## ANNUAL DISTRIBUTION OF SCHOOL PRIZES LAST FRIDAY

### Excellent Programme and Large Attendance at Primrose Theatre—List Of Winners In The Various Grades.

The exercises connected with the annual distribution of prizes won by the pupils of Bridgetown schools during the past term, took place on Friday afternoon in the Primrose Theatre, Dr. M. E. Armstrong, chairman of the School Board, presiding.

On the platform with him were Rev. A. J. Prosser, Rev. J. H. Prosser, Rev. Cranswick Jost, D.D., Mr. A. D. Brown, Postmaster, and a former valued Principal of the Bridgetown schools, Gordon Higgins, who delivered a witty and humorous prophecy for the "A" class, of which he was a member last year. Mr. W. F. Collins Campbell, a former resident, and a pupil of the town school, in 1854 or practically seventy years ago. He gave a number of reminiscences of the early days.

The Chairman of the School Board announced a generous subscription of \$25 from Mrs. C. W. Ryder, of Boston, Mass., to be applied for prizes as the Principal might direct, to be the most effective, and also referred to the liberal subscription of Dr. Chipman of Montreal, who for several years has contributed very generously asking that special reward be offered for English. Both these friends of our school are old students here and still very loyal to their native town and glad to be linked up in this way with its educational progress and development.

Other contribution to the prize fund for the year were: Mary H. B. Hicks, \$10; H. H. Stronach, A. D. Brown, Rev. D. Jost, Hon. O. T. Daniels, Thos. Mack, Owen Graves, E. R. Orlando, Dr. Decker, K. Prosser, B. X. Messinger, Mrs. G. Charlton, Mrs. W. Salter, H. A. Hicks, Mrs. J. P. Orlando, F. E. Ross, J. T. Archibald, G. O. Thies, Thos. Leungie, C. E. Banks.

The special prize of \$15 offered by the Armstrong on Local History day was not awarded there being no essays offered on Local History. This will still be open for competition and it is hoped that before next Local History day a number of essays will be received.

The afternoon programme opened with a chorus by the scholars entitled "Canadian Boy", after which Dr. Armstrong, the Chairman, made a number of appropriate remarks in his invariably happy style, and referred to the fact that "A" work which was done last year for the first time in the history of the High School, and it was especially gratifying that every member of the class passed their examinations successfully.

"Under the Greenwood Tree" was sung by Miss Rhoda Hyson, after

which the pass list was read by Principal Archibald, who thanked the donors of prizes for their splendid interest in the school. The number who received grades was as follows: Grade XII, 9; Grade XI, 13; Grade X, 9; Grade IX, 14.

A piano duet was rendered by one Orlando sisters, followed by solo, "Fiddle and I" by Miss Ethel Harding, after which appropriate and encouraging addresses were given by Mr. A. D. Brown and by Rev. A. J. Prosser; "A" class prophecy by Gordon Higgins; Presentation of prizes exercises concluding with the National Anthem.

**TRAGIC DEATH OF MISS LURA WRIGHT RESULT OF AUTO ACCIDENT**

Much regret was expressed when news reached here last week of the death of Miss Laura Wright, of Beauséjour, and formerly a member of A. H. Pletcher's staff of this town. Death came as the result of an automobile accident which occurred between Weymouth and Hingham, Mass., when a car driven by Horace Burgess and occupied also by Francis Murphy, proprietor of the restaurant in which Miss Wright was employed, Miss Laura Messenger and Miss Wright skidded and ran into a large rock pile. Burgess was instantly killed and Miss Wright sustained a broken leg, fractured skull and other injuries from which her death ensued four days later.

Miss Wright, who had been in Boston only about three months, leaves to mourn their loss, mother, two brothers, William, of Round Hill; Edward, of Beauséjour, and sister, Mrs. Ezra Ring, of the same place. The remains were brought home and the funeral took place on Saturday afternoon, the services being conducted by Rev. A. J. Prosser and was largely attended. The Bridgetown Baptist choir were in attendance. Interment was in the Chesley burying ground, Upper Granville.

Archibald, Principal of the High School, before Nov. 15th, 1923.

First prize \$5.00, 2nd \$3.00.

Competitors must use a non-plumbe on their essay; and enclose, in a separate envelope, name and address together with their non-plumbe.

## BRIDGETOWN JUNIORS WIN ONE, LOSE ONE

### Thursday evening, Kentville and Bridgetown Juniors, Eastern and Western champions of the Valley commenced a series of three games for the Valley championship. On account of numerous blowouts most of the visitors were unable to arrive until nearly six o'clock and darkness stopped play at the first half of the fifth inning with the score standing 4 to 1 in favor of Bridgetown. The second game will be played at Kentville Saturday, Walsh made the only score for the visitors, getting first on fielder's choice, stealing second and coming home on a wild throw. Gatt and Little scored for Bridgetown in the second inning, Crowell and Lockett in the fourth. The score:

Kentville:	A. B. H. R. E.
Bartoux, 2b.	3 0 0 0
E. Redden, 1b.	3 1 0 0
Walsh, 1b.	2 0 1 0

Struck out: Dorey, 6; Lightle, 4. Base on balls, Walsh, Kennedy. Hit by pitcher, Hoyt, Crowell. Sacrifice hit, Gatt.

Umpire—R. Donaghy and McKenzie.

In the game at Kentville the local boys were defeated 8 to 4.

The final and deciding game comes off at Middleton this afternoon when the Bridgetown boys hope to win.

**NEW CONTRACT FOR J. H. HICKS & SONS**

### Local Firm to Build Warehouses at Kingston, Kentville and Church at Waterville.

Mr. Edward Hicks secured contracts last week for his firm for a warehouse at Kingston for the Blue-nose Fruit Co.; one for Nothard and Lowe at Kentville, and for a United Church at Waterville. Work has been started on all these contracts and will be rushed to completion.

A large force is also at work at Palmouth Fruit Company's warehouse and the finishers are putting the final touches on a residence built at Kentville on the firm's land and recently sold by them to W. F. Lynch.

Last week Messrs. Hicks & Sons completed and turned over to the owner the Waterville Public School, an apple warehouse for Ivor E. Best at Gratton and a warehouse 60 ft. x 262 ft. at Berwick for the Berwick Fruit Co. This building is said to be the largest apple warehouse in Canada.

## W. W. G. AND C. G. L. T. FAREWELL MEMBERS

### On Monday evening, the girls of the World Wide Guild and the C. G. L. T.'s of the Baptist Church tendered a farewell to two of their members, Miss Ila Freeman, who goes to Acadia to continue her studies, and Miss Dorothy Abbott, who leaves for Boston to enter the New England Baptist Hospital as a nurse in training and also for a number of the young ladies who are either teaching or commencing to pursue studies, Misses Ethel Harding, Minnie Bacon, Edna Clark, Gertrude Barnes and Myrtle Barnes, who were unfortunately unable to be present.

The evening's proceedings included a corn boil, games and music and the President, Miss Hayden, gave a talk on the aims and work of the Guild. Reports were read by the Treasurer, Miss Muriel Miller, and by the Secretary, Miss Minnie Beeler. Mrs. Berpee Chute was presented with a Lite Certificate of Membership.

The farewell to the two young ladies mentioned above was given by Mrs. Prosser in well chosen words.

**OBITUARY**

**Mr. Percy Berry.**

Mr. and Mrs. Arthur Berry, of Deep Brook, received a telegram on Thursday, Sept. 20th, conveying the sad news of the death of their eldest son, Percy, of Sask.

Percy served his country faithfully overseas during the great war. Shortly after the close of the war he went West. About three years ago he took up a homestead in Sask. and had been working there since. He was 28 years of age.

He leaves to mourn their loss a mother and father, two sisters and two brothers, Levenia and Walden, in Boston and Hugh at home.

The family have the sincere sympathy of the community besides a large circle of relatives and friends elsewhere. The burial took place in Sask.

**50th ANNIVERSARY POPULAR COUPLE**

### Delightful Evening Spent With Mr. and Mrs. N. G. Charlton—Presentations.

Lawrencetown, N.S.—About seventy guests visited the home of Mr. and Mrs. Norman G. Charlton, Lawrencetown, N. S., on Wednesday evening, Sept. 20th. The object of this visit was to pay their respects to Mr. and Mrs. Charlton on the fiftieth anniversary of their wedding day.

Mr. Charlton underwent a serious operation at Cottage Hospital, Middleton, N. S., and is not as active and robust as otherwise he might have been. He is, however, rapidly recovering. Mrs. Charlton, before marriage, was Miss Lucy Keith. In her bridal costume, she looked almost as youthful and charming as fifty years ago.

The house was decorated in bridal fashion with ferns, evergreens and flowers. Two bouquets, one furnished by Miss Elizabeth Daniels and the other by the W.M.A.S., of which Mrs. Charlton is a valued member, were especially admired.

Ladies of the neighborhood furnished cake, beautiful cake, so delicious and tempting and in such profusion that all caution as to overeating was entirely forgotten. The "Bride's Cake," made by Mrs. S. C. Bishop, was greatly admired and voted by all present to be the best cake ever. After cake, coffee and tea, ice cream was served.

During the evening, Pastor A. H. Whitman, in a neat address, presented the bride of fifty years ago with two \$5.00 gold pieces, one on behalf of ladies of the community and the other on behalf of relatives of bride and groom.

Dr. V. D. Shaffner, Master of Evangeline Lodge, on behalf of its members, read the following address and presented Mr. Charlton with an envelope containing \$20.00 in gold.

Address:

Dear Brother:

The members of Evangeline Lodge, A. F. & A. M., No. 94, on this anniversary of your fiftieth wedding day, wish to extend to both you and your estimable lady its sincere and hearty

congratulations.

You have been a member of the Masonic Fraternity very many years, having the honor of being a Charter Member of Tonic Lodge. Before this Lodge moved to Middleton, when it held its communications at Lawrencetown, it expressed its confidence in you by the high honor of making you its Master.

When it was again proposed to organize a Masonic Lodge at Lawrencetown, you gave the proposal your loyal and sincere support. We deeply regret that you have been denied the privilege of meeting with us as often as we desired, but we were confident that we shared your sympathy and best wishes. Your heart, we felt sure, was with us. We appreciate you as a good citizen, a loyal mason and a worthy brother.

We ask you to accept this envelope, not on account of its intrinsic value, but as a token of the high regard in which we hold both you and Mrs. Charlton. We sincerely wish that both you and your good lady may be spared to celebrate very many more wedding anniversaries. We also venture to express the hope that in the future you may be able to meet with us more frequently thus enabling us the more often to have the benefit of your ripe experience and wise counsel.

To Norman G. Charlton, Esq., Signed on behalf of Evangeline Lodge, V. D. SHAFFNER, W. M. Lawrencetown, N. S. Sept. 20th, 1923.

After congratulating bride and groom and wishing them many happy wedding anniversaries, the guests departed to their homes, all agreeing they had spent a very pleasant and enjoyable evening.

## SUGAR BEET INDUSTRY FOR THIS PART OF NOVA SCOTIA

### Cooperation of Farmers Sought To Establish An Industry of Great Importance To The County—Capital Awaiting Investment With Proper Safeguards.

If the farmers of the Valley will support the Beet Sugar proposition by agreeing to enter into contracts to give the necessary quantities of beets to ensure the economic running of a refinery in Annapolis County, then we will have an industry with which is stable and remunerative to the farmers, producing sugar at our very doors and at a price that will permit the establishment of Jam, Jelly & Preserve factories throughout the fruit growing area of Nova Scotia, using thousands of tons of sugar which comes from the farm instead of from raw West Indian cane sugar refined in the two large refineries in St. John or Halifax.

The magnitude of the industry may not be apparent to the ordinary farmer but when we refer to U.S.A. sugar statistics we find there are ninety-nine beet sugar factories, most of them in Colorado, Utah and Michigan. In 1919 there were 692,455 acres of land devoted to beet growing and 762,451 tons of refined sugar produced from this acreage. This particular season was a bad one and the sugar content of the beets was under the average.

The average yield of sugar beets per acre is around 9 to 10 tons and growers are paid by weight, with a sliding scale based on sugar content of the beets. In 1919 price per ton was \$11.75; in 1918, \$10.00. A community plan is usually adopted to insure an adequate supply to the refinery.

The Hon. Mr. Motherwell, Minister of Agriculture, in his address at Lawrencetown last week, advised a more diversified range of farm products and number stated that providing the quality was first grade we need no fear about remunerative market, as there was a market in Great Britain that could absorb all we could produce.

That may be, but since most farm products are perishable, the European markets cannot be supplied with farm

products in any appreciable quantity unless these commodities are preserved in some manner such as canning or dehydrating.

The farmers must have a domestic market as well as a direct export market. This direct market will be a factory, mill, or refinery, which can take from the farmers his raw product and transform it into a condition that permits of storing and subsequent marketing locally or abroad. These conditions can only be established by the farmers, working in cooperation with the factories so that a stabilization of prices can be assured from year to year.

The sugar beet industry, if established on a sound basis, would help the farmers more than any other industry indigenous to this fertile Valley. There will be a marked improvement in the yield of other crops following the beet and there will be a residue from the refinery in the form of a fertilizer and quite a large quantity of cattle feed in the residual beet pulp.

It is really "up to the farmers" to do what others are doing to prove that soil and climate in Nova Scotia can produce a sugar beet with a higher sugar content than obtains in Ontario and in the Western States.

The reports from the Nova Scotia Experimental Farms, if carefully perused, will convince anyone that we have not only ideal soil and climate, but means of water transportation from Bridgetown to Port Wade that cannot be equaled anywhere in Canada, and it should not be difficult to run 10,000 acres on this area adjacent to the Annapolis River and Annapolis Basin to supply an up-to-date refinery at Port Wade, using the pier for loading ocean going steamer and thus establishing an industry which will find employment for hundreds of men and put one million dollars a year into the farmers' pockets, instead of paying it out for raw material grown outside our Province.

**WINTER COURSE IN AGRICULTURE**

### Annapolis County Farmers' Assoc. Ask Govt. Course and Old Agr. Grant Restored.

The resolutions given below passed by the Annapolis County Farmers' Association in session at Lawrencetown and forwarded to the Local and the Federal Governments, are on matters of great and timely interest, and indicate the desire of the Association to keep Annapolis County in the forefront of agricultural progress. The resolutions speak for themselves and doubtless will be favorably entertained by both Local and Federal Governments:

**RESOLUTION FROM FARMERS' ASSOCIATION**

WHEREAS, the Agricultural College has been a great benefit to the farmers of this Province in giving to our select number of young people the benefits of a thorough training in agricultural science and practice, and

WHEREAS, the policy of the Department of Agriculture in holding short courses at the Agricultural Demonstration Building at Lawrencetown has been of great value in stimulating interest in progressive agriculture among the farmers of the county, and

WHEREAS, there are large numbers of young men resident in the county who are unable to attend the college at Truro and who are in need of more sustained training than that

### COMPANIES CLAIM BIG REPARATION

Dominion Steel and Scotia Ask For \$17,000,000 From Germany.

Montreal—Nearly \$17,000,000 is to be asked from Germany by the Dominion Steel Corporation and six of its subsidiary companies, and the Nova Scotia Steel and Coal Company, to cover losses sustained owing to operations of the Great War. Torpedoed vessels under charter; chartered steamers requisitioned; costs of substituting requisitioned vessels; losses of contracts; and war risk premiums, are the headings under which the claims are listed.

Hearing of these claims the largest aggregate by far of all the Dominion applications of this character, began here before the Hon. Dr. William Pugsley, Commissioner, appointed by the Government to investigate and report on all Canadian war reparations claims. The actual total is \$16,711,170.

The legality of an item of \$1,132,667 claimed by the Dominion Coal Company in respect of chartered steamers, requisitioned by the British Admiralty was discussed. Hector McInnes, K.C., of Halifax, for the company, explained that these ships had been specially constructed for the purposes of the trade and the company had been forced to buy substitute ships of inferior type. As a result the whole business of the company fell off.

Hon. Dr. Pugsley questioned whether it was a direct damage when Britain intervened and exercised her discretion in requisitioning the ships. "Can you say that is a direct charge against Germany?" he asked. He concluded that unless authorities were found to change his opinion, the applicant could not hope that he would favorably recommend award in the case. Counsel promised to look up authorities to support the claim.

### CANADA CONTROLS THE WHEAT MARKET

Europe's Imports May Be Reduced But Large Export Already to Orient.

Ottawa—Canada is in practical control of the world's wheat market for the next five months, according to a statement issued here by T. K. Doherty, Canadian Commissioner in the International Institute of Agriculture.

This statement is based upon the assumption that all optimistic news is exhausted, various adverse factors are to develop, the world's old stock of wheat is well cleaned up and that only eleven million bushels is left from last year's Canadian crop.

"The persistent increase in North America's trade with Europe," says the statement, "indicates the latter's increased purchasing power, improved credit through better crops and more promising political conditions. Although Europe's imports for the current grain year may be reduced to 538,000,000 bushels, there is already an exceptionally large export to the Orient, which forecasts an ex-European total import of approximately 120,000,000. These quantities with a shortage in ocean supply on August 1st of over 1,000,000 will bring the world's requirements to approximately 658,000,000, against about 700,000,000 taken last year. These requirements could be met through the following probable shipments of bushels:

Canada, 300; United States, 150; Argentina, 110; Australasia, 50; India, 50; Balkans, 10; Russia, 15; North Africa, 10, aggregating 675,000,000 bushels.

Miss Elizabeth Slocumb spent a few days recently with friends in Middleton.

### CASH IN ADVANCE

We wish every subscriber would pay up his subscription in advance. Some do, but some do not. We think a great deal of our subscribers. There is nothing in reason we wouldn't do for them. But some thoughtless people forget that it costs money to print and publish and mail and address the paper for you, and this all costs money and time and work. Some of our subscribers pay up cheerfully and promptly in advance always, and every year. Others pay during the year, and still others owe for more than one year. Now we have been pleased to extend credit to subscribers who needed credit. But we can't believe that all who owe us for the paper need credit. Many of our subscribers have been on the list for years and years. They are like old friends of the editor. We are trying and, we think you will agree, furnishing every week a good paper for the home, so we ask your co-operation in the matter of paying up what you owe for your subscription. It will do you good, and we will pay it over to the printer for what we owe him.

## IMPOSSIBLE TO GET RELIEF

Until She Started To Take "Fruit-a-tives"

The Medicine Made From Fruit

R.R. No. 1, Everett, Ont. "I had been troubled for years with Dyspepsia, Liver and Kidney Trouble, and could not get relief until I started taking 'Fruit-a-tives'. Thanks to their beneficial action, I am in normal health again."

Mrs. THOMAS EVANS "Fruit-a-tives" alone can give such happy and successful results because "Fruit-a-tives" is the famous medicine made from fruit juices and tonics. "Fruit-a-tives" is pleasant to take and will always restore the health when taken regularly as directed. 50c. a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-tives Limited, Ottawa, Ont.

### ST. CROIX COVE

After an absence of nearly thirty-five years, Mr. John Smith, Boston, is visiting old friends here.

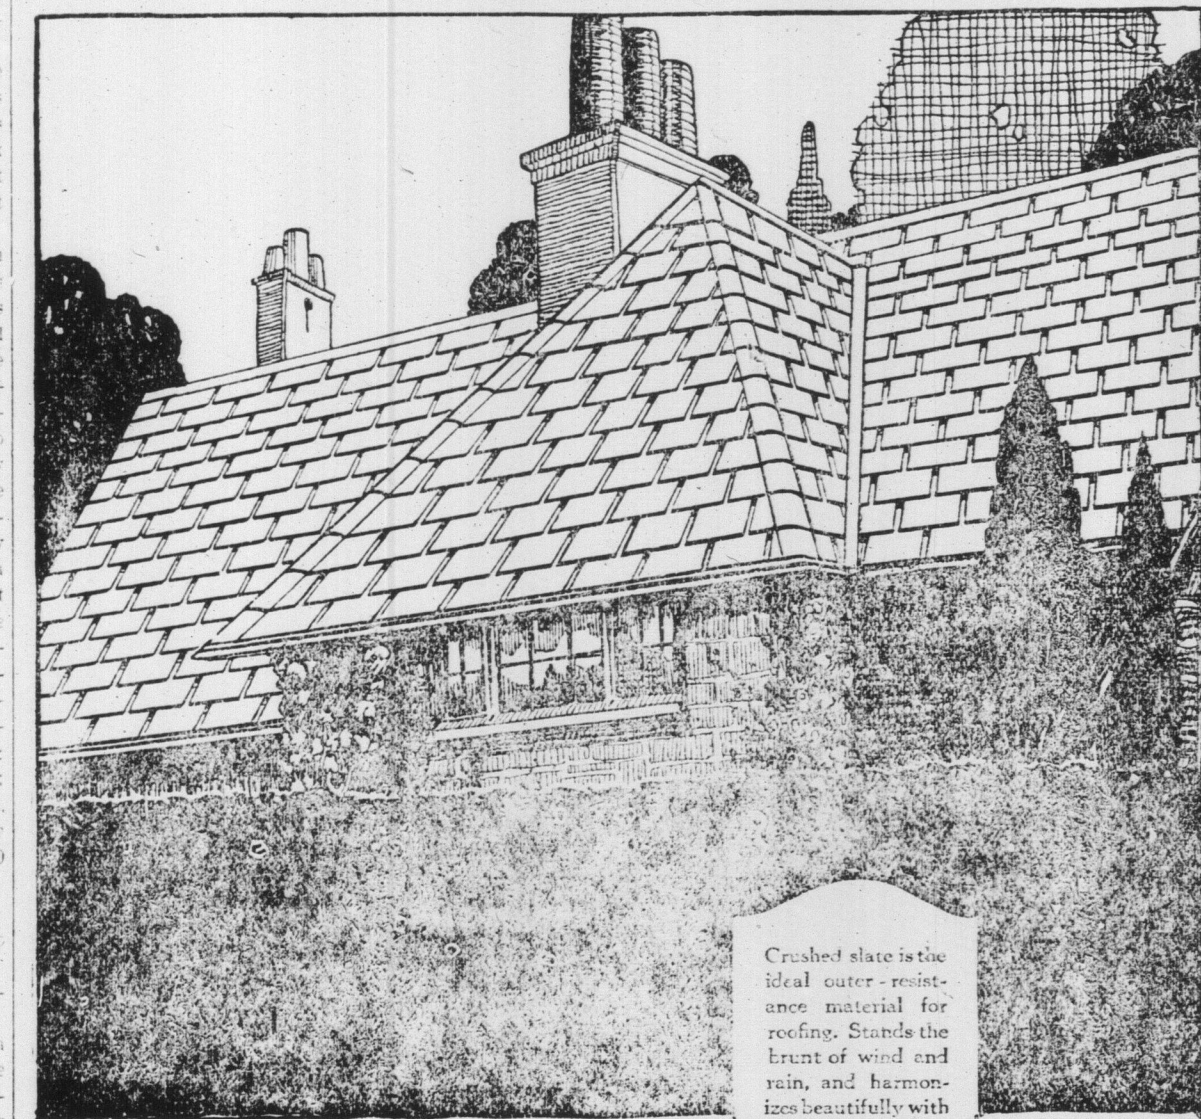

Rev. D. W. Dixon, Port Lorne, his sister-in-law, Mrs. Sherman Dixon, and her sister, Miss Barnes, Amherst, were guests at the home of Mr. and Mrs. Angus Milbury Wednesday.

Rev. Myron O. Britton left on Monday, 17th, for Newton Theological College, Newton, Mass.

Mr. and Mrs. Joseph Phinney and baby Gertrude, Upper Granville, and Mr. and Mrs. Vaughn Poole and baby Irene, Hampton, were visitors at the home of Mr. and Mrs. B. Poole, 17th.

Mr. and Mrs. Fred Charlton, and little son, Laurie, Mt. Rose, visited her parents, the 17th.

Minard's Liniment for Headache.

Crushed slate is the ideal outer-resistance material for roofing. Shields the home from the brunt of wind and rain, and harmonizes beautifully with nature's outdoors.

## Protection—Beauty Crowned

Brantford Roofs guard thousands of homes from the ever-present menace of fire. Embers from fires beyond your control fall harmlessly on their fire-resistant slate surface—and those household treasures which no money can buy and no insurance replace, are safe, as are the lives of those within.

Protection to all that lies beneath the roof and the charm of nature's colors above the home—a blending of practical safeguarding with beautiful effect.

Unfading Colors—Brantford Asphalt Slates are built for unusual endurance. Faced with Blue-Black, Red, Tile-Red or Green slate—may be used in any desired combination of these colors.

Brantford Asphalt slates in 4 in 1 slabs: Brantford Tapered Asphalt Slates with the heavy butt; Brant-

ford Arro-Lock slates (red or green) may be laid over old roofs and give diagonal effects.

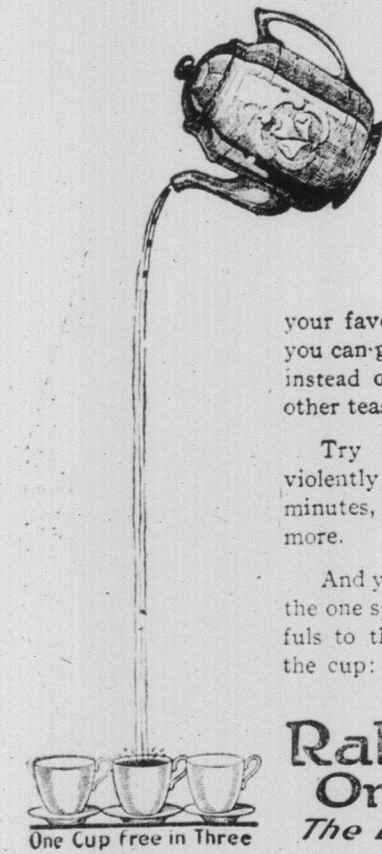

Distributed under Brantford Roofing Trade Marks through Brantford Roofing dealers. Stock carried, information furnished, service rendered by our dealer in your district. Write for descriptive literature or advice on roofing problems.

## One Package Free in Three

—that's the effect when you adopt the new Rakwana Golden Orange Pekoe as your favorite drink. For, believe it or not, you can get more than 450 cups to a pound, instead of 300 as in the case of the best of other teas.

Try it: Over a scant spoonful pour violently boiling water. Let stand three minutes, stir well, and steep a minute or so more.

And you can pour out three (3) cups from the one spoonful. And there are 100 spoonfuls to the pound! The best costs less in the cup:

## WINTER COURSE IN AGRICULTURE

(Continued from Page One.)

afforded by the Agricultural Short Course held at Lawrencetown, and, WHEREAS, it is the opinion of this Association that a longer course of intensive training would constitute a progressive step in the policy of the Department, and,

WHEREAS, the time is now opportune for the taking of such a step.

WHEREAS, this Association on their part, provided such a course were adopted, would engage to provide for the necessary heating and lighting of the building and would guarantee the continuous attendance of the minimum of twenty-five students throughout the entire course.

THEREFORE RESOLVED, that we, the Annapolis County Farmers' Association request the Provincial Government to provide a four weeks course in Agriculture at the Demonstration Building at Lawrencetown during the month of March, 1924, offering instruction in the following subjects and such others as may be deemed advisable by the Secretary for Agriculture, namely:—live stock, dairying, feeds and feeding, poultry, animal, and plant diseases, fertilizers, fruit growing, sprays and spraying, elementary farm book-keeping and arithmetic, elementary rural economy, civics, marketing, beautifying of home premises, English, debating, etc., and that in addition special lectures be given on subjects of public interest, and also that instruction of a suitable character be given farmers' daughters, and,

WHEREAS, the cutting off or reduction of the funds made available through this grant would be disastrous to the work, and would bring to an end the forward and progressive policy of the agricultural education inaugurated and maintained by its aid and would work a serious injury to the development of an improved rural life in this country.

THEREFORE RESOLVED, that the Annapolis County Farmers' Association assembled in special session, do

ers, and, FURTHER RESOLVED, that copies of this resolution be forwarded to the Honorable, the Prime Minister of Nova Scotia, the Honorable, the Provincial Secretary, the representatives of the County in the local legislature, and to Dr. M. Cumming, Secretary for Agriculture.

## RESOLUTION RE FEDERAL GRANT IN AID OF AGRICULTURAL EDUCATION

WHEREAS, the Dominion grant in aid of Agricultural instruction has been of the utmost value to the farmers of this Province, more especially of this county both socially and economically in making possible our Agricultural Demonstration Building, our Short Courses, the development of improved schedules for insect and pest control, the encouragement and stimulation of the dairy industry and many lines of useful and necessary work, and in addition has created a new era in the development of agricultural education in this country, and,

WHEREAS, the cutting off or reduction of the funds made available through this grant would be disastrous to the work, and would bring to an end the forward and progressive policy of the agricultural education inaugurated and maintained by its aid and would work a serious injury to the development of an improved rural life in this country.

THEREFORE RESOLVED, that the Annapolis County Farmers' Association assembled in special session, do

## BUSY SEASON IN WOODS IS INDICATED

Truro.—The outlook is good for a busy winter in the lumber business in Londonderry and Bass River districts. About all last year's cut has been shipped from Bass River. The Maple Leaf Lumber Co. will cut three million feet about Londonderry and ship from the station there. F. Simpson and J. McLean will put out a big cut for the Maple Leaf Company to be shipped from Debert. At Folly Lake, E. Lewis and Co. will cut a million feet. Munro Slack will do the logging and Seymour Carlyle, of Valley Station, the sawing. There is said to be considerable demand for good woodsmen.

hereby petition the Dominion Government to introduce at the next session of the Dominion Parliament a measure providing for a sum at least equal to that made available under the Agricultural Instruction Act, 1913, and extending over an equal period of time, which shall be allotted to the Province on the same or similar terms, and,

FURTHER RESOLVED, that copies of this resolution be sent to the Honorable MacKenzie King, Prime Minister of Canada, the Honorable E. M. MacDonald, Minister of National Defence, the Honorable William Fielding, Minister of Finance, and Dr. Lovett, our representative in the Dominion House of Commons, with the earnest request that they do all in their power to have the proposed measure enacted at the earliest possible moment.

## Refunding Loan 1923

5% Bonds

Dated and bearing interest from 15th October, 1923, and offered in two maturities as follows:

20 year Bonds due 15th October, 1943  
5 year Bonds due 15th October, 1928

Principal payable at the office of the Receiver-General at Ottawa or that of the Assistant Receiver-General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary or Victoria. Semi-annual interest (15th April and 15th October) payable at any branch in Canada of any chartered bank.

Denominations: \$100, \$500, \$1000

All bonds may be registered as to principal only, and bonds in denomination of \$500 and authorized multiples thereof may be fully registered.

These bonds are authorized under Act of the Parliament of Canada, and both principal and interest are a charge upon the Consolidated Revenue Fund.

### To Cash Subscribers Offering Terms

This issue presents a most attractive investment. The security is incomparable and the income return high. The bonds will occupy an investment position equal to that of Canada's Victory Bonds.

The bonds are offered for cash at the following prices:

20 YEAR BONDS  
98.25 and interest  
yielding 5.14%

5 YEAR BONDS  
99 and interest  
yielding 5.23%

This offer is made subject to prior sale and to advance in price.

Dominion of Canada bonds are the most attractive investment obtainable in Canada.

Orders may be telegraphed or telephoned (collect) and exchanges made through any of the undersigned or through your usual dealer or bank.

The right is reserved to allot a less amount of bonds than applied for, and to sell for cash more than \$50,000,000.

These bonds are offered for delivery in interim form on or about October 15th, 1923, when, as, and if issued and delivered to us.

### To Holders of 1923 Victory Bonds

In addition to the bonds offered for cash it has been arranged that all holders of Victory Bonds due November 1st, 1923, may exchange their holdings for the same amount of the new issue. They will receive in cash the difference between the face value of their maturing bonds and the purchase price of the new security, namely: at the rate of \$1.75 per \$100 for 20 year bonds and \$1.00 for 5 year bonds.

### Special Privilege

Interest coupons on bonds exchanged are to be retained by the owner and cashed on November 1st. At the rate of \$1.00 for each October 15th, holders will receive in cash the difference between the face value of their maturing bonds and the purchase price of the new security, namely: at the rate of \$1.75 per \$100 for 20 year bonds and \$1.00 for 5 year bonds.

20 YEAR BONDS  
98.00 and interest yielding 5.10%

5 YEAR BONDS

## TO INVESTIGATE CAPE BRETON INDUSTRIAL CONDITIONS

Ottawa.—A fine touch was given at a meeting of the Cabinet to the main-tenance of this Dominion will be called upon to make at the Imperial and Economic Conferences to be held in London during October. Following the Privy Council sitting a send-off dinner was given to the Prime Minister by his Cabinet colleagues at the Country Club Senator Raoul Dandurand, Acting Minister of Justice, presided over the function.

The Prime Minister, with his two Secretaries, F. A. MacGregor and W. H. Meisures, and Prof. Oscar D. Skelton, of Queen's University, left the capital and arrived in Quebec on Friday last. On Friday evening the Prime Minister was the guest at a dinner at the Garrison Club, in that city, when he delivered an address. The party sailed next morning on the Montcalm. It is expected that the Prime Minister will be absent from Canada exactly two months. It was announced by the Prime Minister that in his absence H. Hon. W. S. Fielding would act as head of the Government and that Hon. Ernest

LaPointe, Minister of Marine and Fisheries, and who has an intimate knowledge of Canada's foreign relations, will take charge of the Department of External Affairs.

It was also made known by the prime Minister that some other appointments were made, but that the personnel cannot be made public until the orders have been signed by the Governor-General. One of the appointments, it is learned, is the Royal Commission to inquire into the Sydney strike situation. The vacancy on the Toronto Harbor Board has not yet been filled, and no consideration will be given to a successor to Sir Chas. FitzPatrick as Lieutenant Governor of Quebec until Sir Charles' tenure of that office terminates on October 1st.

## WILL THE SMALL BANK SURVIVE?

There is a feeling in some quarters that the day of the small bank is passing and it is inevitable that sooner or later it will be swallowed up by the larger organization. Small in relation to our banks is a comparative term. As a matter of fact we have no small banks when we compare our financial institutions with those of the United States. With a paid-up capital of two, three or four millions, with ample reserves and total assets ranging from twenty to seventy millions, our "small banks" are really not small at all. No "small" bank in Canada ever went to the wall by reason of its size. The size

of the Home Bank had nothing to do with the fact that its doors are now closed, and the same may be said of the Farmer's Bank, which was wrecked mainly through the Keeley Mine, which to-day, under other management and further development, is one of the world's great silver producers. The Ontario Bank went to the wall by reason of reckless Wall Street gambling, while in the case of the Ville Marie Bank a thief of a manager and an old man in his dotage acting as President, were the contributing causes of its failure. In the case of the Merchant's Bank, which was by no means small, it appears to have been an instance where the till was open to a pack of gamblers on the one hand and unstable business on the other.

In regard to the suspension of the Home Bank it appears certain from what is now known that this institution assumed top-heavy obligations in lines of business that were to say the least, speculative. Loans of a size that were all out of accord with its comparatively small capital stock and smaller reserve were made, and these have gone bad on its hands. Had the Home Bank continued business on a conservative basis, showing proper judgment as to the extent and spread of its loans there is no reason to believe that it would have met with serious reverses. Its size had little or nothing to do with its fate.

The small bank unquestionably has its uses, and deserves to survive. Banks with a million or two paid-up capital and proper reserves might well confine their business to a given locality, as do the banks in the United States and as does the City and District Savings Bank, which for generations has served its Montreal clientele in its own field. In banking as in other activities the human equation is too often lost sight of. Men make or break banks as they do other business institutions, and too often may it be said they handle the funds of the bank as if it were their own, in place of it being the property of the depositors, placed with them in trust.—Saturday Night.

## RAILWAYMEN AND MR. LUNN

At the nomination meeting in Pictou, Mr. Putnam delivered an eulogium on Mr. Lunn, who edits the railway column in the Halifax Herald. Well, this column has its good and not so good points. It has been for some time advocating an increase of pay for the railway men. That is one way to get in good with the men, but should not Mr. Lunn and the men think some about the overburdened taxpayer who has to make up the annual deficit on the railway? For one we would say that as soon as the railways paid running expenses we would be willing to divide the profits between the men and the freight rates. Until the railways pay running expenses the men for a few years should be lenient. Besides, the general opinion is that the railways are not efficiently managed. No one will deny for a moment that there are good men on the roads and in the offices along the road, but there are others that are inefficient and careless. The railway men are in unions, are so many cogs in a machine. Efficient work never comes in that way. There are men on the railways that, if they left they could not for a long time be replaced, painstaking, efficient and honest. There are others of whom it would be a blessing if they left, careless, lazy and dishonest. But there they are all together, the good men carrying the poor. The whole system is inadequate for good work, and it only required a little extra, as on Hector day, to throw the whole unbalanced machine out of gear. So it is not unreasonable that Mr. Lunn and the men give the poor oppressed public a rest before demanding more pay. If it came out of their own earnings we would not say a word, but it comes out of the people's pockets—out of the pockets in part, of those whose daily pay is much less than that of the railwaymen.—Eastern Chronicle.

## Unrefreshing Sleep

If You Are Tired Out When You Arise in the Morning, Read This.

The woman who is tired out, who aches all over when she arises in the morning, who feels depressed most of the time, needs just the help that Dr. Williams' Pink Pills can give her—new blood and strong nerves.

The number of disorders that are caused by thin blood is amazing and most women are careless about the condition of their blood. Quickly the nerves are affected and the patient becomes irritable, worries over trifles, does not sleep as well as formerly and is not refreshed by rest. There may be stomach trouble and headache. This is a condition that calls for Dr. Williams' Pink Pills.

Give Dr. Williams' Pink Pills a fair trial and the first sign of new life will be noticed in your appetite. You will be hungry by meal time. As the blood becomes enriched it feeds and soothes the irritated nerves, sleep becomes sounder and more refreshing, your worries become less, your work lighter. These are some of the things that these tonic pills do. Try them for any trouble caused by thin blood.

You can get these pills from any medicine dealer or by mail at 50c. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## NOVA SCOTIA LEADS DOMINION

Bayview Creamery's Success in Aug. Puts This Province Ahead in Butter Contest.

Nova Scotia is leading in the Dominion Butter Scoring Contest. This contest is open to all Canada, covering a period of six months, a different creamery competing from each Province every month.

For the month of August Bayview Creamery Company, Sterling Brook, Hants County, won second place, and by their good showing has placed Nova Scotia in the lead of the Dominion by a small margin over Saskatchewan.

The Bayview Creamery has not only demonstrated that it can make good butter, but what dairying can do for a community. This creamery started under financial difficulties and in a district where farms were vacant and stock of an inferior grade. Since the Creamery has been operated there are no vacant farms and there is noticeable improvement in stock. The Creamery was opened in 1915 and made for that year 28,000 pounds of butter; last year, 1922, the make was 128,000 pounds of butter.

The Creameries which have competed for Nova Scotia up to date are: May, Brookfield Creamery Company, Truro, first place.

June, Pictou County Dairy Company, Stellarton, second place.  
July, Margaree Creamery Company, Margaree, third place.—Chronicle.

## DEVELOPMENT FOR CANADA

Hudson's Bay Director Thinks Dominion is on the Verge of a Great Period.

Toronto.—That Canada is on the verge of a great period of development, is the opinion of F. H. Richmond, of London, England, a director of the Hudson's Bay Company, who is in the city.

Mr. Richmond has just completed a tour of inspection of the company's stores in Western Canada.

"I was astonished at the optimistic feeling which prevails in the West," said Mr. Richmond.

Conditions indicated that the bottom of the recent financial depression had been reached and that prosperity was not far away, he said.

Mr. Richmond was of the opinion that a bank should be established by the Dominion for the purpose of lending financial assistance to the farming in the West. This, he thought, would overcome many difficulties in the way of Western Canada's progress.

## FIRPO CONTENT WITH DECISION

Luis Asks Nothing More Than Another Match With Champion.

New York.—The decision of the referee is sufficient for Luis Angel Firpo, and despite the protests of his friends and many spectators of his fight with Jack Dempsey, that he was unfairly treated and fouled, he asks nothing more than "another match" with the world's champion.

The true sportsmanship of the Argentine fighter is shown in a statement given by him to the Associated Press in which he says:

"There has been enough discussion on the question of fouls in my match with Jack Dempsey. The charges against Horatio Lavalle are unjust because Mr. Muldoon, Chairman of the New York Boxing Commission, assured us that justice would be done to us.

"I have read what Mr. Muldoon has said on the subject of fouls and I appreciate it. I have also read many references by sporting writers to the same matter. But notwithstanding this, I want to make one thing perfectly clear; I accept the decision and all I want is another match with Dempsey as soon as my arm is all right and I have had sufficient rest." Horatio Lavalle was Firpo's second and it has been charged that he neglected to claim an obvious foul.

## LUCILLE B'S MATE IS COMMITTED FOR TRIAL THIS WEEK

Preliminary Examination of Halifax Man Accused of Stealing Cargo.

Digby.—James M. Power, of Halifax, mate of the schooner Lucille B., charged with theft of the cargo of the schooner, said to consist of 12,000 gallons of pure alcohol, while off the New England coast, and arrested at Meteghan and lodged in jail at Little Brook last week, was up for preliminary hearing Tuesday. He was remanded to the Supreme Court which sits this week. Bail was not asked for. The witnesses for the Crown called by Crown Prosecutor H. L. Dennison, were the brother of the owner Alca Belliveau of Church Point; Customs Officer of Meteghan River; Captain Henry LeBlanc, skipper of the schooner, and Adolphe Comeau, one of the crew. Mr. Frank Nichols, of Digby, appeared for the accused, but produced no witnesses.

The Lucille B. arrived at Meteghan in ballast two weeks ago, the mate, it is alleged, reporting that pirates had come aboard the schooner off the New England coast during the absence of the skipper and seized the cargo. The crew laid information that the mate had sold the cargo to men who had come to the vessel, and then had sailed before the captain could return. On this information the mate was arrested and charged with theft of the cargo.

## PRODUCTION RECORD

Sydney, N. S.—The Scotia group of collieries, operated in North Cape Breton by the British Empire Steel Corporation, set a new record for a month's production, during August, when they raised \$4,900 tons. The highest previous output was \$1,000 tons on November 10th, 1909.

The Scotia properties are all submarine pits and the oldest mines working in Canada.

### PROGRAMME FOR ALDERSHOT FAIR

Fruit Show Will Be Big Feature of Three Counties' Exhibition.  
Kentville—Aldershot Camp grounds at Kentville, will be the scene, October 2nd, 3rd and 4th of the King's, Hants and Annapolis Counties' Exhibition. The outstanding feature of this fair will be the fruit show. The Kentville Board of Trade hold the record of starting the first fruit exhibition in Canada. What this exhibit will comprise can somewhat be suggested by the prize list, probably containing the highest special prizes of any exhibition in Nova Scotia.  
As the Aldershot Speedway is one of the best tracks in the Province, and there are to be horse races for five days, there would appear to be considerable to substantiate the Kentville Driving Club's announcement that it will be "the biggest racing event of the season."  
As an indication of what value attaches to the importance of the fruit exhibit, a review of the special prize list shows: Furness, Withy & Company, Ltd., Halifax, offering \$150.00

for the best 25 boxes equally divided between King, Wagner, Ribston, Blenheim, Russet; and J. and H. Goodwin Company, London, offering a similar prize for the same combination.  
The Dominion Atlantic Railway offers a \$100 prize for the best five boxes each of King, Wagner, Red Gravenstein and Golden Russet, and Mr. George E. Graham is offering \$50 for the best five boxes each of Red Gravenstein and McIntosh Red. The International Mercantile Marine offer \$100 for the best sixteen boxes, four boxes each of King, McIntosh Red, Ribston, Spy.  
The Red Cross line offer a ticket from Halifax to New York and return, with stateroom, berth and meals on trip (valued at \$65) for the best nine boxes, 3 each, of Gravensteins, Ribstons, King.  
There are special prizes offered in educational and housekeeping exhibits; grain and vegetables; and in poultry, live stock and swine. Altogether there is \$2,000 offered in special prizes.  
The exhibition is open to the Province.  
The formal opening will be attended by Premier Armstrong, Lieut.-Governor Grant and E. W. Robinson, M.P.

### Guard The Baby Against Colds

To guard the baby against colds nothing can equal Baby's Own Tablets. The Tablets are a mild laxative that will keep the little one's stomach and bowels working regularly. It is a recognized fact that where the stomach and bowels are in good order that colds will not exist; that the health of the little one will be good and that he will thrive and be happy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

### FURS WORTH \$17,000 STOLEN FROM SHOP

Motrel.—Furs valued at \$17,000 were stolen from the store of S. Sherman, of 982 St. Lawrence Boulevard, according to reports made to the police.

Entering the store by forcing the lock of a door connecting it with a private house, three men who came and went in an automobile are believed to have carried out the robbery while St. Lawrence Boulevard was crowded with its evening quota of people.

### SYDNEY SURPRISED

Sydney, N. B.—Pending the arrival of President Wolvin and his party, now en route from Montreal, local officials of Besco have no new information to impart as to the resignation of D. H. Macdougall, as Vice-President. While there have been rumors of impending changes, the actual occurrence came as a surprise to practically everybody in the district, where Mr. Macdougall's remarkable career has been watched by thousands of friends who have known him from boyhood. There is much speculation as to his successor and possible further changes in the management of the steel plants, car works and ore and coal mines.

### A HUNTING SONG

Now that the nuts are taken,  
And the vale is cleared of the corn,  
Now that the wind has shaken  
The last leaf from the thorn,  
Now, with the woods forsaken  
And the empty fields forlorn,  
Let the desolate spaces waken  
To the music of hound and horn!

The feet of the year are flying  
As the years before them have fled,  
We see the leaves are dying,  
We know that the flowers are dead;  
And we hear the wild geese crying  
In their southward flight overhead;  
And our hungry hearts are sighing  
For the flash of the white and red.

For this is the wise gods' bidding—  
When winds have scattered the rose  
And earth for a while lies lying  
In a mantle made of the snows,  
And the gales from the north are gliding,  
And the gates of the Summer  
Close—  
That the lords of the land go riding  
And the horn on the upland blows,  
—Will H. Ogilvie in the Westminster Gazette.

### MANY MILLION DOLLARS ARE HIDDEN IN FRANCE

Paris.—All over France men and women for years have been hoarding American currency. It became available in large quantities with the coming of American soldiers during the war, and the French people were quick to see its value. Today people are wondering how many dollars are concealed in the "woollen socks" of the republic.

The estimates run from \$1,000,000 to \$5,000,000,000. Recently a Frenchman living in Chaumont, who kept a candy store during the war, disclosed to a friend a strongbox containing over \$12,500 in American bills of various denominations, which he said he would sell when the franc reached 20 for one dollar. "There are a good many men in this town alone who have more than I," this man declared.

The exact amount of American currency left in France by American soldiers and officers will probably never be known, but many believe that if a thorough canvass of Brest, Saint Navarre, Bordeaux, Le Mans, Tours, Chaumont, Aixles-Bains, Vichy, Dinard and the surrounding localities were made, the total would be nearly \$5,000,000.

### N. SCOTIA WOMEN'S INSTITUTES Community Improvements.

The work of the Women's Institutes includes community improvement in many phases, a number of which have already been mentioned in these columns. The splendid work which has been done in connection with the school in almost every important thing in the community—the boys and girls. The bettering of home conditions and the increased efficiency of the home maker have had an influence, in making the community a better place in which to live. By the study of health problems and by co-operation with the Public Health Nurses, the Institutes have added much to the safety of life in the community, and community halls, erected by the Institutes, have been a very real contribution to community life throughout the Province.

Work for the young people has had an important place on the Institute program and providing an opportunity for healthful recreation is one of the important phases of this work. Kempt has recently started a Community League for the young people. A room was rented to be used as a gymnasium; a field was offered for baseball and the Institute held an ice cream social to procure the baseball outfit. It is the intention to carry this league on through the year and provide appropriate amusement for the winter months. This Institute also has a sewing class for girls, which meets at the homes of the Institute members, where instruction is given in sewing, crocheting, tatting, etc., and the girls are assisted in making things for exhibition.

Canning and Canard Institutes are helping to raise the debt for the rink. Paradise Institute is helping the Boy Scouts to pay for their uniforms. Bridgetown gave prizes to the winners in the Tuxis Boys debating team. Mahou raised \$40.00 to assist the baseball and tennis club.

The appearance of many neighborhoods has been greatly improved through Institute efforts. The greatest attention has been paid to the beautifying of the school grounds and the cemeteries, and some splendid work has been done along these lines.

The members of the Scotch Village Institute have added to the beauty of their community by planting maple trees. Each member pledged herself to plant at least one tree; some planted a dozen. This work will not only be appreciated now but the benefit will go down to the coming generations.

The sidewalks have received attention in many communities. The Caledonia-South Brookfield branch has expended \$200.00 on this work.

The New Germany Institute is working for street lights. At Bearport three lights have already been erected and three more are to be erected at the most dangerous places on the road. This is quite an undertaking for, after the first cost, there will be an annual cost of almost \$100. These are but a few of the lines of work in which the Institutes are interested. There is hardly a phase of community life that has not felt the good influence of this organization.

### WEST APPROVES LEWIS' ACTION

Canceling Charters of Recalcitrants at Drumheller.

Calgary.—Members of the executive Board, District 18 United Mine Workers of America, in conference here, Saturday, endorsed the action of district officials in revoking the charters of Drumheller locals, now out on strike, and instructed the district officers to proceed to Drumheller immediately to order the men back to work.

If the 1,000 strikers in 10 Drumheller mines refuse to return to work immediately district officers will take steps to organize new locals, embracing men desirous of returning and these men will work under the present legislation of the international organization, William A. Sherman, President of District 18, said Sunday night.

District officials took "is action following repeated refusals of Drumheller miners to return to work and settle their difficulties by a joint committee of the operators and the miners representatives, which is provided for under the agreement between the Western Coal Operators' Association and the United Mine Workers of America.

The whole trouble started over the miners endeavoring to introduce the Oketh list system, under which all men hired by an operator must be oked by the union before he could go down the pit, according to the officials.

### ANTI-BETTING ACT IS ULTRA VIRES

Toronto.—"I have directed that all prosecutions cease under the Ontario Anti-Betting Act", said Attorney General Nickle to a newspaper man. ### "King Cole" Preferred

A growing preference is expressed for KING COLE TEA. What other explanation could there be for its persistently increasing sale? Every year of the twelve that it has been before the public has marked its strong steady advance. A good long testing time—long enough to prove the merits or reveal the weakness of any article.

Public confidence has been demonstrated in no uncertain way. The testing stage has been passed with honour.

### TRADE PREFERENCE FOR CANADA URGED OF GREAT BRITAIN

Vancouver, B. C.—The Canadian Government will be urged by the Vancouver Board of Trade to take a definite stand at the imperial conference in London next month, such as Australia and South Africa have assumed in asking Great Britain to grant to the dominions the same favorable trade preference that the dominions have given Great Britain for years past. This decision was reached at a meeting of the Board last week. It was also decided to wage a campaign for the abolition of the personal property tax in British Columbia.

In discussing preferential trade within the empire it was declared that there was something wrong when forty million people of British stock in recent years have gone out of the empire to settle, while resources in the British dominions are waiting for men to develop them.

## NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 25 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, J. M. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 16 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money, make \$250 to \$500 per month.

## WEDDING

Spurr-Ritchie.

At Annapolis Royal an unusually pretty wedding took place on Thursday evening, in St. John's Church, when Katharine Miller Ritchie, the only daughter of Mr. and Mrs. Wm. Fenwick Ritchie, and Stewart Peter Spurr, son of Mr. and Mrs. Thomas Spurr, were united in marriage, the Rev. Mr. Parry officiating.

The church was beautifully decorated by friends of the bride. The bride entered on the arm of her father and looked very charming in a handsome gown of ivory satin and wore the conventional veil and carried a beautiful shower bouquet of asters and sweet peas. Miss Margaret Spurr was bridesmaid and looked very sweet in orchid georgette with black picture hat and carried a bunch of asters and sweet peas. Mrs. Henry Ritchie presided at the organ. Mr. Lloyd Spurr acted as best man and Mr. Howard Milner and Mr. William Sanford were ushers. Following the ceremony a reception was held at the home of the bride's parents. The presents were numerous and included cut glass, silver, linen, cheques, etc., showing the esteem, which the bride is held.

## Cleopatra Washed Her Face This Way

She used Palm and Olive oils, the same rare oils which are blended in Palmolive. She knew that to have a fresh fine skin, thorough cleansing was necessary. The crude combination of Palm and Olive oils which was the best that even royalty could then obtain is now brought to perfection in Palmolive.

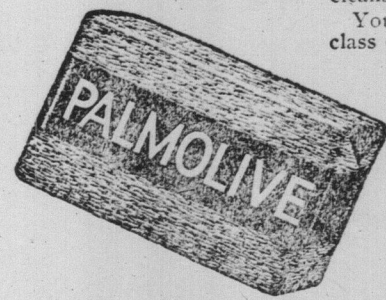

The girl of today, if she would be beautiful, follows Cleopatra's practice. Every day she cleanses the skin thoroughly with mild Palmolive Soap. Never does she permit cold cream, rouge and powder to accumulate and clog the pores of the skin. She knows that this starts irritation and blackheads, pimples and other blemishes result.

Palmolive with its mild creamy lather is lotion-like in its action. It refreshes, revives and stimulates and leaves the skin delightfully fresh and rosy.

Thus a great luxury may be enjoyed at the price of ordinary soap. You can pay more, but you can't get a finer, milder cleanser.

You can buy Palmolive Soap at all first-class dealers.

Palm and olive oils—nothing else—give nature's green color to Palmolive Soap.
