Well known Canadian lawn bowler, who is the captain of the Canadian team which is to sail shortly for a tour of the Old Country. The last visit Canadian teams made in England was in 1913, the Great War having made it impossible to have Canadian teams visit Britain in the interval. In 1922 a British team visited Canada and with the return of a Canadian team this summer it is expected that the international matches will continue, alternating between the two countries every few years.

WOLFVILLE BOY REPRESENTS NOVA SCOTIA

In Dominion Marble Championships at Toronto Tomorrow

The marble champions of Halifax, Dartmouth, Middleton, Antigonish, Truro, New Glasgow, Bridgewater, Pictou, Oxford, Wolfville, Windsor, Kentville and Amherst took part in the Nova Scotia championship contest at Halifax last Friday afternoon. The contest, which was most interesting, resulted in a win for Murray Naus, of Bridgewater, who scored 5 points, Jason Coldwell, of Wolfville, came second with three points. Third position was given to Oakley Morrison, of Pictou, and Carl DeWolf, of Oxford, who tied with two points each in the final round. Murray Naus, the champion, was unable to make the trip to Toronto, so Jason Coldwell was chosen to represent Nova Scotia in the Dominion finals at Toronto, and on Monday, accompanied by a representative of The Herald, left for Toronto and will take part in a Dominion contest tomorrow. Coldwell, who is only ten years of age and a member of the Wolf Cubs, is a son of Mr. and Mrs. Hiram Coldwell.

SCHOOL BOARD MEETS

At the close of the Council meeting on Friday evening a special meeting of the School Board was held, at which Couns. Roach (chairman) and Balcom, and Mayor Chambers were present. Consideration of the teaching staff for the next school year was the chief business before the meeting. Applications for re-appointments were received from a number of the present teachers and there were also a goodly number of applications read from teachers desiring appointment on the staff.

CANADA IN MINIATURE

Life and Resources of the Dominion Shown at British Empire Exhibition

LONDON, April 19.—If you want to see Canada, go to Wembley, is advice which gives an idea of the completeness and realism of the exhibits of the life and resources of the Dominion in the Canadian pavilion at the British Empire Exhibition. The pavilion itself occupies a commanding position in the grounds. It is on front of the great grand stand and below the stadium, and on the other side it overlooks a beautiful lake. At the entrance are two magnificent lions which this afternoon were receiving their last touches of gold paint.

Canadian exhibits are now practically ready, though the pavilion is still littered with shavings from carpentry and there is a prevailing odor of new paint. The most popular exhibit, doubtless will be the butter exhibit, which takes the form of a model of the Prince of Wales' Alberta home, with the Prince in the foreground, and a score of others. Prince, horse, house and landscape are all in butter. The Prince and horse are life-size, the remainder in proportion. The features of the Prince's face were being modelled this afternoon and already the face shows a good likeness.

Next is seen displays of grain. There is a great representation of the Royal Arms, the Lion and Unicorn and everything complete in colors—red, white, blue, gold, green and a score of others, accurate enough to satisfy a critic from the College of Heraldry. Any one would think it painted, but it is composed entirely of Canadian seeds in their natural colors. All around the room there are agriculture exhibits. There is a frieze as varied as the ornaments on a Greek temple, and as gorgeously colored as an Italian picture. It is a panorama of Canadian scenes and it is constructed entirely from seeds.

Color photographs on transparencies are shown which are brilliant in daylight, but when illuminated by electric light give an effect of Fairyland. One color photograph, 48 feet long, shows Montreal Harbor, another scenic representation is of Vancouver harbor, with ships actually sailing around in real water, and the gigantic Rockies towering in background. The next

In the minerals section, there is a nugget of practically solid silver weighing two and half tons and worth \$16,000. Gold bearing quartz is displayed, but the gold itself is not yet on view. Marble in blocks as cut clean from the rocks is a beautiful exhibition in the minerals section.

In the manufacturing section there is a display which, in variety and refinement, will be an eye-opener to those who have not yet realized that Canada is one of the great industrial countries of the world. There are motor trucks from Walkerville, mining machinery from Montreal, engines from Galt, farm lighting plants from Toronto, canned fruits from Hamilton and hundreds of other products of Canadian factories from Halifax to Vancouver.

The Canadian pavilion is Canada's shop window and to gaze at it is a liberal education.

KINGS COUNTY THE FIRST

The Halifax Chronicle recently contained a news item to the effect that Mrs. Gertrude Murray had been appointed to the position of deputy registrar of deeds for Halifax county, and added the statement that so far as known Mrs. Murray is the first woman to be appointed to such a position. Such, however, is not the case as Miss Annie Stuart, of Grand Pre, held this position for over twenty years, having been appointed in 1896, when the late Frederick Brown, a former prominent business man of this town, was registrar of deeds for the county. Miss Stuart held the position for many years with full powers and was a most capable and satisfactory official. She was, we believe, the first woman in Nova Scotia, and fully demonstrated her ability to perform the duties in an efficient manner.

Bridge in London!
There's one form of recreation which the English share with us and, in spite of Foster, often are able to give us pointers: Auction Bridge.

As evidence of the grip of the game over there, an order for

Moir's Chocolates has just come in from the Holborn Restaurant, London. Two-fifths of the order was for the Bridge Box, each package containing, of course, a pound of chocolates, a pack of playing cards, and a pad of Bridge scores.

The Bridge Box is similarly popular from coast to coast in Canada.

Editorial

Our pulpits are our work clothes. Each of us live some kind of a sermon every day.

DID YOU EVER STOP TO THINK?

THAT modern business concerns profit by advertising?

THAT those business concerns who wish to progress on the road to success eventually advertise? NOW is the time to start.

THAT the future does not worry the business concerns that are persistent advertisers?

THAT advertising helps to meet competition and keeps competition away?

THAT advertising is a great service given the public? It helps them make up their mind as to what they want.

THAT there is always business for the business concern that advertises, because they have what the people want and let them know about?

THAT advertising is a guarantee that the merchandise advertised is as represented?

THAT if some business men would get away from their business once in a while, and then from the outside look it over as other people do, they would make a lot of changes?

THE BETTER WAY TO GET BETTER BUSINESS IS BY BETTER SERVICE, BETTER QUALITY AND BETTER ADVERTISING.

WHEN EAST MEETS WEST

The visit of a large number of western members of Parliament to Halifax during the Easter recess should be productive of beneficial results. It is a pity that their visit could not have included other sections of the province than the capital and that the weather man was not able to attend their coming with more favourable climatic conditions than prevailed while they were with us, but that was unavoidable. We are often inclined to regard the vision of representatives from the western provinces as rather circumscribed. It should be of value to them and the country at large to be brought in close contact with conditions in the East.

If Canada is to grow and prosper as it might there must be a better understanding between the East and the West, and a willingness on the part of both to follow a "give and take" policy. With widely divergent interests all patriotic and true Canadians must realize the necessity of a willingness to follow the precepts of the golden rule in the adjustment of their national life. A better understanding of the problems which face their brothers in the east will naturally be of benefit to our western visitors, and a corresponding advantage will be realized by the people of the east when they better appreciate the difficulties experienced by our fellow countrymen beyond the great lakes.

WOLFVILLE AS AN INDUSTRIAL TOWN

Our reference last week to the desirability of launching a campaign to promote the establishment of additional industrial establishments in Wolfville has evidently met with much favorable criticism on the part of citizens. The feeling seems to prevail, among a goodly number of our people, at least, that we have for too long been content to remain merely an educational centre and a residential town of unusual attractiveness. What we need, and what we might easily possess if our citizens were so minded, is a number of practical industrial establishments that would give employment to well paid workers who would spend their earnings at home and assist in building up the business life of the town and its surroundings. As we have previously pointed out there are many undertakings which readily adapt themselves to our conditions and which might be established without any great difficulty and maintained at a satisfactory profit. What is needed is a practical proposition that will appeal to local or outside capital. The town manager has here an opportunity for rendering the community a real service to which, we feel sure, citizens will gladly and readily give their support.

COMMUNITY LOYALTY

Have you ever stopped to consider the fact that loyalty to community interests is the highest form of patriotism? Show us the man who is loyal and true to every interest of his own community and we will show you in that same individual a man in whom his country can repose absolute confidence in any emergency that calls for his allegiance.

On the other hand, the man who is careless and unconcerned for the interests of his community is most apt to display the same spirit of indifference toward his government or his country should a serious danger threaten either.

We owe allegiance to our own people, but the prosperity and success of others is in no wise a detriment to us, but rather a help. If each community would develop itself to the utmost—materially, mentally and morally—none would need be envious of others, neither would any need do aught to detract from another's interest.

Let us develop community loyalty to the full—the highest possible form of patriotism.

LET'S STOP IT!

"The automobile is an instrument of death if carelessly driven. Run by a drunken driver it is a potential juggernaut. Everything possible should be done to prevent persons under the influence of liquor from running cars, and those who disregard the laws in this respect should be jailed and their licenses taken away forthwith. The risk to the public is too great to permit driving by persons who because of liquor are not in full possession of their faculties."

WORTH ADVERTISING

A writer in the Christian Herald thinks the church should use advertising space equal to that used by the movie shows. He seems to hold to the old-fashioned idea that the church has something just as good as anyone else and should not be afraid to tell the world. He says the church of today lacks the aggressiveness of the church of the first century, which was not averse to letting outsiders know that she had something worth getting, a Someone worth knowing.

If Coue were a citizen of Wolfville he would be saying, "Every day in every way things are looking better and better."

One nice thing about having a home is it always gives you some place to wish you were when you are away.

TO BOOST NOVA SCOTIA

(From the Nova Scotia Publicity Bureau.)

Who are the men composing the Nova Scotia Publicity Bureau? They are wide-awake citizens of this province, who recognize the urgent need of a province-wide organization to advertise the scenic resources of Nova Scotia and to co-ordinate the activities of all bodies working for the fullest development of this country.

The Bureau's membership will consist of individuals, firms, corporations and other bodies interested in promoting the welfare of Nova Scotia. Here is the Board of Directors:—Colonel A. Montgomerie, President; Hon. E. H. Armstrong, Premier of Nova Scotia; F. W. Baldwin, Baddeck; F. G. J. Comeau, Halifax; W. R. Cann, Yarmouth; J. G. Farquhar, Halifax; Geo. E. Graham, Kentville; G. W. Hodge, Lockeport; Col. O. G. Heard, Truro; A. W. Harris, Pictou; Hon. J. J. Kinley, Lunenburg; H. D. Madden, Liverpool; D. W. Murray, Hantsport; D. MacGillivray, Halifax; E. L. MacDonald, Halifax; H. C. McFarlane,

Halifax; Dr. J. A. Proudfoot, Inverness; Major J. S. Roper, Halifax; H. A. Rice, Canso; G. W. Silver, Lunenburg; R. K. Smith, Amherst; J. A. Stewart, Grand Anse; Col. W. E. Thompson, Halifax; Col. I. W. Vidito, Dartmouth; E. C. Whitman, Annapolis Royal; Paul Yates, Digby; A. Young, Sydney.

A. J. Campbell, Secretary & Publicity Director.

Why is the Publicity Bureau asking for your money? The reason is this: Comparatively few people in the United States and even in Central Canada know much about Nova Scotia. The real story of this wonderful Province HAS NOT YET BEEN TOLD.

The Nova Scotia Publicity Bureau will advertise Nova Scotia throughout the world. It will describe in a graphic way the attractions of Nova Scotia, especially to the tourist. It will depict the agricultural and fruit growing advantages of the Province to the home seeker. It will portray the industrial and mineral resources of Nova Scotia as opportunities for investment to manufacturers and capitalists. Park, Glacier Park, Banff, California, British Columbia, The Adirondacks, New England, the Atlantic seaboard.

Summer automobile touring has become a fixed habit with many people in the United States. When the season of pleasant weather sets in, they set out on their vacation journeys from every town and village in every part of the country.

It is necessary to spread the attractions of Nova Scotia before these tourists before their plans for the summer have been matured. Many other parts of the United States and Canada are bidding for their patronage. There is much competition.

Both East and West offer allurements. Today the prospective tourists are making up their plans for trips to the Yellowstone, Jasper Park, Glacier Park, Banff, California, British Columbia, The Adirondacks, New England, the Atlantic seaboard.

There are many tours available. We will have to "sell" Nova Scotia constantly to increase the flow of summer tourists. They are teetering in the balance between which trip to choose. A little salesmanship will tilt the scales in favor of Nova Scotia.

Automobile tourists represent all classes of citizens of the United States and have a varied potential value to Nova Scotia. They include young couples seeking homes, farmers looking for land, manufacturers with plans for expansion of their business, capitalists in search of investments, storekeepers, mechanics, business men of all descriptions. All who tour Nova Scotia in an automobile may be set down as persons of some means and as possible future citizens of the province.

Nova Scotia has much to attract these tourists. It has picturesque, historic associations, woods, streams, lakes, fishing, outdoor sports, lovely shore scenery, beautiful camping spots. Above all it has good roads.

That is one of the big things to attract tourists—GOOD ROADS. Nova Scotia has good roads. But how many people in the United States—all potential auto tourists—know about its good roads. We must make them known if we want them to come to Nova Scotia in increasing numbers.

It sounds unreasonable, but as a girl's legs became beautiful in the old days, the horrified mother lengthened her skirts.

A PEEP INTO THE FUTURE OF RADIO

Major Edwin H. Armstrong, presenting a new super-heterodyne receiver at a meeting of the Institute of Radio Engineers in New York recently, said: "It is now possible to construct a super-heterodyne receiver which will operate on a loop antenna of very moderate size, using only dry batteries."

The new super-heterodyne on small loop antenna concealed in the back of the cabinet. Six UV-199 tubes are used and are supplied current from dry battery series contained in compartments at the ends of the cabinet.

Miss Betty Morgan who has a position in Halifax, spent the day, "Good Friday", with her aunt, Mrs. Grace Andrew.

Rev. D. B. Hemmeon, D. D. had to postpone his lecture last Friday evening to Friday evening this week, owing to an unexpected engagement.

A number of the ladies of the place, also a few of the girls, being the most intimate friends of Mrs. Andrew, gave her a real "surprise party" when they went in "a bunch" to her home on Friday evening. These friends being deeply interested in her new undertaking in her professional work, wishing to show their interest and help her a bit, took with them a few useful articles which had been purchased with money collected among these friends.

Soon after their arrival, little Miss Helen Bishop wheeled a large doll's carriage into the room, in which lay a good representation of a dressed baby. Just here Miss Bessie Fraser, who was chosen by the ladies, stepped up to Mrs. Andrew and the carriage to make the presentation speech which in her original way proved interesting and humorous. The baby upon being undressed proved to be a nice Thermos bottle. Other articles in carriage being most useful in her work were an Electric Iron, Electric Reading Lamp, Electric Dimmer Light, with bulbs, etc. Refreshments, as various kinds of cakes, sandwiches and tea were served, provided by the ladies and a most pleasant evening was enjoyed by all present.

Miss Joyce Harvey, who has been spending some time in Kentville, arrived home on Saturday to spend the week end, and left on Monday morning for Hantsport to spend an indefinite time at the home of her grandfather, Mr. C. A special feature was the beautiful solo by Mrs. Currie, "Light of Love", which was exceptionally well rendered.

A large number of this community went over to Port Williams on Sunday evening. The majority walked and found the dyke road much better than expected. All enjoyed the splendid Easter Cantata, put on by the choir and a few others at the Baptist church there.

One of the worst storms of the season occurred on Saturday last. Shortly after noon snow began to fall and continued until well on into the night, while the wind blew with great violence. The snow-plow was out on Sunday morning in order to make the sidewalks passable for church goers. Under the influence of the rays of an April sun "the beautiful" disappeared quickly.

THE LOCAL PAPER

What each and every local paper, honestly trying to serve its community does, is to give from \$100 to \$5,000 of free publicity each year for the benefit of the community in which it is located. No other agency can or will do this. The local editor, in proportion to his means, does more for his home town than any other ten men, and in fairness, man to man, ought to be supported, not because you might like his writing, but because a local paper is the best investment a community may make. It may not be brilliant or crowded with great thoughts, but financially it is of more benefit to a community than any teacher or preacher. Understand us, now, we do not mean morally or intellectually, but financially. And yet on the moral question you will find that a majority of the local papers are on the right side of the question too.—Exchange.

MISSIONARY JUBILEE MEETINGS

The jubilee of Canadian Baptist Missions is just now being celebrated throughout Canada with appropriate services, and everywhere the speakers are met with enthusiasm. In Toronto the Massie Music Hall was filled to overflowing and about thirty thousand dollars were subscribed to the jubilee fund.

Wolfville is to have the honor of sharing in the jubilee on Saturday and Sunday next. The services will be as follows:

Saturday evening at 8 o'clock a meeting will be held in the Baptist Church and will be addressed by Dr. D. L. Joshee, India; Mrs. J. E. Wilson, Fredericton; Rev. W. S. Tedford, Wolfville.

Sunday morning the preacher will be Rev. J. B. MacLaurin, son of the founder of Canadian Baptist Missions in India. Sunday afternoon at 4 the speakers will be Dr. (Miss) E. D'Prater, India, and Miss M. E. Harrison who is on furlow from the mission field. Sunday evening the speakers will be Rev. G. C. Warren, Fredericton, Dr. D'Prater and Rev. H. E. Stillwell, Toronto.

Dr. Joshee is a Telugu Christian who is visiting Canada for the first time. Dr. D'Prater has come from India at her own expense to participate in the Jubilee celebrations.

SATURDAY MATINEE

Those who have attended the Saturday afternoon matinee at the Orpheum must have realized that to the children, especially this institution affords a real pleasure. There is generally a good attendance of the young folk, and when the picture shown is adapted to the occasion as is quite often the case, it is most interesting to watch them. How eagerly they follow the story and show their approval of what appeals to their childish sympathy. It is most interesting to note their frank approval of what to them seems right, and their equally frank disapproval of what to them seems wrong. There is no sweeter sound on earth than the laughter of little children and to the older folk present this furnishes a most pleasing feature of the program at the Saturday matinee.

A dreary place would this earth be were there no little people in it; The song of life would lose its mirth Were there no children to begin it.

No little forms, like buds, to grow, And make the admiring heart surrender;

No little hands on breast and brow To keep the thrilling love-chorus tender.

The sterner soul would grow more stern, Unfeeling nature more inhuman, And man to stoic coldness turn, And woman would be less than woman.

Life's song, indeed, would lose its charm Were there no babies to begin it; A doleful place this world would be Were there no little people in it.

JUBILEE THANK-OFFERING MEETING

The Women's Missionary Society of United Baptist church, Canning, held a Jubilee Thank-offering meeting Tuesday evening, April 15, presenting the pageant, "The Uplifted Cross", in commemoration of the establishment of the first Canadian Baptist Mission among the Telegus. The auditorium was filled with a representative gathering, amongst whom were the members of the Women's Missionary Society of the Methodist church, who on this occasion were guests of the sister society. Mrs. Reid Pelton, president, presided. Beautiful flowers banked in front of a cross of white, electrically illuminated, made an impressive and scenic scene.

The great work of the missionaries who carried the love of Jesus to the sin sick souls of India, the work of the medical missionaries who while healing the body carried with them the love of the Great Physician, the far reaching results of fifty years of untiring faithful work, greatly blessed of God and the great desire of the missionary to see the Jubilee Celebration in India, made possible by the delightful fairy, Miss Madeline Covert, were cleverly and beautifully portrayed. Appropriate hymns were sung during the service by the choir, organist, Mrs. E. Eaton, Mrs. Payzant, Cox and Mrs. Pelton reviewed the work that was being carried on, and Miss Heisler gave an interesting reading which was much appreciated.

At the close of the service more than two hundred gathered in the vestry where supper was served and a social hour spent with the pastor, Rev. W. G. Heisler and Mrs. Heisler. The evening will long be remembered for its inspiration and pleasure.

The personnel was as follows:— Mr. and Mrs. J. M. Ward, Mrs. W. G. Heisler, Mr. Ira Cox, Mrs. Reid Pelton, Miss Isabel Meek, Mr. and Mrs. Allan Melvin, Miss Emma Bennett, Miss Marion Eaton, Mrs. Arthur North, Miss Vera Heisler, Arthur North, Austin Cox, Wilson Parker, Madeline Covert, Blair Hatfield, Miss Pauline Grant, Miss Sylvia Heisler, Miss Pearl Blenkhorne, Miss Lillian Blenkhorne, Miss Minnie Ross, Miss Doris Heisler, Miss Ona Ward, Miss Florence Webster, Nellie Eaton, Winnifred Barkhouse, Helen Newcombe, Gordon Davidson, Buddie Ward, Walter Davidson, Harold Blenkhorne.

The ushers were Messrs. Terry Meek, Judson Melvin. The collection taken by Misses Nellie Eaton, Winnifred Barkhouse, Ona Ward, Vera Heisler, amounted to \$30.00.

It is interesting to note that the workers among the Telegus included three of our own beloved missionaries, Mr. and Mrs. Sandford, of Coldbrook; and Mrs. Boggs, nee Miss Flora Eaton, sister of Mr. Albert Eaton, of Lower Canard.

REVIVAL OF RURAL SPORTS NEEDED

While the financial rewards are the most effective in keeping young people on the farm there is no doubt that the introduction of a little more social life would offset the tendency to drift to the cities. The old-time logging bees and barn raisings have not been replaced by any other feature that serves so well to keep the neighboring spirit alive. School fairs with the ball and pig clubs are doing much for the boys and girls. In England this matter of fostering social gatherings and competitions among the country people has engaged the attention of that dignified body the Royal Agricultural Society and recently it was decided to offer awards in four countries for excellence in rural crafts. These crafts are not very well known in Canada except the ploughing, the others being hedging, rick building and thatching. It is felt in the old land as here that the towns are overshadowing the country and that a revival of the community spirit is the best means of counteracting this tendency. In this connection it may be questioned if the general adoption of the motor car has not led the young people to look to the towns for their recreations to the neglect of their own neighborhood interests. Sports such as baseball are excellent forms of recreation for young men but they are not distinctively rural. What is wanted is something more nearly related to farm life such as ploughing matches, judging contests or even a test of endurance like wood sawing.

HOW TO RENOVATE YOUR LAWN

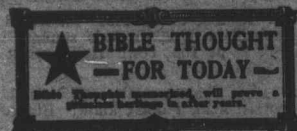

A ragged lawn gives the same slovenly appearance to a house that untidy hair or ragged clothes give to a man. A fine lawn repays you richly both in the enjoyment you derive from the beauty and in the actual though unappreciable financial worth.

First rake the lawn thoroughly, using sharp-tooth iron rakes. The top soil should be disturbed as much as possible. There is little danger of disturbing the roots of permanent grasses as they extend to a depth of at least two inches.

The lawn should then be cut with a low set, sharp, free running mower with a grass catcher attached. Seed with a good lawn mixture, using from 10 to 20 pounds on each quarter acre of lawn. The amount of seed used depends, of course, on the existing turf on the lawn. Dressing with screened compost is the next step. This should be spread evenly over the lawn to a depth of one-quarter inch and rubbed in with the back of a wooden rake. It is well to add a small quantity of quick acting fertilizer to this compost. Roll with a 200-pound roller and keep the ground moist until the seed germinates.

After the grass starts, keep it cut with a good lawn mower and roller. Rolling is almost as important as cutting, as it keeps the soil compact and protects the roots from drying out. It also removes the roughness and keeps the surface smooth.

TOO TRUSTING

Carefully the burglar effected an entrance to the bank. He found the way to the strong room. When the light from his lantern fell on the door he saw the sign:

"Save your dynamite. The safe is not locked. Turn the knob and open."

For a moment he ruminated. "Anyhow, there's no harm in trying if it is really unlocked."

He grasped the knob and turned. Instantly the office was flooded with light and an alarm bell rang loudly, an electric shock rendered him helpless while a door in the wall opened and a bull dog rushed out and seized him.

"I know what's wrong with me," he sighed an hour later when the cell door closed upon him, "I've too much faith in human nature—I'm too trusting."

We may give advice but we cannot give comfort.

Magic Baking Powder is scientifically made and has never failed to give the maximum leavening efficiency. Because of this and the uniformly satisfactory results obtained by its use we recommend it as Canada's perfect baking powder.

CANADA CUTTING HIM OUT

That Canada is gradually freezing out United States flour exports to the West Indies and South America, is the statement of B. W. Unge, of Topeka, Kansas, in a letter to the Winnipeg Board of Trade inquiring about a business location in Winnipeg. Mr. Unge stated that his export business at Topeka would not increase because Canadian competition in the export line is too keen.

WHEN TO ADVERTISE

When business is poor with the big city stores they do their heaviest advertising to force trade. In many of the smaller towns, not excepting Wolfville, some merchants show a tendency to curtail advertising at this time when it is most needed.

SCREEN GOSSIP

The story of Henry of Navarre, the young French monarch who contrived to hold his own against all his powerful enemies, and who eventually fulfilled the prophecy that he would one day become Henry IV. of France, is full of romance and adventure, and the various novels in which Alexandre Dumas has recorded Henry's exploits are as popular as those other novels of his concerning the famous Musketeers. Maurice Elvey is producing for Stollis a film play, based on Alexandre Dumas' stories, which is to be called "Henry, King of Navarre", and he is now at work in the South of France, upon the exterior scenes in the picture. Matheson Lang, who excels in romantic roles, is playing the part of Henry, and Gladys Jennings is personating Marguerite de Valois, Henry's wayward but loyal wife.

Great atmospheric effects are to be seen in "The Face in the Fog", a Cosmopolitan-Paramount production featuring Lionel Barrymore, Seena Owen, and Lowell Sherman. The plot, which presents Mr. Barrymore in another episode in the life of Boston Blackie Dawson—the famous crook character created by Jack Boyle—revolves upon the momentary recognition of an evil face, seen for a few moments through the fog just before a mysterious murder is committed and a bag of diamonds stolen. In this story Boston Blackie changes from a crook into a peaceful citizen and back into a crook again, for the sake of a woman. It is the only way in which Boston Blackie can save the life of the Grand Duchess Tatiana (played by Seena Owen). In the end, however, everything turns out happily.

General Lew Wallace's "Ben Hur" is now being produced in Italy under the direction of Charles Brabin. The chief character has been awarded to George Walsh, who has distinguished himself in several recent Goldwyn productions, including "Vanity Fair" and "Slave of Desire", an adaptation of Belzac's "Wild Ass's Skin". In a public voting competition in the United States with the object of assisting Goldwyn's choice, George Walsh figured prominently. "Ben Hur" is being produced entirely in Italy, and Edward Bowes, vice-president of Goldwyn, and Charles Brabin, the producer, have already spent three months in the country securing locations and engaging in research. The important part of Esther in "Ben Hur" has been given to Gertrude Olsted, and Kathleen Key will play Tirzah.

In "The Sunlit Garden", just released in London, there is a very picturesque little "vision" scene. The vision represents the love making of one of the heroes' ancestors and Ivy Duke, as the heroine visualizes it. She is in love with Richard Pickney, played by Guy Newall, and in the "vision" she recalls the tragic love story of bygone days. For this scene Mr. Newall wore the quaint peggopped trousers, strapped under the feet, and the high stock of the 1860 period, while Miss Duke wore a very beautiful old crinoline, originally worn by her own grandmother, which had been "laid up in lavender" for over sixty years!

A Scotsman who started out with the laudable ambition of becoming an operatic star, and ended up by becoming "famous" as one of the famous characters in history, is Ernest Torrence, an Edinburgh man who takes the part of Clopin, King of the Beggars, in Victor Hugo's "The Hunchback of Notre Dame". As Clopin, he wields a knife to clinch arguments, tries to kill his own brother, and gloms in church sacrilege. It seems a waste of good talent to learn that Torrence won the Westmorland Scholarship for singing after a course of voice culture at the Royal Academy.

Miss Queenie Thomas, after spending a short holiday in Paris, has returned to the studio in London, where work on her latest production—an adaptation of "The Gayest of the Gay"—is now well advanced. Miss Thomas, who recently had her hair "shingled" says that the latest idea in hairdressing for the bobbed head is to have the short tresses curled upwards and away from the head, so that a "wild man-of-

Borneo" effect is obtained. The vogue has been introduced by screen stars who in recent films have worn fuzzy wigs in order to obtain the "bizarre" effect.

In her new picture, Norma Talmadge will have three lovers. The picture will not be filmed until after she returns from her winter vacation in Palm Beach and New York. Frank Borzage, who has just directed her in "Secrets", will, in addition to directing the next production, also play opposite Miss Talmadge. The story in which Borzage is to make his debut on the silver sheet is "The House of Youth". Eugene O'Brien will also play one of the lovers. The third one has not yet been selected.

Russell Simpson and Mary Carr, screen "man and wife", have re-united. They parted twelve years ago, after the taking of "The Barrier", Rex Beach's famous novel. In that picture Mrs. Carr was Simpson's squaw. The remarriage is in "The Swamp Angel", the first National picture now being made with Colleen Moore in the leading role. Russell and Mary are the parents to Ben Lyon in this picture.

Of the four pictures released by Inspiration during 1923 two have been selected by the National Committee for Better Films as among the best pictures of the year. Henry King's "The White Sister", with Lillian Gish, and John S. Robertson's "The Bright Shawl", starring Richard Barthelmess, have been chosen.

THOSE WORTHLESS MARKS

The Reparations Commission has uncovered the paper mark swindle, a series of Ponzi frauds carried on by the German nation on a gigantic scale. These paper marks, now of so little value as to be worthless, were bought by millions of people outside of Germany, enabling the Germans to pile up a great deposit of gold in the banks simply through their printing presses. It ranks as one of the greatest international swindles in history. A government bartering honor and integrity for gold.

What can be done about this wholesale repudiation? The Ponzi of finance are sent to jail, but that cannot be done with a nation, and as for the German people, they themselves were ruthlessly robbed by this trick of sacrificing government stability and guarantee for the sake of getting money under false pretenses. Germany has fooled the world. The chances that these paper marks will ever be worth anything are very slim. As a consequence, German credit in the world is very slim. The whole German financial system is so suspected that to obtain foreign money hereafter, the securities will have to be gilt edged and doubly endorsed.

If American investors in these German promises to pay had only put their money into our own government bonds, how happy they would be today. It is a lesson that was costly, but not altogether to lose if the experience is lasting in its teachings.—Boston Post.

MUST DO BUSINESS AT HOME.

What the Vancouver Sun says on the subject of building up a community is as applicable to the smaller community as to the centres of which it writes. A Sun editorial reads: "In only one way can Vancouver be built up, and that is through the determination of Vancouver firms, institutions and corporations to buy their supplies and equipment right here at home."

At present this is not being done. For instance, all the big banks and most financial institutions buy their printing and hundreds of other essential articles in the East.

A firm or individual that sends out of town for essential products is taking money out of its or his own pocket. And it should be the business of the Board of Trade to make that fact clear to everybody.

The Los Angeles Chamber of Commerce, the liveliest one in the world, built Los Angeles on an enthusiastic program which included the buying of every dollar's worth of goods possible in Los Angeles.

If the Vancouver Board of Trade is live enough it should soon be able to curtail or even halt the steady flow of Vancouver money that goes elsewhere when it might continue its circulation indefinitely in Vancouver and increase the prosperity of the whole city.

WHEN MAKING CURTAINS

If the curtains are to be straight hanging and square cornered, as all good-looking curtains must be, careful and accurate measuring and cutting are necessary. Draw threads to insure cutting on a straight line.

PALMOLIVE SHAVING CREAM

FREE—10 Much Finer Shaves! Cleaner Shaves—Quicker with no skin irritation!

If you were paid for putting into words the perfect shave, you would probably define it as... "the cleanest, quickest, easiest on skin." Because that's what 1000 men told us a really good shave should be. Now we ask you to judge how well we've put those three requisites into a shaving cream. At our expense. We've put it up to millions of men. And, having tried it, they refuse to use any other cream or soap. There are 5 distinct superiorities, shaving advantages, in Palmolive Shaving Cream. It cost us 18 months' work, 130 laboratory experiments, to perfect them. Now judge our work. You'll find cream multiplying itself 250 times in luxurious lather. You'll find that lather softens the most unruly beard in one minute—without any irritating "rubbing in." You'll find the lather remains rich and creamy for 10 minutes on your face, if necessary. You'll find cutting easier, cleaner, because bubbles of extra strength hold each hair erect. This is important. Finally, you'll marvel at the cool, spotted "after feel"—a result of the carefully blended palm and olive oils. We ask your judgment on these points as a favor. Failing, the loss would be all ours. Send along the coupon for your ten free shaves.

PORT WILLIAMS AND VICINITY

Mr. and Mrs. Aubrey Reid, of Moncton, are spending a few days of the week with Mrs. Edson Griffin.

Miss Kate Morse, of Berwick, spent the week end with her friend, Miss Pearl Lingley, Belcher Street.

Miss Addie Snowden, of the Senior class of A. L. S., spent the holidays with her friend, Miss Lucy Cogswell.

Dr. Zwicker and family, of Belcher Street, have returned home again after spending the winter in Florida. Their many friends are glad to welcome them back.

Miss Rita Heltz, teacher of the advanced department of the school, has returned from spending the holiday season with her parents at East Lawrencetown, Halifax County.

Mr. Donald Ellis returned home on Monday, after completing his studies at the Truro Agricultural College.

Mr. T. E. Daniels, teller of the Royal Bank, spent his Easter vacation at Nova Minas, the guest of his grandparents, Mr. and Mrs. DeWolfe.

Miss Jennie Coleman spent the holiday season at her home in Aylesford.

Miss Claire Cogswell spent the Easter holidays with her aunt, Mrs. Beckwith, in Hantsport.

The Easter Cantata, given under the direction of Mrs. O. G. Cogswell, was successfully rendered on Sunday evening in the Baptist church before a large audience. The choruses, as well as the solo parts were well rendered and greatly enjoyed.

The community was saddened on Sunday afternoon by the announcement of the death of one of its most esteemed citizens, Mr. Oscar Chase, of Church Street. Mr. Chase was a man who was highly respected by all who knew him, one deeply interested in the welfare of the community, and a man devoted to his family. Much sympathy is extended to the bereaved ones.

In the item referring in last issue to the "Old Maids' Convention" given in Temperance Hall on April 14th, an omission was made in one number, viz. the reader, Miss Laura Duncanson, of Acadia University, Miss Duncanson has a most pleasing personality and her rendition was very fine, and was greatly enjoyed by all who were fortunate enough to hear her.

The pageant play which was given by the Student Volunteer Movement of Acadia under the direction of Miss Evelyn Smallman in Wolfville, was repeated in Temperance Hall on April 17th, to a crowded house, and was greatly enjoyed. The parts were admirably taken by each one, and reflected great credit on the director.

Miss Ruth Jackson, Miss Lucy Cogswell, Miss Gladys Newcombe and Mr. Curris Newcombe spent the holidays at their respective homes.

Mrs. Foulis Newcombe, of Belcher Street, spent the Easter holidays in Halifax, the guest of her friend, Miss Nappan.

OSCAR CHASE

The death of Mr. Oscar Chase, of Church Street, which occurred on Sunday last after a week's illness of pneumonia, was mourned by many friends. Mr. Chase was one of the best known and most highly esteemed residents of Kings county, a man of sterling character, and high ideals who will be keenly missed. He was a son of the late Albert Chase and a brother of Mr. W. H. Chase, of this town, and of Mr. Bedford Chase, of Port Williams. He was 62 years of age and had resided practically all his life on the old homestead, the limits of which he extended until it became one of the finest properties in the county. A graduate of the Guelph Agricultural College and a man of fine practical knowledge, he filled a foremost place among Nova Scotia farmers and fruit growers.

He is survived by his wife, four daughters, Dr. Margaret, a graduate of Acadia in Arts, and of Dalhousie in medicine, now assistant to Dr. Nichols in the pathological department of Dalhousie University and resident physician of Shirreff Hall, who cared for her father in his last illness; Dr. Lilian, who has been on the staff of the Western Hospital, Toronto, and who recently has been appointed as a medical missionary to Korea; Miss Susan, B. S. A., and Miss Mary, attending high school in Wolfville; one son, Robert, at home.

The funeral took place on Wednesday afternoon and was one of the most largely attended for many years. Rev. G. A. Logan, pastor of the Upper Canadian Presbyterian church, of which the deceased was an active and faithful member and for many years an elder, conducted the service, being assisted by Rev. D. B. Hemmeon, of Wolfville, and Rev. R. B. Layton, of Kentville.

The interment was in the family lot in the old cemetery at Chipman Corner, the pall-bearers being Messrs. Charles Magee, Arthur Dickie, John Donaldson, David Sutton, Robert Murphy, and William Jacques.

THANK OFFERING MEETING AT CANNING

The annual Easter Thank Offering service of the Women's Missionary Society, of Canning Methodist church, held on Tuesday afternoon, April 22, was largely attended, the president, Mrs. Leander Eaton, in the chair. The sister society of the United Baptist church was a guest on this occasion. The speaker was Mrs. Whitman, corresponding secretary of the Branch, who impressed on us the great work that is being carried on by the Women's Missionary Society which is as a light held by the "Light of Lights", passing to others until all shall know the Lord. All doors to Mission Work are now open, except those closed by ourselves. The time is ripe for the extension of the kingdom. Do we not hear the call? Restless men and women, await the coming light that makes all things new. The religion of India has failed. If the strong hold of the home can be won, the citadel is taken. In China, amid the strife, there are hopeful signs. The Christian church is increasing its power and recognition, and never in the Protestant Missions have we expected brighter. Turning to

the homeland.—In Canada the foreign problem is acute. What is to become of Canada? That question will be answered according to the sacrifices we make and the labor we spend in mission work. Our sympathy may be measured by our interest and service. May we be awake to our high privileges, to hear the message of the most High till all nations shall "Own Him Lord".

The programme was a very beautiful one, prayer by the pastor being followed by Scripture reading. Vocal duets by Mrs. Alfred Ellis and Miss Myrtle DeEll, vocal solos by Mrs. Allan and Miss DeEll, vocal duets by Mrs. Walter Dickie and Mrs. Ellis, readings by Mrs. W. B. Burbridge, were much enjoyed. The Mission Band furnished two delightful numbers, a Butterfly Exercise, by Misses Mary Payzant, Helen Goldsmith, Jean Blankhorne, and an exercise "Rock of Ages" by Mrs. Walter Dickie and Mrs. Ellis, readings by Mrs. W. B. Burbridge, Barbara Blankhorne, Doris Blankhorne, Jean Blankhorne, Helen Goldsmith, Frances Goldsmith, Marjorie Annie, Ceva North, Florence Eaton, Olive Eaton. The accompanists were Mrs. F. F. Chute and Mrs. Walter Rand. At the close of the programme an expression of appreciation was extended to Mrs. Whitman for an afternoon of deep interest and pleasure. The offering taken up by Mrs. Arnon Bigelow and Mrs. L. F. Blankhorne amounted to nearly \$30.00 with more to come in. At the close nearly one hundred and fifty gathered in the vestry where a social hour was spent over the tea-cups. Those in charge were Mrs. William Holt, Mrs. West, Mrs. L. F. Blankhorne, Mrs. N. W. Eaton, Mrs. Bigelow, Mrs. Leander Eaton, Mrs. James Kennedy, Miss Myrtle De Ell, Miss Margaret Ellis, Miss Power, Miss Laurabel Bigelow, Miss Margaret Bigelow, Mrs. Alfred Ellis, Mrs. A. A. Ward, Miss Ruth Bigelow, Miss Kathleen Eaton, Miss O'Brien, Mrs. R. W. North, Mrs. Neary.

SCOTTS BAY

Mrs. Manson Huntley, Mrs. Jennie Porter, Mr. and Mrs. Carr, Miss Hilma Corkum, Clyde Huntley, accompanied the remains of the late Manson Huntley from the States.

Mrs. Marie Ellis who with her daughter, Miss Iva, and her son, Lloyd, had spent the winter in Aurora, Ill., returned on Friday to spend the summer at her home, Scotts Bay.

The community was deeply grieved to learn of the passing of Mrs. C. C. Corkum, of Scotts Bay, who underwent an operation in the Victoria General Hospital, Halifax, three weeks ago. Mrs. Corkum who was Parthena, daughter of the late Edward Pentz, of Mount Uniacke, is survived by a husband, who was with her during her illness; two sisters, Mrs. K. A. McKenzie, of Halifax, and Miss Winnie, of Scotts Bay; and four brothers, John, of Mount Uniacke, Cecil, of Halifax, Orlando, and Irving.

Mr. Ormand Huntley, who with his daughter, Miss Marion, has been visiting Mrs. Reid Shaw, returned to Connecticut Thursday. Mr. Walter Thorpe accompanied them.

SHEFFIELD MILLS

The home of Mr. and Mrs. Fred Borden, Borden street, Sheffield Mills, was the scene of an event of interest to

many on Tuesday evening, April 22, when their daughter, Elizabeth Alice, became the bride of Lieutenant David H. Borden, of "A" Squadron, Kings (N. S.) Mounted Rifles, son of Mr. John Borden, Borden street, Sheffield Mills. Rev. Thomas W. Hodgson officiated. The bride, who was very lovely in a gown of honey dew silk and orange blossoms, was given in marriage by her father, Mr. Fred Borden. Both bride and groom were unattended, only the immediate friends of the family being present. Following the ceremony a reception was held. The bride and groom who are social favorites were recipients of many beautiful gifts. Mr. and Mrs. Borden will reside on Borden street, Sheffield Mills. Lieutenant Borden who was a member of the 6th Canadian Mounted Rifles, was wounded and captured on the famous 22 of June in the Ypres salient, and was a prisoner for years in the various war camps of Germany.

JOHN LOWE DEAD

Recent advices from London report the death, at Eastbourne, 7th April, 1924, of Mr. John Lowe, senior partner of the well known firm of Nothard & Lowe, who made a specialty of handling Nova Scotia apples since the autumn of 1880, when a few fruit growers made their first shipment from Port Williams, marked N. L.

For many years Nothard & Lowe were the largest receivers of Nova Scotia apples in London, and they were the first English firm to erect Frost Proof Warehouses at a number of the stations on the Dominion Atlantic Railway, for the accommodation of their shippers and protection of the fruit in frosty weather.

Probably no one man in England did more than John Lowe to establish and develop the English market for Nova Scotia apples.

On many occasions he staged, and gave his personal supervision, to special exhibits of fruits at the Crystal Palace Shows and elsewhere, and donated from time to time handsome prizes through the Nova Scotia Fruit Growers Association, who made him an Honorary Life Member as a slight recognition of his valued services.

Mr. Nothard, the founder of the firm in 1846, died on 30th September, 1893. The business will be continued at the original stand, Toley street, by Mr. Lowe's three sons.

John Lowe had many warm personal friends in the Valley, including the writer, who was intimately associated with him for 35 years as representative of the firm in Nova Scotia, all of whom will sincerely mourn his passing.

SUGAR SHOULD SOON BE MUCH CHEAPER

A record world crop of sugar is forecast in reports received by the U. S. Department of Agriculture, indicating a production of 21,600,000 short tons this year as compared with 20,400,000 short tons last year and the previous record crop of 21,000,000 short tons in 1913-14. This year's forecast indicates a cane production of 71 per cent, and a sugar beet production of 29 per cent, whereas in 1913-14 nearly 50 per cent of the total supply was cane sugar of which more than 90 per cent was of European origin.

"LET NOT MAN PUT ASUNDER" IS FAITHFUL PORTRAYAL OF FAMOUS NOVEL BY BASIL KING

Lou Tellegen and Pauline Frederick in Enthralling Photodrama of the Divorce Evil

There is one problem that has confronted humanity from the beginning of the human race, a subject treated in the Bible and civil law, and one to which there seems no satisfactory solution. Although the Bible states, "Let Not Man Put Asunder", and civil law decides for certain causes a separation may be granted, Basil King whose novel has been pictured by Vitaphone Theatre on Monday and Tuesday is of the opinion that those whom God hath joined cannot be put asunder.

The story is a daring expose of the divorce evil from several angles and furnishes the plot for an intensely interesting, dramatic photoplay. It is one of those productions that gets under the skin and furnishes food for thought; one of the few pictures worth talking about and recommending to a friend. "Let Not Man Put Asunder" impresses each spectator in a different manner, according to the individual ideas and ideals; for there is no preaching in the picture. It is the inner tale of six lives or three couples who seek to end their troubles in the divorce courts. The separation they receive by law does not break the bond which was made in heaven and happiness is not found in separate paths.

It is a big production, well directed, clearly photographed, with a smooth continuity and a story well worth picturing. What more can one desire?

EASTER MUSIC AT THE CHURCHES

Special music featured the Easter services in the different churches here on Sunday. At the Presbyterian church in the morning the pastor, Rev. Dr. Dickie, spoke very impressively, the choir rendering the following anthems,—"Hosannah to the Prince of Light," by Herman Klein, and "Christ Arose," by R. Lowry, the solo in which was taken by Mr. Hugh Rolph. The church was decorated with Easter flowers, among them being a beautiful bouquet of Easter Lillies donated by Rev. Mr. Outerbridge. Mrs. F. Hart efficiently presided at the organ.

At the Methodist church in the evening the music was of a high order, reflecting great credit on the organist, Mr. F. Kennedy, and choir members, the following anthems being particularly well rendered,—"Lift up your heads," by W. C. Shawker; "Hail to the Risen Saviour," Lorenz, and "Glad Easter Bells," by L. Wilson.

The pastor, Rev. A. B. Higgins, delivered a very interesting and appropriate address.

Both morning and evening services in the Baptist church were particularly impressive. At the morning service Mrs. Geo. Holmes sang "Chas. Grainer's beautiful Easter solo, "Hosanna," Rev. F. H. Beals conveyed inspiring and uplifting messages in both of his addresses. He was assisted at the evening services by Rev. Dr. Mellick. The following anthems were particularly well rendered,—"Worthy is the Lamb," by Ira D. Wilson; "O Sacred Head," by Carrie Adams; the obligato solo in which was beautifully taken by Mrs. Geo. Holmes; and "Christ is Risen," by Lorenz. Great credit is due Miss Claire McDonald, organist and choir leader.

Mr. White, of Windsor, was in charge of the impressive Easter service in the Anglican church on Sunday morning. The service was made even more impressive by the singing of the beautiful Easter hymns of the church.

THE HOLMES FAMILY

The following sketch of a family which has occupied a prominent place in the social and community life of Hantsport, will be of interest to many of the readers of the Hantsport Acadian.

Among the ancient families of Yorkshire, England, was the Holmes family, and the history of Yorkshire states that previous to the year 1612 there had been 14 generations of the Holmes family in that county. In 1639 George Holmes, and in 1641 Robert Holmes were admitted Freeman to Gov. Winthrop's colony in Massachusetts; and in 1686 John Holmes and Elias Holmes were among the 1500 political prisoners tried in England for high treason, some of whom were transported to the American colonies.

JOHN HOLMES, at Plymouth, Mass., in 1632, married Mercy, daughter of John Faunce, and had a son NATHANIEL, who married, in 1667, Mercy Faunce, born 1651, died 1732, daughter of John Faunce 2d, and died 1727, July 25th, in his 84th year.

JOHN HOLMES 2d, son of Nathaniel, and born in 1682, married 1st, in 1709, Sarah, born 1686, granddaughter of Richard Church; he married 2d, in 1711, Mercy Ford, and had Peleg, born in 1715, who married Abigail—, and in 1762 removed with his family to Chebogue, Yarmouth County.

A scene in the Government immigration headquarters at St. John, N. B. The children belong to a quota of two hundred sturdy Hebridean farmers just arrived on Canadian soil. The nurse on duty as seen in the picture, is Miss Tremaine, who nursed H. M. the King when he met with a serious accident in France in 1916. Since leaving the army this nurse has devoted her life to the comfort and care of children arriving at the ports of Quebec and St. John, N. B.

FELL AND BROKE WRIST

Mortimer Schurman, son of S. P. Schurman, of Mount Denison, Saturday, while pruning his trees, slipped and fell, breaking his wrist. He was taken to the P. M. Hospital at Windsor, where the X-ray was used.

Mr. Schurman has a large farm and it may be many weeks before he will be able to attend to his duties.

The candidate with his head in the clouds may get the most cheers, but the one with his ear on the ground gets the most votes.

DIARY OF MARGARET DICKIE

(Continued from last issue.)

Dec. 21st, 1847.—This has been a cold day. After breakfast I took a walk up to Mary's, then to Lydia's, and on over to Sarah Marster's when I saw her baby for the first time. I came home to dinner. We had bean soup. Mr. John Nason was here to dinner. In the afternoon Motter and I sewed on our new dresses. I went over just dark to see Sarah and Ruth Holmes. Father went down to Hibbart's. He and Mr. Sangster took tea there, then they and Hibbart came up and Father and Mother signed the deed to Joseph Marsters. George Allen has just gone away. I have finished binding a pair of boots. Mother is eating a lunch, as I am hungry I will take one too.

22nd. This has been a blustering day. I sewed on my woolen frock till John brought in some boots to bind. James Frizzle came in as we were drinking tea and a little later John Elder came in and said Mr. Fitch had come and there would be singing school. So we were off in a jiffy. I called for Abigail but she could not go, then I went to Mercy's for Ruth and she went with me. It was more interesting than before. We learned to sing a round with the words,

"Sing it over with your might,
Never leave it till 'tis right,
Better poor, your whole life long,
Than to do your neighbor wrong."

It was ten o'clock when we came home. The candle is sinking in the socket so I must go to bed. The weather has moderated some.

23rd. Father went down below this morning. Mr. Daniel Smith came to see him and waited a while. After dinner Ann came. In the evening I ironed and wrote some.

24th. This has been a squally day, but the evening is fine. Father went down below in the afternoon with the sled and got two barrels of flour and some raisins. About sundown Mr. Fitch and young Harding from the college came here in a sleigh and stayed to tea, then afterwards we all went to

singing school. There was quite a number there and we had a good time, but the spectator boys made a dreadful noise and acted up. We learned the rhyme "When a weary task you find it, persevere and never mind it." Harding went down to stay all night with his school mate, Nicholas Beckwith. Mr. Fitch came home with us, and brought his books. We sang some and sat up pretty late, being very interested in singing. Enoch Marsters came home from sea this afternoon.

25th. This is Christmas day. It was daylight when we arose. Harding came up after breakfast, we sat around and sang till ten o'clock, when they took their leave for Falmouth. I went over to Mrs. W. Holmes and took dinner. Ruth, Abigail, Ann, Will Holmes and John Bailey were there. Just as we were about to go to dinner the boys came in; they had already been to goose.

so we sat down and ate ours. John brought over his accordion and played some, we sang also and stopped till four o'clock, then came home, got supper and went down to Mary's. Olivia and her family had been there to dinner. Hibbart had been over to Newport with Enoch, then he and Mary went over to Capt. Mitciner's for the evening. We went down to Olivia's. Uncle Willy Fox and the girls entertained us with singing till eight o'clock. We came back to Mary's and found

Maria, John Greeno, and John Michener there. Mary soon came home, John Greeno went over to Asa's, Ann and Albert came home when we did. We met Mr. and Mrs. Bezanon. There have been a great many visiting today. Firing and shooting for pies and geese has been going on. It is nearly eleven and all are in bed but me—so Good Night.

26th. This has been a very stormy day. About a foot of snow fell during the night. It has been blustering all day. Mr. Vaughan went down to the meeting house, but only four were there. He went up to Falmouth in the afternoon to perform the marriage ceremony for Miss Shaw and Mr. Porter.

WINDSOR, N. S., April 20.—In the initial baseball game of the season, the Windsor Cubs slammed out an 11 to 7 victory over the Hantsport nine in a fast game played on Good Friday at the local ball park. TOWN OF WOLFVILLE

Annual Report For 1923

REPORT OF THE TOWN MANAGER

(Continued from last issue.)

up this excess expenditure. This Department has brought in the following revenue to the town:—

Licenses	\$128.50
Court fees and fines	215.25
Total	\$343.75

POOR.

Relief was given to 14 cases of need, not counting dependents, during the past year. Medical attention was supplied where needed. The Town is responsible for the maintenance of all Town cases at the N. S. Hospital, but \$613.91 out of \$953.20 expended on those cases was paid back to the Town during 1923. One case of quite long standing is being maintained at the Annapolis County Home. Mrs. O'Leary, who had been in the care of the Town for over four years, died during the latter part of the year and the funeral expenses were paid.

The net expenditure for this Department was considerably under the estimate.

The payments on account of individual cases were as follows:—

N. S. Hospital	\$963.20
Tom Foster	147.00
Mrs. O'Leary	237.50
Walter Farris	9.60
Mrs. G. Schofield	116.12
Mrs. Aubrey Spencer	54.58
John Vaughan	11.00
Lida Oliver	236.25
A. Weatherbee	13.83
Mrs. Arnburg	16.00
Earl Davidson	57.00
Minnie Sweet	163.00
Sundries	15.69
Total	\$2030.87

Less received on acct. of N. S. Hospital patients	\$613.91
Less received on acct. of Minnie Sweet case	161.50
Net expenditure	\$775.41

As much as possible, good food and coal is supplied to needy cases instead of money. Miss Harry, V.O.N., as in the previous year was of great assistance in visiting cases and giving valuable help.

Respectfully submitted,
G. S. STAIRS, Town Manager.

REPORT OF HEALTH OFFICER

Mr. Mayor and Councillors of the Town of Wolfville.

Gentlemen:—
It is again my privilege and pleasure to present my annual report of the Sanitary condition of the Town.

With the assistance of the Town Manager and Sanitary Inspector during the past year strenuous endeavour and action have been manifested toward making a cleaner and more sanitary town. The residents respond more quickly and willingly to the suggestions of the Health Officer than in the past. I have by written report called the attention of the Board to the necessity of something being done to insure a better sanitary condition of the town water supply. Also of rectifying the precincts in regard to a better sanitary condition of the sewers from which ice is distributed to the town.

We must not lose sight of the fact that disease germs frozen in a block of ice may be preserved indefinitely.

Another and very important practice, although we may not have law to compel it, is the necessity of a sanitary drinking cup in our Restaurants. Investigations are being made in Canada and by State Boards of Health in the U. S. in regard to the prevalent drinking cup and interesting information has been derived therefrom. The cup or glass rinsed in cold water is far from being a guarantee against disease germs. Interesting information has recently been derived from a recent investigation of contaminated soda glasses. It was found that generally glasses were used, paper cups infrequently. Cleansing of the glasses often used was of varying types ranging from mere rinsing in cold water to sterilizing. Cultures were taken from the rims of a series of receptacles of different types. The main facts brought out by these investigations were: forty per cent. of the glasses were infected by disease germs. One paper cup that had been standing after being used for an indefinite period was found to have on its rim only a small number of harmless germs. The paper cup, however, is used but once and the most safe and sanitary of all drinking cups. I would therefore suggest that the Town Board of Health request all managers of Restaurants in the town to discard the glasses and use the safe and sanitary paper cup.

Privy pits in the town are being abolished wherever possible and only a few remain.

The frequent visits to the public school by the Health Nurse and myself, also the watchfulness of the teachers, all combine to assist in tracing and following up any suspected case of infectious disease in the community.

The infectious diseases reported for the past year were:

Measles	7
Chicken Pox	3
Scarlet Fever	1
Poliomyelitis	1
Pulm. Tuberculosis	3
Veneral	1

Number of Births, 50.

Number of Deaths, 19.

Respectfully Submitted,
G. E. DEWITT,

REPORT OF SCHOOL COMMISSIONERS

To the Mayor and Citizens of Wolfville.

Your School Commissioners beg leave to report as follows:—
Mr. Silver has been with us as Principal another year. In Mr. Silver we have a teacher, a disciplinarian and a friend of the children it would be hard to replace.

Miss McWinnie, Miss Walsh, Miss Bishop and Miss Haley resigned. In their stead the board appointed Miss Warren, Miss Mackenzie, Mrs. Dexter and Miss Wickwire. Miss West was advanced from Grade I to Grade VII, and Miss Newcombe took Miss Haley's place in the primary department.

Attendance has been good. Through Miss Harry's help it was found that there were twenty-five children of school age in the town who had never attended school. Over twenty of these children are now in attendance.

The very severe winter of 1923 caused the coal bill to over run our estimate by \$367.00, yet our total expenditure was only slightly above our total estimate.

The High School has been over crowded, but money has been voted by the citizens to correct this. Just how this shall be done will be in the hands of the new board.

Respectfully submitted,
LESLIE EATON, Chairman.

REPORT OF SCHOOLS

To the School Board of the Town of Wolfville.

Gentlemen:—
The following contains a brief report of the public school for 1923 together with data of the other years since I have been in charge.

That good school buildings (well lighted and heated) are a valuable asset to any town has been proved true in our case.

We have had a steady influx of students from the outside centres and better attendance on the part of our local students. The latter being in part due to the splendid work of the School Board in enforcing the compulsory attendance law.

In no small measure have we felt the services of Miss Harry in our school. Beside her duties as a nurse she has always been ready whenever possible to give the teacher suggestions and to lend a helping hand.

Through the interest taken by the I.O.D.E., the G.W.V.A. and others in the donations of prizes, the pupils and students have shown a noticeable advance and have made rapid progress.

School clubs have been organized, the tendency of which has been to create a better school spirit, and eventually by making it necessary for the boy or girl to fulfil certain conditions to develop citizens worthy of the best community.

QUOTA LAW EXTENSION REJECTED

Defeated in U. S. Senate by a Vote of 69 to 12.

WASHINGTON, April 18—Extension of the immigration quota restrictions to all countries of North and South America was rejected by the Senate, by a vote of 69 to 12.

The amendment to the pending bill seeking such extensions was offered by Senator Willis, Republican, Ohio, who declared without it the bill would leave "the back door wide open". It was opposed by administration leaders in charge of the bill as destructive of the whole theory of Pan-Americanism.

The amendment proposed by Senator Sterling, Republican, South Dakota, which would have divided the quota of each foreign nation in proportion to the racial groups comprising the population of each nation was then taken up and defeated without a roll call.

CULINARY HINTS

One-half tablespoonful of cornstarch may be substituted for an egg when making a custard calling for several eggs.

When preparing salad for guests the proportion of 3/4 quarts of salad for 25 guests will prove an ample amount.

A pleasing change may be obtained when making French dressing by using pineapple juice to replace half the amount of vinegar required.

If the quantity of milk and eggs required for making cookies is cut down a little and more fat is used, they will keep moist longer.

It is possible to enrich the coloring of spice or fruitcake, by browning the flour before putting it in the cake.

The work of baking cookies can be greatly simplified by using a baking sheet that will fit your oven. Such a sheet will hold about 20 cookies.

Always let boiled ham cool in the liquor in which it was cooked. Juice from pickled fruit gives a delicious flavor when added to the water in which the ham is cooked.

An appetizing breakfast dish is made by dipping sliced apples in flour and frying quickly in bacon drippings or butter.
