have put a new dollar in the pocket of their new suit since yesterday. We have still a number of those extra value suits at \$7.50, with the new one dollar bill thrown in. We'd like you to see them, Mr. Keen Buyer. We fancy they'll just suit you — excellent patterns, style just right and fit to perfection. If you have never heard of Oak Hall, ask your neighbor, or ring up Main 1071 and we'll tell you where we are and the nearest way to our store from your place.

AGAINST THE CITY'S INTERESTS

Bill Granting Charter to Hamilton Railway Co. Will Be Opposed.

The city's legal department is anxious about the Hamilton Railway Company's bill, which passed the Railway Committee in Ottawa on Thursday. The bill provides for a railway which is to start at a point "in or near the city of Toronto," and it is these latter words which have caused the excitement. The city had received no notice whatever of the introduction of the bill, and the first notice sent to the law department came from E. P. Clarke, M.P. A conference was held yesterday morning with the Mayor to give the bill a thorough consideration. The Mayor was very much surprised that such a bill should have been brought up without the city being notified. He thought there were a number of questionable features in the bill, which should be carefully guarded against. He is also afraid it might lead to an amalgamation with the Toronto Railway Company, in which case a satisfactory agreement with the radical railways would be next to impossible. Mr. Fullerton thought Mr. Clarke had done the city a service in sending a copy of the bill so quickly. The department was preparing to fight the proposed charter as a financial trap.

NO "SHAVE" ORDER.

Montreal, June 12.—Some commotion, it seems, was caused in Toronto by the dissemination of a report to the effect that the Grand Trunk and C.P.R. had determined that for the future all conductors and brakemen would have to shave. Mr. Spencer, superintendent of transportation, said today that the C.P.R. did not care what a man wore, beard or moustache, or both. He might possibly be cleaner without both, although if a man took care of himself, he would probably look better with hair on his face than without. At the same time the C.P.R. had no objection to men with a beard or moustache, as long as they were clean-shaven. It was highly desirable, indeed, that they should be clean-shaven, and that was the policy of the company. The department was preparing to fight the proposed charter as a financial trap.

THE DOCTOR'S SAMPLE.

How His Wife Used It.

The wife of a physician of Cassey, N. C., had an experience that shows how valuable a thing it is to have some one handy who knows the way out of coffee fits. Her husband, the physician, knew that the way to satisfy the craving for coffee and cure the coffee trouble, both at the same time, was to prescribe Postum Cereal Food Coffee. "I was so bad off from drinking coffee," writes the wife, "that everything I ate hurt me. My stomach was so bad that I would spit up my food as soon as I would get down to it. I found that drinking coffee and getting worse off. When I first got sick I weighed 170 pounds and finally got down to 110 pounds. My husband, who is a physician, sent for a sample of Postum and I commenced drinking it. I found that when it is made right it is good and I improved so much on the sample that I got more from my grocery. I improved so much that my husband's family all quit coffee and went to drinking Postum with fine results. Everywhere I went my neighbors wanted to know what I had done to get my health and flesh back and lots of them have quit coffee and gone to using Postum. "I am proud of the fact that I have been the means of helping so many poor coffee drinkers back to health. "My husband always recommends it in his practice when he finds his patients are coffee drinkers. I was a sick woman when I was drinking coffee but now I am well and it is all due to having quit coffee and steadily used Postum instead." Name furnished by Postum Co., Battle Creek, Mich.

AFFAIRS OF THE ATLAS LOAN

Continued From Page 1.

the affairs, told The World that as far as he was able to judge from the books, his change was without comment. However, the books are said to be in bad shape, and show little of encouragement to those who hope for this bad change to be straightened out at an early date. On the whole, President Wallace is either a badly-wronged man, or the financial fabric he constructed under the guise of a loan company was founded on sand, and must have sunk of its own weight, regardless of the action of Ames & Co. This is the way it looks after numerous interviews with local bankers, business men, depositors, shareholders and officers of the company given to The World representative.

Accepted Deposits to the Last.

That Ames and Co.'s suspension inevitably caused the crash here cannot be disputed, since everything pointed to a run on the Atlas Company the morning after the suspension of the Toronto concern. Wallace conducted freely with local bankers, and was told candidly that if he opened the following morning his condition would be critical from the start. One of the bad features of the case looms up in the fact that deposits were accepted up to the moment of closing, and these have gone into the small \$12,000 fund of cash turned over to the temporary liquidator. The last depositor was a widow who added \$2000 to an already small fortune she had in the savings bank department.

The greatest storm of indignation has been raised over the discovery that the concern was doing a speculative business.

It is no secret that if this had been known the bulk of the money would have been drawn out by nervous depositors. In fact Dr. Fulton, one of the heaviest shareholders, who has tied up the savings bank deposits, asserts positively that he did not know this class of business was being transacted. He had, he stated, but President Wallace had denied that it was true.

Secured Special Charter.

But some four years ago the company secured a special charter, which allowed it to handle Canadian securities, but no foreign stocks and bonds. It is openly charged that this rule was violated. Still, this special charter is susceptible of several constructions, and some nice legal quibbling promises to develop over this point. When this permission was secured, the company rapidly got rid of a bulk of mortgages, and those that remained are said to be pledged.

New Kind of Financier.

One of the really extraordinary features of the peculiar system introduced by Mr. Wallace, as explained by one of the prominent bankers of St. Thomas, concerns the increase of the reserve fund a year or so ago. Here is a phase that is to be investigated, but is certain to lead to endless litigation, more than two years ago President Wallace announced that he had a plan to increase the resources of the company, enlarge its scope and increase its reserve. The nominal capital stock of the company was two million dollars. Of this one million was subscribed and \$300,000 was paid up. There remained, in addition, an earned reserve of 20 per cent, representing some \$700,000. Increased Capital by \$300,000.

Where is the Liability?

What other depositors and shareholders anxious to know is whether the stockholders are now liable for \$700,000, the difference between the acknowledged paid-up capital stock and that subscribed, or will the \$300,000 added as the reserve fund be deducted, making the liability for the \$400,000? After this nice question of law is determined must come the question of the propriety of the shareholders, who are not or they are worth their subscriptions, and other litigation. The consensus of opinion in local financial circles is in favor of Mr. Wallace. One well known banker said this transaction could not be justified as a financial fraud in Canadian banking or any financial law.

What Assets Are.

On their face the assets are said to represent some \$300,000 in land mortgages, British government bonds, \$140,000, and in round numbers one million in "other securities." The report was not specific, merely mentioning "bonds, debentures and stocks, aggregating \$300,000, mortgages \$45,000, cash in banks \$100,000, and premises \$60,000." If these securities are pledged with Ames & Co., as is feared, and pledged with other financial institutions, the creditors here can't see exactly where they can hope for any returns.

Another Startling Phase.

But next to the startling innovation in the reserve fund deal, the figurehead management of Mr. Eddy is causing the most comment. When Mr. Wallace became a member of Ames & Co. last year there was some objection to him remaining the nominal manager of the Atlas Company. Thereupon he resigned in favor of Mr. James W. Eddy, then manager of The Times Publishing Company, retaining the position of president. Mr. Wallace removed to Toronto in October, but in the meantime spent most of his time here, and was the manager in all but name of the Atlas Company. Mr. Eddy says sickness kept him away from the office during the past five months. Talking over this point with The World at his residence to-day, Mr. Eddy said: "I really can't tell you anything about the case. Yes, I was the manager, but in name only. I have not been in the office for five months on account of my health. I had no suspicion of the situation. In fact, I got a telephone message the night Ames suspended me, asking if I knew of the trouble, and it found me with just five dollars out of the real situation. Therefore you had better see Mr. Wallace. I was merely manager in name. Mr. Wallace was the whole thing."

President Wallace Supreme.

That Wallace was the "whole thing" is amply demonstrated by his policy. He was the only policy known, and he managed everything. If he was putting up the Atlas Company resources to cover margins thru Ames & Co., the fact was certainly kept a profound secret here. Otherwise there would have been trouble. The Atlas Company had some business with the Imperial Bank. They had an account there. It was reported the bank had shut down on them some time ago, but this was authoritatively denied. It was said the Atlas Company cheques were cashed up to

the evening of the suspension. In fact, when it was known that Ames had failed, a well-known local banker went to Mr. Wallace and asked if he had any propositions to make, with the hope of avoiding a run on the company. He had not, and then advised of the certainty of a run the following day, because of the intimate connection between the Atlas Company and the Ames syndicate, and the suspension was then agreed upon.

There were signals of distress among some of the shareholders some time ago, and some others tried to get out, but were unable to do so. There was no particular report of a crisis, but in the vague rumors in local financial circles, the fact of the increase in the reserve, that the company was known to be paying from 5 to 12 per cent, for deposits, increased this indefinable feeling of uneasiness. The reserve manipulation did give the firm a large use of credit, however, and appeared to bring in more business. In fact, the deposits ran up to \$740,000. The concern was doing in this connection merely a private banking business, and the depositors were getting shares in company with other creditors. All the time the company emphatically denied that they were dealing in margin.

Other Sources of Bitterness.

Other sources of bitterness toward Mr. Wallace, who is now in charge of his personal efforts to secure the estates of dead friends to go into his business, are the rumors that he is in the habit of paying for the services of a large number of lawyers, and that he is discussing the situation, Mr. Chantou, who is now in charge of his personal efforts to secure the estates of dead friends to go BLAIR'S BILL AMENDED TO COVER LOSS ON LAND

Mr. Lancaster Asks That No Appeal Be Allowed Where Award Is Under \$1000.

Ottawa, June 12.—(Special.)—When the House met to-day R. L. Borden asked if any communication had been recently sent to the Gold Commission of the Yukon in regard to the Treadgold concessions.

Sir Wilfrid Laurier replied that he knew of no communication being sent, but he could not make a definite statement, as the acting Minister of the Interior was absent.

Mr. Borden asked that the information be furnished later in the day, and the Premier assented.

The House then went into committee on Mr. Blair's railway commission bill. Mr. Lancaster of Lincoln moved an amendment to clause 141, fixing the compensation for lands and drainage.

The clause provides that any increased value which the construction of a railway gives property through which the road runs shall be set off against the inconvenience, loss or damage sustained.

Mr. Lancaster's amendment declares that where lands are uniformly improved no allowance shall be made for the mitigation of damages, but only in cases where a property is distinctly benefited over other properties affected by the railway.

Mr. Lancaster also moved an amendment to clause 142, providing that there shall be no appeal from the award of arbitrators, where the award does not exceed \$1000.

WESTERN CROPS THIS YEAR PROSPECTS BIGGEST EVER

Yet Labor Famine Isn't Causing Immigration Agent Hartney to Worry Over Supply.

"To be or not to be" is a question that is running in the head of James Hartney, the immigration agent here of the Manitoba government.

When The World asked him yesterday how the harvest problem was working out, he said: "We're doing quite a lot of thinking about it, but we cannot come to any definite conclusion yet."

Prospects had, however, been at this season of the year so hopeful for a banner crop. The grain was about at foot high already.

There had been no spring frosts, and the rain came just at the right time. Even the great crop of '97, '98, '99, '01 and '02 had not so propitious a start.

Nothing definite could be said about the yield till about three weeks before the harvest, which usually commences about Aug. 15.

The idea of a frost was a bogey, and not to be seriously entertained. There had been no late frost since 1895.

The whole history of the province recorded only four such frosts. The amendment carried.

WARD TWO ASSESSMENT SHOWS LARGE INCREASE

Dufferin-Street Wharf Closed Up—No Ferry Service to Island.

The Assessment Department handed out the assessment returns for Ward Two yesterday.

The total shows the large sum of \$22,618,896, compared with the large sum of \$21,110,470 of last year, an increase of \$1,508,426.

There is an increase in the realty assessment of \$534,389. Improvement values are increased by \$506,389, while land is also higher by \$36,655.

The increase in personal property, \$1,074,037, is due to the expiry of Mr. Foran's term in the Municipal Act, which exempted machinery and plant of a manufactory.

This exemption will in all probability be extended so that the increase will be lopped off the total.

The removal of the Canada Foundry Company to the head office on King street has resulted in a loss of \$45,000, and a loss of \$10,000 was also sustained on the P. McInnes Company.

In Rosedale, there has been added to the roll \$250,000 since last May, showing the rapidity with which the business section of the city is filling up.

Some large institutions which have been heretofore exempt are now assessed. These include the St. Andrew's School. The property is on the market and so is assessable.

THE QUEBEC RESOLUTIONS

Premier Ross moved the concurrence of the House in the resolutions proposed by the conference of provincial Premiers at Quebec, and in doing so gave a brief outline of the demands of the provinces as to why it was deemed wise to ask for a readjustment of the arrangement made at Confederation.

The Premier said the Dominion government should be largely increased. The amount of taxes paid by the people of the province towards the revenue of the Dominion. For instance, of the thirty-eight millions of customs, Ontario receives only \$1,100,000, while she receives only a small share of the subsidies granted by the Federal government.

Mr. Whitney Objects. Mr. Whitney said that the Premier's resolutions were not in accordance with the time of Confederation, but that the arrangement made in 1867 was a permanent one.

Ontario has taken strong ground against the claims of the provinces, but she does not contemplate the lavish disposal of the timber resources of the province.

Mr. Whitney charged that the Premier's resolutions were not in accordance with the time of Confederation, but that the arrangement made in 1867 was a permanent one.

Mr. Whitney concluded by moving the following amendment: "That the following words be added to the motion: 'But this House regrets that the position of the Province of Ontario in reference to the moneys expended on railway construction and in railway subsidies is not such as to justify the Dominion government in the proportion of Dominion taxes which she pays.'"

Mr. Whitney asked if the Premier would be pleased to issue a writ for the by-elections to be issued to-day.

The Premier replied with a smile that he would be pleased to issue a writ for the by-elections to be issued to-day.

Before sitting down the speaker drew attention to the fact that the class of '78, under the leadership of Prof. Keyes, was present and were celebrating their 25th anniversary.

Lieutenant-Governor Clark rose amid cheers. He was first connected with the university on the 12th March, 1880.

He had been struck at first arrival by the lack of a medical faculty. Where he came from, in Edinburgh, he had always been familiar with colleges, with medical faculties, but now the university had a medical branch, and was by no means the least of its branches.

First Resident Student.

Hon. J. M. Gibson also received a hearty ovation. He liked to look into the faces of the younger men, mostly younger ones, but his fellow graduates nevertheless. He had matriculated in 1839 from the old Toronto College building which was then used for the purpose.

He believed it was not judicious to go to government for all they wanted; he felt sure it would be better if more private contributions were made. He hoped this would be so when the needs of the institution were made manifest.

There was no doubt that the university's legislators need not hurry to meet by the government, whichever may be in power...

Dean Reve then called upon the Chancellor to propose that the University be a body of trustees, to be known as the University of Toronto, and that the trustees should be empowered to build an adequate residence for the ladies in the University...

Not Very Recently. Referring to the statements of the previous speaker, the legislator had proved since he was there, the Chancellor said that it was not of recent years that the change had come. At the time of the University fire the seat of the legislature had been shown by the grant of over \$100,000 to restore it. The members of the government had been shown the impatient zeal of the University supporters.

He had confidence in the present government, or in any government, that they would meet just demands. He was glad to have present two men who were known not only locally, but who had a world-wide reputation. The effect of his life on the college would be manifest years after this. It was not necessary to speak of his function as a writer, a historian and an educator. He was a man of letters, what he believed, and was not afraid to speak. The second speaker was Dr. Gilman, who was a member of the University of Toronto, and who, after years' service in the United States, was now director of the Carnegie Institute of Research in Washington.

Goldwin Smith Greeter. Prof. Smith, on being greeted with an outbreak of applause, that lasted fully five minutes, and a salute evidently directed to the professor deeply. He regretted that, owing to his having just recovered from illness, he would be unable to speak at such length as he would desire. He thanked the gathering for the kind reception of his name, and that of Mrs. Smith, and assured them that he would accept of the honor. He had been in Toronto for some time, and he had been struck at first arrival by the lack of a medical faculty. Where he came from, in Edinburgh, he had always been familiar with colleges, with medical faculties, but now the university had a medical branch, and was by no means the least of its branches.

Dr. Gilman's Eloquence. Dr. Gilman addressed the assembly in a most eloquent and inspiring manner. He spoke of the university's history, its present state, and its future prospects. He urged upon the students the importance of their studies, and the need for a strong character and a high standard of conduct. He concluded his address with a prayer for the success of the university and the well-being of the students.

There were in the West, the speaker went on, large tracts of desert land, where the sun shone and the wind blew, and where the water was scarce. He urged upon the students the importance of their studies, and the need for a strong character and a high standard of conduct. He concluded his address with a prayer for the success of the university and the well-being of the students.

Both Parties Agree. It was clear, he said, that the policy of both parties was that there should be only one state-aided university.

Had Eczema From Childhood. PAINE'S CEREBRO-GOPIVAND. Works a Marvelous Cure for a Lady in Clayton, B.C.

Eczema is one of the most common of all skin and skin diseases. It is characterized by redness, itching, and the formation of vesicles or scales. It is often hereditary, and may be caused by various factors, including poor diet, exposure to the elements, and the use of irritating substances.

Paine's Cerebro-Gopivand is a powerful and effective remedy for the cure of eczema. It acts directly upon the system, and restores the normal function of the skin. It is a safe and reliable preparation, and has been used with the most successful results in thousands of cases.

Works a Marvelous Cure for a Lady in Clayton, B.C. The following is a true and reliable account of the cure of a lady who had suffered from eczema from childhood. She had tried every remedy known to her, but without success. She was finally cured by the use of Paine's Cerebro-Gopivand.

Clayton, B.C. The lady in question had suffered from eczema for many years, and it had become a great source of trouble and distress. She had been unable to work, and her health had become very poor. She was finally cured by the use of Paine's Cerebro-Gopivand.

HALF STARVED. Although They Are Well Fed. Such an anomalous state of affairs naturally excites curiosity. It is possible to be amply fed but not well nourished. For instance, thin people have voracious appetites, yet are seldom satisfied, and if the truth be known they live an existence of semi-starvation.

It is not the quantity of food eaten that makes firm flesh and bodily strength; it's what we actually digest and assimilate, so that the happy medium between the very thin and the unduly stout is good health. This people can't become fat unless the stomach and digestive organs are made to do their work properly. In all the range of medicine probably no remedy accomplishes such marked results as Ferreroze, which is noted for its effectiveness in restoring disordered nutrition and diseased stomach.

Food is at once transformed into the kind of nutriment that is appropriated by the blood and tissue in the formation of hard, firm flesh. You will have a sweet stomach and enjoy your meals. Everything will be digested and assimilated and contribute to the welfare of the body.

Nature's best remedy for thin, weak, pale people is Ferreroze, which is both a tonic and a food that creates vigor, complexion, spirit, and appetite. Price, \$1.00 per box or six boxes for \$2.50, at druggists, or by mail from The Ferreroze Company.

Ferreroze Assures Health. Carling, M. W. Leigh, B.A., of Dunfermline, and E. M. Burwash, B.A., of Toronto, Mr. Burwash writing to all members of the class who were not present, and who are scattered from Dawson City to the Yukon, to Benkulia, Angola, or the west coast of Africa.

The class then elected the following officers for the ensuing ten years: President, W. P. Bull; secretary, E. M. Burwash; and treasurer, J. H. Shore, member of Executive Committee.

Mr. Fowler of King's, N.B., will move Amendment to G.P.F. Bill. Ottawa, June 12.—(Special.)—Mr. Fowler of King's, N.B., will move the following amendment to the Grand Trunk Pacific bill.

That all freight originating in Canada and received along the line of the Grand Trunk Pacific Railway intended for export across the Atlantic, shall be shipped over the Canadian ports when the route is not otherwise specially indicated by the shipper, and that the Grand Trunk Pacific Railway Company shall carry all freight to the eastern Canadian seaboard as cheaply as any American port on the Atlantic seaboard.

TWO DEATHS NEAR ST. JOHN. St. John, N.B., June 12.—Edward Oldenburgh, barber, was killed while coupling cars on the Canadian Eastern Railway at Maryville, York County, this morning. The man was not an employe of the road, but had been in the habit of coupling cars in the yard as a sort of recreation between shifts.

Andrews Henry of St. Mary's, York County, while driving a horse-drawn wagon on the highway road bridge at Boundary Creek, Salisbury, N.B., on I.C.R., was killed to-day by hoisting gear falling.

For the alleged theft of three loaves of bread from Patrick Duffy's bakery wagon, Mike O'Connor and Charles Enright were arrested last night by Detective Mackie.

Anxious thoughts sometimes perplex the wife who sees maternity before her. If she is treading an untrodden path, she sometimes frets herself into a nervous condition which is injurious and prostrating. If motherhood has already been a painful experience she is apt to shrink from the coming trial and by her very mental anxiety increase the possibility of her suffering.

There is no cause for anxiety for those prospective mothers who use Dr. Pierce's Favorite Prescription. It tranquilizes the nerves, encourages the appetite, induces refreshing sleep and produces mental cheerfulness as well as physical vigor. It gives strength and muscular elasticity so that the baby's advent is practically painless. It is the best tonic for nursing mothers.

comes to Belgrade to see the body of her beloved son, but was dissuaded by the government.

Some shouts for a republic have been heard in the streets, which are still patrolled. The military authorities seem to apprehend the possibility of complications arising and are anxious to get formal communications regarding the attitude of the powers towards the new government.

The autopsy held has proved that the late King received thirty shot wounds, many of them being fatal. Queen Draga had numerous shot and sabre wounds, and it is alleged that the body was dressed in an ostentatious fashion, the appearance of the royal apartments is indescribable. The doors and floors are shattered, and the ruins drenched with blood.

Joyful demonstrations were indulged in by the populace thru the day, and business has not been disturbed.

The radical leaders have made fiery speeches to thousands of people in the open air, declaring that the act was the will of the people, as well as of the military.

It is believed that the King was completely surprised, many stories are current that he received warnings that a conspiracy was brewing, as he had taken unusual precautions. It is also asserted that Count Lamoriniere, the French Foreign Minister, had warned and advised him to separate from Queen Draga.

It is also reported that the late Queen bequeathed her private fortune to a son, a director named Dimitrijevic, who was one of King Alexander's bitterest enemies.

The Blood is the Life

But the power of the blood is largely lost if the quality of the blood is poor.

Build up the quality of the blood by increasing the number of red corpuscles, make it rich, red and warm, and its power to build new tissue and repair waste will be tremendous.

Ferrol, a perfect emulsion of Cod Liver Oil, Iron and Phosphorus, improves the quality of the blood rapidly and effectively—it never fails. Results are not only positive but marvellous, and have been proven by scientific test.

For general debility, loss of weight, impaired digestion, loss of appetite, nervousness, insomnia and kindred troubles, take Ferrol, which enriches the blood and removes the cause of the trouble.

Remember it matters not what stage your case may be in. It matters not how long you have had it, how you got it or when you got it. It matters not when doctors or medical staffs. This is no ordinary medicine, but it is the vital life-giving force that cured the most stubborn cases, healed the most terrible spots, and other symptoms of this terrible poison that disappear like magic.

IT WAS PROUD DAY FOR ALL VARSITY'S COMMENCEMENT

Conferring of Degrees, Honorary and Hard Won, Was a Brilliant Ceremony.

The annual commencement exercises of the University of Toronto were held in the Gymnasium Building yesterday afternoon, and the ceremonies were carried thru in a most impressive and enthusiastic manner by the faculty, graduates and students. The building was crowded with a gathering of the highest and most cultured of Toronto society people, the fair sex being very greatly in the majority.

One of the special features was the appearance of the Hon. J. M. Gibson on the same platform with his son, the Attorney-General receiving the honorary degree of LL.D., and the son graduating as a Bachelor of Arts.

The first recipient of the degree of Doctor of Laws was His Honor William Mortimer-Clark, K.C., Lieutenant-Governor of Ontario, who was presented by Dr. John Hoskin in a laudatory speech. The Lieutenant-Governor expressed his pleasure at learning from the newspapers that better times were in store for the University.

President Loudon then introduced Daniel Coit Gilman, president of the Carnegie Institute, Washington, who was present in honor of his son, who had just received his degree of B.A. from the University.

The Hon. Richard Harcourt was the next recipient of the honor, and in accepting his thanks, said that the University would attain a growth with in the next few years that would exceed the hopes of the most enthusiastic alumnus.

Dr. John Munro Gibson was the last candidate, being presented by Chancellor Burwash of Victoria. Dr. Gibson, in replying, said he was much impressed with the great growth of the University. Altho he had not crossed the ocean for the sole purpose of being present, he would gladly be present.

Honors for Ladies. There were then presented for the degree of Doctor of Philosophy two ladies—Misses Emma Sophia Baker and Clara Cynthia Benson—the first women to receive the honor in the history of the college. This degree was also conferred on Walter R. Carr and George G. Nasmith.

The degree of Master of Arts was then conferred on the following graduates: James McCrea Young, B.A., 1884; Charles McLean Fraser, B.A., 1888 (in absentia); George Gallie Haslam, B.A., 1890; Allen Leslie Howard, B.A., 1891; Edmund Henry Oliver, B.A., 1892; Arthur Leopold Langford, B.A., 1884 (A); George Henry Reed, B.A., 1888; Augustus Edward Lang, B.A., 1880 (A); Donald MacKay, B.A., 1880 (A); Robert S. Hamilton, B.A., 1890; Thomas H. Mitchell, B.A., 1890 (A); Percy James Robinson, B.A., 1897; Arthur Clinton Hendrick, B.A., 1897; M.H., 1890; Elizabeth Allen, B.A., 1898; John H. Davidson, B.A., 1898; Viola Gillian, B.A., 1898; Middy Lick, B.A., 1898 (A); Joseph Douglas Richardson, B.A., 1898; George William Ross, B.A., 1898; Laura May Mason, B.A., 1899; Herbert Edgar Kelpherson, B.A., 1901 (A); Charles Matthews, B.A., 1901 (A); James Walter Hedley, B.A., 1902 (A); William James Loughhead, B.A., 1902; Calvin Alexander McInnes, B.A., 1902; John Roy Marshall, B.A., 1902; William J. Pike, B.A., 1902 (A); Robert Meldrum Stewart, B.B.S., 1902 (A).

The degree of M.D. was conferred on Thomas McCrea, B.A., and that of Bachelor of Laws on M. C. Cameron, R. S. Wallace, H. D. Graham and Alexander C. Hill, who were presented by John King, M.A., K.C. The graduates in the various departments were then presented and received their degrees, as they have appeared in the press.

UNION LEADER CHARGED WITH SELLING OUT MEN

Walking Delegate Parks and Others Said to Have Got \$10,000 From Bosses.

New York, June 12.—More evidence has been collected by District Attorney Jerome in regard to the illegal methods to which delegates and employers of union labor have resorted. He says he has evidence to prove a scheme existed whereby several walking delegates of the United Board of Building Trades Council, including Samuel J. Parks, now under arrest, sold out the unions they represented to affords of the biggest furniture and decorating concerns in this city for about \$10,000. At present Mr. Jerome is dealing only with the case against Parks, but he will begin "John Doe" proceedings to get at the bottom of the scandal involving the employees of the houses.

This hearing will be public, as Mr. Jerome says he wishes to give the honest men a chance to clear themselves. By his discovery Mr. Jerome has obtained information that Parks sold out only to the charge of extorting \$2000 from the Electric Iron Company and the American Bridge Company. Mr. Jerome will formulate five additional charges against the American friend. The District Attorney told about his discoveries last night after several men—some prominently identified with building concerns and others who employ large numbers of workmen—had called on him. Among the visitors were Isaac A. Hopper, Tammany leader of the Thirty-first district and a prominent contractor, and Charles L. Edlitz, president of the Building Trades Employers' Association.

Criminal Methods, He Says. In telling about the disclosures Mr. Jerome said that last fall some labor leaders used criminal methods in dealing with the employers, and he would endeavor to have the guilty ones punished. Mr. Jerome gave details of trouble started by the labor leaders. At that time the painters and decorators of the Amalgamated Painters and Decorators, which was a member of the United Board of Building Trades, and the Brotherhood of Painters, Decorators and Paperhangers, an independent organization, the Amalgamated Painters and Decorators went on strike for more wages and shorter hours.

Then the scheme was "sprung" on the employers. Delegates from the United Board of Building Trades, of which Parks was then president, visited the White Star line steamer Germanic, which was a member of the United Board of Building Trades, and the Brotherhood of Painters, Decorators and Paperhangers, an independent organization, the Amalgamated Painters and Decorators went on strike for more wages and shorter hours.

It was suggested that the employers contribute \$250 toward a fund that would enable the Brotherhood members to get into the board. Only the biggest of the decorating and furniture firms in the city there approached as they were, and as that is the time the wealthy families leave the country to

"I'm Strong Once More."

Dr. McLaughlin's Electric Belt, With its Free Electric Suspensory for Men, Has Restored His Lost Strength.

This is the way they feel, the men who had given up hope, who thought there was no cure for them until they came upon Dr. McLaughlin's Electric Belt. Now they are full of life, overflowing with joyous spirits, and "care to the winds." Pains are gone, weakness is gone, and full strength is in every action.

Do you want to feel like that? Then wear this grand life-giving appliance for two months at night. It will charge every nerve with electric life, and you will feel like a two-year-old. It puts steam in your run-down body, drives away pain, and renews youth.

Here Are Happy Men:

Dear Sir,—I have one of your No. 7 Belts, and it has done so much for my wife and myself that I have had to give up all other medicine. I have had it for some months and it has given great relief to all my troubles. I have had it for some months and it has given great relief to all my troubles. I have had it for some months and it has given great relief to all my troubles.

I will pay \$1,000 in gold for a case of Nervous Debility, Stomach Trouble, Varicocoe, Early Decay, Rheumatism, Lame Back, Sciatica, Kidney Disease, Indigestion, Constipation or any weakness caused by ignoring the laws of nature which I cannot cure with my new Belt, the marvel of electricians, the most wonderful curative device that ever has been introduced.

I TAKE ALL THE CHANCES.

To those who still doubt there is any cure, because they have been misled by false representations and want of evidence of cure in their own case before paying, I say, disregard my testimonials if you will, but be convinced by what I can do in your case before you pay. I am willing to take all the chances of curing your case. Give me reasonable security and I will arrange a Belt with all the necessary attachments suitable for your case and send it to you, and you can

PAY WHEN CURED.

SPECIAL NOTICE I have the only electric appliance which can be arranged suitable for different cases. You receive the attention of a practical physician—under his supervision your case will be completely cured. The success of curing by electricity depends upon intelligent application. CONSULTATION FREE. If you are close enough to call do so. Let me show you the difference between my up-to-date appliance and the old style Electric Belts. Let me prove to you why my Belt cures when they fail. If you will call I will give you a free test to show you how it cures.

WHEAT FIELDS ABOUT STEADY

Coarse Grains Are Firmer, With Liverpool Higher for Corn Futures.

BROOMHALL ON WHEAT CROP

Bradstreet's Reports Cables for Cattle Lower-Commercial Comment and Markets.

World Office, Friday Evening, June 12.

Liverpool wheat futures closed lower 1/4 higher today than yesterday and corn futures 1/4 to 3/4 higher.

At Chicago July wheat closed unchanged and July corn 1/2 higher.

Northeast receipts today 281 cars, week ago 283, year ago 228.

Receipts at Chicago to-day: Wheat 20,000, corn 1,014,000, year ago 20,000, corn 1,014,000.

Primary receipts: Wheat, 302,800, last year, 22,200; corn, 367,300, last year, 31,000.

Shipments: Wheat, 23,400, against 41,000; corn, 622,800, against 186,400.

Argentine wheat shipments this week total 1,544,000 bushels, compared with 1,628,000 last week and 1,690,000 a year ago.

Corn shipments this week total 1,563,400 bushels, of which 121,000 bushels were to Australia.

Corn shipments last week were 1,528,000 bushels, and a year ago 1,583,000 bushels.

Climate in Argentina is generally favorable, but has given up hope of a bumper crop.

There has been a considerable amount of rain in the area of wheat to be planted.

Street's weekly exports: Wheat, 4,101,000 bushels; corn, 854,000 bushels; year ago, 4,700,000 bushels; corn, 1,014,000 bushels.

George Broomhall, the wheat situation says: The crops of Europe have come through the winter only moderately well, and are now in the hands of the harvesters.

The prospects are decidedly inferior, but in comparison with the average prospects of the preceding five or six years, one would not like to say that there is much to complain of.

There is a possibility that the wheat crop of the season, 1903-4, will be about 20,000,000 bushels below that of the exceptionally large yield of 1902.

In this estimate it is allowed for a crop to be raised in America of 800,000,000 bushels, upon which people may be congratulated, as there seems every prospect of their being able to command a satisfactory price for it, as they did in the year 1901, when prices ranged in Chicago between 50c and 51c.

Faint and Dizzy Spells. Felt Weak and Nervous.

COULD SCARCELY EAT.

TWO BOXES OF MILBURN'S HEART AND NERVE PILLS

Cured Mrs. Edmond Brown, Inwood, Ont., who has almost given up hope of ever getting well again.

She writes: "I was so run down that I was not able to do my work, was short of breath, had a sour stomach every night and could scarcely eat. My heart palpitated, I had faint and dizzy spells and felt weak and nervous all the time. My husband got me a box of Milburn's Heart and Nerve Pills but I told him it was no use, that I had given up hope of ever being cured. He however persuaded me to take them and before I had used half the box I began to feel better. Two boxes made a new woman of me and I have been well ever since."

JAMES J. HILL ON THE CROPS.

Spring Wheat Prospects Very Bright—As to Preferential Trade.

New York City, June 12.—James J. Hill, president of the Great Northern and Northern Securities Companies, has just completed an inspection trip over the Great Northern lines to the Pacific Coast, during which he talked with the farmers over the crop question wherever an opportunity presented itself.

Mr. Hill says: "From what I learned I am prepared to say that prospects for spring wheat look brighter than they have at any corresponding period during the past twenty years."

In answer to an inquiry as to whether the Northwest would be injured to any great extent by the reported emigration to Canada, Mr. Hill said: "Undoubtedly a number of people from Iowa, Nebraska, Kansas, and other sections of the Northwest as well as are attracted to Canada by cheap land, homestead laws, and other inducements which are being offered to settlers. However, in my opinion, the prospect of a vast portion of this new country have been greatly overestimated by enthusiastic Canadians and American farmers."

Mr. Hill was asked for his views as to Mr. Chamberlain's plan of preferential trade policy with England's colonies. He declined to express his ideas on the ground that the subject was not one to be discussed hastily. He added, however: "The question is of more importance than any that has been agitated since the civil war."

Given Three Days to Live Fooled the Doctors.

A CONSUMPTIVE MOTHER NEVER TIRES TELLING OF HER ESCAPE. Reads Like a Wonder Tale.

Three years ago I had hemorrhages of the lungs and nervous. Three doctors were in attendance and told me I would not live a week, as one lung was almost gone. As a last resort I started to use "Psychine" and was restored to my usual health and am enjoying the same today. I cannot praise "Psychine" too highly, and never fail to recommend it to any person who I hear is afflicted with cough, throat and lung troubles, pneumonia, neuritis, hemorrhage or consumption. I think "Psychine" is a great boon to suffering humanity and would advise anyone suffering from these diseases to give it a trial. MRS. J. AGNES LLOYD, 465 Brock Ave., Toronto.

TANGLE IN SEWER CONTRACT

G. Hummell's Tender Was Received an Hour Late, But Aldermen Did Not Notice It.

SECOND TENDERER CLAIMED JOB

Council Ratified Action of Committee—Resignation of Thomas Morrison Accepted.

Hamilton, June 12.—A special meeting of the City Council was held at 5 o'clock this evening. It was called on account of a tangle which the aldermen got into over awarding G. Hummell the contract for building a sewer on Fullerton-avenue. The second tenderer claimed the job because Hummell's tender came in an hour late. The city clerk endorsed this on the envelope, but the Sewers Committee did not notice it, and the Council at its regular meeting ratified the awarding of the contract to Hummell.

At the meeting to-night the aldermen again told Hummell to stand, but he must guarantee to complete the work in four weeks and to allow the contractor for the Isarou Building Company to make connections as he goes along.

The Finance Committee met and accepted the resignation of Thomas Morrison, a clerk in the Tax Department, who is going to study medicine.

Canada's Elect Officers.

The Canadian Companies Consolidated Companies, which operates 40 factories, elected these officers and directors today: Hugh Macdonald, president; J. H. Lalor, vice-president; L. L. Innes, secretary-treasurer; David Marshall, general manager; W. A. Ferguson and H. L. Matthews, assistant general managers; W. P. Innes, J. Nairn, W. Boutwell, Samuel Nesbitt and T. N. Dunn, directors.

Liberty Valued at \$4000.

William Beard, the accountant in the local office of the Canada Life Assurance Company, who is charged with stealing \$4000, came up before the police magistrate this morning. The crown wanted him remanded for a week. The magistrate would grant only till Monday. He said it was one of those cases where the man was not used to squeeze money out of the prisoner, and he announced that he would discharge him in the crown was not ready to go on Monday. He fixed bail at \$4000. The prisoner's father is the messenger at the head office of the concern in Toronto.

Beard's shortage was not discovered till last Saturday, although the travelling auditors have examined his books every few weeks. He has been shadowed ever since.

Business Before Pleasure.

The High Court of the Canadian Order of Foresters finished its business at noon today, and the delegates were taken for a ride to Beamsville in special H. G. & B. cars. The chief business at the closing session was the election of the Executive Committee. There was a large field of twenty, from whom these five were chosen: R. Elliott, Ingersoll, C. Lapoint, Montreal; M. D. Carroll, Montreal; N. D. Earney, Toronto; D. Allan, Grimsby.

Clergyman's Secret.

Rev. F. E. Hewitt, the popular rector of St. George's Church, London, yesterday He says that he will have no answer to give until after the meeting of the Synod, and he refused to give even a hint as to what his intentions are.

Leas Politic.

Rev. E. J. Etherington, the new rector of St. Thomas Church, Toronto, today that the people of this city were more loyal, but less polite, at the time than the people of Quebec. The president of the society, Adam Brown, warned people against giving money to begging children, because all the deserving poor in Hamilton were well looked after by the charitable institutions, and the money given to children was usually spent on beer by their dissolute parents. He called attention to the fact that many parents had of sending their youngsters to the saloons with the "growler" and said the society was powerless to stop the practice. His officers were re-elected: Adam Brown, president; Lieut.-Colonel Moore and MacLaren, P. D. Cremer, K.C., and W. H. Wardrop, K.V., vice-presidents; William Hunter, secretary, and J. M. Burns, treasurer.

Police Baffled.

Coroner Griffin opened an inquest this evening on the body of the infant found on Main-street early this morning. The doctors at the City Hospital will hold a post-mortem examination, and the result will be awaited with interest by the police, who admit that they are completely baffled. The body is that of a well-nourished child, about three months of age. It had been dead three or four days, and is rather badly decomposed. No theory yet suggested seems to explain the case. If the youngster died a natural death, nothing would be gained by throwing it on the roadside, and if it was murdered there would be additional reasons why it should not have been disposed of in that way. It has been suggested that it may have been dug up by body snatchers, but the objection to this theory is that it would be too young for a good subject. It was wrapped in a couple of outer skirts and was evidently left by a man who drove a rickety, battered buggy. The police are working hard on the case, and they may be able to make interesting disclosures before long. The inquiry was adjourned until next Tuesday.

Happenings.

Edward Pope, who will be married Tuesday, was presented with a silver tea service and a cheque for a large amount by the firm of George T. Tucker & Sons, and their employees.

OTTAWA VALLEY DROUGHT BROKEN

First Heavy Rainfall There Since April 29.

The storm of which Toronto yesterday saw the tail end arose over the middle Atlantic coast the night before and developed energy as it moved northward. There was a rainfall of from one to two inches in Eastern Ontario, including Ottawa and the Upper St. Lawrence. In Ottawa one and one-half inches fell, and at Kingston over two inches. This is the first heavy rain that has blessed that parched valley since April 29. Every appearance is that the weather will now clear up.

The cool spell will not last much beyond today, says the weatherman.

Special From Norwich, Ont.

The recovery of Mr. Norman Batty, Hardware Merchant, one of Norwich's oldest and most successful citizens, has excited much comment. For years Mr. Batty has been an unceasing sufferer from Catarrhal Asthma, and although no end of time and money was spent relief was not obtained until Mr. Batty commenced Catarrhoseon treatment, which perfectly cured him. This case is only equalled by that of Mr. Hanson, wife of J. J. Hanson, Druggist, who was also cured of Asthma and Hay Fever by Catarrhoseon after thirty years' suffering. Fully a hundred persons in this town have been cured of Catarrhal troubles by Catarrhoseon, which is a remarkable proof of its value. Two months' treatment. Price \$1. Small size 25c. Sold by all Druggists or by mail from Polson & Co., Kingston, Ont.

June has been a cold month so far, being seven degrees nearer to zero than the normal. Toronto seems to have struck the medium, whether happy or not, of the temperatures that obtained yesterday across the Dominion. Here are the maxima and minima: Kingston, 52-58; Medicine Hat, 52-54; Winnipeg, 52-54; Port Arthur, 54-58; Toronto, 49-58; Ottawa, 52-58; Quebec, 50-52; Halifax, 46-48.

Flannels for Sacque Suits. A large range of elegant new goods to hand—all the latest shades—stripes and plain—smart and serviceable for summer suits. Special prices. R. SCORE & SON Tailors and Haberdashers, 77 King Street West.

THE ROBERT SIMPSON COMPANY, LIMITED. H. H. Fudger, President; J. Wood, Manager. June 13. Store Closes at 5.30.

A Great Day in Housefurnishings.

\$1.25 English Brussels, 89c. \$12.00 Lace Curtains, \$4.98. \$1.25 Scotch Linoleum, 69c; 30c Japan Matting, 15c; English Tapestry Squares, \$5.48; \$2.99 Drapery Silk, 69c.

We feel that we cannot speak too emphatically of the programme our great Carpet Store will carry out on Monday. Values that are simply and unquestionably remarkable even as Simpson values go. And in six different sections of the great twin departments. The why and wherefore of each instance would mean a long story in big chapters. We won't go into that. We can assure our friends that Monday will be a big day in our Carpet Store and well worth considering if quality combines with economy in their housefurnishing ideals.

A word of the Brussels. This is the very finest Brussels imported into Canada. Some of the designs are the newest ideas of the new school of industrial design now in vogue in England. Monday's price, as you see, puts it on the economic level of the cheapest grade but one.

The Vudor Screens.

Toronto, the city of homes and verandahs, takes kindly to the new American verandah shade. It threatens to entirely supersede the canvas awning. It allows the air to circulate freely while affording a complete shade from the sun. The name "Vudor" means capable of being seen through—that is by those within. From outside, however, Vudor is a screen indeed, being perfectly opaque. Thus the verandah becomes the most pleasant room in the house for entertaining guests in the summertime, luncheons and teas being quite within the range of its possibilities.

Ask to see the Vudor Shades on Monday. Size 4x8 feet, 2.25; Size 6x8 feet, 3.00; Size 8x8 feet, 3.75. Cut to odd sizes without additional charge.
