SUMPTUARY LAWS NOT NOW IN FAVOR

Judge Durand Sees No Encouragement for Plebiscite on Prohibition.

Regarding the question of a provincial plebiscite on the matter of prohibition, Judge Durand, head of the Personal Liberty League, said last night: "I could not be otherwise than amused at the statement credited to Mr. Ben Spence, that there was no reason to feel blue over the result of the Ontario elections. If the prohibitionists, radicals and advocates of sumptuary legislation can find any encouragement in the returns of the recent election they are cast-iron optimists. "Everybody in Ontario except the Dominion Alliance seems to realize that the people have spoken definitely against any further sumptuary legislation, and the officers of the alliance also entertain that opinion. It is not necessary for me to state what the Personal Liberty League will do in the event of the Dominion Alliance preparing and presenting to parliament the draft of a new bill to submit a provincial plebiscite, nor is it necessary to speculate as to what parliament would do with such a bill. For the good reason that both the Rev. Ben and F. S. Spence are entirely too experienced in the game of politics to take chances on another such defeat as their organization has just sustained. And for the same reason I feel certain that there is no very immediate prospect of a referendum on the matter of putting Toronto in the prohibition column. Political struggles of such magnitude require months and years of preparation, and nobody knows this better than the officers of the Dominion Alliance, who are not likely to be swayed by the clamour of their radical following."

SMALL ADVANCE IN ACREAGE OF WHEAT

Condition of Crops as Officially Reported, Fairly Satisfactory.

(Continued From Page 1) 600; turnips, etc., 175,000, against 186,400; sugar beets, 15,500, against 17,000, and corn for fodder, 317,000, against 303,650. It will be noted that the area under flax seed is 339,900 acres less than last year. Some Detention. The condition of spring sown crops at the end of June was on the whole fairly satisfactory, except in regard to hay and clover which, having been affected by the prolonged drought, has failed to reach the standard of the previous year. The condition of the crops has receded from the high figure of June 1, and at June 30 their yield is taken as representing the promise of a full crop, was as follows: Fall wheat, 73,375; spring wheat, 36,3; all wheat, 84,5; oats, 87,3; barley, 86,2; rye, 84,7; peas, 86,9; mixed grains, 87,3; alfalfa, 81,5, and pasture, 83,2. The condition of spring wheat is marked as high as 90 in Saskatchewan. Assuming the conditions between now and harvest will be equal to the average of the past six years, 1908-13, the percentages of the standard condition for wheat, rye, barley and oats represent the promise of yields per acre superior to the six-year average in the case of spring wheat and barley by 3 per cent., and of rye by 1 per cent., equal to the average in the case of oats, and 1 per cent. inferior in the case of all wheat. Estimate of Live Stock. Estimates compiled from the reports of correspondents as to the numbers of farm live stock at the end of June result for all Canada as follows: Horses, 2,947,738; milch cows, 2,208,045; other cattle, 3,363,531; sheep, 672,284; and swine, 3,434,261. As compared with last year these figures represent an increase in the case of horses, but a decrease for each of the other descriptions. In making their estimates this year correspondents account the known large exportation to the United States of farm live stock consequent upon the reduction of the duties on the returns by 10 per cent. and also many correspondents reported that new breeding stock will largely make up for deficiencies caused by these increases in the exports. It is apparent that the diminutions shown were caused by such exports. Tabulation of the returns by provinces shows that the decrease is mainly in the eastern part of Canada, since satisfactory increases in the numbers of horses are shown for the North-west provinces, and especially Saskatchewan and Alberta.

SEARCHING FOR BRUTAL HUSBAND.

ST. CATHARINES, July 17.—The police are looking for Nick Vasilgovich, an Austrian cook at a foreign employes camp on section 2, Welland Ship Canal, whose wife is suffering from severe injuries received, she says, when her husband beat her with a broom-stick. She also bears a knife wound which she claims he inflicted. Her small boy was also brutally beaten.

TRAIN STRUCK BUGGY.

BROCKVILLE, July 17.—The Grand Trunk International Limited struck a horse and buggy at Lansdowne crossing, killing the animal instantly. The driver, Simon Manahand, did not observe the approach of the train until it was almost upon him. He escaped by throwing himself backwards out of the vehicle.

DROWNED IN CANAL.

BROCKVILLE, July 17.—Richard Mills, 14, lost his life while bathing in the old canal at Cardinal. He was seized with a cramp in deep water and was drowned before help arrived. The body was recovered, but it was too late to resuscitate the victim.

CAPTURE LARGE FISH.

BROCKVILLE, July 17.—Several catches of extremely large muskellunge have been made on the river since the opening of the season. R. McNeill has two beauties of over 80 lbs. each to his credit.

STRING OF CHARGES AGAINST STORSTAD

C. P. R. Supports Two Million Dollar Suit With Numerous Allegations.

Canadian Press Despatch. MONTREAL, July 17.—In the two million dollar suit by the C. P. R. Company against the Storstad for damages for the sinking of the Empress of Ireland the plaintiff, in the statement of claim filed today with the admiralty court, Montreal, the following allegations are made. That a bad lookout was kept on the Storstad. That the helm of the Storstad was improperly ported. That the Storstad improperly failed to keep her course and passed the Empress of Ireland starboard to starboard. That the Storstad was navigated at an improper and immoderate rate of speed. That those in charge of the Storstad failed to reduce speed and sound the whistle before the vessel ran into the fog. That the engines were not slowed, stopped or reversed in time. That no competent officers were on duty on the Storstad; that the crew of which neglected to comply with the articles of the rule of the road in force in Canadian waters.

NEW PLAYGROUND AT CARLTON PARK

Official Opening Will Take Place Today Under Parks Department.

The parks department will officially open another new playground this afternoon at Carlton Park, Franklin avenue and Edna street. This has been in operation for the past few weeks and promises to be one of the most popular playgrounds in Toronto. It is an ideal playground from the standpoint of having the apparatus under trees, and at the same time a splendid open space for playground games. Every afternoon and evening hundreds of children will be enjoying themselves in games of all kinds—ball, basketball, tennis, quoiting, etc. The swings and slides will be always in use, and especially appreciated will be the baby swings. These swings are for children from two to four, and every park playground has had a set added to its equipment this year. There will be a demonstration of playground games and sports this afternoon. Each of the city parks playgrounds will take part and give a demonstration of some particular side of playground work. The 12th York Rangers band will furnish music.

EX-PRESIDENT DIAZ SILENT ABOUT HUERTA'S FALL

Canadian Press Despatch. PORTO RICO, July 17.—Gen. Porfirio Diaz, former president of Mexico, was packing in preparation for his departure to Europe. He has decided to spend the season, when the news came that Provisional President Huerta had decided to resign. Neither the former dictator nor his son would make any comment, but it is known that Huerta's fall has been a relief to both. Privately Gen. Diaz has often sharply criticized the policy of Huerta, but he has for some time held the opinion that Huerta's fall was a Mexican problem, and a solution of it was the Mexican problem.

NEW STATION PLANNED. BROCKVILLE, July 17.—An engineer and two assistants have been occupied several days in taking measurements of the G. T. R. depot and the land it occupies. The work is being done in preparation for the erection of a new station.

ROBBING WOMEN OF THEIR HEALTH

Anaemia Unless Checked Passes Into Hopeless Decline. Anaemia is like a spectre that steals on you unawares and drives all happiness out of existence. It is a thief that robs you of your life and energy. Thousands of women in this country are the victims of anaemia. What is anaemia? It is a condition which spares neither rich nor poor, young nor old. It robs women of their health, their vitality, their beauty, of everything that gives life and womanly charm. The chief symptoms of this trouble include a distaste for food, prostrating headaches, nervousness, dizziness, and heart palpitations, and a constant feeling of wretchedness. The only way to effect a cure is to increase the blood supply—to make it pure, rich and red. Dr. Williams' Pink Pills have saved thousands of young girls and women from the early fate anaemia threatened them through anaemia's ravages, for these pills enrich the blood, stimulate the circulation, nourish the nerves, and restore the beauty and perfect health that make women attractive. If you are a victim of bloodlessness in any way, do not let it run into a hopeless decline, but begin the use of Dr. Williams' Pink Pills today. The following bit of evidence proves the worth of this medicine. Mrs. Maurice Sims, Liverpool, N.S., says: "Dr. Williams' Pink Pills have been a blessing to me. About two years ago I was so badly run down that I had to give up all work and go to bed. My husband and I decided to do so. In a few months as they thought I was going into consumption. The doctor who was attending me changed his medicine several times, but it did me no good and I began to feel very much discouraged myself. One day a friend advised me to try Dr. Williams' Pink Pills and I decided to do so. In a few months I felt much better and I continued taking the pills for a couple of months until I was again in perfect health. I believe that if it did me no good, Dr. Williams' Pink Pills would not have survived, and I shall always be very grateful for what they have done for me. You can get these pills from any dealer in medicine or by mail at 50 cents a box or six boxes for \$3.50 from Dr. Williams' Medicine Co., Brockville, Ont.

Leif Ericsson—The Discoverer of America

THE FIRST WHITE MEN to tread American soil were Leif Ericsson and his sea-dashed Viking crew. This was nearly a thousand years ago, when the Scandinavian peoples ruled the seas and held the secrets of navigation. The history of the fair-haired, liberty-loving sons and daughters of Sweden, Norway and Denmark is rich in song and story. We have millions of these splendid folk in our own land, and wherever the standard of Liberty and Human Progress has been raised they are found in the front rank, bravely fighting for the Right. Better citizens or greater lovers of Personal Liberty are unknown. For centuries our full-blooded Scandinavian brothers have been moderate users of Barley-Malt brews. Who can truthfully say it has injured them in any way? It is the ancient heritage of these peoples to revolt at Prohibitory Laws, and their vote is registered almost to a man against such legislation. For 57 years Scandinavians have been drinkers of the honestly-brewed beers of Anheuser-Busch. They have helped to make their great brand BUDWEISER exceed the sales of any other beer by millions of bottles. Seven thousand, five hundred men, all in all, are daily required to keep pace with the natural public demand for Budweiser. ANHEUSER-BUSCH • ST. LOUIS, U.S.A.

ONTARIO ISSUE IS UNDERWRITTEN

Announcement Made by Provincial Treasurer—Advertisement is Criticized.

Hon. I. B. Lucas, provincial treasurer, announced yesterday afternoon at his offices that the \$5,000,000 Ontario issue registered stock had been underwritten in London at par thru the Bank of Montreal. One of the largest English firms dealing in such stocks was the purchaser. The proceeds, Mr. Lucas stated, were for general capital expenditure, including extensive work on the hydro-electric. The debentures were issued at 4 1/2 for 50 years with an option of redemption in 40 years.

ONLY EIGHT HOURS RIDE, TORONTO TO ALGONQUIN PARK.

An improved train service has been put in operation between Toronto and Algonquin Park, via Grand Trunk Parkway. Leaving Toronto at 12:01 noon, daily except Sunday, the Highland Inn at Algonquin Park Station is reached at 8:21 p.m. Return service leaves the Park at 8:05 a.m. daily, except Sunday, arriving Toronto at 4:10 p.m. Drawing-room-parlor-library-cafe car service on these trains. Excellent sleeping car service has also been inaugurated as follows: Leave Toronto 2:05 a.m. daily except Sunday (car will be ready for reception of passengers at 9 p.m.), and arrive at Algonquin Park at 10:15 a.m. Returning train leaves Algonquin Park at 5:28 p.m. daily, except Sunday, and arrives Toronto at 1:00 a.m. The Highland Inn at Algonquin Park has still plenty of accommodation at reasonable rates.

PUT GASOLINE IN STOVE.

KINGSTON, July 17.—Russell Johnson, 13, was terribly burned when he put gasoline in a stove to hurry up the fire. The flames set fire to the house, but the his arms were painfully injured he managed to put out the fire and save the house.

DILLON ADMITTED TO STATES.

KINGSTON, July 17.—The American immigration officer at Cape Vincent, N. Y., did not know Dillon, the released dynamite, who was taken across the border after being released from the penitentiary. When it was found that Dillon was not being deported he was given his release and chose to stay in his own country.

FIGHTING ARMY WORM.

GALT, July 17.—While Brant and Oxford counties are fighting the army worm to stop its ravages, Waterloo County is free of the pest. J. S. Knapp, district representative, has just returned from a tour of the county and reports no trace of the worm, and that the crops in general are very good.

PURCHASED DEBENTURES.

G. A. Stinson and Company, Toronto, have just purchased \$18,000 rural municipality of St. Paul, Man., 6 per cent. debentures maturing in 30 instalments. These bonds are being held for the improvement of highways.

FOUR MADE UNCONSCIOUS BY LIGHTNING AT ST. KITTS

ST. CATHARINES, Ont., July 17.—In the worst electric storm that has been experienced here today four men were rendered unconscious by lightning at the steel and radiation foundry, but tonight recovered. Many buildings were struck by lightning, including the residence of E. A. Lancaster, M.P. Considerable damage was done to trees in the district, and power transmission lines, and street cars were tied up.

FACE'S SERIOUS CHARGE.

BROCKVILLE, July 17.—Andrew McGovery, a young man employed about town, was arrested by the police on a charge of passing bogus money. A quantity of imitation ten-dollar bills, bearing on the reverse side an advertisement, reached town from across the border. Securing two of these and passing the two reverse sides together so that the "ad" would not be noticeable, McGovery succeeded in getting the bogus ten-dollar bill changed into good money, it is alleged.

LIMBS LOST UNDER TRAIN.

While walking in the railway yards at the Union Station early yesterday Rudolph Swartz of 221 Manning avenue was struck by a freight and both limbs crushed. He was taken to the General Hospital where the members were amputated. According to witnesses the man, who is a foreigner, stepped from behind one train and walked in front of another.

IT MADE ME STRONG AGAIN

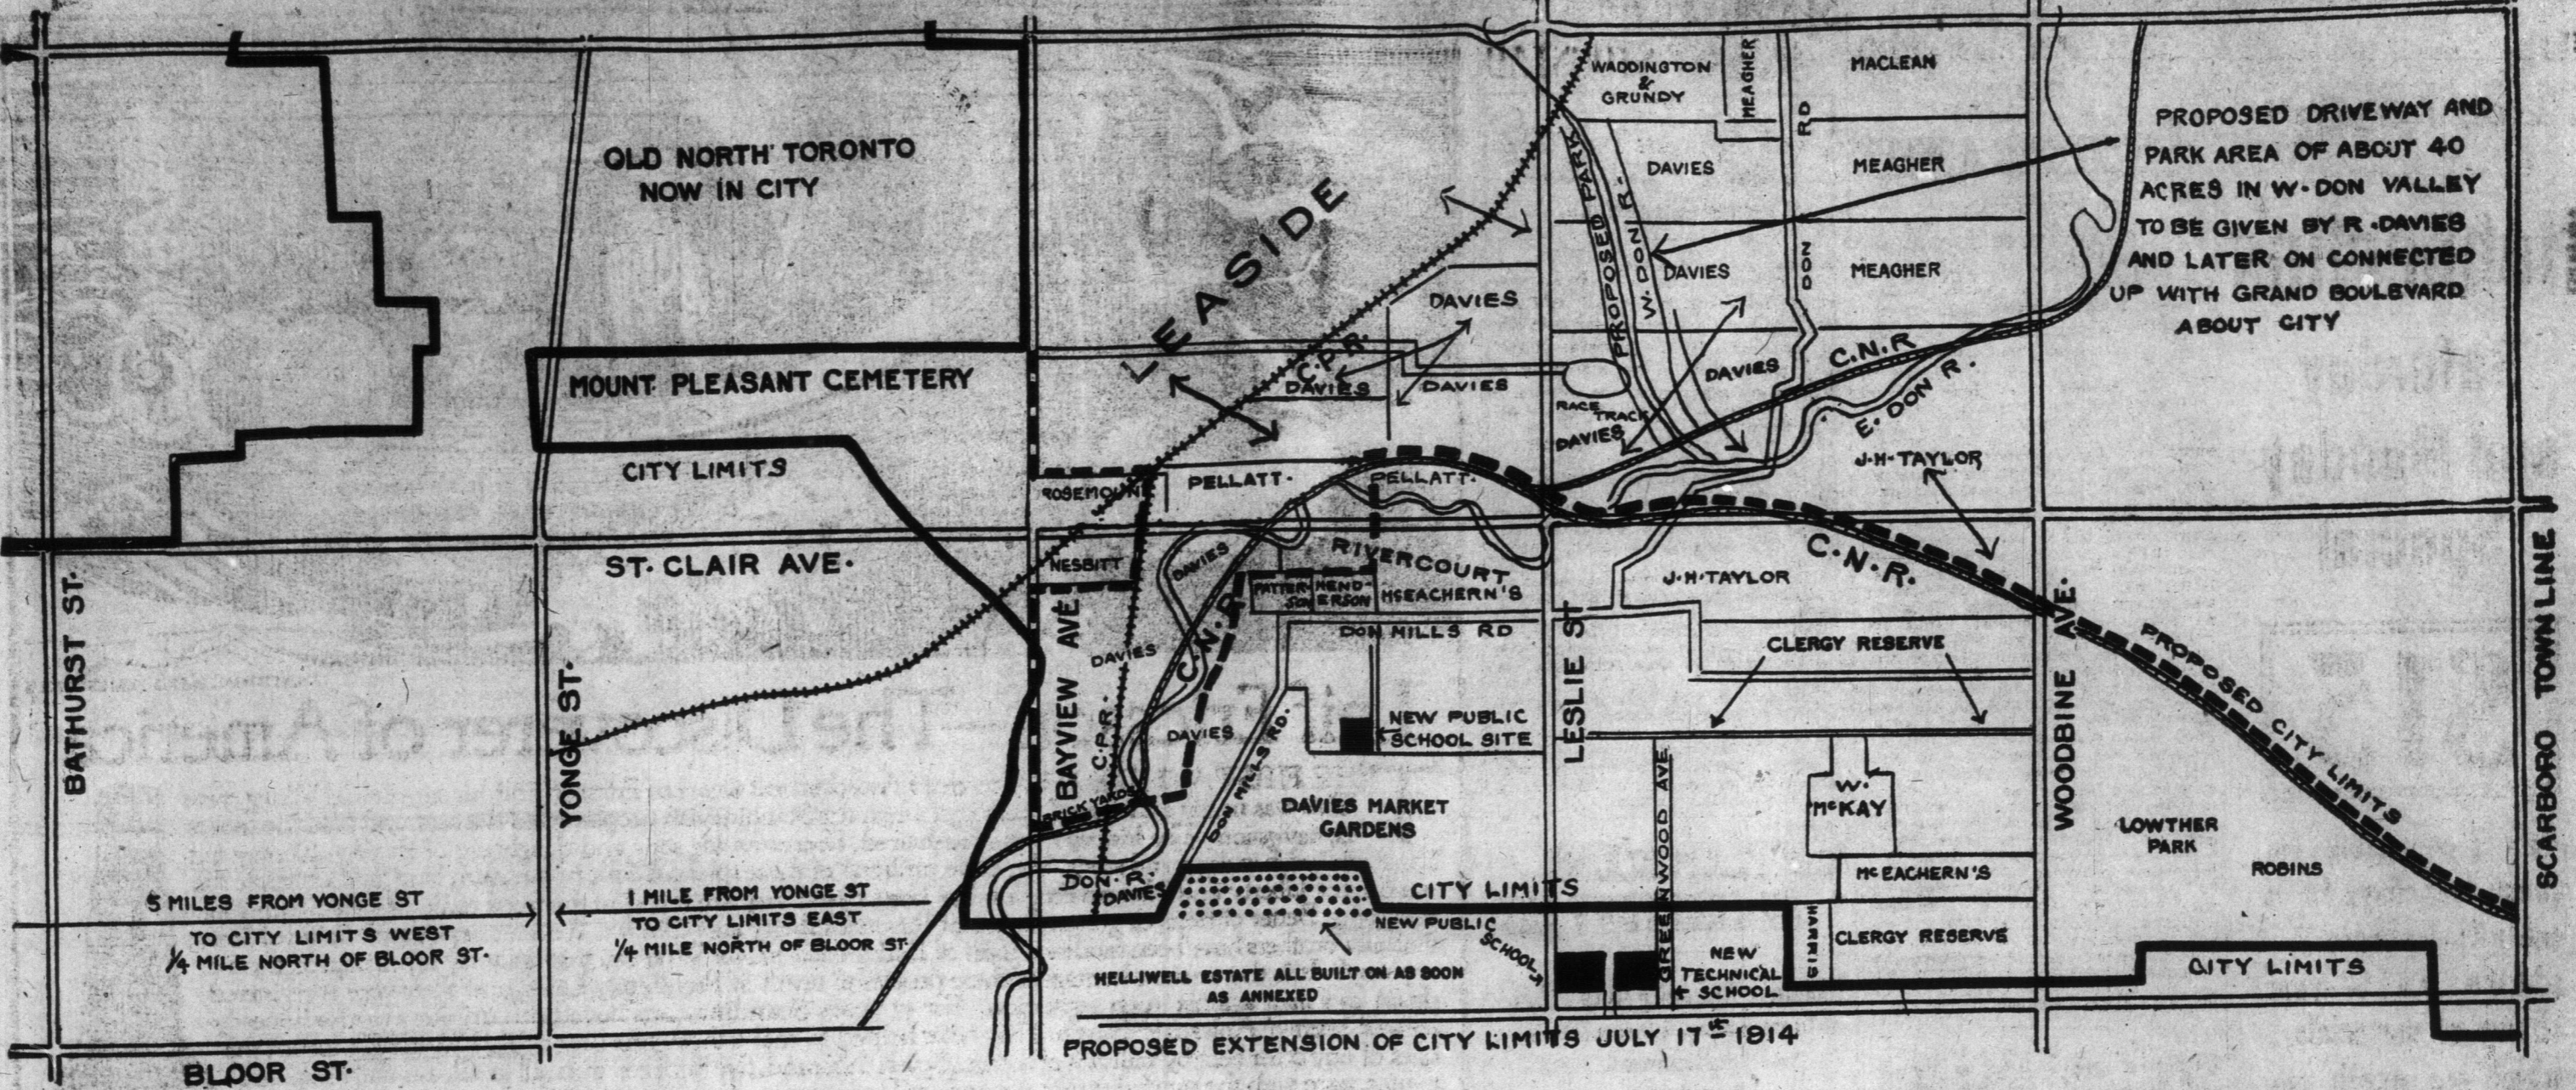

Read what Mr. Leonard J. Missen, Welland, Ont., says: "Dear Sir—I must tell you that I am pretty strong again and feel a great deal different now than what I did before. Your Belt has certainly worked wonders with me, and it is in good condition yet. Hoping you will meet with continued success, as I am sure your Belt is fully what you claim it to be." Also Mr. Clarence Waybrant, No. 13 Spencer Avenue, Toronto, Ont.: "Dear Sir—I have worn your Belt for one month and feel much better every day. It has cured my nerves, and I feel perfectly well and strong, and can recommend it to any one with weak nerves." Give me one broken down from dissipation, hard work or worry from any cause which has sapped his strength. Let him follow my advice for three months, and I will make him as well in every respect as anyone of his age. Letters like these tell the story which means a good deal to a sufferer. They are a beacon light to the one who has become discouraged from useless doctoring. I get letters every day like the above. My Belt has a wonderful influence upon tired, weak nerves. It braces and invigorates them and stirs up a great force of energy in a man. Are you weak or in pain? Are you nervous or sleepless? Have you Rheumatism, Weak Back, Kidney Trouble, Weak Stomach, Indigestion or Constipation? I can give you the blessing of health and strength. I can fill your body with health and make you feel as you did in your youth. My Electric Belt is worn while you sleep. It gives a soothing, genial warmth into the body. This is life—health. Tell me where you are and I'll give you the name of a man in your town that I've cured. I've got cures in every town. That's enough. You need the cure. I've got it. Come and get it now. The pleasurable moments of this life are too few, so don't throw any away, while there's a chance to be strong.

THE TODMORDEN ANNEXATION AND NORTHEAST TORONTO!

The city council yesterday voted it expedient to annex the Todmorden district. It will now be for the property owners to array themselves in opposition to the Municipal and Railway Board for and against the extension. It is believed that the majority will be in favor of it, as a lot of the opposition has been withdrawn.

Probably subdivide 200 acres, the Anglican rectories trust, 300 acres, William McKay 30, J. H. Taylor 70, William Harris 70, none of which has yet been laid out. Other large acreages have already been subdivided by well-known real estate firms.

(60 acres) southeast of it, the Nesbitt plot (2 acres) opposite government house, and leaves out the Don Valley Brick Works. Mr. Davies in return for this exclusion is to give 40 acres in the West Don valley for the grand boulevard and for park purposes.

Effect on Northeast Rosedale. But the most significant changes will be in the northeast of Rosedale. The cemetery trust will in all likelihood close Mount Pleasant Cemetery at the proposed Mount Pleasant avenue (parallel to Yonge street) and sell off one hundred acres, thru which a diagonal will be run from Rosedale and Moore Park to connect with the Rese drive in Leaside and on toward Donlands and the townline.

house and across the belt line ravine will also be subdivided. This will be the last bit of Rosedale. Rosemount (the old Cadmore estate) is already divided and will become (with Leaside) an extended and higher-up Rosedale. The southern bounds of Leaside will be in more in touch with the city. This extension of the city will let all this property take advantage of the new subways that the Canadian Pacific propose to build in the re-connection and widening of their lines and bridges from Yonge street to Leaside station.

In the extreme east (beyond Woodbine avenue) a lot of desirable land will be opened up, including part of the Massey estate. A Diagonal Road. The Harris factory will be closed and Mr. John Harris will open up Coxwell avenue (extended) at a width of eighty feet and with diagonal features toward the new road to cross the C.N.R. ravine and on to Scarborough. Toronto Housing Company will later on feel the benefit of this extension.

With the Bloor street viaduct and this extension Toronto over the Don will receive its greatest impetus. The rectories' trust will clean up another two millions toward the support of its city churches, but ultimately for mission and extension work. The trust should certainly reserve five acres for a church memorial of the great wealth that has come to it out of the growth of Toronto. Ten years ago the 400 acres would not have brought \$10,000 an acre!

NEWMARKET LIBERALS INAUGURATE NEW CLUB

The Newmarket Liberal Club was inaugurated last night at a well-attended meeting in the Temperance Hall. Charles McCauley was elected president, Fred Doyle and W. H. S. Cane, vice-presidents; William Dolan, secretary, and F. W. Pearson, treasurer.

BATHURST HILL PARK PETITION WELL SIGNED

Between four and five hundred signatures have been secured to the petition for a park site up to the present in the Bathurst Hill district, according to the report of the executive committee of the Hillcrest Ratepayers' Association, who are actively engaged circulating it amongst the residents. The petition will shortly be presented to the city council.

FIFTEEN PICNICS TODAY

Fifteen picnics are scheduled for Island Park today. A record day is expected.

DON BRIDGE BREAKDOWN

The Hon. W. Holdon Pugsley Tells All About It and Adam's Big Car. The Hon. William Holdon Pugsley of the highway commission was in town yesterday from Richmond Hill and partook of a hearty dinner at the Don bridge, which collapsed under Sir Adam Beck's H.E. motor truck, was "a new bridge, sufficiently strong for ordinary traffic."

After the accident and the attention of Sir James Whitney had been called to the neglect of the bridge by the township, county and commission, somebody got busy, presumably Mr. James, the commission's engineer, and the bridge was temporarily repaired; on Thursday several loads of new planks and sills were sent out and now a gang is putting in all new timbers. That's the answer to Bill.

As to the Hon. Bill's statement about the amount of traffic on the Don road, it is true that it is not so much as on Yonge street, but if so, it is so because traffic will not take the risk of DeGrassie Hill.

ALLAN ROYCE PROPERTY SUGGESTED FOR PARK

A movement is on foot among the residents of the congested section of West Bathurst and a portion of West Toronto, to acquire the property of Allan Royce for a park site for the district. The people feel that a recreation ground and park is as much, if not more, of a necessity in their section, where factories and large works are numerous, and a breathing space is more than a luxury, being in fact vital to the health of the people and a positive necessity. It is felt that now, while the neighboring sections are asking for park sites, and this large tract of land is still available, the city should secure same for the people of the district, before the speculative builder takes possession and subdivides into choice building lots.

DON MILLS ROAD BRIDGE REPAIRED

New Floor Has Been Completed by Good Roads Workmen. Yesterday Good Roads Foreman N. Plook and his men completed the installation of new floor on the Don Mills road bridge, which collapsed under a hydro-electric motor truck last Monday. The flooring is 3 inches by 10-inch material and the cross beams below 4 by 12. These beams are supported every 12 feet by a cross steel beam. Engineer James (highway commissioner) states that the bridge will now bear a maximum weight of 5 tons.

SILVERTHORNE ANNEX RESIDENTS DIG DRAINS

The residents of Silverthorne Annex, Wm. Bell and Harry Hayes, have a trench and purchased lumber to build culverts to carry off the water from the land, for a considerable distance along Rosethorne avenue, which is low-lying and holds the water flowing from Prospect Cemetery and the higher ground surrounding this portion of the title and Trust Company's property. The work was undertaken principally to drain the water from their property which surrounded their houses during the winter, and they generously continued the work under the roadway for a considerable distance to the next occupied property in anticipation of the work being continued by the adjoining lot owners.

NEW ORANGE LODGE

County Master J. C. Boylen and Deputy Master J. R. Findlay assisted at the inauguration of a new Orange at the corner of Yonge and St. Clair avenue on Thursday night. The lodge is L.O.L. BUILDING IS BRISK IN SEVENTH WARD

Permits Issued for Large Factory and Several Big Residences. The building business, which received its impetus for the summer in ward seven at the beginning of this month, continues to be brisk, and many large items have recently been added to the list of permits. One was issued yesterday to the H. P. Le Page Company for the erection of a four-story brick, steel and concrete factory at 1150 Dundas street, which will cost in the neighborhood of \$40,000. The same company is erecting a coal shed nearby by costing \$800.

Several Residences.

In addition to these several large residences will help to swell the total. Among these are noticed a house about to be built by James Wilson on High Park Gardens, costing \$14,000; a 2 1/2-story dwelling which W. W. Carter is erecting on High Park boulevard, costing \$8,000, and a house at A. Kelly on Glenora street, near Evelyn avenue, costing \$8,500.

Parting Presentation to College Principal

Rev. A. K. Griffin and Mrs. Griffin were presented yesterday afternoon with a silver tea service and a purse of gold by the members of St. Clement's parish, North Toronto. Miss Emma Oiler read an address expressing the regret of the congregation on Mr. Griffin severing his connection with the district where he had resided for over nine years, and wishing him every success in the new college at Brampton. Mr. Griffin suitably replied and said he hoped to see many of his old friends in Brampton in the fall on the occasion of the athletic sports. A very large number of the congregation of St. Clement's were present at the presentation.

NEWS OF SPECIAL INTEREST TO WOMEN

DEATH OF IRVING COURT PRECEDENT

Court Settlement of Empress Victim's Estate is Retarded by Brother.

The dispute over the will of the late William Naulls and his wife, who perished in the Empress disaster, was taken up yesterday by the surrogate court, and it was contended by John Naulls, a brother of the deceased, that Mrs. Naulls died before her husband, owing to her greater physical strength, the portion of her husband's estate mentioned in the letters of administration, and claimed by the two stepsons, could not be included as her property. He therefore issued a caveat claiming that portion of the estate amounting to about \$7000 for himself, another brother and his father.

HEARST REFUGEES WERE CARE FOR BY O'BRIEN

J. A. Stewart, chief fire ranger along the transcontinental railway in Northern Ontario, has wired to the department of forests and lands here, that the bush fires at Hearst are now under control. Fires are very bad in several sections, but last night the ranger reported every indication pointed to rain. In his telegram he said that refugees from Hearst had been cared for by J. B. O'Brien, a brother of the contractor of that name.

HEAVY DAMAGE BY INSECTS.

OTTAWA, July 17.—That damage to the extent of fifty million dollars is done to Canadian crops every year by insects is stated in a bulletin of the conservation commission. Birds and parasites are the natural enemies of these destructive insects, as many as 5000 being found in the stomachs of a single bird.

The shows when last here spent the entire week in Dufferin Park, but this year they will occupy three locations in Greater Toronto. Their first home here will be at Queen street east and Greenwood avenues, where there will be two performances on Monday and a like number on Tuesday. Wednesday the shows will be at Broadview and Danforth avenues. Thursday, Friday and Saturday they will spend at Dufferin Park.

INCOME RESPONSIBLE FOR SERIOUS COLLISION

Canadian Press Despatch. LONDON, July 17.—The British Admiralty Court today found the British steamer Incomore responsible for the serious collision on June 17 with the North German Lloyd steamship Kaiser Wilhelm II. Just after the liner had left Southampton for Cherbourg and New York.

Sir Bargaive Deane, the judge, in giving his decision, said he found the Incomore had made a mistake in giving a signal that she had stopped when as a matter of fact she had not done so. This, he said, had misled those on board the Kaiser Wilhelm II, and had caused the collision, which occurred in a thick fog and resulted in considerable damage to the German vessel.

An Interesting Clipping

"Suppose," said a man to one of the keenest educators of the day, "you could retain only one study for a child, what study would that be?"

Promptly came the answer: "Mental arithmetic." The reply was a puzzling one until it was carefully thought over, and then the wonderful clarity and clarity of the answer came to the questioner in all its fulness. "What is mental arithmetic? It includes all kinds of easy problems of computation, worked out without the use of pencil and paper. Proficiency in mental arithmetic means the ability to do orally, with readiness, quickness, and accuracy, easy problems of the type found in actual business. It is as useful as written arithmetic, while in common-school education it is of fundamental importance. It comes to the child and low, rich and poor, farmer and mechanic. And while it is an eminently practical study, mental arithmetic has the highest educational value. One purpose of education is quick and concentrated attention: this mental arithmetic calls for. Another is mental training: this the study of mental arithmetic serves in a wonderful degree. The tremendously greater vitality that exists in oral work over written work is naturally present in mental arithmetic. The mechanical emphasis that invariably goes with written work is absent, and in its place is the emphasis on the logical side of the study. Mental arithmetic makes for mental order: for earnest effort. It is interesting how in one study we can find almost all the elements of a successful mental training.

UNFORTUNATE GIRL WILL BE RETURNED TO PARENTS

Discouraged because she was unable to get work, Christina Emerson, a nineteen-year-old English girl, attempted to commit suicide a couple of weeks ago by turning on the gas and going to bed. After several hours she was found and revived. She is now in a hospital where she has been up to yesterday, when she appeared in the police court to answer to the charge of attempting suicide. She explained that her room rent was in arrears and was told she would have to get work or get out, so she decided to put an end to her life. An effort will be made to send her back to her parents in England, so she was remanded for sentence.

ARREST MAN AT MYRTLE ON CHARGE OF HOLD UP

BOWMANVILLE, Ont., July 17.—Identified by Henry Jakeman, the masked man who entered his store at Burkerton Junction, held him up with a revolver and snatched \$25 from the till, a man giving his name as Hubert Powell was arrested at Myrtle Station by John Oboyle, who acted under instructions from High County Constable Jarvis. Powell is 19 and had a watch with the case engraving "To J. J. Powell, 2 Batt., R. C. Regiment, from the citizens of Galt, for services to Queen and Empire in South Africa." He says his name is Pontypool. Jakeman's story is that, while three customers were in his store a masked man entered about 10 o'clock, held up himself and the other men with a revolver, calmly sprung the till open, took all the contents and fled to the woods.

THE NEW HOUSEKEEPING

BY MRS. CHRISTINE FREDERICK

Is the Kitchen Waltz More Harmful Than the Tango?

EVERY newspaper and magazine is overflowing with remarks, interviews and outcries on the harmfulness of the tango and the moral obliquity of the maxixe; but new zest to the argument can be lent by introducing the subject, the harmfulness of the kitchen waltz—its effect upon the woman in the home, and why it should be put under the ban.

Parbleu! you have not heard of it? Impossible! While the tango is danced by comparatively few of society's elite and others, the kitchen waltz is indulged in daily by thousands of women all over the country who are their own chief cook and bottle washer.

This is the way it is done: A woman decides to make an omelet. She trots gracefully to the left to the icebox, removes the eggs and flits hastily twenty feet across the room to the kitchen table. Here, after a proper pause, during which she heats the eggs, she advances carefully (keeping the bowl) to the kitchen stove. Another pause at the stove, and she reverses twenty feet back to the pantry to get a platter, makes one more trip of twenty feet back to the table, and at last the kitchen waltz is finished—her omelet is complete.

Yes, day after day women take any number of steps, and go thru any number of figures and convolutions in the different tasks they do about the kitchen—from stove to table, to pantry, across to the sink and back to the stove, and so on in an endless series and figures, which is more complex than any maxixe we have seen.

All this movement solely because the equipment of the kitchen is poorly arranged. What points in common have a sink and the kitchen stove? And will anyone explain why they are obstinately set down next to each other in hundreds and hundreds of kitchens, small or large?

Motion studies have been made showing the amount of time and steps taken by a woman as she works under average kitchen conditions, and it is appalling the amount of waste motion and time that has been consumed in kitchen work. From patient, scientific analysis of the way work is done in the kitchen it can be shown that the kitchen waltz is a waste of time and energy, and that it should be "routed," and waste steps and time avoided.

There are two processes in all kitchen work: (1) Preparing a meal. (2) Clearing away a meal.

Each of these processes covers distinct equipment. The equipment of the first, of the preparing process, is in its order: (1) Refrigerator or storage. (2) Kitchen table or preparing surface. (3) Stove or cooking apparatus. (4) Table or serving surface.

The equipment of the clearing away group is: (1) Sink surface to right of sink. (2) Drain surface to left of sink. (3) China shelves and pot closet.

Thus the storage, table and stove must be arranged in one group; sink and china and utensil shelves in another group. If this is done in a definite order, in a definite motion, if the equipment is badly arranged and not grouped scientifically, the result will be all the involution of the kitchen waltz with its harmful effects of fatigue, foot weariness and that "all tired out feeling."

Who will resolve with me never to dance the kitchen waltz and to standardize her kitchen conditions, so that we can work without waste motion and fatigue?

To Discard Freckles, Tan, Pimples, Wrinkles

The use of creams on the face sometimes causes hair to grow. You can avoid the risk of acquiring superfluous hair by avoiding the use of cosmetics. The best remedy for freckles, tan, pimples and wrinkles is the use of a cream which contains the most valuable of natural products. It is the most effective of all remedies for the skin, as the wax actually absorbs the offensive matter. The latter is naturally repelled by a clear, smooth, healthy complexion. It is the sensible full of life cream that is free from any oil, alcohol or perfume. It is the most effective of all remedies for the skin, as the wax actually absorbs the offensive matter. How I Lost 18 Pounds of Fat and Regained My Good Figure by a Simple Rubbing Process.

"Three weeks ago I read in a newspaper of a lady who found that a simple mixture of herbs could be rubbed on fleshy places, and that this would gradually dissolve excessive fat. I was sorely in need of just such advice, so I obtained from a druggist 1 drachm of quassia chips and a 2-ounce bottle of Aromone. After taking them home, I put the quassia chips in a pan and poured over them a teacupful of boiling water. After standing about one minute, I strained it thru a cloth and added the aromone. Then I poured the mixture into a bottle and applied it freely every night and morning with my hands for about ten minutes, using a circular movement. The fat just seemed to melt away each time that I rubbed it on and I never dreamed it would be so easy to get rid of the excess of fat. Now I feel just like stouter every fat woman I see and telling her how I did it."

NOTE:—The above prescription is not a new one but is as widely known as it should be. Hennessey Drug Store, 117 Yonge St., and Moore's, Limited, 389 Yonge St., state that they have a prescription for this mixture. Some remarkable reductions in weight have been reported from its use, and the mixture is entirely harmless.

Some Insecticide and Fungicide Remedies

There have been so many anxious enquiries of late concerning the proper solutions to use on various plants that it will be advisable to deal with the subject generally.

If our amateur will learn certain main points about plant diseases and their remedies the matter of proper sprays will clear itself up in a wonderful manner.

And first, let me warn all that for most cases where it is possible to use the simple garden hose early and late, your plants will be healthy. But a garden hose is not always possible, as in the country, for instance. And again there are a few diseases that absolutely demand medicated sprays.

Now, these two points: Never apply insecticides or fungicides when fruits are in bloom. Such sprays kill the bees and so affect pollination.

And: Application of insecticides and fungicides is best done for spray solutions with a spray pump, a syringe or a vaporizing bellows; in powder form, a powder blower, or a duster.

Now, this same little book mentioned in the last issue, has laid down four such comprehensive and thorough rules, epitomizing the whole subject of spraying, that I have determined to quote these four rules for our amateur just as the rules stand:

No. I.—Insects that eat foliage, fruits and flowers, whether they are bugs, worms, caterpillars or slugs, are best destroyed by some poisonous insecticide, such as arsenate of lead, paris green, or hellebore.

(Note:—These sprays are poisonous. Keep the children away.)

If for any reason it is not deemed safe to use one of these poisons, the next best non-poisonous insecticides are tobacco dust or extract, slug shot, kerosene emulsion, fir tree oil soap and Persian powder.

(Note:—These sprays are not considered poisonous, but still keep the children out of reach.)

No. II.—Insects that suck the juices of plants, such as lice, red spider, green and black fly, mealy bug, scale, can be destroyed only by skin-irritating insecticides, such as kerosene emulsion, tobacco dust or extract, fir tree oil soap, whole oil soap solution.

No. III.—Plants and fruits affected by fungous disease, such as mildew, spots, dry rot, rust, etc., so on should be promptly and properly treated with Bordeaux mixture or ammoniated copper solution or a solution of flowers of sulphur.

No. IV.—For tree borers, insects on trunks, eggs on bark and to prevent crawling up the trunk use (a) lime soap thickly upon the bark.

Cutworm Food.—This is a sweetened poisoned compound, alluring and palatable to all cutworms, cabbage worms

Beauty of Little Value Unless Backed by Brains

Winifred Black

There was a very pleasant story in the paper this morning. It was an interview with a woman a clever, brilliant woman of great attainments in many lines. A beautiful woman, well born and gently nurtured. A good woman and one known for works of art.

Oh, it was all very interesting—but one sentence in this particular interview, in this particular paper, caught my eye and held it like the glitter of a jewel in the dust of a country road—or like the glint of a tin can in a forest where picknickers have been. It was this:

Why Beauty Doesn't Count.

I can't get over that sentence—it haunts me. Who wrote it—a man or a woman? A man without the shadow of a doubt. What woman would think such a thing—much less say it? Does it, then, make a woman less handsome and less attractive to be intelligent and deeply in earnest? I wonder why?

The "Clinging Vine" Passes.

Poor man—who interviewed the Lovely Lady and who forgot, for one illuminating moment, what a really "handsome and attractive woman" she was—to forget, for one instant, such a thing as earnestness.

Three Minute Journeys

Where Elephants Are Trapped in Pits

N Travancore, India, the natives have an interesting method of capturing wild elephants—they trap them in pits dug in the ground.

It was once my good fortune to be in the vicinity of one of these pits when an elephant was caught, and my excited ride quickly led me where the hunting party was releasing it. He was a comparatively small beast, trying to scramble out of the pit, with his small red eyes glaring at us and his waving trunk hrowing dust all around, trumpeting with fear and rage.

Trying to Climb Out.

An old tame she elephant, remarkably clever at this work, was led up, seized the head rope, and, under her master's direction, led the captive away to its stable quarters, and a heavy cable was attached and dragged under, then thrown over the neck and drawn tight, and the other end was tied to a tree. It was then easy to get nooses over the

ANNEXATION CONSIDERATIONS.

Yesterday's action of the city council, in endorsing the board of control's recommendation to annex Tomorden, rounds off the civic boundaries in a way that has been necessary for some years past.

One point made by Ald. Walton should be noted. There has been stress laid upon the objection of the Tomorden inhabitants to come into the city to pay city taxes.

For Tomorden there is a lesson in this feature of the New Haven exposure. It shows what can be done, and what will be done, by a private corporation which has access to the instruments by which the community is moved, such as the press.

It is unlikely that there will be any further considerable proposals for annexation for several years to come.

THE TOMORDEN VOTE. Tomorden was fairly disposed of in the city council yesterday afternoon. The advantages of the bargain arranged by the board of control with the Davies family appealed to the aldermen, but Ald. Wickert raised the point that in return for the three-quarters of a mile of boulevard property the city might be committing itself to the perpetual exclusion of the Don Valley property now to be left out.

CAPITALIZATION OF PUBLIC SERVICE COMPANIES. Many Canadian papers have commented upon the exposure of the methods by which the New York, New Haven and Hartford Railway has been reduced from prosperity to practical bankruptcy.

As The World has preached incessantly for years, the root of the trouble lies in the unrestricted opportunity for over-capitalization. This has been ridiculed and derided, but today it is generally recognized as the very fountain and origin of the evil from which the transportation service of the country suffers.

For Tomorden there is a lesson in this feature of the New Haven exposure. It shows what can be done, and what will be done, by a private corporation which has access to the instruments by which the community is moved, such as the press.

What newspapers have a word to say about the intimated intention of the Canadian Pacific Railroad to cut another melon in the interests of its shareholders? Every addition to capitalization which does not mean dollar for dollar of actual benefit to the road is a crime not only against the straight shareholders, but against the people of Canada.

DEPOPULATION OF THE COUNTRY. In varying degrees every civilized country shows an increasing ratio of town to rural population. This does not in all cases mean that the actual number of persons employed on the land has diminished, for in many it has increased.

# Wind Fails in First International Canoe Sailing Race

## WIND FAILED IN FIRST CANOE RACE

Britton and Friede Will Stage First Race Today—Friede Had a Lead.

NEW YORK, July 17.—The first of the international canoe races between Leo Friede, defender, of the United States and Ralph Britton, challenger, of Canada was a little more than three-fourths completed in a light south wind on Gravenstein Bay when the breeze died away altogether. The match was called off until tomorrow morning. Friede, on the last lap of the five-mile course, was about ten minutes ahead of Britton. His best work was to windward early in the race.

## FINISH OF LONG RACES IS TONIGHT

Here are the facts which attend the holding of the one-hour grind on the Motordusters tonight. This sixty minute drive is the final of four races in a series of long distance championship races for a total purse of \$2500, of which \$1000 goes to the highest point winner of the series. This series has been held under the direct auspices of the Canada Motorcyclist Association and with the consent of the governing associations in the United States and Great Britain. The title of long distance champion for 1914 goes with the big purse. The fastest speed demons, the best obtainable on this course, have been taking part in the series, and at least four of the riders can win out. It all depends who wins the final sixty minute test, which promises to be a clincher. The standing of the famous sextet to date is: 1. Barclay, Denver, 25 points; 2. Henikman, Detroit, 22 points; 3. Carls, Lake, Australia, 21 points; 4. Ayrault, 21 points; 5. Harding, Birmingham, 18 points; 6. Jodin, Wilkes-Barre, 15 points. While Ayrault, the "Frenchie" Frenchman, suffered a spill last Wednesday night, he has entirely recovered, and will positively start. The remainder are also in good shape and all are out to win. The riders are about 80 miles in the sixty minutes, which means that they will travel at least 80 miles per hour. The course is a loop of riders will hit up 90 miles per hour in the sprints. Points will be awarded in the one hour event as follows: Winner, 15 points; second, 14 points; third, 13 points, etc. Eight bicycle and motorcycle races will be run off tonight as usual. There will be no raise in prices.

## WEST END Y. HANDICAPS.

The following is the new list of events for the weekly handicaps held at the Varsity Stadium. These events are certainly being run by the best members of the club. The events will start sharp at 7 p.m. Ribbons will be given, as follows, three each for Classes A, B and C. July 25—200 yards, running broad, one mile. July 27—440 yards, discus, and one-mile walk. Aug. 5—100 yards, pole vault, and 660 yards. Aug. 10—220 yards, running high, and 880 yards. Aug. 17—440 yards, shot put, and two-mile walk. Aug. 24—100 yards, standing broad, and 1000 yards. Aug. 31—220 yards, running broad, and one-mile walk. Swimming.—These hot days the tank is certainly kept busy with men and boys. Eight bicycle and motorcycle races will be given, as follows, three each for Classes A, B and C. The details will be settled during the week.

## WELLS AND CARPENTIER NEXT.

LONDON, July 17.—Representatives of Dick Burge, Carpenter and Bombardier best of everything in the world, and Wells and Carpenter and Wells in London for the white heavyweight championship of the world, under Burge's management. All the details will be settled during the week.

## CLOAK CUTTERS MET.

At an open meeting of the Cloak Cutters' Local, No. 83, held last night at 101 Spadina avenue, several subjects of interest were discussed. The advisability of establishing a minimum wage scale was taken up, and urged as the only method of obtaining reasonable compensation for skilled workmanship. Among those who were present and spoke were: J. F. Pierce, first vice-president, L.L.G.W. Union; J. Gibbons, organizer of Street Railway Employees, and Matt. Wayman, organizer of the Upholsters' Union.

## BACK TO HAMILTON.

Hugh Mahon (Garee) was arrested by Detective Armstrong yesterday at the request of the chief constable of Hamilton, where he is wanted for theft.

## THE NEWSBOYS WIN.

## AMATEUR BASEBALL

Judeans will meet St. Patrick's in the early game at Stanley Park, at 2.15. New faces will be seen on the Judean line-up in an effort to lift the St. Patrick's scalp. A couple of players from other senior leagues have been added to Judeans, but these will have to remain out of the game one Saturday. At 4 p.m., St. Andrews visit the rejuvenated St. Mary's. Nicholas will be in charge of the latter for the day, and they may lose their jinx.

Parkdale A.C. are scheduled to meet the Alps at Perth avenue square in the two o'clock game today, and the Cardinals will endeavor to keep up their winning streak against Russell Motors at four o'clock. The clubs in the West Toronto Senior League are all playing fair ball, and their followers are well assured of a run for their money.

## REPORTS FINDING RICH GOLD VEIN

EDMONTON, July 17.—After spending more than five years in Northern British Columbia prospecting for gold and other minerals, Frank Pierant has reached Edmonton, where he reports the finding of a rich vein of gold. He has filed claims, according to The Bulletin, on the banks of the Liard River. It is his intention to raise sufficient capital to work the claims.

## WILL HOLD HORSE SHOW.

The Flour and Feed Dealers' Association will hold its sixth annual picnic and games at Exhibition, Park on Wednesday, July 22. As a new venture the association is putting on a horse show which promises to be very successful and will no doubt become a permanent feature of the feedmen's popular picnic.

## BURNS CELEBRATION.

A celebration will take place at Burns' monument in Allan Gardens on Tuesday afternoon next at 4 o'clock when the statue will be decorated with flowers and evergreens. ## TOURNEY ENDS AT BURLINGTON

Doubles and Singles Wind Up the Most Successful Annual Tournament.

BURLINGTON, July 17.—The Burlington Country Club bowling tournament at the Brant House was brought to a close this morning when the finals were played and awards made in the singles and Scotch doubles competition. Two Burlington bowlers, Steven and Allan, and J. C. Smith and Alton, were in the semi-finals. The winners, Steven and Allan, were defeated by C. W. Moon and W. Patterson of the Parkdale Club. The Toronto club played a great match, easily defeating the Burlington rink by a score of 20 to 14.

## BUTT CUPS MOVED TO VICTORIA CLUB

Alexandras, After Scoring in Singles and Doubles, Fell Away With Rink and Lost.

The Butt Challenge Cups have started "moving around" in the lawn bowling circles, and yesterday they decided that a week's stay at the Alexandra Club was sufficient. However, the club that made the final decision went to the Victoria Club by only two shots. For the rest, the cups will be housed at the Victoria Club, where Rusholme will stack up against the defenders next Friday. The scores:—Singles. Victorians. Alexandras. G. W. Scott.....11 C. Hinkley.....16. Doubles. Clark and Galloway.....12 Little.....16. Rinks. E. J. Duncan. A. B. Smith. H. W. McDonald. G. Harpley. D. P. Styles. A. E. Staveland. F. H. Munn, sk. 19 Dr. MacLaren, sk. 8. ## LOCAL RIVALS PLAY AT BEACH TODAY

Querre's Indians Will Show Some Changes—Torontos Stand Pat.

Interviewed last night, Captain Querre of the Tecumseh said that he had good hopes of winning the lacrosse game from the Torontos this afternoon at Scarborough Beach. "I am shaking up my team," he said, "and while Ripley, Bennett and Porter are not in the stars that McGregor and McDougall are when in condition, they are comers. They are young and fast and are going to show that they will be anything in the league. We have beaten the Indians twice out of three times." The game will start at 8.30 sharp, and Messrs. Humphrey and Little will be the officials. The probable line-up: Torontos: Goal, Gibbons; point, Stagg; centre, Cameron; first defence, Somerville; second defence, Longfellow; centre, Danden; second home, Spring; first home, Dunne; outside, Turnbull; inside, Warwick.

## WESTERN ONTARIO TENNIS LEAGUE BRUSSELS ONT.

BRUSSELS ONT., July 17.—In a northern group game in the Western Ontario Tennis League, Brussels defeated Harrison on the Harrison courts, today, taking four out of five events. The score: Singles. Vernon Ross (Brussels) beat Montgomery (Harrison) 3-6, 6-2, 6-4. Stuart Fox (Brussels) beat Duke (Harrison) 6-4, 6-4. Scudmore (Harrison) beat C. L. Eckie (Brussels) 8-6, 6-4. Doubles. Stuart Fox and V. Ross (Brussels) beat Duke and Scudmore (Harrison) 6-2, 6-4. Charlie Leckie and Harry Fox (Brussels) beat McDougall and Montgomery (Harrison) 6-2, 6-4. In a return game with Mount Forest yesterday in the same league, the Torontos were defeated four out of five events. The games were on the Mount Forest courts.

## GINNINATI COMING. McCAFERY LAST NIGHT THAT HE WOULD BE HERE ON JULY 24 FOR THE CINCINNATI-TORONTO MATCH.

There will be a doubleheader with the Bisons this afternoon at the Island, and just now the Island Stadium is about to be filled to the top. So a large crowd is expected, as the Leafs are playing real ball these days.

## MANY STATES TRYING GOOD ROAD METHODS

The subject of good roads is at this moment occupying official attention in many states and is laid hold of in a practical way that should bring these states up out of the mud to a firm foundation for traffic. The wise plan is providing high-class roads in much traveled places and less elaborate ones in the other districts.

## NOVEL IDEA FOR MOTOR HEADLIGHTS

A new headlight for motor cars has just been put on the market which represents a radical departure from present designs. The lamp has the shape of a human eyeball and turns in its socket in exactly the same manner as the eye in its support. Two small clamps, controlled by thumb screws from the interior of the car, hold the lamp in position in any desired direction, while the handle itself is used in turning the light rays to the spot they are needed.

CLIMAX OIL COMPANY, LIMITED. AUTHORIZED CAPITAL \$500,000. Par Value of Shares, \$1.00

The Company holds leases for 1920 acres of valuable oil lands 3 miles from the proven Monarch Well, on the same anticline. For the purposes of development, the Directors are offering 55,000 shares at par, which are being rapidly subscribed for.

REASONS FOR BUYING CLIMAX SHARES

- 1. Because a firm offer of \$150,000 cash was made for the Company's holdings, the night of the "Monarch" strike. 2. Because if they are worth that much to others, they are worth many times more to our shareholders for development purposes. 3. Because results prove that the Company's holdings are right on the exact spot in the best proven districts in Alberta—NOT NEAR.
