Ex-Secretary of U. V. L. Mobbed—Turley's Residence Attacked by Crowd, Which Was Dispersed by Mounted Officers—Chinese Restaurants Raided. Harry Rose, who resigned the secretaryship of the United Veterans' League, after a warm attack on President H. J. Flynn's character and record on Monday night, had a narrow escape from mob violence last night when he addressed a large gathering of returned men, mostly members of the U. V. L., at the corner of Shuter and Yonge.

FERGUSON'S RETURN NOT A CERTAINTY SHOOTING CARIBOU TO CUT H. C. OF L.

Brookville, Oct. 22.—The election of Hon. G. Howard Ferguson, minister in the Hearst government, is not a certainty. The returning officer has made no return and one report today had that Mr. Ferguson's lead is by only two, while another had it at six.

A Suggestion to the Farmer Caucus

It should be clearly understood, in view of the rumors that have been circulated by persons who cannot be regarded as Sir Adam Beck's friends, to the effect that he aspired to political leadership, that no evidence of such an ambition has ever transpired, and no action on his part can be pointed to that would justify such a conclusion.

RUSSIANS FIGHTING WITH BRITISH ARMS

Hundreds of Thousands of Munitions of War Supplied to Siberians and Denikine. Vladivostok, Oct. 22.—General Knox, chief of the British military mission, in a statement to the Russian telegraph agency at Omsk, says: "Great Britain has furnished the Siberians and General Denikine with great quantities of munitions—hundreds of thousands of rifles, hundreds of millions of cartridges, hundreds of big guns and thousands of machine guns, as well as several hundred thousand sets of uniforms and equipment."

WAGE INCREASE OFFER IGNORES DEMANDS FOR THIRTY-HOUR WEEK

Secretary Wilson's Offer, Which Prevented Actual Disruption of the Production, Set Forth the Case as Follows: "That wages be increased at the expiration of the present contract in an amount equal to the difference between increases in wages received by mine workers since July, 1914, and the increase in the cost of living since that date."

LAST MINUTE PROPOSAL TO BITUMINOUS MINERS IS SURE OF REJECTION

Washington, Oct. 22.—While committees representing miners and operators, meeting in a final effort to avert the strike of half a million soft coal miners set for Nov. 1 were on the verge tonight of parting company for good, Secretary of Labor Wilson held them together, overnight at least, with a wage increase proposal that ignored union demands for a thirty-hour week.

U. F. O. OFFICIAL STATEMENT

The following official statement was handed out last night by the secretary of the United Farmers at the close of the day's deliberations at the party caucus. The gathering included the elected members, together with many of the defeated U.F.O. candidates:

The Statement. "The members-elect of the United Farmers of Ontario, after due consideration of the matter, have decided that it would be unwise for them to enter into alliance with either of the old parties as parties. They are prepared to assume the fullest share of responsibility and form a government, in co-operation with such members of other parties as are in sympathy with their platform and principles and are free to give support thereto. In the formation of a cabinet full consideration will be given to the various interests of the province."

Opposition to G. T. R. Bill Grows in House and Senate

Special to The Toronto World. Ottawa, Oct. 22.—The opposition to the Grand Trunk bill is stiffening in the house and a still more bitter fight is expected in the senate.

To Fill Senate Vacancies. Their defection would reduce the government's majority to a narrow margin, and it is therefore understood that the four vacancies in the senate will be filled almost immediately.

LIBERTY LEAGUE MAY TRY TO UPSET VOTE

Province-Wide Complaints Alleging Irregular Practices by Women Referendum Scrutineers May Lead to Conference of All Branches.

Reports of local "showers" in certain parts of the province have had but little effect on the "drough" that is hourly becoming more evident and acute. Figures of the referendum returns received by "dry" headquarters up to a late hour last night show that even question four had a negative majority of about 175,000. The committee's estimates last night were as follows:

Question	Yes	No	Majority
Question 1	223,574	508,509	284,935
Question 2	243,302	479,511	236,209
Question 3	235,193	493,287	258,094
Question 4	277,330	433,545	156,215

Also the total number of votes cast on each of the four questions should be the same. In the reports given out so far there are no two totals alike. For instance, there is a difference of 9,270 between the total votes cast on questions 1 and 2; 4,297 between 1 and 3; 1,555 between 1 and 4, and 5,187 between 2 and 3. When the attention of the referendum committee was drawn to the discrepancies, a statement was made by one of the officials that, while errors undoubtedly existed in the returns received, the issue would not be affected to any appreciable extent.

Still Wet in Spots. Also the official figures received so far seem to point to an overwhelming "dry" majority, there are still a few "wet" spots left in Ontario. Returns of the vote at St. Catharines in the city of South Waterloo, showed the largest "wet" majority in any subdivision. The figures were:

Question	Yes	No	Majority
Question 1	199	12	187
Question 2	200	11	189
Question 3	200	10	190
Question 4	194	17	177

Hamilton Favors Liquor. In the city of Toronto the small subdivision, with but 73 voters, returned 68 "wet" votes. Latest figures released by the returning officer at Hamilton last night also showed considerable "wet" ma-

DROWNED IN LAKE

Laborer With Wheelbarrow Lost Balance and Fell Into Water Unseen by Any.

Samuel Le Grow, aged 40 years, address unknown, fell in the lake at the foot of Cherry street yesterday afternoon and was drowned. Le Grow came from Scotland recently, and was employed at the Nokol plant, as a laborer. He was wheeling a barrow along the water's edge, when he lost his balance and fell into the water. Workmen found the overturned barrow some time later, and fearing that Le Grow had been drowned, telephoned to the lifesaving station. The crew recovered the body within a short time, and it was removed to the morgue.

FAMOUS QUAKER BANKER IS DEAD IN LONDON

London, Oct. 22.—The death is reported of Lord Peckover, the famous Quaker banker, who declined a proposal that his title should pass thru from daughter to grandson, remarking that "if he wants a title let him earn it."

The members heartily endorsed a notice of motion, submitted by A. J. Smith, vice-president of North Riverdale Ratepayers' Association, urging support for a hospital to be erected by the city in the Riverdale district. Mr. Smith pointed out that the population of the section east of the Don is larger than the city of Hamilton and is without a hospital convenience. He also stated that the hospital accommodation for the city as a whole is totally insufficient, and quoted the statement of an east end medical practitioner who has been waiting for a bed in the general hospital for amputation case to be treated. He was told that there are sixteen cases ahead of his. Mr. Smith created amusement when he referred to Dr. Hastings' opinion that all hospitals should be in a grouped position in order that they could be improved.

Four Good Sites.

There are four good sites, he said, in the east end, two the property of the city, one the property of the other at the old golf links, east of Coxwell avenue, which is ideal, being high and overlooking the lake. Other suitable sites would be the Harris and Church Association properties.
It was decided to interest all city associations in the matter and bring the question before the city council. The matter will be discussed at the Norway Ratepayers' Association meeting at St. John's parish hall tomorrow evening.

It was also decided to request the city council to secure the photos of all soldiers who have fallen in the war to be placed in the city hall or a suitable building to be erected for the purpose.
Regarding the proposed purchase of the two small pieces of land by the city council at the corner of West St. Clair avenue and Avenue Road, it was pointed out that when an urgent appeal was made by the Earlscourt residents for a shelter at this spot to protect passengers and little children during the winter months, while waiting for cars, it was turned down at the request of the residents of the Avenue Road section, who said a shelter would spoil the appearance of their section.

Dr. E. A. McDonald, Broadview avenue, president of the North Riverdale Ratepayers' Association, is at present attending a surgical convention in New York city.
"In reply to the alleged statement made to the press by John T. Vick that the new member for Riverdale, Sergt. Major McDonald, is not a labor man, I emphatically declare that the sergeant-major is an out and out labor man," said Charles Stock, a prominent member of the veterans' political organization. "When he dons the khaki he immediately enters the ranks, and is out to fight for the rights of his comrades in arms, the widows and dependents and the citizens of the province and Riverdale in particular. The new member is pledged to use his best efforts to crush the ring of connives which blossomed during the war years and after. If any riding in the province is represented by labor it is certainly the Riverdale riding," said Mr. Stock.

EARLSCOURT

Rev. W. F. Roadhouse officiated at the wedding of Miss Ethel Deane to Mr. William Nickel at the Dean Avenue Baptist Church last night. The bride's home is on O'Leary avenue, Oakwood. Mrs. Roadhouse played Mendelssohn's wedding march and a large number of friends attended the ceremony.

A thoughtful and kindly presentation took place at the western office of the London Life Insurance Company, when the staff, thru their manager, Mr. McKeown, presented George Carter of 88 Ascot avenue, Earlscourt, with a beautifully upholstered armchair on his retirement thru ill-health from that company after twenty-five years' faithful service. Mr. Carter is one of the pioneers in Earlscourt and has seen the rapid growth of the district from the middle period to its present satisfactory condition. Land on Ascot avenue where Mr. Carter lives, was bought a decade ago at from \$2 to \$9 per acre, and it was difficult to find purchasers at this low price.

EAST TORONTO

PET STOCK MONTHLY MEETING.

The regular monthly meeting of the East York Foultry and Pet Stock Association was held last night at St. Paul's Hall, East Gerrard and Main streets. W. George Patton, president, occupied the chair. There was a large attendance and many entries were received for the forthcoming annual show, which will be held in Aberdeen rink on Oct. 30, 31 and Nov. 1. He said the meeting was the last to be held previous to the opening of the show considerable business was discussed in this connection.

WAR MEMORIAL CAMPAIGN NOW IN FULL SWING

With \$200,000 as the objective set for Monday next, the canvassers for the university war memorial campaign broke away yesterday from the daily luncheon meetings, and not until the first of the week will there be any more reports presented. At the present time the collections for the city amount to \$183,740, yesterday's additions totaling \$4,656. Next Monday, too, the undergraduates start their canvass and it is expected that big strides will be made towards the final objective of half a million.
According to R. A. Cassidy, director of the campaign, all the reports to date have been very encouraging, a particularly pleasing feature of the whole thing being the subscriptions that are being received from men who have had no connections with the university hitherto. Amounts so far handed in range all the way from \$2 to \$500.

VETERAN FALLS DEAD.

Jack McLaughlin, returned soldier, Carlaw avenue, fell dead at the corner of Richmond and Yonge at 2.40 yesterday afternoon from heart failure, following war service. Mr. McLaughlin was walking north up Yonge street on the east side, when he stumbled to the pavement and collapsed from a war heart. He was carried into Hoberlin's, but died before medical aid arrived. Dr. Wm. D. Simpson, 314 East Queen street, who was called, stated he knew McLaughlin, and had treated him for heart trouble and gave the cause of death as heart failure. He was a former member of the Dominion Police force. The body was given over to a brother, who lives on Indian Road by Patrol Sergeant Charles Scott, of No. 1 Division, Court street.

WILLS AND BEQUESTS.

Application for administration of the estate of Captain Michael Chapman, of Guildford, England, and Toronto, who died at Niagra, France, has been made by W. B. Raymond, barrister. The estate is valued at \$41,999. The deceased left his widow, Mrs. Lillian Chapman, Guildford, his household goods and personal effects and a life interest in the residue as long as she remains his widow. On her remarriage she is to receive one-half of the income, the remainder to be paid to the testator's two children, who share equally in the property on their attaining the age of 21.
Duncan M. Medcalf, by the will of his wife, Mrs. Ellen Medcalf, who died on July 23, inherits her estate, amounting to \$12,500.
By a will executed June 24 last, Mrs. Charlotte T. Bradley, a widow, who died in Toronto on October 19, left a life interest in her property to her son, William A. Bradley, and directed that five years after his death two-thirds should be given to her son James, and the remainder to her son, Arthur L. Bradley. The estate consists of \$12,587 in cash, bonds, mortgages and real estate.

Mrs. Edith Lavina Morris is sole beneficiary and executrix under the will of her husband, who died on October 3, leaving an estate of \$8,323. By the will of James Kennedy, who died in Toronto on October 3, his estate, amounting to \$2,275, is bequeathed to his children.
Accidental death was the verdict at the inquest last night touching the death of Thomas Bell, killed October 14 by a train at the foot of Yonge street. Coroner Brand conducted the investigation.

MILLION VOTES STILL TO COUNT

Referendum Committee's Claim of Victory is Disputed.

T. L. Carruthers, general secretary of the Citizens' Liberty League, issued the following statement yesterday:

"The claim by the referendum committee of a big victory for prohibition, while there are still one million votes to count, is on a par with the misrepresentation which they have used all thru the campaign."

"The league has been criticized for stating that 95 per cent. of the returned soldiers would vote in the affirmative. It is a peculiar coincidence that the returns from Christie street hospital, show a majority for 'yes' over 'no' of exactly 95 per cent."

"A large number of soldiers were transferred from Hamilton to Toronto on the eve of election, and consequently disfranchised. This was most unfair, and has a very bad look about it. We would be glad to know who issued the order."

"The election brought out once more the fact of ministerial domination in Ontario, which is to be regretted. The church has its proper duties and functions. Politics is not one of them. This prostitution of religion for political ends is to be deplored."

"The franchise for women was rushed thru during war times by the Hearst government in order to bolster up the Ontario temperance act when the time arrived for the referendum. It looks as tho the scheme had worked perfectly. It is a pity, tho, that the women did not exercise their franchise in a more intelligent manner. They rushed to the polls in droves and voted exactly as their respective ministers instructed them to do, without taking into consideration the evils which will follow the trail of prohibition in the province. It is to be hoped they will give a more enlightened vote on the next occasion."

"The Citizens' Liberty League has been badly handicapped thru want of organization. We attempted to perform our work in five months, while the opposition have been preparing for years. The league will carry on, however, no matter how the vote goes. We have several other items on our program. The liquor problem is only a side issue."

CONTROLLERS PASS NAVAL GRANT

Only McBride Wants String Attached to \$25,000 From City.

Sir John Eaton, Commodore A.

McBride's Motion.

To bring the matter to an issue Controller McBride moved that the money be spent only in Toronto, and in doing so said: "I object to my money being sent to Quebec. Toronto has spent \$23,000,000 on the war or 24 for every Ontario resident, while Quebec spent only 20 cents each. I am favorable to this grant because one object is the eradication of foreigners from the navy. (Applause.) The presence of foreigners on the ships may explain why so many ships were scuttled. The sooner the foreigners are put out of Canada the better. Why, the government are even afraid of them at election time."

On the vote being taken it was decided to give the league the \$25,000 without a string.

Instead of taking his defeat quietly Controller McBride shouted out: "When this comes to council I will fight it along the lines I have here."

Controller Cameron: "It will pass council all right."

Controller McBride: "I'll bet a suit of clothes it won't."

BUILDING PERMITS

Plans Passed for Theatre, Separate School and Many Dwellings.

The building trade ought to be booming, if the list of permits issued by the city architect are to be taken as any indication. Plans were passed yesterday for a new theatre, a separate school and many dwelling houses.

The full list of permits issued yesterday is as follows:

Eastern Theatres, Limited, to erect theatre and lobby building on Victoria street, and lobby building on 263 Yonge street, at a cost of \$258,000.

Separate school board to build two-storey brick school at 52 Edgewood avenue, near Gerrard street east, at a cost of \$52,000.

J. E. Luchardt, 189 Durie street, to build detached dwelling on Durie street, \$15,000.

E. M. H. Beards, 502 Huron street, to repair fire damage to warehouse, 107 Front street east, \$7,000.

S. G. Smith, 92 Pacific avenue, to build two detached two-storey solid brick dwellings, 50-52 Barendse avenue, \$8,900.

CONVICTED OF FORGERY; GIVEN FIVE YEARS

Harry Burke, alias Harry Trees, was yesterday convicted on a charge of forgery and sentenced by Judge Widdifield to five years in the penitentiary.

On Saturday he obtained a job as a dishwasher in Victor Tryesniwski's restaurant, on Queen street, and by the following Wednesday had so endeared himself to his employer and wife that they wished to adopt him and have him take their name. They were generally known as Mr. and Mrs. Trees.

Later when the restaurant was sold to a Chinaman, Burke managed by means of a forged cheque to get possession of \$495 left in the hands of a lawyer for any debts which might be owing by the business.

STOLE KIT BAGS.
On a charge of an attempt to steal kit bags from the Red Triangle Club, John T. Wilson was sentenced yesterday in the sessions to one month in jail.

NAVY LEAGUE HOISTS SIGNAL

Nelson's Famous Message Hoisted by Miss Church.

DOWN TO BUSINESS

Thousands of Citizens Witness First Effort for Canadian Marine.

Activities of the Navy League workers in the Nelson Day campaign featured events in Toronto yesterday. The canvassers, who were retarded by the rain of the day before, got down to business in earnest, and the results of their labors will be made known at a luncheon in the King Edward at 12.45 today.

Following the ceremony a luncheon was held in St. James' parish house, where the workers were assembled. Mr. Justice Riddell made a magnificent address in support of the objects of the Navy League. There was loud applause when Mr. Stapells announced that the board of control had unanimously endorsed a \$25,000 grant to the campaign.

"We must have our own mercantile marine or we shall never be great," insisted Judge Riddell. "To have a mercantile marine we must have sailors. It is idle to build ships and have cargoes if you have no sailors. You cannot get sailors in these days as you could once. The romance of the sea has to a great extent departed. Sailors do not go down in hearts of oak, but in iron keelers. We must have men on our ships who are working with an industry and obedience that would be repugnant to the feelings and hearts of British subjects."

"I get my money honestly," retorted the controller. "And so do I," returned the secretary. "Get out of here, get out of here," shouted the controller at Mr. Miller, whose friends were endeavoring to get him out of the board room. But he was not done with by any means, and, in great heat, called back: "We will have you out of here. You will never sit in the council again."

"I defy you and your retail merchants," came back the controller. "Do your worst." By this time Mr. Miller was outside the door, thanks to the "consideration" shown him by his friends, and quietness seemed to reign over the board room again.

Controller Robbins broke the silence by observing: "We really should have order here." Controller McBride was not quite curbed yet, and fired back, like a shot: "You had the sting taken out of you on Monday." And that ended the performance.

"FIDDLE-FIT" Keep Liver and Bowels Clean and Active with "Cascarets"

Sick headache, biliousness, coated tongue, sour, gassy stomach—always trace this to torpid liver; delayed, fermenting food in the bowels. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that throbbing, sickening headache, dull, throbbing, sickening dizziness. Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

MILLER-M'BRIDE FIGHT FIZZLED

Promising Bout at Board of Control Arena Stopped by Robbins.

If the architect who designed the city hall had to reconstruct his plans today he would seriously consider the advisability of erecting a prize-fighting ring in the vicinity of the board of control meeting room. There was a scene enacted in that room yesterday which, as an example of decorum in the conduct of public affairs, was almost unparadiseable. If it had not been for the friends of

the controller and the associates of the secretary of a large merchants' association, who managed to keep the two combatants apart, the sporting writers of the Toronto papers would have been able to report as pretty a fist encounter as it was ever their pleasure to witness. The two combatants were Controller McBride and W. C. Miller, the secretary of the Retail Merchants' Association, who was before the board of control in connection with the application of the grocers and fruiterers for an early closing by-law. Mr. Miller complained that the police list, in comparison with his own, was faulty—many names being left off and many put on which should not be there, such as butchers selling a few groceries and wholesalers. He asked for the police explanation. The controllers, on looking over the lists, found names which the police had overlooked, but which they personally knew to be in business. It was decided to appoint a sub-committee to go into the matter with Mr. Miller and the police.

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES.

If you know of some one who is troubled with Catarrh of the Ears, head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. English scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment. Sprays, inhalants and nose douches are liable to irritate the delicate air passages ear which frequently means total deafness, or else the disease may be driven which is equally as dangerous. The following formula, which is used extensively in the damp English climate, is a constitutionally efficacious and should prove especially efficacious to sufferers here who live under more favorable climate conditions. Secure from your druggist 1 ounce of Eucalypti (Double strength). Take this and a little granulated sugar and water dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the reduced. Formula used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action. The helps to obtain the desired results. If you are unable to make cost you should try this formula. It has been used for years and its success is a hard fact. It should give this treatment a trial.

More Advice for Sir William Hearst.

We have in the past tendered Sir William Hearst much unheeded advice. Since he has contracted the habit of disregarding our suggestions it is possible he may still be unwilling to listen.

The Prussians held a similar view about Britain and America and their military capacity. The British turned out a better army out of raw material in two years than the Germans ever possessed.

There is one policy on which the whole people of Ontario are united and that is the Hydro-electric policy. Support of this policy forms part of the platform of the United Farmers' Party, the Labor Party and the Liberal Party.

The carriage of farm produce at cost is the feature of the Hydro radical proposals that appeals both to the United Farmers who produce in the country, and the Labor-consumers who buy in the city.

The exceptions are those who united to defeat Sir Adam Beck thru the London intrigue. They consist chiefly of the corporationists who have resented the impregnable campaign that Sir Adam Beck has conducted for the Hydro policies during the last fifteen years.

The success of the Hydro-electric administration is in fact an earnest of the success that will attend a Farmer-Labor government inspired by the same degree of energy, honesty and initiative.

The Hydro policy thus becomes at once an earnest of their success, and the nucleus of practical politics which will hold the new elements in the legislature together.

newspapers when Premier Ross was defeated and the Whitney government came into power. The Mail and Empire will probably admit that the Whitney neophytes did not do so badly.

It is a perfectly absurd idea, which the war was believed to have overthrown, that "groups of no parliamentary experience" are unable to carry on government.

The Ontario farmers are of this British breed. They are as capable of carrying on the affairs of the province as they are of their townships, their councils, their school sections.

There is still much discussion of the recent cyclone in Ontario, and great curiosity as to what will be the outcome of the present situation.

There is not the slightest danger of the United Farmers or the Labor Party changing their minds on the Hydro policy.

ROSE STATEMENTS MEET WITH DENIAL

Flynn Refutes Charges Made at Massey Hall Meeting.

The World is in receipt of a letter from Messrs. Crooks, Roebuck & Parkinson, as the legal representatives of J. Harry Flynn of the United Veterans' League, giving notice of action for damages for the publication of a report of certain statements made by Harry Rose, formerly acting secretary of the United Veterans' League. The statements were made by Rose at a meeting of the league, held in Massey Hall on Monday evening, Oct. 20, and contained aspersions by Rose against Mr. Flynn's veracity and his record as a soldier. For these statements made by Rose, The World accepts no responsibility. The statements made by Rose were entirely upon his own authority and responsibility, and The World desires in fairness to Mr. Flynn to correct any impression that may have been given by the publication of such statements in The World, that The World in any way endorsed them or was responsible for them.

Among the statements made by Rose were the following:

1. That Mr. Flynn falsely claimed to be a Canadian.

Mr. Flynn says he never claimed to be a Canadian, but asserts and maintains that he has the rights which attach to the taking of the oath of allegiance to King and to the wearing of the King's uniform, and to the position and status of a soldier who has fought for his country.

2. That Mr. Flynn falsely claimed to have been educated in Canada.

Mr. Flynn states that the records of the respective colleges will show that Mr. Flynn took the following courses in Canadian institutions between the years of 1906 and 1910: (a) A short course in philosophy in the St. Sulpice Seminary at Montreal.

(b) About one year's course in shorthand in the Moon's Business College of Montreal, where he received his training in the system of shorthand which he has recently been teaching in the Central Technical School in Toronto.

(c) About one year at the Boyd Shortland School in Toronto, where he was student and instructor.

(d) Nearly two years instructing in shorthand and studying philosophy in the St. Laurent College, St. Laurent, near Montreal, Quebec.

He also says that these records show the charge made by Mr. Rose to be utterly without foundation.

3. That Mr. Flynn enlisted in Canada in order to escape military service in the United States.

Mr. Flynn answers that he joined the American forces in March before the Americans had entered the war in France and one year before the first American fighting unit landed in France.

4. That Mr. Flynn joined a non-combat unit in order to avoid being put in the front line trenches.

Mr. Flynn joined as a stretcher-bearer, which, he points out, at that time was not considered a dangerous and which, in fact, was a dangerous job, as shown by the fact that a larger percentage of stretcher-bearers were lost in the war than any other department of the service.

5. That Mr. Flynn conveyed the impression that he was a hero of Vimy Ridge.

Mr. Flynn has never claimed to have taken part in the battle of Vimy Ridge.

6. That his conduct, while he was attached to the 2nd Field Ambulance was notoriously bad.

Mr. Flynn refers to a perfectly clean conduct sheet, such a document having been issued at Ottawa before the soldiers' re-establishment committee, and in which not one single derogatory entry appears. Further evidence in his good conduct, he points out, is to be found in the fact that he was promoted within a period of six months from private to corporal, and subsequently sergeant, and on leaving his unit in France was acting in the capacity of sergeant-major.

7. That Mr. Flynn was never wounded nor gassed.

The statement of the medical board made in Shorncliffe, England, in February, 1919, signed by the medical authorities and now on record at Ottawa, is quoted as proving that Mr. Flynn was, during the course of his service, twice wounded and gassed. Mr. Flynn claims to have the telegram signed by the military authorities to them that he was wounded in August, 1917.

The World regrets the publication of any statements which may be untrue and voluntarily and willingly publishes his foregoing corrections.

William Gillette in "Dear Brutus"

Seated for the engagement at the Princess Theatre next week of William Gillette, in Sir James M. Barrie's newest comedy, "Dear Brutus," have been placed on sale at the box-office of that playhouse this morning, and already, from advance inquiries, it would seem that Toronto theatre-goers were determined to give that distinguished player and the Barrie play a most enthusiastic welcome.

A splendid supporting company surrounding Mr. Gillette. In the role of Mrs. Dearth appears Hilda Moore, the English actress, leading woman with Gerald Du Maurier, who created in the English production of "Dear Brutus" that same role. Other prominent players entrusted with important roles are Violet Kemble Cooper, Marie Wainwright Madge Bellamy, Ann Morrison, Frances Anderson, William Podmore, Grant Stewart, Fred Russell, Thomas A. Braden and Walter W. Pate.

George Lovett, known the world over as "The Mental Marvel," headlines next week's bill at Loew's Hippodrome.

Heralded as a foremost dancing act in vaudeville, French and Rose Balle will headline the bill at Loew's Hippodrome all next week. The number of sensational dances have been perfectly schooled in the program and will present the William Fox super-production, "The Broken Law."

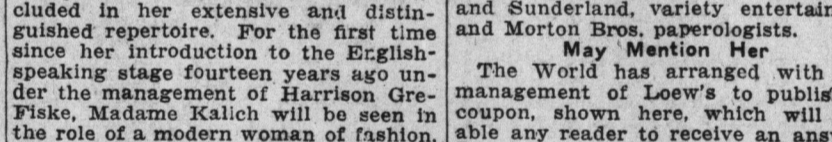

It is an interesting story with the scenes set in England and has for a background a romance of the gypsies of the famous Romany tribe. One of the most popular ventriloquists in vaudeville, Marshall Montgomery, Work and Kell are two clever comedians with a host of laugh-provoking material that is crisp, clean and wholesome. Marie and company have an up-to-the-minute comedy playlet when laughs come regularly, while the interest is sustained.

George Lovett, known the world over as "The Mental Marvel," headlines next week's bill at Loew's Hippodrome.

Large audiences are made miraculously to realize their better selves. Thomas Meighan, Elinor Fair, Betty Compson and other screen players of unusual ability interpret the fascinating story in a manner that leaves nothing to be desired. A wonderful musical accompaniment as been arranged, and will be played by the famous Regent Orchestra. This lends enchantment to the feature and helps to vividly portray the life that is seen in an hour or so. The pictures will be shown commencing at 11.15 Monday morning and then at 1, 3, 5.10, 7.15 and 9.15 p.m.

PAY MORE MONEY IN AMATEUR HOCKEY TODAY'S ENTRIES

Montreal, Oct. 22.—The sight of certain well-known citizens meeting on St. James street and elsewhere the last few days to stop and compare watches, which are invariably of gold, has created some mild curiosity.

The fact is that these gentlemen were members of a N. L. championship team of Ontario and Saskatchewan who were deprived of the title by the Ontario Hockey Association.

Frank Patrick of Vancouver, B.C., Oct. 22.—Reinstatement of former professionals by amateur associations of Alberta and Saskatchewan has deprived the Pacific Coast Hockey Association of its title.

London, Ont., Oct. 22.—In another month Goldie Progers, the noted professional hockey star, expects to be fully recovered from the blood-poisoning that set in during his right arm.

Chatham, Oct. 22.—Before a large crowd at the rink here, an interesting speed trial was held this afternoon.

Louisville, Ky., Oct. 22.—Entries for Thursday are: FIRST RACE—Two-year-olds, claiming, 5/8 furlongs.

London, Oct. 22.—Betting on the Cambridge Stakes today was: Zenovis, 7 to 1.

The Athenaeum, leaders in the Karry's League, dropped a game to the Dunlops last night.

COMMERCE BOARD IS PROBING CHILDS

Restaurants in Montreal Are Under Probe by Federal Commissioners.

Montreal, Oct. 21.—Childs' Restaurant Company, Limited, is the first object of the attentions of the Canadian board of commerce in Montreal. Following a number of complaints by citizens with regard to the prices charged in the Montreal establishments of this company, officials of the company and its legal representative were summoned today before Lieut.-Col. L. R. Laficche, D.S.O., who was recently appointed examiner for the board. The company officials produced bills of fare, showing the prices charged for various articles, but it was thought that the nature of the enquiry would be too complicated for a verbal investigation, so it was decided that answers to certain questions asked by the examiner would be better answered in writing. There were no objections on the part of the company, Mr. Meredith stating that the company was quite willing to produce any evidence or documents which might be found necessary.

ASSESSMENT APPEALS

Merchants Bank Object to Paying Taxes on Building About to Be Demolished.

The Merchants Bank yesterday asked the court of revision for the cancellation of the business assessment on the building at 12-14 King street west which is to be demolished to make way for an eight-story office building. The bank's argument was that it should not pay a business tax on vacant premises soon to vanish, and more especially as it would be two years before the new building would be ready for occupation. Decision was reserved.

The Mail and Empire said that their 40-year-old building ate up nearly all the revenue in repairs. They secured a \$10,000 cut out of the \$50,000 rate on the building. The land is assessed at \$284,000 and Commissioner Smith remarked that a \$40,000 building did not fit on such an expensive site.

The court cancelled an assessment of \$14,400 on a lane beside the North American Life Assurance Company's building on King street west as the supreme court had declared the lane a public one.

PROBE COST HIGH

Board of Education Investigation Meant Bill of Over Twelve Thousand for Toronto.

That probes cost money and that a successful counsel gets a far larger fee for his services than the judge before whom he appears was clearly shown by a bill presented to the board of control yesterday in connection with the late probe of the building department of the board of education conducted by Mr. Justice Lennox. The total amount of the bill was \$12,007.07. The account includes items, amongst others, \$2,500 for the judge, \$4,026 for reporting and the fee due to Mr. Shirley Denison who acted as investigating counsel was at the rate of \$100 per day.

Controller McBride expressed surprise at this latter amount and pointed out the judge only received \$40 per day. The board decided to have the account, other than the judges, taxed as the appropriation for the investigation was only \$10,000.

RESULTS OF ELECTIONS

Clerk of Crown in Chancery Expects Complete Returns of Contest Early Next Week.

A. H. Sydere, clerk of the crown in chancery, stated yesterday that one week was allowed by law to elapse between the date of the provincial elections and the full returns being made by the various returning officers. He expects to have all the information, giving the exact votes polled for each candidate during the early part of next week.

CONGRATULATED BY QUEEN

Brantford, Ont., Oct. 22.—Miss Gilkison, daughter of the late C. A. Kilikson, Indian superintendent, has received a letter from Queen Mary extolling her sincere appreciation of all she had done for the comfort and welfare of the men who fought for the allied cause. Her Majesty sent her best wishes for health and happiness. A short account of the story of Miss Gilkison's life as connected with local history was also sent to...

"I Hope Every City and District Will Win My Flag"

When Edward, Prince of Wales—eager, bright eyed, smiling and sincere—arrived in Canada in August, and when he voiced his great admiration of the wonderful achievements of Canadians, on the fields of battle and at home, once again we were thrilled with joyous pride.

He asked concerning Canada's reconstruction programme, and when he was told of the Victory Loan 1919, he graciously consented to the use of his Coat of Arms on a flag, which is to be the prize of honour for districts achieving their quota in the loan.

In dedicating "The Prince's Flag" at Ottawa on Labor Day, His Royal Highness said in part:—

"It is a great joy to me to be associated with the loan, which is the bridge between war and peace, and which is finishing off the job."

"I hope every city and district will win my flag."

Striking, and beautiful in design, this flag will form not only an unique memento of Victory Year, but a lasting and outstanding souvenir of the visit of His Royal Highness—a visit which will remain as one of the most memorable events in Canada's history.

The reproduction above shows the design of the flag. The body is white, the edge red; in the upper left hand corner is the Union Jack, and in the lower right hand corner the Prince of Wales' Coat of Arms.

The flag is made in two sizes, 4 feet 6 inches by 9 feet for small cities, towns and villages, and 7 feet by 13 feet 6 inches for cities of over 10,000 population.

Canada has been divided into canvassing districts by the Victory Loan Organization. Each city forms one district. Other districts have been determined according to population.

Each of these canvassing districts has been allotted a certain amount in Victory Bonds to sell. To win the Prince's Flag, therefore, a district has to sell its allotment. That is the one and simple condition.

Anticipating that many districts will buy far beyond their allotment, the organization decided that for each

ARTHUR WILLIAMS BROWN

twenty-five per cent. excess of the quota one Prince of Wales' Crest be awarded. Thus the workers in a district doubling its quota will be the proud winners of four small crests for their Honour Flag. These crests will be sewn to the flag. The Prince's Crest—the three ostrich plumes—is shown at the top of the coat of arms.

To every organization with fifty or more employees, where seventy-five per cent. of the enrollment invests a total of ten per cent. of the annual payroll in Victory Bonds, a supplementary Prince of Wales Flag in smaller form—48 inches by 34 inches—will be awarded.

The allotment for each district has been carefully considered, and is based on a conservative estimate of the purchasing power of the district.

Your district can sell its allotment and thus win the Prince's Flag, provided each person does his or her share.

You will gladly do your part and encourage your neighbour to do his.

Remember YOUR purchase may be the one that decides whether or not your district is to be the proud possessor of the Prince's Flag.

The Prince's Motto is "I Serve" Will You also Serve?

VICTORY LOAN AT SMALL EXPENSE

Mere Handful of Expert Canvasers Out to Collect Millions.

A mere handful of men will repeat their good work of last year and collect nearly half of the Victory Loan 1915. They are the organization of the Dominion special subscriptions committee, and are under the chairmanship of Mr. J. H. Gundy. They collect the big sums and lesser amounts all down the line to \$25,000 subscriptions.

One of the ideas that prompted the organization in Victory Loan campaigns was the avoidance of canvassing costs to the country on all but the smallest amounts. This committee's special objects include the bringing up of small subscriptions into the \$25,000 and over class, and the securing early in the campaign of "key" subscriptions, that is, subscriptions that will give the lead in a district, industry or special line of business.

Professional bond men with a small group of volunteer workers engaged in the work of securing the larger amounts are specially chosen. They have to be, for their work is extremely important in Toronto. It is charged with the collection of big subscriptions. Last year their objective was \$29,000,000. This year they are out to get \$50,000,000 in amounts above \$25,000 and undoubtedly they will get more than they aim at.

The campaign in the United States is in the hands of eight men, covering four districts, with a few assistants in each district. These workers last year secured \$25,000,000 and now feel assured of doubling the amount. If their efforts meet with all success this little group will do much toward making the loan a greater success than even last year's.

The responsibility of collecting the large subscriptions through Canada and the United States is upon the shoulders of less than two hundred men. But their shoulders are capable of the best money-getting in the country. They are the type that can persuade a \$750,000 subscriber to make it a million.

COLORED PEOPLE CONDOLE.

William F. Seay of the African Methodist Episcopal Church extends regrets on behalf of his church and colored citizens of Toronto for the loss of the late W. J. Douglas. "Our sympathy goes out to the bereaved members of his household," said Mr. Seay.

CONDUCTED BY MRS. EDMUND PHILLIPS.

The Greenbrier, White Sulphur Springs, West Virginia, numbers among its guests the Rt. Hon. Sir Robert Borden and Lady Borden. The premier met with an accident to his knee when meeting H. R. H. the Prince of Wales at the Greenbrier Mr. Harry S. Black, New York, gave a dinner in his private car in honor of Sir Robert and Lady Borden. His guests included Mrs. Joseph E. Widener, Philadelphia; Mr. Paul Starrett and Mr. George A. Fuller, New York. On Thursday evening, Mr. John Francis Harris gave a dinner at the Greenbrier for them. At the party were Mrs. Pierce H. Butler, who lost her husband in the war, and Miss Estelle O'Brien, daughters of Mr. Morgan J. O'Brien of New York.

Mr. and Mrs. Charles Goodeve, Ottawa, have gone to England to be near their son, Col. Leslie Goodeve, who is at the Staff College, Camberley, where they have taken rooms. Miss Hartland is still with the army of occupation in Germany, but will shortly leave for England to join her sister, Mrs. Good-

The Fish Pond; Mrs. McElroy sold homemade cakes and peanuts; Mrs. Frank Stone sold ice cream. Miss B. Ellis was at the nurses' booth, Mrs. Tomlin and her daughters sold aprons. Mrs. Ferguson had dolls of all sorts. Mrs. Page was in charge of the country fair; the Basquette was arranged by Mrs. Hus-ton; Mrs. Wallace managed the tea-room. Today there will be a large bridge party in the basement, and on Friday night a dance will wind up the proceedings. The Hon. Thomas Crawford opened the fair in a neat little speech, and Dr. Augusta Stowe-Gullen told of the objects to which the money was to be applied.

Mrs. W. E. Sanford, president of the National Council of Women, has returned from England by the steamship Adriatic. Just before leaving she was honored by being received in private audience by her majesty Queen Mary, and was privileged to be the bearer of a message of greeting from Queen Mary to the members of the National Council of Women of Canada.

SIR THOMAS WHITE ON VICTORY LOAN

Ex-Minister of Finance Addresses Capital and Labor at King Edward.

Listening to Sir Thomas White, in his magnificent address to a great representation of employers and labor, at the King Edward last night, was synonymous with the privilege of every citizen of Toronto to be present. In an appeal for the part of the victory loan workers would have been unnecessary.

So logical and reasonable were the reasons for the present loan as presented by Sir Thomas, so convincing and so attractive the results in the form of practical financial benefits that those who play the part of patriot and of patriot lover, who are in Canada today in a position to face the future, no matter what it may be, are bound to be enthusiastic.

In closing, Sir Thomas asked for the enthusiastic co-operation of his audience in the order that Canada might clear off its indebtedness and start a fresh start. The cheers and applause of the gathering answered the speaker.

CONSUMERS' GAS REFUSE COPPERS

Nothing Less Than a Dime Any Use to Collectors Now.

Did you know that the Consumers' Gas Company had cut out the use of coppers and nickels entirely? A world reporter was asked by a householder yesterday. The World had not heard of it, but promised to make enquiries. Investigation revealed the sad truth that the humble copper cent and the little five-cent piece had been relegated to the limbo of the past like the hansom cab, the bar and the Hearst majority. All the bills rendered this month deal in no unit smaller than ten. Gas bills may now read \$2.10, \$2.20, \$2.30, and so on, but never \$2.05, \$2.15 or \$2.17, as previously.

Sir Adam Beck Would Give Great Satisfaction to Returned Men and Be Good for Province.

"The selection of Sir Adam Beck as leader in Ontario would give great satisfaction to returned men," declared Provincial Secretary W. E. Turley, of the Great War Veterans' Association yesterday, "and would be the best thing for the people of this province. There seems to be no man who has earned the wonderful confidence that Sir Adam Beck has during his public service in Ontario. Should our President call on the Ontario command I can safely say that Sir Adam Beck will be the G. W. V. A. choice to head the government," the address.

CLAIM ASSESSMENT ON TEMPLE BUILDING Out of All Proportion to Value.

Claiming that the assessment on the Temple building property is too high, James Boland appeared before the court of revision yesterday on behalf of the I. O. O. F. to appeal against the assessment. The land on which the Temple building stands is assessed at \$3,100 a foot.

Mr. Boland claimed that it was of no greater value than the southeast corner of Bay and Richmond, which he said, is assessed at \$2,300.

Chairman Drayton said that decision would be deferred till information is forthcoming with regard to rentals. A. W. Carrick, 166-172 Bay street, who appeared to ask for a reduction. The court reserved its decision.

BEWARE OF DECEPTION

Statistics show that when egg albumen is used as a constituent of baking powder, the amount so used is too small (usually 15/100 or 1%) to affect the quality or effectiveness of the baking powder containing it, and when so used, is plainly for the purpose of fraud. Intelligent buyers will not permit themselves to be deceived by the water glass test.

MAGIC BAKING POWDER

contains no alum or egg albumen and is guaranteed to be composed of the ingredients printed on the label—and none other.

PRICE OF NEWSPRINT ONE EVERY MINUTE. Paper Manufacturers and Newspaper Interests Effect Settlement Regarding Costs. Montreal, Oct. 22.—It was learned yesterday that following a number of conferences between representatives of the Canadian paper manufacturers and newspaper interests concerned in the long protracted controversy over the price of newspaper paper, a satisfactory settlement has been reached. The details of the agreements are not yet available pending the report which each side has to make to its principals, but it is understood that a moderate advance from the prevailing level of \$3.65 per hundred pounds, set by Commissioner Pringle some months ago, has been agreed upon. Prizes of Women's Clothing Considered by Regina Inquiry. Regina, Sask., Oct. 22.—Prices of women's clothing were under investigation today by Commissioner Rankin and Counsel W. E. Dunn, of the board of commerce. Samples of articles of women's clothing are being selected from the stores in the city to be placed on exhibition at the inquiry. No Chance for Nationalization of British Drink Traffic. London, Oct. 22.—Addressing the annual gathering of the United Kingdom Alliance, perhaps the most influential prohibition association here, President Leif Jones declared that any statesman who brought forward a measure for the nationalization of the drink traffic would not last a fortnight. A delegate who advocated state purchase encountered much opposition. "Fussyfoot" Johnson addressed the meeting.

ONE EVERY MINUTE By Billy Scott. THIS WAY OUT—POPER. SELINA IS DITCHED. SOME people think that when they've said 'single blessedness' they've said a mouthful, but I'm for hiding under the sheltering wing of an understanding 'popper' every time. My refined nature was strong for Egbert, but my artistic temperament balked at yeller tackle, and while I was making mental pictures of the old guy's purple-headed head wagon and his lost waist-line, him and Egbert was talking it over with themselves, and when the little meeting was over I didn't get a chance to tell pop that I'd be in close harmony with his millions. They settled the question for me. So here I am with nothing between me and starvation but Mrs. O'Shaughnessy's prunes. wasn't an easy mark—never sent me no gee-gaws nor daffodils, and his old man did. So you can sympathize with my feelings. But I'm ditched, I guess, and it all comes from being too ambitious. Egbert was sure easy to look at, but he

DAVIDSON SELLING AT YEAR'S HIGHEST

Hollinger and McIntyre Are Slightly Easier—La Rose Shows Strength.

Little animation was shown by the local mining market yesterday, transactions falling below 70,000 shares as compared with nearly 100,000 the day before, and the trend of prices showing irregularity with changes were, as a rule, of little importance. It had been generally expected by mining men that a bull campaign would develop on this fall, and the mercurial stock market elsewhere is a disappointment. There are, of course, obvious and obvious reasons why the gold mining industry is not thriving, the fixed price of the mines standing in the way of the reopening of a number of them being the chief factors. Other industries mining stocks in the commanding prices away up in the clouds are naturally a source of concern to the labor market, and just how long this condition of affairs is to continue is a matter of conjecture. The gold and silver stocks are quite as inert as the gold issues despite the fact that the price of silver is quoted well over 70c an ounce higher than it was before the outbreak of the war, and the uncertainty of these stocks, or the majority of them at least, is decidedly puzzling. A few days ago reports came that Wall Street was looking for a fresh boom in silver stocks, but there have been few signs of its developing. A few stocks have, however, firmed up, one of them being McKinley-Darragh. This stock sold two points higher yesterday at 75, the stock was on offer at the close of 74, with 72 1/2 bid. Trithowas was up a point to 37, Beaver 3 to 10, and Adams 4 1/2 to 11. Shareholders of La Rose mines who are acquainted with the general lay-out of the Cobalt mining camp are taking some encouragement from the announcement that Beaver Consolidated had struck a new vein. The other two points apparently not yet been thoroughly explored, but the price of the stock of the Beaver vein may extend into the La Rose properties.

Davidson sold a firm spot among the gold stocks, selling at 75, half a point above the former high record for the day. Hollinger dipped two points to 27, and McIntyre a point to 10, while Schumacher three points to 15. Dome Lake, for which 18 1/2 was bid on Tuesday, sold as low as 15 yesterday, but the closed firm bid up to 16. Moneta at 16 1/2, half a point, and 10 1/2 were each off 1/2 point. La Rose was up 1/2 point to 12 and Lake Shore at 11 1/2 were up 1/2 point to 12. The La Rose mine is a ready resumer of production at full blast. But for the necessity of installing a new conveyor to transport ore from the surface, the plant would be ready to start again. The pumping out of the mine would have been resumed a few days earlier.

MORE RESERVATIONS FOR U. S. SENATE

Foreign Relations Committee Adopts Ten, Including Provision That Big Powers Must Accept.

Washington, Oct. 22.—Reopening its consideration of the peace treaty, the senate foreign relations committee today adopted ten revised reservations, including a provision that the senate qualifications must be accepted by three of the other great powers before the treaty ratification becomes effective.

Among them was a new proposal which administration senators declared would break down the economic boycott feature of the league of nations covenant, and a reservation on article ten differing only in the transposition of one phrase from that which President Wilson has announced he would treat as a rejection of the treaty.

The ten reservations were part of a list presented by Chairman Lodge and declared by the Republican leaders to represent a compromise behind which a majority of the senate is pledged to stand.

The ten subjects covered by the reservations were: Withdrawal from league membership, article ten; the right of congress to authorize mandates; national supremacy over domestic questions; the Monroe Doctrine; Shantung; limitations on the reparations committee; the power of congress to determine contributions to league expenses; the right to increase armament in certain circumstances; the right to continue trade with a covenant breaking state.

Action on these reservations on the list presented by Chairman Lodge was deferred, and it was said more would be added to the list before the next meeting of the committee, which probably will be held Friday. Among those to be added is now being considered on the subject of the Johnson amendment on the subject, adopted by the committee, would be defeated in the senate.

During the day debate on this amendment was begun, Senator Borah, Republican, Idaho, speaking in its support, and Senator Kellogg, Republican, Minnesota, against it. The discussion will be resumed tomorrow, but the leaders do not expect a vote before Friday.

Are You Following the Upward Trend of SILVER METAL PRICES?

Why is Silver Going Up? Because the world faces a silver shortage. The world's supply of silver is being exhausted. The world's demand for silver is increasing. The world's production of silver is decreasing. The world's price of silver is rising.

It graphically portrays Silver's wonderful up-swing. Since 1915 the price of silver has advanced about 120%, and silver is still headed upward. The chart shows the price of silver in 1915, 1916, 1917, 1918, and 1919. The price has risen more than a 20% gain.
