City and County Arrive at an Arrangement in Administration of Justice Accounts

The joint committee that was appointed from the City and County Councils to consider the matter of adjusting the proportions of the Administration of Justice to be paid by the city and Council for the next five years, met in Harrison Hall Thursday afternoon.

F. H. Macpherson, Government Auditor, in his report on the city and county books made recommendations as to the payments and allotted the city's share as \$2,650 per year. He was present at the meeting Thursday afternoon and explained his figures to the committee.

Warden Skiffen objected to the small amount and, according to his figures, thought that the city should pay \$2,250 per year. The item he objected to was the expense of transferring prisoners to the penitentiary. He thought the city should pay for their own and the county for theirs. Mr. Macpherson distributed it according to a uniform assessed valuation.

After considerable discussion the following motion was passed:

Moved by Mr. Marshall, seconded by Mr. Grant, that this joint committee of the county and city met this afternoon for the consideration of the Administration of Justice accounts agreement for five years from January 1, 1904, agree that the basis of settlement shall be that the corporation of Chatham shall pay to the county the sum of \$2,151 per annum, payable quarterly, the county and city respectively to pay their own costs as to conveyance of prisoners and lunatics, care and maintenance of inmates while confined in jail, on per diem basis, and that any expenditure of capital account during the term of five years shall be paid on the basis of one-fifth by the city, the Mayor to be a member of the Building committee on capital expenditure by the county.

This motion carried.

The following were present: Messrs. Mayor McCosh and Alds. Southern, Marshall and Tye, Warden Skiffen and Councilors Grant, Haggart and County Treasurer Fleming.

This is considered a good agreement, as St. Thomas pays \$900 and Windsor \$600 more than the amount stipulated as the city of Chatham's share.

DEATH'S CALL

There passed away this morning at one o'clock, on Stanley Ave., an old and highly respected colored resident in the person of Rev. John Thomas, at the age of 72. Mr. Thomas had resided in the city for the past 15 years and originally came from Maryland, in 1857, settling in South Buxton, where he was pastor of the M. E. Church there. He was also pastor of the Union M. E. Church in Chatham Township for some years, but for the past five years has not been actively engaged in the ministry there.

The deceased passed away quietly as if he was simply sleeping. The reverend gentleman leaves a wife, one daughter, Mrs. Dora Paine, Indianapolis, Ind., and three sons, Wm. of Detroit; George, of Sandusky, Ohio; and John, of Winslow, Arizona, to mourn his loss. With the exception of John, of Arizona, all will be here for the funeral.

The funeral takes place from Stanley Ave., on Tuesday afternoon, at 2 o'clock, at St. John's A. U. M. P. Church, King St. Rev. A. Selvey, pastor, being the officiating minister. The deceased had led an exemplary life and certainly lived the life of a Christian under all circumstances.

SACRED STORY TOLD IN SONG

Magnificent Presentation of Stainer's "Crucifixion" in Maple City Last Night

Splendid Services of Praise Under Direction E. E. Arthur—Choir Entertained After Presentation

The presentation of Stainer's beautiful sacred cantata, "The Crucifixion," supplemented by a series of exquisite musical program numbers, provided the inspiration for the delightful service of praise held in the First Presbyterian Church last evening.

Long before the opening of the service the people thronged the sanctuary. Chairs were requisitioned for the aisles and lobbies, but unfortunately, even then it was necessary to turn nearly three hundred away, and the immense audience greeted the magnificent presentation with profound appreciation.

Preceding the service the young pastor, Rev. A. H. MacGillivray, on behalf of the church and choir, extended a cordial welcome to the vast congregation and expressed the appreciation of the choir and those assisting upon such a magnificent attendance and regretted exceedingly that the accommodation of the church was inadequate to provide seats for all.

Mr. MacGillivray requested the congregation to refrain from applause. "The Crucifixion," he said, "is the great story of the Saviour's death told in sacred song. We are all here

to witness the presentation of this beautiful sacred cantata, which is a masterpiece of musical art. It is a story that has moved the hearts of men and women for centuries, and it is a story that we are privileged to hear tonight.

The presentation was a revelation to admirers of exquisite and artistic sacred music. It was, throughout, under the direction of Organist and Choirmaster E. E. Arthur, and demonstrated that this gentleman is without a peer in the district. From the moment that Mr. Arthur inaugurated the project of presenting in the Maple City this beautiful sacred masterpiece, until its successful consummation last evening, he has worked earnestly and energetically. He gathered around him one of the largest and finest choirs ever organized in the west and trained them with the skill of a maestro.

The result was a revelation in choral singing—the delicate and artistic shading, the brilliant forte passages, the precision and perfection of detail presaged a new era of Maple City musical achievement. The unaccompanied portions of the work particularly gave evidence of the artistic conception and splendid training of the director. In his organ solos also Mr. Arthur demonstrated his exceptional taste and ability.

The soloists of the evening were

Mrs. John Cooper, Soprano Soloist at the First Presbyterian Church.

Marshall Pease, of Detroit, the brilliant and ever popular tenor; Samuel Slade, the magnificent bass; J. W. Wilson, Chatham's favorite baritone; Mrs. John Cooper, the peerless soprano soloist of the First Presbyterian Church; Miss Lucy McKellar, the popular Christ Church soprano soloist, and Miss Edna M. Martin, the accomplished contralto of the First Presbyterian Church.

Chatham almost claims Marshall Pease, and Samuel Slade as her own. So completely have these gentlemen won the hearts of music-lovers in the Maple City that the announcement of their presence will always ensure a thronged attendance. Their names are synonymous with all that is best in the art of singing.

Marshall Pease sang with brilliancy and expression. He enters into the atmosphere of the service and his singing in this sacred story has a profound dramatic effect. He is a true tenor—a voice, unfortunately, very rare in these days.

Samuel Slade was never heard to better advantage. The magnificent character of his marvelous basso voice can well be realized in the range of his singing last evening, which went from high E in the Crucifixion to low C, the concluding sustained note of the quintets. It is safe to say that this is the first time many Chathamites have ever heard this exceptionally deep tone sung.

J. W. Wilson, Chatham's own baritone, was much appreciated. Mr. Wilson enjoys a well-merited and universal popularity.

The splendid services of Mrs. John Cooper are indeed hard to estimate. Not alone did her beautiful voice lead the large chorus through all the presentation of the cantata, but she also contributed the splendid solo, "The Ninety and Nine," from Chatham, one of the distinctive pleasures of the whole evening.

Miss Edna M. Martin's fine mezzo voice was heard to especial advantage in Dudley Buck's grand contralto solo, "Judge Me, O God," which was much appreciated.

Henrich's beautiful quintette, "God Be With You," concluded the program. This was sung by Mrs. Cooper, Misses Lucy McKellar and Edna Martin and Messrs. Pease and Slade. It was a musical gem, closing unaccompanied, and was keenly enjoyed.

At the conclusion of the service of praise Dr. and Mrs. George T. McKeough entertained the full choir and their friends at their home, where dainty refreshments were served and a delightful impromptu musical program, including selections from Messrs. Pease and Slade—contributed by Mr. Slade sang the "Armorer's Song from 'Robin Hood' and received a very hearty encore, to which he graciously responded.

At the conclusion of an evening of delightful social and musical interest, Rev. Mr. MacGillivray moved, seconded by Col. J. B. Rankin, a very hearty vote of thanks to Dr. and Mrs. McKeough, which was enthusiastically honored.

Dr. McKeough, in a brief and appropriate response, gave a high tribute to the success of the presentation, and bespoke the pleasure it had given Mrs. McKeough and himself to entertain the choir.

A memorable evening closed with a male quartette by Messrs. Pease, Angus, Wilson and Slade, and "Auld Lang Syne," led by Mrs. John Cooper.

OPENING DID IT

The Jam moved out of the river yesterday and the opening of the dyke did it.

"The jam moved out of the river yesterday and the opening of the dyke did it," said N. Mussey Thursday.

"I don't see what the people down there were doing that they didn't open the dyke themselves. If they had done so, there would never have been any of the railroad track torn up. Had the dyke not opened when it did there would have been no cattle left on the plains. Alex. Baume's cattle were washed off the stock yesterday and drowned. The opening in the dyke just saved the balance of the stock on the plains and also was the cause of the jam moving out."

DIED IN CHICAGO

P. C. Dezella received a telegram last night announcing the sad news of the death of his sister-in-law, Mrs. Frank Upton, in Chicago.

Mrs. Dezella left two weeks ago for the bedside of her sister and was with her when she passed away. Mrs. Upton was formerly of Strathroy, Ont. Her husband is one of the partners in a large departmental store in Chicago. Besides the husband a grown up family of five survive. They are Dan, John, Fred, Frank, Jr., and Ethel.

The late Mrs. Upton has frequently visited in this city and had many friends here.

BODY RECOVERED

The body of the late H. Cummings was recovered on Skoppan flats about 200 yards from where the boat capsized at Kent Bridge.

The bridge had been damaged by the flood and Robert Lewis and Mr. Cummings set out in a boat to go for the mail. On the flats the boat upset and Mr. Cummings being unable to swim was drowned. Searching parties dragged the river till 2 o'clock in the morning and then gave up. The body was found when the water went down. Deceased was unmarried. He held a \$1000 policy in the London and Lancashire Insurance Co.

THE SOO BRIBERY.

The independent Toronto News, edited by Mr. J. S. Whitson, for years editor of the Globe, says:— The details of the bribery at Sault Ste. Marie are coming out before the Public Accounts Committee. They fairly take the breath away. Lawyers and contractors' names were inserted on the payroll after the crash had taken place. Salaries were "raised" after the company had closed its works. This was shameless public robbery. No other name can be given to such doings. No amount of apologetic explanation can make anything else of the payment of these salaries.

IT IS TO LAUGH.

The spectacle of a Government talking all night and reading extracts from essays and blue books in order to keep itself from being defeated is one of the most ridiculous ever presented to the people of this country. It is a fitting climax to the low trickery and undignified tactics by which it has kept itself alive so long. The farce is nearing its finish. If there was naught but the comic element to claim the public attention it might be enjoyed with a certain amount of equanimity. But the serious phrase of it is that here is this band of unscrupulous adventurers, every one of whom, as has been illustrated again and again, is ready to vote for anything their leaders bring forward irrespective of the public weal or their own sense of duty, in control of the provincial treasury and ready to vote away millions of dollars of the public money, not only for doubtful purposes but for enterprises in which their own colleagues are interested.

those who, knowing the facts, are accomplices in transferring the money will be just as guilty as the receivers. It is a startling situation and is illustrative of the public danger of a Government held in power by the votes of two or three individuals. If Premier Ross were an honest man he would resign to head off this raid on the country. But instead of having any thought of doing that Mr. Ross is the leading spirit in the raid—Ottawa Citizen.

Court Etiquette Illustrated. Ambassador Choate, at a dinner given by an American resident in London, illustrated the intricacies of court etiquette with a little story about King Edward.

Paralyzed by Radium. Mr. Hammer, who was formerly a conductor of Edison's, has produced with radium a partial paralysis of the fish known as the electric ray so that it could give no further shock. He has with the radium paralyzed small fish so that they have been drowned or at least died. In talking of this Mr. Hammer called attention to the experiments of Professor Curie and others recently in Paris in which guinea pigs, mice and rabbits were paralyzed and later killed by placing radium near the spinal column.

The Two Gladstones

Writing on "The Two Gladstones" in T. P.'s Weekly, T. P. O'Connor says: I care say I will surprise most of my readers and the readers of Mr. Morley's biography when I say that the thing which used most to strike me in the many years I carefully watched the face of Gladstone across the floor of the House of Commons was his constant appearance of abstraction and isolation from all that surrounded him.

Putting on a Bold Front

Two little children of Rochester were sitting in a room one evening after dark, with their faces pressed to the window and their eyes fixed on the stars. For some time they contemplated the firmament in silence, then suddenly one of the little fellows turned to the other and said, "Wasn't God a nice man to give us stars for a light?" "Oh, Teddy, how can you say such a thing!" said the other boy, much shocked. "You shouldn't call God a man. If ever there was a gentleman, he's one."

LOCAL TALENT TO ORGANIZE

Philharmonic and Dramatic Association Formed in the Maple City

Will Present Oratorio in the Fall—Committee to Prepare for Formal Organization

Chatham is to have a Philharmonic and Dramatic Association.

This was definitely decided upon at the pleasant social gathering at the residence of Dr. McKeough last evening at the conclusion of the presentation of The Crucifixion, and a committee was appointed, consisting of Col. J. B. Rankin, Dr. Geo. T. McKeough, E. B. Arthur, Mrs. John Cooper, Mrs. Sydney Stephenson and Mrs. Spencer Stone, to take preliminary steps in the matter, interview the Mayor and ask his worship to call a meeting of those interested for formal organization.

The suggestion for the formation of such an association was made in a happy address by Rev. A. H. MacGillivray in Toronto, Hamilton and other cities these organizations were in existence and met with distinct success and, possessing the exceptional talent which Chatham abounds, one should be a valuable acquisition in the Maple City. Such an association would be undenominational and universal in its membership. The musical director would have the co-operation and support, he felt assured, of all the musical citizens.

Dr. McKeough spoke very happily in support of the suggestion. Heaven had been called an eternal philharmonic society and he thought it a very pleasant view of paradise. Director E. B. Arthur said the formation of such an association would be a grand thing. He had thought of the matter himself, more particularly as it was his hope to present an oratorio in Chatham before very long, but there was difficulty in securing a building—an oratorio work could not well or appropriately be presented in the Opera House. In Hamilton and Detroit the Light Guard Armories were used, and he hoped Chatham would soon have such accommodation.

Colonel J. B. Rankin said that the work of erecting the new armory would be proceeded with at once. The building would include a large hall just suitable for the purpose of the proposed association and he was assured the Regiment would be willing to grant its use for such purpose free of charge.—Applause.

J. W. Wilson, director of Christ Church choir, also spoke enthusiastically in support of the project, and was followed by Frank D. Laurie, S. Stephenson, S. Stone, E. W. Anderson, R. W. Angus and others, all of whom heartily favored the proposition. Messrs. Slade and Pease, of Detroit, both advocated the formation and expressed their intention of becoming members.

It was finally moved by Colonel Rankin and seconded by Mr. Stephenson, that a Philharmonic Association be formed in Chatham. The resolution carried amid applause.

On motion of Mr. Laurie the committee aforementioned was then appointed to take initial steps.

Among the proposals of the association will be the formation of a concert orchestra, in which the ladies will be asked to enroll. Mr. Arthur is convinced an excellent ladies' and gentlemen's concert orchestra can be organized in the city. If the new armory hall is completed this summer the oratorio will be presented by the association there next fall, in addition to the "King of Kings" of another splendid DeKoven opera.

TO TORONTO

Mr. Schofield Assumes His New Duties in the Queen City—Mr. Turner Appointed Assistant Manager

Major G. P. and Mrs. Schofield left yesterday afternoon for their new home in Toronto, where Mr. Schofield will assume his well earned position of manager of the head office of the Standard Bank.

Mr. Schofield was accompanied when he reached the G. T. R. station to take the eastern flyer, to Lead the Bugle Band, in charge of Bugle-Major Plumridge of the 24th Regiment, waiting for him.

The Band played several selections and in reply, the popular Major made a short farewell address to the boys, at the conclusion of which he was greeted with three hearty cheers and a shower of flowers.

The station platform was crowded with many prominent citizens to say good-bye to one of the most, most entertaining and popular men the city has ever known.

Mr. Schofield's successor at the Bank is W. D. Shannon, who has already assumed charge. J. S. Turner, formerly accountant, has received the appointment of assistant manager of the local Bank, a well deserved promotion.

Carpet Cleaning By New Process

The many details of house cleaning the most important is undoubtedly the removal of dust and grit from carpets and rugs. For many reasons especially upon sanitary grounds, the eradication of dust and from the floor covering, is a duty. This cannot be properly done by the ordinary process of beating which imparts a small portion of dust. Realizing the need of a new method of doing this work we installed a modern machine and process which thoroughly cleanses carpet and destroys all germs, or vermin, raises the nap on carpet and brightens the color. Prepared to do your work satisfactorily, promptly and scientifically. All carpets called for, taken from floor, cleaned and relaid by men know how to do the work properly. In order to introduce method of cleaning we are prepared to do your work for even less than it would cost you by the old "beating and brushing" way. Drop a card or call and we will give you full information.

HOW TO WARD OFF AN ATTACK OF RHEUMATISM.

For years when spring time came and I went into gardening, I was liable to have an attack of rheumatism every attack was more severe than the preceding one," says Josie Donald, of Man. Logan county, West Va. "I tried everything, with relief whatever, until I procured a bottle of Chamberlain's Pain Balm. The first application gave me ease and before the first bottle was used, I felt like a new person. Now I feel that I am cured, but I always keep a bottle of Chamberlain's Pain Balm in the house and when I feel any symptoms of a return I soon drive it away with one or two applications of this liniment. PRINTING BY STEAM.

The first newspaper ever printed by steam was the London Times of December 29, 1814. In its leading article of that issue it describes fully the new process of printing by steam machinery, and points out with exultation to the fact that eleven hundred impressions can be taken in one hour. The inventor of this process was a Saxon named Koenig, and it was made by his countryman, Bauer.

In the issue of May 5, 1858, appears the following: Queen Victoria is said to be indicating a trip to Canada this summer. The London Times says: "Perhaps Her Majesty Queen Victoria may extend her annual tour this year and pay a visit to a more remote portion of her domains than she has yet graciously honored with her august presence."

The Philadelphia Press says: "It has been no secret that she is very anxious to pay this visit. She is so excellent a sailor that a voyage of nine or ten days from England to Canada would only be a pleasure trip. Assuredly if she sets foot in America at all she cannot refrain from visiting the United States."

SICK AT YOUR STOMACH.

Perhaps feeling as if the bottom had dropped out of your life? It's Nervine you want. Nothing restores quiet and order to the stomach so quickly. All queasiness and nausea goes away the minute you take Nervine and an extra dose or two is always sufficient to set you up in firm shape. Nervine is an old and tested remedy for stomach and bowel troubles, and always has relied on. Sold in large 25c. bottles.

It was an Irish philosopher who said: "Idleness clothes a man with nakedness."

"I feel as if I should fly to pieces." How often those words are on a woman's lips. They express to the utmost the nerve racked condition of the body, which makes life a daily martyrdom.

If this condition had come suddenly it would have been unbearable. But the transition was gradual. A little more strain each day on the nerves. A little more drain each day of the vitality. Any woman would be glad to be rid of such a condition. Every woman tries to be rid of it. Thousands of such women have been cured by Dr. Pierce's treatment, his "Favorite Prescription" when local doctors had entirely failed to cure. "Favorite Prescription" contains no opium, cocaine or other narcotic.

Many men deny to their family privileges through a desire to be thought the master. Always taking out of the meal tub and never putting in, soon comes to the bottom.

Britain's War Fleet.

The capital value of Britain's war fleet has been enormously increased by recent additions—not merely by the number of ships built, but by the great growth in the cost of individual ships, consequent upon increase in size, speed, and fighting capability. Taking the combatant ships of the British navy, their total first costs (according to Engineering) have represented about the following at the respective periods: 1813, 10 millions sterling; 1860, 17 to 18 millions; 1898, a somewhat higher figure; 1878, about 28 millions; 1897, 37 millions; 1902, about 100 millions. Guns and ammunition are not included. The value of the French national fleet in 1870 was put at 18 1/2 millions sterling, and in 1898 at 47 1/2 millions—a great increase, but a slower rate of growth than that of the Royal navy.

International Bible Lesson for Tomorrow—Jesus visits Tyre and Sidon Mark 7, 24-37; Matt. 14, 21-28.

Golden Text—"Without faith it is impossible to please Him."

Today's lesson is the only recorded visit of our Lord to the heathen, who were counted by the Jew as unclean, just as Mohammedans despise a Christian to-day, thinking that they are the special favorites of heaven. He may have been seeking retirement and rest, but He gave His disciples a practical lesson how to regard their Gentile neighbors and how they regarded Him. "He could not be hid" then, and he cannot be hid to-day. Christ was sent to the lost sheep of the house of Israel; yet this heathen woman in her great grief, with her mother's love, with faith in Him as the Messiah, the Son and successor of King David, pressed her suit in favor of her poor afflicted girl and against the demon that vexed her.

What encouragement to parents Jesus never acted so coldly to a woman before, the disciples marked it, and without sympathy would have her dismissed; but she had the grace of perseverance; she falls at His feet, and in her sorrow cried, "Lord, help me!" His ministry is to God's children, not to curs, but with woman's wit and faith she takes her place beneath the children's table as a dog for a crumb, and she got it; rewarded by her daughter's deliverance, and the blessed approval of her great faith, by her loving Lord. Many a heathen's faith puts to shame the unbelief of His followers to-day.

Now another afflicted creature, unable to hear or speak, is brought by the crowd to Jesus, that He may lay His hand on him and heal him. Jesus takes him to one side, touches the diseased members, and with a sigh of sympathy and an upward look to heaven said, "Be opened," and his ears could hear, and his tongue could praise God through Jesus Christ our Lord. Just as the Holy Spirit touches with conviction our sin and guilt, ere we are pardoned and restored by our Great Physician.

"Wouldst thou be made whole?"

The Crutch

"I HAVE STOOD BY THE OLD MAN FOR FIFTEEN LONG YEARS, AND NOW HE HAS TURNED ME DOWN FOR A BOX OF BU-JU. I FEEL ALL BROKEN UP OVER IT." The doctor told him he had rheumatism as the result of kidney trouble—too much acid in the blood. The kidneys had failed to perform their proper functions, and a long, continuous, painful case of rheumatism is the result. He was obliged to use a crutch and on for 15 years until he read an advertisement of Bu-Ju, The Kidney Pill.

Many people are suffering from kidney trouble who are not aware of it. They are sick, and unfit for work, business or pleasure. There may be one or many of the symptoms arising from disordered kidneys and they are treating for symptoms instead of fighting the disease, which is kidney trouble.

The third annual banquet of the Literary and Debating Society of No. 1, Harwich, was held on Thursday evening last at the residence of Mr. W. W. Everitt.

The first toast, "The King," having been duly honored in the usual way, Mr. A. Cameron was called upon to respond to that of "Canada and the Empire," which he did in a way that showed the high place he occupied in the hearts of the people of No. 1, Harwich.

The second part of the program opened with the toast "Forty years ago," and was honored by interesting addresses from Messrs. R. Smith, N. A. McGeahy, Andrew Everitt and A. E. Field.

Mr. Harry Collins, of the C. G. I. staff, replied on behalf of the Harwich Club to "Sister Societies." He was glad to be able to assure the Society of the good feeling and interest that the Club of which he is president had for the Harwich Debating Society, and congratulated the members on their enterprise in carrying on so successfully the good work, expressing a wish that such societies might be more general throughout the county.

Mr. J. Smith and H. English were given in response to the toast of "Rural Advancement" and showed that the debaters No. 1 were fully abreast of such modern requirements as telephones, rural mail delivery, wireless telegraphy and paved roads.

New Raincoats

Most of this Season's Raincoats are designed as a sharp, stylish Overcoat—A Raincoat, if it rains—gentleman's coat all the time. Precisely the perfect length and fullness, fine back and should some with the half belt, very swagger.

Snug, "k grip" narrow lapels that lie close to the ear, all the virtues of any Rain coat but with more class and style. All the season's newest wrings in cloths that have been waterproofed by the cravenette process, which does not affect the appearance of the goods.
