'Mount Temple' Went to Aid Promptly Says Operator

Got First Call at 12.11 a.m. and Later Heard the "Carpathia" and "Frankfurt" Give Assurances That They Would Hasten to Assistance—"R.D." Last Brief Response to Olympic.

ST. JOHN, N.B., April 25.—(Can. Press.)—J. Durand, wireless operator on the steamer Mount Temple, now lying at Sand Point, tells a story of wireless calls he picked up from the sinking Titanic.

Mr. Durand said that on the Mount Temple there is never any great anxiety for the operator to be up in the night. For all that, he never retires much before midnight. It was owing to this habit that he caught the "C.Q.D." message from the Titanic. He said he was lying in bed reading with the telephone over his ears at 10.25, a.m. on 12.11 New York time, when he caught the first call. Immediately getting out of bed, he answered, asking the position of the ship. This was sent back with the action: "Come at once. Have struck berg."

Responses to Appeals. "At 12.21 I heard the Carpathia answer the 'C.Q.D.' call of the Titanic and heard the operator on that ship give his position, adding: 'Have struck iceberg, come to our assistance at once.' At 12.34 I heard the Frankfurt answer the appeals of the Titanic. That ship asked: 'What is the matter with you?' The answer was: 'We have struck an iceberg, please tell the captain to come.' To this the operator on the Frankfurt replied: 'O.K., will tell the bridge right away.' The answer to this was: 'Yes, quick.'"

Last Desperate Appeals. "At 12.12 the Olympic sent another message which the Titanic answered, saying: 'We are putting the women off in the boat.' Another five minutes of anxious waiting passed, when the 'C.Q.D.' again cut the air, accompanied by the words: 'Engine room flooded. Out of the darkness the Olympic again asked: 'How is the sea round you?' to which the reply was: 'The sea is calm.' Another four minutes passed when the operator on the Frankfurt

A. MACMURCHY STRUCK BY A STREET CAR

One of the Best Known Citizens of Toronto, Principal of Jarvis Collegiate for Forty Years, Was Probably Fatally Injured at Corner of Bloor and Jarvis Streets.

With his skull probably fractured, and unconscious, Angus MacMurphy of 133 East Bloor-street, lies in St. Michael's Hospital, as a result of being struck by a street car about 7 o'clock last night. The old gentleman was crossing Bloor-street, near Jarvis, when a westbound Belt Line car, operated by Motorist Harry Wray, hit and threw him against the kerb. He was picked up and carried into his home nearby, where his daughter, Dr. Helen MacMurphy, gave first aid, and then had him removed to the hospital in the police ambulance.

At an early hour this morning he was still unconscious. It is believed that his skull is fractured, and in any case, on account of his old age, it is not expected that he will survive.

Mr. MacMurphy was principal of Jarvis-street Collegiate Institute for 42 years, a record in the history of Toronto schools. Owing to failing health he resigned in 1900, and was succeeded by the late Major Manley, who died a few years ago. Dr. Embree is now head of the school. Mr. MacMurphy was a familiar figure in Toronto by his services in various charitable and philanthropic institutions, and he took a deep interest in the House of Industry, where he is now honorary secretary. A few years ago he was honored by the degree LL.D. by Toronto University, where he was a member of the senate for a long time.

There are two sons, Angus MacMurphy, C.P.R. solicitor, and J. Campbell MacMurphy, a Toronto barrister; and three daughters, Dr. Helen MacMurphy, a well-known local physician, and Misses Marjorie and Bessie. Stories are conflicting as to the speed the street car was travelling, but it is believed that it was going slowly, as the car stopped slowly at the corner of Jarvis-st.

Dr. Helen MacMurphy remained at the bedside of her father in the hospital all night.

ANOTHER CHILD STRUCK BY AUTO

Dora Goldberg Was Playing Tag When Run Down, and She May Die.

Dora Goldberg, aged 9 years, of 224 1/2 Parliament-st., was probably fatally injured about 9 o'clock last night when she was struck by a motor car. The little girl was playing "tag" with three comrades on Queen-st. near Berkeley-st. Chased by a youngster, she ran onto the roadway and motor car number 1967, owned and driven by John Chadwick of 104 Sherbourne-st., knocked her down.

MORE POACHERS AT THE HUMBER

For the second time within a week a game and fish inspector and two detectives paid a visit to the marshes and streams in the Humber Valley yesterday morning. Their mission was to catch the poachers who have been netting fish for some time, contrary to the provisions of the law.

NESBITT BATTLE ON TO-DAY

CHICAGO, April 25.—Dr. Eustace Nesbitt and his lawyers are to-day in conference, preparing to fight to-morrow, when the Canadian authorities will ask for the extradition of Nesbitt on several charges of breach of the Batching Act.

HORSE SHOW HATS

Every day brings to Dismal's some new styles in men's hats. Just yesterday there was another rare shipment of men's silk and stiff felt hats arrived from England. Special blocks by Henry Heath of London, England, and Dunlap of New York. The newest fashions in horse show designs.

Rush Order for Coffins

The National Casket Company of Toronto last evening received a wire from Snow & Co., funeral directors, of Halifax, to rush three carloads of caskets to Halifax by express on the first train this morning, so that they would arrive at Halifax to-morrow night. They are to be used for the 205 bodies of Titanic victims which have been picked up by the cable steamer Mackay-Bennett, and as it is expected that other bodies also have been recovered, the three carloads will comprise 500 caskets.

WETS HOPEFUL IN OWEN SOUND

OWEN SOUND, April 25.—(Special.)—Barrister W. H. Wright, acting on instructions from J. D. Soddart, has served notice on the town council that action will be instituted at once to null and void the local option by-law declared at the polling last January when local option was sustained by a majority of 126. It was upon these same irregularities that five local option councillors were unseated a few weeks ago.

SOFT COAL AGREEMENT SIGNED

INDIANAPOLIS, April 25.—(Can. Press.)—Representatives of the soft coal mine owners of Ohio, western Pennsylvania, Illinois and Indiana and of the United Mine Workers of those states this afternoon signed the wage agreement ratified by the recent referendum vote of the miners. The agreement will be the basis of contracts to be entered into for the next two years by the bituminous miners and operators of many states. It grants a wage increase of five cents a ton.

Can't See It Too Often

Sold a well-known traveling man at the King Edward yesterday. "I intended to leave town Saturday but will stay over till Monday in order to see 'Go, Rich Quick Wallingford' at the Princess Theatre. I saw it in New York twice, once in Chicago and again in St. Louis, and haven't had enough of it yet. It's the greatest comedy I ever enjoyed and I can find new laughs in it every time I see it."

POLICEMAN SAW BURGLAR WORK

George Perry Was Busily Engaged in Getting Stuff Ready to Take Away When Arrested.

Lifting the glass from a window in the rear of Stockwell, Henderson's store on West King-street last night, George Perry obtained access to the place. A passerby heard the glass breaking and notified P. C. Clarke (283), who was on the beat. When Clarke arrived at the place he looked thru the broken window and saw Perry ransacking the shelves.

"OLYMPIC" STILL UNABLE TO SAIL

SOUTHAMPTON, April 25.—(Can. Press.)—The White Star steamship Olympic, the freemason of which went on strike yesterday, has been obliged to spend another day and night off Ryde, Isle of Wight, the passengers aboard amusing themselves with kite-flying and other pastimes.

RICHMOND STREET FIRE

The three-storey warehouse of the St. Lawrence Warehouse Company, plumbers' supplies, at 57-59 East Richmond-street, was considerably damaged by fire about 10.30 last night. The loss is estimated at \$10,000 or more.

Brockville for Hydro Power

BROCKVILLE, April 25.—(Special.)—The freeholders of Brockville to-day empowered the town council to enter into a contract with the Ontario Hydro-Electric Commission for the supply of power.

How the city can be squared off for the next five years.

A gentleman who knows the topography of the Township of York adjacent to the city and also knows the trend of building and settlement, submits the above map as a natural and real-estate solution of the extension of the city's limits. It squares things up without taking in farms. It takes in the Town of North Toronto. It gives the city six miles on Yonge-street to ten miles on Queen-street, or on Bloor and Danforth. It takes in at the front the whole of the township from the Scarborough townline to the Humber. Here are the bounds: Beginning up Yonge-street, at the corner of Mercer-avenue (5 miles from the corner of Queen and Yonge), it follows in a southeasterly direction the valley of the West Don from Yonge-street to where it strikes the Ottawa line of the Canadian Northern, and along it in the valley of Massey Creek to Mrs. Massey's property on the townline. This takes in North Toronto and all the new layout north of Leaside, including Lawrence Park. It takes in 100 acres of the Kilgour farm and part of Thorncliffe farm. It also takes in Tomdorden and the Plains. Everything outside of the two farms mentioned is being subdivided. Thorncliffe farm can be left out by using Leslie-street instead of the Don Valley south of St. Clair-avenue.

Then, from the point of beginning (up Yonge-street), westerly along Wilson-avenue (York Mills side line) to the Bathurst-street. Down Bathurst-street south to Eglinton-avenue. Westerly along Eglinton-avenue to the Humber. Down the Humber to the Bay.

All this included country has been subdivided and is being rapidly built up, and must be given water, sewers, pavements and street car lines. But it is so valuable and so much building is under way that city taxation rates would take care of all these essentials. The local improvement plan of taxation would also have to provide for a large portion of the cost.

Once this is taken in the city could negotiate for the commutation of any radial franchises now existing and they would at once link up with the municipal system of street cars, and nearly all of these would then find an entrance to the city by the tube under Teraulap-street, extended—until a tunnel could be installed from some point in the northwest section of the city.

The World submits the plan for the consideration of the city and of the territory proposed to be taken in.

G. H. GOODERHAM HONORED BY FRIENDS

Retiring President of the Canadian National Exhibition Tendered a Complimentary Banquet and Presented With Handsome Silverware.

About sixty prominent citizens and friends of George H. Gooderham, M.L.A., gathered last evening in the banquet hall of the King Edward to do him honor on the occasion of his leaving the post of president of the Canadian National Exhibition Association, which he has held since 1909. The occasion was made memorable by the presentation to Mr. Gooderham of a handsome silver tea service and silver salver.

J. G. Kent, Mr. Gooderham's successor in the office of president of the association, who made the presentation in proposing the toast to the guest of the evening, read the following address: George H. Gooderham, M.L.A., Toronto, Ont.

Dear Sir,—Your fellow directors of the Canadian National Exhibition feel that your retirement from the presidency is a fitting opportunity to express their appreciation of the work you have done in connection with the exhibition, and the large part you have played in bringing it to its present position of prosperity and prominence.

Interest and Energy. Since your first association with the exhibition, you have given to every department on which you have conferred your interest an energy and ability that could not fail to be felt. In connection with the dogs and horses' apartments you showed your worth, and when you had earned your promotion to the higher offices you impressed everyone by your devotion to all that would best serve the Canadian National Exhibition. The splendid records made during your term as president show for themselves.

Given Silver Service. We will ask you, then, to accept this silver service as a mark of our esteem for you as a fellow-director, confidence in you as a president and as a man for whom we can only have the kindest feelings.

Mr. Gooderham's Reply. Mr. Gooderham, who was much affected in reply, said: "I am very glad to say that I appreciate very much the magnificent gift, the kindly words uttered by the president, and the very kind manner in which the toast has been received, expresses very kindly the feeling which I have this evening."

Mr. Burrell's Address. Hon. Martin Burrell, minister of agriculture, who was the toast to the Dominion Government, which was proposed by ex-Mayor Oliver, spoke of the farmers as representing the great necessities of life. "The dynamic forces," he said, "are connected with the children or grandchildren of the men who have toiled in darkness. The best blood of the city is continually being invigorated from the country." The slums of cities, he added, the bane of modern civilization were just so much bones and sinew taken out of the life of the nation.

Intelligent Methods. In the tiling of the soil intelligent methods were needed. The best was not being made of the productiveness of the soil. No body of citizens should expect too much paternalism from the government, but there was a legitimate substance of government activity. The great work of the government should be educational. There should be more getting back to the land. He was not prepared to say how far the government would go, but he would say they were prepared to act in harmony with the intelligent government. Robert Miller proposed the toast to the legsature.

**AUCTION STOPPED
IN MEMORY
OF HAYS**

More Than 300 Men and Women Who Were Buying Unclaimed Baggage Stood With Bared Heads for Five Minutes to Pay Honor to the Dead G.T.R. President.

Persons who hold that money is tight at the present time, would readily have dismissed the idea had they attended the annual auction of G. T. R. unclaimed baggage, held yesterday in the rooms of C. M. Henderson & Co., auctioneers, at 87 East King-st. Bidding was brisk, prices occasionally running up from 50 cents to \$5. There were over 300 persons, including a number of women, in the room, with a crowd standing outside, waiting the opportunity to get in. Over 400 umbrellas were sold off in bundles of 6 and 8, fetching from 30c to \$1 per bundle. Dozens of suit cases, trunks, large and small, some of imitation leather, and some of real good quality, in fact, very kind and quite imaginable were put up for sale. These sold from 55c to \$10. Snowshoes, clocks, a couple of guitars, chairs, hammocks, tools, bicycles, and numbers of other articles were disposed of. One young man, who he didn't know it at the time, purchased a bicycle for \$1.00. From 11:30 to 11:55 business ceased in memory of C. M. Hays, president of the Grand Trunk, who died in the room during this five minutes stood with bared head and in compliance with Mr. Henderson's request, no sound was made.

**Says That Neighbor
Committed the Crime**

But Indian's Story is Not Borne Out by Woman Who Was Present.

SARNIA, April 25.—(Special.)—Stephen Klyoshk, the young Indian murderer, who is in custody in the Sarnia jail, waiting to be hanged on June 6, for the murder of two Indians, Adam John and Chas. Nahdes, on New Year's night, at the Waipole Island Reserve, in his statement to his spiritual adviser, the Rev. Mr. Rigby, of the Sarnia Rectory, says: "I was at the scene of the crime on the fatal night. Flossie Williams was there, also Nahdes and John, who were later killed. Here a very startling point was presented, when Klyoshk claimed there were also present two women, a wife and daughter of a nearby neighbor and that the husband came over and started a quarrel over the presence of his women at the house, and then, being excited, he committed the crime. Interviewed by Mr. Rigby, Flossie Williams showed her first willingness to speak of the fatal affair. She states that she left the house before the killing and that there was no one there except the three men.

**ROSS RIFLE
IS ACCEPTED**

Conference With British Officers Results Amicably—Canada to Send Range Officer.

OTTAWA, April 25.—(Can. Press.)—An official statement was issued by the D.R.A. this morning relative to the meeting with representatives of the National Rifle Association of Great Britain last night in regard to the Ross rifle and sight at Biele. It reads: "The Ross rifle and eight attachments as adopted by the militia department were submitted and accepted by the representatives of the N.R.A. as complying with the regulations. Col. Croase, secretary of the N.R.A., asked that it be announced that the N.R.A. never questioned the superiority of the Ross rifle since 1900." The D.R.A. was invited by the British representatives to send an officer to Biele to act as range officer. This is the first time such a courtesy has been extended to Canada, and will be completed with it. It was announced that the Canadian team would sail on June 2. The names of Lieut.-Col. J. W. De C. O'Grady as commander and Lieut.-Col. Charles F. Winter as adjutant have been submitted to the minister of militia and H.R.H. the governor-general for approval.

**STEAMER BIRMA
WAS TOLD TO
"SHUT UP"**

Carpathia's Curt Message is Warmly Resented — Thunderer Says Senate Committee Seeks to Punish Scapagoats, Not Apply Fitting Remedies.

LONDON, April 25.—(Can. Press.)—The British press is carefully refraining from any word of comment on the evidence given before the senatorial commission in Washington, all of which is published in the fullest detail. The contention of witnesses in Washington may delay the enquiry here. A strong agitation for continuous wireless service on all ships is likely. The steamer Birma complains that after being asked by the Carpathia to "stand by," when the Birma proceeded to offer provisions to the Carpathia, the latter's only wireless reply was "Shut up." A writer in The Telegraph says the trouble was due to the different kinds of wireless system used. **Looking for Scapagoat.** The Times in an editorial concedes that the American enquiry has had a good effect in hastening the enquiry in England and in hastening the enquiry in England, but adds that the question as to whether the Washington enquiry is of the kind best calculated to attain knowledge and enable all nations to apply thorough remedies, it must frankly be said that, sober opinion in England answers the question in the negative. The editorial proceeds to accuse the American investigators of remarkable

**To Name Successor
To Hon. A. B. Morine**

When Cabinet Meets Next Week Several Important Appointments Will Be Made.

OTTAWA, April 25.—(Can. Press.)—The prime minister is expected home from Hot Springs next week and Hon. W. T. White will come with him. Cabinet meetings will then be held and appointments made, one of the most important being a successor to Hon. A. B. Morine, as head of the public service commission. Another appointment is that of third member of the civil service commission, now composed of Dr. Adam Shortt and Mr. M. G. Larochelle. It is understood that deadlocks frequently arise, making necessary a third commissioner. When the commission investigating the law branch of the house of commons finishes its work, there will likely be important reforms calculated to remove existing friction. The head of the branch is Major A. H. O'Brien and assistants are Dr. J. K. Foran, A. G. Troop and Mr. Loucks. Speaker Sprague regarded the tangle as necessitating the advice of experts, and so W. D. Hogg, K.C., and Dr. Adam Shortt are investigating.

Week-end Trips. When the week's work is over there is nothing more invigorating than a trip to the country, especially at this season of the year, when fields are turning green and trees begin to show their foliage. For the benefit of the travelling public the Canadian Pacific Railway will issue return tickets at single fare plus ten cents, from Toronto to many points in Ontario, each Saturday, May 4 to Oct. 26, inclusive, good going Saturday or Sunday, valid returning any train Monday following date of issue. Secure tickets at city office, 18 King-street east.

FAVORITES HAVE A DAY AT JAMESTOWN TRACK

Classy Fields and Excellent Sport—Horses Starting For Pimlico.

JAMESTOWN, April 25.—With the exception of the first race to-day's card was made up of classy fields, and excellent sport ensued, favorites winning in most instances. In the maiden two-year-old Butwell piloted Pimlico, and the Wilson filly did the best work of her career. St. Abe, as was expected, won the novice handicap, while Normax also justified the hopes of his many friends, as he does not use the weight no longer, while some claim was scratched. Chilton Square, regarded as a possible contender, finished last. The stewards have dismissed the claim of Assistant Upright had fouled him, but they cautioned Byrne for his poor handling of Cordie F. and will be still more Pimlico has begun, and will be still more pronounced to-morrow. Bob Levy has applied for a license to race, and to begin after the autumn meet at Pimlico.

FIRST RACE—Six furlongs:
1. Pimlico, 106 (Butwell), 7 to 2, 5 and 3 to 1.
2. Dogwood, 102 (McCahay), 2 to 1, 5 to 2 and 3 to 1.
3. Deborah, 103 (Schuttinger), 20 to 1, 5 to 1 and 3 to 1.
Time 1:03.5. Counterpart, Jack of Hearts and Willis also ran.

SECOND RACE—1 1/4 miles:
1. St. Abe, 108 (Allen), 9 to 10 and out.
2. Lady Bell, 120 (Smith), 9 to 1, 2 to 1 and 1 to 2.
3. Hancock, 148 (Stone), 5 to 1, 2 to 1 and out.
Time 2:30. Bound Brook, Racing Bell, Racewell, Uncle Oliver and Tizzier also ran.

THIRD RACE—Six furlongs:
1. Camella, 104 (Lonsbury), 5 to 1, 3 to 2 and 3 to 1.
2. Fanchette, 100 (Whalley), 7 to 1, 2 to 1 and out.
3. Ridgeland, 106 (Schuttinger), 5 to 1, 3 to 1 and 1 to 2.
Time 1:03.5. Defy and Chilton Tranco also ran.

FOURTH RACE—Mile:
1. Normax, 107 (Ambrose), 5 to 5 and out.
2. Supplication, 118 (McCahay), 5 to 1, 3 to 2 and out.
3. Aspirin, 100 (Byrne), 20 to 1, 5 to 1 and 2 to 1.
Time 1:40.6. Col. Holloway and Busy also ran.

FIFTH RACE—Six furlongs:
1. Anavri, 111 (Martin), 5 to 2, 3 to 2 and out.
2. King Ayondale, 109 (Ambrose), 4 to 5 and out.
3. Lady Sybil, 106 (Byrne), 12 to 5, 4 to 1 and 3 to 1.
Time 1:14.4. Dr. Barkley, Camel, Billy Barnes and Chilton Square also ran.

SIXTH RACE—Six furlongs:
1. Rubia Granda, 102 (Ambrose), 7 to 2, 5 to 2 and 3 to 1.
2. Ania L. Daley, 107 (Dunn), 6 to 1, 5 to 2 and 3 to 1.
3. Gredon Bend, 107 (Butwell), 6 to 1, 5 to 2 and 3 to 1.
Time 1:16. Annie Kelly, Yesper, Tonala, Mason and Hilda's Sister also ran.

SEVENTH RACE—Mile and 70 yards:
1. Lord Elam, 109 (Butwell), 3 to 1, even and 1 to 2.
2. Beris, 102 (Lonsbury), 10 to 1, 3 to 1 and 1 to 2.
3. Grania, 106 (Schuttinger), 7 to 2, 6 to 5 and 3 to 1.
Time 1:48. Troyweight, Sillic, Bell Mawr, Tom Melton and Duke of Bridge-water also ran.

Athenaeum Beat Simcoes.
In the semifinal for the championship of the Athenaeum League last night the Athenaeum won from the Simcoes by 81 pins. Tom Logan, with 60, was the best pin speller with Ed Sutherland running him a close battle, getting 60. The Athenaeum put in the nice team total of 250, being over 200 every game. In the Five Pin League the Simcoes won from the Athenaeum, losing the middle game by two pins. Following are the scores:

Bidding at Maher's Fair and Nearly All Horses Are Sold

The attendance at yesterday's auction sale at Maher's Horse Exchange was large and most of those present were intending purchasers. The offerings were large and varied, many fresh consignments having arrived since Monday's sale.

Auctioneer Jackson officiated in the routine opening of the sale at 10 o'clock. The bidding was very fair, the demand being for all classes of horses and very few remained unsold after the close of the sale.

The demand now is purely local, stated Mr. Maher, "farmers, teamsters and city firms are purchasing for the week. They all complain that prices are far too high, particularly on horses of good quality. The supply about equal to the demand and I am well satisfied with the week's business. I am not afraid my shippers are not making much money."

The following were among the purchases yesterday: J. D. Dunlop, 107; J. M. Robb, St. George; E. Ward, Churchill; W. Sager, Harrisburg; T. O'Neil, Leacock; L. A. De LaPlant, East Toronto; J. Philip, Pickering; C. Chapman, High-laro; W. Wood, Pateley; McKay, Eglington. City buyers were: W. E. Graham, the Standard Chemical Co., E. D. Gansley, D. Ryan, St. Catharines Carriage and Storage Co., J. J. Walsh, Wm. Dalley, M. Peacock, E. Hughes, E. Shriver, E. M. Vreese, Copland Brewing Co., New Method Laundry Co., J. W. Gillard, Gen. Fraser, J. E. Gilmour, E. G. Gilmour, Wm. E. Shanton, W. Leeson, J. Williamson, R. Woods, H. Atterton, J. McPherson, R. Coplain.

The management inform our representative that there would be a large number of horses for next week's sale and many special consignments, particulars of which will be given in their advertisement on Saturday.

Amateur Baseball
The Balmy Beach Harriers baseball team will practice Thursday at 6:15 in Trinity College grounds. All players are requested to turn out.

All players of the Kew Beach team of Beaches League are requested to be on hand Saturday for a practice game, players to meet at Lee and Queen-street at 1:30.

The St. Albans Baseball Club will practice Monday, Tuesday and Thursday nights.

The Capitals Baseball Club of the Northern Senior Baseball League are going to be in it from the start. Manager Graham has collected a very healthy looking lot. Jacobs, late of the Wellington and Edouard, will hold down first, and there is none better in that corner. Price, Hughes and Sellers will look after the other part of the infield, which makes it look strong. Woods and Curson will most likely do the bulk of the slab work with the catchers and outfielders that have been signed the capitals will be there from start to finish. A game will be played Saturday, the 27th, and all of the players will get a chance to show what they possess. The north end fans are behind the capitals to a man, and the best team to be got will be theirs.

The Judeans will hold a meeting to-night at their club rooms. The game has been arranged with a fast senior team at technical grounds for Saturday.

The Strollers of the Don Valley Senior League play the Harriers of the Beaches League a practice game at Withrow Park Saturday afternoon at 2 p.m.

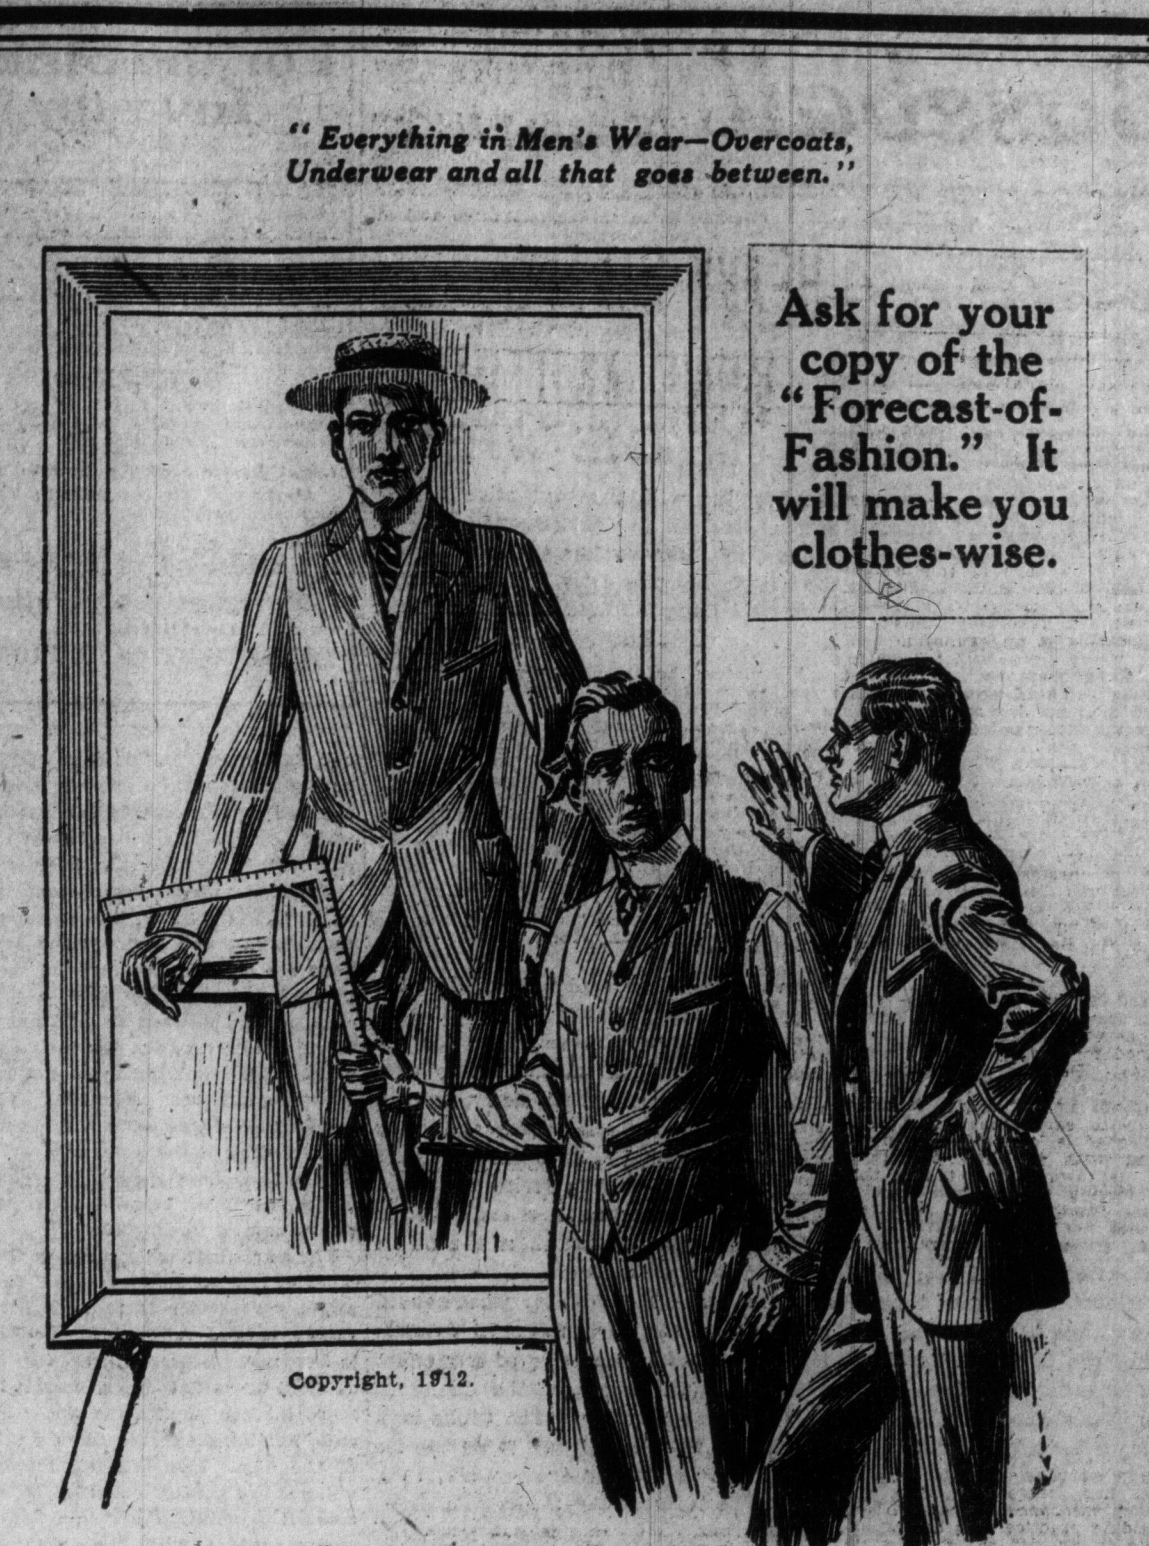

The Baraccas will play on Willowdale Park on Saturday at 2:30. The players are requested to be on hand early.

The I.C.B.U. of the Don Valley Senior League will practice to-night on the Don (east side) at 8:30. All players are requested to be on hand.

Barr's Golf Club
BARRIE, April 25.—The officers of the Barrie Golf Club for the year have been elected as follows: President, H. F. Jory; vice-president, Leitch, Col. J. B. McPhee; captain, F. G. Galt; secretary, Treasurer, H. F. Arnall, M.D.; committee, J. E. Montagu-Leeds, D. M. Stewart, S. Maylor, W. S. Galt.

An experienced groundsman has been engaged, and there is every prospect of the season being a successful one, many new members having joined. Four new greens were laid down last fall, which will be ready for use in June. The course will then measure 253 yards, each hole having its individual interesting feature.

JEAN VAL DEAN.
Professor Duxbury's story of "Jean Val Jean" was given to a large audience in the Metropolitan Church last night. A fine program was also given. Dr. Cleaver acted as chairman.

FREIGHT RATES IN THE WEST.

Following up our recent articles dealing with the contention of The Toronto Globe and the attitude of Mr. Maclean in parliament for an equality of freight rates thruout Canada, in other words, that rates should be no higher in the west than in the east, we beg to draw the attention of our readers to an editorial in The Montreal Daily Witness of a recent date. Here is the first paragraph:

Saskatchewan has won a notable victory before the railway commission. The lawyer in the case for the province, Mr. Cowan, has succeeded in making his charge that the railway rates were so fixed as to discriminate against Alberta clear enough to get from the commission a ruling that a prima facie case had been made, and to force the railroads to make a plea in their own defence. Mr. Cowan, by his examination of witnesses, has shown that for similar traffic in like quantities the service rendered by the companies in the east and west is practically the same, but that for such service the west has to pay freight tariffs that are from 20 to 100 per cent. higher than those charged in the east. Added to this, he shows that the companies' operating and maintenance expenses are actually less in the prairie provinces than in the eastern provinces. This is but the first step in a fight that has long been brewing, and every step will be keenly contested. The people are convinced that they are being lied, and even should they lose in this attack the companies will not be given any long period of peace.

This quotation goes to show, as we have often said before, that the case is on the railways to prove why they should charge higher rates in the west than in the east. The people of the west will not stand for the discrimination that now exists; and the only way that a satisfactory conclusion can be arrived at is by a declaration of parliament and not by a decision of the railway commission. The one is quick, rapid and very easily arrived at; the other is uncertain and would take a long time to reach, inasmuch as evidence has to be heard, and then any decision reached may be thrown into the courts; but an act of parliament settles the question once and for all time, and once it is settled by parliament there can be an adjustment of rates all over the country on the revised basis.

But now we come to a more important issue, and that is: what should be the attitude of Canadians, and especially of the government at Ottawa, to compel the Canadian Pacific to lower its rates irrespective of any effect such a lowering may have on the Grand Trunk Pacific or the Canadian Northern, as argued by The Globe? It will be remembered The Globe says it would be a shame to compel the Canadian Pacific Railway to devote its enormous surpluses, and these surpluses are increasing every week, to a reduction of freight rates! Here is what The Witness says:

Coincidentally with this news comes a request by The Boston News Bureau on behalf of the shareholders of the Canadian Pacific that another melon be cut. That railway is now paying 10 per cent. on its common stock, which is selling around \$260 for a \$100 share. As this 10 per cent. is a higher interest than the Canadian Pacific can pay without laying itself open to other obligations which would be a burden most onerous to the people of the west, who feel the burden most directly. In 1909 they "cut a melon" as the saying is, by allotting to the stockholders \$20,000,000 worth of new stock at \$125 a share. This year they made a new issue of about \$18,000,000 worth at \$150 a share, and to-day with stock at \$250 they are asked to allot another \$60,000,000 worth at \$150. As every previous allotment has had from the day of issue a value not far from that of the old stock, this new issue will be tantamount to a present to the stockholders of about \$100 a share. On an issue of \$60,000,000, this would amount to about \$60,000,000. Railway Company making a present of \$60,000,000 to its shareholders. How many such presents is the country going to stand for before it calls a halt?

There is another way of stating this transaction. The directors would say that they are to be paid \$100 at 6 1/2 per cent. interest, and that they naturally give their shareholders who believe in the enterprise a first chance to lend them the money. This is but a substitute for their perpetual debt, which now pays 4 per cent. cumulative preferred at \$100. It is evident that the railway can borrow at 4 per cent., and that the new issue, if made, will be a free issue of about \$60,000,000 to the shareholders. Surely if the Canadian Pacific can afford to make such presents the railway commission cannot refuse to lower freight rates.

When you have read the above, do you not think it is time that the people of the Canadian West get a reduction in rates, even if the Grand Trunk Pacific were unfortunately affected? But surely we do not start new railways in the west for the express purpose of denying to the people reductions in rates to which they are entitled by the law of the land!

Speaking about debenture stock, will somebody tell us where the limit is to be of the issue of stock by the Canadian Pacific for the express purpose of enriching the shareholders at the expense of the citizens of Canada? And we regret to say, in regard to this great question, that The Globe newspaper is on record as never having yet published any protest against this system of high finance. Nor, as a matter of fact, have the Conservative party made any declaration up to date. The parliament of Canada has on nearly every occasion, when the question of the capitalization of the Canadian Pacific was raised in the house by Mr. Maclean, sat as mum as it sat on the question of the equalization of rates. How much longer is this state of affairs to continue, and how much longer are the newspapers and the members of the west to sit still, without protest, when they do not directly approve?

What is parliament and government for? To entrench unfair dealing as against the public?

DO NOTHING GOVERNMENT.

The News, in support of its contention that Toronto has outgrown its limited powers as a city and its present form of government, recalls how little the council has done since January last. We have the same problems with which the year commenced and to a large extent the same problems which pressed upon us the least acutely ten years ago. In the municipal campaign of 1902 Mr. Urquhart was supported for mayor by many people almost solely upon the ground that he was the man to deal with the Toronto Railway Company and the transportation subject generally. There was much talk at that time about the kind of relations between the city, the Toronto Railway Company and the radial railway companies. At that time it was not the viaduct but the Yonge-street bridge which we were to have right away with a new union station thrown in for good measure. The city has nearly doubled in population since then, the transportation problem has become more complex and the demand for its solution is of course much more urgent. But how much has really been accomplished in the last ten years and of that how much or how little is due to the initiative of the council? Perhaps a strong mayor with public opinion behind him might lead the council to some achievement, but the mayor who is not big enough to appeal to the people from the council when necessary soon becomes merely one of twenty-six timid gentlemen who have suppered together once a fort-

SUBURBAN TRAIN SERVICE.

Readers of Dickens will recall the quaint character in the city of Barnaby Rudge to wit, Jos Willot, landlord of the Maypole tavern. John made a great deal of money, was honest and good to his lights, but was somewhat slow in his mental processes and pig-headed beyond belief. He treated his son Joe with so little consideration that the latter ran away from home and eventually accepted the king's shilling. Old John was greatly distressed and advertised far and wide for the runaway, but without success, as he insisted upon describing him as "a little boy about ten years old." As a matter of fact, Joe was at this time about twenty-two years old and six feet high. The railway companies, more especially, perhaps, the C. P. R. and the Grand Trunk, have a similar obsession respecting the City of Toronto. They neglect to provide a passenger station to effect grade separation over important streets and along the water front; their inadequate facilities for freight service, have long vexed citizens of Toronto and have been discussed over and over again. Next week, another matter of long-standing neglect, indeed of bare-faced refusal to give any service at all, will be brought to the attention of the railway commission by the Joe Willot of cities, Toronto. We have practically no suburban train service in and out of Toronto. The people are forced to rely for transportation upon the street railway, and

our "suburbs," settlements practically contiguous to the city proper, are reached by more direct cars with a walk between. In other cities the size of Toronto, thousands of people live in towns and villages ten, fifteen, twenty or more miles away, and ride between their homes and their places of business for a very low fare on well-appointed trains which give a shuttle-cock service between six and ten in the morning and between four and eight at night with ample accommodations for the theatre-goer, etc. Montreal, for example, has a good service of this kind, and in some of the cities of the United States it is developed to a marvelous extent, the work being done in part by the radials or interurbans.

The advantage of suburbs in the true sense of the word is manifest. The city street car service is relieved of much traffic at the very time when traffic is heaviest. Business generally is run on more up-to-date lines, shorter hours, more intense application and no loose ends left hanging over till the tail end of the day. The outlying towns and villages are greatly benefited by an increased population and quickened by closer contact with the great city. Their merchants may at first shrink from the increased city shopping by their patrons, but this will be compensated for.

One thing is certain, and that is that no city or suburb which now enjoys this service could be induced to give it up.

HOME RULE FOR CITIES.

At the recent meeting of the annual convention of the burghs of Scotland a reference was made by the Lord Provost of Glasgow to the limited character of the powers granted to municipalities. British cities and towns have been given a much freer hand than is allowed Canadian municipalities, but even at that complaint is heard that provision for the future cannot be properly made. The head of Scotland's great commercial capital expressed his surprise at finding that in Germany municipalities had very much greater power than was the case in Britain. As a result town planning and sanitary arrangements were far ahead of British endeavor and better methods of administration prevailed.

It is certainly remarkable that an autocratic government should be so much more ready to confer large powers of self-administration in cities while the countries that pride themselves on their fidelity to democratic principles exhibit the most pronounced unwillingness to let their inhabitants manage their commercial affairs. Canadian legislatures are ready to confer every conceivable power in the charters of public service and other private corporations but any concession to the people—just the shareholders—in great incorporated cities is grudgingly given and accompanied by conditions that impair its efficiency and often render it practically valueless. Let our cities have home rule.

Unsightly Skin Diseases

Disturbing skin diseases always seem to appear on the face and hands, so that they cause a feeling of shame, as well as pain and suffering. Internal treatments have never proven very satisfactory in the treatment of eczema and similar skin troubles, but when Dr. Chase's Ointment is applied you can see for yourself and feel for yourself the benefits which are being obtained. It soothes the inflamed, irritated skin, so that itching ceases, and by its extraordinary healing power causes a new, smooth skin to form where the sores have been. In every home there are many uses for Dr. Chase's Ointment, as for pimples and blackheads, barber's itch, chafing, erysipelas, chilblains, and wherever there is itching skin or a sore or ulcer that refuses to heal. This ointment is pure, clean and pleasant to use and may be applied to the most delicate skin.

ANNOUNCEMENTS.

Judges' chambers will be held on Friday, 26th inst., at 11 a.m.

Peremptory list for court of appeal for Friday, 26th inst., at 11 a.m.:
 1—Zwicker v. Adair.
 2—Stokes v. Griffin Curled Hair Co.

Masters' Chambers.

Before Cartwright, K.C., Master:
 Broom v. Toronto Junction—Plaintiff in person. W. A. McMaster, for defendant. Motion by plaintiff for an order setting aside the order of the solicitor for defendants, as a party defendant. Judgment: Motion dismissed with costs, if asked for.

Re Dominion Life Assurance and Thiley—A. B. McBride (Waterloo) for the company. H. Davison, for plaintiff for an order allowing payment into court of insurance moneys. Order made for payment in less \$25 costs. Notice to be given to claimants.

United Injector v. Morrison—J. G. Smith, for plaintiff. E. Osler, for defendant. Motion by plaintiff for order for particulars of statement of claim before pleading. Reserved.
 Re Estate Glass v. Eastmuro—R. McKay, K.C., for defendant. G. L. Smith, for defendant Lightbourn. Motion by plaintiff for an order adding Eastmuro and Lightbourn as defendants. Order made. Leave to amend statement of defence. Costs in cause to defendants.
 Ramley v. H. Davison, for defendant. Motion by plaintiff for an order for reference to a referee to change venue from Toronto to Walkerton. Order made. Costs in cause to defendants.
 Gold Medal Manufacturing Co. v. Curtis, J. MacIntosh, for plaintiff. Motion by defendant, or consent, for an order dismissing action without costs and vacating certificates of lien and pending notices.
 Hannay v. Fletcher; Hill v. Fletcher—C. A. Moss, for defendant. R. W. Hume, for plaintiff. Motion by defendant for orders postponing trials to fall sittings at Sudbury. It appearing that these cases had not been set down for trial, orders were made for adjournment to 19th to postpone trial, the orders made with costs to plaintiffs in any event.

Single Court
 Before Mulock C.J.
 Ontario Asphalt Block Co. v. Cook—F. W. Griffiths (Niagara Falls) for plaintiff. D. MacIntosh, K.C., for defendant. An appeal by defendant from the report of the local master at Welland of Feb. 21, 1912. Enlarged to 10 a.m. Order made. Costs to defendant.

Pearson v. Adams—J. H. Cook, for plaintiff. J. M. Godfrey, for defendant. By arrangement between parties, enlarged until May 1.

Dominion Fire v. U. S. Fidelity and Guaranty—W. B. Milliken, for plaintiff. Motion by plaintiff for judgment. Enlarged at plaintiff's request to answer affidavits for two months.

Re Howard Trusts—J. T. Small, K.C., for Eliza C. Howard, for the appointor. J. H. Henderson, in place of James Henderson, deceased. Order made appointing John T. Small, K.C., trustee, and vesting the trust property in him. Order made for a writ of habeas corpus for James Knott. Motion by James Knott for an order allowing him to sell the free from power under provision of R. O. Cap 14, sec. 12. Enlarged to 10 a.m. Order made. Plaintiff to serve notice on wife and renew application on notice.

Evans v. Dunkley, Denton, K.C., for plaintiff. J. D. Blissett, for defendant. Motion by plaintiff for an order continuing injunction granted by local judge at Chatham. Injunction continues to hearing, but hearing to be expedited and plaintiff to go to trial at Chatham on May 27. Costs in cause.

Before Sutherland, J.

Re Port Hope Brewing and Malting Co.—W. R. Smyth, K.C., for plaintiff. Johnson, D. O'Connell (Peterboro) for liquidator. An appeal from the report of the local master in a winding-up proceeding, wherein the plaintiff is the appellant on the list of contributors of the company. Judgment: Appeal dismissed with costs.

Before Kelly, J.

Re R. H. Brown Estate—J. G. Harkness (Cornwall) for executor. R. Smith, K.C., for Hattie E. Fairfield, D. B. MacLennan, K.C., for Sarah A. Smith, for the Central Guardian. Motion by executors for leave to mortgage certain property of the estate to pay a debt. Order made permitting executors to mortgage to extent of \$1000 to pay the debt. Costs out of the estate. The mortgage to be approved by the official guardian.

Trial.

Before Mulock, C. J.
 Davidson v. Peters Coal Co.—T. J. Bligh (Brampton) for plaintiff. A. J. Anderson for defendant. The plaintiff, while in the employment of defendant in their stone quarry in Caledon Township was injured by an explosion of blasting powder contained in an open pail, and brings this action under the Workmen's Compensation for Injuries Act, for \$1000 damages because of such injury. Judgment: I consider the defendants were negligent in not having supplied a proper pail in which to handle the blasting powder. But the plaintiff must show that such negligence was the cause of the accident. The evidence convinces me that the plaintiff did not put the pail in a place of safety, 10 to 12 feet away, but deposited it within an arm's length of the hole in question, and that the explosion was caused by sparks flying from the lighted fuse directly into the pail. It was, I think, negligence on the plaintiff's part to have deposited the pail within reach of the falling sparks, that this negligence was the cause of the injury, and that therefore he is not entitled to recover. Action dismissed with costs. Thirty days' leave.

Before Kelly, J.

Empire Limestone Co. v. Carroll—W. M. Gamba, K.C., for plaintiff. H. B. Gamba, K.C., for defendant. An application by plaintiff for an injunction to restrain defendants from entering on 7 1/2 acres of land in the township of and laying a railway track thereon, or removing therefrom sand or gravel, or rights under their lease and covenants. At the trial defendants applied to have their defence and counter-claim amended by adding a claim that the defendant of lease from Carroll to Fuller and assignment from Fuller to plaintiff company be reformed to correspond with terms of the lease so reformed. I allow the amendment. Plaintiffs ac-

tion dismissed with costs and defendants' counter claim allowed with costs by directing that the lease in question be reformed so as to cover the northern sand bank only on the 2 1/2 acres, and a right to take and remove sand therefrom, and the right of access to the sand bank for that purpose. The two assignments of lease referred to are to be reformed in so far as may be necessary to correspond with the reformed lease. If parties fail to agree on manner of reforming, reference to local master at Welland for that purpose.

Sandwich Land Improvement Co. v. Windsor Board of Education—Plaintiff Murphy in person. No one for the other plaintiff. A. R. Bartlett (Windsor) for defendant. Action for injunction to restrain defendants from proceeding with arbitration proceedings and from registering any award and from taking possession of plaintiffs' lands, &c. Judgment: I think the questions raised in this action are intended by section 20 to be heard and determined on summary application to the county judge, and not by the court. For that reason I dismiss plaintiffs' action, allow defendants such costs only as they would have been entitled to had they been successful in their application, and then brought on the matter by way of motion for judgment on the pleadings.

Fraser v. Wood—A. R. Bartlett (Windsor) for plaintiff. J. H. Rodd (Windsor) for defendant. An action for an injunction restraining defendants from trespassing on plaintiffs' property, for a declaration of the true boundary line between plaintiffs' and defendant's property for reform of the conveyance by plaintiff to defendant. Judgment: Judgment declaring that the northerly boundary of the land intended to be sold and purchased and defendant's mortgage to defendant Beraford, is the southerly line of the barri-er, and its continuation westerly to the river, that the conveyance from the plaintiff to the defendant, Mabel S. B. Woods be reformed so as to carry the boundary line between plaintiffs' and defendant's property north of the river, the injunction restraining defendant Mabel S. B. Woods from entering on plaintiffs' property north of the river is made perpetual; the other defendant is likewise restrained. Plaintiff is entitled to his costs of action.

Divisional Court.

Before the Chancellor, Latchford, J., Middleton, J.
 Robert Bell Engine and Thresher Co. v. Wesenberg—R. S. Robertson (Stratford) for plaintiffs. G. Osler, for defendant. An appeal by plaintiffs from the judgment of the County Court of Perth of Feb. 8, 1912. An action by plaintiffs on two promissory notes given by defendant in part payment for a threshing outfit bought by defendant from plaintiffs, and which defendant alleged to be defective and counter claim for a rescission of the contract and for a return of his notes and the second-hand threshing machine given in part payment. At the trial the action was dismissed with costs, but on the ground of want of jurisdiction of the court, no judgment was made on the counter claim, and the judgment was without prejudice to defendant's right to bring action for return of notes and second-hand machine. Judgment: The plaintiffs should recover the amount due upon the two promissory notes returned by the defendant, the defendant returning the second-hand threshing machine, and the plaintiff should be allowed \$425 upon his counter claim, which may be set off against the plaintiffs' recovery; the plaintiffs recovering for the balance. This will leave the defendant with the amount of \$425.

Court of Appeal
 Before Moss, C.J.O., Garrow, J.A., MacLaren, J.A., Meredith, J.A., Magee, J.A.
 Hamilton v. Glasco—A. McL. Macdonell, K.C., for defendant. L. F. Heyd, K.C., for plaintiff. An appeal by defendant from the order of Riddell, J. Judgment to go in terms of consent for a rescission of the contract and for a return of his notes and the second-hand threshing machine given in part payment. At the trial the action was dismissed with costs, but on the ground of want of jurisdiction of the court, no judgment was made on the counter claim, and the judgment was without prejudice to defendant's right to bring action for return of notes and second-hand machine. Judgment: The plaintiffs should recover the amount due upon the two promissory notes returned by the defendant, the defendant returning the second-hand threshing machine, and the plaintiff should be allowed \$425 upon his counter claim, which may be set off against the plaintiffs' recovery; the plaintiffs recovering for the balance. This will leave the defendant with the amount of \$425.

Goodchild v. Sandwich, Windsor and Amherstburg By.—C. D. L. McCarthy, K.C., and W. G. Barlett (Windsor) for plaintiffs. J. H. Rodd (Windsor) and E. C. Kenning (Windsor) for plaintiff. An appeal by defendants from judgment of a divisional court of Dec. 15, 1911, dismissing appeal of defendants from the trial judgment. This action was brought to recover \$200 damages for killing one of plaintiffs' horses, in fuming another, breaking his wagon and harness, and injuring plaintiff seriously in a collision with defendant's car, alleged to have been caused by defendant's negligence in running a car at an excessive rate of speed and giving no warning. At the trial plaintiff recov-

ered judgment for \$1010 and costs. Appeal argued and judgment reserved. Judgment for plaintiff. An appeal by defendant from the judgment of the County Court of York, of Feb. 21, 1912. An action by T. Fukukishi, a judgment creditor of the Boyd-Gordon Mining Co., an insolvent company, to recover \$191.07 wages against the defendants who are alleged to have been directors of said company at the time his judgment against said company was given. Plaintiff for \$183.10 and interest. Judgment: Both appeals should be dismissed. The defendants should pay the costs, less \$5, allowed in respect of the cross appeal. The facts in the Perryman case are substantially similar and the same order will be made in it.

O'Leary, Captain Hanson, Hon. Maude Paenfoote, Vicar Rev. Ronald Bayne, in a brief address sketched Mr. Hays' character alluding to the enterprise which had brought the G. T. R. to its present position. He incidentally mentioned that Rev. E. C. Carter, whose predecessor was killed in the Whitechapel vicarage, all perished in the wreck.

LONDON, April 25.—At exactly 11.30 this morning every wheel on the Grand Trunk in the vicinity stopped as a mark of respect to Charles M. Hays. Employees in all the shops at the station stopped work for five minutes. The town ticket office and station were draped in mourning.

HAMILTON, April 25.—The Grand Trunk station and ticket offices were draped in mourning to-day and all traffic in the busy freight yards stopped for five minutes at 11.30 this morning out of respect to the late Charles M. Hays.

T.N.O. at St. Andrew's. COBALT, April 25.—Not a train moved until a telegram in trumnet ticked, a drill employes stopped work for five minutes this morning on the T. and N. C. Railway out of respect to the late Mr. Hays.

MONTREAL, April 25.—Impressive solemnity marked the memorial service to the late Charles M. Hays, president of the Grand Trunk Railway, who was drowned by the striking of the Titanic. The service was held in the American Presbyterian Church, and was attended by practically all the important officials of the Grand Trunk and Grand Trunk Pacific, and by representatives of all the steamship and transportation companies and commercial and charitable organizations with which Mr. Hays was connected. Exactly at 11.28 the doors of the church were closed till 11.33 to allow the congregation five minutes silent meditation.

Real Estate and Building--News and Opportunities

TALL BUILDING FOR BAY STREET

Firehall Site at Temperance St. Corner Will be Occupied by Office Structure to Cost \$260,000.

The old Bay-street firehall property at the south corner of Temperance-street has been leased by the assessment commission to Norman G. Heyd and A. H. Garrett.

The firehall is to be torn down just as soon as the city removes its belongings. Part of the property has been used as a storehouse for electrical and road material. The corner has housed a chemical wagon for some time.

A ten-story office building is to be erected on the land by the lessees. There is a frontage on Bay-street of 77.1 feet and on Temperance of 32.1 feet. The lease is for 21 years renewable and calls for a payment of \$10,781.67 annually.

The cost of the building is estimated at \$260,000. There is a chance that the promoters will put up a fifteen-story building if they think the demand in that district warrants it. Plans for a ten-story structure are now being completed.

A company is to be formed to handle the proposition. Mr. Heyd last night stated that a hotel would have anything to do with the building.

Thomas Dawson and Dennington Grubbe, the company's landscape architects, have designed a great floral scheme for Lawrence Park and the view from the passing Metropolitan street should be one of the sights of the park.

The flowers will be multi-colored and yet harmoniously arranged. The natural beauty of the grounds will be enhanced by the addition of shade trees and lawn.

It is probable that some such scheme of floral decoration will be instituted at Globe Manor, the Dovercourt Company's other property further south on Yonge-street. Great forest trees now grace the globe but its attractions are to be added to in a comprehensive scheme of embellishment.

The unexpectedly great demand for Walmer Hill property is boosting the value of lots in the subdivision. The bill and R. B. Haley and Company, who are handling it, will accordingly raise the prices on what little remains of the frontage.

The building that is being done of high-class residences is also greatly helping to make the property increasingly valuable, as is the fact that the boundaries are quickly creeping to it.

Permits totalling \$336,900 have been issued in the last six days at the city hall. They call for a four-story apartment on the northwest corner of Front and Harbord to cost \$50,000.

Four Married Sisters to Have Apartment House All Their Own

This is the story of a novel family compact. Some few months ago a widower remarried. He is a builder and a good one, too, also he will be nameless here.

After the usual introductions to his wife's relations he began to notice that they were all dissatisfied with paying high rent for houses and with all the other little inconveniences of owning or leasing a house in Toronto.

Trustee Hodgins said that he had received a complaint that a girl at Fern Avenue School was refused admission to the school for three weeks for refusing to confess that she took candy to the school, when it was her twin sister who was at fault.

Inspector Hughes said the statement made to the trustee was absolutely false. Sub-committee will investigate. Dr. Burchard has asked for superannuation at midsummer.

\$2 Per Foot Increase

Be sure and read all of this announcement. Besides its business value, it has news value. We are going to increase the price of all remaining frontage in Walmer Hill on May 1st two dollars per foot, for three very important reasons:

(1) More building than ever we anticipated is going to take place in Walmer Hill right away. Recently one of Toronto's most prominent architects bought 164 feet on Burton Road, Walmer Hill, for a \$10,000 home, to be started by May 1st.

(2) Another large piece of land, right near Walmer Hill, has just been annexed to the city, and the City Council sees the necessity of taking in this valuable section in the very near future. It is sure to come in, and it is your chance to make a good profit. Land four blocks from Walmer Hill is selling at \$100 per foot. Why should we not increase Walmer Hill lots \$2 per foot?

(3) The centre of the city is rapidly moving northward. With a new C. P. R. and C. N. R. Union Station at the end of Yonge Street, car line and the world's largest store at College and Yonge Streets, Walmer Hill will be the handiest location obtainable for exclusively high-class residences.

ADVERSE CROP REPORTS SENT ALL GRAINS HIGHER

Critical Outlook in Wheat Belt Confirmed by Late Reports—Corn Wheat Soaring to a New Record—Oats at Small Advance.

CHICAGO, April 25.—Corn sold here today at 81c a bushel, May delivery, the highest price in Chicago for a number of years. It was also the first time this season that the option had gone above the 80c level. Short sellers were in alarm over the small amount of corn not already under contract to be shipped away.

Violent actions in the corn trade resulted chiefly from stop-loss orders on the part of shorts, who were confronted by the beginning of late shipments and by the fact that receipts here were somewhat larger, had proved relatively scant, out of all proportion to the needs of dealers active on the bear side.

Unloading of a great deal of wheat by long took out some of the ardor of the bulls in that grain. There was, however, likewise considerable short selling.

Receipts of wheat at northwest primary points, with usual comparisons, are as follows:

SLOW CATTLE MARKET

WED-SOMEWHAT UNEVEN Cattle 10c to 20c Lower Than on Tuesday—Sheep, Lambs and Hogs Firm.

The railways reported 72 car loads of live stock at the City Yards, comprising 280 cattle, 238 hogs, 106 sheep, 230 calves and 2 horses.

Amongst the 600 cattle on sale to-day were a few very choice quality butchers, but the bulk consisted of medium and common.

Trade was moderately good, but not brisk by any means, and if the Montreal buyers had not been so few cattle prices would have been lower for the day.

Trade was very quiet, with prices low for the day. The market was somewhat uneven.

Some of the three lots of extra quality butchers' cattle sold at \$7.20 to \$7.25, but not enough of them to make a straight lot at these prices.

Prime quality steers and heifers, \$7 to \$7.50; choice \$7.50 to \$8.00; medium, \$6.50 to \$7.00; prime quality cows, \$6 to \$6.50; good, \$5 to \$5.50; medium, \$4.50 to \$5.00.

Stocks and Feeders. Stockers and feeders are very plentiful, not enough to supply the demand.

Milkers and Springers. Trade in milk cows has been brisk, owing to the demand from Montreal, and prices have ranged from \$40 to \$50.

Sheep and Lambs. Wesley Dunn quotes sheep, ewes, at \$5.00 to \$5.50; spring lambs, at \$3 to \$7 each.

Hogs. Receipts were large at both markets, especially at the City, to-day. Selects, fed and watered, sold at \$2.75 to \$3.00.

Representative Sales. H. P. Kennedy sold: Cattle—14, 1200 lbs. at \$7.00 per cwt.

Chicago Live Stock. CHICAGO, April 25.—Receipts 2000. Market steady to higher. Beef, 10c to 11c.

Winnipeg Grain Market. WYNNIPEG, April 25.—There was quiet trading in the wheat market in options.

Winnipeg Grain Market. Cash grain: Wheat—No. 1 northern, 102c to 103c.

Good Clean Seed. BANNER, 39th Century. Abundance, White Cluster. ALL OPTIC GROWN.

Of \$1,500,000 First Mortgage Bonds authorized, \$750,000 are retained
in the Treasury and can only be issued for 60% of the cost of new
properties, future additions and improvements, and equipment
of machinery, etc., as set forth in the Trust Deed.

- We emphasize the following salient points of this issue:
- (1) Value of fixed assets \$999,976, consisting of Real Estate, Buildings, Plant and Equipment. Current assets in excess of current liabilities \$2,135,141. Total net assets \$3,135,117 or over four times the new issue of Bonds.
 - (2) These figures do not make any allowance for goodwill, which is of considerable value as the trade-name "Sawyer-Massey" has been established for many years.
 - (3) 80% of the Current Liquid Assets or \$1,731,856 (twice the amount of bonds issued), represent lien notes and mortgages held against payment for machinery sold, on collection of which the Company has never lost more than 1%.
 - (4) Average annual net earnings for three years ending November 30th, 1911, \$199,628, or about four and one-half times the interest on Bonds now issued. Net earnings available for interest during 1911 were \$223,215.
 - (5) An annual sinking fund beginning April 1st, 1913, sufficient to retire the present issue by maturity at a maximum price of 105 and accrued interest.

Sawyer-Massey Company, Limited, established in 1889, has, after many years of continuous growth, become the largest establishment of its kind in Canada. The Company manufactures Portable and Traction Steam Agricultural Engines, Gasoline Tractors, Threshing Machines, Clover Hullers and Road-making Machinery, for which there is a constantly growing demand. From Hamilton, where the manufacturing plants are situated, the Company's products are distributed throughout the territory east of the Great Lakes; while in the three wheat-growing provinces of Western Canada, the consumer is reached through branches located at Winnipeg, Regina and Saskatoon. The Company is well managed, has a long established business and is excellently equipped to share in the future development of Canada.

Copies of the Trust Deed and of the Certificates of the Canadian Appraisal Company, Limited, National Trust Company, Limited (Real Estate Department), and Price, Waterhouse & Company, may be seen at our office.

Interim Certificates will be issued pending delivery of definitive bonds.

CRAZY BOOM IN MARCONIS IS ON AGAIN

American Marconi old stock, which did several airplane stunts about a week ago, and later fell with a sickening thud when somebody picked the bubble has started kicking up didoes on the New York curb once again. The antics of the Marconis of late have set two continents agape, and while some Toronto brokers have joined in the frenzied speculation in general the local fraternity has avoided the wireless issues, as if they were red hot.

Late last week, when Marconi was shooting up by leaps and bounds, brokers looked askance at those who had gone short, or had "stood upon" the purchase of their clients. They were probably bankrupt, or would be in 24 hours. On Saturday when the crash came the same parties looked askance at those who had been buying and wondered if they were solvent. Yes-

terday, on the crest of another boom, they were so bewildered they didn't know where to look.

American Marconi old stock, which sold at \$140 on Saturday last and \$200 on Tuesday jumped to \$235, on Wednesday opened at \$255, on Thursday sold up to \$275 and then reacted to \$245. Its record is as follows:
1909, 60¢; November, 1911, 96¢; April 1, 1912, 435¢; April 10, 850¢; April 17, 2165¢; April 18, 3235¢; April 19, 3350¢; April 20, 1440¢; April 22, 2170¢; April 24, 3240¢; April 25, 3275¢.

STOCK MARKETS HONOR BRAVE TITANIC DEAD

Thursday was memorial day in the stock exchanges for the victims of the Titanic disaster, where many well-known financial men, including several brokers, went down to their death. In Montreal the market was closed from 12 to 2 o'clock, in memory of the late Thornton Davidson, senior member of Thornton Davidson & Co., members

of the Montreal Stock Exchange. In the Standard Stock Exchange, Toronto, all business was suspended at noon for ten minutes in memory of Huzo Ross of Winnipeg, formerly a partner in the firm of Fox & Ross, members of the Standard Exchange. Mr. Ross was well and favorably known in local brokerage circles.

None of the local stock exchanges have taken any concerted action in reference to the Titanic fund inaugurated by Mayor Geary for the survivors who lost their all in the wreck. Many of the brokers have, of course, subscribed individually. The New York exchange contributed \$20,000 last week, and the Montreal Stock Exchange gave \$500 towards the fund started in those cities.

PITTSBURG BROKERS FAIL FOR \$500,000

PITTSBURG, April 25.—Financial circles here were thrown into a turmoil of excitement by the announcement on the local stock exchange today that Scully, Painter & Beech, considered one of the strongest brokerage firms in the city, had gone into bankruptcy. An involuntary plea was filed in the federal court. The amount of money involved will exceed \$500,000.

READING LED NEW YORK LIST

Sold Up to Highest Price Since 1910 — General Market Scored Advances of Less Extent.

NEW YORK, April 25.—Trading on the stock exchange to-day was characterized by relative backwardness in the leading issues, but this was largely offset by further activity and higher prices for many specialties. Reading was about the only one of the speculative favorites to show more than a fair degree of strength and animation, selling up to 170-1/4, its highest price since 1910, and leaving all other stocks far behind in volume of dealings. Buying of this stock seemed to be of an accumulative character and was doubtless founded on something more substantial than the virtual settlement of the anthracite coal strike.

This latter situation ceased to be a factor of importance some days ago, having given way to the more serious conditions of the radical differences between the railway managers and the locomotive engineers.

Concerning this controversy the day brought no definite developments, but surface indications pointed to an amicable conclusion.

Coalers Rallied Strongly
In the afternoon, when it became known that the sub-committee of the anthracite presidents had arrived at what promised to be an understanding, the higher priced coal shares were taken up, and on moderate dealings rose from 1 to 5 points. The rise of five points in People's Gas was explained by a decision of the Illinois appellate court favoring the company. The final hour was marked by a revival of activity, in which Reading, Lehigh Valley and American Gas common were carried to higher prices and increased strength was shown by such real market leaders as Union Pacific and United States Steel. Profit-taking was less than the usual impression on prices and the closing was mainly within fractions of the top.

CHEERFUL TONE EVIDENCE

Some New High Records Attained in Toronto Stock Market—Another Flurry in Traders' Bank.

There was a good deal of buoyancy scattered in the Toronto Stock Exchange to-day, but on the whole the market failed to reflect the incoming of the former uncertain theory, the general list. Such stocks as Packers, Steel Corporation and a few of the other industrials and Traders' Bank showed an upward trend, but the usual leaders did not exhibit any signs of improvement and closed the day about unchanged from the previous session. Rio and Sao Paulo were featureless throughout.

A 6-point bulge in Packers' common, which touched 5, was the outstanding feature. The advance has been a marked one of late, but as the stock has not a large following locally, the move has not attracted the attention which otherwise it might have received. The present year is expected to be a record one in the company's history, which fact is said to be responsible for the present movement which must be credited to inside buying.

Traders at 10:45 this afternoon showed an advance of a full 9 points from yesterday's low quotation. The street is still speculating as to the possibility of a merger of that institution, and another bank, and despite the frequent denials which have come from authoritative sources a theory, well-established idea that negotiations are working towards an amalgamation, presumably with the Bank of Montreal.

An advance in Steel Corporation on Montreal buying, and a measure of firmness in Locomotive and Burt preferred, were other features of the industrial list.

STEEL MADE SMART MOVE IN MONTREAL

MONTREAL, April 25.—Dominion Steel was the feature in to-day's trading, contributing nearly half of the total dealings and making the smartest movement since the bounty talk late in January. The price opened 1-3/4 up to 59, and advanced to a high record of 60 1/4, early in the afternoon. Stock was supplied in generous quantities around the 60 level, and the price reacted in the final transactions to 59 3/4, leaving a net gain of 1-1/4. London buying was given as one reason for the movement, while it was also thought that the demonstration of strength might have something to do with the issue of the corporation's new preferred stock in London and Amsterdam.

Montreal Power, Canadian Pacific and Royal Bank were other features of interest in the day's business. Power held firmly steady around the previous day's close of 294 1/4, but eased off to 293 5/8 bid, 204 asked at the close. Pacific was strong on light trading, opening level with the previous day's close and advancing to 254 3/4 in the last sale of the day, just equaling its local high record made on Wednesday, and closing with a net gain of 3-4. Royal Bank was in good demand, both morning and afternoon, advancing sharply to 233 in the morning and at 232 1/4 in the last sale, making a net gain of one point. The rest of the list was rather featureless.

DENOMINATIONS: \$100 AND \$500.

Principal and semi-annual interest payable (1st April and October), at any Branch of the Metropolitan Bank in Canada, or at the offices of the National Trust Company, Limited, Toronto and Montreal.

Redeemable by the Company at 105 and accrued interest on 1st April, 1914, or on any interest date thereafter, upon sixty days' prior notice, or annually, commencing 1st January, 1914, for Sinking Fund purposes.

Bonds issued in coupon form, with privilege of registration of principal, and in fully registered form. Coupon and registered bonds interchangeable.
National Trust Co., Limited, Trustees. Canadian Appraisal Co., Appraisers.
Messrs. Clarkson & Cross, Auditors. Metropolitan Bank, Bankers.

HEAD OFFICE: TORONTO, CANADA.
Mortgages and Trust Deed securing the Bonds and the regularity of the issue have been approved by Messrs. Rowell, Reid, Wood & Wright, Toronto.

VALUATION.		NET EARNINGS.	
Canadian Appraisal Co.'s valuation of the seven modern steel freighters: Canadian, Acadia, McKimstry, Renvoyle, now in commission	\$ 324,000	Clarkson & Cross certify: Average annual net earnings since Canadian, Acadia, McKimstry and Renvoyle have been in commission amounted to	\$ 67,797.00
And of the Indian, Hamiltonian and Calgarian, to be completed by 1st May, June and October, 1913, respectively	408,975	1911 were	\$ 62,797.00
	\$1,042,958	Annual net earnings on the new vessels, Indian, Hamiltonian and Calgarian, should be not less than	\$228,797.00

The bonds are secured by a first mortgage on the seven vessels, valued by Canadian Appraisal Co., Limited, at \$1,042,958. The value of the vessels is twice the amount of the bonds. The mortgage is a closed one — no further bonds can be issued. Out of the proceeds of this issue the Trustee is to retain a sum sufficient to retire outstanding bonds of previous issue, and the whole of the proportion of this issue applicable to vessels under construction, until they are completed. In addition, the bonds constitute a direct obligation of the Canadian Interlake Line, Limited.

The earnings last year on the vessels in commission were twice the amount of the Bond interest. With all the vessels operating, the net annual earnings should be well over 3-1/2 times the bond interest.

The following information has been furnished by officers of the Company, further particulars are given in the letter of its Managing Director, Mr. J. W. Norcross:

INSURANCE.
Insurance policies covering every possible loss or damage to or by the vessels to the extent of at least 150 per cent. of the outstanding bonds will be made payable to and held by the Trustees, as security for Bondholders.

SINKING FUND.
Although the life of steel vessels of this type on the lakes is considered to be sixty years, the Trust Deed provides for an Annual Sinking Fund sufficient to retire the whole of the issue within the term of the bonds—fifteen years. The bonds so retired will be cancelled, but the whole of the security remains intact until the last bond is retired in 1927.

COMPANY AND FLEET.
Canadian Interlake Line, Limited, was incorporated by Dominion charter, for the purpose of acquiring and operating the steel vessels "Canadian" (built in 1907), "Acadia" (built in 1908), "A. E. McKimstry" and "Renvoyle" (built in 1910), and, further, the "Indian," "Hamiltonian" and "Calgarian," to be completed, respectively, 1st May, June and October of this year. The seven vessels, the total carrying capacity of which will be 325,000 bushels, will constitute the finest, most modern and best equipped fleet of full canal size package and bulk steel freighters on the great lakes.

The fleet will have a decided advantage over vessels operating singly, in that it will be able to contract for freight in large quantities, and will be able to give much better despatch.

OPERATIONS.
The regular route of the vessels is between Montreal and intermediate ports and Port Arthur, Port William and Westport, the lake ports of the three great Canadian railways. At the head of the lakes there are now 16,000,000 bushels of grain awaiting transportation by water, and vessel-owners have refused charters at rates 1 1/2 cents per bushel in advance of rates for corresponding months last year. The continuous development of the West insures plentiful cargoes of grain, in addition to which the fleet will be important carriers of iron ore, coal, cement, wood pulp, pulpwood, etc. Package freight westbound, for which the boats have been specially constructed, is increasing annually. The Company has valuable freight contracts, one of which runs for a series of years, and all of which promise good profits. The Company works in close conjunction on rail and water freight with the Canadian Pacific, Grand Trunk Pacific and the Canadian Northern Railways.

MANAGEMENT.
The Company's Managing Director, Mr. J. W. Norcross, has had a wide and successful experience as master of some of the largest vessels on the great lakes, and, later, in the management of transportation companies. He is generally regarded as having a thorough knowledge of the business of water transportation, and his important traffic affiliations will be of great value to the Company in keeping the fleet actively and profitably employed. In his management he will be supported by Directors several of whom have been actively associated with lake shipping for many years, and whose business connections will be valuable in securing traffic.

Copies of the Trust Deed and the certificates of the Appraisers and Auditors may be examined at our office. Interim certificates will be issued pending delivery of definitive bonds. Circular describing the issue in detail, and embracing the letter of the Managing Director, and certificates of the Appraisers and Auditors, will be furnished upon application.

Bonds secured by a first mortgage on modern, steel-clad freighters are held in high esteem by conservative investors. Mr. Lawrence Chamberlain, in his recently published work on the principles of Bond Investment, states that, "approximately \$40,000,000 of new steamship securities have been floated and as yet there has been no default."

A Tribute From the Simpson Store

Paris Models

The largest and most unique show- ing of new Gowns, Hats, Coats and Tailored Suits for the coming House Show in Toronto. The very latest de- signs from Paris are to be seen here, and the woman who wishes to be "well-dressed" should pay a visit to this charming department. The Gowns are generally a year in advance of the usual styles to be seen in Toronto, being imported direct from Paris, but are in perfect taste and not in any way freak styles. An alteration room is in connection with the department and comfortable fitting-rooms where ladies can have the gowns made absolutely to suit them.

A Few of the Mantles

A SMART NORFOLK SUIT
Is made of English serge and assorted tweed mixtures. The coat is lined with silk, has smart square pockets, straps over the shoulder, and self belt which fastens with a novelty bone button, tailored, notched collar. Skirt is gored with raised waistline, and finished with tailored stitched seams. A suit for misses and young girls, or small sized women. The very latest style. \$14.95

A SPLENDID LITTLE SUIT
Made of imported tweed and striped tweeds in tan, grey, green, brown, black and white mixtures. Coats have the fashionable deep or notched collars, and are lined throughout with silk, being fastened with bone buttons. Skirts are gored, with tailored stitching, with or without raised waistline. Sizes 14, 16, 18, 20, 22, 24, 26, and 28. Excellent value for \$9.75

WOMEN'S SEPARATE SKIRTS.
A very unusual lot of skirts made in three of the newest styles, plain gored and the one-sided effects, in tweeds of brown, grey, or green tones, shepherd's checks, invisible striped serges in black and navy, and serges in black. These are all finished with the best of workmanship and fit perfectly. Special for Saturday. \$1.98

New Waist Features

Some splendid special waists, all fresh goods just from the maker's hands, at prices that will ensure their prompt clearance. Increased and courteous service during the rush hours.
