

WAR NEWS--Victorious Allies Still Making Progress Toward Constantinople--Bulgarians Advance

DO NOT REFUSE TO INTERFERE

TERMINATE THE BALKAN WAR

England, France and Russia Will Not Comply With Porte's Request

Turks Attribute Reverses to Deficient Commissariat and Assert King Ferdinand Would Welcome Armistice--Bulgarians Still in Hot Pursuit of Flying Ottoman Forces--Sultan's Discouraged Troops Realize Defeat--War will Likely Soon be Over.

London, Nov. 4.—The prospect that a considerable portion of the defeated Turkish army will be able to reform behind the lines of Tchatalja, the last fortification before Constantinople is not altogether excluded, but whether the Turks will be able to offer any serious resistance to the Bulgarian advance is a question which permits of doubt.

Constantinople, Nov. 4, 9 p. m.—The belief is held here that King Ferdinand will not be sorry to accept European intervention as it is considered that after the tremendous sacrifices the Bulgarian army must be near exhaustion.

Abdul Lah Pasha, commander of the Turkish eastern army is still at Tchirkeskoi, and at noon today a Turkish detachment destroyed an important railway bridge at Tchirli.

It now becomes clear that the deficient commissariat was largely responsible for the Turkish reverses. The Turkish plan aimed at sending the Bulgarian forces by an advance on the right wing.

The Turkish right wing meeting with much success, but the commissariat broke down completely, owing partly to bad weather which made the roads difficult and prevented landing operations at the Turkish base, Midia.

A consequence Mahmud Mukhtar Pasha, commanding the right, was compelled to sacrifice the advance of his troops when they were without food the whole day.

All preparations have been completed for the heir apparent to proceed to the Turkish headquarters accompanied by Ghazi Ahmed Mukhtar Pasha, the late Grand Vizier, but up to the present they have not started.

Sultan Deceived. It is asserted that the Sultan himself was deceived by Nazim Pasha's optimistic reports, and only realized the true situation when the English cruiser brought the latest news, which was conveyed to the Porte by the British Ambassador.

The difficulty in maintaining order is increasing daily. It is said that a mob went to the war office at Stamboul and asked for weapons with which to attack the Christians, and this was the reason why Kiamil Pasha asked the Ambassadors to have warships at hand.

Berlin, Nov. 4.—The Turkish ambassador presented to the foreign office this afternoon a communication from his government asking the powers good advice to bring about an armistice. Germany immediately put herself into communication with the other five powers with a view to carrying out the request.

Paris, Nov. 4.—The French government has refused the Turkish government's appeal for it to take the initiative in bringing about an intervention of the great powers to stop hostilities and impose an armistice on the Balkan states.

The reply of the French foreign office points out that for France to take the course suggested, would be contrary to international law, and would make her appear as siding against the Balkan states. France can only, it was added, consider in accord with all the great powers a request for mediation properly called, if such a request be addressed to her.

The French attitude in regard to the Turkish appeal for mediation is shared by England and Russia.

SALE OF OLD MASTERS HAS ECHO IN SUIT

Expert is Suing Sir George Donaldson for His Commission on Big Art Deal.

GOT PAID FOR THE FIRST TRANSACTION.

W. A. Clarke Bought \$170,000 Worth of Pictures and Came Back for More.

London, Nov. 4.—The sale to ex-Senator William A. Clark of Montana of a collection of old masters for \$740,000 by Sir George Donaldson is the subject of a suit which began in the Lord Chief Justice's court here.

At first Mr. Clark bought pictures of the value of only \$120,000 and Mr. Temple received his commission on the sale.

A letter was read from Sir George Donaldson to Mr. Temple complaining that the latter was acting too quickly. In it Sir George says: "Wait until you have in on the field. Then start the dogs. Oh, you innocent lamb; Kopp of Old Bond street has his measure and is trying to get him out of the picture."

The case was adjourned. The preliminary object of Mr. Worthington's visit to the prime minister today was to arrange for the reception by the Canadian meeting of a committee appointed at the Dublin meeting to present the advantages of the Galway route to the government of the Dominion.

Project Considered Before, Likely to Come Up at Coming Session of Parliament—Preparing a Report.

Ottawa, Nov. 4.—Acquisition of branch lines to serve as feeders of the Intercolonial Railway, will be discussed at the coming session of parliament, and if certain conditions are complied with it is probable a number of the roads may be purchased.

Two years ago legislation authorizing this course was passed, but the conditions laid down as to the standard to which the roads must conform were regarded as too onerous, and legislation modifying them was under consideration at the dissolution of the late parliament.

It is probable the matter will come up again this session and the minister is preparing for it by having a report made respecting the lines.

POLICE MADE NO EFFORT TO BLOCK LAWRENCE RIOTS

Salem, Mass., Nov. 4.—That militia men and policemen made no effort to prevent the attacks upon street cars in Lawrence on the morning of October 29, and that the cars were being burned, was the testimony of about 20 men who were the victims of the riot.

Several Lawrence women and children workers testified that police and militia men clubbed the strikers. One told of the stabbing of a fourteen year old boy by a soldier.

NEW EQUITY RULES OF SUPREME COURT

Washington, D. C., Nov. 4.—In promulgating today the first revision of the equity rules of the federal courts in the last 50 years, the supreme court has granted preliminary injunctions without notice, and restricted the granting of temporary restraining orders.

The commission leaves for Australia on Jan. 15, and if the naval debate is completed by that time and Mr. Foster gets his West Indies trade agreement through the House, he will sail for the antipodes on that date.

WILL CHOOSE NEXT PRESIDENT OF UNITED STATES AT POLLS TODAY

Most Spectacular Election Campaign in History Closes Today.

Keen Interest Maintained in Contest Throughout and Indications Point to Record Vote--Candidates Work Hard to the Last Minute, all Express Confidence of Success--Fight for the Control of the House and Senate.

New York, Nov. 4.—The most vigorous presidential fight of recent times came to an end tonight with the leading candidates for the national chief office continuing their personal appeal to voters almost to the last moment.

More than 100,000,000 people are expected to vote in the elections tomorrow. The Republican forces have concentrated their efforts in doubtful states to prevent an overturn of local organizations, or a capture of the legislatures in states heretofore safely Republican.

San Francisco, Nov. 4.—California for Roosevelt and Johnson by 20,000 for Wilson and Marshall by 20,000, were the predictions of rival campaign managers on the eve of the election.

Washington, Nov. 4.—Progressives tonight pinned their hope of carrying Tennessee for Roosevelt tomorrow to that of the serious split in the Democratic ranks caused by state issues.

Chicago, Ill., Nov. 4.—Betting odds tonight favored the Democratic national ticket and the Republican state ticket to carry Illinois, while the Progressive national ticket a close second to the Democratic ticket.

Seattle, Wash., Nov. 4.—Even money was being offered tonight on Roosevelt and Ernest Lester, Democratic candidate for governor, carrying the state against the field.

Denver, Nov. 4.—With the death of John Laveren Gower, an English capitalist at Colorado Springs last night, the mystery surrounding the supposed poisoning of several persons at the Mary Murphy Mine near Buena Vista, Colo., weeks ago has deepened.

Five deaths already have occurred among persons who ate in the boardroom on October 21, a statement made by Mrs. Murphy's attorney, J. E. Collins, general manager of the mine, declared that the investigation made by physicians in the hospital disclosed no traces of ptomaine poisoning.

HADLEY CHOICE OF TWENTY MEMBERS OF THE COMMITTEE

New York, Nov. 4.—Twenty members of the Republican national committee have thus far, in an informal poll, expressed their intention to vote for the selection of Governor Hadley of Missouri to fill the vacancy on the Republican ticket caused by the death of Vice-President Sherman.

London, Nov. 4.—A ten round bout between Dick Kibb the American collier waterwrecker, and Jack Meekins, at Battersea tonight, ended in a draw.

MYSTERY ENSHROUDS WHOLESALE DEATHS IN BOARDING HOUSE

Denver, Nov. 4.—With the death of John Laveren Gower, an English capitalist at Colorado Springs last night, the mystery surrounding the supposed poisoning of several persons at the Mary Murphy Mine near Buena Vista, Colo., weeks ago has deepened.

Five deaths already have occurred among persons who ate in the boardroom on October 21, a statement made by Mrs. Murphy's attorney, J. E. Collins, general manager of the mine, declared that the investigation made by physicians in the hospital disclosed no traces of ptomaine poisoning.

STRIKE OF C. P. R. MEN IS FIZZLE

Officials Say Only 250 of 5,000 Members of Union Have Left Work--Many Places Already Filled.

Montreal, Nov. 4.—According to the C. P. R. officials only 250 out of 5,000 men reported to belong to the railway employes union went out on strike today. Of those who did strike the places of many had already been filled, as for instance, eleven at Sherbrooke, and others soon will be.

The new order contemplates embracing every employe from the highest to the lowest and already a member of some organization, and with which they claim all that is necessary to order. The order so far embraces 36 either directly or indirectly, is to pay them 50 cents a month and join their order.

The Turkish soldiers seemed already convinced of the inevitableness of their complete defeat and its result a Turkish officer among those captured begged to be allowed to see King Ferdinand and ask him not to allow the great mosque of the Sultan Soliman to be destroyed, when Adrianople is taken.

The Turkish officers believe that the blame for the reverses suffered by the Ottoman army on the Young Turk, because they, and not the latter deposed Abdul Hamid and so offended against the Koran.

Chicago, Nov. 4.—Mrs. Louisa Lindloff, spiritualist and crystal gazer, was charged with manslaughter by a jury in Judge Wind's court tonight and her punishment fixed at twenty-five years in the penitentiary.

Special to The Standard. Ottawa, Nov. 4.—C. C. James, who was appointed special commissioner to bring in a report on the question of co-operation between the Dominion and provincial governments encouraging agriculture, arrived in Ottawa today and spent most of the afternoon conferring with the Minister of Agriculture.

Mr. James has visited all of the provinces and interviewed the various provincial governments. He will be here several days with the minister working on his report.

"FATHER" RUSSELL DEAD.

Detroit, Mich., Nov. 4.—"Father" Russell, founder of the prohibition party and the oldest Methodist preacher in the Detroit conference, is dead at the home of his daughter in this city. He was born in Livingston county, N. Y.

MAY RELOAD STEAMER.

Quebec, Nov. 4.—Should the weather continue fine, there are good prospects of getting the stranded steamer Bellona afloat. A channel has been sounded from the ship to deep water which is only a short distance away.

Prisoners taken by the Bulgarians say that a Prussian officer named Von Telt who held the rank of colonel in the Turkish army, was killed by his own men after the disastrous defeat at Lelidburga.

Vienna, Nov. 4.—The Reichspost correspondent says the brilliant cooperation of the Bulgarian commanders combined with the heroism of their troops is bringing to the Bulgarians fresh successes daily.

Here Are the Pre-Election Claims of Wilson, Taft and Roosevelt Leaders

By SENATOR JOSEPH M. DIXON, Chairman of the National Progressive Committee.
New York, N.Y., Nov. 2.—The voters of the nation are in a revolution against the old order of political control.

By CHARLES D. HILLES, Chairman of the National Republican Committee.
New York, Nov. 2.—Tuesday, November 5, will witness the re-election of William Howard Taft as President of the United States.

By WILLIAM F. MCCOMBS, Chairman of the National Democratic Committee.
New York, Nov. 2.—The Democratic forces never entered a battle with more united strength or more confidence of victory than they will on November 5.

Old political leaders and landmarks have been literally swept aside in the uprising of the masses. The morning after the election the students of American politics will be studying a new political map of the United States.

Going into the contest with the handicap created by cruel misrepresentations, that sought to poison the minds of the American people against him, President Taft has come through his term with a record of the most sane and progressive achievements of his first term.

The South will again be united for the Democratic ticket. The return we have had from all the Southern States indicates that the Wilson and Marshall vote will be the largest ever given a Democratic candidate.

ONE-TERM PRESIDENTS— WILL TAFT BE ANOTHER?

John Adams, 1797-1801. Ran for president a second time, but was defeated by Thos. Jefferson.
John Quincy Adams, 1825-1829. Four troubled political years, and Andrew Jackson beat him for second term.

John Tyler, 1841-1845 (Whig). Elected vice-president and succeeded to presidency on death of Harrison. His party then threw him overboard and he didn't succeed himself.

Franklin Pierce, 1852-1857 (Dem.). Northern anti-slavery insurgents made his nomination in 1852 impossible.
Andrew Johnson, 1865-1869 (Rep.). Succeeded on assassination of Lincoln. Stirred up great row and was defeated for nomination to second term.

THE COMMODORE REFLECTS ON YOUTH. The Chatham small boy is as fond of the water that it requires constant vigilance, on the part of owners of small boats, to protect their craft from him. He will rock the boat, steal her painter, paddle her around with sticks and leave her to pound against the rocks or let her go adrift when he is done with her. When he is a few years older he has no use for a boat. It is too much like work to row, and even standing sheets in a sailing craft is too hard. So he plays billiards or tennis, or puts on his best clothes and stands at the street corners.

## THE PRESIDENTIAL ELECTION.

The election in the United States today, it is generally conceded, will result in a victory for Mr. Woodrow Wilson, the Democratic candidate for the Presidency, in consequence of the division of the Republican party between Mr. Taft and Mr. Roosevelt. An instructive review of the situation by Mr. Samuel Blythe, who is recognized as an earnest student of American political affairs, is given in the New York Post. He concludes that there are three features to the fight. The one is the certainty that Mr. Taft cannot be re-elected, the second is the probability that Mr. Wilson may be elected, and the third is the possibility that Mr. Roosevelt may carry enough States to throw the election into Congress. In addition to this he sees the possibility of a landslide for Mr. Roosevelt sufficiently strong to make him the next President of the United States.

Mr. Blythe has made a study of the situation. He has visited every State in the Union, except those of the South and he has observed from an impartial and independent standpoint the possibilities of the situation. He finds, in the first place, that Mr. Wilson is the logical successor to the Presidential chair, because all political signs point that way. His conclusion is reached from the fact that Mr. Roosevelt and Mr. Taft will split the Republican vote, while Mr. Wilson will hold the Democratic vote practically intact. In addition, he finds that many Republicans who dislike Mr. Roosevelt will vote for Mr. Wilson rather than for Mr. Taft. They will do this as a means of defeating him, preferring to cast a whole vote against him for Mr. Wilson rather than a half vote against him for Mr. Taft.

At the last Presidential election in November, 1908, there were 6,409,104 votes cast for Mr. Bryan and 7,678,908 votes cast for Mr. Taft, giving the Republican candidate a majority of 1,269,804 votes. The vote divided between the Socialist and Prohibition candidates was 890,430, so it will be seen that Mr. Debs and Mr. Chaffin are hardly to be considered as factors in the present election. With Mr. Roosevelt and Mr. Taft splitting the seven and a half million Republican votes, therefore, and Mr. Wilson holding the normal six million Democratic votes, the result is easily figured out as a victory for Mr. Wilson. Mr. Wilson should control the electoral college by a good majority, according to the usual methods of political figuring.

It is generally conceded that the Roosevelt vote will be a large one. Just how large it will be cannot be foretold, but upon the Roosevelt vote practically rests the matter of the selection of a President may be left to Congress. The American constitution provides that the candidate receiving the majority of the votes shall be the President "if such a number be a majority of the whole number of electors appointed." Therefore, if Mr. Roosevelt and Mr. Taft divide the Republican States and capture more than half the delegates to the electoral college, Mr. Wilson cannot be declared elected. Mr. Wilson must have a clear majority in the electoral college, so that he must get two electors for every two named for Mr. Roosevelt and Mr. Taft, with sufficient over to give him a majority.

In the event that no election results from the polling and the fight is thrown into Congress another interesting situation at once develops. Congress is Democratic by numbers in the House of Representatives and Republican in the Senate. But if the Presidential election comes to Congress for decision, the constitution provides that each State shall have one vote. There are twenty-two States which have a Republican majority and twenty-two where the majority is Democratic, with four States equally divided and consequently unable to vote, because of the impossibility of the Congressmen agreeing on a candidate. If the House of Representatives falls, and the election is thrown into the Senate where a Republican majority, badly split into factions, prevails, the possibility of the situation cannot even be forecast with any degree of accuracy.

The constitution, however, also provides the saving clause that in the event of failure to elect a President, a Vice-president shall be elected to perform the Presidential functions, and in the event of failure to elect a Vice-president the Secretary of State would become the all-important personage until such time as a new election could be arranged.

## THE DEPARTMENT OF AGRICULTURE.

During the past year, under the progressive policy inaugurated by Mr. Martin Burrell, the Minister of Agriculture, the Department has introduced many reforms throughout the Dominion for the advancement of this great industry. The Department is one of the most important branches of the Government, for the progress and prosperity of the Dominion depends largely upon the progress and prosperity of the farmer. It is of interest, therefore, to note some of the changes and improvements which have taken place.

It was one of the peculiarities of Mr. Fisher, the Minister under the late Government, in a paternal way, to take every stray Department under his wing. The Department was loaded up with work which had nothing to do with agriculture. Census and statistics came under the administration of the Minister; copyrights and patents, the archives, public health, and a half dozen other branches were included in his jurisdiction.

On taking office Mr. Burrell rearranged these services. The census and statistics branch was transferred to the Department of Trade and Commerce, where it more properly belonged. The archives branch naturally coincided with the work of the Secretary of State, and it was transferred to that Department. Patents and copyrights will, it is understood, be transferred this session to the Department of State, and the public health branch will also probably be taken from the Department of Agriculture. These are services with which agriculture is in no way concerned.

To formulate a general policy for the betterment of agricultural conditions in Canada was the first important question to be decided by the Government and to that end Mr. Burrell secured the services of Dr. James, Deputy Minister of Agriculture for years in Ontario, as Commissioner to make a thorough investigation and submit recommendations and suggestions. Mr. James has been devoting his time to this enquiry, and his report will be presented to the House this session. In the meantime by the vote passed last session the sum of \$500,000 was granted to the Provincial Governments to give immediate assistance to agriculture. The grant was made on the

basis of population. New Brunswick's proportion amounted to \$24,509.33.

During the past year the Department has devoted particular attention to experimental farms. At the Central Experimental Farm at Ottawa, the work was strengthened by the addition to the staff of a field husbandman, an animal husbandman, and an agriculturist. A specialist has also been appointed to take charge of forage plant work. Some additional work will be done along the line of investigating horse breeding and the feeding of steers of the different breeds of cattle and of feeding in profitable beef production. Small herds of Holsteins and Jerseys have also been added to the list of breeds maintained so that representatives of all the better known dairy breeds of cattle kept in Canada are now to be found at the Central Experimental Farm.

By these various additions valuable work will be done along all lines of agriculture of interest and value to the farmer generally. It was found that the work of the experimental farms had in many cases in recent years been rather neglected. Barns and property had been allowed to get out of repair and the work of the farmers has been hampered by lack of facilities. The farms were in many cases not of much value to agriculturists, and particularly to local farmers to whom they should be an inspiration. For example, it was found that there was an experimental farm at Lacombe, Alta., in the heart of the cattle country. Yet for lack of facilities, and through the small area of the farm live stock was practically neglected. Mr. Burrell has secured an additional tract of land and from now on the necessary aids will be given to live stock matters.

Buildings at the Kentville, Nova Scotia, farm are in the course of construction and much good work has been done under the superintendence of Mr. W. S. Blair, formerly professor of agriculture at Macdonald College, whose services the Department was able to obtain. It is confidently expected that the work done at this farm in fruit growing and other branches of agriculture will be of great benefit to the people, not only in the Annapolis and Cornwallis valleys, but in the other districts where fruit growing is not a specialty. The land for a new experimental farm has been acquired at Fredericton, in this Province, and the preliminary work has been outlined. This farm will particularly serve the St. John Valley and will, no doubt, do much to promote the welfare of all branches of agriculture. The necessary buildings have been constructed at the Invermere Farm in the Kootenay district, and useful work along all lines will be carried on.

Mr. Burrell has also inaugurated a system for the better inspection of fruit for the domestic market. Fruit for the export trade was carefully inspected, but the domestic trade was left to the tender mercy of the dealer. A thorough reorganization of the inspectorial system has taken place. As far as possible inspection at points of shipment is being carried out and attention is being given to a systematic inspection of all the fruit coming into Canadian markets from the United States. A number of additional inspectors have been appointed and a chief inspector placed in charge of the various Provinces. By this means much good educational work will be done and there will be a more thorough and systematic oversight not only of fruit entering Canadian markets, but also of that packed and marketed by the Canadian growers. The result will undoubtedly prove of great value both to growers and consumers alike. Five new chief inspectors were appointed and fifteen township inspectors were added to the staff for the fall rush of fruit.

Dairying has also received considerable attention. During the past few months a dairy station has been erected at Finch, Ontario. It is now being operated as a model cheese factory and creamery. It is equipped with all the latest apparatus and with facilities for investigation and experimental work. It is the first establishment of its kind in Canada. It is hoped by the erection of this station to effect some improvement in the character of the cheese factory and creamery buildings in Eastern Ontario. The contract has been let for the erection of a similar station at Brome, Quebec, which will relate more particularly to the butter-making industry. New dairy record centres have been organized during the past season at the following points: Listowel, Frankford, Kingston, Malton, and Farmers' Union in Ontario; at Way's Mills and St. Prosper, Quebec, and at Kensington, P. E. I. An expert in charge at each of these centres. A supervisor of cow testing was appointed last spring for New Brunswick. The organization of these centres has given a strong impetus to the cow testing movement.

There is every indication of a revival of the sheep industry in consequence of the active steps Mr. Burrell has taken. He secured the cooperation of the Ontario and Dominion Sheep Breeders' Association with excellent results. Experts were sent to British Columbia and the Maritime Provinces, and an exhaustive report was made to the Minister which is being acted on at the present time. As a result of their recommendations sales of grade ewes and pure bred rams were held this fall.

A good year's work in all branches of agriculture is the record which stands to the credit of the Government. Mr. Burrell is not given to advertising himself, but it is evident that he has infused a new spirit into every branch of the service. He was formerly a fruit grower on a large scale in the Niagara district and later in British Columbia. It is evident that he has inculcated his own energy and enterprise into his Department.

### British Friendship.

(Toronto Mail and Empire.)  
"The best ships, the best seamen, the most skilled workmen have been for more than a hundred years guarantees of American peace and safety," admits the Los Angeles Examiner, one of the Hearst journals. It is true that British friendship for the United States displayed itself at the Battle of Manila and elsewhere, but the American people ought not to be taught that we will protect them no matter what trouble they get into.

### Still Unanswered.

(Calgary Herald.)  
Liberal organs have never yet answered the following question: "If when wheat in Minneapolis is higher than in Winnipeg, the difference is due to lack of reciprocity, why is it that at the same time wheat is higher in Chicago than in Minneapolis, between which two cities there is full reciprocity and every opportunity for the 'wider market'?"

### What Then?

(Hamilton Spectator.)  
Should Constantinople be at the mercy of the Balkan allies, what then? Will a second Dardanelles stand forth and say: "So far, and no farther," as in the case of the Russian bear, when it had its claws stretched forth to seize it in 1877?

### The Problem.

(Boston Transcript.)  
The puzzle of the morning: Where will the Turks stop, on this side of the Bosphorus or on the other? Meanwhile the United States of Macedonia are receiving congratulations from all the world, except the Powers.

## THE SACKVILLE NEWS LETTER

### Daring Robbery of Store—Valuable Barn Burned—Mt. Allison Man's Shooting Record—College Social Event.

Sackville, Nov. 1.—The store of J. E. Hickey was entered on Sunday night or Monday morning, entrance being obtained by breaking one of the large panes of glass in the front window. Articles to the value of \$150 were taken, among them being four watches and several pieces of jewelry. Of the guilty party or parties there is as yet no trace.

The fire department were called out on Tuesday shortly before six by a fire on Salem street in the barn at the rear of the large double house owned by Turner Brothers. The building was a large one stored with hay and was completely destroyed. The wind being on the house it was with great difficulty that it and neighboring houses were saved. The origin of the fire is supposed to be the work of children playing with matches. The barn was valued at \$500, insured for \$100.

An interesting deal in real estate was made this week when the handsome stone residence on York street owned and occupied by Fred Ryan and family was purchased by F. B. Black, M. P., of Middle Sackville. The house was built for Professor Hammond, director of Mount Allison Art Department, and occupied by him until three years ago, when it was purchased by Mr. Ryan. Since then it has been enlarged and remodelled and is in the most commodious residences in the province, while the ornamental grounds render it especially attractive. Mr. Black will remove his family there at an early date, while the Ryan family will occupy their former residence on Salem St., which has been leased in recent years.

On Thanksgiving evening the curling rink was the scene of a large gathering, the attraction being a goose supper given by Myrtle and Rebekah Jodges, I. O. O. F. Various sports and amusements were indulged in, the rink being well attended, the supper being fully up to the standard of excellence warranted by the capital of the curling clubs, and the affair was a distinct success, \$160 being realized clear of expenses.

Mr. H. M. Wood, who has spent the summer in England arrived home last week. S. S. Paisley of the Regina Leader left for the West on Tuesday after spending a short time at his home here.

Mrs. F. A. Dixon and Mrs. M. E. Humphrey, who have spent two months visiting relatives in western towns, have returned home. Mrs. Dixon is of Dalhousie, was the guest of her daughter, Mrs. H. H. Woodworth this week.

Friends of Mrs. Charles Whitcombe of Boston will hear with deep regret the news which occurred there on Thursday. Deceased was the eldest daughter of the late William Jones, of Bayfield, who died at 64th year, and was taken ill at her old home where she spent the summer. Three weeks ago she returned to Boston, passing suddenly away to the great grief of her family and friends. She is survived by a daughter, Mrs. Russell, of Boston, and a son, a professor of science, at Oxford University, Ohio. Brothers and sisters are Weston and Adie Jones, Mrs. Jacob A. Boyd and Miss Jane Jones of Sackville. The remains were brought here for burial and interred in Bayfield cemetery. Rev. B. O. Hartman conducted the funeral service.

William White Best, father of Mrs. Thomas Patterson, Sackville, passed away at his home in Amherst this week at the age of 82 years. Mr. Best was married many years one of the leading farmers of Cumberland county.

Timothy Lane, a respected resident of Sackville, died at his home on Wednesday at the age of 71 years. His illness extended over nearly a year, and he was attended by his son and two daughters. The remains were taken to his former home in Melrose for interment.

Mr. and Mrs. Fred Ryan while celebrating the 25th anniversary of their marriage on Saturday evening were agreeably surprised by the arrival of a number of their gentlemen friends who came to extend congratulations and present them with a handsome china dish.

A pleasant social event in college circles was the reception given by Dr. and Mrs. Campbell at the Ladies' College on Friday evening for the U. N. B. football team and their friends. Several musical selections were rendered during the evening, and the students attended in large numbers from the different departments of the institutions.

Mr. and Mrs. William Brown of St. John, were the guests of Mr. and Mrs. W. Davis, for Thanksgiving. Mrs. M. R. Tuttle, of Hampton, and children, spent the holidays with relatives here.

Mrs. P. E. Wheaton announces the engagement of her daughter, Mary Kathleen, to Elias S. Brownell, both of Sackville. The marriage will take place this month.

Mrs. T. F. Davies and family have returned to St. John after spending some time with Mrs. Davies' parents, Mr. and Mrs. Anderson. The home of Mrs. William Reed, Port Elgin, was the scene of a quiet, but pretty wedding on Wednesday, when her daughter, Mary, was united in marriage to Alexander Copp, only son of the late Joseph Copp, Rev. C. F. Wiggins, of Sackville, performed the ceremony assisted by Rev. Mr. Blackball of Mount Washley. They will reside in Port Elgin.

Another wedding of interest took place this morning at the home of Mrs. Harris Chapman, Port Elgin, when her daughter, Lillian, was united in marriage to Fred Ward, of the same town. The bride was given away by her brother, W. S. Chapman, Rev. J. K. Hudson tying the nuptial knot. Upwards of one hundred guests were present.

The deceased was 52 years old.

**Want a Lamp Post.**  
Com. Agar recommended that Allison and Thomas be granted permission to erect a lamp post with four lights and a sign in front of their premises, 15 Dock street, in order to design to be approved by the engineer.

**Com. McLellan** opposed the adoption of the recommendation as he thought it would establish a bad precedent. He thought that while the lamps might be desirable they should first decide on the conditions under which they might be erected, otherwise they might be called upon to discriminate against somebody not able to put up as good a light as the McAllister's or Allison and Thomas.

**Com. Agar** thought the city had the power to protect the public interest and he would call upon the engineer to report back.

**The council** then adjourned.

**PROVINCIAL PERSONALS**

(Halifax Chronicle, Nov. 4.)  
Sir Richard and Lady Weatherby have returned for the winter to the Grosvenor, after spending the summer in their pretty country place in the Annapolis Valley.

(New Glasgow News, Nov. 2.)  
Jas. Wood, Halifax, and W. W. Wood, St. John, are guests at the Vendome.

(Sackville Tribune, Nov. 4.)  
Miss E. M. Inch, who has been living in Sackville for some time, left Saturday for Fredericton, where she will spend a few days before proceeding to Home, B. C., where she has accepted an excellent position as a graduate nurse.

**Dr. and Mrs. Borden** spent the holiday at Avonport.

**Miss Alice Cole, of Rothesay,** is spending a few days with her friends in St. John.

**Mrs. Lawrence Killam** has been visiting friends in St. John.

(Chatham World, Nov. 2.)  
Mrs. W. J. Connors and little daughter, Mary Louise, have returned from a pleasant trip to Moncton and St. John.

**W. P. Eaton** returned from St. John Tuesday.

**Mrs. A. W. Watters** has returned from New Sydney.

**Rev. Mr. Staver, of Harcourt,** who has been re-elected grand worthy patriarch of the Sons of Temperance, is very indignant because a Presbytery reporter has intimated that his labors on behalf of the order interfere with the proper performance of his pastoral duties.

**In Sorry Flight.**  
Police-man Rankine gathered in a drunk on Egbert street last evening and when the man was given a drive to the central station he was too much intoxicated to give the officers his name. His face and clothing were so covered with mud that the policemen could not recognize him. He will probably be known this morning when he has his face washed.

**WEAK WOMEN**

get new life and vigor by taking Scott's Emulsion after every meal.

It revitalizes the watery blood and furnishes Nature with new nourishment to make red, active, healthy blood and feeds the nerve centers. Scott's Emulsion strengthens the bones and clothes them with healthy flesh.

Scott's Emulsion assimilates so quickly it conserves energy and compels health.

**THE EXHIBITION DEFICIT**

**Association Asks for Payment of \$3,000 Grant and \$5,000 Guarantee, but Council Wants to Know Why Balance from Dominion Fair is Not Used.**

At the meeting of the City Council yesterday a communication was received from the Exhibition Association stating that the deficit on the show for 1912 was \$12,140.25, and asking for the city grant of \$3,000 and the guarantee of \$2,000.

The Mayor advised that the association had a surplus of over \$10,000 from the Dominion exhibition which should have been carried over and the communication was referred to the commissioner of finance to report.

**Carleton Hall Leased.**  
It was decided to lease Walter H. Golding the lower hall in the Carleton public building and permit Allison and Thomas to erect a lamp post in front of their real estate office. A good deal of routine business was dealt with.

The commissioner of finance reported payments for the month of October amounting to \$54,509.26. He recommended that the following accounts, certified by the comptroller, be paid: Treasury department, \$455.30; water and sewerage department, \$2,549.33; public works department, \$1,052.25; harbors, ferries, and lands, \$1,882.63; public safety department \$862.43.

**Com. McLellan** recommended that the lower hall in the Carleton public hall be rented to Walter H. Golding for \$300 a year the lessee to make repairs, pay for lighting and heating, and any additional insurance expenses consequent on use of hall for entertainment purposes. The recommendation was adopted.

**Lighted every night** he would have no objection. The recommendation was adopted. More for Pavement.  
Com. Agar asked that \$2,000 be added to the estimate of the cost of paving Charlotte street. He said the contractor price was \$12,000, but some additional work had been done near the Dufferin Hotel and \$2,000 was increased to \$14,000. The estimate was passed.

**Com. Schofield** recommended that an order be issued to the Canadian Bank Blast Co., Ltd., to use a portion of lot on John street be cancelled and this was agreed to.

**Com. Schofield** also recommended that the city engineer be instructed to prepare plans and specifications and report on the cost of erecting a warehouse on the western side of the Queen's wharf.

The Mayor said it is in a tumble-down condition. I don't think it would be wise to build a warehouse on it.

**Com. Schofield** said Mr. Dick had suggested the building of a warehouse as he wanted to lease it. In motion the city engineer be instructed by the engineer report on the cost of a warehouse and the condition of the wharf.

A communication was received from the C. P. R. Telegraph Co., saying that the water department could use the company's poles to string the telephone wires to Loch Lomond.

**Act 2** contained seven scenes—The Famous Kitchen, Japanese Garden, Mountain Pass, again the Garden, a landscape and lower scene, winding up by a full setting of all stage for the palace and trial scene. In this part of the show, the Mad Tea Party, the Nell Brimley Girls, the Jap, Doll and Cherry Girls, the Queen and her croquet party, Indian specialties, circus setup, as well as a fine double ballet, engaged the attention of listeners and watchers for nearly an hour.

It was a distinct triumph for Miss D. Hope Leonard, the producer and for the energetic workers of the company, headed by Mrs. G. L. Wetmore.

BURGLAR ENTERS OFFICE OF CITY FUEL COMPANY

He Was Evidently Frightened Away From Premises for He Secured Very Little Plunder.

For several weeks the police department have been given a rest on daring robberies in the city, but they received a severe jolt yesterday morning when it was reported to them that the City Fuel Company's office, on Smythe street, near the corner of Mill street, had been broken into and considerable damage done.

PROVINCE WELLS FOR SHEEP

Col H. M. Campbell Says Sheep Raising Industry Could be Well Carried on in New Brunswick.

That the efforts of the government to awaken interest in the possibilities of sheep raising in the province are likely to have good results, is the opinion of Col. H. M. Campbell, of Campbell, of Apohaqui, who was at the Royal yesterday. Col. Campbell was a member of the government commission which recently made a tour of the province for the purpose of interesting the farmers sheep raising and arranging for the distribution of a considerable number of pure bred sheep adapted to conditions in various districts.

FISHERIES INSPECTOR HERE

J. P. Calder, fisheries inspector for St. John and Charlotte counties, is at the Victoria. Mr. Calder came here for the purpose of swearing in Fred Peterson as fishery guardian of the inland waters of St. John county. To a reporter Mr. Calder said quite a run of herring had struck in around Grand Manan recently, and some of the fishermen were making good hauls. Other branches of the fisheries are quiet in this district. Mr. Calder is making a trip around St. John county making arrangements for the payment of the bounty to fishermen.

THE FORTNIGHTLY CLUB

The Fortnightly Club held its first meeting of the season at the residence of the president, E. G. Murray last evening, and there was a good attendance of members. A. H. Chipman read an interesting paper on the morality of social pleasures, which gave rise to a stimulating discussion, participated in by most of the members present. Some broadsides were fired at the old-fashioned Politician. Herbert J. Smith was expected to read a paper on France as a political factor, but he was called away from the city. Alfred Dodge was elected a member of the club.

ZION CHURCH ANNIVERSARY FUNCTION

For more than an hour and a half a large audience listened attentively to an interesting and instructive lecture, "Ramblings in Palestine," given in Zion church last evening by Rev. Hamilton Wigle, pastor of the Annet Methodist church. Because of the enforced absence from the city of Rev. John E. Wilson, Hon. Robert Maxwell occupied the chair. A grand concert to be given this evening in the Sunday school hall will mark the close of the anniversary celebration of Zion church that has been going on this week. A good time is expected.

UNITY FOR COUNTRY'S PROBLEMS

Premier of New Brunswick Condemns Sectional and Personal Prejudices in Canada's Nation Building.

That unity of thought and action and loyalty to church, town and country was most essential in the nation building of Canada, was contended by Hon. J. K. Fleming, premier, in an address at a banquet given at the men of St. Stephen's Presbyterian church, last evening by the ladies of the auxiliary society. Premier Fleming declared that it was applicable to every movement, whether it be for bettering conditions in a community or solving national problems. The banquet was held for the purpose of organizing a men's guild in connection with the guild of the church. An executive committee composed of A. C. Jardine, Robert McQuarrie, Douglas McArthur, Jr., W. J. McAuley, Harry Dunn, Hugh McLaughlin, J. J. Irvine and Ernest Sterling, appointed to act with President Edward Crawford, J. C. Mitchell and Kenneth J. Taylor, in carrying out the details of the work and elected a convener.

REQUEST IN CRIBS CASE ON WEDNESDAY

PREPARING NEW LIGHTS FOR HARBOR ENTRANCE

J. J. MacPhail, of Ottawa, commissioner in charge of the Dominion department of lighthouse maintenance, arrived in the city yesterday on a tour of inspection, and this morning he will make a trip down the bay with John Kelly, lighthouse inspector, for this district, in one of the government boats. When seen at the Royal Mr. MacPhail said that while the lighthouse department was adding new lights every year, there were no changes at present in contemplation in this locality. Plans had been prepared for the new harbor range lights to serve as a guide for entering the harbor when the lighthouse on the beacon bar is removed, but it was not known when the public works department would have the dredging work sufficiently advanced to want the lighthouse on the bar removed.

BE LOYAL

"It is true there must be conflicting problems. To solve national problems we must have the spirit of give and take, a binding sentiment that the differences might be settled as by two brothers. "We can all do our bit to do this thing so important to the benefit of our country. The intermingling of the young man with the middle aged man and with the old man, is bound to be beneficial. Be loyal to your church; to your town and to your country. Do not study narrowness." That St. John people were united in their desire to do all in their power for St. John was the opinion expressed by Mayor Frink, who followed Premier Fleming. The differences that arose in St. John at such times as during an election were as nothing compared to the turmoil caused in the United States. He declared that St. John was but on the threshold of prosperity, and gave credit to the Dominion and Provincial Governments for their aid in providing facilities for St. John's advancement. The real estate transactions which meant more money for one man or another while not benefiting St. John directly served to attract attention to the city.
