PREFACE.

The Publisher of this work can say, with some degree of pride, that he is the oldest Publisher of Directories in the Dominion of Canada, being twenty years (1863) since first engaged at the business, and seventeen years (1867) a Publisher, having published twelve St. John, thirteen Halifax, one General Maritime Provinces, one Business of the Dominion, two Business Directories of the Maritime Provinces, one Ottawa, Kingston and Central Canada, one London and County of Middlesex, one Hamilton and County of Wentworth, and two General Directories of the Province of Nova Scotia, being in all thirty-four Directories. This work, the public will find, is not behind any of its predecessors, either in completeness or workmanship, as far as there is a possibility to make it. It is an impossibility to make a complete Directory of names and numbers while a considerable number of persons will withhold their names, supposing my agents to be tax gatherers, or while the Houses are left unnumbered. There is no City the size of St. John and Portland without numbers on the houses. It certainly would be a great convenience to every person, and the stranger would not leave our City with the impression that he was in a country town. If the public agree to have the houses numbered the Publisher would give his aid to the work with pleasure.

To those who have supported this work the Publisher returns his sincere thanks.

FIRE ENGINE HOSE!

After numerous experiments in other material, the public are forced to the conclusion that the only safety and economy is in the use of Leather Hose for fire purposes.

Having established a reputation second to none in this business, and having on hand a large stock of selected Hides that have been tanned and finished specially to my own order, I beg to say that I am fully prepared to fill all orders that I may be favored with.

hour of closing the ordinary Mails, and 30 minutes before closing of English Mails.

Registered Letters for the United States are despatched by morning Mail only.

No letter will be accepted at this office for Registration addressed either to initials or what may appear a fictitious name, and any such Registered Letter received from another office, or deposited in the Letter Box for Registration, will be at once sent to the Dead Letter Office for disposal.

Registered Letter Stamps of the denomination of 2 and 5 cents may be obtained at the usual places.

Registration is applicable to Letters and Parcels, whether they contain articles of value or not. Registration is not an absolute guarantee against the miscarriage or loss of a letter; but a registered letter can be traced when one unregistered cannot, and the posting and delivery or non-delivery can be proven. A registered letter is thus secured against many of the casualties which from incorrect address, forgetfulness of the receiver, or other error, may effect an unregistered letter. "Moreover, the safety of an unregistered letter is dependent on the integrity of a post office clerk during the whole time it remains in his custody, frequently for hours, and even days; whilst a registered letter will almost invariably have to be acknowledged at the moment of its passing into an officer's hands, and cannot therefore be suppressed without leaving him individually accountable for its disposal." "If the consequences were limited to the mere risk of the loss of the money so sent, the senders of money in unregistered letters might reasonably urge, that if they choose to encounter the risk, they should be free to do so; but higher considerations are involved in the question, and the chance of loss to the careless remitter is really but the smallest part of the evil associated with the practice." The attentive perusal of the above remarks by those who are in the habit of sending money by mail in unregistered letters is strongly recommended, and is further suggested that letters containing money should invariably be secured with wax, and not by the usual method, by mucilage, or self-sealing envelope.

TOWING OFF TIER.—When Docking a vessel, \$10 if not over one hour; if over one hour \$10 for each hour or parts of an hour additional.

SCOW TOWING.—\$1.50 each Scow in the Harbor; \$2 through the Falls,

New vessels launched at Courtenay Bay, Blue Rock, Indiantown, along the Straight Shore, or in the Harbor requiring Tug to wait on them, shall pay same rate as Towage of vessels from sea.

The above rates do not apply to vessels in freshet time, or in case of assistance to vessels in distress,

All unnecessary detention of the boats charged at the rate of \$10 per hour.

The owners will not hold themselves liable for damage occurring to or occasioned by vessels while in tow of the steamer.

The Time Ball on Custom House, St. John, N. B.,

Will be hoisted half its elevation each day (Sundays excepted) at fifteen minutes before 1 o'clock. At 1 minute before 1 o'clock it will be hoisted its full length; and at 1 o'clock, mean time, the Ball will be dropped. A Chronometer keeping correct Greenwich time should then show 5h 24 15s, and the difference between this and the time shown by a Chronometer, is its true error on Greenwich time at the moment. At the above hour of 1 o'clock when the Ball drops, represents 5h 24m 15s, at Greenwich, the error of a Chronometer may be ascertained, no matter where the ship is lying. Masters of vessels arriving at St John should compare their Chronometers by the Time Ball, as it will enable them to get the sea rate, which frequently varies from harbor rates. Latitude 45h 10m 42s N, Longitude 4h 24m 15s West of Greenwich.
