosperous match.

ENGLAND'S DANGEROUS OMISSION.

Does Not Educate the Younger Generation in Patriotism.

London, May 31.—The text of a speech delivered by Sir George Stewart White, governor of Gibraltar, at Gibraltar, on Empire Day (May 24) has just reached London. Sir George based his speech on a recent address by former Ambassador Choate on the subject of patriotism.

The governor said that England was sadly lacking in education in regard to patriotism compared with the United States, where a vast and increasing population enjoyed the blessings of peace and unqualified victory without the sneers of war, and where statesmen headed by the far-seeing President Roosevelt, neglected no opportunity of educating the children of the nation to honor the flag above all else.

At Salary of \$50,000.

Washington, May 31.—A conference with the president, Secretary of the Navy Morton announced that he expected to retire from the cabinet on July 1.

It is learned authoritatively that Secretary Morton will assume the general management of the New York subway system, at a salary of \$50,000 a year.

The "Organization" Breaks Down.

Philadelphia, May 31.—Council for David Smith, former director of public safety, and Peter E. Costello, to be director of public works, who were deposed by Mayor Weaver, today withdrew the papers in the injunction proceedings brought against Col. Sheldon Potter and A. Lincoln Acker, their successors. This means that the "organization" forces have decided to discontinue, for the present at least, their fight on Mayor Weaver.

Accidentally Shot.

Ingersoll, May 31.—While out with a picnic party about one mile east of here last evening, W. A. Leigh of the Chronicle staff was accidentally wounded in the left hip by the discharge of a shotgun.

Four Drown in Cloudburst.

Heppner, Ore., May 31.—A cloudburst on Rhea, about 12 miles south of here, has caused the death of Mrs. J. H. Nunemaker and her youngest child and two children of A. R. Cox, who were caught by the water and drowned.

MINTO AS AN AGRICULTURIST.

Is Appointed Chairman of an International Committee.

Rome, May 31.—The international conference on agriculture has appointed three commissions—the first to study the organization of international institutes under the chairmanship of M. Barre, the French ambassador to Italy; the second to study the object of the institute has in view, under the chairmanship of Lord Minto, one of the British delegates; and the third to consider the means by which the institute shall be supported, under the chairmanship of Sir Rava, the Italian minister of agriculture.

What's in a Name.

The Canadian Pacific Railway announced the change in the station name of Rat Portage, Ontario, to Kenora, Ont. This change took effect on May 23.

\$10,000 REWARD FOR OLD LETTERS.

And They're Worth More Than \$40,000 in Jewels.

New York, May 31.—Offers of a \$10,000 reward are published here today for the return of a packet of letters said to have been stolen from a private safe in the home of a wealthy and socially prominent New York family. Those name probably will never be mentioned in connection with the affair unless a scandal should arise from an exposure of the letters' contents.

Incidentally, it is hoped to recover \$60,000 worth of jewels and many thousands of dollars' worth of stock certificates, which were stolen at the same time as the letters; but, in comparison with the latter, the loss of the jewelry is considered insignificant.

A NEW SECRETARY FOR THE U. S. NAVY.

Washington, May 31.—President Roosevelt authorized the announcement late this afternoon that upon the retirement of Paul Morton from the secretaryship of the United States navy he would be succeeded by Chas. J. Bonaparte of Baltimore, Md.

The appointment of Mr. Bonaparte had been determined upon by the president for some time.

Inspected Brockville Regiment.

Brockville, May 31.—(Special.)—Lord Aylmer, inspector-general, and Col. Gordon, G.O.C. of the eastern district, made an informal inspection of the 1st Regiment, Brockville Rifles, this evening at the armory. The regiment mustered strong under the command of Major Fisher, and after a complimentary drill Lord Aylmer spoke in complimentary terms of the efficiency displayed. Lord Aylmer and Col. Gordon were accompanied by the officers.

Aphorisms.

The beauty seen is partly in him who sees it.—Bovee. Men often make up in wrath what they want in reason.—Alger. Behavior is a mirror in which every one displays his image.—Goethe. High aims form high characters, and great objects bring out great minds.—Edwards. Nothing costs less, nor is cheaper, than the compliments of civility.—Cervantes.

21 RESCUED ALIVE FROM CAVED-IN MINE.

Montrose, Colo., May 31.—Twenty-one workers who were imprisoned in the Gunnison reclamation tunnel by a cave-in yesterday were rescued alive and uninjured to-day. They had been stuck for about 50 feet in less than 24 hours. There are still two dead under the slide.

Special Announcement From the Illinois Central R. Co.

This year the summer months, Rocky Mountains and Pacific Coast have been a boon in cheap round trip rates away below the normal, and the traveling public are going in flocks and in special trains. The Illinois Central Railroad Company, by its name, does not suggest it is a strong link in the chain of railroads reaching Denver, Colorado common points, Portland and all California, unless you are familiar with its lucky number map which looks like this figure: New Orleans, Chicago, Omaha, the upper horn of top part of figure 7, has a few main lines, and note, at same rates as all lines. Your local agent knows all about it. See him and ask for part of the I. C. R. Company, which means it can ride right comfortable. Drop me a note for particulars and literature. G. B. Wylie, Canadian passenger agent, Buffalo, N. Y.

Michael Corcoran Dead.

Word was received yesterday at his home, 51 Markham-street, that Michael Corcoran, the G. T. R. conductor who was injured at Belleville, had died in the hospital.

The accident which resulted in Mr. Corcoran's death occurred on Tuesday, when he was struck by an engine at the Belleville station.

Mrs. Corcoran went to Belleville yesterday to bring the body back. The deceased was 50 years of age and had been in the G. T. R. service for over 20 years. He attended St. Francis Catholic Church.
