## TWO SCORE WERE KILLED AND MORE THAN SIXTY INJURED

### Terrible Wreck on Lehigh Valley Near Manchester, N.Y.—Coaches Plunged 40 Ft. Over Trestle and Struck Masonry Embankment Like Projectiles—Toronto People Among the Injured.

### SPREADING RAIL GIVEN AS CAUSE OF ACCIDENT

MANCHESTER, N.Y., Aug. 25.—Speeding eastward behind time, Lehigh Valley passenger train No. 4 ran into a spread rail on a trestle near today and two day coaches from the mid-section of the train plunged downward forty feet, striking the east embankment like a pair of projectiles. In the awful plunge and crash at least thirty-seven persons are tonight believed to have been killed and more than sixty injured. The injuries of several are so serious that it is feared they will die.

The wreck was the worst in the history of the Lehigh Valley line in this state and one of the most disastrous ever recorded on the system. Crowded with passengers, many of whom were war veterans and excursionists from the Grand Army of the Republic encampment at Rochester, train No. 4, made up of fourteen coaches, drawn by two big mogul engines, was forty minutes late when it reached Rochester Junction, and from there sped eastward to make up time before reaching Geneva.

Six Coaches Left Rails. The engine and two day coaches had just passed the centre of a four-hundred-foot trestle over Canandaigua outlet, 150 yards east of the station at Manchester, at 12.35 o'clock when the Pullman car Austin, the third car of a long train, left the rails. It dragged the dining car with it and two day coaches and two Pullmans, in this order, followed.

All bumped over the ties a short distance when the coupling between day coach No. 27 and the rear car of the diner broke. The forward end of the train dragged the derailed Pullman car Austin and the diner over safely, after which both plunged down the south embankment and rolled over. The free end of the ill-fated Lehigh Valley day coach, where most of the slaking occurred, fell out the gulch and, followed by a Grand Trunk day coach, stripped the rear guard of the south side of the trestle and plunged into the shallow river bed more than forty feet below.

Struck Masonry Embankment. The end of the first day coach that was over struck the rear end of the ment of solid masonry and, with the other sixty-foot cars behind it, both shot against the wall with terrific force.

Both cars were filled with humanity as the plunge was made, and in a few minutes the cars lay in a mass of crumpled wood, metal and glass under which a hundred men, women and children, many of whom were killed or maimed, were buried. The most destruction occurred in the day coach No. 27, and a dozen persons were later taken dead from the second day coach, which having followed the first over the trestle, snapped its rear coupling and abandoned the rest of the train from being dragged over.

This second day coach struck on the bottom and stood up, the rear end protruding about half a mile from the bottom.

## THE DEAD AND INJURED

ROCHESTER, N.Y., Aug. 25.—The following bodies were sent to Shortville from Manchester in charge of Coroner Stoddard: Mrs. A. Zubeck, Buffalo; Mrs. O. G. Madden, Trenton, N.J.; Mrs. C. S. Johnson, Cleveland, Ohio; Charles Hicks, Newark, N.J.; R. S. Uncle, Southfield, N.J.; Mrs. R. S. Uncle, Southfield, N.J.; Joseph Hickey, residence unknown; Helen Pownall, address unknown; O. P. Johnston, address unknown; A. M. Hunsicker, Vineland, Ont.; E. Pangbun, veteran, Brooklyn; Nine unidentified women and one unidentified man.

## THE REAL LAURIER

### The Indian Doctor Practices Anti-Imperial Vaccination—An Appeal to the Quebec Electorate.

On Thursday morning The Globe published under the caption of "Here is the Real Laurier" an appeal to the British-born, and the Canadian-born, and the foreign-born, to turn for a moment from the caricatures of Laurier as a continentalist, as a foe to the empire, as a conspirator against Canadian nationality.

"To-day once more," says The Globe, "Laurier and Bourassa fight again the battle over the right of the government of Canada to participate in the defence of the empire," and it concludes: "The British-born will not be deceived."

It is interesting, to say the least, in view of The Globe's article, to read the appeal contained in a pamphlet entitled, "Sir Wilfrid Laurier—Chief of the Parti Liberal," which is being circulated among the French-Canadians who are being drawn away from the true faith by Mr. Bourassa.

The writer draws a moral for the Nationalists from the testimonial which Archbishop Langevin gave Joseph Bernier, when the latter declined to second a vote in the Manitoba Legislature for the abrogation of Article 230 of the Manitoba School Law: "A blow struck uselessly and at hazard by an undisciplined soldier often does more harm than good."

### ANTI-IMPERIAL VACCINATION.

Sir Wilfrid is more diplomatic. He doesn't butt his head against a wall. He bows to the will of the majority in the sending of the South African contingents and in the creation of a Canadian navy, but takes the sting out of inoculating the Canadian people with "a derivative," a sort of sham-imperial lymph.

Hear what this campaign document has to say about the sending of the South African contingents:

"There is no one who would to-day dare to aver that the premier did not take the wisest course in deciding to send voluntary contingents, with the reservation that this sending left Canada free to do as she pleased in the future.

Then, after recouping the causes of October, 1897, at which Mr. Bourassa alone held out against the despatch of the troops, it continues: "If the government had followed the counsels of Mr. Bourassa, it is reasonable to suppose that Sir Charles Tupper would have been called upon the next day to form an administration. The Conservative leader would have gone much farther than Sir Wilfrid Laurier, Mr. Bourassa knows well."

The result being that "the Liberal party would have been thrown into opposition for a whole generation."

And that would have been a fine state of affairs, it hastens to add.

### SAVING HIS POLITICAL HIDE.

This is the heroic and patriotic stand the premier took. Rather than abandon the field to a real imperialist he sent the contingents. When he comes to the naval question the argument of this author of the pamphlet is essentially the same:

"Most of these young people (the Nationalists), when the responsibilities of life shall have put them face to face with the real conditions of existence, will recognize that they have not known how to appreciate at their proper value the obstacles they have to surmount for the realization of their youthful aspirations; and that he whom they accuse of treason (to the French race) was right in seeking in conciliation and honorable compromises what they believed could be attained by main force."

Coming down to reciprocity we see the same anti-imperial touch: "It would certainly be too daring to claim for Sir Wilfrid Laurier the glory of having conceived the idea of reciprocity."

"What we should felicitate Sir Wilfrid Laurier with is having accomplished that great work, of which everyone spoke, but which none dared touch."

"It is above all with having once more found there a derivative from the fiscal union with which the imperialists, who are financing the actual struggle against Sir Wilfrid Laurier, are menacing us."

"The imperialist school founded by Mr. Chamberlain, and which is giving funds, literature, and even men, to combat Sir Wilfrid Laurier, under the cover of anti-reciprocity, dreams of a custodian union among all the countries of the empire, at the cost of all foreign countries."

How like the appeal of Mr. Taft, that now or never is the time to forestall by reciprocity "the forces which are at work in England and in Canada to separate her by a Chinese wall from the United States, and to make her part of an imperial commercial band reaching from England round the world to England again by a system of preferential tariffs."

This is the argument which the Real Laurier is putting up in Quebec. What do you think of it?

### PROGRESS AT PORCUPINE.

A new "Horace Greeley" has arisen. J. L. Englehart, chairman of the T. & N. O. Commission, predicts that "next year it will be 'go north' instead of 'go west'."

A car demonstrating the possibilities of the Timiskaming country and clay belt, and carrying exhibits of the roots, grain and cereals grown there with such success will be placed in commission next month, travelling from point to point on the railways of the province.

The Porcupine section of the railway is the point of contention for the T. & N. O. construction forces just at present. The temporary station at South Porcupine has been completed, and the McIntyre spur line to Pearl Lake is being rushed. The steel is nearly all laid for the Dome Mine extension. By October 1 the Hollinger extension to Timmins town will be completed.

### Fired a Revolver.

Herbert Gadsden, the private detective, who was charged with shooting with intent to do bodily injury to Alexander Gate, was dismissed yesterday, August 25. A charge of firing a revolver may be laid.

## A FINAL RECKONING

OLD MAN ONTARIO: I'll more than scotch it this time.

## ONTARIO HORSE TRADE WOULD DISAPPEAR

### Horse Talk From Men Who Know

This straight-from-the-shoulder reply to the letter by A. Yeager, Simcoe, Ont., in yesterday's Globe, contains the facts which the farmers of Canada need to know to enable them to understand the one-sided and injurious character of the reciprocity pact. A Liberal speaker asked the other night who would give \$300 for the empire. The people of Canada do not need to ask that question, for their most valuable interests are in their own land and under their own flag. The empire will do better by them than any alien will. And this letter shows it.

Dear Sirs: Mr. Yeager's letter on the front page of The Globe this morning forces us to ask you to be kind enough to give this letter publicity.

His arguments are so wide open that a baby would not have the slightest trouble in driving a coach and four thru them. We will take his letter paragraph by paragraph and show it to be a tissue of misrepresentation.

In his first paragraph he states that commission and board on each horse sold by us amounts to from \$20 to \$50. This is a gross exaggeration. If he has not trebled the actual cost we will give \$100 to any charitable institution he will name. Will Mr. Yeager give \$100 to any charitable institution we name if we prove we are right and he is wrong? And will the reader please note that the big end of the board bill goes back to the farmer for the hay, oats and straw?

In his second paragraph he says that horses costing \$400 to \$550 per pair in Toronto can be sold for \$700 to \$800 in Buffalo. To show his utter ignorance of the subject, let us take an average of the prices he mentions. In this way his statement is: Teams can be bought here for \$475 which can be sold in Buffalo for \$750. If this is near the truth, why don't dealers buy teams at \$475 here, pay \$104 duty and about \$40 freight and expenses, which would make them cost \$619, and sell them for \$750? The dealer would net a profit of \$131 per team or \$179 per car if Mr. Yeager's statement was true. The answer is: Because Mr. Yeager's statement is false. In this paragraph he says that thousands of people in the American cities are willing to pay \$250 to \$350 for our misfits, which can be bought here for \$100 to \$150. Again, let us average his figures and you can lay his \$125 horse down in Buffalo, freight, expenses and duty paid for \$175, and according to Mr. Yeager, sell it for \$300, netting a profit per carload of \$2250. Why is Mr. Yeager himself not doing this business and amassing a fortune? Because it is not true. If a man makes statements to the public he should at least know a little about his subject and should not make false statements for politics.

His third paragraph is simply another offence of the same brand as the previous one.

In the fourth paragraph he commences with a wanton misrepresentation of what we previously stated, and we would like your reader to know that when we spoke about the American horses and the danger of them swamping our country we had in mind that carloads of these horses have been brought right into Toronto this year from Buffalo and sold at public sale for \$400 each. Mr. Brennan of Ottawa bought these and took them home. He afterwards sold them to show him a profit. You may wonder why there are not more of these horses imported. The American horse is often infected, and they are detained to be tested by the government veterinary department, which retards trade. If the pact goes thru, and branded horses have access to our market with the other American horses and the duty is nil, we will only have ourselves to blame for the low prices which we must take.

He continues to say that we might as well compare certain qualities of sheep on certain markets. As he is discussing a previous letter of ours, he should have noted that we disclaim any expert knowledge of other live stock.

In the fifth paragraph he states he is a breeder. We could sell all the horses he bred in his life in less than one hour. Whatever horses he bought in 1896, 1897, 1898, he bought on commission for Quebec shippers at a price to the breeder which he could afford to pay to-day and get a profit in the Liverpool market, which he disparages. But we don't need the Liverpool

Continued on Page 7, Column 2.

### REGISTRATION.

Registration booths in this city open next Wednesday, the 30th, and will remain open four days, from 10 till 1, 2 till 6 and 7 till 9. British male subjects over 21 may vote if they have been in Canada twelve months, in Toronto three months, and in the electoral district in which they wish to vote for thirty days preceding the first day of registration.

### C. P. R. Absorbs Quebec Central.

A controlling interest in the Quebec Central Railway has been provisionally secured by the Canadian Pacific Railway. The former's policy will not be affected by the change, although extensive additions to its lines are contemplated. The agreement between the two roads is subject to the ratification of the Quebec Central's security-holders.

The C. P. R.'s earnings for the week ended August 21 show a considerable increase over the traffic earnings of the same period last year. This year they are \$2,367,000, against \$1,897,000 in 1910.

Sir Thomas Shaughnessy is now on his annual tour of the C. P. R. system.

## REAL BOURASSA NOT GLOBE BOGEY

### False Picture Painted of Quebec Nationalist Corrected, and Real Man Shown of Unblemished Record, Devoted to Good Government and British Institutions.

Bourassa and his fight in Quebec is quite the most spectacular part of the present federal campaign. John Boyd of Montreal, one of the best known newspapermen in Canada, was in the city yesterday and The World had an instructive and interesting chat with him. He knows Bourassa and all other prominent French-Canadians now in public life. It is his business to know men.

Asked regarding the election prospects in Quebec, Mr. Boyd said: "Present indications all point to a marked change in the representation from the Province of Quebec after Sept. 21. The campaign that has been conducted for sometime by Mr. Monk and Mr. Bourassa through the province, has been most effective in arousing public opinion and whereas a few years ago it was almost impossible for those opposed to Sir Wilfrid Laurier and his policy to obtain a fair hearing, now Sir Wilfrid Laurier and his supporters are on the defensive, and in many instances are having a hard time of it."

"For instance, at the St. Hyacinthe meeting, which was one of the greatest political gatherings I have ever witnessed, and I have been at a great many, Henri Bourassa was the hero of the occasion, and despite the efforts of some of the Liberal organs to make it out a Liberal success, the actual fact is that Mr. Bourassa carried the meeting with him, and at the close was enthusiastically acclaimed by over thirty thousand of his compatriots, whilst Laurier's name, so potent on former occasions, was received with hardly a cheer."

"That Sir Wilfrid Laurier realizes that his hold on Quebec is in danger, is clearly shown by the frantic appeals he has been making to his compatriots on the score of his long services to his gray hairs and because, as he claims, there is a plot between Mr. Bordeau, Mr. Monk and Mr. Bourassa, an alliance between the Orangemen, the Nationalists, the Castors, the lingoos, and the reactionaries of the English-speaking provinces to overthrow him. That has been the principal theme of his recent discourses through the province. But that kind of appeal has its effect."

"Thanks to the vigorous campaign conducted for the last few years by Mr. Monk and Mr. Bourassa, a small coterie of Quebec realize that public questions should be considered on their merits and that the personality of no man, however eminent, should be the sole consideration. It is rather amusing to see the men who have been pelting Mr. Monk and Mr. Bourassa as fanatics and demagogues indulging in such appeals."

### Opposition Gains in Quebec.

"Then you think the opposition will make marked gains in Quebec?"

"Whatever may be the general result of the election, the friends and supporters of Mr. Monk and Mr. Bourassa hope that after Sept. 21 there will be a strong phalanx of independent members from the Province of Quebec, who will think for themselves on public questions and not be mere voting machines to register the decrees of Sir Wilfrid Laurier. If this result is achieved, Mr. Monk and Mr. Bourassa will have done a great work, not only for Quebec, but for the whole Dominion, and for the independence of parliament. The fact that the government has had a servile majority has been the most dangerous factor in our public life."

"But what about the statement that Mr. Monk and Mr. Bourassa, especially Mr. Bourassa, are anti-British in their attitude and aims?"

"That is simply a legend invented by the Liberal organs, to injure Mr. Bourassa and his party."

Continued on Page 11, Col. 1.

## WAITERS ON STRIKE

### Misled by False Dismissal, Will Return to Work To-day.

At Albert Williams' Cafe at 38 Yonge-st. yesterday, the head waiter appeared in a state which Mr. Williams believed incapacitated him for his duties. He was promptly discharged, and thereby hangs a tale. Adding a spirit of revenge to the previous incapacitating influence, the aforesaid head waiter wended his way to the lower regions, namely the downstairs dining hall, and informed the waiters there that he no longer desired their services, and in a body they made a flank movement on the cashier in a vain endeavor to secure their pay. They were met with a decided refusal. An army of girls from upstairs was brought in as a reinforcing party, and meals were served as usual. Tomorrow the misguided waiters will be in their places as usual.

According to a World informant, the men had gone on strike because they were not allowed an extra percentage above their wages. This statement, however, was indignantly denied by Mr. Watt the manager.

"The men will all be at work to-morrow," he said. "It was just a case of petty spite and personal revenge."

### Beds for 18,000.

Exhibition visitors are availing themselves of the city's free information bureau at 15 Yonge-street. This was much in evidence yesterday, when hundreds of people were directed to boarding-houses. In spite of the heavy demand, the list of boarding-houses is steadily increasing. Manager Taylor estimated that even at this late date he could accommodate 18,000 people, at rates which varied from 75 cents to \$1.50 for bed and breakfast.

### CANADIAN BATTERIES MAKE A GOOD SHOWING

### Second Day's Artillery Competitions on Salisbury Plain—Results To Be Declared To-day.

SALISBURY PLAIN, Aug. 25.—(C. A. P. Cable).—Almost ideal weather prevailed for the second day of artillery competitions, and substantial progress was made in six out of eleven field batteries, including the Canadian, competing outright their respective series.

While it is difficult to forecast with any degree of accuracy the results of the contestants, the Canadians, in the opinion of reliable observers, will be found to have cut quite a respectable figure, more especially in the matter of selection of gun position, accuracy of laying outlines in fire, and adherence to a range of targets. Their work has been watched with the keenest interest by our officers and inspectors-general of horse and field artillery, the latter of whom remained throughout the contest, and found the range speedily and accurately, great improving on yesterday, when a sultry sky and heavy rainfalls compelled them repeatedly to cease firing. The results will be declared Saturday.

It is doubtful whether the special competition for the Canadian Challenge Cup, which has been announced for tomorrow, will take place, for want of time. The competitors were to be between the "half" of the territorial and Canadian with 15 pound guns. The trophy being held at present by Colonel Richards' 4th London Brigade, having been won by the English team in Canada in 1907.

Wednesday next the coast defence competitions begin on the Isle of Wight.

### Customs Increase Overstated.

"The reporter must have been indulging in a pipe dream," remarked J. H. Bertrand, Collector of Customs, in The World last night, in connection with the statement in an evening paper to the effect that the customs revenue for the first 24 days in August had increased over half a million over the same period in 1910.

The figures for 24 days in last August were \$1,666,427, and this year's is \$2,620,449. This shows an increase of \$954,022," states the article in question. "I gave out no information or figures whatsoever," Mr. Bertrand declared. "As a matter of fact the increase is not above \$100,000."

ALDERMEN DEFER VOTE ON BIG CITY QUESTIONS

North Toronto, Annexation and the Humber Boulevard Laid Over—Teraulay Tube Route Passed.

Without even discussing the annexation of North Toronto, the city council yesterday skipped nimbly over the whole question, deciding that it could not be dealt with at a special meeting.

Mayor Geary had to admit that the meeting was not a regular one, and as the question had not been brought up for fresh consideration by a councillor who had changed his mind on the subject, he had to rule it out of order.

It will go back to the board of control and they will send it to the first regular meeting of the council. When asked how it was that other matters had been discussed at irregular meetings without their being cleared out of order, Mayor Geary retorted that it was because they had not been challenged.

The resolution of the board of control is as follows: "That the council of the City of Toronto do and does hereby declare that it is expedient that the Town of North Toronto be annexed to the City of Toronto without terms or conditions."

Water further out as there was at the mouth of the present intake. Controller Church declared that the further out one went, the better the water was. He said that the experts had recommended that the intake be put in another place.

# MEN'S BOOTS

You can get your feet ready for Fall weather in stylish boots by best known American makers—Laced, buttoned, and Blucher cut—But we make special mention here of the great line of dressy buttoned styles we are showing in all the leathers. The opportunity of the year to buy the "daddy" of boots, and buying them at dollars less than the maker's prices. Add to this the duty we must pay, and see what a genuine bargain any man may have in selecting regular \$5.00 to \$7.00 boots at

# 2.95

THESE ARE WONDERFUL VALUES, AND THERE'S A COMPLETE RANGE OF SIZES. REMEMBER, JUST FIVE DAYS MORE OF IT AND THE STORE CLOSES, AND SUCH BARGAINS PASS YOU FOR MANY A DAY TO COME.

# 123 YONGE STREET

## LEVEL CROSSING CLAIMS STILL ANOTHER VICTIM

Waterford Man Killed by G. T. R. Express Near Grimsby Yesterday.

GRIMSBY, Aug. 25.—(Special.)—The dreaded level crossing claimed another victim in this section when Nathan Overholt, a highly-esteemed and respected citizen at Waterford, lost his life by being struck by a westbound express at the G. T. R. crossing at Grimsby Beach at 10:45 this morning. Mr. Overholt had just arrived from Waterford and had left his wife and wife at Frank Russe's store while he went to look up a boarding-house, where he and his wife could stay a couple of weeks in this district. He had made arrangements for board and rooms and was returning to the store to get his wife and grips when the accident happened. As he reached the tracks a freight train going east on the right hand track was passing and he stood on the westbound track watching it pass. No. 9, one of the G.T.R.'s fastest trains, was running twenty minutes late and reached this crossing as the freight was going east. The engineer saw Overholt on the track and whistled almost continuously for him to get out of the way, but he apparently did not hear the train, and before the engineer could stop it he was struck and thrown about 100 feet upon the station platform. The body was terribly smashed about the head and all down the left side; the skull was crushed in and the left side of the face all smashed, the left arm broken and left leg broken in two places. "This is one of the most dangerous crossings on the whole of the G. T. R. line on account of the amount of traffic over it from the trolley cars to the Beach picnic grounds and park. Manager Wylie of the Beach, no later than two weeks ago, was at the company to either put gates or a watchman at this crossing.

The inquest is set for Sept. 2. REV. "J. D.'S" CASH HUSTLE.

Subscription lists for the athletic fund to complete the athletic church are coming in with encouraging regularity. The reports to date show: Previously acknowledged, \$287.75. Roach's Point friends, \$28.84. Loyol Orange Lodge No. 912, \$10.00. Subscription list No. 45, \$3.25. H. J. P. Good, \$28.00. general office of The T. Eaton Co., Ltd., \$50.00. sheet No. 2000, \$5.00. sheet No. 2002, \$47.75. J. R. Holdge & Son's employees, \$11.00. Brunswick Garage employees, \$19.50. Western City Stables, \$20.75. staff of James Robertson, Ltd., \$11.00. Total, \$527.55.

At the initial meeting the following amounts were guaranteed: W. Ward Marston A. C., \$500; C. W. A., \$500; Mr. Slinkins, \$250; E. S. Williams, \$300. This brings the grand total up to \$487.55. The Parkdale Gun Club will hold a big shoot at the Humber to-day, the proceeds of which will go to the fund. Notwithstanding the fact that he has not had a gun in his hands for years, Rev. J. D. Morrow has entered. "I have been on the hunt for money so long that I think I could bring down a nickel at a mile," he observed yesterday. "Tell all my friends to keep behind me, tho'."

Toronto Hunt's New Club House. Good progress is being made on the erection of the new clubhouse for the Toronto Hunt Club, and the directors hope that it will be open for the accommodation of members in the near future; probably in the early part of October.

## EATON'S DAILY STORE NEWS

### Fall Fancy Ribbons Formally Displayed

Unique Assemblage of Elegant Weaves, From the World-Famous Factories of Europe. Surely ribbon making has reached the height! Never, anyway, was such wealth of color, such luxury of substance, such abundant diversity of exquisite designing assembled before in a single display as will be shown at the ribbon opening Monday.

Sunniest climates contributed the textiles. Master mills of Europe did the weaving. A whole year's progress in methods and means accounts for the startling excess of achievement over last fall's remarkable results. Come and see these ribbons Monday anyway—the valours with their lovely little pussy willow spots that you simply can't keep your fingers off; the two-toned bordered reversible satins—two sides to that pretty story; the ottoman stripes with their rose motifs, which serve only faintly to example the matchless richness and the amazing variety of the fall fancy ribbon display. Weights and widths are appropriate for millinery, fancy work and dress trimming uses. Priced, per yard ..... 25 to 1.25

### Monday's Special in Millinery Ribbon

Pure taffets and satin weaves, extra good weight, richly finished, all the leading fall shades, white, cream, pale blue, royal, navy, alic, peacock blue, yellow, cardinal, wine, pink, beauty rose, old rose, cerise, amethyst, champagne, mauve, purple, brown, myrtle, moss and emerald, six inches wide, suitable for millinery and hair bows. Special price, per yard ..... 25

### Fancy Ribbon Clearance

Short ends and broken lines of high-grade fancy ribbons, fine stripes, flowered edge, allover Dresden and Paisley patterns, good range of pleasing combinations, producing light or dark results, width 4 1/2 to 6 inches. Buy some for future fancy work uses. Monday, reduced price, per yd. .... 19

### RUMOR SAYS MURDER.

NEW HAMBURG, Aug. 25.—A young man aged 20 years, named Robt. Spahr, son of John Spahr, of Northeast Hope, was found dead upon the Grand Trunk Railway tracks about 3 mile west of New Hamburg about 2 o'clock this morning. The deceased, who worked at home on the farm, attended Barnum and Balby's circus at Berlin yesterday. It is supposed that he returned on the G. T. R. flyer, which reached here about 10 p.m., and was walking home upon the tracks, or that he was killed jumping from the train opposite his home. His body was found about 2 a.m. by the crew of the way freight, whose train ran over the body. The engineer says that it was lying across the tracks, the head on one rail and the feet on the other. Coroner Marty of this place will hold an inquest. There are rumors that foul play is connected with the case.

### ANGLICAN CHANGES.

Appointments by the Anglican Bishop of Toronto have been made as follows: Rev. W. J. Creighton, M.A., incumbent of Bradford, in succession to the Rev. Canon Morley, removed to Toronto; Rev. Chas. Carpenter, assistant curate, St. John's, Peterboro, in succession to Rev. Canon Morley, removed to Toronto; Rev. Burgess Brown, assistant curate of St. Simon's, Toronto; Rev. R. H. Trumppour, M.A., B.D., has resigned the rectorship of All Saints', Peterboro, to accept a professorship in Latimer College, Vancouver, B.C. The bishop will preach at St. George's on Sunday morning, and at St. Luke's in the evening.

### WEEK-END TRIPS.

The Grand Trunk Railway System issue return tickets at single fare (plus ten cents) from Toronto to 300 points in Ontario, good going Saturday and Sunday, valid returning Monday following date of issue. Full particulars and tickets at Grand Trunk City Ticket Office, northwest corner King and Yonge-streets. Phone Main 4200.

### TWO WRITS ISSUED.

A writ has been issued against the Sovereign Bank of Canada by James W. Pyke, who states that he is not the owner of 28 shares of the bank's capital stock. The plaintiff asks that his name be struck off the bank's books and no longer used as that of the owner of the 28 shares. A writ has been issued by the Trades Bank against C. Bourbeau, asking for an injunction to prevent the defendant from collecting any of the accounts of William Gohr, who was a victim of the Porcupine fire.

### Appeal Dismissed in Kirby Case.

Yesterday morning the divisional court dismissed the appeal of John Briggs & Sons, Brantford, against Justice Sutherland's judgment, whereby Nellie Maud Kirby was awarded \$1000 for the death of her husband. On statutory grounds this amount was reduced to \$1500, but the appeal was not upheld. Willard S. Kirby, while an employe of John Briggs & Sons, met his death by being struck by a piece of wood which he was using to slip a belt from the shafting of a pulley while the machinery was in motion. The jury found that the company had been negligent in not using proper appliances, and damages were awarded.

### It Hasn't Lately.

Griggs—Does the New England climate agree with you?  
Briggs—No, it doesn't even agree with the weather predictions.—Boston Transcript.

### Her Knowledge.

"You are always chaffing people, aren't you, Mr. Comeup?"  
"Yes," my wife, who is studying French, says "I'm quite a chaffeur."—Baltimore American.

## Hot-Weather Happiness

comes from good digestion and enough outdoor exercise to keep the liver active and the pores of the skin open for the elimination of the toxins that have accumulated in the body. Keep the stomach sweet and clean and the bowels healthy and active by eating

# SHREDDED WHEAT

made of the whole wheat steam-cooked, shredded and baked in the cleanest, finest food factory in the world.

Here is a Summer suggestion that is full of Health and Happiness with freedom from kitchen worry and work: Place two Shredded Wheat Biscuits in a deep plate; cover them with berries or any other fresh fruit; pour over them milk, adding a little cream and sugar to suit the taste. Delicious, nourishing and wholesome for the Summer days when the stomach is tired of heavy meats and soggy pastries.

TRISCUIT is the Shredded Wheat wafer—a crisp and tasty "snack"—the maximum of nutriment in smallest bulk. Take it with you to the Summer camp, bungalow or cottage—it is eaten with butter, soft cheese, caviar or marmalades.

### MAKE YOUR "MEAT" SHREDDED WHEAT

### MILK AND ITS DANGERS

Discussed at Closing Session of Veterinary Association.

Milk as an important food factor and the necessity of careful and sanitary handling, was dealt with at some length by Dr. Cassius Way, Harvard, Ill., at the closing session of the American Veterinary Association yesterday in Convocation Hall. "Milk is second to nothing in this respect," declared the speaker, "but it is also a great carrier of germs and microbes, and is responsible for a great deal of disease." Dealing with the best methods of sanitary production, he advocated that all milk should be bottled in sterilized bottles. "Milk cans are simply an abomination, and should no longer be tolerated."

Milk bottles, when empty, should be rinsed and then scalded. In some cities it was unlawful to return dirty milk bottles to the vendors, and this, in the opinion of the speaker, was a step in the right direction. Dr. Paul Fischer, Columbus, Ohio, read a strong article on the tubercular testing of cattle. "The eradication of tuberculosis from the herd" was dealt with by Dr. S. H. Gilliland, Marietta, Pa., and "Feed Water to Cattle" was the subject of a short paper by Dr. Seymour Hadwen of the Canadian Department of Agriculture. The following resolution was passed by the association: "As Veterinary Director-General Dr. J. G. Rutherford has placed his own country and sister nations under a debt for his splendid work and triumphs in his sphere of service.

### OPTIMISTIC CROP REPORTS.

WINNIPEG, Aug. 25.—A further rise in temperature was general today in the agricultural west. Harvesting operations have commenced in almost every district and by Monday or Tuesday binders will be working everywhere. To-day's bulletins from crop centres continue to breed optimism. Regarding the complaints of harvesters who have reported in the east their inability to get work, official denials of their statements have been made. It is claimed that every man who wanted work could get it, if not in the harvest fields, upon railroads.

### HOTELMEN PAID FINES.

LINDSAY, Aug. 25.—(Special.)—W. C. Graham, proprietor of the temperance house at Lindsay, was fined \$20 and costs for keeping liquor for sale, on a charge laid by License Inspector Thornbury.

James Thompson, proprietor of the Rockland House, Bobcaygeon, was charged with selling intoxicating liquor without a license, the charge being laid by License Inspector Lithgow. Two Dominion detectives were working on the latter case and secured the evidence. The accused pleaded guilty and was fined \$100 and costs.

Low Colonist Rates to the Pacific Coast. Via the Chicago, Union Pacific and North Western Line, daily, from September 15 to October 15, from all points in Canada. Pullman tourist sleeping cars daily. For rates, folders and full particulars, apply to B. H. Bennett, general agent, C.A.N.W. Ry., 46 Yonge-street, Toronto, Ont.

## For New Manhood Send Me the FREE COUPON

There is to-day no excuse for any man remaining weak. The vital, many man is admired by all men as well as all women; there is an influence about him no one can resist; he knows no fear, he knows no weakness; he knows no result of debility. It is this same VITALITY which carries our young soldier to war without thought of death. Vitality, reader, is what you MUST have if you would enjoy a life of health, strength and manly vigor. I can give you this same life and vitality; if I can do for you what I am doing for thousands of others I can do for you. I can give you the vigor of youth into your blood and nerves. I can make you feel young again and keep you feeling young. I can drive away all debility, weakness and dependency. You will laugh at trouble. You will tackle obstacles with the vim to win, just as all her hearty, vital men may do. I don't ask you to use drugs, I ask no change in your present mode of living; I will cease all dissipation and use my HEALTH BELT. I will give you the Health Belt's suspensory attachment is the greatest nature cure and VITALITY supply that the world has ever known. Nothing is taken or granted; you feel better immediately, at once, from the first time used. Worn all night while you sleep, it pours a great stream of Vitality and energy into your weakened system. It is a wonder-working giant of power; made as I now make it I am getting results of which no man ever dreamed. Just think, over ten thousand men applied to me during the month of February; I am now sending great shipments of my Health Belt to every part of the civilized world. There is a reason: I am giving men back their lost strength. It makes you feel ambitious, full of vim; you awaken mornings sparkling with bright, clear-eyed, clear-brained health; the weakness has all disappeared from your back; you are "just feeling fine." Special attachments to my Health Belt cure rheumatism, kidney, liver and stomach trouble.

### Let Me Send You This Book FREE

I'll in the coupon: let me send you it once my free booklet in plain sealed envelope; it is profusely illustrated with beautiful photos; keep it in your pocket for easy reference; read the chapter on "Fidelity" and the chapter on "Debility"; if you read the chapter on these subjects

which interest every man, young or old, who would be strong in manly vigor. It is a word of hope, a carefully written, interesting booklet, which should be in every one's possession. Therefore send to-day. If in or near the city, call at my office. Hours, 9 to 6.

DR. A. B. SANDEN CO., 140 Yonge Street, Toronto, Ontario.

ONTARIO HORSE TRADE WOULD DISAPPEAR negotiating and supporting the reciprocity treaty.

"Mr. King speaks in a glib way of decreased American production," said Mr. Sifton. "As a matter of fact, the U. S. raised one to feed all its own people...

"I know no reason why he should be subjected to competition, or why he should be subjected to a tariff, in this competition," said Mr. Sifton.

Alfred Wilson, Ltd. 94 Yonge Street Ten Doors North of King Street, 177 Yonge Street One Door North of Queen Street.

Horse Talk From Men Who Know

market any more than we need the Buffalo market, and there is no need of discussing it. In his sixth paragraph he asks us impudently where we are going to sell our horses when steam plows take their places.

In the seventh paragraph he discusses our previous letter, and we reiterate that our statements are facts from the ground up.

In the eighth paragraph he asks: Where will our market be in five years for 1700-lbs. to 1800-lbs. horses, blocks and misfits?

To sum up, Mr. Yeager is a dealer and specialist in fancy horses. He has been so long out of the general horse trade that he knows nothing about it, and he should not allow his name into the public press for politics or any other reason without knowing something about his subject.

We do not intend to come into print and answer every silly little letter printed in the newspaper or mis-statement of facts, because we are too busy and have no ax to grind, as we stated in our last letter.

And here is another letter about horses to make assurance doubly sure. Mr. McLaughlin is a Toronto man who has settled in Calgary.

Dear Mr. Williamson: When I saw that letter of Mr. C. A. Burns of Burns & Sheppard in your paper of Aug. 15, I thought I would drop you a few lines on the horse market here.

I sold eight good horses yesterday for \$1900, and thirty days ago the same eight horses would have sold for \$2200.

Some strong statements when he dealt with the Conservatives. Referring to the Hon. Clifford Sifton's tour of Ontario, he stigmatized that gentleman as a "timorous coward" preaching a doctrine of timidity and cowardice.

# THE REPOSITORY

**CORNER SIMCOE AND NELSON STREETS, TORONTO**

**BURNS & SHEPPARD Proprietors.**

ESTABLISHED OVER 50 YEARS

**"THE CENTRE OF THE HORSE TRADE."**

ADDITION SALES EVERY TUESDAY AND FRIDAY UPWARDS OF 300 HORSES OF ALL CLASSES

Receiving Each Day of 11 A.M. PRIVATE SALES EVERY DAY.

## TUESDAY, AUGUST 29th 175 HORSES

HEAVY DRAUGHTS, GENERAL PURPOSE, WAGON HORSES, DELIVERY, FARM CHURNS AND DRIVERS.

All horses sold under authority are returnable by noon of the day following sale, if not as represented, when the purchase price will be promptly refunded. We have many loads of fresh, young, country horses coming in each week.

**AN IDEAL OUTFIT FOR CHILDREN.**—A Brantford gentleman who has sold his property is consigning a spotted pony, a mare, 5 years old, about 12½ hands and has won eight or nine prizes. The Governor's Cup, which is yearly new and has rubber tires, is to be sold also, along with a set of 7-ton Pony Harness. This is one of the quietest, best-broken ponies to be found anywhere.

## CITY HORSES

For Unreserved Sale

We sell at each auction from 30 to 50 horses consigned by city owners who have no further use for them. The horses are usually sold without any reserve whatsoever, and there's many a bargain to be had in the lot. This is an opportunity for both buyer and seller alike.

## FRIDAY, SEPT. 1st 125 HORSES

The Best Selection of All Classes

## A LARGE SHIPMENT OF Registered Clydesdale Fillies

(Including nothing but grand quality)

Will be sold on

## WEDNESDAY, Sept. 6th, at 10 a.m.

(Farmers' Day at the Toronto Exhibition.)

They were selected by that good judge, Mr. George Williamson, and he writes us that they have abundance of quality. Mr. Williamson is well-known as a horse buyer, and his shipments have always done him credit. The present shipment left Glasgow on the 19th inst. by the Allan liner "Oranston" and will be ready for your selection at The Repository on Wednesday, Sept. 6th. They are all registered, and come direct from the Home of the Clyde Horse. There will be special rates on all railways to Toronto during the Exhibition, so make your dates to take in this sale and visit The Repository, too. Catalogues are ready for those who will send us a card.

## Carriage and Harness Department

We have not long since taken over the Toronto Agency and stock of the

**McLAUGHLIN CARRIAGES**

and have over seventy-five different styles of vehicles from which to select, including Delivery Wagons and Pony Traps. There is no heating, or even equaling the McLaughlin-made trap. Your enquiries are invited, and we will try to give you prompt attention and a reasonable price.

We are sole Canadian Agents for REDUCED, the great absorbent and readily for Curls, Splints, Box Spavins, Thoroughpins, Wind Galis, and such. Price 1/4 per tin.

Horsemen should keep on hand a tin of Dr. Duncan's BACTERIOLYSIN. It's the best cure for coughs, colds, lung fever, influenza or similar ailments. Sells at 1/4 per gallon, or 2/3 per half-gallon.

We are offering for special sale a line of Light weight Harness at \$1.00; regular \$1.50 line. We consider this the best value to be had. Send for our catalogue of Second-hand Vehicles. It's free for the asking.

Exhibition visitors are invited to call at The Repository and inspect our stock.

### THE CAMPAIGN IN QUEBEC

Nationalist Tail Not to Wag the Conservative Dog.

**MONTREAL, Aug. 25.**—(Special.)—The second week of the campaign finds forty-two candidates lined up on the opposition side in the district of Montreal out of a total of forty-five, the men in St. Hyacinthe, St. Jean, Therville and Mercant to be selected the first of the week. The Conservatives succeeded to-day in getting Adairman Noe Leclaire to contest Malsonneuve with Alphonse Verreille and they have high hopes of defeating the exponent, as their candidate is a working man too.

Paul Emile Lamarche, a Montreal lawyer of ability and speaking talent, also left this evening for Nicolet, where he will start the campaign in opposition to the Conservative, his chances of success being of the best. Out of the 45 opposition candidates in the district of Montreal, 22 will be straight Conservatives and twelve of the Bourassa school, so this does not look as if the Nationalist tail was to wag the Conservative dog. It must also be noted that in addressing meetings in his province, Mr. Bourassa gives his "house" and his paper to every man opposing the government, irrespective of his political color.

Accepts Bourassa's Challenge.

**MONTREAL, Aug. 25.**—Mr. Lacharme, the member for Montclair, who had at first felt obliged to decline the challenge of Mr. Bourassa to meet him at Ste. Juliette on Sunday, at a late hour to-day, announced that he had

### W. M. GERMAN WILL GO IN BY ACCLAMATION

Sticks to His Anti-Reciprocity Guns, But Liberals Will Not Put Up Another Candidate.

**WELLSAND, Aug. 25.**—As a result of the action of the County Liberal Association at its convention this afternoon in deciding not to bring out a candidate, W. M. German, representative in the last parliament, was opposed the reciprocity pact from them. It was not announced until this day it was that Mr. German will be elected by acclamation. Wm. Munro, the Conservative nominee, dropped out yesterday and to-day the Liberals gave Mr. German the nod. Mr. German's statements are being made that the business of to-day's convention was irregularly proceeded with and that it was impossible for the convention to be held, but it is unlikely that anything further will be heard of the matter. A large contingent of division members returned and afterwards brought in a report recommending that no nominee be made. This was loudly cheered by the convention and P. B. White, who occupied the chair, declared it carried, although no vote was taken. About fifty delegates remained in the assembly room and protested loudly against the decision of the chairman. The Pelham contingent at once set to work for calling a meeting to-morrow night when they will consider calling another convention.

**Opposed to Reciprocity.**

Mr. German was the first speaker. He appeared, he said, as a candidate in the approaching elections. "I announced myself in the newspapers as opposed to reciprocity," he said, "and I stand on the contents of that statement to-day. I am pleased to see that there will be no contest between myself and the Conservatives, and if there is a contest it must be between myself and another Liberal."

"It has been said that I am going back on my Liberal friends. Not so. Every man in the British Empire has a right to his own opinion, and no man is a slave to other people's opinions. I am free to express my opinion and I will support the government in all its measures."

Hon. Richard Harcourt, who followed Mr. German, said the party was in a rather embarrassing and critical condition and that Mr. German was the responsible party. "What we want to do is to save the Liberal ship, which just now is being battered by the waves, directed by her captain, the right firm anchor her and sail tri-umphantly into the harbor with a cargo of reciprocity." (Cheers.)

Another Voice Against Reciprocity.

Mr. El. Davis was the other man besides Mr. German who dared speak against reciprocity. He feared that the Americans would swindle Canada with cheap products of the farm.

At this juncture the committee appointed to bring in the resolution recommending that the meeting be adjourned to the 19th inst. was reported. After the cheering had subsided William Clive of Pelham, one of the members of the committee, said that the motion had never been passed by the committee and that he had voted against it. O. T. Dore, who was on the committee, denied this statement, saying that the motion had been voted on, and that with the exception of a few, all had stood up for it.

After this Mr. German again took the platform and said:

"I regret that the convention has placed me in such a position and that it could not adjourn till the 19th inst. I am proud, too, to find that this gigantic gathering of the Liberal party is still sufficiently behind me to put up a candidate in the 19th inst. I am conscientiously opposed to the reciprocity agreement, but you have not stultified yourselves by endorsing me. I have always striven to be your representative and not a mere figurehead."

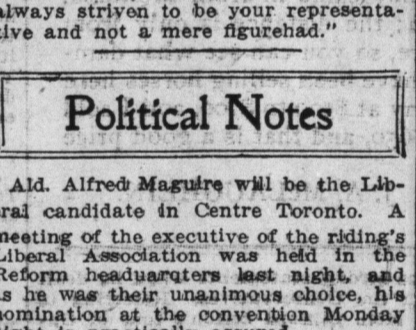

### WILL THEY STAY?

There are now three city motor cars being taken care of in the city garage. Two which were under the control of the city engineer have been brought within the fold, as was desired. The city engineer says that as soon as his lease of garage space expires he will put his in the city garage. However, there are some who think they will go to the city garage. Property Commissioner Harris will ask the controllers to see that they are put where they belong.

### FOR 25 YEARS HE SUFFERED

Well Known Merchant of Saratia Cured by "Fruit-a-Lives"

**Saratia, Ont., Feb. 24, 1910.**

"I have been a sufferer for the past 25 years with Constipation, Indigestion and Catarrh of the Stomach. I tried many remedies and many doctors, and derived no benefit whatever. Finally I read an advertisement of 'Fruit-a-Lives' and decided to try it. I had never taken 'Fruit-a-Lives' before, but I found that it was the only remedy that does me good. I have recommended 'Fruit-a-Lives' to a great many of my friends and I can praise these fruit tablets by night."

F. J. JONES.

Thousands now use "Fruit-a-Lives". Thousands more will try "Fruit-a-Lives" after reading the above letter. It proves, beyond the shadow of a doubt, that at least there is a cure for Constipation and Stomach Troubles. "Fruit-a-Lives" is Nature's cure for these diseases, being made of fruit juices and vegetable tonics.

50c a box, 6 for \$2.50, retail size 25c. At dealers, or sent on receipt of price by Fruit-a-Lives, Limited, Ottawa.

### ORIENTAL EGGS.

The Chinese are great eaters of eggs, which they take "hard boiled." These are to be had in all the roadside places of the north. While the Chinese have an objection to eggs of a certain age, it must not be understood that eggs of a certain age are better than old ones. The Chinese have a preference for the eggs of many years' standing. The Chinese think eggs are better for the sake of the duck or of the goose. These are the eggs which are sold in the market for a varying period, the minimum being 10 days, five or six weeks. Unlike the eggs of the West, the Chinese like eggs and takes on a dark green color, and the white coagulates and becomes greenish-yellow.

### WOODBRIDGE.

**Centre Work Campaign is Now On in Dead Earnest.**

It was a rousing meeting which greeted Capt. Tom Wallace in his own home town to-night, and nobody could doubt the popular popularity of the speaker. The meeting was held in the hall of the building which was crowded to the doors and out in front a large number of men gathered to gain admittance and among the gathering were many ladies, the gallery of which was reserved for them. It was not until the speaker had taken the ring of victory and speakers met with an enthusiastic reception, that it is all but J. W. Curry, who represented Mr. H. Dewar, and Mr. Curry got all he could expect, a respectful hearing.

### ANNEXATION STILL FURTHER POSTPONED

North Toronto Must Wait Yet a Little Longer—Newsy Notes From a Wide District.

**NORTH TORONTO, Aug. 25.**—(Special.)—Around town to-night there is a good deal of disappointment and not a little resentment at the action of the city council in allowing a technical error or something else to block the passage, or at least the opportunity for the members to record their votes for or against annexation. It was an open secret before the meeting of the council that advantages would be taken of the technicality to delay if not frustrate the movement.

Ald. Chisholm was quick to take advantage of the fact that the question of annexation could only be dealt with at a regular meeting of the council, while his fellow-councillors from Ward One hailed the ruling of the mayor with delight. The representatives from Ward One forget the feverish anxiety that manifested when the fate of the eastern district hung in the balance.

Among the members of the town council there is to-night a disinclination to hang longer on the city's action, and Monday night's meeting of council will positively deal with the question of the awarding of the election. This will not be good news for the council, as it is a well-known fact that the mayor which last week stood off the question but no attempt will now be made to further delay proceedings and a lively session will undoubtedly develop.

There is little if any doubt that the council will eventually go to the electric and practically a majority of the council are favorable to that course.

Mayor Brown was to-night served with two notices of action by parties claiming damages against the town for injuries. This will not be good news for the council, as it is a well-known fact that the mayor which last week stood off the question but no attempt will now be made to further delay proceedings and a lively session will undoubtedly develop.

# MAHER'S Horse Exchange

16 to 28 Hayden Street, TORONTO.

NEAR COR. YONGE & BLOOR. PHONE NORTH 991.

**PRIVATE SALES** of Horses, Carriages, Harness, Etc., Every Day.

**AUCTION SALES** Every Monday and Thursday at 11 a.m.

## "THE HORSE MARKET OF CANADA"

# 350 HORSES BY AUCTION

MONDAY, Aug. 28, at 11 a.m. 200 Horses

THURSDAY, Aug. 31, at 11 a.m. 150 Horses

A Fine Selection of All Classes, Heavy Draughts, General Purpose, Express and Delivery Horses, Carriage Cobs, Saddle and Road Horses, consigned to us by some of the best horsemen in Canada.

We shall have some particularly fine drivers and wagon horses for our next week's sale. Some of them are already in our stables, and there are more on the way. We would draw particular attention to a PAIR OF BROWN GELDINGS, rising 5 years old, height 15-3, weight about 2,450. This is a very fine pair of Hackney geldings, possessing lots of action, good conformation and a great pair when hitched. They will be sold on Monday next.

## IMPORTANT

Next week, in addition to our usual Monday and Thursday auctions, we shall have TWO SPECIAL AUCTIONS OF REGISTERED CLYDESDALE FILLIES AND PERCHERON COLTS.

We want you to know this, for this will be your opportunity if you want to purchase a good Clydesdale filly or stallion or a fine Percheron colt.

**ON TUESDAY** we shall sell the importation of MR. ISAAC WILLIAMSON, the well-known horse buyer and importer. We have sold the shipments of Mr. Williamson in previous years, and those who have attended our sales know what to expect, and this importation will be fully up to their expectations. There will be about 25 fillies, a very fine stallion, and a good pony.

**ON WEDNESDAY** we shall sell the importation of MR. DANIEL McGEORG, consisting of about 15 fillies, 3 stallions and four ponies. This is a shipment of the highest quality. **ALSO ON WEDNESDAY** we shall sell about 50 PERCHERON COLTS, two and three years old. This will be the finest shipment of colts that have ever been offered by auction in the Dominion.

Catalogues will be ready for the day of sale. Watch our next week's advertisements for further particulars, or call at our stables on and after Wednesday next and inspect the stock.

Special reduced rates on all railroads during the week of these sales.

ALL HORSES sold with a warranty. YONGE, Dupont, Avenue Road, Bell Line or Church car pass within half a day of sale, if not up to date.

**P. MAHER,** Proprietor. **GEO. JACKSON,** Auctioneer.

### LUCKY COLLAPSE OF RINK

So rattled were the riders at the Mutual-street Rink, which collapsed two days ago, injuring two workmen, that it is a great wonder that a catastrophe did not occur during the hockey match, when there were 3500 to 4000 people resting their weight upon the decaying timbers. Why it did not crumble under the heavy pressure of one of the immense crowds that often thronged its galleries is beyond explanation and nothing short of a miracle.

It appears that none of the supports had been taken away at the time the building collapsed, but that some of the timbers had been removed, lessening the pressure on the wall, which gave way.

Had the rink been allowed to remain as it was and used again this coming winter, a calamity would undoubtedly have occurred.

### CHICAGO BANKER DESCRIBES CONTEMPORARY AMERICAN BANK MERGER.

Chicago financiers are very much exercised over the organization of the National Holding Company, conceived by the National City Bank, of New York.

They see the fine Italian hand of James A. Stillman, its president, in trying to maintain New York City as the financial centre.

Theodore Bliss of the First National and First Trust and Savings Bank of Chicago, which institutions have certain common interests, James B. Folsom being president of each, and not deposits of \$200,000,000 between them, explained the matter to a World man last evening at the Queen's Hotel.

According to Mr. Bliss, the National City Bank has organized the National Holding Company and has asked the United States Government for its approval. Should the company be permitted to begin business it would immediately begin buying into prominent banks throughout the United States for the purpose of securing their con-

ontrol and would ultimately dominate the financial situation in the States. Just what will be the attitude of the United States Government in connection with the proposition is a matter of speculation. However, Chicago bankers are keeping in touch with the matter and will try to prevent government approval of the National Holding Company's charter.

In speaking of reciprocity Mr. Bliss said the United States wanted it, but he was of the opinion that it would be better for the States than Canada. He said: "I have been a constant reader of The World since I have been in Canada, on account of the fact that it gives a clear-out report of the facts at issue, regarding the reciprocity campaign."

PUBLIC AMUSEMENTS

HOWE PICTURES AT ALEXANDRIA

Through beams of light Lyman H. Howe conducts his audiences at the Royal Alexandria, not only through the beaten paths of travel, but far afield as well, taking them from continent and visiting peoples, barbarous and cultured—and always in scenes glowing with the very life of the original.

The magical beauty of old Japan is one of the big features of an entirely new program to be presented by Mr. Howe at the Royal Alexandria, commencing Monday matinee, Aug. 28.

The scenes take Howe travelers to Nikko—the heart of ancient, legendary, and religious Japan. Among scenes of ineffable beauty, are revealed strange and wonderful carvings, which, to western eyes, may seem like sculptured nightmares. But, however grotesque they may be, they are always and irreproachably perfect examples of the wondrous craftsmanship and skill of these sculptors of four centuries ago.

The hurried and frenetic life of our own era seems almost sacreligious among these superb surroundings of ancient calm and repose. After leaving Nikko behind, the spectators will pass thru other scenes of transcendent loveliness in rural Japan. The perfected pictures show the brilliant coloring of groves, sky, stream, foliage, and rocks. Scenes of a thrilling nature are provided where frail boats shoot over the rapids of the River Madcaps, which wind their way thru the depths of a tortuous canyon, where the waters are lashed into white foam by the many treacherous boulders that interrupt their course.

The growth and development of flowers from young buds into full bloom is still another feature, which Mr. Howe claims is the most fascinating and interesting nature study that has ever been photographed. Then, too, there will be an excursion into the heart of the Philippines, where the natives are seen gathering a big harvest of coconuts and strapping them into huge mats which float down the river to the seaport for shipment.

Wood-carvers in the Tyrol creating masterpieces of the carver's art, an ascent of the Rothorn in Switzerland, spectacular mining of lignite in Bohemia, and exciting scenes of German dragoons crossing the Rhine, are only a few of the subjects, of which the most thrilling is a ride in an aeroplane with Lincoln Beachey, America's most daring aviator, and who, for the first time in the history of aviation, operated a moving picture camera simultaneously, while making a flight, which imparts the real sensation to the audience of darting thru the air at an altitude of 1000 feet.

Owing to popular demand, the great coronation scenes will be repeated.

AT THE GRAND

Vaughan Glaser in "The Only Way." Vaughan Glaser's effective staging of "The Prince Chap" at the Grand Opera House this week will awaken considerable interest in his production of "The Only Way," to be given with magnificent scenery and electrical effects at the same theatre Monday night, with the customary matinee performances thru the week. The coming week will be the last for Mr. Glaser for some time, but his many friends in Toronto will be pleased to know that he may return here later, presenting Tyrus Raymond Cobb, the sensational batsman of the Detroit Tigers, as the star in a play now written for him. "The Only Way," with which Mr. Glaser closes a highly successful engagement in Toronto, is a dramatization of Charles Dickens' immortal novel, "A Tale of Two Cities."

Freeman Willis, a noted English writer, made the dramatization for Martin Harvey, one of England's foremost actors, and the play was originally produced in London with Mr. Harvey in the leading role, that of Sydney Carton. Later the play was produced with enormous success in this country with Henry Miller in the principal part.

AT SHEA'S NEXT WEEK

The bill at Shea's Theatre next week will be headed by Gus Edwards' New Schoobies and Girls, in a young musical comedy entitled "Graduation Day." Lillian Gonne, the original Sassy Little, is with the act in her original character, and a company of ten clever girls and boys surround her. The act is staged under the personal direction of Mr. Edwards, and new songs have been added since it was last seen here. The six musical cutters are always favorites with Shea-goers. Their music

IS ALWAYS OF THE BEST

is always of the best and they never fail to be one of the features of any bill on which they appear. Their act is attractively put together, and their costume adds much to the pleasing picture. They come here with the warmest commendation. Mr. Le Roy is seen as Jim Johnson and pretty Miss Harvey as Fawn King. The act is mounted with special scenery and is filled with new and original comedy situations.

Bert Melrose is a really funny comedy artist and the stunts he does with tables and chairs keep his audience breathless with suspense.

GAYETY—DREAMLAND BURLESQUERS

Dave Marlon and his Dreamland Burlesquers will be the attraction at the Gayety Theatre for next week, with the usual matinee. For the past several years the Dreamland Company has enjoyed the distinction of being the leader in all that is new and pleasing in this class of entertainment. "Sisagland" is the title of the new two-act piece which Mr. Marlon and his company will offer and promises to surpass anything ever seen in this class of entertainment. The production is brand new in every respect, book, lyrics, music, scenery, costumes and electric effects show that Mr. Marlon has been lavish in his expenditure of money and has given this organization an outfit that would do credit to any of the big Broadway attractions. Mr. Marlon has selected for his support a big collection of well-known comedians and artists and the chorus is made up of thirty genuine beauties, who, in addition to their attractiveness of face and figure, are talented as well. The production is supplied with 16 musical numbers composed by Mr. Marlon.

EXHIBITION PAINTINGS REPRESENT ALL SCHOOLS

Many Notable and Attractive Pictures by British and Foreign Masters Are on View.

No department of the Canadian National Exhibition has expanded and improved more than that of art. Others have surpassed its ratio of increase so far as numbers are concerned, but in the most important points of quality and educational value the galleries devoted to the fine arts must take precedence. Year by year the collection of loaned pictures has grown and majority acknowledgment is the need of the city corporations of Britain and the many private owners that have so generously responded. Without their co-operation the place which the arts building now occupies could not have been attained.

This year the walls are well filled with paintings presenting a high average standard of excellence. They have been tastefully and artistically hung, a circumstance that at once appeals to the eye and insensibly creates the restful impression which adds so greatly to the pleasure of picture study. And there are not a few of the exhibits of supreme interest to the student, revealing as they do values in design and color that repay careful scrutiny. Among them are works by United States painters, a new and highly commendable feature of the art display.

Of the latter a marine by Paul Dougherty at once arrests attention. One of the younger generation, but a master painter of the changing and changeful sea, the canvas hung is a fine example of his skill. The rollers breaking on the rock-bound coast are rendered with wonderful sweep and power. The transparent quality of the water and its translucent green are equaled by the buoyancy of the flying sun and spray, while the salt of the atmosphere almost tingles on the eye. In contrast to this work but no less masterly is B. C. Brantwhite's "A Breezy Day, Essex Coast," loaned by the City of Brantwhite. It is a splendid landscape and seascape with its picturesque old windmill and its wonderful foreground carrying the eye over the rugged and uneven coast country to the tossing sea.

Luke Fildes, the painter of "The Doctor," the outstanding picture of the year is represented by a scene of a young lady lovely in color and with its tones wrought in subtle harmonies. Another striking painting by Fildes is "The Artist's Studio." Albert Moore, has been sent by the Corporation of Bury. "Elijah's Sacrifice" is so striking a composition and its position grips whenever the first sense of strangeness has passed. In its imaginative strength, harmony of line and appealing power it is a worthy companion to the greatest of William Blake's creations. Of very different temper is "The Court Yard of the Castle of Haversham," by J. H. Ross, R.A. Its technique is admirable as is Frank Brangwyn's "Slave Market," lent by the Corporation of Southampton.

Of pictures that tell a story, always a popular class, Walter Lanley's "Carnish Idyll" is a good example. No need to specify when it happened, with the fisherman and his maid sitting by the sea. Human interest, too, fills "The Ferry," by Edward Stott, R.A., a very popular picture of Oldham, a typical English place and a fine bit of craftsmanship. More of a gallery canvas is that of W. J. Younes, R.A., "And When Did You Last See Your Father?" a question addressed by a Roundhead Commission to a young Royalist boy who stands fearfully erect, his hands clasped behind his back and steadily regarding the swim—and satirical countenance of the leading Inquisitor. His sister, in reward of a spider, gazes weeping quietly, her face hidden by her hands.

In landscape J. Parquharson, the Scottish painter, is represented by a "Forest Farm in Winter," with the standing in the middle distance and the snow-clad clearing with its flock of sheep in the foreground. The lightest trees the light of the setting sun filters and casts shadows on the trunks and interlacing branches of the white surface. It is beautifully painted and the technical difficulties are very successfully overcome. Another notable landscape is that of George West Cole, R.A., a very popular painter of the Victorian era, "Leith Hill, Surrey, from Denbies," which has all his characteristic charm. The Corporation of Blackburn sends "A Yorkshire Moor," by E. M. Wimperley, V.P. R.A., a canvas that will especially appeal to the lover of good landscape.

There are quite a number of figure studies, including "Reverie," by J. J. Shannon, R.A., full of delicate and refined color. "Bath" by J. H. Ross, R.A., of the Royal Scottish Academy, will be sure to have its share of popular interest, as will "The Last of the Fair," by J. Fanning, with its realism and touch of detail. It is loaned by the City of Preston. Many other important paintings by British, European and Mexican artists have been lent to the exhibition. Canadian painters are well represented by canvases, either new or that have been previously exhibited locally. Homer Watson, F. H. Bell Smith, McKinstry, Wyllie Grier all have typical examples. That the art department of this year will again surpass its record can confidently be expected and it will be a deserved return for the thought and time represented in making the picture galleries an attraction second to none and depending wholly on their unspoken appeal.

CONSERVATORY OF MUSIC

The Toronto Conservatory of Music will open on Friday next, the 25th inst., largely increased facilities and staff. Students should not delay enrolling, but should make an early beginning, to derive the full benefit from complete season's work. The new Illustrated Year Book, giving full particulars, will be mailed on application.

College of Music

The Toronto College of Music, which had such a brilliant success last season, will begin its 24th year's work under the direction of F. H. Torrington, Mus. Doc. (Tor.), and an efficient staff of teachers, on Sept. 1, 1911. The new calendar is now ready and may be obtained upon application to the secretary.

The Toronto Festival Chorus rehearsals of "The Messiah" and "Elijah," commenced last season, will be resumed Tuesday, Sept. 5, at the Toronto College of Music. Members of all

PEASE THE FURNACE

What it does: Stands for simplicity in furnace construction. Distributes heat evenly from every register. Requires the least attention.

Lasts longer with a minimum of repairs. Extracts the greatest quantity of "heat" possible from the fuel used. Has a special contrivance which assists in consuming the gases which would otherwise escape up the chimney. Makes practically no dust at all in the house, on account of its specially constructed cup joints. Is the most economical both from a fuel burning standpoint and cost of upkeep.

What it costs: It may cost a little more to instal than most furnaces because only the highest quality materials are used throughout its entire construction.

But it costs less for fuel because of the special construction of its combustion chamber, air blast, and radiating surface. It costs less to operate because owing to the high quality of material used throughout it costs practically nothing for repairs and lasts longer.

What it saves: Your temper, because it always works right and is "on duty" all winter through. Labor, because there is practically no dust when you use a "PEASE."

Money, because it burns less fuel and needs almost no repairs.

Backache, because you don't have to stoop with its new shaker.

It will save you from all future heating troubles if you instal one this summer.

"ASK THE MAN WHO HAS ONE." PEASE FOUNDRY COMPANY, TORONTO AND WINNIPEG.

See our exhibit in the Stove Building at the Toronto Exhibition.

"THE BEST HOME PRESERVES"

These are made by rightly combining luscious fresh fruits with

EXTRA GRANULATED SUGAR

The best results are then assured. Ask your grocer for Redpath Extra Granulated Sugar. He knows then that you want the best. The Canada Sugar Refining Co., Limited, Montreal. Established in 1854 by John Redpath.

message was received saying that two men had entered a house on Duke-st. five detectives were at once sent out on the trail, and as the two mentioned were going along Queen-st. on a Broadway car, they spotted the Marshalls, and after going still another block, they waited for their suspects to pass, but the burglars went in another direction, having seen the officers and fearing their mission was not for the benefit of burglars. J. D. Todd of Parkdale came along in his motor car and on request offered it for the use of the detectives. The chase was on, and after some few minutes they were spotted again in the rear of a Parliament-st. house. The detectives leaped from their car and pursued on foot. The men disappeared

SPEND LABOR DAY IN TIMMINS 'The New Gold Centre'

Consider the opportunity presented by the sale at public auction of lots in the carefully-selected, beautifully-situated, healthful terminus of the Porcupine branch of the Temiskaming & Northern Ontario Railway—the industrial and residential hub of the Porcupine mining district.

"TIMMINS"

(CAMPBELL VETERAN CLAIM) Just west of the Hollinger, the strategic centre of the rich Pearl Lake District.

AUCTION LABOR SALE 1 DAY SEPTEMBER 4th

ON THE PROPERTY

Splendid Natural Drainage and Attractions. Electric Lighting and Water. Business chances unsurpassed in the north. Low upset prices on all lots.

Special Railroad Rates Single Fare Round Trip. Good beginning Friday, Sept. 1, ending Wednesday, Sept. 6.

Opportunities for every buyer. A number of important financial and business institutions will bid. For particulars apply or 24 King Street West - Toronto Timmins Townsite Co., Limited or on the Property

SALES. & CO. DIAN ONAL ITION Sales

Wednesday 9, 30, 31 at 10 o'clock to be arranged. Use of buyers following program: 1. Coat of arms...

NORTH BAY. All reasonable Beaches and other very handsome Oak, 12 ft. in lots to be arranged.

PERSON & CO. STREET EAST. RAU OF MALT. Baking preparation introduced to help build the athlete.

Costume Cloths, a large Canadiane the City Merchant of the BALANTYNE, etc., amounting to millions. Coatings, Linings, etc. in lots to suit.

The higher priced Porcupines did nothing at all. Res. maintaining between 3.15 and 4.25 points highest, and the Hollinger holding all day around the low point established yesterday.

The final payment on the Jupiter property was made yesterday by the Drummond interests of Montreal, who are now in complete ownership of the property. Recent developments have been highly satisfactory, and underground development is being carried on in progressive steps...

The local office of the Porcupine Reserve Mines has been notified that the big vein on the property has been found and stripped 45 feet wide, and is 500 hundred feet in length. Ore already produced gives evidence of a valuable mine.

Porcupine Reserve at present employs 20 men and has practically completed tents to hold 75 men. The work is progressing satisfactorily, and the company intends to start operations in about 100 days.

A special wire yesterday from Mr. Thompson, in charge of operations at the Pearl Lake Gold Mine property, stated that the 'A' shaft had reached the 90-foot level and that the vein at the depth entirely filled the shaft and continued in good condition.

There are town sites and town sites in the Porcupine district, and the present year has seen a goodly number of these opened to the public. More than usual interest attaches to the offering of lots in the Timmins town site, however, since it is at this location that the terminal station of the Porcupine branch of the government railroad will be located.

The town of Timmins has been laid out on the well-known Campbell Veteran claim in the centre of the Pearl Lake district, and only a short distance to the west of the Hollinger mine. The big activity in the gold camp has centred in this neighborhood, and there is no reason to expect that any change will take place in this regard.

The town of Timmins will prove the big factor in the gold mining district from this fact if for none other.

BLK LAKE, Aug. 25.—The Lucky Godfrey mine, which resumed work a few weeks ago in an endeavor to relocate the rich vein from which the silver stream a year and a half ago was taken, and which was lost owing to a fault in the rock, has struck a very promising vein about six inches in width, which will probably turn out to be the lost vein.

The time to buy and what to buy

By almost every mail and by wire we are receiving requests from far and near asking us to give an opinion on the condition of the market from time to time, and the merits and demerits of different stocks, both Porcupine and Cobalt.

We are not buyers or sellers of stocks of any kind on a commission basis; never have been; therefore we are not looking for a profit, and don't expect it, but for the benefit of our readers we have no hesitation in saying in our opinion now is the time to buy. Don't lose the opportunity.

Accurate Information

Judicious investment is the short route to RICHES and INDEPENDENCE. Accurate information, definite purpose, a little money, courage, energy, power, and confidence in the PORCUPINE DISTRICT will put you there.

Yesterday the HOLLINGER reported the opening up of TWO new showings on the swamp, literally blasted and smothered with GOLD. It is said to be the LARGEST yet discovered on that property.

Nova has also received this week of a marvelous strike on the REEA PROPERTY. It is said to be LARGER than anything in the whole district, except possibly DOME, and is exceedingly RICH. The REEA PROPERTIES are reported by competent judges to have sufficient ore in sight at this time to justify a PRICE of \$12.00 FOR THE PROPERTY.

DOME EXTENSION and also NORTH DOME came to the front with good news. NORTH DOME reports new discovery as remarkable as anything on the ORIGINAL DOME PROPERTY. They report a new vein which has been opened up, a width of five feet, with the rock literally 'ALIVE WITH GOLD.'

We believe that the market is shaping itself for a BIG ADVANCE, and are advising the purchase of all the STANDARD STOCKS on the list for IMMEDIATE AND LARGE PROFITS. Buy the standard PORCUPINE STOCKS for cash, demand the certificate, register them in your name, lock them up in a safe deposit box, for a few months, and they will lead you to AFFLUENCE.

Why Be Satisfied

with 3% on your savings when you can obtain absolute security and earn 10% to 50% without risk?

Calgary offers this opportunity today; the phenomenal growth of this young metropolis of the West is well known, any one can tell you about it.

Prices of real estate are not inflated; the demand is general and a few hundred dollars carefully invested now cannot fail to return substantial profits later on.

Tuxedo Park, Calgary, is an inside subdivision within 15 minutes from the centre of the city by street cars, and situated on the North Side Heights (Upper Town) in the rapidly growing residential district.

Lots 25 x 120 to a 20 foot lane—Prices \$225 to \$450. Prices extending over 18 months.

## Mere Man's Interest in Millinery

So long as woman preserves her instinct for self adornment and man is made happier thereby, just so long has she a right to expect mere man to be interested in Millinery Openings.

So when your women folk begin to talk about going to Simpson's Millinery Opening, on Monday morning, don't discourage the idea—be reasonable. You know the dear things only wear Millinery to give you pleasure.

And don't forget that these models from Paris cannot be picked up for the price you would pay for a new 'bowler' or even a new 'topper.'

These models are the products of world-famous artists. There are no duplicates on this side of the Atlantic; and the owning of one of them makes a woman abysmally happy—so just write out a cheque for her without demur.

The characteristic features of the new fall hat are in such marked contrast to recent styles that every woman who is particular about her appearance will be on the qui vive to get one of these shown in Simpson's authoritative display.

On Monday you'll see here great contrasts in trimmings and colors, and tremendous variety in materials and shapes.

The tendency towards high crowns and lofty effects is more marked than ever before. The brim, in most cases, is rolled back, and trimmed with some contrasting color or material.

What the finest French milliners have made of this general tendency will be seen in the models from Lewis, Germaine, Louison, Camille Roger, Pouyane, Felix, Feurly, Tore, Deveze, Mangin Maurice, Maria Guy and many other famous names.

One of the novelties in this season's display will be several rich three-piece sets, comprising cap, bag and muff. A very handsome one is made of moleskin, and coronation blue silk, richly embroidered with brown chenille and gold cord.

Another novelty is the double-brimmed picture hat, in black velvet, by Lewis. Its inner facings are of lemon-shaded moire silk, and it is finished with a magnificent mount of cross osprey, in the same color.

But why take up space, when it's impossible to get even an idea of this millinery opening, save by attending it?—and, of course, you will attend it, Monday morning.

## And Don't Overlook the Display of Ribbons On the Main Floor.

Intimately connected with our new millinery is the magnificent stock of ribbons to be displayed on Monday. Visiting milliners, and, indeed, all who are interested, will be surprised at the variety and beauty of the New Fall Ribbons. In addition to the ordinary every-day "stand-bys," such as plain satins and taffetas (which have been particularly scarce in the light colors this season) our Ribbon Department has inaugurated an exclusive display of fancy millinery ribbons for Monday, which has never been approached in this country.

Description cannot do justice to these millinery treasures, and you must be contented with merely a list. Prices will be found in most cases less than the appearance of the ribbons would indicate. Here is a partial list of the exclusive things to be seen at the Fancy Ribbon Counters on Monday. (Main Floor.)

Black Corded Ribbon, with gold bars and 3/4-inch satin edging, in colors.

Wide Ottoman Cord, in floral and Oriental effects, with back in harmonizing color.

Beautiful 7-inch Dresden and Stripe Combinations.

Combinations of Wide Satin and Chinchilla.

Floral Velvets with a piquet edging.

Alternate Taffeta and Paisley Velvet Stripe.

Dainty Plaids and Fine Check Combinations.

Narrow Silk and Gold, in Oriental colors and designs.
