The lenses are made of the best material, uniform in density, and of high refractive power, their perfect polish and spheroidal shape adapt them to ease and improve the sight of the wearer.

The eye being the most delicate orgun great care should be exercised in selecting spectacles; it is not enough that the glass be of the right focus, but the lenses must be perfectly centered and in many cases perfect relief is only given by having each eye fitted separate-

ly. To effect this the lenses are made interchangeable, and having an Optometer to measure the sight, a perfect fit is guaranteed. Call and examine before purchasing any other kind. A full stock in Steel Rubber, and

Home Again from the Woods—and Bears

Large numbers of lumber operators are returning from the woods every day. The crow from the Nashwaak and Miramichi have about all returned. They report that in many instances contracts have been overrun: but in no case have any crew failed to get out the amount contracted for. Lumbermen say they see no bears; that such a blessing is reserved to those who get the bear bounty; and others to those who get the bear bounty: and others again step beyond these bounds and say that

A Wretched State of Affairs,

To the Editor of the Star. DEAR SIR,- I have been informed on Gibson trains met a painful accident Saturday last. The train, Conductor McQueen's, was going at its usual speed, and Sinclair in looking out to see if there were any obstructions in front, received a blow on the head from a block of wood, on the top of a pile, close by the road. He fell insensible to the ground, and the train passed on. Arrived at Hainesville Station, the fireman was missed, and the train put back. About two niles down the track they came upon Sinciles down the track they came upon Sinciles, who was standing up, and quite delires. He could not tell what had happened with, but his head was badly swollen and his foot, it is supposed by contact with the pile in falling, was badly lascerated.

Mr. Kennedy F. Burns arrived at Bathurst from England last week. Mr. Burns got a warm reception on his arrival, but while his employe, Mr. John Sivewright lives and moves, Mr. Burns is highly encouraged at the prospects in the lumber and his two was standing up, and out tell what had happened with, but his head was badly swollen and his foot, it is supposed by contact with the pile in falling, was badly lascerated.

We learn there is to be a gift entertainment this evening in the City. Fall the Government who from certain physical resemblances has been called the Tallyrand of the party, has been acting of late a very base part. I am told he is the sworn and true henchman of that railroad mismanager, Mr Murray Kay, in consideration of that gentleman having disminsted a certain railway official employed between here and St John, and against whom the physical resemblances has been called the Tallyrand of the party, has been acting of late a very base part. I am told he is the sworn and true henchman of that railroad mismanager, Mr Murray Kay, in consideration of that gentleman having disminsted a certain railway official employed between here and St John, and against whom the physical resemblances has been acting of late a very base part. I am told he is the sworn and true henchman of that railroad mismanager, of which body he is a useful and highly respected member.

the Government who from certain physical resemblances has been called the The Members.

IS A FACT ATTESTED BY THE HIGHEST MEDICAL AUTHORITIES IN THE WORLD.

A careful observance of the laws of health, and the systematic and persistent use of scott's Emulsion of Cod Liver Oil with Hypophosphites of Lim and soda will accomplish this result. This preparation has all the virtues of these two most valuable specifics, in a form perfectly palatable, and acceptable to the most delicate stomach, and we make the unqualified statement that Scott's Emulsion is being used with better results and endorsed and prescribed by more physicians for Consumption—and the diseases leading to it, such as Chronic Coughs, Bronchitis, Scrofula, Anaemia, General Debility and the Wasting Disorders of Children, than any other remedy known to medical science. The rapidity with which patients improve on this food medicine diet, is truly marvellous.

See What Phyicians and the People Say About It. Messis. Scott & Bowne:

Gents,—I have frequently prescribed Scott's Emulsion of Cod Liver Oil, with Hypothosphires during the past year, and regard it as a valuable preparation in scrofulous and consumptive cases, palatable and efficacious.

C. C. LOCKWOOD, M. D.

MRSSRS. SCOTT & BOWNE:—Gentlemen,—Within the last year I have used in my own family, and in my private practice prescribed very extensively SCOTT'S EMULSION OF COD LIVER OIL with HYPOPHOSPHITES and found it a most valuable preparation, especially in diseases of children. It is agreeable to the most delicate stomach; which renders it a very reliable agent as a nutritive rendedy in consumptive and scroulous cases. Oct. iz, 1879.

Yours respectfully, A. H. SAXTON, M. D., Baltimore. Oct. t2, 1879.

Messes. Scott & Bowne: —Gentlemen, —Within the last two months I have fairly tried Scott's Emulsion of Cod Liver Oil with Hypophosphites, and I candidly declare that it is the finest preparation of the kind that has ever been brought to my motice; in affections of the lungs and other wasting diseases, we can consider it our most reliable agent, in a perfectly agreeable and elegant form.

December 10th, 1878. Yours truly, J. SIMONAUD, M. D., New Orleans, La.

Messes. Scott & Bowne:—Gentlemen,—In September, 1877, my health oegan to fail and my physician pronounced it spinal trouble; under his care I got some rehef from pain, but my general health did not improve, and early in the winter I began to raise blood and rapidly grew worse. In May last I was taken with a violent bleeding which brought me to my bed and my life was despaired of for many weeks; violent symptoms appeared, night and morning coughs, night sweats and short breath, and a return of the spinal trouble. My physician stopped the bleeding and then ordered Cod Liver Oil and Lime; and I used various preparations, but they did me no good. I lost all hope of life and was an object of pity to all my friends. Last September I purchased a hottle of your ENULSION and before it was all taken I was better. I afterwards bought a dozen bottles, with the following results: Coughs subsiding, night sweats stopped, aspectite returned, pains in spine disappeared, attength returning, and my weight increased from 118 for 140 pounds in sixteen weeks. I have taken no other medicine, since commencing with your EMULSION and shall continue its use until I am perfectly well. I frequently meet some friend on the street who asks, "What cured you?" and I answer, "Sort" EMULSION of Con Liver OIL etc." I have a friend who has not spoken aloud for 15 months, and he is getting better. I gave him a bottle and he bought two more, then got a dozen, and says it is food and medicine for him. He was given up to die a year ago; but he is improving now wonderfully." My recovery is exciting the surprise of many people, and shall do all I can to make known your waluable medicine.

Lunn Boadels Co. Led July a 228

Messes. Scott & Bowne — Lynn, Randolph Co., Ind., July 2, 1878.

About the 25th of last April I got a bottle of your Emulsion and at that time I was so prostrated that no ore who saw me thought I could live longer than a few weeks at most. I could retain nothing on my stomach and was literally starving. I commenced the use of the Emulsion in small dose; it was the first thing that would stay on my stomach; I continued its use, gradually increasing the dose; and from that hour I commence mending, and now am able to ride and walk, and am gaining flesh and strength rapidly. I have advised other parties to try it, and some two or three have already tried it. I am sure I shall entirely recover.

I am gratefully yours, R. W. HAMILTON, M. D. For sale by all Druggists @ \$1,00 per bottle. SCOTT & BOWNE, Manufacturing Chemists, New York and Bellville, Ont.
