JUNIOR RED CROSS WORK

The Sunshine Helpers Make Fine Portfolio Which is Being Sent To France Red Cross.

The Junior Red Cross Societies in the Hartland schools are very busy little people and this week we give an account of some of the work done by the "Sunshine Helpers," the society of Grades VII and VIII of which Miss Mary Pringle, teacher, is the director.

This work we speak of is a portfolio, the leaves of which are made of very fine cardboard, with red cardboard covers, decorated very prettily, the whole being tied together with black ribbon. The contents consist of essays, letters, etc., and many snapshots. The copying into the portfolio of the letters, essays, etc., was done by Glenn Rideout, Pauline Lipsett, and Irene Barter, and the writing is exceptionally neat. This portfolio is being sent to the Red Cross Society of France at Paris where the contents will be translated into French, after which the portfolio with its translation will be sent to some Junior Red Cross. Many invitations are given in the book for whoever receives it to send word back. Following is the contents:

Page 1, index; Page 2, Greetings from Hartland Juniors; then follows an essay on the St. John River with views; letter "Hartland"; essay, New School Building with views; two letters on Red Cross; Verse and Rhymes; composition on Fredericton with views; Canadian Sports with views; Agriculture, with views; Fur Trade and Fire Prevention; letter on Christmas. Here are some of the rhymes and yells:

We sent a box of Christmas toys
To little crippled girls and boys;
Took books, many books & dolls and toys
For each little child on Xmas day.

The Sunshine Helpers are we;
Happy as happy can be,
Making things for those who need,
The poor to clothe, the sick to feed.
Some love one thing,
Some love two,
We love Red Cross
Say, do you?

On Wednesday afternoon of last week School Secretary J. S. King invited a number of ladies of the town to inspect this work and the following accepted the invitation: I. O. D. representative, Mrs. L. E. McFarland, Mrs. Page Boyer, Mrs. S. S. Miller and Mrs. Frank Plummer; W. C. T. U. Mrs. Gay McGinley; Women's Institute, Mrs. Geo. Britton, Mrs. Harry Barter; Red Cross, Mrs. Rex York, Mrs. G. F. Bolster, Mrs. Harris Keswick; Eastern Star, Mrs. Lipsett; Baptist Church, Mrs. Simms; Methodist Church, Miss Mary Carr; The Observer, Miss M. W. Stevens.

HATFIELD & CO. LTD.
vs. CAN. PACIFIC RY. CO.

At the County Court which convened in Woodstock last week Hatfield & Co. Ltd. were awarded a verdict on account of loss sustained in the misrouting of two carloads of potatoes shipped in September, 1921, to Windsor, Ont., which were sold on a delivery basis, Michigan Central delivery.

The C. P. R. tariff then in effect, covering the commodity named, showed two specific routings, one C. P. R. and one Michigan Central, the latter being via St. Thomas, Ont. The C. P. R. delivered them on their own tracks, disregarding the instructions as shown on the original bills of lading and refused to deliver up the cars to the consignee for delivery on the Michigan Central tracks in Windsor, Ont., without the surrender of the original bills of lading, claiming that their existing tariff required the surrender of these documents.

The plaintiff's contention was that had the defendant company routed the cars as instructed they would have been delivered on the Michigan Central tracks in Windsor, Ont., as requested by the consignee.

The consignee's contract, therefore, with the plaintiff was broken because the railway broke their contract with the plaintiff and refused to take delivery, claiming that the plaintiff company of several hundred dollars on which a verdict was awarded, the plaintiff by Judge Carleton.

WELL KNOWN LADY PASSES AWAY

Mrs. Albion Foster, Wife of Sheriff Foster, Passes Away—Large Concurrence at Funeral Sunday

One of the largest and most impressive funeral services ever held in this vicinity was that of Mrs. A. R. Foster which took place at her late home at Middle Simonds on Sunday afternoon with interment at Greenwood Cemetery, Hartland.

Mrs. Foster, a year ago, had contracted pneumonia, which was so severe that her life was despaired of at that time, and on recovery, it left her heart in a very weak state, leaving her an invalid whose sufferings at times were very great. For a few weeks last summer she was able to be up and around but outside of that she has been confined to her bed, an affliction which she bore with great bravery and patience. At the time of her demise she seemed to be improving and her death, which came suddenly on Thursday morning, May 7, was a great shock to her family.

Before her marriage, the deceased was Miss Eva Campbell, daughter of the late James Campbell and besides her husband, she is survived by three sisters, Mrs. Frank Thornton, California; Mrs. Reed Chase and Mrs. Spurgeon Tompkins of Hartland and an adopted son, Glenn Thornton.

The funeral service was in charge of Rev. T. A. Woodworth, Advent minister of Simonds. Rev. J. K. King, Methodist, and Rev. W. P. Hughes, Church of England, also took part in the service. The pallbearers were Messrs. Chas. Colwell, Robert Potts, Robert Carvell, Hardie Crane, William Raymond and Hedley Moores.

The service at the grave was in charge of the Order of the Eastern Star, of which the deceased was a member. The service was very impressive. The hymns sung at this part of the service were "Abide With Me," and "Some Day the Silver Cord Will Break."

Death thus brought to a close the life work of a splendid woman who was well-known throughout the counties of Carleton and Victoria, having frequently accompanied her husband on his business trips and who, possessed of a keen mind, a ready wit and an open and hospitable nature, made a host of friends wherever she went. To Sheriff Foster, her sisters, Her adopted son, and other relatives The Observer joins with their many friends in extending heartfelt sympathy in their bereavement.

Many from all over the county were present at the funeral and among them was Sheriff Hawthorne of Fredericton. Miss Edna Foster, sister of Mr. Foster, arrived on Saturday from New Bedford, to be present at the funeral. She will remain with Mr. Foster for an indefinite time.

The floral tributes were many and beautiful. They were as follows:

Wreaths: H. V. Moores and Family, Mr. and Mrs. C. J. and W. P. Jones, County Council, Hartland Masonic Lodge, C. F. Seley and K. L. Bisbee, Sheriff and Mrs. Hawthorne, Mr. and Mrs. John Leighton, Mr. and Mrs. Frank and Arthur Thornton; H. V. Moores, Owen Kelly, Byron Robinson, Thomas McCarron, Moses Moore, Wm. Kimball, Chas. Conroy, C. M. Augherton; K. P. Lodge, Hartland Crosses: Slater and son, Mr. Potts and Mr. and Mrs. J. Keswick; Mr. and Mrs. Frank Kelly, Mr. and Mrs. George Boyer, Mr. and Mrs. H. H. Hatfield, Judge and Mrs. Carleton, Rev. and Mrs. Quigg, Mr. and Mrs.

TO SHIP POTATOES TO GLACE BAY

Hatfield & Co. Ltd. Shipping Car of Potatoes to Relieve Want Among Miners at Glace Bay.

In compliance with the request of The Woodstock Press that the potatoes shippers ship at once a carload of Carleton County potatoes to the relief of the miners of Glace Bay, H. H. Hatfield of Hatfield & Co. Ltd. this morning informed us that the car of first class potatoes that is now loading at Centreville will be shipped immediately to Glace Bay via the C. N. R. This car will be shipped out of the Hatfield warehouse and any contribution that may be made by the farmers of the county to help make up the carload will be received at the following points by Hatfield & Co. warehouse men: Hartland, Upper Woodstock, Stickney, Peel, Avondale, Lakeville, Centreville, Oils, Bellefleur, Bedes. If there are sufficient contributions a second car will be shipped to Sydney.

The co-operation of the farmers is urgently solicited and even though your contribution is small there will be room for it. The entire list of people that supply potatoes to fill this car will be published at an early date. Come on farmers and help out this they will do the rest.

not worth much to you and they mean a lot to the suffering families in the strike area. All contributions received at the foregoing shipping warehouses and Hatfield & Co. Ltd. will look after them. Haul them up and very worthy cause. Your spots are. The C. N. R. will handle these cars and free transportation has been arranged.

Mr. M. A. McAdam, Glace Bay Relief Committee, Glace Bay, N. S.
Dear Sir:—

We note in Woodstock Press that you have arranged free transportation for carload of potatoes for the Relief Committee. We are loading and shipping you this car of potatoes at once. We have asked the farmers to bring in contributions to our different warehouses which will apply against the car and as soon as we have a list of the farmers' names we will forward some to you but in order to get car out, we are loading car today.

We are shipping you this car of potatoes, Canada Grade A, in bulk 35,000 lbs. Should you be able to use another car later, no doubt we will be able to furnish same.

Yours very truly,
HATFIELD & CO. LTD.

POTATO GRADES DEFINED

The New Brunswick potato industry is in great danger of losing its reputation for high quality potatoes unless greater care is exercised in grading, says G. E. McIntosh, Fruit Commissioner, Ottawa. Although New Brunswick produces some of the finest Green Mountain and Irish Cobbler potatoes in Canada, the past season has revealed a serious menace to the industry in mechanically injured stock caused by carelessness in handling during harvesting and storage.

Potatoes damaged to the extent of causing considerable waste will not pass inspection as Canada A quality and have to be graded Canada B or Canada C. According to the Commissioner a digest of the Inspectors' reports for the past season shows that over 70 per cent of the defects found on the potatoes were caused by cuts and bruises followed by dry rot. This condition of affairs, principally caused by carelessness on the part of the growers and shippers has meant thousands of dollars' loss to the province. In order to maintain confidence in our domestic and foreign markets, potatoes must be graded in accordance with the requirements of the Root Vegetables Act and the poor stock never allowed to leave the farm.

The following is an extract of the potato grade standards as set forth in the Act, together with a brief explanation of the difference between each grade:

GRADES

(1) The following shall be the grades for potatoes offered for sale in Canada:

(a) Canada A quality, which shall include only sound, reasonably mat-

PAINS IN LEFT SIDE AND BACK

Other Troubles Women Often Have
Relieved by Lydia E. Pinkham's
Vegetable Compound

Lachine, Quebec.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my left side and back, and with weakness and other troubles women so often have. I was this way about six months. I saw the Vegetable Compound advertised in the 'Montreal Standard' and I have taken four bottles of it. I was a very sick woman and I feel so much better I would not be without it. I also use Lydia E. Pinkham's Sanative Wash. I recommend the medicines to my friends and I am willing for you to use my letter as a testimonial."—Mrs. M. W. Rose, 580 Notre Dame Street, Lachine, Quebec.

Doctor Said an Operation

Provost, Alberta.—"Perhaps you will remember sending me one of your books a year ago. I was in a bad condition and would suffer awful pains at times and could not do anything. The doctor said I could not have children unless I went under an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the papers and a friend recommended me to take it. After taking three bottles I became much better and now have a bonny baby girl four months old. I do my housework and help a little with the chores. I recommend the Vegetable Compound to my friends and am willing for you to use this testimonial letter."—Mrs. A. A. Adams, Box 54, Provost, Alberta. C

ure potatoes of similar varietal characteristics which are practically free from dirt or other foreign matter, frost injury, sunburn, abnormal growth, growth cracks, cuts, scab, blight, soft rot or damage caused by disease, insects or mechanical or other means. In this grade the diameter of potatoes of the round varieties shall not be less than one and seven-eighths inches and of potatoes of the long varieties one and three-fourths inches;

(b) Canada B quality, which shall include only reasonably mature potatoes of similar varietal characteristics, which are practically free from dirt or other foreign matter, frost injury and soft rot and which are free from serious damage caused by sunburn, cuts, scab, blight, dry rot or other disease, insects or mechanical or other means. The diameter of potatoes of this grade shall not be less than one and one-half inches.

In order to allow for variations incident to commercial grading and handling in each of above two grades five per cent by weight of any lot may be under the prescribed size, and in addition six percent by weight of any such lot may be below the remaining requirements of this grade; but not more than one-third of such six percent, that is to say, not more than two percent by weight of the entire lot, may have the flesh injured by soft rot.

(c) Canada C ungraded quality shall include only potatoes of one and one-half inches or more in diameter.

The following definitions as quoted from the Act explain the difference between the grades and special attention is drawn to the terms emphasized namely "practically free" and "free from serious damage" as the former expression appears in both the Canada A and Canada B grades, while the latter is used only in Canada C grade:

Definitions (2) for the purposes of this section.—

(a) "Practically free" means that the appearance shall not be injured to an extent readily apparent upon casual examination of the lot, and that any damage from the causes mentioned can be removed by the ordinary process of paring, without appreciable increase in waste over that which would occur if the potatoes were perfect. Loss of the outer skin only shall not be considered as an injury to the appearance.

(b) "Diameter means the greatest dimension at right angles to the longitudinal axis.

(c) "Free from serious damage" means that any damage from the causes mentioned can be removed by the ordinary processes of paring without increase in waste of more than ten percent by weight over that which would occur if the potato were perfect;

(d) "Soft Rot" means a soft mushy condition of the tissue, from whatever cause;

(e) "Abnormal growth" means excessive or second growth to the detriment of quality.

(f) "Tolerance" means the tolerance of 6 percent by weight for the defects mentioned and 5 per cent by weight for being under the prescribed size is figured on the amount examined and applies to both Canada A and Canada B Grades. An excess of six percent of any one defect or combination of defects mentioned in the Canada A grade would be a violation. The difference between the two grades

LETTERS TO THE EDITOR

NOT AFTER SENATORSHIP

Editor of the Carleton Observer,
Hartland, N. B.
Dear Sir:

My attention has been called to an article which appeared in your paper of May 6th, urging that I should be appointed to one of the vacant New Brunswick senatorships, and while I wish to thank the writer of the above mentioned article for the many kind things, he has been pleased to say about me, I wish to assure our readers that I am not an applicant for the above position.

Believing, as I do, that the Canadian Senate, as at present constituted, and with the present method of making appointments thereto, is not a democratic institution and does not serve the best interests of this country, I therefore could not accept a seat in that august body and retain by self respect, neither could I expect to retain the respect of my friends, a thing I value more highly than even a guaranteed salary of \$4,000 a year for life.

Hoping you may find room for this in your next issue, I am
Yours sincerely,

T. W. CALDWELL.

SUMMER TOURISTS ARRIVING EARLY

Nearly every day there are foreign cars passing through Hartland from the United States and Upper Canada. This week we have noticed cars from Ontario, Quebec, Massachusetts, Cincinnati, Ohio, and of course numerous cars from Maine, as well as Nova Scotia, and several days ago there was a car from P. E. I. passed through town. The summer tourist season is coming. The people of the country like to see them come. The New Brunswick Tourist and Resources Association are receiving dozens of letters every day, asking for information relative to the prospects of New Brunswick as a vacationland and needless to say the replies are being carefully and rapidly answered.

Our cousins across the border in Maine are putting over a wonderfully successful campaign to bring the summer tourists to their state and they are being assisted by their government which has charge of the arrangements. Perhaps it would be well for New Brunswick to watch the success of the Maine endeavor and thus when the time comes for our united action, we will be well informed and in this way we will save useless expenditure and be able to more fully reach the salient spots in the prospective summer tourist horizon without the necessity of experimentation. They are not only advertising for summer tourists but they are trying to find people in their own country that will settle permanently on the vacant farms of Maine and thus have a steady increase in population.

New Brunswick is awake and while we are awake we must watch proceedings everywhere.

EDMUNDSTON

Mrs. E. R. Cyr of Edmundston announces the engagement of her daughter Jeanne to Mr. Julius Schoning of Toronto. The date of the marriage will be announced in our columns later.

We regret to hear that Miss Marion Trafton has been quite unwell. She was in Woodstock last week and is under the care of Dr. Rankine. Miss Dunbar came home on Saturday.

We were glad to meet Mrs. F. Griffin on the street his week, and to know that this popular lady is getting stronger after her recent operation.

Jimmy Hardwick has been quite ill this week and pneumonia was feared but we are glad to say happily averted.

The Town Council has greatly improved the town offices, putting in new and better equipment and occupying now the space once used by the customs offices. We understand that the council plans turning the two rooms on the other side of the present offices into one large room which will be used as a council chamber. This hall will then be available for public meetings and for meetings of the Board of Trade and other municipal associations.

The Swarthmore Chautauqua will be held in Edmundston on September 7, 8, and 9 in the Assembly Hall of the school. The profit from this Chautauqua will go to the benefit of the Edmundston School for a purpose to be specified by the guarantors of the Chautauqua.

The construction work at the paper mill at Madawaska is going on as fast as possible. All the gravel has been carried and the endless teams which were to be seen going from the sand pits on the Grand Falls Rd. to the scene of the new mill have stopped.

Catholic circles were shocked to hear of the death of Sister Marthe of the Grey Nuns who passed away this week at a very early age. The deceased sister was a local young lady and was very much beloved in the sisterhood and by those who knew her.

Stevens Bros. new store at Madawaska, Maine, is now opened. It is in a convenient place for the people of that town and a good business is being done.

LAKEVILLE AMATEURS HERE LAST NIGHT

The play "Polly Wants a Cracker," staged last evening at the Neighborhood Theatre by the Lakeville Amateurs, under the auspices of the local Order of the Eastern Star was greeted by a large and appreciative audience. Much favorable comment is heard on the acting, each one doing his or her part well. Specialties between the acts were given and consisted of a humorous chorus "How do you do," by company which brought down the house, and solos by Miss Hilda Wilson and Rev. W. P. Haigh. Both these popular artists, received great applause and responded to encores. The cast of the play was published in this paper last week. Music was given for the occasion by Mrs. K. W. Kieth at the piano accompanied by W. P. Tedlie with the traps.

Moved by A. F. Campbell, seconded by H. H. Hatfield that the secretary's report as read be adopted. Carried.

The following officers were then appointed for the coming year: R. J. Potts, President; J. E. McCollum, Secretary-Treasurer and Manager; A. F. Campbell, Vice-President; James Glaysher to be hired at same rate as last year to look after the cemetery.

Moved by H. H. Hatfield, seconded by J. W. Montgomery that J. E. McCollum be authorized to arrange for an overdraft at the bank of \$100.00 to pay current expenses.

The present satisfactory state of the cemetery is due to a great extent to the untiring and very efficient work of the caretaker, Mr. Glaysher, who has made wonderful improvements in the past year. The work is very well done and the cemetery is at the present time in a very fine state of upkeep. Mr. McCollum wishes to thank the lot holders for their prompt payment of assessment and also for the aid he has received from the Executive of the company. The aid towards the beautifying of the grounds that has been received from the president, Mr. R. J. Potts and Mr. H. H. Hatfield, who have supplied flowers and shrubs, is very highly appreciated and these gentlemen have also expended considerable of their time in the management and overseeing of the work at the Cemetery.

FACTS ABOUT TEA SERIES—No. 7

The Advent of Tea to England

Tea was not used to any extent in England till about the middle of the seventeenth century, although knowledge of the wonderful qualities of the beverage had reached Europe as early as 1517. During the seventeenth century, all tea was imported from China and cost from \$25.00 to \$50.00 per pound. Not until 1836 did any tea reach England from India. In that year the first shipment was made from the now famous tea growing district of Assam. India today supplies fully half the world's tea requirements and provides some of the finest teas grown. The rich body of "SALADA" is due to the select India teas used in the blend.

NEW BOOK ON CANADIAN PACIFIC RAILWAY IS VALUABLE CONTRIBUTION TO CANADIAN HISTORY

Just forty years ago this fall the clang of a hammer in a remote vastness of the Rocky Mountains broke a silence which until a few months before had not been disturbed since the Dawn of Time. The wielder of the sledge was a vigorous white-bearded man. Around him were gathered a small crowd of onlookers. As the echo of the last stroke died away, cheer after cheer burst from the crowd. Why? The scene in its details was common-place, except perhaps for the magnificence of the setting. Why should they cheer the driving of a mere spike? Because this was not a mere spike. It was the last spike in the main line of the Canadian Pacific Railway, driven home by the hands of Sir Donald A. Smith, (afterwards "Lord Strathcona") bringing into fulfilment the dreams of generations, binding the far-flung provinces of British North America into one united Dominion, and finishing the British Empire "all red route." No wonder these men cheered. No wonder that within a few hours of the event cabled congratulations were flashing joyously Canada-wide from all parts of the world and from the Queen-Empress down.

Much has happened since that historic and tremendous day. Canada has grown to be a power upon earth in many fields a leader among nations, and the Canadian Pacific Railway has developed from a desperately struggling road which enemies said would never pay its way, into the world's greatest transportation system, with a network of steel covering the whole Dominion, with a mighty fleet of huge liners and freighters on both oceans, with a gigantic telegraph and cable auxiliary a far-reaching associated express company, with docks, elevators, lands, a powerful colonization and development department, a huge irrigation plant, a chain of palatial hotels.

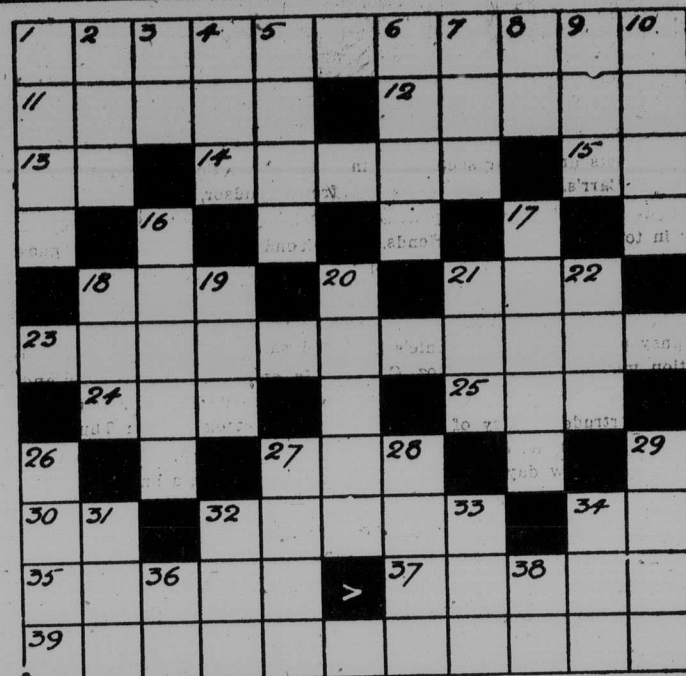

The Canadian Pacific will celebrate the fortieth anniversary of the driving of that last spike and it is fitting that the company should make 1925 a banner year. It is also fitting that in 1925 should appear a book which will serve to tell the whole story of the company in a manner that must thrill the blood of every reader. This is a copiously illustrated book recently published by the Ryerson Press, Toronto, and written by R. G. McBeth and its name is "The Romance of the Canadian Pacific Railway."

Here we have an invaluable contribution to the history of the Dominion, penned by a man who knows his subject thoroughly, though he writes entirely independently of the Canadian Pacific itself, who has never served in its employ and therefore take the impartial viewpoint. Mr. McBeth was born and bred in that western country which has been the company's chief field, a descendant of the first old Selkirk settlers, and has lived in the West all his life. He has had the advantage of seeing the Canadian Pacific grow up from the beginning, of knowing the large number of its officers and of being thoroughly au fait with this country's story in all its phases. To this he adds a rare literary ability, a tenacious memory for many interesting side lights on the matter in hand and a fine appreciation of the romance and splendour that underlie the records of the Canadian Pacific, an organization advanced and made great in the face of terrible difficulties by the dauntless faith, unyielding courage and fierce, stern effort of a host of strong men.

Mr. McBeth shows true appreciation of the inestimable benefits the corporation has brought to Canada and of its importance to the national unit. Disinterested people the world over have declared that the Canadian Pacific is the best advertisement for Canada that the Dominion has ever had and the most active agency in furthering her advance. When Canadians and indeed Britons everywhere have read, as they should read, "The Romance of the Canadian Pacific Railway," they will understand the truth of these assertions. The record in Mr. McBeth's capable hands, is not a dull one, but a living breathing chapter of Canadian history, packed with personal touches, character sketches, little known facts, all the essential outlines, romance and adventure, which make this narrative of the gigantic company a veritable epic.

"Liver Trouble so Severe I Had to Quit Work"

Mr. Thomas Honey, Brantford, Ont., writes:

"I was a great sufferer from enlargement of the liver for ten months, and finally I had to quit work. I would wake up in the mornings with a bitter taste in my mouth, had frequent headaches, yellow complexion, and pain in my right side, and between the shoulder blades. It was almost unbearable, and terribly weakening. I could not sleep at night and my heart also bothered me. But the whole trouble has now left me, thanks to that wonderful medicine, Dr. Chase's Kidney-Liver Pills."

FOREST FIRE DAMAGE FOR APRIL LARGEST EVER RECORDED FOR THAT MONTH IN THE PROVINCE

Unusual Weather Conditions Largely Accountable for Spread of Fires in South Western Part of N. B.—1400 Acres Burned Over by 14 Fires.

New Brunswick got away to an early start in 1925 in the matter of forest fires. In other years the fire season was not serious until some time in May. The losses for April have been the largest ever recorded for that month. The first fire occurred on the 6th and 14 burned at various times during the month, 1400 acres were covered by the fires, all but eighty-acres being private lands. Victoria County, Carleton County and Kings County had one fire apiece, York had two and Sunbury two. The largest number was in Charlotte, which had seven. Not only did Charlotte have the most fires, but that county also had the worst one, for the fire at Pennfield reported on the 28th covered 1000 acres, much of it young soft-wood growth. "Save the Forest Week," although well observed all over the Province, was marked by several bad fires.

These were the outstanding bad features of the first month of the forest fire season. Fires, of course, can have no good features, but there are circumstances which account for the unusual condition of serious fires so early in the spring. Chief was the early break-up of the winter in southern counties. There was a great contrast in the north, for there is still snow there on some of the headwaters, and while forest fires were burning in the south, hauling on snow was still going on in the north. In the south the fires did their outstanding damage all in one county—Charlotte, probably because that section was very dry last autumn and received little rain in the spring. Compared with the acreage covered, the damage was small, much of the area being meadows and old burns.

Fishing parties are again found responsible for many of the fires. Last season parties of that and similar nature caused 37 p. c. of the fires in the woods. There were some other causes last month. People picking mayflowers caused one fire and intentional burning of meadows before April 15th, caused others. The fire-fighting was by county councillors and local residents.

With the fire hazard increasing in the month of May, the precautions taken will be redoubled. From April 15, when the close season of fires starts, up to the present, much supervised burning took place and until May 10 this will be allowed. The policy is the same as that of last year when supervised burning caused no damage. The regulations for the issue of certificates for forest travel went into effect May 1st and are the same as last year with practically the same people issuing them. Fishing parties come particularly under this regulation.

RECENT MARRIAGES

NODDIN-THOMPSON

A very pretty wedding of unusual social interest was solemnized on April 29, at the home of Mr. and Mrs. Alexander Thompson. Lower Wakefield when their daughter, Inez P. was united in marriage to Basil T. Noddin of Lower Wakefield.

The ceremony was performed by Rev. H. V. Bragdon under arch of evergreen, carnations and ribbon, in the presence of invited guests, principally relatives. Lohengrin's bridal chorus was beautifully rendered by Miss Inez Smith of Hartland, cousin of the bride.

The bride was beautifully attired in a dress of flesh pink satin, trimmed in radium lace, with girdle of crushed roses and scarf of silk tulle, and carried a bouquet of maiden hair fern and roses.

After the ceremony a sumptuous buffet lunch was served with ice cream; Grace Melvin, Rena May and Anna Sharp, friends of the bride, acting as waiters.

The wedding gifts were numerous and expensive, consisting of silver, pyrex, linen and a number of substantial cheques. Groom's present to the bride was a Persian ivory set and to the organist a vanity set.

Among the guests from Hartland were Mr. and Mrs. Herbert Britton, grandparents of the bride, Mr. and Mrs. George Britton, Mrs. F. W. Smith and Miss Inez Smith; from Woodstock were Mr. and Mrs. Thos. Carr, grandparents of groom, Mrs. Chas. May and daughter Rena, Mr. and Mrs. Guy Clark, as well as Mr. and Mrs. Chas. Noddin, father and mother of the groom, Miss Grace Melvin, and Miss Anna Sharp of Lower Wakefield.

Their many friends join in wishing them a happy wedded life.

Kleanall

(Continued.)

Farmer Brown, he went to town to get a load of stuff, he had a little money, but he didn't have enough. So Farmer Brown said to his wife, now wouldn't it be slick, if we could only save our cash and buy our goods on tick. Now Mrs. Brown began to frown. She did not like a debt. To think of owing anyone, it always made her fret. So turning round to Mr. Brown, she looked him in the face. "For us to go in debt again it would be a disgrace. You know I've saved some money; with you I'll not be mean. I've been intending to buy a electric wash machine, but Mrs. Smith came in one time that she was there, she talked about 'Kleanall'. She told me if I used it I would not have to rub. She used it when she washed her clothes and used it when she scrubbed. And so I did that very thing, and all the time I work I sing. The wash machine can go to shucks and you can have the hundred bucks."

OBITUARY

C. DONALD BUCHANAN

The death of C. Donald Buchanan occurred at a local hospital at Bangor, Me., on Sunday, May 3, after a long illness at the age of 20 years. He was born in Fremont, N. H., later coming to Bangor, where he attended the Bangor schools being a member of the High School cadets, class of 1914. He was a member of the Essex street Baptist Church and Sunday School, later uniting with the Methodist Church at Caribou, where he moved prior to his last illness. He was a boy of exemplary character, ambitious and of high ideals. He will be greatly missed by a large number of friends, both young and old. He is survived by his father, D. Roy Buchanan, formerly of Apohqui, N. B., now of Caribou, Me., one brother, Gerald and half-brother, Robert, besides numerous other relatives and a host of friends. A private funeral was held from the home of his aunt, Mrs. A. Page, Tracey's Mills, Carleton Co., and interment was made in the family lot at the place, beside his mother, who predeceased him about eight years ago. The floral tributes were profuse and very beautiful, a silent token of the high esteem in which he was held by his many friends. The funeral services were conducted by Rev. J. W. Williams, pastor of the United Baptist church, who also rendered a beautiful solo, "Whisperings of Jesus."

Never Met Its Equal For Healing!

"Writing from Saulnerville, Digby Co., N.S., Mr. John M. Theriault says:—We find Zam-Buk a splendid household healer for cuts, burns and other accidents and skin ailments of common occurrence. One of my sons tried Zam-Buk for his boils and it did him such a lot of good, that I decided to give the talm a trial for piles, from which I had been troubled for over two years."

"Before one box of Zam-Buk was finished, I had derived such ease and comfort that I continued with the treatment. In a comparatively short time I had gained permanent relief from the piles. Zam-Buk proved equally good for chapped hands, cracked lips, etc. I've never met its equal for healing."

MONTHLY MEETING OF I. O. D. E.

The I. O. D. E. held its regular monthly meeting last Thursday at the home of Mrs. L. E. McFarland. The Regent was in the chair and a large number of members were present.

Miss Ada Boyer read a very interesting and carefully prepared report of the annual Provincial meeting of the I. O. D. E. which was held recently in Fredericton.

Among the business transacted at the meeting on Thursday was the decision of the local branch of the I. O. D. E. to pay its share of the New Brunswick quota to the fund that is being started for the National I. O. D. E. War Memorial.

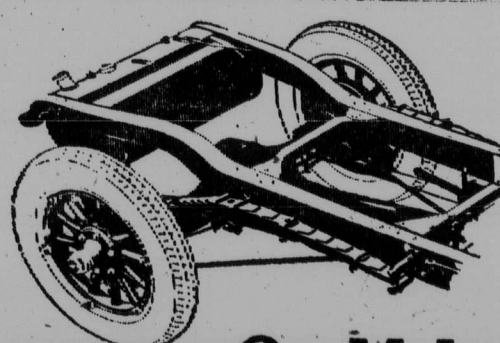

The meeting also voted to become members of the League of Nations. This society is one of international membership and is formed for the purpose of spreading the principles of world peace and fellowship.
