COUNCIL AND UTILITIES AT WAR

London Manufacturers To Benefit Under New Trade Pact

BATTLE ON OVER POOL EXPENSE

City Council May Demand Control of Playgrounds Budget. .

COMES OUT OF TAXES

Aldermen Will Discuss Spending Principle at Special Meeting.

Members of the city council are hot on the trail of the public utilities commissioners and a showdown on the playgrounds tangle is promised when the council meets in special session tomorrow night. The opening of the Thames park swimming pool is likely to turn into a fight to gain direct administration of parks and playgrounds by the council.

Because the council raises the funds to operate the parks and playgrounds, aldermen declare that they should have more direct administration of policy in these departments. They are ready to assert this right at tomorrow's council session.

The mayor today authorized a special council meeting for Tuesday, and stated that he is in favor of opening the Thames park swimming pool without any further ado, the swimmers assuming personal risk in using the pool. He has some support in this campaign.

Call for Showdown.

On the other hand, several of the aldermen today called for a showdown of the whole playgrounds tangle, so that direct administrative title would be vested in the authorized directors of the city tax rate. Ald. John Ashton and Ald. L. H. Douglass were the first to go on the warpath today in an effort to gain more rights in playground and park administration.

"The council finds the money for parks and playgrounds," asserts Ald. John Ashton. "There will never be satisfaction until the council handles expenditures. It will prevent making the playgrounds a political football if the council has the control."

Ald. L. H. Douglass endorses such a measure as would put the parks and playgrounds in the hands of those who provide expense money for them.

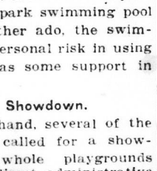

Tax Rate a Problem.

The aldermen point out that their task is to keep down the tax rate to a reasonable figure and at the same time provide satisfaction in a great many departments which are not self-supporting. They assert that they cannot spend money indiscriminately on swimming pools and other playground work. They cut playground estimates, they admit, but they also lopped big chunks from the requests of other spending bodies.

Ald. Edwin Smith today qualified his stand on the Thames park pool with a statement that he is anxious to fully investigate the health requirements at the swimming pool before taking action to open it.

The Weather

FORECASTS.

Moderate winds, unsettled with showers in many localities tonight and Tuesday.

A moderate depression is centered over the maritime provinces and a shallow trough of low extends from Lake Superior to the southwest states, while pressure is increasing over Manitoba. Showers have been almost general from the Ottawa valley eastward and good rains occurred last night in southern Alberta.

Angry Bear Kills Man

North Bay Farmer Unwittingly Enters Animal's Lair.

Canadian Press Despatch.

North Bay, June 22.—Eugene Genereaux, an unarmed farmer, was mangled to death when he unwittingly entered the lair of a bear with two cubs in an old house a few miles from here yesterday.

Blood-spattered walls and the mangled body, one hand chewed off, were discovered when a search party started out for Genereaux when he was found to be missing. Other evidence told the story.

Genereaux had gone to the neighborhood of the old house to pick rhubarb he had found, laying the rhubarb on the porch. It is conjectured the bear, a female, attacked Genereaux as he neared the cubs, for there is evidence that the bear had been using the old house as a lair and had two cubs with her.

SLAIN MAN IS "WALKED"

Murdered Convict Is Thrown Into Ocean at New York.

DOG FINDS BODY

Associated Press Despatch.

New York, June 22.—Three new death mysteries confronted the police of the metropolitan area today. In two cases dogs found the bodies.

Two men in bathing suits "walked" the body of a murdered escaped convict 1,500 feet along Rockaway beach, allayed suspicion of late bathers by saying that they were taking a drunkard out for the sea air and dumped the body into the ocean.

A dog later discovered the body. It was that of Joseph Mooney, a man with a long record of crime, who escaped from Sing Sing prison last July. He had been shot twice through the head. A trail of blood led police to a cottage in which seven men in bathing suits were arrested. They said Mooney was shot in a row with four other men at the cottage. A woman told police she asked the two men on the beach what the trouble was.

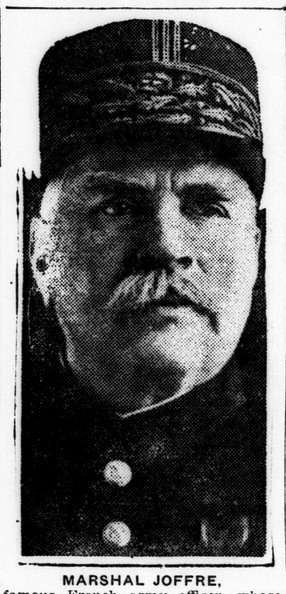

"He's drunk," the men replied, "and we're going to walk him until he sobers."

THREE PROMINENT MEN NOMINATED BY LIBERALS

Canadian Press Despatch.

Hampton, N. B., June 21.—Sterling I. Keith of Havelock, one of the Liberal organizers for the province; Dr. L. S. Murray, mayor of Sussex, and Edward S. Carter of Wairville, former editor of the Saint John Telegraph-Journal, were yesterday chosen unanimously to be the government candidates for King's county in the forthcoming provincial general election.

PROPOSED TRADE PACT TO STIMULATE EXPORT TRADE OF CITY FIRMS

Secretary W. H. Wood Points Out Benefits Likely To Arise Under Agreement.

CHEAPER FOODSTUFFS

Makers of Gloves, Corsets, Machinery and Boots Favorably Affected.

Belief that Hon. J. A. Robb's proposed treaty with Australia will stimulate, to some degree at least, the building of export business by London manufacturing concerns, is expressed by W. H. Wood, managing-secretary of the London chamber of commerce. A number of the articles upon which Australia grants British preferential rates are manufactured in this city, including textile gloves, corsets, machinery and boots and shoes. On the other hand, London housewives may get cheaper and better raisins and dried currants, dried apples and other dried fruits, pears, quinces, apricots and nectarines, as a result of Canada's concessions in the entry of these Australian products.

Depend on One Another.

"Anything which will favorably affect the business conditions of Canada as a whole is bound to have a beneficial effect in London," stated Mr. Wood today, in discussing the proposed treaty. "Industry today is amazingly interdependent, nation upon nation, and an apparently obscure and unimportant development in one country may have surprising results in another. For example, in 1919 the Russians could no longer afford to drink tea and ceased importing it from India, which country therefore couldn't buy textiles in England, as a result of which the Mancheste cotton mills had the greatest lump in 60 years. The reaction was felt in the United States when the price of cotton dropped steadily and many wholesale cotton houses failed, and all this because Russia ceased for a time to import tea.

Trade Balance Restored.

"Take another instance," Mr. Wood continued, "a shipment of pianos was tied up recently in a South American port because the buyers couldn't pay for them. Meanwhile an Omaha man invented Eskimo Pie, a chocolate-coated confection, which swept the country, and necessitated the importation of more cocoa from Ecuador. The trade balance was restored, credit established in New York, the South Americans got their pianos, the Canadian piano manufacturers got their money, piano workers got their wages, and the merchants got a proportion of these in turn. New markets were opened for wire, wood, steel and all that goes into a piano, all because a man in Omaha conceived the idea of selling ice-cream in a chocolate covering."

In view of such possibilities, Mr. Wood was not prepared to prophesy what the effect of the Australian treaty might be upon local industry, but, he believes that it cannot be otherwise than beneficial.

DRURY LAUNCHES ATTACK ON GOVT.

Declares Beer Act Most Diabolical in Provincial History.

Canadian Press Despatch.

Lindsay, June 20.—"The most diabolical thing that has ever been done, has been done in this province," said Former Premier E. C. Drury here last night at a mass meeting held by the Progressive party, when he referred to the act of the Ferguson government in increasing the strength of beer. "The Ferguson government has been an inactive government. Its acts in two years' time are but two: It introduced redistribution bill and passed the 4.4 beer act," continued the ex-premier, in a heated address, in which he confined himself chiefly to those two matters, as well as the question of lower tariff.

"Radioing" Not Considered Breaking the Sabbath, But Police Receive Complaints

North Enders Ask Officers To Step In and Stop Noise.

ADVICE IS FOLLOWED

Instruments Are Tuned to Low Gear For Rest of the Day.

They were "radioing" on the Sabbath, one citizen complained of his neighbors to the police department yesterday. They were breaking the tranquility of the day by inflicting statical music upon the unwilling ears of nearby residents.

To radio on Sunday, however, is not as yet considered a breach of the Lord's Day act, and police were unable to interfere and restore quiet to the neighborhood. They did advise the radio owner to have some consideration for his neighbors, with the result that the radio was turned into lower gear and operated for the rest of the day in a quiet, well-modulated manner.

Yesterday's complaint is one of many received at police station recently. Residents of a north end street complained several weeks ago that three radios, operating simultaneously, were each receiving a different station. One radio alone could be tolerated, they said, but when three were running together, one turning out jazz music, the other a lecture and the third a symphony, it was altogether too much.

HOSPITAL GROUNDS SUGGESTED AS SITE

Board of Education May Ask Permission To Purchase Land.

Another chapter in the history of London's prolonged effort to erect a collegiate institute in East London will be chronicled this afternoon, when a committee composed of Trustees Rev. R. D. Mess, B. N. Campbell, W. G. Murray, George F. Copeland and J. B. Wright will meet in an effort to select a site in East London which will meet with the approval of the whole board. The committee has an unexcelled opportunity to distinguish itself, as the board at its last special meeting, weary after a futile three-and-a-half-hour attempt to agree upon a site, authorized it to meet and consider "all available sites, past, present and future," and to bring in a report as soon as possible.

Members of the committee may possibly visit Toronto to take up with the provincial government the possibility of purchasing a portion of the grounds of the Ontario hospital on Dundas street, the westerly end of which is one of the suggested sites.

The first duty of the committee will be to select a chairman from among their own number, no chairman being named at the time the committee was appointed.

KILLS WIFE, THEN SUICIDES.

Associated Press Despatch.

Saskatoon, Sask., June 22.—W. Armstrong, hotelkeeper, of Blair Lake, shot and killed his wife with a revolver late Sunday afternoon. He then took his own life with the same weapon.

NUMBER OF ZONES CUT DOWN TO 4

Seven Zones Considered Too Confusing by Town Planners.

REPORT INCOMPLETE

May Call For Drastic Changes in the Municipal Law.

London will be split up into four major zones, according to tentative plans of the city town planning commission. Original plans called for seven zones, but this number has been too drastic for immediate institution.

Completion of the zoning report hinges on the work of the fire prevention committee, and the council's action in changes for the building bylaw. Revision of the building bylaw to provide new requirements for construction materials and fire areas will permit a new joint housing and town planning bylaw.

Such a bylaw would provide the most important change in municipal legislation in years. For this reason commission members are proceeding cautiously so as to make a thorough act that will provide for requirements of many years to come, and one which will encourage reasonable and laudable expansion rather than cause hardship to progressive citizens.

The revised zoning report has not yet seen the light of day. Snatches of the embryo statutes have been pencilled out and submitted to several commissioners and city officials. However, the whole report will take several months before it is ready to go to Thomas Adams and Horace L. Seymour, town planning experts.

It is unlikely that there will be meetings of the commission during July or August.

SEWAGE MENACES RIVER BATHERS

Filtration Facilities At University Are Under Review.

Complaints against sewage from the university of Western Ontario entering the north branch of the river Thames today reached the ears of city health authorities. Action was promptly started for a conference with Dr. E. C. Ross, Hyde Park, London township medical officer of health, and Dr. T. J. McNally of the provincial department of health.

Charles Mitchell, chairman of the city health board, and Dr. W. S. Downham, London's medical officer of health, this morning met Dr. McNally and discussed drainage at the coves, but were not able to bring before him the north river sewage question.

Bathers at Becher's island have complained of the insanitary peril of the north river there. Reports indicated that the university was without filtration facilities for sewage.

However, Mr. Mitchell and Dr. Downham made a preliminary investigation early this afternoon and found that a septic tank and also filtration facilities were in use at the university. Col. Brown has agreed to further investigation, and Dr. Downham will make a number of tests.

Greatest contamination to the Thames through London is reported this year to be caused from creeks and tributaries, more than from sewage entering the river in the city. Some trouble has been encountered at Wellington street. Low water so early in the season has made sewage disposal all the more difficult this year.

Complaints have come in regarding pollution of the river waters from small streams near and in the city and the health board is dealing with these matters. This morning progress was made in efforts to arrange better drainage at the coves.

FORMER CARTOONIST SAYS FIRST MASS AT NEW YORK

Associated Press Despatch.

New York, June 22.—The Rev. Joshua Brady, a convert, and formerly a comic cartoonist, has celebrated his first mass.

Ordained in St. Paul, Minn., last week, he returned to say his first mass where he was received into the Roman Catholic church fifteen years ago. He will be stationed in St. Paul. As a cartoonist he contributed to Life, Puck and Judge, and syndicated baseball comics.

Vast Audience Hears Plainly

AMPLIFIERS DO GOOD WORK.
Here is a small section of the crowd of 15,000 which listened to the service of thanksgiving in Victoria park Sunday, and one of the six amplifiers which made the service audible even at distant points.

Crowd of 15,000 at Outdoor Service Hears Distinctly By Means of Amplifiers

Six Loud Speakers at Points of Vantage Accommodate Park Throng.

COMMITTEE PLEASED

Largest Religious Service Ever Held in London or Western Ontario.

The arrangements made by the committee in charge of the United church rally in Victoria park yesterday afternoon for the amplifying of the speakers' voices, proved entirely adequate for the occasion. Not the least gratifying feature of the whole service was the fact that the vast throng of 15,000 people was enabled to hear with perfect clarity every word that was spoken from the platform.

It was a beautiful day, and with only sufficient breeze blowing across the park to temper the sun's bright rays the gathering listened with closest attention and remained to the very end of the service, indicating the depth of interest taken, and also that all were quite well able to hear the speakers.

Six loud speakers were utilized, being placed at strategic points in the park, as far as 100 yards from the platform, to broadcast the voices of those who participated in the service and each horn had its own group of reverent listeners, the fringes of one group touching those of the next. Victoria park, with its cluster of shade trees, proved ideal for such a large audience of people, especially taking into consideration the system employed to amplify the voices of those who spoke.

Speaking to The Advertiser at the close of the service, Dr. William Beattie, chairman of the committee in charge of the service, expressed his gratification with the attendance, and the entire program, which was carried out without the slightest hitch.

"The intense interest and splendid quietness was most marked. I have never seen such a great concourse of people stand with so rapt attention," declared Dr. Beattie, "and the steadiness with which the people on the outskirts of the large audience listened to the addresses indicated that the six horns used to amplify the voices of the speakers were doing their work well."

The gathering, which was the largest religious service ever held in London or Western Ontario, will live long in the memory of those who were present, celebrating as it did the greatest union of Christian churches in all ages.

BURLINGTON BEACH MAN DROWNS IN HAMILTON BAY

Hamilton, June 21.—Henry Aitken, aged 50, of Burlington Beach, was drowned this afternoon while swimming in Hamilton bay. It is believed he went beyond his depth and suffered an attack of cramps.

MONTREAL HARBOR LEVEL HAS DROPPED 10 INCHES

Canadian Press Despatch.

Montreal, June 21.—Denial of a statement made in a Senate debate at Ottawa that the water level of Montreal harbor had fallen five feet in the last year, was made today by Dr. Milton Hersey, one of the harbar commissioners. The difference, he said, is ten inches.

Byng Party On Way West

Canadian Press Despatch.

Winnipeg, June 22.—A special train carrying their excellencies, the governor-general, Baron Byng and Lady Byng, with the vice-regal party, left Winnipeg Saturday afternoon for the west. Several stops will be made by the party which is en route to Vancouver.

HUNTS REBUILDING, RUMOR IS DENIED

Restoration of Fireswept Building Being Rushed, President Declares.

There is no truth in a rumor that Hunt Bros., Limited, will not rebuild their huge flour mill on Nightingale avenue, recently destroyed by fire. C. R. Hunt, president of the company, stated to The Advertiser today that work was proceeding as fast as possible toward putting the building in condition for operation. Steel sash will be installed and glazing commenced just as soon as the necessary material can be assembled, Mr. Hunt declared, adding that there was no truth in a rumor that the company was notifying its old employees that there is no prospect of work being resumed, and that it was intended to board up the plant, waiting for a favorable opportunity to sell.

"We have not notified any of our old employees to this effect and, so far from boarding the place up, we are bending every effort to get the plant in shape. What will happen after that we are not prepared to say, as we do not know ourselves. We may continue to operate the plant ourselves, or it may be taken over. We have not yet reached a definite decision on this point."

In any case, London will not lose this industry, but will continue to boast one of the largest and best-equipped flour mills in Canada.

Decision to rebuild has been held up for a considerable time pending the adjustment of insurance claims, but a start has already been made on putting the plant in shape for early operation.

YOUTH IS DROWNED, COMPANION IS SAVED

Canadian Press Despatch.

Port Hope, June 21.—Raymond H. Craig, a youth, was drowned here this afternoon when a sail boat which he and a companion, Donald Wilson, occupied, capsized in lake Ontario about three-quarters of a mile from shore. When the boat capsized both young men climbed on the upturned boat but when they saw that it was drifting out from the shore it was proposed that they swim ashore. Although they were fully dressed they made the attempt. Craig had not gone far when he became exhausted and sank. Wilson was picked up by a rescue party.

Motorist Times Tardy Turtle As It Traverses the Highway

Why does a mud turtle cross the road?

A Richmond street tobacconist queried himself in some such terms on Sunday afternoon as he sat at the wheel of his idling car and eyed Aesop's favorite speeder eat up the right-of-way in sixteenths of an inch.

It was near Kilworth that the complacent turtle started to cross the road. The quick vision of the Londoner saved him from a death on the trail, though he was probably unaware of it. Anyway, the turtle crossed the road and the motorist drove on, pleased with himself and nature which has not changed since Aesop made the turtle immortal.

OIL MAY INCREASE BEQUEST

Foreign Holdings Likely To Swell McGarvey Legacy For Children's Home.

NOW $206,000

Involved Procedure Will Delay Actual Building, According to T. W. Scandrett.

T. W. Scandrett, local lawyer, and the only Canadian executor of the estate of the late Albert MacGarvey, stated this morning that it might be some time before the Lucinda MacGarvey Memorial home for children would be erected, as called for in Mr. MacGarvey's will.

Mr. Scandrett pointed out that while the entire estate goes for the erection of a children's home here, the amount of the estate first figured at approximately $206,000, may be considerably larger. It was impossible to estimate at the present time, he said, the value of extensive oil holdings in both Austria and Russia, which are listed at 570,000 roubles.

The English executors of the estate will, according to Mr. MacGarvey's wishes, realize on all European holdings as speedily as possible, and the cash proceeds will then be devoted to the erection and maintenance of a home in London for poor children.

Mr. Scandrett has full power in the matter, and when he deems it advisable, will proceed with the carrying out of Mr. MacGarvey's wishes. The building of the home will depend entirely on the speed with which the two English executors are able to turn the late Mr. MacGarvey's European holdings into cash.

It is expected that the new home will carry on its activities separate from the work being done by the Children's Aid Society, and that it will be unique in children's work in Canada.

Mr. Scandrett, it is believed, has already formulated plans for the future, but is not ready as yet to disclose them for publication.

CALL TO PARLEY ISSUED TO LABOR

President Tom Moore Extends Forty-First Convention Invitation.

Canadian Press Despatch.

Ottawa, June 21.—Tom Moore, president of the trades and labor congress, tonight issued the 41st annual convention call. The convention this year will be held in Ottawa on Monday, Aug. 31. "Labor," says the call, "is the most important factor in our national life and the work of building up and strengthening our movement and widening the sphere of its influence must be vigorously continued and its voice constantly heard.

"The eight-hour day, old age pension, unemployment, immigration, and other matters of national and international importance still demand active consideration and the necessity of meeting in annual convention to secure unity of action and purpose and to determine future policies cannot be over estimated.

"Long continued trade depression has undoubtedly caused many organizations to be faced with innumerable difficulties. These, however, should not be made a reason for not being represented at the forthcoming convention, but the knowledge that they exist should rather be the incentive necessary to greater effort to make the forthcoming convention fully representative of the entire movement from coast to coast."

DEFECTS NECESSITATE HOSPITAL REPAIRS

Replastering at Children's Institution Will Cost $3,000.

Defective construction work in the Children's war memorial hospital necessitates the replastering of portions of the interior following a collapse of parts of the hospital ceiling recently.

The remodeling will cost about $3,000, according to Dr. G. G. Cleeg, superintendent at Victoria hospital. This amount will be paid, however, from a surplus fund which was not paid the contractors at the time the hospital was erected.

SIX BID FAREWELL TO CONGREGATIONS

Pastors of Former City Methodist Bodies Review Progress.

Farewell sermons were delivered to six London United church congregations yesterday by pastors who have ministered to them as Methodist congregations for the past four years.

At Ridout street church, Rev. John Agnew reviewed the progress which had been made during the past six years. He told of the improved financial condition of the church, pointing out that much of the original indebtedness of $33,000 had been paid off. This had been accomplished, he declared, through the excellent work of the ladies' aid and the general co-operation he had received both from the city and his congregation.

The Sunday school, he said, had been outstanding for its progress. Church membership had increased by 620 for the past six years. He launded the splendid official board with which he worked, stating that the members had been progressive and considerate in their work. He advised his congregation not to be satisfied with the present, but to look to the future and extend its energies and talents in the right direction. If that were done, he declared, Ridout street church would shortly become one of the most influential churches in the city.

Similar sentiments were expressed in farewell sermons by Rev. W. L. Hiles of Robinson Memorial church; Rev. L. W. Reid, Hale street, and Rev. G. T. Watts of Wellington street church.

Mr. Hiles expressed appreciation for the kindness and good work his congregation had shown during his term of office with them.

WATFORD RAIDED BY ROBBER GANG

Three Stores Looted Early Sunday Morning—Police On Trail.

London and county police have been advised to be on the lookout for a gang of robbers, thought to be local men, who early Sunday morning secured loot approximating three hundred dollars from three Watford stores.

The raiders were discovered by Peter Dodd, who conducts a general store at Watford. Early Sunday morning on going to his business place to secure something, he found the place in disorder and the till open. He notified the police, on investigation it was found that Cooke's drug store and Swift's hardware store had also been entered, presumably by the same gang.

Nothing but small, easily conveyed articles were taken. Included was a couple dozen razors, about three dozen fountain pens, one dozen ladies' handbags, valued at six dollars a piece, and a large number of cameras.

Indications were that the robbers had used a motor car, to carry them on their trip.

Police believe the affair to be the work of a well organized gang with regular channels for disposing of their loot.

The police have several clues to work upon, and High Constable Wharton today intimated that arrests were expected.

FAMILY OF FINLANDERS ARE GIVEN LODGINGS

The police were last night called upon to find accommodation for a family of Finlanders, consisting of parents and three small children, who have come to this district looking for a farm on which to settle. Though able to speak but very broken English, they made the police understand that they had come from the Niagara peninsula, where they had been for the last couple of months since coming from their homeland.

Lodgings were secured, and efforts will be made through the local agricultural department to place them on a Middlesex farm.

COL. GARTSHORE IMPROVES.

Col. W. M. Gartshore, president of the McClary Manufacturing Company, who has been seriously ill at Victoria hospital for several weeks, shows marked improvement now, his physician states. He will be able to leave the institution shortly, it is believed.

Fifteen Thousand People Prove Reality of Church Union

SPIRIT OF CONSECRATION PREDOMINATES UNITED CHURCH INAUGURAL.

Fifteen thousand members of the United church of Canada in London and within a radius of 30 to 40 miles gathered in Victoria park yesterday afternoon to celebrate the inaugural of the United church in a grand service of thanksgiving and consecration. Rev. P. D. Thomson, D.D., Kelvinside, Glasgow, fraternal delegate of the United Free church of Scotland to the first general council of the United church, who is seen in the picture above on the left, speaking into the amplifier used to broadcast the speakers' voices, gave the chief address, delivering the consecration sermon. Dr. Thomson's remarks constituted an exposition of the right of the churches to proceed to union and of deep inspiration to go forward in the accomplishment of the God-given task that lies before the United church in Canada and in other lands. In the lower left-hand corner (to Dr. Thomson's right) can be seen Rev. W. E. Millson, London, who led in the singing of the hymns throughout the service to music supplied by the Salvation Army band. On the right is a portion of the vast throng of people who attended the service, the group shown being the one which pressed most closely in upon the platform from which the addresses were given and on which were seated, in addition to the speakers, between 50 and 60 ministers of United churches in London and district.

Pledge To Further Cause of Union Among Churches Is Taken By Vast Throng

Fifteen Thousand People From London District, in Greatest Religious Gathering Ever Held in This City, Give Striking Proof of the Reality of Church Union.

STIRRING ADDRESSES CEMENT THE BONDS

With compelling solemnity, 15,000 people of London and district yesterday pledged themselves to the breaking down of the barriers that in the world have divided the family of God.

The taking of the pledge came as the climax of the impressive ceremony at Victoria park, London, yesterday afternoon, marking the inaugural of the United church of Canada and at the conclusion of a brilliant and inspiring address by Rev. P. D. Thomson, D.D., Kelvinside, Glasgow, who represented the United Free church of Scotland at the first general council of the United church.

Spirit of Consecration.

The tenor of Dr. Thomson's address and of others delivered to the great concourse of people, and no less the sympathy which greeted those messages, indicated in clear-cut terms that the present union, bringing together the Congregational Union of Canada, the Presbyterian church in Canada and the Methodist church of Canada, is only just the beginning of church union.

Convened by a local committee under Rev. (Col.) William Beattie, D.D., C. M. G., First Presbyterian United church, as chairman, the gathering yesterday afternoon was styled as a service of thanksgiving and consecration. Appropriately enough, the predominant note of it all was consecration, free and wholehearted.

The world-wide interest which has been aroused by the formation of the United church of Canada was evidenced in the reading by Dr. Beattie of a list of 30 denominations and missions which sent greetings to the general council. The chairman's comment to the effect that "the church of Christ, Disciples, has already made tentative overtures looking to entering the union" drew applause from the vast audience.

Little reference was made to the division in the ranks of the Presbyterian church, whereby a minority of the churches of that denomination voted to remain out of union. The references made consisted merely of the assertion "that the continuing Presbyterian Church in Canada had gone into the United Church of Canada," and "that the onus of justifying their stand lies upon Presbyterians, who failed to join the ranks of the United church."

Realigns God's Force.

"The history of the Methodist church," declared Rev. H. J. Uren, Colborne Street United church, and past president of the London Methodist conference, "has been one of a movement born to meet a need, and so with the United church, the union was brought about to realign God's forces to accomplish His task. It is the morale of the people that counts and everything depends upon the spirit with which we serve."

"The contribution of the Congregational church to the United church," stated Rev. H. B. Storey, Pilgrim United church, formerly Southern Congregational church, "is not one of large numbers or of material wealth, but one of love of liberty and of a fine type of cultured evangelism."

"I represent," averred Rev. (Col.) G. W. Wood, Ingersoll, acting pastor of St. Andrew's United church, speaking on behalf of the Presbyterian church, "not a part, not a fragment, but, as Rev. D. C. MacGregor, D.D., London, so well put it at Toronto, 'the continuing Presbyterian church in the United Church of Canada.'

Living Though Dead.

"Though ecclesiastically dead," continued Col. Wood "the three denominations will speak with clearer tone in the United church. This is not a funeral by any means; it is the fellowship union of three members of the great family of God that they may better carry on the work of Christ here on earth."

"Peace hath her victories, no less renowned than war," began Dr. Thomson, in delivering the consecration sermon, "and we are now witnessing one of those great victories which will be epoch-making to Canada, to Christendom and to the world.

"I bring you greetings and cordial good wishes from the church which I represent, the United Free church of Scotland," pursued Dr. Thomson, "the church which has been the mother church of many who have entered the United church. My church is entirely in sympathy with what has been done, and believes that nothing has been done which is not right, not within the duty of the church and not within your power. The United Free church of Scotland rejoices with pride and admiration with what has taken place in Canada in these latter days, and bids wholehearted God-speed and good cheer to the United church of Canada.

Power To Change.

"The church of Christ has power to modify its constitution," affirmed the speaker. "The church is the living body of the living Christ, living and therefore growing, learning, advancing, adapting herself to new conditions, shaping herself to a new method and to a new alignment toward the task of a new time. Some people believe that the constitution of the church is sacrosanct, rigid, inviolable, and like the laws of the Medes and Persians, not to be altered, but the church of Christ has power to alter her constitution as her Lord may lead her to do so, because the constitution exists for the church, not the church for the constitution. It is the birthright of the church to change her constitution in order to do the work of Christ more effectively in the world.

"The church of Christ has the right, also, to declare her living faith in the living word of her time. The glory of the Christian faith is that it has a permanent value for mankind it is inexhaustible, ever fresh and living, and that it meets every age with a new message, fresh and radiant as the dawn. You have declared your faith at the United church and embodied it in the basis of union.

"The church of Crist has the right to unite with others on terms of Christian faith and fellowship. It is the peremptory and paramount duty of all churches to unite who find themselves so related the one with the other. I am sorrowfully amazed at those who have stood out against this union, though I trust that they have done so with sincerity and with deep Christian convictions, for to do so on any other grounds would be unworthy.

Urges Reconsideration.

"I entreat them, if it is possible and not too late," advised Dr. Thomson, "to examine their grounds once more and see if they are truly conscientious, fully Christian, and if they are, whether they are sufficient. If not, then theirs is a grave responsibility for remaining separated from the United church, and thus perpetuating the brokenness of the body of Christ. The onus lies upon them to justify their separation; union is justified by the right of the church to unite and the express command of God that 'All May Be One.'

"You have done a great thing in bringing this union to pass. The rest of the world is talking about union; but you have done it. The spirit of union is abroad and throughout the world, uniting God's people in England, in Scotland, in India, in China, in Australia, and in other lands. Union is the subject of conference and discussion in these lands, and in some cases substantial progress has been made, but it has been for Canada to achieve union. Canada is in the forefront; this country has given a lead to Christendom and an example that may be followed in every other church and in every other land in the world.

"God is uniting and arraying His church and His people for a great world task in the immediate future to secure industrial concord and harmony, to bring about international peace and to solve the race and color question. Canadian churches have been called to lead in the van. Thank Him with glad humility, not only for the honor but for the responsibility.

But the Beginning.

"The United church of Canada is but the beginning of union, not the end of ecclesiastical feats," concluded Dr. Thomson. "It is the beginning of missionary enterprise. The dominion lies before you, great and large, and the call is for you to go in and possess it. And then there are other lands and other peoples hoping, praying, thirsting for the love of Christ. Gird yourselves to the high and sacred task as a missionary church and a missionary people. Take again to heart Christ's command: 'Go ye into all the world.' Go, and Christ will be leading there and on to the city of God, always remembering Christ's promise: 'Lo, I am with you always, even unto the end of the world.'"

The service was begun promptly at the hour appointed by the singing of the old hundredth, following which Dr. Beattie, as chairman, read the prayers of invocation, general confession and the Lord's prayer.

Then, in smooth succession, came the singing of Charles Wesley's hymn, O For a Thousand Tongues to Sing; the concerted recital of Psalm 118, led by Rev. C. S. Miller, M.A., B.D., First Congregational United church; the reading of the lesson, St. John's gospel, 17th chapter, by Rev. W. R. McIntosh, D.D., King street United church; the reading of the prayers of thanksgiving and self-consecration for the unit and prosperity of the church and for our country, by Rev. A. E. M. Thomson, M.A., B.D., Centennial United church, president of the last London Methodist conference, and the hymn, The Church's One Foundation.

The list of churches which sent fraternal delegates or forwarded greetings to the United church general council, as forwarded to Dr. Beattie by Rev. T. Albert Moore, D.D., Toronto, general secretary of the United church, is as follows: Church of Scotland, United Free church of Scotland, Presbyterian church of England, Presbyterian church of Ireland, Presbyterian church of the United States, Congregational union of England and Wales, union of Congregational churches of the United States of America, of Australia, of New Zealand, and also of South Africa, Wesleyan Methodist conference of Great Britain, laymen of the Wesleyan Methodist conference of Great Britain, Wesleyan Methodist conference of South Africa, United Methodist conference of Great Britain, Methodist Episcopal church of United States of America and of the south United States of America, Methodist Episcopal ministers of south California, Garret Biblical institute, United church of south India, National Christian council of Japan, Presbyterian mission of central India, and presbytery of Maliver, south China Presbyterian mission, west China Methodist mission, Presbyterian mission of north Honan, of Korea, of Trinidad, and of British Guiana, Congregational mission of Angolia, West Africa, Reformed Episcopal church and Church of Christ Disciples.

The service was closed by the singing of the renowned hymn, All Hail the Power of Jesus' Name, the Doxology, Praise God from Whom All Blessing Flow, and the Benediction, pronounced by Rev. R. J. McCormick, Hyatt avenue United church.

The singing during the service was led by Rev. W. E. Millson, London, secretary of evangelism and social service for the former London and Hamilton Methodist conferences, and was accompanied by the Salvation Army band.

The Pledge

"We all have come here, I am sure," said Dr. Beattie, "because of a great ideal, and I would ask you, as many of you as honestly feel able to do so, to take with me a pledge to break down all barriers that still divide the Christian churches.

"To the breaking down of the barriers that have divided the family of God, I do solemnly dedicate myself," said Dr. Beattie. The great assembly joined him in voicing the pledge.

Flowers, Birds Add Charm To Children's Day Services

Four London churches, decked in seasonal flowers, opened their doors to Sunday school children at morning services yesterday. It was flower day and children's day.

At the Metropolitan United church of Canada special services were held by the pastor, Rev. J. Bruce Hunter, when in a short sermonette the children of the Sunday school classes were addressed. Daisies, roses and peonies, charmingly arranged about the church aisles, altar and pulpit, gave summer atmosphere to the church interior. Canaries, too, with their cages hung in various corners of the church added to a picturesque setting.

Colborne street United church, King street United church and Hyatt avenue United church were similarly decorated.

Special prizes to juniors were presented during the course of the morning flower day services. This novel style of church decoration has become in many London churches an annual affair, and one long looked forward to and appreciated by the children of the congregations.

Meeting Ranks With Greatest

"Only on one occasion," Dr. Thomson declared to the Advertiser at the close of the great meeting in Victoria park have I addressed a larger gathering of people in the open air.

"The previous occasion to which I refer took place two years ago, when I delivered an address before 20,000 people at Bothwell Brig, commemorating the battle at that place during the historic struggle between the Covenanters, our forefathers, and the forces of the King who was determined to deny to the Scotch people their religious freedom.

"That was a great occasion," observed Dr. Thomson, "but I regard the occasion today as fraught with no less significance, and perhaps more for the future of the Christian church in the world at large."

FAIR DANCE HALL TAX STILL BEING SOUGHT

Owners Circumvent Floor Charge, But Still Want Amendment.

The recent change in the amusement tax act, branded by the Amusement Directors' Association of Ontario as pure discrimination against dance halls, is likely to be dropped, according to Howard Cluff, association counsel.

Mr. Cluff has been advised by Sir William Hearst, who is acting for certain amusement men, that the association's fight against the new drive on pleasure receipts has now reached the point where success seems sure.

Last year, dance halls were assessed amusement levies in proportion to their admission charges, but this year, government officials interpreted the dance floor ticket scheme as another bona fide admission, and as such, subject to tax. So a double assessment was inaugurated.

This move has been combatted at Port Stanley and other resorts by the proprietors abolishing the dance floor charge and boosting the admission to balance the switch. The procedure is quite legal, according to Mr. Cluff, but dance hall owners are not satisfied with being able to circumvent the law. They will continue to protest against an amendment which they claim to be illegal.

"The fair way of taxing dance halls is to charge a flat rate on total plan," Mr. Cluff declared. "There is no reason why the dance halls should not be treated as theatres now are."

PARADE WILL FEATURE ANCIENT BRIDAL HACK

Event Thursday To Advertise Lion Tattoo at Tecumseh Park.

A bridal couple travelling stationward in a hack of ancient vintage is to be one of the features of the Lions' club parade, which will be staged on Thursday at 5 p.m. to advertise the military tattoo that takes place in Tecumseh park the same night.

The parade will be a novelty stunt offered by the local Lions. The parade will include some veteran Fords of the 1902 crop. They will be supplied by Joseph Isaacs, of the Middlesex Motors. The guests of the evening will have the pleasure of touring the city in the antiquated flivvers.

The Lions' club band will provide the music. Children are invited to see the parade, which the Lions' claim will not only command their attention but give them a merry half-hour.

MRS. I. H. DELANEY DIES AFTER SHORT ILLNESS

Mrs. I. H. Delaney, 719 Elias street, died suddenly Saturday in St. Joseph's hospital after a short illness. She is survived by her husband and two children, Camille and James. She also leaves her father, two sisters and one brother.

The funeral will be held Tuesday morning from her late residence to St. Mary's church for requiem high mass. Interment will be in St. Peter's cemetery.

PUPILS DISPLAY THEIR ART WORK

Cleer Exhibit Is Given Informally at Miss Phillips' Home.

A very clever display of art work was exhibited at the home of Miss Lillian Phillips, 735 Waterloo street, last Friday evening, when a number of her pupils invited their friends to view their work of the past year. There were many callers during the evening, and admiration of the lovely bits of work was freely expressed.

In the drawing-room, arranged on tables, were the handsome pieces of hand-painted china. They included dainty cups and saucers, nut bowls and so many fine works. Of particular note was a pair of black vases, on which were painted brilliant red pheasants and parrots.

Some of Miss Phillips' own work was also displayed. There were pieces of china and also several water color landscapes and flowers done in oil.

The evening was of a very informal nature. Little Miss Fay Yeates and little Miss Ruth McLaren made winsome door attendants. Among the guests was Charles E. Percy, who played piano numbers while there. Other impromptu vocal and piano solos were also given.

In the tearoom Miss Carrie Fitchett and Miss Edna Petch poured out tea at a table prettily centered with Mrs. John Lang roses in a silver basket, and the corners were marked with the same roses in silver bud vases. Assisting in the tearoom early in the evening were Miss Lila Hurly, Miss Ena Osgoode, Miss Alva Hourd, Miss Evelyn Wood and Miss Jean Ferguson.

STUDEBAKER DROPS "YEARLY MODEL" PLAN

Walkerville, June 22.—Announcement is made by the Studebaker Corporation of Canada, Limited, of discontinuing the custom of presenting a new line of automobiles each year.

Instead of bringing Studebaker cars dramatically up-to-date once in twelve months, this company proposes to keep them up-to-date all the time, adding improvements and refinements from time to time as the merit of such betterments is proved to the satisfaction of Studebaker's engineering department, which, the corporation points out, is maintained at a cost of a half-million dollars annually.

Studebaker believes that this policy benefits present Studebaker owners. It is also the belief of this concern that the policy of no "yearly" models enables purchasers of new cars to obtain models that are always modern, without the necessity of waiting for annual changes and without the danger of their new cars becoming obsolete.

The dramatic success of the present line of Studebaker cars is one reason for this important change. During the first five months of 1925, Studebaker dealers delivered 40 per cent more cars to buyers than during the same period in 1924. On May 31st, the end of the period referred to, Studebaker dealers had only half as many cars in stock as on the same date last year.

Despite the fact that Studebaker factories in South Bend, Detroit, and Walkerville, Ont., are operating at capacity, orders for Studebaker cars are far in excess of production.

C. N. R. PICNICKERS HAD FINE OUTING AT FALLS

Thousands Enjoyed Special Trip to Niagara on Saturday.

Tired but happy after a great day of sightseeing at Niagara Falls, the members of the C. N. R. Amateur Athletic association, together with employees and friends arrived in the city early Sunday morning.

The trip was the most enjoyable in years. The four trains of special coaches made good time to and from the Falls, which gave the picnickers ample time to visit the points of interest on both sides of the river.

It is estimated that 10,000 enjoyed the excursion trip.

FUTURE OF NEW CHURCH BRIGHT

Rev. C. S. Miller, M.A., B.D., Tells How Congregationalists Worked for Union.

"I'm not a prophet, but I have no hesitancy in stating that there will be a great and glorious future in the service of God and God's humanity by the United church," declared Rev. C. S. Miller, M.A., B.D., during the course of his sermon Sunday morning in the old First Congregational church.

Mr. Miller reviewed briefly the events at Toronto recently, which he characterized as the greatest movement in Canadian history.

"This United church must be a church of united vision," declared the preacher. "It must see far into the future, just as the United church sprang out of the vision of other days."

Mr. Miller stated that the Congregational church had fought through thick and thin that the United church might become a reality. The vision of the church leaders must go on, with a clear vision of God, a God who suffers when his children suffer and one who is ever present in this world, working for mankind.

"I believe we now stand for greater things than the individual denominations did in the past," declared Mr. Miller, "although we boasted about our denominations and traditions.

"The United church must be a church of consecration. We have received a great heritage from the past, let us use it for God.

"The individual member of the United church must have the will and disposition to give up everything that is not consistent with the will of Jesus Christ.

"The United church will be a progressive church. God's spirit is working in the world today, and the new church will insist on the freedom of his spirit.

FISHERMEN OPEN '25 BASS SEASON

More Than 100 Members of Game Association Attend Saturday Outing.

Armed with rods, poles, pails of bait and baskets for the trophies, more than one hundred fishermen, members of the Western Ontario Fish and Game Protective Association, made Pond Mills their rendezvous on Saturday afternoon.

They celebrated the opening of the bass season with a popular prize list of angling equipment that would gladden the heart of the most exacting fisherman. The events offered a wide range of interesting contests.

By 3 o'clock a large crowd gathered about the lovely shores of the pond, while the available boats were all out on the water with ardent fishermen striving for the prize for the largest fish caught.

The London Fusiliers band, with James Hamilton, P.M., R. Graham, J. Munro, W. McMillan, W. Souter and Peter Russell, led the parade to the London and Port Stanley train at 2:20.

Upon arriving at Pond Mills, President Long welcomed the members and guests, and the competitions at once started. The judges were J. I. A. Hunt, Jack Myers and A. F. Collyer.

The results were as follows: Accuracy in bait casting, Charles Harid, O. K. Elson, L. B. Long; long-distance bait casting, L. G. Howard, Butler, Charles Harid; accuracy fly, R. E. Jury, F. Collyer, T. Agur; long-distance fly cast, R. Pierce, R. E. Jury, F. Collyer; largest bass, no legal bass was caught, so the competition will be carried on later in the season.

The largest pike was caught by Sam Sweet, Butler and W. T. Wyatt; the heaviest catch of pan fish was taken by Mr. Hotham; best fishing outfit, R. Pierce, M. Fothergill, L. B. Long; best equipped boy, Roy Myers, Cliff Algar; best and safest fishing boat, J. Myers, R. Pierce, E. Fish; oldest members, J. I. A. Hunt, William Smith and R. E. Jury.

GEORGE HAFLAM BURIED FROM FATHER'S RESIDENCE

The funeral of George F. Haflam, who died suddenly on Thursday in Detroit, was held Sunday afternoon from the home of his father, George Haflam, 21 Regina street, this city, to Mount Pleasant cemetery. Rev. MacDonald of Maitland street Baptist church, officiated.

Survivors, besides his father, are the widow and one child.

The pallbearers were A. Legge, H. Mills, C. Mason, F. Mason, R. Legge and W. Legge.

MOTORCYCLIST SUSTAINS BROKEN LEG IN ACCIDENT

Clarence Henshaw, 52 Brighton street, had his leg broken when he was knocked from his motorcycle by a car driven by R. Minnitt at the corner of Horton and Talbot streets Saturday at noon. Mr. Henshaw was removed to his home in the car of a passing motorist.

BABE SURVIVES RAREST DISEASE

Infant With Brittle Bones Is Removed From the Hospital.

A London child, born five months ago, suffering from what is said to be one of the rarest diseases the world knows, has startled local medical men by its almost complete recovery. It suffered from osteogenisis imperfecta, or brittle bones—so brittle in fact that they fractured with the slightest pressure.

The infant was born with a broken rib. Later it developed broken arms and legs. At the first feeble motion of the limbs, the bones, as hard and brittle as ice flakes, cracked. A laugh or a cry or any motion of the body would cause a fracture.

The child was admitted to the Children's War Memorial hospital, physicians, after examining its condition, held no hope for its recovery. Now it has shown such marked improvement that it was removed to its parents' home last week. The child will live, physicians say, providing it continues the remarkable progress towards recovery it has shown recently.

A Second Victim.

Shortly after the first child's admittance to Victoria hospital another London infant was found to be suffering from the same disease. Its condition grows gradually worse, however, and little hope of recovery is held.

Only a few other cases of osteogenisis imperfecta in North America are known. This type of extreme fragility of the bones has been common in Austria and Russia, although climatic conditions, according to physicians, have nothing to do with its prevalency.

The two cases from a physiological standpoint are probably the most interesting that have come to the attention of Canadian doctors.

One London physician explains the rarity as a condition of defective bone cells, which fail to absorb the protein deposits of the body, taking in lime instead. A normal child is born with bones that are in reality gristle. Only after many months' growth does the gristle turn into actual bone.

Born Old.

The unfortunate London babies were literally born old. The state of their bones is analogous to the state of the bones of a very old man.

Both babies were subjected to a diet of cod liver oil and phosphorus to take the place of lack of protein matter. Improvement after a certain stage is generally shown as age advances, and the first infant has every chance of complete recovery.

LONDON GIRL FREED BY DETROIT POLICE

Mary Olzweski Held in Connection With Slaying of Policeman.

Mary Olzweski, 24 years old, of this city, who was held by Detroit police in connection with a bank hold-up in that city more than a week ago, has been discharged, according to Edward H. Fox, chief of detectives of the Detroit police department.

Mary Olzweski was believed to have been the sweetheart of Stanley Podulski, one of four bandits who killed a Detroit patrolman in the holdup of the Central Savings bank branch at Harper avenue and Chene street on June 13. When she was taken into custody she had in her possession Podulski's driver's license and a certificate of title to his automobile. Shortly after the holdup detectives were told that a woman had been seen in the neighborhood in a taxicab.

NICHOLSON NOMINATION PLEASING TO ANGLICANS

Will Contest Federal Seat At East Algoma—Laymen's President.

Anglicans in Huron diocese were pleased and interested to hear of the nomination of G. B. Nicholson, Chapleau, as Liberal-Conservative candidate to contest the forthcoming federal election as the representative of East Algoma.

Mr. Nicholson, who is president of the national laymen's movement of the Anglican church in Canada, delivered a stirring address at the laymen's conference held during the recent synod meeting in Bishop Cronyn hall here.

In introducing Mr. Nicholson on that occasion Rt. Rev. David Williams, D.D., bishop of Huron, complimented him upon his work in connection with the forward movement about three years ago, and characterized him as "one of the most outstanding laymen in the Anglican church in the dominion today."

Incidentally, Mr. Nicholson, who is a millionaire lumberman and a former member of parliament, built a beautiful chapel in Chapleau to the memory of his son who was killed in the great war.

EIGHT HUNDRED HOGS SHIPPED FROM COUNTY

Eight hundred hogs were shipped from Middlesex county during the week ending June 18, according to a report received today at the department of agriculture office. The largest shipment was made from Komoka, where 75 hogs were started on their way to Toronto abattoirs. There were 158 hogs of the select bacon type.

WM. C. MOORE BETTER.

William C. Moore of Belmont, admitted to Victoria hospital a week ago suffering from a fractured shoulder and other injuries caused when he was gored by a bull on his farm, is progressing favorably, according to hospital authorities. His condition is greatly improved.

Two Boys Pilot Tricycle From City To Springbank

Two young South London adventurers and tourists made a trip to Springbank park recently, via the Pipe Line road, in a tricycle.

The youngsters made the journey in safety, but when they arrived were so fatigued that the problem of getting home again, loomed up like a mountain. But fortunately for them a friend of one of their families saw the boys on their way to the city park and informed the then worried parents.

The journey home for the lads was not one so joyous as the one going down. Coming back it was a matter of listening to indignant fathers. One lad was punished by not having the use of his toys for a week, the other could not go across the street to see the first. Youth was served, but gained little except experience on how to negotiate the traffic of a popular highway on a Sunday afternoon in mid-summer.

LIONS' CLUB BIG TATTOO BOASTS FINE PROGRAM

Band Music, Choruses and Fireworks Will Feature Thursday Night Event.

Nine items, each offering splendid concert numbers, make up the Lions club military tattoo which will be held in Tecumseh park, Thursday night at 8:15, in aid of the bandstand the club proposes to build in Victoria park.

The first number is the gun fire with the first post by the Canadian Fusiliers under Sergeant Horner.

This will be followed by the march of the bands to position in the following order: First Hussars, leader, D. H. Cooke; Canadian Fusiliers, leader, Capt. Albert W. Slatter; Veteran band, leader, Irwin; Pipers Canadian Fusiliers, under Pipe Major James Hamilton. The bands will advance into line to O Canada and Maple Leaf.

The fourth item is made up of concert numbers by the First Hussars and the Canadian Fusiliers. A chorus, and a solo by Walter Skinner follow.

Physical exercises, fireworks, and patriotic airs conclude the program.

PRIMARY TEACHERS' COURSE OPENS JULY 6

New Kindergarten Methods Will Be Taught to Summer Class.

Summer courses for kindergarten-primary class public school teachers will be opened at the London normal school on Monday, July 6.

Principal William Prendergast points out that the object of the course is to draw to the attention of kindergarten teachers methods by which they can adapt their teaching to best aid the boys and girls in passing into the primary grade. At the same time there is drawn to the attention of the primary teachers the best methods to follow up the instruction given the young children in the kindergarten.

Incidentally, Mr. Prendergast took occasion to comment upon the fact that, owing to the better education of the parents in these days, the children entering school at the age of four, five and six years are much better prepared than they used to be.

Regarding the results of the normal school exams, which were concluded last Wednesday, Mr. Prendergast stated that they should be published about July 20. Of the 394 students attending the local normal school this year, 153 were writing for first-class certificates and the balance for second-class certificates.

BIG SPREAD IN TENDERS FOR WESTERN FAIR WORK

An interesting sidelight on present unsettled conditions in building and contracting lines is afforded by tenders received by the Western Fair board for the work of putting a roof and new seats on the north open stand, and also for new brick fronts for the horse and cattle sheds. The board is meeting at 2 o'clock this afternoon to consider tenders for this work, and while the amounts involved in each case are comparatively small the tenders submitted are said to show a surprising divergence.

Contracts for the work will probably be let at today's meeting, and there is likely also to be some discussion of the proposal to sell books of admission tickets in advance to London citizens and others who may wish to avail themselves of the opportunity to secure tickets before the 1925 exhibition opens.

INJURED TEAMSTER ABLE TO LEAVE HOSPITAL

Michael Breen, London township teamster, who was injured a week ago on the Lambeth highway when he was buried beneath a load of steel after the lorry which he was driving was struck by an unknown American motorist, left Victoria hospital yesterday in improved condition. Breen suffered from severe head injuries, which confined him to the institution for the past week.

JUNE BUILDING TOPS $200,000

Record For Same Month in 1924 Already Passed—110 Permits Issued.

Construction values for the first three weeks of June were today totalled to over $200,000, an excellent amount for summer time building. The June record has already passed the total for the same month last year, and there is a week remaining to add new business.

More than 110 permits have been issued this month. The total record for 1925 is still below that of the first six months of 1924, but, considering the fact that there have been no large buildings erected this year, the general business outlook in building circles is very favorable

Dwelling house permits on the books of the building inspector today include: W. J. Light, $5,000, Wortley road; L. E. Matthews, $4,000, 469 Woodman avenue; J. H. Nicholls, $5,000, Victoria; R. A. Jeffery, $4,000, 40 Lawrence; Roy Glady, $1,400, $1,600, 169 and 175 Giles.

G. S. Pettit is making $2,000 worth of repairs at 916 Dufferin avenue, and G. A. W. Hemswood is building a $900 service station on Richmond street north.

SPECIAL PROBE WILL DELVE INTO ROADS

County Council and Highways Department Join in "70-Mile" Parley.

The special meeting between the Middlesex county council and the advisory committee of the department of highways, Toronto, to discuss the cutting off of 70 miles of road from the Middlesex county road system, will be held at 2:30 on the afternoon of July 9, County Clerk John Stuart stated today.

The Toronto committee will be headed by Finlay Macdiarmid, M.L.A., and will view from all angles, with the council members the advisability of reducing the county mileage system. An effort was made by several councillors at the June session to pass the committee's recommendations without any discussion, but this proposition was voted down, a number of the councillors declaring that they wanted more information in the matter.

FOREST BUS REACHES DESTINATION AT 6:30

Previous Report of 7:30 p.m. in Arrival Corrected—Seaforth Schedule.

In the bus directory Saturday the Forest bus was listed as leaving London at 4:30 p.m., and arriving in Forest at 7:30. This should have read arriving at 6:30 p.m. Mondays. After holidays the Forest bus leaves one half hour earlier, while the Seaforth bus operates on its regular schedule of leaving Seaforth at 7:30 a.m., and leaving London at 4:30 p.m., daily. Further information may be obtained by phoning 3133, London.

MIDDLESEX OFFICIALS WILL PICNC ON JULY 2

Councillors and Workers Will Battle on Field of Sport.

County councillors and county officials will make merry at Springbank on the afternoon and evening of July 2. The county picnic is always one of the events of the picnic season, and it promises to be the best ever this year.

County Clerk John Stuart is chairman of the picnic committee, and aided and abetted by Capt. Tom Robson and Jack McLarty of the treasurer's office, is preparing a list of sports that will be well worth witnessing.

There will be a softball game between the county officials and the county and township councillors The winners will play the township officials and township road foremen.

SUSPENDED SENTENCE GIVEN ON CRUELTY CHARGE

George Cudney, Mount Brydges farmer, turned tear-dimmed eyes in the direction of County Magistrate Hawkshaw this morning when he was charged with cruelty to a team of horses. Despite the fact that he was ably defended by George Morehead, the magistrate found Cudney guilty, but allowed him to go on suspended sentence on payment of the court costs.

Inspector George Tustin of the Humane Society and High Constable Wharton both gave conclusive evidence as to the condition of the animals, which was accepted by the court.

"Heigh Ho! a Frolic on the Lea, Gay Official Men Are We"

City Chieftains Throw Off Care At That Outing in Delaware.

WIVES THERE, TOO

Council Brawn Shows Its Might, Especially in the Softball Fight.

A happy outing by city hall officials and their wives on Saturday afternoon at the Delaware farm of ex-Mayor E. S. Little did much to recall the popularity of the former chief magistrate, who held office during 1920 and 1921. The picturesque locale and the well-attended property contributed much to the entertainment of the city officials and their kin. Ex-Mayor Little was an admirable host.

There were members of the council in the picture too, and interesting incidents are reported where aldermen of weight figured prominently in the amateur sports. But these gentlemen came as the guests of their employees, who had arranged the outing as the first annual club picnic.

Hampers, Too.

Nearly 100 men, women and children were included in the party that made the 12-mile motor jaunt early in the afternoon. Hampers of sandwiches and cake were provided by the womenfolk, with very generous rations of palatable drinks rounded up by Quartermaster-Sergeant John L. McNamara.

President "Bill" Veitch and the picnic committee were more than pleased with the success of the venture, though the unavoidable absence of several prominent officials was regretted. Daniel Break, veteran London journalist, was among those detained elsewhere on business.

All Speeds For You.

All speeds, from the tank crawl to the Roman chariot dashes of old, were dished up in the races and other sports events. The mayor and such youthful councillors as McKay, Smith, Bottrill and McCormick were so wrapped up in the novelty events that once in a while the vigilance committee felt it necessary to slip them the word to slow up and give their host and Mesdames Wenige and McKay a chance to win a prize.

Ald. McCormick flashed across the tape in the councillors' race to upset all the dope that had been given for days previous. He paid something like 500 to 1. Ald. Bottrill, the favorite, broke a steering gear and had to go to the pit once to change his balloon tires to solid rubber ones or he probably would have done better. He sped across the tape five minutes after the winner. The averages are still being compiled.

This is New.

Ald. Smith led his brawny softball warriors to an alleged victory over the stubborn team captained by Ald. McKay. Recapitulation of figures showed the McKay hearties really won, 13—11. Even at that the fight was a mean one. The result is simply a matter of bookkeeping.

City Engineer W. P. Near took home a handsome cup. His family of four was the largest on the grounds, thus the award.

The officers of the City Hall Sports and Social club, which was responsible for the success of the outing, are: The mayor, honorary president; W. M. Veitch, president; James Young, vice-president; Mrs. C. Hughes, chairman social committee; Roy Garrett, chairman sports committee; Miss W. Etue, secretary, and Miss C. Froggatt, treasurer.

Results of the races:

Girls' race, 6 and under—Jean Pope, Betty Garrett, Edna O'Connor.

Boys, 6 and under—Frank Near, Ted Houghton, Walter Pope.

Girls, 7 to 9—Catherine McNamara, Eileen Near, Jean Pope.

Boys, 7 to 9—Ross Garrett, Allan Little.

Girls, over 10—Misses W. Etue, M. Moffatt, J. Wood.

Boys, over 10—Ross Garrett, Allan Little, R. Near.

Councillors' race—Ald. McCormick; Ald. Bottrill, consolation.

Boot and shoe race, boys—Allan Little, Ross Garrett.

Boot and shoe race, girls—Kathleen McNamara.

Mystery event—Miss Jessie Woods shortest dress.

Backward race, ladies—Eleanor Bamford, Miss Morgan.

Softball game—Ald. McKay, 13-10, vs. Ald. Smith.

Egg and spoon race—Mrs. McDougall.

Lodges Protest Change In Flag

Special to The Advertiser.

Listowel, June 21.—The semi-annual meeting of North Perth Orange lodges was held here yesterday. A resolution of opposition to any change in the flag was passed, and copies are to be forwarded to the premier and to the member for North Perth. It was decided that the local lodge would go to Kitchener to celebrate the 12th of July.

LACK OF RAIN HITTING COUNTY CROPS HARD

R. A. Finn Declares Situation Is Growing More Serious Each Day.

The crop situation in Middlesex county is growing more serious each day, R. A. Finn of the department of agriculture states. Rain is badly needed in every part of the county, and farmers are complaining that the pastures are as dry as a bones.

Hay crops, with the exception of alfalfa, are away below normal. Oats are already coming out in head, and the majority of the farmers will have to cut their oats with a mower unless rain arrives within 48 hours.

The weatherman offers some relief, stating that there will be rain in many localities tonight and tomorrow.

District fruit growers state that the strawberry crop will die off abruptly unless rain comes soon, and that the raspberry crop, which gave much promise, will not amount to much without moisture. Cherries which are already turning color, also need the attention of the rainmaker, and the same holds good for every other crop.

DEPOSITORS TO PRESENT CLAIMS

Hope To Convince the Senate That Relief Is Just.

Representatives of the Home Bank depositors from Toronto and other points are going to Ottawa tonight to confer with a committee made up of members of the house of commons and the senate. U. A. Buchner, representing this district, said at noon today that he was not sure whether he would go to Ottawa.

The delegation will place the facts before a joint committee. It is expected that the members will show that granting a certain amount of money from a charitable standpoint would be unsatisfactory. Chief among the reasons for this would be that each case would have to be proved before the exchequer court. It would take years to hear cases from all over Canada.

Another point is the question of paying the amounts of $500 and under. The amount of money on deposit in a bank to the credit of a depositor is no measure of his assets, is the opinion of the depositors. A wealthy corporation might have a small deposit in one bank, while in the same institution an individual might have his life's savings of little more than the $500. The poor man would lose and the corporation would gain by such a division.

Mr. Buchner has hopes that the conference between the depositors' representatives and the joint committee may bear fruit. It remains for the senate to be persuaded that it is in the public interest that a loss sustained by the depositors by the failure, which was known to the war government before the crash, should be paid.

37 PRISONERS DENY "NO BUSINESS" TALE

Unusual Popularity of County Bastille Makes Governor Wonder.

Business may fall off in some London institutions during the summer months, but the county jail is forging ahead as a first hotel proposition and is now housing 32 male and five female prisoners.

As a rule at this time of the year the jail population dwindles to about a dozen. Fifteen prisoners in the old bastille during the summer months used to provide food for thought, but not any more.

Governor Byron Dawson is adding a few gray hairs to his collection owing to efforts in finding enough work to keep the prisoners busy. The huge woodpile in the jail yard is diminishing, but on the other hand, the lawns don't need so much cutting owing to the dry weather.

O. T. A. offenders account for the increased number of guests to some extent, while the Indian reserve also accounts for a goodly number.

City Churches

PILGRIM M. B. PICNIC.

A very successful picnic was held on Saturday afternoon on the outskirts of the city, when the mission band members of the Pilgrim United church held their picnic. A jolly program of sports was carried out and resulted as follows: Girls, 11, Theolea Thompson and Teresa Byrnes; boys, 6 to 9, Nyjal Rodda and Walter Wake; girls, 10, Violet Mowatt and Shirley Byrnes, and boys under 6, Carl Byrnes. The consolation race was won by Edna Pelham.

An exciting game of ball caused much amusement. Theolea Thompson and Teresa Byrnes captained the teams, and the latter's players won with a score of 13—5. The event was concluded with a delicious picnic supper. Mrs. R. Rodda and Mrs. William Powell were in charge.

ST. GEORGE'S W. M. S.

A joint meeting of the W. M. S. and the ladies' aid of St. George's Presbyterian church was held recently at the home of Mrs. W. Patterson. The new president, Mrs. J. McLeod, presided. Mrs. George Cairncross and Mrs. Hosie took charge of the devotional exercises, after which an excellent account of the congress, held in Toronto, was given by the former and Mrs. W. Saul.

Mrs. McLeod urged upon each member the necessity of co-operation and the need of their prayers and assistance. The travelling basket was introduced during the afternoon and was enthusiastically received with hearty applause. It will assist in the raising of funds for the societies. Plans were also discussed for the work in connection with the boys' home in New Liskeard.

Delegates to the presbyterial meeting at New St. James' church next week were appointed, and include Miss Mary I. Weir and Mrs. Cairncross. At the close of the meeting afternoon tea was served by the hostess, assisted by Mrs. McFarlane and Miss Margaret Buchanan. The rooms were summer-like with lovely flowers.

MANY MINOR ACCIDENTS OCCURRED OVER WEEK-END

Service cars at the local garages had a busy time over the week-end. There were several accidents of a minor nature inasmuch as ears rather than occupants suffered injuries. Between Saturday and Sunday night one garage answered a dozen calls to points on the highways in the vicinity of London. Other garages answered similar number of cars, but none of a serious nature.

TELEPHONE ASSOCIATION IN CONVENTION FRIDAY

The western counties telephone association holds its annual meeting in the county buildings on Friday. The meeting will consist of morning and afternoon sessions. At the morning session only routine matters will be dealt with, but in the afternoon a special program has been arranged.

Visitors from all over Western Ontario will be present and addresses will be given by specialists in the work of the telephone companies at the afternoon meeting.

GOES TO CLEVELAND.

Charles E. Percy, F.L.C.M., organist and choirmaster of Knox United church, and musical director of the London normal school for the past fourteen years, who goes to Cleveland early in September to become musical instructor in the junior and senior high schools of that city. In Mr. Percy's removal from town, London will lose one of its brightest musical lights.

CHILDREN RECEIVE FIRST COMMUNION

Forty-One Take Part in Beautiful Service at St. Peter's.

A ceremony that for sheer beauty is not surpassed in Roman Catholic ritual marked yesterday's services in St. Mary's church, when forty-one children received their first communion. The class, which was one of the largest in recent years, attended the 9 o'clock mass, at which Rev. Fr. J. Chisholm distributed the sacrament.

The splendid preparation of the children for the big event of their childhood was due to the painstaking efforts of Fr. Chisholm, who instructed them in church doctrine, and to the sisters of St. Joseph's, under whose guidance the first communion catechism was learned.

The members of this year's class are: Ilene Fitzmaurice, Olive Lee, Margaret McNaughton, Mary Rockwood, Ida Worrall, Mary Allen, Mary Dantzer, Mary Best, Francis Walzac, Annie Warbeck, Francis Bonk, Annie Badalatto, Doreen Waughan, Jessie Novelty, Mary Kwoseh, Nora Coyne, Rosie Millar, Kathleen Deveney, Teresa McLaughlin, Frances O'Strousky, Julia Marcarell, Veronica Wyzenkewish, Francis Walzac, Cicely Heanicon, John Arnsby, John Graham, Stanley Walzac, Francis Masseo, Peter Polinski, William Mockler, Charlie Rupar, John Walzac, John Sheridan, Charles McCarthy Joseph Daugelo, Mark Jones, Peter Porekach, John Dantzer, Harry Chemney, Glen Bricklin, Michael Martin.

LABOR MEETS TONIGHT TO MAKE RELIEF PLANS

London Unions Will Give Aid to Striking Nova Scotia Miners.

The committee named by the trades and labor council, the London Labor party and the Women's Labor party to organize a relief fund in aid of the striking Nova Scotia miners and their families will hold their first joint meeting in the labor temple tonight.

Present plans call for the holding of a tag day next Saturday. All local unions have been urged to boost the one-day drive which is expected to give the nucleus to the district funds. Proceeds of a labor euchre, to be held tomorrow night, will also be devoted to the miners' cause.

The personnel of the joint relief committee is as follows: Trades and labor council, John Colbert, R. H. Hessel, A. Graves, Mr. Brewer, Mr. Dempsey, S. F. Thompson; Women's Labor party, Mrs. Floyd Wells, Mrs. W. Stinson, Mrs. Fred White, Mrs. Ager, Mrs. A. Small; London Labor party, W. J. Pierce, W. Stinson, H. J. Hooper, W. J. Coughlin, William Tite.

C. OF C. MEN INVITED TO BLUE WATER TOUR

Sarnia Chamber Organizes a Four-Day Trip—Trout Fishing Planned.

Members of the London chamber of commerce are invited, in a letter received this morning from the Sarnia chamber of commerce, to participate in the second annual Blue Water Hikers' trip, Monday, June 22, to Friday, June 26. It is proposed to visit Forest, Grand Bend, Bayfield, Goderich, Kincardine, Port Elgin, Southampton, Wiarton, Lion's Head, Tobermory, Owen Sound, Mount Forest, Guelph, Kitchener, Stratford and St. Marys.

A feature of the trip will be an all-day fishing party for trout and bass at Tobermory. Further details of the trip may be obtained at the local chamber of commerce headquarters.

BOY HAS HAND CRUSHED PLAYING IN GRAVEL PIT

While playing around a gravel wagon in a London East sand pit Friday noon, Alexander Boyle, five years old, of 60 Hyla avenue, suffered a crushed hand.

The boy was removed to Victoria hospital, where it was found two fingers were badly injured. A splint dressing was applied and the boy was removed to his home. He was progressing favorably at noon today.

CLEVELAND GETS LONDON ORGANIST

Charles E. Percy Obtains Important Post in U. S. City.

Charles E. Percy, F.L.C.M., organist and choirmaster of Knox United church and musical director at the London normal school, has been appointed chief musical instructor in the junior and senior high schools of the city of Cleveland, duties to commence September 1.

In the removal from town of Mr. Percy the city will lose one of its brightest musical lights, the last concert put on under the auspices of the Knox church choir, the Dr. Ernest MacMillan organ recital last month, attesting to this fact.

Mr. Percy graduated from the London conservatory in 1900 with the degree of F.L.C.M., winning the W. G. Barron gold medal and the Heintzman & Co. $50 scholarship for his high standing in pianoforte. He has since studied for a year in Paris and in England, as well as spending three summers taking the school music course at the New York university of music.

The first city organ which Mr. Percy had was that in Centennial Methodist church immediately upon his graduation from the conservatory. Other organs which he has held in the city include Christ church, Anglican; St. James' church, Anglican; Centennial Methodist church (second term), and Knox Presbyterian church, to which organ he went about five years ago. Mr. Percy has developed a fine choir of fifty voices in the South London church.

Mr. Percy has done excellent work also as musical director at the normal school for the past fourteen years, and in fact it has been his entirely satisfactory work in that connection which has won for him his new position in the United States. He will have a staff of three or four assistants, his own headquarters being in Cleveland Heights high school.

Knox church has until September 1, the date on which Mr. Percy's resignation takes effect here, to appoint a successor. Owing to the resignation of Rev. T. A. Symington, M.A., as minister a short time ago, Knox church will be forced to take up its fall and winter work with new men in the pulpit and at the organ.

LONDON PRESBYTERY WILL HOLD PICNIC

Rev. N. A. Campbell Likely To Be Chosen Moderator —Minister Resigns.

The former London presbytery will hold its annual picnic at Delaware tomorrow afternoon.

The six-months' term of Rev. T. A. Symington, M.A., Knox United church, London, as moderator is ended, and it is likely that Rev. N. A. Campbell, Vanneck and Ivan, will be chosen as moderator pending the meeting of the Middlesex United church presbytery, not later than the end of September.

Other business to come before the presbytery, which convenes at 10:30 a.m., includes the resignation of Rev. C. H. Cooke as pastor at Tait's Corners. Mr. Cooke was minister also at Duff's church, Dunwich, but that church voted to remain Presbyterian

Those who were commissioners to the last general assembly of the Presbyterian church in Canada will give informal reports to presbytery including the following: Ministers—R. Robertsno, Burns, Mosa; J. W. M. Crawford, Wilton Grove; W. A. Leitch, Kintyre; C. G. Graham, Mount Brydges; C. H. Cooke, Tait's Corners; Dr. I. H. Macdonald, Kintore, and Dr. W. R. McIntosh, King street church, London. Laymen—Colin Campbell, Dorchester; James Turnbull, Delaware; J. H. Best, Fingal; Alex. Walker, Dutton; J. E. Campbell, Ilderton; J. H. McMillan, Dutton, and James McWilliams, Bothwell.

The committee in charge of the picnic, which will be attended by the ministers and their wives and the representative elders and their wives, includes the following: Rev. G. W. Oliver, Melbourne; Rev. C. A. Malcolm, Lawrence Station, and Rev. John McKillop, Hyde park.

A meeting is to be held at Melbourne, also at 2 p.m. of representatives of Presbyterian United churches of the district—Melbourne, South Caradoc, Cooke's, North Ekfrid, Tait's Corners, etc., with certain Methodist representatives of the district to consider the realignment to be made of the forces of the United church in the district.

CANADIAN LABOR DELEGATES TO BRITISH PARLEY NAMED

John McDonald and James Simpson, president and secretary, respectively, of the Canadian labor party, will represent the dominion at the British commonwealth labor conference to be held in England next month, John Colbert, president of the local trades and labor council, was informed this morning.

The empire parley was postponed from last year on account of Australian and New Zealand elections.

REV. M. J. BRUER UNDECIDED ABOUT CALLS RECEIVED

Rev. M. J. Bruer, Trinity Lutheran church, north Richmond street, is still undecided what action he will take upon the calls extended to him from Lutheran churches in Stratford and Port Colborne.

Mr. Bruer is at Mitchell today interviewing the Lutheran mission board, under whose direction the church here is conducted, concerning the calls. He carries with him the expressed wish of the local congregation that he remain in London. The outcome of the matter remains very much in doubt at present.

Rev. Solomon Eix, Mitchell, is chairman of the mission board with whom Mr. Bruer is in consultation today.

WOMEN and THE HOME

FROEBEL SOCIETY GETS NEW IDEA

Miss Linden Demonstrates Teaching of Music With Children.

Tiny tots, scrambling up and down stairs and sliding down banisters at the Tecumseh school on Saturday morning, would have amazed any outside who might enter the building. However, it was just a special meeting of the Froebel society, and Miss Linden of Toronto was using the little folk to assist in her demonstration of teaching music to kindergarten children.

The demonstrators certainly enjoyed the morning. It was very easy to learn to go up and down the vocal scale by walking up steps. It was also quite a new idea of teaching music and the novelty of it held their interest.

That was the keynote of the morning—holding the children's interest. With almost magic charm, Miss Linden taught those pupils for an hour or so. However, she also told of other ways of teaching music and tone quality. Listening to nature, the sound of the wind, rain and birds was an excellent way to develop a sensitiveness to tone quality, Miss Linden stated.

The speaker, who is a wonderful musician, also told of her methods of teaching classical music. Taking, for instance, Mendelssohn's Spring Song, she would play it over. Then tell the children a little story of the composer, explaining how he walked in the woods and heard and saw many things, and then he returned to his home and wrote it all down in music.

She also encouraged freedom in allowing the children to interpret what they heard. Both the piano and victrola, she said, were invaluable in teaching music appreciation. Miss Linden played delightfully during her demonstration.

Following the meeting, the members journeyed up town to the Belvedere coffee shoppe, where they held an informal luncheon for their guests.

ANNUAL DISTRICT W. I. HOLDS MEETING HERE

Mrs. Bolton Fitzgerald Elected President—Major Bradshaw Speaks.

At the annual meeting of the East Middlesex District Women's Institute held on Saturday afternoon in the county building, this city, Mrs. Bolton Fitzgerald, of Thorndale, was elected president. Mrs. A. George, of Dorchester, presided.

Other officers include: Mrs. McVicar, Harrietsville, first vice-president; Mrs. Ernest Hodgins, Birr, second vice-president, and Miss Norma Mackenzie, Hyde Park, secretary-treasurer. Mrs. Bolton Fitzgerald is district representative.

The appointment of district directors was confirmed as follows: Belmont, Mrs. Wilkins; Birr, Mrs. Easton; Crumlin, Mrs. Smith; Dorchester, Mrs. Edwards; Harrietsville, Miss Pendreigh; Hyde Park, Mrs. A. Winter; Norton school, Mrs. Garlic; Salem, Mrs. Jenkins, and Thorndale, Mrs. E. B. Vining.

An interesting account of the work being done in the juvenile court was given by Major A. B. N. Bradshaw, probation officer of the court.

Ten branches of the women's institute presented gratifying reports of their activities during the past year.

A hearty vote of thanks was passed to Mrs. A. George, retiring president, for her efficient services. Attention was called to the fact that the attendance at Saturday's annual was the best in ten years.

JUNE WEDDINGS

HODGINS—MALONE.

St. Matthew's Anglican church was the scene of a pretty summer wedding last Friday evening, when Rev. T. J. Charlton united in marriage Miss Mary Isabel (Minnie) Malone, daughter of Mrs. Mary E. Malone, Dorinda street, and T. Richard Hodgins, son of Mr. and Mrs. Thomas Hodgins, Maitland street.

The bride, who was given in marriage by her brother, Charles Malone, was becomingly gowned in white georgette, with satin trimmings, and wore an embroidered net veil and the bridegroom's gift, a pretty novelty bracelet. Her flowers were a shower bouquet of bridal roses and valley lilies. She was attended by Miss Sara Hodgins, sister of the groom, who wore a pretty gown of shell pink georgette with beach trimming, and a large picture hat to match, and carried a bouquet of roses and mauve sweet peas. Little Miss Willa Freedy was a winsome flower girl in her dainty frock of white crepe de chine, with lace trimming and little net veil. She carried the ring on a satin cushion concealed in a basket of sweet peas. Roy Malone, brother of the bride, assisted the groom.

During the signing of the register, Miss Gertrude Malone of Stratford sang an appropriate solo.

Following the ceremony, the bridal party returned to the home of the bride's mother, where a delicious wedding dinner was served. Mrs. Malone received in a gown of sand canton, with hat to match, and wore a corsage of roses. After the dinner Mr. and Mrs. Hodgins left on a wedding trip to New York, the bride donning a smart rust ensemble suit with fur trimming, and hat and shoes to match for travelling.

The groom's gift to the bridesmaid and pianist was a novelty compact; the flower girl a ring, and to the best man, a pencil. Upon their return, Mr. and Mrs. Hodgins will take up residence on Hydro street, this city.

PERRY—THOMAS.

Special to The Advertiser.

Toronto, June 21.—The home of Mr. and Mrs. E. G. Thomas, 14 Dartmouth Crescent, Mimico, was the scene of an interesting wedding on Saturday afternoon at 2 o'clock, when their daughter, Evelyn Jessie, became the bride of Vincent G. Perry, well-known journalist of London, Ont., son of Mr. and Mrs. G. E. Perry of that city. The Rev. William Fingland of the Mimico Union Presbyterian church performed the ceremony.

The living-room, with its decorations of pink and white carnations, marguerites and ferns, formed a pretty setting for the youthful bride, who appeared leaning on the arm of her father. Her wedding gown was of white satin, trimmed with lace, pearls and orange blossoms. A veil of Brussels net was caught with orange blossoms and fell gracefully back from her forehead, while her shower bouquet was Ophelia roses.

The bride's only attendant was Miss Jean Holdenby as bridesmaid, who wore a lovely gown of peach canton crepe and carried pink carnations. Mr. Jack Rourke of London acted as best man.

Following the ceremony, a wedding supper was held, the bride and groom leaving later on a short wedding trip to eastern points.

For going away the bride wore a modish ensemble suit in brown tones with hat to match. On their return, Mr. and Mrs. Perry will reside in London.

Guests from London included Mr. and Mrs. H. D. Dickson, Mr. and Mrs. M. J. Rourke, and Mr. Jack Rourke. Mr. and Mrs. Cecil Neil, Mr. and Mrs. J. J. Lunan and young son Billy, and Mr. and Mrs. Bert Perry. Mrs. George Perry, mother of the groom, was unable to be present, owing to illness.

SPEARIN—DOUGLASS.

The home of Mr. and Mrs. H. M. Douglass, Central avenue, was the scene of a pretty June wedding on Saturday afternoon, when their youngest daughter, Lillian Alberta, became the bride of William Nelson Spearin of Norwich, Ont., the Rev. James MacKay officiating. Orange blossoms, peonies, palms and ferns banked in front of the mantelpiece, formed a pretty background for the young bride, who took her stand there.

She wore a poudre blue georgette ensemble suit, beautifully braided in self tone, blonde shoes and hose and a large picture hat in blonde mohair, trimmed with an ornament of brilliants. Her flowers were a corsage of roses and orchids.

Following the ceremony a reception was held, only the immediate relatives being present. The bride's table was lovely with trimmings of yellow and white maline above a cluny cloth and centered with a silver basket of peonies. Twined in and out with the maline were Sunset roses and orange blossoms.

Later in the day, Mr. and Mrs. Spearin left for Niagara Falls and Buffalo, and will take a short boat trip before returning to live in Norwich. Mr. and Mrs. William Spearin and family of St. Marys were among the guests.

MURRAY—ASHTON.

One of Saturday's pretty weddings was that of Miss Ada Dorothy Ashton, daughter of Mr. and Mrs. P. R. Ashton, Ridout street, whose marriage to William Harvey Murray, son of Dr. and Mrs. A. J. Murray, Wellington street north, was solemnized at 1 o'clock at the home of the bride's parents. Rev. E. W. Jewitt performed the ceremony.

The bride entered the drawing-room on the arm of her father. Before the fireplace, which was banked with orange blossoms and around which were arranged standards of delphinium, peonies and roses, she took her place.

The nuptial robe was of ivory maurice, made in straight lines, and trimmed with silk tassels. The bride's veil was made of orange blossoms and Limerick lace, made in coronet style, and she carried a shower bouquet of Ophelia roses and sweet peas.

Her matron of honor was Mrs. George Sears, her sister, who wore a lovely gown of poudre blue georgette, wearing a white taffeta hat, and carrying an arm bouquet of delphinium and sweet peas. Miss Jeanett Johnston attended the bride, wearing a pretty frock of peach georgette, with white leghorn hat, trimmed with a pond lily. She carried an arm bouquet of delphinium and sweet peas. The best man was Claude Pickard.

The wedding music was played by Miss Florence Murray, sister of the groom, and the groom's aunt, Mrs. W. W. Murray of Woodstock, sang sweetly, "O Promise Me," during the signing of the register.

Following the ceremony a reception was held, with only the immediate relatives of the bride and groom present. A dainty buffet luncheon was served, and later Mr. and Mrs. Murray left for St. Thomas, whence they took the Wolverine to Detroit. From there they will take a boat trip, before returning to London, where they will reside.

For going away, the bride donned a smart ensemble suit in a blonde shade, with hat, hose and shoes to match.

BUCHANAN—SHARPE.

A very pretty home wedding took place Thursday, June 18, at 1 o'clock, when Nellie Hazel, daughter of Mr. and Mrs. Frank B. Sharpe, Zone township, became the bride of Duncan L. Buchanan of Thamesville. The ceremony was performed by Rev. Herbert of the Bothwell United church, assisted by Rev. P. Streeter, rector of St. Matthew's Anglican church, Florence.

The bride, gowned in a white silk canton gown, with customary tulle veil, and carrying a bouquet of lilies of the valley, Sunset roses and bridal fern, entered the parlor on the arm of her father. Miss Mildred Sharpe, sister of the bride, played Mendelssohn's wedding march. The bride took her place under an arch of white wedding bells, orange blossoms and Streeter, and answered by the bridepalms. Little Miss Marie Buchanan niece of the groom, was her only attendant, and made a very dainty flower girl in her frock of blue French voile and lacy hat.

Following the ceremony a buffet luncheon was served to about 35 guests, the bride's table being decorated with Ophelia roses and myrtle. Toasts to the bride were proposed by Rev. Herbert and Rev. myrtle, banked with ferns, foliage and groom.

Mr. and Mrs. Buchanan left later by motor for St. Thomas, thence to Toronto and Niagara Falls. The bride travelled in a blue canton crepe gown, blue French poiret twill coat, trimmed with gray squirrel, white hat and gray suede oxfords.

REED—DOUGLAS.

At the home of Mr. and Mrs. John Douglas, McClary avenue, at 3:30 o'clock this afternoon, the marriage was solemnized of their daughter, Laura Louise, to Willard Herman Reed, son of Mr. and Mrs. William Reed of St. Almo, N. B.

To the strains of the wedding march, played by Miss Marjorie Grant of Toronto, the bride entered the drawing-room on the arm of her father, and took her place beside the groom in front of the mantel, which was banked with ferns and daisies. Daisies, syringa and roses were also used throughout the room. Dr. Bowley Green of the Talbot Street Baptist church performed the ceremony.

The bride was lovely in her pretty French gown in a shade of buttercup yellow, embroidered in brown, tan and rose. She wore a leghorn hat trimmed to match her dress and carried a shower bouquet of Parnet roses and lily of the valley. There were no attendants.

During the signing of the register, Miss Hazel Walker of Hamilton sang sweetly.

Following the ceremony, a buffet luncheon was served in the dining-room, after which Mr. and Mrs. Reed left on their honeymoon trip, which is to be spent in Montreal. The bride donned a smart wood shade ensemble suit and mohair and georgette hat for travelling. They will reside in Sudbury.

The bride's mother, who received with her and the groom after the ceremony, wore a gown of toast color, handsomely beaded, with hat to match, and a corsage of pink sweet peas. Miss Heddon, an aunt, was in gray crepe with black hat, and the bride's sister, Miss Charlotte Douglas, wore a dainty frock of blue and silver taffeta and leghorn hat.

McILHARGEY—LAMPHIER.

St. Patrick's church, Lucan, was the scene of a very pretty wedding on Wednesday morning, June 17, when Nora Loretto, youngest daughter of Mr. and Mrs. Anthony Lamphier, became the bride of Austin McIlhargey. The ceremony was performed by Rev. W. McGee of Assumption college, Sandwich, with Rev. J. Hogan, cousin of the bride, in attendance.

The bride looked charming in a sand gown of silk georgette, trimmed with lace. She carried a bridal bouquet of white roses and ferns. She was attended by Miss Marguerite Corrigan, niece of the groom, who wore canary silk georgette, with hat to match and carried a bouquet of sweet peas. The groom was attended by Thomas Lamphier, brother of the bride.

After the wedding ceremony, the guests went to the home of the bride's parents, where a delicious wedding breakfast was served to about forty guests.

Mr. and Mrs. McIlhargey left by motor for London, Toronto and Niagara Falls. The bride travelled in a cocoa crepe knit gown with leghorn hat.

They were the recipients of numerous and valuable gifts.

FINE WEATHER GREETS CHAPTER PICNICKERS

Campbell Becher Members Enjoy Annual Outing at Springbank.

Ideal weather prevailed on Saturday for the annual outing of the Campbell Becher chapter, I.O.D.E., when some 100 grown-ups and little folk enjoyed a jolly afternoon at Springbank. Mrs. Wilfred Hodgins was the general convener of the successful event.

Mrs. Harry Bell and Mrs. Clarence Atkins were in charge of the merry program of sports, and Mrs. Harry Morgan looked after the refreshments, while Mrs. F. J. Greenaway, Mrs. McWilliams and Mrs. C. A. Harris were on the committee.

Featuring the afternoon was a burlesque contest called the "B. O. T. A." which was interpreted as "Breaking the O. T. A." and in which the masculine picnickers were requested to drink milk at great speed out of baby bottles. Jack Murray showed the greatest prowess in this and was awarded the prize.

Much excitement was caused over a ball game, with teams captained by W. H. Baines and Clarence Aitkins, the result of which favored the former team with a score of 15 to 13. Other sports resulted as follows:

Girls, 13-16—Margaret Macgregor, Josephine Winn. Girls, 10 and under—Margaret Richards, Helen Bell, Audrey Wells. Tiny tots—Joyce McWilliams and Joan Steele. Boys, 13 and under—Kenneth Hodgins, Kirk Bell, Maurice Kingston. Boys' race—Fred Jones, Jack Morgan. Little boys—Bert Macgregor, Jack Campbell, George Harris, Billy Baines. Balloon race—Mrs. Leslie Edwards. Candle race—Mrs. E. L. Steele, Mrs. F. J. Greenaway, Mrs. W. H. Baines. Girls' candle race—Helen Keene, Ruth Temple, Betty Macgregor. Ladies' clothespin race—Mrs. Leslie Edwarts, Mrs. W. H. Baines, Mrs. F. J. Greenaway, Mrs. J. E. Stevenson. Girls' clothespin race—Margaret Macgregor, Helen Keene. Visitors' race—Clarence Atkins, Mrs. W. H. Baines and Mrs. E. L. Steele. 100-yard dash—Dr. E. L. Steele, Wilfred Hodgins. Ball-throwing (prize donated by W. H. Baines, season ticket to Winter Gardens)—Mr. and Mrs. J. E. Stevenson.

Radio music was enjoyed during supper.

CHALMERS W. M. S.

The members of the W. M. S. of Chalmers Presbyterian church held a meeting this week, with the president, Mrs. J. A. Eadie, presiding. It was decided to draw up bylaws and read them at various intervals during the year. Mrs. Eadie brought a splendid report of the recent congress held in Toronto.

The following officers were permanently appointed for the ensuing year: President, Mrs. Eadie; first vice-president, Mrs. David MacPherson; second vice-president, Mrs. Nelson Foster; secretary, Mrs. Kelman; treasurer, Mrs. George Trigger; home helpers, Mrs. Foster and Mrs. Trigger; mission band, Mrs. Bryce.

LARK'S C. G. I. T. GROUP.

The Larks C. G. I. T. group held its annual picnic at Springbank recently. After supper, the following races were run off:

JACK WAS SHOWN INTO A BED ROOM BUT COULD NOT SLEEP FOR HE HEARD THE GIANT IN THE NEXT ROOM MUTTERING.

JACK THE GIANT KILLER. VII.

JACK FOUND A LOG OF WOOD, PUT IT IN THE BED AND CAREFULLY COVERED IT WITH THE QUILT. HE THEN HID HIMSELF UNDERNEATH. WHEN THE MONSTER THOUGHT JACK ASLEEP HE CAME QUIETLY IN AND GOING UP TO THE BED STRUCK IT SEVERAL TIMES WITH HIS GREAT CLUB.

THE GIANT WAS GREATLY STARTLED WHEN JACK CAME DOWN NEXT MORNING TO THANK HIM FOR HIS HOSPITALITY. "DID YOU SLEEP WELL?" HE ASKED. "OH YES," REPLIED JACK, "EXCEPT FOR A RAT WHO RAN OVER ME AND STRUCK ME TWO OR THREE TIMES WITH HIS TAIL."

THE GIANT PLACED TWO ENORMOUS BOWLS OF PUDDING ON THE TABLE BUT JACK, INSTEAD OF EATING HIS, MANAGED TO POUR IT DOWN HIS NECK INTO A LEATHER BAG HIDDEN UNDER HIS JACKET. THE GIANT WAS SO BUSY EATING THAT HE NEVER NOTICED IT.

TO-MORROW - THE GIANT MEETS A SAD END.

"I'll tell you why"

"YOU ask why the Certo method uses more sugar. I have found that the extra sugar I used with Certo gave me so much more jam or jelly.

"The extra sugar is used simply to make jam and jelly with the juice and flavor that used to be boiled away by the old method. Actually I have *the same amount of sugar* in each glass whether I make it with Certo or by the old, boiling-down method. But from the Certo way I get half as many more glasses of jam or jelly. And I have not only more with Certo, but I have saved time, fuel and trouble. I know my jams and jellies will set, and also each jar is just full of the fruit flavor that used to be boiled away.

"I am so enthusiastic over the Certo method of jam and jelly making that, although I am not very good at figures, I worked out a very simple table of cost to see actually what I had.

"Just think of it! No hours of fearful uncertainty over a hot stove, and more jam and jelly with all the true fruit flavor retained. It just took one batch of fruit with the Certo method to convince me. I will never return to the old method of jam and jelly making, with all its hard work, worry and extra expense."

You can have the same wonderful results and satisfaction by following the simple Certo recipes accompanying every bottle.

FIRST CHURCH IS CROWDED FOR SATURDAY NUPTIALS

Edwards-Gillespie Wedding Is One of Season's Loveliest Events.

100 GUESTS ATTEND

The First Presbyterian church was crowded Saturday afternoon for one of the smartest of this season's weddings, when Jessie Newell Gillespie, daughter of Mr. and Mrs. Geo. H. Gillespie, became the bride of Bateman Edwards, son of Mr. and Mrs. F. A. Edwards of Bangor, Maine, and formerly of the faculty of the University of Western Ontario.

A wealth of summer bloom was banked in the front of the church, delphinium, marguerites, peonies and orange blossoms being used profusely on pulpit and steps. Marguerites tied with white ribbons marked the guests pews, which accommodated one hundred.

Promptly at 4:30 o'clock, the strains of the bridal chorus sounded forth and the bridal procession made its appearance, headed by the ushers, Mr. George Gillespie, Mr. Andrew Gillespie, brothers of the bride; Dr. George Wainwright of Hamilton, Mr. Vernon Hale of Hamilton, Mr. Maitland Belknap of New York, and Prof. Arthur Wood of London.

Bridesmaids' Procession.

A pretty bevy of bridesmaids followed immediately. Miss Ruth Robinson and Miss Catharine Alexander of Hamilton led the procession, wearing charming gowns of maize georgette over maize satin. The gowns were fashioned with tight, sleeveless bodices and bouffant skirts, picot edged.

Narrow scarfs of the georgette were knotted at the back and fell flying to the hem of the skirts. Their hats were large and drooping, designed in maize mohair with bands of georgette in self tone, and were trimmed with large yellow chiffon flowers. Maize-colored hose and silver shoes completed their costumes, and they carried huge arm bouquets of delphinium, roses, lemon lilies and pyrethrum, tied with maize-colored ribbons.

Miss Mary Gillespie, sister of the bride, and Miss Helen Alexander of New York came next in gowns of poudre blue designed exactly like those of the first pair of bridesmaids. And last of all came Miss Helen Baker and Miss Shirley White, charming figures in apple green, with hats and hose to match and wearing silver shoes. The bridesmaids' bouquets were all alike, but tied with ribbon to match the gowns.

Maid of Honor.

Miss Kitty Gillespie, her sister's maid of honor, was winsome in her gown of peach georgette over coral, fashioned like the gowns of the bridesmaids. Her hat of coral mohair was banded with georgette and trimmed with French flowers, and she carried an arm bouquet to match those of the other attendants.

Immediately preceding the bride was little Mary Beresford, daughter of Capt. and Mrs. George Beresford of Toronto, who acted as flower girl. Her quaint frock was of white net over blue silk and she wore a wreath of orange blossoms and rosebuds in her hair. Her flowers were made into an old-fashioned colonial bouquet.

The lovely bride, who appeared on the arm of her father, wore her nuptial robe of white georgette, fashioned over white crepe de chine. A deep yoke and tiny cap sleeves of rich Honiton lace was the only trimming, save a long, flowing jabot of the same lace which, falling from neck to hem, was caught at the waistline with a cluster of orange blossoms.

A court train of white crepe de chine lined with white georgette fell gracefully from beneath the lace yoke at the back of the gown, and was finished at the floor by a pretty roll of crepe de chine flowers. She wore the conventional wedding veil of white tulle edged with lace, fashioned at the head into a little lace cap and banded across the back with orange blossoms.

Columbines, Bouquet.

Her bouquet was a great sheaf of columbines in all the lovely pastel shades and a shower of white ribbons caught with tiny columbine blossoms.

Col. the Rev. Wm. Beattie performed the ceremony, while George Lethbridge presided at the organ. During the signing of the register Miss Ruth Kingsmill, in a lovely white gown showing draperies of gold lace, and a white hat, sang delightfully Schiller's immortal song, "Calm As the Night." Mr. Jere Abbott of Dexter, Maine, acted as best man.

Following the ceremony a reception was held in the beautiful garden at the home of the bride's parents, Albert street, refreshments being served from a table attractively arranged with garden flowers.

Reception Follows.

Mrs. Gillespie received with the bridal pair, wearing a graceful gown of gray canton crepe with touches of blue, and gray shoes to match. Her hat was also of gray, showing the blue tone, and trimmed with French flowers, and she wore a corsage of orchids. Mrs. F. A. Edwards of Bangor, Maine, mother of the groom, wore a handsome gown of printed georgette crepe and a black hat with a crown of small pink flowers.

Later in the evening Mr. and Mrs. Edwards left for their honeymoon, which is to be spent at Georgian Bay, the bride travelling in a smart ensemble suit, the dress of poudre blue printed silk and the coat of santoy in the same shade. Her hat was of brown mohair and she wore brown shoes to match.

On their return Mr. and Mrs. Edwards will take up their residence in Princeton, New Jersey. Out-of-town guests included Mr. and Mrs. S. E. Alexander of Hamilton, Mr. and Mrs. H. S. Alexander of Burlington, Mr. A. A. Alexander of Hamilton, Mr. and Mrs. O. Ingraham of Hamilton, and Mr. and Mrs. F. A. Edwards of Bangor, Maine.

Mrs. Leo Mahoney, of English street, was the hostess of a smart luncheon last week, entertaining for Miss Margaret Devenley whose marriage takes place this month. The event also took the form of a shower for the bride-elect.

Prior to Rev. George T. Watts' departure for his new field of work at Strathroy on Wednesday, the members of the Wellington street United church are holding a congregational farewell for him, Mrs. Watts and their family tomorrow evening.

Little Miss Marion Fitzgerald, who danced so delightfully at the St. James' garden fete held at the home of Mr. and Mrs. Rowland Stephens last Friday, is the 6-year-old daughter of Mr. and Mrs. Fred Fitzgerald, Egerton street. Marion is dancing at the Trafalgar school tomorrow evening.

The members of the Ontario Hospital alumnae arranged a delightful outing recently for some 140 patients at the hospital, taking them for a car ride to Springbank. Two large cars were used, and upon the return from the trip, refreshments were served on the lawn. Mrs. S. G. Chalk was the convener.

Mr. Ed Guillemont and Miss Guillemont and Miss Mary Grant of this city have returned from Ithaca, N. Y., where they were present at the graduating exercises of Cornell university. Their nephew, Mr. Grant Guillemont of Niagara Falls, who received his B. A., accompanied them back to London, and is a guest with his aunts, the Misses Grant, John street.

In honor of her daughter, Miss Elma Fitzgerald Belton, Mrs. George W. Belton entertained at a charmingly-arranged trousseau tea at her home, Shadow Lawn, Thorndale, last week. Mrs. J. Patterson of St. Marys, Miss A. E. McNab of Belmont and Mrs. Fred Mossip of Thorndale assisted in looking after the 45 guests. The tea table was prettily arranged in a color scheme of pink and white.

Dr. and Mrs. G. G. Clegg and family are leaving early in August on a motor trip to Buffalo and through New York State, returning by way of Montreal and Ottawa, and spending part of the month with Dr. Clegg's mother, Mrs. A. W. Clegg, in Trenton. In the autumn Dr. Clegg will attend the international medical convention in Louisville, Ky., at which time Mrs. Clegg will accompany him.

Rev. and Mrs. George T. Watts were pleasantly surprised yesterday morning when, after the morning service at the Wellington street United church the members of Mr. Watts' teachers' training class asked them to come to the classroom, where he was presented with a pair of military hair brushes in a leather case, gold lettered. Mrs. Watts received a lovely shower bouquet of roses, and both gifts were accompanied by a kindly-worded address.

Mrs. J. Furanna, Grey street, was the hostess of a delightful trousseau tea recently, entertaining in honor of her daughter, Miss Rosalie Furanna, a popular bride-elect of Wednesday. Fragrant peonies and orange blossoms were used in decorating the rooms, and in the tea room Miss N. Furanna poured tea at the prettily-arranged tea table, assisted by Miss Latella. The Misses Rose and Lillian Furanna and Violet Gardiner displayed the trousseau.

Miss Hazel Cunningham, a bride-elect of next week, was delightfully remembered recently, when the household science staff of the city public schools entertained at afternoon tea in her honor and presented her with an attractive kitchen shower. The teachers of Boyle Memorial school, where Miss Cunningham was in charge of the household departments, also presented her with a gift, a handsome silver tray, and a shower of kitchen things as well.

Week-end visitors at the Orion hotel, Port Stanley, were: Mr. and Mrs. E. Snelley and daughter Eilene, London; W. Watson, Miss H. Herrington and Miss M. R. Campbell, Toronto; Mr. and Mrs. B. Ryan and Mr. and Mrs. C. O'Connell, Detroit; Miss Langford, London; Mr. and Mrs. H. E. Carlton and daughter Sallie, of Cleveland; Mr. and Mrs. F. H. Gardner, Flint; Mr. and Mrs. Thomas H. Sawher, St. Clair, Mich.; Mr. and Mrs. Price and Miss A. Still of St. Thomas.

The ladies of the North street congregation of the Westminster circuit, including the Unity and I. X. L. Bible classes, met at the home of Mrs. James Clinton last week and presented Mrs. (Rev.) T. A. Steadman with a purse, a pair of silk hose and a handkerchief. The address was read by Mrs. Perry Mill, and the presentation was made by Mrs. Ewart Hunt. Mrs. Steadman made a suitable reply. A solo was given by Mrs. Ernest Baker. Business was transacted by the Unity class, and a dainty lunch was served by Mrs. Clinton.

Miss Marjorie V. Swift of Delaware and Cincinnati Hospitals, who is paying a visit to her parents, Mr. and Mrs. E. W. Swift, in Watford, has made several visits to the Queen Alexandra Sanatorium at Byron to visit her brother, Captain R. Dimond Swift, who is a patient in the military department. Miss Swift speaks very highly of the excellent appointments and the splendid individual attention the patients receive from nurses and the medical staff, and of the continued kindness of the Red Cross.

Complimenting Miss Catherine Masterson, a bride-elect of this month, Miss Jean Brash, Terrace street, entertained at a delightfully arranged miscellaneous shower recently. The many pretty gifts were presented to the guest of honor in a gaily decorated basket, brought into the living-room by Master George Brash and Miss Gwendoline Brash, dressed as a bride and groom. During this little ceremony the wedding march was played. Games were enjoyed and the winners were Mrs. A. Whitelaw and Mrs. J. Bruce. Later dainty refreshments were served by the hostess, assisted by a group of girl friends.

Mrs. J. W. Cunningham arranged a delightful trousseau tea at her home on Dundas street last week for her daughter, Miss Hazel Cunningham, whose marriage to Mr. Archie Stelle takes place this week. Some beautiful peonies, gifts to the bride-elect, were used in the rooms and the tea table was arranged with roses. Miss Helen Thompson presided over the teacups and the tea-room assistants were Miss Helen Hardy, Miss Marjorie Mitchell and Miss Freda Cunningham. Mrs. R. Hueston, Miss Edna Purdy and Mrs. C. J. Alexander were upstairs, where the bride-elect's lovely trousseau was on display. Little Miss Betty Childs was a charming door attendant.

Mr. A. D. Hone, M.A., who recently resigned from the teaching staff of the technical school, and who leaves London shortly to take over his new post in Sault Ste. Marie, was pleasantly surprised at his home on Briscoe street on Friday, when two of the students of the school, Miss Ruth Hooper and W. Showler, on behalf of the student body presented him with a handsome club bag, accompanying which was a cleverly worded address. Mr. Hone thanked the bearers of the token, who represented the girls' and boys' athletic associations, and also expressed his thanks to all the students of the school for their kindnesses during the past, stating that his best wishes would remain with the school, even after he had gone from the city.

Friday night a number of the friends of the Grove United church motored to the parsonage to bid farewell to their pastor and his wife, Rev. A. J. Love and Mrs. Love, and family, who are leaving on Wednesday to take up their new work on the Putnam circuit. During the evening games were played on the lawn, and later a musical and dramatic program was given in the living-room. The feature of the evening was an address read by Miss Ella Anderson and the presentation of a tablecloth, table napkins and a gas iron by Mrs. V. A. Tackabury and Mrs. W. T. Kernohan. The evening was brought to a close by serving dainty refreshments, and all wishing the pastor and his wife prosperity and success in their new field of work.

In honor of Miss Tena Quirie, whose marriage takes place this month, the members of the J. J. J. club of the King street United church arranged a delightful party at the home of their leader, Mrs. Claude White, Princess avenue, recently. A dainty supper was served on the lawn and during the course of the evening Miss Ena Thirsk, president of the class, read a charming little address to the guest of honor, after which Miss Ted Gardiner presented Miss Quirie with a silver-mounted pie plate. Dr. W. R. McIntosh and Mrs. McIntosh were special guests, and the girls present included the Misses Mary Smith, Mary Telfer, Marguerite Colbert, Grace Wilkey, Grace Wilson, Kathleen Merrilees, Ted Gardiner, Ella Haldane, Jean Johnston, Estelle Yake, Margaret Campbell and Ena Thirsk.

During the afternoon and evening of Wednesday of last week more than 100 guests were entertained by Mrs. R. N. Blair at a prettily arranged trousseau tea given in honor of her daughter, Miss Clara Blair, whose marriage takes place this month. The living-room was attractively decorated with fragrant pink and white peonies. Mrs. Blair and Miss Clara Blair received the guests, who were ushered to the trousseau room by Miss Myrtle Judd and Miss Margaret Letteney. Mrs. R. J. Gordon and Miss Eva Lancaster displayed the lovely trousseau. Miss Gertrude Andrews and Miss Bernice Holtzman invited to the tearoom, where the tea table was prettily arranged with a cluny lace cloth, and centered with a silver basket of Columbia roses and baby's breath. Here Mrs. W. E. Millson and Mrs. F. W. Currie presided, assisted by Mrs. A. Leonard and the Misses Myrtle Blair, Helen Hardy, Gladys Marsh, Alice Tanton, Beatrice Elliott, Irene Piper and Reta Hoskin. Miss Shiela Gordon and Miss Mary Beattie were charming little door attendants.

Mr. and Mrs. Hastings of Hamilton, a recent bride and groom, were the guests of honor at a charmingly-arranged party held at the home of Mrs. T. H. Kissack, Egerton street. Five tables of euchre were in play, and the rest of the evening was pleasantly spent in dancing. Delightful piano selections were rendered by Mrs. Kissack, Miss Tedbald and Miss J. Tamblyn, and several duets were contributed, accompanied by Mr. J. Oultram on the cornet. Mrs. Ken Roberts, Mrs. Kissack's and Mr. Harold Smith's vocal numbers were an added feature, with Miss M. Tedbald at the piano. At the conclusion of the evening, dainty refreshments were served by the hostess, assisted by her mother, Mrs. Mills, and Mrs. P. H. Kissack and Mrs. Johnston. The guests included Mr. and Mrs. Hastings of Hamilton, Mr. and Mrs. Mills of Thorndale, Mr. and Mrs. P. H. Kissack, Mr. and Mrs. Ken Roberts, Mr. and Mrs. J. Oultram, Mr. and Mrs. T. H. Kissack, Mrs. E. Johnston, and the Misses M. Johnston, M. Tedbald, A. Malloy, M. Oultram, J. Tamlyn, and Messrs. H. Smith, M. Johnston, and A. Roberts of Hamilton.

A very delightful garden tea was given for the students of the Institute of Musical Art on Saturday afternoon. Miss Dorothy Munroe, in a smart blue silk broadcloth dress and becoming hat, and Miss Jean Walker, in a gown of pink muslin trimmed with lace, acted as hostesses and welcomed the guests. Mrs. A. D. Jordan, in a graceful gown of white silk with Irish lace trimming, also received with the hostesses and assisted in entertaining the guests. Clock golf was a feature of the afternoon's games, at the conclusion of which afternoon tea was served from a prettily appointed table covered with an Irish linen cloth and centered with a silver basket of pink peonies. Assisting during the afternoon were Mrs. Frank Ashplant, Mrs. J. H. Hynd, Mrs. J. L. Munroe, Mrs. Emerson Nicholls and Mrs. C. R. Somerville. The invited guests included Mary Armstrong, Lorna Ashplant, Jean Ferguson, Sadie Butman, Ella Leon, Rose Zenkin, Hilda Caddy, Margaret Ross, Gertrude Butman, Louise Blake, Evelyn Blake, Ruth Pierce, Ora Doke, Margaret Glen, Madeline Leigh, Annie Holiff, Ruth Northey, Mary Burns, Billy Norfolk, Kenneth Norfolk, Dorothy Postle, Alma Barnes, Gladys Pink, Edythe Essex, Mildred Essex, Dorothy Wright, Lillian Falkiner, Delia Peckham, Eric Bowyer, Harold Elborn, Hazel Partridge, Alice Dunlop, Bernice Vollick, Margaret Cobban, Marion McLean, Nan Kelman, Mary Tichbourne, Jean Hynd, Thelma Mantle, Eleanor Stevens, Louise Stevens, Grace Rath, Minnie Ginsberg, Jessie Malloch, Jean Nelson, Gwen Harris, Verna Monteith, Viola Leff, Eleanor McCormick, Alice Miller, Blanche Roberts, Olive Hobbs, Lyla Grant, Minnie Dobbyn, and Mrs. George.

GRAVES ARE DECORATED AT CATHOLIC CEMETERY

Rev. Father Stanley Officiates at Impressive Little Ceremony.

St. Peter's cemetery was the scene of an impressive little ceremony yesterday afternoon, when members of the I. O. D. E., headed by the C. E. F. chapter, and others gathered there to decorate the graves of men who gave their lives in the recent war. Flags were placed on each grave by the C. E. F. chapter, while relatives and friends of the fallen men laid their little tribute of flowers there.

Rev. Father Stanley conducted the service, while pipers and buglers of the First Canadian Fusiliers took part in the ceremony. The I. O. D. E., G. W. V. A. and members of the Amputations Association were present, as well as Col. W. G. Coles, past president of the G. W. V. A.

Cars loaned by the Knights of Columbus took the London party out to the cemetery, leaving the city hall at 3:30 o'clock. Yesterday's ceremony was similar to that held in Mount Pleasant cemetery a week ago. Members of the C. E. F. chapter again visited Mount Pleasant cemetetry on Wednesday last and completed decorating the graves there with flags.

How Much Do You Get Out of Life?

PRESENT-DAY life is a round of hustle and bustle. There are so many things to do. There are so many possibilities not only for making money, but for pleasure and recreation.

How much do *you* get out of life? How many of these vast possibilities for making a success in business can *you* take advantage of? Can you *enjoy* the play? Does every minute *count* with you?

Your food decides. For your food supplies your ENERGY—of body and mind! How much nourishment your food contains is important, of course—but vastly more important is it that the food you eat contains this nourishment *in a form your body can use!* An expert in food-values originated the delicious cereal food Grape-Nuts to supply to the body *in proper form* all the elements so vital to a correct diet. So Grape-Nuts, made from whole wheat and malted barley, has energy-giving carbohydrates; iron for the blood; phosphorus for the teeth and bones; proteins for muscle and body-building; and the essential vitamin-B. And Grape-Nuts, because it is baked for *22 hours*, has these valuable elements in a form that your body can take up more easily than practically any other food known. Grape-Nuts gives you the *energy* to work and play.

You'll enjoy having Grape-Nuts for breakfast or lunch or at bedtime—with milk or cream. Four teaspoonfuls, costing less than one cent, is sufficient for each serving, because Grape-Nuts is such highly concentrated nourishment. All grocers have Grape-Nuts in wax-wrapped packages. Ready to eat.

Grape-Nuts comes in crisp, golden kernels that induce thorough chewing. This chewing keeps your whole mouth healthy. It starts the proper flow of the salivary and gastric juices —the first step to sound digestion.

MULTI-COLORED HALOS BECKONED AMUNDSEN INTO GREAT UNKNOWN

Arctic Explorer Tells of Remarkable Phenomena Seen On Trip.

KEPT TOGETHER

Planes Not Separated Until the First Landing Was Accomplished.

By JAMES B. WHARTON,
Special Correspondent of The Advertiser and North American Newspaper Alliance, with the Amundsen-Ellsworth Expedition at Spitzbergen.

King's Bay, Spitzbergen, June 20. (radio from steamer Heimdal)—After repeated conversations with Amundsen since his return to King's Bay, I have gathered together in his own words for the readers of the North American Newspaper Alliance and its allied newspapers a complete story of the flight.

"The first hour of our flight towards the north pole," said Captain Amundsen, "was glorified by natural phenomena as beautiful as I ever saw. We had encountered light fog soon after we reached Amsterdam Island, 25 miles north of King's Bay. Through this fog just beyond Amsterdam Island we saw a double halo, in the middle of which the sun cast a perfect shadow of our plane. These two multi-colored halos beckoned us enticingly into the unknown.

"The fog lasted two hours, getting thicker and thicker, but the N-24 and the N-25 flew close together, always in sight of each other, through the banks of mist. We increased our altitude considerably. The wind in the upper strata was a stiff northeasterly breeze. The fog below us prevented all observation of drift or ground speed, which it is vital to get at the start of any flight.

"Occasionally we crossed open spaces in the fog, which enabled us to see the ice, broken with many narrow lanes of water.

"The fog lasted until midway between latitudes 82 and 83. Suddenly the mist disappeared and the entire panorama of polar ice stretched away before our eyes—the most spectacular sheet of snow and ice ever seen by man from an aerial perspective. I stared out of the cockpit, fascinated.

Guided By Sun Compass.

"During the entire eight hours of the flight polewards, I was so busy with observations that I forgot to pull on my gloves. From the moment of the hop-off I watched the sun compass constantly. No words are too strong to use in praise of this new instrument. It kept the exact reflection of the sun constantly before my eyes, and assured us that our general direction was right. Our speed averaged 75 nautical miles an hour (85 statute miles). The thermometer during our flight averaged minus 10 centigrade (14 above zero Fahrenheit).

"After two hours of flying we reached the polar pack ice, which stretched unbroken and solid to the farthest north. Through occasional holes in the fog, we saw that it was marked with heavy pressure ridges all over it; no landing-place was visible anywhere. The planes continued to fly together with perfect precision.

"At 1 o'clock in the morning, we should have been, by dead reckoning, at latitude 88.50, but, finding that the magnetic compass showed great variation, I realized we had drifted to the west. Just after 1 o'clock we sighted the first open water, a wide lead in the pack ice, forming a basin.

"As it was the only possible landing-place seen in eight hours I immediately decided to descend, so as to observe accurately our position, and then continue the flight. The N-24 was so close that its crew could see us preparing to descend, so they followed suit.

"As we climbed down, the motor unaccountably halted. So, instead of having a choice of a landing-place, Riltzer-Larsen was forced out of the main lead into a narrow branch. Heaven knows how we escaped complete destruction. The wings passed the ice hummocks on the edges by a hair's breadth, the plane finally halting with her nose buried in a great hummock, where she stuck.

Could Not Budge Machine.

"The three of us were unable to budge the machine. We wanted to turn about or back into the main lead. Our position was precarious as we feared the narrow lead might close momentarily.

"We quickly lightened the plane, removing the provisions and other freight to a high, dry hummock. Then we tried again to drag the machine onto the high ice, but its six tons was too heavy for three men.

"During the landing we had lost sight of the N-24. We were greatly worried. We did not find her until the next day, May 23, on the other side of the main lead. We immediately got into communication by means of flag signals.

"All day we tried to cut off the hummock, to enable us to get our plane onto the ice, but the ice was hard as steel, and our only implement was a two-pound pocket safety axe, and our sheath knives. Hopeless necessity inspired us to lash a knife blade to the end of a ski stick, which served excellently to slash the ice. Our failure to provide ourselves with ice cutters was due to the fact that we hopped off, as it was, with 1,100 pounds overweight.

"All day May 24th, we worked at lowering the hummock and construction of a slip to raise the plane. May 25 was similarly occupied. While we were engaged in this work, we were greatly surprised to see a seal pop his head up in the lead, but he was too far distant to shoot. I never believed I would find a seal so far north as 87.40.

"Ellsworth, Dietchricson and Omdahl wigwagged that they wished to join us. Their plane had been badly wrecked. Nails had been torn out of the bottom of the hull, which was leaking badly. They had kept their pumps going constantly for two days. Originally there was a distance of over three miles between us, but daily we had drifted closer together until today we were only about a mile apart.

"I told the three to come over to us. I thought naturally that they would follow the hummocks, that being the only safe way, as anyone knows who has travelled much in the Arctic. But they started over the new ice. After two different routes had failed them, I believed they would be successful in the third attempt, so I started out in the canvas boat to fetch them across an intervening lead. Now occurred a terrible incident.

Had Narrow Escape.

"Our view of each other was cut off by hummocks some 40 feet high. Suddenly I heard in the distance cries of men unmistakably in fear of death. I knew something terrible was happening. I pushed on, trembling with fear, toward the three, but was unable to get near enough to lift a finger to help. The anguished cries continued and then stopped. But presently heads appeared over the top of the ice, as the men came into view. I saw two of them dripping wet and weak with cold. The temperature was 12 below zero centigrade (10 above zero Fahrenheit)."

Amundsen said that Ellsworth told him what had occurred. As they were approaching the lead in single file, Dietrichson plunged suddenly through a hole in the ice and in an instant Lars Omdahl followed him. Each fought hard to keep afloat, but the current sucked them down. Ellsworth shook his skis loose and pulled out Dietrichson. Omdahl dug his fingers into the edge of ice, but was almost gone when Ellsworth, lying prostrate on the thin ice, ripped off Omdahl's 80-pound pack with his knife, enabling him to rise.

"It was a very narrow escape," said Amundsen. "From then on the six of us made our home inside the N-25, one sleeping in the tail, three in the freight compartment, and two in the pilot's cockpit. The gaunt hull served as bedroom, dining-room, kitchen and living-room for a month.

"I reduced rations immediately in anticipation of a possible trip afoot to Cape Columbia. At first we cut from 1,000 to 390 grams (11 ounces) daily, then to 250 grams.

"We ate pemmican, chocolate, biscuits and malted milk. Although working 20 hours daily, we felt no weakness except during the first days, due to the change of diet. This was evidence of the suitability of our choice of provisions.

"By May 27th, we had completely leveled the hummock and constructed a slip, removing countless tons of ice.

"With the aid of the motors, we got the plane out of the dangerous lead. We had always kept her riding free by wrecking the ice constantly as fast as it formed."

DEPARTMENTAL EXAMS BEGIN THIS MORNING

Middle and Upper School Tests Will Not Finish Until July 7.

Departmental examinations in connection with middle school and upper school work of the London collegiate and technical high school began this morning with tests in chemistry and composition. The examinations thus begun will not be concluded until the completion of papers in Spanish authors and composition on July 7.

The normal school closed last Thursday, the collegiate and the technical school closed on Friday, and the public schools will close this week, and then 12,500 boys and girls will be free to enjoy themselves to their hearts' content until the reopening of school in the fall.

Lower school examinations will commence tomorrow with tests in Canadian history and English grammar. These exams. will close on Friday of this week, there being only ten papers to write.

The high school entrance examinations for those who have not been recommended for promotion by their principals without an examination will begin writing on Wednesday of this week and will finish on Friday.

FIRE ESCAPES UNDERGO RIGID INSPECTIONS

Fire Chief John Aitken's inspection of London buildings in the interest of fire prevention resulted in orders being issued against two down-town warehouses to have fire escapes painted. Two weeks ago, five fire escapes were condemned and orders were issued for the erection of new ones. Other fire escapes which firemen have inspected have been found in satisfactory condition.

ROADS COMMISSION MEETS.

The suburban area commission, under the convenership of E. S. Little, will meet tomorrow afternoon at 2 o'clock in the office of County Engineer Charles Talbot to discuss matters pertaining to the paving of the Hyde Park highway.

TEN WITNESSES AT HOSKIN PROBE

Street Railway Employees and Passengers Will Testify.

Ten witnesses will be called tomorrow evening at the coroner's inquest into the Springbank trolley collision fatality of last Wednesday. Death of Charles Hoskin, assistant inspector of the London Street Railway company, under tragic circumstances, will be probed further.

Conductor George Brooks of the death car and Conductor Fred Harper of the standing car will be called. Motorman Alden Paynter, who was seriously hurt in the crash, will not be able to appear. He is still at Victoria hospital, and will be confined there for several weeks. His broken leg is knitting fairly well, though he is suffering much pain yet.

Other witnesses who will be called are passengers of the two cars which figured in the fatal rear-end collision. W. H. Legg, E. C. Depotie, Richard Christopher and others will be amongst these. Inspector of Detectives Harry Down is in charge of the police end of the case.

The funeral of the late Charles Hoskin, killed in the smash, was held on Saturday afternoon from his home at 378 Hale street. More than 100 street railway employees and scores of other acquaintances and friends attended. Rev. L. W. Reid, pastor of Hale Street United church, conducted the service.

The city of London was represented by Mayor G. A. Wenige, the police department by Chief Robert Birrell and Inspector Thomas Nickle, the street railway by the entire staff of officials, together with scores of members of Hale street church, where Mr. Hoskin was a valued worker.

Pallbearers were members of Hale street church or employees of the street railway company.

The red, oil lamp phase of the shocking fatality is the object of much conjecture and will form part of the evidence tomorrow night. No oil lamp was carried on the rear of the car struck by the death car. However, there are very few suburban radial lines in the province which carry these lamps, though they are required by law.

FIFTY MILES AN HOUR TOO FAST, AND SO IS 25

Russell Thompson of Hamilton Cuts Figure in Half and Is Fined.

Russell Thompson, Hamilton, was fined $10 and costs by County Magistrate Hawkshaw today when he appeared on a charge which had been reduced from reckless driving to that of speeding.

Thompson, according to the evidence of High Constable Wharton, entered Dorchester village at 11 o'clock on the evening of June 6 at 50 miles an hour. Thompson, who was defended by Howard Cluff, thought his car was throttled down to 25 miles an hour, which the court pointed out was beyond the speed limit.

JUDGMENT IS HELD IN DENISHAWN SUIT

Galt Defendants Claim Contract, Signed on Sunday, Is Illegal.

Judgment was reserved in county court this morning by Judge Macbeth in the action brought by Ruth St. Denis, Ted Shawn and the Denishawn dancers against H. C. Brown, Jun., of Galt for $628.34.

The plaintiffs, who were represented by R. A. Townend, booking agent, New York, claimed that the above amount was due for a performance in the Galt opera house on April 17, 1924, declaring that Brown had signed a guarantee for $1,000 and expenses, some of the latter having been paid.

The defendant, represented by C. R. Widdifield, Galt, declared that the contract was not legal, having been signed on a Sunday, (March 16, 1924.)

AIREDALES KILL CHICKENS, OWNERS ASKED TO SETTLE

Two Airdale dogs entered the chicken coop of Mrs. E. McDonald, 924 Colborne street, early this morning, and killed 20 valuable chickens, George Tustin of the Humane society states.

The dogs were seized by the police and turned over to Mr. Tustin, who has them locked up in his Victoria street kennels. The owners of the dogs have been located and have been asked to pay for the chickens.

CENTRAL HEATING PLANT FOR HURON COLLEGE

One central heating plant to take the place of four now operating in Huron college will be installed before the snow flies next winter. The present heating system is made up of four furnaces. Two are of the hot air type and two hot water. The contracts have been let. The architect is J. M. Moore.

Rev. C. C. Waller, D.D., principal of Huron college said today that the plans for the new heating plant had been carefully gone into before it was decided to install a modern heating plant.

RESIDENT FOR 50 YEARS PASSES AT HOSPITAL

Mrs. John Carson, for fifty years a resident of this city, died at Victoria hospital last night, following a long illness. Besides her husband, one son William, at home, and one daughter, Mrs. Philip Mercer, of Detroit, are the survivors.

The funeral will be held on Wednesday afternoon from Mrs. Carson's late home, 49 Askin street. Interment is to be made at Woodland

LADY ASTOR BELIEVES WOMEN CAN BRING ABOUT PROHIBITION

English Woman M. P. Scores Peerages Gained Through Liquor Making.

FIGURES AMAZING

Says Country Spends £40,000,000 More For Drinks Than Before War.

Associated Press Despatch.

Edinburgh, June 21.—Lady Astor, member of parliament for Plymouth, drew a crowded house at the Usher hall tonight when she spoke in connection with the convention of the women's Christian temperance union now in progress here. She began by saying she was relieved that her speech was not being broadcast, as she would rather help a dozen people who were really in earnest that 1,200 who were merely curious.

Lady Astor took for her theme the question of temperance, and went on to remark: "The men who became peers because they sold drink, no matter what good they did with their vast fortunes, could never undo the damage they committed in making them."

Great Britain, said the speaker, was spending apart from taxation twice as much on drink as on education and £40,000,000 more than before the war.

"Yet," she added, "the premier and labor leaders are saying that we must produce more cheaply and more efficiently and capture the foreign markets. Why don't they face up to the drink situation?"

Lady Astor predicted that when the women of the world decided that drink was an evil, it would go.

A special service for the delegates was held this afternoon in the famous St. Giles' cathedral, where John Knox, the rugged Scottish reformer, denounced Mary, Queen of Scots, for worldliness.

P. DANELUICK STILL ELUDES SEARCHERS

Man Wanted For $2,000 Theft Here Thought To Be Nearing Montreal.

Police have as yet been unable to locate Pete Daneluick, wanted here on a charge of theft of more than $2,000 from a fellow Russian, Sam Krystaff on Friday night. Daneluick is believed to be heading for Montreal where he is expected to board the SS. Montcalm en route for Europe. He purchased a ticket prior to the robbery at the C. P. R. offices in London.

Ontario and Quebec police have been furnished with a description of Daneluick, and it is expected he will be apprehended before reaching Montreal.

COLBERT AND BROUSE APPEAL IS DISMISSED

London Real Estate Dealers Must Abide by Ruling of Rose.

The appeal of George Colbert and Alfred Brouse, London real estate dealers, from the decision of Mr. Justice Rose in a real estate deal engineered by the above defendants, and Alfred James Taylor with Ernest Evetts, has been dismissed.

At the time of trial, Evetts complained that he did not get value received for the house and mortgage he gave for the farm and farm implements. Mr. Justice Rose gave judgment in favor of Evetts and ordered the court costs to be paid by the defendants.

Winnett, Morehead & Neely appeared for Evetts and Ivey, Elliott & Gillanders for the defendants.

HOME AND BARNS BURN WHILE OWNER IS AWAY

Farmer Near Aylmer Loses All —$400 in Bills Is Destroyed.

Special to The Advertiser.

Aylmer, June 22.—Fire completely destroyed the house, barn and all outbuildings on the farm of D. Moore, on the Malahide and Bayham town line, seven miles east of Aylmer, on Saturday afternoon.

The farm was rented by John Scott, who, with Mrs. Scott, was in Corinth at the time. Their 7-year-old son was the only one home, and how the blaze started is a mystery. The barn was the first to burn, and this was noticed by a neighbor, who phoned in an alarm. A strong wind was blowing, which fanned the flames, and nothing could be done to save the house and other buildings.

Fortunately all the stock was in the fields, but Mr. Scott had just sold his hogs, and more than $400 in bills, which was still in the house, was burned. The loss is only partly covered by insurance.

FUNERAL OF MRS. BRIDGMAN WAS HELD THIS AFTERNOON

Mrs. Elizabeth Bridgman, who died at her home, 242 Hyman street, on Friday, was buried this afternoon at 2 o'clock in Mount Pleasant cemetery. Services were conducted by Rev. J. Bruce Hunter of the Metropolitan United church.

Mr. and Mrs. Ernie Sykes were guests with ex-Alderman and Mrs. Joshua Garratt last week. Mr. Sykes is on the staff of the Montreal Heat, Light and Power Company at Cedars, Quebec.

MEN'S CLUB IN CAMP.

Twelve members of the men's club of the Y. M. C. A. are establishing a week-end camp at Erie Rest, Lake Erie. The members are going under canvas near the L leaders' camp just west of Port Stanley.

FREEMAN'S JOURNAL EXECUTIVE SPEAKS

Rotary Hears Address From Pat Monsford—Music Unusually Good.

Music and speeches were well mixed at the regular weekly luncheon of the Rotary club at the Tecumseh house today. The music was provided by A. D. Jordan's Rigoletto quartet, consisting of Mrs. Frederick Schofield, soprano; Mrs. Robert Durst, alto; Carman Learn, bass, and Chas. Auld, tenor. The quartet, which sang splendidly. Swing Along, a negro song by Will Marian Cook, and the quartet from the grand opera, Rigoletto, was heartily applauded for its efforts.

The speeches of the luncheon were made by Pat Monsford, manager of Freeman's Journal, Dublin, Ireland, and the Irish delegate to the Rotary international convention at Cleveland last week, and R. W. Ball, Toronto, general superintendent of the C. N. R. telegraph, on "The Modern Uses of Telegraphy."

Mr. Monsford commented upon "the magnetic atmosphere supplied by the Canadian delegation" at the convention in Edinburgh in 1921, an atmosphere which had attracted him to America in 1923 and again this year.

"There is something about Rotary," declared Mr. Monsford, "that brings 30 countries together that demands and deserves deep thinking."

Mr. Monsford took occasion to refer to William Yendall, newly appointed district governor, as "a real white man," and one who, "if he gets a chance to disseminate the spirit of Rotary, then Rotary will have benefited very considerably."

In his address, Mr. Ball reviewed the progress and development made along telegraphic lines, pointing to the fact that the C. N. R. company can now send eight messages simultaneously on the same wire each way and that a message can be sent from Montreal to London, Eng., and the return message be back inside five or six minutes.

"The telegraph has come into general use both socially and in business," observed Mr. Ball, "and we can now at least send a telegram home without causing consternation. The telegram has become a means of social intercourse for the wiring of flowers, candy, greetings at different seasons, congratulations, condolences, tickets and money. In a word it has passed through the emergency class of communication."

SEVEN NURSES RECEIVE DIPLOMAS AT GUELPH

St. Joseph's Class Graduates—Father Doyle Gives Address.

Canadian Press Despatch.

Guelph, June 20.—Seven young ladies were awarded diplomas on having completed the required course of training at St. Joseph's hospital last night, the assembly hall of the Guelph collegiate and vocational being filled with their friends in honor of the occasion. Those graduating were Misses Kathleen Seifried, Harriston; Anne Heeg, Guelph; Marie Ryan, Newstedt, Ont.; Mona Fleming, Galt; Mayme Short, Waterloo; Elizabeth Sweeney, Guelph. Rev. Father Doyle gave an encouraging address to the class, and Dr. A. MacKinnon presented the diplomas.

ESTATE OF $71,987 LEFT BY LATE DENIS MASON

A total estate of $71,987 was left by the late Denis Mason, who died in Toronto on March 7, is divided between two daughters and a son, according to the will filed for probate in Toronto.

Mr. Mason, who was head brewer at Labatta's for a number of years, bequeathed a total of $14,780 to his son, Dr. R. T. Mason, Detroit; $18,780 to Mrs. Harry Jones, daughter, and the residue of the estate, amounting to $32,588, to Miss Matilda Mason.

The estate consists of mortgages, $15,362; securities, $39,179; bank stocks, $2,200, and cash $1,397.

THOMAS CLIFT, INJURED BALL PLAYER, IS HOME

Thomas Clift, former London boy, who was injured during a baseball game in St. Louis three weeks ago, was able to return to the home of his father, Ald. Thomas Clift, 650 Princess avenue, yesterday.

Mr. Clift was quite tired after his long trip, but is improving rapidly. He is suffering from deafness at present. Specialists say that it is due to shock and the condition will right itself with rest.

It was during a baseball game between a Detroit railway team and a St. Louis nine that Mr. Clift, while catching for the Detroit team, was hit with a bat.

FIREMEN INJURED IN TORONTO BLAZE

Fire Causes Damage of $10,000 To Freight Shed on Dock.

Canadian Press Despatch.

Toronto, June 21.—Two-thirds of the local fire fighting apparatus and firemen were kept busy for over eight hours today when fire broke out this afternoon in the under-structure of a freight shed belonging to the Kirkwood Steamship Line here. Two firemen, William Mitchell and Hugh Smith, ran nails through their feet, and were treated at St. Michael's hospital, after which they went home.

The damage to the shed, which is frame and galvanized iron construction, will be in the neighborhood of $10,000. Mr. Kirkwood, head of the firm, said tonight it would be impossible to estimate the exact loss by smoke, fire and water to the contents, which consist of sugar, canned goods and various other commodities held in transit. It is believed that the fire was due to a carelessly dropped cigarette butt, which fell through a crack in the floor of the shed and set fire to the understructure.

CANADIAN DOCTOR SAYS MAN WAS NEVER APE

Dr. Charles Hill-Tout Believes Both Came From Same Source.

Associated Press Despatch.

Portland, Ore., June 21. — That man never was either monkey or ape and that assumptions to this effect are erroneous and foolish, was the declaration of Dr. Charles Hill-Tout of Vancouver, B. C., fellow of the Royal Society of Canada, lecturer and author, in his address to the naturalist division of the American Association for the Advancement of Science, now in session here.

"We have indisputable records of man which go back before the time of the ape," said Dr. Hill-Tout. "Probably both ape and man came from some former ancestor in the philogentic series further back. It is true that ones may say that man has ape-like characteristics, but it is equally true that the ape has man-like characteristics, which does not mean much unless interpreted correctly. In fact, nearly all living organisms have points of common likeness.

"The oldest skeleton records of man go back about 500,000 years, but we know that man was relatively high in intelligence two million years before this time. We have found excellent stone tools fashioned that long ago and with which man worked. The ape as yet has not brain power to make even the most crude implements for his own use."

RADIAL CAR OPERATES WITHOUT MOTORMAN

Knocked or Pushed From Electric Trolleys, Driver Is Badly Hurt.

Canadian Press Despatch.

Toronto, June 22.—When he fell or was knocked out of the radial car he was driving on the Toronto-Guelph branch, Canadian National Electric Lines, Saturday night, William Monteith, a motorman, suffered serious head and neck injuries, and his condition was reported at the hospital today as being very serious.

He was driving the electric car into Toronto with a party of picnickers. The car was without a driver for two miles after he fell out. It is thought he was leaning out when the car went around a curve and was hit by a post. The conductor stopped the car and backed it up to where they found Monteith and brought him to the city.

U. S. SECRETARY OF STATE ORDERS PEPALL REMOVED

Associated Press Despatch.

Los Angeles, June 21.—Federal authorities have been notified that the secretary of state has upheld government removal proceedings against Andrew H. Pepall, wanted at Toronto on a charge of embezzling $368,000 in provincial funds while acting as treasury agent shortly after the world war.

He has been a prisoner for five months without bail, during which time a strenuous legal battle has been waged for his liberty against extradition to Canada.

ADELAIDE TOWNSHIP FAIR HAS $300 IN EXTRA PRIZES

The youth of Adelaide township are paying special attention to the exhibits they will place in the school fair this year, and they have a good reason. The men in charge of the fair have announced that in addition to the regular prize list, there will be $300 in extra prizes for the youngsters.

The fair will be held on September 21, and will be in charge of W. J. McChesney, president, and J. W. Wilson, secretary.

Hong Kong Has Emergency Law

Associated Press Despatch.

Hong Kong, June 22.—The government today proclaimed a series of emergency regulations providing for censorship of telegrams and letters, and police control of premises, vehicles, fuel and foodstuffs.

Rice, flour, foodstuffs, gold and silver coin, bank notes, are exportable only under licenses.

MANY KILLED, OTHERS SUFFER DUE TO WORK IN LEAD PLANT

Eight Persons Succumbed in Eighteen Months, 300 Made Ill.

FACTORY CLOSED

Workers Using Radium Paint Fatally Poisoned Through Method Employed.

Associated Press Despatch.

New York, June 22.—Deaths from poison in a lead plant, which caused its victims to have hallucinations of seeing butterflies, have been revealed in New Jersey in addition to fatalities among workers who use radium paint on watch dials.

Coincident with inquiries into five deaths and numerous cases of illness in the plant of the United State of Radio Corporation, Orange, N. J., it has developed that tetraethyl lead poisoning killed eight persons in 18 months and made 300 others seriously ill at the Deepwater, N. J., plant of the E. I. Dupont de Nemours Co. The plant, now closed, made a lead compound and treated gasoline with it.

Tetraethyl lead is a compound used in manufacturing anti-knock gasoline, the sale of which has been stopped in several states pending federal investigation into the effect upon pedestrians who breathe exhaust gases.

The lead plant of the Duponts was called the "house of butterflies" by the people of Deepwater because sufferers of lead poisoning see butterflies and winged insects much as persons with delirium tremens see snakes. Victims have been known to pause while at work, gaze intently into space and suddenly leap into the air clutching "butterflies" which are nowhere to be seen. Public attention was first focused on lead poisonings last fall when five persons died violently in straight jackets from effects of making "looney gas" at the Standard Oil Company's Bayway works near Elizabeth, N. J.

The death toll at the Dupont plant has just been revealed. The Duponts are said to have exercised every possible precaution to protect their workers, spending $2,000,000 for the plant and $60,000 in improvements. They also sent specialists to care for the sick and paid benefits to dependents.

The employees of the Radio Corporation, who have died or are suffering from poisoning were employed in painting watch dials with radium paint. They had been in the habit of drawing brushes between their teeth to point them after applying the paint. The disease is called radium necrosis.

U. S. SENATOR LADD DIES AT BALTIMORE

North Dakota Representative Had Been Ill For Many Months.

Associated Press Despatch.

Baltimore, June 22.—Senator Edwin Fremont Ladd of North Dakota, died here at 10:30 a.m. today.

Suffering a serious setback during the night in his fight against neuritis, rheumatism and kidney trouble, the senator sank gradually throughout the morning, and the end came quietly. He retained consciousness almost to the last, having greeted Mrs. Ladd, who arrived from Washington only an hour before his death.

SEINE COUNCIL VOTING SEES LEFT BLOC GAIN

Socialists Also Increase Membership, But Fishing Keeps Communists Down.

Associated Press Despatch.

Paris, June 22.—The second balloting in the elections for the general council of the Department of the Seine, with 19 seats to be decided, gave the Socialists 6, the left bloc 11, and the Communists 2.

This makes the composition of the new council according to the analysis of Le Journal: Moderates 61, Socialists, 45; Communists, 14. The result is not easily compared with the outgoing council, as the new body has 18 additional seats. The former council was composed as follows:

Moderates, 62; Socialists, 33; Communists, 7.

The Communist organ L'Humanite says the results are not up to its expectations, and it regrets that "the opening of the fishing season caused the absence of many workers."

WELLINGTON RD. ASPHALT WORK STARTS TOMORROW

Asphalt work on the Wellington road pavement will be commenced tomorrow morning. Concrete base was completed on Saturday, and the works department will be able to commence immediately on the surfacing the new pavement.

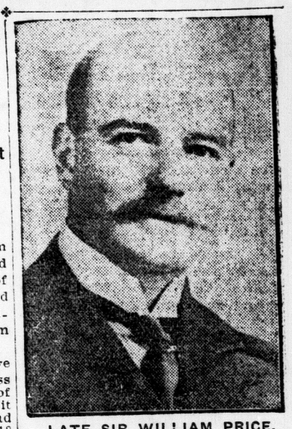

The city engineer expects to have parts of the street opened for traffic by the end of this week, though the entire pavement will not be completed until the middle of July.

INDIAN GIRL, 12, ADMITS 3 ROBBERIES IN ONE HOUSE

Pleading guilty to three times entering and stealing sums of money from the home of Henry Foreman, 87 William street, a 12-year-old Indian girl was remanded in juvenile court to appear again next Friday when her case will be disposed of. Meanwhile she will undergo mental examination by physicians.

TO LIBRARY SCHOOL.

Two members of the public library staff have been accepted as students in the library school in Toronto. They are Misses Kathleen Seabrook and Marjorie Dawson. They will go to Toronto when the autumn sessions open on Sept. 2. The course lasts four months.

LATE SIR WILLIAM PRICE.
In addition to a commemorative plaque being unveiled at Chicoutimi on June 28, friends of the late Sir William Price propose to erect a monument to him near the place where he lost his life at Kenogami, in what was known as "The Kingdom of the Prices."

SIX WEEKS' TAXES TOTAL $1,800,000

Early Payment of Accounts Features This Year's Collections.

Tax receipts during May and the first half of June totalled over $1,800,000, according to figures shown at the city hall today. The tax department officials have just concluded checking of receipts for the first installment of tax moneys.

Collections this year were good, though not greatly in excess of other years. The feature of this year's work was the early payment of a great many accounts. Several large tax accounts reached nearly $50,000 each.

MAN SAVES FIVE IN CAR ON HILL AT TYRCONNELL

Jumps On Board Machine When Woman Driver Loses Control.

Special to The Advertiser.

Dutton, June 21.—Five London women, whose names are not known here, had a nerve-trying experience this afternoon on the Lake Erie hill at Tyrconnell. When they started down the hill the brakes of their auto stuck, and the driver lost control of the car. Lorne Cady of Dutton, who was walking up the hill, saw the trouble and, jumping on the running-board, managed to swing the auto against the bank and so prevented a serious accident. The car was driven up the hill, and the women started for home.

At least five London motorists don't care very much what happens to dogs, for five fine canines were killed on London streets yesterday by careless motor car drivers.

"Some drivers take a delight in seeing how close they can come to killing dogs on the streets," declared George Tustin of the humane society. "People with such instincts should not be allowed to drive cars in my opinion."

RELATIVES OF NANTON BENEFIT THROUGH WILL

Late Canadian Financier Left Sum of $1,750,000—Liabilities $500,000.

Canadian Press Despatch.

Winnipeg, June 21.—The will of the late Sir Augustus Nanton, distinguished Canadian financier, will be filed for probate shortly, according to a statement issued yesterday by legal representatives of the family. The total assets, inventory at approximately $1,750,000, with liabilities of more than $500,000.

The will settled the income of $300,000 upon the widow and of $75,000 upon each of the children. There are legacies varying from $25,000 to $1,000 to relatives, employees, and personal friends. Church and charitable institutions are to receive $25,000.

LONDONERS SEE SAMPLE OF ROUYN GOLD ORE

A sample of the possibilities of the Rouyn gold fields was seen in London today when R. T. Collins, who arrived from the much talked of mining area showed some specimens of quartz with free gold in them. The quartz came from a property belonging to the Quebec Gold Belt Company. Mr. Collins is a guest at the Bevridere hotel.

As Miss MacPhail Sees It.

Agnes MacPhail, M.P., is under the impression that Britain would have gone into the late war regardless of the invasion of the kingdom of Belgium. Speaking at a picnic near Peterborough, she said:

"I don't think the invasion of Belgium caused the last war. We thought so then, and some of us do now. But we cannot read authentic reports of authorities in power at that time and believe that the invasion of Belgium was the cause of the trouble, or doubt that if the staying out of Britain would have saved Belgium; she would still have gone in."

Miss MacPhail is entitled to her views, and there will be no move made to prevent her exercise of free speech, but there is something in this remark of hers that requires explaining. If she has been correctly reported, and she probably has, she believes that Britain was seeking to get into the war, and that the invasion of Belgium was not her reason for entering at all, but simply an excuse to get in.

If that had been so Britain would have been prepared. If there was nothing she desired more than a chance to get into a great war there would have been no need to send out a poorly-prepared and provisioned army in the first place; there would have been no days in which there was only enough ammunition for the artillery to fire a half-dozen shots and then cease, to become targets for the endless supply of German ammunition. There would have been no eleventh-hour scramble to turn every metal-working industry in the kingdom into an ammunition plant, nor would it have been necessary to come to Canada and United States and place contracts for millions of dollars' worth of ammunition in shops that had never turned out a shell before and that did not even know what a time fuse looked like. All these frenzied movements were not the ear-marks of a nation prepared for war and anxious to get into it.

Miss MacPhail also said that "Disputes in Europe are usually inspired by desire for gain, the tearing to pieces of some lesser country, or the looting of some less intelligent people." Would Miss MacPhail undertake to tell what Britain has gained from the war? It can be readily stated that she lost in men, commercial prestige and financial standing. She came out weakened, with a debt that was, is, and will be staggering for years to come, and against this credits from other nations that have paid nothing at all to her. She did not even urge the total destruction of Germany, but rather has aimed ever since at giving that former enemy nation a chance to work out her own salvation and get under way in business. It was Britain, too, that stood to welcome Germany to a seat in the League of Nations on an equality with other nations. Can Miss MacPhail have the hardihood to say that these are the symptoms of a nation that is grabbing and seeking to make herself rich by the tearing to pieces of other nations?

Canadian troops entered the war because they thought Britain was in the right. They could not think there was much safety abroad with a nation on the rampage that was prepared to the last degree, and that was fired with the lust for world domination. Will Miss MacPhail go to the limit of stating that the hundreds of thousands of Canadians who enlisted made a serious mistake, and that those who never returned made their sacrifice in vain because of a faulty conception of their duty?

Testing Our Honesty.

An American magazine spent $100 to see how honest certain citizens were. The method was quite simple. After selecting the names of one hundred men, including scientists, journalists, physicians, educators, lawyers, clergymen, it sent a letter with a dollar bill inclosed, stating it was "in adjustment of the error complained of in our account." A fictitious name was inclosed, but the proper address of the sender of the money was given so that it could be returned.

The magazine explains that the businessmen included all sorts of industrial and commercial pursuits, from the heads of great banking houses to small grocers. The scientists comprised naturalists, chemists, geographers, botanists, and so on, not members of any teaching corps. The journalists were editors and writers. The educators included teachers, lecturers and college presidents. One of the three artists in the list is a renowned musician. Incidentally, he returned the dollar.

By classification the results were:

	Dollars sent out.	Dollars returned.	Per cent.
Clergymen	9	6	.66
Journalists	7	3	.43
Artists	3	1	.33
Educators	12	4	.33
Businessmen ..	37	10	.29
Physicians	9	2	.22
Lawyers	11	1	.09
Scientists	11	0	.00
Playwrights	1	0	.00
	100	27	

The one lawyer who returned his dollar sent along a note saying: "If you've made many mistakes of this sort you'll soon need a large amount of legal advice, which I am prepared to deliver on short notice." One businessman replied that he'd keep the dollar until further explanation was forwarded. He got a letter saying the amount had been sent him in error, but he kept the dollar.

The magazine says it expected clergymen would head the list, but was rather surprised to find journalists holding second place. It concludes by stating that of the eleven lawyers five are members of congress, two senators and three representatives. The magazine sent out $100, and got back $27, so it cost it $73 to prove that men are at least 27 per cent honest.

How Times Change.

Of course it's an old story to hear of the man who tells that he could have bought a corner lot in town for $500 20 years ago. This remark always comes out for an airing when said lot changes hands for about $10,000.

It's the same thing in another form that is being told about cottages on lake front property. There are not many people in this district who do not know something about Grand Bend. On Saturday an oldtimer from Exeter was there, and he was inclined to be reminiscent. "I remember this place before they cut the canal through here, and one summer the boys and I put up a little house here; you could hardly call it a house, because it was really a shack, and the whole thing didn't cost us $150. We sold it a couple of years later for $250, and thought we had done pretty well, but I know the man who bought it last spring, and he paid $1,500 for it. Of course there had been some changes made to it, but not many."

What he said was quite true, and the same thing can be found in almost any of the summer resorts in western Ontario. The habits of the people have turned more than ever to outdoor life in summer. The tendency is away from the very large home in the city to the smaller one, and coupled with that some sort of a summer home near a lake or river. The motor car has made travelling very easy, and it is possible for people in an hour or two to be out at the home in the woods, where conditions are more or less primitive, but where day and night alike are pretty much an open-air existence.

Small wonder that the oldtimer who has seen this development go through all its various stages should stop and think of the opportunities that were clustered all around him. For the life of him, he couldn't see much value in the sand-lots and waving pines or sturdy oaks, and the chances are that ten years from now they will be talking about what they could have bought it for in 1925.

Not Sufficient Reason.

There will have to be more adequate explanation given for the dropping of the plan to bring Alberta coal to Ontario for the purpose of creating a market here for a Canadian product and at the same time establishing definitely what the cost of haulage would be.

When all arrangements had been apparently completed for the trial shipments, word comes that the matter has been dropped because there is to be an inquiry into freight rates and that some changes are contemplated in the railway bill. By the time these matters get attended to the season will have advanced to the stage where the supreme business is the handling of western grain before the lakes are closed for the winter.

It is hard to understand why the inquiry into freight rates has, or can have, anything to do with it. The bringing down of 25,000 tons at $7 per ton was not intended to set a precedent as a rate to be charged permanently. It was thoroughly understood that it was only a special figure for a special purpose, and the federal government had placed aside an amount to cover a deficit, if there were one.

It was urgently important that there should have been a move made to get the development of this Canadian industry under way. The Alberta experiment was apparently to have been the first; if it had been found that this coalfield could not give the results expected, then the next step was to have been an experiment with the coking of coal from the east.

Last year The Advertiser demonstrated by a petition in Western Ontario that the people wanted to get Canadian coal. Thirty thousand signatures were secured with very little effort in various points around here. When the time was ripe for action to be taken the western coalfields were tied up in a strike. This year the coal is there ready to be shipped, but apparently it will not be moved, and the reason given does not appear to be sufficient. If we are ever going to get to the point where Canadian industry will be developed in such a way that it will keep a great deal of our own money in circulation in this country, and building up for Alberta a staple industry that it needs, the business of doing it will have to be handled in a more definite and determined way.

A young woman writes to the medical column of a newspaper, saying she is pretty, 19 years old and 5 feet 2 inches tall. She asks how much she should weigh. We would say some place between 180 and 210.

Despatch says Andrew Pepall is "willing to return to Canada to face charges made against him." He was arrested on January 28, and has been unsuccessfully fighting extradition ever since. The word "willing" has a queer setting in the picture.

Chatham woman said if her husband gave her $500 she would allow him to go free. According to her testimony, he had given her only $1 in three weeks, and as $500 would at that rate, represent her allowance for the next 29 years, she is out to strike a pretty good bargain.

Hens and Brains

I'd like to ask the expert this, and afterward perhaps some more, just what that speckled hen of mine is settin' on a door-knob for?

I read a story yesterday about some lover of the birds, and he kept writin' on and on, and used about five thousand words. At times he was comparin' birds with actions of such things as men, and even had a chapter too about the habits of the hen.

He claimed, if I have got him right, that hens have brains inside their head, that struck me as the queerest thing I'd ever heard about or read.

As long as he was speakin' of such things as skylarks over home, or how the seagulls look for food when wind is startin' out to groan, why I could follow what he said and figure out that he was right, because from where I'm livin' now such things don't come within my sight.

But when he comes to talk on hens 'tis then I look about to see, and read with care of what he wrote to find if he knows more than me.

Now I've kept hens for thirty years, we've had 'em speckled, red and black, we've had 'em in a coop sometimes, or rootin' by an old straw stack. We've had the kind that lays and lays, the sort that brings you all the luck, we've had the kind that eats and molts and seems dead set to set and cluck.

Just now we've got a speckled hen, and I can't think she's brains at all, for she has just been settin' round and cluckin' since away last fall.

She won't get out and scratch around and exercise her feet and legs, she just keeps settin' there upon a door-knob and two china eggs. It's just a soap box that she picked, a place where other hens would lay, but they can't get in there at all, she's hoggin' up that nest all day.

So once we gave her fourteen eggs and put her in another nest, a-tellin' her to get to work and go ahead and cluck her best. Inside a week she jumped her job and went off mixin' with the rest, and in a spell we found her back a-sitting' in that soapbox nest.

I've took her by the tail sometimes, and chucked her out into the yard, but she just ruffled up her hide and started cluckin' out quite hard. And every time she gets a chance she doubles up her scaly legs, and goes and sits a day or so a-heatin' up them china eggs.

If what that man has wrote is true about a speckled hen and brains, and if she knows when it is fine, or when it blackens up and rains, I'd like to ask him just one thing, and after that perhaps some more. I wish he'd tell me why that hen is settin' on a door-knob for.—ARK.

Gravel or Cinders?

Stratford Teamsters Are Asking That Gravel Be Used At Present To Provide Employment.

Editor of The Advertiser:

Dear Sir,—I wish to reply to an item published in the Beacon-Herald, of Stratford, some days ago, which was headed:: "Pit Run Gravel Not Wanted."

This item was the outcome of a plea made by the teamsters of Stratford for employment here, and under the present economic conditions, we feel that the request made by us was quite in order, and that the use of "pit run gravel" for street paving was not mentioned, but rather that it be used, instead of cinders, for a base for curbing, and also for sidewalk paving purposes. The cinders are at present being shipped in from an outside point, and costs the city slightly more than the gravel mentioned here would cost.

Trusting this will appear in your paper at an early date, I remain,

Figure It Out If You Want To, But You May Get Tangled Up in So Doing.

Editor of The Advertiser:

Sir,—Would you kindly publish in your paper a solution to the following?

A picture hung on the wall and a man was asked who the picture was, and said: "Sisters and brothers I have none, but that man's father is my father's son." Who was the man in the photo?

Answer—It would be the son of the man speaking.

Dorothy Dix

"Of Course, Mr. Man, You Possess None of These Peculiarities of Your Sex.

Aren't men the funny things? Especially in their relationships with women.

Consider this, for instance:

Just because he happens to have been born of the masculine sex every man considers himself the superior of all women. The dullest, the most ignorant and loutish man looks down upon the most talented and brilliant woman.

Men never believe that women succeed by honest merit and hard work. They always attribute a woman's achievement to luck or pull.

Men are often lavishly generous to women, but they are seldom just. They love to give women things, but they hate to pay them what is their honest due. Often the man who will load his wife down with diamonds will not give her a five-dollar allowance of pocket money of her own. Men believe that only a woman who is as pure as the driven snow is good enough for them to marry, but that a man with any sort of a lurid past is good enough for a woman.

In his heart every man believes that he does her such a favor by marrying her that she should spend the balance of her life k..w-towing before him in gratitude.

All men believe themselves worshippers of beauty, but they oftener pick out chromos than living pictures for wives.

When a man is courting a girl, he tells her how beautiful and wonderful she is in order to ingratiate himself with her; but after he is married he never thinks it worth while to continue to flatter her, although he knows that by so doing he can keep her eating out of his hand.

An honorable man, who would not play any other scurvy trick on earth, will persuade a girl to leave a good home and a devoted family, and give up all other men for him, and then dump her down into his own house and never do one single thing to try and make her happy and contented.

Before marriage a man will spend from five to seven hours a day telling a girl how much he loves her, and after he is married to her never mentions the word love to her again as long as she lives.

Before marriage a man can remember a woman's birthday, the day they met, the books and music she likes, the flowers she prefers and the different dishes she relishes. After marriage she has to remind him of every anniversary, and he gives her a check at Christmas because he does not remember any of her tastes.

To have a happy, contented wife means peace and happiness in a man's home and money in his pocket, yet not one man in a thousand will take the trouble to "work" his wife, although every man who isn't an idiot knows how to do so.

Few men ever do any active thing to make their wives happy. Most of them seem to think that just being married to them is picnic enough for any woman.

A man will trust his wife with his name, his honor and his children, but he will not trust her to handle a few dollars of housekeeping money.

When the wife goes away for a week, the house becomes like a pigsty. The sink is piled high with dirty dishes. Soiled clothes and old papers litter the floor. Everything on the place seems to be permanently lost.

Taking care of one small infant on a Sunday afternoon will reduce an able-bodied man to a nervous wreck, yet men persist in believing that their wives live lives of inglorious ease, and say they wish they didn't have anything to do but stay home and keep house, and take care of the children.

There is nothing that women admire so much in men as brains. Men prefer women of only moderate intelligence. A dull man, who does not keep up with the times and who cannot talk intelligently, bores a woman to tears, but men are fascinated by the babble of women who haven't two ideas to rub together in their heads.

CLAN CAMPBELL GATHERS FOR SPRINGBANK RE-UNION

Skirl of Bagpipes Echo As Famed Family Celebrate.

6 HUNDRED PRESENT

That famed brotherhood of the clan, which reached its highest ideal in medieval times, as Scotland was making history, flamed with much of the warmth of old on Saturday afternoon, when between 500 and 600 Campbell Clan gathered at Springbank park for the reunion.

Guests were present from Michigan, Lobo, Williams, Mosa, Ekfrid and Metcalfe townships as well as from other points in Western Cntario. Versatility flavored a program, which was voted the best in the history of Campbell outings. Races, novelty events, bagpipes and instrumental music, singing, talks, addresses and one big luncheon all had their part in the day's fun.

Dan Campbell, of Lobo, was named to the chieftainship amid the cheers of the crowd. Among the speakers were the new chief, James Campbell and John McGugan, ex-reeves of Lobo, Arch McGugan, present Lobo reeve, J. C. Elliott, K.C. of London, and Dougald Graham, of London, chieftain of the Graham Clan. A most interesting feature of the program was the outline of the Campbell Clan history given by Rev. Mr. Leitch.

Well-known musicians and dancers contributed to the entertainment, which was diversified and novel, and ever carried the thrill of the tartan. Pretty Scotch dances by the Misses McLean won the plaudits, while solos by Ruth and Jeanette Campbell, Bernice Leitch, and William Henderson, of London, were also well received. Splendid instrumental music was given by the Carrothers boys, of Caradoc.

The next reunion will be held in 1927. This year was chosen to give the Campbells, who are members of the Graham clan, the opportunity to attend the reunion of that body in 1926. The Graham clan will hold a reunion in 1928. Intermarriage of members of the two clans have brought them kindred interests, and the committees invariably try to name reunion dates which will not hinder attendance at the other clan's outing.

St. Paul's Picnic.

The annual picnic of the Sunday school of St. Paul's cathedral was also well attended, and an unusually fine program of sports was run off before the twilight luncheon.

GENERAL MOTORS STRIKES NEW TOP

United Stores at 85 and Studebaker Among Leading Issues.

New York, June 22—Wall street, 1:30 p.m.—Efforts to sell some of the high priced shares revealed a very thin market, U. S. Cast Iron Pipe and Atlantic Coast line breaking five points, with offerings of the latter unusually large. Dupont relinquished its 3½-point rise, when realizing began on the announcement of a 40 per cent dividend. Gulf States Steel and General Railway Signal were also forced down three points. While a good many soft spots cropped out among representative shares, motors were steadily accumulated with White Motors becoming prominent.

Associated Press Despatch.

New York, June 22—Wall Street, noon.—Operations of professional traders dominated the morning trading, but prices began to waver as a result of heavy profit-taking in American Can, Independent Oil and Gas, American and foreign power and Famous Players. Operations on the long side stemmed the decline by distributing large buying orders in other quarters. United Cigar Stores was run up to 85, and General Motors touched 80, both new high records for the year, while substantial gains took place in Studebaker and a few other issues in which pools are reported to be operating.

Although bear traders were inclined to sell stocks on the theory that the market had gone stale, and that it would be difficult to attract a public following at current prices, speculators for the advance found encouragement in the fact that commodity prices were at the highest levels since February, that prospects were favorable for a continuation of low money until the crop-moving season and that business was generally good, even though the margin of profit in many cases was small.

Call money renewed at 3¾ per cent.

FOREIGN BOND BUYING URGED ON INVESTORS

Tendency To Judge Risk by Distance Is Passing.

A recent issue of the Guaranty Survey, New York, contains a strong recommendation of foreign bonds to investors; the facts set therein are so trite that in connection with the offering of Austrian government gold bonds by C. M. Cordasco & Company the following excerpts will be of interest to Canadian investors:

"Foreign bonds as a class are selling substantially below their intrinsic values. Obligations of sound governments are generally recognized as the standard investment worth, yet we have the anomaly of good foreign government bonds selling to yield as much as 4 per cent more than United States government obligations. This discrepancy is due, not so much to a distrust of the credit of foreign governments, as to a lack of understanding of what should form the basis of sound governmental credit. The tendency to judge risk largely in terms of distance is certainly not based on sound reasoning and is gradually disappearing."

Austrian government 7% guaranteed gold bonds form part of a loan sponsored by the League of Nations in 1923. Their issuing price was 90½; they are being offered today at 98¾, a gain of 8¼.

The trend of bond yields, according to banking opinion, is toward a 6% basis; Austrian 7's would have to sell at 111¼ to yield 6%—the opportunities for appreciation in the principal are, to say the least, attractive.

BUTTER AND EGGS

Canadian Press Despatch.

Montreal, June 21.—The receipts of butter in Montreal for the week ending June 20 were 30,377 packages, which showed an increase of 12,334 packages as compared with the previous week and an increase of 6,667 packages over the same week last year, but the total arrivals from May 1 to date have been 27,666 packages less than in the same period for 1924.

Prices were fairly well maintained. The foreign demand was steady, and as the prices bid in many instances were in line with holders' views, a fair amount of business was done in this direction, but the domestic side was reported rather quiet. Final sales of Eastern Townships No. 1 pasteurized creamery were made at 36½c per pound, No. 1 creamery at 35½c, and No. 2 creamery at 34½c.

Eggs—Fresh specials, 39c; fresh extras, 37c; fresh firsts, 33c to 34c.

Canadian Press Despatch.

Montreal, June 21.—The offerings of creamery butter at the Quebec federated co-operative society auction sale held here Saturday were 3,100 packages, as against 2,200 packages for the previous week and 3,975 packages for the same day last year. The prices paid were 1⅜c per pound higher than those of the previous sale and 1⅝c to 1⅞c over a year ago.

Associated Press Despatch.

New York, June 20.—Butter firm; receipts, 6,270 tubs.

Associated Press Despatch.

CHEESE

Canadian Press Despatch.

Montreal, June 21.—The receipts of cheese in Montreal for the week ending June 20 were 54,285 boxes which shows an increase of 1,240 boxes as compared with the previous week and an increase of 189 boxes over the same week last year, while the total arrivals from May 1 to date were 54,734 boxes in excess of the corresponding period of 1924.

The feature of the trade for the last week was the weaker feeling that developed in the market, which was attributed to the lull in the demand from foreign buyers, the weaker cable advices and the falling off in the competition between local buyers for the offerings at the country boards, with the result that prices declined 3-16c to ¾c per pound and spot prices were reduced ½c per pound.

A fair amount of business was done, with final sales of Western No. 1 white and colored at 19½c and eastern No. 1 white and colored at 19¼c.

Special to The Advertiser.

Napanee, June 20.—At today's session of the Napanee cheese board 1,530 boxes of colored and 310 white were offered. All sold at 19¼c.

Special to The Advertiser.

Cornwall, June 20.—On the Cornwall cheese board today 1,094 boxes white and 1,625 colored were offered. All sold, white at 19¼c and colored at 19 3-16c.

Associated Press Despatch.

New York, June 20.—Cheese easy; receipts, 15,461 pounds.

Associated Press Despatch.

Liverpool, June 22.—Cheese—Canadian finest white and colored cwt. 97s 6d.

ATLANTIC FALLS ON TORONTO MART

Brazilian Slumps ⅞, While Dodge Issues Go Up 1¼ Points.

Toronto, June 22.—Some natural recessions took place on the Toronto stock exchange this morning, following the advances made at the end of last week.

Atlantic Sugar dropped a point at 30½, and Brazilian ⅞ at 56. Canners common was down ¾ at 109¼. The Dodge issues were a bright spot in the fairly active session, however, the common advancing 1¼ points to 24¼. In addition, Winnipeg and Brompton strengthened a quarter point each. Trading was scattered over a wide list.

FLOUR

Montreal, June 21.—There were no new developments in the flour market, business generally being reported quiet and prices unchanged. The demand for winter wheat flour also was very limited, and the undertone to the market was easy.

A steady feeling prevailed in the market for millfeed, with a moderate amount of business passing.

The demand for standard grades of rolled oats was limited, at $3.95 per bag of 90 pounds, delivered, to the trade.

Flour—Man. spring wheat patents, $9.60; seconds, $9.10; strong bakers $8.90; winter patents choice, $7.10 to $7.30.

Grain Markets

WINNIPEG

Canadian Press Despatch.

Winnipeg, June 20.—Liquidation by "longs" late in the session accounted for further recessions on the wheat market here today, with July closing 2⅜c lower at $1.64⅞ and October 1⅜c lower at $1.40⅞. The market today lacked buying power, and throughout the session was comparatively dull. Early in the session there were a few buying orders, and prices went above the previous close, July reaching a high of $1.67½ and October $1.42⅞. Pressure today was absent, however, and there was practically no "short" selling.

The coarse grain markets were all dull, trading light, and prices following the trend of wheat, recording lower quotations at the close. No export business was reported.

The cash grains were featureless, with the usual Saturday inactivity noted. There was no demand, and export traders were out of the market.

Cash prices:

Wheat—No. 1 northern, $1.64⅞; No. 2 northern, $1.61⅞; No. 3 northern, $1.56⅜; No. 4, $1.45⅞; No. 5, $1.25⅞; No. 6, $1.08⅞; feed, 88⅞c; track, $1.64⅞.

Oats—No. 2 C. W., 64½c; No. 3 C. W., 58c; extra No. 1 feed, 56½c; No. 1 feed, 51⅞c; No. 2 feed, 49c; rejected, 44½c; track, 57½c.

Barley—No. 3 C. W., 88c; No. 4 C. W., 85c; rejected, 80½c; feed, 79½c; track, 88¼c.

CHICAGO

Associated Press Despatch.

Chicago, June 22.—Influenced by a noticeable lack of aggressive buying, wheat showed an early trend downward in price today. The fact that speculative demand failed to develop was given particular attention by reason of advices at hand saying that spring wheat in the northwest was in prime condition to receive black rust infection. Chicago opened quotitons unchanged to ¼c lower, were followed by declines to $1.53¼ for July, and $1.51¾ for September.

Moist, warm weather in the corn belt led to lower prices for corn. After opening at ⅛c to 1c off, the market underwent a decided setback September touching $1.06⅝.

Oats sympathized with the weakness of other cereals. Starting unchanged to ⅞c lower, oats continued to sag.

MONTREAL.

Canadian Press Despatch.

Montreal, June 21.—A weaker feeling prevailed in the Montreal market on Saturday, in the absence of any important demand for cash wheat at Winnipeg, and prices scored a decline of 1⅜c to 2⅜c per bushel. The trade in carlots of oats for domestic account was quiet, but the undertone was steady and prices unchanged.

PAPER GROUP HIT BY PRICE SLUMP

Abitibi Suffers Loss of 1½ Points, While Others Also Drop.

Canadian Press Despatch.

Montreal, June 22.—Unsettled by announcement of a reduction of $5 per ton in the price of newsprint, stock prices continued to display a decidedly soft trend on the Montreal stock exchange this morning, Abitibi declining to 87½, for a net loss of 1½. Spanish River showed a decline of 1¾ at 103½, while Brompton was off ½ at 21. Brazilian and Montreal Power, each with a turnover of under 800 shares, were the active features. The former reacted to 56¼, and later rallied to 56½, and later rallied to 56½, off ½. The latter declined a full point to 188, after opening unchanged. Detroit rallied fractionally to 3½ and was up ¼ at 3¼ at the noon close. Twin City was a firm spot, with a further gain of two points to 68.

Atlantic Sugar continued prominent in the trading, closing at 30½, off ½. Asbestos was off 1 at 72. Textile stocks were quiet.

Tecs Prepare For Leemen By Pounding Two Saginaw Hurlers For Sixteen Hits

Bakermen Fatten Batting Averages While Lefty Alten Beats Aces 6-2.

COLTS HERE TODAY

Knotty Lee Brings Cellar Stalwarts For Three-Game Series.

The Bakermen pounded out sixteen hits for a 6—2 win over the Aces Saturday to even the series on the local lot and get into a winning frame of mind against Knotty Lee's Colts, who come here for a three-day stay, commencing today. Considering the battle the Colts put up against the Wolves, the Tecs will probably have the misfortune to strike the Colts when they have winning notions in their minds whereas most of the clubs have all benefited at the expense of Knotty's crew.

Saturday, before one of the largest crowds of the season and behind the steady pitching of Lefty Alten, the locals had nothing on their minds except their batting averages, and these they fattened to the extent of sixteen variously assorted blows off two of Les Nunamaker's right-hand flingers. Eleven of these they gathered off Frank Matuzak in the first four innings, and these gave them five runs. Jones came in to start the fifth, and, after a somewhat blustery start in that frame, he held the Londoners safely for the last three rounds.

Alten was touched for nine hits, but they were widely distributed, and he was in plain sight of a shut-out until the seventh, when three singles and two walks somewhat blocked the view.

Matuzak got out of a jam in the first frame, only to slip back in when Sandy bunted to start the second. Kernan singled, and Sandquist was thrown out going into third. Klein singled, Alten walked, and then Baker lifted a long sacrifice fly to tally a run.

Brower was safe on a hard-hit smash at third to start the third round, and Sandquist's long triple to left tallied him in. Sandy forgot to touch first, and came back, paring down his hit to a double. A walk to Alten was the start of real grief for Matuzak in the fourth. Baker singled. Carlin made a good play on Vermilyea, beating him to the uncovered first base, but Stimpson came through with a double tallying in two runners, and Cross' triple counted Stimmie in. Cross was out at the plate as Coogan, at third base, sent him in. It was close enough and worth trying for. Nunamaker made an error on Brower's blow, dropping Ussat's throw, and Sandy singled, but the pitter-patter on the bases stopped there, as Carlin made a one-hand play on Kernan's short fly.

Jones came to the mound to start the sixth for the Aces. Alten singled, and so did Baker and Vermilyea in succession, the latter's blow scoring Alten on a good bit of base running. Stimpson was tossed out at first, and Mike made the third out as he tried to go home on a wild pitch and was pinched out at the plate.

Ussat's double opened the Aces' seventh, which proved the only frame that was bothersome to Alten. Beumel drew a walk but was erased on Jones' choice. Kerr and Carlin, heartened by Ussat's double, each uncorked singles, the former's tallying Ussat and Foster's ground-out to first counting in another run. Calbert drew a walk to fill the bases up again, but Nunamaker went out when Stimpson dragged down his hard-hit liner after a hard run.

ERROR AIDS WOLVES.

Special to The Advertiser.

Kitchener, June 20.—A costly error by Knapp in the second and Brown's wildness in the seventh and eighth when he filled the bases on each occasion with walks, materially helped the Bay City Wolves in their 10 to 5 victory over the Colts here this afternoon. Brown was finally derricked and Deloof finished the game, but it was gone beyond recovery. Fielder, with three singles, was the Wolves' best man with the stick, while Knothe for the Colts also had three blows, one a triple.

VEHICS BEAT CARMEN.

Special to The Advertiser.

Hamilton, June 20.—The Flint Vehics added insult to injury when they copped the final game of the week-long series with the Clippers here this afternoon, winning in ten innings by the close score of 2 to 1. "Lefty" Montgomery bested another left-hander, Carmen, pitching slightly the better game, although the Hamilton Pretzel arm stood by his guns and weathered many a tough spot made by the fighting Vehics, who are now imbued with a spirit that is likely to trouble every team in the league in coming games.

TUNNEL CITY TWELVE SHUTS CHATHAM OUT

Special to The Advertiser.

Sarnia, June 21.—Sarnia's intermediate lacrosse team handed a bad 14-0 beating to Chatham here Saturday.

Chatham was quite unable to hold the fast-moving local vanguard and at no period of the game did the visitors look dangerous. McPhedran and Glintz were the biggest goal-getters for Sarnia, but the whole team turned in a nice game. The teams:

Sarnia—Newman, Mathieson, Wilson, Geary, Aitchison, McNeil, Boettgen, Glintz, Simms, Rawlins, Prudence and Kinsley.

Chatham—Williams, McKinley, Smith, Henley, Early, Johnston, Hicks, Fenner, Brodie, McCallum, Roberts, Cummings.

Whiteside's Blow With Man On Breaks Tie at Blenheim.

Special to The Advertiser.

Chatham, June 20.—Whiteside's three-base hit to deep right, scoring Connibear, who had drawn a pass, in the last of the ninth, broke a 4-4 tie and gave Chatham a 5 to 4 decision over Blenheim in a scheduled Kent county league game Saturday afternoon.

Both McCoig and "Dutch" Gray were hit hard at times. Blenheim collected ten safeties off the former, while the local batters secured twelve hits off the Blenheim twirler.

Watson of Blenheim and McCoig of Chatham each collected three singles out of four times at bat, while Rankin of Blenheim in five trips to the pan secured a triple and homer. Dent, Chatham, secured two two-base hits. Two double plays, one by each team, were the fielding features of the game. Smithson and Cardinal, the opposing centerfielders, each pulled off difficult running catches.

Errors accounted for two of Chatham's runs.

ONTARIO NET TITLE WON BY LEROY RENNIE

Toronto Tennis Star Defeats Gilbert Nunns 6-4, 6-4, 7-5.

Canadian Press Despatch.

Ottawa, June 21.—Leroy Rennie, the Western and Central Ontario champion, added another title to his belt when he defeated Gilbert Nunns, the junior champion, here yesterday, 6-4, 6-4, 7-5, for the Ontario championship. The match was a very good one and although Rennie won in straight sets he was extended to the limit. Nunns had the third set 5-3 in his favor and 40-15 and was several times within a point of winning it.

Rennie and Ham of Toronto defeated L. Brown and T. Brown in the finals for the men's doubles, 6-3, 6-4, 6-4.

In the junior singles, Gilbert Nunns of Toronto, was althogether too good for G. Bain, winning 6-2, 6-1.

In the ladies' doubles, Mrs. H. F. Wright and Miss Rykert defeated the Toronto team, Mrs. E. F. Coke and Mrs. H. MacDonnell, 7-5, 6-0.

In the mixed doubles, Mr. and Mrs. H. F. Wright of Ottawa defeated Mr. and Mrs. Grant Dexter of Winnipeg, 6-1, 6-1. Mrs. Coke and Ham were too good for Miss P. Grierson and Taschereau, winning 6-3, 6-1.

ST. MARYS SOCCERITES BEATEN BY STRATFORD

Special to The Advertiser.

St. Marys, June 20.—The Stratford seniors nosed the St. Marys Maple Leafs out for a 2—1 win, in a Senior W. F. A. game here tonight, and practically put the local team out of the running for group honors, although they still have a good chance of obtaining second place and going into the intermediate. The visitors secured the first goal after four minutes of play, when Haylock scored on a neat play. Snodgrass got the St. Marys lone goal on a free kick, while Brookshaw obtained Stratford's second goal on a penalty. The lineups:

Stratford—Roper, goal; Brookshaw, H. Fisher, Rose, Healy, Mottley, Sloan, Haylock, A. Fisher, Barclay.

St. Marys—Lloyd, goal; Snodgrass, Faulkner, A. Peckham, Gough, James White, Martin, B. Peckham, Hall, John White, Carson.

Orients Outhit Bards, But Lose Game Through Another "Mistake."

TERRIERS WIN

Special to The Advertiser.

Brantford, June 20.—The Cordage team gave Cotter better support than the Saints did Monk today and won out in the eleventh inning after one of the most exciting games of the season. Extra base hits were plentiful with the visiting nine getting three triples and two doubles. DeMarco got the only one for Brantford in the ninth, but was caught trying to bring in the winning run on Dickie's bunt. The tap went the wrong way, and Riseborough gave the ball to Graham, who touched DeMarco, sliding in. This sent the game into extra innings. Cabot came through with a three-base wallop in the eleventh and scored on a double by Down, to make the score 4 to 3. The Cordage with Haynes up in the eleventh got the first man on, Haynes singling, and Davies following suit. DeMarco advanced them a base. Dickie popped to the second baseman. Cotter drove one at Riseborough, who threw wide to Campbell at first, who could have tagged Cotter, but he dropped the ball. Haynes and Davies brought in the winning run. Monk pitched well, earning a victory, but his team-mates gave the game away. Cotter used his slow ball and had good success, but Billings hit a mighty three-ply swat to tie the game in the eighth, bringing Lindsay home.

ORIENTS LOSE AGAIN.

Special to The Advertiser.

Stratford, June 22.—London Orients were defeated, 5—4, here Saturday in a game which kept the home fans on the anxious seat until the last London batsman was retired. Going to bat in the eighth three runs down, the Londoners staged a rally that almost retrieved the game. The Orients scored two in the eighth and, in addition, had two men on the paths when Reilly raised a high fly to Livermore for the last out. Reilly had three hits, however, one of which was a triple, and scored two runs.

Striking out ten men, "Hank" Down pitched a pretty fair brand of ball, but the Bards touched him in the first three innings, when hits meant runs. Thereafter he pitched better ball, and in the ninth struck out the side, after one run had been scored against him. Good fielding by Arnott would have prevented this run. Youngs, first up, pinch-hitting for Burling, singled to center. Moore whiffed, but Pringle sent out a Texas leaguer to center. Arnott, in endeavoring to make sure of the ball, waited too long and it took a bad hop over his head, allowing Youngs to score and Pringle to reach third. McKenzie and Livermore were retired on strikes.

In the London ninth, Baker got an infield hit when Lavelle barely managed to knock down his hot grounder. McWaine singled to center. Pring popped out, but Down was safe on a fielder's choice, McWaine being retired at second. Isaac singled, sending Baker home. Down stole second. Armstrong singled to center to score Down. Reilly flied out to left to end the game.

TERRIERS BEAT LEAFS.

Special to The Advertiser.

Galt, June 21.—The Terriers moved into first place in the Inter-county Saturday when they trimmed the Leafs 5 to 2, while the Preston Riversides were holidaying. Friendy Graham allowed but four hits and he really deserved a shut-out on his performances, two errors by Normie Himes paving the way for the visitors' two counters in the first. Guelph failed to get a man as far as second after the first. While Graham fanned only three Guelph could not him him safely, and all the hits they got were singles.

Whetstone, because of his success in the past against the locals, was Cockman's pitching selection, and although for the first couple of innings he looked good the Terriers finally got to him, and after 5 2-3 innings forced his retirement after securing nine hits for nineteen bases, a triple, five doubles and three singles, for five runs. In contrast to Whetstone's slow ball curve, Poole, who succeeded him, had a fast ball, and the locals did not get a hit off him in the remaining two frames.

The fielding features were provided by Nunan, Lynch and Norman Himes. Lessage, the first Guelph batter up, laced a hot one over second, on which Norm Himes made a beautiful stop, but was put off his balance and threw badly to first and the runner got two bases. Jones flied out and Little singled, Lessage scoring. Little later scored when on going to third on an outfield out, Himes relaying the ball made a bad throw to third.

Galt tied it up in the third on a walk to Graham, Nunan's error on N. Himes' single and Murray's single, and they won the game in the fourth on Watt's triple and Oliver's double. Two more were counted in the sixth on Hoffman's single, Grove's double and Oliver's double.

GERTRUDE EDERLE, the 17-year-old New York swimmer, who has left for England. She will attempt to swim the English channel late in July.

Beavers Have Clear Lead in Senior League Race With Three Wins.

Special to The Advertiser.

Kitchener, June 20.—As a result of the games played in the Kitchener city league here on Saturday, the Beavers have now a clear lead, with three wins and no losses, the Beavers winning from the Cubs, 8—7, while the Ponies, with whom they had shared the leadership, lost to the Alerts, 9—5. In the third game, played in the Waterloo park, the Orioles scored their first win at the expense of the Tigers, 10—4. In the Ponies-Alert tilt, three home runs were smashed out, which played a big part in the scoring.

In addition to the above three senior city league games, the junior league got away to a start with the Waterloo Orioles taking the Kitchener Terriers into camp, 7—6, at Waterloo.

Skeeters Win Both Games of Double Bill From Buffalo.

Associated Press Despatch.

Providence, June 21. — Toronto took the final game of the series here today, scoring two runs in the ninth inning off Musante to win, 10 to 8. Each team used three pitchers, Smith getting credit for the Leafs' victory. Although Manager Shaughnessy arranged before the contest to end hostilities at 5 o'clock the Toronto manager refused to abide by the agreement at the specified hour and Umpire-in-chief Davis ordered play continued. Shaughnessy declared, following the game, that he would file a protest. Manager Howley was banished from the coaching lines in the seventh.

BIRDS WIN AND LOSE.

Associated Press Despatch

Baltimore, June 21. — The Rochester club stopped Baltimore's winning streak when it took the second game of the double-header here today. The Birds grabbed the verdict in the first tilt, 5 to 4, running their string of consecutive victories to eleven, but the Colts took the night-cap, 3 to 2. Andrews, a newcomer to Dunn's twirling staff, worked the second game and gave a commendable showing, holding the visitors to five hits. The scores:

First game:		R.H.E.

WINDSOR LOSES 6-2 AT WALLACEBURG

Stellar Goal-Tending of Murdock Is Feature of Tidy Battle.

Special to The Advertiser.

Wallaceburg, June 21.—The Wallaceburg intermediate lacrosse team made sure of the leadership in the first half of their O. A. L. A. schedule here Saturday, when they defeated the fast Windsor team, 6-2. The feature was the wonderful goal-keeping of Wallaceburg's young star, Murdock, who played one of the finest games in his career. He saved shot after shot as fast as they were rained upon him and every player on the opposing side lauded him for his clever work.

The first period was hard fought, resulting in no score. Period two had been in progress only two minutes when McLean opened the scoring for Wallaceburg, and one minute later Frobel added, following pretty combination by the Wallaceburg home. For the next ten minutes it waged fast and furious and Wickens, after a brilliant effort, scored. Shortly before the whistle a cleverly combined effort of the Burg home saw brought no score and in the last period Lawson bore in and score. The third stanza, still fought out at a great pace, from the face-off Mulroy rushed through and Beat Glass. Two minutes later Diabo opened the scoring for the visitors after a good run by Hiltz. At five minutes, from a brilliant pass by Wickens, Frobel, with Glass out of goal, increased the Burg lead.

The teams:

Wallaceburg—Murdock, goal; McGee, point, Boyle, cover; O'Brien, first defence; McGill, second defence; Mulroy, center; McLean, second home; Smith, first home; Lawson, inside; Frobel, outside; Wickens, Saint, Vanevery, spares.

Windsor—Glass, goal, R. Martin, point, J. Martin, cover; Railey, first defence; McErrin, second defence; Lechance, center; Gore, second home; Hiltz, first home; Karn, inside; Diabo, outside; W. Martin, Bull, Van Allen, spares.

KITCHENER RANGERS LOSE TO CHIPMANS

Hamilton Soccerites Take Easy Victory in Scheduled Provincial Fixture.

Special to The Advertiser.

Kitchener, June 21.—Chipmans of Hamilton defeated Kitchener Rangers, 3 to 1, in a provincial soccer league game here Saturday. The visitors led at half time by 1 to 0. The Rangers teid the score early in the second period, but Chipmans came back a half-minute later and again took the lead. A few minutes later they added another. Each of the counters scored in the game was rather easy.

The line-ups:

Rangers—Goal, Nispel; backs, Ashcroft and Langton; halves, Sutherland, Warnsby and McColl; center forward, Wey; right wing, Barnes and Hodgson; left wing, Whitla and Conner.

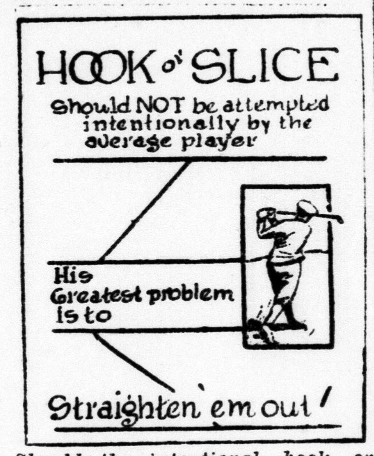

Chipmans—Goal, Hancock; backs, Reader and Eadie; halves, Totton, S. Leslie and Marshall; center forward, Winters; right wing, Lamond and Hogson; left wing, Law and A. Leslie.

Referee, R. State, Brantford.

AS CHAMPIONS PLAY IT

Should the intentional hook or slice be attempted by the average player?

By ABE G. ESPINOSA, One of America's Leading Professionals.

No. It is very much of a mistake for the average player to attempt the intentional hook or slice. The hardest job that he has on his hands is to "straighten 'em out" — to get the ball off on a straight and true flight down the fairway. As a usual thing, when a player attempts to play a hook or slice he connects with a straight ball, and the results are disastrous. To play either of these shots successfully requires a remarkable degree of direction and timing, and the deliberate hook or slice rarely comes off according to schedule when attempted by the average player.

NO ERRORS

Special to The Advertiser.

Saginaw, June 21.—Saginaw shut out the Hamilton league leaders twice today, 1 to 0 and 6 to 0. Kerr's double and steal of third, and Carlin's single produced the only run of the first game before a man was out in the first inning. Both Clink and Ryan pitched superb ball, and Clink especially was given sensational support. In the second game "Lefty" Jacobs scattered Hamilton's eight hits well, while "Lefty" Webb could not keep the Aces from bunching them in three innings. Neither team made an error in either game, the field work of the Aces being spectacular in both games. The box scores:

Ingersoll, June 20.—Ingersoll handed Tillsonburg a decisive loss here Saturday in an intermediate O. B. A. fixture, 13 to 7. The game was hardly representative of the usual game the Tillsonburg crew can deliver. The whole team seemed off color. They had countless errors at most costly periods. In addition to this, the Ingersoll men were hitting the pill squarely on the nose all during the game. The visitors used three pitchers and two catchers. Weeks started out and lasted five innings. He was replaced by Eichenberg and Howey replaced Moyer behind the bat. In the seventh Evans replaced Eichenberg, but the swatting kept up the same. In the eighth Hicks pounded out a home run for Tillsonburg with one on. The visitors by this time were beginning to connect with the offerings of Marshall, who was replaced by McIntyre.

PNEUMONIA ATTACK FATAL FOR WALLACEBURG WOMAN

Special to The Advertiser.

Wallaceburg, June 21.—The death took place on Sunday morning of Mrs. Theba Falconer, widow of William Falconer, at the home of Hugh Johnston. The deceased lady, who was aged 85, had a bad fall about five weeks ago, breaking her hip. Later she contracted pneumonia. Born at Birch Rapids, Carleton county, she was formerly Miss Theba Lane. She came to Wallaceburg to reside nine years ago, and is survived by three sons, Burton Falconer, Weston, William and Edward Smiley, Deeth, Nevada; two daughters, Mrs. J. A. Foster, Wallaceburg, and Miss Mary Falconer, at home; one brother, John Lane, Baltimore, and one sister, Mrs. J. Rowe, Blenheim. The funeral takes place Tuesday afternoon from her late residence, and will be conducted by Rev. A. C. Campbell, of the First Baptist church. Interment in Wallaceburg cemetery.

Saturday's S. W. C. L. results still leave Ontario Hospital and St. Thomas tied for first place, the East-Enders having the advantage with a game in hand.

The hospital's overwhelming 89-17 win for eight at Mitchell was rather unexpected, seeing that the hospital played five of their reserves.

Batting first Mitchell could amass a score of only 17, out of which Mr. "Extras" was top scorer with 7 to his credit. Jefferies had the extraordinary analysis of 5 for 6, and Dr. Chalk 4 for 4 (not 4.4 as somebody suggested). The hospital wickets tumbled very quickly against the deadly bowling of Gibbs and Robinson, 7 wickets falling for 29 runs, but upon Walker joining Gibbs, 59 runs were put on for the eighth wicket before Walker was smartly taken at point. Walker and Gibbs both played forceful cricket for their respective scores of 30 and 29 note out.

C. N. R. TAKE CLOSE ONE.

C. N. R. entertained the Oxford club on the Sackville street grounds Saturday, and won an exciting encounter by two runs. Green distinguished himself by taking seven wickets for sixteen runs, four of them in one over. Harper, C. N. R. wicket-keeper, was badly knocked out by a nasty ball, and was attended to by Dr. Peel and Mr. Hood, both of the Woodstock club, an action which was greatly appreciated by the home club.

In the C. N. R. second inning the railroaders scored 36 runs for eight wickets, when stumps were drawn.

ST. GEORGE'S LOSE.

Stratford cricket club defeated St. Georges by 22 runs Saturday at Springbank. Stratford opened the game with Dyke and Rothwell to the bowling of Jones and Squires. The first wicket fell for six runs, Jones bowling Rothwell at ten. Squires caught Howard off Jones. Hook made the first boundary of the match with a good drive to long on. Watkins caught Hook at his next stroke off Squires.

H. Watkins, going on for Jones, bowled Dyke for a well-played fourteen at a time when he seemed master of the bowling. Taylor at point caught Dent off Hughes, who had gone on for Squires. Hughes smartly caught Down off Watkins, who returned the compliment by catching Gonder off Hughes. Hughes with his next ball bowled Goodall with a full toss. Tomlin caught Salter off Watkins and Hughes finished the inning by bowling Devulle. Stratford was all out for 43. Hughes followed up his form of the previous week, getting four wickets for five runs.

St. Georges opened their inning with F. Tomlin and Stirrett, Dyke and Down attacking. Down bowled a maiden over, then bowled Taylor. Tomlin got one run before being bowled. Of the first 7 overs, 4 were maidens, 4 runs and three wickets. Blake lost his wicket to Down. Howard caught Jones off Down; Watkins caught by Rothwell off Down; Down just missed the hat trick twice in his fourth over; Goldston greeted him for 4, just missed being run out, and then got stumped. Meads caught in deep field by Howard off Dyke. Rothwell caught Lucas off Down. Dyke bowled Hughes to finish the inning. Down took 7 wickets for 15 runs; he placed his field well.

WOLVES DEFEAT FLINT CLUB TWICE

Bay City Continues Streak by Sweeping Sunday Double Bill.

Special to The Advertiser.

Bay City, June 21.—The Wolves continued their march toward the top of the Mint League here this afternoon by defeating the Flint Vehics in both ends of a double bill. The first game ended 6 to 3 and the second 9 to 3. Sep. Good, former Wolf and Detroit Tiger hurler and now a member of the Vehics, was touched for seven safties, two for extra bases, in the first game. His pitching was fairly effective, but his efforts were belittled by Flint misplays in the pinches. Bay City had but to discount Flint's two-run lead to have everything its own way in the second game.

PROTESTS CUP AWARD.

Associated Press Despatch.

Brussels, June 20.—The U. S. balloonist, Wade T. Van Orman, today formally protested yesterday's official declaration of the Aero club, declaring the Belgian, M. Veenstra, winner of the recent Gordon Bennett cup balloon race. The protest automatically suspends the award of the cup to Veenstra.

On the Side Lines With C.S.G.

THE CONACHER YELL.

To amateur officials it may sound
Like "Pittsburg rah! rah! rah!"
But echo's little rebound
Sounds more like ha! ha! ha!

* * * *

EVIDENCE.

Instead of taking Conacher's and McCurry's ability to yodel school yells as evidence that they are students at Pittsburg Academy and granting them cards under the rules governing that class of athletes, the Ontario branch of the A. A. U. of C. might have taken the back files of the newspapers and used the expose of the Pittsburg and Boston hockey clubs as the real evidence that should have barred the pair from amateur competition in Ontario. No one questions their status as students, though some may question their studiousness, which, of course, is not particularly pertinent to the case. No one questions that Day of Toronto St. Patricks pro hockey team is a student, either.

It is probably true that the exposure of the amateur workings of the U. S. hockey clubs in newspapers does not carry any weight as evidence, nor was Conacher or McCurry officially involved, but this was probably one case where the public would stand for a decision based on circumstantial evidence.

Unless memory is faulty, the C. A. H. A. broke off relations with the U. S. hockey clubs, an action that would have given more than a circumstantial cue to work on had the Ontario branch official cared to take it.

There is another angle to the McCurry-Conacher case, too. If they were guilty of playing on a hockey team, the other members of which accepted unblushingly pay for their services, they may contaminate first of all the purity of senior lacrosse and the baneful effect might be extended to senior baseball, providing they are granted baseball cards. This is too horrible to contemplate.

Among simple-minded Canadian senior lacrosse players and baseballers there is only the vague knowledge that there is admission charged at the gate. There their knowledge and interest in money ceases. But Conacher and McCurry might spread the insidious cigar-box habit here in Canada. Canadian athletes might begin to collect cigar boxes and later cache them in the hope—almost certainty—that the fairies would fill them with money.

* * * *

BASEBALL SENTIMENT.

Daubert, veteran shortstop of the Hamilton team, broke his nose here and kept on playing, and hurt his hand right afterwards in Hamilton. He is being released. If he had broken a leg in addition, Buzz would probably have sued him for recovery of wages already paid.

THE PENALTY OF BIRTHPLACE.

Tommy Burns received only scant mention when the U. S. historians of fistiana sift ehrough the past greats of the heavyweight ranks. Sometimes it is not even creditable mention. Probably if Burns' secret of being a Canadian born in Hanover had not leaked out he would have received a little fairer treatment from the historians on the other side. Burns was not a great heavyweight, but considering his physical disadvantages, he was a great fighter. Burns was only a little man among the giants of the division he ruled. He was never any more than a middleweight at his best. Jack Johnson had just lost a 20-round battle to Marvin Hart in the year that Jeffries was destined to hand over his title to the latter. Burns came right along and beat Hart in 20 rounds.

Where the injustice to Burns comes in is, that while lauding Stanley Ketchell as perhaps the greatest of the middleweight kings, historians fail to give Burns credit for putting up quite as good a fight against Johnson as Ketchell did a short while after. In fact, he put up a better fight, for Johnson, still climbing, was a better man at Sydney in 1908 than he was a year later after a year's reign and dissipation as heavyweight champion.

Burns was probably not a great heavyweight, but the least the historians could do would be to place him among the really great middles.

FOREST WATER MAIN CONTRACTS ARE LET

London Firm Starts Excavation Work On $58,000 Project Early in July.

Special to The Advertiser.

Forest, June 20.—The town council Friday let the contracts for the $58,000 waterworks main extension and put in one of the longest days of hard work since they took office. Many firms tendered for the different contracts, and a contingent of salesmen addressed the council from 8:30 a.m. until the noon recess.

The tenders accepted were: Excavation work, Peter Mohan of London; iron pipe and fittings for mains, Gartshore, Thompson Company, Hamilton; fire hydrants, valves, gate valves and boxes, Canada Valve & Hydrant Company, Brantford; service boxes, tapping machine and lead pipes, Canadian Brass Company, Galt; pig lead to Canada Metal Company, Toronto. Excavation work will commence during the first week of July.

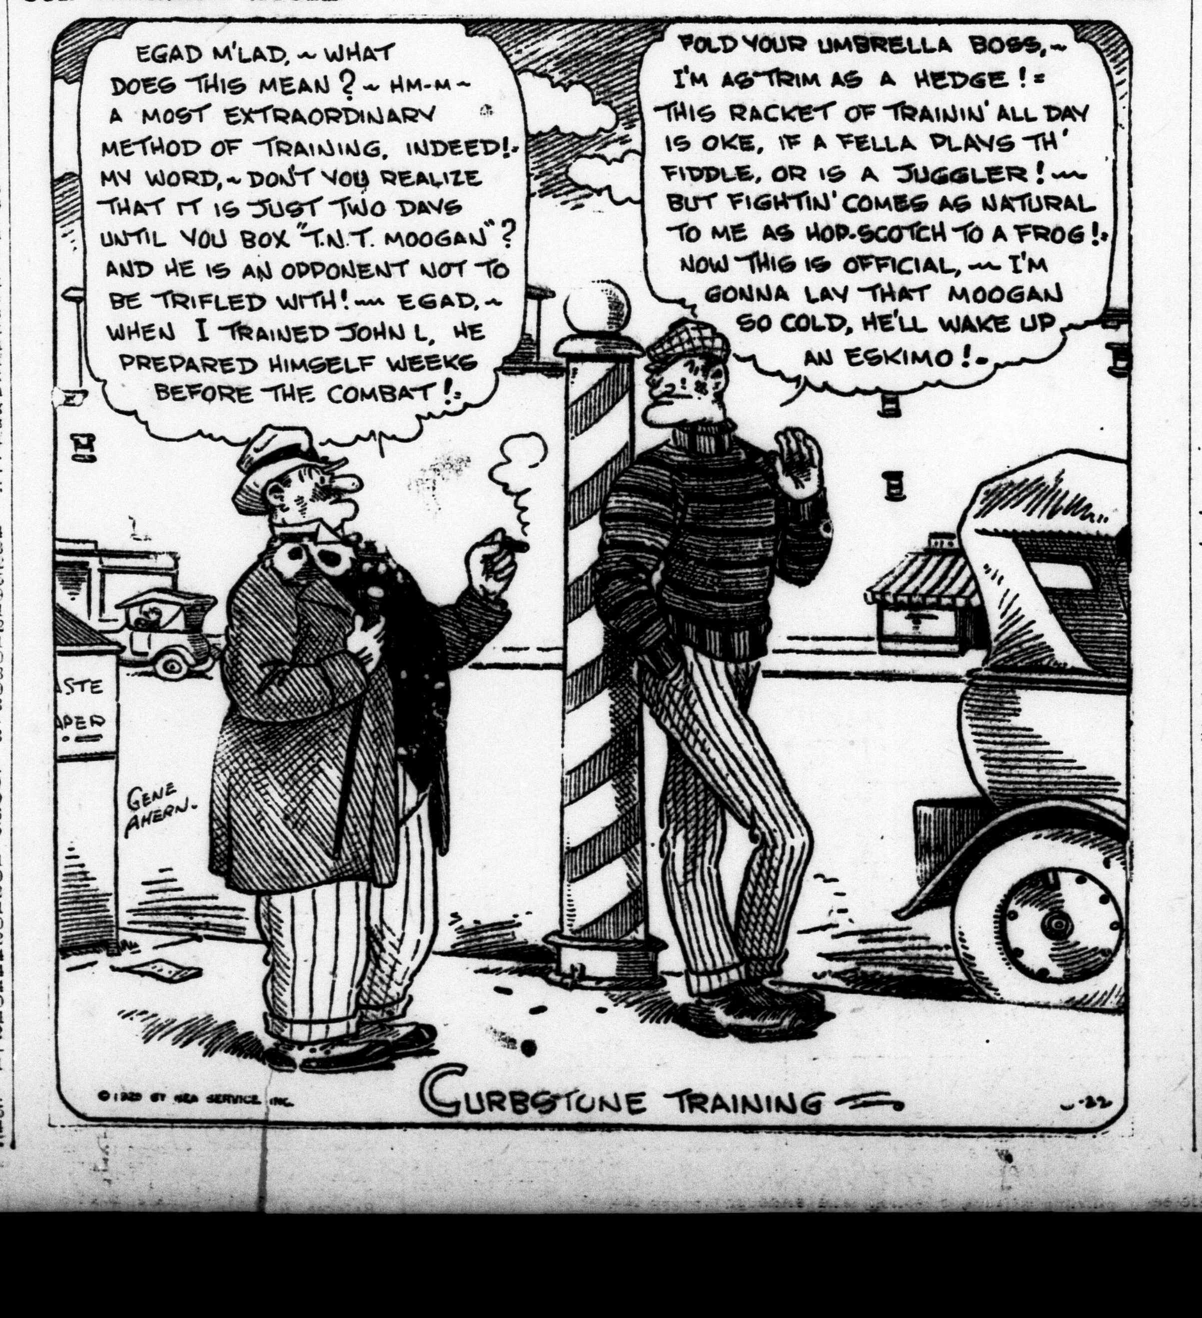

CAR TURTLES NEAR RODNEY, TWO GIRLS ARE INJURED

Special to The Advertiser.

Rodney, June 20. — Miss Etta Lowry and Miss Minnie Jennings received cuts about their faces, and Marshall Easton of Rodney had a narrow escape when the car in which he was driving the two girls to a school picnic at Port Glasgow turned over twice and landed in the ditch.

A broken steering gear is given as the cause of the accident.

CARDINAL WITHHOLDS INTERDICTION ON CLUBS

Consents To Submit Status of Organizations To Vatican For Ruling.

Canadian Press Despatch.

Montreal, June 20.—A special despatch from Quebec to the Montreal Gazette today says: "Withholding an interdiction on the Rotary, the Kiwanis, and other social service organizations, Cardinal Begin has consented to submit the status of those organizations to the vatican for a ruling, before taking a final action.

Documents concerning those societies are on their way to Rome, and a definite knowledge of the attitude of the vatican will guide the local heads of the Catholic church.

"The local clergy has been opposed to the clubs referred to on the ground that they were transferring to lay organizations some charitable work and also because it is alleged, those clubs bring together to discuss social matters, men of all faiths and creeds."

NOT CONFIRMED IN QUEBEC.

Canadian Press Despatch.

Quebec, June 20.—No confirmation or denial of the foregoing despatch could be obtained today from the cardinal's palace.

J. TAYLOR AND W. SCREATON ELMWOOD CLUB WINNERS

J. Taylor and W. Screaton won the Elmwood open Scotch doubles tournament on Saturday afternoon, with 3 wins and a plus of 26. Three rinks, H. Kompass, W. Embleton and R. Mercer, tied for second with 3 wins and plus of 18. Second prize went to H. Kompass and D. Gidley for having the greatest number of points. The 30 rinks which took part filled the greens, and the committee in charge was sorry to have to disappoint those who left their entries to the last minute. On Saturday next at 2 p.m. on open Scotch doubles tournament will be held at the Elmwood greens. The regular weekly tournament will be held as usual on Friday evening at 7:45.

COMMERCIAL TRAVELLERS DEFEAT LAMBETH TEAM

The Lambeth nine suffered its first defeat in ten starts at Springbank on Saturday, when the Commercial Travellers fell on the rural team for a 17-to-8 victory.

F. Jones hurled a good game for Lambeth, but his team mates gave him poor support in the pinches, while the travellers put up a good game in every department. The score:

		R.	H.	E.
Lambeth	201 001 202—	8	10	8
Travellers	130 183 10*—	17	10	1

Batteries—F. Jones and Branston; Johnston, Brown and Pirie. Umpires McGee and Jones.

The Ridout street Methodist church team will journey to Lambeth on Tuesday to take on the rural nine in an exhibition game.

Ontario Amateur Champ Retains Title At Toronto

SOCCER KICK-OFFS

By LINESMAN

The Sarnia eleven got sweet revenge from Point Edward on Saturday, and gave them a thorough whitewashing. Ted Sheard went to Sarnia to handle the game, and both sides were well satisfied with the decisions.

Tommy Weston's boys have a good side, and should any of the London teams meet them they will have to be in tip-top form to beat them. Larry Manchester is as good as ever at back, while Hicks, his partner, is a real player. Manchester has planned a trip to the old land this month, and it will be hard to fill his place.

Tommy Weston was at center half, and almost scored with a great drive that hit the cross-bar.

Point Edward plays the Caleys in St. Thomas next Saturday, as the latter beat the Vets last Tuesday. The Points will have to show much better form if they hope to nose out the Caleys.

The Sarnia Imperials have entered the Ontario cup series. The entries for the Free Press trophy close on Thursday, and the draw will be made at the L and D. council meeting at the armories that night.

The Railroaders and Westminster Hospital will play their semi-final game next Saturday at Sackville street.

The game with Detroit All-Scots will be played on July 4, and it is hoped that the L. and D. will get out a good side to beat the Y[illegible]es on this occasion. The form shown by the locals, if good, will mean a return game.

How would the following team go against Detroit? Wright (Caleys), May (C.N.R.) and Latham (Rovers), backs; Russell or Davey, Marr or Whitelow and Astles, halves; forwards, Taylor (C. N. R.); Davey (Rovers) or Burman (Caleys), Saunders (Westminster), Branston (Caleys) and Thompson (C. N. R.)

The Rovers play their benefit game for Luscombe on Wednesday, when Glencoe will be the opposition

WINDSOR MAN TO FACE MAGISTRATE IN DUTTON

Special to The Advertiser.

Dutton, June 21.—W. B. McMillan will appear before Magistrate Maxwell in county police court here on Monday on a charge of attempted suicide. The charge has been laid by Constable John Sutton.

On Friday evening, McMillan was found in a semi-conscious condition near the P.M. depot. A two-ounce bottle bearing an iodine label was empty beside him. Dr. Fred Ford cared for the man, who is now out of danger, and will be able to appear in court tomorrow.

On Saturday, officers from Windsor came here seeking McMillan on a charge of deserting his family. They attempted to have the local charge withdrawn, but the crown would not consent.

Ross Somerville, London, Loses To Carrick in Semi-Finals.

SQUARE AT TURN

Canadian Press Despatch.

Toronto, June 20.—W. J. Thompson of the Mississauga club, Ontario amateur golf champion, successfully defended his title against Don Carrick of Scarboro here this afternoon in the final contest for the trophy at the Summit golf club. Thompson defeated his youthful opponent four and three. Thompson defeated Robert Henderson of Oshawa in the semi-finals by four and two, while Carrick won from Sandy Somerville of London, three and two.

Somerville won the first hole from Carrick, but the match was squared at the turn, and Carrick went into the lead at the seventh, after three halved holes, and made the turn two up. He increased his lead at the tenth, and from then on Somerville was faced by a stern task. He reduced the margin at the thirteenth, but Carrick won the fourteenth and then halved the next to win, four and three.

The card:

Thompson—		
Out	4 4 4 5 4 3 4 6 4	—38
In	4 4 4 4 4 4 5	
Henderson—		
Out	4 3 5 5 5 4 4 5 5	—40
In	3 6 5 3 6 3 6	
Carrick—		
Out	5 3 3 5 5 4 4 4 4	—37
In	2 5 3 4 4 3 6	
Somerville—		
Out	4 3 4 5 5 4 5 4 x	—
In	3 5 3 3 4 4 6	

Other scores were:

Fourth flight, semi-finals — A. C. Stewart, Kitchener, defeated J. Milne, Rosedale, 7 and 5; E. C. Gould, Brantford, defeated A. Dorman, Burlington, 4 and 3.

First flight, beaten eights, semi-final—Nicol Thompson, Jun., Chedoke, defeated J. D. Wood, Lambton, 2 and 1.

Second flight, beaten eights, semi-final—A. A. Adams, Hamilton, defeated W. A. Price, Lakeview, 4 and 3; J. Purcell, Guelph, defeated N. Fowkes Weston, 1 up.

Third flight, beaten eights, semi-final—I. W. Champion, Brantford, defeated H. S. Reid, Lambton, 2 and 1.

Vets Lose Out 5-1 To Rovers

Sarnia Blanks Point Edward 8-0 at Tunnel City.

STANDING.

	W.	L.	D.	F.	A.	P.
C. N. R.'s	5	0	1	19	6	11
aleys	4	2	0	13	5	8
Rovers	2	1	3	13	10	7
W. Hospital	3	2	1	11	11	7
United Vets	0	5	2	4	18	2
Lon. Garrison	0	4	1	2	13	1

The Intercity soccer game at St. Thomas between the Rovers and United Vets Saturday resulted in a 5—1 win for the Rovers. Brodie of the Rovers had the distinction of doing the hat trick. Arnold also scored, while the Rovers' other goal was the result of Langley's kicking through his own goal. A. Allman refereed.

SARNIA 8, POINT EDWARD 0.

Sarnia Imperials beat Point Edward, 8—0, in a first round Free Press trophy game at Sarnia Saturday. The reversal in form was a surprise, and how Point Edward managed to beat the Imperials earlier in the year is a mystery, as Sarnia played them to a standstill on Saturday. The Points found a great defence awaiting them in Manchester and Hicks. The Sarnians now got busy, and Burnell, in the Points' goal, was kept on the alert repelling shots from the Sarnia forwards. At twenty-minutes Scott opened the scoring. Just before the interval Sarnia got its second through Wardell.

Upon resumption, only the good work of Burnell in the Points' goal prevented more goals. At ten minutes Younger scored the third goal. The home team continued to press, and Burkinshaw scored a great goal from 25 yards. This was followed by two more tallies in quick succession, Scott scoring both. Several corners fell to the home side, and from the last one Wardell scored again, while just before the finish Sarnia got its last counter.

Teams:

Sarnia—Wincott, Hicks, Manchester, A. Weston, T. Weston and Cook, Burkinshaw, Wardell, Younger, Scott and Waller.

Point Edward—Burnell, Dougherty, Clark, Twilton, Harris and Trussell, Little Gibbons, Griffin, Spencer and Conway.

Referee—E. S. Sheard, London.

HORSE RACES TO BE RUN AT WATFORD WEDNESDAY

Special to The Advertiser.

Watford, June 20.—A race meet for harness horses is to be held here on June 24, under the auspices of the East Lambton agricultural society, and Secretary J. McCormick reports the receipt of over a score of entries. Horses are coming from as far north as Owen Sound, and in view of the fact that Strathroy and Petrolia are holding races the following week, the best horses in Western Ontario are coming to Watford and a most successful race bill is anticipated. The purses total $1,200, and three events will be staged. There will be trials of speed, trot or pace, for the 2:15, 2:20 and 2:25 classes, with a purse of $400 for each event.

Goodhue, one of Port Stanley's most highly respected residents, who died last Thursday morning, were conducted from his residence, North Lake road, yesterday afternoon, under the auspices of Port Stanley lodge, I.O.O.F. Interment was made in the family plot in Union cemetery.

REPORT HUSSEIN HAS LEFT ON STEAMER FOR EUROPE

Associated Press Despatch.

Cairo, Egypt, June 20.—The newspaper Mokatama says it learns from a trustworthy source that former King Hussein of the Hedjas has left Akaba, Arabia, on a British steamer bound for Europe.

Recent despatches said the British were endeavoring to induce Hussein to leave Akaba on the plea that the town was liable to attack by his enemy, Ibn Saoud.

CHRIST CHURCH HOLDS ANNUAL SCHOOL PICNIC

Over 100 Children Attend Outing of Port Stanley Sunday School.

Special to The Advertiser.

Port Stanley, June 20.—Members of Christ church Sunday school staged their annual outing here today. Over 100 children were present at the affair, which proved to be one of the best yet staged by this department.

A long line of sports was run off on the heights, after which a softball game was played between the boys and the girls. The male members of the outing had the honor of handing their lady friends a defeat.

Supper was served by the ladies of the church on the hill at 6 o'clock.

Results of the sport events are:
Boys 5 and under—F. Drinkwater, Lawrence Sanders.
Girls 5 and under—Grace Taylor, Bettie Bartholomew.
Boys 8 and under—Don. Sterling, Jack McKenzie.
Girls 8 and under—Ruth Stanton, Freda Moore.
Boys 12 and under—T. Pettit and K. Saunders.
Girls 12 and under—Rose Long and Kathrine Bolt.
Boys 15 and under—T. Pettit and K. Saunders.
Girls 15 and under—Janette Long, Kathrine Bolt.

Boys' leap frog race—T. Pichern and D. Short.
Girls' walking race—B. Long, A. Hogg.
Boys over 15—Billy Ellison, D. Short.
Girls over 15—V. Bolt, B. Goodhue.
Members of the committee in charge of the outing were: William Ellison, D. A. Short and Rev. J. R. Bylthell.

MT. BRYDGES SERVICE IS ATTENDED BY 2,000

Wreaths Placed On War Monument—Event To Be Made Annual.

Special to The Advertiser.

Mount Brydges, June 22.—Over two thousand persons attended the war memorial service held in the community park at Mount Brydges this afternoon. Preceding the service, the children of the Sunday and public schools marched to the monuments and placed wreaths on it.

The service was conducted by the Rev. E. H. Croley of Delaware. Rev. George Pugsley, Strathroy, preached the memorial sermon. He set forth the ideals held by the allies in the war and expressed a high hope for the future peace of the nations.

A community choir of 60 voices, led by E. A. Minnett, London, sang special and appropriate music. Miss M. Lowthian was accompanist. Much of the success of the service is due to the energetic work of the committees: Memorial service, E. R. Bond (chairman), Dr. Woods, T. Rushby, A. R. Sinclair; music committee, F. Lockwood, M. Allen, M. Whiteman, A. McNeil.

The event will be made an annual affair.

LEILA V. SMITH, AGED 16, DIES IN LOCAL HOSPITAL

Leila Victoria Smith, aged 16, daughter of Bristol Smith, Inwood, died yesterday in a local hospital.

Miss Smith was born in Kent county, and is survived by five brothers, Stanley, Merlin; Merritt, Dresden; Wilber, Detroit; Gideon and George, Inwood; one sister, Mrs. Henry Dundas, Inwood. Her mother predeceased her five years ago.

The remains were forwarded this afternoon from A. L. Oatman's funeral home to Inwood.

Funeral services will be held Tuesday afternoon from the home of her sister, Mrs. Dundas, to Shetland cemetery.

PATERSON FAMILY DECIDES ON REUNION EACH YEAR

The Paterson Clan picnic was held at Springbank recently. Representatives of the late James Paterson and George Paterson, Sen., were present, also representatives of Robert Paterson, Sen., Mrs. Thomas Hogg, Sen., and Mrs. Annie C. Stewart.

After luncheon the afternoon was spent in renewing friendships.

The gathering decided to hold an annual reunion of the Paterson Clan, the first of these to be held at Lakeside, Ont., on July 1, 1926.

The committee appointed for the ensuing year is: Mrs. Wm. Woods, St. Marys, president; George Hogg, Thamesford, secretary; Mrs. Wm. Dunbar, St. Marys; T. P. Stewart, Toronto.

LIBERALS IN KENT GIRD FOR BATTLE

Enthusiasm, Optimism Rampant Throughout Riding—Begin Search For Candidate.

Special to The Advertiser.

Chatham, June 20.—If the attendance and enthusiasm of the meeting of the Kent Liberal association executive and workers held in this city Saturday afternoon is criterion, the candidate of the party at the next federal election is assured of unqualified support in every part of the riding, and will enter the contest with very bright prospects for his election.

According to Senator A. B. McColg, the meeting was the best and most enthusiastic of any of a similar nature held in connection with any election in many years. The meeting was unanimous in the opinion that a convention for nominating a candidate should be held as soon as possible and a thorough organization in every polling subdivision in the constituency. A resolution was passed expressing the appreciation of the executive to Hon. James Murdock, minister of labor, the present member for Kent, for his services on behalf of the riding, and in the interests of the dominion of Canada, and wishing him every success in the riding in which he proposes to contest the next election.

A resolution of condolence in the death of T. L. Pardo, ex-M.L.A., a few weeks ago, was also passed.

Everyone Was There.

Every section of the riding was represented at the meeting Saturday, and all speakers were very optimistic over the prospects of success, not only in Kent, but throughout the country.

The unanimous opinion was that a convention should be held and a candidate placed in the field as soon as possible. To that end chairmen were appointed in the various municipalities to arrange for the appointment of four delegates from each polling subdivision in their respective districts to attend a convention to be held in this city for the purpose of organization and nominating a candidate. A committee was also appointed to interview those who have been mentioned as prospective candidates with a view of allowing their names to go before the convention.

The matter of arranging the date and place for the convention was left in the hands of J. A. Walker, K.C., Senator McCoig and J. A. McNevin.

J. A. McNevin was chairman of the meeting, and short addresses were given by Senator McCoig, J. A. Walker, K.C., Dr. J. W. Rutherford, Mayor Hinnegan of Wallaceburg, Reeve Galbraith and Angus Gillanders of Ridgetown, Reeve Clunis and ex-Reeve Heycraft of Blenheim, ex-Reeve McLarty of Howard, A. S. Maynard of Harwich, Dr. Bell of Merlin, Dr. McPhail, Highgate, John Webster, Orford, C. Reaume and M. Dillon, Raleigh, Ald. Thompson, city.

Chairmen Named.

The chairmen were appointed as follows: Raleigh, Nelson Ball, James Clayton; Tilbury East, James W. Smith, Wilfred Reaume; Romney, Thomas Robinson, Thomas Hetherington; Harwich, Harvey Jenner, Neil McMillan; Howard, D. Cameron, B. Fisher; Orford, John McKay, W. Blue; Dover, Wade Dunlop, M. Reeve, M. Rankin, F. Pinsonneault; Chatham township, George Mickle, James McNeilage; Wallaceburg, John Zavitz, A. St. Claire Gordon; Blenheim, A. Clunis, Ridgetown; D. M. Shaw; Highgate, Peter Clark; Merlin, Dr. Bell; Erieau, Gil Holly. The delegates from Chatham will be arranged for the city organization, and the president was authorized to appoint others to the committee if required.

The committee to interview prospective candidates: J. A. Walker, K.C., Senator McCoig, A. L. Thompson, Harvey Jenner, Reeve W. E. Galbraith, M. Rankin, A. Clunis, Dr. Bell, T. F. Hinnegan, Dr. McPhail, John Zavitz, H. Smith and J. McNeilage.

WHITES OF EYES TINGED WITH YELLOW? MUDDY COMPLEXION? YOUR LIVER IS OUT OF ORDER!

Mrs. Wm. Bourque, Fox Creek, N.B., writes:—"I have been troubled with my liver for a long time, and was so bad I could not do any work. I had severe pains in my stomach that were so bad, at times, I could hardly stand them. My tongue became coated: I had a bad taste in my mouth, especially in the morning; the whites of my eyes were tinged with yellow, and I had a muddy and yellow complexion.

"I had read a great deal about

MILBURN'S Laxa-Liver Pills

so decided I would try a vial, and after taking three of them I was greatly improved and felt more like living, and I can now do my own work without any trouble."

DIVINE SERVICE IS HELD BY O. E. S.

Hundreds Gather in Masonic Temple Preliminary To Convention.

Hundreds of Eastern Star members gathered in the Masonic temple yesterday afternoon at 3 o'clock for divine service, held as a preliminary to the sessions of the grand chapter here this week. It was a magnificent sight to see this great sisterhood united in prayer and praise. A special choir of 65 voices, all Eastern Star members, led the singing under the direction of J. H. C. Woodward, past patron of Forest City chapter. The Rev. W. Leslie Armitage, past patron of the order, preached the sermon.

During the afternoon, vocal numbers were given by Miss Wildgust, Mrs. Brighton, Ed Webster and Miss Tingey. Large delegations of Eastern Star members were present, not only from the different London chapters, but from Aylmer, Port Burwell, St. Thomas and other district points.

Officials who arrived in the city on Saturday and Sunday to be present at the grand chapter sessions this week, and attended divine service, included Mrs. Lulu B. Wood, of Hamilton, grand worthy matron; Mrs. F. O. Malcolm, Toronto, grand secretary; Mrs. Ida Richmond, Toronto, grand marshal; Mr. and Mrs. Shaver and Mr. and Mrs. Munro, of Ottawa.

TRUCK CRUSHES MAN AGAINST BRICK WALL

George Hammill Seriously Hurt in Peculiar Accident Saturday.

George Hammill, 884 Elias street, was seriously hurt when caught between a truck and a brick wall at the plant of the Hobbs' Manufacturing Company at Saturday noon. Mr. Hammill, who is well-known in the city as a contractor and bricklayer, was doing some work for John Hayman & Sons.

A driver, apparently not knowing his truck was in reverse gear, stepped on the starter. As he did so the truck backed up and pinned Mr. Hammill to the wall.

At first it was thought his injuries were fatal, but his chances for recovery now appear excellent. In addition to a badly crushed chest, Mr. Hammill sustained several fractured ribs.

He is a Fullarton "old boy" and a graduate of the Mitchell high school.

TWO DIE AS BLAZING PLANE HITS GROUND NEAR DETROIT

Special to The Advertiser.

Detroit, June 21.—Speeding through the air at a rate of 70 miles an hour and at an altitude of about 200 feet, an aeroplane in charge of Frank Goddell, well-known army pilot, 35 years old, and Charles Boffey, 22, the latter a student flyer, caught fire and a minute later plunged to the ground in a nose dive. Both men probably died instantly. Their bodies were torn and burned almost beyond recognition.

The double tragedy occurred early last evening at a point on 10-mile road, about a mile beyond the city limits. The plane's descent was first observed by a farmer, who gave the alarm. When assistance came, little was left of the wrecked plane but the metal framework.

Experts believe that when the airship took fire, Boffey became excited and seized the control levers, which probably accounts for no effort being discernable from ground to straighten the machine away before it crashed. The wrecked plane was formerly owned by "Eddie" Stinson, and was sold by him to Goddell two years ago.

PURSE IS PRESENTED TO PASTOR AT AYLMER

Rev. H. T. Ferguson and Family Leave This Week For Leamington.

Special to The Advertiser.

Aylmer, June 21.—The basement of St. Paul's United church was well filled with members of the congregation and their friends of Friday evening to bid farewell to Rev. H. T. Ferguson, pastor of the church, and family who are going to the United church at Leamington. H. E. Armstrong was chairman, and short addresses, expressing the regret of the community at the removal of Mr. Ferguson and his family were expressed by Rev. Canon Miles of Trinity church, Rev. J. S. LaFlair, of the Baptist church, and Mayor W. J. Mann. Miss Dunnett favored with an instrumental solo.

Aleck Connor, on behalf of the congregation of St. Paul's, read an address of appreciation of Rev. Ferguson's work in Aylmer, and Ed Miller presented a substantial check. Rev. Ferguson declared that his four years' pastorate in Aylmer had been among the happiest of his experience.

ACROSS CANADA AND BACK.

The wonder trip of the coming summer will be conducted by Dean Laird of MacDonald College to Victoria, B. C., and back.

Inspired by the success of the trip to Victoria last year on the occasion of the Teachers Federation meeting at that point, and filled with patriotic motives for everyone to see their own country, the Dean has arranged for a special train of standard sleeping cars to leave Toronto on July 20, visiting Port Arthur, Fort William, Winnipeg, Regina, Moose Jaw, Calgary, Banff, Lake Louise, Vancouver, thence steamer to Victoria.

Returning, the trip will be via the Okanagan Valley, Nelson, the Kootenay lakes, Windermere Bungalow camp, from which place the party will be motored to Banff, 104 miles over the newly completed Banff-Windermere Highway, the most charming and awe-inspiring trip it is possible to conceive, with stops at Radium Hot Springs, Vermilion river, and Storm Mountain Bungalow Camps—another day at Banff, then Edmonton, Saskatoon, Devil's Gap Bungalow Camp near Kenora on the Lake of the Woods, steamer from Fort William to Port McNicoll, thence rail to Toronto, where the trip will terminate on August 10.

Everything is included at the price of $325.00 from Toronto: transportation, sleeping cars, accommodation in hotels and bungalow camps, meals in diners, hotels, and on steamers, sightseeing tours at points visited, and all gratuities.

While appealing primarily to teachers, the tour is open to everyone desiring to go.

All will be welcome.

Fares from other points than Toronto will be named and descriptive illustrated booklet sent on application to Dean Laird, Macdonald College, P. O. Quebec.

SENATE AMENDMENTS MAY KILL BANK RELIEF; BILL PRINCIPLE CHANGED

Moral Responsibility of Government Eliminated by Changes.

CHALLENGE TO HOUSE

Improbable That Question Will Be Settled by Present Session.

By E. C. BUCHANAN.
Special to The Advertiser by Staff Correspondent.

Ottawa, June 21.—Home bank depositors may fail to secure during the life of this parliament anything from the public treasury in compensation for their losses, as a consequence of the amendment by the senate of the depositors' relief bill of the Mackenzie King government. The opinion prevails on Parliament hill tonight that the amendments of the senate will not be accepted by the government.

Objection to the bill as revised by the senate is not on the ground of its merit so much as on its departure from the principles of the government measure. The senate amendments are so radical that their acceptance by the government in the Commons would practically amount to admission of serious error of judgment. The primary principle of the bill has been entirely changed. The original legislation as passed by the Commons recognized that the depositors had a moral claim against the government. The senate bill wipes out this claim and provides for compensation entirely on compassionate grounds.

Changes Radical.

Other changes are likewise radical. Large classes of claimants are exempted from benefit. The extent to which the claimants are in need is to be the gauge in the distribution of a much smaller amount than the original bill provided. The senate bill, for purposes of economy, assumes that all claimants to the amount of $500 are in need, and authorizes compensation up to 35 per cent. Claimants in larger sums are to have their circumstances investigated and to receive such part of 35 per cent as the investigator considers proper.

It is suggested tonight that the government will refuse to sanction the senate bill. In this event the Home Bank depositors can hope for nothing from the present parliament.

Nobody is willing now to make definite forecast as to the date of adjournment. It is the hope of the government and the official opposition to get through by Tuesday night or Wednesday, but debate may be extended on any one of several subjects to such an extent as to put prorogation off till close to the end of the week. The amendments to the grain act are proving a subject of interest for the Progressives and may delay matters longer than expected.

Members Leaving.

Many members are already departing for their homes or for the scene of political battle in Nova Scotia. These and those who remain are preparing themselves for a federal campaign within the next few months.

59 Rioters Dead In Chile Revolt

Associated Press Despatch.

Santiago, Chile, June 20.—Fifty-nine rioters were killed in the recent uprising in the northern provinces of Chile, according to latest estimates here. The number of injured is unknown. The government troops used artillery to expel the rioters from their positions.

CHURCH BEATIFIES JESUIT MARTYRS

Exercises Held in Rome For Eight Who Lost Lives in Seventeenth Century.

Associated Press Despatch.

Rome, June 21.—Exercises were held in St. Peter's today for the beatification of eight members of the Jesuit Order who lost their lives in the seventeenth century at the hands of Indians while spreading the gospels on the North American continent.

Those honored were John de Brebeuf, Gabriel Lalemant, Anthony Daniel, Charles Garnier, Noel Charbanel, Isaac Jogues, Rene Goupil and John de la Lande. Five of them fell on Canadian soil under attacks from Huron Indians. The other three were killed in what is now the United States by the Iroquois.

Father Garnier is credited in history as having been mortally wounded by a Huron while the missionary was in the act of administering extreme unction to a savage converted to Christianity.

Relics of Martyrs.

Large banners, painted by Professor Polidir, decorated the main entrance of St. Peter's, and others the interior of the Basilica. They were scenes of the main episodes leading to the martyrdom of the eight missionaries.

Relics of the martyrs were brought to Rome by the Rev. E. J. Devine. They are inclosed in an artistically-carved case, which will be presented to Pope Pius. It is a copy in silver of the monument erected to the martyrs in Canada. The Canadian pilgrimage occupied special seats during the ceremony. Among the Canadians present were Monsignor Deschamps, auxiliary bishop of Montreal; Hon. Honore Mercier, minister of lands and forests in the Quebec government, and relatives of one of the beatified priests, Father Jogues.

60,000 See Ceremony.

This afternoon Pope Pius in a grand procession, in which he was carried in the Sedia gestatoria, descended into St. Peter's which was crowded with 60,000 persons, and knelt and venerated the new beatified priests.

Yesterday Pope Pius received Monsignor Deschamps, vicar-general of Montreal, in private audience. They had a cordial conversation which dealt for the most part with the beatification of eight Jesuits. The pontiff expressed gratification over the glorification of the first martyrs on the North American continent, showing a thorough knowledge of the history of the priests.

He said he appreciated the participation of Canada in such an important event in the history of the church through the presence in Rome of a Canadian pilgrimage.

He inquired about affairs in Canada and the condition of Archbishop Bruchesi, voicing regret that the health of the archbishop prevented him from visiting Rome.

LAUDED BY FRENCH.
Associated Press Despatch.

Paris, June 21.—The beatification of the Canadian Jesuit martyrs was consummated at the Vatican, Rome, today. Three others whose missionary labors were also in Canada until they were made prisoners by the Mohawk Indians and taken into the state of New York, where there were afterwards subjected to cruel tortures and death, were also beatified.

SERVICE AT MIDLAND.
Canadian Press Despatch.

Midland, Ont., June 21.—The heroic epoch of the Mission Churches in Canada was recalled today, when more than 6,000 people gathered at the ruins of Old Fort St. Marie on the banks of the river Wye, at a special service to commemorate the eight Jesuit missionaries, who found martyrdom at the hands of the Five Nation Indians more than three centuries ago.

CHAIN STORE OWNER ROBBED AT GUN POINT

M. Goldstein, Toronto, Relieved of $344 by Two Desperadoes.

Canadian Press Despatch.

Toronto, June 21.—Morris Goldstein, who owns a chain of five stores in the western section of the city, was held up at the point of a revolver by two desperadoes early this morning and robbed of $344. The robbers made their escape in a motor car, which the police believed to be stolen.

Goldstein, who lives over one of his stores, had as usual made the round of the stores to collect the receipts. Evidently the thugs were aware of this arrangement as they were awaiting him when he returned home.

They took all the bills he carried, but left him a small amount of silver. They then forced him to enter the store, slammed the door after him and then fled.

The police are of the opinion that the robbery was perpetrated by the slayers of William Bell, gasoline station clerk, who died Friday as the result of being shot last Monday night.

NO STOLEN WATER AT NIAGARA FALLS

International Control Board Finds Treaties Have Been Carefully Observed.

Canadian Press Despatch.

Ottawa, June 21.—The Niagara control board reported yesterday that the withdrawal of water for power purposes has not, on either side of the Niagara river, exceeded treaty limitations.

The Niagara control board was appointed two years ago by the governments of the United States and Canada to secure co-operation between these two governments in controlling the amount of water diverted from the Niagara river for power purposes under the provisions of article 5 of the boundary waters treaty between Great Britain and the United States, signed on January 11, 1909.

J. T. Johnston is the Canadian member of the board, and P. R. Reinicke the American member.

The report observes that under the treaty the diversion within New York state of waters of the Niagara river for power purposes is limited to an amount not exceeding in the aggregate a daily diversion at the rate of 20,000 cubic feet of water per second. Of the existing diversions for power purposes, all are returned to the lower Niagara river, with the exception of 500 cubic feet per second, which has been reserved by the United States for diversion for power purposes through the New York state barge canal, and such portion of this 500 cubic feet as is actually used, is returned to Lake Ontario east of the Niagara river.

Commenting on the report, Hon. Charles Stewart, minister of the interior, remarked that the board's findings were highly gratifying in view of the fact that wide publicity "has been given to claims that the amounts of water withdrawn on either side of the river have been in excess of treaty limitations, and much use has been made of such erroneous reports by those interested in and favorable to the Chicago diversion."

BIG LOSS IN FIRE AT EXETER MILL

Owen Geiger Flax Works Swept by Flames—Loss $25,000.

Special to The Advertiser.

Exeter, June 21.—Loss estimated at about $25,000 was caused tonight by a fire which swept with great rapidity through the large storehouse of the Owe nGeiger flax mill here.

The fire was discovered about 11:30 and though the blaze at that time was small, it spread with great rapidity because of the highly inflammable character of the contents of the building, which held all the tow and seed from the crop of last year. A large number of tools were also stored in the building.

Firefighters were seriously handicapped because the water pressure was so low and the flames so hot that practically nothing could be done to save the structure, and a large crowd had to stand by helplessly and watch the building go up in smoke. Efforts were directed toward saving the large mill and a residence close by. These buildings are unharmed.

Mr. Geiger was at hos home in Hensall when the fire broke out, and when notified of the trouble immediately started here by auto. The amou tnof loss will not be definitely known till he arrives. The loss is believed to be well covered by insurance.

HAD TO COAX MOTOR TO KEEP SHIP HALF-HOUR LONGER IN AIR

Pilot of N-25 Showed Great Skill As Gas Supply Diminished.

25 MILES ON WATER

By JAMES B. WHARTON,
Special Correspondent of The Advertiser and North American Newspaper Alliance.

King's Bay, Spitzbergen (radio from steamer Heimdal), June 20.—The six men of the Amundsen-Ellsworth Polar expedition, who were brought here Thursday by the schooner Sjoeliv, after their heroic attempt to reach the North Pole by aeroplane, probably owe their lives to the expert airmanship of Riiser Larsen, pilot of the N-25, according to latest accounts of their adventure.

The flight from their Arctic landing place at latitude 87.44 to the edge of the polar ice, where they were finally rescued, took exactly 8 hours and 35 minutes. The N-25, with the six men aboard, could only carry enough gasoline for eight hours' flight, but Larsen nursed his plane along so skillfully that he added 35 precious minutes to his flying time, enough to bring them within reach of open water and avoid the danger of another landing on the rough ice.

Stabilizer Breaks.

The plane had barely reached the edge of the polar ice, however, when one of the ailerons or stabilizer of the wing broke, making it necessary to alight on the water. With the last remaining drops of his gasoline, Larsen taxied through the waves, using his big Dormier-Wal as a boat rather than a flying machine. The plane continued its homeward journey in this hazardous fashion for a distance of approximately 25 miles, or close to the vicinity of North Cape, where the nearly-exhausted party was picked up by the sealer Sjoeliv.

Such fragmentary but thrilling accounts of their experience are only now beginning to come out, and indicate that not a hundredth part of the real story has been told. That struggle of 25 days against the treacherous ice and the steadily growing weakness of hunger deserves a place in polar history as one of the greatest battles against nature ever fought and won by man.

Tells of Sufferings.

Amundsen, who has suffered as much in the Arctic as any man alive, says he never went through anything to equal it. Both Amundsen and Ellsworth agree that about three hundred tons of ice were removed by the six men to make a runway for the takeoff of the aeroplane. "That runway was literally carved out of the ice says Ellsworth, and we would not have sold a foot of it for a million dollars.

Replying to several requests for data for a map of Amundsen's flight, the Northern Newspaper Alliance provides the following facts: Route starts from Danes Island, latitude 79.75, longitude 11 east, thence in broad arc through point about latitude 85, longitude 15 west, to landing place at latitude 87.44, longitude 10.20 west, hence returning straight line to North Cape, latitude 81, longitude 20 west. On northward flight westward deflection of route began during second hour of flight, when planes encountered strong, northeast wind while flying above fog.

In mapping northward route, you should therefore show marked westward drift, beginning 75 miles due north of Spitzbergen and continuing for four hours or 300 miles, when planes discovered they were too far west and laid new course to northeast.

MORGAN MILLIONS MAY BUILD BRIDGE

Big Financial Institution Acquires International Charter For Project.

Special to The Advertiser.

Detroit, June 21.—The millions of the house of Morgan will give Detroit and Windsor the International bridge, which has been greatly needed for many years and plans for which have laid unused for the past several years.

Announcement to the effect that charters from United States and Canadian governments, owned by the American Transit Company, have been purchased by the representatives of J. P. Morgan, New York financier, was made public yesterday.

The announcement came from Joseph A. Bower, vice-president of the New York Trust Company, and closely allied with Morgan interests. The span will cost approximately $12,000,000, according to the statement, which adds that toll rates considerably below the present ferry rates will pay all costs of upkeep, take care of interest and sinking fund charges and leave a reasonable return on the investment.

Mr. Bower, was formerly connected with the Union Trust Company, of Detroit, leaving this city seven years ago to become indentified with the Morgans.

Following is the formal statement issued by Bower:

"About a year ago I was approached by American Transit Company, with request that I advise them in regard to financing proposed bridge between Windsor and Detroit.

"The American Transit Company represented to me that they had secured franchises and permits from proper governmental authorities for building the bridge and that they had expended substantial sums for engineering reports, borings, traffic surveys, and various other investigations. They explained the difficulties they had met to date in attempting to finance the bridge.

"My former residence in Detroit, had already made me familiar with need for improved transportation facilities between that city and Canadian side. With this as an initial reason and data submitted by American Transit Company, indicating that proposed bridge presented no insuperable engineering difficulties and that it could be made financially self-supporting. I agreed to make some investigations to determine the possibility of being of service in financing the project.

"The McClintic-Marshall Company, which made investigations and are familiar with proposed designs, and construction, presented specifications and designs, saying that a bridge of adequate capacity to handle the traffic can be completed, under present costs for labor and materials, at a cost of approximately $12,000,000. They also represent that traffic surveys, made principally in 1922, show adequate revenues to meet cost of operation and interest and sinking fund charges."

Bower is ready to invest $1,000,000 in enterprise and to arrange for underwriting of bonds as soon as the Ottawa government announces it will make the requested guarantee. He believes survey can be completed and all financing arranged within 30 days.

FIVE ARE ORDAINED BY BISHOP WILLIAMS

Ceremony Held at Windsor When Three Become Priests, Two Deacons.

Canadian Press Despatch.

Windsor, June 21.—With the solemn ritual and customs of the Church of England, five young men were admitted to the ministry of the church by Rt. Rev. David Williams, Bishop of Huron, here today. Three of the candidates were ordained as priests and two as deacons, the first step in the Anglican ministry. Preceding the service proper, was the ordination sermon delivered by Very Rev. N. L. Tucker, M.A., D.D., D.C.L., who has been in the service of the church for nearly 50 years. The service was arranged to include the historical ritual of the ordination of deacons.

The candidates ordained were; Priests, Rev. W. Ridley Person, Rev. A. Brant Thomas, Rev. J. Arthur Waring; deacons, Rev. George A. Merrifield and Rev. M. A. Garland.

HEROIC YOUTH SAVES LONDONER FROM WATER

Roy Askew, Also of London, Rescues Joe Southam at Port Stanley.

Special to The Advertiser.

Port Stanley, June 21.—Two London young men, Joe Southam, 14 Rathmine street, and E. Lattimore, 219 Rectory street, narrowly escaped drowning when their canoe tipped over about a quarter of a mile from shore in front of the Casino this afternoon. Had it not been for the prompt action of Roy Askew, young Londoner, Southam would have drowned.

At the time of the accident Askew was sitting on the Catino diving stand and on hearing the cries of the men immediately swam to them. When he arrived Lattimore was clinging to the boat, while Southam was going down for the third time. In spite of the drowning man's size and weight young Askew managed to bring him to shore, where medical aid was summoned. Dr. Mothersill was called and after working over the man for a short time restored him to consciousness and had him removed to a near-by cottage.

Roy Askew, 16 years of age, resides at 106 Egerton street, London, and is a pupil at Trafalgar public school of that city.

MRS. EURETTA A. CAHOON IS BURIED AT AYLMER

Special to The Advertiser.

Aylmer, June 20.—The remains of Euretta C. Cahoon were brought to Aylmer from Chicago, and the funeral service was held this afternoon at 3 o'clock. Interment took place in the Aylmer cemetery. Rev. J. S. LaFlair, pastor of the Baptist church, officiated.

The late Mrs. Cahoon, aged 75, died at the home of her daughter in Chicago on Thursday. She was the widow of the late Albert Cahoon, and had lived the greater part of her life at Calton. About 20 years ago, she, with her late husband, removed to Aylmer, where she resided until Mr. Cahoon's death some ten years ago, when she removed to Chicago. She was a faithful member of the Baptist church, and had a host of friends. Surviving are one daughter, Mrs. (Dr.) Hugh Mackechnie, Chicago; two brothers, Charles J. Timpany, Aylmer, and John Timpany, Calton; one sister, Mrs. E. Hurd, Calton.
