SPEEDING TO HIS DEAD DAUGHTER; HIS CAR HITS BOY

Miss Beebe, Wife of Wealthy Business Man, a Suicide

CHELSEA LAD RUN DOWN

Father Hastening in Auto to Boston Hotel Where Girl Had Died Under Mysterious Circumstances—Anguished Parent Held up While He Gave Bond For Chauffeur

(Canadian Press)

Boston, July 22—Speeding in a high powered automobile toward a Boston hotel, where his daughter, Miss E. E. Beebe, had just died under mysterious circumstances, J. Arthur Beebe, a wealthy business man, was halted in a tragic way last night, when his car ran over and fatally injured a boy in Chelsea.

After taking the boy, Harry Somblowsky, ten years old, to the Naval Hospital, where he died, the anguished father was forced to wait further while his chauffeur was arrested, charged with killing the lad. After giving a bond for the chauffeur, he was able finally to resume his run to this city.

When he arrived at the hotel, Mr. Beebe learned that his daughter registered there yesterday morning, was taken ill in the afternoon, and sent for a physician, saying that she was suffering from poison. The doctor had difficulty in entering the room, and when he was able to open the door he found the young woman dead. The cause of death, according to an informal statement by the physician, was "heart trouble."

Miss Beebe had been suffering from a nervous trouble for three years. She had been living recently at the family's summer home in Manchester, Mass. She was 35 years old.

Medical Examiner Leary said Miss Beebe committed suicide by taking an alcohol poison.

FOR SEPARATE HEARINGS

"More Hopeful" is Report at End of First Day in Railway Controversy Mediation

New York, July 22—The first day of conferences between the federal mediation board and the two parties to the controversy involving a threatened strike of 80,000 trainmen and conductors against the eastern railroads closed with the official announcement last night that there was no change in the situation.

Judge William L. Chambers, chairman of the conciliation body, appointed by President Wilson, said the mediators were "more hopeful," however. While both the men and the roads informed the board of their purpose to "stand pat" on their platform of grievances, they want submitted for arbitration under the Newlands act, the mediators say, they believed that within a few days the road may be induced to consent to have only the employees' demand arbitrated. Under this plan the employees' demand would be arbitrated.

Both the conductors and the trainmen appear to see in this the only way of averting a strike. The demand of the eastern railroads that their grievances against the men should receive immediate consideration was the chief stumbling block before the federal board of mediation and conciliation.

The board this morning received a committee of twelve, representing the two labor organizations. It is believed that the managers at a final conference last night with the mediators had refused to withdraw their demands. At last night's meeting, it is understood, the mediators reported that the employees would not consent to have the counter demands of the roads arbitrated along with the original demands of the conductors and trainmen for better pay and working conditions. The managers insisted that their grievances be incorporated in the articles for arbitration on the ground that if they were not considered at this time they could not be taken up again during the continuation of any award made by the board of arbitration.

The work of the mediators, apparently, has not passed the preliminary stage and it may be several days before they attain any definite results.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, E. P. Stewart, director of meteorological service.

Synopsis—Since yesterday morning, a few scattered showers have occurred in Nova Scotia and the western provinces but the weather throughout the dominion has been for the most part fine and warm.

Fair and Warm
Maritime—Light to moderate winds, fair and warm today and on Wednesday.

WHEN HE RECEIVED THE VICTORIA CROSS

King George and late Major Cockburn of Toronto, when the latter received the Victoria Cross. A cable received by Mrs. G. R. Cockburn expressing King George's regret at a death of her son, Major Cockburn, recalls the occasion in 1901, when, during a review of 10,000 troops in Toronto, King George, then the Duke of Cornwall, presented the Victoria Cross to the distinguished soldier.

Giant Steamship Crosses Ocean by Dead Reckoning

Not Glimpse of Sun From Time She Left New York Till She Reached Plymouth

London, July 22—Skies were so leaden all the way across the Atlantic during the last week that the steamship Kaiser Wilhelm Der Grosse, which arrived at Plymouth yesterday made the entire voyage by dead reckoning.

The weather was cloudy and misty and for the entire 3,000 miles from New York not a glimpse could be caught of the sun for nautical observations. Primitive methods of navigation and wireless reports from other steamers served to keep the big liner on getting lost, however, and she reached port without mishap. Her experience, getting lost, is a rare one.

MONTREAL ELEVATOR CARPENTERS STRIKE FOR TWO CENTS AND HALF

Hundred and Forty go Out and Harbor Commissioners Say Many Ready to Fill Places

Montreal, July 22—One hundred and forty carpenters and millwrights, employed in construction work on the harbor commissioners' grain elevators Nos. 1 and 2, who quit work on strike orders yesterday, were still out today and declare they will not return until their demand for an increase of wages to forty-two and a half cents an hour is complied with.

The harbor commissioners declare that they believe the present rate of forty cents an hour entirely adequate, and that no increase can be considered. They said that they have a long waiting list of applicants for work, and that among them are at least sixty experienced carpenters eager to obtain jobs on the elevators.

L. C. R. MATTERS BETWEEN MEN AND MANAGEMENT

Moncton, N. B., July 22—A committee representing the Canadian Brotherhood of Railway Employees had another meeting with the L. C. R. management yesterday and last night a meeting of the brotherhood men was held in the Brunswick Hotel lasting until nearly two o'clock this morning.

Matters of vital importance to the members of the brotherhood were discussed but nothing was given out for publication. The brotherhood committee met the managing board again today.

ANOTHER PRETTY VISITOR IN THE HARBOUR TODAY

One of the handsomest pleasure yachts ever in the harbor is the "Harifa," owned by Charles N. Nelson of New York which came in this morning from Eastport, where she had stopped on her way up the coast. The vessel is more than 200 feet long and has two masts. She is equipped with engines, which will drive her eleven knots. There is a crew of twenty-three men on board.

Mr. Nelson has eight guests with him on the trip. So far they have visited different cities along the Atlantic coast and before they return home will spend a few days calling at Nova Scotia ports.

A GAIN OF 2000 IS SHOWN

Water Commissioner's Report Indicates Population is Growing Nicely

An increase of more than 20,000 in the population of St. John within the limits of the districts supplied by the water service is indicated by the report of the department for the last year. As part of the water tax is based on the number of families, a careful census of the number of families supplied with water is taken. The report for the last year shows an increase of 440 families, which, on the basis of the last census would indicate an increase of 2180 persons. The total population accounted for in the report would be 50,091.

This includes 8710 persons in Lancaster, but as they are closely enough connected with the city to depend on it for water they may be taken as a part of the city's population. The total does not include the many thousands in the districts which are not supplied by the city water mains, and if they were added to these figures it would show a much larger population.

The following statement, giving some of the details of the 1912 assessment, with increases where there are any, was submitted by Commissioner Wigmore at a special meeting of the Common Council this morning.

Table with 3 columns: Item, 1911, 1912. Includes Families, Water closets, Baths, Wash basins, Urinals, Boarding houses, Horses and cows, Offices, Barber shops, Workshops.

YOU PAY FOR FRUIT THESE DAYS

Fruit of all kinds is higher just now than it has been at the same season for many years. The price of oranges has caused bananas to remain up because of the increased demand. They will stay expensive until the peach crop ripens in the States when the popular demand for bananas will fall off. They are selling now as high as thirty cents a dozen.

THIRTY-FIVE NEGROES BURNED TO DEATH IN A CONVICT CAGE

Jackson, Miss., July 22—Trapped by flames in the second floor of an antiquated convict cage, thirty-five negro prisoners were burned to death at the Oklawaha convict farm, twenty miles from here late last night.

THE VICTORIAN

Steamer Victorian was reported eighty miles east of Cape Race on Monday night, and is due in Quebec early on Thursday morning and in Montreal on Thursday night or Friday morning.

THE BRITISH WESLEYANS ARE NOT HERESY HUNTERS

Rev. Mr. Jackson Case Goes By The Board, Only Seven Supporting It—Hon. Mr. Runciman's Hint at His Course if Action Was Otherwise

(Times' Special Cable)
London, July 22—Yesterday's decision of the Wesleyan convention, by 580 votes against seven, declaring the intention of that body not to go forward further with the heresy charges against Rev. George Jackson, a former Toronto preacher and professor of Victoria Methodist College, Toronto, is regarded here as a significant proof of the advance of liberal theology among the English free churches.

The almost unanimous decision of the conference was induced by Mr. Jackson's speech in defense of his views and by an important letter from the Rt. Hon. Mr. Runciman, president of the Board of Agriculture.

DUPLICATE PLANTS FOR TORONTO WATER SYSTEM

Million to Be Spent For Works on Toronto Island
Toronto, July 22—At one o'clock this morning the city council unanimously decided to spend \$1,000,000 for a mechanical filtration plant on Toronto Island. The decision was reached after various alternative plans had been outlined by Mr. Harris, commissioner of works, who said that a mechanical filtration plant could be constructed and in operation within eighteen months.

MANY AT FUNERALS OF PROMINENT CITIZENS LAID AT REST TODAY

Many friends attended the funeral of Timothy Burke which was held from his late residence in Douglas avenue at 10 o'clock this morning. The funeral was held at St. Peter's church, where a solemn requiem high mass was celebrated by Rev. Father Hogan, C.S.S.R., assisted by Father O'Regan, deacon, and Father McCormick, sub-deacon. The interment took place in the new Catholic cemetery. Among the many beautiful floral offerings was a standing cross of cream roses from the staff of the Inland Revenue department, a cross of pink and cream roses from the staff of the C. P. R. passenger department, and from the freight department of the C. P. R. a beautiful crescent. There were also very many beautiful flowers from relatives and friends.

MOOSEJAW GETS SHORT LOAN AT SIX PER CENT

Moosejaw, Sask., July 22—The city of Moosejaw has just negotiated a loan through Wood, Gundy and Company for \$800,000 at six per cent maturing January 1, 1914. The lenders are a London syndicate. They held in pledge \$100,000 of city stock.

THINK THEY HAVE TAKEN A STEP TOWARDS UNITY

Paris, July 22—A banquet last night brought the meetings of the International Congress on Religious Progress to a close. Although a majority of the members were of the opinion that the establishment of a universal religion was not necessary, it was unanimously pronounced that the present congress was a step towards religious unity.

PRINCE ARTHUR AND BRIDE TO GO HOUSE KEEPING IN YORK

New York, July 22—A London cable says that Prince Arthur of Connaught has taken a house near York, where he will live after his wedding. Queen Alexandra wishes the marriage, which it is said will be in October, to take place at Sandringham.

CARDINAL MERRY DEL VAL IS DEALING WITH THE SWISS GUARDS MATTER

Rome, July 22—Cardinal Merry Del Val, papal secretary of state, who has taken the settlement of the disaffection of the Swiss guards at the Vatican into his own hands, today issued orders to the guardsmen that they were not to leave the Vatican nor to communicate with any outsiders.

More Back At Work

Pateron, N. J., July 22—More employees returned to work at the silk mills today. Manufacturers declare that the strike of the dyers was over, that only a few small shops were still idle and these because of lack of work. The weavers will vote tomorrow on the question of continuing the strike.

IS THIS THREAT TO BRITAIN RE TURKEY'S PLANS

Advance of Ottoman Troops Across New Frontier Line

MOHAMMEDAN AGITATION
India Papers Say Interference By England Means Trouble—Drawing Nearer to Peace in Balkans—Turks Have Not Occupied Adrianople Again

(Canadian Press)
Calcutta, India, July 22—The advance of the Turkish troops across the new frontier line from Enos on the Aegean Sea, to Midia on the Black Sea, which had been arranged between Bulgaria and Turkey after the recent war, has been received with hearty rejoicing by the Mohammedans of India.

The newspapers here assert that any attempt on the part of Great Britain to coerce Turkey into abandoning her new projects will lead to a dangerous Mohammedan agitation.

Sofia, Bulgaria, July 22—The report of the re-occupation of Adrianople by Turkish troops turns out to be false. It was spread by fugitive Bulgarian officials from that city who, when they heard that a reconnoitering force of Turkish cavalry commanded by the notorious Enver Bey had been seen in the vicinity, fled precipitately under the belief that the entire Ottoman army was about to descend on the place.

Constantinople, July 22—In anticipation of the re-occupation of Adrianople by the Turkish troops, Hadji Adil Bey, former minister of the interior, has been given the appointment of governor and will leave today for Adrianople to assume his post.

London, July 22—A Sofia despatch to the Times says: "Roumania's reply to Bulgaria's request to accept Tartakal-Baltchik as the future frontier, but declines to withdraw the troops until Bulgaria enters into negotiations with the other belligerents."

Inter-communication with North Bulgaria has already caused a scarcity of provisions here and, if continued, will involve calamitous results in the capital and in the army.

It is reported that the Turks have withdrawn from Adrianople.

London, July 22—Besides accepting the Tartakal-Baltchik line, Bulgaria has consented to the Roumanian troops remaining in Bulgaria, according to a Bucharest despatch to the Daily Mail, until Bulgaria has concluded peace with her enemies.

Athens, Greece, July 22—M. Panis, director of political affairs at the Greek foreign office, has been appointed chief of the Greek delegation which is to arrange terms of peace with Bulgaria. He started for Nish, Serbia, today, and will be joined on the way there by the other members of the peace mission.

GOLD LOCKET WITH DIAMOND SETTING FOR TOM BARRETT

Admirers of boxing assembled last evening in Oddfellows' Hall, Union street, when there was an interesting exhibition of the art of self-defence under the direction of John T. Power. There were four bouts, well managed and clever.

During the evening a feature on the programme which proved very interesting was a presentation to Tom Barrett, friendly local boxer, who received from friends a valuable gold locket with diamond setting. Barrett and George McHugh gave an exhibition bout which won much applause.

Lynch and Sullivan, both of North End, Garnett and McKie, Gamble and Wallace were the boxers.

Bath-Room Accessories and Summer Comfort

There is no time in the year when the bathroom is as much in use as in midsummer. During the hot days the shower bath and the cold tub are in constant demand. Have you arranged your bathroom so that you and your family can have the benefit of modern convenience? Have you an adequate shower bath? Have you soap, sponge, tooth-brush and drinking glass holders? Have you glass shelves, toilet preparations and a medicine cabinet? Have you bath mats and a good supply of rough towels—and so on, ad lib? There are many bathroom accessories on the market planned for convenience and sanitation. The list is far too long to enumerate here, but if you are not already entirely familiar with what is to be had in this line, turn to the advertising columns of THE TELEGRAPH AND TIMES and learn something on the subject. You will be astonished to find how much real comfort you can procure for yourself and your family at very moderate cost.

A HONEYMOON SEVEN YEARS LONG

Rev. Percy Howard and his bride of three weeks, who formerly was Miss Ethel Blanche Le Ber of Toronto. They left Montreal on the Nasobie on Friday and do not expect to return to civilization for seven years. Their headquarters will be at Rupert's House, James Bay.

GERMAN SHIP GIVEN UP AS LOST WITH CREW OF 20

Hamburg, July 21.—The German sailing ship Klio with her crew of twenty men has been given up as lost by her owners here. She sailed from Talschuh on May 11, for McJillons and as she has not since been reported is believed to have gone down on the coast of Chile. She was a vessel of 1871 tons net, built at Glasgow, Scotland, in 1888.

WILL BOYCOTT REGINA FAIR

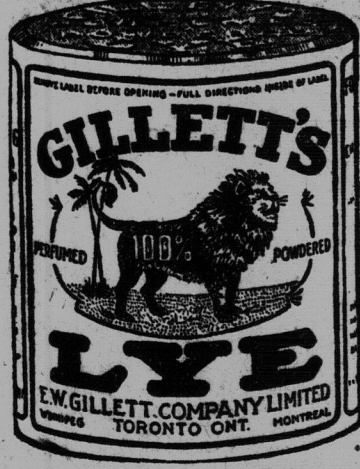

Musicians' Union Bars Members From Playing at the Show—Will Ask Other Labor Men to Back Them Up

Regina, July 21.—Complications in the exhibition music lineup increased yesterday when the local musicians' union decided to prohibit any union band from playing at the annual exhibition, which opens July 28. As this ultimatum applies to all union musicians playing with the side attractions that will appear at the exhibition, it presents a problem that will be hard to solve and which seriously jeopardizes the success of the fair. The local union will also ask all union men in the province to withhold their patronage from the exhibition, which practically means a boycott.

Steamer Boethic Ashore.

Halifax, July 21.—Early this morning the steamer Boethic, chartered by the Canadian government, and on her way from Halifax to Port Nelson in the Hudson Bay loaded with men and supplies, when approaching the southern entrance of the Straits of Belle Isle went ashore on Point Rich on the west coast of Newfoundland.
At a late hour last night she was still in the same position, a difficult one from which to extricate her. She was making no water, and Captain Falk reported that there was no immediate danger of a wind such as would dislodge or break her up.

GILLETT'S LYE EATS DIRT

SYLVIA ON THE WARPATH AGAIN

London, July 21.—Sylvia Pankhurst, whose license expired Sunday, dramatically defied the police by appearing at the Bromley town hall tonight, where she was arrested a fortnight ago. She and other suffragettes made inflammatory speeches and left the hall, accompanied by a protecting bodyguard. There was a violent collision with the police, but Miss Pankhurst got away in safety.

Daily Hints For the Cook

OATMEAL CROQUETTES
Take two cups of cold oatmeal (or any cereal left after breakfast), add two eggs well beaten, four tablespoons of cream, a pinch of salt and two tablespoons of flour. Form into little cakes and fry on a hot, well greased griddle.

SPICE CAKE

One cup sugar, 2 eggs, 1-2 cup molasses, 1 teaspoonful soda, 1-2 cup butter, 1 teaspoonful cassia, 1-2 cup sweet milk, 1 teaspoonful vanilla, 8 cups flour, 1 teaspoonful lemon, 2 cups raisins, cut fine, 1-2 teaspoon clove, 1-2 teaspoon nutmeg.

MARASCHINO PUNCH

Juice of 2 lemons, 8-4 cup of sugar and the liquor from a 25-cent bottle of maraschino cherries. Put 3 or 4 cherries into a glass and pour the liquor (thoroughly mixed) over them. This is splendid for a sick person. It also makes a fine substitute for the wine or other drinks served with the first course of a dinner.

GREENFELL SCHOONER SAILS FOR LABRADOR

The Grenfell Mission schooner, G. B. Cluett carrying 16 passengers and with two boilers lashed to the deck, sailed on Saturday from Boston for Labrador. Among the passengers were Dr. and Mrs. John Mason Little, formerly of Boston, and their two-year-old son. Dr. Little is surgeon-in-chief of the Grenfell hospital at St. Anthony. The boilers are a gift from the University of Pennsylvania and will be installed in the new mission steamer which has been built by fishermen at Raddick Town, northern Newfoundland. The expense of building the craft, which will be used as a freighter between the settlements in Labrador, was defrayed by the university.

Boys Back From Camp

After two of the most enjoyable weeks of their lives, the Y. M. C. A. boys returned from their two weeks' camping at Robertson's Point yesterday afternoon. Saturday was their big day, the field sports were held in the afternoon and resulted in some good contests. Dykeman won the high jump; F. MacNeill, the junior high jump; P. Smith was first in the senior broad, and R. Green in the junior; the senior hurdles were won by P. Smith, and the junior event by R. Green. Skinner won the hundred yards senior, while the junior

hundred was won by MacNeill. Smith was first in the senior swimming contest, and T. Crosbie in the Junior. A mammoth show was presented in the large tent in the evening.

When He Kissed Her

By J. R. HAMILTON
Former Advertising Manager, Wanamaker's, Philadelphia
(Copyrighted)

WHEN the young man, whom we shall call "George", because that has become the accepted name for a lover,—when George muttered wildly, "I cannot live without you" and held the young lady close in rapturous kisses, it is reported by all good love stories that she answered, "You are my hero; I have loved you always; I am so happy—" and all that sort of thing.

As a matter of actual record, she did no such thing. Her lips being stopped with kisses and her lungs out of air, her historic answer was a series of inarticulate gurgles followed by a long wheeze.

And, by the same token, the famous last words of dying men usually run something like this:

"Gobble, gobble, ar-r-r-h, foo-oo-oo," which being translated into articulate words, means, "I am having a Dickens of a time getting my breath."

But that really isn't what we started to talk about. Getting back to our lovers, we find that, once having discovered each other's lips, there follows a series of breath-taking episodes which last as long as the honey lasts.

And the honey lasts as long as the money lasts. That is the thing we never seem to remember. Today's happiness is sufficient for those who are happy today.

There are just hundreds of you young people (married and going to be) who live upon this plan. And the final issue is always misery. If you would only mix a little wisdom with your happiness, you would know but little misery in all your lives.

Why not say to yourselves today, "Now, let us plan our home. Let us go now and buy our furniture, our piano. Let us have an ideal kitchen in our home. Let us be wise in our happiness in order that it may last."

Or, if you are already married, why not begin your simple economies now. Plan your buying, your shopping, think out carefully the additions you wish to make to your home.

Then, when you have wisdom as well as pleasure in your mind, turn quietly to the advertising in this paper and see how much a dollar will buy of whatever you need.

It is Clearance time now in all the stores, which is another incentive. And you will be amazed to find how much a dollar will buy at this time.

Try it. Buy now while prices are low. Watch the advertising. Be careful of what you spend. And you'll find that your honeymoon will never end.

The new Connelly wharf at West St. John will not be available for use next winter. That is to say, there will be no more wharves to accommodate the steamships than there were last winter when the congestion was so great as to cause serious delay, and also to cause some of the steamship companies to reduce the number of sailings of their vessels from the port toward the end of the season.

TRIPPED IN COURT ON WORD MEANING

If Prospective Juror Had the Telegraph and Times Dictionary He Would Have Known

A man was under examination recently by a New York lawyer with reference to his qualifications as a juror in an important case. "Do you understand," the lawyer asked, "what is meant by a preponderance of evidence?"

"Yes, sir," the man replied, promptly. "Let me have your definition of it." "I understand it, I tell you."

"Well, what is it?" "I know what it is," said the man, hotly. "When I tell you I know what a thing is, I know it. That's all there is about it."

"I don't want to hear any more of that kind of talk," interposed the Court. "Answer the question addressed to you by counsel."

"Judge, I did," the man insisted. "He asked me if I knew what it was and I said I did."

"If you are sure you know what is meant by preponderance of evidence, define it," directed the Court.

"It's evidence preponderated," was the answer.

The Telegraph and Times is distributing Webster's New Illustrated Dictionary. With this book at hand there can be no excuse for not knowing the meaning of terms commonly used in law or business. The book comprises 1,200 pages of ready reference for daily use. It includes also the usual dictionary data and many things of rare educational value.

Judging from the large number of coupons turned into our office yesterday, the last books will be disposed of in a few days.

Every man, woman and child should own this modern dictionary. Only one coupon is required, as explained under the dictionary coupon printed top of page 2 in this issue.

18,000 Barbers to Strike. New York, July 21—A general strike order was issued today calling on 18,000 barbers in New York city because the union leaders were not satisfied with the terms granted by the bosses after the barbers returned to work several weeks ago. The barbers want a working day from 7 to 8 o'clock; hours from 7 to noon on Sundays, and one day off a week.

THE AUSTRALIAN FLEET

The important fact in connection with the Australian fleet, which is just now the subject of a great deal of discussion in the Conservative press in Canada, is that it is an Australian fleet. Let that part be not forgotten. It is an integral part of the fleet of the Empire, and it will always be ready to fight the battles of the Empire, but it is an Australian fleet.

UNDER TORY RULE

(Chatham World, Conservative) The general manager of the Intercolonial is quoted by an interviewer as including, among the new work on hand, the building of the cut-off three miles in length between Derby Junction and Nelson. This "cut-off" will be part of a new route between Chatham and Fredericton that the powers have selected—a route that is longer than the one to be abandoned, and with a grade so heavy that an engine which hauls 400 tons over the old road can haul only 300 tons over the new one.

Secretary Bryan has been delivering lectures in the United States. If the habit spreads, our Canadian statesmen may also take the lecture platform. Mr. Borden, for example, might lecture on such a subject as "Nationalism, and What It Did for Me," while Mr. Hasen could discuss "The Relations Between the Harris Car Works and Cannell Laird & Company."

Word comes from Chicago that the street railway company will have the steps of its street cars placed three inches nearer the ground for the convenience of women who wear narrow skirts. It would hardly seem worth while for the company to undertake any large expenditure based on the fashion in women's skirts; for, if we may judge from the news that comes from Paris, London and New York, the women will presently be moving about without any skirts at all.

The condition of affairs in Mexico is likely to make some trouble for the government of the United States. The present regime in Mexico is no better than that which preceded it, and the republic appears to be in a chronic state of revolution, which is not only very bad for its own people but for foreign investors, who have been induced to invest money in that country on the assurance that it would have stable government, and that the interests of all foreigners would be protected. It is very evident that the people are not well fitted as yet for self-government. Of course the United States would resent

Moncton Lid Drowned. Moncton, July 21.—Frank Ferguson, aged eleven years, son of George Ferguson, employed with the Moncton Tramways Electricity & Gas Co., was drowned this afternoon in Hall's Creek. In company with ten or twelve young lads, ranging from ten to fifteen years of age, young Ferguson was playing around the creek, which was greatly swollen by the recent rains.

INCINERATOR SITE CHOSEN

Street Railway Allowed Extra Turnouts

GRANT REFUSED

Bricks Instead of Granite in Union Street - Big Increase in Ferry Revenue

Permission was finally given the St. John Railway Company at the meeting of council yesterday afternoon to lay down a permanent track on the cat barns on Wentworth street on condition that the company lay surface pavement between Queen and Grand streets, keep it in a permanent state of repair, and construct sidewalks on both sides of the street. The original agreement had only called for the construction of a sidewalk on the west side of the street. The new contract provides that the work be completed by Oct. 1, though the completion of the turnouts is not required before May 1 next, on account of the difficulty experienced by the railway company in getting the rails delivered within a short time after the orders are given. No further tracks other than the eight will be allowed.

The commissioner of public works recommended that the vacant corporation lots adjoining the public works department yard in Broad street be selected as the site for the incinerator when erected; but, as in view of the present stringency in the money market it would be inadvisable to place any more debentures on the market this year than is absolutely necessary, he would recommend that the further consideration of the matter be laid over till after the new year.

The commissioner of finance and public affairs recommended that a grant of \$200 be made from the general revenue to the Girls' Protective Association, but the suggestion was turned down by the other commissioners on the ground that such societies should rather be supported by private subscription, and that if the city subsidised one such organization it would have to extend its aid to all similar bodies.

The recommendation was carried. The commissioner of public works recommended that a retaining wall be built in front of the Whittaker property on Adelaide street at an estimated cost of \$640 and also that the retaining wall in front of the Driscoll property on King street be renewed at an estimated cost of \$897. Carried.

He further recommended that the contractors for paving Union street, from Charlotte to Waterloo, be allowed to substitute vitrified brick for granite block at the figure tendered by them, namely, \$8 per square yard. Commissioner Agar said that the use of vitrified brick for this paving work between the tracks had been originally intended both on Union and Sydney streets, but that owing to a brickmakers' strike the contractor had been allowed to use granite block for the Sydney street paving. In the meantime, however, the contractor had received a part of his order of bricks and could now substitute granite for vitrified brick on Union street. The recommendation was adopted.

He recommended that M. J. Moran be granted permission to put an electric light at his premises, 78 Britain street, under the usual conditions. Carried. The commissioner of harbors, ferries and lands recommended that a lease be granted James Mason of a lot of land on the northwest corner of Prospect and Hill streets in the parish of Lancaster for seven years from November 1 next, at \$80 per annum. Carried.

He reported that, acting on the authority of the council, lot No. 324, St. James street, Brooks was put up for sale at public auction when F. A. McDonald became the purchaser for the sum of \$205, and recommended that the deed be now given over for the same. Carried.

General satisfaction was expressed by the commissioners at the ferry report for the month of June, submitted by Commissioner Schofield. The report showed a net credit balance for the six months ending June 30 of \$3,611.41, the gross earnings for this period being \$26,209.57, as compared with an expenditure of \$22,598.16. The gross receipts for the month were \$3,778.96.

The commissioner of water and sewerage recommended that a six-inch main for water extension be laid on Baynes avenue, in the parish of Lancaster, as recommended by the city engineer, upon the property owners there entering into an agreement to be prepared by the recorder, guaranteeing to pay to the city annually an amount equal to ten per cent on the total cost of the work; estimated cost, \$1,000. Carried. Charles H. Pringle, John Mallman, and F. H. McNiven were appointed as additional constables for the city. A letter was read from the Trades

and Labor Council, who ask for a grant to help to defray the expenses of the proposed parade on Labor day. It was pointed out in the letter that the city of Moncton had voted a grant of \$200 for a similar purpose. The matter was referred to the commissioner of finance and public affairs.

An invitation from the League of American Municipalities to the city of St. John to send a delegate to the convention to be held this year at Winnipeg, Aug. 7, 8 and 9, was left over for further consideration after it had been suggested that the mayor be sent as a delegate. His worship thought that he ought to defray his own expenses if he went, but the other commissioners were emphatic in expressing their opinion that the mayor's trip would be of great advantage to the city and that it should be paid for out of public funds.

HIGH CLASS SINGERS IN NICKEL'S NEW ACT

A Refined Operatic Attraction, Backed Up With Good Pictures.

Nickel Theatre appears to have once again tickled the public's taste for music in booking The Metropolitan Trio—Miss Ilda Butler, soprano; Jack Fitzhugh, tenor, and Clarence Chute, basso. Though train connections prevented the appearance of the vocalists at the matinee their performances in the evening were tremendously successful.

Keen, discriminating musical St. John sat right back and enjoyed them to the fullest, if one is to judge from the applause and buzz of comment when the act had finished. The trio were first attracted colonial, afterwards modern evening dress. They rendered excerpts from Balfe's The Bohemian Girl, a striking novelty in a three-part arrangement of Tosti's immortal Good-Bye, and after a tenor solo, I'm Smiling at the Moon, from My Best Girl production, and a

soprano number, The Last Rose of Summer, from Flotow's Martha, the three singers joined in a rollicking medley of late successes, such as Good-Bye, Boys, Melinda, The Trail of the Lonesome Pine, and Dixie Eyes. On the whole the recital was full of merit, artistic and refined. It has been a long time since the Nickel has produced a more pleasing combination of vocalists.

Pictorially it was a clean sweep. The melodramatic feature, The Hand of Fate, was so full of thrills and surprises that the negligible summer crowds were agog with excitement from title to trademark. This is surely a strong story, dealing with life in the Klondyke rush of 1899 and then having an intense sequel in New York fifteen years later. Othello was put on, too, but in a burlesqued fashion—very amusing. Throughout the bill the items seemed to be conspicuously good of their several kinds.

That Sunday Excursion. Halifax, July 21—One of the most attractive features of the visit of the eminent geologists to Halifax was the Sunday excursion on the Canadian government steamer Lady Laurier, with band concert and a programme of vocal music. This, however, has evoked a strong protest in church circles.

A Billion for Irish Lands. London, July 21—Three hundred million dollars, in addition to the \$225,000,000 already expended, was the estimate given today by Augustine Birrell, chief secretary for Ireland, of the sum needed to complete the land purchase in Ireland, in accordance with the provisions of the land purchase acts of 1903-1909 which make it compulsory for a landlord to permit his tenant to purchase the land he cultivates.

The chief secretary made this statement in introducing in the house of commons proposals of the government for the removal of the present block in the transfer of land to the peasantry. Of the \$800,000,000, however, Mr. Birrell said, it would be necessary to borrow only \$120,000,000 through the public issue of land stock. The rest, he said, would be financed by the national debt, which would be repaid by a bill which will give compulsory powers to the government to make the vendors receive half the purchase price in cash and the other half in three per cent stock.

MORNING LOCALS

A large crowd attended the concert given last evening on Tilly Square by the Carleton Cornet Band and the selections were greatly enjoyed by the gathering, while a solo by W. Lanyon and a song selection by the band were loudly applauded.

John D. Harrison, of Rothsey, was successful in passing the McGill matriculation examination for the faculty of applied science. Miss Edith Mason, of Edgell School, Windsor, was fourteenth in among about 900 candidates writing straight matriculation papers while Miss Wanda Wyatt, also of Edgell, also passed well up among the leaders.

Ten additional tracks will be laid this fall on the West side by the C. P. R. in connection with the new elevator for applied science. Miss Edith Mason, general superintendent of the Atlantic division, is expected to be ready for use by December 1.

A visitor to the city yesterday was Hugh Lawson, a young Englishman, who has lived for some years in Central Africa, but who is now thinking of making his home in this province.

The plant of Westmorland Pulp & Paper Co., Ltd., had been completely renovated, and increased production of bleached sulphite has resulted. The mill will soon be manufacturing pulp in increased quantities. A spur line from the mill to the main railway line is being constructed by the company. H. W. Schofield, secretary of the concern, is recovering from his illness at Saracac Lake, N. Y.

James Brown, a seventeen year old Scotch lad who had been on the Crosser farm at Gagetown for the last four weeks, but had become dissatisfied, ran away, and was arrested in St. John by Policeman Addison last evening. The boy had signed a contract for three years, but he says he will not go back to the farm. Thomas Mantle, New Brunswick immigration agent at Quebec, reports that 148 new settlers for the province landed at Quebec during June. Mr. Mantle may resign if his salary is not increased.

Walter B. Campbell has purchased the stable and land adjoining St. Malachy Hall owned by Mrs. Elizabeth Wilson. Bennie Hope of Westmorland Road fractured a rib by falling on a rail while at the Exmouth street Methodist church picnic at Rothsey yesterday. Dr. McVey attended him and he was brought to his home in the city.

C. P. R. TO HAVE LINE TO NIAGARA FALLS

St. Catharines, Ont., July 22.—The C. P. R. will immediately commence construction of an electrical road from Hamilton to Niagara Falls, and on its completion will be in a position to handle traffic direct from Hamilton to Buffalo on their own right of way, and without being forced to run their traffic over the Toronto, Hamilton and Buffalo and the Michigan Central railroads.

Initial Dividend

New York, July 22.—The payment of an initial dividend of one-half of one cent on the common stock of the St. John Rocky Mountain and Pacific Company was announced here yesterday.

NEW SUPERINTENDENT OF THE COTTON MILLS

Fredericton, July 22.—J. Dolphin of Montreal has been appointed superintendent of the Canada Cotton Co's mill at Mayville and arrived today to enter upon his duties. He succeeds S. C. Woodside who is taking a rest for the benefit of his health.

A van and two snow plows, part of a special train on the Fredericton branch, were derailed near Russegomish last evening and Conductor Clark, who was in charge had a narrow escape from death. The men had been laying rails, and a quantity of which were piled along the track. One of the snow plows which projected more than a car length collided with these and the shock derailed them and also the van. The train was running slowly at the time and Conductor Clark was alone in the van and escaped without serious injuries. The train which leaves the city at five o'clock was delayed two hours as the result of the accident.

A coroner's jury which inquired into the drowning of Fred. Whitechurch, a young man who lost his life here on Sunday, returned a verdict that death was accidental. It was recommended that employees of dredges be given instructions in first aid and that they be provided with an emergency kit.

The R. K. Y. C. was reported at Oranecto at noon today and should reach here early this afternoon. The visitors will be entertained to a smoker at the club house this evening.

WAS ENJOYED

The Carleton Cornet Band gave an excellent programme in King square last evening. As the weather was ideal one of the largest crowds of the summer turned out to enjoy the music.

NEW YORK VISITOR HURT ON KENNEBECASIS ISLAND

Fred H. Morrison, of New York, who is spending the summer at Hillhurst, Gendole Point, met with a painful accident yesterday afternoon. With some friends he was picnicking on Kennebecasis Island and in attempting to climb a ravine, he slipped and fell a considerable distance. He was painfully and at first it was thought seriously injured. The young man was taken back to the hotel where his father, who is a physician, attended him. An examination proved that his injuries consisted only of bruises and it is expected that he will be around again in a day or two.

GREATEST HEADACHE CURE IN THE WORLD

Tortures of Chronic Dyspepsia Cured By "Fruit-a-tives."

Shanley, Ont., Sept. 28th, 1910. "You certainly have the greatest Headache Cure in the world. Before "Fruit-a-tives" came before the public, I suffered tortures from Headaches caused by Stomach Disorders.

One of your travellers called on me when I had one of my raging Headaches and had my head almost raw from external applications. He insisted on my trying "Fruit-a-tives."

I did so with what I would call amazing results. They completely cured me and since then nearly six years ago) it is only necessary for me to take one occasionally to preserve me in my present good health."

WM. PITTS. Dealers everywhere have "Fruit-a-tives" at 50c. a box, 6 for \$2.50—trial size 25c. a box. Send on receipt of price by Fruit-a-tives, Limited, Ottawa.

CLEVER PLAN FOR SMUGGLING LIQUOR; BUT IS DISCOVERED

Shipments of Whiskey at Hires' Syrup With Outside Tube of Letter

Portland, July 22.—One of the most ingenious methods ever devised for concealing the real nature of a shipment of whiskey was discovered by the deputies in going over the cargo of the Boston boat. The shipment was made in an innocuous looking five gallon can, enclosed in a cardboard "Hires' Syrup Ready for Use," and a little square opening in the cover of the box showed a cover in the can beneath which could be seen, smeared and tasted what was undoubtedly Hires' Syrup.

But investigation disclosed that this syrup was held in a small tube, leading directly from the cover to the bottom of the can and containing perhaps a pint. Near the corner of the can, under the board cover of the box, was found another opening, through which, when the cover was removed, came the odor of whiskey.

Investigation of the contents of the tube was all the Hires' syrup there was in the shipment, while the rest of the can contained about four and seven-eighths gallons of whiskey.

If the boards of the side had not been entered, and the odor of whiskey had not shown that the box had been opened once and then sealed, such an ingenious device would have averted all suspicion. But this somewhat bungling work made the deputies curious and resulted in the discovery of the true nature of the shipment.

EASTPORT ODDFELLOWS ON AN EXCURSION TO DIGBY

Eastport, July 22.—The Odd Fellows of this city are making arrangements for their annual summer outing, which this year will take the form of an excursion to Digby and visit to the Evangeline valley. The large motor boat belonging to the firm of the Canadian Sardinia Co. at Chamcook will leave this city early on Wednesday morning, July 23, for Digby, where the excursionists are to spend the night and expect to return to this city on Thursday evening. This promises to be one of the most enjoyable outings of the season. Digby is noted for its abundant crop of cherries, which just now are ripe and prove one of the strong attractions for the visitors to this Canadian resort.

GOOD FIELD FOR THE GRAND CIRCUIT TODAY

Buffalo, July 22.—Big fields and brilliant competition are indicated by the entries for the three-day Fort Erie-Buffalo grand circuit meet scheduled to begin today. Thirty thousand dollars in prize money will be paid out.

SAVATION LEADER WHO HAS VISITED HERE DIES SUDDENLY

Major Taylor, divisional commander of the Salvation Army here, is in receipt of a telegram today telling of the death of Commissioner Railton, which occurred at a railway station at Cologne, Germany from heart trouble.

Commissioner Railton was the first man in the Army to hold that title. He was associated with the late General Booth from the early days of the army up to the time of the general's death.

He pioneered the work of the army in the United States and had written several books, the latest being a life of St. John, holding a series of meetings here, and the members of the army here will be sorry to learn of his death. No definite arrangements have yet been made for the funeral, except that the body will be taken to London for burial.

COUNCIL AUTHORIZES THE LARGER EXPENDITURE MADE BY COMMISSIONER WIGMORE

At a special meeting of the common council this morning to deal with matters relating to the water and sewerage department, Commissioner Wigmore explained that authority had been given some time ago for the purchase of 265 tons of iron pipes for water main repairs.

It was pointed out that the eight inch pipes had been substituted in several cases and the total number of feet increased, making the total shipment 290 tons. The pipes will be ready for delivery in a short time and he wished an order in council to authorize the payment for the larger quantity.

His report was adopted and the necessary order given. Commissioner Wigmore then submitted the water assessment for 1913 as given in the Times yesterday. This was approved and the assessment book signed by the commissioners.

Councillors Golding, Long and Bryant, as members of the Lancaster water and sewerage board and with the commissioners to receive the report on the assessment for Lancaster, which was approved and signed.

The council adjourned.

RECENT DEATHS

Richibucto, July 21.—Mrs. John Chrystal, widow of John Chrystal, died at her home in South Branch, Tuesday afternoon, after an illness of only a few minutes, aged 88 years. Little Jeff's Little Joke, as Usual, Brings Trouble By "Bud" Fisher

McGraw's Review Of the Big Leagues

By JOHN J. MCGRAW, Manager of the Champion Giants

New York, July 20.—That the popularity of a baseball hero is transitory was indicated when the management of the Boston Red Sox let out "Jake" Stahl who had brought the first world's championship to Boston since 1908. It is true that the Red Sox had not been playing the kind of baseball this season they showed last year, but I do not see exactly how "Jake" was to blame for it. Last fall the fans of Boston gave "Jake" an automobile as a token of appreciation. This summer the management gave him the gate in the middle of the race. Such is the contrast.

There can be no doubt of one thing. The passing of Stahl as the manager of Boston is going to hurt the team's chances of finishing well this year. With Stahl at the helm, the Red Sox, in my opinion, still had a chance to catch the Athletics, a very outside chance of course, depending on a slump on the part of Mack's team. The Philadelphia Americans have threatened to slump once or twice on this last western trip. They have hesitated more in their victorious progress than formerly. With his pitching staff going right, Stahl might have closed up the Athletics with that team in a slump. That was the only chance the Red Sox had, and for that matter, Stahl is the only pitcher any other team in the American League has now to beat the Athletics.

When a club switches leaders in the middle of the race, the new boss is up against a tough job, especially if he has risen from the ranks as Stahl has. First, he must assert his authority and make it stick, which is often difficult, and then he must be careful not to create cliques on the team. There has been much talk of dissension in the ranks of the Red Sox since a reported row during the western series last fall, but I do not know the facts of the case. If there is a dispute, however, which has existed since that time, it is going to make even more difficult work for the new manager because such a condition is sure to result in factions. "Johnny" Evers encountered something of the same situation when he took hold of the Cubs last spring. He has only heard scattered rumors of the permanent scolding of Stahl, Fielder Jones has been suggested, but I doubt it. Good managers are hard to find.

McAleer has never mentioned any trouble on his club to me. In fact, he denied the reports last time I saw him. He blamed the bad showing of his team on the pitchers and the injuries to any way, but said he wished "Jake" were back in the game, because he was a valuable man to balance the infield. Spring Does Not Give Good Line.

"You can never tell from a spring training trip what your club is going to do," said McAleer to me in Boston some time ago. "The Red Sox had a trip which filled me with joy this year. Joe Wood never looked better in his life, and we mowed down the clubs in our exhibition games without any trouble at all. We beat the Pirates when we played the ante-season series at Hot Springs, and they were rated to be the best club on paper in your league. But once the team got into the regular schedule, the players began to crack. Wood was off for two months, and Stahl had to quit the game. Wagner has been out, and the team has been torn to pieces."

The National League Things have not changed much in the National League race during the last week. The Cubs appear to be weakening so fast that they are rapidly crowding themselves out of any calculation of pennant possibilities. Philadelphia, after falling into a bad slump, has bobbed up again and is still hanging fast to second place. But almost never since the race began have I figured the Quakers as a championship club. Two good pitchers kept them in the front while the staffs of the other clubs were out of kilter, but these men were worn out by overwork. Seaton and Alexander can come back after a rest and keep the team up in the first division, but in my scheme of things the Phillies are not dangerous to the Giants.

Pittsburg has caught on to a winning streak at last, and the series in which we will meet the Pirates at the Polo

Long List of Failures in Season Just Ended

HONORS FOR "MILESTONES"

London, July 6.—London managers have begun to figure on the net results of the season that has just come to a close. If we are to believe the majority of them, they have gone through the worst season in the history of the present theatrical generation. Indeed, when one comes to look over the list of failures of the last season, one wonders how it is possible to raise capital for fresh theatrical enterprises.

MARATHONS

LOST TO FAST BORDER TEAM

The Marathons were able to get only five safe hits off Lee yesterday afternoon and in spite of their good snappy play in defense last St. Croix 4 to 1. The game was a tight one right through with both teams watching a chance to get the jump on the other. Tarbell pitched a heady game, striking out the third man three times with men on base; he struck out eleven altogether. St. Croix, however, found him for thirteen hits. Waterhouse distinguished himself on the St. John team, getting two of the Marathons' hits and putting up a strong game in the field. Pinkerton and O'Brien also did good work. Tarbell and Lynch made the best showing for St. Croix. A double by Parker followed by a single by Tarbell netted St. Croix their first run in the third inning. They scored again in the fifth when Tarbell Gross led in. A fumble, a triple and a single gave them two more runs in the ninth. The Greeks secured their one tally in the fourth when Shanley singled, was sacrificed to second by Black, went to third on a wild pitch and scored on Waterhouse's single. Box score:

TO BUILD HOME FOR CATS

Spokane, Wash., July 22.—Plans are being prepared by the Spokane Humane Society for an elaborate cat house which, when completed in such details as sun porches and promenade for felines, will be unique and convenient. Preliminary drawings already drawn will be supplemented by suggestions to be made following a trip by F. H. Holman, president of the society, to inspect the largest model cat house in the United States, located in New York city. With this view the society will be able to turn a few pennies by taking in cats to board and lodge. In connection with the institution, a complete surgical ward is being built for both cats and dogs. The new cat house will be twenty-six feet long by seventeen feet wide, and will accommodate between fifty and one hundred of the pets.

The Bangor Team

(Bangor Commercial) There is no question that Mgr. Connaughton has done much in strengthening the local line and all he lacks now is a good string of pitchers. Then Bangor will be on a par with any team in the league. The local boys are getting so they can handle the stick better and their fielding compares favorably with that of the others, so with a couple of twirlers or so there is little reason why Bangor can't climb up towards the top. It's too late now to think of heading the league, but Connaughton promises that the local team will make them sit up and take notice before the close of the season. If that holds good it will be a strong impetus for baseball next year, when some of this year's errors in management can be eliminated.

Before Mgr. Connaughton went away on the trip he announced negotiations with a pitcher who has anything in this league stopped a block. It was simply a matter of making financial arrangements with him, he said, and he would come. Whether he succeeded in closing could not be learned, but it is quite possible that a new pitcher may join the team away and come back with it next Thursday for the home games.

Welch, the new pitcher, who failed to show as well as the fans anticipated, was not taken on the trip with the team, but is waiting here for its return. It is quite possible that he will be given another trial, as some of the fans believe that he has more than he has yet shown.

Chance's Views of the Naps

These are happy days for Frank Chance. On Wednesday when the New Yorks arrived in Cleveland, tired and hungry, to play a double header, Chance read that the Naps intended to win five games in a row from his team, and thereby climb nearer the spurring Athletics. Chance and his men were hot under the collar, and to the dismay of the Cleveland fans they broke even in the double bill. Then they beat the Naps again on Thursday and repeated the dose on Friday. "The Naps have as much of a look-in for the pennant as we have," said Chance over the telephone last night. "This may have been Chance's way of rubbing it in—New York Sun.

There is a possibility that Prince Edward Island may have another industry on a par or even greater than the fox ranching for which the island has become famous. A noted authority on the subject, Dr. C. C. Young, of Paso, Texas, in a lecture at Charlottetown last evening said that the climatic conditions in the province are ideal for the breeding of Karakul sheep, from which animal Persian lamb is obtained. One rancher has already ordered a Karakul ram.

Will Miss Her
Friends of Mrs. George Stallings, wife of the manager of the Boston Braves, were sorry to learn this morning that she is ill with a mild attack of appendicitis, and is to be taken tonight by her husband to their home in Buffalo, where it will be decided if an operation is necessary.

Mrs. Stallings will be missed at the South End Grounds, for she is a real "fan," and has been a regular attendant at the games, generally accompanied by several of her women friends who are equally enthusiastic over the game.

Henriksen Doing Well
Chicago, July 19—The condition of Olaf Henriksen, the Boston American's utility man, who was operated upon for appendicitis here last week, was so satisfactory today that his physicians expect him to leave the hospital tomorrow.

Chappelle Was Nervous
Larry Chappelle, the youngest purchased by the Chicago Americans from Milwaukee for \$18,000, spent a nervous afternoon in centre field at the South Side Park in Chicago in his first game on last Friday.

Almeida, the Cuban player who has been with the Cincinnati National League club for some time, was released yesterday to the Toronto team of the International League.

Joe Wood, star pitcher of the Boston Americans, will be out of the game for some weeks. Examination of his injured right thumb showed that there is a crack in the end of the big bone.

Calais vs. St. Andrews
Calais, July 21—The challenge issued by the Eaton Rifle club of this city, to the Bayside Rifle club of St. Andrews, N. B., has been accepted and the match will be shot at the Bayside range on Thursday.

AQUATLO
Conditions were adverse to fast time. New York, July 21—Miss Rose Pitonof, of Dorchester, Mass., a long distance swimmer, failed on Sunday in an attempt to swim from the Battery wall to Sandy Hook.

Lost Fifteen Pounds in Swim
New York, July 21—For fourteen and a quarter hours on Sunday, Henry Elionsky of New London, Ct., endeavored to accomplish a swim from the Battery to Sandy Hook, but the ebb and flows of the tides and cross seas and choppy waves defeated his purpose.

Diamond Sparkles
It is said that the price paid Milwaukee for the sensational outfielder, Larry Chappelle, was cash, \$18,500, players John Beall, or \$8,000 if for any reason Beall failed to report for work; one catcher by January 2, or if one cannot be found, \$1,500 in cash.

Chappelle cost the White Sox \$18,000. Chappelle played his first game for Chicago Sox on Friday, but did not get one of the five hits off Bender.

With "Big Ed" Walsh, Eddie Cicotte and "Buck" O'Brien, the Chicago White Sox have a swell trio of most-ball flingers.

Duluth, in the Northern League, has three sweet hitters in Smith, Miller and Rhoades. Together they have potted out 24 home runs this season.

If the Athletics and Giants win their leagues the World's Championship will be played on alternate days in New York and Philadelphia.

It was also agreed to pay the umpires in the world's series, \$1,000 each for their work.

LOCAL NEWS

POLICE COURT
One man charged with drunkenness was remanded in the police court this morning.

THE STEAMERS
The Allan liner Corsica arrived at Liverpool at 6 a. m. on Sunday. The Allan liner Scandinavian arrived at Glasgow on Monday at one a. m.

A POOR SARDINE SEASON
Small quantities of fish are brought to the factories in Eastport and Lubec, from the nearby waters, but not sufficient to enable the plants to be run steadily and so far this season the business has been very discouraging to the employes, many of whom are able to get an employment for only half time.

THE COURTNEYS WON
The Courtneys won from the St. Thomas team in a tennis game last evening by a score of 6 to 3. Joyce's home run was a feature. Hogan and Murphy were the battery for the winners and Stevens and O'Brien for the losers. The King street Stars and the Courtneys will play this evening. The Courtneys have challenged the champions of the city league to a game in the near future.

TEMPLE BAND RIVER TRIP
The moonlight excursion held on the river last night under the auspices of the Temple Band was very well attended. The steamer May Queen left Indian-town a little after eight o'clock, and after sailing up past Bellevue's Point turned and arrived back at the city about 11.30. Refreshments were sold on board and dancing was a pleasant feature of the event. Some excellent selections were well rendered by the band.

ALL ABOUT A DOG
William Cooper, who was reported for keeping a vicious dog in Carleton said that he had taken a license out for the animal last year, but had given the dog away this spring before he moved from Carleton. He did not feel responsible for the dog, but was unable to tell the name of the man to whom he gave it. The magistrate told him to try to arrange to have the animal put out of the way and the case would be allowed to drop without a fine.

POLICE REPORTS
A flow of dirty water across the sidewalk in front of the Art Glass works city road has been reported by Police man Cowey.

Larry Lawson has been reported by Sergeant Finley for keeping a dog without a license and allowing it to run at large. James McLaughlin has bitten several local fishermen said to have been doing business without a license have been reported by Sergeant Finley and will be given a hearing on Thursday.

THE MISSION CHURCH
Rev. Father Collins has accepted the position as priest in charge of St. John Baptist mission church which is vacant by the resignation of Father Conners, who was compelled to give up his charge a few weeks ago on account of ill health. Father Collins has been assistant to Father Conners for the last three years, and is well known in St. John. The congregation of the mission church are much pleased with the appointment which will be official when he receives his license from the bishop, which is expected in a few days. Father Conners is now living with his brother in Cincinnati and his many friends are anxiously hoping his health may be restored.

NO CROWN WITNESSES ON HAND FOR VIOLA REED CASE; DEFENCE COMPLAINS

When the police court met this morning to take up the Viola Reid case none of the crown witnesses were present. B. L. Gerow, prosecuting attorney, said that Mrs. Cook had been in Halifax on her vacation, but was expected back today; as she had given her evidence, but had not signed it, the crown had no control over her and could not oblige her to be present at any particular time. Chief Rideout had been at Fredericton Junction and was expected in on the noon train with two more witnesses. The hearing was adjourned till two o'clock this afternoon in order to allow A. Guthrie attorney for the defence, compliance of the expense to which his client was put by the frequent adjournments and wished the preliminary hearing concluded today if by any means possible, as it would be impossible for him to attend another hearing for at least three weeks.

MUST GO BACK TO FARM

"I didn't get enough for breakfast and so I ran away," said James Brown, a seventeen-year-old lad, who came here from the Coxsar farm, Gagetown. "You'll get less in jail," said Magistrate Ritchie, "and so I will see that you are sent back to serve out your term of three years." Brown was arrested last evening in Prince William street about 7.30 by Policeman Addison on information which had been sent Chief Clark by Superintendent Carmichael of the Coxsar farm, who said that the boy had signed a contract to serve three years, but had become dissatisfied and gone to the city. When arrested he was charged with vagrancy, and after a brief hearing he was ordered to be sent back to Gagetown.

SAND AND GRAVEL DISPUTE BEING HEARD IN CHANCERY

The case of Balmal vs. Boone was heard before Mr. Justice McLeod in the chancery division this morning at eleven o'clock. Sometime ago the plaintiff obtained an injunction restraining the defendant from selling or otherwise disposing of sand and gravel from the former's property in Queens county. The defendant contended that he was operating under an agreement with the plaintiff. The plaintiff testified at this morning's session. The case is being continued this afternoon. Mr. Waldon & McLean appear for the plaintiff, and Baxter & Logan for the defendant.

McPHERSON TO MARATHONS

Greeks Get Speedy St. Croix
Short Stop For Watt and Cash
—Waterhouse to Outfield

One of the most important strengthening deals negotiated by the Marathon management since the opening of the present season was announced today when McPherson, the star short-stop of the St. Croix, came to the property of the locals in exchange for Jack Watt and a cash consideration. The change should be well received by the fans who have watched with ardent admiration the trend of the Greeks to the top of the percentage column, and who have remained loyal "rooters" during the last few days of adversity.

Watt has been a good steady player in almost any position and his local admirers amongst the fans will be sorry to see him go but the team needs infield strengthening.

McPherson's playing throughout the season had been fast and reliable and his presence on the line-up should greatly strengthen the Marathon team. Waterhouse will be sent to the field, and he has a strong "wing" and is quite fast on his feet, he should prove a help in that connection.

The change will be effective for tomorrow's game against Fredericton here, and what should prove the strongest line-up of the season will probably face the Capitals for Fishery, the new back-stop from the New England states will probably be behind the bat, and unless Charles pitches today's game, which seems unlikely, he will probably on the mound. The umpire, Rutherford, who did so well last season, was expected to arrive today.

SEES BIG STIR HERE COMPARED TO HIS LAST VISIT FIVE YEARS AGO

Charles M. McMurtrie of Vancouver Looks For St. John To Forge Ahead—Some Suggestions

Charles M. McMurtrie, of Vancouver, who has been connected with prominent financial houses in the west, is in the city looking over prospects in St. John. In an interview with "Times" reporter, Mr. McMurtrie, who has been through most of the booms in the Canadian and American west, spoke of the amount of money going on here now, and said that it only remained for the city to keep up with them.

In looking over the improvements on the west side, he said he had heard of these developments while in Vancouver but had no idea they were so extensive. With regard to the work at Courtenay Bay he was impressed with the harbor possibilities which completion of the works would give to the city.

When asked his opinion with regard to the position of the breaker, Mr. McMurtrie said that while he had expected to find it much farther out, he thought that after building on the present plans and having that part of the bay dredged out and built up with docks, they would find it necessary to build another farther out.

In summing up local conditions, Mr. McMurtrie said that he had seen such marked advance made by the C. P. R. and by the government since he was here five years ago that he was convinced that St. John must become one of the principal cities of the American continent, and that, considering the money the C. P. R. were spending here, adding to their grain elevators and gaining control of so much property in different parts of the city, St. John need have no fear of losing its position as the winter port of Canada.

What was really needed here now, he said, was more manufacturing, and he thought that the city should offer the manufacturer every incentive possible to have him come to St. John. Then, with the facilities available here, he would be sure to remain.

Charles J. Warwick and Miss Marion Nedham Are Married

One of the prettiest weddings of the season took place on Saturday afternoon on July 19 at three o'clock at the home of the bride's mother, Mrs. T. Stanley Nedham, 207 High street, Perth Amboy, New Jersey, when Miss Marion Nedham was married to Charles J. Warwick of St. John. The bride looked charming in a gown of white brocaded charmeuse with chiffon and pearl trimmings and carrying a bouquet of white roses with shower lilies-of-the-valley.

She was attended by Miss Ida M. Warwick, a sister of the groom as maid of honor, wearing a gown of apricot charmeuse and carried a bouquet of carnations. Miss Elmer Horsey, in white carrying a large basket of sweet peas, acted as flower girl. The groom was supported by his brother, Dr. William Warwick of St. John.

The bride was given away by her brother, Stanley Cromwell Nedham and Rev. W. Northey Jones, rector of Christ Church, Williamsport, Pa., officiated. The main floor and veranda of the house was literally a mass of vines and flowers. Mr. and Mrs. Warwick intend making their home in Kingston, Ont.
