# COUNCIL SUPPORTS MAYOR HOCKEN BY REFUSING TO WITHDRAW BILL FOR PURCHASE OF TWO COMPANIES

Church, Foster and O'Neill Were the Only Ones to Vote in Favor of the Extraordinary Recommendation of the Board of Control—Ald. McBride Charged the Three Controllers With Making a Laughing Stock of the City Council—First Time the Mayor of Toronto Put a Proposition in Concrete Form—Personalities Exchanged During Prolonged Discussion.

Again Mayor Hocken has been given an almost unanimous support by the council in his negotiations for the purchase of the Toronto Railway Company and Toronto Electric Light Company properties. Controllers Church, Foster and O'Neill were the only members of the council to vote in opposition to the mayor's proposition. All the other members were solidly in favor of allowing the private bill to go thru the legislature and have the city empowered to acquire the Toronto Railway Company and the Toronto Electric Light Company properties. It was a magnificent victory for Mayor Hocken and for common-sense government of Toronto.

Not one reasonable argument was given by the opposition in their contention for the withdrawal of the bill. What they said was a tirade against the Mackenzie & Mann interests, and an expression of objection to being left out of the confidence of the mayor. They ignored the interests of the city.

Controller Foster became so wrathful over the bill, after having voted for its introduction into the legislature, that he declared it to be the most damnable bill ever brought into the legislature. That was a sample of the best argument the opposing controllers had.

Controller Church had a small number of listeners to his rambling speech, and Controller O'Neill explained that he had changed his opinion over night, because he had talked it over with a man in whom he had every confidence.

The bill will now be passed before the legislature adjourns, and Mayor Hocken will proceed to arrange terms and conditions of purchase with E. R. Wood, report to the council, and have a by-law submitted to the ratepayers, so that the city will own the street railway and electric light systems in July, if the ratepayers ratify the agreement.

"I rise to a point of order, 24 hours' notice of this meeting has not been given," said Controller Church at the opening of the city council.

"The notice is not regular," said Mayor Hocken, "but I will invite the members into the members' room and ask them to consider the resolution disposing of the attempt to have the bill withdrawn."

"Then I won't press the point of order," Controller Church said. He expressed regret at the increasing difficulty he has to get a hearing in the council, but said right in to lament the negotiations for the purchase of the properties of the Toronto Railway Co. and the Toronto Electric Light Co.

Church's Tirade. He charged that the private bill introduced by Mr. McNaught into the legislature was not the bill asked for by the council for it gave the negotiators power to get the bill introduced on the city, and not on the companies, before it went to the ratepayers to be ratified. He charged that the city solicitor and controller were not to be seen by the bill until after it was presented. He suggested that Mackenzie & Mann had drafted the bill. He declared that the negotiators had been brokers' movement to wreck the provincial hydro-electric system. For a corporation he declared that the News, which was persistently attacking Controller Foster and Hocken, was owned by Mackenzie & Mann, and had to do the bidding of that firm.

# Business and Finance and Optimism.

The financial situation is better than a week ago in the broad and world-wide sense. The Balkan war is about over; fighting has ceased, and only the minor terms of the settlement have to be accepted. That means a breathing spell for Europe, the gradual improvement of the money situation, including the return into circulation of hundreds of millions of dollars that the peasants of Europe had withdrawn and put in hoarding. England and France have great abundances of money that they will be ready to turn into investments of high class, and most likely at a higher rate of interest, at a rate that borrowers will be glad to pay.

On this continent the United States is in good shape, with the greatest crop of the main agricultural staples in sight. There will be a reduction in the tariff and the bulk of the interests affected will have to adapt themselves to the modified conditions. If beet root and cane-sugar are hit the growers can go into other lines. Some refining plants will cease to be profitable. But the great run of American manufacturers will find a way of staving off the big share of their present market. They will have to sell for less, but the farmer will not be hurt for long, if at all. The American have had a rest that has squeezed out a lot of over-valuation, and another good crop in the Mississippi Valley will create a boom in the fall—something the Americans have not known for several years. Company, and it is alleged the farm lands have been flooded as a result. It is known that there has been a strong feeling against the dam. This is the second time the dam has been blown up. Rumor has it that the dynamiting was the work of parties who have not been named. It has been reported that the dam has been blown up, and has yet to be established.

Ex-Warden Drewe, Frontenac County, was in the city today and stated that a thorough investigation would be made into the matter.

The dam in question is kept up by the Napanee Power and Improvement Company, and it is alleged the farm lands have been flooded as a result. It is known that there has been a strong feeling against the dam. This is the second time the dam has been blown up. Rumor has it that the dynamiting was the work of parties who have not been named. It has been reported that the dam has been blown up, and has yet to be established.

Mr. McLeod is so nearly following the track of his late leader, Hon. J. D. Hazen, into federal politics that his opinion is of weight.

"We do not want to see an election," said Mr. McLeod, "but it seems to be the natural and rational way out of the present difficulty. Even if the government's naval bill goes thru the house of commons without a riot it is very likely to be smashed by the senate, with its overwhelming Liberal majority. An appeal to the country is the surest way of settling the question. When that appeal is made the result will be disastrous for the obstructionists. Although the Liberal members from New Brunswick are now in the majority in the Dominion Parliament, there will be only one federal Liberal returned from that province in case of an election on the ground of the naval question. That one will be Michael Madawaska-Victoria. In the provinces other than Quebec the Conservative majority, with the naval expenditure question as the main issue, will be immense, and in Quebec the influence of power will be so great as to make it pretty nearly an even thing."

After hours of repetition of former arguments for metropolitan power, the following resolution was moved by W. A. Brunton and seconded by George Pearson: "That this meeting endorses the report of the special committee on the power law and submit it to the people, and that the council be requested to prepare a law and submit it to the people, and that those present moved without voting. Not one vote was registered. The motion was carried without an effort being made to kill it.

Mayor Cane presided. He and the majority of the council spoke at length, quoting from reports and the proposed Metropolitan agreement. An anti-taxing resolution was introduced, and the council adopted the power committee's report. It was evident that Councillor Hunter was the only man on the platform, because he knew they were not friends of public ownership.

Friends of Hydro. There were two apostles of public ownership who were unable to stand and speak from the platform. J. D. McKay, registrar of North York, and Dr. Clark, Mr. McKay said in a rough tone to discuss a question that had taken a committee of citizens should have had the committee's information months ago, that they might have studied the matter more fully. It was claimed as a disadvantage of the hydro, he said on municipalities as to the rate at which they can raise a proposition, but he would be glad to allow any municipality to produce. It had also been claimed that municipalities were not allowed to apply for a loan. This was only power to reduce taxes. This was only power to reduce taxes. This was only power to reduce taxes.

# WILSON WOULD PLACATE JAPAN

Doesn't Want Impression Created That He Is Indifferent to California's Legislation.

WASHINGTON, April 18.—(Can. Press).—President Wilson kept in close touch today with the situation both in Japan and California over the proposed alien land legislation. He read with interest the despatches from Tokio describing popular feelings against the bills and studied the text of the pending measures as well as a synopsis of similar law in New York and Texas.

The president told his callers that the federal government must of necessity refrain from interference with California, while in the process of legislating and could not make its attitude known to inciting nations until the bills were passed. He added, however, that if any impression had been circulated in Japan that the administration here had become indifferent to the developments in California, such a view was unjustified and that judgment as to the measures should be withheld until they are finally framed and passed.

In the meantime, the president declared that every effort was made to keep in touch with the legislative body of California. Should treaty rights be violated, he is hopeful that Japan will withhold judgment until the American courts have dealt with the question.

# MAN AND WOMAN FOUND DEAD IN BED WITH GAS BURIED ON

Bodies Found When Gas Company Employee Went to Disconnect the Meter—Boy Run Down by Motor Truck May Die—Woman Died of Gas Poisoning.

George F. Johnston, aged about 50, and Mrs. Jessie Maclean, aged 45, were found dead in bed at No. 2 Agnes street yesterday afternoon. A gas jet under their bed had been turned on. The bodies were removed to the morgue, but an inquest will not be held.

Detecting an odor of gas in his store at 302 Yonge street (Agnes and Yonge) at 10 o'clock yesterday morning, M. Stein, clothier, ordered the gas company to remove his meter, which had not been used since the electricity was installed. The man went to the cellar and turned off one of the two meters he found there. The other had been locked by the company. About noon he again notified the gas company to disconnect the meter.

# Dr. Clark Resorts to Singular Contention in Criticizing Ten Million Dollar Appropriation For Encouraging Agriculture—Closure to Stand For Present.

OTTAWA, April 18.—(Special).—The closure resolution was not brought up today but the government proceeded with several bills, including one dealing with the Quebec harbor and another respecting certain minor amendments to the Supreme Court Act.

Hon. Martin Burrell moved the second reading of his bill, appropriating ten million dollars for agricultural education and the encouragement of agriculture, to be expended in the various provinces during the next ten years. No member of the opposition opposed the measure, but there was a rambling and somewhat critical discussion.

Dr. Clark of Red Deer advanced a singular argument that the farmers were already producing too much per acre and therefore should not be taught how to double their present production. One hundred thousand bushels of wheat, the doctor said, were still unmarketed in the west; then why load up the western farmer with two hundred thousand bushels next spring? What the west needed was a market for what they had. Making a farmer a "bachelor of agriculture" would not prevent him from going hungry.

Mr. Lator said Dr. Clark could never get reciprocity out of his head. It was a dead issue and was losing ground even in Alberta as yesterday's election demonstrated.

Mr. Nesbitt thought the bill would lead to a postage machine and indicated that the Ontario department of agriculture was deep in politics.

Dr. Clark and Mr. Nesbitt were sharply taken to task by Mr. Richard Blain of Peel, who warmly supported the bill.

The bill was given a second reading without division and was still in committee when the house adjourned at midnight. An amendment offered by Mr. Oliver before the committee was for an annual vote instead of the lump appropriation for ten years.

The closure debate may not be resumed Tuesday, but the division, it is believed, will occur on Wednesday.

Dr. Edwards repeated his denial of charges that the mail carriers of Frontenac County had been held up by him for a gold watch and chain. He said that he had been held up by his constituents and came as a surprise. The doctor withdrew the word "har" under the rules of the house, but would take pleasure in repeating his statement to Mr. Carvell at any time or place outside the chamber.

# FEDERAL AID TO STOCK BREEDERS

Fine Pedigreed Animals Will Be Loaned to Local Organizations Thruout Country.

OTTAWA, April 18.—(Special).—Hon. Martin Burrell, minister of agriculture, and Mr. John Wright, live stock commissioner, have agreed upon a plan for a substantial encouragement of the live stock industry in Canada. This plan will deal with the solution of one of the greatest difficulties standing in the way of live stock development in many parts of Canada, particularly in the newly settled districts, namely the distribution of well bred stallions, bulls, rams and boars.

The original cost of the animals will be borne by the department, and they will be placed in the hands of such local organizations as agree to certain conditions which will be set forth. In a word, these sizes will remain the property of the department, but local associations will be responsible for their proper maintenance and management under the general supervision of officers of the live stock branch.

All animals distributed will be bought, if possible, from home breeders and will be Canadian bred.

We invite you to a scene of beauty. We ask you to look through Strath Gowan. Those tall tree-giants, that have guarded the grove and glen for many a year, still whisper of olden times when the red man trailed the woods and trapped and fished about the teeming stream. The stream and trees are there still, and add a charm of romance to the magnificent wooded estate now known as

## STRATH GOWAN

This property, formerly owned by Mr. Nicholas Garland, has been sought by many purchasers as an ideal property for high-class residences, but only recently were we able to prevail on Mr. Garland to part with his estate. It is now to be divided into private lots to suit the demands of those who buy first. The natural beauties will be preserved, and eminent engineers and landscape gardeners will soon engage in developing it into Toronto's most beautiful residential park, a fitting companion to its neighbor, Lawrence Park.

Those who want ground floor reservations should arrange at once. Motors at the service of those who wish to see the property.

### PEOPLE OF JAPAN DEEPLY STIRRED

Government Regards Feeling Against United States as Most Dangerous.

TOKIO, April 18.—(Can. Press).—The Japanese Government considers the present anti-Japanese movement in California as most dangerous and is faced with the prospect of placing itself in a most invidious position owing to the unwillingness of the federal government at Washington to intervene and the possibility of introducing counter measures here.

In the event of the passage of the California alien land bill thru both houses of the legislature, Japan will issue an imperial ordinance enforcing the Japanese foreign land ownership bill of 1910 and will apply to the federal government at Washington for permission for the Japanese to be-

come naturalized citizens of the U. S. At the great mass meeting of protest held here last night there was an hysterical anti-American outburst. Deputy Matsumura urged the despatch of a Japanese fleet to California as a first step towards establishing Japan on an absolutely equal footing in the U. S.

Hot Shot for U. S. M. Miyake, an editor of the Japan Times, declared that Japan deprecated the constant visits here of American peace apostles when their own country was in urgent need of the principles of justice and humanity.

Other fiery orators insisted that the questions between Japan and America had better be settled now once and for all. Otherwise their constant recurrence would lead at last to the settlement of war.

Twenty thousand persons listened to the remarks of the firebrands, who apparently are engineering a campaign to mold public opinion in Japan.

The foreign land owners measure passed by the Japanese Diet in March, 1910, prohibits foreigners except under certain restrictions, from owning land in Japan and they may not own land at all in Suchuan, Formosa, Hokkaido or the fortified zones. This law has never yet been officially promulgated.

### DROP LITERATURE FROM MONUMENT

Militants Spring a New One, But Populace Loses Patience.

LONDON, April 18.—(Can. Press).—Two enterprising militant suffragettes this morning took possession of "the monument," which stands near the northern approach to London Bridge, and commemorates the great fire which destroyed the City of London in 1666. Ascending to the topmost balcony they displayed two flags and an immense banner of the suffragette colors, on each of which was written in white letters on a black background, "Victory or death."

Having securely fastened the flags to the railings surrounding the balcony, the women locked themselves in, preventing the police from ascending the winding staircase of 345 steps leading to the top.

Then they took up their positions inside the iron cage, erected to prevent suicides, and showered suffrage literature among the thousands of people who gathered at the foot.

For a long time traffic was suspended in the immediate vicinity, which is one of the busiest districts of London.

The suffragettes maintained their position on the monument for upward of an hour. While they were "holding the fort" a heavy missile, thrown from the top of the monument, narrowly missed striking a number of spectators.

The police eventually had to requisition the services of a locksmith, who forced the door at the bottom of the shaft with great difficulty.

A force of upwards of one hundred policemen was required to protect the women from the ugly rushes of the angry crowd.

Both the suffragettes were stylishly dressed and appeared to be little concerned by the excitement they had raised. They were released a short time after they reached the police station.

Ogdensburg, N.Y., in the hope of locating the husband and father who deserted the family a few months ago. The United States immigration authorities turned the party and their goods back. To make matters worse, Mrs. Lapointe reported to the police that upon her return here she lost her 14-year-old son. No trace of him can be found.

Says Sage Tea Mixed With Sulphur Restores Natural Color and Lustre.

Gray, faded hair turned beautifully dark and lustrous almost overnight. Is it a reality, if you'll take the trouble to mix sage tea and sulphur, but what's the use, you get a large bottle of the ready-to-use tonic called "Weyth's Sage and Sulphur Hair Remedy," at all your drug stores here for about 50 cents. Millions of bottles of "Weyth's" are sold annually, says a well-known drug-gist, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

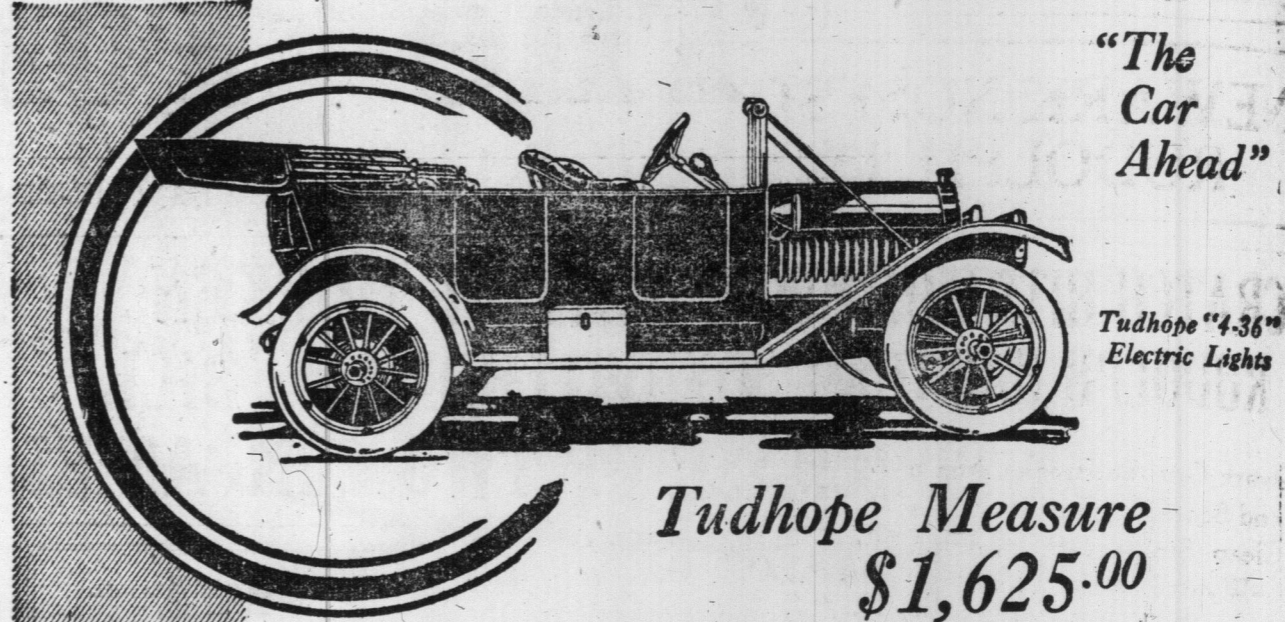

You can depend on a change of soft brush with Weyth's Sage and Sulphur,

and draw it through your hair, taking one small strand at a time. Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after just one application the gray hair vanishes and your locks become luxuriant, lustrous and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with the Sage and ready-to-use tonic called "Weyth's Sage and Sulphur" tonight and you'll be amazed at your youthful appearance and the real beauty and healthy condition of your hair within few days. Enfold annually, says a well-known drug-gist, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

### ANOTHER EARTH SLIDE AT CULEBRA.

PANAMA, April 18.—(Can. Press).—A fresh slide occurred yesterday on the east bank of the canal at Culebra, heaving up the bottom of the cut in the same manner as on previous occasions. Four construction tracks were destroyed, leaving only one in commission.

The break was a repetition of the original movement on Feb. 5, which action, it is said, probably will be repeated several times before the height of the bank and the volume of material are finally reduced.

## LACROSSE OUTLOOK CLEARS GRADUALLY

Con Jones on His Way to the Coast to Put Commission Idea to His Conferees.

The lacrosse cloud is gradually passing over and only faint mutterings are still being heard from the west as to the revival of another lacrosse war. Con Jones has New Westminster where he wants them and if he decides to turn over the screw he can make it very uncomfortable for his coast rivals. With Victoria in the swim behind him and a five thousand dollar cheque hanging in the balance it is hardly likely that any trouble will arise. The annual meeting of the Pacific Coast League will be held on Saturday, April 20, and it is expected that by that time everything will be in running order for getting this commission business on a strong footing. If, however, New Westminster decides to stand aloof the Salmon Belles will go ahead and play with Victoria and leave them out in the cold.

But nothing of the sort is expected and everything points to the formation of a commission as soon as Con can get things moving at the coast. Then hold-outs and come-alongs will receive little or no sympathy and will find themselves distinctly receiving the go-by. Johnny Hyland in Montreal just now and it was suggested that he be traded for Buck Marshall. He would fill in nicely if Billy Pringle continues to talk like a bank president. The Irish-Canadians will get Don Cameron of Cornwall and they are also trying to secure the release of Don Smith of the Tecumseh. The easterners will most likely get him. Jim Kavanaugh has been offered a princely sum to manage the Irish now that Lalonde has been declared the property of Vancouver. The nationals put up a losing battle at the meeting and did not get very much of the spoils. Tecumseh have secured the two Macs and now they only need Murton and a few others to have a complete team. They will get a great help in filling up the holes so noticeable last year at times. Denny Thompson is now in the hands of the Big Four teams to give a tryout. He was a pretty fair man for Montreal last year.

There will be regular games between the east and west at the end of the season and some of the referees are being scheduled. The schedule is still in the hands of President Quinn pending the arrival of a list of dates available from George Kennedy, whose team will play at the ball grounds. The opening date has been set for May 24. Toronto enters along with the Irish-Canadians at the Beach and the Tecumseh on a visit to the Nationals. The next meeting of the National Lacrosse League will be held on Wednesday, July 16, when the two Queen City teams will cross sticks.

The Star Lacrosse Club of Ottawa will apply for admission to the O.A.L.A., as they consider the N.L.U. article will be too expensive to release him.

Con Jones has his eye on Bobby Pringle of the Capitals and trying to get Geo. Kennedy to release him.

Have those old time boosters of the amateur game lost their cunning, or what is the matter? The old landmarks are not responding to the call as readily as one might expect. Wake up, the bear has come out.

The district committee of the O.A.L.A. will meet in five days to arrange the groups. All teams are asked to send entries and grouping they would like to the secretary at once. Also referees are asked to submit names for approval as a board of referees is under consideration. The next meeting of the National Lacrosse League will be held on Thursday, May 1, at the Iroquois Hotel. Any teams wishing to enter the competition communicate with R. Richards, 550 Yonge street, North 2022.

On Saturday evening at 7 o'clock, in the Boys' Broadview Y building a meeting called to organize for the season two juvenile lacrosse teams for the purpose of playing in either the O.A.L.A. or the T.L.L. Any boys under 18 years of age, wishing to play lacrosse under the very best auspices will be made welcome at this meeting.

At the largest lacrosse meeting ever held at Brampton, Brampton Excelsiors were reorganized for 1913. These are the officers: President, Sam Mitchell; vice-president, Alex. Henderson; first vice-president, Aub. Robinson; second vice-president, Dan Kilpatrick; third vice-president, Dr. Brydon; secretary, Dick Blinn; treasurer, Tony Davis; trainer, John Hammond; coach, Jack Carmichael. St. Peter's Lawn Tennis Club has reorganized for the coming season, and considering the great number of applications for membership already received, the year 1913 bids well to be the best the club has had. At a meeting of the executive last Thursday evening a large sum was voted for improvements to the courts and grounds, and it has been decided to open the season with a garden party Saturday, May 8. The club this year will again arrange tournament games for the Bentley, Anderson and Clearing Trophies.

## Brockton's Scientific Shoes for Men

No More \$4.00 No Less

You don't need to suffer any longer from shoes that strain your arches and break them down! And you don't need to sacrifice style and beauty, either! We have devised and perfected a new shoe for men. We have made a shoe that you can wear from early morning till late at night and be on your feet all day long without suffering any discomfort at all. We have made a shoe that fits your foot—a shoe that you can walk in just as naturally as you would walk if you didn't wear shoes. And we give you, besides, a shoe that is as stylish and handsome and attractive as the finest shoe you ever saw at even twice the price we ask for ours.

The two big points about our scientific shoes are the scientific arch and the natural last—a scientific arch that holds the shape of the shoe and supports your instep just where it needs support, and a natural last that is as comfortable as the moccasins of the Canadian Indian.

We will give you any style of shoe you like—lace, button, or Blucher—high toes or low—in calf, kid, patent, or tan—and every one made out of the best selected materials. The new \$4.00 shoes are made to wear twice as long as the old \$3.50 lines.

Come to-day or to-morrow and get rid of your foot troubles for good.

**THREE WINNERS FOR JOCKEY WOLF**

Only One Favorite First on Opening Day at Havre de Grace — Card For Today.

HAVRE DE GRACE, Md., April 18.—Jockey Wolf ruled the roost at the opening of the meet here today, bringing in three winners and landing a Chubby seed in the money in another. Only seven of the ten entries faced the starter for the feature event, the Hartford Handicap, among those scratched being Tenpoint, which was touted as doing open-end work in trials. Cassatt's Aeronaut colt was not seriously considered, but Wolf landed Springboard ahead of Sir Blaise, which counted many admirers, and Laughlin, which had been considered the best of the lot with the possible exception of Tenpoint. In the last event of the day Wolf landed Lysander in front of the odds-on favorite Discovery while at the very outset, riding Double Five, he broke away from such good runners as Montford, Black Chief and Magazine. The only real favorite to win today was Trumps, the second event. The fields were small, and the rains of the last few days have made the track heavy and the trainers did not care to tire out their horses. With a continuance of the fine weather, there should be a successful meet, as most of the big stables are well represented, the only exception being that of August Belmont, which has only three horses—Frischman, and two 2-year-old half brothers to Watervale and Field Mouse. The old system of betting prevails, and John G. Cavanaugh is looking after the betting ring.

**FIRST RACE—Three-year-olds and up, selling, 5 furlongs:**  
1. Double Five, 108 (Wolf), 7 to 1, 2 1/2 to 1 and even.  
2. Montford, 109 (Maderia), 30 to 1, 10 to 1 and 4 to 1.  
3. Black Chief, 110 (Musgrave), 2 to 1, 4 to 5 and 7 to 20.  
4. Sir Blaise, 102 (Magazine), 20 to 1, Progressive, Big Dipper and Ralph Lloyd also ran.

**SECOND RACE—Two-year-olds, conditions, 4 furlongs:**  
1. Trumps, 108 (Trozier), 1 to 4 and 5 to 6 and out.  
2. Mater, 108 (Butwell), 4 to 1, 2 to 5 and out.  
3. Galea, 108 (Wilson), 80 to 1, 3 1/2 to 1 and out.  
Time .50 2-8. Madge's Sister also ran.

**THIRD RACE—Three-year-olds and up, selling, 5 furlongs:**  
1. Royal 117 (Musgrave), 8 to 5, 9 to 20 and out.  
2. Font, 120 (Teahan), 9 to 10, 1 to 4 and out.  
3. Cherry Seed, 113 (Wolfe), 9 to 1, 3 to 5 and out.  
Time 1:15. Madrigalian, Auto Maid and Mayordale also ran.

**FOURTH RACE—Hartford Handicap, 3-year-olds and up, 5 1/2 furlongs:**  
1. Springboard, 95 (Wolfe), 10 to 1, 4 to 1 and 5 to 1.  
2. Sir Blaise, 102 (Rollins), 8 to 1, 6 to 5 and 1 to 2.  
3. Caugh Hill, 115 (Pickett), 4 1/2 to 1, 8 to 5 and 4 to 5.  
Time 1:07 4-5. Adam's Express, Grover Hughes, Marjorie A. and Spohn also ran.

**FIFTH RACE—Two-year-olds, selling, 4 furlongs:**  
1. Sonny Boy, 110 (Skirvin), 8 to 5, 7 to 10 and 1 to 3.  
2. Miss Waters, 94 (Snyder), 8 to 1, 3 to 1 and 1 to 1.  
3. The Idol, 111 (Butwell), 5 to 1, 2 to 1 and 7 to 10.  
Time .55 1-5. Trade Mark, Chas. Cannell and Carbuter also ran.

**SIXTH RACE—Purse \$400, 3-year-olds and up, selling, 5 1/2 furlongs:**  
1. Lysander, 110 (Wolfe), 5 to 2, 7 to 10 and out.  
2. Discovery, 88 (Ambrose), 19 to 20 and out.  
3. Fred Levy, 118 (Teahan), 16 to 1, 4 to 1 and 1 to 1.  
Time 1:08 4-5. Early Light also ran.

**Soccer**

All players signed for Pioneers are requested to meet at corner of Gerrard street and Coxwell avenue at 2:30 for game with Hawkeas, kick-off at 3 p.m. sharp.

The Thistles F.C. play C.N.R. today in a league game at Sunlight Park, Broadview avenue, when the following players will represent the Thistles, viz.: Dunbar, Gilmore, Buchanan, Carpenter, Small, McElinnis, Parkins (captain), Tamlyn, Hunter, McLaren and Black. Reserves, Sinclair, Bridge, Altchison and Feden. All players are requested to meet at Broadview and Queen at 3:15 prompt.

In the second division, English Football League, yesterday, Hull beat Glasgow, 2-1, and in the Southern League, Northampton and Swindon played a 1-1 tie.

Team selected to play Thistles today at Sunlight Park, Broadview avenue, kick-off at 3:45 p.m.: B. J. Sutherland, C. Nye, J. Smith, E. Nicholls, H. Evans, W. Donaldson, G. Blackett, Wm. Stobbs, H. Cattermole, N. G. Hamlett, J. P. Hamilton; reserves, M. Richie, G. Dearing, P. Patterson.

There will be two good games of football at the Eaton Athletic Field this afternoon. The first game will start at 2:15, and will engage the Midlothians and the Orchard Street Clubs of the Second Division League. The second game, between the Barons and Sunderland Football Clubs, will start at 3:45, and should prove a really interesting battle, as both teams are evenly balanced and anxious for points. The match will be at Dupont street. The field is situated just north of Davenport road off Bathurst.

T. and D. games today are as follows: Section A—First Division—Old Country v. Hiramitha v. Pioneers, Davenport v. Overseas, C.N.R. v. Thistles, Barons v. Sunderland.

Section B—Second Division—Elin v. St. Woodwood, St. James v. Olympics, Simpsons v. Tri-Mus, Bristolians v. St. Nicholas, St. Nicholas v. Devonians, C. Cuthberts v. Salopians.

Section C—Frasburgh v. Swansea, North Riverdale v. Bank of Commerce, Sunlight v. Taylors, Orchardians v. Christies, Midlothian v. Orchard Street.

The English Cup final is on today between Aston Villa and Sunderland.

UNIFYING THE SYSTEMS.

An effort has been made to make it appear that any proposed deal that could be made for the city to take over the traffic, light and power business of the Toronto Power Company in Toronto would be inimical to the interests of the hydro-electric system.

The opposition to the bill sent forward by the council to the legislature, which was purely of a permissive nature, is not warranted on the grounds alleged, for nothing final has been settled with regard to the proposed sale, and the question of taking power from the Toronto Power Company is a gratuitous point.

But suppose the city did agree to take the power now used by the Toronto Electric Light Company from the Toronto Power Company, this would in no way diminish the consumption of power taken from the hydro-electric.

It would, on the contrary, from the moment the city took over the plant stop the increase of services taking corporation power, all future increases going to the hydro-electric account. Moreover, the hydro-electric is beginning to look forward to the time, not so very far away, when new sources of power must be had.

Similar assertions have been made concerning the price which has been mentioned, and The Telegram has the assurance to declare that the purchase of the Mackenzie properties would mean a gift of \$15,000,000 to the shareholders.

The price, in the estimation of independent business men, placed on the two properties is an attractive one. Capital could easily be interested to handle the joint proposition for the remaining term of years with the prospect of a legal chance to retain the franchise.

town in Europe which in its manners and customs is still of the middle ages; perhaps some ancient village in Central India, whose inhabitants live the lives their forefathers lived a thousand years ago.

The bill recently introduced into the Prince Edward Island Legislature which permits automobiles, hitherto prohibited altogether, to run on Mondays, Wednesdays and Thursdays of each week is about as notable an example of archaic legislation as any modern governing body has ever perpetrated.

Why a province of a country like Canada, that is supposed to be thoroughly modern and up to date, should put back on record as egregiously opposing the introduction of one of the greatest mechanical devices that ever befitted humanity it is difficult to understand.

Surely the people in the island appreciate the fact that they are doing themselves a great injury in the eyes of the rest of the world. The province is at once branded as unprogressive, narrow-minded and absolutely out of touch with modern conditions.

JERSEY CITY FOR COMMISSION GOVERNMENT.

Among the results of President Wilson's regime, when governor of New Jersey, was the passing of an act of the legislature authorizing municipalities to adopt the commission form of government.

Less than two years ago Jersey City rejected the commission plan by a majority of about 1500. At that time it was opposed by both the Republican and Democratic organizations, but these have since undergone a marked change of heart.

The payment of the sum to be paid for the property by the city will not be a matter for the citizens to worry over. They will no more be called upon to pay for the railway than they are now called upon to pay for the hydro-electric system.

CONTROLLERS DID FINE SOMERSAULT

Church, Foster and O'Neill Change Their Minds Over Night.

THEIR ACTION IS A JOKE

Wanted to Withdraw Bill Empowering City to Buy Companies.

There was an onslaught in the board of control on the proceedings by the city to buy out the Toronto Railway Co. and the Toronto Electric Light Co. It was based on the knowledge that the city must take the electric light property along with the railway property, or no deal would be possible.

At the city council had the previous afternoon unanimously empowered the board of control to get the private bill thru the legislature forthwith, and Controller Church had moved in the council to give the board that power, knowing that the bill would be introduced in the legislature that evening, yet he performed the somersault the next morning, and declared the bill withdrawn.

CHAS. MARSHALL CURED BY DODD'S KIDNEY PILLS.

Mrs. Marshall Tells How Her Husband Suffered, and of His Speedy Recovery When He Used the Great Canadian Kidney Remedy.

PARKINSON, Algoma, Ont., April 18.—(Special Cable to The World.)—Living far from towns and with doctors not within easy reach, many of the settlers have found Dodd's Kidney Pills an inestimable blessing.

"My husband was suffering very much with his back and legs," Mrs. Marshall says, speaking of her husband's cure. "He went to see the doctor, and he told him he had urinary trouble, but he did not seem to get any better."

"Then I sent for some Dodd's Kidney Pills. Since taking them, he has no more pains in his back and legs, and his other troubles are all gone. I am indeed thankful for what Dodd's Kidney Pills did for my husband; and I hope other sufferers from kidney disease will benefit by his experience, and use Dodd's Kidney Pills."

TOO FEW BANKS DANGER LURKING

Jos. Ducharme Says Bankers' Association Is Controlled by Two or Three Men.

OTTAWA, April 18.—(Can. Press.)—Before the banking and commerce committee today Joseph Ducharme, formerly president of the Banque Provinciale and a director of La Banque D'Hochelega, declared that the Bankers' Association was only a tool in the hands of two or three men.

At Algonquin Park this feature is in full force and many are taking advantage of a trip to this charming territory for a rest and incidentally to participate in the jolly sugaring parties that daily go out to the sugaring camp. The "Highland Inn," Algonquin Park station, Ont., offers most comfortable accommodation at reasonable rates.

When Controller Church moved the motion Controller McCarthy warned him that it could not be moved and discussed without revealing the proceedings of a private meeting of the board.

"That makes no difference to Controller Church," Mayor Hocken declared. Then Controller Church revealed that he had not the confidence of the civic administration. "I haven't been given full information upon the proceedings," he complained.

SCHOOLGIRL'S NERVES

"Oh, to be free from school life and school worries during the sunshiny spring days," is the wish of thousands of schoolgirls, to whom nothing could be of more benefit than outdoor exercise and an opportunity to drink in the fresh air and sunshine.

Just at the springtime, when the human system is sure to be more or less debilitated, and often at the most critical time in a girl's life, there come also the anxiety, eye-strain and mental over-exertion consequent upon the approach of examinations.

To many this extra demand on the system proves the last straw, and the results are made known by headaches, sleeplessness, irritability, loss of appetite, tired, worn-out feelings and inability to concentrate the mind on the work at hand, whether it be mental or physical.

WILLING TO BUY MAN AS HUSBAND

Queer Romance Brought to Light When Woman Has Mental Collapse.

BALTIMORE, April 17.—Miss Emma Marburg, sister of Theodore Marburg, minister to Belgium, and herself the owner of an estate valued at \$600,000, today declared mentally incompetent for managing her estate, and a committee was appointed to take care of her property.

The case brought out a romance, which Minister Marburg and his brother, William A. Marburg, allowed to become public. It was also an unusual matrimonial alliance that was developed, the chief beneficiary and hero being Frederick Fischer, an English artist guide, who lives in Paris, and who was to have received \$200,000 from Miss Marburg to marry her. He subsequently transferred his affections, in consideration of \$50,000, paid to him by the brothers of Miss Marburg, and married Miss Lucie Munder, niece of Miss Marburg, who had been the companion of the elder woman during her travels in Europe.

Relinquished Claim.—It then transpired that Miss Marburg had previously paid \$25,000 to Miss Munder to relinquish her claim upon the counter, whose first love was the younger woman. Miss Marburg's first knowledge of the marriage of her niece and Fischer came when she was shown a newspaper announcement to that effect in the presence of the jury today.

She had been confined to the Shepherd and Enoch Pratt Hospital ever since last September.

The Marburg Bros., having upset their sister's matrimonial plans, replaced in her estate the \$25,000 she had paid to Miss Munder. Fischer. It was ascertained, already here, that he might marry had to be arranged that he might marry the wealthy American girl, and that cost money, too.

A MAN IN THE OPEN

But here was iron jumping about the cabin, busy as a chipmunk, with just the same hurried, funny way of blaspheming. He had to make fire, cook soup, and haul things in from outdoors, while he told me news about a team, a sleigh, a load of stores for me, and his own services paid up six months ahead if I'd let him work on the ranch. He was like a little boy which plays at keeping store, where you've got to pretend to trade, with nary a smile, lest he should see and the whole game turn unreal. So I sat up for soup, which made my loose skin fit me again as I filled. I'd answer to all he did, grave as a constable, playing the game of life just as I used to.

It is difficult, when planning for entertainments, to know just how much food to provide. Recipe books do not give this information in detail, and unless you have a table of quantities for your own use, you will have to consult an experienced caterer. It is safe to say that the amount of cooked food, or food materials should have a part to fill my whole bed with joy. Surely, I loved this world I'd so nearly quit, when after supper Iron loosed a gramophone. The Hudson Bay man had shown him a special "brock" from England, the angel sung in Chopin's Marche Funebre. We had that first, the very song she used to sing in this cabin, times when I reckon it a shameful thing for any man to cry.

### WHY DOES NOT GOD INTERVENE?

Frank Ballard, author of "The Miracles of Unbelief," "Does It Matter What a Man Believes?" "False and True," etc., in his book of the above title, considers questions which have always exercised men's minds in regard to religion. Will God ever intervene in our affairs? Is He a respecter of persons? Is He a respecter of persons? Is He a respecter of persons? Upon this pivot turns the religion of the future. In dealing with the moral phase of human suffering, Dr. Ballard says that if there is to be any upward evolution, nothing is more needed than the solemn reminder of the reality and righteousness of those natural laws which serve all men to the uttermost when they obey, but ruthlessly punish when they disobey. It tends to our highest well-being that we should understand, and if need be learn through suffering, that there is a mightier Will than the human will. God does not, therefore, intervene between us and the consequences of our volitions. Moral government is better for the race than intervention. In a chapter on "What is the Revival Most Needed in Modern Christendom?" he writes that men who demand justice rather than charity, have come to feel that the Christian churches, as a whole, have shown the practical system in their conflict, and that in London, which he takes as an example, out of seven millions of people only one million are in any way connected with the Christian Church. Meanwhile the modern atmosphere, intellectually, scientifically, philosophically, has a tendency to keep people away from these churches, and industrial conditions, with their weary, hopeless monotony, makes humanity heedless of the call to the nobler life of the pleasure and football craze being but a reaction from the ruthless fight between master and the mastered. Before there can be the much-needed revival, there will have to be a squaring up of the relations between employers and employed; between masters and men. We cannot expect pious people whose preachers attend a place of worship, to go to a similar service, so long as they feel that they do not get a fair

wage for their work." Hodder and Staughton are the publishers.

### THE RIGHT OF THE STRONGEST

In this novel, Frances Nimmo Greene, a new arrival in the field of fiction, has done for Alabama what John Fox, Jr., has done for Kentucky and what Payne Erskine has done for Tennessee. To Mr. Fox falls the honor of sounding the first call, but all three writers are explorers of the south; of its backwoods, its mountains, its people. In this story, "The Right of the Strongest," Frances Greene depicts the life and customs of the mountaineers of Alabama and with these she works out a strong and realistic story. One learns to love Mary Elizabeth, daughter of Welch Dale, of the haunted house, and to be interested in the big schemes of John Marshall which, even the selfish and heartless, are but an everyday occurrence in the great commercial world. The ruthlessness of progress and the everlasting and heartrending struggle between the practical and the ideal is the keynote—the conflict of primitive conditions and modern science. People who had lived on the farms all their lives and their fathers and grandfathers before them, having filed no formal claim to the lands, were now to be put off their homesteads in order that the valley might be turned into an immense reservoir to feed a city some twenty miles distant. John Marshall was the promoter, Mary Elizabeth was the heroine. John Marshall had given his all to the scheme, he had borrowed heavily for his model city. Failure in the scheme meant the worst disaster. It meant his failure as a man. The project would stamp him as a genius or a wild dreamer. He loved the violet-eyed hillite. She loved her people. Only one man in the whole community had a deed to his farm, to that property was Marshall's aim. To obtain it his plans would be complete. Mary Elizabeth learned the nature of his business, and after denouncing his scheme as villainous, gave the warning cry. The hillites rose to a man. The more vicious sought the life of the intruder. They surrounded his house. Then all suddenly there fell a silence—a silence more terrible than any struggle could have been. Only for a moment, then pandemonium broke loose—but with dexterity of the athlete were pitted one against the other. In the death struggle they staggered in the blindness of their hate, and pitched out of the open door to have their final reckoning in the outer darkness. Mary Elizabeth did not heed, for her ear was laid to the heart of the man who had fallen, and that heart had not answered her.

Altho these mountaineers differ but slightly from their better known brethren in fiction, the writer has at least the advantage of a fresh dialect, and a new set of local traditions. McLeod and Allen are the publishers.

Mrs. Arthur Murphy of Edmonton, better known under her pen name "Janey Canuck," a Canadian by birth, is at present in a Minnesota hospital.

Bell and Cockburn have four Canadian books projected which will be on sale before the end of the year. One of them will be "The History of the Counties of Ontario," by Emily P. Weaver, of Toronto, who has also published a number of interesting books. A book by Prof. Stephen Leacock of Montreal will also be published this fall.

## "RAGGS" WRITES FROM NEW YORK

New York, April 18, 1913.  
Dear Toronto-Ontario:  
Such a lull of a tea-room is the "Peg Woffington!" And before I forget, I'll tell you how to get there. Take the Fifth avenue bus to Forty-first street, follow your nose eastward for about half-a-dozen numbers—and there you'll find it. If you can't quite decide whether or no you want to go in, just take a peep thru the latticed windows, and the vision of tap-dance-hung walls, carved mahogany tables and chairs, and, not least, dainty maidens in huge mob caps, puffily-sleeved green gowns, white hose and black bouclé shoes, will definitely decide the matter for you.

I can't say how expensive or inexpensive the "eat" are, as yesterday was my first experience of the "Peg Woffington," and I was the guest of my "double." I wonder how many "doubles" are in the world? I have one in Chicago, one in Cookham-Dene-on-Thames, and one in New York, an actress from South Carolina. So much alike are we in physiognomy, facial expression, general build and mannerisms, even that the latter double's father, in town on a business trip from the mountains, grined broadly, and ejaculated, "By Jove!" at intervals, instead of eating his mushy chocolate cake.

Such likenesses are so unusual that they seem very strange, but when you come to think it over seriously, the great wonder is not after all, we who are all created with the same features—two eyes, two ears, a nose and a mouth—are, individually, recognizable. I wonder if files and ants are, in their world, as distinct personalities?

**Church Dissension.**  
There is such a thing as "professional etiquette" in all walks of life, the breach of which is deplorable. It seems to me that it is in the worst possible taste for a minister of the gospel or any member of his family to pursue a course of conduct at variance with the religion expounded by his church.

The fact of recent dissension within the congregation of a New York church—culminating in the soprano soloist taking upon herself the privilege of choking the too talkative parson's wife—recalls to my memory a half-forgotten experience of my own in my unfortunate acquaintance with the demure little widow of a clergyman. So demure she was and so careful in her church attendance, she had the audacity to partake frequently of communion—that I believed implicitly the slanderous remarks she fell in the course of her conversation until I found that my own character had been just as severely man-handled when my back was turned. Only then did I realize how culpable I was in listening to the little lady's meekly-told tales. The saddest thing about her propensity for prevaricating is that her young daughters have no regard for the truth when they take every statement of their mother's "with a grain of salt" lie themselves, most artistically and frequently.

Perhaps it would have better matters a little if earlier in her career this minister's wife had been choked by an irate parishioner for causing dissension where it was her duty to set an example of truth and kindness.

**"In Memoriam."**  
Among the many "In Memoriam" notices of Tuesday is the following:  
HARRIS.—Henry B. in memory of our beloved "Harry," who died one year ago today.

Henry B. Harris went down with the "Titanic." A theatrical manager, his successful production was "The Lion and the Mouse," out of which he made a fortune. Since then he made many notable productions, including "The Third Degree," in which Helen Ware firmly established herself as a first-rate emotional actress.

Mr. Harris, in his managerial capacity, interviewed a number of actors and actresses every day of the year—a nerve-racking procedure—but I never heard of any discourtesy on his part to the most humble little beginner. As a young embryo-actress once said to me, "When I have been slapped in the face by the office boys of the other major theatres, I go to see Harris, and his courtesy and kindly interest give me back my waning self-respect and my confidence in humanity."

When I saw by the papers last year that the kind big man was one of the victims of that terrible disaster of the sea, my memory went back to the "Theaters Fund Fair" of the previous year. Mr. Harris was like a mischievous big boy, ruffling baby-boots at the children's booth. So ridiculous it seemed at the time.

**Votes for Men.**  
A strike of the workmen of Belgium is announced for this month as a demonstration in behalf of manhood suffrage. Factory-owners are busily engaged in fortifying their factories and laying in ammunition in preparation for expected disorders. I wonder if these men, fighting for their political rights, will be as careful of human life as their sister-reformers in England? But no matter how militant their methods, "it's a cinch" (as Clairuzt would say) that their courage in fighting for their cause, their "militancy," will not be used as an argument against "Votes for Men."

It is not the action of a prudent woman to enter into friendly conversation with strange young men on a dark side street of New York at

any hour—but to do so at 11:45 p.m. is distinctly risky performance. But "Raggs" did it, last night.

Returning from a late concert, she (meaning me) made a hasty dash from the street car, for home and bed. But in the centre of the road lay a dark, writhing bundle, and I was horrified, on closer inspection, to see that it was a man. He opened his mouth as if to speak to me, and then fell back on the road, speechless. There was no policeman in sight—there never is, when you need one—and I was at my wits' end to know what to do. I didn't leave the man there to be run over by the first automobile that came his way, and the houses were all in darkness. In the distance I perceived a man—dashed up the street, and inconspicuously suggested that he help me lift the sick man to the sidewalk out of the way of motors, and then call an ambulance.

The man said, "You run along home, miss! Leave him to me. I guess he's just a drunk."

I repudiated the idea with scorn, and thanking him sincerely for taking the role of the good Samaritan from off my shoulders, I put up the steps of my apartment house and let myself in with my latchkey. When I reached my apartment I stuck my head cautiously over the edge of the window to see a hardy-arrived officer on the law supporting the invalid on one side, my kindly young man on the other. As I looked, my sick friend burst into song—"Vip-ee-dee-ay!"—and something told me that not an ambulance but the black Maria, would soon be the chariot in which he would make his progress thru the dark streets. The situation seemed ludicrous for the moment. But only for a moment. There was a real tragedy for someone in the incident.

**Roses and Children.**  
The pathetic little speech of Helen Keller, when she was presented with a cluster of prize-winning American beauty roses at the Grand Central Palace last week, was from the heart of that sweet woman, a real dear, and blind: "I thank you for these wonderful roses. I need not tell you that I love them. I cannot see their colors, but I enjoy their fragrance and delicate texture, woven of rain and air and sunshine. I wish that in the garden of life the same knowledge and success and science were devoted to producing equally beautiful and perfect human-beings. I believe that the time will come when we will give as much care and thought to bringing forth fine characters as we now do to growing fine flowers."

Sweet, gentle little lady! How mildly she expresses her hope and belief that, in the future, the prevalent blindness will not flourish in the land. "Preventable!"

Yes, almost all the blind babies brought into the world are the children of married couples. Almost all the children who go blind after measles, scarlet fever, etc., might have been saved by ordinary precaution.

"Most of the men I've known ain't fit for to be called men," I heard a shabby little girl remark to her "lady-friend" on the subway platform. Isn't that female duty for you now? Poor little woman. To city men she had probably appeared only as a poverty-stricken little shop-girl—sassy, grey—and the inevitable passing and insulted again. And still the womanly heart of her never lost faith in mankind. Isn't it wonderful? To men are still men—strong and big and kind. Those she has known "ain't fit for to be called men." A girl of another class would hardly keep her tongue so much used. Experience, I'm thinking, she would probably with less provocation have put it, "men are brutes"!!!

**David Bispham.**  
David Bispham is singing out west. Clipped this delightful little paragraph from the Michigan paper.

"Mr. Bispham sings in English to prove to the American public that it is a singular language that he sings in seriously in other tongues."

"Mr. Bispham has a keen sense of humor and he prefaced his recital with his humorous suggestions of why the lady should keep her eyes so much used. He stated that the English language was for the American people and from the outburst of applause the audience endorsed his every utterance of humor and he prefaced his recital with his humorous suggestions of why the lady should keep her eyes so much used. # MONARCH

THE NEAREST IN SURVEY INSIDE THE CITY LIMITS

## Facts About Monarch Park

Monarch Park fronts on Danforth avenue just east of Greenwood avenue. Danforth avenue is now widened to 86 feet, and when the Bloor Street Viaduct is completed, will be one of Toronto's leading thoroughfares.

Where it is

Good Car Service

Many Improvements

Home Builders and Investors

Your Opportunity

The present car line ends at Greenwood avenue and Gerrard street, and this point is only two minutes' walk from the south end of the property. Moreover, the civic car lines now being constructed will almost completely circle the properties, giving all parts of Monarch Park quick transportation. The city cars are expected to be running over these lines this summer.

Sidewalks have been laid throughout Monarch Park and are completely paid for—no taxes to pay on them at all. Water is laid, gas and electric light are arranged for, and the City Engineer states that sewers will be laid this summer. Altogether the owners have spent \$15,000 on real improvements that mean much to intending purchasers.

This is a chance that probably will not occur again. There are only about 260 lots left, having an average frontage of 20 feet by 110 feet in depth. The prices at which we are offering them is much less than that of other properties farther out, and offers to quick-acting homeseekers and builders a splendid chance to make money or a home.

REMEMBER, THIS IS THE CLOSEST-IN PROPERTY LEFT IN THE CITY OF TORONTO. ALL PROPERTY IS BUILT UPON RIGHT TO THE BOUNDARIES OF MONARCH PARK. THEREFORE, THIS IS THE ONLY CHANCE YOU HAVE TO BUY LAND CLOSE IN AND AT SUCH LOW PRICES.

Our automobiles will be at the end of Gerrard street car line (Parliament street car) to meet all those desirous of seeing the property. Our salesmen will be on the ground on Saturday afternoon, and you are assured of courteous attention. There is absolutely no obligation to buy if the property is not suitable.

## SPECIAL OFFER FOR BUILDERS

Opportunity knocks once at every man's door! This is a splendid opportunity for builders. Come and see—Monarch Park offers you the chance of securing cheap building lots in a most desirable portion of the city. It is improved property. The owners have spent about \$15,000 on it in valuable improvements. Easy access to car lines. Every help to sell your houses even before they are built. Therefore, now's the time to get busy—buy now—build now—sell in the summer—make your money while the other fellow is thinking about it. Remember, there are not many lots, and they are cheap!

### BALDWIN ESTATE IN THE DARK ON HOTEL

Have Not Sold Property, They Say, at Bay and Front Streets—Story All Wrong.

Trustees of the Baldwin estate, owners of most of the Bay and Front street land on which it was reported that a five to six million dollar hotel would be built, say the story is all wrong and as for the land being sold that is denied. It may be sold some time. We have people bringing us propositions occasionally, but nothing that we would care to attach our signatures to.

The story was to the effect that a fourteen storey roof-gardened hotel would be built, probably by the Grand Trunk.

### TWO EAST KING ST. LEASES ARE SOLD

T. J. Medland Sells to Stepany Wheel Company and Pease Furnace Company. Two leases, with eight years to run, owned by T. J. Medland Limited on the buildings at 118 and 120 East King street have been sold. The stores are occupied now by these grocers, but they are remodeling the next property, the west corner of Francis and King streets, which they bought some months ago from the Baldwin estate. The Stepany Wheel Co. have purchased 120, a store 28 feet by 120, with an entrance from Commercial street, at \$2500 a year for the first two years and \$3000 a year for the balance of the term. The Pease Furnace Company will pay \$1800 a year straight for a store 25 feet by 200.

### KING WEST TRANSFER

In the deal between the Toronto Silverplate Company and Wm. A. Rogers Limited, that included all the assets of the former company, the property at 570 West King street has been transferred. The land has a frontage of 117 feet by a depth of 208. The building is three storeys, brick.

### BREAK WHISKY'S GRIP ON YOUR LOVED ONES

Drunkards will tell you with tears of sincerity that they do not want to drink. The craving coming from the inflamed membranes of the stomach drives them to it. Alcure will soothe the trembling nerves and remove the craving that is ruining your home and stealing an otherwise kind husband or father from you. It costs only \$1.00 per box, and if it does not cure or benefit after a trial the money will be refunded. Alcure No. 1 is tasteless and can be given secretly in tea, coffee or food. Alcure No. 2 is taken voluntarily by those willing to help themselves. Alcure can now be obtained at our store. Ask for free booklet, telling all about it, and give Alcure a trial. G. # GET A PIECE OF OSHAWA NOW!

There is only a small area inside the Town of Oshawa available for building lots at a moderate price. As soon as the public learn of the opportunities in that town and start buying the prices of lots are sure to double. There is already a shortage of houses, and my offer of cheap lots in an excellent location like that of

## HILLCREST

should interest not only those who wish to make their homes in Oshawa and the builder who wants to sell houses, but the man or woman who wants to make an easy investment which will net a handsome profit in the near future.

Get a lot in HILLCREST. You are welcome to go to Oshawa and see the lots, or you can select from the plan in my office.

Lots are 25 feet frontage, 120 feet deep \$100 to \$225 each

Terms are 10% Down and \$5.00 Monthly No Interest Charged on Balances

Come into my office any day, and I will be very glad to give you the fullest particulars regarding HILLCREST. As I know practically every foot of land in Oshawa, my knowledge of conditions in that town may be of advantage to any intending purchaser of land there.

### BATHURST SUBDIVISION

The Mahon estate, running thru from Bathurst street to Dufferin street, three-quarters of a mile north of Eglinton avenue, is to be subdivided under the name of Forest Hill Homes by Robins Limited. There are 100 acres in the property with 600 feet of Bathurst frontage. It is owned by a company composed of Jas. C. Gibson, J. R. L. Starr, Hon. Samuel Barker (Hamilton), H. N. Klitson

(Hamilton), Robert Hodgson (Hamilton), George S. May, and A. W. Ault (Oshawa).

### ST. CHARLES CLOSES

The St. Charles Restaurant will be closed tonight and the fixtures sold by auction. The bar will be kept open a few days longer. Mr. O'Neill is still undecided, he says, as to future plans.

### WATERLOO PIONEER PASSES.

BERLIN, April 18.—(Special)—Joseph Hummel, of New Germany, passed away this morning aged 96 years. He was one of the veterans of the county. He was born in Germany, came to Canada when thirteen years of age, and made his home in New Germany, where he died. He has been ill for the past six months. He leaves five sons and two daughters, George and Cassius, strong advocates of the progressive policies of the present government.

### FRENCH-CANADIANS IN CABINET OF ROBLIN

WINNIPEG, April 18.—(Can. Press.)—The Winnipeg Telegram says this morning: "Joseph Bernier, M.L.A. for St. Boniface, has been asked to take the portfolio of provincial secretary in the government of Sir Rodmond Roblin and has accepted. Mr. Bernier will be sworn into the new office some time during the early part of next week. With the addition of the member for St. Boniface the number of cabinet ministers will be increased to seven. When Mr. Bernier assumes his new duties it will be the first time in 23 years that a French-Canadian has assumed office in the local government. In 1890 Mr. Justice Prendergast, who was then a cabinet minister in the government of the late Hon. Thomas Greenway, resigned his portfolio over the school question, and up to the present no French member could be induced to accept cabinet position owing to the complex nature of this question. Mr. Bernier has always been a staunch supporter of Premier Roblin, and both in and out of the house, and a strong advocate of the progressive policies of the present government."

### GUELPH PASTOR WILL MOVE TO SASKATOON

GUELPH, April 18.—(Special)—The presbytery of Guelph met today to hear the call from Westminster Presbyterian Church at Saskatoon, Sask., to Rev. Dr. Dix, pastor of Chalmers Church. Rev. Dr. Oliver, professor in the University of Saskatchewan, presented the call. After the Guelph commissioners had placed their side of the question before the meeting, speaking in strong terms of Chalmers' desire to retain him, the call was put into the hands of Dr. Dix by the presbytery. In words full of feeling, Dr. Dix referred to the trying position in which he found himself, and closed by intimating that he would accept the call. The presbytery accordingly granted the call. County license commissioners today met and granted licenses, same as last year, with a few exceptions, which were held over for consideration next week. A new application by J. Wagner was strongly opposed by Welland County Temperance and Moral Reform League, and also by a lawyer and Welland County liquor dealers to assist him. The temperance people won out and the license was refused. The commissioners passed a resolution urging all towns and villages to instruct all policemen and constables to assist in enforcing the liquor laws, and also urged license holders to respect the law, as by breaking it they were in danger of losing their licenses.
