THIRTEEN MEN ARRESTED FOR BUCKINGHAM RIOT

Buckingham, Que., Oct. 31.—As a result of the verdict given by the coroner's jury in the inquest into the death of Belanger and Theriault, thirteen men were placed under arrest tonight charged with being criminally responsible for the killing of the strike leaders in the riot of Monday, Oct. 8.

The men under arrest are the two MacLarens, Albert and Alexander; Dr. Rodrigue, the local coroner; Frank Kiernen, J. C. Cummings, both of Buckingham; Pierre Fleury, of Montreal; Roy Ingram, of Ottawa, all members of the constabulary, and the following strikers, all of Buckingham: Adelard Hamelin, Hilaire Charrette, Jean Baptiste Clement, Collette Bastion, Louis Landry and George Robinson Crafeau.

After five hours' deliberation following on four days' sittings in which ninety-nine witnesses were heard the following verdict was given at 8 o'clock tonight: 'We, the undersigned jurors, declare that we find that Thomas Belanger and Francois Theriault came to their death in the town of Buckingham, in the district of Ottawa, on the 8th of October, 1906, being heavily cloaked and veiled, entered by the other door.'

Crossingham strode across the room to meet her. 'You are punctual, Madame,' he said. 'Madame!' echoed the woman, and slowly drew aside her veil. 'The man fell back with a startled cry. "My God! Miss Elliott—you here!"

CHAPTER IV. Two Women's Hearts. 'Yes, my Lord, though you at first mistook me,' said Miss Elliott with a pensive smile; her cheeks were scarlet; she looked straight at him, her eyes luminous as stars.

'I beg your pardon,' stammered Crossingham, entirely disoriented. 'I have come to return a compliment. This afternoon you warned me of some danger which you believe is threatening me. It is now my turn to put you on your guard against a peril so real, and imminent that I have disregarded hour and place.'

'How good you are!' he muttered, still half-dazed with surprise. 'It was after the concert. I went with some of my girls to call upon one who is ill and in want. It was at a tenement house in Soho, a very poor place indeed, where the rooms are small and have only thin partitions between them. While waiting by the sick bed for a surgeon for whom I had sent, I overheard a conversation between two foreigners in an adjoining room. They spoke in Swedish, and quite unreservedly, thank God, I suppose they incurred no risk of being understood. Luckily for you, my Lord, I spent two years in Stockholm. I think that they are Nihilists; at any rate, they are acting under a code which is the head of some mysterious society whose enemy apparently you are. They spoke of a Madame Virella and a man called Ulfen—something like that—first, and then mentioned your name. It seems that they were seen issuing late one night, quite recently, from a certain house in London, a house occupied by enemies of the society. This fact, taken in conjunction with your intimations with Madame Virella, has excited the fears of their master, and your removal has been planned in consequence. This very night an attempt will be made to get you out of the house. A forged letter will be brought entreatingly your immediate presence at the house I have mentioned. I shall get her to sign it, and you will be under their control. If you go, you will be enabled and your body buried in a safe place.'

A low tapping at that moment sounded on the outer door. Miss Elliott stopped speaking and looked at Crossingham inquiringly. His face was white and miserable, his hand wringing his hands in a nervous, but unobtrusive, manner. 'The girl started, and hot tears glistened in her eyes. "I am properly punished," she muttered. "I should not let her see me—at least, not that I should be ashamed! Oh, I might have guessed, I might have guessed!"

'Who is it?' impetuously. 'Madame Virella.' 'Ah, the woman they spoke of!' 'You do not understand; it is the Countess of Hobenstein.' The girl started, and hot tears glistened in her eyes. 'I am properly punished,' she muttered. 'I should not let her see me—at least, not that I should be ashamed! Oh, I might have guessed, I might have guessed!'

LAWSON MAKES A PREDICTION

Says Hearst and Moran Will Win and Predicts Big Drop in Price of Stocks. Boston, Mass., Oct. 31.—Thomas W. Lawson makes the prediction that Hearst will be elected in New York and Moran in Massachusetts. In a circular in which he advises holders of stocks to be prepared for quite a sharp drop between now and election day, he gives his reasons for believing that Hearst and Moran will win, in the following words:—

'While no man can see with any certain vision the outcome of this particular election, I believe Hearst will be overwhelmingly elected. As I did last year, when it will be remembered, I publicly announced that Hearst would surprise every one, I base my conclusion on four things:—

First, the report of a very competent organization of his insurance workers I have in New York state, clear headed business men with no political leanings. Second, confidential advice of the best politicians in the nation. Third, confidential advice of the best posted politician in New York. Both these, I believe, are in favor of Hearst. Fourth, while betting is quoted daily at three and two to one against Hearst, I know that real betting on a large scale would be even or in Hearst's favor.

'My three reports agree that, barring a miracle, Hearst must win because—something like that—first, and then mentioned your name. It seems that they were seen issuing late one night, quite recently, from a certain house in London, a house occupied by enemies of the society. This fact, taken in conjunction with your intimations with Madame Virella, has excited the fears of their master, and your removal has been planned in consequence. ALDERMANIC ORATORY

The opinion persists in some quarters that good, old-fashioned forensic eloquence is on the wane at City Hall. It is difficult to understand how such a belief can make head, considering the many interesting examples of Prince William street oratory set forth from time to time in our news columns.

The attack of the alderman from Ward 23 upon the alderman from Ward 11 is insulting and unmanly. I consider his manner cowardly and contemptible. He will have to be measured by his services to the people and not by his insults to members of the board.

The coroner's jury at Buckingham accuses the MacLarens, some of their detectives and several of the strikers with responsibility for the deaths of the men killed in the battle growing out of the strike. Dr. A. Rodrigue, a local magistrate, who anticipated the trouble, did nothing to prevent it, and even accompanied the armed strikers to the scene of the conflict.

HOUSES FOR WORKINGMEN

Discussion of civic issues in Toronto is taking a wide sweep. Mayor Coatsworth, in formulating a platform to which he believes civic candidates should subscribe, includes the following plank: "With regard to homes for workingmen, there is no doubt provision must be made to see that our workingmen are looked after and comfortable homes provided for them."

CANADA'S GREETINGS SENT TO NEW ZEALAND

OTTAWA, Ont., Nov. 1.—(Special.)—The exhibition at Christ Church, New Zealand, opened today. Sir Wilfrid Laurier sent yesterday the following cable message: "Canada sends greeting to her sister colony on the opening of the exhibition and our best wishes for its success."

taxpayers should remove aldermen whom a trial has proved to be incompetent or worse, and should vote against new candidates who cannot advance good claims upon the confidence of the people.

ROOSEVELT AND THE PROFESSOR

There is laughter in Berlin, at the expense of Washington. It arises curiously. Professor John W. Burgess was recently appointed as the first "Roosevelt Professor of American History and Institutions" at the University of Berlin.

in Washington all this will be regarded as rank heresy. The Americans are prone to worship protection, and they distinctly do not desire to permit Germany to get a greater foothold in South America. There is point, therefore, in this American comment on the "Roosevelt professor's" first performance.

Discussing the New York World's sensational allegations concerning Mrs. Eddy, the Boston Herald says: "The charge against Mrs. Eddy appears to be that at 85 she is not as young as she once was; that she maintains a degree of privacy which is not yet a crime in any city, and that she has not made public account of the earnings of her pen."

Mr. Thomas W. Lawson predicts the success of both Hearst and Moran. Many who have been betting on these candidates will now proceed to hedge.

FOR THE FIRST TIME IN HISTORY A JEW SITS IN UNITED STATES CABINET

(Mail and Empire)

Every now and then President Roosevelt does something that makes one think he is a small man, after all, like his theatrical rebuke to a camera fiend who was about to snap him; and every now and then he does something that becomes a big man. It is more pleasant to dwell on actions of the second class, and a most conspicuous example is his appointment to the cabinet, in the department of labor and commerce, of Oscar S. Straus.

Not since he has been president has any appointment of Mr. Roosevelt's excited so much discussion in all parts of the world. In Russia as eagerly as in New York are they debating the Straus appointment. It is the first time in American politics that a Jew has been elevated to cabinet rank, and as such may establish a precedent for future presidents. But a precedent for future presidents do not appear to be so slavishly bound to representation of races and sects as in Canada.

"THE JEWS OWN NEW YORK." Straus' appointment is a recognition of the influence and importance of the Jews in the commercial life of the United States. It is an old joke that "the Jews own New York," and it is a fairly accurate statement. The great financial houses are Jewish. There are Kuhn, Loeb & Co., Jacob H. Schiff, Lehman, Thalmann & Co., Marshall, Spader & Co., whose chiefs are Jews. The theatrical and musical business of the United States, which centers in New York, are in the hands of the Jews. The clothing business is theirs, and they have their fingers in the meat market. In fact it is difficult to find an important business where a Jew is not one of its masters. As a rule they have not been prominent in politics, owing to the instinctive prejudice against them on the part of the average American voter, but in many instances they have been "the men behind the scenes." Roosevelt believes that the time has now come for one of them to be the man in front.

A BLOW AT HEARSE. In the appointment of Mr. Straus there may be politics, of course. It is inevitable that the move will help Mr. Hughes in his New York campaign, for Hearst has been posing as the Jewish champion in the United States. His most strongly supported rival for the Democratic nomination was also a celebrated Jewish defector, Oscar Solomon Straus, the son of the Straus family, and he is also a man of large wealth. Before the father died in 1888, he and his three sons were millionaires, rather an unusual family, where each member seems to have made his own way. The new minister is the most distinguished member of one of the most illustrious Jewish families in the United States.

MINISTER TO TURKEY. As minister to Turkey, under McKinley, Mr. Straus is credited with doing much to reconcile the Mohammedan inhabitants of the Sultan's empire in the Philippines to the sovereignty of the United States. He has performed many other important services, serving on commissions to investigate the New York public schools to improve institutions for the insane. In 1885 he was president of the National Primary League, and from 1889 to 1903 was president of the American Social Science Association, besides being president of the National conference of Labor and Capital held in 1903. Mr. Straus made his money a member of the permanent Court of Arbitration at The Hague, he taking the place left vacant by the death of ex-President Harrison. He has written much for the magazines and has published a couple of books, besides lecturing upon international law and allied subjects at the great universities of the United States. It is plain therefore that he is a very distinguished man, and one likely to bring strength to any cabinet.

A DISTINGUISHED FAMILY. In the Jewish Encyclopedia some details are given of the Straus family, to which the new cabinet minister belongs. Originally, the American Strauses came from Ostropol, in the Bohemian palatinate. The father was a Lazarus Straus, who took part in the revolutionary movement of 1848, and had to leave the country. He located in Georgia, but afterward went to New York, where he established a glassware and pottery business. His eldest son, Isidor, is a millionaire. Mr. Straus made his money out of the department store business. He is also a distinguished man in financial circles. Nathan Straus, the second son, is another millionaire, and a philanthropist of note, for since 1890 he has maintained for the poor people of New York a system of distributing sterilized milk. He is also a well-known horseman, and an ardent lover of trotters and pacers. Oscar Solomon Straus is the third son, and he is also a man of large wealth. Before the father died in 1888, he and his three sons were millionaires, rather an unusual family, where each member seems to have made his own way. The new minister is the most distinguished member of one of the most illustrious Jewish families in the United States.

GERMAN SAVANT MAKES A PECULIAR PREDICTION

Says that in Two Generations Canada Will Become Tower of Babel for All Nations—Asia and Africa will Greatly Advance.

BERLIN, Oct. 31.—Prof. Theodore Schiemann, in his monthly review of foreign affairs, makes some interesting speculations in regard to the changes which will probably have taken place in the world by the time the Kaiser's grandson, who was born on July 4, succeeds to the throne. He says that the peoples of Asia and Africa will increase in power and strength. The increase in power and strength of the peoples of Asia and Africa will stir them and European civilization, which is imparting new knowledge to the lower races, will inevitably produce half-breeded effects. It will be far more difficult, the professor says, for Great Britain, France and Russia to maintain supremacy over the Asiatic and African races than now.

The Hindoo Banerji was recently crowned King of Bengal. The English laughed at the pretence that the king had there will be real rule by a native king in Bengal after two generations. The influence of Japan's victory will also extend to Persia and Afghanistan, and a pan-Asiatic movement is becoming possible in India, China, Persia and Afghanistan. In fact,

COOLIE BURIED UNDER HOUSE LIVED MONTHS WITHOUT FOOD

LONDON, Oct. 31.—News from South Africa tells of a Chinese coolie who has been found alive after being buried for five months under a house. It is said that time he was without food or water. He had not an ounce of flesh on him. His bones were merely covered with skin. The only possible explanation of his being alive after the fast of five months is given by medical experts, who say that the man must have been in a state of coma or trance throughout the period. The story is told in detail by the South African News. On April 17 last a Chinese coolie wanted by the police for robbery, was missing from the Coen mines, Johannesburg. On Sept. 19, Mr. Anderson, manager of the New Comet Mine, heard groans under his house.

He informed the controller of the Chinese in the adjoining mine, from which some coolies were missing, and a gang of men took up the verandah boards and also the floor of one of the rooms. It all disclosed the groaning Chinaman. He was a veritable living skeleton. His eyes were glassy. His clothes had rotted off. He was in such a state that the searching party could hardly go near him. He was able to groan. The man was lifted out and hurried to the hospital. He could barely say a few words, explaining who he was and when he crawled under the house. Then he died, the doctors say, from the effects of the fresh air.

The Chinaman weighed 70 pounds. He had crawled through a small hole under the house, and became wedged so that he could not move either way.

DAMAGE SUIT HEARD IN CIRCUIT COURT

The case of Mackay vs. the City of St. John was resumed in the circuit court yesterday afternoon, when the plaintiff was placed on the stand. Mr. Mackay told how the sewer entered his cellar and expressed the opinion that the bulging of the wall was caused by the running water and the action of the frost. He quoted Superintendent Murdoch as having said that the damage was done unintentionally.

He described the foundation walls of the house and where the manhole and break in the Burpee Avenue sewer were situated.

There had been coloring matter put down the manhole on two occasions, and both times it had flowed into his cellar. The board of health officials had ordered the sewer dug up. On that occasion he had measured the depth of the trench and found the pipe was only two feet and a half from the surface of the ground.

Witness said the value of his house was \$1,200, and the basement was worth \$300 a year to him. As this closed the examination of Mr. Mackay, Judge Landry adjourned the court until ten o'clock this morning.

A LONG SMOKE

British Gardener Keeps His Pipe Going for Nearly Two Hours.

LONDON, Oct. 31.—In a pipe smoking competition at Islington last night the world's record for a continuous smoke was broken by a Highgate gardener named Cating, who kept an old briarwood pipe lighted for one hour and fifty-three minutes.

Each of the numerous competitors took his own pipe and was supplied with one-eighth of an ounce of tobacco. At the word "Go" matches were struck and 40 seconds were allowed for lighting the pipe, after which no relighting was allowed. The winner of the second prize kept his pipe going for an hour and fifty minutes and the third man for an hour and thirty-five minutes.

WEDDINGS

Wanamaker-Davis. A quiet but pretty wedding took place last evening at Westworth Hall, the residence of Mr. Davis when his daughter, Miss Edith Cousens, niece of the bride, was united in marriage to Hartley A. Wanamaker. The ceremony was performed by Rev. M. S. Truett. Only the immediate relatives of the bride and groom were present.

The bride dress was of white brocade silk and she carried a shower bouquet of roses. Miss Edith Cousens, niece of the bride, acted as flower girl. Refreshments were served after the ceremony and the happy couple left by the Halifax express for Charlottesville, where they will reside.

McColgan-Campbell. The home of Peter Campbell, 47 Hazen street, was yesterday the scene of a very pretty wedding when his second daughter, Miss Isabel Margaret Campbell was united in marriage to Adam T. McColgan, of West Somerville (Mass.), and formerly of this city. The ceremony was performed by Rev. A. Gordon Dickie, of St. Stephen's church. The bride's costume was of grey voile trimmed with hand-some white lace. She was attended by her sister, Miss Grace Campbell, while J. B. McPherson was groomsmen. After luncheon the bride was given a piano and the bride's maid a gift of a ring, and to the groomsmen a gift of a watch. The bride's father presented her with a diamond necklace and a pair of earrings. The bride's mother presented her with a diamond necklace and a pair of earrings. The bride's father presented her with a diamond necklace and a pair of earrings. The bride's mother presented her with a diamond necklace and a pair of earrings.

Love-Thomas. A quiet wedding was celebrated on Tuesday evening by Rev. L. A. McLean, of Calvin church, at the parsonage, 14 Richmond street, when George A. Love, of this city, was united in marriage to Miss Eva Thomas, of Shelburne (N. S.). A large number of gifts testified to the popularity of the young couple.

Gibson-Farren. A quiet and pretty wedding took place last evening at the residence of William Farren, 42 Peters street, when Josephine M. Farren was united in marriage to William Gibson. Rev. A. Gordon Dickie, of St. Stephen's church, performed the ceremony. The employes of Gibson's tailoring establishment presented the young couple with a handsome piece of cashmere. The bride was also the recipient of presents from friends and relatives. After partaking of the wedding supper, the happy couple, escorted by their friends, were driven to their new home, 31 Winter street.

Day-Upton. SHEFFIELD, Oct. 31.—A quiet, but pretty wedding took place this evening at the residence of Mr. and Mrs. Robert Upton, of Lakeville Corner, when their eldest daughter, Miss Maude, was united in marriage to Harry Day, of Shelburne Creek, Quebec Co. The ceremony was performed by Rev. G. W. Sable, pastor of the Baptist church, in the flower-bedded drawing room and in the presence of the family and a few intimate friends. The fair bride, who was becomingly attired in a tailor-made suit of brown broad cloth, was given away by her father. As the couple entered the drawing room, which was tastefully decorated with ferns, peonies, etc., Miss Grace Upton played a pretty wedding march. A delicious wedding luncheon was afterwards served, the dining room being nicely decorated. The young couple received numerous handsome wedding gifts which attested to the popularity of the contracting parties. The happy couple have the best wishes of numerous friends and acquaintances.

CAPT. HOGAN'S FUNERAL

The funeral of Capt. Wm. M. Hogan was held at St. Hyacinthe's church this morning at 8 o'clock. Rev. Fr. Dugas officiated and burial was at St. Hyacinthe cemetery. Capt. Hogan was born in Fredericton, N. B., in 1841 and lived in St. John, N. B., until 1904, since that time he has made his home in Westbrook. Capt. Hogan will be not only missed by his family and friends but by seafaring men as he was one of the ablest captains having followed the sea for over 37 years. The greater part of his voyages were made to the Southern States. He leaves five children, two daughters, Annie and Regina, and three sons, Lewis, John and William, all residing in Westbrook excepting the last named, who lives in Truro, N. S.—Portland Advertiser, Oct. 30.

A VISITOR FROM AUSTRALIA

H. H. Chipman, of London, England, a descendant of Chief Justice Chipman of New Brunswick, is spending a few days in the city, accompanied by his mother and cousin Miss Chipman, of Sydney, Australia.

He intends visiting the old Chipman House, which, he claims, should not be destroyed, but taken in hand by the corporation and preserved. Mr. Chipman has travelled extensively and is much interested in Canada and Canadian affairs.

He was born in Australia and educated in England, having graduated recently from Oxford and has been called to the British bar. He will probably practice in England.

After a short stay in St. John, the party will leave for New York, and will sail from there to Australia.

Word has been received that the body of Edward Priddle, of Acadia street, North End, who was lost from the schooner Free Trade in Boston harbor on Oct. 17, has been recovered. It is not yet known where burial will be made.

NETHERWOOD-KINGSTON. If the weather is favorable, the pupils of Netherwood and the Robbsey School for Girls, will drive to Kingston, by way of Clifton, today, where an interesting basketball game will be played between the first team of Netherwood, and the Kingston team. The fine autumn weather affords an excellent opportunity for practice, and the schools have two very strong and enthusiastic teams.

RACES

RACES TONIGHT. At St. Andrew's Rollaway tonight, Delton and Dean will make another race and it promises to be a dandy. Considerable money has been bet on the result, and many claim Delton can defeat Dean. Two boys, Olive and Hunter, will make a one-mile race, and as both these boys are fast, and evenly matched, those who attend the Rollaway tonight will see two splendid races. As usual there will be a hand in attendance.

KAUFMAN BEAT BERGER. SAN FRANCISCO, Oct. 31.—Al Kaufman tonight gave Sam Berger a second round beating for ten rounds. When Berger was all but out his seconds threw up the sponge in the tenth round. Only once did Berger seem to have a chance. That was in the third round.

THE TURF

WHY HE BOUGHT PHOEBON BACK. The Boston Herald publishes a large portrait of Phobon W., and says: "W. J. Furubus, so the story goes, bought back his old favorite Phobon W. (208-34) for the express purpose of securing the measure of the speedway champion, Chief Wilkie, who is owned by his brother, A. J. Furubus. The gelding was to be given a couple of easy races, and then to be sold to the highest bidder. The plan was to transfer from the St. John track to the Metropolitan Driving Club's fall series of matinees took place at the Charles River speedway. Something was wrong, however, as Chief Wilkie again showed his heels to the crack side wheelers of the club in the fastest race that has been seen on the speedway this fall.

INTERNATIONAL RACE

AT SHELBURNE. The Boston Herald says: The offer of an international race for the dory class, which came in a communication to the Massachusetts Dory Racing Association from Shelburne, N. S., has been most agreeable news to the owners of these little boats, and it would not be surprising if one or more were sent to race against boats of the same type at Shelburne, for a cup to represent the international championship in class. There are many fast dories in the Massachusetts Dory Racing Association, and the owners are not sportsmen enough to welcome just such an opportunity to show the prowess of their boats and their racing skippers. B. A. Smith, the owner of the champion Tessa, is quite willing, it is said, to enter such a race, and he thinks they would be able to hold their own against the racing dories of Shelburne, which, by the way, are practically the same as those built under the restrictions of the Massachusetts Dory Racing Association.

CARNIVAL AT THE "VIC." A big crowd attended the Halloween night, although the element weather must have kept hundreds at home. Eleven hundred passed through the gates, nearly one-half of whom were skaters. The costumes as a whole were very good indeed and created a favorable impression. The best ladies' costume prize was won by Miss A. E. Crowley, of Fredericton, who as "Sweet Oporeal Cigarettes" was exceptionally good. Everybody works. But "Mother" John Piers ("Sister Ann," Fred Steen, "Son.") The lucky ticket which secured \$10 was won by James Hodt, who held ticket No. 1000.

Stephen J. M. Tasker, of Philadelphia, Arrives in Montreal After Remarkable Exploration of Labrador.

(Montreal Gazette, Oct. 23.) Stephen J. M. Tasker, the well-known sportsman and explorer of Philadelphia, was at the C. P. R. offices yesterday after making one of the most remarkable expeditions through the unknown wilds of Labrador that have yet been achieved. On July 1st last, Mr. Tasker, accompanied by a couple of Indian guides, started for the blanketed spaces of the map from northern Ontario, the whole party traveling in a canoe 15 feet long by three feet beam, starting from Misamis on the C. P. R. They paddled down the Misamis and Moose rivers to Moose Factory, where they spent ten days and then took the Hudson's Bay steamer to Charlton Island, which is the port for the Hudson's Bay Company's steamer on their annual trips. Thence they continued in the small steamer to Rupert House, just north of the Great Bear river, and after following this they paddled three days northwards to Richmond Gulf, on the east coast of the bay. Thence they struck northward along the coast of the bay, and following this they reached the head of the Clear Water river, where Mr. Tasker and his party could not see across it, and could get no clear idea of its real area. A further canoe landed the party to Seal Lake, which is about forty miles long, and here they found themselves at the height of land sloping away to the northeast, and after a certain camp made. The party urged upon the man's wife that his conduct was almost equivalent to suicide, "I've said," replied the wife, "I know it; and many a time I have prayed against it in the church service." "I don't quite follow you," remarked the clergyman, "are you talking about the prayers for the sick?" "Oh, no, sir; I mean when we say in the litany, 'From all false doctrines, Lord, deliver us!'"
