

**TERRIBLY HURT BY
BISCUIT MACHINE**

Charles Sidoti Met With Bad
Accident in Works of the
McCormick Mfg. Co.

ARM CAUGHT IN WHEELS

Physicians, Despite the Fact That
Member Is Mangled, Hope to
Save It.

Charles Sidoti, a young Italian who lives at 761 Dundas street, was terribly injured at the McCormick Biscuit Works shortly before noon today, by being drawn into a biscuit machine. No one seems to know just how the accident happened, but it is supposed that as there are a great many wheels about the machine that Sidoti's clothes caught.

His right arm was drawn in among the wheels, and terribly crushed and mangled. As quickly as possible he was extricated, and brought to Victoria Hospital in the city ambulance. It was found that the arm was injured terribly, but the physicians hope to save it. Sidoti suffered the most intense pain, as in addition to the arm being torn and lacerated, it had been crushed between the gear wheels.

**ANOTHER MASSACRE
AT BESSARABIA**

Lemberg, Russia, July 6.—The newspapers here report that a hundred Jews and landholders have been massacred in Bessarabia. The Jewish population is in a state of panic.

**PRINCE TELLS KING
"YOU'VE EATEN A SLUG"**

One Case Where Little Children
Should Have Been Heard as
Well as Men.

London, July 7.—This ancient but good story is now going the rounds of society.

At luncheon at Buckingham palace one of the young princes of Wales began, "Oh, grandpa," when the King interposed with some severity, "Little boys should not be heard, not heard, go on with your luncheon and don't talk."

Collapse of the small prince to whom presently the King, relenting, said:

"Well, now you can say what you were going to say." The prince retorted, "Too late, grandpa; too late." The King said, "Nonsense; if it was worth saying five minutes ago it is worth saying now."

The prince said firmly, "No, grandpa; there was an enormous slug in your salad and you've eaten him."

**BELGIANS FAVORITES
FOR GRAND CHALLENGE**

Henley, England, July 7.—The regatta for the grand challenge cup were rowed off here this afternoon, and the Club Nautique de Gand, of Belgium, and the Jesus College crew, of Cambridge, were left to contest in the final tomorrow. The Belgian rowers won today against the Jesus College crew, of Cambridge, in the time of 7 minutes 12 seconds, 7 seconds faster than the time of the heat in which Jesus College beat Leander. The Belgians are not favorites for the final.

**WILL GIVE AWAY
LAST OF HIS MILLIONS**

Chicago, July 7.—Daniel K. Pearsons, the "Sage of Elinor," already famous for his munificent benefactions to the small colleges of this country, announced that he would devote the remainder of his his 90th year to distributing among the various educational and philanthropic institutions of this city his last million dollars.

This will round out the sum that he had always intended Chicago to have, and leave him relatively a poor man when he celebrates his 90th birthday on the 20th of next April. Mr. Pearsons declined last night to indicate what institution will benefit by the remainder of his large fortune.

For virtually a quarter of a century Mr. Pearsons has devoted the major portion of his attention to bestowing his money on public institutions, which he deemed worthy, and he has already given away considerably over \$4,000,000. His gift to Chicago will mark his retirement from the role of philanthropist, for he will have only enough to insure himself a comfortable old age.

CALL FOR MISSIONARIES

Japan's Native Workers Unable to
Overtake the Needs.

Toronto, July 7.—An earnest appeal comes from Japan to Rev. Dr. Sutherland for additional missionaries for that field. The native church has not resources either of men or of money sufficient to undertake the work that needs to be done. A resolution was adopted by one of the conferences of the Nippon Methodist Kyokwai lately earnestly asking the appointment of additional foreign evangelists, with the aid of native evangelists, could greatly extend the work, and reach the vast number of cities, towns and villages that have not yet been touched.

ST. KITTS HAS 'EM.

St. Catharines, July 7.—What was a brightly lighted airship or big balloon on the last night passed over this city shortly after 9 o'clock, being seen by quite a number of persons. Whether there was anybody on board or not could not be seen. The airship, which travelled at a rapid rate of speed, was going westward.

**HAY CROP BIG, BUT
NOT QUITE AS EXPECTED**

Has Not Matured as Well as
Some Farmers Would
Have Liked.

Farmers throughout the district are very busy taking in their hay crop, and from all reports it will not be as heavy as was at first expected. There will, however, be an excellent crop, but owing to the cold weather early in the spring and the heavy rains which occurred recently it has not matured as well as many farmers would have liked. The crops in general throughout the district around London are looking very well, and it is expected that there will be a record-breaking harvest. Fruit promises to be very abundant.

**1,000 MASONS
ARE EXPECTED**

When the Grand Lodge Con-
venes Here on July 20,
21 and 22.

ELECTION OF OFFICERS

Is Attracting Very Much Interest at
This Time—Judge MacWatt Will
Be Next Grand Master.

Final arrangements for the entertainment of the Grand Lodge of Masons to be convened here on July 20, 21 and 22, will be completed on Friday evening, when the committees meet.

Everything is in first-class order, and there will be little or no difficulty in properly entertaining the visiting brethren.

It is expected that fully 1,000 Masons will be in attendance.

At the present time a great deal of interest is being taken in the election of officers.

The grand master's chair will be occupied by V. Wor. Bro. Judge D. MacWatt, of Sarnia, the present deputy grand master.

M. Wor. Bro. A. T. Freed, of Hamilton, is the present incumbent of the office, but his term expires with the convening of Grand Lodge this month. Bro. Freed has served his term with distinction, and has made himself most popular with the brethren.

Next Grand Master.

Judge MacWatt, who will succeed him, is well known among Masons, and has held other offices of influence in the Masonic fraternity. That he is well qualified for the place goes without saying.

R. Wor. Bro. Aubrey White, of Toronto, will be named for the position of deputy grand master. From what can be learned he is quite sure of the place. Wor. Bro. L. May, Ottawa, and Wor. Bro. A. Shaw, of Kingston, are also mentioned for the place, but whether or not they will allow their names to go to a ballot at this session is not known.

The Wardens.

The position of grand senior warden will come to a Londoner, and at the present time there are three names prominently mentioned for the place. They are Wor. Bro. Thomas Rowe, of St. John's, 20; Wor. Bro. W. Allen Young, of Tuscan Lodge, and Wor. Bro. E. W. M. Flock, of Kilwinning. All are well known among Masons, and there should be a close contest for the honor.

The junior wardenship, several Toronto men are named. The contest is an open one, and anything is liable to happen.

District Deputy.

For district deputy honors, three names are also mentioned. Wor. Bro. W. Wallace, of Nilestone Lodge, Wor. Bro. John Dewar, of Doric Lodge, Lobo, and Wor. Bro. G. Roberts, of Brynston.

There is the possibility of a dark horse winning the coveted honor, and it is quite within the realm of possibilities that some other lodge may get the position.

In the Sarnia district there is also quite a contest for D. D. G. M. Wor. Bro. Robt. W. Paul, of Sarnia, is mentioned, and also Wor. Bro. R. Argue, of Stratford. Both are well known, and should do justice to the position.

Plenty of Contests.

For the board of general purposes, four names are receiving consideration. They are Bros. A. E. Cooper, London; McWhorter, Petrolia; Revel, of Windsor, and Skinner, of Gananoque.

There will be a competition for other offices, and there will be plenty of zest in the convention.

Local arrangements for the entertainment will be perfect, and the visitors are sure of a good time.

**BROTHER AND SISTER DIE
AT ALMOST SAME HOUR**

Strong Coincidence in Con-
nection With Two Deaths
at Hamilton.

Hamilton, July 7.—Miss Emily Moffatt, eldest daughter of the late Robert Moffatt, died in the City Hospital last night. This morning her eldest brother, Willoughby Moffatt, also died at the City Hospital. The death of the brother and sister in the same institution within a few hours is a strange coincidence. They had both been in poor health for some time. Mr. Moffatt was 60 years of age, and his sister was 58 years old, both being unmarried, and both having resided in this city all their lives. The double funeral will be held tomorrow afternoon.

**CAUGHT IN ACT
BROKE INTO STORE**

Police Nabbed Johnstone Kirk-
patrick Who Is Well Known
to Police Officers.

HAS SERVED TWO YEARS

For Stealing Watches at the Y. M. C.
A.—Will Be Sent Back to
Mimico.

Johnstone Kirkpatrick, a young East End man, who some time ago served two years in the Industrial School of Mimico, for stealing watches at the Y. M. C. A., was sentenced to an indefinite term in the same school again by Magistrate Love this morning, after pleading guilty to two charges of theft preferred against him.

Kirkpatrick is 18 years old, and was arrested last night while trying to break into White's grocery store.

A man who lives nearby watched the boy trying to pry the side window open for some time, and when P. C. McIntosh came along reported the matter to him. He was called to the store, and having stolen a gold watch from Mr. John McInnis two weeks ago, and after pleading guilty in court the other charges were laid against him.

At first Kirkpatrick said he was not trying to break into the store, and gave his age as 15. The court told him it was useless to tell such stories, and the boy finally owned up to everything, and said he had taken the watch from Mr. McInnis' house while engaged in doing some work there.

Both Inspector Sanders and the boy's mother agreed that the best course was to send him back to Mimico. Magistrate Love suspended sentence, and remanded him for a week while the arrangements were being made. It is said that while the boy was in the school before he was a model boy and never gave the slightest trouble.

**WOMAN FOUND DEAD
NEAR PRAIRIE SIDING**

Apparently Killed by a Grand
Trunk Train While Walk-
ing on Track.

Chatham, July 7.—The body of an unknown woman was found beside the Grand Trunk tracks near Prairie Siding this morning. The dead woman was fairly well dressed. She was evidently hit by a train. No inquest will be held. Letters on her person indicate she was either Belle Weaver or Isabella Jones, of Scranton, Pa. A woman was noticed walking along the track last night.

BROKE HIS BACK.

Toronto, July 7.—John Richardson, of 30 Arthur street, died at St. Michael's Hospital early this morning, the result of a broken back sustained on Saturday, May 29, by falling from a street car. Richardson was riding on the rear platform of a King street car when a cigar he was smoking was knocked from his hand, falling on the steps. He stooped to recover it, when the car jolted, throwing him to the pavement. Richardson was 45 years old, and well known in the city. He leaves a widow and six children.

**MRS. HORSEFIELD WILL
SUE MR. LAWRENCE**

Alleges That Auto Accident Was
Due to Carelessness of the
Latter.

Miss Kate Horsefield, who was run down by Mr. Joseph Lawrence's automobile on Monday evening, will enter action against him for damages.

Certain witnesses of the accident allege that Mr. Lawrence could have prevented the accident by more care, while Mr. Lawrence, on the other hand, claims that it was due entirely to the lady's fault.

The matter has been placed in a lawyer's hands, and at the present time evidence is being secured in an effort to substantiate the claim of Miss Horsefield that Mr. Lawrence's alleged recklessness caused the trouble.

She is still confined to her bed, and suffers greatly from her injuries. No serious complications have arisen and it is likely she will be around in a few weeks time.

**PLEADS HARD FOR DOG
COURT HAS CONDEMNED**

East End Man's Foxterrier
Must Be Destroyed for
Biting Child.

Joseph Newans, an east end resident, pleaded for more than half an hour in the police court in order to save the life of a foxterrier dog that has been a pet of the family for more than 15 years.

Mr. Newans was charged by Mr. W. Doan with keeping a vicious dog, and the plaintiff stated that the dog had bitten his daughter.

Mr. Newans stated that in all the time he had owned the dog it was the kindest and most affectionate animal he had ever owned, and he did not think it was his dog, as he felt sure that it was at home at the time the girl was bitten. Both Mr. Doan and his daughter, however, were positive that it was Mr. Newans' dog.

"I feel sorry about the affair," said the court, "I am very fond of dogs myself. However, there is but one course, and if the dog is vicious it must by law be destroyed."

"I feel sorry about the affair," said Mr. Newans.

"If it is brought down to the station on Monday it will be shot," said the court. "Have you no friend to whom you could send the animal so that it would not menace people in the neighborhood?"

Mr. Newans said he had none, and pleaded hard to have the dog's life spared.

Mr. Doan, however, intimated that if the dog were not ordered to be killed, he would be convicted of the murder of his brother-in-law, Manuel Iturre, the wealthy son of an American.

In addition to the confirming of the death penalty, the court has issued a decree required Gonzales to pay to the widow of the man he murdered the sum of \$2,000. The prominence, popularity and wealth of Gonzales was relied upon to secure for him a lighter sentence.

A CONSPIRACY CHARGE

Toronto by Detective.

Toronto, July 7.—A. O. Boehmer, the Berlin merchant, who was arrested in that city on Monday on a charge of conspiracy with others to defraud a number of Toronto wholesale drygoods firms, was brought to the city yesterday by Detective Kennedy. He was taken to Court street police station and later released on \$2,000 bail, furnished by Wm. F. Campbell.

FRATERNAL DAY.
Burlington, Vermont, July 8.—Today was fraternal societies' day, and one of the most interesting of the Champlain Tercentenary celebration. Parades occupied a conspicuous part in the day's events, the fraternal societies, accompanied by much pageantry and decorated automobiles, marching in the forenoon, and the uniformed companies parading in the afternoon. The exercises were begun in the morning with a band concert, followed by an athletic cancellation. Then came the parade of fraternal societies, which was reviewed by the mayor and board of aldermen.

The uniformed companies, after parading through the streets, marched to Centennial Hall.

**PASTOR LEAVES
SEPTEMBER 1**

Congregation Accepts Resignation
of Rev. D. S. Hamilton.

WANTED HIM TO STAY

But the Reverend Gentleman Had
Made Up His Mind to Go West
In the Fall.

The resignation of Rev. D. S. Hamilton, B. A., as pastor of the First Congregational Church has been accepted by that congregation to take effect the first of September. Mr. Hamilton has not decided where he will locate, but he will take up work in the west. At a recent meeting of the board of management of the church the following resolution was presented:

The Resolution.

"In appreciation of the wish of our pastor to accept what he believes to be a call from God to take up work in the west, and realizing that we are fellow workers in the Master's cause, while sincerely regretting to lose the fellowship of one who has been so faithful a leader and friend, yet with the desire to still uphold him in what he believes to be the path of duty, we, the members and adherents of the First Congregational Church, do now accept his resignation, and wish him God-speed."

At a subsequent meeting of the congregation the resolution was proposed by Mr. E. M. Moulton, and seconded by Mr. W. T. E. Wright and carried by the congregation.

Decided to Leave.

It had been in their hands for some weeks, and pressing matters brought to bear upon Mr. Hamilton in the interim to have him reconsider his course of action, but he decided that his work was in the west, and with the deepest regret the congregation decided to allow him to follow the call of duty and go west.

The relations between the pastor and people have been singularly happy, and it was with deep regret that they were compelled to allow him to go.

No move has yet been made to obtain a successor. Steps will be taken at once by the board of management to secure a capable man. At the present time, they have no person in mind.

**A TOWN SWEEP AWAY
BY GREAT RAINFALL**

Hundreds Are Homeless and
Fifty Houses Destroyed in
Mexican Town.

Monterrey, Mexico, July 7.—With damage of three-quarters of a million dollars as a result of recent rainfall and passenger train service still lamentably crippled, a serious situation confronts Northern Mexico.

Advices from Salinas, Hidalgo, are meagre, owing to the fact that all communication with that town is completely destroyed, but it is reported that the town has been entirely wiped out, and property, loss, if not total will be great. The river which skirts the northern section of Villahermosa has left its banks. Fifty houses had been swept away yesterday, and a hundred others were under water and crumbling. Several hundred persons are homeless.

**MEXICAN MILLIONAIRE
MUST GO TO GALLOWES**

Also Must Pay \$200,000 to
the Widow of Man He
Murdered.

El Paso, Texas, July 7.—News was received here last night that the supreme court of the state of San Luis Potosi, Mexico, has confirmed the death sentence of Dario Gonzales, millionaire, who was convicted of the murder of his brother-in-law, Manuel Iturre, the wealthy son of an American.

In addition to the confirming of the death penalty, the court has issued a decree required Gonzales to pay to the widow of the man he murdered the sum of \$2,000. The prominence, popularity and wealth of Gonzales was relied upon to secure for him a lighter sentence.

**THE PRICE OF SHOES
TO TAKE BIG BOOST**

Wholesalers Announce That the
Prices Will Advance 10 to
20 Per Cent on Footwear.

Shoes are going up.
Wholesalers are sending out notices that the price of shoes will advance in price from 10 to 20 per cent. The reason for this is the advance in the price of hides and raw material. Hides could be bought last year for 6 1/2 to 7 cents a pound, now cost 14 to 15 cents, and it was inevitable that shoes should follow the hides in their upward career.

"The price of shoes will advance," said Mr. Joseph P. Cook, of the Cook-Fitzgerald Company. "The price of hides and consequently leather has advanced very rapidly during the past year, and it is impossible to manufacture shoes at the present selling price. The advance will be from 10 to 20 per cent."

The retailers have not advanced their prices as yet, but it is certain that they will follow the prices up as soon as the wholesalers do so.

**SIX MONTHS FOR
WILLIAM M'KENNA**

Had Agreed to Get Out of Town,
But Did Not Do So.

William McKenna was sentenced by Magistrate Love this morning to six months in the Central on a charge of vagrancy. McKenna was told a couple of weeks ago that if he came up again he would be sent down.

He agreed to get out of town, and did for a few days, but yesterday came back and commenced his old habits of drinking.

"Give me a chance to pay a fine and get out," said McKenna.

"All right," said the court, "I will fine you \$50 or six months."

PORT STANLEY POPULAR FOR CHURCH PICNICS

Four Were Held at the Lakeside Yesterday—All Were Successful Affairs

Yesterday was a big day in the history of Port Stanley. Four large picnics went from this city to enjoy themselves in the cool of the lake breezes. The churches represented were Memorial, All Saints, St. James and the Maitland Street Baptist.

It would hardly have been possible to have found a better day, everything seemed to be in favor of a thorough enjoyment of the occasion, and the very large crowd that gathered certainly took every advantage of the occasion.

Memorial Church Picnic.
The members of the Memorial Church Sunday school journeyed to the Port by the Pere Marquette and the traction company. There was a fine series of sports run off, and at the conclusion supper was served in the pavilion on the beach. The committee who had these arrangements in charge was composed of Mesdames Orr, Atkins, Treleven, Scriver, Nash and other ladies. The sports were under the supervision of Superintendent S. Rae, Mr. Welsh, Mr. A. Nash, Mrs. Rae, Mr. John Manning and others.

Among those present were: Canon Hague, Mr. J. O'Dell, treasurer of the Sunday school, and the assistant rector, Rev. John Morris.

All Saints.
Preparatory to starting for the picnic the members of All Saints' Church met at the church at 8:45 a.m. to pray for a fine day. From there they went to the traction company station, where they started for the Port at 9:30. There were about 300 members in attendance, and the picnic was about the biggest in the history of the church. There was no regular programme of games, the children and their elders preferring to enjoy themselves according to their own individual tastes. The many attractions of the Port, including the bathing, came in for a goodly share of patronage. Luncheon was served on the heights. And everyone was completely satisfied with the way the picnic had succeeded.

St. James.
There were about 600 in the party that left St. James' Church for the picnic grounds at Port Stanley at 9:45. The morning was spent as the children saw fit, and at noon dinner was served on Fraser Heights. After the sports began, and were heartily enjoyed by all. Very interesting contests were the rule everywhere. After the programme of sports had been concluded the party adjourned to the beach, where there was boating and bathing to be enjoyed. And some of the party took a delightful trip on the lake in one of the pleasure steamers.

Everyone united in characterizing the day as one of the best picnics the church has ever held.

Maitland Street Baptist.
The picnic of the Maitland Street Baptist Church was also an unequalled success. There was a very large turnout and everything was done to give the children a memorable day to look back upon, and in this these in

Lit a Match in a Gas Filled Room

Wallaceburg, July 6.—While investigating a noise in the attic, Mrs. John Hurley struck a match, igniting gas with which the room happened to be filled. She was instantly wrapped in flames. The unfortunate woman fell from the ladder on which she was standing, spraining her ankle.

Agonized by pain, she rushed out upon the street, thereby fanning the flames which, however, were extinguished largely by the courage and presence of mind of her daughter, Maria, who threw a blanket over her mother.

Mrs. Hurley was severely burned.

Bribed a Path To Better Jobs

Montreal, July 6.—Details of all sorts of big and small graft were brought out through the day at the royal commission probe.

Dr. Charles Lafleur swore that he had given Alderman Nault \$300 for an appointment, putting the money into an open safe in the alderman's store. He did not get the job, and got his money back from the same safe drawer. Ald. Nault was called, and said he did not remember this episode, and that he had had no \$300 transaction with Lafleur.

Joseph Desautels swore he had been paid \$300 by a man named Metayer for a job as treasurer. This story was partly corroborated by Desautels' wife, while Metayer swore he had paid the \$300, and then been suspended from

the force because he wanted it back, but on threatening to expose the principals in the deal, had been reinstated.

All this was denied by Sub-Chief Marin.

Roderigue Collette, a fireman for 27 years, testified that he could not get promotion, being too poor to buy it, and a gentleman named Martineau told the story of his efforts to get promotion for a friend on the brigade, and was told by the captain that if the man could put out all the fires in Montreal he could not get promotion without money.

Another of Martineau's friends paid \$250 for a job on the brigade, and Martineau told to get \$50 of it back, but was told by the captain that he only got \$25 of it, and the rest was passed on to the alderman.

STILL THEY SWARM TO THE LAKESIDE

Port Stanley Fast Filling Up—Yacht Saved From Fire Twice One Day.

[Special to The Advertiser.]
Port Stanley, July 6.—The last few days have seen a great influx of summer visitors. The hotels, boarding-houses and cottages are filling up rapidly.

The guests who are located at MacDonald Place are: Mr. and Mrs. Joseph Johnson, Mrs. Lyon, Mrs. Jeffrey, Miss Edith Johnson, Miss Edna Sharpe, Miss Jessie Johnson, Miss Ethelyn Johnson, Miss Marjory Lyons and Miss Edythe Vanstone, all of London; Mrs. Green and Mrs. Stewart, of Detroit; and Mr. Holstein, of Cleveland.

Last evening at 11 o'clock, the little gasoline yacht Bullock, owned by Wm. Green, of St. Thomas, was noticed to be on fire. The alarm was at once given, and the blaze was soon extinguished. In half an hour or so the boat was again ablaze. Once more the fire was put out, not, however, before about \$200 damage was done. The origin of the blaze is a mystery, as the boat had not been in commission all day.

Miss Gipsy King and Miss Margaret King, of Chatham, are visiting Mrs. E. T. Smith, at Idlewild Cottage, Orchard Beach.

J. Talley, of Peterboro, representing the Oddfellows' Relief Society, is trying to establish a local branch here.

While Dr. McDonald and a merry party were enjoying a pleasant cruise on the steamer Glen Erie last evening, the doctor had the great misfortune to lose a good hat.

Dr. I. H. Douglass, of Springfield, spent the week-end with his parents at Lillabui Cottage on Fraser Heights.

Dr. and Mrs. Edwin, of St. Thomas, spent Sunday with friends here.

Miss Iva Stroyer, of Amasa Wood Hospital, St. Thomas, is the guest of Dr. and Mrs. D. M. McKillop, at Lorne Cottage, Fraser Heights.

Robert Spittal and family, of London, are occupying their cottage, The Bungalow, at Eric Rest.

The C. W. B. M. of the Christian Church, St. Thomas, held their regular monthly meeting at the cottage of Mrs. D. A. McKillop on Fraser Heights this afternoon.

The large attendance, and all enjoyed the delightful outing. They came down on a special traction car.

Mr. and Mrs. G. H. Merritt, of London, and Mrs. Pann, of Lethbridge, Alta., are visiting here.

Dr. Watling and John W. Watling, of Fraser Heights, are spending a few days in Detroit.

A. C. Kerr and Mrs. Kerr, of Westcott Cottage, Fraser Heights, have returned home after holidaying in St. Thomas.

Miss B. M. Brady, of Chicago, who has been visiting friends on Fraser Heights, left today for Seattle.

Robert Hutchison, B.A. of the Simcoe high school, is the guest of Dr. J. D. McDonald.

The Misses Morrill, of London, are the guests of the Misses Pavey, at Rustico Cottage, Fraser Heights.

TO MEMORIALIZE 100 YEARS OF PEACE

Celebration May Be Arranged Between the U. S. Government and Canada.

Ottawa, July 6.—The suggestion made by Hon. Mackenzie King at Harvard commencement last week that Canada and the United States should fittingly commemorate the hundred years of peace between the two countries by the erection and dedication of some striking international monument is likely to bear fruit in joint action by the Governments at Washington and Ottawa.

It is known that Sir Wilfrid Laurier is in accord with the suggestion of the minister of labor, and it is not at all improbable that steps will be taken by the Canadian Government to invite the co-operation of the United States Government in arranging for a celebration of the close of the war of 1812-1814 that will be a memorial to the striking object lesson in the histories of peace, as opposed to those of war, in settling international differences.

LONDON SEES PLAY OF MRS. G. C. WEST

Mrs. Patrick Campbell Has Stellar Role—Critics Call Action Slow.

London, July 6.—Mrs. George Cornwallis West, who was formerly Miss Minnie Jerome, of New York, added another to her claims to be considered the most versatile women in London by launching her first play this afternoon at the Hicks Theatre. It is a society comedy, entitled "His Borrowed Plumes."

The house was packed with persons prominent in society, a large majority of whom were women. Mrs. Cornwallis West and her two sons, Winston and John, occupied box and applauded vigorously. Ellen Terry and a party of guests were present, as were Earl and Countess Grey, the Duchess of Marlborough, Lord Charles Beresford, Mrs. I. K. Kipling and Lady Darnley.

Mrs. Cornwallis West had the advantage of the finest possible acting and mounting, which made the most of her play. The stage was gorgeous and the hats marvels of size.

Mrs. Patrick Campbell took the principal role, that of a literary woman whose husband, also with literary ambitions, loved another woman of the adventuress type. The husband was played by Dawson Miller, and the adventuress by Gertrude Kingston. Henry Ainley took the part of the man who loved the heroine and tried to persuade her to leave her faithless husband. The critics say the action of the piece is slow.

Mrs. Cornwallis West declared today that if the effort succeeds she will write a political drama.

THAT NIGHT AIRSHIP

Boyd Refuses To Disclose Whereabouts of His Craft.

London, July 7.—Dr. Boyd, inventor and builder of the new English airship which has been making flights at night, says that a millionaire director of one of the principal railroad companies and other very wealthy men are interesting themselves in forming a private company with a capital of a quarter of a million pounds sterling (\$1,250,000) to operate the patents which are being taken out in connection with his airship.

Dr. Boyd hopes to begin daylight trials of the machine about a month hence. He refuses as yet to reveal the whereabouts of the ship.

The other London newspapers with one minor exception, ignore the accounts of the airship so far.

GOULD'S COUSIN DEAD.
St. Louis, July 7.—Reid Northrup, formerly head of the refrigerator service of the Missouri Pacific Railroad, died suddenly last night at his home. He was a cousin of George Gould, and some years ago was prominent in club and social and business circles. The family refused to discuss his death last night or explain what caused it.

Mr. Northrup had been under treatment in various sanatoriums, returning to his home only recently.

Soap That is Best for the Baby's Bath

Baby's skin is very sensitive to soap; some soaps soothe and nourish, while others inflame and irritate. It is of the utmost importance that you know what soap to use, and to do this you must know what is in the soap.

So let us explain how we make *Infants' Delight*. We first go for pure vegetable oil to France. There we pay often double what we might pay. But the oil we get is pure enough to use on your table.

Then we go more than 12,000 miles to the isle of Ceylon for pure coconut oil. Both oils are carefully tested by chemists and doubly boiled.

Next they go through our own special milling process and fall like flakes of snow into enormous bins. Then they are crushed under a weight of 30 tons to press out the moisture.

Finally they pass through granite rollers and come out in miles of silky ribbons. Then they are dried eight times and stamped into oval cakes that just fit the hand.

Isn't it worth while to have soap like this for your baby? Why risk using common soaps when this excellent kind costs no more than others?

This lovely soap leaves the baby's delicate skin as soft as velvet and as smooth as silk. Even the baby knows the difference in this delightful soap—so we call it *Infants' Delight*.

Baby will like the perfume too. It is so dainty and fragrant—only the exquisite scent of the rose. If this soap is pure enough for the baby's skin it surely is best for your own. Try one cake—you owe it to baby and yourself.

10 Cents a Cake At All Dealers

How to Bathe the Baby
Rinse the body with clear, warm water and then rub in a rich lather of *Infants' Delight*. Then rinse off the lather with clear, lukewarm water and wring out over the skin. Pat the baby's skin dry with a cloth but never rub with a towel for it coarsens the texture of the skin.

ELLA GINGLES TRIAL

She Brings in the Name of Politician Tom Taggart.

Chicago, July 6.—The name of Tom Taggart, of French Lick Springs, Indiana, was brought into the record of the Ella Gingles trial in Judge Brentano's court here today.

The young Irish lacemaker, on cross-examination, had told of the alleged search of her room by Miss Agnes Barrette, her accuser, and the late Mrs. Cecil Kenyon, looking for lace which Miss Barrette claimed Miss Gingles had stolen.

This brought the story around to Miss Gingles' visit to Miss Barrette's room in the Wellington Hotel on a subsequent occasion, when, according to Miss Gingles, she was forcibly disrobed by Miss Barrette and Mrs. Kenyon in an effort to use for white slave purposes.

"Was any man mentioned?" Assistant State's Attorney Short asked.

"Yes," answered the young woman. "Tom Taggart."

"You knew he was proprietor of French Lick Springs?"

"Yes."

"Isn't it a fact that you were told that name to make a sensation in your story?"

"No, sir."

"Who mentioned the name?"

"Miss Barrette. She said: 'If Taggart were only here.'"

Last Friday Miss Gingles testified that

KING PETER FAINTS.

Vienna, July 7.—A telegram received here from Belgrade says that while King Peter of Serbia was riding in the park yesterday he fainted and fell from his horse. He was taken to the palace, where it was found that, except for a few bruises, he was not injured. The fainting is attributed to excessive smoking. His majesty is now quite recovered.

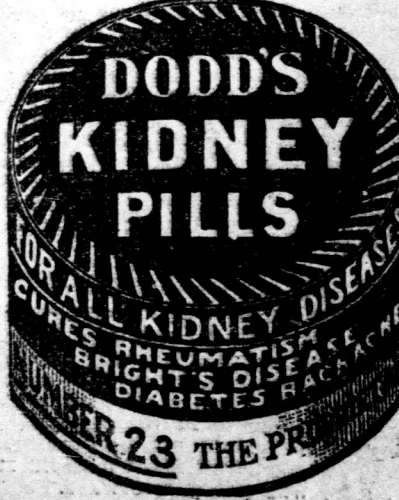

WANTS TO WED PRINCESS

Eccentric Man Goes to Windsor to Marry Victoria.

London, July 6.—An eccentric gentleman arrived at Windsor and requested the porter at the station to take his card up to Windsor Castle, so that they might know he was there, and send a carriage for him.

He had, it appears, come to Windsor for the purpose of marrying Princess Victoria. He was well dressed, in a complete wedding outfit—frock coat, tail hat and well-greased trousers—and he carried, in addition, a leather suitcase, in which, he explained, he was carrying his going-away outfit.

He waited some time at the station, and, as no carriage came for him, set off to walk to the castle. On his way he was detained by a policeman, and taken in charge. To the police he stated that the Queen had made arrangements for his arrival. He turned out to be a well-known and well-to-do local architect, and he was removed to the infirmary, pending the arrival of his friends.

ONTARIO'S YIELD OF ORES AND MINERALS

Twenty-Six Millions the Value of the Output, Says Mine Minister.

Toronto, July 7.—The aggregate production from ores and minerals in Ontario the past year amounted to \$26,616,795, as compared with \$25,019,373, the previous year, according to the annual report of Hon. Frank Cochrane, minister of lands, forests and mines, issued yesterday.

The minister says: "Silver and nickel were the principal items in the list of metals, the yield of the former being 13,401,021 ounces—practically all from the mines of the Cobalt camp—and of the latter, 10,175 tons, by far the larger proportion of which came from the deposits of the Sudbury region. The low prices which prevailed throughout the year depressed the value of the silver production, which was returned at \$9,116,008.

"It may be pointed out," continues Hon. Mr. Cochrane, "that Ontario now occupies a leading place among the silver-producing countries of the world, having contributed about one-ninth of the entire reported production in 1908. There was raised and shipped from the mines of Cobalt last year 24,453 tons of ore (including concentrates), which was considerably more than the total production up to the end of 1907. The average contents of the shipments for 1908 was 74.8 ounces of silver per ton, compared with 80.6 ounces up to the 31st of December, 1907."

The production of nickel in 1908 was valued at \$1,869,059, and of copper at \$1,071,140. The ore mines of Ontario yielded 216,177 tons of ore last year, worth \$574,839, and there was made at the blast furnaces 171,656 tons of pig iron, valued at \$4,390,839.

Proceeding, the minister points out that "the revenue from timber dues amounting to \$1,618,242 58, was the largest in the history of the Province. Of this amount, however, \$496,000 accrued during 1907, but owing to financial stringency payment was not enforced during that year. The collections proper for 1908 were \$1,224,242, and we cannot forward 1909 \$235,368, owing to inability of lumbermen to pay.

"In the history of the department," says Mr. Cochrane, "it has never been the practice to insist upon payments being made if the parties were shown to be in circumstances where the enforcement would ruin them. They were extended every leniency if the security was sufficient, interest at the rate of six per cent per annum being charged on all balances unpaid at the end of the year. The situation of the lumber trade has slowly improved during the past year, and the recent stringency would seem to be passing away. One effect of the stringency of last year has been the curtailment of the output of the present winter, as from reports received the output of this year will be very much below that of last."

The minister gives a detailed report of the operations of the fire-rangers. "The department," he concludes, "is always pleased to receive suggestions as to the improvement of this service, and to give consideration to whatever appears desirable for that purpose. The only recent suggestions of any importance have been that the num-

ber of men should be increased, and that their pay should be adroit. The department considers that the territory is pretty well guarded now, except perhaps in a few dangerous localities, as to which special action can be taken; and as to the increased remuneration, the department feels that it should be undertaken by the parliament here, that members of the department of benefit from the service, that is the timber licensees."

CANADIAN MINISTERS ARE INTERESTED

Were in Syndicate Said to Have Been Formed by Mitchell.

New York, July 6.—The hearing took place before Commissioner Shields today in the extradition proceedings against William S. Mitchell, who was arrested here on June 24 at the instance of the Canadian Government on a charge of having obtained \$5,000 from Alexander C. Rose under false pretenses in connection with the transfer of an option on some Cobalt mining property. It brought forth admissions by Charles Fox, counsel for the Canadian Government here, that members of the Canadian Parliament and two cabinet ministers were interested in the mining scheme.

It also developed that at the time the mining option was transferred to the syndicate which Rose organized, Mitchell, the nominal plaintiff, gave to Mitchell a release from all liability in the deal.

William C. Strang, a hotelkeeper in Montreal, was called as a witness for the defense, and told about the meeting of Mitchell and Rose in Cobalt, and of the organization of the syndicate on the train returning to Montreal. In this syndicate, he understood, the Canadian politicians involved are interested.

AUSTRALIA NOT ARID.

Melbourne, Australia, July 7.—Senator McCall, who represented Australia at the farming congress held recently at Cheyenne, Wyoming, today, said to the Australian farmers assembled in convention at Bendigo that Australia was a much better agricultural country than either the United States or Canada. He combated the idea that Australia was arid, saying that he had seen drier areas than those of Australia successfully farmed in America.

GOTHAM'S ASSESSMENT.

New York, July 6.—Andrew Carnegie and Mrs. Russell Sage are assessed as possessing \$5,000,000 worth of personal property each in New York City on the rolls presented to the board of aldermen today.

John D. Rockefeller's personal property assessment is \$2,500,000, and that of seven members of the Vanderbilt family aggregates \$1,340,000. J. P. Morgan is down for \$400,000, while the late H. H. Rogers and Wm. Rockefeller are each assessed \$300,000. The increase of the year in the general assessment of real and personal property is about \$100,000,000. This is \$400,000,000 less than the average increase for several years past.

The total assessed valuation this year is \$7,250,500,539, of which \$6,507,197,704 is in real estate.

Because of the small appreciation in values the tax rate will probably be increased from \$1 61 to \$1 70 on the \$100, this year.

THE PORT OF MONTREAL IS TO BE DEVELOPED

Millions Will Be Spent to Make It One of Finest in World.

Montreal, July 6.—The early submission of a large scheme for the development of the port of Montreal, probably involving an expenditure of many millions of dollars, is fore-shadowed in the annual report of the harbor commissioners to the minister of marine and fisheries, which was made public today.

After sketching the work which had been accomplished during the year 1908, and stating what is under way, Commissioners Stephens, Gordon and Ballantyne point out the great natural advantages which Montreal enjoys as a port, the work of development already accomplished, and then concludes with the following:

"The port of Montreal, because of this wonderful inheritance, is destined to become the great trans-shipping point for Canadian commerce."

"Only the indifference of Canadians to the splendor of their opportunities can prevent this achievement."

"Statements such as these cannot be seriously made without a realization of what they mean."

"They are made with the full conviction that such a destiny awaits the port of Montreal, to reach which requires the combined efforts of all true Canadians."

"It is with these thoughts in mind that the commissioners resort to the long to submitting to their fellow-countrymen a comprehensive scheme of port development on broad national lines that will demand the pride, the support and the confidence of the nation."

"Again they state: 'Great works must be undertaken, facilities must be created, and money wisely spent to meet the demands of Canada's increasing business. The St. Lawrence waterway must be made the great Imperial highway of commerce on the North American Continent.'"

"Another interesting feature is a clear warning given to British insurance that unless they promptly follow the lead of the Scandinavian Lloyds in recognizing the improvement of the St. Lawrence by a substantial reduction of rates, the trade of the route will pass entirely out of the hands of British shipping."

MANITOBA'S FAT CHECK

Manitoba Government Pays \$419,123—Half Annual Subsidy.

Winnipeg, Man., July 7.—A check for \$419,123 53 has been received from Ottawa by the Provincial Government, being half the amount due annually to the Province of Manitoba from the Dominion under the terms of the British North America act as amended in 1907.

The province receives money from the Dominion Government under four heads, 80 cents per head on population grant for local purposes and support of Government and Legislature allowance in lieu of lands and interest on capital account.

THE CHINESE LOAN.

London, July 7.—The British, German and French bankers concerned in the Hankow Sze Chuen Railroad loan of \$27,500,000 today began consideration of the terms under which American are to be admitted to participation in the loan. Their sessions probably will be prolonged, as it has been found necessary to cable Washington for information regarded as essential to the American case.

The Americans are represented by E. C. Grenfell, of J. P. Morgan & Co.; Otto Kahn, of Kuhn, Loeb & Co.; and William D. Straight. The British representatives are William Keswick, M. P.; C. Meyer, of the Perkins Syndicate, and Sir T. Jackson. Germany is represented by two delegates each.

"KING OF PICKPOCKETS" DEAD.

Montreal, July 6.—Percy Brown, known as the "King of Pickpockets," died last night St. Vincent de Paul Penitentiary. Brown had been known to the police for years, ever since 1888, when he graduated from the apprentice rank to the level of a full-blown pickpocket. He had since continued his depredations with wonderful success, following round race meets and other crowds.

Brown was arrested last year and sent down for five years in the penitentiary. His first year had just about expired. He was quite young, aged 29, and succumbed to a severe attack of phthisis.

EAST LONDON

AN EAST END MAN IS ALLEGED TO BE MISSING

Said That Michael Sullivan Has Deserted His Wife on Charlotte Street.

It has been reported to the police that Michael Sullivan, an Italian, of 453 Charlotte street, has deserted his wife and four children, taking with him about \$300, part of which he secured by selling his home and furniture before leaving, and part being withdrawn from the bank account.

It is alleged that Sullivan abused his wife in different times, and that last winter he put her out. She was taken to Police Magistrate Love by a friend who acted as intermediary. The magistrate had the matter settled then, and notified Sullivan that if he did not attend to the needs of his wife and family and allow the lady to remain in her home he would be prosecuted.

Although the matter appeared to have been settled, Sullivan did not forget it. One day last week it is further alleged, he sold the house for \$1,200, giving his wife \$500. He told her that he was going to Toronto to buy a small business, it is alleged, and after selling a stove and other articles informed her that when he wrote for her she should sell the remainder and join him in the Queen City.

He withdrew what money he had in the bank, according to the story the amount to about \$1,000, and left for Toronto. His eldest son, a boy of 14, accompanied him. Several days passed, and when he did not return, Mrs. Sullivan became uneasy and told a number of friends and neighbors. Later she notified the Toronto police and sent his photo there.

Mrs. Sullivan, who is scarcely able to make herself understood, does not know what her husband's Italian name is. He had worked with the Italian men on the roads out of London for some time. Sullivan are endeavoring to buy the home again with the money which she was able to raise.

He graduated from the Paisley Technical College and also from the Providence School.

He is enthusiastic in his work and is confident that he can make it a success. He is a member of the Normal School, will supervise the work for a time.

CORRESPONDENCE

Cruelty to Horses.

I perfectly agree with Fair Play. The liverymen are to blame in hiring their horses to young men of disreputable character. If they would only follow the one that hires the horse, they would find the rest of the gang about three or four blocks away, waiting for him, with a whiskey flask in each pocket, and when they are emptied, woe be to the poor horse! If only the Local Council of Women—who do a great deal of good otherwise—would petition Parliament that the fine for cruelty to animals be raised to \$50, instead of a paltry \$10, I am sure our worthy police magistrates would be as pleased as we would be, and the extra money would perhaps be the means of putting up some more drinking fountains where the water would flow in better than it does now.

Fair Play suggests cat-o'-nine-tails. That is a good idea, too. Have a public whipping-post and Inspector Lutman to lay on.

Also, why don't the Humane Society have an officer always on the lookout? There are numbers of cases of cruelty, such as boys driving butcher and grocery delivery horses, and especially new ones—who think it is a smart thing on a hot day to gallop a poor horse and suddenly pull up, until the animal almost stands up in the air. I pity the horse, and often wish I could do the same with the offenders. There are more lame horses in London than one would see in all Toronto.

London, July 6.—A deputation from the Women's Freedom League, presented itself at the entrance to Parliament last night, and renewed the demand for an audience with Premier Asquith to discuss the suffrage question, claiming the right to discuss interview under a statue of Charles II.

The Premier again declined to receive the deputation, and the league is now determined to seek an audience with the King at Buckingham Palace on Thursday.

The deputation remained at the door of the House of Commons, and the league has decided to send relays of women every three hours to relieve those in waiting. A deputation will thus remain in front of the House until Thursday morning, unless the Premier consents to receive it.
