### TO BE SWORN IN TODAY

Composition of New Government Not Officially Announced But Make Up Is Quite Certain

### WAR COUNCIL NEXT

Will Consist of Seven Members of Cabinet, but Selection Has Not Yet Been Made Known

Ottawa, Oct. 12.—Union government is a reality. The new cabinet will be formed of practically an equal number of Conservatives and Liberals with Sir Robert Borden at the head. It had been anticipated throughout the afternoon that the new cabinet would be definitely sworn in during the evening. It was stated that the Liberals had agreed to come in and the question was now simply one of the distribution of portfolios. But as the evening wore on the Liberals remained in conference at the Chateau Laurier, and it was not until after 1 o'clock that Sir Robert Borden, leader of the Ontario opposition and Hon. J. A. Calder, of Regina, appeared at the cabinet council room. There a cabinet council was held and the composition of the prime minister and of the representatives of the Liberals who attended the conference. The statement: "The delays incidental to the formation of a union government are no more than might have been expected, as the difficulties are unusually great."

The formation of a union government is no more than might have been expected, as the difficulties are unusually great. The conferences which have taken place during the past four days have been characterized by a very earnest and sincere purpose on the part of all concerned to bring about the formation of a union government. It is anticipated that full details will be communicated to the press tomorrow, but in the meantime the answer is definitely made in the formation of such a government is assured."

Sir Robert Borden afterwards informed the Canadian press that it was expected some of the Liberal members of the union government would be sworn in this morning. While the composition of the new government is not official, the formation of such a government will comprise the following:

**CONSERVATIVES**  
Sir Robert Borden, Hon. Martin Burrell, Sir James Loughheed, Hon. Arthur Meighen, Sir Edward Kemp, Sir George Foster, Sir Thomas White, Hon. Dr. H. C. J. Doherty, Hon. P. E. Blondin and Hon. A. Sevigny.

**LIBERALS**  
Hon. Arthur Sifton, Hon. J. A. Calder, T. A. Crerar, from the west; Major-General Mewburn, from Ontario; C. C. Ballantyne, from Quebec; Frank B. Carvell, from New Brunswick; and Premier Murray, of Nova Scotia.

It is also learned that the formation of a war council of probably seven members is under consideration.

### NO SPECIAL RATES

Application of Southern Alberta Hay Growers Turned Down.

Ottawa, Oct. 11.—The railway board in a judgment given out today declines to grant the application of the Southern Alberta Hay Growers' association for commodity rates on timothy seed and for export. The board finds that the rates charged are not unreasonable. While appreciating the value of what has been done in developing the timothy industry of Alberta the judgment states that it is not the function of the board to put in experimental rates.

### RUNAWAY HORSE JUMPS INTO CAR; KILLS OCCUPANT

Motor Driven by S. M. Dudley Met Crazy Animal on Macleod Trail and Mrs. O. M. Pope, Occupant, Was Fatally Injured

### DRIVER FOUND

Wm. Mortimer, Driver of the Horse, Was Found in Intoxicated Condition and Placed Under Arrest

Crazed with fright and rushing madly down the Macleod trail, a runaway horse last night met an automobile coming in the opposite direction, and jumped over the side and into the car, alighting on one of the occupants, Mrs. O. M. Pope, of Blackie, and killing her instantly.

There were three cars proceeding towards Calgary on the Macleod trail near Turner's siding when the runaway animal was seen approaching from the north. It passed the first two cars, but when met by a car driven by S. M. Dudley, of Calgary, in which Mrs. Pope was riding, it crashed over the top of the car, its hoof striking the unfortunate woman on the side of the head. Mr. Dudley, the driver of the car, was stunned but not seriously injured. The horse suffered from a broken leg and was shot later in the evening.

On Monday last the Popes, who were tenants on Mr. Dudley's farm near Blackie, were burnt out and lost all their effects. Mrs. Pope left Blackie with Mr. Dudley, intending to come to Calgary and purchase clothing for her five children.

Mortimer Intoxicated  
The police on receiving word of the accident immediately left for the scene, but could not find the driver of the rig. The horse was later identified as the driver by Wm. Mortimer, who left Calgary about 5 o'clock for his home near Midnapore.

The police found the badly wrecked buggy and searched the roadside for Mortimer, but failed to locate him until late last night, when he was found lying in a Calgary livery stable in an intoxicated condition.

He was removed to the police station and held on a charge of drunkenness, and will be held until after the inquest, when it is likely he will have to face a further and more serious charge.

### OBJECT TO APPOINTMENTS

Winnipeg, Oct. 11.—Protesting against most of the appointments of exemption tribunals as very few discharged officers, non-commissioned officers, or men who have seen service in France have been given positions on same, a telegram last night was dispatched by the Great War Veterans to Hon. These steamers, which are now in British ports, although flying the Swedish flag, are mainly British owned. This action has been taken in order to protect the British capital invested in the ships as the German prize court has decided that, notwithstanding a neutral flag, they will treat such vessels as British.

### HAS NO FAITH IN SINCERITY OF THE HUN GOVERNMENT

Former Premier Asquith Refers to Recent Declarations by German Statesmen and German Writers

### AMBIGUOUS MORASS

In a Contest of Endurance the British Have No Reason to Lose Heart of Hope, Says Asquith

London, Oct. 11.—Addressing a war aims meeting at Liverpool tonight, Right Hon. Herbert H. Asquith, former premier, referred to recent declarations by German statesmen and writers, and said that his previously expressed skepticism regarding the re-ichstag's peace resolutions was justified by the event, for the German parties had been squabbling ever since with acrimony concerning its orthodox interpretation, and confusion and become worse confounded with the publication of the chancellor's reply to the papal note.

But, continued Mr. Asquith, "the dominant fact with which we have to deal is neither German public opinion nor the German parliament, but the German government. Does that government mean business? Is its desire for peace sincere? Depend upon it, the world will never find the way to peace through a morass of equivocal promises and resolutions. It is not until we are left in the dimness of a rhetorical twilight and we are asked to lay down our arms without other safeguard than that we shall be offering a unique exhibition of the three virtues, faith, hope and charity."

Admitting that nobody pretends that it will be right to go to war to formulate an ultimatum, detailed and exhaustive, which must be accepted chapter and verse as an indispensable condition of peace, and that many things must be done by a convention and adjustment by negotiations, Mr. Asquith declared that at the same time the allies must be resolute and definite in their demands, and that the means whereby peace must be attained. He referred to the speech of the German foreign secretary respecting Alsace-Lorraine, and said: "German diplomacy is not celebrated for its definitions, but even in its annual it will be difficult to find a more clumsy or more transparent maneuver than this maladroit attempt to sow discord between Germany and our French allies. Von Kuehlmann recants the Belgian question to a secondary position."

"I have asked whether Germany was ready to Belgium in the only real sense acceptable to the allies, but I have received no answer, and our French allies can be bolstered up with definite and precise promises regarding Alsace-Lorraine preserves regarding Belgium an unbroken silence."

**NO REASON TO LOSE HEART**  
Concluding with an allusion to the general situation, Mr. Asquith said: "If it is to be a contest of endurance we have no reason to lose heart or hope. During the last fortnight our unquarable troops have been doing great things both in Flanders and Mesopotamia. There is still need of economy and organization in the consumption of necessary commodities but not the slightest danger of our being starved into submission."

"Take the allies as a whole, including America, whose contribution to the common stock becomes every month a factor in the growing gulf between the relative powers of endurance of the two sides; measure them by any standard, naval, military or economic and after you have made allowance for every dubious or hazardous contingency even for the temporary paralysis of Russia as an aggressive force, can there be a doubt that the material, no less than the moral, preponderance rests manifestly and increasingly with our cause?"

Estimates of Gains Made by Post-Curing by Davies Co. Are Called For and Found Missing

### TORONTO, OCT. 11.—

That post-curing of bacon has been known to add 14 per cent to the weight of the finished product and may add as much as 8 per cent of the weight, was admitted by employees of the Wm. Davies company today when the commission inquiring into the charges of Cost of Living Commissioner O'Connor that the company had been making excessive profits was resumed. It also brought out that a large proportion of the bacon handled in 1907 had received the post-cure, and principally all that had been shipped overseas for the British government was so treated. It developed that records of tests that had been made of the effects of post-curing which would show the exact amount of gain had mysteriously disappeared from the Montreal office. They had not been missed until Monday last, when James Teifer, superintendent, Montreal, made an unsuccessful search for them. It was pointed out by Chairman G. F. Henderson, of the commission, that post-curing was perfectly legal. About 20 per cent of the bacon handled by the Montreal plant for overseas shipment was from the United States.

Besides Mr. Teifer, witnesses examined today included James Teifer, superintendent of the curing cellar of the Montreal plant, and R. B. Mills, export manager of Toronto. All witnesses explained that the post-cure had been light, and the German losses are known to have been 75 per cent greater than ours."

### BRITISH LOSSES LIGHT

Commenting on the German report that the British had lost half a million men in the present series of battles, Gen. Maurice said: "The figures are grotesque. We have not had that many men engaged. As I have already told you, our losses have been light, and the German losses are known to have been 75 per cent greater than ours."

### NO DELAY FROM U-BOATS

"I want to say a word about the work which has been done behind our lines in preparing for these battles. I don't wish to minimize the U-boat threat, but I can truthfully say that nothing has been done as yet to delay the U-boats in any way. The British army was never better fed or supplied than today."

### THE DAILY IMPORTS OF BRITISH WAR MATERIAL INTO FRANCE

The daily imports of British war material into France last January averaged 114,000 tons per hour; in September they had increased to 216. The number of broad-gauged trains running daily in the war zone with British war material numbered 179 in March, 206 in September. The weekly tonnage on narrow-gauge lines in March was 20,000. The weekly average of war material on the canals in the British war zones was 54,000 tons in March, 62,000 tons in September.

### BRITISH LOSSES IN BIG ADVANCE ARE UNUSUALLY LIGHT

German Losses Are Known to Be 75 Per Cent Higher Than the British Losses

### GOING DOWN HILL NOW

But American Army Cannot Get Into Action in Western Front a Bit Too Soon

London, Oct. 11.—Major-General Frederick B. Maurice, chief director of operations at the war office, in his weekly talk today with the Associated Press, after an optimistic review of the past week's work on the British front in Flanders, said: "We have every right to be confident when we can see what our men have done, but the fighting is hard and we do not think that the present series of battles in Flanders is going to end the war. There is a great deal more hard fighting before us. I would say that the importance of getting American troops as soon as possible and in the greatest numbers had not been diminished."

"The word 'steam-roller' which was so often used in the early days of the war in connection with the Russian army, is exactly the right word to characterize the British advance in Flanders. It is an advance not rapid but insistent and irresistible. It goes uphill very slowly, but now it is going down hill, and battles are following each other and more rapidly."

### NO DELAY FROM U-BOATS

"I want to say a word about the work which has been done behind our lines in preparing for these battles. I don't wish to minimize the U-boat threat, but I can truthfully say that nothing has been done as yet to delay the U-boats in any way. The British army was never better fed or supplied than today."

### RAIN CHECKS ALL INFANTRY ACTIONS ON WESTERN FRONT

Big Guns on Both Sides Are Shelling Opposing Positions Vigorously in the Flanders District

### ACTION IN RUMANIA

Russians and Rumanians Have Heavily Bombarded German Positions; Reprisals by the Germans

### PUSH RUSSIANS BACK

Allied Offensive in Saloniki District After Much Delay Seems to Be Getting Under Way

Comparatively little fighting action is in progress on any of the fronts, except in the nature of reciprocal bombardments. In Flanders, Thursday, both the British and French troops kept their trenches, neither essaying attacks nor giving against the new positions they hold as a result of the drive of Tuesday. The big guns of both sides, however, were shelling opposing positions vigorously—those of the allies in work of destruction and those of the Germans in the nature of disturbances of the peace of the allies in their new trenches.

Added rain over this region has accentuated the swampy condition of the ground, and it probably will be several days before the British and French again jointly unless they push back the other raid against the Germans. Wednesday night the French repulsed a heavy counter-attack east of Drabank. The Germans during this time let the British severely alone with their infantry, but shelled masses of shells into their line.

### GERMANS MEET DEFEAT

At the Saloniki front in Eastern Macedonia the Germans pushed back the allied attempts to capture French positions on the east bank of the Meuse, in the Verdun sector, while the Germans, however, were not made in strong force, being more in the nature of raising operations.

### FIGHTING IN RUMANIA

The prospects of a return to heavy fighting in Rumania, with the Russians the aggressors, seem to have been dimmed in an attempt to capture French positions on the east bank of the Meuse, in the Verdun sector, while the Germans, however, were not made in strong force, being more in the nature of raising operations.

### ON THE NORTHERN SECTOR OF THE EASTERN FRONT

near Rega, the Germans, following their heavy bombardment, pushed back the Russians in the vicinity of the Pekoff highland.

Daily the artillery duels in Macedonia, with the intense force exerting the greater power, are augmenting, and are daily in the direction of Dolan and north of Monastir, and it is probable that at no late date the predicted allied offensive in this region will begin.

There have been no new developments concerning the attempted mutiny on board German warships in the Baltic during the political turmoil that had been created by the revolution in the Baltic. The king, King Ferdinand of Bulgaria in Sofia.

# GIANTS TO VICTORY

## NEW YORK TAKES FOURTH GAME IN WORLD SERIES

### A WONDERFUL BATTING STREAK BY GIANTS EVENS UP SERIES WITH THE CHICAGO SOX; LOOKS LIKE A SEVEN GAME SERIES

New York, Oct. 11.—Swinging their war-clubs like the cavaliers of old, the New York Giants batted their way to victory over the Chicago team today by a score of 5 to 0. As a result of the second defeat of the White Sox in two days, the Giants are traveling west tonight on even terms with their rivals in the struggle for world series honors. The outcome of the battle for premier baseball honors is as much in doubt as before the series began in Chicago last Saturday. Each team now has won two contests, and the indications point to a full seven-game contest before either club will admit the supremacy of the other.

The victory of the Giants in the fourth game was the most impressive of the struggle to date for the National league club bearers, excelled both in pitching and with the bat. While the Chicago combination threatened several times, they never got a runner beyond third base, and the American league team left for the shores of Lake Michigan without crossing the Polo Grounds home plate in 18 innings.

Two new diamond heroes leaped to pedestals of fame in the clash today, for Ferdinand Schupp turned the White Sox batters back without a run, and Benny Kauff led the batting massacre with two home runs.

Schupp makes good. The youthful left-hander fully redeemed himself in the second game of the Chicago club in the second game on their home grounds, when the Chicago batters drove him from the mound early in the game, while Kauff, after thirteen hitless trips to the plate, found his batting eye and hit Pitches Faber for a circuit drive, which paved the way for the Giants' conquest, which later was to demolish the White Sox. The effectiveness of Schupp's hurling and Kauff's batting was sufficient to defeat the American league, but the secret of the victory was contagious and their teammates were but a stride behind them in the rush through the Polo Grounds.

Only twice in the long history of world series baseball has Kauff's feat of two homers in one game been duplicated. Before the former batting sensation, Federal league made his two circuit drives the honor was divided between Harry Hooper of the Boston Red Sox in 1903, and Outfielder Dougherty of the same club, in 1905.

Hooper hammered two runs into the bleachers in the fifth inning of the series two years ago against the Philadelphia Nationals, while in the ancient days of the portmanteau baseball, Dougherty established the record with his twin drives against the Pittsburgh of 1903.

Equal Pitching Record. Shuttling out the White Sox without a run following a similar feat by Benton yesterday, Schupp also equaled for the Giants' team, as a whole, a double shut-out which has been scored only four times the beginning of the present century. In 1909 the Chicago Nationals whitewashed the Detroit Americans in a succession, and in 1905 the Giants of those days shut out the Philadelphia Athletics in two games out of three, with the only victory of the Mackennans was also a shutout by the Indian pitcher, "Chick" Bender. Christy Mathewson, now manager of the Cincinnati Nationals, and "Iron Man" Joe McGinnity, were the New York twirlers who engineered the quadruple whitewash of the Athletics.

There was nothing to forecast the sensational developments of today's game in the early innings. For three seasons it was a pitchers' battle between Faber and Schupp, with little advantage on either side. Kauff was the hero of the day, Faber in the Giants' half of the fourth, Burns and Herzog having failed to make first. With two out and his record of a hit in the series in thirteen times, Kauff was a byword among the fans. Kauff was desperate. With a bat and a stick, he came in from the dugout, and took a grove's hit coming up from Faber's hand, and, taking a deep throb in the batter's box, he swung the full force of his body into the sweep of the bat. There was a terrific crack and the ball flew like a bullet over center base and far forward into center field.

Outfielder Felch, the man who made the tremendous circuit drive off bases in the opening game of the series, sighted the sailing sphere and sprang for the center field bleachers. The ball fell over his head as he ran and fell among the folds of a canvass sign which, before it was dropped at the beginning of the game, announced to the Giants they have bought their Liberty bonds. Have you?

Felch, in his eagerness to hold Kauff at third, fumbled the ball as he tried to pick it up and the Giants' runner was crossing the plate as the sphere was finally returned to the infield. Both Kauff's teammates and the fans gave him loud greetings as he sped toward the Giants' dugout.

Faber loses confidence. The circuit ball appeared to take something of Faber's confidence and although Zimmerman was retired on an infield out, the White Sox hurler faltered as soon as he faced the Nationals in the succeeding inning. Fletcher opened with a single. Manager McGraw crossed the Sox by striking from his well-known hit and run system to the grandstand. Holke and Holke both laid down perfect bunts and by fast sprinting the bases were filled. Batters' hopper to Faber resembled a double play. Schupp's single to center sent Robertson across the plate, but Holke was caught by Faber's rapid return of the ball as he tried to slide into the plate a stride behind Robertson.

In the "hucky seventh," the Giants scored again. Fletcher singled, McMillen's error and took third when Faber's "split ball" flew wide, and Schalk had to chase it to the grandstand while Robertson went out. Faber to Gandil, and then the White Sox pitcher hit Holke, sending him to first. For the first time in the game the fans began to root steadily in an effort to rattle Faber. McGraw gave the signal for the hit and run play, and as Robertson went out, Collins to Gandil Fletcher scored. With Holke on second, Schupp retired, Weaver to first. Faber retreats at the end of the

## CRESCENT HEIGHTS INTERCOLLEGIATE TRACK CONTEST

### Central Collegiate Was Second With Prevocational Third, and St. Mary's Fourth

Crescent Heights won the Alex. Martin intercollegiate annual championship of the intercollegiate school sports yesterday from six competing schools in admittedly the most successful and exciting athletic meet ever held in the city. Central Collegiate was second and Pre-Vocational, the new member of the intercollegiate, was third.

The first event was called promptly at 8 p.m. and by 9 o'clock the program was finished by run off with clock-work efficiency—delays being conspicuous by their absence.

One-legged Jumper Does Well. All the schools were represented by large crowds of rooters, who gave their yells and songs and cheers with such vigor that the building resounded with noise upon noise, especially as their favorites came in winners.

Good sportsmanship reigned supreme throughout the afternoon and while the competitors were keen yet the performance of every athlete received generous treatment at the hands of the cheer-leaders.

It was the biggest athletic meet of years and the best organized, while the bright colors and pennants worn by the students together with the enthusiastic support given the competitors made it an event to be remembered. The unanimous verdict of the principals and officials was that the resumption of the meets after their suspension for a few years was a very wise one, and that the meet was more than successful.

WHO GET THE JOBS
It seems from the look of things in Ottawa that the government's declaration that returned veterans would have the first claim on public offices really meant that they would get first claim upon public offices that were worth while, other positions being reserved for cabinet ministers or prominent Conservative members of parliament.

The Albertan referred to a few of the appointments which had been made. One gentleman had been appointed to the civil service commission. The Albertan is convinced that there are many returned veterans in this and other provinces, who have done their bit in the most courageous manner, who are qualified for such a post.

Mr. O'Connor is doing a good service, showing up certain illustrious persons in their true light, and he is chased off to an office where he cannot do much harm to any person. It is an interesting spectacle.

There is much in Russian affairs that is of unusual and special interest that has not yet seen the light of day. The out and out Liberals in British Columbia, who oppose union government and that sort of business, call themselves progressive. They should make an examination of some of their associates in the east before they give themselves a name.

The Calgary Herald is convinced that no person can truly believe in conscription who is not prepared also to swallow the government and all its works. That is a strange suggestion, the Herald having swallowed Robert Rogers and the C.N.R. deal.

The Giant gentlemen of New York seem to have a shade on the White House ball tossers from Chicago, according to the record of the last couple of days. The White House have lost all the trenches they previously won, and some amount of their morale as well.

The German government is not treating this mutiny business as though it were something to be passed over without consideration. After shooting a large portion of the men concerned, the government proceeds to use the incident to embarrass one of the opposing parties in parliament.

The mutiny in the German navy, it is interesting to note, is a British naval writer points out, occurred simultaneously with the decline in the efficiency of the submarines.

The millers make very long explanations when they send out their annual reports, showing that they have made something in excess of a million dollars on the year's business.

It is unfortunate that the victory loan comes on at the very time that Calgary people are all thinking about paying their taxes. However, there is enough money if properly handled to meet both.

The clearing returns show remarkably good business in this city. There is almost twice as much money moving at the present time as there was one year ago, and three times as much as two years ago.

The city of Edmonton is having trouble keeping the wolf from the municipal door. Edmonton is feeling the effects of going one or more better than Calgary and other western cities in the time when the going was unusually easy.

Whether or not there should be a strike of letter carriers is a question The Albertan is not prepared to discuss at the present time. But it would be unfortunate to mix up a letter carriers' strike or any other strike of government employes with a general election.

A large amount of this next loan should come from the farmers, many of whom, millions of whom, most of whom have money in the banks or on interest at from three to five per cent. The next loan will yield them better than that; it will be backed by the government, and the investor will be doing a little for his country.

This war must be paid out of capital, and it can be so paid without much difficulty. If there is no conscription of wealth before the close of the war, there must be at the close of the war, and it would be better if we had it both before and after the war, and it must be a conscription of wealth somewhat different from that suggested by R. B. Bennett.

The request of the western Liberals that there should be another election as soon as peace is declared and the soldiers return, is a very reasonable one. The half million or more soldiers who have only a moderately successful method of recording their votes, and the women in all Canada should be permitted to record their vote at the earliest opportunity. The suggestion is a very reasonable one.

O'CONNOR'S NEW JOB

W. F. O'Connor is going to get a new position. He has been in the limelight in Canada to some considerable extent during the last few months. As an official in the labor department he has been rooting around and making some very disturbing revelations.

Recently he discovered that Sir Joseph Flavelle, Bart., a gentleman who was greatly disturbed because certain other people were concerning themselves with vulgar profits, had made millions of thereabouts through profiteering during the war. He was not to be brushed off because of the various bluffs of the bart and others, but hung to his accusations, and seemed to be in a fair way of proving them to the hilt, if he has not done so already.

He did more than that. He started the machinery in motion to have interested the business manager of the big concern which was profiteering by millions, because that exalted person declined to get information which the country wanted.

And now Mr. O'Connor, who was doing excellent service, has been moved to some other position in the service, somewhat more congenial, but of very little public value at all.

Dr. Adam Shortt attempts to reform the public service and eliminate the patronage feature from public appointments. He is transferred, and a party member put in his place.

Mr. O'Connor is doing a good service, showing up certain illustrious persons in their true light, and he is chased off to an office where he cannot do much harm to any person. It is an interesting spectacle.

All the above courses are open to ladies as well as to gentlemen. If a sufficient number of ladies enroll for the course in Section 4, a separate class will be arranged. The authorities reserve the right to withdraw courses if the enrollment is not considered sufficient. Applications accompanied by the necessary fees should be forwarded to the Bureau as soon as possible, as only a limited number of students can be admitted to each course. As far as possible, evenings will be selected to suit the convenience of the class.

GOVERNMENT CUTS DOWN FREIGHT RATES

Finds Discrimination on Lake Traffic and Cuts Charges in Two

Montreal, Oct. 11.—Finding that there is discrimination in placing a transit charge of two cents per 100 pounds on grain coming by water from the west to Lake Huron and Georgian bay elevator ports, and also to Kingston and thence by rail to the mill, instead of one cent under alleged similar circumstances as to all-rail grain, the board of railway commissioners has decided that "order should be made on the Canadian Pacific for the 70c rate to be reduced to 50c on transit charge on western grain ex-lake."

The application for the order was made on behalf of the Dominion Millers' association. As to the Grand Trunk, the decision says: "The board has, both in its decision in the eastern rates case and in the western rates case, recognized the Grand Trunk Pacific as being distinct from the Grand Trunk railway. This being so, the charge for milling in transit on the Grand Trunk Pacific is not a measure of alleged discrimination on the Grand Trunk."

MANITOBA WORKMEN GET SOME INCREASES

Painters' Hours Reduced From 54 to 50; Plasterers' Salary Increased

Winnipeg, Oct. 11.—Before finally accepting and endorsing the schedule prepared by the fair wage board today, Hon. T. H. Johnson, minister of public works, deferred to the wish of the painters and decorators' union and fixed their hours at 50 a week instead of 54.

The plasterers get a raise from 65c an hour to 70c. After the time the schedule was being discussed, the board working agreement was effected between the men and the employers on the 70c basis and the board recommended to the minister that he should take cognizance of it.

The wages of tile setters was left at last year's figure, 62 1/2c per hour, instead of 67 1/2c as recommended by the fair wage board. Electrician workers get 55c an hour instead of 50c.

The schedules for Bricklayers and Dairymen are nearly the same as those of Winnipeg.

SICK SOLDIERS OVERSEAS

There Are Now 21,620 Sick and Wounded in England

Ottawa, Oct. 11.—September closed with 9,089 patients enrolled on the strength of the military hospitals commission command. The men under treatment for tuberculosis number 1,087; the convalescents in all including these few who were allowed because of their improved condition to live outside the institutions, number 7,257.

The head of the railway commission and representatives of the railway companies are being arranged to consider the best disposition of rolling stocks and facilitate the handling of freight traffic. It is desired to avoid this year the congestion that occurred last year.

Ottawa, Oct. 11.—A conference between the acting minister of railways, the head of the railway commission and representatives of the railway companies is being arranged to consider the best disposition of rolling stocks and facilitate the handling of freight traffic. GEN. McLEAN NOMINATED

St. John, N.B., Oct. 11.—At a Conservative convention, called as a "win-the-war" convention, in Gasquetown today, Brigadier-General Hugh H. McLean was nominated for the constituency of Royal in the federal election. He accepted. General McLean is now military officer commanding in New Brunswick.

100,000 EXTRA VOTES

For Each \$18 Worth of Subscriptions for the Week Ending Next Tuesday. The following Week It Will Require \$21 in Subscriptions to Get 100,000 EXTRA VOTES

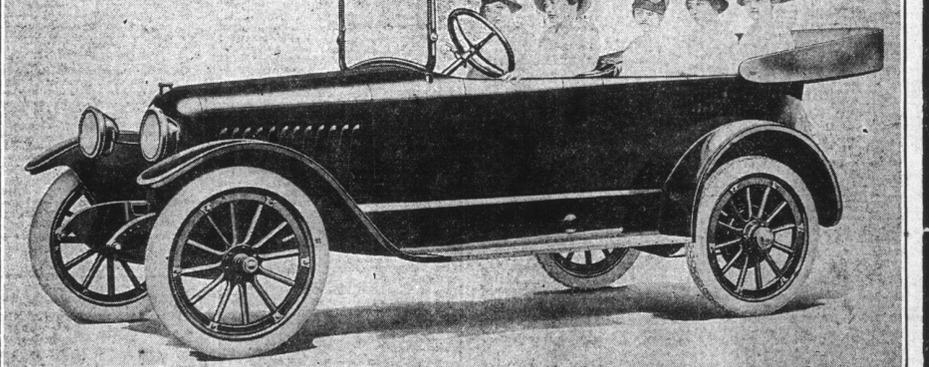

These 100,000 extra-vote club ballots are given in addition to the regular votes. Candidates are not limited to one club, and it is not necessary to hold back subscriptions until a complete club is secured. Unfilled clubs left over from last week will be included this week.

Put all your energy into the business of subscription getting. The pleasure will be all yours if, by hard work and attention to the contest, you sit at the wheel of the Chalmers or the Grant Six (look at the picture of the latter car as shown below—Isn't it a beauty?) or one of the Rogais. If you should miss out by as many votes as you had failed to get that would have been yours for the going after—why, you would be angry at yourself for the balance of your lifetime.

While the contest doesn't close until Tuesday, November 20, that's no reason to wait until the last week to surprise the contest manager with a big report. Be careful that the surprise is not on yourself if you expect to pick up an automobile on a "splash" of a couple of weeks.

Make each day give a good account of itself. If you live in one of the outside districts and have your own town solid, why not branch out to other territory unrepresented by candidates or inactive? City candidates still have a very fertile field right here in Calgary.

### You don't like the cheap tea you are using. Do you?

Pretty Poor Tea, Mother

Before the war so increased the cost of living, many people used to drink better tea than they are now using.

Perhaps, this is true in your case? Of course, you are not drinking poor tea because you like it, but because you think it necessary to save money.

But are you really saving anything? Cheap, common teas only make about 150 cups to the pound. You are lucky if you can stretch them out to 185 or 200.

On the other hand, Red Rose Tea easily makes 250 cups. It goes further because of its fine quality, consisting chiefly of Assam teas, the richest and strongest in the world.

You may almost doubt if so many cups of tea can be made from a pound of even such good tea as Red Rose, but you can readily prove the economy of Red Rose without waiting for a package to be used up. Just use a few leaves less of Red Rose for a brewing than you use of common tea—the result we are sure will please and surprise you.

### GOVERNOR-GENERAL ISSUES APPEAL FOR BRITISH RED CROSS

Growing Needs of Society Must Be Met by Empire at Large

The following recommendation on behalf of the Our Day British Red Cross appeal next Thursday has been published from the Excellency of the Governor-General, and is dated from Government House, Ottawa. The message reads as follows: "The Governor-General, patron of the Canadian Red Cross society, and from Her Excellency the Duchess of Devonshire, president of the Canadian Red Cross society: "Once more the needs of the sick, wounded and injured soldiers and sailors of the imperial forces, now fighting in three continents and on the seven seas are presented to the empire through the British Red Cross. "The sufferings of these men, when realized, make it our own inescapable appeal: The Red Cross is the channel through which effective relief can be afforded to them. "The ever-increasing theater of war involves an ever-increasing call upon the resources of the Red Cross, which depends entirely upon the voluntary offerings of a grateful and generous empire; and as patron and president of the representation of the Red Cross in this country, we recommend the great cause to the people of Canada who, through their provincial and municipal governments as well as through patriotic organizations, business corporations and individual liberality, have responded so nobly to former appeals. "By reason of our close personal association with the Red Cross work under the British Red Cross society and the Order of St. John of Jerusalem, we have had ample opportunity to watch the growth of the operations under their control, and we can estimate the importance of Canada's share in securing through the empire the success of the appeal from the motherland. "DEVONSHIRE, "Patron Canadian Red Cross Society. "EVELYN DEVONSHIRE, "Pres. Canadian Red Cross Society."

### MRS. GALE NOMINEE FOR ALDERMANIC HONORS THIS YEAR

Women Ratepayers Content With Present Form of Civic Rule

Mrs. W. J. Gale, president of the Women Ratepayers' association, was asked yesterday to run as an aldermanic candidate in South Calgary and the forthcoming municipal elections. The request came from the association, many members of which expressed the earnest wish of the association that a woman should represent the ratepayers of South Calgary, if not on the city council, at least on the school board. Mrs. Gale attempted to refuse the nomination, but, on being assured, promised to consider the question. The meeting was one adjourned from last week and matters discussed then came up for final decision. The association decided to amalgamate now with the South Calgary Men's association, instead of continuing separately until the end of the year, as had been intended, as it was felt the two associations would in the course of the next few months cover very much the same ground. The address given by Commissioner Graves last week on civic government was also referred to and the meeting passed a resolution favoring continuance of the present form of municipal government. It was thought desirable that the commissioners should be elected by the people and the aldermanic honors continue to be given as at present. With the city facing bankruptcy it was felt to be the wrong time to consider any change in the form of government. The financial situation, as outlined by Mr. Graves, also brought up the question of the tax-ation of the city. The plan of meeting the emergency was commended by the meeting, although special emphasis was placed on the point that the municipality would be disposed by this means of any property belonging to soldiers or their dependents.

The sum of \$25 was realized from the wheel drive held by Red Cross group 4 of the Congregational church last evening in Unity hall. This money will be used to send Christmas boxes to the men on the church's honor roll who are overseas. The members of the committee were indefatigable in their efforts to make the affair a success while Mrs. John Black, the president, and Mrs. Barker, the treasurer, looked after the guests. Cards were played at 30 tables and the prizes which were won by Mrs. Barker, Miss Peterson, Mrs. Rowley and Mrs. Knight were donated by Mrs. Barker. The program consisted of the singing of the Russian and French national anthems, Mrs. George Wilson playing accompaniments.

A. granddaughters, Bernice and Marjorie Ashe assisted in serving on the door and taking the offerings which amounted to \$17. Later refreshments were served, Mrs. Ashe of Vancouver, Mrs. Jack McLaren and Mrs. P. D. McLaren assisting the hostess.

### CHRISTMAS SOCKS TO CALGARY SOLDIERS IN THE TRENCHES

War Contingent to Send a Supply Out of Proceeds of Tag Day

An individual Christmas stocking for Calgary men at the front is being planned by the Calgary branch of the Canadian War Contingent association, and the proceeds of the Tag Day Saturday will go towards the project. The Red Cross society has been in the habit of sending each a remembrance to the men in the hospitals, but except in individual cases no such souvenirs have been sent to the men in the trenches. The stockings will be filled with socks and other woolen comforts which are so greatly needed by the men at this time in the year, and the Tan-nis-uk chapter, L.O.D.E., is taking charge of the day.

The great need of woolen socks for the armies during this season of the year is seen from the fact that the French government is buying a million pairs in Canada alone for its troops. So, on the grounds of the great necessity alone, a special appeal for funds is made to the public for tomorrow.

### NEW PIANO FOR THE SCHOOL BOUGHT BY MOTHER'S CLUB

The new Heintzman piano purchased by the Mothers' Club of Connaught School for the school, was first used at the first time at the October meeting of the club and a very enjoyable program was given by pupils of the school. This included piano solos by Cora Smith and Eva Foster, vocal numbers by Dorset White, mandolin solos by Marguerite Cooper, and violin numbers by Hazel Campbell accompanied by Grace McGill.

The Red Cross convener reported 123 articles made and 50 articles knitted during the month, while \$17.18 was collected for the prisoners-of-war fund. The club decided to hold a rummage sale on October 20th. The meeting held a question box, which proved very interesting to the members.

**CONNECTION IN FAILURE OF SUBS AND MUTINY**

Believed That Heavy Loss of U-Boats and Increased Danger to Crews Cause of Naval Revolt

New York, Oct. 11—Arthur Pollen, famous writer on naval affairs in the "Two significant facts about the mutiny of the German fleet are: First, that the mutiny broke out in the navy, and not in the army, and next that it took place six weeks ago. It was some time before the mutiny broke out, but it occurred a turn in the tide of the submarine war.

"One is immediately faced with the question, what is the connection, if any, between the mutiny and the decline in the submarine successes? The answer goes back to the spring of 1915, when the submarine was first proclaimed, the under-water service in the German navy was made extremely unpopular, by the promise of success, and the prospect of honors and decorations to those who distinguished themselves by a very high rate of pay offered to those who volunteered for the service; third, by the promise of a prize for every ship sunk.

"Volunteers Fall out

"From February, 1915, to September of the same year, there was no lack of volunteers, but in August and September the promise of honors and decorations and the prospect of success and the prospect of honors and decorations to those who distinguished themselves by a very high rate of pay offered to those who volunteered for the service; third, by the promise of a prize for every ship sunk.

# MICHAELIS DRIVES ALL SOCIALISTS INTO ACTIVE OPPOSITION

## Stupid Attack of Chancellor Upon the Extreme Left Brings Down Entire Party Upon Him

### MEANS HIS DOWNFALL

#### Socialists Now Appear in Role of Accusers Rather Than Accused

Copenhagen, Oct. 11.—Germany's paper crisis over the pan-German propaganda, which loomed so big in anticipation, but was so small in results, has passed. In its place has risen a new, and this time a really serious crisis, caused by the attempt of Chancellor Michaelis, Vice-Chancellor Helfferich and Minister of the Navy von Capelle, to use the alleged plot against the party of the extreme left in the Reichstag.

It is not improbable, German political observers point out, that Chancellor Michaelis, in an hour of apparent success, sowed the seeds of his own downfall. He is not to be expected immediately as the reichstag adjourns this week, but the new conditions of German political life, it is contended, will not be long now on work against Von Bethmann-Hollweg's successor.

In Complete Opposition The immediate results of the disclosures of Chancellor Michaelis and Vice-Chancellor Helfferich have been that the government Socialists have been driven into complete opposition and into alignment with the radical Socialists; that the followers of Thilo Schiefelmann have delivered a formal declaration of war against the government until Chancellor Michaelis has been removed from office, and that the members of the center and even the national Liberals, have abstained and condemned the Michaelis-Capelle move, as they ought not to have been made unless the government had full, adequate proof of the complete truth of the alleged conspiracy in an actual conspiracy to mutiny—proof which they evidently believe the government will be unable to produce.

Stripped of its embellishments the government statement reduced itself to the charge that agitation to enroll members for the radical Socialists had been carried on in the navy, that leaflets had been distributed and that two of the executed sailors had visited Deputies Hesse, Vogeler and Dietman.

No One Brought to Trial The three Socialists made a great play of the fact that the government had made no attempt to bring them to trial before or after the court-martial at Wilhelmshaven on August 30, and they argued that the crown prosecutor would not have missed such an opportunity if he had any evidence upon which to convict them. This argument evidently appealed to all but the Conservatives and it has dictated the attitude of a large share of the press which, despite their for the radical Socialists, takes the standpoint that Chancellor Michaelis misused the affair for political ends.

The newspapers intimate that toward the close of the reichstag session, Deputy Hesse and his radical Socialists colleagues appeared rather in the role of accusers than of the accused and they went in large type, "The prisoners will now take the stand."

### Why Actresses Never Grow Old

Nothing concerning the profession seems more puzzling to the dear old public than the perpetual youth of our feminine members. How often we hear remarks like "Why, I saw her as a girl forty years ago and she doesn't look a year older now." Of course allowance is made for make-up, but when they see us off the stage at the range, they need another explanation.

How strange women generally haven't learned the secret of keeping the face young! How simple a matter to get an ounce of meringue wax at the drug store, apply it like cream, and see how the wrinkles disappear. We know how this gradually, imperceptibly, absorbs old outside, keeping the complexion new and fresh, free from the lines, wrinkles and even freckles. We know, too, that this meringue wax is the reason actresses don't reach such patches, liver spots, pimples and the like. Why don't our sisters on the other side of the footlights learn the reason, and profit by it?—Theatrical World.

## Nerves of the Stomach

### Were Weak and Inactive as Result of Nervous Prostration—Lost Twenty Pounds—Had to Take Sleeping Powders to Get Any Rest.

St. Catharines, Ont., Oct. 11.—Many people never realize that the movement and action of every organ in the human body is dependent on the energy supplied by the nervous system. When the nervous system gets run down, which occurs directly throughout the entire body. You feel tired and languid and your stomach and other digestive organs are similarly affected. Appetite falls, digestion is poor, you do not get the good of what you eat and gradually grow weaker and weaker.

This process can only be stopped by such treatment as Dr. Chase's Nerve Food, which goes directly to create new nerve force and thereby to invigorate the whole human body. Mrs. Geo. S. Davidson, street, St. Catharines, Ont., writes: "My husband had an attack of nervous prostration, and, although the doctor for some time and tried different other medicines, he could not get relief. He had to resort to sleeping powders given him by the doctor to make him sleep. The greater part of the trouble seemed to be with the nerves of his stomach. He began to lose weight and kept on going down until he had lost twenty pounds. We had read advertisements in the newspapers and noticed that it seemed to be doing a lot of good for people troubled with nervousness, so my husband and I decided to try Dr. Chase's Nerve Food. The results were most satisfactory. He is now enjoying good health sleeps well, and has gained back nearly all the weight he had lost. He also uses Dr. Chase's Kidney-Liver Pills occasionally, and thinks them an excellent remedy. He has used other medicines for kidney ailments and liver trouble, and was completely cured of these complaints. We think a great deal of Dr. Chase's medicine, and cannot speak too highly of them."

### KORNILOFF NOT AS BLACK AS PAINTED

#### Military Order Dated Sept. 10 Shows Slav General Was Loyal

London, Oct. 11.—The Times says: "Accounts of the Korniloff movement hitherto have been entirely one-sided. No word has reached this country except through channels under control of our enemies. An interesting document, namely, the order of the day to the army on September 10, which gives Korniloff's version of some events attended with the movement. In this document, Korniloff gives his reply to most, if not all the charges that have been brought against him. "He merely intended to concentrate four cavalry divisions on Petrograd to crush the threatened uprising of the proclama Bolshevik armistice and conclude a shameful separate peace. "When Korniloff realized that he had been betrayed and could no longer help the country, he surrounded himself to Keensky, with whom he had been willing to loyally co-operate in the country's cause. He is still a prisoner, but his well-intentioned efforts have not been in vain. The formation of a coalition cabinet on the lines set forth by him may be regarded as an indirect result of his movement."

### SWEDISH TROUBLE IN GETTING GOVT.
