DAMAGE TO TIMBER AREAS ESTIMATED AT \$100,000

Recent Fires Covered Big Area, But Much of the Ground Was Covered With Brush—Loss in Different Districts.

A loss unparalleled in the history of New Brunswick to timber areas is the outcome of the recent forest fires. From all sections of the province come reports of enormous damage, resulting from the flames. That the lumber industry in the upper counties will be seriously affected is a fact unhappily admitted by several operators.

Reports of further damage are being daily received. It is as yet impossible to make a correct estimate of the amount of timber destroyed, but a few representative ones were informed last evening on reliable authority that the damage would exceed \$100,000.

Local lumber concerns are especially fortunate in suffering but little loss from the flames. Although in many instances nearby fires threatened their lands and mills, the timely rain was instrumental in checking the progress of the flames.

In Carleton county, where the flames devastated a large timber area, the damage will be in the vicinity of \$30,000. The first report had it at much in excess of that sum, but a prominent Hartland lumberman is authority for the statement that it would not exceed \$30,000. However, it will be readily seen that it would take a considerable timber area to amount to \$30,000.

In Carleton county, in the region of Hartland, the damage to timber areas would cover about nine square miles. Hon. J. K. Flemming is the chief sufferer in Carleton county by the flames. His loss will be in the vicinity of \$2,000. Just previous to the outbreak of the forest fire, Mr. Flemming purchased 530 acres at \$2,000. However, it was not his intention to cut any lumber on the land for some years, and he expected the land would yield him about \$7,000. A large number of young spruce trees were also burned. The land will be of little profit for lumber until at least four generations.

Bedford and Charlotte Diggins and Henry Ball are also heavy losers. Frank Sillip has sustained a loss which will possibly reach \$2,000. Joseph Clowes, a farmer in Carleton

INJURED WHILE LOADING SCHOONER NEAR CHATHAM

Pile of Blocks Fell on Two Men—Heavy Shower Helps Fire Fighters.

CHATHAM, N. B., June 15.—John Connors and a man named Travis, of Douglasfield, were injured this morning while loading blocks on a steamer at Upper Rosings Mills. Blocks had been piled into the steamer for two days and the men were at work leveling up when the slide occurred among the blocks in the hold. Both men were caught beneath blocks. Travis was cut about the head while Connors had his right leg broken and his chest injured. Dr. Leogle was summoned and Connors was removed to his home.

The death occurred last night of Mrs. Mary Marqua, widow of the late Hugh Marqua, at the residence of her daughter, Mrs. George Dickson, Napan. The deceased was in her 83rd year and leaves a family of five sons and two daughters. These are: George, of Campbellton, N. B.; John, of Napan, U. S.; Andrew H., of Chatham; Thomas, of Napan, U. S.; and William, of Napan, N. B.; Mrs. George Dickson, Napan, and Mrs. J. A. Thompson, of Halifax. The funeral will be held on Thursday afternoon at 2.30 o'clock from her late residence.

Another heavy shower of rain fell last night and though of short duration it was gladly welcomed by the fire fighters. The total rain fall was one-fifth of an inch. More rain is needed. The weather today is cloudy and threatening.

KILLED DEBTOR WHO OWED \$1

Collector Used Silletto in Fight Following Demand for Payment.

BUFFALO, N. Y., June 15.—In a quarrel over a dollar loan, Carlo Cimino fatally stabbed Antonio Londonio today, at State and Canal streets. The wounded man died at a hospital a few hours later. Londonio is under arrest. He declares Londonio was reaching for a revolver when he stabbed him. He told the police he had been trying for a year to collect \$1 he had lent to Londonio.

The funeral of the late Miss Gertrude McBride was held this afternoon at 2.30 o'clock from her parents' residence, City Road. The remains were taken to Holy Trinity Church where the funeral service was read by Rev. J. J. Walsh. Interment was made in the new Catholic cemetery.

NOVA SCOTIA MAN IN SENSATIONAL CASE

Defendant in Suit for Alienation of Affections

Evidence Given of a Most Incriminating Nature—Woman Spent the Night at His Office

BOSTON, June 15.—Some testimony that appeared to intensify the crowd was given by Edward S. Hay, husband of the defendant, and a colorful witness in the sensational alienation case of John Laxton, of Nova Scotia. Hay said his wife seldom came home from the Boston office of Dr. Laxton until late at night and sometimes not at all. He went to the office on one occasion he declared and heard the sound of voices within an inner and locked office, one of which was his wife's and the other he was sure belonged to Dr. Laxton.

Grenville C. Shaw, the colored valet, testified that Mrs. Hay and Dr. Laxton occupied adjoining rooms at the Lynn and Boston offices. In Lynn, Mass., Mrs. Hay met Dr. Laxton in 1908, a cousin whom he had attended. Her husband was sick and she went to the doctor for advice and medicine. He supplied both and about months later made her a proposition to work for him, which she accepted. She began working for Dr. Laxton August 6th, 1905, and received a salary for attending to the doctor's private affairs. He called every day and always being in the office when the doctor was there to see patients. He supplied medicine daily. Later in that year a change in her duties was effected, when her husband called on her in Boston on Thanksgiving Day of 1906 she moved into another house. The rent was paid out of her salary. The Tremont street offices were given up the same month. Court adjourned with Mrs. Hay still testifying in direct examination.

GOVERNOR BROKE THE CAPITOL DOOR OPEN

In Order to Secure Possession of Unoccupied Building—Dispute With Contractors.

LITTLE ROCK, Ark., June 15.—Governor Donaghey and two members of the State Commission formally took possession yesterday of the unoccupied capitol after breaking through a door which had been locked by the contractors, Caldwell and Drake, of Columbus, Ind., whom the Legislature ordered discharged. The Governor left the building. Last night George W. Caldwell, of Caldwell and Drake, declared that his firm still had possession of the building.

The new capitol which has cost nearly \$1,000,000 already and which the engineers say is only about half completed, has been the bone of political contention in Arkansas for years.

ORDINATION SERVICE AT PRINCE WILLIAM

Rev. J. J. McCaskill reached the city last evening from Prince William. He was in attendance yesterday afternoon at the ordination service at that place. Rev. William Girwood, a graduate in the spring from the Presbyterian college at Halifax was ordained in the presence of a very large congregation. Dr. Smith, of Fredericton, presided at the service and addressed the candidate. Rev. J. J. McCaskill delivered the address to the congregation.

STABBED POLICEMAN PERRY, BUT HE ESCAPES WITHOUT SENTENCE

It was the same old story this morning when the sheriff turned Dennis Sullivan out of the county jail, on account of his having been in jail over three days without being remanded again. A number of prisoners who had been remanded to jail and forgotten have been given their liberty by the sheriff. Sullivan was arrested last week on the charge of being drunk, resisting the police and stabbing Policeman Perry

Dead Woman Believed Another Woman Had Supplanted Her With A. G. Vanderbilt—Official Inquiry as to Bribery

LONDON, June 15.—The scandal and mystery connected with the suicide of Mrs. Mary Agnes Ruiz is now sufficiently explained to make it clear that the dead woman was driven to take her life through a belief that she had been supplanted in the affections of Alfred G. Vanderbilt. Mrs. Ruiz had appeared most happy until the last few weeks, and there is no doubt that she was deeply in love with Mr. Vanderbilt. It was not until she was established in Grosvenor street house that the latter abruptly and became more and more melancholy. She had been extremely unfortunate in her marital relations. Her first husband died and she lived only one week with Ruiz, her second husband, from whom, it is said here, she was divorced before, not after, she met Vanderbilt.

The latter showed her every devotion until two months ago. His attentions were entirely private until he was divorced, and she fully expected to marry him. She accompanied him in public on many occasions in London and Paris in the last few months. It was only a few weeks before her death that she distinctly grew to believe that there was another woman in the case. Her despondency then increased daily until she committed suicide.

The manner in which the case was successfully suppressed for more than three weeks is a story in itself. It is a notorious scandal that cases of this nature are kept from the public by the judicious selection of a little money. Cash was paid about with stupid lavishness in the present instance, and it was that which finally led to the exposure.

It cost only \$17,000 long ago to suppress a scandalous divorce case. The reputable papers are in no way responsible. They depend for such news upon underpaid news agency reporters. The sensation caused by the revelations in the Ruiz case, especially the contention of one of the belted reporters, will result in the reorganization of the system. No London paper has as yet dared to name Vanderbilt in connection with the case.

It is expected that an official investigation will be made regarding the suppression of the news of the Ruiz case. The sum paid in various ways to secure secrecy is said to have been \$1,500.

C. F. Williamson, who represented the agent of Mrs. Ruiz, set out her affairs, made arrangements for the inquest and paid all her bills, he stopping at a London hotel. He is a well known man, who was in Paris when questioned tonight he refused to say a word about the case, but was anxious to talk about the weather and the horse show. He refused to say whether he was an agent for Mr. Vanderbilt. He testified at the inquest that he had been Mrs. Ruiz's agent for a year past.

All the personal effects of Mrs. Ruiz, including her jewelry and plate, have been sent to Paris by Mr. Williamson in his capacity as agent.

The directors of the horse show are resenting the scandal in connection with one of their number and have declared their intention to demand an explanation.

The woman who is now described as the rival of Mrs. Ruiz has not visited the show since Thursday. She is said to be a horsewoman as Mrs. Ruiz was.

Mr. Vanderbilt did not appear in the ring or in a box at the horse show tonight. He remained only a short time, giving directions in regard to his horses. He had entered two coaches in the annual coaching parade at Hampton Court next Tuesday, and he declares his intention to drive one of them.

NEW YORK, June 15.—Wall Street.—The opening movement of prices of stocks was listless and irregular except for the large transactions in the Washoe Stocks, Harriman Stocks and United States Steel.

ADDRESSES PRESENTED TO JUDGES BARRY AND McKEOWN

QUESTIONS REGARDING SUPPRESSED SUICIDE

Addressed to Home Secretary Gladstone

Will Pry Into Reasons Why Reports of Coroner's Inquest on Death of Ruiz Were Not Published.

NEW YORK, June 15.—A despatch to the Times says that notice was given in the House of Commons last night of the question which Peter Curran, member of parliament for Jarrow, will put to Home Secretary Gladstone regarding the suppression of the facts brought out at the inquest into the death of Mrs. Antonio Ruiz, who committed suicide on May 16.

The terms in which the question will be put were drafted last night and will be printed in the parliamentary papers today. Mr. Curran will ask Mr. Gladstone, "Whether his attention has been called to the recent statement to newspapers to the effect that an inquest was held in the St. Francis court on May 15 concerning the death of Agnes O'Brien Ruiz, without opportunity being given the newspapers to report the proceedings; whether the coroner's notice of the inquest was given; whether it is a fact that the coroner was asked afterward for a copy of the depositions so that they might receive publicity and refused to afford this facility and further whether it is in accordance with custom that a coroner's inquest should be held in private."

KILLED ON HIS WAY TO BE MARRIED

Pathetic Case of Jas. Kobatch—Was Crossing Bridge With Sweetheart and Fell Into Open Draw.

NEW BRUNSWICK, N. J., June 15.—While on his way from South Amboy, N. J. to New Brunswick with his sweetheart to be married, Joseph Kobatch, of South River, walked into the open draw of the New York and Long Branch R. R. Bridge across the Raritan River early yesterday and was killed.

The girl, Miss Anna Kliah, of New York, who was visiting at New Brunswick, was only prevented from throwing herself into the water after her betrothal by one of the bridge tenders.

She said Kobatch persuaded her to cross the railway bridge with him to save time. He carried a suit case and had about \$50 in his pocket. The night was very dark and Kobatch did not know the draw was open and walked right off into the water.

CHIVAREE GREETED POPULAR COUPLE

There was a lively time at Hillendale, the pretty suburb on the river, last evening. The suburbanites turned out in force to greet Mr. and Mrs. F. A. Kirkpatrick, who were married last week, and who stopped for the night at the home of Arthur Kirkpatrick. From all the nearby villages over 200 ladies and gentlemen assembled. The march organized a brigade and with guns and pistols marched in front of the house, greeting the bride and groom. There was also a display of fireworks. At the conclusion of the demonstration the party were entertained at Mr. Kirkpatrick's home. Refreshments were served and a highly enjoyable time was spent.

Mr. and Mrs. Kirkpatrick proceeded to Flister Rock by the morning's train. The groom is manager and buyer for the Donald Fraser Lumber Company at that place.

On Presiding for First Time on Supreme Court Bench—Judge Barry Congratulates St. John on Freedom from Crime.

The June session of the Circuit Court opened this morning at the court house at eleven o'clock. His Honor Mr. Justice Barry presided. This is His Honor's first circuit court, consequently when he took his seat on the bench this morning there were a number of barristers present. Addresses were tendered His Honor by James Moulson, foreman of the Grand Jury, and by Attorney General Hazen on behalf of the bar of New Brunswick. In his address to the Grand Jury after that body had retired and deceased a foreman, His Honor congratulated the City of St. John on the absence of crime. He said that if the jury had any recommendations to make he would be pleased to lay them before the proper authorities.

Mr. James Moulson on behalf of the Grand Jury, congratulated His Honor on his elevation to the bench. Judge Barry, in reply, thanked Mr. Moulson

and the jury for their good wishes and in turn congratulated them for having the metropolis of the province free from crime. Attorney General Hazen, on behalf of the bar of the province congratulated His Honor upon his elevation to the bench. Twenty-seven years ago he and His Honor were admitted to the bar together. Since that time His Honor had steadily come to the front and before his elevation to the high and responsible position of Judge of the Supreme Court of New Brunswick, he was one of the leaders of the bar of this province. His Honor's knowledge of law and sterling integrity are necessary to the discharge of the judicial duties. Again, on behalf

half of the bar the Attorney General extended his congratulations to Judge Barry. His Honor replied briefly. He thanked the member of the bar for their sincere congratulations and would assure them that with their aid, as the support of the bar is necessary to every judge in the discharge of his judicial duties, he would endeavor to faithfully discharge those duties. Referring to the class of '82, His Honor said that a number of the members of that class have gone to the great majority and others have made names for themselves in other provinces. After again thanking the bar he resumed his seat.

Individual members of the bar tendered His Honor congratulations. John T. M. Baxter, K. C., read the naturalization papers of Frederick Ville Heilmann, an alien formerly of Kurria, Finland.

BOAT UPSETS LAST OF THE NEAR SYDNEY BISON BREED

Survivors Unconscious When Picked by Rescuers

SYDNEY, N. S., June 14.—While boating at Dominion this evening, Alonzo Marsh, aged about 38, was accidentally drowned in Lunenburg Bay. Deceased with two other men, Lauchlin Kennedy and Martin Campbell, went out on a fishing trip and had been out but a few minutes when the boat was seen to capsize. Assistance was at once sent to them and the men were found clinging to the overturned boat. Kennedy and Campbell were unconscious when rescued and Marsh was nowhere to be found. They were hauled into a boat and the craft which capsized upon being overturned was found to contain the remains of Marsh. Kennedy and Campbell will recover. Marsh leaves a wife and five children.

SANITOL FACE CREAM

Not only beautifies, but permanently benefits the skin. Only 25c. a Jar

WAINWRIGHT, Alberta, June 13.—The most precious cargo of live stock ever carried in Western Canada arrived here today in the form of 241 bison originally from the Pablo herd in Montana, but now transferred from Elk Island Park at Lamont to Buffalo Park at this point. Apart from their commercial value, they represent a very large part of a few native bison remaining to represent millions that a few years ago roamed the western plains. The transfer of 500 miles was a work of considerable difficulty and required a good deal of preparation and foresight. It was all carried out under the superintendence of Howard Douglas, commissioner of Canadian parks, assisted by a selected staff. So well was it organized that no accidents occurred during loading. At Lamont an excited but buffalo-gored inmate in corral, death being almost instantaneous. The only loss on the road was a young cow, which, angered, choked herself to death, and a yearling that was exhausted when shipped and was trampled to death by others in the car.

GATHERING WAS MOST SUCCESSFUL YET HELD

The fifth annual convention of the 7th district of United Baptists, which was held at Grand Harbor, Grand Manan, was brought to a close Saturday evening after the most successful session in the history of the district. Last Friday at 2.30 p. m. the convention opened with devotional exercises, the Rev. E. V. Buchanan of St. George being in the chair. Five ministers and fifteen lay delegates were present, representing twenty-two of the twenty-six churches in the district, also Rev. Dr. DeWolfe of Acadia Seminary and Rev. W. F. Higgins, the field secretary of the foreign mission board. Routine business such as appointing committees, etc. took up the entire afternoon session. Friday evening's session was devoted to temperance, a general discussion on the subject and addresses by Rev. Sterling of Oak Bay and John Webber, summing up the important facts of the discussion. Saturday evening the officers for the year were elected and reported as follows: Chairman, Rev. A. F. Brown, Grand Harbor; vice chairman, Rev. F. E. Bishop, Fairville; sec. treas., Rev. E. B. Frazier, West St. John; executive, Rev. F. E. Bishop, D. C. Clark, H. Coby Smith and Hunter Harwood.

The evening session was under the auspices of the U. B. W. M. U. with Mrs. A. C. Smith of St. John West in the chair. Reports from the different aid societies were read and adopted and officers elected for the ensuing year as follows: President, J. A. F. Brown, Grand Harbor; sec. treas., Mrs. C. E. Fletcher, St. John; executive, Mrs. M. E. Fletcher, St. John. Mrs. M. E. Fletcher gave a very interesting and instructive address on missionary work in the east followed by an eloquent address from Mr. Fletcher on the History of Baptist

FOREIGN GOLD TEMPTS O'BRIEN, BEATEN BOXER

Stanley Ketchel's Victim Has Not Lost His Capacity to Get Money

WILL REST UNTIL FALL

(Philadelphia, North American.) Even in defeat Jack O'Brien is still a good money maker. The shrewd Philadelphia has craved his decisive defeat at the hands of Ketchel here Wednesday night of the calendar and begins a new campaign to make in the dollar. O'Brien has several offers to fight before clubs in France and England, and it is quite probable that Europe will be the battleground when he returns to the ring again. It is hardly possible that O'Brien will do any more boxing in this country. He has been in constant training for several months and needs a long rest in order that his system may be built up. O'Brien has profited handsomely in the last few months, his "New York and Philadelphia" bouts with Ketchel and his local engagements with Johnson netting him more than \$12,000. O'Brien did not seem to take it much to heart that he was knocked out for the first time in his career when he appeared on the streets yesterday. The only man he has ever shown as a result of his terrific mill with Ketchel on Wednesday night was a slight cut over the right eye. Jack asserted that Ketchel was the hardest puncher that he had ever met in his life, and that he had an even chance of whipping Johnson. "Johnson will have to do better," declared O'Brien, "when he meets Stanley than he did with me. That boy's got a stomach wallop as the world ever, and Johnson could never stand long 't I don't want to take any credit from Ketchel, but I wished that Mc before them. Guigan had let me continue. Still, I am not sure that I could have stayed on my feet to the limit, and I guess that Jack did the best thing possible under the circumstances. "I didn't have my old speed and steam Wednesday night. I was down too fine from twelve weeks of constant training. I was also compelled to take off some weight the night before the bout in order to scale below the 160 mark at Wednesday noon, but that's my own fault, and I can't excuse my defeat for that. "But don't count me out of the boxing game. I have already numerous offers to fight in France and England. And I guess I won't go through that bunch of Brits! I am through with fancy fighting, and hereafter will stand up and swap punches." Each fighter's share for the bout was \$3,100. Dr. H. H. Roller, the former University of Pennsylvania athlete, who is now a professional wrestler and fighter, said yesterday that he would like to meet Ketchel. Dr. Roller saw the fight, and said afterwards that he thought he could whip either man. "Ketchel used good judgment in fighting O'Brien," asserted Dr. Roller, "and my line of battle would have been in the ring. I believe that I can whip either man. I have as strong a punch as Ketchel and am much heavier, weighing 220 pounds when in condition." Dr. Roller said he would finish some business affairs in Seattle and come to Philadelphia to stay, making this city the centre of his future career. He will abandon wrestling and devote all of his time to fighting. O'Brien said that he was waiting to meet the physician with the punch, and the match

Missions Among the Telugus. This was followed by a lecture and illuminated Views of India by the Rev. W. V. Higgins, field secretary of foreign missions. Sunday's session began with a conference meeting conducted by H. B. Bailey of St. George, which was well attended, many taking part. At 11 a. m. the annual sermon was preached by Rev. A. F. Brown of Grand Harbor. The afternoon was given over to Sunday school work. D. C. Clark, superintendent of Charlotte street Sunday school, St. John, conducted the service, during the course of which he told how a model Sunday school should be conducted. C. A. Laubman of St. Stephen spoke on adult Bible class work. The pulpits outside villages were supplied in the evening by visiting clergy. At Grand Harbor the evening session was devoted to education and home missions. Dr. deWolfe spoke eloquently of the "True Nature of Education." He was followed by Rev. F. E. Bishop, chairman of the Home Mission Board, who spoke of the value of home missions. In his remarks he strongly advocated the amalgamation of the home mission work of the three provinces under the management of one board. The district passed the resolution, heartily endorsing the movement to amalgamate the home mission work. Mr. Bishop was followed by Rev. W. V. Higgins, who spoke on certain fundamental principles of the missionary movement. The unanimous opinion of the delegates was that this annual meeting was the best so far held, special mention being made of the kindness and attention of the manager, captain and crew of the S. S. Aurora, in carrying the delegates to the place of meeting, also the hospitality of the friends at Grand Harbor, who entertained most royally.

CO-RESPONDENT DEAD, DIVORCE IS GRANTED

HOWARD GOULD'S LAWYERS SCORE SLIGHT VICTORY

NEW YORK, N. Y., June 14.—Abandonment will be the sole issue upon which the suit for separation brought by Katherine Clemmons Gould against her husband, Howard Gould, third son of the late Jay Gould, will be decided. This ruling was made late today in the supreme court by Justice Dowling, who is hearing the case, after counsel for Mrs. Gould had rested the case for the plaintiff. This sweeps away several phases of the case, notably cruelty and non-support, and is a partial victory for Howard Gould. As to the charge of abandonment, the court held that this, too, might not stand unless the plaintiff were able to show that Howard Gould's attentions for a reconciliation with his wife were unreasonable. This phase of the case will be argued tomorrow. Developments in the case today were perhaps the most interesting in the trial so far. George Gould, a brother of the defendant, testified and Mrs. Gould was excused from the stand after three days of searching cross-examination. After the case for the plaintiff rested, LeRoy Nicol, for the husband, made the usual motion that the suit be dismissed on the ground that the plaintiff had failed to make out a case. "There have been no evidence of cruelty," he argued. "One of the allegations in that the plaintiff was surrounded by spies. Nothing has been adduced to prove it. There is the Hawley incident. Nothing in that bears out the charge of cruelty." Referring to the abandonment charge, he said that Howard Gould left his wife in July, 1906, but offered to return on perfectly reasonable terms, one of which was that she should abstain from intoxicating liquors. Mrs. Gould, he continued, refused. "It is cruelty," he affirmed, "for a husband, without justification, to accuse his wife of being a bad character or to entertain against her, without cause, reflections against her honor. "What kind of a conspiracy was Mr. Nicol engaged in," he asked, "when he got habitues of a saloon to work in the purpose of proving Mrs. Gould a woman of bad reputation? That was the same of cruelty. Howard Gould attempted to have his wife pledge herself not to drink in itself constitutes cruelty." It was this clause in the argument the husband asked his wife to sign before he would consent to live with her again that Mrs. Gould most strenuously objected to. "Waah," she exclaimed earlier in the

day during cross-examination, "have me sign myself a drunkard? Never!" Inasmuch as the abandonment charge only is to be considered tomorrow, there will be no further mention of Buffalo Bill, "Big" Hawley, the former convict, or Ed. Sholes, the reputed gambler. But it still leaves the question of Mrs. Gould's alleged indulgence in intoxicants. Whatever bearing the events of the day will have on the ultimate decision in the case, honors were about even in the verbal battle between the cross-examiner and Mrs. Gould. Both sprung surprises. The lawyers most pertinent and apparently embarrassing thrust was the exhibition of a faded old-fashioned photograph of a young woman sitting on a white horse, with the white canvas of a circus tent in the background. Mrs. Gould turned a dull red when it was shown, but she would not identify the photograph as one of herself, nor would she swear that it was not. She thought it was "hardly fit enough for me." This picture was introduced to show if possible Mrs. Gould's former association with Buffalo Bill's show. She had denied on the stand that she was in any way connected with the Wild West, though she had admitted that she travelled at times with Col. W. F. Cody and daughter and that he was her manager. In retaliation for the picture incident Mrs. Gould made one cutting remark to her inquisitor. Mr. Nicol had been asking the witness about her gowns, how many she wore, how often she wore them and what became of them. They were given away, Mrs. Gould testified. "One of them," she said, "was given to your own sister, who is on the stage. I have aided many poor girls to get stage engagements by equipping them with my discarded gowns." "Did it become her?" was Mr. Nicol's only rejoinder. As was the case Friday, most of to-

CANADA MAY MAKE A FINANCIAL DEFER

Said to be Contemplating Making One for Naval Defence

LONDON, June 13.—It is stated here that the Canadian government is contemplating a "very generous financial offer to the Imperial government," to be expended in naval defence in such a way as may be decided by the Imperial Defence Conference. Mr. Balfour's speech encouraged the Canadians to believe it possible to come to an agreement with the Imperial government on lines that are autonomous, the local navy working in harmony with the admiralty. It is added that the admiralty is now less inclined to oppose the formation of local navies than was the case. The offers are favorable, therefore, for an agreement between the Dominion government and the admiralty on the lines of their present proposals.

HARRY LAUDER WRITES OF HIS TORONTO EXPERIENCES

Harry Lauder is reciting his experiences in the United States and Canada in "The Bits," and the following article of the series deals particularly with his visit to Toronto.

This was the breezy or frosty fashion in which a Toronto pressman began his report of my arrival in the great Canadian city.

Just then the train gave a tremendous bump and an odd screech, and my wife emitted a muffled scream as she threw her arms around my neck and very nearly choked me.

Toronto is very cold, indeed, in the winter months - too cold a place for me - but I suppose one gets used to it in the regular course of time.

Palpitation of the Heart.

One of the first danger signals that announce something wrong with the heart is the irregular, beat or violent shock. Often there is only a fluttering sensation, or an "all gone" sinking feeling; or again, there may be a most violent beating, with flushings of the skin and visible pulsations of the arteries.

Mr. Sylvester Smith, Hampton, N.B., writes: "I was troubled with palpitation of the heart and tried doctor's medicines, but they only gave me temporary relief."

BERLIN, June 14.—Germany's relations with Great Britain formed the main theme of an address which Admiral von Flotow, president of the German Navy League, opened the proceedings at the congress of the league's branches for the Rhine province at Treves yesterday.

Germany could not take exception to the British holding maneuvers in the North Sea, indeed, the "Dreadnought" was a necessary part of the armaments of the navy, and a seventeenth century battleship must be added to the fleet.

Do you know what nerves are? Are you startled by the least noise? Does the children's merry laughter and noise irritate you? Does the unexpected call of a friend or visitor make your heart "jump"? If so your nerves are in a bad condition. You need PSYCHINE the greatest of health-giving medicines.

ADDRESSES PRESENTED TO JUDGES BARRY AND McKEOWN. (Continued from Page One.)

There were no criminal cases. Besides the jury docket, which was published in yesterday's issue of the Star, the following two cases were entered: Monahan v. Monahan, and Jackson v. City of St. John.

Patent Bracket Co. v. Schofield Co. E. S. Ritchie. Lemieux v. C. P. R.—A. W. MacRae, K. C.

The grand jury composed the following: John K. Storey, Chas. D. Trueman, N. W. Brennan, Alex. McMillan, E. C. Elkin, Charles D. Jones, A. M. Rowan, A. Doherty, Geo. E. Day, J. V. Thomas, Robert T. Worden, Harold Climo, W. H. Bell, J. Fred Sullivan, Jas. Myles, Wm. Young, Robert McConnell, James Moulson (foreman), A. W. MacKinnon, James Driscoll, J. E. Scott, F. W. Dunlop, E. A. Dykeman and J. Harvey Brown.

The following are members of the petit jury: Robert McAtee, Edward N. Hanington, Fred Selby, Andrew McNeill, William Baxter, L. Chester Brown, T. L. Coughlan, Wm. C. Magee, Robert Clark, J. M. R. Whiskey, Walter Saunders, Jas. Dillon, John E. Williams, Sydney Gibbs, Geo. C. Beaman, Jas. Wilson, John H. Prosham, Theo. Logan, F. H. Peters, E. W. Humphrey, (excused) and Wm. Hatfield.

The court adjourned until tomorrow morning at ten o'clock.

FREDERICKTON, N. B., June 15.—Not prior sitting of the supreme court opened this morning. His Honor Judge McKewen presiding. It was His Honor's first circuit and his initiation was welcomed by an attendance which not only embraced the legal fraternity, but also many of the leading citizens of Fredericton.

The bar was represented by J. K. Phinney, K. C.; Macdextrat, Messrs. J. Gregory, K. C.; H. B. Rainford, Havelock Coy., H. G. Fenety, A. R. Epp, F. H. Peters, E. W. Humphrey, R. B. Hanson, F. J. Guthrie, J. S. Campbell and others.

After His Honor had taken his seat the grand jury was called. His Honor briefly addressed the jury on their return to the court, and the grand jury selected their foreman. He said that it was most pleasing to note that there was no criminal business to be tried, but that the grand jury had returned them for consideration and he thought that the county of York was to be highly commended for its lawless record.

His Honor in concluding said that he would formally dismiss them, holding the right at the same time to resummon them if occasion demanded. The grand jury then returned.

Col. Marsh then stepped forward and read an address from the local bar. Judge McKewen made a brief and appropriate reply. He said he appreciated the address presented to him very highly. It was only too true that time brings many changes and new ones have now been called upon to fill important places formerly held by distinguished men. It would ever be his desire and ambition to fill the position to which he had been called with the utmost impartiality and fairness, and it would ever be his greatest endeavor to fill the judgeship to uphold the name of the New Brunswick bench. Unfortunately in human nature judges will at times err, but at the same time it is to be remembered that there is an appeal to a higher court when any mistakes can be rectified. In conclusion His Honor said: "I shall do my best to give satisfaction in my rulings and I thank you most sincerely for kindly expressions and confidence extended to me in your address."

The grand jury then returned and through their foreman, C. A. Sampson, presented to His Honor another address.

Pinley yesterday hurried to the Michigan city prison to see the prisoner notorious through his association with Mrs. Gunness, the arch murderess, for the burning of whose home Lamphere was sent to the penitentiary. Lamphere in his letter stated that he recently had suffered four hemorrhages and believed death was imminent. This belief was confirmed in the mind of Mrs. Pinley by the refusal of the prison officials to allow her to visit her brother in the hospital ward. Despite her pleadings the deputy warden was obdurate, replying "Lamphere is extremely low and cannot see any one."
