TWO WESTERN UNIONISTS QUIT PARTY BECAUSE OF BUDGET

Great Destruction of Property || Drury Promises Nickel Inquiry; In Fresh Sinn Fein Outbreaks || Provincial Estimates \$18,000,000

BUDGET PROPOSALS CAUSE TWO GOVERNMENT MEMBERS TO BREAK UNIONIST RANKS

H. O. Wright and W. A. Buchanan, Western Supporters, to Vote for Opposition Amendment—Member for Battleford Joins the Cross-Benchers—Applauded by the Liberals.

Ottawa, May 26.—(By Canadian Press).—The first break in the ranks of the government supporters on the budget came tonight. For several hours the debate had proceeded along warring lines, members from the government and opposition voicing support and criticism of the proposals contained in the speech of the minister of finance. At last, H. O. Wright, member for Battleford, and a farmer by occupation, rose and in a concise and positive speech announced that he would have to break with the government and support the opposition amendment. This announcement was met with loud applause from the Liberal opposition, as well as the Farmers, but the former were somewhat dampened when Mr. Wright announced that he "did not think there was anything material in the amendment," but the rules of the house precluded the moving of any other.

Buchanan Also Breaks. Mr. Wright, however, was not the only western Unionist who found that he must break with his party. He had not long concluded his speech when W. A. Buchanan, member for Lettbridge, declared he had come to the conclusion that the promised tariff revision meant only protection, and he would also support the amendment. Again the opposition benches broke into applause. He could not agree with anything which taxed implements of production, thus making the cost of living higher, said Mr. Buchanan. He had been elected as a low tariff man and it was to be consistent that he was taking his present stand.

New Recruit for Farmers. The decision of Mr. Wright to vote against the government means that the new Progressive or "Farmers" party have won another recruit. He declared that he stood four-square (Continued on Page 7, Column 5.)

MILITIA AIR FORCE IS OVER-RECRUITED

Rush of Applicants—To "Be Best in the World," Says Commander Tylee.

Ottawa, May 26.—(By Canadian Press).—Lists will close in three days for membership in the new Canadian Air Force. May 23 is the last day on which applications for membership can be posted to the Air Board in Ottawa.

The force is practically over-strength already, most of the applicants coming from eastern Saskatchewan. It will be necessary to obtain an extension of the authorized strength to take care of all ex-airmen who wish to participate in the voluntary training scheme of the air force at Camp Borden this summer.

Send 40 Planes. The camp will be opened as soon as provincial committees have completed their arrangements, by which air officers will train at their convenience. One hundred and forty new English service machines of the latest type have been recently unpacked. The camp, which is the best equipped in the British Empire, possesses also nine heavier-than-air machines, dirigibles, hangars, etc., besides comfortable permanent quarters, tennis and golf courses, swimming pool, etc. "It is going to be the best air force in the world," said Commodore A. K. Tylee, the first commander of the force, who visited Ottawa today, and returns to Toronto and Camp Borden tonight.

Phenomenal Aid by Rain To Saskatchewan's Crops

Prince Albert, Sask., May 26.—Showers continue throughout Saskatchewan and the crops are showing a phenomenal growth of the crop is reported from every district. There has been no damage from blowing in any district or from drought, and farmers are overjoyed with the prospects of the crop.

RAILWAY FARES BILL IN LEGISLATURE TODAY

The bill passed by the legal committee, putting it up to the city council to decide as to whether street railway fares may be increased or not, will probably come before the legislature today.

The Toronto contingent of the house declare they will fight the measure to the last ditch.

WILL NOT GET AS HIGH COMPENSATION AS FIRST EXPECTED

Amendment to Workmen's Bill Said to Remove Objections. CUT ANNOUNCED

The workmen's compensation act received its final reading in the legislature yesterday and now only requires royal assent before becoming law. An important amendment was made to the original measure which, it was claimed, would eliminate a great deal of the objections that had been raised against it. The amendment reduced the compensation from 75 per cent. to 66 2-3 per cent. of the wages earned. This would, the minister of labor said, make it somewhat easier for the employer of labor paying into the compensation fund. At present in the province there were 16,000 such employers, and the average daily amount paid out in compensation was \$14,000, or less than a dollar a day for each employer.

Some of the principal provisions of the bill are as follows: The maximum amount which may be allowed as necessary expenses of burial of a workman whose death results from injury in respect of which compensation is payable under the workmen's compensation act is increased from \$75 to \$125.

For Sole Dependents. The monthly payment to be made to a widow or invalid husband who is the sole dependent entitled to compensation under the workmen's compensation act is increased from \$30, but not exceeding 55 per cent. of the average earnings of the workman, to \$40 but not exceeding 75 per cent. of the average monthly earnings of the workman.

The monthly payments to be made where the dependents entitled to compensation under the workmen's compensation act are a widow or an invalid husband and one or more children are increased from \$30 with an additional \$7.50, to be increased upon the death of the widow or invalid husband to \$40 for each child under 16, but not exceeding 55 per cent. of the average earnings of the workman to \$40 but not exceeding 75 per cent. of the average monthly earnings of the workman.

Allowance to Children. The monthly payments to be made where the dependents entitled to compensation under the workmen's compensation act are children are increased from \$10 to each child under the age of 16 but not exceeding 16 2-3 per cent. of the average monthly earnings of the workman.

Speaking to The World last night Mayor Church said he did not think a single member of the council would vote to grant an increase of fares, but they should not be asked to deal with the question at all. The city had an agreement with the company, and would insist that that agreement be adhered to. He believed the legislation now before the house would be ultra vires of the legislature, as it would permit modifications of franchise agreement, without a vote of the ratepayers, and this was unlawful under the Beck act.

His worship said he did not know what the Toronto members in the legislature were doing about it, but he knew the people would not stand for the agreement being broken.

Post W. McIlroy to Toronto To Be Detroit Agent of C.P.R.

Montreal, May 26.—W. McIlroy has been appointed general agent of the passenger department of the Canadian Pacific Railway at Detroit, Mich., succeeding M. G. Murphy, who has resigned, according to a circular issued by the passenger department, Montreal.

It was Peter Heenan (Kenora) who precipitated the discussion when he moved the adjournment of the House in order to discuss the government's refusal to issue licenses to cut railway ties. This refusal was to the great disadvantage of the poor man and the department's policy should be changed.

Hon. Beniah Bowman, minister of lands and forests, said he had refused to issue permits. The government's policy was to advertise all timber for sale, and in this way they were not left open to the charge of issuing permits to favorites.

T. H. Marceau (Niipisng) declared that only 50 per cent. of the ties cut had been paid for. The government should issue permits to the poor man to enable him to cut ties.

The minister promised further consideration, and added that his department had not proper reports of the timber resources of the province. They would cost considerable, but it was desirable to have them.

GERMAN EXCHANGE HAVING BIG BOOM

New York, May 26.—Buying of German exchange unparalleled since the armistice was reported by dealers in foreign bills today, forcing marks up to 3.16 cents a piece, said to be the highest quotation in more than a year. It contrasts with the minimum quotation of 1 cent last February. Purchases ran to large individual lots, in some instances approximating 1,000,000 marks. Much of the buying was believed to be speculative and based on reports that Germany's industrial condition is showing a decided improvement.

PLANTERS IN CUBA ARE STORING SUGAR FOR HIGHER PRICES

Witness, Before U. S. Committee, Predicts Immediate Increase in Cost.

BANKS ARE BLAMED

New York, May 26.—A prediction that the price of sugar would soar to 27 or 28 cents a pound within 48 hours was made today by Raymond M. Wilson, sugar broker, testifying before the Lusk committee investigating alleged profiteering in sugar and other commodities.

This statement followed the disclosure by George Henry Finlay, another witness, that more than a quarter of a billion dollars have been loaned by American banks to concerns in Cuba to enable them to hold sugar.

Mr. Finlay, who was the first witness called when the hearing was resumed today, testified that about 650,000 tons of sugar was being held in Cuban ports, and added that many planters have stored their entire crops in warehouses in the interior.

Asked whether he thought the planters took this action in order to wait for further rises in prices, he answered in the affirmative.

He said the National City Bank in Havana would lend \$25 a bag on raw sugar thus stored, while other banks lend as much as \$5 a bag.

Asked for any other information in his possession, which might throw light on the existing high prices, he called attention to 400,000 tons of sugar not previously counted in the estimates for the available supply.

He said that the total amount of sugar available to refiners in Cuba up to 1,000,000 tons.

MUST CLOSE MILLS OR GO TO CANADA

U. S. House Committee Favors Special Commission to Deal With Dominion.

Washington, May 26.—Suggesting embargoes by the United States on products required by Canada for her industries to meet the Canadian embargoes on pulpwood, the house foreign affairs committee today favorably reported the senate resolution for a special commission to deal with the subject.

Canada, the report declared, must have coal, sulphur and dyes from the United States or "else suffer a similar misfortune" as that which afflicts American publishers.

Embargoes on pulpwood, the report declared, have restricted building of paper mills in the United States, and efforts recently have been made to prevent Americans from buying pulpwood lands in Canada.

Unless American mills get Canadian pulpwood, the report declared, they will be forced to close or move to Canada.

ASKING FOR ALMOST EIGHTEEN MILLIONS IN MAIN ESTIMATES

Liberal Opposition in Queen's Park Complains of Lack of Time for Study. RANEY IS CRITICIZED

The main estimates for the fiscal year ending on July 31, 1921, were brought down in the legislature last night. They call for a total expenditure of nearly eighteen million dollars, divided among the different services as follows: Civil government \$11,690,702.00; Administration of justice \$3,400,000.00; Education \$4,403,842.00; Public institutions \$3,024,412.00; Agriculture and immigration \$1,297,676.00; Colonization and immigration \$165,000.00; Hospitals and charities \$993,300.00; Maintenance and repairs of government buildings \$61,143.35; Public buildings \$17,600.00; Public works \$155,900.00; Department of labor \$770,241.50; Colonization roads \$107,300.00; Department of public highways \$39,970.00; Games and amusements \$41,900.00; Attorney-general's department, miscellaneous \$64,500.00; Treasury department, miscellaneous \$52,995.00; Provincial secretary's department, miscellaneous \$68,250.00; Lands, forests and mines \$1,189,450.00; Department of mines \$1,189,450.00; Refund account \$159,000.00; Miscellaneous expenditure \$97,900.00.

Total \$17,941,557.15

Hydro Power Estimates. The estimate of capital expenditure by the Hydro-Electric Power Commission for the five months from Nov. 1, 1920, to March 31, 1921, is as follows: Quebec development \$5,000,000.00; Niagara system \$400,000.00; Severn system \$50,000.00; Muskegon system \$50,000.00; Muskoka system \$10,000.00; Wabigoon system \$5,000.00; St. Lawrence system \$20,000.00; Rideau system \$10,000.00; Thunder Bay system \$1,000,000.00; Central Ontario system \$20,000.00; Nipissing system \$20,000.00; Miscellaneous \$200,000.00; Expenditure on account of province \$75,000.00.

T. & N. O. Estimates. The Tremblay & Northern Ontario Commission's estimates (Continued on Page 4, Col. 7)

Not Opposed to Wage Increase in Return for Honest Labor

Chicago, May 26.—The railroads of the United States are not opposed to a fair increase in wages for their employees if the employer's guarantee that they will give honest, conscientious work in return, E. T. Whiter, representing the roads, told the railroad labor board today, in finishing the presentation of his reply to the employees' demands.

CONGRESS TO ADOPT A BUDGET SYSTEM

Senate and House Conferees Agree Unanimously on a Bill.

Washington, May 26.—The proposal to adopt the budget system in running the financial side of the United States government is again to the fore. Senate and house conferees today agreed unanimously on a bill proposing a federal budget system effective next year.

Under this plan the president and secretary of the treasury would act jointly in presenting an annual budget to congress. The secretary would be director of the budget with power to revise, co-ordinate, increase or decrease, departmental estimates. The president would approve or disapprove the budget and send it to congress.

A budget bureau in the treasury is proposed with a budget officer in each government department.

GROUP LEADERS' ALLOWANCE. It is understood that all three leaders of groups in the legislature—Liberal, Conservative, Labor—will not receive an allowance, in addition to their indemnity this session. Yesterday afternoon Premier Drury introduced a bill to provide for allowances for leaders of groups, but he declined to give any details.

"I will explain it all when the bill comes up for its second reading," was all the information he would give.

It is said, however, that the allowance will be given to the Liberal and Conservative leaders only, and that the amount will be \$1,500 each.

MANSION, FARM AND COURTHOUSE ARE ALIKE VICTIMS OF THE TORCH BY IRELAND'S IRRECONCILABLES

SEASONED TROOPS TO COW SINN FEIN

London, May 26.—More troops are being despatched to Ireland to combat the property destruction and similar movements which are continuing there. Uninspected orders were received today at Aldershot for the Cameron Highlanders to leave tomorrow for service in Ireland.

The evening newspapers all give this development special prominence, it being added that not only is the garrison in Ireland being increased, but that steps are being taken to replace the younger soldiers by better disciplined troops in order to prevent reprisals such as have occurred in the past.

The destruction of property in Ireland by fire is continuing. Tuesday evening Kibberlain Castle, near Brandon, County Cork, one of Ireland's ancient landmarks, was destroyed. It is estimated that the damage was \$210,000. The castle was unoccupied. The reports do not state the cause of the fire.

Damage estimated at \$40,000 was caused by fire on the farm of Major Pollock at Gaven, Ballinasloe. The members of the family escaped with difficulty. Several valuable horses were burned. The police and military helped extinguish the flames. Reports of the fire received here allege that villagers who watched the fire would not render assistance in putting it out.

Other reports of fires received today include news of an attempt to burn the courthouse at Waterville, county Kerry. The police saved the building, but valuable records were destroyed. The courthouse at Cloyne, county Cork, was burned.

One hundred men from the police barracks at Long's Gorge, Galway, yesterday, but were beaten off. The coroner's court has been re-called with attention from the campaigners. The members of a jury who sat in an inquest on two policemen who were killed received a notice informing them that they "had been tried and found guilty of treason," and must bear the consequences.

Control of Land. Control of Irish land by the Sinn Fein is very effective, as is instanced by an occurrence at Carrick-on-Shannon, which was reported here yesterday. A farmer named Morrison was summoned before the Sinn Fein land committee to show why he had attempted to buy land over the heads of young men of the district who did not own property. He had just purchased a grazing farm for \$3,600, and told the committee he had bought it for his two brothers. The committee warned him to surrender it immediately, which he agreed to do with reluctance.

Unknown persons have seized and sunk Lord Kingdon's yacht, the Mesalah, at Carrick-on-Shannon, apparently because Lord Kingdon entered a claim for 2,000 pounds for the destruction of a police barracks on his property. The claim was subsequently withdrawn, but no public announcement of this step had been made.

DEGREE FOR GEN. CURRIE. Wolfeville, N. S., May 26.—Among those receiving honorary degrees at the convocation of Acadia University today was General Sir Arthur Currie, former commander-in-chief of the Canadian forces in France, upon whom was conferred the degree of Doctor of Laws.

DRURY PROMISES HOUSE TO INQUIRE INTO CHARGES OF NICKEL REACHING GERMANY

Hartley Dewart, Liberal Leader, in View of Pledge, Withdraws Motion Calling for Investigation Into Non-Payment of International Nickel Co.'s Taxes—J. W. Curry Wants Corporation's Privileges Cancelled.

Premier Drury pledged his word to the legislature yesterday afternoon that the government would undertake an inquiry into the business of the International Nickel Company prior to and during the war. In view of the promise, H. H. Dewart, Liberal leader, calling for the institution of proceedings against the company to recover arrears of taxes properly payable to the province.

In speaking to his motion, Mr. Dewart referred at some length to the consistent policy of the Liberal party in the legislature, and in the country, that the nickel companies of Sudbury be brought under adequate taxation by the province of Ontario. The persistent fight for the Liberal policy had brought about the appointment of the royal nickel commission. He quoted the report of the commission as establishing the principle of adequate taxation, which the Liberals had thus vindicated.

Fixing Value of Ore. The commission's report set forth: The existing method of ascertaining the value of nickel-copper ore at the pit's mouth when there is no open market or other available means of ascertaining its market value is not satisfactory. The onus should not be upon the officials of the province, but upon the company.

Provision should be made to meet such conditions, or any case where the costs of all stages of treatment cannot be clearly ascertained, by directing the mine assessor to fix the profits to be taxed at an amount based upon the price or value of the refined products, less the present statutory deductions, and such further deductions for the actual costs of treatment as the owner shall establish to the mine assessor's satisfaction. The opinion of the mine assessor to be final, subject, as at present, to appeal to the mining commissioner or the Ontario Railway and Municipal Board.

The commission condemned, as the Liberal party condemned, the rate of taxation at \$40,000 per year arrived at by an illegal agreement (Continued on Page 5, Col. 1)

way agreement, are now
returned to the home country,
which is 1,400 more than it
had before the war, but has only
12,000 which are capable of
service. Compared with the pre-war
percentage of unserviceable
locomotives has increased from 33

AS KEPT HIM ON THE PAYROLL

Local Man Gains Fifteen
Pounds on Three Bottles of
Tania—Feels Fine Now.

Comrades down at the foundry
me "Tania," for I am all the
time taking it for what it has done
for me. I was in a bad way,
re-marked Ovia Roehen, 439
street, Montreal, Que., while
the medicine was working
at his residence recently. Mr.
Roehen, who has been an iron foundry
man for fourteen years, is now
employed by Miller Bros., and is popu-
larly known to all who know him.

"I was the best of reasons," he
said, "for praising Tania, for I
had not taken it I doubt if I could
have remained on the company's pay-
roll longer. I had been suffer-
ing from indigestion and other trou-
bles for two years, and was in a
run-down condition. I was
so weak that at times on my
return to the foundry I would get so
dizzy that I seemed to be spinning
like a top and I had to go
down and lie down. My appetite
was entirely gone and I could not eat
without bloating up and feel-
ing miserable for hours.
I was so upset that I was
digging and jumping in my
bed, and I always felt more
tired in the mornings than when I
went to bed. My kidneys bothered
me a great deal and there was a
constant twitching pain in the
lower part of my back. My complexion
was sallow-looking and there was a
bitter taste in my mouth all
the time."

"I was recommended to me by
a friend and the results have been
beyond my expectations. I now
feel like a new man, after sleeping
sound all night, feeling restful
and happy, and can work
day without pain or dis-
tress. My kidneys have stop-
ped bothering me and the pains have
entirely disappeared. I feel
quite fine and my stomach
is in good condition that I can
eat anything without feeling
indigestion. I have just finished
my third bottle of Tania and
I am gaining fifteen pounds in
weight. It is doing me so much good
that I wouldn't think of being without
it to avoid missing a dose. I
carry a bottle in my pocket and
take a few drops every day. After
getting wonderful results I could
not but praise Tania. It is
sold in Toronto by Tanian
stores and by an established
pharmacy in every town.

WOULD NOT HIT THE MID TO LAND GRABBERS IN NEW ONTARIO

Speculating in Veterans Grants is Warmly Condemned in Legislature. COUNTRY UP IN ARMS

In the legislature yesterday Captain Ainsley (Tonikaming) made a good case out of his bill to amend the veterans' land grant act.

Where the inspector reports that any such lands are owned by persons living outside the district in which the lands are situated, or by persons other than the original locators or grantees, the minister may cause a valuation to be made of such lands by some person to be appointed by him, and may fix the price to be placed upon such lands having regard to the facilities of the lands and the timber thereon and the value of the farming lands in the same neighborhood.

There was no doubt that the situation today in the north country was one which greatly retarded the growth of the district, said the minister of lands and forests, and for that reason should not be hurriedly passed; it could be further considered.

With that persistence that characterized them when they were active members of the Canadian forces overseas, the men who have lost limbs or sight and who are now back in Toronto are determined to make their way among their fellows.

General satisfaction is felt throughout veteran circles at the government's rumored decision to accept none but returned men to carry out the extra work entailed in the new luxury trains. It is reported that applications are being sent in great numbers and also no additional help has as yet been taken on at the local office, several names of ex-soldiers have been submitted to Ottawa.

AUTOMOBILES MORE THAN MINISTERS

Forward Movement Returns Call Forth Caustic Comments From Clergy.

That the spirit, called forth by the Anglican Forward Movement in the various parishes and missions, be conserved and developed, was the unanimous decision of the clergy and laymen of the Toronto Anglican Synod at the two separate conferences yesterday.

It was the general feeling of both conferences that the great reason of the success of the movement in its initiation in the General Synod and that it was, therefore, a movement of the whole corporate body of the church.

Financial Returns. It was shown in report made to the conference of the clergy in the afternoon that the financial returns of the movement to date amounted to \$738,248.13, of which \$285,752.06 had been paid in cash.

There was no doubt that the situation today in the north country was one which greatly retarded the growth of the district, said the minister of lands and forests, and for that reason should not be hurriedly passed; it could be further considered.

With that persistence that characterized them when they were active members of the Canadian forces overseas, the men who have lost limbs or sight and who are now back in Toronto are determined to make their way among their fellows.

SIR ADAM BECK WILL FIGHT BILL

Substitute for McCrea Measure Takes Vote From People.

The Hydro Commission, led by Sir Adam Beck are out to fight the bill introduced by the Ontario Railway Board as a substitute for the McCrea bill and passed by the legal committee of the legislature on Tuesday night.

Mr. Harding: "But it took considerable trucking to remove the minister's files when he departed."

Justice Riddell: "But he determined what would be private or what would be departmental?"

Mr. Harding: "You do not agree with the department's policy of not having publicity to the sale of timber lands?"

Mr. Harding: "You do not agree with the department's policy of not having publicity to the sale of timber lands?"

Mr. Harding: "You do not agree with the department's policy of not having publicity to the sale of timber lands?"

Mr. Harding: "You do not agree with the department's policy of not having publicity to the sale of timber lands?"

DEPUTY COULD NOT APPROVE METHODS OF FORMER CHIEF

Hon. Howard Ferguson's Conduct of Department Open to Criticism. DID NOT ADVERTISE

The judicial committee which is inquiring into the circumstances surrounding the sale of crown lands heard Deputy Minister Grigg of the lands and forests department yesterday. He declared he was opposed to the policy of Hon. Howard Ferguson, but was compelled to carry it out, although he had frequently expressed his views to the minister.

Mr. Harding: "But it took considerable trucking to remove the minister's files when he departed."

Justice Riddell: "But he determined what would be private or what would be departmental?"

Mr. Harding: "You do not agree with the department's policy of not having publicity to the sale of timber lands?"

The Street Railway Situation.

The attorney-general of the province, and next to him the premier of the province, are above everything else, the guardians of the municipal rights of the people of the province. Neither of these can be a party to the proposal to take away the rights of the citizens of Toronto in their street railway franchise.

If the Beck act is to be emasculated, why not forecast it in the speech from the throne so as to give the fullest discussion? But in the last week of the session a sweeping change in the constitutional rights of the city of Toronto is brought down, rushed through the committee without any notice to the city, and then jammed on to the statute book.

Sir Adam Beck has said that this attack on the municipality of Toronto must be fought to a finish. He will help.

The members of the city should fight the bill to the last ditch, even if they take a week to talk it out. Let the farmers' legislature know that people in cities have municipal rights as well as those in rural parts. And yet the Toronto Railway finds itself in a quandary because of the higher wages that the men demand and the low fares which the company is bound to give by its franchise contract.

Perhaps the way out is for the company and the city to bargain for a money settlement for closing out the whole franchise, and the city taking over the assets. Mr. Fleming and Sir Adam Beck could settle it in a day if they got busy.

The public would not object to a reasonable price for a quick decision. Or the government might put thru a bill authorizing an immediate arbitration instead of one more than a year hence.

In the meantime the franchise must not be altered in any respect. Mayor Church should make a straight appeal to Premier Drury and to Hon. Mr. Haney and line up the city's members to fight this unfair attack to a finish.

Forget English Free Trade.

It is little better than waste of time when parliamentarians of the eminence of Dr. Clark and Mr. Meighen wrangle about British free trade and its applicability to Canada. Sir Wilfrid Laurier, with tongue in cheek, sometimes held up as the Canadian ideal "free trade as they have it in England." To Dr. Clark, England is the economic New Jerusalem because it is fiscally nourished on what Lord Morley has called "the sincere milk of the Cobden word." But Mr. Meighen attributes all kinds of British national life to free trade, and produces evidence that several great industries over there have asked for protection as their only means of salvation.

The simple truth is that the vast wealth of Britain could not have been attained without free trade, and the commercial supremacy of the island could not be maintained without free trade.

True comparison between British and Canadian conditions must begin with a recognition of the truth that Britain introduced free trade for the same reason that Canada adopted protection.

During the economic stress which followed the Napoleonic wars England was producing more people on the land than there was work for them to do, under existing agricultural conditions. The tax on imported grain made food very dear, and the protection system made it difficult for the manufacturers of the country to achieve a dominant position in the world's trade. With an apparent surplus of agricultural workers whose wages were abominably low and the necessity for expanding manufactures, it became plain that raw materials must be obtained cheaply, and the cost of maintaining workpeople must be kept down. These two ends could only be achieved by cheapening imports, including food. Free trade was adopted, therefore, as a means of expanding manufactures. Undeniable statistics proved that the abolition of taxes on food and on hundreds of other articles did result in an amazing expansion of world-wide commerce which made it possible to sustain several times as large a population as was maintained during the days of high protection.

Canada was a country producing more food than she could consume, and importing commodities which she might manufacture if her struggling industries did not have to compete with the larger outputs of the United States and the cheaper products of the United Kingdom. Protection was instituted in order to develop manufactures—as free trade was in England.

Much is truthfully said by Mr.

Meighen and others about the declining conditions of certain British industries before the war. That decline was inevitable from one point of view, and avoidable from another without regard to free trade.

Take the Lancashire cotton trade, which Winston Churchill once aptly described as the economic marvel of the world. Lancashire had a practical monopoly of the immense Chinese cotton market; but Lancashire could not retain it when the clever Japanese learned to use power looms with their cheap labor. There was a similar situation in Russia, where for many years there have been immense cotton mills producing goods such as were formerly almost exclusively imported from England.

Nothing could stop Russia and Japan manufacturing cotton. But there were equally avoidable factors in the Chinese and Russian situations. The Englishman refused to adapt himself to changing conditions. For many years he refused to print his catalogue in the language and currency of his customers. In China he declined to deal direct with small merchants, and saw himself cut out by Germans and others who recognized that in trade the customer is king.

The Englishman for decades seemed to have the idea that if he was prepared to supply overseas markets nobody else should try to do it. Cobden, who died in 1865, believed that the United States would be content to produce wheat, and maize, lumber and leather and not manufacture for itself the goods which England was willing to supply. As late as 1903 Joseph Chamberlain in a speech in Glasgow said that if Britain gave "the colonies" a preference for their staple commodities they would virtually refrain from developing manufactures which might compete with those of Britain.

The conditions which developed British commercial leadership and which were undermining it before the war, are of use to us in considering our fiscal policy; but they cannot be applied as setting up a law which justifies us in adopting free trade or induces us to abandon a scientific tariff policy.

NINE TORONTO MEMBERS TO LEGISLATURE

Doc. Fleming—"The simple expedient, gentlemen, by which we propose to lengthen the patient's life is to infuse into his veins an ample supply of new 'increased fare' blood from those of this healthy little fellow."

Toronto Citizen—"Not while I still have my health."

Toronto Citizen—"Not while I still have my health."

GEDDES RECEIVED BY THE PRESIDENT

Ambassador Expresses the Thanks of King for Hospitality to Prince of Wales.

Washington, May 26.—Sir Auckland Geddes, the new British ambassador, formally presented his credentials to President Wilson at the White House and exchanged with the executive assurances of good will and amity.

Sir Auckland, in presenting the letters from the King, expressed on behalf of his majesty lively interest in the welfare and prosperity of the United States, the pleasurable recollection of the president's visit to England, regrets for Mr. Wilson's illness and thanks for the hospitality extended to the Prince of Wales on his recent visit. On his own behalf he expressed the sincere belief that it was the wish of the British people that the relations of friendship and co-operation between them and the United States should be strengthened and no cloud of misunderstanding arise.

The president's reply, "It is a confidence, quite unnecessary to me, that you will please convey from your hands the letters whereby His Britannic Majesty accredits you as his ambassador extraordinary and plenipotentiary to the United States, and that the gracious words of His Majesty, which you interpret to me, are warmly appreciated. May I ask you to be so good as to express to him my sincere thanks for his kindly interest and good wishes."

"It was glad, as were the people of the United States, to welcome His Royal Highness the Prince of Wales. We felt honored by his visit. I greatly regret that the state of my health at that time did not permit the amount of personal attention it was my wish to give, both on his own account, and as, in some measure, a return for the cordial and friendly reception which His Majesty and Her Majesty the Queen, extended to Mrs. Wilson and myself on the occasion of our visit to London. That visit is most agreeably remembered by us, and while we recognize that the reception accorded was not to us as individuals, we cannot dissociate ourselves altogether from its warmth and generosity, and are personally grateful."

"I trust that your government saw in the warmth of the greetings accorded to me by the royal Highness a manifestation of the friendly good-will which the people of the United States hold for those of Great Britain. Believing in the reciprocal friendliness of the British people, it will be my aim in the future, as it has been my endeavor in the past, to further the cordial character of our relations, and to find your sojourn among us most agreeable."

"Thanking you, and thru you, those who were associated with you in government, for the kind and appreciated messages which you deliver on my own and their behalf, I am happy to accord you formal recognition in your title of ambassador, and trust that you will find your sojourn among us most agreeable."

STRIKERS AND POLICE IN CLASH AT PALERMO

Rome, May 26.—Clashes between strikers and police occurred in Palermo, where one person has been killed and seven wounded, according to newspaper dispatches. Ortona and Maro have also been the scenes of encounters, two persons being killed and three wounded in the latter city. A general strike has been declared in Palermo.

JOIN MOVE TO BRAZIL

Calgary, May 26.—Mennonites of southern Alberta will join those of Manitoba and the Dakotas in an emigration movement to Brazil shortly, it is stated here. It is said that the Mennonites have options on twenty million acres of land in South America.

Toronto, May 26th, 1926.

Death of John S. Meredith

In London at Age of Seventy-Six

London, May 26.—John S. Meredith, aged 76 years, former manager of the Merchants' Bank at Montreal, for over fifteen years, died at his residence, 565 Talbot street, last night. He is survived by seven brothers: The Hon. Sir William Ralph Meredith, chief justice of Ontario, Toronto; Vincent Meredith, Montreal; Charles Meredith, London; Chief Justice R. M. Meredith, London; Edmund Meredith, K.C., London; Law-elyn Meredith, London; also by two sisters residing in this city.

ANSWER HOCKEN'S QUERIES.

Ottawa, May 26.—(By Canadian Press)—Another two departments of the government have answered the questions of Mr. H. C. Hocken, (Toronto), in regard to the number and salaries of their employees. Returns tabled in the house today showed a list of 235 employees of the department of trade and commerce, and forty-five persons in the employ of the public archives.

HEAVY RAIN AT MOOSE JAW

Moose Jaw, Sask., May 26.—This city and district, during the past 24 hours received one and half inches of rain, it being the heaviest May rain fall for several years. Seeding of what little wheat was left to be done and the coarser grains will be held up for a day or two, but this is compensated by the moisture.

VALUE OF MARGARINE

Ottawa, May 26.—(By Canadian Press)—The nutritive value of oleomargarine, expressed in calories, is higher than that of butter according to government analysis. In the house of commons today, Mr. J. T. Gervais, of Berthier, was told that the nutritive value of butter is 3,588.92 calories per pound, while that of oleomargarine is 3,697.70 calories per pound.

THE GIRL WHO SMILED THRU

By MARION RUBINCAM

WORK AND SMILES

Chapter 94.
The hardest thing in the world is to wait.

This was a new experience to Alice—this waiting and hoping that she would hear from David. Before she had felt perfectly hopeless about her future. It had stretched ahead, long and monotonous, a routine of work and petty economics, a routine of work and petty economics, a routine of work and petty economics, a routine of work and petty economics.

"Dear me, I did work hard!" Alice sighed a little, thinking of the never-ending tasks that made up her old routine.

"And I used to be so tired I could not read in the evenings when I wanted to think about" she said sadly. "Dear me, I did work hard!" Alice sighed a little, thinking of the never-ending tasks that made up her old routine.

"Three years ago I did not even David to think about," she said sadly. "Dear me, I did work hard!" Alice sighed a little, thinking of the never-ending tasks that made up her old routine.

"Of course," she said. "We all hoped it would be Lawrence that you would really care for. His affection was so earnest, and he is such a fine young man," the old lady sighed regretfully.

"How can I tell?" Alice answered, moody at once. "I've been wondering about that. Oh there's Berenice with her sweater off again!" She jumped up all action at once.

"Things are much better," she said. "Just think, two years ago, or three years ago, we were poorer than we are today, and I've been sitting here thinking how dreadfully poor we are now."

"You're making \$15 a week doing work you like to do," Mrs. Fairbanks answered. "And old Mr. Marjow invested his money so we get more interest from it than we did. Those things more than make up for the fact that things cost so much more."

"Three years ago you were hardly able to walk from this room to the kitchen," Alice answered. "And you never could do your own hair without getting dizzy from the effort."

"And you did all the house work, and took care of me, and looked after the chickens and sold eggs and did lots of other things."

TO BE FRENCH LIBRARIAN.

Ottawa, May 26.—J. Del Tache, who for several years has been King's printer, is stated to succeed A. D. Decelles as French librarian of Parliament. The latter is about to retire on superannuation. Mr. Tache, before coming to Ottawa, was a newspaper writer and publisher. He will probably be succeeded as King's printer by Mr. Fred Cook, assistant King's printer.

TO DECIDE IF CANADA WILL JOIN IN REBUILDING WAR ZONE CHURCHES

Montreal, May 26.—There will be a meeting of members of all the Protestant denominations this afternoon to decide if Canada will join Great Britain, the United States, Holland and Switzerland in rebuilding ruined Protestant churches in the war zone.

WOULD PLACE THE LUXURY TAX ONLY ON EXCESS SELLING PRICE

Windsor, Ont., May 26.—Protesting against the new tax law scheme as proposed in the recent budget, the Border Cities Retail Merchants' Association executive, in special session here, sent telegrams to Ottawa.

Many amendments to the act are suggested. The most important is that the tax be collected only on the excess selling price, viz. the amount over and above the exempted.

BUYS PRIZE HENS.

Ottawa, May 26.—The leading pen in the international egg laying contest being conducted at the Central Experimental Farm, Ottawa, has been sold by Mr. J. E. Rhoades, of Ottawa, to Dr. Silvio Lafontaine, of Gatineau Point, Que. for two hundred and seventy-five dollars (\$275.00). The pen consists of ten barred Plymouth rock pullets.

Drink O'Keefe's Beers

Know what You are Drinking

PURITY, cleanliness and sanitary surroundings in a modern up-to-date plant are responsible for the popularity enjoyed by O'Keefe's Beers.

From the selection of the choicest malt and hops, from which these delicious beverages are prepared, to the shipping of the finished product, the greatest care is exercised. The whole process of brewing is under the direct supervision of experts, fully qualified to produce the best—and only the best.

O'Keefe's IMPERIAL ALE, STOUT and LAGER

Stand supreme as products of the brewers' still. They combine to a nicety the goodness extracted from nature's gifts to man. The tonic and food properties of malt and hops in O'Keefe's Beverages make them the most delightful, refreshing and healthful brews procurable.

Drink O'Keefe's and enjoy beverages that are O.K.

Your grocer or dealer sells O'Keefe's. Order a case.

DEMOCRATS OPPOSE ARMENIAN MANDATE

Dissent With Wilson's Proposal Develops in Ranks of His Own Party.

Washington, May 26.—Opposition within the ranks of the president's own party developed today to Mr. Wilson's request to congress for authority to accept a mandate over Armenia.

The meeting of the house foreign relations committee today, at which the request was to have been considered, was postponed because Secretary of State Colby was unable to attend.

DRURY PROMISES NICKEL INQUIRY

(Continued From Page 1). Between the Canadian Copper Company and the then minister of lands, forests and mines, afterwards the premier of the province, an agreement had no sanction from the legislature or even the authority of an order-in-council.

In 1917, as Mr. Dewar pointed out, a motion by the Liberals in the legislature declared: "That the agreement entered into in the month of December, 1913, between the government, as represented by the Honorable W. H. Hearst, minister of lands, forests and mines, and the Canadian Copper Company, represented by the Honorable Wallace Nesbitt, fixing the amount of the taxes payable by the Canadian Copper Company under the Mining Tax Act for the five year period from 1912 to 1916, inclusive, at a flat rate of \$40,000 per year, and further confirmed by letter dated January 24th, 1914, from the government, as represented by the mine assessor, to the president of the Canadian Copper Company as follows:

"You are advised that the proposed flat rate of \$40,000 per year for five years would be satisfactory to you, received. I think it advisable to mention the years in question for which this tax would be paid, 1912-13-14-15-16, based on the production of the years 1911-12-13-14-15 respectively."

was wholly unauthorized by this house, and that the said agreement is contrary to the provisions of the Mining Tax Act; and in view of the findings of the Royal Ontario Nickel Commission that the present system of mining taxation in Ontario is just and equitable, but that the method adopted by the mine assessor for ascertaining the value of the nickel copper ore at the pits mouth where there is no open market or other available means of ascertaining its market value, is not satisfactory; and that the mine assessor should be directed to fix the profits to be taxed at an amount based upon the price or value of the refined products, less the present statutory deductions and such further deductions for the actual cost of treatment as the owner shall establish to the mine assessor's satisfaction."

Recovery of Arrears. The Liberal motion further declared: "That the bill introduced by the minister of lands, forests and mines does not contemplate the recovery by the province of the arrears of taxes for 1912-13-14 and 1915, and that the net income of the International Nickel Company for the said years, as disclosed in their own financial statements, were as follows: 1912 \$ 4,866,412 1913 6,386,739 1914 6,128,739 1915 6,713,283

\$24,095,171 and that the taxable net proceeds of the said company for the said period should not be less than the said

MOTHERHOOD

Warton, Ont.—"I feel it my duty to let others know the benefit I have derived from the use of Dr. Pierce's medicines, and I hope this may be the means of inducing some sufferer to try these remedies for I know they will do all that is claimed for them. I took five or six bottles of Dr. Pierce's Favorite Prescription during expectancy and it did wonders for me. I had practically no suffering and have a lovely healthy baby girl. I have such confidence in the 'Favorite Prescription' I am continuing its use and it is building me up and supplying plenty of nourishment for my babe. I also took Dr. Pierce's Anuric Tablets for the relief of varicose veins and they certainly worked a miracle. I only took two bottles."—MRS. DAVID H. COLLINS, Warton, Ontario.

"Favorite Prescription" should have the full confidence of every woman in Canada because it contains no alcohol and no narcotic. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package tablets, or to branch Laboratory in Bridgeburg, Ontario.

Dr. Pierce long since found the herbs and roots provided by Nature to overcome constipation, and he had these vegetables collected and made up of Mayapple, leaves of Aloe, root of Jalap, little white sugar-coated pills, that he called Dr. Pierce's Pleasant Pills, and placed them with the druggists everywhere.

LATE CHIEF OF HEADQUARTERS STAFF IN INDIA VISITS TORONTO. Lieutenant-General Sir George B. Kirkpatrick and Lady Kirkpatrick, who have just arrived from India, Sir George is the son of the late Sir George A. Kirkpatrick, at one time lieutenant-governor of Ontario, and of his first wife, who was a daughter of the late Hon. Thomas Macaulay of Kingston. A distinguished officer, Sir George has carried on the honor of an honored name, and till recently held the very high post of chief of the headquarters staff in India.—British and Colonial Press exclusive photo.

amount, and the taxes payable thereon to the province not less than \$722,867.19, on account of which the said company has only paid the sum of \$160,000, leaving a balance of \$562,867.19 uncollected. The Liberals pointed out further that it was the duty of the minister of lands, forests and mines to formulate and institute proceedings under the Mining Tax Act to recover from the Canadian Copper Company the arrears of taxes due by it under the act for the years 1912-13-14 and 1915. "And this house is further of the opinion that said Canadian Copper Company should be forthwith required to comply with the terms of the mines act and to file the sworn annual returns required by the said act for the said five-year period."

Was Voted Down. Again in 1918 Mr. Carter moved, seconded by Mr. Dewar, a similar resolution, which was voted down, and in further view of the fact that the bill was passed by, as was that of the preceding year, the resolution demanded that the Canadian Copper Company should be forthwith required to comply with the terms of the mines act, and to file the sworn annual returns required by the said act, for the said five-year period.

Insisted on Same Principle. The amendment to the mining tax act of 1917, Mr. Dewar continued to say, while it brought for two years to the province of Ontario a sum of \$1,300,000 instead of the \$30,000 provided for by the illegal agreement that was not authorized by order-in-council did not go back far enough. Mr. Dewar said he was justified in pressing upon the present government the same principle he had pressed upon the former government, viz., that if the province was entitled to the increased taxation received in 1917 and 1918 it was as fully entitled to collect the amount rightfully due for the years 1912 to 1915 (applause).

"That company," added Mr. Dewar, "and because of its American character, been permitting its nickel to go to Germany to be utilized in the various uses for munitions of war, and it deserves no consideration in regard to the motion which he made because he simply asked that the mining tax act be made retroactive for the early years of the old act and not only for the years 1912 and 1917.

He declined to make allowance for unpaid taxes on account of the amending at Port Colborne which the company was compelled by the force of public opinion in Canada, to adopt.

In seconding the motion, J. W. Curry

(Southwest Toronto) said the International Nickel Co. had not treated the province fairly or honestly. The company has only paid the sum of \$160,000, leaving a balance of \$562,867.19 uncollected. It should have known that it was being used to implement the tax strength of Germany, as the youth of Ontario who served overseas knew so well. The government should seriously consider the advisability of confiscating the lands and privileges enjoyed by the company. It should also institute inquiries with a view of ascertaining if nickel was not sent to Germany prior to and during the war. There was no doubt but that this had been done, and done in the face of the protests of the entire Dominion. In fact the protest had been treated with contempt. The country had been assured from time to time that no Canadian nickel was being shipped to Germany, but it was being shipped, and was being used to tip bullets which had been used against Canadian flesh and blood. "Let us at once," demanded Mr. Curry, "inquire into this whole matter. The International Nickel Co. should be deprived of all their privileges and concessions so generously given them time ago."

K. K. Harnutt (South Waterloo) said the house was indebted to Mr. Dewar and Mr. Curry for presenting this matter to the house, and the government had the chance of a lifetime to hold an inquiry into the disposition of crown lands in the north country to big corporations.

Premier Drury's Promise. The premier in requesting the withdrawal of the motion said he did so because it would be better for the government to first consider ways and means to bring about what was desired and the government had and would further consider the whole matter. He would assure the house of the absolute certainty of definite, prompt action. Mr. Dewar—in view of the premier's pledge I consent to withdraw my motion.

Mr. Curry—I agree also, but the proposed inquiry should be sufficient. I move as it sits at ease in the minds of the people of Ontario. The attorney general hoped that both Mr. Dewar and Mr. Curry would furnish the government with any memoranda they might possess.

The Motion Withdrawn.

The motion which Mr. Dewar withdrew was as follows:

That in view of the fact that "The Mining Tax Act, 1917," does not provide for the recovery by the province of Ontario of the arrears of taxes for the years prior to 1916, properly payable to the province by the Canadian Copper Company (now the International Nickel Company of Canada, Limited), under the report of the Royal Ontario Nickel Commission, which report was illegally granted a flat rate of taxation at the rate of \$40,000,000 per year by an unauthorized agreement entered into in the month of December, 1913, between the then minister of lands, forests and mines and the Hon. Wallace Nesbitt, representing the company), covering the years 1911-12-13-14 and 1915; and that it is the duty of the government to institute proceedings under "The Mining Tax Act, 1917," to recover from the Canadian Copper Company for the International Nickel Company of Canada, Limited), the arrears of taxes properly payable by it, and that the necessary amending legislation be passed conformable to "The Mining Tax Act, 1917," to cover the years in question, from the first day of December, 1915, back to the commencement of the period covered by the said illegal agreement, and authorizing the recovery by the government of the province of the taxes to which it is entitled and which have not been paid.

MAKES WORLD RECORD FOR ALTITUDE FLIGHT

San Antonio, Texas, May 26.—What is said to be a world's record for an altitude flight with an airplane carrying three passengers and pilot was made at Kelly Field late yesterday, when Lieut. Harry Weddington reached an altitude of 20,681 feet. The record was made in one hour and 25 minutes of steady climbing. The return trip was made in 15 minutes. A de Havilland four motor B-3 was used, equipped with a barograph to record the altitude.

WILL NOT GET HIS HIGH COMPENSATION

(Continued From Page 1). age of 16 years, but not exceeding in the whole \$60, and not exceeding 55 per cent. of the average earnings of the workman, to \$15 to each child under the age of 16 years, but not exceeding in the whole 66 2-3 per cent. of the average earnings of the workman. The limitation of the amount of compensation to be paid under The Workmen's Compensation Act where the dependents are persons other than a widow, an invalid husband, or children, to a sum not exceeding \$20 per month to the parent or parents and not exceeding in the whole \$30 per month is removed.

Other Relatives Benefited. Where the workman leaves no widow or the widow subsequently dies, and it seems desirable to continue the existing household, and an aunt, sister, or other suitable person acts as foster-mother in keeping up such household and maintaining and taking care of the children entitled to compensation in a manner which the board deems satisfactory, such foster-mother while so doing shall be entitled to receive the same monthly payments of compensation for herself and the children as if she were widow of the deceased, and in such case the children's part of such payments shall be in lieu of the monthly payments which they would otherwise have been entitled to receive.

In addition to any other compensation provided for the widow, or where the workman leaves no widow, the foster-mother, as in subsection 1 described, shall be entitled to a lump sum of \$100.

Limit of Compensation. The limitation upon the total amount of compensation payable upon the death of a workman under The

Workmen's Compensation Act shall be 66 2-3 per cent. of the average monthly earnings of the workman instead of 55 per cent. of such earnings.

The amount of compensation payable to a workman under The Workmen's Compensation Act, where permanent total or temporary total disability results from the injury, is increased from 55 per cent. of his average weekly earnings to 66 2-3 per cent. of such earnings.

The amount of compensation payable to a workman under The Workmen's Compensation Act, where permanent partial or temporary partial disability results from the injury, is increased from 55 per cent. of the difference between the average weekly earnings of the workman before the accident, to 66 2-3 per cent. of such difference.

TO LEARN HOME LIFE OF CANADIAN LOBSTER

Four Scientists and Three Fishermen Going on an Unusual Mission.

Kingston, Ont., May 26.—(Special)—Dr. A. P. Knight, chairman of the biological Board of Canada, is leaving for the Maritime Provinces, where he will look into the lobster industry for the Dominion Government. Dr. Knight will be accompanied by three scientists and three fishermen, and they will study the life of the lobster with a view to ascertaining how the supply can be conserved. Last year for the first time Dr. Knight discovered where the young lobsters lived and burrowed into the sand.

Gould's Daughter Married At Maryland Gretna Green

Philadelphia, May 26.—Edith C. Gould, daughter of George Jay Gould, and Carol L. Wainwright, both of New York, were married this afternoon at Elkton, the Maryland Gretna minister. The bride gave her age as 18, and the groom said he was 21. Young Wainwright is a son of Stuyvesant Wainwright, and a direct descendant of Peter Stuyvesant, founder of New York.

No Need to Elope. New York, May 26.—Confirmation of the marriage of Edith C. Gould and Carol L. Wainwright, at Elkton, Maryland, today was given here tonight at the Fifth Avenue home of the young woman's parents. A telegram had been received telling of the marriage. The family said there was no particular reason for an elopement.

School and Collegiate Cadets Officially Inspected in Guelph

Guelph, Ont., May 25.—(Special)—The annual inspection of the Collegiate Institute and Public School cadets took place on the campus at the collegiate this afternoon. The cadets were inspected at 2 o'clock. Col. McCrimmon of London was the inspecting officer and paid the cadets a great compliment upon their efficiency in the turnout.

BEAUTIFUL RESIDENTIAL PROPERTY

WEST SIDE OF BATHURST ST. NORTH OF ST. CLAIR AVE. CEDAR VALE.

Two miles from the corner of Bloor and Yonge Streets, and thirty minutes by street car to King and Yonge Streets. Adjoining the beautiful residential section surrounding Grace Church, on Russell Hill Road, a few hundred yards beyond the residence of Mr. R. J. Fleming, corner of St. Clair Avenue and Bathurst Street. 300 acres of restricted property, with township taxes; large lots and park areas; locality is strictly first-class and very attractive on account of the beauty of the Ravine and the new bridge, massive gates and other substantial improvements. SPECIAL FACILITIES offered to persons who BUILD: first mortgage will be arranged, also second mortgage for part of purchase money. HOUSES WILL BE CONSTRUCTED for owners under supervision of Company's Superintendent at MINIMUM COST. APPLY British & Colonial Land & Securities Company, Bank of Hamilton Building, Telephone Main 1959; or H. B. Taber, Superintendent, Hillcrest 5887.

CITY REPRESENTATIVES ENDORSE OAKOAL!

Visit the Plant, Witness Fuel Tests, Commend Both!

ONE of the leading western cities recently sent a delegation to Toronto and other eastern cities to investigate incinerators as a means for disposing of the city's wastes.

After visiting various cities' authorities and incinerators, here is a part of the report made to their city council: "When in Toronto your delegation interviewed the President, Vice-President and the Managing Director of the Oakoal Company and was shown the plant of this Company, which is now in course of construction. Your delegation also had the opportunity of inspecting the briquetting plant of the—, Toronto, whose briquettes find a ready sale at \$12.00 per ton.

"The briquettes of the Oakoal Company will be made in exactly the same manner, with the exception that the binder used in the manufacture of these briquettes will be obtained from the reduction of city garbage into a fibre.

"Your delegation had the opportunity of inspecting a fire made with the Oakoal Company's briquettes, and there is no question of doubt that these briquettes are of very fine quality and in every way equal to, if not better than, anthracite coal."

These gentlemen, aldermen and city officials, travelled some 6000 miles investigating, and here, in concrete form, add the strongest support to what we have been endeavoring to impress upon the public, namely that Oakoal is coal's best substitute—a substitute that is better than any other fuel—a fuel that can never meet the demand, and while being manufactured is conserving wastes, and in that conservation solves sanitary problems, in addition to saving citizens immense sums of money and, best of all, pays shareholders big dividends.

See our plant and equipment at foot of Booth Avenue, the finest and most unique plant in America. Stock in Oakoal will multiply in value in a very short time. Many people who have been waiting for Oakoal developments, after seeing our progress and appreciating our assets and future, are buying all the stock they can afford—so should you—other plants will be built as fast as machinery can be supplied. Get an Oakoal prospectus and get in now on the ground floor.

THE OAKOAL CO. (CANADA), LIMITED 43 Scott Street, Toronto.

FIN EIGHT-HOUR SHIFTS UNFEASIBLE

Parliamentary Committee Investigating Hydro Elicit Few New Facts.

Niagara Falls, Ont., May 26.—Sessions of the parliamentary committee investigating the Hydro were held in the city hall here today, morning and afternoon. New facts were brought out in the hearing. It is evident that there are two proposals going on at the same time on the job, one for a ten hour day and one for an eight hour day. Two witnesses, machinist, claimed there would be much work done in eight hours as in ten hours. Special emphasis was laid on the fact that it takes the men an hour to get to work making a twelve hour job of it and a seventeen hour day for the women.

Seventeenth RACE—Purse \$500, three-year-olds and up, claiming, five furlongs: 1. Beverly James, 112 (Smith), \$9.70, \$4.20.

TORONTO CUP WINNER

Irish Kiss, b. g. (5), by Orpiment-Soligena, owned by Bobby Smith's Sunnyland Stable.

The Ontario Jockey Club had its best day of the meeting Wednesday at Woodbine Park, when the \$10,000 Toronto Cup Handicap furnished a close and thrilling contest and a surprising result.

Back Bay favored the public, and the money and no excuse. The beaten Sande must be commended for his masterly handling of the public choice. Of none too well he worked to a commanding position without extra use of the reins.

The flying trip of Boniface to Woodbine Park recalls the feat of King James on two similar errands in 1909 and 1910, that proved successful. However, this long journey is given as a year-champion. He was on the cars 40 hours, but breezed nicely around the track yesterday morning.

Irish Kiss had beaten Boniface before this year in the south and was given considerable support to win and heavily backed for place and show. The owner of the winner, Bobby Smith, known this time as the Sunnyland Stable, raced in Toronto on several occasions years ago.

Somme won the opener, six furlongs for the two-year-olds, selling plate, and the backers were strong for Bee's Nest, that stood a grueling battle with Waac and then beat the favorite and beat the Boss filly dropping six lengths behind at the wire, but still in the money. Natalie was

The third, a distance event for three-year-olds and up, resulted in the third straight defeat for the favorite. St. Quentin, the choice, was off forwardly, running third to the stretch, where Soldat de Verdun rushed ahead and beat the favorite three lengths. Fort Bliss, the pace-maker, dropped back outside and

Thursday Only THE HOUSE OF HOBBERLIN LIMITED 151 Yonge St. Business Hours 8.30 to 5.30

Toronto, Shilling continued on his journey to New York, where he joined the main division of the stable in charge of H. G. Bedwell. Joseph Martin, secretary of the Niagara Racing Association, was a visitor.

Strasbourg, Alsace-Lorraine, May 26.—No records were broken at the Olympic games elimination trials just concluded here, except that for the number of athletes engaged in an athletic tournament in France.

Seven hundred and fifty-three young men and women participated. From these two hundred have been chosen and will compete at the Joinville school, near Paris, next June for the honor of representing Paris at the Antwerp Olympic games.

Paoli, champion weight-thrower of France, broke his own record with a throw of 14 metres 60 centimetres, only to have the judge decide after the games were over that the record should not stand as the weight was 300 grammes short of the regulation 15 pounds.

A new feature was introduced at the meeting got in this morning and were distributed among the horsemen by Joseph Molleman. Arrangements are being made for the transportation of those which wish to ship from here to Montreal at the close of the Woodbine meet.

Ontario Jockey Club TORONTO MAY 22ND TO 29TH

Let us prove this to you by sending us your next consignment. DUNN & LEVACK. UNION STOCK YARDS—TORONTO. WHITE PHONE SUIT US. Market Telephone: Junction 4930 and 1931.

CATTLE PRICES ARE STEADY TO STRONG. Small Meats Generally Weak and Lower on Wednesday's Market. With around 1100 head of cattle on sale at the Union Yards yesterday, there was a good all-round demand at steady prices for practically all the market. We do not think that the prices were necessarily higher than at Monday's quotations, and later in the day there were quite a lot of cattle hanging around unsold. Some extra fancy prices were paid as the sales will show, but taken on the whole we would say the market generally speaking, was good and steady. The sheep and lamb trade continues weak and shows no signs of improvement. The calf trade, too, is weak and there is a limited choice of calves for which the market is not doing well. Drivers were well advised to sell as to the calf trade in view of these conditions. There was a light run of hogs, 275, but as that the buyers for the plants are not tumbling over each other to get them and it does not look as though they were anxious to get the market. The hog business is a funny one and hard to understand.

MARKET NOTES. McDonald & Halligan sold an especially choice load of other steers, 24 in the lot, averaging 1100 lbs., apiece at \$15.00. These cattle shipped in by C. L. Mezer, reflect infinite credit upon shipped and seller alike. McDonald & Halligan also sold 12 baby hogs, averaging 100 lbs., at \$15.00. The latter bunch were consigned in by A. E. Shantz of Stratford, Ont., and were a very fine bunch. G. & R. J. Cook sold a number of fat cows, weighing around 1200 lbs., at \$13 per cwt. The buyers for the plants are not tumbling over each other to get them and it does not look as though they were anxious to get the market. The hog business is a funny one and hard to understand.

HOOVER'S VIEWS ON LOCAL GRAIN. Elated Longs Believe There is Reason to "Hope for the Worst." Chicago, May 26.—Fresh advances in value of corn and oats took place yesterday as a result of statements by Herbert Hoover regarding the prospective crop situation. Corn closed strong, 2 1/2 to 4 1/2 higher, with July 1920, 1921 and September 1921 to 1924, 1925, 1926 and 1927, 1928 and 1929, 1930 and 1931, 1932 and 1933, 1934 and 1935, 1936 and 1937, 1938 and 1939, 1940 and 1941, 1942 and 1943, 1944 and 1945, 1946 and 1947, 1948 and 1949, 1950 and 1951, 1952 and 1953, 1954 and 1955, 1956 and 1957, 1958 and 1959, 1960 and 1961, 1962 and 1963, 1964 and 1965, 1966 and 1967, 1968 and 1969, 1970 and 1971, 1972 and 1973, 1974 and 1975, 1976 and 1977, 1978 and 1979, 1980 and 1981, 1982 and 1983, 1984 and 1985, 1986 and 1987, 1988 and 1989, 1990 and 1991, 1992 and 1993, 1994 and 1995, 1996 and 1997, 1998 and 1999, 2000 and 2001, 2002 and 2003, 2004 and 2005, 2006 and 2007, 2008 and 2009, 2010 and 2011, 2012 and 2013, 2014 and 2015, 2016 and 2017, 2018 and 2019, 2020 and 2021, 2022 and 2023, 2024 and 2025, 2026 and 2027, 2028 and 2029, 2030 and 2031, 2032 and 2033, 2034 and 2035, 2036 and 2037, 2038 and 2039, 2040 and 2041, 2042 and 2043, 2044 and 2045, 2046 and 2047, 2048 and 2049, 2050 and 2051, 2052 and 2053, 2054 and 2055, 2056 and 2057, 2058 and 2059, 2060 and 2061, 2062 and 2063, 2064 and 2065, 2066 and 2067, 2068 and 2069, 2070 and 2071, 2072 and 2073, 2074 and 2075, 2076 and 2077, 2078 and 2079, 2080 and 2081, 2082 and 2083, 2084 and 2085, 2086 and 2087, 2088 and 2089, 2090 and 2091, 2092 and 2093, 2094 and 2095, 2096 and 2097, 2098 and 2099, 2100 and 2101, 2102 and 2103, 2104 and 2105, 2106 and 2107, 2108 and 2109, 2110 and 2111, 2112 and 2113, 2114 and 2115, 2116 and 2117, 2118 and 2119, 2120 and 2121, 2122 and 2123, 2124 and 2125, Summer Days Tell the Need of Fur Storage

(Telephone Main 7841 and have the driver call.)
Do not risk storing your furs at home, but let our driver call for them and have them thoroughly cleaned by an electrical appliance and stored in our Cold Storage Plant.

Each garment is hung separately, and the air, which is constantly filtered, is maintained at winter temperature.
The charge is trifling compared with the value of your priceless skins.
