Police Helpless In Riot In New York

Irish Republican Sympathizers Beat Reserves and Firemen in Demonstration Against Execution of Childers and "Murder" of Mary MacSwiney.

New York, Nov. 27.—An overflow meeting from the Earl Carroll Theatre, at Fifth street and Seventh avenue, where Irish Republican sympathizers gathered last night to denounce the execution of Erskine Childers and the "murder" of Mary MacSwiney, developed into a riot.

Liquor Vanishes as Turks Take Possession of City—Striking Scenes as Kemalists are Wecomed—London Comment on U. S. Ambassador's Statement.

Adrianople, Nov. 27.—The establishment of absolute prohibition was the first case of the Turks upon their entry into the city last Friday.

The messengers, promulgated soon after the arrival of General Tahir Bey, the new Governor, impressed the population rather disapprovingly.

The grand dinner in honor of the restoration of Turkish sovereignty was a thoroughly dry affair.

At Lausanne.

Lausanne, Nov. 27.—The Lausanne conference today planned to hold a study of the pressing frontier and plebiscite questions that received some attention last week, and to turn to financial economic problems as well as the railroads and ports of the Near East.

Last week's discussions of frontier and territorial questions as relating to Thrace, have caused considerable feeling, especially on the part of the Bulgarian and Greek delegates.

The arrival of the advance guard of Russians, headed by M. Rakovsky, president of the Ukraine Republic, has given new zest to the conference deliberations.

Although some regard the ambassador's pronouncement as intended to give notice of the U. S. determination to have a share in the Mosul oil fields, this view is not universally put forth and several influential papers treat Mr. Child's declaration as timely and welcome.

The Times says:—The statement is of great importance than anything yet settled at Lausanne. It contains no new doctrine but reaffirms an old doctrine of international law which has been carefully observed.

This newspaper adopts the view of its Washington correspondent that the U. S. terms that other nations may forego the right they now possess in Turkey in exchange for commercial concessions and that the U. S. has similar rights, is making it clear that they do not intend to bargain away any of the capitulations or to surrender any privileges of their nationals in Turkey until the Turks have established a tolerable judicial sympathy.

The Times suggests that the U. S. does not intend to allow anything to happen without protest at Lausanne, which would make more difficult the maintenance of these rights.

The Daily Mail believes that there is no difference between the views of the British and U. S. Governments respecting the quality of opportunities in the Near East.

THREE SAVED BY MESSAGE SENT IN BOTTLE

Men of the Lizzie D. Small Four Days on Stranded Craft Without Food.

New Bedford, Mass., Nov. 27.—A message placed in a bottle and thrown into the surf by a member of the crew of the lumber laden schooner Lizzie D. Small, ashore off Westport, was the means of saving the lives of Captain S. H. Getchell and his crew of three men. The bottle was found by Frank Columbia of Westport Point. The message read:—

"For God's sake save us. We are starving."

The shipwreck took place four days without food before the rescue crew was able to get a line aboard the Small by means of an improvised raft with a piece of canvas for sail. Captain Getchell said their only food had gone adrift before the vessel beached. The Small was last night reported as in danger of breaking up, but a tug and lighter had been dispatched from "Hwyard Harve" to go to her assistance.

Amoskeag Employes Return to Work—Unions Announce Plans for 48 Hour Week in New England.

Boston, Nov. 27.—The return to work of as many of the operatives of the Amoskeag Mfg. Co. in Manchester, N. H., as could be accounted for, ended the longest and one of the most bitter textile strikes in New England.

Starting in Rhode Island in January, the strike a month later had spread to all parts of Massachusetts and New Hampshire, affecting mills in all the leading textile centres except Fall River and New Bedford. In some places it was called a protest against a wage reduction averaging twenty per cent. in others against an extension of working hours from forty-eight to fifty-four a week.

The strike dragged along for many months. In Rhode Island it was marked by serious disorders in the Pawtucket and Blackstone valleys, resulting in some fatalities. Many strikers were shut out for long periods and others were kept in partial operation with strike-breakers. In most cases the amount of the wage cut was restored and in some instances the forty-eight hour week was granted.

The textile labor unions have announced an organized effort to bring about a forty-eight hour week through legislation in all the New England States.

Calves and goats, decked with flowers, were slaughtered before each such sacrifice of thanks to Allah. As the Turks entered the city, such sacrificial canticles were chanted from the tops of minarets and mosques, and in the evening the women, contrary to all custom, promenade until a late hour through the brilliantly illuminated streets.

Chair Bey has issued a proclamation asserting the sovereignty of Turkey throughout all Eastern Thrace.

Picnic Launch Hits Ferry; 34 Drown

Collision in Dark on Parana River as Merry-makers Are Speeding Home—Many of the Victims Children.

(Canadian Press.)

Buenos Aires, Nov. 27.—Thirty-four lives were lost in a collision on Sunday night between a launch and a ferry boat in the Parana River near Zarate northwest of Buenos Aires.

The collision occurred in the darkness at 8 o'clock. The launch, filled with picnickers on their way home—many of them children—struck the ferryboat while going at full speed.

The launch hit the larger craft at the overhang of the bow, under which the picnickers' boat disappeared. So far as is known there are only three survivors of the excursion party and the launch crew.

Ku Klux Klan Plans Invasion of Canada

Dominion First in Move for World-Wide Extension

Drive for Members Goes on in New York in Defiance of Police Orders—"Solidarity of Protestant Gentle White Race Throughout the World," Declared the Principle.

(Canadian Press.)

New York, Nov. 27.—The first step toward international organization of the Ku Klux Klan will be made in Canada, it was announced here yesterday by Rev. Oscar Haywood, national lecturer of the Klan. He said that he had received more than 500 applications for membership from Canada and the British Isles during a four week lecture tour in Pennsylvania. He said the campaign in Canada would be begun as soon as officers could find time to make it.

Today the officials of the Klan announced new plans for a drive for members in New York city in bold defiance of police orders. Despite the mayor, the police and opposition from the press and pulpit it is planned to turn the city into a stronghold of the Ku Klux Klan. Among the officials of the association expected to arrive for the campaign are Major E. D. Smith of Buffalo; King Kleege of the State of New York, and Rev. S. H. Campbell, Kleveland and lecturer, former pastor of the First Baptist church of Tyler, Texas.

Dr. Haywood in announcing that the Klan planned a world wide extension of their invisible empire that it stood "for the solidarity of the Protestant Gentle white race not only in the U. S., but throughout the world." Previous to this he had said that it was not a political organization but a movement not meant to oppress or abuse or ridicule other races.

Societies opposed to the Klan continue to denounce it at meetings and through statements.

Washington, Nov. 27.—The first real test of strength for the administration shipping bill was looked for today when the measure was laid before the House for amendment with prospects that an avalanche of proposed changes would be offered and disposed of before the bill arrived on final passage on Wednesday night. Republican leaders were confident, however, that the bill would arrive at the House with a safe majority and without material modification. Opponents asserted administration leaders would have to marshal their full strength to avoid defeat.

Denies Organized Labor Opposed to Prohibition

Toronto, Nov. 27.—Characterizing as "untruthful" a statement that organized labor is opposed to prohibition, Congressman John G. Cooper of Youngstown, Ohio, member of the House of Representatives, in a speech before the American Association of Engineers of America, in addressing a mass meeting held by the World League Against Alcoholism, in Massey Hall yesterday, declared that the old workers of the U. S. would never hoist the beer keg as their emblem and challenge the right of Samuel Hays, president of the A. F. of L. to place the union's seal of approval on the campaign to modify the existing U. S. liquor laws to permit the sale of beer and wine.

The Reichstag Approves of the Cuno Programme

Berlin, Nov. 27.—The programme of the new Cuno Ministry received the overwhelming approval of the Reichstag on Saturday. The chancellor was upheld by the middle parties, the Nationalists and the United Socialists, the latter two parties being solidly in favor of a motion endorsing the Government's declaration. While Herr Cuno is thus given a large package of confidence, his cabinet are left to ponder its contents as both the Radicals and Nationalists are making reservation in connection with their present tacit endorsement of the new ministry.

Grand Jury at Work Again on Double Murder

Somerville, N. J., Nov. 27.—The Somerset county grand jury assembled today after a three day vacation to continue hearing witnesses in the Halls-Mills murder case. Twelve witnesses, including Mrs. Jane Gilson, remained to be heard. The hearing will likely be finished tomorrow.

With these aims in view, the "Anti-Flirt Association" has been organized here. An intensive crusade against the flirt will be undertaken by the organization. Its activities will centre in the theatrical district, but its scope will extend throughout the city.

COMMISSION RE SOLDIERS TO MEET HERE

Second Part of Pensions and Re-establishment Inquiry

First Session to be Held in Halifax Probably in January—Subjects to be Taken Up and Method of Procedure Outlined.

(Canadian Press.)

Ottawa, Nov. 27.—In a statement handed out on Saturday afternoon by Colonel Balfour, chairman of the royal commission on pensions and re-establishment, the scope of the second phase of the commission's inquiry is dealt with. The initial phase, an investigation into certain charges made by the G. W. V. A. against the Board of Pension Commissioners, has been completed and the commissioners are now engaged in preparing their report on it.

The scope of the inquiry which will now be conducted is indicated under several headings. In the first place the commission will receive suggestions "as to any improvements in the method of procedure whereby Canadian ex-service men may apply for pensions and treatment, and also as to procedure whereby these ex-service men may submit an appeal from decisions as to pensions and treatment."

Secondly the commissioners will "hear evidence as to the needs of discharged handicapped men and women, and as to means of making suitable provisions for them, apart from any definite legislative provision which is ready exists."

Thirdly, the commission will be evidence as to the extent and nature of existing re-establishment needs among Canadian ex-service men and their dependents. Fourthly, it will hear evidence and receive suggestions as to disposal of canteen funds.

The commissioners outline a method of procedure to be adopted in placing evidence before them as follows:—

"Evidence and suggestions on behalf of Canadian ex-service men will be received only from those selected to represent returned soldiers, and generally, rather than as individuals or officers of individual organizations and for this purpose it is required that these organizations and returned men generally will combine in selecting these joint representatives who will appear at the hearings duly accredited. This does not in any case preclude the selection of officers of any organizations as joint representatives, nor the presentation by these joint representatives of evidence and suggestions on behalf of any particular class or classes of Canadian ex-service men."

"The number of representatives to be limited as to the extent and nature of the evidence and suggestions proposed to be submitted to be forwarded to the secretary of the commission, Room 879, House of Commons, ten days before the hearing is issued."

"Hearings to be held at Halifax, St. John, Montreal, Toronto, Winnipeg, Calgary, Regina, and Vancouver."

"Notice of the date and place of hearings to be given later, but the hearings will be held in the months of 15, 1923, and the first will be held in Halifax."

NOT TRYING TO INFLUENCE THE U. S. CONGRESS

Denial by the British Embassy and by Ambassador Geddes in Washington.

Washington, Nov. 27.—The British embassy, taking formal notice of published reports that the British Government was attempting to influence congress of the U. S. people regarding the administration shipping bill, issued a statement last night declaring no such attempt had taken place.

"The embassy," said the statement, "emphatically that there is any truth in the allegation." A similar assurance is understood to have been given to Secretary Hughes informally by Sir Auckland Geddes, British ambassador.

SEVERAL STATES ARE SHAKEN BY EARTHQUAKES

St. Louis, Nov. 27.—Considerable property damage was caused by earth tremors of moderate intensity in Eastern Missouri, Southern Illinois, Western Indiana and Northwestern Kentucky last night. The tremors shook buildings and homes, toppled chimneys from residences, broke windows and knocked chinaware from shelves. The tremors were felt in St. Louis.

## CARD SHARPS SAIL AND PROSPECTIVE DUPES WARNED

Discovery of Four Gamblers Made Known on Steamship Paris.

New York, Nov. 27.—Although the trans-Atlantic passenger traffic is now at low ebb, due to the season of the year, the professional ocean gamblers are as active as in the height of the summer season. Just before the French liner Paris, which brought Georges Clemenceau to this country, sailed again the company's detectives reported to Captain Maurras the presence among the liner's voyagers of four of the most clever and ingenious card sharps that use passenger vessels as their rendezvous.

The detectives were in no position to make arrests or to order the four suspects from the Paris owing to the lack of evidence against them, but during the entire trip to have the four will be under the constant surveillance of ship's officers and stewards. Passengers will have the four pointed out to them and will be warned against getting into any game of chance with them.

## WOOD ALCOHOL VERY DEADLY

Deaths in New York Twice as Numerous This Year as Last—Simple Methods of Testing Liquor Useless.

New York, Nov. 27.—The National Committee for the Prevention of Blindness, issued another warning last week against wood alcohol. Extensive circulation has been given, the committee said, to descriptions of various so-called simple methods of testing liquors for the presence of wood alcohol, and added that it was believed that this may in some measure be responsible for the fact that deaths due to wood alcohol in New York State are twice as numerous this year as last.

Spent Miserable Hours from Gas in Stomach. So distressed he couldn't sleep. Heery, then, took a dose of Dr. J. D. Maher's...  
"I spent many miserable hours owing to kidney trouble and indigestion," declared Mr. J. W. Scott, Night Porter, of 42 Carleton Street, St. John, N. B. "I had kidney trouble very bad. It kept me awake at night. My food did not digest properly."  
"I saw Dr. Maher advertised in the papers and gave it a trial and I must say that it is the greatest preparation I have found for kidney trouble. After taking one bottle I found that I could sleep better. I do not have to get up during the night. My food is now properly digested. This is also due to Dr. Maher. I recommend it highly to anyone suffering from stomach or kidney trouble."  
Now is the time if ever, to banish dyspepsia, indigestion, stomach and kidney trouble. During this season of the year nothing should interfere with the work of toning the weak stomach, nerves and giving strength to the various organs of digestion. The great root and herb remedy, Dr. Maher, has proven its power to restore full activity to the vital organs, as is shown by persons who have taken it. Go today to Ross Drug Co., St. John, and ask for Mr. Ranson, the Dr. Maher expert, and let him explain the merits of this great remedy. There is no charge and he will tell you honestly if he believes Dr. Maher will benefit you.

ST. JOHN MAN COULD NOT SLEEP IN PEACE, HE SAYS

Spent Miserable Hours from Gas in Stomach. So distressed he couldn't sleep. Heery, then, took a dose of Dr. J. D. Maher's...  
"I spent many miserable hours owing to kidney trouble and indigestion," declared Mr. J. W. Scott, Night Porter, of 42 Carleton Street, St. John, N. B. "I had kidney trouble very bad. It kept me awake at night. My food did not digest properly."  
"I saw Dr. Maher advertised in the papers and gave it a trial and I must say that it is the greatest preparation I have found for kidney trouble. After taking one bottle I found that I could sleep better. I do not have to get up during the night. My food is now properly digested. This is also due to Dr. Maher. I recommend it highly to anyone suffering from stomach or kidney trouble."  
Now is the time if ever, to banish dyspepsia, indigestion, stomach and kidney trouble. During this season of the year nothing should interfere with the work of toning the weak stomach, nerves and giving strength to the various organs of digestion. The great root and herb remedy, Dr. Maher, has proven its power to restore full activity to the vital organs, as is shown by persons who have taken it. Go today to Ross Drug Co., St. John, and ask for Mr. Ranson, the Dr. Maher expert, and let him explain the merits of this great remedy. There is no charge and he will tell you honestly if he believes Dr. Maher will benefit you.

NOVEMBER BEAUTY.  
(Ottawa Journal).  
Oh, the joy of seeing outlined against the blue autumn sky the tall pines that tower up from the river-side, of smelling the pine needles that carpet the ground, and of lying down and indulging in all sorts of pleasant day dreams. The graceful maple and elm, the lovely beech with its whitened leaves still clinging to its branches as though they regretted the fast-approaching winter days; all these trees are perhaps never so beautiful as when seen against the blue skies of November.

## The Merchandise You Buy ---And Where You Buy it

A MERE purchase can be made anywhere—that we admit. Only when one considers the unseen elements evolved, does careful discrimination become essential. There is a certain something, an intrinsic security which the label of an establishment must constantly symbolize.

Because for sixty-three years we have sold only the best to a clientele that will accept only the best, every single piece of merchandise bearing our name is built up to a quality standard, not down to a competitive price. This holds true no matter how casual and slight, nor how studied and important, that purchase may be.

And in addition to the merchandise itself our customers may rely upon a willing courtesy that in every department is persistent but never annoyingly insistent.

Emphasizing our readjustment of prices as announced a few days ago we offer for the coming week—

CANADA DRAWS MANY TOURISTS

A Steady Increase in Travelers is Noted Each Year—617,825 Autos Across the Line in 1921.

New York, Nov. 26.—Canadian tourist traffic, which has in recent years shown a rapid increase due to the desire on this continent to "see America first" and other factors, will again show a substantial growth this year, it is predicted.

According to the Department of Customs, 617,825 automobiles entered Canada for touring purposes in the calendar year 1921. The total for 1920 was only 583,360, to that an increase of 5.6 per cent, or more than 500 per cent, was recorded. The registrations according to provinces were: Nova Scotia, 223; Prince Edward Island, 22; New Brunswick, 1,826; Quebec, 43,294; Ontario, 537,283; Manitoba, 8,221; Saskatchewan, 47; Alberta, 863, and British Columbia, 25,957.

"Of this total number of visiting automobiles, it is estimated that 615,074 remained in the country for less than one month and 2211 for more than one month and less than six months," says a bulletin of the Canadian Pacific Railway on the tourist travel. Allowing for an average expenditure of \$25 a day, including gasoline and garage charges for the first class of car and an average length of stay of seven days, this traffic represents an expenditure of more than \$107,000,000, while the second class of cars on the basis of an expenditure estimated at \$20 a day for thirty days was worth approximately \$1,226,000. This means that the motor highways of Canada brought in a foreign revenue last year of something like \$108,000,000. Estimated on a 5 per cent basis, it means that improved roads are worth more than \$2,000,000,000 to the country without taking into account the service they render Canadians themselves.

"This year Canadian tourist traffic has shown a substantial increase over the previous season. It is estimated that American tourist traffic will bring more than \$12,000,000 to the Province of Quebec alone during the summer and autumn.

"The estimate is based on a volume of 60,000 visiting parties, representing approximately 250,000 persons. Quebec confidently expects a tourist trade of 1,000,000 within a few years, meaning an annual revenue of \$50,000,000 to the Province.

"The increase in the tide of holiday-makers to Canada in the last few years can not be more aptly illustrated than the swelling volume of visiting cars. Quebec welcomes annually, in 1915, 3,450 cars come holidaying in the Province. In 1916 there were 7,821 cars; 1917, 9,439 cars; in 1918, 9,177 cars; in 1919, 18,105 cars; in 1920, 31,913 cars, and in 1921, 41,927 cars. The average party per car is estimated at four. Of these parties only 25 per cent. spend one day in the Province, the remaining 75 per cent. staying two days and upward.

"The same tendency is noted in the case of the Canadian National Parks, where tourist traffic is increasing substantially each year. In 1921 it was estimated by officers in charge of the ten parks that visitors during the season totaled 150,000. An analysis of this traffic reveals that from 50 to 60 per cent. of the travel to the resorts of the Rockies is from foreign countries, the total number of the Rockies in that year being approximately 50,000. Allowing an average expenditure of \$300 for each foreign visitor, this travel represents an indirect revenue to the country of \$15,000,000.

"Capitalized on a basis of a 5 per cent. dividend, it means that the mountain parks alone are worth \$300,000,000 to the people of Canada, not taking into account the money the parks keep at home by providing Canadians with unequalled recreation and pleasure grounds or the direct revenue derived from park licenses, etc., which in the same year amounted to over \$81,000.

GRUB THREATENS HISTORIC OLD LONDON BUILDINGS

London, Nov. 26.—(A. P. by Mail)—A wood-boring grub is threatening to destroy many of the ancient architectural wonders of London. The grub first made its appearance in large numbers some ten years ago, and had done much damage to the wood sections of historic buildings before its presence was discovered.

HELP ARTISTS SELL THEIR WORK

Business Men Aid in project in New York—New Public Galleries Opened Soon.

New York, Nov. 27.—(By Canadian Press)—Plans have been completed for the organization of an association of prominent business men on one hand and artists and sculptors on the other, for the exhibition and sale of paintings and sculptures to the great portion of the U. S. public who, owing to the present inadequate system of exhibition and distribution have found the buying of works of art prohibitive.

The new public galleries, to be opened about January, will occupy the entire dome floor of the Grand Central Station. This will be the largest gallery in New York outside of the Metropolitan Museum, having a floor area of 14,000 square feet and a lineal wall space of 1,000 feet for pictures. The names back of the new enterprise are significant in the field of art and the cultural life of the United States. Heading the lists of invited artists who will display their work are John S. Sargent and Daniel Chester French, while among the lay members are such well-known names as Irving T. Bush, Mrs. Joseph H. Choate, Miss Helen Erick, and Charles L. Hutchinson, president of Chicago Art-Institute.

MORNING NEWS OVER THE WIRES

A reserved case was granted to Ralph Myles, sentenced to hang on January 4 for the murder of Miss Florence Myles last June, by the full bench division of the Supreme Court meeting in Halifax on Saturday. The grounds given were the refusal of the judge to admit some evidence.

James Hurd, seventy-two, was drowned at the Sheet Harbor hydro development on Saturday when a boat in which he was working upset, throwing him and his companion, James Gammon, into the water. Gammon was pulled out by a rope and recovered.

CRATER GREAT GAME SHELTER

Exploration of Refuge for Thousands in Heart of Africa Planned.

London, Nov. 19.—(Associated Press by Mail)—An untouched Eden in the mouth of a burned-out volcano in the heart of Africa, providing a place of refuge for thousands of animals, many of them possibly extinct in other parts of the world, is to be explored by scientists. The land forming the mouth of the volcano has been purchased by an Englishman who will organize an expedition to probe the secrets of the crater. The volcano is the giant Ngorongoro, the largest crater on this planet. The mouth is ten miles across, and a veritable paradise for wild animals. The Germans knew of it before the war, but kept its existence a secret.

There is a wide range of possibilities as to what a thorough exploration of the crater may bring forth. Prehistoric animals, believed to have perished from the earth thousands of years ago, may inhabit its caves and scientists hope to find live creatures, skeletons of whose fellows have been discovered in other parts of the world.

An explorer photographer, T. A. Burnes, and Mrs. Frederick Dainton, both of New York, were members of a party which recently made an expedition to the crater. They estimated that 15,000 animals inhabit this strange land. The step sides of the volcano make a natural barrier against the outside world and there are few men, white or black, who have dared to penetrate the surrounding forests even to look into this paradise for animals.

LIBRARY FOR CHILDREN IN DICKENS HOME

Establishment in Micawber Residence in Somers Town in Memory of Novelist.

London, Nov. 27.—(By Canadian Press)—The David Copperfield Library now belongs to the children of St. Pancras, London, it having been presented to the Borough of St. Pancras by the Children's Library Movement. This new library for children is in memory of the novelist, Charles Dickens, and is appropriately named after one of the chief works of the English master of fiction. It is located in the house where Charles Dickens lived as a boy, No. 13 Johnson street, Somers Town, and which Dickens immortalized in "David Copperfield" as the residence of Wilkins Micawber, who was always waiting "for something to turn up." This house, with two adjacent buildings, is the gift of Councillor A. Davis of St. Pancras.

The David Copperfield Library is in the slums of Somers Town. Its windows were boarded, its chimney pots grotesque, and its outer front grubby as a sweep, for it was built 150 years ago; but it has been renovated and made habitable for its new use. Once in a garret of his house a little lad lay at night by a pile of old books reading, reading the strange romances of famous writers, yet this boy, unknown at that time, ill-clad and ill-nourished, came to be greater than the authors of the books he was reading; his name was Charles Dickens.

In this house now there are books in every room; crowds and crowds of books, all around the walls. About the floors are stools and tables, covered with illustrated books, the latest and best that can be provided. In the evenings when the schools are over for the day, little boys and girls come into the house, wash and each put on blue overalls. Then they wander around

the miniature shelves until each has found a suitable book, upon which they sit down and are soon lost from this world of crowded hours and class rooms and streets.

The books are of all sorts, and range from the most elementary picture tales for babies to a shelf of gloriously bound French classics, the gift of a munificent republic. Many of the books have been given by famous living British authors. There are also Dutch books in the library, presented by the Leyden Pilgrim Fathers' Society and the Burgomaster of Leyden, Holland, was one of the honored guests at the formal opening recently.

BRAKEMAN AND FIREMAN DIE IN TRAIN WRECK

Andover, Mich., Nov. 27.—One man was killed, another fatally injured, and a third painfully hurt when a fast Great Northern freight, bound from Minneapolis to Superior, Wis., ran into an open switch near here yesterday and was derailed.

The dead, O. T. Euthis, brakeman, and August Furst, fireman, both of Superior. Euthis was almost instantly killed when he was pinned under the tender. Furst, pinned in the cab, was scalded by escaping steam and died soon after being taken to hospital.

NO TROUBLE AT ALL TO GET THIS JURY

New York, Nov. 27.—Ann Hyatt is going to offer proof in the Supreme Court that she conforms more closely to the measurements of the American ideal of womanly beauty than Dorothy Knapp, winner of the beauty contest in a physical culture show at Madison Square Garden.

The proof is to be submitted in a suit which Miss Hyatt has filed against the management of the show, the Macfadden Publications, Inc., the Physical Culture Corporation and Bernard Macfadden, to recover \$100,000 damages she alleges she has suffered as the result of the verdict against her.

Applications for jury duty will be filed in the order of their receipt, undergirding repairs.

THE IRISH BILL

What Measure Presented by Bonar Law Provides. London, Nov. 27.—The text of the Irish Free State constitution bill, presented by Premier Bonar Law to the British Parliament, sets forth that the Irish Parliament is constituted in accordance with the Irish Free State agreement act and is sitting as a constituent assembly, having passed the Irish constitution act, embodying the Irish constitution.

This constitution, the bill states, is to be construed with reference to the Irish treaty, which is also embodied in the bill as a schedule, and it is provided that any provision of the constitution is repugnant to the treaty it is in respect to that repugnance absolute and operative. In that event the Irish Parliament is to pass further legislation necessary to fulfill the treaty.

The Irish constitution is to come into being on its being proclaimed by the King, but the King may at any time after the proclamation appoint a Governor-General.

Why Corns?

Just say Blue-jay to your druggist. The simplest way to end a corn is Blue-jay. A touch stops the pain instantly. Then the corn loosens and comes out. Made in a colorless clear liquid (one drop will) and in thin plasters. The action is the same.

International Action Is Now Imperative Need

(By Dr. Ernest H. Cherrington, general-secretary, World League Against Alcoholism.) International treaties and trade agreements between nations must protect and respect prohibition ideals as well as the other ideals represented in general national policies of all countries.

SIX-YEAR-OLD HAD BRONCHITIS EVERY WINTER

Before the victory for national prohibition in America became assured there was no particular reason for cooperation or united activity on the part of the organized liquor interests of the United States with similar interests in any other part of the world.

**INVESTITURE OF PRINCE OF WALES**

Great Splendor at Masonic Function in London.

Thirteen Thousand Applicants Unable to Obtain Admission—Is Made Senior Grand Warden of the United Grand Lodge of England.

London, Nov. 27.—(By Canadian Press.)—In a setting of great splendor and in the midst of what is believed to have been the largest Masonic assembly ever gathered under one roof, His Royal Highness the Prince of Wales, who was recently invested in Albert Hall here as senior grand warden of the United Grand Lodge of England, nine thousand Freemasons, drawn from all parts of the English jurisdiction, embracing lodges all over the world, as well as of representative deputations from the sister grand lodges of England and Scotland and of some of the dominions beyond the seas, were present at the investiture. More than 13,000 applicants for tickets of admission had to be disappointed, and more than 1,000 of those favored had to stand throughout the ceremony, which was conducted by the Duke of Connaught as grand master.

There was a stately procession of high officers, whose approach was heralded by a silvery fanfare of trumpets from unseen musicians of the Grenadier Guards' Band, followed by a distant roll of drums. The high officers escorted Deputy Grand Master Right Hon. Sir Thomas Halsey toward the great throne. It was a scene of splendor. Purple and gold predominated on the dais and in the front belt of seats in the arena. Behind was a further belt in which crimson was the prevailing tone, and in the vast background were the pale blue and white regalia of the rank and file of the Masonic craft.

When the grand lodge had been

opened the trumpets sounded again, and a second procession was formed, his time conducting the grand master, with Lord Amphil, pro-grand master, and Viscount Birtwick, junior grand warden, to the dais. The Duke of Connaught was greeted with cheer after cheer.

While the enthusiasm was at its height a slim young man in morning dress, with a simple blue collar of the Masonic fraternity, slipped unobtrusively in, and sat in the front row of the body of the hall—the Prince of Wales, looking unusually grave, but in nowise nervous. He was accompanied by the Duke of York.

After reading a message sent to the King expressing the assembly's loyal devotion to the throne, and His Majesty's acknowledgment of "another proof of the close association between Freemasonry and my house," the grand master began the investiture of the Prince. The Duke recalled that this was the second time in the course of about fifty years that the heir to the throne had taken upon himself high office in the Grand Lodge of England. The grand master placed around the Prince's neck a collar of royal blue with an edging of gold—the badge of his office as senior grand warden.

There was tremendous cheering, and then followed the Prince's reply, which was a brief expression of his gratitude for the honor conferred upon him and for the warm welcome he had received. When the new senior grand warden was conducted to his appointed place the assembly sprang to its feet and cheered again and again. This was followed by the unveiling, by Lord Amphil, of a portrait of the grand master, painted by Sir Arthur Cope.

The Prince of Wales entered the Masonic fraternity through the Household Brigade Lodge, No. 2,614, which he joined in May, 1919. He was then an officer in the Brigade of Guards. Soon afterwards his brother the Duke of York also became a Mason, he being in the Navy Lodge, No. 2,612. Both brothers became in turn warden and master of their respective mother lodges.

The investiture of the Prince of Wales as senior grand warden was the first occasion on which an heir-apparent accepted a position in the grand lodge other than that of grand master. The Prince, in being a keen Mason, is following the example of his grandfather, Edward VII, who during his Masonic sign of a quarter of a century showed great zeal for the craft. The first Prince of Wales to become a member of the Masonic fraternity was the eldest son of George II, who was "a Master

**INVESTIGATE WORK OF REV. THOMAS JOPLIN**

Canvasser for Lumberjacks Detained at Windsor—Has Been in St. John.

(Ottawa Journal)

Rev. Thomas Joplin, who has been in Ottawa on several occasions canvassing for a so-called lumberjacks' association for the purpose of sending missionaries into Northern Ontario, was detained in Windsor for investigation on Friday last. The Border Cities Star, of Windsor, publishes the following story of the case:

"Thomas Joplin, who was arrested Friday afternoon for investigation regarding his collecting of money for a so-called lumberjacks' association, has admitted that he was representing an unincorporated organization, according to word received by Chief Daniel Thompson Saturday from William Henderson, of the Shantymen's Christian Association.

"Following questioning Friday afternoon by Chief Thompson, Joplin was released. The chief, however, was not satisfied with Joplin's attitude toward the matter and ordered him to report again Saturday.

"Shortly before noon Saturday the chief received two telegrams. One was from Mr. Henderson, founder of the Shantymen's Association. The other was from Joplin.

"Mr. Henderson's telegram stated that Joplin had come to his office early Saturday morning on false pretenses, having collected money on false pretenses. Joplin promised to return all money collected, Mr. Henderson said, and that the matter would be dropped, without further investigation.

"Joplin's telegram read: 'Come to Toronto. Told everything. Matter settled.' Here Recently.

"Mr. Joplin was in Ottawa less than one month ago in connection with his canvass. At the time suspicions of a prominent local welfare worker were aroused. He questioned Mr. Joplin, who stated that he had severed his connection with the Shantymen's Christian Association but was continuing the same line of work in the interests of the Lumberjacks' Mission, which he maintained Mr. John Gertschere, of Toronto, was president. The local man immediately communicated with Mr. Gertschere and was informed that he knew nothing of Mr. Joplin or the supposed organization of which Mr. Joplin claimed he was president.

"When this communication was received Mr. Joplin had left for Montreal but appointed two women to collect contributions in Ottawa. One of these requested a subscription from the local welfare worker who had interested

**"I don't need help, thank you"**

It is kind of you to offer it, but Fred left us beyond need of financial assistance. Three years ago he was persuaded to buy an Imperial Monthly Income Policy.

"I opposed the idea then, but I have learned the sad lesson that though wives may object to life insurance, widows never do."

"The hundred dollars which I am to get from The Imperial Life, every month, as long as I live, makes it unnecessary for me to become a burden to my friends."

"If I don't live for twenty years, the monthly income will go to Mary to keep her until she is well able to look after herself."

"It is not until lately that I have realized how many good friends we have, and I count not the least among them the young man who persuaded Fred to buy that Imperial Monthly Income Policy."

Thousands of good wives and mothers, made desperate by circumstances, are literally compelled to fall back upon the practical kindness of those whom they have known in "better days."

It may mean some sacrifice on your part to protect your loved ones from such misfortune, but are they not worth the sacrifice!

**ERRING HUSBANDS' PROBATION BOARD**

New Venture is Launched for Toronto District.

Toronto, Nov. 27.—The new Probation Board, which was provided for by an order-in-council passed a year ago or more, and which is under the Attorney-General's Department, will deal with cases outside of felony. In cases of non-support the persons convicted will be put on probation, but will still be under the jurisdiction of the court, and will have to report at stated intervals to the probation officer, and they will be subject to recall for commitment if they do not respond satisfactorily to probation treatment.

The new law applies at present only to Toronto and York County. Judge H. S. Watt, of the Children's Court will be head of the board.

**BABY CARRIAGE IGNITES, CHILD FATALLY BURNED**

Little Daughter Found in Flames When Mother Returns.

Galt, No. 27.—A sad tragedy occurred at the residence of Moses Settel, three miles west of Blair, when in the absence of Mrs. Settel, who had crossed the road to lock the school, of which she is in charge, the baby buggy became ignited in some unknown manner, and their seven months old daughter, Doris, was so badly burned that she died a few hours later.

Mrs. Settel left with the baby a three-year-old child, playing in the room. She was absent only about five minutes. When she returned the carriage was in flames. In trying to save the child she was badly burned about the arms.

The weekly Sunday morning service was held at the Y. M. C. A. yesterday morning. Fifty-two boys were in attendance, the largest number been present at a service this year. Fred Yeaman's group had the largest attendance. The speaker, Stanley E. Fisher, gave an interesting talk to the boys. The Y. M. C. A. orchestra, composed of the following players, was in attendance: Stanley Goodwin, Leslie Stratton, Harrison Morgan and Wesley Stewart.

**The Secret of their Satin Jackets**

You have noticed the delightful smoothness, aroma and flavor of the coating on Moir's Chocolates.

Do you know how this velvety texture is obtained.

Moir's do not buy their chocolate coatings. They make their own, importing for this purpose the highest grade cocoa beans.

The cocoa beans are first blended, roasted and enriched with added cocoa butter and then ground in powerful machinery for days at a time until the paste has the smoothness of satin and is so close in texture that the air is excluded and the flavor and delicate aroma of Moir's Chocolates almost indefinitely preserved.

That is why Moir's Chocolates are always fresh, delightfully flavored, delicate.

Take home a box today.

From far off Ceylon, Java and South America come direct the cocoa beans used in making Moir's Chocolates.

himself in the case who informed her of Mr. Joplin's activities. She immediately stopped making further collections, stating that she had handed the money to the other woman. She stated that she would send the other woman to see the local man. So far the second woman has not made this call.

Only small amounts were collected in this city by Mr. Joplin and the women workers, the local welfare worker stated.

Mr. Joplin's detention at Windsor was prompted by the receipt of a letter by police from Mr. Henderson as follows: "We hear that Mr. Joplin is seeking to collect money in various places for an alleged lumberjacks' mission. Mr. Joplin has no connection with the Shantymen's Christian Association. So far as we know he has no organization back of him nor has he sent a single missionary out to the woods."

Mr. Joplin founded the shantymen's organization more than 14 years ago. On several occasions when in Ottawa he had made appeals for contribution from church pulpits.

**Recipe**  
**Caramel Sauce**  
2 cups granulated sugar; 2 cups water; butter size of walnut; 3 tablespoons cornstarch—dissolved in cold water; 1 teaspoonful vanilla; 1/2 cup of the sugar to be browned. When golden brown add butter. Bring to boil, add starch and vanilla.

**Recipe**  
**Christmas Cake**  
Mix 1 1/4 Cup Roman Meal; 1 cup flour; 3/4 cups currants; 1/2 cups Sultana Raisins; 1 cup chopped lemon peel; 1/2 cup blanched almonds; 1/2 T. Spn ground cloves; 1/2 T. Spn ground cinnamon; 1/4 T. Spn ground ginger; 1/4 T. Spn allspice; pinch nutmeg. Cream well 3 eggs; 1 cup Brown sugar; add 1 cup butter; 1/4 cup molasses. Stir both mixtures together, beat well. Bake in well greased tin 2 1/2 to 3 hours, moderate oven.

**Add ROMAN MEAL to Your Daily Diet.**

ROMAN MEAL is the only balanced combination of whole grains—wheat, rye, Flaxin, and comminuted bran. It is a delicious family food, to be used as porridge, or baked into anything half and half with flour. By using Roman Meal in some way every day, with plenty of milk and some leafy vegetables (preferably uncooked) you provide your body—and the bodies of your children—with every element necessary to sturdy health and long life, and correct the "deficiencies" of modern "excess acid" and "deficiency" foods. Roman Meal aids digestion, positively relieves constipation.

PUT OUT OF PARK, SUES FOR \$100,000

Babe Ruth's Homer Figures in the Case. New York, Nov. 27.—An attempt to reduce to dollars and cents the mental and physical anguish resulting from being ejected from a baseball park was made by a jury in Justice Wasservogel's Supreme Court last week.

According to Louis S. Hirsch, who was ejected from the park of the New York American League club last May by a special officer. He asked \$100,000 in damages.

Babe Ruth figured in the case. It appeared from the testimony that the mighty batsman had smacked a ball right out of the park when Hirsch left his seat to see the horse bite sphere depart from view. About this time, he said, the special police decided that he should go outside the fence and continue his search.

The special contended that Hirsch had changed his seat several times, violating park rules.

POWER COMPANY REPLIES TO THE MAYOR'S LETTER

City's Offer to be Placed Before Directors This Week

Rodney Wharf Matter Taken Up at Meeting of the City Commissioners This Morning—The Swimming Scows Again Discussed—Tax Appeals on Friday.

A letter from the New Brunswick Power Co., acknowledging receipt of the Mayor's offer to purchase the property of the company was read at a committee meeting of the Common Council this morning and ordered filed with a copy of the Mayor's letter to the company.

In the letter from the Power Company it was stated that the city's offer would be placed before a meeting of the directors of the company this week. The Mayor's letter was forwarded Friday and the reply was dated Saturday.

A bill from the Parish of Lancaster for \$115.00 for school taxes on city land was presented by Commissioner Bullock and ordered paid with the understanding that the city would have permission to appeal later.

On motion of Commissioner Bullock general orders of 1922 Brook ward to Mrs. Laura J. Morley was recommended.

Reporting on the proposed repairs to the railway trestle at North Rodney wharf, Commissioner Bullock presented a letter and plans from the New Brunswick Power Co. and the city engineer's report on the matter. The plan was approved by both city engineer and G. G. Murdock, engineer for the company.

G. G. Hare, city engineer, reported that the suggestion of the company was to remove the fence at present on the face of the wharf and place it between the roadway and the car tracks, except near the end of the trestle. It was also proposed to leave the space between the ties open to allow water and snow to run away.

When the Mayor expressed the opinion that, unless it was intended to have gates in the proposed fence, it would be better to remain where it was, a small opening could be left between the ties but not sufficient to make it dangerous for pedestrians.

Commissioner Wigmore remarked that the wharf and approach, were present statutory Lord's Day as the day of rest, are calculated to disturb the loyalty of the people towards any Sabbath observance, therefore:

Resolved that we, the St. John Methodist Ministerial Association, hereby utter a strong protest against the granting of such permission.

Miss Tremaine HERE FOR WINTER Nurse Who Attended King George After His Accident in France.

Miss Tremaine, a Red Cross nurse whom Dame Fortune smiled on and afforded opportunity to nurse King George when he was thrown from a horse in France, during the early days of the war, arrived in the city today. She came from Quebec and is here to supervise the Red Cross nursing at Sand Point. Her duties will be largely in connection with the care and comfort of women immigrants and little children arriving at this port during the winter season. Miss Tremaine, who is a native of Quebec, went overseas soon after the outbreak of the war and did not return home until May, 1919. She was met at the station today by Miss H. T. Melkjohn, director of public health nursing.

YOUTH CHARGED WITH THEFT IN NORTH END

Harold Bailey, who escaped from the Boys' Industrial Home last spring and who later was wanted by the police on a warrant for theft, was arrested on Saturday afternoon and this morning appeared before the magistrate to answer for the theft of a fountain pen, a gold watch, a hunting knife, a match safe and a sum of money from William H. McDonald on February 24, 1922. He pleaded not guilty.

Mr. McDonald said that the accused had broken into his house on Victoria street on the date above mentioned and had stolen the goods named above. He said the accused had lived with his grandmother in the flat above that which the witness occupied. On arriving home on the day in question the witness had found a door open and the articles gone. The money taken amounted to less than \$5. He had met the accused in a theatre on the evening of March 2, and the accused had admitted the theft and had asked him not to have him arrested. The accused had said that he had sold the fountain pen to a boy in a North End drug store and that he had taken \$1.30 in cash. The witness had told the accused that he would let him go if he would put everything back. The accused had done so and the witness had followed him in about ten minutes and had met him coming from the house. The accused had said he was going out to see his mother and had had a bid later that he was going to bid his "mama good-bye" as he was going to be "killed" later. The witness had gone up and talked with the accused's "mama" and he had not noticed her on the watch until the following morning and had then notified the police. Later they had notified him that they had a sold the fountain pen to identify it as his own. He valued the articles stolen as follows: Watch, \$25; knife, \$1.50; money, about \$2; fountain pen, \$2.50; match safe, 50c.

Detective Power asked for an arraignment, which was granted, and no time was set for resumption. The accused had no questions to ask. He told the magistrate he was sixteen years of age on October 27. One man charged with drunkenness was remanded.

BANDITS IN B. C. KLEWUP POST OFFICE SAFE AND GOT \$60

TAGGING TODAY BRINGS COMMENT

Permission to Advertisers a Legacy from the Former Mayor, Says Mr. Fisher—Methodist Ministers Protest.

There was considerable discussion about the streets today regarding tagging days under the auspices of bodies which are purely denominational and it was remarked there would be no limit if the principle were generally adopted.

Commenting on the collection, which is being conducted today, Mr. Fisher said this morning that permission to hold this event was granted by Mayor McLean, and records of that permission having been granted were on file in his office when he took possession of the city. The granting of this privilege to religious sects was not the policy of the city, but when the matter was brought to his notice, progress had already been made in the arrangements for the event and he felt that the arrangement made by the Ex-Mayor should be allowed to be carried out.

Methodist Ministers. The Methodist Ministers' Association, at their weekly meeting this morning in Centenary church, passed a resolution strongly protesting against the granting of a tag day to the Seventh Day Adventists. Those at the meeting were Rev. J. M. Rice, president; Rev. E. E. Styles, secretary; Rev. George Ormrod, Rev. Neil MacLachlan, Rev. J. E. King, Rev. R. G. Fulton, Rev. L. J. Wason, Rev. H. E. Thomas, Rev. William Lawson and Rev. Dr. George Welch.

A regular order of business of the day the question of the prohibition act in New Brunswick was taken up. The subject was introduced by Rev. H. E. Thomas and discussed by all the ministers present.

It was noted at the attention of the meeting that a tag day was now in progress in the city and was being held by civic authority. Under a great deal of discussion a resolution was passed and the secretary was directed to subject the matter to the Mayor immediately. The resolution is as follows:—"To His Worship the Mayor and the Council of the City of St. John."

"Whereas it has come to our notice that permission has been given to the Seventh Day Adventists to hold a tag day in this city; and whereas the granting of such permission is contrary to civic by-laws and also to the spirit and letter of the Dominion Lord's Day Act; and whereas the fundamental principals of Seventh Day Adventists, being directed towards the destruction of the present statutory Lord's Day as the day of rest, are calculated to disturb the loyalty of the people towards any Sabbath observance, therefore:

"Resolved that we, the St. John Methodist Ministerial Association, hereby utter a strong protest against the granting of such permission.
