"The Advance House of the North Shore"

Newcastle, N. B.

Smart Details Vary the Straight Lines Characteristic of Fall Fashions

From all indications, shades of brown and blue will predominate this season. In fabrics deep, piled ones, bevels, tricotine and gabardine are favorites. Even the colors are interesting, and fur is used in an almost recklessly luxuriant fashion.

Distinctive Fall Suits
\$30.00 to \$90.00

At once evident in the new Fall Suits is the high standard of tailoring, so characteristic of A. D. Farrah & Co. garments. Favored silhouettes for fall are the slenderizing straightline and flaring coat. Plain tailored suits and others handsomely fur trimmed.

Exquisite Fall Dresses
\$15.50 to \$85.00

Romantic Spain and the ancient Orient are the sources from which bubble forth the new themes that imbue our new creations with a charming beauty. Outstanding new features are the lengthened skirt, novel wide sleeves and fascinating embellishment.

Fall Coats
\$12.00 to \$135.00

Furs from remote lands lend their natural beauty to enhance the luxuriousness of these fashionable coats which are developed in new soft fabrics. A diversity of silhouette is presented, embracing straight lines and the flaring bottom—a Spanish touch.

NEW SERIAL AT THE HAPPY HOUR

Charles Hutchison, the greatest creator of thrills on the screen today, will soon make his appearance in a super-sensational serial "Double Adventure" which will be shown on the screen of the Happy Hour Theatre next Monday.

Thrill-a-minute-Hutchison has his own individual method of doing his stunts. Recently, while speaking to a number of newspaper reporters who were interviewing him in his dressing room he described to them how he managed to get up nerve enough to do the things that he does on the screen.

"Nerve is one of the big things necessary for a fellow to possess if he wishes to do stunts and accomplish them successfully," remarked Mr. Hutchison. "After you have your system well saturated in nerve tonic the thing to do is to look the ground carefully over. Weigh every chance. See to it that nothing is lacking and then go to it. It is simple enough then."

"Recently," continued the fearless 'Hutch,' I was called upon to film a scene for my latest screen offering 'Double Adventure' The scenario called for me to fall from a hundred foot tower into the branch of a tree. When this tower was built, it was built to fall one particular way. I was to take my position on the top with a machine gun with which I was battling with the rebels who were about to forcibly take possession of the oil wells.

I supervised the construction of the tower and took particular care to see that everything was in readiness for this sensational thrill. As I stood on the top of the tower I gaged the distance carefully and when the Director said 'shoot' I was ready. I took my place by the gun and when the climax came I was ready. I stood on the edge of the platform and waited until it had swayed into a certain position. Then I jumped and landed in the center of the tree. I will admit that I was somewhat shaken up and bruised but the thrill that it gave me to do a stunt like this more than repayed me for the danger to life and limb.

He hesitated a moment as he lit a cigarette and passed the box around to his listeners. He continued, 'So you see the matter is simple enough. All you need is to exercise a little care and possess enough nerve. The rest is simple.'

His most recent thrills can be seen in his latest screen serial "Double Adventure" many of which are so astounding that they would have to be seen to be appreciated.

GAVE LECTURE

Mr. J. G. Morgan, poultry specialist, of Charlottetown (P. E. I.) gave an interesting lecture on Tuesday evening before the Miramichi Poultry Association.

"EASTLYNNE" SPECIAL AT THE HAPPY HOUR

To-Night—(Tuesday)

PARTY LEADERS OF NEWCASTLE TAKE EXCEPTION

Are Not in Accord With Chatham Choice of Federal Political Timber.

SEE W. B. SNOWBALL ON LIBERAL TICKET

Regard E. A. McCurdy as Logical Candidate to Lead Conservative Forces.

(Special to The Standard.) Newcastle Sept. 11—Considerable interest has been created here by the Chatham despatch in Saturday's Standard dealing with Northumberland politics. The view of the situation therein expressed is, however, not at all in accordance with the idea of party leaders in this centre, nor is it at all probable that those who are already actively interested in organization will agree with the proposals thus put forward. While it is admitted that Mr. McDade, of Chatham, is an estimable young man, there is little to indicate that he enjoys that county wide acquaintance and popularity required for the successful conduct of a political campaign, nor is his ability as yet sufficiently recognized to justify his selection as standard bearer for the Conservative party in this constituency.

McCurdy the Man

In the minds of party workers in this part of the county there is only one man to be considered at this time, and that man is E. A. McCurdy, who is known and esteemed from one end of Northumberland to the other and who, in his many years of residence here, has earned for himself such a place in the respect of the people as will prove a very valuable asset in the forthcoming contest. Up to the present there has been little done in the way of organization anywhere in this county," excepting in Newcastle town, where the local committee has been brought together and from where county organization is now being arranged. The county chairman is John Betts, of Millerton, and this town is looked after by a local committee with John Ferguson at its head. This is the only section of the party which is really getting busy, as yet, and it is working tooth and nail in the interests of McCurdy.

Liberals Fighting

It is realized that there will be a stiff fight, but the liberal party is shot to pieces and the forlorn hope now placed in W. B. Snowball is an indication that the opposition is playing a losing game. While John Morris has been mentioned as a possible candidate it is not at all likely that he will be able to secure the nomination. The machine group which he controls has fallen into disfavor and the few real party workers who still remain faithful to the old-time Liberal party will pick Mr. Snowball as their candidate.

DOUBLE WEDDING AT RED BANK

A very pretty double wedding took place on Wednesday morning at Red Bank, N. B. when Mary McKenzie was united in marriage to Edward Power, of Red Bank and Hildred McKenzie to William Walsh, of Strathadam. The brides are sisters and are daughters of Mr. and Mrs. John McKenzie, Boom Road. The ceremony was performed by Rev. Father Ryan, at Red Bank. After the ceremony they motored to the home of the brides where a wedding breakfast was served to a number of invited guests

NOMINATIONS IN NORTHUMBERLAND

The biennial election for county councillors in this county will take place today and by present indications only three parishes will go by acclamation, viz:

The following are the nominations: Southesk, Alnwick and Chatham. Alnwick—Warden William Anderson and Coun. D. V. Allain, by acclamation.

Blackville—Couns. D. G. Schofield and Peter Young, Dennis P. Sullivan, Michael Tucker, Charles S. Ross, Simon Bean.

Derby—Coun. Everett Parker, Albert Bryenton, David Manderville, Earl Wilson.

Chatham—Coun. W. H. Baldwin and A. S. Harriman, by acclamation. Nordin—Couns. Richard Gill and Michael Walsh, Michael Fletcher.

Rogersville—Coun. Andre M. Arsenault, Patrick Chaisson, Rudelph Savoy.

Newcastle—Couns. L. Doyle and Joseph McKnight, Allan McLean, Neil McKinnon.

Gleneel—Coun. Donald Watling, Fred Fowle, Andrew Lockerbie, Rogers Quinn.

Southesk—Coun. Murdock Sutherland and James Johnson.

Northesk—Coun. Alfred Sinclair, Herbert Estey, Sinclair Gordon.

MANY PUPILS AT HARKIN'S ACADEMY

Harkin's Academy this year has the largest attendance ever known in its history. On Friday last the numbers of pupils enrolled was 503. This is an average of 42 for each room. Grade XI has now 10 pupils and more are expected in the next few days. The Principal Mr. J. H. Barnett is much pleased with the large attendance of pupils and also in respect to the manner in which the pupils are adapting themselves to their studies and work. Mr. Barnett expects an exceptionally good showing this year. For the benefit of the public we give the following facts concerning the Lord Beaverbrook Prizes and Scholarships which generally are not known by the public.

These Scholarships are allocated by the Beaverbrook Scholarship Committee composed of Messrs. E. A. McCurdy, W. A. Park and A. A. Davidson. The conditions governing these scholarships may be obtained from any of the above named committees.

The Lord Beaverbrook Prizes and Scholarships are divided in two sections; one set of prizes and scholarships for graduates of Harkin's Academy only and the other set for the balance of the Province of N. B. The prizes for Harkin's Academy are 1st—\$125.00 2nd—75.00 3rd—50.00

depending upon the results of the Matriculation Examinations held in July of each year. This is the only condition. The Scholarships for Harkin's Academy are as follows. \$325.00 for attendance at a non-sectarian college; may be granted, for 4 years in succession. \$250.00 to assist a student through the Normal School.

after which the happy quartette took the train for Halifax and other points in the Maritime Provinces. The brides were dressed alike in handsome traveling suits of taupe silk with hats to match.

New Fall Coats at Moody & Co. Ltd.

Every 10c Packet of
WILSON'S
FLY PADS

STICKY FLY CATCHER

Clean to handle. Sold by all
Druggists, Grocers and
General Stores

**OTHER TABLETS NOT
ASPIRIN AT ALL**

Only Tablets with "Bayer Cross"
are Genuine Aspirin

If you don't see the "Bayer Cross" on the tablets, you are not getting Aspirin—only an acid imitation. The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, prescribed by physicians for over nineteen years and proved safe by millions for Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, and for Pain generally. Made in Canada. Handy tin boxes of 12 tablets—also larger sized "Bayer" packages can be had at drug stores. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

**BEAVERBROOK
SCHOLARSHIPS
ARE AWARDED**

The Beaverbrook scholarship committee convened Wednesday afternoon in Lieut-Governor Pugsley's office and awarded five scholarships to New Brunswick candidates. These scholarships are good for four years and worth \$325 each year. John Bond Jr., who has had such an excellent scholastic record, is the committee's selection from St. John. The other four successful applicants are: Miss Margaret Wallace, of Fredericton; Harry M. MacMackin, of Rothesay; Thomas Foukes, Jr., of Campbellton; Randolph B. Lutz, of Moncton. Thomas Foukes will enter McGill University this fall and begin his course in electrical engineering; MacMackin also will go to McGill and will take up medicine. The other three will commence their studies at the University of New Brunswick. Bond will begin a course in electrical engineering; Lutz will take up applied science, and Miss Wallace will pursue an arts course. The members of the committee are Mr. Justice Crocket, His Honor the Lieut-Governor and P. B. Ellis.

NO GASOLINE

Car owners in Moncton cannot purchase gas on Sundays hereafter. The Lord's Day Alliance Act prevents the sale on Sunday and the law is to be rigidly enforced.

**SHE WAS ALMOST
A NERVOUS WRECK**

Had Suffered For Four Years
But Tanlac Restored Her
Health, say Husband

"At the time my wife began taking Tanlac," said John A. Hayer, of 123 Maynard St. Halifax, N. S., "she had suffered from stomach trouble for four years and was almost a complete nervous and physical wreck. She scarcely ate anything, as everything disagreed with her so bad, and often for days at a time she didn't eat a mouthful. She bloated terribly after meals and suffered from awful cramping pains in her stomach. She also had headaches and dizzy spells constantly, and was hardly able to do her housework."

"One day a friend told her about Tanlac and got her to try it. Well she eats anything she wants now without the least pain or distress, has a fine appetite and, in fact is rid of all her troubles and is doing her housework with ease. We can't praise Tanlac too highly."

Although it has been something over a year since Mrs. Hayer's experience with Tanlac, she stated in an interview with a special Tanlac representative that she was still feeling fine, which is another link in the long chain of evidence regarding both the immediate and lasting results being obtained from the Master Medicine. Tanlac is sold by all leading druggists everywhere.

ACCOUNTS SENT OUT

Subscription accounts of "The Union Advocate" are now being made out and within a short time will be mailed. We trust our readers will remit the amount, as shown by the accounts, immediately on receipt of same. Generally each amount is small, but are large in the aggregate. It is a big undertaking, making out and mailing newspaper subscription accounts and we hope our subscribers will appreciate the work involved and remit promptly the amount due.

**VISITS SOLDIERS'
FAMILIES ALONG
THE NORTH SHORE**

There are 325 families which came under the supervision of Miss Mabel Marven, as head of the women's department of the Soldier Settlement board in New Brunswick, and whenever any special need arises Miss Marven is quickly sent for. The families are scattered in every county of the province, some living in log huts, some on crown lands and some on the borders of towns. It is generally a case of sickness which brings a call for Miss Marven, and she knows of all the trials and vicissitudes of the households under her supervision. She has just returned from a visit to Campbellton and the north shore, where she had ten families to call upon. She said the assistance given by the Red Cross Society was a wonderful aid to her work. Not only the provincial headquarters, but the local branches in Kilburn, Fredericton, Moncton, Salisbury and many other places came forward most generously to the relief of distress, and the patriotic fund also contributed readily.

Miss Marven has been supervisor for the women's department of the Soldier Settlement Board in New Brunswick for one year, and during that time she has been able to notice a very marked improvement in the general conditions of the soldier settlers and a deepening content among the families. Especially is this true of the overseas wives. In the spring through the assistance of the Red Cross Society the settlement board was able to hold six short courses in household subjects for the wives of soldiers. The short courses were held in scattered districts and were very popular and successful ventures. Those who were able to attend the short courses are very keen on having the fall picnics which the settlement board is hoping to arrange for them soon. The short courses were a means of bringing social enjoyment which the soldiers' wives in isolated districts found sadly lacking and the picnics are looked forward to as a chance to renew friendships made at the short courses.

One great lack which Miss Marven often finds the families in the more remote districts feel keenly is the lack of reading. At Chipman the nucleus of a small library has been collected through the energies of the soldier settler wives. The books now collected have reached the grand total of sixty volumes. Some have been sent from St. John church societies and some have been given by interested friends in Moncton. Especially to the overseas wives is reading matter of all kinds most heartily welcomed. Miss Marven said.

In all there are 430 soldier settlers in New Brunswick, and they are making good. In their re-payments of loans they have been among the first by comparison with other provinces. They are for the most part well established on their farms and are taking kindly to their surroundings.

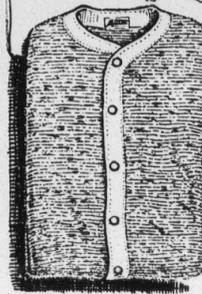

CATARRH

Catarrh is a local disease, greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier. By cleansing the blood and building up the System, HALL'S CATARRH MEDICINE restores normal conditions and allows Nature to do its work.

Our Managers will be pleased to tell you about the protection afforded by a SAFETY DEPOSIT BOX.

THE ROYAL BANK OF CANADA

PIONEERS OF CLOVERDALE

The strongest of lures, the lure of the land, led one of the prominent business men of Winnipeg, Mr. Thomas Hulman, of the firm of Hulman Brothers, to forsake city life, about twelve years ago and take up residence in the Okanagan Valley. His ranch, "Cloverdale," has become one of the most interesting spots in the valley, comprising 3,000 acres of bench and bottom lands, presenting a fine idea of operations on a large scale in a fruit-ranching country, with everywhere evidence of initiative. It is situated in the Elliston district, sloping from the hills to the famous old Mission road that leads from Kelowna to Vernon. There are about 300 acres of orchard and thirty thousand fruit trees have been planted. Mixed farming is carried on, including stock raising, grain-growing, gardening, small fruit culture, orchard growing, chiefly cherries and apples and hay meadows.

There are ten miles of road built through "Cloverdale," sixty miles of fencing and the distributing system of irrigation water consists of about twelve miles of pipes and flumes. This system has recently been rebuilt in a permanent manner with vitrified clay pipe and cement diverting boxes. A trip to the head of the irrigation system was of particular interest when a fine view of the large tract was obtained. In the bright sunlight a lovely valley was unfolded - bright green meadows, dark green fields, orchard slopes, and pine clad hills.

During the war an evaporating plant was operated at "Cloverdale" and has become a permanent industry there. Carrots and onions were evaporated and sent as army supplies to the front while apples and the manufacture of tomato pulp are other industries that have been inaugurated. The yields from the valuable bottom lands average from 12 to 18 tons per acre, in onions and the yield of tomatoes is from 15 to

(1) View of a Cloverdale orchard, in the Okanagan Valley.
(2) Fruit pickers at Cloverdale.
(3) Horses on the Cloverdale Farm.

20 tons per acre, the canneries making contract with the growers for their output. The original owner of "Cloverdale" was Mr. George Whelan who now resides on a 200 acre tract nearby, and a visit to this fine British Columbia pioneer who, at 76 years of age, is enjoying life by reading, keeping abreast of the times and rich in experience, makes one realize that elderly men are one of the nation's greatest assets. Mr. Whelan arrived from England at the time of the gold rush at Cariboo and made good in placer mining, afterwards losing what he had gained. He finally drifted down into the Okanagan country with "a square of canvas, an axe and a dollar," setting up a tent in two feet of snow, on Christmas eve, 1872, on the property that is now part of "Cloverdale." He acquired 320 acres of land, adding from time to time till 3000 acres was acquired and as the first farmer in the valley to grow clover, he named his farm "Cloverdale."

SAFETY ON RAILWAYS

Statistics show that travelling on a railway is nowadays less hazardous than walking on the street—the percentage of fatalities steadily decreasing in spite of an increasing volume of traffic at higher speeds. In congested areas tracks have been doubled and quadrupled; steel bridges and embankments replace wooden structures; air brakes and automatic couplers have superseded hand brakes and links and pins; steam heating and electric lightings have relegated car stoves and oil lamps to the scrap pile; steel construction throughout, underframes and car bodies, steel tyred wheels with continuous fastenings are standard for all up to date passenger equipment; air signalling devices replace the old bell cord and engine cab gong; scores of other accessories, too numerous to mention, are now part and parcel of all modern rolling stock, all specially designed to reach the desired goal—"Maximum Protection to Life and Property."

The greatest and most costly improvements have undoubtedly been carried out in connection with the permanent way and signalling systems. Steel rails of constantly increasing weight have superseded light iron ones; split switches have banished the old stub switch; elaborate interlocking devices are installed at all points where railways cross at grade.

Everything tending to increased efficiency and safe operation, regardless of cost, has been done to an extent hardly appreciated by the travelling public generally.

In this great general advancement seemingly small matters have not been overlooked, special attention has been given to minor details conducive to the desired result—"Safety."

In addition to the usual "flagging" by trainmen with hand lamps and flags, the emergency signals most commonly used are the fusee and the track torpedo or fog-signal, as it is generally called across the water.

The fusee, an excellent signal

emitting for a definite period red and yellow light of great brilliancy, is especially effective on dark and stormy nights, but not equally valuable in daylight and in foggy weather, and not as popular among practical railwaymen as the Track Torpedo, which is more easily carried, promptly applied and meeting all conditions by day as well as by night.

Up to the present time the track torpedo appealed to one sense only, namely, hearing, and usually consisted of a pellet of a detonating compound, exploding with a loud report when crushed by the wheel of a locomotive or car passing over it—but not sensitive enough to be exploded by light hand-cars or section-men's lorries.

A new type of torpedo called the "Meteor" has recently been adopted by the Canadian Pacific Railway for use on its System from Atlantic to Pacific. The unreliable method of attaching the torpedo to the rail head by soft metal bands pressed into position, but frequently displaced, has been greatly improved by using a spring rail clip of tempered steel or spring brass—gripping the rail head firmly and promptly applied. Furthermore, assurance has been made trebly sure—the new torpedo appeals to three senses instead of one, not only hearing, but seeing and smelling. It not only produces a loud report on detonation, but simultaneously a brilliant flash and pungent smell.

The new torpedo is completely waterproof—it will stand any atmospheric conditions of heat, moisture and frost. It has been subjected to one hundred hours immersion and one hour in moist steam at 120 deg. Fahr. without deterioration and has been used where the temperature was many degrees below zero with complete success. Special tests have been carried out to ascertain its holding power when placed in position on the rail, and for flying particles likely to cause injury to bystanders, with completely satisfactory results.

INGENUITY OF THE CHEQUE FORGER

The wonderful ingenuity displayed by the scientific methods of the present day cheque forger has forced the banks to bring into being a number of devices calculated to baffle the crook, says Pearson's Weekly.

In the olden days a cheque consisted of a piece of plain stamped paper, on which the name of the bank was printed. The gentlemen who specialized in altering the amount of cheques to a larger sum than they were originally drawn for lost no time in taking advantage of this simple form of cheque. Erasures could not be made by means of chemicals, which left no trace, and enabled the words and figures to be easily altered.

The banks for the time being circumvented this practice by printing the cheques on colored paper, so that any attempt to alter the amounts with an acid also removed the color from the paper.

The cheque forger then went one better by matching the color which his chemicals removed with earlier a water color or dye, before writing the larger amount.

A constant battle of wits then ensued between the banks and the crooks, and still continues. With what is known as the "protective" cheque, the banks believe that they have produced a form which makes any alteration impossible. On such a cheque (now universally used by all the largest banks) there will be a colored oblong portion upon which the necessary writing of the words and figures is made.

At first glance this tinted portion appears to be a plain band of colored printing. If, however, it is carefully examined through a magnifying glass it will be found that the colored portion is formed by a constant recurrence of the name of the bank in extremely small letters, which being so close together give the effect of a wash of color.

The ink which is used in the printing of these microscopic words will "run" should any attempt be made to alter the amounts or words by means of chemicals; even plain water will remove the pigment and cause the wording to blur.

Effective as this means of protec-

Germans Emigrating To South America

Hamburg, Sept. 8.—Emigration to South America, and especially to Brazil and Paraguay, is assuming much larger proportions than is generally known. Only last week the steamer Pocome left here for Brazil with more than 1,000 emigrants. Most of them were skilled laborers and the others, recruited from the so-called better classes, intend devoting themselves to farming. News received from friends and relatives who have gone to South America in other cases is so optimistic that thousands of German families who have lost their regular sources of income through the war and the revolution are selling the rest of what once was their fortune to pay their fare to Brazil and Paraguay. The latter country especially offers great advantages to German immigrants granting them land and even advancing money for the purchase of cattle and to build homes. Brazil and Paraguay also are employing Germans in educational and economic Government offices.

SNEEZED THE WRONG TIME

Philadelphia, Sept. 7.—If you were driving an automobile and had an attack of sneezing from hay fever just as you were about to shut off power to stop for a traffic semaphore would you sneeze or put on the brakes?

Harry Richter told Magistrate Renshaw he never had a chance to stop his car at Broad street and Girard avenue this morning. He said the impulse to sneeze was greater than to obey the traffic sign.

"That's tough luck, said Magistrate Renshaw, "but hay fever is no excuse for violation of traffic laws. Twelve dollars and fifty cents, please Richter paid the fine.

Saskatchewan Has 60,325 Automobiles

Regina, Sask., Sept. 8.—Figures published by the Provincial Government show that the number of automobiles owned in Saskatchewan in 1920 was 66,323, as compared with 55,000 in

Will Morning Never Come

DOES this illustration picture your experience? What is more distressing than being unable to sleep? Sleeplessness is one of the first and most certain symptoms of exhausted nerves.

FIRE AT ANNAPOLIS ROYAL

Bridgetown, N. S., Sept. 7.—The business centre of Annapolis Royal, one of the oldest towns in North America, and a large portion of the residential section is in ruins tonight the result of a cigarette carelessly thrown down. It is thought the fire started at the rear of the Queen Hotel. The fire started at 4:15 this afternoon and might have been put out with a pail of water had one been at hand. Everything was dry and quicker than it can be told the whole building was in flames. The firemen responded promptly, but the reservoir being low no water was available then nor since with the eruption of salt water which was carried from the harbor. The Queen Hotel was the next building to catch and soon the whole east side of St. George street the principal business street of the town, was a rearing column of flame, eleven buildings burning at one time. These contained business places on the lower floors with an occasional tenement above. The boundaries of the fire at 10 p. m. along St. George St. were the old Church of England at the South End and the Royal Bank of Canada at the North. These two buildings were saved. In the meantime the southeast wind hauled gradually from the westward and the flames immediately started to devour the buildings along Victoria, Albert and St. James streets.

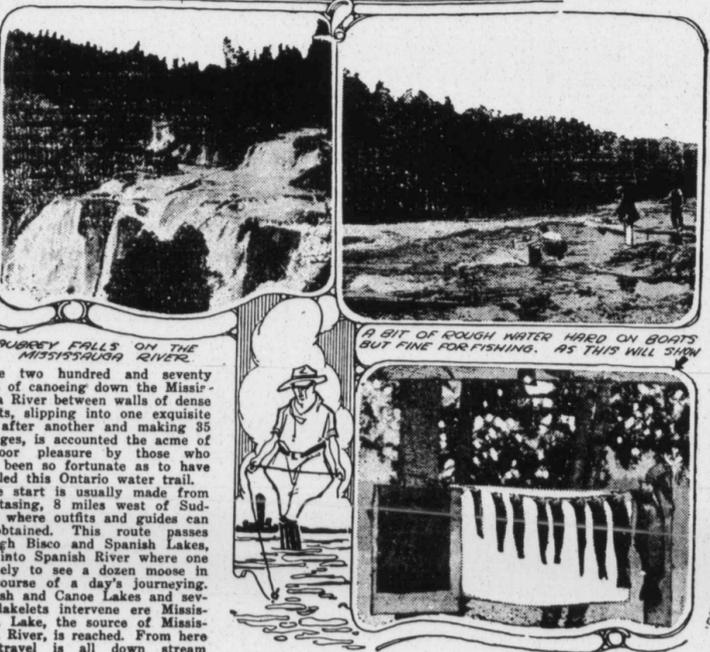

The loss at midnight was estimated at from \$200,000 to \$250,000.

1919 and 46,880 in 1918. This is a remarkable showing when it is considered that in 1908 the total number of motor vehicles of all descriptions in the province was only 74.

This rapid increase in the number of automobiles is attributed to the rapid settlement of the province and the prosperity achieved by the settlers in farm homes. In this country, where farms are often paid for by a single crop, more than half the automobiles are owned by farmers.

Saskatchewan farmers, according to the Government figures, invested \$6,000,000 in 2600 new tractors in 1920 at an average of \$3,000 per tractor. Distribution of farm tractors is becoming wider every year. A large per cent of the acreage is cultivated with tractors today. Efficiency and popularity of tractors have led some economists to prophesy horseless farming in a few years.

Ontario's Wilderness is Sporting Paradise

AUBREY FALLS ON THE MISSISSAUGA RIVER.

The two hundred and seventy miles of canoeing down the Mississauga River between walls of dense forests, slipping into one exquisite lake after another and making 35 portages, is accounted the acme of outdoor pleasure by those who have been so fortunate as to have traveled this Ontario water trail.

The start is usually made from Biscotasing, 8 miles west of Sudbury, where outfits and guides can be obtained. This route passes through Bisco and Spanish Lakes, then into Spanish River where one is likely to see a dozen moose in the course of a day's journeying. Spanish and Canoe Lakes and several lakelets intervene ere Mississauga Lake, the source of Mississauga River, is reached. From here the travel is all down stream through wildly beautiful scenery.

Tall spires of pines reach heavenward above the solid wall of forest that lines either bank. Moose, deer and other wild animals often emerge from the dense woods to gaze at the passing strangers. They are seldom molested and are quite fearless and present splendid targets for the camera. Excellent fishing is at hand the whole distance—speckled trout, lake trout, bass, pike and muskies are so plentiful that one seldom casts without getting a bite. Pretty little streams come stealing through the forests to pour their silver offer-

ings into the Mississauga and to coax the travelers to leave the big river and seek the hidden charms of the hinterland. The side trips often lead to waters over which white men have never fished.

The majority of the portages are just long enough to give you a chance to get the kinks out of your calves and are a pleasure rather than a hardship. The portage at Aubrey Gorge affords a wonderful sight, that of the river surging and swirling through a quarter-mile gorge and then marking a 107 foot leap over a cliff. It takes one and

a half hours to shoot the Forty-mile Rapids, which is done with no more effort than resting in the canoe and using the paddle now and then to keep it in the channel. The portage around Mississauga Tunnel is made by team over a good road that parallels the narrow cut in the solid rock through which the river churns its way for three miles.

The route really ends at the Canadian Camp Club House one-half hour above Powerby, from the latter it is a 45 minute motor run to the railway at Thessalon.

tion is against the more clumsy operator, banks have found to their cost that the scientific cheque crook has discovered a means of altering the amounts without showing any traces of his work.

Large business houses, on learning this, took the further precaution of perforating the amount of the cheque with machines specially designed for this purpose.

For some time this put an effective stop to alterations on cheques until once again the crook went one better. His method was carefully to fill in the holes made by the perforating machine with paper pulp, exactly matching the cheque in color. Having done this the cheque was altered to a larger amount, which was perforated by the crook himself.

There is at present on the market a "cheque writer" which so far has completely baffled any attempt at erasure. The machine is a form of typewriter which punches the amount on the cheque in both figures and writing. The type cuts into the ridges, at the same time applying an indelible dye which goes right through the paper. As this type is of a large size, it makes any alteration practically impossible.

The Price of Success

Big business is not an accident—it is a result. It is the fruit of purpose, energy, persistency and ADVERTISING.

You know the story of Rip Van Winkle—the man who went to sleep for 20 years and who, when he awoke, expected to find the world the same as it was when he entered slumberland.

There are men today very much like Rip Van Winkle—their point of view and their practices are those of a generation past. They do not believe in advertising.

To succeed in these modern days one must be in accord with the spirit of today. For a merchant this means that he must advertise, if he would prosper.

A WORD TO THE PUBLIC

Where are you served best and most pleasingly? The answer is almost sure to be—"Where we are invited and made welcome." At those shops which prize our custom enough to seek it, and who ask for it every week through the medium of advertisements in THE UNION ADVOCATE!

PRODUCTIVE EFFICIENCY

In all this bickering between farmer and city man and between laborer and capitalist we must not forget that in the long run productive efficiency is fundamental to the prosperity of all of them.

We need a system of social organization which will give farmers, laborers and manufacturers confidence in each other so that each class can enter its chief attention on production problems and not on methods of limiting production in order to secure the maximum profit.

If both farmers and city people can increase their productive efficiency per man by 25 per cent, during the next twenty years we shall have more of the good things of life.

The Banker-Farmer.

BETTER MORALE IS NEEDED

One thing that agriculture needs right now is more boosting and better morale. A bad state of affairs exists, the result of after the war readjustments, and we may as well look these facts in the face, but without losing courage. We are not facing bankruptcy but we cannot help matters by running around and telling one another tales of trouble. We must and will work out our own salvation. It is useless to "pass the hat" and expect the public or the government to make good our losses or insure our future profits. The nation cannot underwrite every man who goes farming and protect him from loss. It cannot boost prices against world conditions. The nation cannot extend credit where credit is not due, or lend money where there is no hope of repayment. A large per cent of farmers are weathering the storm and the bankers are in sympathy with them, still it is absurd to say that agricultural is flat on its back in the gutter.

AN APPEAL

My dear Friend,
The Salvation Army Local Corps are celebrating their ANNUAL HARVEST FESTIVAL AND THANKSGIVING. This has been an event in the Salvation Army for many years, and its celebration is calculated to instill in all hearts the spirit of hearty thankfulness to the Giver of all good gifts. Rich and poor alike may surely find some reason for gratitude to God for

His tender mercies throughout the past year.

The money raised by the Harvest Festival effort has been used for the training of Officers, for especially poor stations, and for repairs of various properties unable otherwise to meet their obligations. We are happy, however, to be able now to say that Headquarters has agreed to each Corps in the Territory having the disposal of the half of the amount raised locally. Our friends will therefore be assured that they are assisting the local Corps materially by their donation.

Donations, will be gratefully received by the Editor or CAPTAIN GOODWIN, Officer in charge of Local Work Yours in the Master's Service.

CHATAUQUA MUSIC IS GOOD

From the opening concert by the Russian Cathedral Quartet on the first day till the last number by the College Singing Girls on the last night, our citizens are promised three days of high grade but popular music at the coming Chataouqua.

The members of the Russian Quartet are individual artists of the highest excellence having been chosen by competitive method as the best of their kind in all Russia.

Harmony is harmony as produced by this quartet of talented musicians, on the first day.

On the second day the music is presented by the Recital Artists. Here again you have assembled three folks any one of whom could delight you for an entire evening and each one of them has many times been the soloist for an evening's program.

The three are presenting a program of high grade but popular character, which will delight you whether you are a trained musician or not.

On the last day comes the company of College Singing Girls. Let this vivacious quintet drive away your dull cares (if you have any) and put you in a good humor by their songs, costume work, and readings.

Their full program on the last night will be one to be remembered for its quality, quantity and melody.

CABINET RECONSTRUCTION UNDER WAY, SAYS REPORT

Ottawa, Ont., Sept. 8.—Cabinet reconstruction is proceeding apace but so far the Prime Minister has not announced his re-organized ministry. It is expected, however, that definite announcement will be made within a week or so. With a preliminary, and following usual custom, it is understood that resignations of all present members of the cabinet are being placed in the hands of the Prime Minister. The idea is that Mr. Meighen is thus given a free hand in the work of re-organization. It does not mean that all present ministers will retire, although from present indications, it is probable that a number will do so. The resignations would not take effect until accepted.

The name of Hon. C. C. Ballantyne, minister of marine and fisheries, is mentioned today as one of those who has definitely decided to retire.

STILL FOUND

It is reported that the Inland Revenue officers have located an illicit still in the Grand Down district.

STEWART IS HELD FOR TRIAL

At the Tuesday evening session of the James Ross murder case, of Neguac, the prisoner, Millet Stewart, was committed for trial to the Supreme Court, the next sitting of which will be held in Newcastle in the second week in December. When asked the usual questions, the prisoner answered in a firm voice, "I am innocent of the crime with which I am charged and will prove my innocence at the trial." Stewart appears in good health and shows no sign of the strain which he has undergone during the trial. The other prisoners in the case have been remanded until further advice.

Mrs. Stewart, who has attended every session, was present with her son and younger daughter. During the afternoon session the coat worn by James Ross at the time of his death was produced by the court and identified.

WATER TO BE SHUT OFF

In order to remove hydrants on Castle Street the water on this street will be shut off for a time tomorrow.

A POPULAR TONIC

One That Enriches the Blood and Strengthens the Nerves.

Proper food, fresh air and a good tonic will keep most people in good health. Hurried meals, indoor confinement in badly ventilated rooms and lack of exercise causes anaemia. In this condition Dr. Williams' Pink Pills are a popular tonic. They contain no habit forming drugs, and always have a beneficial effect through enriching the blood and strengthening the nerves. For growing girls, who become thin and pale, for pale, tired women and for old people who fail in strength, Dr. Williams' Pink Pills are an ideal tonic. Their benefit in anaemia conditions is shown by the case of Miss Lucy A. Steeves, Hillsboro, N. B., who says: "Last spring I was in very poor health, and completely run down. I had severe headaches, the least exertion would cause my heart to palpitate violently, my appetite was poor, and at times I had fainting spells. This went on for some months, and although I was taking medicine, I seemed to be growing weaker, and the least exertion would leave me worn out. Then on the advice of a friend, I changed the treatment to Dr. Williams' Pink Pills, and I have great cause to be thankful that I did so, as they have made a wonderful improvement in my condition. I can now work without fatigue, go upstairs without becoming breathless, and have gained in weight. I think these pills are an ideal medicine in cases like mine."

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

GOLDEN WEDDING AT MILLERTON

A number of friends gathered at the home of Mr. and Mrs. Daniel Harrigan on Wednesday evening Sept. 7th to celebrate the Anniversary of their Golden Wedding. The following address was read by the Rev. H. Scott To Mr. and Mrs. Daniel Harrigan on the occasion of the fiftieth anniversary of their wedding, Sept. 7, 1921.

As this is the fiftieth anniversary of the day on which you as two young people pledged your troth to each other in "The Holy Bonds of Matrimony", we your friends of Millerton and Derby, wish to express our feelings of congratulation and goodwill towards you. Many events have happened since that day fifty years ago, when you started together on the journey of life. The years have whitened your hair, and sapped your bodily strength, but you are still spared to go in and out amongst us.

There is no doubt that as you reach this milestone in your career, you look back on the mercies of the past with thanksgiving. Much is changed since that day in the far past, a half century ago when as young people you rejoiced in the congratulations of your friends. On this, your Golden Wedding Day, as you stand before us an aged couple, partners tried and true, who have cherished each other through the changing vicissitudes of the long years in sunshine and in cloud, in joy and in sorrow, in sickness and in health, please accept our heartiest congratulations and good wishes.

We ask you to accept this gift of gold as a token of our goodwill. Many of us remember with gratitude your helpful services of the past. May God truly bless you both on this happy occasion.

(Signed) On behalf of your friends of Millerton and Derby.

Mrs. Clifford Crocker then presented the handsome gift. Mr. Harrigan, on behalf of himself and wife, in a unique and interesting little speech, thanked the friends for their kind remembrance in such a tangible way.

We cannot fail to say, that for many years Mr. Harrigan was a beloved and faithful Sunday School Superintendent of the Methodist Church and Eternity alone will reveal the good that he accomplished.

After a few appropriate remarks by several of the friends, and hearty singing, prayer was offered by the Rev. H. Scott.

The usual farewells were then taken, with many wishes for this venerable couple in life's evening calm.

THE BUSINESS OUTLOOK

Canadians are naturally interested in the business outlook in the United States, for though we are buying a good deal less in that country the conditions there are bound to be reflected to some extent on this side of the border. The National Bank of Commerce of New York, in its circular says that conditions in July have all tended to confirm the belief that genuine business improvement is under way. While manufacturers in many lines sometimes express a feeling of discouragement, it is pointed out that good business policy requires caution on the part of buyers, and that smaller orders for early delivery if they are large enough in the aggregate to maintain operations are at this time an indication of a healthy condition. Increased availability of credit and lower rates are regarded as proof that fundamental conditions have improved. It is also noted that in the building trades, despite the high cost of labor and many materials, operations have persisted in fair volume, and indicate a steady, if slow, business recovery.

The New York Commercial has been rendering useful service by printing a series of articles and interviews with men of high standing in finance, industry and trade, all of them taking a more or less hopeful view of the general situation. Most of them speak with a measure of reserve but they find strong basic reasons for anticipating continued improvement.

Jack O'Leather
TRADE MARK
SUITS for BOYS
Leatherized

If your son is a regular boy "going through" several suits a year, you will welcome Jack O'Leather—the new smartly tailored boy's suit with soft, pliable, lightweight, real leather lining at seat, knees, elbows and all pockets.

These "Leatherized" suits not only wear twice as long as ordinary suits, but the leather prevents stretching and bagging, so that they always look dresy. They are guaranteed, and no more expensive than ordinary suits.

LEATHER INSIDE STYLE OUTSIDE

The Diagrams tell the story

J. D. Creaghan Co., Ltd.

The editor of Metal Trade for example, is quoted as saying that steel, the thermometric industry, has at last turned the corner and is now gaining steadily, and to prove his case he deals with the various metals in turn. Here is one striking paragraph:—

"Today the world is underconstructed and under equipped with all materials and products requiring the use of iron and steel and the non-ferrous metals. This constitutes an immense potential demand for necessities only. Once confidence is restored to the buying public and the flood gates of this demand opened the possibilities are apparent. Such men as Gary, Schwab, Grace and Campbell have reiterated during the past few months that the greatest industrial boom of all times is just ahead of us. The ability to forecast the future is one reason that these men are at the top in the steel industry."

DUCK SHOOTING SEASON SEPT. 15

On the report of the minister of the interior that certain changes should be made under the migratory birds convention act in existing federal regulations, an order-in-council has been passed consolidating and changing all previous regulations and amendments. Close seasons differ for the various provinces. On ducks, geese, brant or ralls the open season in New Brunswick and Cumberland County (N.S.), is from September 15 to December 31. The open season in New Brunswick for black breasted and golden plovers and the greater and lesser yellow legs is from October 15 to November 30.

A close season until January 1, 1923 is called in the following migratory game birds: Band tailed pigeons, little Brown sandhill and whooping cranes, swans, curlew and all shore birds, except those mentioned above. Until January 1, 1923, there will be a close season on the wood duck and eider or sea duck. The bag limits are fixed as follows: Ducks, 25; geese, 15; ralls (coots and gallinules), 25; black bellied and golden plovers and greater and lesser yellow legs, 15; Wilson or jack snipe, 25; and woodcock, 10.

THE NORTHUMBERLAND ELECTION

We learn from a poster on a downtown fence, the only available source of information, that the election to fill the Northumberland vacancy will be held on Monday, Oct. 3rd, nomination on Sept. 28th. It is hoped that there will be two straight party candidates in the field. The word 'Independent' is in disrepute in the county as a political term—World

BASEBALL

On Wednesday afternoon last, the Blackville baseball nine paid a visit to town, and before a fairly large crowd played a very much one sided game with the Newcastle boys. When the slaughter had ended in the ninth inning, the local boys were easy winners by the score of 26-2. Dunn who pitched for Blackville was batted all over the field, none runs being made by Melrose, Craig and McCabe, while Murray, who was on the mound for Newcastle was in fine shape and should be credited with a shut out game, the lonely 2 runs given Blackville being the result of errors. The visitors played poor baseball all through. While the home team was in fine trim and played an excellent game, both in the field and at bat. Mr. Green umpired the game very satisfactory while Wm. Ashford watched the bases.

Following is the lineup:—

Blackville	Newcastle
F. Crawford	c Sullivan
J. Dunn	p Murray
A. McKenzie	1b McKenzie
L. McCormick	2b Melrose
W. Crawford	3b Craig
P. Henderson	ss McCabe
A. Walls	lf McCullam
G. Schofield	cf Dickison
F. Walls	rf McMichael

CHATHAM—MILLERTON

A fast and interesting game of Baseball, between a picked team from Chatham and the Millerton Junipers was played on the Millerton Diamond Thursday evening. The game went 5 innings and resulted in a win for Millerton the score being 4 to 3. Briggs the pitcher of the Chatham team was the star for the visitors striking out nine men in four innings, while J. Langin and C. McLean of the home team did excellent work in the field. The batteries were Chatham—Briggs and Moar. Millerton—Crocker and Simpson.

OBITUARY

ROY FREDERICK MATHESON

Much sympathy is extended to Mr. and Mrs. Blackstock Matheson in the loss of their little one year old son, Roy Frederick, whose death occurred on August 30th after an illness of seven weeks of Bronchial Pneumonia.

HUGH BLACK

The funeral of Hugh Black, who died at Lower Derby, Wednesday, took place to St. Andrew's Church, Newcastle, Thursday afternoon at three o'clock. The funeral service was conducted by the Rev. W. J. Bate. Deceased leaves to mourn, a widow and three sons, Eugene, William and Milton.

MRS. WM. BANNISTER TWEEDIE

Mrs. Bannister Tweedie of Ellens-town died at the home of Mr. and Mrs. Wilbur D. Hubbard, Cassilis on Thursday evening Sept. 1st. Deceased had been ill for a number of years and confined to her bed since March, and was nursed by Mrs. Hubbard. She was a daughter of the late Mr. and Mrs. Duncan Parker of Millerton and 57 years of age. She leaves to mourn her husband and the following sisters—Mrs. Jas. Hussey of Vancouver, B. C. Mrs. Fred Brown of Marblehead, Mass.; Mrs. W. A. K. Underhill of Blackville, N. B.; Mrs. David Bryenton of Bryentonville, N. B.; also one brother Mr. McAlmon McEachern of Millerton, N. B.

The funeral was held on Saturday, Sept. 3rd from the home of Mr. and Mrs. Hubbard of Cassilis.

Deceased was a faithful member of the Presbyterian Church. Rev. Wm. Girdwood of Redbank assisted by Rev. H. Scott of Millerton officiated at the home and grave.

Interment at Ellensstown Cemetery. The hymns sung which were requested by deceased were "Jesus Saviour pilot Me" and "Will your anchor hold".

The pallbearers were James Esson, Walter Graham, Robert Hubbard, Fred Mahoney, Wm. Sauntry, and Wilbur Hubbard. The casket was covered with beautiful flowers sent by relatives and friends testifying to the high esteem in which the deceased lady was held.

AVERTED COLLISION

Robert Adair of Newcastle while driving near Bushville Sunday evening averted a collision with a team but wrecked his car when he applied the emergency brake to keep from crashing into a team that had suddenly swerved in front of him. His car went over a culvert and smashed the wind shield and otherwise wrecked itself but the occupants one of whom was a cripple were practically unhurt. The car was towed to Newcastle.

former will enter the French Hospital to take up the study of nursing. Her many friends wish her success in her chosen profession.

WEDDINGS

ATKINSON—WILSON

A wedding of more than usual interest took place at Derby, Miramichi, New Brunswick, on the evening of September 1st, when Miss Leslie Davidson, second daughter of Dr. V. A. Wilson and Mrs. Wilson was united in holy matrimony to Captain T. Howard Atkinson, M. C., son of Mr. and Mrs. Douglas Atkinson of Newcastle, N. B., a member of the staff of the Royal Bank of Canada at Halifax.

Miss Constance Wilson, younger sister of the bride, acted as bridesmaid, while the groom was supported by Mr. Clarence Crocker, his comrade-in-arms in the late World War. The ceremony was performed in the Methodist Church by the pastor, Rev. Henry Scott. The church was prettily decorated by the friends of the bride, a handsome Union Jack, loaned for the occasion, filling the recess behind the pulpit. This was felt to be a fitting tribute to the patriotism and gallantry of the groom and best man, who were among the first to enlist for overseas. Amid the strains of the Lohengrin Wedding March, played by Miss Bernice Crocker. The bride, accompanied by her bridesmaid, entered the Church with her father and proceeded to the altar rail, where the groom awaited her coming. After the ceremony, while the register was being signed, Miss McLean of Newcastle sang a selection suitable for the occasion. After leaving the Church, a reception was held at Woodleigh, the home of the bride. Mr. and Mrs. Atkinson left on the Maritime Express for Upper Canada and on their return will reside at Halifax.

WHEN BABY IS WELL

When the baby is ill; when he cries a great deal and no amount of attention or petting makes him happy, Baby's Own Tablets should be given him without delay. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach and thus drive out constipation and indigestion; break up colds and simple fevers and make teething easy. Concerning them Mrs. Desire Theberge, Trois-Pistols, Que., writes: "I am well satisfied with my use of Baby's Own Tablets. I have found them of great benefit to my baby when he was suffering from constipation and I can strongly recommend them to other mothers." The Tablets are sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Hon. Robt. Murray of Chatham was a visitor to town on Friday.

LETTER FROM MRS. WAKELIN

Tells Remarkable Story of Sickness and Recovery.

Toronto, Ont.—"I suffered greatly from weakness, seemed to be tired all the time, and had no ambition to do anything or go any place. My nerves were in bad shape, I could not sleep at night, and then came a breakdown. I read of Lydia E. Pinkham's Vegetable Compound in the newspapers and several of my friends advised me to use it, and it surely put new life into me. Now I am quite able to do all my own work, and I would strongly advise every suffering woman to give Lydia E. Pinkham's Vegetable Compound a trial."—Mrs. CHARLES WAKELIN, 272 Christie St., Toronto, Ont.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for more than forty years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

HAS RETIRED

WHAT SCOUTING IS AND DOES

Scouting is character-forming, recreational, educational, carried on to a large extent in the great, healthy school of the Out-of-Doors. It develops the spirit and habit of resourcefulness and of cheerfully facing difficulties. Those were qualities of the Canadian pioneers and, embodied in their descendants, have given us a large number of the great names of Canadian history.

Recalling your own boyhood, do you remember how in your reading, you loved to imagine yourself a great war hero? a discoverer and adventurer? a hunter in the jungles of Africa? a cowboy knight, rescuing the weak and beautiful and punishing the evil-doer?

The boy of today dreams the same dreams. Especially in Canada, does he love to imagine himself a pioneer backwoodsman; an Indian, a plainsman; log-house or wigwam building, hunting, tracking, riding bucking bronchos.

Scouting satisfies this love of Romance

Every normal boy must find some outlet for his superabundance of animal energy. Like the healthy puppy, he must race, and chase, and struggle with his fellows. Scouting provides the outlet, and controls it. He loves to form and play in gangs. Scouting meets this safety.

Through a curious but well-known weakness of human nature, the average boy, by preference is going to take advice and many examples of habit, speech and principle, from older boys and men outside his own family. Most men may recall how readily as boys they responded to the notice of older lads, or of some man other than their father, and accepted them as authorities and examples. Scouting meets this with the sympathetic elder brother.

At a certain stage the average boy, especially the small-town boy, is going to face the attraction of the pool-room, or some other similar always open club, with its free and easy fellowship, and its games of chance or skill and too-frequent atmosphere of disrespect for authority, for womanhood, and clean manliness. Scouting heads this off.

The normal boy is keenly, enthusiastically willing to do public service

HEALTH MESSAGE TO THE WORLD

Take "Fruit-a-tives" And Make Yourself Well

"Fruit-a-tives", the marvellous medicine made from fruit juices and tonics, is the most beneficial medicinal agent that has ever been given to mankind.

Just as oranges, apples, figs and prunes are nature's own medicine, so "Fruit-a-tives"—made from these fruit juices—but concentrated and intensified—is the greatest Stomach and Liver Medicine, the greatest Kidney and Bladder Medicine—the greatest Blood Purifier—the greatest remedy for Headaches, Constipation, Indigestion, Nervousness and Bad Complexion—in the world. To be well, take "Fruit-a-tives"

50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

where it is directed, and recognized Scouting brings the opportunity a recognition.

All these ends Scouting realizes, not through a code of don'ts or a code of regulations applied from without, but by working from within by providing natural, attractive, but directed channels of activity for the boy's own impulses, in the following of which his character is shaped to wards its best possibilities in efficient manhood and citizenship.

WILD DUCK FOODS

The majority of the plants which are important as sources of food for Wild Ducks are as might be expected those which occur either in water or in marshes. A few land plants, however, and a place on the list of which the principal is Barnyard Grass (Echinochloa crus-galli). This is an annual species, introduced from Europe which grows well on waste ground and on the margins of lakes. It is the seed of this plant which is eaten.

Of importance also are the Smartweeds (Polygonum) most of which occur on wet soil and have a wide distribution in Canada.

Of the plants which grow typically in marshes, or swamps two produce edible tubers. The Chufa or Nutgrass (Cyperus esculentus) extends from New Brunswick to the Great Lakes while the Wapato (Sagittaria latifolia) extends across the whole of Canada.

Other important swamp plants are the Bur Reed (Sparganium eurycarpum), Bulrush (Scirpus validus), Meadow Grass (Spartina Michauxiana). The first three occur all over Canada while the last extends from Nova Scotia to Saskatchewan. Various other species are all important food-plants of Wild Ducks.

Occupying a foremost place among water plants Wild Rice (Zizania aquatica) occurs from New Brunswick to Lake Winnipeg. A full description is given of it in Bulletin 42 Second Series of the Experimental Farms Branch.

Water Celery (Vallisneria spiralis) extends from Nova Scotia to the Great Lakes. No less important as Duck foods are the various species of Pondweed (Potamogeton) most of which have a wide distribution.

Two species of the Waterlily Family namely, Water Shield (Brasenia Schreberi) which extends from Nova Scotia to Manitoba, and the Yellow Waterlily (Nuphar advena) which extends west to the Rocky Mountains are worthy of mention. The seeds only of the second species are of importance.

The Pickerel Weed (Pontederia cordata) is native in Eastern Canada.

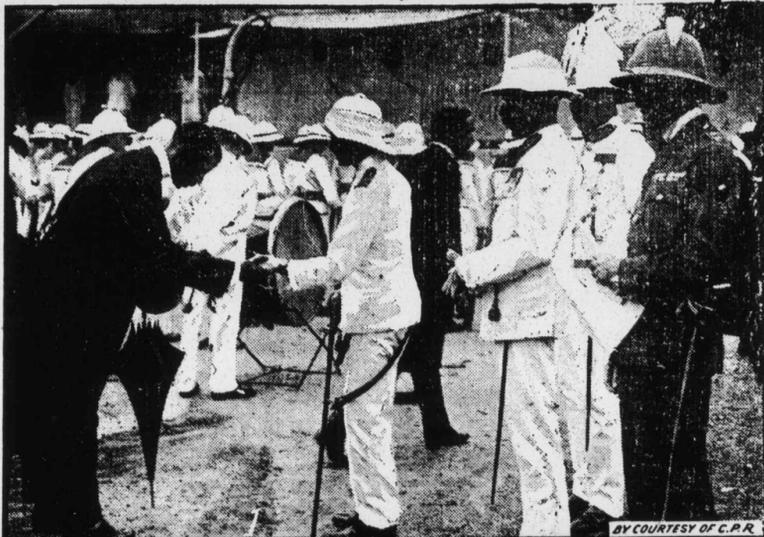

Finally, of importance in salt and brackish water are the Tassel-Pondweeds or Widgeon-Grass (Ruppia) and Eelgrass (Zostera marina) the latter of which occurs on both the Atlantic and Pacific coasts.

The Biological Survey of the United States Department of Agriculture at Washington, D. C., has issued a number of important Bulletins on this subject.—J. Adams, Botanist.

PILES

Do not wait another day with itching, bleeding, or protruding Piles. No surgical operation required. NEW C.P.O.S. LINER

THE EMPRESS OF CANADA AFTER BEING LAUNCHED.

The Empress of Canada, a twin screw geared turbine oil burning passenger liner, built to the order of the Canadian Pacific Ocean Services, Limited, especially for their trans-Pacific service, was recently launched at the yards of the Fairfield Shipbuilding & Engineering Co., Limited, Govan, Scotland.

The christening ceremony, which was performed by Mrs. G. M. Bosworth, the wife of the chairman of the Canadian Pacific Ocean Services, Limited, went through without a hitch.

The ship is 653 ft. long, 77 ft. 9 ins. wide and has a depth to the bridge deck of 53 ft. 6 ins. Her gross tonnage is about 22,000 tons, and she is arranged to carry about 490 first class, 106 second class, 238 third class passengers, and 547 of a crew. Of the cargo spaces, a large portion has been fitted for the carriage of silk. The ocean speed is about 21 knots. The vessel is built to the highest class of Lloyd's register, to full Board of Trade requirements and sub-divided in full accordance with the requirements of the Bulkhead convention.

A complete system of telephones with a central exchange is fitted to the special and private suites and various offices, etc.

The dining saloon is on the upper deck and will accommodate 325 persons, a large reception room is situated forward of the dining saloon with passenger elevator at the fore end, on this deck also is a swimming pool 30 ft. long by 13 ft. wide, and a gymnasium.

Throughout the vessel special attention is everywhere given to the fact that the Empress of Canada is to serve in a semi-tropical climate; public rooms are therefore large and airy and the ventilation amply arranged. The maiden voyage of the Empress of Canada will be a tour of the world, starting from Liverpool, March 15, 1921.

THE DIFFERENCE

BETWEEN THEM
 Unlike Mackenzie King, Mr. Meighen is not out to hoodwink and betray the farmers and has made no fawning advance to them. The son of a typical farmer, and familiar through experience with a farmer's lot, he treats them with dignity and respect; but he does not propose to "bate one jot" of his convictions. He is stoutly opposed to group government and "running with the hare and crying with the hounds" with him. His program is, Constitutional Government and reasonable protection for Canadian industries. His attitude compels respect. The people know where he stands.

33

years ago an ulcer appeared on my ankle," writes Mrs. Jeffrey, of Methuen, Mass. "In spite of all the remedies I used, it spread to my knee, and developed into an open sore. I had medical treatment for twenty-five years, but only got temporary relief. The pain I suffered was terrible, and for years I was unable to leave the house. "One day I saw in a newspaper an account of a bad ulcer having been cured by Zam-Buk. Although I was skeptical, now, of anything curing me—having tried so many remedies in vain—I decided to give Zam-Buk a trial. I applied the balm freely every day and to my delight the sore soon showed some improvement. Gradually the inflammation was drawn out, the pain was ended, and, after thirty years of suffering, I realized I was on the road to recovery. With perseverance, the awful sore was finally completely healed, and, although that was three years ago, there has not been the slightest trace of the ulcer returning." Zam-Buk is the best remedy, also, for eczema, boils, pimples, blood-poisoning, piles, burns, scalds and cuts. All dealers, or Zam-Buk Co., Toronto, 50c. box, \$ for \$1.25.

Zam-Buk

THEY REFUSE TO GIVE ANY REASONS

It is a very noticeable fact that the political advocates of lower tariff or free trade never attempt to prove their case. They never argue things out with the people; they never size up all the factors or give solid, incontrovertible reasons for the faith that is in them. True it is that Doctor Michael Clark serves us occasionally with arguments that were potent in England fifty or more years ago, and are to be found in the text books on political economy; but he has never attempted to consider these old doctrines in the light of modern Canadian conditions. Free trade with the Doctor is a fetish—shorn of which he would be a lonely and inconsolable figure. In his homilies and diatribes on the subject he entirely overlooks the important facts that when the text books from which he drives most of his wisdom were written, mass, specialized and standardized production of manufactured goods and the gigantic grouping of capital in trusts, cartels and combinations for industrial purposes, which are such important factors in prices and competition, academic lectures to us, he conveniently disregards the main arguments in favour of reasonable protection, namely:—

(1) That to build up a self-sustaining country we must have diversified employment so that scope may be found for the energies of our people in all the varied spheres of human activity;

(2) That our manufacturers cannot compete on an even basis with their neighbours, the manufacturers of the United States, because of the cheap cost of production in that country due to mass and standardized production which is made possible only of the enormous extent of the United States market;

(3) That our manufacturers cannot compete with the cheap labour of Japan and the better developed industries of England with their comparatively cheaper labour, cheaper capital and cheaper cost of doing business.

If the Doctor Mr. Crerar, Mr. King, Mr. Wood or Mr. Drury, or any of the other opponents of the existing fiscal system were able to show that their policies had been adopted after they had enquired carefully into, and after they had made a dispassionate study of, manufacturing conditions in Canada compared with those in the United States, Germany, Japan and Great Britain, their platform utterances would be entitled to very much more weight. As it is they produce no such evidence and as a consequence the people are not placed in a fair position to judge regarding the real merits of the policies they advocate.

The fiscal policy of the country is the hub round which revolve the wheels of all industry, and the people cannot, therefore, allow it to be

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

 THE CENTAUR COMPANY, NEW YORK CITY

NOTICE OF SALE

—OF—
Real Estate For Taxes

Notice is hereby given that there will be sold at Public Auction in front of the Town Hall in the Town of Newcastle in the County of Northumberland in the Province of New Brunswick at Twelve O'clock noon on **Tuesday the thirteenth day of September next**, the piece of land and premises hereinafter mentioned and described namely:

All that piece or parcel of land situate in the Town of Newcastle aforesaid being part of Lot No. 2 originally granted to the Late Henry McCallum and abutted and bounded as follows; commencing on the Southerly side of McCallum Street at the Westerly angle of that part of the same Lot formerly owned and occupied by William McMaster and now by Joseph D. Paulin, thence Southerly along the Westerly side line of the said McMaster land one hundred feet, thence Westerly parallel with the said Street forty feet or to the southerly side line of that piece of lands formerly owned by Richard White and later by Michael Donovan, thence Northerly along the said last mentioned line to the Southerly side of the said Street and thence Easterly along the same Forty feet to the place of beginning, being the same lands and premises conveyed to one Charles Fletcher by Debora Hannah by Deed bearing date the Ninth day of July, A. D. 1887, together with the buildings and improvements thereon and the appurtenances thereto belonging or appertaining.

The foregoing sale will be made under and by virtue of a warrant issued by J. Edward T. Lindon, Esquire, Town Treasurer and Collector and Receiver of Town Taxes of and for the Town of Newcastle aforesaid, delivered to me for execution under and by virtue of Chapter 166 of the Consolidated Statutes of New Brunswick, 1903, for the purpose of realizing the amount assessed as hereinafter stated against the Estate of the said Late Charles Fletcher on the said land and premises for ordinary Town Taxes in the said Town of Newcastle, no part of which has been paid and according to the schedule hereunder, namely:—

Estate of the said Late Charles Fletcher, the Lot of land first hereinbefore described, assessments for years 1908 to 1921 both inclusive, amount \$249.00.

Dated this Eighth day of August, A. D. 1921.

JOHN H. ASHFORD,
 A Constable of the said Town of Newcastle.

lightly dealt with by amateurs or doctrinaires. There is too much at stake. If it is wrong, full proof of its error should be submitted, and it will not suffice to try to palm off stale platitudes and catch phrases as arguments; nor will thinking people be inclined to swallow as sheer gospel moth-eaten doctrines which, though utterly inapplicable to the conditions good in their time for England, are of Canada today.

FINE TRIBUTE TO PREMIER MEIGHEN

Perhaps the most notable tribute among the many eulogies that have been passed upon Mr. Meighen's work at the Imperial Conference, has just been penned by the Manchester Guardian. Discussing a despatch from its Ottawa correspondent dealing with Canadian domestic politics, the Guardian says:

In the view of the Guardian Premier Meighen has helped nobly to give a lead to Europe and the world in such matters as the crying need for international agreements to stop squandering money in the building of navies, and in the so-called Pacific question, which should not be a question at all if men would get together and talk about it.

Premier Meighen has made to the important but insular counsels of Britain at the crucial moment a detached, dispassionate contribution that the history of the world will note as helpful to peace and understanding. He has gone back to face a domestic situation which takes no account of the way he has spoken for his country in the momentous world question dealt with by the Imperial Conference.

This is a familiar experience to all statesmen, but it is a fate which statesmen a hundred years hence, even across the Atlantic, will not suffer for. There is nothing surer than that the world politics of today will be parish pump politics then, so that Premier Meighen may take even the adverse by-election at Medicine Hat composedly.

The Manchester Guardian is the acknowledged spokesman of British Liberalism, just as the Manitoba Free Press is the dominant voice of Canadian Liberalism in the West. Both handsomely and generously pay tribute to the great work of Mr. Meighen. It is only the little men of Canadian politics, those who cannot find it in their hearts to acknowledge the qualities and gifts of a countryman who happens to differ with them in domestic affairs, who try to belittle his achievements.

Mrs. A. H. Cole will hold her millinery opening on Thursday Sept. 15th. See announcement elsewhere.

THIEVES BUSY

House thieves are reported to be getting in their work about the town. Several householders have reported the loss of articles lately.

MILL SAW BILLS

We have just printed a large quantity of Mill Saw Bills, and can supply them to the different mills either singly or in quantities.

THE ADVOCATE

CHATHAM FAIR

The Chatham Fair as advertised on another page gives every promise of being bigger and better this year. There are a number of new attractions. Among them are airplane work and parachute drop which will be especially thrilling.

APPOINTED DEPUTY M. W. P.

H. H. Stuart, of Sunny Brae, District Scribe of the Kent and Upper Westmorland District Division Sons of Temperance, has been appointed Deputy Most Worthy Patriarch of N. B. by Smil L. P. Hohental, M. W. P. of the National Division of North America.

ROBBED CORNER-STONE

Recently the corner-stone of the old Baptist Seminary at St. Martins, in which currency, records and papers were placed when the structure was built, was surreptitiously removed and the cash, said to have been \$50 or more, stolen. The records and papers were not taken.

CAN SHOOT IN REFUGES

On the recommendation of the Minister of Lands and Mines shooting of moose and deer will be allowed in the two Game Refuges established by the Province of New Brunswick for the game season of 1921 but no longer. No trapping is to be allowed in either refuge. One of them lies in the northern part of Northumberland county and the other in the north-western part of Westmorland county.

ROYAL HOTEL FIRE

The Royal Hotel, on McCullam street, was badly gutted by fire, early Thursday morning. The blaze originated in the back kitchen and before it was discovered had travelled through the walls to the attic. The fire department succeeded in confining the fire to the ell, which was badly damaged. A large quantity of furniture was destroyed by water. Loss about \$2,000, covered by insurance. Buildings owned by Mrs. Moses Whitney, and occupied by Ernest Tozer.

THE UNEMPLOYED

IN CHATHAM

The Chatham Town Council met in special committee Thursday evening to take steps dealing with the unemployment situation, which is serious and decided to have all unemployed men report at the Town Hall, Wednesday, Sept. 14th to register.

This is in accordance with the request made by Premier Foster for a survey of the unemployed of the province so that definite information may be given the Minister of Labor at Ottawa.

A BAD SIDEWALK

The residents who live on, and the pedestrians who use the sidewalk from Dr. Sprout's corner to Ritchie's Mill, report that its condition is very unsafe. Large holes are open in it and especially at night is walking on it extremely dangerous. The residents of this locality feel that they should at least be given some kind of a walk that would be safe, as the steep bank makes this street exceptionally dangerous even if a good sidewalk were laid. The street is a dark one at night and is used by many residents of the town, who expect at least a small measure of recognition from the powers that be

OPEN SEASON

The open season on Moose and Deer commences on Thursday Sept. 15th.

COMMERCIAL CLUB MEETING

A meeting of the Commercial Club was held in the Town Hall last Thursday evening.

I. O. D. E. SALE

The Lord Beaverbrook Chapter I. O. D. E. will hold a Rummage Sale in the Town Hall on October 1st. Further announcements will be made.

OCCUPIED PULPIT

Rev. Mr. Garnett, representative of the Lord's Day Alliance occupied the pulpit of St. James' Presbyterian Church at the evening service on Sunday.

CHATAQUA MEETING

A meeting of the guarantors of the Chataqua circuit was held in the office of the Lounsbury building on Tuesday evening and arrangements made for the opening date in this town of the ever popular Chataqua Sept. 29.

WILL PRESERVE

OLD LAND MARK

The Lord Beaverbrook Chapter, I. O. D. E. has been authorized by the Trustees of St. James' Church, Newcastle, to preserve and beautify the old burial ground at Wilson's Point, and the Chapter will appreciate the co-operation of the owners of lots and all interested in the preserving of this oldest land-mark on the Miramichi River. Please address any communications to Mrs. Hubert Sinclair, Regent of the Chapter, Newcastle, N. B.

OPENED CAMPAIGN

Rev. W. D. Wilson, Chief Secretary of the New Brunswick Temperance Alliance opened the campaign for the Referendum to be held in the Province on October 10th, by three stirring addresses delivered in Douglastown in the morning, Nelson in the afternoon and Newcastle in the evening. Large congregations were present at all the services and Mr. Wilson placed the issues fairly and squarely before them for their consideration. The co-operation of all was solicited in the campaign, which if given would eliminate from our Province the greatest evil of the day.

MADE SIX ARRESTS

Special Officers Dunphy and Floyd, who have been investigating reports of thefts in the vicinity of Rogersville, arrested six young men, all belonging to Rogersville, and brought them to Newcastle on Thursday.

It is reported that several stores, houses and the freight shed were robbed.

A large quantity of the goods is reported to have been recovered, including a barrel of molasses, which was taken from the freight shed, and is said to have been used in making "hootch."

Owing to the county jail being filled to capacity, the prisoners were confined in the lockup.

MAKING TOUR OF PROVINCE

Dr. C. Mackie, Medical Director of K. Unit, D. S. C. R., Fredericton, and Dr. S. L. Walker, assistant medical Director B Unit, of Halifax, have been making a tour of the province by motor interviewing the various medical representatives. Dr. Walker is interested in meeting the medical representatives of the D. S. C. R., as all medical administration will be carried on in future from Halifax rather than from Fredericton. On the trip Drs. Mackie and Walker visited St. John, St. Stephen, Woodstock, Fredericton, Newcastle, Chatham, Bathurst, Tracadie and Moncton. Today they expect to visit the Jordan Sanitarium at River Glade and from there they will proceed to Sussex and Hampton. At the latter point Dr. Mackie will return to Fredericton and Dr. Walker to Halifax.

You are invited to see the New Fall Coats at Moody & Co. Ltd.

CLEARED FOR NEW YORK

The British barkentine Maid of England, which has been loading lathes on the Miramichi, cleared for New York on Wednesday with a cargo of upwards of three million lathes.

ANNOUNCEMENT

Mrs. Margaret Harper announces the engagement of her daughter Dora Stanley to John A. Jackson, both of Chatham Head. Wedding to take place in St. John, September 14th.

RECEIVED INJURIES

One of the hands of John Jackson, of Nelson, was severely cut while at his work in Burchill's mill on Wednesday. Several stitches were necessary to close the wound, which was dressed by Dr. Dolan, of Nelson.

BIRTHDAY PARTY

Alma Woods entertained a number of her little friends on Thursday evening from 7 till 9 in honor of her seventh birthday, games and music were indulged in and refreshments served during the evening, a most enjoyable evening was spent by the little ones.

REVISING OFFICER

Mr. Herman S. Murray has been appointed Revising Officer of the Voters List for Chatham and Newcastle in the coming Prohibition referendum on October 10th. Applicants for alterations or additions to the list can call on Mr. Murray's office from Sept. 19th to 24th inclusive.

PROPERTY SOLD

Auctioneer J. R. Lawlor sold for taxes, by Public Auction today at noon, in front of the Town Hall, the property on McCullam Street belonging to the Estate of the late Charles Fletcher. The default taxes amounted to \$249.00 being the assessments for years 1908 to 1921 both inclusive. The bidding started at \$300.00 and was finally knocked down to Mr. D. P. Doyle on his bid of \$1000.00.

BUILDING NOTES

The Fraser Companies, Ltd. are rebuilding their office at Chatham Head which was destroyed by fire and also the dwelling house near it which was occupied by Mr. Jarvis. Other new buildings are a store and dwelling combined being built by Michael Lynch in the Bridge Road.

A neat and pretty bungalow has just been completed on the Chatham-Nelson road by James McLellan. Several barns are in course of construction to replace those burned in the recent fire.

BRUIN DESTROYED

A big bear has been prowling around the Williamstown section for the past ten days and has carried destruction in his path. Mr. William Quill had three sheep and thirteen turkeys killed by the animal; Walter Graham, Ernest Tozer and Clifford Hill lost two sheep each. The bear, during the night would also visit the orchards and destroy the trees. A posse started in pursuit on Tuesday night and Mr. Graham was the fortunate marksman, shooting the bear through the head while he was in the act of tearing a limb from a fruit tree. Bruin weighed 350 lbs.

I. O. F. SUPREME COURT

The eighteenth triennial session of the Supreme Court of the Independent Order of Foresters closed at Toronto on Friday. A civic reception was tendered the delegates, who came from all parts of the British Empire and the United States, by Mayor Church and the Aldermen of the city. New Brunswick was represented by four delegates—Joseph H. O'Belrne Nordin, D. B. Lingley and E. J. Todd of St. John, and M. W. Mitchell of Moncton.

Colonel G. W. Mersereau of Doaktown was also present in an unofficial capacity.
