chancellor of the exchequer, spoke warning the government of the absolute necessity of curtailing all unnecessary expenditure to prevent the dangerous inflation of prices, the general debate had no great interest, the main feature being strong criticisms by John Dillon and others of the Salonica expedition. Mr. Dillon, referring to rumors that Serbia was intending to make a separate peace with Austria and demanding that the government say whether Serbia was to be deserted, declared that the British army in Salonica had been demoralized by 18 months of inaction in pestilent surroundings.

Not to Desert Serbia. Lord Robert Cecil, minister of blockade, replying, characterized Mr. Dillon's charge as absolutely untrue. He said there was no intention whatever of rescinding from the pledges for the full restoration of and reparation for Serbia. While declining to reveal the government's plans, he said he would restate its war aims.

Germany is, and must be, our chief enemy. The broad principles we are fighting for are these: "First, that we should stand by our allies; second, we are fighting for a stable statement, for a sound and satisfactory peace, not a conquest or mere domination, but on some national principle as far as might be which would secure that settlement. When arrived at it should be from change and alteration in the future. Personally I wish to see how far President Wilson's proposals can be made practicable for barriers against future wars. The government's desire for the destruction of German militarism is only part of its general purpose to secure a lasting peace. It desires it only because it is the greatest danger to the future peace of Europe."

CHINAMAN IDENTIFIED.

The body of the Chinaman who was found drowned in the bay on Monday was identified at the morgue last night as Leong Hong Ki, 247 Lokan avenue. He had been missing since Sunday from the laundry where he worked at that address. The identification was made by So Ling, proprietor of the laundry. Coroner Plews opened an inquest last night and adjourned the hearing until Tuesday evening.

AMERICAN ARMY OF MILLION MEN AT ONCE

Double Contemplated First Draft Foreshadowed by Request for Five Billion Dollars.

Washington, July 24.—An American army of 1,000,000 men for service abroad at once instead of the 500,000 contemplated for the first draft, is foreshadowed by the government's request for an additional \$5,000,000,000, made to the senate finance committee today.

The first 1,000,000 men are to be made up of the first draft army of 500,000, the national guard, and the regulars. It is improbable that the first draft will be increased, but the government is arranging its finances for other drafts without the necessity of going to congress again for money. Secretary of the Treasury McAdoo today prepared new war estimates for congress, very much in excess of those already presented, and which will necessitate raising revenue not contemplated when the senate finance committee revised the war tax bill. The bill probably will be further revised. The government, basing an esti-

mate on the needs of the army and navy, wants the war tax bill to authorize an additional five billion dollars.

PRESIDENT WILSON SIGNS AEROPLANE BILL

Huge Appropriation for America's Plan to Overwhelm Germans From Air.

Washington, July 24.—The \$640,000,000 airplane bill became a law today with President Wilson's signature. This immense appropriation is only the beginning of preparations for the campaign intended to overwhelm Germany from the air. More than 20,000 planes are to be built as a first increment, and there will be many thousands of aviators. The first task will be the instruction of the vast army of American fliers.

BRITISH IN RAIDS AT FOUR POINTS

Daylight Activity Produces Effective Results in Ypres Area.

London, July 24.—The British official communication issued this evening says:

"During the day our troops successfully raided enemy trenches at four points east and northeast of Ypres and brought back prisoners in each case. An enemy raiding party entered our trenches during the night east of Laventie, but was driven out after a bombing encounter. Another party of the enemy succeeded in making one of our saps east of Givency by Le Bassée. One of our men is missing.

"Great activity by our aerial forces continued yesterday and much successful work again accomplished in co-operation with our artillery. Over more than four tons of bombs were dropped by raiding squadrons on the enemy airbases, ammunition dumps and railway junctions. Fewer German aeroplanes were encountered and the fighting was not so severe.

"Three hostile machines were downed and three others driven down out of control. None of our machines is missing." The German day communication says:

"Western theatre—Army group of Crown Prince Rupprecht: The artillery duel in Flanders continues to rage day and night with an intensity never previously reached. Reconnoitering thrusts against our front are increasing. Between La Bassée Canal and Lens lively fighting continues. Nocturnal reconnoitering enterprises by the enemy on both sides of Hulluch were unsuccessful."

The German night communication says: "There have been strong artillery engagements in Flanders."

MORE NOMINEES FOR CONVENTION

British Government Names Delegates to Dublin Gathering.

London, July 24.—Andrew Bonar Law, chancellor of the exchequer, today announced the government's nominees as delegates to the Irish convention. They included the Earl of Dufferin, president of the Irish Reform Association; the Earl of Gosford, Baron Macdonnell, Sir William Gouding, chairman of the Great Southern and Western Railway of Ireland; Sir Horace Curzon Plunkett, founder of the Irish Agricultural Society; Sir George W. Russell, former under-secretary of the home department; Sir Crawford McCullagh, former lord mayor of Belfast; Sir Brian C. A. Windle, the provost of Trinity College, Dublin; Patrick Dempsey, Martin Murphy, Edward Lyaght, Alexander McDowell and Sir William Whitla, professor of materia medica and therapeutics in Queen's College, Belfast.

The number of labor representatives has been increased from five to seven. The number of delegates who have accepted to date is 95.

HAMILTON NEWS

Hamilton, July 24.—A communication from the Hamilton Recruiting League suggesting public observance of the anniversary of the commencement of the war was received by the board of control. By motion of Controller Wright the secretary was instructed to write to the city clergymen, urging that they hold appropriate services for that occasion on Sunday, August 5.

Last year the board of control made a grant of \$500 to the Babies' Welfare Association. This year that amount was cut down to \$300. Today the association said it could not get thru with that sum. By motion of Controller Wright and Controller Torrell an additional \$200 was voted.

The Canadian Red Cross Society fruit kitchen, 22 South Park street, was opened for the season's work today. The first consignment of fruit has been received. It was cultivated and picked by members of the Hamilton Rotary Club on the farm of W. J. Southern, near Bronte.

The jury empaneled by Coroner Hopkins to enquire into the circumstances attending the death of James McCarthy, returned a verdict last night that the man came to his death Saturday evening by being burned by oil as a result of the explosion of a transformer at the Dundas street hydro sub-station.

Word has been received in Hamilton that Lieut. Col. Bruce is coming home. Lieut. Col. Bruce was a member of the command of the 173rd Highlanders. Gordon Grant, eight years of age, while crossing Mulberry street, near Bay, was struck last evening by an automobile driven by Henry Greenwood, of East Bronte. He is not thought to be seriously hurt.

Dr. Michael Clark, the brilliant orator of the "Deer, Alta," will address a public meeting at the Royal Canadian Hotel Friday evening of this week.

At the weekly session of the criminal court today presided over by Judge David, John Smith was allowed to go on suspended sentence, having stolen from Jessie Lepeau, Kate Zepora, charged with unlawfully swindling John Dymock by throwing boiling water at him was acquitted.

HANNA ABLE TO PROTECT PUBLIC

W. F. Maclean, M.P., Urges Rigid Inquiry Into Food Extortion Charges.

By a Staff Reporter.

Ottawa, July 24.—Economic issues were discussed in the house tonight after the final disposition of the conscription bill and Sir Thomas White, minister of finance, announced that he would lay proposals of the government with respect to an income tax before the house tomorrow. There was a brief running debate upon the conscription bill, and the report of the O'Connor committee on food storage, warehouses and the high cost of living, and the appointment of a royal commission to complete the O'Connor report and make further investigations.

W. F. Maclean (South York) protested that the people of this country wanted less talk and more action. They were little interested in the personnel of the various commissions, but they were greatly interested in having an end put to extortionate prices. Canadian bacon and other packing house products and bread made from Canadian wheat sold for considerably less in England than in Canada. The food controller should look into this, and it should not take him long to discover whether or not the charges were extortionate. He was being charged the consumer for bacon and many other necessities of life.

Hanna Should Act. The food controller, he said, was a man of ability, and he had plenty of assistance furnished him by the government, and he should be able to find out whether the charges contained in the O'Connor report were substantially correct.

The people of this country, Mr. Maclean said, wanted to buy food at reasonable prices, rather than listen to lectures from prosperous and well-to-do men about the virtues of thrift. They expected the food controller to regulate prices in the public interest. There was already enough evidence to justify this taking action.

Criticisms of Henderson.

Mr. Carvell criticized the appointment of G. F. Henderson as chairman of the royal commission to investigate and supplement the O'Connor report. Mr. Henderson, he said, was principally known to the people of this country as the lawyer of J. Wesley Allison.

Mr. Kyte (Richmond, N.S.), author of the Kyte charges, said Mr. Henderson had helped Whitewash Sir Joseph Flavelle in connection with the fuse scandals, and was now selected by the government to whitewash the same gentleman in connection with his profits on pork.

Sir Robert Borden said that Sir Joseph Flavelle had nothing to do with the selection of Mr. Henderson. The government had been guided in the selection of the royal commission by the advice of the food controller.

EXTREMISTS CAUSE RUSSIAN RETREAT

Forces of Disorder Disaffect Certain Sections of Army.

London, July 24.—A great tragedy is being enacted in the life of the Russian people, according to Arthur Henderson, member of the British War Council, and representative of the British government in the Russian capital. He is convinced that unless the situation is handled with firmness there must be an inevitable disaster. The difficulties the government had to cope with were such as no other government ever experienced. It was impossible to convey anything like an adequate conception of the extent to which the extremists dominated the life of the capital, demoralizing the army and navy, especially those units in close proximity to Petrograd.

The true extremists, he declared, did not represent more than a small minority of the population, but such had been the spirit of terror exercised, together with their destructive influence over certain sections of the military forces, that they had rendered the army and navy, especially those units in close proximity to Petrograd, demoralized.

Mr. Henderson considered that the most disastrous experience of the revolution was the relaxation of discipline in the army and navy, coupled with the direct association of those services with the political and revolutionary propaganda of the extremists.

The assumption of the offensive by the extremists was a large factor in the new workmen's and soldiers' congress, which represents a large sector of the community whose representatives are likely to become the dominant party in the constituent assembly.

"If Russia is to realize the greatness of her destiny," continued Mr. Henderson, "she must be resolutely dealt with."

The future, judging from the recent past, is in the hands of the new workmen's and soldiers' congress, which represents a large sector of the community whose representatives are likely to become the dominant party in the constituent assembly.

WAR SUMMARY

THE DAYS EVENTS REVIEWED

BRITISH raiding parties are showing extreme energy against the enemy, and their artillery, according to Berlin, is violently in action along an extended front in Flanders. The Germans in their official bulletins betray their expectations of another British advance. Field Marshal Haig has been proceeding with the organization of further attacks. These, it is said, are to be on a larger scale than ever; even, perhaps, a determined effort to secure decisive victory in the west. The British have now the plain of Lille under the fire of their guns; and since to retreat from France the enemy would have to pivot on Lille, they may proceed with an enveloping movement in that region in order to drive the German army off its lines of communication and retreat. A really great victory in the west, comparable to Salamanca or Vittoria in the Peninsula War, is required to right the Russian situation. The allies, in other words, may hasten the development of their plans for a new and greater Sedan, which the French probably intended for the anniversary of Sedan Day, early in September. The allies have the stage already set pretty well for the development.

The Germans in eastern Galicia have crossed the Sereth River at a point south of Tarnopol after defeating the Russian detachments set to guard the stream. They have thus, unless they can be immediately driven back, turned the line of the Sereth River. Owing to the peril of this advance the Russians on the front south of the Dniester, have also to retire, and they are already evacuating Stanislaw. The enemy is thus easily recovering all the ground won in hard fighting. Insubordination is also responsible for a withdrawal of certain units without fighting on the northern front. Russian troops occupied the German positions on both sides of the Vilna-Dvinsk Railway when the disaffected units returned to their original trenches and resumed German pressure. A number of these units also refused to obey commands during battle. Thus the simple-minded Russian soldiers are taking literally to heart the socialist jargon of the west and the propaganda against fighting the workmen of other countries. As is seen in the south, the Germans know how to turn such beliefs to their advantage. Berlin, for many years it is known, has trained the most incendiary of agitators and has sent them abroad for the undermining of other countries.

The Russian higher command, in its official bulletins, has adopted the policy of the utmost frankness about the unsoldierly conduct of the troops. Arthur Henderson, who has just returned to London from Petrograd, says that only stern measures will save the new republic from a big disaster. Kerensky is adopting these measures, and he promises it necessary a policy of blood and iron. In the meantime, if the German advance continues, the Russian army, fighting with the form of field and not of trench warfare; and if the Russians secure a sufficient number of solid troops for battle concentration on a front the length of the Russian southwestern front, 5,000 to 10,000 men a mile, a force that he lacks on the southwestern front. His army in that region probably numbers not over 50 divisions.

The French, returning to the counter-attack yesterday, threw the Germans from the first line positions on the Calonne and the Casemates Plateau, north of the Aisne. The French had lost these positions, blasted by the offensive of the enemy on Sunday last. One small work, blasted by the artillery fire, remains unoccupied by either side. The French on the Casemates Plateau also advanced their line at several points. These are inch. The battle for these positions on Monday was extremely desperate, according to press correspondents.

CONVENTION WILL BE NON-PARTISAN

Politics of No Importance, But
All Must Be Cana-
dians.

In the absence of Mr. John M. Godfrey the following statement was given out by Mr. Benjamin A. Gould, vice-chairman of the organization for the approaching win-the-war convention.

Some of the papers, in mentioning the gift by Mr. Asmus Jarvis of \$1000 for our approaching convention, have spoken of it as a move of win-the-war Liberals. This is emphatically wrong and ought to be corrected as the movement is not either of Liberals or Conservatives. We do not care what politics a man has had in the past or what politics he will have in the future, but at this crisis those who are with us are Canadians and nothing else. The list of signatures to the formal call which will be issued either tonight or tomorrow morning contains well known names of all political complexions.

In connection with the above a prominent Conservative who desires that the mantle of anonymity be given to his generous deeds has just sent a cheque for \$1000 (one thousand dollars) to the cause with the following note:

"Dear Mr. Godfrey—I am glad to see you are out to win the war. You have my hearty sympathy. Find cheque for \$1000 enclosed, to support the good work."

GOVERNMENT EMPLOYEES GRANTED FARM VACATION

Five Weeks With Salary, on Con-
dition They Work Three
Weeks on Farm.

Sir William Hearst announced yesterday that civil servants in the employ of the provincial government would be granted an extra two weeks' vacation this year in addition to the usual three weeks on condition that three weeks out of the five be spent on the farm in the vicinity of harvesting the crops of the province. Those who have already taken their vacation will be allowed an extra two weeks on the condition that they also work on the farm. Full pay will be allotted by the government for the complete time.

It is estimated that more than eight thousand farm laborers are needed at the present time to complete the harvesting of the crops in Ontario. Sir William stated that this action had been taken by the government in view of the urgent need of help. The situation required prompt action in order to meet the demand, as the heavy rains of the past week had delayed harvesting to such an extent that the hay crop will not be in the barn before the wheat harvest begins. The plan is coming together in a manner which makes it difficult for the farmer to meet the situation without adequate help. It is expected that the action had been taken by the government will have the same privileges to assist in farm work.

New Order Permits of Passes
Across Border to Soldiers
on Last Leave.

Camp Borden, July 24.—A wire has
been received at headquarters from
Ottawa granting permission to the A.
A.G. here to grant passes for men to
go to points in the United States on
their last leave. Men furnished with
these passes who cross in uniform
will have no difficulties thrown in
their way at the border by either the
Canadian or American authorities.
During the continuance of the hot
weather permission is being given to
the headquarters and brigade staffs to
dress in shirt sleeves with badges of
rank and Sam Browne belts. Up to
today the staff officers were the most
unusually smartly dressed men in camp,
but yesterday's scorching heat which is
still continuing, proved enough to melt
even a staff officer's coat.

Bathing Pool Needed.
One crying need of this camp so
thrown into strong relief by the ex-
cessive heat is that of a properly con-
structed swimming pool. The bathing
place in the Pine River has a muddy
bottom and is full of logs and snags,
making diving dangerous and bathing
in large detachments hardly cleansing.
A dam could be constructed at com-
paratively small cost and a little work
on cleaning out the river would give
a splendid pool for bathing.
Lieut.-Col. Williams, staff chaplain,
paid a short visit to camp today, re-
turning this evening to his work with
the British recruiting mission at New
York.

tho it had faded in the house, as
the result of the influence of Sir
Wilfrid, it had gone on growing in
strength among the people of this
country.
He begged Sir Wilfrid to go where
his influence was greatest. "Speak of
this matter, but don't speak of it
as members of your own province
spoke of it a few Sundays ago. Tell
them there is no injustice in it
against the people from whom you
sprang," he said.
"Of all the prices we must never
pay for harmony in Canada is the
price of national dishonor," said the
minister-general. "Let us not be
found with those who hold back
whether they be of alien origin or
not. Let us be found with those who
press on. Let there be no dissen-
sion between the nation at home
and its defenders abroad."
The vote was then taken, and there
voted for the bill 102, and against it
44, leaving a majority in favor of
the measure of 58.

WINNIEP COLORS IN
WESLEYAN CENTRAL HALL
Canadian Associated Press Cable.
London, July 24.—Colors subscribed
by Winnipeg citizens to the battalion
commanded by Lieut.-Col. J. E. Han-
ford will be ceremoniously deposited
in Wesleyan Central hall next Sun-
day. Dr. Chown is the battalion's
honorary colonel, which probably ac-
counts for the Wesleyan hall being
selected for the ceremony. These will
be the first colors to be placed here,
although Westminster Abbey, fifty
yards distant, holds fully a score of
the Canadian colors. The Bishop of
London, speaking at the Wesleyan
conference in this hall last week,
declared that after all the difference
between Churchmen and Wesleyans
was only minute.

TO REDEEM RUSSIA

BY BLOOD AND IRON

Premier Kerensky Avows De-
termination to Enforce
Vigorous Measures.

Petrograd, July 24.—A "blood and
iron" policy will be put into effect if
needed to save Russia by the govern-
ment of Premier Kerensky, to which
unlimited power has been granted. In
an interview today the premier said:
"The first problem of the present
moment which is exceptionally heroic
is the concentration and union of
power. The desertion of the constitu-
tional democratic members of the
Duma is the cause of the recent re-
fusal to show how strong are the cen-
trifugal forces and how small is the
sum of our political consciousness. But
I am convinced the misfortune
which we are going to witness is the
conscience and sense of duty in
our nation."
"The new government's fundamental
task is the defence of the country
from ruin and anarchy. In this we
rely upon the masses of the people
and the army. The state or state-
less Russia, and its motives of
reason, honor and conscience prove
insufficient to beat her into unity
with blood and iron."

Regarding conditions on the front,
Premier Kerensky said: "The posi-
tion of our army is serious. Requir-
ing heroic measures. But we must not
despair. The old regime and certain
extremist elements brought much
poison into the arms and body. Now
the ulcer is out, and as a state or
anarchy is healthier I am convinced we
shall avoid amputation."

Premier Kerensky has completed the
constitution of the new provisional
government. Like the ministry of his
predecessor, Prince Lvoff, the cabinet
is a coalition, but is limited to ten
members. Five of the ministers have
long been members of the non-Socialist
parties. The other offices of state will
be directed not by ministers but by un-
political directors of departments who
are not members of the cabinet.

TO HOLD NAVAL CONFERENCE.

Paris, July 24.—A conference of
naval authorities is to be held. Vice-
Admiral Sims, commander of the
American naval forces in the war
zone, has arrived for this meeting.
Great Britain will be represented by
Admiral Jellicoe, first sea lord;
France, by Rear-Admiral Lacaze,
marine minister, and Italy by Vice-
Admiral Thaon di Revel, former chief
of the naval staff.

EMP. CHARLES UNDER FIRE.

Copenhagen, July 24.—According to

LODGE NEWS

ROSEDALE LODGE ELECTION.
Rosedale Lodge, No. 357, I.O.O.F.,
held its regular meeting on Tuesday
last at the Foresters' Hall, when the
regular routine business was transacted.
The following are the officers for the
 ensuing year: President, H. H. Wiman;
V. Smith; noble grand, H. H. Wiman;
vice-grand, F. W. Marr; financial
secretary, D. W. Dunlop, P.G.; record-
ing secretary, J. J. Hamilton; Master,
J. B. Walker; physician, Dr. J. W.
Henwood; warden, A. Murphy; con-
ductor, P. W. Ellis; outside guardian,
C. Hall; inside guardian, T. Connolly.
The following committees have also
been appointed: Visiting, membership,
finance, bulletin, property, and cov-
enant. The choir and tonic last even-
ing by H. H. Wiman, noble grand.

ARRANGED ANNUAL PICNIC.

Wellesley Lodge, No. 68, D. and M.
O. E., held its regular meeting last
evening in the Foresters' hall, the
chair being taken by Mrs. Webb,
president. The final arrangements
were made for the holding of the an-
nual picnic to Hamilton, where they
will join the Hamilton lodges. An
official visit was paid by Mrs. John-
ston, western district deputy, who
addressed the meeting.

QUEEN CITY LODGE.

Queen City Past Grand Lodge, I. O.
O. F., held a special meeting in the
S. O. H. hall last night, the hon-
orary being C. Terry, president; H.
B. Gilbert, vice-president; W. C.
Cook, treasurer; and Secretary T.
Hastings. Four candidates received
the purple degree, and there were
many visitors from the various sister
lodges. An official visit was paid by
Past Grand Lodge, T. Preston, who
addressed the meeting. A social even-
ing was held, when songs and recita-
tions were rendered by the various
members.

WARM AGAIN TODAY

SAYS THE WEATHERMAN

Shifting Winds, However, May
Help Make Heat Less
Burdensome.
Warm weather, which has prevailed
in Toronto and vicinity since Sunday,
will be continued today, according to
the forecasts of the weatherman, who
describes the predicted weather as
"fair and decidedly warm." It may be
slightly cooler than yesterday, because
of shifting winds. No rain is expected.
The maximum height to which the
mercury climbed yesterday was 86,
which was registered at 2 o'clock, fol-
lowed by a drop to 84, the average
temperature of the day (yesterday)
was slightly cooler than the previous
day. At 8 o'clock yesterday morning
the mercury stood at 73 degrees, and
at 10 o'clock at 84 degrees, while on
the previous day at 8 o'clock it stood
at 76 degrees and at noon registered
85 degrees.

STOMACH TROUBLES

Due to Acidity

SO SAYS EMINENT SPECIALIST.
So-called stomach troubles, such as in-
digestion, wind and stomach-ache, are in
probability nine cases out of ten simply
evidence that fermentation is taking place
in the food contents of the stomach,
causing the formation of gas and acids.
Wind distends the stomach, and causes
flat, oppressive feeling, sometimes
known as heartburn, while the acid irri-
tates and inflames the delicate lining of
the stomach. The trouble lies entirely in
the fermenting food. Such fermentation
is unnatural, and acid formation is not
only unnatural, but may involve most
serious consequences if not promptly
stopped or prevented fermentation of the
contents of the stomach, and to neutral-
ize the acid, and remove it, bland and
harmless, a teaspoonful of bisulphate of
magnesia, probably the best and most effec-
tive corrector of acid stomach known,
should be taken in a quarter of a glass
of hot or cold water immediately after
meals, and repeated three or four times
daily. This stops the fermentation and
neutralizes the acidity in a few moments.
Fermentation, wind and acidity are dan-
gerous and unnecessary. Stop or prevent
them by the use of a proper antacid,
such as an odorless, tasteless, which can be
obtained from any druggist, and thus
enable the stomach to do its work prop-
erly, without being hindered by poison-
ous gas and dangerous acids.—M. F. F.

HARDLY REALIZES

HE'S SAME MAN

Frank Connell Says His Re-
covery on Tanlac Has Been
Simply Wonderful.

HIS WIFE DELIGHTED

"I Just Can't Describe How
Miserable I Did Feel,"
Says Toronto Man.

"Honestly, I have improved so much
since taking Tanlac that I can hardly
realize I am the same man," said
Frank Connell, 194 Mayview street, and
employed by the Gunn Packing Co.
who has lived in Toronto for
nearly thirty years, and has many
friends here who will be glad to learn
of his recovery.

About nine months ago I lost my
appetite," Mr. Connell continued, "and
soon fell off from a big healthy-
looking man to almost a skeleton. My
stomach was so weak and upset that I
could hardly eat a thing, and nothing
tasted right. The little I did eat
was by force, and always disrelished
with me. I would get up in the
mornings with no desire for breakfast,
and about all I could eat was a lit-
tle piece of bread and a cup of tea.

The gas that formed in my stomach
caused sharp pains around my heart
and interfered with my breathing. I
couldn't rest well, would wake up
at all hours of the night, had ter-
rible nightmares, and would get up
in the mornings as tired as when I
went to bed. All my strength and
energy seemed to leave me, and I
just losing weight and going down
till I felt more dead than alive all day,
and sometimes I would get so weak
and dizzy I would have to catch hold of a table
or something to steady myself. I felt
miserable I did feel. I didn't have the
color of life in me, and my friends
were talking about how bad I looked.

I would come home from work in
the evenings all played out, fall
across the bed, and my daughter
would have to take off my boots for me."

"Well, I always had a horror of
taking medicine, especially patent
medicines, but when I finally got
down flat on my back, in a serious con-
dition, my wife, who had been reading so
much about Tanlac, persuaded me to
try it. I had no faith in it, but I
bought a bottle anyway, more to
please her than anything else, and I
must admit it has done me a world
of good. Before I finished the bottle
I slept like a log every night, and I
began to eat and enjoy it and feel stronger
and better. I have just started on my
third bottle, and there's no com-
parison in my looks and feelings. I
am now eating three big hearty
meals a day, and sometimes I can
hardly wait for my next meal to come.
I sleep like a log every night, and I
get up in the mornings full of life and
energy. I am now putting in full time
in my work every day, and when I
get home in the evenings, instead
of dropping down on the bed like a
dead man, I eat a hearty supper and
go out and work around the house.
I am certainly very thankful for what
Tanlac has done for me, and while I
never thought I would make a public
statement, I feel like I ought to tell
suffering people that I have found
out about Tanlac."

Mrs. Connell, who witnessed her
husband's statement, said: "Every-
word Frank here told you is the truth.
I was so worried over his condition
that I could think of nothing else all
day, and I had worried about him
till I was almost sick myself. He
couldn't be so ill, and he felt so
hardly move. I often begged him not
to try to work, and I have never seen
anybody look so bad and still keep
going. He is a good man, and I expect
every day to see him get down in bed for
good."

"I didn't know much about Tanlac
only what others said it had done for
them, but when he started taking it
I begged him to keep on until he
took enough to see if it had any
merit, and before he finished the first
bottle he looks better than I have
seen him in a long time, and we
both think Tanlac is the finest medi-
cine in the world in Toronto by
Tamblyn's Drug Stores and by one
established agency in every town—

WANT DRAFT APPLIED

Platoon Commanders Elected
for B Company of New
Organization.

The Great War Veterans' Associa-
tion of Toronto is being reorganized
this week in battalion formation, and
last night veterans of the great war
residing in that section of the city
bounded by University avenue and
Avenue road on the west and the Don
Esplanade and Bayview avenue on the
east met in Columbus Hall and elected
sergeants for "B" company. Under the
new organization all returned men
who join the association will form a
battalion. The city will be divided into
four districts, each of which will fur-
nish a company of veterans with its
own officers. The members of the four
companies will meet together from time
to time when matters of interest to all
returned men will be discussed.

James J. Shanahan presided over last
night's meeting. Capt. D. M. Mathie-
son stated the aims of the organization
and outlined the method of procedure
in the election of officers. Capt.
Mathieson went over with the first
contingent and has served 17 months
in Flanders. For gallantry in action he
was awarded the military cross. Ser-
geants for "B" company were elected
as follows: No. 1 platoon, S. Wood-
cock, 423 Carlton street; No. 2, George
Morrell, 20 Hooper avenue, Centre Is-
land; No. 3, W. G. Platt, 46 Harcourt
Court; No. 4, Sgt.-Major J. Tweedie,
23 Balliol street.

The following resolution, moved by
Lieut. M. P. Macintosh and seconded by
W. G. Platt, was carried unanimously:
"That this meeting declares its com-
plete sympathy with the movement to
secure a union of all men who wish to
see the war won and enforce conscrip-
tion in Canada, and appeals to the
western Liberals who will meet in
convention in Winnipeg, that they are
sincere in this they will declare un-
equivocally their allegiance to the prin-
ciple and clearly guarantee its sup-
port so that a general election will be
avoided and that the draft be applied
at once and adequate reinforcements
for the Canadian regiments in the
trenches forwarded without delay."
Capt. Mathieson stated that the aims
of the organization were four: To win
the war, to replace themselves in
France by others, to prepare a place
for those still in France and to look
after them when they get back. "If we
can all get together and work for these
principles," he said, "nothing can stop
us, but the public must know that we
are sincere citizens organized along sane
lines. We must protect our members
from exploitation as carried on in the
past."

U.S. RECRUITS ABOUT

HALF DAY'S TOTAL

Seventy-Three of the Ac-
cepted Men Were Attested
for Overseas Service.
One hundred and seven applicants
for enlistment were examined at the
Toronto mobilization centre, University
armouries, yesterday. Out of
this number 51 from the United States
were allotted to the following units:
C. M. R. 4; Engineers, 2; Queen's
Own Rifles, 2; Royal Grenadiers, 3;
18th Highlanders, 5; 10th Regiment
Draft, 3; 110th Irish Regiment, 9; P.
P. C. L. 1, 6; Railway Construction,
Canadian Army Medical Corps, 1;
Canadian Army Service Corps, 4; Y.
and S. 8; C. A. W. C. 1. Seventy-
three of the accepted recruits were
attested.

Lieut.-Col. Boyd Magee has issued
an order for "C" Company of the 110th
Irish Regiment to hold a detached
parade at Hart House, Queen's Park,
tomorrow night for target practice. As
a man must first fire on the gallery
range before being allowed to fire at
Long Branch, any member of the 110th
Regiment who has not so qualified
should fall in with the "C" Company
parade at Hart House. The usual
weekly parade of the other companies
of the 110th Regiment will be held at
St. Lawrence Armouries.

Ontario artillerymen have just wel-
comed back Col. G. Roy, who has been
studying artillery operations at the
front. The Toronto artillery brigade
officers came in touch with Col. Roy at
the Petawawa camp last season, where
he was artillery instructor, to which
position he has just been reappointed.
Capt. A. J. Randall of the A. M. C.
has been appointed a vocational in-
structor under the soldiers' aid com-
mission.
Lieut. A. A. Botte of the C. A. S.

WANT DRAFT APPLIED

Platoon Commanders Elected
for B Company of New
Organization.

The Great War Veterans' Associa-
tion of Toronto is being reorganized
this week in battalion formation, and
last night veterans of the great war
residing in that section of the city
bounded by University avenue and
Avenue road on the west and the Don
Esplanade and Bayview avenue on the
east met in Columbus Hall and elected
sergeants for "B" company. Under the
new organization all returned men
who join the association will form a
battalion. The city will be divided into
four districts, each of which will fur-
nish a company of veterans with its
own officers. The members of the four
companies will meet together from time
to time when matters of interest to all
returned men will be discussed.

James J. Shanahan presided over last
night's meeting. Capt. D. M. Mathie-
son stated the aims of the organization
and outlined the method of procedure
in the election of officers. Capt.
Mathieson went over with the first
contingent and has served 17 months
in Flanders. For gallantry in action he
was awarded the military cross. Ser-
geants for "B" company were elected
as follows: No. 1 platoon, S. Wood-
cock, 423 Carlton street; No. 2, George
Morrell, 20 Hooper avenue, Centre Is-
land; No. 3, W. G. Platt, 46 Harcourt
Court; No. 4, Sgt.-Major J. Tweedie,
23 Balliol street.

NEWS OF FINDS STARTED BUYING

Adanac, Apex and West
Dome Strong Spots in
Mining Market.

The mining market yesterday turned a little more active, influenced by important news from the camps. Word was received to the effect that a strike of some consequence had been made on the Apex, and on the strength of this considerable buying occurred in this issue. The other piece of news was from the Adanac, where it is said a four-inch vein of three thousand ounces of gold had been cut on the 310-foot level in the drift on the vein which was discovered a short time ago. The find is reported to be very promising.
