MATTERS AT OTTAWA

CROW'S NEST PASS SCANDAL

Hon. David Mills Explains the Government's Position.

Claims the Justice Department Has Been Unduly Blamed in Connection With the Death of the Two Young Nova Scotians-Sir Mackenzie Bowell Glad to Hear the Explanation.

Ottawa, June 10.-[Special.]—In the Senate to-day Hon. David Mills, in response to a motion by Senator Power to have all correspondence on the subject brought down, gave an explanation of the conduct of the Justice Department and its Deputy Minister in relation to the deaths of the Crow's Nest Pass workmen, Fraser and Macdonald.

He said he was unable to bring down the papers asked for in the motion, as the matter formed the subject of future action by the Government. He desired, however, to make a general statement on the subject, because in the discussion of the action of the Department of Justice many things had been said that were not warranted by the facts. The first intimation the Department had of the unfortunate death of these two young men was by a telegram received from Dr. Mead, who, as a coroner, had undertaken to hold an inquest into the death of the men, and had been enjoined from doing so by either the contractors on the Crow's Nest Pass Railway or by persons acting for the Canadian Pacific Railway.

The application for this injunction was heard before Judge Rouleau, and it was granted upon the representation that Dr. Mead was the physician who had attended the young men when they died, and also that he had been an applicant for the position of physician on the Crow's Nest Pass construction, and was angry because his application had not been favorably received. On this evidence the judge granted the injunction on the 8th of February.

When the department received this statement from Dr. Mead the advice was given to him to withdraw and allow the inquest to proceed before some other coroner, but he refused to do so, and the department could do nothing but allow the inquest proceedings to go on.

These coroners were in no sense officers of the Federal Government, but were appointed under the control of the local authorities. Dr. Mead was represented at the inquest proceedings by counsel. The judge did not immediately render judgment, but reserved his decision, and it was only on the 15th of April that the department was advised that the injunction had been granted. The department then applied to its legal agent in the Northwest Territories to obtain further information and ascertain the control of the control of the local authorities. Dr. Mead was represented at the inquest proceedings by counsel. The judge did not immediately render judgment, but reserved his decision, and it was only on the 15th of April that the department was advised that the injunction had been granted.

GOVERNMENT IMPEACHED!

Mr. Davin Says the Ministry is "Leopros With Dissimulation."

Sir Richard Cartwright Awards a Contract Without Tender-La Patrie Quoted as Calling Laurier a Humbug-Mr. Bergeron and Clarke Wallace Take Exception to Epithets-Lively Time in the House.

Ottawa, June 10.-[Special.]—In supply this morning the first snag was struck in the mail subsidies and steamship subventions supplementaries. Sir Richard Cartwright has awarded to a Manchester corporation, without tender, the contract for supplying a direct fortnightly steam service between Montreal, Quebec and Manchester, England, during the summer season, and between St. John, Halifax and Manchester during the winter season. The steamers were to be of 5000 tons capacity and to have an average speed of 22 knots. For this £2000 (£55,000) subsidy was asked to be voted by the House per annum.

Mr. Foster severely reprimanded the Minister of Trade and Commerce for letting the contract without tender, and for leaving the matter until the end of the session without offering to lay the contract on the table.

Sir Richard informed the House that the contract was not yet signed, although an agreement had been arrived at. He accused the Opposition of delaying the progress of the estimates by irrelevant, long-winded speeches. This Mr. Foster denied and showed that the lapse of time had not justified the Government's haste in trying to award the Mann and McKenzie contract.

Sir Richard spoke of his contract in an apologetic vein, but Mr. Fielding, rising, spoke of it as a triumphant coup. He claimed that the clamorings of the Opposition press to the Government to build a railway to the Yukon was a sufficient vindication of the Government.

Leopros With Dissimulation. Mr. Davin followed and asked the Ministry for its "legitimation." It had failed to carry out a single pledge. It had removed the shackles from the Northwest farmer. The Premier had promised the French Catholics another remedial bill, but when he got to power he had appealed to Rome to have the Pontifical See call off its dogs, and when questioned about his letter to Cardinal Rampolla, had replied evasively. Mr. Davin had honored and respected Sir Wilfrid when he was leader of the Opposition. His broken pledges had deadened this regard. There was Sir Richard Cartwright, "the poor blind Simpson, telling for the Philippines, whom, in his heart, he despised." [Laughter.] Mr. Davin dubbed Mr. Tarte a "professed bandit" and withdrew the remark, adding that Mr. Tarte was at least so regarded throughout the country. Next in line came "the young Napoleon," Mr. Sifton, who, in campaigning for the late D'Alton McCarthy in Brandon, had sounded the slogan of free agricultural implements. These, with other pledges of economy and retrenchment, had all been abandoned. The Ministry was "leopros with dissimulation." [Applause.] The Communes also voted their selves more privileges by approving of Mr. Fielding's resolution to perpetuate the arrangement of this session, whereby members were made exempt for fifteen days during the session from the statutory deduction of \$8 from the \$1000 indemnity for each day's absence from a sitting of the House or of a committee.

Col. Hughes, having received intimation that a Northwest Mounted Policeman, a young man formerly under his command, had been lost in the Chilcoat Pass, drew from the Minister of the Interior a statement.

Two Americans and 35 Spaniards were killed in a skirmish at Aguaduros, Cuba, shortly after the American marines were landed a week ago.

Cable communication between Santiago de Cuba and Port au Prince, Hayti, is still interrupted, according to American reports. The Spanish Foreign Minister, however, says it is not cut.

The whole Island of Luzon, the principal one of the Philippine group, is said to be up in arms against the Spaniards. A racial struggle has begun and no Spaniard is spared. The insurgents are particularly furious against priests and friars.

The torpedo boat Terror, reported sunk by the Oregon, is still afloat. Japan has entered a strong protest at Washington.

The second Manila expedition is to leave San Francisco next Wednesday and will comprise 5000 troops on six steamers.

The outer harbor of Guantanamo, Cuba, is now under the Stars and Stripes, the warship Marblehead being in control.

U. S. despatch boat Dolphin fired on a railroad train of soldiers at Port Antonio, Cuba, and many of the troops were killed.

Santiago was again bombarded yesterday—details not reported.

SANTIAGO AGAIN SHELLED.

For Three Hours Yesterday Morning the Happiest Place Was Bombaraded.

New York, June 10.-[Special to The Toronto World.]—A cablegram from Havana, received here to-day, via Bermuda, says that the American fleet again bombarded Santiago to-day. The engagement lasted from 8 to 11 o'clock and covered the landing of the troops. The Spaniards claim the Americans were repulsed.

Least Remo of the United States navy reached here to-day on the steam craft, Batracina, accompanied by a Cuban guide, with whom he has been traveling for some time in Cuba. He is said to be the bearer of important documents for the State Department at Washington.

A Key West special says: A spy was arrested here on Wednesday and quietly shipped north. Details as to the action that led to his arrest were not made public here, because two other suspected men are being watched, and it is feared they might elude the officials should they learn their movements were shadowed.

Washington special: The general idea here seems to be that General Schley will be divided, after taking Santiago, will be divided, one part remaining at Santiago and the other going to Ponce, Porto Rico, and accomplish the conquest of that island; both, or parts of both, later to join in the attack upon Havana.

Washington special: Orders were issued for Batteries B, H, K and L of the Third Artillery, now at the Presidio of San Francisco, to join the command of General Merritt for duty in the Philippines. Light Batteries D and G from the Sixth Artillery, stationed at Washington Barracks and Fort Myer, will leave Tuesday for San Francisco.

THE CADIZ FLEET LOITERING.

Waiting Till Cervera is Smashed—Authorities Resolute.

New York, June 10.—A special to The Herald from Cadiz says: The reserve fleet, consisting of two ironclads, one cruiser, 20 torpedo boats, three torpedo boat destroyers, with seven auxiliary cruisers and 2500 troops, is under steam. The order is that these ships are now to be kept up continuously, so as to be ready to depart at any moment. There was, however, an accident on board the Albatross XIII, whose torpedo tubes proved defective. She was compelled to return to the arsenal.

This, it is said, causes the delay, but it is believed that the accident is simply an excuse to keep the fleet at Cadiz. Your will not sell, as the authorities do not wish to leave. They will wait until a catastrophe has happened to do not the squadron from sailing at once, but Admiral Canara and his officers and men have quite lost their heads.

Object to the Tea Duty. Washington, June 10.—Japan has entered protest against the duty on tea provided for in the war revenue bill. The protest was sent to the State Department, forwarded to the Conference Committee. The duty is a uniform duty of 10¢ a pound on cheap or dear, will have the effect of ruling Japan's tea trade with the United States. Japan, it says, would not object to a duty graded according to value. The protest was submitted as a result of instructions sent from the Japanese Foreign Office.

MR. HAYS AND THE NEW REGIME. By-stander, in The St. Johns (Que.) News, commenting on the Hannaford v. G.T.R. case, and contrasting the old regime of that railway with the new, says: Mr. Hays is down at his work at 9 o'clock in the morning. He generally walks to the Point, but, if in a great hurry, he will permit himself the luxury of a street car. This may seem a trifle in a man who we think as clearly at 10 as at 9 o'clock, but it has worked a revolution in the Grand Trunk system. Punctuality is understood for the first time in the history of the company. Duty means enthusiastic and earnest and unflagging work. Nepotism has been taken by the shoulders and bundled out of the thought of the new management. The sole test is merit. The humblest person has as much chance of preferment as the nephew of the president. Mr. Hays is a direct, simple, democratic personality, and every officer under him is accessible to the public at all times. The new manager would be vastly surprised to see one of his officers coming down to his office in his carriage at 11 o'clock in the day, as was the case under the old regime.

TROLLEY CRUSHED HIS HEAD.

Presbyterian Clergyman Killed While Wheeling in Montreal.

He Was From Picton, N.S., Attending the General Assembly—Montreal Contractors Take Umbrage—Spaniards Still in Canada—Sir Adolphe Chapleau's Condition—Montreal News.

Montreal, June 10.-[Special.]—A very sad accident occurred this evening in Chabot-square, by which Rev. R. J. Grant of River John, Picton County, N.S., a delegate to the assembly, lost his life in the most tragic manner. This afternoon the reverend gentleman secured a bicycle and took a run to Leclerc. He was returning home along Notre Dame-street and about 7 o'clock was spinning along abreast of an electric car. They kept together for a while when suddenly the wheel fell over, and being caught by the fender, Mr. Grant was thrown under the car. His head was crushed and death took place instantly. Deceased had only been ordained two years and was 30 years of age.

Montreal Contractors Ignored. There is a big row here in building circles over the fact that the contract for the stonework of the new London and Lancashire Life Assurance Company's St. James-street building has been given to a Providence, Rhode Island, firm, and that the Montreal firms have been passed over. The latter assert that the whole thing was a put-up job and that the foreigners were given an undue advantage over the Canadians as regards exhibiting the plans. Be this as it may, the general public believe that a great error has been committed by the London and Lancashire people, and that no logical justification can be offered for handing the job over to alien contractors. The same thing was done here some years ago, when a Yankee firm received the contract for the building of the Y.M.C.A. building on Victoria-square, just because their price was a little lower than the Montreal tenders. The result was that the structure fell in before the roof was put on, and, as the contracting firm failed at a short time after—their bondsmen completed the job at a big loss.

La Patrie Says This. This is what La Patrie says up to its readers to-day: "Clarke Wallace made it a point never to attend the caucus of the Tory party when Sir Charles Tupper was present."

The liveliest satisfaction, that the Orange leader was present at Wednesday's caucus. We are convinced," concludes La Patrie, "that Sir Charles Tupper will be decapitated before his return."

Spaniards Still in Montreal. Carranza and Du Bose are still here, and the story from Ottawa that Major Sherwood had started out on an expedition of expulsion was evidently a fake. One thing appears to be certain: if the Spaniards go, they will have to be followed by every Yankee spy in the land.

Mr. St. Pierre, Q.C., states that during the war of secession an expedition of Southern troops had taken possession of St. Albans, where they sacked a bank and killed a man. They took refuge in Canada, where extradition proceedings were taken against them. The court declared that they had committed no criminal act, but that they had only acted as taking part in the war. They remained in Canada until

the end of the war, and, although their position was more compromising than that of Messrs. Carranza and Du Bose, no one thought of expelling them.

Sales of Mining Shares. War Eagle was slightly weaker here to-day, but about 20,000 shares of Monte Cristo were sold at from 33c to 35c, the last being the closing figure.

Sir Adolphe Chapleau's Condition. Sir Adolphe Chapleau held his own since deposed, but it is well known that the doctors have little hopes of saving the ex-Governor's life.

TORONTO'S PRO. AHEAD.

Ritchie of Rosedale Beaten by Three in the First 19 Holes.

An interesting golf match was played on the Rosedale links yesterday afternoon between Ritchie, the professional at Rosedale and Smith, the pro. of the Toronto Club. A large number of the members of both clubs witnessed great interest in the game of which the second half will be played this afternoon on the Toronto links at Scarborough. The score was fairly even, each man being in the lead at times, but the Toronto player scored three at the close and thus finished three holes up. The strokes for each of the 19 holes were scored as follows: 453-465 445-344 455-470 457-474 455-345 454-364-32

Vardon's Golf Championship. London, June 10.—The third round in the annual open championship golf contest was played on the Prestwick links yesterday. The best scores were: Park 228, Vardon 231, Tait 233, Taylor 233 and Hilton 234.

The championship was won by Vardon, who is a Scarborough professional. His score was 307. Park's score was 308, Hilton's 309 and Tait's 314. The scoring was brilliant.

This is Vardon's second win in the open championship. His previous win was in 1880, after a tie with Taylor.

The Athenian Bicycle Club will hold a club run to Long Branch this afternoon, leaving the club at 2:15 o'clock.

TOO GOOD TO PLAY BASEBALL.

Toronto and Providence Rest Prior to To-day's Double-Header.

President Powers Will Keep Tabs on Umpire O'Laughlin—The Other Teams Played, Victory Resting With Montreal, Syracuse and Wilkes-Barre Many Amateur Games for To-Day.

The weather was cold and raw, and it was raining around 4 o'clock yesterday, and so Providence and Toronto postponed the game, taking a rest prior to the double-header this afternoon.

There promised to be friction between the Island League and Toronto Club owing to this afternoon's game being put back, but everything was smoothed out amicably at the meeting last night. The Queen City and T.A.C. will likely play the game scheduled for to-day on Wednesday at 4 p.m.

It is understood that President Powers will have a representative at the Island this afternoon to watch Umpire O'Laughlin and see if he is heavy as he had reported said to be on Thursday. The record to date:

has given Pitcher Cookley his release. Cookley has been a member of the Barons so long that he is no longer an attraction in the miring town.

Manager Rowe of Buffalo says that he expects to add Pitcher Amole of the Washington team to the local pitching corps within a few days. Amole is the son-in-law that Baltimore gold-bricked on the Wagner.

Jamison, one of the four pitchers with Wilkes-Barre now that Cookley has been released, is a full-blooded Indian and looks the part, as he is swarthy, active and lithe and learned to play ball at the Carlisle Indian School in Pennsylvania.

The deal by which Stenzel and Quinn were to go to St. Louis for Holmes and a cash consideration is hanging fire, and may not be consummated after all. It appears glibly, as a full-blooded Indian and looks the part, as he is swarthy, active and lithe and learned to play ball at the Carlisle Indian School in Pennsylvania.

If President Freedman's terms are satisfactory, Phillips to replace the Young In New York baseball team for the remainder of the season. Freedman, it is said, has decided to satisfy the popular clamor for a successor to Scruppy Bill Joyce. Uncle Sam's recollection is the son-in-law that Baltimore gold-bricked on the Wagner.

REV. MR. MADILL EXPLODED.

His Name Struck Off the Roll of the

Congregational Union

By Forty-Six Votes to Twenty-

Five—His Unavailing Defence—

Graphic Sketch of a Unique Scene—

Angry Passions Rose and Dis-

order Reigned.

The public notice that Rev. J. C. Madill,

the disciplined pastor of Hope Church,

would resign to his detractors in the

Congregational Union drew a large crowd

to the conference hall yesterday morning.

The assembled ministers sang with zeal, "Re-

ceive the Perishing, Jesus is Merciful, Jesus

Can Save," and then, having sung, Mr.

Madill took the chair, summoned Mr.

Madill before their judgment seat.

The condemned minister was faultlessly

attired in a frock suit and his face, despite

a slight disfigurement on the left eye, was

fresh and courageous. He was attended

by his kind-faced and faithful wife, who

was dressed in black and white, and by

Deacons Black and Stewart.

The conference decided to allow him 15

minutes to make his defence and all other

speakers five minutes each. As he walked

towards the platform through the long rows

of kneeling clerics and their often pitying

wives, Rev. Mr. Madill of Hamilton grasped

his hand cordially and whispered, "Keep

your head up, Madill, what are you ashamed of?"

In spite of these "Platform," he faced

his white-fac'd Deacon Stewart call out,

"Go up, Madill, what are you ashamed of?"

At Secretary Gerie's suggestion,

the Union here decided that the boycotted

minister should not be allowed to reply to

his standing charges of falsehood. He

must stick to grievances of the past year

and, although he protested that the commis-

sion had several times relitigated these

same charges of falsehood in all the public

press only this week, he spoke to deaf

ears. The committee here decided that he

declared that he did not know what the

new charges were, but Lawyer Letts of

Montreal and a lawyer from the lobby

secured laymen called for British fair play

and a little of it was given.

Rev. Mr. Hyde, who sat in the lobby

had assured a World reporter that there

was "nothing in it," read the document.

The first charge that he was always rum-

oring to the press with stories of persecu-

tion, Mr. Madill denied. He owned pub-

licly, however, that he had some ground

to think he was persecuted, as all of the

city Congregational ministers had refused

to preach in his pulpits and had some ground

to think he was persecuted, as all of the

E. A. MACDONALD'S CHARGES

Specifically Stated and a Copy Sent

to the City Clerk Yesterday

Following are the charges preferred

against Mr. William McKenzie, Mr. William

Laidlaw and others in reference to the

acquisition of the Toronto Railway fran-

chise of the city of Toronto, hereby publicly

make the following charges:

1. I charge that William McKenzie, Wil-

liam Laidlaw and others did, during the

year 1891, conspire to procure, and did pro-

ceed, by bribery, fraud and other corrupt

unlawful means, from the corporation of

the city of Toronto the assets acquired by

the said corporation from the Toronto

Street Railway Company and the right of

franchise to own, control and operate

street railways within the said city upon

the terms set out in a certain agreement

between the said corporation and the pur-

chaser of the said assets, which agree-

ment is dated the 1st day of September,

1891, and set out and embodied in full in

and confirmed by a special Act of the

Legislature of Ontario, incorporating the

Toronto Street Railway Company, which Act

is chapter 90, Ontario Statutes, 1892; said

assets and right of franchise having been

transferred to the said corporation and

before them at the time several better as-

sets tenders or offers for the said assets

and right of franchise.

2. I charge that a judicial investigation

held by His Honor Judge Eustace Mc-

Donnell, County Judge for the County of

York, which investigation was authorized

by a resolution of the Council of the cor-

poration of the city of Toronto, passed on

the 12th day of November, 1891, was sud-

denly and improperly terminated and

closed in the interests of the said McKen-

zie, Laidlaw and others, and to prevent the ex-

posure of the offences set out in the last

preceding charge, and against the public in-

terest and the proper administration of

justice.

3. I charge that during the ten years

last past, or portions thereof, Noel G. L.

McDonald, and other officers of the Stan-

dard Fuel Company, Limited (formerly the

C. J. Smith Company, Limited) did con-

THE TORONTO WORLD ONE CENT MORNING PAPER.

UNCLE SAM'S ARMY. Replying to an editorial in The World of June 6, entitled "Canadian Military Promptness," The Buffalo Evening News disputes the truth of the statement that six weeks after the war began the United States Government had been unable to enlist and equip a volunteer force of 120,000 men or recruit their regular standing army up to its authorized standing, and that New York State had not nearly made up its quota of 12,500 men.

The Buffalo News admits that four weeks after the President's first call for 125,000 men, the Adjutant-General was only able to report the mustering in of 110,000 men. It publishes the following figures to show the present standing of the United States military force:

Regular army 62,000, Volunteers from State militia (first call) 125,000, Three cavalry regiments, 3,400, Ten infantry regiments, volunteers (immunes) 10,000, Engineers (large) 7,500, Volunteers (second call) 75,000, Grand total 278,000.

But this is only a paper army. It does not represent the real army of the United States. The leading newspapers of New York city state that many of the men who responded to the second call for volunteers, made after the first call proved a failure, are being used to fill up the regiments that should have been completed from the first call.

As regards equipment, newspaper correspondents in Florida state that some of the troops have no uniforms and that very few have uniforms suitable for a hot climate. Letters from New York volunteers in Florida, published by The New York Journal, show that many of the soldiers are shoeless or almost so.

The Two Documents

Two Legal Papers met on their way to the funeral of a smart business man. By way of introduction, one said: "I am a Mortgage Deed, and I shall have most of his property." "By no means," said the other, "I am an Insurance Policy, and was born to outwit just such fellows as you are. I am for the family every time."

Moral:—Protect the estate by placing sufficient insurance on your life, so that your family will not suffer through neglect on your part when you have been taken away from them by the hand of death.

Make a wise choice by insuring in a good sound Company, such as the North American Life, under its Compound Investment Plan, and thus secure a contract combining the maximum of legitimate advantages obtainable under an Insurance Policy.

Pamphlets explanatory of the Company's attractive Investment Plans and copies of its last Annual Report, illustrated, furnished on application to the Head Office, Toronto, or any of the Company's Agents.

MUST BE DECENTLY HANGED. Ontario Government Instructs the Sheriffs How to Conduct Executions.

The Ontario Government has decided that murderers must be decently hanged, and in an orthodox manner. Therefore, realizing that these little functions should be uniform, and recognizing that system is a desirable thing, the sheriffs of the province, who are the middlemen between the judge and the undertaker, have received the following rules:

1. For the sake of uniformity, it is recommended that the executions should take place at the hour of 6 a.m.

2. The mode of execution and the ceremonial attending it to be the same as heretofore in use.

3. A black flag to be hoisted at the moment of execution upon a staff placed on an elevated and conspicuous part of the prison, and to remain displayed for one hour.

4. The bell of the prison, or, if arrangements can be made for that purpose, the bell of the parish or other neighboring church, to be tolled for 15 minutes before and 15 minutes after the execution.

They Are Carefully Prepared.—Pills which disintegrate themselves in the stomach cannot be expected to have much effect upon the intestines, and to overcome constipation the medicine administered must influence the action of these canals.

THE PRESBYTERIAN ASSEMBLY.

Reports of Missionary Committees

Very Satisfactory. Donations Received.

Montreal, June 10.—At yesterday's session

of the Presbyterian General Assembly

a large amount of routine business was

disposed of, but there was nothing of

very general interest.

The Assembly this afternoon agreed to

the organization of a new Presbytery for

Parry Sound and Nipissing districts.

It was announced that the Govern-

ment-General and Lady Aberdeen would

visit the Assembly next Tuesday.

At to-night's session of the General

Assembly a good portion of the sederunt

was devoted to town duties.

REV. DR. TOMANCO.

The New Moderator of General Assembly

taken up with the presentation of the

report of the Home Mission Committee,

eastern and western sections, which were

of a very satisfactory nature. The reports

were received and adopted. In connection

with the reports, it was announced that

Mrs. George Brown, widow of the late Hon.

George Brown, had sent a contribution

of \$25 to the Klondike Mission

Fund. The announcement was received with

loud applause.

A motion of Rev. Dr. Caven of Toronto

was passed, expressing thanks to the

various bodies which had contributed to

the missions, expressed satisfaction at

the action of the committee in sending

missionaries to the Klondike field, and

also endorsing the action of the women's

association in sending nurses to the

Klondike. Several addresses were made

on missionary work.

Toronto Junction, June 10.—(Special.)—The

long and urgent request for a railway sta-

tion on the Grand Trunk Railway at a

point convenient to all parts of the town

about to be granted. The Grand

Trunk Railway heretofore has had three

stations in the town limits, one at Royce-

Davenport. This morning, the Royce-ave-

nuenue station was torn down, and it is the

intention of the company to remove the

Carlton station to Weston-road station.

There is a possibility, too, that with the

change, they will call the station Toronto

Junction. The nomenclature of the various

stations has frequently been the cause of

persons booked for Toronto Junction being

Sugar and B. R. T. the Features, and Southern Railway Stocks the Exceptions, on Account of Yellow Fever Outbreak—Cable Higher, Richelieu Steady and C. P. R. Weaker.

Friday Evening, June 10. Stocks on Wall-street showed marked activity to-day, and an immense volume of business was done.

Sugar, after an initial decline, closed 4 points higher than yesterday. Tobacco, after receding on the war tax imposition, fully recovered itself.

On the Montreal Exchange, Cable advanced and War Eagle sold at 202, while C. P. R. was off a little to 82 1/2.

In London, Americans declined, closing 3/4 to 1 1/2 lower than yesterday. The loss in C. P. R. was 2 1/2.

Consols closed unchanged at London. In Paris, 3 per cent. rentes were at 103 1/2.

The amount of bullion gone into the Bank of England on balance to-day is £24,000.

Spanish funds closed at 33 1/2 in London and at 33 1/2-1/4 in New York.

At New York, U.S. bonds closed at 121 1/2; U.S. four, 107 1/2; do. coup, 109 1/2; do. second, 105; U.S. five, reg, 110 1/2; do. coup, 110 1/2.

Gold in United States Treasury, \$108,000,000.

Grain Trunk four was added at 77 1/2, and the second preferred shares at 66, later at 64 1/2.

C. & S. Lawrence earnings for fourth week in May, \$18,000,000, an increase of \$400,000 over the third week.

St. Paul's earnings for first week in June showed increase of \$47,441 over same week last year.

It is believed that the new issue of \$200,000,000 in United States bonds, to be made next week, will be over-subscribed.

Business Failures. According to B. D. Dun & Co. the failures in Canada for the week ending June 9 totalled 17, against 30 the corresponding week last year.

Bank Clearings. The aggregate bank clearings in the Dominion for the past week, with the usual comparisons, are as follows:

Bank of Montreal. June 10, '97, \$1,883,134; June 10, '98, \$1,883,134.

War Eagle Dividend. The War Eagle consolidated Gold Mining Company to-day declared its second monthly dividend of 1/2 per cent, payable on July 15.

Merchants' Bank annual statement. Issued to-day, shows that the net profits after payment of interest and charges and providing for bad and doubtful debts, amounting to \$140,437.96, balance from last year, \$117,122.

Money Markets. Money markets continue easy. On the local market call loans are down to 5 per cent. In New York call loans to-day were at 1 1/4 per cent.

Important Judgment as to the Statute of Limitations. Mr. Justice Rose has given judgment in Bailey v. King. The plaintiff in the action commenced last summer, alleged that the defendant wrongfully ejected the plaintiff's wife away from him.

The learned judge holds that the wrong continued from moment to moment so long as the defendant continued to keep her away from her husband, and as the plaintiff alleges in his statement of claim that she was wrongfully ejected from the matrimonial home, the wrong was continuing, he is entitled to go to trial, as the statute had never commenced to run.

UNITED EMPIRE LOYALISTS

Congratulations on Honors—Career of Capt. Samuel Anderson—May Visit Adolphustown.

At the meeting of the United Empire Loyalists' Association, Mr. Madam Howard was in the chair, and there were also present: Mr. Eakins, Mrs. Jarvis, Mrs. Edmund Jarvis, Miss Lucy Howard, Mrs. Maccall, Mrs. Hills, Mrs. D. B. Bead, Mrs. Dignam, Mrs. and Miss Grant Macdonald, Mrs. Dunn, Miss Secord, Miss Humberstone, Mr. Chadwick, Mrs. Forry, Mrs. S. E. McDonald, Mr. John McBean, Col. Shaw, Mr. and Mrs. Stephen Jarvis and Mrs. Alexander Courtenay.

Mr. T. C. Keeter was elected an honorary vice-president and the following as members: Mrs. Glass, Dr. Overton Macdonald, Miss Helen S. M. Grant Macdonald, Miss Mary Powell Jarvis, Miss Bertha Margaret Jarvis, Miss Augusta Low Jarvis, Mrs. William Duncan, Powell Jarvis, Mr. Aemilius Irving Jarvis, Mr. D. G. Macdonald, Massey Station, Algoma; Mrs. Morden, Bar, D. B. Bead, Mrs. Dignam, Mrs. and Miss Grant Macdonald, Mrs. Dunn, Miss Secord, Miss Humberstone, Mr. Chadwick, Mrs. Forry, Mrs. S. E. McDonald, Mr. John McBean, Col. Shaw, Mr. and Mrs. Stephen Jarvis and Mrs. Alexander Courtenay.

Important Judgment as to the Statute of Limitations. Mr. Justice Rose has given judgment in Bailey v. King. The plaintiff in the action commenced last summer, alleged that the defendant wrongfully ejected the plaintiff's wife away from him.

The learned judge holds that the wrong continued from moment to moment so long as the defendant continued to keep her away from her husband, and as the plaintiff alleges in his statement of claim that she was wrongfully ejected from the matrimonial home, the wrong was continuing, he is entitled to go to trial, as the statute had never commenced to run.

An Interesting Exhibit. The new clothing section in the Robert Simpson Company's store presents unusually interesting features.

It is proposed to celebrate the anniversary of the meeting of the United Empire Loyalists at Adolphustown, a visit to that place. The association will be joined by loyalists from the Bay of Quinte.

LORD WOLSELEY OUR NEXT. Said to Have Been Offered the Governor-Generalship of Canada—Belief He Will Accept.

New York, June 10.—A despatch to the Tribune from London says: The British Government has had unusual trouble in filling the vacancy for the viceregency of Canada. Numerous candidates, but no appointment has been made.

FROM THE QUEEN TO THE HUMBLEST SUBJECT. The managers of Cooke's Church, with their usual foresight, have provided accommodation for those who attend the services with their families.

WHEAT IS VERY IRREGULAR

With Bearish Factors Still Quite Influential.

Some Ontario and Manitoba Wheat Moving at Reduced Figures—English and Continental Markets—Quotations and Gossip.

Friday Evening, June 10.

Wheat continues irregular, but a decline in the American market has led to a rally this morning on the Chicago board, and all deliveries gained from a fraction to a cent. Later in the day, however, the brilliant State crop reports which came in excited a bearish influence, and a decline occurred. July wheat closed 1/2c, Sept. 3/4c and the June delivery 1 1/2c above the previous close. July wheat rose a couple of cents in New York, but the market slumped again in the Northwest.

ST. LAWRENCE MARKET.

Receipts of grain being light to-day—900 bushels all told. Wheat steady, 400 bushels selling at 90c to 91c, white 94c to 95c, red 93c to 94c, good 92c.

Barley steady; one load sold at 35c per bushel. Oats firm; 300 bushels sold at 35c to 35 1/2c. Peas firm; 100 bushels sold at 55c to 56c.

Hay steady; 25 loads sold at \$7 to \$8.50 per ton. Straw easier; 3 loads sold at \$5.50 to \$7 per ton.

Dressed hogs firm, selling at \$6.15 to \$6.35 for general run, with some few very choice light at 70c per pair. Butter firm, selling at 12c to 15c. Eggs firm at 10c to 12 1/2c per dozen.

Ducks, old, sold at 40c to 50c per pair. Spring chickens, 60c to 70c per pair.

Grain: Wheat, white, bush, \$1.04 to \$1.05; red, bush, \$1.03 to \$1.04; timothy, bush, \$1.02 to \$1.03; barley, bush, \$1.01 to \$1.02; oats, bush, \$0.95 to \$0.96; peas, bush, \$0.93 to \$0.94; buckwheat, bush, \$0.88 to \$0.89.

Red clover, bush, \$3.00 to \$3.40; alfalfa, bush, \$2.25 to \$2.40; timothy, bush, \$1.25 to \$1.35; beans, bush, \$0.90 to \$0.75.

Dairy Products: Butter, lb, rolls, \$0.12 to \$0.15; creamery, \$0.13 to \$0.16; large rolls, \$0.12 to \$0.13; eggs, new-laid, case lots, 10 to 12 1/2c; cheese, lb, \$0.10 to \$0.11.

Fresh Meats: Beef, hindquarters, cwt., \$7.00 to \$8.00; forequarters, cwt., \$6.00 to \$7.00; lamb, yearling, cwt., \$8.00 to \$9.00; mutton, cwt., \$5.00 to \$6.00.

That Grain-Buying Case. The council of the Board of Trade, at a special session to-day (Friday), resolved to support the grain section of the board in its decision already rendered of appealing against Judge Morson's judgment in the case of White v. Mcintosh, and if the selling judgment is found to be good law to ask the Attorney-General to amend the existing statute. It was remembered that in the case in question the defendant, Mcintosh, a Toronto grain dealer, bought of the plaintiff, White, a certain quantity of wheat at a certain price, and that afterwards Mcintosh refused to pay the full price he had agreed upon on the ground that the wheat was not up to the standard of the contract, and that the wheat, though sold to Sydney Green, and recovered judgment for the full price.

The resolution passed by the Board of Trade council yesterday reads: That, in the opinion of the board, the judgment rendered in White v. Mcintosh is one that would work great injury, if taken as a precedent, in buying and selling commodities, and that, owing to the importance of the principle involved, the council hereby endorse the action of the Board and Milling Section of the board, and pledge themselves to exert all the influence which they may properly exercise in support of the remedying of the vicious state of affairs which would obtain if the decision should be regarded as a precedent.

It is understood, by the way, that the farmers of the country also oppose the matter, and that they have called a meeting to be held at the Union Hotel on Saturday, June 18. They will likely suggest the appointment of official inspectors to pass upon the quality of all farmers' wheat coming into the Toronto market.

Argentine Wheat.

Argentine wheat shipments for the week to the United Kingdom have been 20,000 quarters, to the Continent 1,000 quarters, and to United Kingdom, 20,000 quarters; to Continent, 1,000 quarters.

The present visible supply of wheat in Argentina is placed at 1,500,000 bushels, against 1,800,000 bushels last week, and 400,000 bushels the corresponding day last year. The visible supply of corn is 1,000,000 bushels, against 2,500,000 a week ago and 1,000,000 a year ago.

Wheat Crop Average.

The most difficult point in crop reporting is always a determination of the comparative acreage year with another. This year is especially difficult in the case of wheat, because of the fact that the conditions have stimulated an effort to raise a great crop through June and July, and its usual careful enquiry through county agents, and a consolidation of these local returns shows that farmers in every section have united in seeding an enormous crop. In the United States winter wheat has an apparent increase of 7.2 per cent. over last year's harvested area, bringing the total winter wheat acreage now growing, for harvest up to 25,651,000 acres. But for the drought failure in California, where more than 1,000,000 acres which were planted have been abandoned so far as grain is concerned, and are being cut for hay, the breadth this year would approach 27,000,000 acres.

The spring wheat acreage shows a radical increase in every State, and in some districts this change is nothing short of a revolution. For the whole breadth of spring wheat, the consolidated country estimates show an increase over last year's great average of 17.3 per cent. This brings the spring wheat acreage up to 17,588,000 acres.

WHEAT IS VERY IRREGULAR

With Bearish Factors Still Quite Influential.

Some Ontario and Manitoba Wheat Moving at Reduced Figures—English and Continental Markets—Quotations and Gossip.

Friday Evening, June 10.

Wheat continues irregular, but a decline in the American market has led to a rally this morning on the Chicago board, and all deliveries gained from a fraction to a cent. Later in the day, however, the brilliant State crop reports which came in excited a bearish influence, and a decline occurred. July wheat closed 1/2c, Sept. 3/4c and the June delivery 1 1/2c above the previous close. July wheat rose a couple of cents in New York, but the market slumped again in the Northwest.

That Grain-Buying Case.

The council of the Board of Trade, at a special session to-day (Friday), resolved to support the grain section of the board in its decision already rendered of appealing against Judge Morson's judgment in the case of White v. Mcintosh, and if the selling judgment is found to be good law to ask the Attorney-General to amend the existing statute. It was remembered that in the case in question the defendant, Mcintosh, a Toronto grain dealer, bought of the plaintiff, White, a certain quantity of wheat at a certain price, and that afterwards Mcintosh refused to pay the full price he had agreed upon on the ground that the wheat was not up to the standard of the contract, and that the wheat, though sold to Sydney Green, and recovered judgment for the full price.

The resolution passed by the Board of Trade council yesterday reads: That, in the opinion of the board, the judgment rendered in White v. Mcintosh is one that would work great injury, if taken as a precedent, in buying and selling commodities, and that, owing to the importance of the principle involved, the council hereby endorse the action of the Board and Milling Section of the board, and pledge themselves to exert all the influence which they may properly exercise in support of the remedying of the vicious state of affairs which would obtain if the decision should be regarded as a precedent.

It is understood, by the way, that the farmers of the country also oppose the matter, and that they have called a meeting to be held at the Union Hotel on Saturday, June 18. They will likely suggest the appointment of official inspectors to pass upon the quality of all farmers' wheat coming into the Toronto market.

Argentine Wheat.

Argentine wheat shipments for the week to the United Kingdom have been 20,000 quarters, to the Continent 1,000 quarters, and to United Kingdom, 20,000 quarters; to Continent, 1,000 quarters.

Wheat Crop Average.

The most difficult point in crop reporting is always a determination of the comparative acreage year with another. This year is especially difficult in the case of wheat, because of the fact that the conditions have stimulated an effort to raise a great crop through June and July, and its usual careful enquiry through county agents, and a consolidation of these local returns shows that farmers in every section have united in seeding an enormous crop. In the United States winter wheat has an apparent increase of 7.2 per cent. over last year's harvested area, bringing the total winter wheat acreage now growing, for harvest up to 25,651,000 acres. But for the drought failure in California, where more than 1,000,000 acres which were planted have been abandoned so far as grain is concerned, and are being cut for hay, the breadth this year would approach 27,000,000 acres.
