

ESTABLISHED 1859

ST. CATHARINES, ONTARIO TUESDAY, MAY 13, 1919

PRICE—TWO CENTS.

"INVICTUS" DESCRIBES OLD ST. KITTS

Canadian Courier Correspondent Takes a Wrap at the Garden City in Several Ways.

The following article appeared in the Canadian Courier of May 10th, 1919, by "Invictus."

A COST-OF-LIVING ILLUSION St. Catharines, Ont., is as pretty a city as the sun shines on. It is the largest town on the Welland Canal.

Butter and eggs are not produced for sale on these fruit farms. Fruit itself brings the top city price, rents are high because houses are scarce and because taxes are thirty one mills on the dollar, and the taxes began to be high years ago when exemptions were granted to certain big industries and when a real estate gang got themselves elected to the Council, carried through a low assessment measure on their subdivided properties and above through civic improvements at such a rate that the busy newspaper camera of one reformer Burgoyne, observed grass growing over new cement sidewalks built into the vacant subdivisions. No there is no pastoral innocence about St. Catharines.

"THE FALSE FACES" BASED ON VANCE'S POPULAR ROMANCE

Character of "The Lone Wolf" Provides Fine Role for Henry B. Walthall.

Louis Joseph Vance who wrote "The False Faces" which recounts the further adventures of the now reformed "Lone Wolf," and which was pictured by Thomas H. Ince as a Paramount-Artcraft special feature, is one of America's most popular novelists. His stories are read with avidity by all who care for action, swift moving plot character delineation and intricate happenings.

Among his more popular stories, aside from "False Faces," which appeared recently in a serial in the Saturday Evening Post, may be named "The Lone Wolf," "Joan Thursday," "The Destroying Angel," "The Black Bag," etc., etc. His books are usually among the six best sellers. They have, however, more real character than most popular novels, because the writer is an artist as well as a gifted romancer.

THIRTY THOUSAND SEE BRAZIL DEFEAT CHILE IN INTERNATIONAL GAME

Rio Janeiro, May 13.—Brazil defeated Chile 6 to 0 in the opening game of the tournament for the soccer championship of South America here today.

THE WEATHER

Toronto, May 13.—The barometer is highest over the Great Lakes and lowest in the western provinces and Nova Scotia. The weather is showery in Saskatchewan, elsewhere it is fine.

A FINE PROGRAMME

Initial Concert of the 19th. Band to be Given in the Armory on Thursday Evening.

When the 19th regiment band appears before the public at their grand concert at the Armory on Thursday evening of this week this celebrated musical organization will be the strongest in point of personal talent and efficiency in several years.

Music lovers will learn with much pleasure that Mr. William Weis, clarinet soloist, and Mr. William Hoare, the talented young piccolo and flauto artist, will again be in their places, two valuable re-acquisitions to the band.

The brass department will comprise all the valuable "stand-bys" who have for many years contributed to the fame of the band, posting it in the forefront of Canada's musical line.

A long season of consistent rehearsals has brought the band up to a high state of efficiency and bandmaster Weis unhesitatingly states that the public will be proud of the 19th band of 1919.

In addition to a varied programme of instrumental gems the programme will be augmented by the Orpheus quartette, consisting of Miss Lilian White, soprano; Mrs. William A. Christie, contralto; Mr. Dan Lowellyn tenor, and Mr. A. L. Whittaker, bass, with Mr. W. T. Thompson as accompanist.

During the intermission Mayor Elson will deliver an address on a timely topic.

The armory should be crowded to its full seating capacity on Thursday evening.

SOLDIERS TO STOP TROUBLE IN BORDER CITY

Strike-breakers in Union Street Car Men Clashed as Windsor Yesterday and Troops are Called Out to Prevent Recurrence of Mix up.

Windsor, May 13.—Soldiers who went through the war with the Canadian Expeditionary Forces arrived in Windsor last evening under orders to quell any disturbance of the peace by street car strikers such as took place yesterday morning when the Sandwich, Windsor and Ambergburg Railway attempted to operate cars manned with strike-breakers imported from Toronto. Only twelve men, under command of Sergt. Lewarma, had arrived Monday night. They were hurried from Sarnia on orders of Brigadier-General Shannon on telegraphic request of Mayor E. B. Winter, of Windsor; Alfred Miers, police magistrate; Charles King, Mayor of Walkerville; James G. Cheyne, justice of the peace in Windsor and Charles J. Montreuil, Mayor of Ford City, following the Monday morning riot. However, more are coming. Word from London is that 250 regulars will arrive before noon.

There was a large gathering of personal friends to attend the funeral of the late Albert L. Overholt at the family home, 94 Maple Street, yesterday afternoon. Rev. Mr. Liddy officiated at the home and graveside.

The pall bearers were Messrs. John Carey, W. T. Fish, Thomas Chase, Chas. McGuire, Mr. Outreman and Mr. Larderman. Many beautiful floral offerings were placed on and around the casket from sympathizing friends.

A very large number of friends and acquaintances attended to pay their last respects at the funeral of the late Miss Marion (Nellie) MacLaren, who was tenderly laid to rest yesterday in Victoria Lawn Cemetery. Rev. R. D. Hamilton officiated at the house and grave side and the floral tributes were very numerous and beautiful, showing high esteem for the deceased young lady who was held in the community. The bearers were F. J. Hara, C. W. Sim, D. Mathewson, T. Hoggard, R. Howe and W. Stewart.

NOTHING FOR PUBLICATION.

The Metal Trades Unionists of St. Catharines held a business meeting in the L. L. P. rooms last night, when several important matters are reported to have been discussed, but no information concerning what transpired could be learned to-day. A prominent member of the council when asked as to what was done at the meeting, said that there was nothing to give out for publication.

NEW MINISTER WORRIED OVER HIGH PRICES

Hon. Frank Carvell Makes Announcement That Canada's New Parliament Buildings Will Cost Eight Millions

Ottawa, May 13.—Canada's new Parliament buildings will cost at least eight million dollars, and may cost ten millions, announced Hon. Frank Carvell, Minister of Public Works, in the House of Commons last night. The original estimate of the cost of replacing the handsome pile that fell a prey to the flames three years ago was five million dollars. The Government has already expended five millions, and is asking for another two millions to be spent this year, "and then it won't be anywhere near completed," said Mr. Carvell. "I have no hesitation in saying," he added, "that when the building is completed it will have cost eight million dollars."

The Minister explained that the excess cost over the estimate was due to the sensational advance in the prices of building material. He mentioned that the contractors and the architects are paid on a percentage basis, and that they get nothing after the cost of the work has reached five millions.

Commons to Move First. He frankly told the House "what I have already told the builders that we have not got value for the money expended. The workmen seem to think it is good, 'easy Government money and that they should not be in a hurry about finishing the job. The building will be in such a shape by January next that we will be able to occupy it. I don't think there will be another session of Parliament before that time. While the Commons chamber will be ready, the building will be nowhere near completed, and the Senate will be obliged to remain in the Museum or occupy temporary quarters in a htenew building. There is no prospect of the Senate chamber being ready by January unless the builders get a move on."

BULL GOES BOY, BROTHERS SAVE HIM

St. Thomas, May 13.—Francis Teeple, the twelve year old son of Mr. and Mrs. J. R. Teeple, Yarmouth Township, had a miraculous escape from death yesterday when he was attacked by a large Holstein bull belonging to his father, and severely injured and buffeted around by the powerful animal. Luckily his cries for help were heard by his older brothers, who drove back the animal and enabled the boy to escape. Several of the lad's ribs were dislocated as a result of the encounter, and he also suffered innumerable cuts and bruises about the face and body. His condition is not serious. It is stated the little fellow was endeavoring to drive the animal into the stable, when it turned and knocked him down.

TEACHER TAKES KIDDIES TO SHOW, OWNER IS FINED

Woodstock, May 13.—Some time ago Patrick Greenlees, proprietor of a local moving picture show, was fined \$20 and costs for allowing children to enter his theatre unaccompanied. It came out in the evidence that a school teacher had taken a number of children she met at the door into the theatre and sat with them all through the performance and brought them out at the conclusion. Greenlees appealed to a higher court and today Judge Wallace sustained the verdict of the Police Magistrate.

The judge took the ground that the teacher had not the slightest influence to control the 25 children she had under her control. The judge also assessed Greenlees the costs of this court.

Detroit United, Dominion Foundries and Steamships common made sharp gains on the Toronto Stock Exchange.

GENERAL WILL COME

The Mayor last week wrote Brig-General Gunn, general officer commanding Military District No. 2 notifying that the civic dinner to be given to returned soldiers and their wives had been changed to May 28. He also, on behalf of the City Council, strongly urged the General to leave that night open so that he might be a guest of the city. A letter has been received in reply stating that he will be pleased to come and is pleased to learn that St. Catharines has a Repatriation League and is undertaking such good work.

CONFERENCE DID NOT BRING ANY RESULTS

Hydro and Canal Employees Representatives Met Employers Agents Yesterday Afternoon

Representatives of the men employed on the new Welland Ship Canal Construction job and the Hydro Electric Canal work held a conference with the employers' agents yesterday afternoon to urge a revision of the present scale of wages and a 44 hour week, but without any result. The representatives of the employers were of the opinion that the question of an eight hour day should be submitted to the Dominion Government for settlement, but they voiced their willingness to pay the prevailing rate of wages now being paid in all branches of the trades in this district. The new wage schedule was the stumbling block, the employers' representatives practically putting the onus on the Hydro Electric Commission as they suggested that they would pay the wages asked on condition that the Hydro would agree to do the same.

Last night a mass meeting of the Niagara District Trades Federation was held in the Carpenter's Hall when the representatives of the men gave a report of the conference held in the afternoon.

GIRL'S QUICK THOUGHT FRUSTRATES BURGLARS

Kingston, May 13.—Because of her presence of mind in frustrating a burglary, Miss Irene Moore, a member of the operating staff of the Bell Telephone Co., has been complimented by the President of the Company, Mr. L. B. McFarlane, and presented with a cheque for twenty-five dollars. The wife of a traveller was alone in the house with her baby when three burglars made a visit to the place. As they entered her bedroom she screamed, and the three, becoming frightened, fled. The lady thought they had gone, and waiting a few minutes went downstairs. They attacked her, but before she picked up the receiver and shouted "help" into the transmitter. Miss Moore heard the cry, and looking up the woman's address, immediately notified the police, who made a quick run to the scene of the attempted burglary. The would-be burglars, however, had taken alarm meanwhile and made their escape before the police arrived.

SIR WM. HEARST GOES SOUTH FOR HOLIDAY

Sir William Hearst has gone to the Southern States for a couple of weeks holiday. He is accompanied by Lady Hearst and Mr. J. L. Englehart, Chairman of the Temiskaming and Northern Ontario Railway. During his absence Hon. L. B. Lucas is Acting Prime Minister.

COREA ASKS LIBERTY.

Paris, May 13.—A petition from the Korean people and nation asking for liberation from Japan was submitted to the peace conference yesterday by representatives of Korea. The petition also asks for recognition of Korea as an independent state and for the nullification of the treaty of August, 1910.

SILVER PRICE JUMPS.

New York, May 13.—Bar silver jumped 8 3-4 cents an ounce in the local market today, the price advancing to 21 19 3-4, the maximum here in nearly 30 years. The quotation was preceded by a London cable which reported an advance in the English market to 053 pence, equivalent to \$1.21, the highest price quoted in London since 1877.

Silver has been advancing steadily since the federal reserve board removed the export restrictions on the metal which fixed the price at \$1.01 1-8 by agreement with the British government in 1917.

VILLA RETAKES PARRAL

E I Paso, Tex. May 13.—According to information received from Parral today, Francisco Villa retook that city on Thursday and made prisoners of the garrison of 260 men under Col. Gomez, who occupied the town but two days before.

The garrison was outnumbered and made little resistance. Repeating his action when he took Parral on Easter Sunday, Villa freed the prisoners and told them to go to work. Casualties were light on both sides.

ARGYLL HOUSE DEFENDED BY SIR EDWARD KEMP

Overseas Minister of Militia Takes his Seat in the House of Commons for First Time During the Session.

Ottawa, May 13.—For the first time since the Union Government was formed Sir Edward Kemp of East Toronto took his seat in the House of Commons this afternoon. The Overseas Minister of Militia left Toronto for London before the result of the election was announced and has not since been in the Capital when the House was in session. He had a cordial reception from Government supporters upon entering the Commons chamber, but the questions fired at him indicated that he will have ample opportunity later to defend Canada's Overseas War Office, better known as Argyll House, the headquarters of the Canadian Expeditionary Force in London.

Kemp Defends Argyll House. Nor is the Overseas Minister unprepared for criticism. He brought with him a bulky report of the doings of the Canadian Expeditionary Force in England and France, copies of which were distributed to members of the House and Senate and the press, and he intimated that he would give an account of his stewardship and reply to his critics after a brief holiday in Toronto. He claims that Argyll House is inhabited not by shockers and safety first soldiers, but by very competent professional men, doctors, bankers and the like, who are, at great personal sacrifice, serving their country in the trying period of demobilization. Moreover, he says, they have saved Canada millions of dollars by masterly administration of our forces across the sea. He is going to show up Colonel A. C. Pratt, M.P.P., Brigadier-General Smart, M.P.P., and others who have said nasty things about the way business was transacted by Sir George Pailey, Sir Edward Kemp and company.

PRaises WORK DONE BY TRADE MISSION

Canadian, Sir Charles Gordon, who London, May 13.—A well known left for Canada yesterday, who interviewed, said he had been greatly impressed with the work of the Canadian Trade Mission.

He pointed out that Canada was now able to compete with the United States in certain lines of industry, and compete on her merits. Sir Charles dealt with the surprising expansion of Canadian industry since the outbreak of the war. He welcomed the beginning of Imperial preference as encouraging these industries.

\$1,000,000 LIBEL SUIT

Case of Henry Ford Against Chicago Tribune Opens.

Mount Clemens, Mich., May 13.—The \$1,000,000 libel suit of Henry Ford against the Chicago Daily Tribune opened here yesterday with a conference of the lawyers, with Judge James G. Tucker as to details of the daily programme to be followed.

Counsel for the Solomon News company, newspaper distributors, who for technical reasons were made so-defendants in the suit, gave notice of a motion for a change of plea. Judge Tucker announced he would hear it yesterday afternoon.

After the conference with the lawyers, recess was taken until later in the day.

The Ford forces are housed in a hotel on the outskirts of the city, where they took more than 25 rooms. At the opposite end of the city, the equally numerous Tribune forces occupy a wing of a prominent hotel.

LONDON TIMES PROPOSES NEW OVERSEA UN

An Imperial Guards Regiment to Keep Alive Tradition in British Military Life.

London, May 13.—The Times in a leader says: "It is unthinkable that no single army should be left where in the spirit of the mighty Imperial army, which displayed to an astounded world the real power of the British Empire, may survive. There must be some Imperial unit of the army, if only to keep alive the Dominion tradition in British military life." Therefore it suggests the establishment of a regiment of Imperial Guards, with its home in Britain but commanded, officered and manned by the Dominions. The regiment might comprise two battalions, one composed of Canadians, South Africans and Newfoundlanders, and the other of Anzacs. The Times says this is only a tentative suggestion and it leaves India out on this account. It is thus plainly open to criticism and revisions, but could easily be modified if necessary.

CANADIANS TO BE HOME BY END OF JULY

Over Half the C.E.F. Have all Ready Been Sent Back to Canada States Sir Edward.

Ottawa, May 13.—Speaking to a number of press correspondents yesterday, Sir Edward Kemp, Overseas Minister of Militia, stated that he would probably have to return to London for a time to finish up the work of the department there. There were a great many matters to adjust between the Imperial and Dominion authorities, which would probably require his personal attention. He did not say when he expected to go back to London. He left last night for Toronto, and will probably be absent from the capital for ten days.

On his return to Ottawa he will make a statement to the House supplementing the exhaustive report which he tabled yesterday on the outposts of the overseas military forces of Canada during 1918.

Sir Edward stated that the whole of the Canadian expeditionary force, with the exception of those men who could not be moved, would probably be in Canada by the end of July. Over 140,000 men had been sent home since the signing of the armistice, out of 268,000 who were in England and France on that date. With regard to equipment, he stated that an arrangement had been reached with the Imperial authorities whereby Canada could bring across what she desired, disposing of the remainder in England.

GOVT. READY TO SELL LIQUOR BEFORE JUNE 1

Although appointed only a week ago as Acting General Manager under the License Board to organize the system for Government sale of liquor, Mr. W. B. Cleland is already making considerable progress in getting the necessary machinery in shape. The board yesterday extended the licenses of the existing vendors for another week, from May 15 to 22. It is probable that by June 1 the Government will be ready to take over the distribution and sale of liquor.

ANNUAL MEETING

The annual meeting of the Seniors of the Y. M. C. A. was held in the Association parlors last night. Reports were presented by the President, Secretary and Treasurer after which the following Board of Directors were elected:

G. E. Jones, F. C. Field, Joseph Immel, re-elected, E. H. Harrison and Geo. H. Sherwood.

The Board of Directors will hold an organization meeting next Monday night.

BOWLING

The result of the Bowling game played at Tim & Mac's last night between McKinnons and Packard No. 1 was as follows:—

McKinnons—Patterson, Sharron, Steimer, Brooks, Young.

Table with 5 columns: Locals, Game, Game, Game, Total. Rows for McKinnons and Packard No. 1.

Table with 5 columns: Locals, Game, Game, Game, Total. Rows for Packard No. 1 and McKinnons.

CONFERENCE DID NOT BRING ANY RESULTS

Hydro and Canal Employees Representatives Met Employers Agents Yesterday Afternoon

Representatives of the men employed on the new Welland Ship Canal Construction job and the Hydro Electric Canal work held a conference with the employers' agents yesterday afternoon to urge a revision of the present scale of wages and a 44 hour week, but without any result. The representatives of the employers were of the opinion that the question of an eight hour day should be submitted to the Dominion Government for settlement, but they voiced their willingness to pay the prevailing rate of wages now being paid in all branches of the trades in this district. The new wage schedule was the stumbling block, the employers' representatives practically putting the onus on the Hydro Electric Commission as they suggested that they would pay the wages asked on condition that the Hydro would agree to do the same.

GIRL'S QUICK THOUGHT FRUSTRATES BURGLARS

Kingston, May 13.—Because of her presence of mind in frustrating a burglary, Miss Irene Moore, a member of the operating staff of the Bell Telephone Co., has been complimented by the President of the Company, Mr. L. B. McFarlane, and presented with a cheque for twenty-five dollars. The wife of a traveller was alone in the house with her baby when three burglars made a visit to the place. As they entered her bedroom she screamed, and the three, becoming frightened, fled. The lady thought they had gone, and waiting a few minutes went downstairs. They attacked her, but before she picked up the receiver and shouted "help" into the transmitter. Miss Moore heard the cry, and looking up the woman's address, immediately notified the police, who made a quick run to the scene of the attempted burglary. The would-be burglars, however, had taken alarm meanwhile and made their escape before the police arrived.

ABSENCE NOTICED

Journal regrets to learn of the illness of Mr. J. B. McIntyre, causing his friends concern. It removes temporarily from the daily ebb and flow of humanity in this city a man who has been one of its conspicuous figures for a long period, and who, as former mayor presided over the municipality with honor and success. In fact in the list of those who have filled the office of Chief Magistrate we doubt whether any has been more talented in speech or more successful in government. St. Catharines has had the public service of many good men, who devoted the best that was in them to be worthy of the responsibilities with which they were entrusted and we believe it can be said without reserve that Mr. McIntyre was one of that class. For over seventy years he has been a student of municipal, political, and public affairs. He has seen the city grow from infancy to the busy place it has become today, and during that long and active period he has held the high respect and esteem of his associates. For a number of years he has devoted his thought, with other prominent citizens, to the welfare of the G. & M. Hospital, and when the Board met again yesterday without him his absence was indeed regretted. The

KIDNEY BACK PAINS PERMANENTLY CURED

Dr. Hamilton Guarantees Prompt and Thorough Cure
I can cure you. I have a remedy that has never failed in kidney disease. My wonderful preparation is known as Dr. Hamilton's Pills of Man Drake and Butternut. I guarantee Dr. Hamilton's Pills will restore the worst case of kidney suffering. Pain in the back, sides and hips will be relieved. Dizzy spells, headache and reeling sensations will be quickly remedied. Distressing bladder complications, frequent calls, brick dust and sediment I guarantee will entirely disappear under Dr. Hamilton's Pills. If your rundown and languid condition can't be cured by Dr. Hamilton's Pills have restored health and thousands of cases of Dr. Hamilton's Pills have restored health and more; they have built up constitutions that defied further inroads of kidney disease. Purely a vegetable remedy, free from injurious minerals like mercury and calomel, mild enough for children to use, where can you find a remedy in efficiency to approach Dr. Hamilton's Pills. To be candid, you can't. All dealers sell Dr. Hamilton's Pills, in yellow boxes, 25c.

Lemons Do Whiten! Try This on Face, Neck, Arms, Hands

The lemon juice massage indulged in once or twice each day means a little time and trouble, girls, but what of the splendid results? A skin bleached beautifully white, a complexion with the bloom of a peach, a softening of those lines of care; in fact, a skin eloquent of nature's purity and hands white, soft and full of charm. What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin, and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When massaged daily into the face, neck, arms and hands, it should naturally help to whiten, clear, smoothen and beautify the skin. Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

community owes much to men of Mr. McIntyre's type, and we have a number of them, and possibly it is no error to tell them while they are among us, that their services and sterling qualities have been appreciated.

A GREAT AND MAGNANIMOUS MIND.

The appearance of Peter McArthur's work on the life of Sir Wilfrid Laurier furnishes an opportunity to again reflect on the career and character of that lamented statesman. It once more reminds us that the greatest monument a man can rear for himself is an affectionate memory among his countrymen. When other things of a material nature are chipped and broken by the hand of time the record of an unblemished life and of a kindly heart remains.

Few pause to think, perhaps, of many occasions which arise during the activities of public men when their patience and urbanity are disturbed by discouraging circumstances and merciless attacks. The tendency of human nature is to express opinions that savour at the time of retaliation. What Prime Ministers and leaders of great parties say becomes history, but the most cautious and restrained tongue sometimes reveals the inward feelings of him who is nettled or annoyed.

In reviewing the memoirs of Sir Wilfrid, one is forcibly struck with the constant graciousness and magnanimity of the late orator under the most trying conditions. Though pierced by the arrows of criticism, often carrying poison and hatred in their points, Sir Wilfrid seemed never to lose control of his speech. The retort courteous was his form of reply. He was large enough and noble enough in temperament and soul to be kind to those whose differences provoked irritating words.

What a contrast in stature politically can be drawn between him and another of his own race who, though at one time dignified with the term "Honorable," has exceeded all reasonable bounds in his statements in

ROADS THAT ARE STREWN WITH FLOWERS

There are many who believe that all big corporations and industrial concerns only look to the material side of things and work machine-like for the production of wealth, regardless of the winter's snow and unheeding of the summer's bloom. This is often an erroneous idea, for it is generally realized that man does not altogether live by offices and pens and paper and engines and other accoutrements of labor—he requires trees and shrubs and flowers and the loveliness of nature.

The Canadian Pacific Railway has always paid considerable attention to the development of garden plots along its lines. It is just thirty years ago since a C.P.R. employee raised a few varieties of flower seeds in his own garden, and distributed them amongst his friends in the service of the company, with the object of promoting flower gardening at the various station plots of the railway. A vast advance has been made since then, and now the company possesses a Floral Department with headquarters at Windsor street Station, Montreal, and a Floral Committee which embraces members from the Eastern and Western lines. It is under the guidance of this department that the various station plots and other properties of the company are cleared up and beautified. Thousands of packages of flower seeds, bulbs, trees, and shrubs and large quantities of glass wicks and fertilizers have been distributed during the last few years to station agents, section foremen, caretakers of round houses, and all employees living on the property of the company.

The House. We refer to the Hon. Rodolphe Lemieux, former Post-Master General. Piqued by the criticisms levelled by the press against the indifference of many of Quebec's people in the war just closed, and stinging under a defeat which showed clearly Canada's lack of confidence in Quebec's parochial politicians, Mr. Lemieux resorted to the unusual tactics of uttering statements under protection of Parliament which he did not have the courage to repeat outside. He charged that the Liberal newspapers were "bought" in the recent election and were base enough to advocate what they did advocate because of monetary consideration. He sought to establish that a chain of newspapers almost from the Atlantic to the Pacific abandoned all moral and ethical standards for a few hundred dollars a piece, doled out by the Government. Without discussing the absurdity and falsity of Mr. Lemieux's remarks or asking him if all the siders in England and France were likewise "bought" because they voted for Union Government, does there not appear a remarkable difference between the attitude of Sir Wilfrid and that of Mr. Lemieux? It is not a difficult thing to imagine that the Liberal leader was keenly disappointed over the loss of old friends and supporters, but no harsh or improper words fell from his lips. He granted to all men the right to think as their conscience dictated. He could not and did not allege that those who differed from him were susceptible to the tinkling of gold. It would be as hard to fancy Laurier saying such a thing as it is now to conceive how Lemieux made such a blunder. The only explanation is that that one man was a statesman, with a mind cast in a large generous mould, the other is a provincial politician with the canker of jealousy, suspicion and prejudice working in his bosom.

The Robins bagged out the most hits, reaching the Philie hurlers for twenty-three safe ones on April 30.

Travellers on the line observe the happy results achieved. The cultivation work is done in all cases by the employees themselves, who in most cases acquired the art of amateur gardening by taking their lessons from leaflets issued by the Floral Department. The best material is always provided. Amongst the varieties of trees supplied are: Maple, birch, beech, poplar and catalpa. Some of the shrubs are: weigelia, berberis, laurel leaf willow and sumac. Perennials distributed are: Oriental poppies, iris, phlox, veronica, gaulthier, larkspur, columbine, sweet william, and pink. Bedding plants used include: geraniums, coleus, cannas, pansies, asters, verbena, petunias, and castor oil plants. Standard seed packets are sent out contain: Nasturtiums, alyssum, mignonette, sweet peas, phlox and kochia. Ferns and house plants are given to the larger stations. The establishment and maintenance of the gardens and selection of the seeds, bulbs, and plants are supervised by Mr. B. M. Winnipeg, forester of the company. The encouraging influence of C.P.R. officials connected with these societies, and most of them received their first lesson in flower culture at the C.P.R. flower beds. Flowers have improved the railway stations, and inspired by the beauty of the stations, residents of the towns have planted flowers and improved the appearances of their homes. In every division of the C.P.R. prizes are given every year for the best displays, and many of these amateur products with success against all comers at the big Canadian and American flower exhibitions.

The Celtic is to arrive at Halifax with 2,675 Canadian troops on board on or about May 15th, and the Ordun, with 976, on the 16th.

St. Thomas citizens are invited to buy coal at \$10.25 through the city's Coal Purchasing Committee, the dealers' charge being \$12 at present.

Troops were called for by the border cities Mayors to "prerive order in Windsor when the striking street railway employees prevented the company from giving a car service.

HANGED BY THE NECK

No death is more certain than the end that comes to every offender treated by Putnam's Corn Extractor. Out comes the corn or wart, root and branch. Insist on "Putnam's" only, it's the best, free from acids and painless. Price 25c, at all dealers.

A BIG, FAT, OPPORTUNITY IS KNOCKING AT YOUR DOOR.

**DR. ARTHUR B. COBB**  
 Dentist

The most REMARKABLE thing about this modern Dental establishment is that every Dental operation is performed by a Dentist who has specialized in just that particular branch of Dentistry.

Dr. Cobb personally supervises the extractions; and his method, perfected by twenty-three years of experience renders the operation painless in normal cases.

There are also Specialists here who devote their entire attention to Crown and Bridge work with the natural result that their work gives complete satisfaction and gratification.

The most ASTONISHING thing about this exceedingly modern Dental establishment is that the patient has all the benefits of Specialized treatments at such extremely moderate charges.

There is no charge for examination and the patient is told at that time just what the completed work will cost him.

**FOOD FOR LAYING BIRDS**  
 Most Economical Ration, in View of Conditions, Discussed.

Contagious Abortion Makes Necessary the Sale of Valuable Animals at a Sacrifice.—The Disease, However, Will Yield to the Treatment as Explained.

**A** PULLET requires more feed than a hen. If it is intended that the pullet produce eggs, a bird-to-lay well must have a surplus of feed over and above body maintenance. The excess of feed above body maintenance goes either towards growth, fat, or egg production.

Poultry feeds are divided into two classes: one, whole or cracked grains, commonly called scratch feed, and the other, ground grains, commonly called mash.

Scratch feeds are generally fed at night and morning and are scattered in straw in order to induce the birds to scratch or take exercise. A mixture of two or more kinds of grain usually gives better results than one single grain, largely because individual birds' appetites vary from day to day. A good mixture for the winter months might contain as much as fifty per cent. good corn, either whole or cracked; if corn should not be had, and the birds were accustomed to eating buckwheat, the buckwheat would answer nearly as well, or one could use twenty-five per cent. cracked corn and twenty-five per cent. corn. To the corn or buckwheat could be added twenty-five per cent. of barley, ten per cent. of wheat screenings, and fifteen per cent. of good oats. If one was obliged to do so, almost any of the grains could be fed alone with the exception of oats. There is too much hull or husk on oats to use entirely as a single feed.

At present for a mash feed, if we are using the standard hog feed, if the ground grains are to be fed, shorts, barley meal, and ground oats. Corn meal could be used in the place of the barley or with it. If one is short of green feed or roots, it would be well to add a part of bran. Perhaps the simplest mash to feed from an open hopper is rolled or crushed oats. We have used this when the birds had milk to drink, for a number of years with excellent results.

Laying hens require plenty of green feed. Cabbage is one of the best green feeds. Roots are very good, but clover leaves should be within reach as well as the roots. Sprouted oats are used to a large extent on poultry farms. When the birds get accustomed to a green and succulent food it is generally wise to give them all they will eat. A pen of fifteen pullets will eat a fair-sized head of cabbage almost every day or one hundred hens will eat a peck of sprouted oats day after day.

Grit and shell should always be within easy access.—Prof. W. R. Graham, O. A. College, Guelph.

**Abortion Should Not Be Neglected.**  
 Some cases of abortion are the result of injury to the dam due to a fall or bad kick. In such cases the trouble is not likely to spread to other members of the herd. With the majority of abortion cases, however, the trouble is due to an infectious disease which is very readily spread to other members of the herd.

The disease apparently is localized almost entirely to the uterus. Here an inflammation is produced which may result in the expulsion of the fetus, dead or alive, at any period of gestation. In most cases of infectious abortion, however, the fetus is expelled dead. A frequent complication of such a case is the retention of the foetal membranes by the dam. If these are not removed after a few hours, death from blood poisoning is almost sure to occur.

The bacilli which cause the disease are present in large numbers in the fluids, foetal membranes and fetuses. Consequently, every care is necessary to prevent these from contaminating anything with which other stock is likely to come in contact, either directly or indirectly. All should be gathered up carefully and burned or else buried deeply in quick lime. Then the hands and clothes of those in attendance should be thoroughly washed with a disinfectant, and a strong disinfectant used freely all around the stall, particularly on the floor.

The dam should be kept in a stall by herself, as there will be a fluid discharge from the vulva which may last for weeks. Disinfectants should be freely used in the stalls, and the external genitals, thighs, tail and back of udder should be washed daily with a satisfactory disinfectant solution. For this purpose a two-per cent. solution of lysol is strongly recommended. Strict attention should be paid by the attendant to the thorough disinfection of his hands or other parts of his person or clothes after handling the patient.

The dam should not be bred again until some weeks after all discharges from the vulva has stopped.—Prof. D. H. Jones, Ontario Agricultural College, Guelph.

The Coroner's inquest to enquire into the death of the infant girl who was drowned in the old canal near Merriton will be resumed at the Police Station to-night.

**DUTCH PRESS SHOWS GERMAN TENDENCIES**

Amsterdam, May 13.—The comment of Dutch newspapers on the Peace Treaty is generally unfavorable. The Handelsblad calling it "a crime against Germany and a blow all against humanity." The Nieuw Rotterdam Courant says: "The treaty does not end the war; it continues it forever." The Telegraaf, on the other hand, has this comment: "Germany is treated with terrible severity, but really did not deserve a better fate."

**PREDICTS BUSY SUMMER**

Following the unprecedented rush for the winter resorts in the south, summer resort hotel people in Ontario are looking forward to a big summer business. Proprietors and Managers of hotels throughout the Lake of Bays District, express the opinion that the summer of 1919 will mark a record in the popularity of this north section. Many are already making extensive improvements in anticipation of unprecedented trade. They point out that the war is now over and the beauties and solitudes of nature so vividly exemplified among these lakes will offer a tremendous appeal to those in search of quiet and rest. The Waves Hotel at Norway Point, will open its season on June 28th. Mr. A. P. Thompson of Bermuda, returning as Manager with many new and novel ideas all for the comfort and care of his guests. Illustrated descriptive literature sent on request. Apply to C. E. Horning, Grand Trunk Railway, Union Station, Toronto. m13

**You get the full weight of tea marked on the sealed Red Rose package.**

The tea is weighed on our costly automatic electric scales before it goes into the package.

In the sealed package, you get not only full weight, but full flavor, full strength and all the good qualities of Red Rose Tea protected against the air, odors and dust.

**RED ROSE TEA is good tea**

**ADVERTISE IN THE JOURNAL**

**REO**

**A Reo Owner Says It Better Than We Could**

ASKED HIS OPINION as to the relative merits of various competing makes of automobiles, a Reo owner after a moments thought said:—

"THERE ARE MANY good automobiles—but the man who owns a Reo is lucky!"

YOU KNOW THAT WORD "lucky" has come to have a new significance of late—since our boys over there used it.

TO BE "OUT OF LUCK" was their way of expressing any tragic or difficult or aggravating condition. It might be the result of bad judgment or bad conduct or just chance, but they covered it all by the one expressive term "out of luck."

THIS AUTHORITY WAS RIGHT—used in that sense the owner of a Reo is always lucky.

HE ALWAYS GETS THERE, though his friend in some other car stop by the whyside.

NEXT TIME YOU HEAR a motorist in trouble exclaim, "just my luck"—repeat to him what that Reo owner said.

GOOD LUCK in the ownership of a good automobile is the result of good judgment in selecting the right one when buying.

IT IS EASY TOO to determine which is the best car in any size or price class. Just ask owners. And ask garage men—ask anyone who knows, to name the two best, and, as one of them he will name Reo.

THEN NOTE how much oftener Reos are mentioned than any other comparable car—follow the suggestion and you can be lucky too!

**REO GARAGE**  
 61-65 ONTARIO STREET F. J. MURPHY, Prop.  
 Reo Motor Car Company, Lansing, Mich.

**"THE GOLD STANDARD OF VALUES"**

### Gas Keeps Down Living Costs

Forecasts—Light winds, etc. today, and Wednesday, becoming warmer.

Foodstuffs and clothing have risen in price from 90 to 100 per cent in the past five years. Coal has taken a big jump in price and promises to go higher.

The cost of producing Natural Gas has also risen very considerably and the cost of marketing it is much greater than it was.

Notwithstanding this, there has been no great increase in the price of natural gas to you. Be sparing, therefore, in your use of gas so that this cheap, convenient fuel supply may be available for many years to come.

ALTHOUGH NATURAL GAS IS CHEAP, DO NOT WASTE IT—THE SUPPLY IS NOT EVERLASTING.

THE UNITED GAS COMPANIES, Limited.

## Farms Wanted for Soldier Settlers

Powers are proposed to be granted at the approaching session of Parliament to the Soldier Settlement Board of Canada to purchase lands to be resold to qualified returned soldiers settling on land. In the case of undeveloped lands the Board will be granted powers of forced purchase at prices judicially determined.

To enable soldiers to locate in any district in Ontario that they wish, the Advisory Board for the Province of Ontario desire to have filed with them a full description and lowest cash prices on a small number of select farms in each district of the Province, available for purchase.

The public are hereby informed that this land is for returned soldiers, and no tenders to sell are requested except for land of good quality and location, and reasonable value, making possible the success of the soldier as a farmer. The purchase price in all cases will be fixed by the Board after the land has been inspected and valued.

The information received will be treated as confidential. No commission will be charged or paid. No offer to sell will be binding on the person offering unless a sale is effected, and no obligation will be on the Board to accept any offer.

If application from a returned soldier be received for a farm listed with the Board, a valuation for such farm may be at once made by the Board and, if approved, negotiations may be entered into for the purchase and sale thereof. An approved list is desired for each district of Ontario.

Address all Communications to

W. M. Jones

Provincial Supervisor,

The Soldier Settlement Board

32 Adelaide Street East Toronto, Ontario

## CITY AND DISTRICT

We buy everything you want to sell. McGuire & Co.

The current issue of Queen's Quarterly which has just been received contains a clever story by L. J. Burpee entitled "A Forgotten Adventurer of the Far Trade."

Social and dance Tuesday evening May 13th at 8 p.m. L. L. P. rooms above Hynes Cigar store St. Paul St. Admission 25c. m12-13

Several theatre parties were held at the Grand Opera House last night when Miss Elsa Ryan scored another big hit in "Tea for Three."

FOR RENT—HOUSE WITH SOME garden land, good chance for the right man. Enquire evenings, 177 Russell Ave. m12-13-14-15-16-17

The Civilian Advisory Board of the G. W. V. A. held a meeting at the Club House yesterday afternoon when several important questions were discussed.

Choice cut flowers, potted plants and floral designs, at all times, at Walker's, Florist, 104 St. Paul street Phone 763.

The meeting of the executive committee of the Citizens' Reparation League held for last evening was postponed.

The Masquerade Dance held under the auspices of the Junior Ladies Auxiliary of the G. W. V. A. in the Queen's Hall last night was a big success in every way and the large number of young people present had an enjoyable time.

We buy and sell everything: Bowlers, 31 Niagara Street corner Church and Niagara Street, Phone 1088. m12

The Electrical Workers and Operators Union will meet in the Carpenters Hall, Queen street to-night.

Secretary L. P. Cunningham and Comrade Conroy of the local G.W.V. A. left this afternoon for Windsor, Ont., to attend the annual convention of the Provincial Command.

Arrangements have been completed for the Grand Army of Canada dance in Queen's Hall to-morrow evening. Colton's orchestra will supply the music.

Owing to the fact that the Mayor expects to go to Quebec next Monday it is possible the City Council may hold its meeting earlier than next Monday night.

Dealers in St. Catharines in automobiles are finding the season opening out with splendid prospects.

A meeting of the Hospital Board was held yesterday afternoon, Mr. J. G. Moore chairman presided. Mr. J. D. Chaplin M.P., Mayor Elson and Mr. J. K. Kernahan were also present.

The manufacturers of and dealers in musical instruments are holding a dinner at the Welland Club, Welland at noon tomorrow. The event is arranged by the Musical Association of the Niagara District and a number of gentlemen are going from this city.

It is reported that bids are being made for the property on James street near St. Paul owned by Mr. Devlin for the purpose of a fine new store. The building was recently destroyed by fire.

The concert to be given Thursday night by the 19th Regt. Band is the opening one of the season but it is being given to assist the band to get some funds. During the last four years it has been seriously depleted and yet it is starting in again to build itself up into a strong organization.

The Parish Hall Guild of St. Thomas Church is holding a sale of fancy work, and an afternoon tea tomorrow.

Mr. H. G. Charlton of Aylmer, Ont., will deliver an address in Queen's Hall Friday night next on Reconstruction and political problems.

Mr. J. D. Chaplin, M.P., returned to Ottawa last night to attend the session.

Lt.-Col. S. B. Scabell and Mr. A. W. Gwiner have left for England where they hope to arrange for several commercial agencies for Canada.

Ald. Nash who has just returned from England reports that quite a number of business interests are thinking of establishing branches in Canada.

During their visit to the Niagara district the Duke of Devonshire and his daughters, Lady Rachel and Lady Ann Cavendish, visited the various points of interest. The Maid of the Mist steamer was chartered and a special trip was made to the foot of the Horseshoe fall. The duke and his two daughters and their suite were passengers. Later the royal party visited the Cave of the Winds. The party attended services at Christ Church, Niagara Falls, Ont., Sunday morning. Before they left for Toronto late Sunday afternoon, Mayor Stephens visited the duke at the Clifton Inn.

Hear W. G. Charlton of Aylmer give an address on "Present Day Problems, Reconstruction problems and recasting of political problems in Queen's Hall, Friday May 16th, at 8 o'clock, under the auspices of the Ladies Liberal Club, Ladies and gentlemen welcome. m 12 13

Niagara Falls, Ontario and Niagara Falls, N.Y., will jointly observe Memorial Day this year, May 30th. is the date.

Fifteen local soldiers arrived home from overseas yesterday and were met at the station by members of the Repatriation League, who conveyed them to their homes in autos.

WANTED—First class repair man for the International Garage, Mary St. m. 10-12-13

The St. Catharines Municipal Voters Association will hold a business meeting in Connaught School tonight.

Parish Hall Guild of St. Thomas Church will hold sale of fancy work, fish pond and afternoon tea Wednesday afternoon and evening, May 14, in Sunday school rooms; evening musical programme, silver collection. M13-14

The many friends of ex-mayor J. B. McIntyre will expect to learn that he is in very poor health.

Ratepayers will meet tonight in the East End School to hear civic matters discussed.

Mr. Joseph Reinhardt of the North American Furniture Company, Owen Sound, is spending a couple of days in this city with his customers in the furniture trade. Mr. Reinhardt states his business to be increased in one year to twice what it was during the war.

### The Heintzman & Co. Player-Piano is a Real Piano

All that enters into the making of the Heintzman & Co. piano is found in the construction of this player-piano.

The tone, the touch, the beautiful singing quality that are distinctive marks of the pianos of this house are manifest in this player-piano.

The daughter or son, who is an artist on the piano, will find the Heintzman & Co. player-piano measure up to his or her highest ideals of a perfect piano.

At the same time the player-piano can be used by any member of the family, the sweetest strains of the sweetest music can be produced by one who does not know a note of music.

This two-fold instrument is one you should know more about. Let us demonstrate its use and quality.

### HAWAIIAN MUSIC

Those people who like real Hawaiian music should call at the Victrola Parlors of Ye Olde Firme of Heintzman & Co., 68 St. Paul Street, and hear some of the best records of genuine Hawaiian musicians. The following are very popular: "Killint Waltz", "Walland Waltz", "Hula Medley" and "Kohala March."

The Senior O. L. A. Club will hold a business meeting at the Ellis House to-morrow evening when arrangements will be made for the opening game of the season.

The Arts and Crafts Guild will hold their annual meeting two weeks hence when the new officers will be elected for the year.

The present weather will have a beneficial effect on the fruit trees in this district and a few more warm days will help conditions a whole lot.

City Clerk J. Albert Pay announced this morning that the mortality rate last month was very low in comparison to other months.

The Public Utilities Commission will hold a meeting at the offices to-morrow evening.

The Athletic Council of the Y. M. C. A. will meet in the "Y" Parlors to-night at 8 o'clock.

### DRINK HOT WATER • IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

I want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or painful complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, dizziness, spells, acid stomach, or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities in to the blood, while the bowel pores do.

A representative meeting will be held at the Y. M. C. A. tonight when an effort will be made to form a Sunday School Baseball League.

XIX. Regiment band, assisted by Orpheus Quartette, St. Catharines Armory, Thursday evening, May 15th. Admission: Adults 25c; children, 10c.

Mr. R. L. Toque and family of Toronto are at the Grand Central Hotel awaiting the arrival of their household goods. They have purchased a fruit farm near the city and will take up their residence here soon.

### WHAT EXCHANGES SAY

#### MR. LEMIEUX'S BREAK

Stratford Daily Herald: Mr. Lemieux's statement in the House of Commons that the Liberal press of Canada which has supported the Union Government was "bought," has called forth expressions more of contemptuous pity than of censure; pity that a man of Mr. Lemieux's intelligence, of his reputation as a public man, of his personal acquaintance with news papermen, should have allowed his partisanship so to get the better of himself as to lead him into such unwarranted and untruthful statements. None but the most ignorant will believe what Mr. Lemieux said. Mr. Lemieux himself does not believe it. He gave evidence of his lack of faith in his own allegations by his refusal to make charges in such form that an enquiry could be made and himself exposed as a wretched detractor of man's honor and reputation.

#### WHO'S HIDING 'EM.

Arnprior Chronicle: They say that figures never lie, yet the assessor's returns show that Arnprior has less dogs this year than it had last year, and in 1918 we were supposed to have only 42. Councilor Moran should bring in a bill compelling our dog population to walk up and be counted.

#### CAYUGA TO OPEN NIAGARA RIVER SERVICE SATURDAY

## THOUSANDS ON FARMS

Over 7,500 Persons Were Placed on Farms This Year.

Experience Shows Cold Nights Lower Milk Flow When Cows Are Left in Fields.

SINCE Oct. 31st, 1917, the Ontario Government Public Employment Bureau has secured employment for 19,000 persons, of which 7,016 were men and 11,984 women. This work has been accomplished for the most part through the efforts of the offices at Toronto, Ottawa, Hamilton and London. Since April, however, new bureaus have been opened at Kingston, Port Arthur and Fort Williams in order that the best results might be gained through the campaigns for farm laborers the efforts of the Trades and Labor Branch, the Organization of Resources Committee and the Agricultural Representatives were co-ordinated. The province was divided into six districts, each centering around one of the bureaus. The organization is now such that each county, through the Agricultural Representative, is kept in touch with one of the Employment Bureaus. Thus the surplus labor in one part of the province may be shifted to a part where a scarcity is felt. Any farmer in Ontario, by communicating with the Agricultural Representative for his county, may learn how farm help can be obtained.

To date, 7,500 persons have been placed on Ontario farms. Of these some 3,300 were men, 2,140 boys and 1,260 women. Several campaigns have been launched including "Soldiers of the Soil" (boys between 14 and 18 years), "Haying and Harvest," "Sugar Beet Hoeing," "Threshing and Fall Ploughing," and "Planting." More than 250 boys were sent to the sugar beet fields of the Chatham district, and 125 are now pulling hay.

Of the 1,260 women sent the majority are on fruit farms. An effort was made at the Toronto office to send women to assist in the farm kitchens with the result that 70 women have gone to this work. During the winter a class was organized for the purpose of giving girls a training in chore work on the farm. In April a course was opened, at the Ontario Agricultural College, where about 450 women and girls have gone out to assist on mixed farms throughout the province. The results achieved by these women have been satisfactory from the standpoint of the farmer.

It is the desire of the Department that every farmer in need of help is supplied with suitable and satisfactory assistance, and it is to this end that our offices are organized and into the fulfilling of which practically all the energy of our staff is put.

On account of the supreme importance of food production the greatest amount of effort, in all offices, has been put forth toward recruiting and placing men on farms, yet a large number of people have secured positions in other lines of work. Eight hundred and seventy-one men have been placed at factory and munition work, 3,200 general laborers, 3,000 builders and 1,824 at miscellaneous occupations. Women have been placed as follows: 1,690 domestics; 1,273 munition and factory workers, and 1,700 at clerical and miscellaneous occupations.—Dr. W. A. Riddell, Superintendent, Ontario Trades and Labor Branch.

#### Keep Cows Inside During Cold Nights.

The season for cold nights will be here all too soon, in this northern climate. While it is true that keeping the cows inside means more labor in cleaning the stable and more difficulty in keeping the cows clean, the extra fertilizing material collected in this way will probably pay for the extra labor. If this does not, the extra supply of milk received by keeping the cows in a comfortable stable at times when the temperature drops below freezing-point, will do so. Experience shows that cold has a very marked effect in lessening the milk flow, particularly for cows that have been milking for some time when the natural tendency is for the cow to dry up and during which time every means should be adopted to keep the cow milking. Cows should milk at least ten months of the year. Leaving cows out of doors on cold nights, after they have been milking for six or eight months, makes a greater tendency for these cows to go dry.

Where cows are kept inside, the stable should be cleaned regularly and some absorbent material like sawdust, shavings, chaff, or cut-straw, should be scattered along the passages, on the platform, and in the gutter. This helps very much in cleaning the stable and in keeping the cows clean.

Another advantage of stabling on frosty nights, is that it prevents the cows eating frozen food, which is generally considered to be injurious to milk cows. They may be kept in the stable or yard until after the pasture thaws, and in this way the animals are protected against digestive troubles, and conditions are more favorable for maintaining the health and milk-flow of the animals.—Prof. H. H. Dean, O. A. College, Guelph.

#### Prevent Great Farm Loss.

If, through better care and management, the average life of farm machines could be increased by a single year what a tremendous saving would be effected. The amount a farmer loses each year through neglect of his machinery would pay for the erection of a plain weather-proof shed that would keep them in good condition.—Prof. John Evans, O. A. College, Guelph.

The Melita docked at Quebec yesterday afternoon at 3.30 and the Cassandra will likely reach Montreal tonight.

# How Returned Men Can Become Farmers

EVERY returned man who wants to become a farmer and is qualified for that vocation can get real, practical help through the Soldier Settlement Board.

The Government's programme includes—

- (1) The securing of land.
- (2) The loaning of capital needed to purchase equipment and live stock, and erect buildings.
- (3) Agricultural training and farm supervision.

#### The Loans Granted

Loans may be approved by the Loan Advisory Committee, according to the needs of the settler, on the following basis:—

- (1) Up to \$4,500 on the purchase of land.
- (2) Up to \$2,000 on the purchase of live stock, implements and other equipment.
- (3) Up to \$1,000 on the erection of buildings and other permanent improvements.

The first and third are repayable in twenty-five equal annual instalments; the second in four equal annual instalments beginning the third year, no interest being charged for the first two years.

On all these loans the low interest rate of five per cent. will be charged. A cash payment of ten per cent. of the purchase price will be required on the land—but this may be waived by the Board in special cases.

Qualified settlers on Dominion lands may secure loans up to \$2,000 on a plan similar to the above for farm equipment, live stock, and erection of buildings, provided security offered justifies the loan.

#### To Whom Granted

To be entitled to these privileges a man must have served with an honourable record in the Canadian, Imperial, or British Colonial forces in an actual theatre of war or outside of the country in which he enlisted (service in U.S. or Bermuda not included). Others eligible are:—

- A British subject who lived in Canada before the War and who was on active service with the Allied Forces in an actual theatre of war.
- A member of the Canadian Expeditionary Force who served in Canada only, but is in receipt of a pension for disability occasioned by such service.

#### A Broad Policy

All soldiers whose best interests will be served by taking up farms will be assisted. Only suitable land will be approved. That is (a) land that is near to existing railways or organized communities; (b) land that will make money for the soldier; (c) land that will provide a first class home.

## The Soldier Settlement Board

(W. J. BLACK, Chairman)

## MERRITTON

The 1st Degree of Livingstone Lodge, I. O. O. F., 130, will be put on tonight.

A very pleasant evening was held by the members of the Senior Epworth League in the Methodist Church, last night, a large number being present. A splendid program of readings, vocal and instrumental music was supplied by the following talent: Mrs. Ralph Phelps, Nettie Gillis, Blanche Ker, Fred Horton, William Orser and Norman Katz.

Rev. Mr. Hamilton, of Welland Avenue Methodist Church, St. Catharines was present and gave an excellent address which was amply enjoyed by the large number present.

The regular meeting of the Town Council was held last night with all members present with the exception of Councillor Thompson.

Moved by Councillors Wedsworth: "That the attention of the N. S. & T. Ry. be called to the clause regarding the ringing of a bell in their agreement with this municipality which is not observed, and in case of further violation that action be taken to compel them to give up the said clause in the above mentioned agreement.—Carried.

Moved by Councillors Leo and Wedsworth: "That the clerk be empowered to secure a suitable man to operate a steam road roller, and to do other mechanical work at a salary which he considers a fair wage.—Carried.

Moved by Councillors Richardson and Leeson: "That by-law 312 be authorized the levy of taxation for the town of Merritton, and for school purposes for the year 1919 be now read a first time.—Carried.

Moved by Councillors Richardson and Leeson: "That by-law 312 be now read a second and third time and do pass any rule of this council to the contrary notwithstanding.—Carried.

Moved by Councillors Leeson and Richardson: "That the Mayor be authorized to issue his check for the following accounts:

Canada Crushed Stone Co. \$38.50.  
Municipal World \$5.98.  
Thorold Planning Mill \$24.30.  
Coy Bros. \$300.  
Ingersoll and Kingston \$500.  
Semi-Weekly Post \$400.  
James Wilson \$150.  
St. Catharines Journal \$504.  
B. C. Fairfield and Son. \$200.  
Total \$89.50.

Moved by Councillors Leeson and Richardson that a by-law 313 provide for the payment of taxes for the town

#### Touch Toes Fifty Times

Fine exercise! Keeps skin clear and complexion rosy by forcing the delayed food, poisons and waste from the stomach, liver and bowels. Splendid!

But most people take their exercise in an easy chair. They become headachy, bilious, sallow, dyspeptic, constipated. Such folks must take Cascarets occasionally. No other cathartic or laxative "works" like harmless Cascarets. They act on the bile-clogged liver and constipated bowels, gently—no inconvenience! Cascarets cost only 10 cents a box.

But most people take their exercise in an easy chair. They become headachy, bilious, sallow, dyspeptic, constipated. Such folks must take Cascarets occasionally. No other cathartic or laxative "works" like harmless Cascarets. They act on the bile-clogged liver and constipated bowels, gently—no inconvenience! Cascarets cost only 10 cents a box.

HERE AND THERE IN SPORT

By J. C. L.

The Toronto International League team lost the first home game at the Island yesterday to the Newark Indians after a keen struggle.

Frankie Bull, the Toronto lightweight, will box with Frankie Schell of Buffalo to-night in the Bison City and the bout is attracting wide attention.

Commander J. K. L. Ross is being showered with telegrams of congratulations over the victory of his good colt Sir Barton in the Kentucky Derby.

Twelve innings were required to decide a winner in the Pittsburgh-Chicago game yesterday and the Smoky City nine were returned as victors.

SECOND COME BACK OF GREAT RACE HORSE

Old Rosebud has come back and another miracle is being unfolded before the eyes of the racing public.

In all turf history perhaps no achievement is more remarkable than that of a horse which has been relegated to the scrap heap, only to emerge and add glory and fame to an already glorious name.

Old Rosebud was a sensational performer as a two-year-old. His flights of speed made him one of the most talked-of horses in the world.

A HOPELESS CRIPPLE

Old Rosebud bowed a tendon and had broken down so completely that it was felt that he was a hopeless cripple.

One day in 1915 Frank Weir, his trainer, happened to pass the pasture where old Rosebud was grazing with some two and three-year-olds.

Weir, hardly believing his own eyes, put a halter on old Rosebud and sent him around the track the next day for a tryout.

THE FIRST COME BACK

A miracle had happened! Old Rosebud came back to the races in the spring of 1917, making his debut at Hot Springs.

Old Rosebud established himself as the greatest horse of 1917, and won without dispute the title of all ages champion of 1917.

THE SECOND COME BACK

Through 1918 old Rosebud never wore a saddle. No one ever figured that he could come back.

He started at Havre de Grace on a dry track against some of the best sprinters in America. He broke in front, raced along easily and scored by nearly three lengths.

FOUR MASTER DRIVERS

Indianapolis, Ind., May 13.—Four former winners of international championship races on the Indianapolis motor speedway will engage in a rubber contest to determine their individual supremacy during the Indianapolis 500-mile Liberty sweepstakes on the Hoosier oval on May 31st.

The four premier gladiators, who will meet in decisive conflict, and the order in which they established their claim to first honors, are as follows: Jules Goux, 1913; Rene Thomas, 1914; Ralph De Palma, 1915; and Darío Resta, 1916.

To pick a favorite among this quartette would be more than to discover the proverbial needle in the haystack. All are master drivers, and will have mounts capable of carrying them along at top speed.

TENNIS ASSOCIATION BARS THE GERMANS

New York, May 13.—The National Lawn Tennis Association yesterday announced the adoption of a resolution barring play between members of the association of its allied clubs and any player of the Central Powers or their allies.

FOOTBALL

The members of the G. W. V. A. football team will practice on the Collegiate grounds to-morrow night.

AMERICAN NEGRO BOXER BATHES IN EMPEROR'S TUB

Paris, May 13.—The champion boxer and wrestler of the American Expeditionary Force returned to Paris yesterday to prepare for inter-allied games after two weeks' tour of the area of occupation.

Mod Eller scored the most strikeouts in one game when he fanned eight cards on April 25.

Burlingame Grimes and Jake May walked the most batters in one game, seven each.

GENERAL RECRUITING DEPOT, TORONTO WANTED—RECRUITS FOR THE PERMANENT FORCE ENLISTMENT

A Profitable and Efficient Station for Work Horses When Fall Work Closes—How to Feed Roughage to Live Stock to Best Advantage.

Reprinted by Ontario Department of Agriculture, Toronto.

ONE great lesson which is being impressed on the people of Canada at the present time, and which cannot be emphasized too much is the need for thrift or economy, in this connection these in authority ought to set a worthy example to what Lincoln called "the Common People," or whom he is reported to have said, "The Lord must have loved them, because he made so many."

Farmers farm, "not for fun" as a man said to me one time, "but to make money." This may not be a high ideal for farmers or anyone else, but nevertheless it is a very necessary part in the lives of most farmers.

The chief value of winter dairying from an economical viewpoint is, that prices for milk, butter, and cheese are always greater in winter than in summer, and if the product of milk can keep winter production costs down to the level of summer costs, the gain in price for the milk, cream and butter sold in winter, is clear profit. Some claim that this cannot be done and that the extra cost of feed in winter, more than counter-balances the extra prices received for winter dairy goods.

This is probably true where the cow-feeder is obliged to purchase all his concentrates in the form of high priced dairy feeds, such as alfalfa, cottonseed and gluten meals, but where a farmer is able to grow all his roughage, and at least one-half the meal ration, on his own farm, there is probably not so much difference between winter and summer milk costs, as some would suppose, especially on high-priced land, where cheap roughage is available for summer pasture, then summer milk can be produced comparatively cheap.

Another phase of milk production in winter worth considering is the labor problem. In winter there is more time to attend to the cows than in summer during the rush of work. Having the cows in a comfortable stable makes pleasant winter work looking after them. If at least half the herd be fresh during November and December, these cows will be going dry at harvest time the following summer, and thus labor is more evenly distributed throughout the year. Winter dairying may be warmly commended to the people of the Province of Ontario who keep cows for profit.—Prof. H. H. Dean, Ontario Agricultural College, Guelph.

Simple Rules for Economical Feeding.

- 1. Grow as much of your own feed as possible.
2. Utilize roughages to the greatest degree possible.
3. Keep feeding stalls and pens well lighted, dry, clean and well ventilated.
4. Feed regularly.
5. Make changes in rations gradually.
6. Feed only what is eaten up clean and quickly at each feed.
7. Have clean fresh water before the stock at all times.
8. Study the individuality of each animal.
9. Feed mixtures where possible, as a variety of food is more palatable, and palatability is a factor in digestibility.
10. Cut feed to avoid waste.
11. Make a wide use of cuts which should form the basis of all our grain rations.
12. Always be kind and quiet with the stock. It pays.
13. Study market values of feed, and compound balanced rations accordingly, in order that the cheapest available be used.
14. See that the stock gets regular and sufficient exercise.
15. Keep all feeding troughs, mangers and utensils clean.—Prof. Wade Toole, Ontario Agricultural College, Guelph.

The Proper Ration for Horses When the Fall Work Closes.

When the fall work is completed and the hard-worked horse is at the beginning of his long period of idleness, feeders naturally plan to change the ration and carry the horse through the winter as cheaply as possible. The horse should get exercise regularly. He should not be taken from regular hard work and tied up in a stall day in and day out. If possible, the work should gradually ease off and the feed, particularly the grain ration, should be cut down accordingly. The idle horse may be wintered almost wholly on roughages. Good clover hay, or better, a mixture of clover and timothy well cured will serve as the main winter feed. Roughages are always cheaper than grain, and where hay is available the grain ration of the idle horse should be very small, but it horses are fed straw in place of hay a small grain ration is required to keep them from losing in flesh. A few roots are beneficial, a good-sized turnip once a day or a few carrots will be found to aid digestion. If hay is not plentiful straw may be substituted at the noon feed and roots given with it. In feeding hay make the morning and noon rations smaller than the night feed, giving about as much at night as at the two other feeds. Idle horses should be fed three times daily. If any grain whatever is fed make it rolled out and it is not necessary to give more than a quarter the amount used when the horses are at hard work provided plenty of good hay is available.—Prof. Wade Toole, Ontario Agricultural College, Guelph.

Ed. Konechky executed three sacrifices in the Robins-Braves game of May 3, the most any big leaguer hit this year.

Council Of Four On Austrian Treaty

Paris, May 13.—The Council of Four spent the greater part of the day on the Austrian boundaries, and complete the task of defining them this afternoon in a session with the Foreign Ministers. Such progress was made that the members of the Council believe that the Austrian treaty may be completed this week.

Hands To Allies Hun League Plan

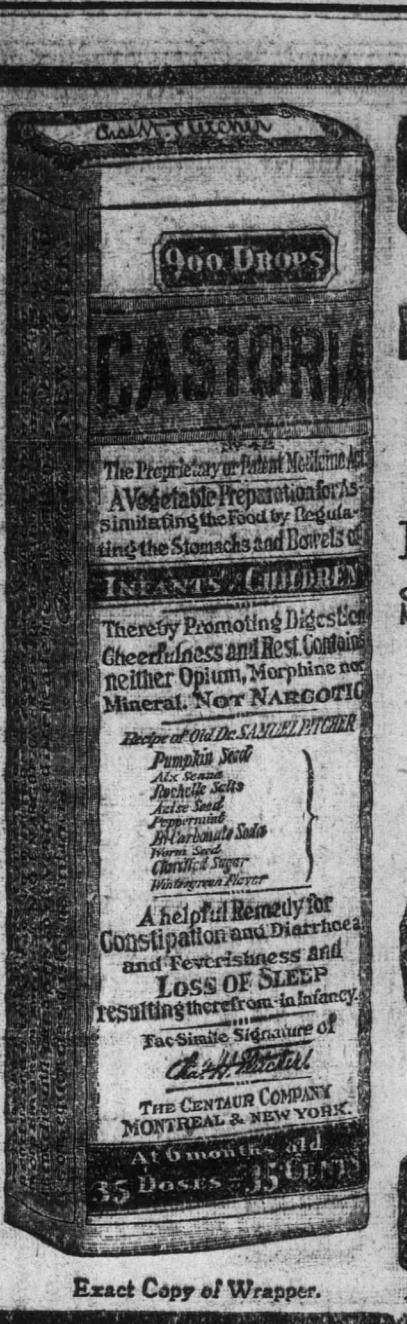

Paris, May 13.—The German delegation has handed to the Council of Four the German Plan for a League of Nations. This plan was drawn up by Professor Schucking, and the principal feature is an international Parliament composed of ten representatives from each nation.

Triumphal March In Paris On June 6th

Paris, May 13.—A triumphal March of the Allied armies through Paris will take place on June 6th, according to the present understanding. The event will occur on that date, it is believed, even should the Peace Treaty not have been signed at that date.

### VOTE FOR UNION WITH THE SWISS

Berne, Switzerland, May 13.—As a result of a plebiscite held Sunday in Vorarlberg, the western most district of Austria-Hungary, on the question of uniting with Switzerland, 45,500 persons voted in favor of annexation as compared with 11,000 against such a union.

Overtures to Switzerland will now begin, but the Swiss States themselves are to have a plebiscite on the question of taking in the Croyn land.

The British Ministry of Munitions, through its training schools, has shown how successful women may be prepared for shop supervisors and forewomen.

## RECIPE TO CLEAR A PIMPLY SKIN

Pimples are Impurities Seeking an Outlet Through Skin Pores

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels, it also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

**GOOD GAS WELL STRUCK.**

Chatham, May 13.—The Union Gas Co. has struck a good gas well in Dover Township, which is producing nearly a million cubic feet a day. It was struck at a depth of 2,060 feet during drilling for oil. The well will be sent down a couple of hundred feet more in search for oil.

Miss Bertha Ellis, of Toronto, is in the city visiting her sister and brother for a few days.

## SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur it Brings Back its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars your face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

## CONDITIONING HORSES

### Must Start Four to Six Weeks Before Spring Work Begins.

### Time Now to Build Hotbeds—How to Construct It, Ventilation and Watering Most Difficult Problems. Injure Early Vegetables.

(Contributed by Ontario Department of Agriculture, Toronto.)

THE experienced farmer knows the importance of having his horses in the best possible condition to stand the strenuous work of spring. Upon his horse power depends, in no small degree, his success in getting his seed sown early in a well-prepared seed bed in the proper tith to bring best possible returns, for early seeding and a deep, fine seed-bed mean more bushels in the granary in the fall.

The actual practice of conditioning for spring work should commence from four to six weeks before the land is likely to be ready for the plough or cultivator. All changes in feeding should be made gradually. Straw in the roughage ration should gradually be replaced by hay until finally nothing but good quality hay is being fed. Careful feeders generally save their best hay for the spring work. The horse that has been getting little or no grain must not be immediately put on a full ration. Commence with a small feed, say half a gallon of rolled oats or, at most, twice per day and gradually increase this as spring draws near until the horse is approaching full feed. While the horse is still idle the percentage of roughage fed to the whole ration may be continued large. That is, a full feed of concentrates is not necessary until work begins but something approaching a full feed should be reached just before seeding opens. Once hard work has begun the grain or concentrate ration must be gradually increased and the roughage proportionately decreased. The more severe the labor the smaller the proportion of roughage and the larger the proportion of concentrates should be fed. From eight to fourteen pounds of oats per day, according to weight of animal, should be enough for the average farm horse just before seeding starts and something in the neighborhood of one pound to one and one-half pounds of roughage per 100 pounds of the animal's weight should be fair feeding. Regular cleaning is important as it aids shedding and improves the coat of the animal. As the feed is increased so should the exercise increase.

Farm teams should be hitched July during the "conditioning" period that their muscles become hardened and that their shoulders gain the power of resistance to prevent galls and sore later on. Preparation for the spring work should be a fleshing and hardening process, and it cannot be accomplished without good feeding, grooming and regular light work in harness. When heavy work begins, gradually increase the grain feed up to from ten to eighteen pounds daily according to the weight of the horse, and the hay to such an extent that the animal is getting a total ration of grain and roughage of from two to three pounds per hundred pounds of horse, this depending on condition and amount of work done. Always give plenty of pure water, mostly before feeding grain if possible.—Prof. Wade Toole, O. A. College, Guelph, Ont.

### Starting Early Plants.

Growers desire to have vegetables as early as possible, and for this reason it is necessary to start plants like cabbage, cauliflower and beets in hotbeds. Others like tomatoes and peppers have too long a season of growth to ripen a sufficient amount of the crop to make it pay. This method gives us from four to six weeks start.

Hot beds should be on the south side of a fence or building. Obtain good fresh manure, turn twice to get fermentation well started. Put it in a pile about eighteen inches to two feet in height, and a foot larger each way than the frame, being careful to tramp it thoroughly. To do this put it up in layers of six inches. Then cut on the frame, which should be eighteen inches at the back and twelve inches at the front, facing south. Put in four to six inches of soil and put on the glass. Air every day for the first four days to get rid of the gases generated by the fermentation. The soil is then raked and made ready for seed sowing.

The seed is generally sown in rows three inches apart, about 10 seeds to the inch. When the seedlings are showing the first true leaf they are transplanted to other beds, the plants being set two inches apart each way. With cabbage, cauliflower, beets and etuce, this one transplanting is all that is necessary. Tomatoes, egg plants, pepper and such plants require two transplantings, the last one four inches apart each way, or into our inch clay pots or quart berry baskets.

Ventilation and watering are the two most difficult problems in hot-bed management. Ventilation should be given whenever possible. Even on stormy days the sash should be lifted even if it is only the thickness of a ath that is placed under it. Many growers use a piece of lath three inches long. This gives them three different distances of ventilation, and it may be laid on the glass when not in use, and will be always ready. Always have the opening away from the wind. You should also ventilate after watering to prevent scalding.

Water carefully, only give what the plant requires, especially in the early season, and only in bright days, in the morning. The plants must be dried off by night. As the plants grow the watering will, of necessity, be oftener, but care and thought should be used at all times.—A. H. MacLennan, Vegetable Specialist.

The Hiawatha Indians at Rice Lake present each returned veteran, with ten acres of land in the community.
