YESTERDAY'S BALL GAMES
Halifax Track Record Broken
First of the Long Distance Roller Skating
St. John Golfers Won

THE FUR

GLORIA WINS AS USUAL.
Simmasse Smashed Track Record in 2:11 3/4.
HALIFAX, N. S., Oct. 3.—A still further reduction of the track record made last week and the pacing of the fastest four heats ever recorded in the Maritime Provinces were the result of the free-for-all today. Again did Gloria, the mare with upwards of a hundred races on the half-mile track of New England to her credit, carry away the money. It was her fourth successful victory on Canadian soil, where she has added twelve winning heats to her list of 214 to 219 3/4 (five of them in 2:13 or better) to her previously extended record, proving conclusively that she is queen of all the performers the provincial turf has seen.
The fastest-mile of the race and the new track record stand, however, to the credit of Terrace Queen, that was first at the wire in the initial heat.
Both of the Springhill entries were drawn, and while the race was generally conceded to Gloria there was the greatest interest as to the result of the contest between Terrace Queen and Simmasse, many thinking that one or both of them would be able to take a heat or more from the Boston mare.
Terrace Queen had the speed of the trio in the opening mile, but it was game little Simmasse that forced out Fox's mare thereafter. With one slight exception she paced the entire race without breaking, and it was an excited crowd indeed when the little black quarter pole in the second heat closed up on Terrace Queen, raced head and head with her around the turn and coming still faster drew up on Gloria in the stretch.
"Come on, Simmasse," was the cry, and she gamely responded. Old Gloria, however, was pacing as smoothly as clock work, and a break by Simmasse within a very few yards of the wire made her lead secure.
The Halifax horse had not the same burst of speed she had shown in the previous race, and she was unable to get further than Gloria's middle there after, though again it looked as if she might be able to pass her in the third heat.
The four-year-old stake went to "Charlie" Henry's Belman, in straight

SILKO WON \$10,000 IN KENTUCKY PURSUIT.

LEXINGTON, Ky., Oct. 3.—Silko, bay son of Moko and Silken, won the \$10,000 Kentucky Pur suit this afternoon at the Kentucky Trotting Horse Breeders' Association's track from the best field of three-year-olds that have faced the starter this year. In winning this, the blue ribbon event of the season for three-year-olds, Silko defeated Governor Francis, winner of the Clark horse review trophy. In the third heat, unfortunately, the driver of Silko was thrown and seriously injured. The horse was, however, allowed to start in the fourth heat, which he won with Hyson Heffany up. Light second was second and Ed. Custer third.

ROLLER SKATING

McCAW LEADS IN LONG DISTANCE RACE.
Has 15 Miles and 1 Lap to His Credit—Dean Did Not Last Long—Hunter Second.

The long distance race began in St. Andrew's rink last evening. A large crowd was present to witness the contest, and some of the skaters put up a fine contest. McCaw made a fine showing, skating a steady race throughout, while Dean, who was the favorite, seemed in poor form and lasted only twenty-two laps. Nixon was also a strong favorite and put up a game race for 170 laps, when he also gave out having been fouled. Wilson's skate came off in the contest, but he kept on until he had made 162 laps.
Hunter rode in second position with 224 laps to his credit. After skating twenty-four laps Longley dropped out. Bennett skated the last 123 laps were enough for him, and left at that stage.
The standing of the different contestants is:
Miles. Laps.
McCaw 15 1
Hunter 14 16
Nixon 11 16
Wilson 10 16
Bennett 8 3
Dean 1 14
Longley 4 16
The race will be continued this evening from 8:30 to 10:30, the same men being entered.

BASEBALL

American League.
At Philadelphia—First game—New York 7, Philadelphia 5, second game, Philadelphia 3, New York 9 (6 innings, called on account of darkness).
At Cleveland—Cleveland 4, Detroit 3.
At St. Louis—St. Louis 10, Boston 3. Games postponed, wet grounds.
At Washington—First game, Washington 3, Boston 1 (11 innings); second game, Boston 2, Washington 1 (7 innings).
American League Standing.
Won. Lost. P.C.
Chicago 91 56 .619
Cleveland 87 62 .584
Philadelphia 78 66 .542
Detroit 73 72 .479
Washington 55 95 .367
Boston 49 103 .322

MANCHESTER

CHICAGO WINS THE PENNANT.
Glad News Received From Our Own "Tip."
Miss Jennie O'Neill, of the north end, last evening received a despatch from her brother, "Tip" O'Neill, of the Chicago White Sox, saying that his team had landed the pennant.
The fans of the windy city are overjoyed at the thought of landing both pennants, and the players are promised a royal welcome on their return. Many of the loyal fans in New York were hoping that such might be the outcome, but New York lost to Philadelphia on Monday, owing to effective pitching by Coombs, and split even with Philadelphia yesterday, thus losing all chances of winning the pennant. Chicago was scheduled to play a double header with St. Louis yesterday, but the games were postponed on account of wet grounds.
The standing of the two teams at present is:
Won. Lost. P.C.
Chicago 91 56 .619
New York 81 66 .551

THE RANGE

CHALLENGE SHIELD STAYS THIS SIDE.
CHERRYMORE, L. I., Oct. 3.—The silver challenge shield donated by Col. Sir Howard Vincent, aide-de-camp to King Edward VII, of England, will remain on this side of the Atlantic for two or perhaps three years. The shield was won by the Seventh Regiment of New York, who defeated by a margin of 60 points. The scores were: Seventh Regiment, 1845; Queen's Westminster Volunteers, 1588.

ON THE ALLEYS

The bowling team from Ricker's Alley will play a return game with the North End bowlers at Black's Alley on Friday night.

FOOTBALL

STUDENT KILLED IN FOOTBALL MATCH.

TRENTON, N. J., Oct. 2.—A verdict of accidental death was rendered at the coroner's inquest today into the death of John P. Kennedy of Troy, N. Y., a student of the Lawrenceville preparatory school, who was killed in a practice game of football at that institution last week. The three coaches of the team, Dana Kafer, Frederick Kafer and Perry Colwell, testified that in their opinion the new football rules requiring open instead of the old style play were largely responsible for Kennedy's fatal injuries. Young Kennedy was captain of the team.

TORONTO VARIETY STUDENT KILLED PLAYING FOOTBALL.

TORONTO, Oct. 3.—While practicing football on the university campus today, Emerson Paulin, a student, fell and hurt himself. He died tonight.

GOLF

VISITING GOLFERS DEFEATED HERE.

The St. John Players Won Every Event in the Tournament with the St. Stephen Club.
In the golf tournament on the local links yesterday the St. John players succeeded in winning all the events. Following is the list of contestants in the men's match, with their scores: J. E. Ganong v. Geo. McAvity—Mr. McAvity 6 up.
R. Bruce v. J. D. Hazen—Mr. Bruce 4 up.
Frank Murchie v. J. U. Thomas—Mr. Thomas 9 up.
Geo. J. Clarke v. Dr. G. A. McCully—Dr. McCully 2 up.
Frank Lee v. Dr. Walker—tied.
The champion v. John A. McAvity—Mr. Chipman 4 up.
A. Cameron v. F. M. Keator—Mr. Keator 2 up.
Marko Mills v. D. J. Brown—Mr. Brown 4 up.
St. John 23, St. Stephen 8; St. John 13, St. Stephen 10.
The following were the players in the ladies' matches:
Dr. Parks v. Mrs. Cameron.
Miss Vera Robinson v. Mrs. Wilson.
Miss Lou Parks v. Miss Black.
Miss Robertson v. Miss Black.
Miss E. A. Smith v. Mrs. Ganong.
St. John won this event, four out of five.
In the afternoon mixed foursomes were played between:
Mrs. Robertson, Dr. McCully v. Mrs. Cameron and Mr. Clarke.
Miss Vera Robinson and Mr. Moore v. Mrs. Wilson and D. J. Brown v. Mr. and Mrs. Mills.
Miss Robertson and Dr. Walker v. Mrs. Cameron and Mr. Lee.
Miss Inches and Mr. Hazen v. Mr. and Mrs. Ganong.
St. John won this event also.

MARRIAGE OFFERS

SWAMP OLD MINER
Widows, Spinsters, Schoolma'ams, and Shop Girls Eager to Share \$600,000.

SPOKANE, Wash., Oct. 3.—"Since" Old John Corrigan recently sold his group of claims near the Bunker Hill mine in the Cour d'Alaines, the little shack that serves for a post office at Wardner, Idaho, has been literally swamped with letters from the veteran prospector. It all comes through publication in press despatches of the fact that Corrigan had received \$600,000 for his claims, after having lived in poverty for more than twenty years rather than sell them to the much hated mining syndicate which he designated "the trust." News of his good fortune appears to have reached every widow, spinster, schoolma'am, shop girl and stenographer in America, and all of them are willing to marry him, despite his advanced age and unattractive appearance.
"You'd be dreading them letters," said Corrigan, pointing to a heap of lined and sealed envelopes which were piled three feet high in a huge box in which he had been wont to pile wood with which to heat his shack during the long winter months. "It's funny how they go about telling me they'd be willing to put in with me and divvy up my wad. Some of them say they're pretty and send their pictures. Others don't set any particular store by their looks, but say as how they're extra fine cooks and are good-natured. One woman, who lives at Duluth, Minn., says she's a school teacher and that she's fat and jolly. She suggests that she might be a help in attending to my business for me.
A girl in New York sends her picture taken in a sort of mosquito bar lined and sealed envelope which were piled three feet high in a huge box in which he had been wont to pile wood with which to heat his shack during the long winter months. "It's funny how they go about telling me they'd be willing to put in with me and divvy up my wad. Some of them say they're pretty and send their pictures. Others don't set any particular store by their looks, but say as how they're extra fine cooks and are good-natured. One woman, who lives at Duluth, Minn., says she's a school teacher and that she's fat and jolly. She suggests that she might be a help in attending to my business for me.

MACDONNELL BELIEVES HE HAS FOUND PAY DIRT JUST WITHIN BRITISH COLUMBIA BOUNDARY.

OTTAWA, Ont., Oct. 3.—That he has obtained gold in paying quantities from a bank of shale on Peace River is positively asserted by S. A. Macdonnell, C. E., formerly Dominion member for Selkirk, who is at present in Ottawa engaging in preparing a report on the character of 350,000 acres of land to be transferred by the province of British Columbia to the Federal Government. The staff of the Geological Survey are said to hold a different opinion from Mr. Macdonnell. Last winter some of the alleged gold-bearing material was sent to them for examination and adjudged to be iron pyrites and worthless. Mr. Macdonnell has some knowledge of minerals, and he knows how to assay also. His confidence in the geological survey has not been shaken by their verdict, and he has forwarded some samples of the Peace river shale to Toronto and to Montreal to be tested.
"This shale," he said today, "contains fine gold. I crushed some of it myself in a mortar and tested it with quicksilver. When the quicksilver was made to evaporate there was a gold residuum which would yield from \$7.50 to \$37 a ton."
"Where is the shale located?"
"On the Peace River about six miles within the British Columbia boundary. There is a bank of it about 120 feet high and eight miles long. From the indications I should say it extends for some 1500 feet from the front. The cook of our party one day called my attention to the glittering particles of gold in the shale. I obtained some samples and crushed them, with the result stated."
Mr. Macdonnell says the land examined by him for the Dominion Government is fine rolling country, poorly timbered but excellent for general purposes.
"Doubtless," he adds, "it is liable to early visitations of frost, as was the case in Manitoba at one time, but these will cease when the land is settled and cultivated."

4101
A FIRST SHORT SET FOR THE LITTLE ONE.
4101—What lovable little creatures babies are in their first short clothes, and especially when they begin to push themselves about the floor to show their independence. A set of short clothes is sketched here which is very sensible and attractive. The dress has a pointed yoke and deep bertha collar and sleeves, which may be long or shorter. A sheer nainsook would serve for this, with a simple embroidery as trimming. The underskirt closes in front and has tabs at the lower edge to hold the drawers. The latter are all in one piece and very easily made. The skirt is a straight round one, finished with a hem or narrow embroidery. The material needed for these in the medium size is as follows: For the dress, 2-5/8 yards of 35 inch goods, 7-8 for the petticoat, 3-4 for the drawers and 9-8 for the under waist. 4101—SIZES, 1-2, 2 and 3 years.

Monday Evening, Oct. 8th

NEW CASSANDRA

AS IN MONTREAL
The Donaldson Liner, built for the Canada-Glasgow Trade, on Maiden Voyages.

(Montreal Herald)
The S. S. Cassandra, of the Donaldson Line, arrived in port today from Glasgow. This is the Cassandra's maiden trip to this port, and she carried quite a number of passengers and a full cargo.
This vessel was launched June 27 of this year at Greenock, and is the first vessel the Donaldson Line have had built especially for the passenger trade and of 6000 tons gross. Accommodation is provided for 200 second class passengers on the shelter, bridge and deck-decks, while 1000 third class passengers can be accommodated.
However, the success attending the work of that vessel was so marked that the firm decided to extend this branch of their business. She will carry only second and third class passengers, though the second class will have all the best parts of the ship, and the accommodation usually reserved for the first class.
The Cassandra is a twin-screw steamer, 455 feet in length, 53 feet in breadth, 40 ft. in depth to shelter deck and of 6000 tons gross. Accommodation is provided for 200 second class passengers on the shelter, bridge and deck-decks, while 1000 third class passengers can be accommodated.
While the vessel is primarily intended for passengers, she is also very completely equipped for the carrying of cargo. The cargo holds are five in number, and are capable of carrying 900 tons of deadweight. The loading and discharging apparatus are of the most modern and approved style. This vessel will carry frozen meat and dairy produce from Canada to Scotland, and a large refrigerating chamber has been fitted up.

PRESBYTERIANS STAND FOR FULL PROHIBITION

Maritime Synod Wants a Law Like That in Force in P. E. I.—Salaries of Halifax College Professors Increased — Interesting Reports Received at Moncton Yesterday.

MONCTON, N. B., Oct. 3.—The first business transacted at this afternoon's session of the Synod was the settling of the time and place for the next meeting. Rev. Thos. Fowler, in the name of the Ministerial Association of Halifax, cordially invited the Synod to meet there. The invitation was accepted, the Synod to meet in St. Matthew's Church in that city.

Rev. J. D. MacMillan raised a question as to the time of meeting, suggesting that it ought to be earlier in the year, but it was decided not to change the present standing arrangement for the first Tuesday of October. At this stage of the order of business was suspended in order that the Synod might hear Rev. Dr. Mowatt of Montreal, who appeared on behalf of the Point Aux Trembles school. Dr. Mowatt testified to the noble response Synod had made to the various calls from foreign and home mission fields, including the work of French evangelization. Sixty years ago in the face of insuperable difficulties this mission was undertaken. It had been a great success, but never was the necessity greater for continuing this educational and evangelistic work. The need for this work may be indicated by the fact that one-third of the French population in Quebec cannot read or write, and that there are whole parishes where even the school commissioners cannot read or write.

In November, 1846, the boys' school was opened and shortly after the girls' school. The diamond jubilee of these schools is presently to be celebrated. The old buildings are being renovated and a new one at a total cost of \$60,000. Present accommodations are not sufficient. It has been necessary to turn away as many as 100 a year. In 60 years 5,000 persons have been educated, and they are found today in all ranks of society. Many are in the Roman Catholic communion and are warm friends of the school because of benefits received. The main object is not to make converts, but to fit pupils for citizenship and to make them better men and women. The outlook for English Protestantism in Quebec is not bright. French Canadianism is growing, doubling itself every 25 years and spreading far into the interior. The following resolution was moved by Dr. Murray and seconded by Rev. A. Rogers and adopted: "Resolved, That the Synod thanks the Rev. Dr. Mowatt for his presentation of the claims of French evangelization, and in connection with the Point Aux Trembles schools, and cordially commends their object to the liberality of our people. The report of augmentation committee was presented by Dr. Smith of Moncton. Last year there were 61 congregations on the list and of these 59 had ministers settled on them. The receipts were \$107,271, of which \$8,772 was contributed by congregations, \$152 from donations and \$443 from interest. The expenditure had been \$16,184, leaving a small balance on right side. This year grants made the amount \$9,820. Attention was called to the action of the last general assembly in regard to ministers' salaries, the minimum being raised from \$750 and raised to \$800. Dr. Forrest spoke strongly in support of the resolution moved by Dr. Smith. The board brought up the matter of increase of salaries for professors. At year the board had petitioned the general assembly for permission to be an increase and the assembly remitted the matter to the synod deal with. The principal and one of professors had recently had attractive offers from other colleges, but had finally remained. The following resolution was moved Judge Forbes and seconded by Dr. Lewis: "The general assembly have remitted to the synod the matter of raising the salaries of professors. The synod approves of the recommendation of the college board that the salary of the principal be \$2,100 per annum with free use of houses in which now lives and that salaries of both Currie and Dr. McGill be \$2,000 per annum with free use of houses in which now lives and the others accordingly." Principal Falconer reported for the committee on education, especially as to teachers was among other things responsible for the serious condition that was growing constantly more and more insufficient provision, and in some cases no provision at all, was made in many parts of the provinces. Rev. E. H. MacPherson, speaking on behalf of the Presbyterians of Invergard, drew attention to the fact that there were districts where out of a population of 65 only 5 could read and

BOARDING-Pleasant room with board, two gentlemen preferred, 123 Union street. BOARD-Room and Board at 140 Union street. UPTON SINGLAR BUYS JERSEY PARK Purchases Helicon Hall, on Palisades of the Hudson, and Will Take Possession at Once. NEW YORK, Oct. 3.—Helicon Hall, Englewood, N. J., has been purchased by Upton Sinclair, and he with his colony will take possession in a few days. The transactions have been carried on with the utmost secrecy. Some of those who will live there this winter are Upton Sinclair and family, Professor John Dewey, of Columbia College, and his family; Professor and Mrs. William Noyes; Professor and Mrs. Montague, also of Columbia; Ellis O. Jones and family; Dr. Charles H. Castle Borkman, W. J. Lampton, Dr. and Mrs. Gwyneth and family and Mr. and Mrs. Edwin Foster. As far as possible the co-operative servitude plan will be adhered to. Helicon Hall is located on the Palisades, four hundred feet above the Hudson River, and is half an hour from New York city. It is in the middle of a beautiful park of nine acres, on the border of a forest extending fifteen miles along the top of the Palisades. The exterior of the building is of unique design and impresses one as being in perfect harmony with its surroundings. The interior is unusually attractive. The property is appraised at \$2,000,000, and buildings worth \$60,000. Bowling alleys, a theatre and a large dining hall make up some of the features of the place. The sale was made yesterday, and while Mr. Craig, the former owner, refuses to mention the consideration, it is believed to be somewhere around \$65,000. An excellent college staff. Queens got Gordon a few years ago, last year Knox asked for Principal Falconer, and this year Manitoba tried to get McGill. These last stayed by us. Shall we not stand by them as they have stood by us. Last year we had only 20 students; this year we have 35. We need more men and more money for colleges. This year we asked for \$8,000. Principal Falconer followed Dr. McMillan, and then Lieut. Governor Fraser of Nova Scotia gave an address

WALTER WELLMAN IS NOT DISMAYED Arctic Airship Voyage is Not Abandoned-He is Confident of Ultimate Success. PARIS, Oct. 3.—Mr. Walter Wellman, chief of the expedition for the discovery of the North Pole by airship route, accompanied by Major Henson, the meteorological department, at Washington, has returned to Paris from northern regions and will remain here several weeks. Then to Antarctica, returning here in January to complete preparations for proceeding again north well under way. "I am confident of ultimate success," Mr. Wellman said, "We found certain drawbacks and defects in the mechanical features of the airship. These we tried on with the intention of remedying them before the start. Nothing radically impossible stands in the way. "This summer—and a short one it is always in Spitzbergen—has been devoted to investigation, installation and preparation. Next summer I am quite sure will be one of realization. "Mr. Wellman explained the details of the immense amount of work that has been devoted to establishing a base of operations in Spitzbergen. The season was consumed in building a hangar, or shed, the largest ever constructed, and installing machinery and materials used in connection with the airship and other implements. He added: "We are here for the winter season, and as soon as the balloon and its car and motors, now on the way back, arrive we will be at work on them to get them in perfect order for the return trip next summer. "The balloon part of the airship is all right in principle, so are the motors, but we had trouble with the placing of the motors in the proper place in the car. We made many repairs on the spot, but there was a limit to our resources; hence we must complete the work here in Paris. "Regarding the results of his wireless telegraph communication, Mr. Wellman is not enthusiastic. "It was not a complete success," he said. "A few messages were sent from Spitzbergen to Norway under the most favorable conditions, but when the weather was not at the best all was off. The engineers said there was not enough power at any time, next year we shall have twice or three times as much power as we have used this year. "In conclusion, let me say that nothing has shaken my confidence, no positive obstacle has presented itself, and next summer will see us actually on the way to the Pole."

LOST -Sept. 28, a basket of laundry, between Rock and Chesley streets. Finder will please notify W.H. SANDS at 71 German street. 2-10-11. FOUND- pair gold rimmed glasses. Owner can have same by calling at this office and paying for this ad. 2-10-11. ALL BUT ONE OF THE CREW WERE LOST French Steamer Sank Last Month and Twelve Men Went to Death. LORIENT, France, Oct. 4.—The mate and sole survivor of the French steamer Cont Coatl has been killed at Genoa. His name is Pexier. He declares that after the vessel sank on the night of September 15, he, crew numbering thirteen, clung to floating bits of timber. One by one their strength gave out and they sank to their death. Pexier was the only man able to keep his head above water until picked up by the Norwegian steamer Hornholm, which took him to Genoa. The Cont Coatl left Lorient September 15 for Newport, England, and was never heard from again. Advertising in its fundamental and etymological significance means a "direct toward; hence, advertisement is that which turns the attention of the people towards the matter which represents—Successful Advertising. ST. LAWRENCE ROUTE CHEAPER THAN RIVAL. KINGSTON, Oct. 3.—The Grain Commission had a session yesterday afternoon in the Board of Trade rooms. H. W. Richardson was the first to give evidence. He said that the grain men desired uniform samples, but thought it difficult to secure this. He considered the reputation of Canadian grain the best in the world. Questioned in regard to cleaning wheat under the No. 1 standard, to reach that standard Mr. Richardson said that the additional price would not pay for the cost of cleaning. He spoke strongly in favor of grading the wheat at Ford William. In reply to a question, he said that there are sufficient Canadian to carry out wheat. He indicated that there was a combine among carriers last season. Replying to other questions as to the bulk of the corn coming down the St. Lawrence, he affirmed that it could be done by the deepening of the Welland Canal. Grain costs 7c by Buffalo and New York, whereas it could be carried profitably by the St. Lawrence route for 6c, provided larger vessels could pass through the Welland.

ANANDA SHOULD BE "ALL OVER OUR GOODS". W. A. McKinnon, commercial agent Bristol, reviews the colonial dairy produce situation in England, in the 4th issue of The Trade and Commerce port. In order to commend the Indian goods to the buying British public, he strongly recommends the branding of all produce with the "Canada" and the date of packing. The article in last Friday's edition of The World, on the value of a tin, comes with peculiar force in the present situation now. The Chicago feed market has demoralized the trade, and the fact of Canada having good product, wholesome, carefully packed and clean, cannot be too much pressed upon the buyer. Mr. McKinnon says:—It has already been pointed out by one of my colleagues that there is

at present a good opening for Canadian brands of tinned meats. Supplementing what has been published, I would in the first place confirm the expectation that Canadian goods should command eventually in securing a good place on this market; but certain conditions precedent must be observed. The entire trade in all classes of canned goods is practically at a standstill, confidence having been entirely destroyed, even in some of the best brands of British and foreign foods. To remove suspicion and restore confidence, a certificate of government inspection is what the trade here stipulates as a first requisite. "In addition to the label showing that the contents have been inspected at the time of packing, the date of packing should be clearly stamped on every tin. The principal object of dating new goods would be to show that they had been put up subsequent to the American investigations, since every one believes that these enquiries will result in a vast improvement in the conditions attending the manufacture of canned goods. "Finally, I cannot too strongly urge upon shippers of these and other goods to mark the word "Canada" or the label "Canadian Produce" most prominently. As an importer put it to me, "Canada" should be all over the goods."

HALF-YEARLY REPORT OF G. T. R. ISSUED. LONDON, Oct. 2.—The G. T. R. report issued today states the gross receipts for the half year ending June 30 at £3,921,831, compared with £5,729,908 last year. The working expenses were £2,184,821 compared with £1,923,428. The net revenue receipts for the half year after adding receipts from all sources were £2,484,867, compared with £2,997,634. The amount available for dividend is £214,778. The directors recommend dividends on four per cent first and second preference and carry forward £215,077. The passengers carried totalled 4,516,357, compared with 4,303,765. The total mileage was 8,751,744, compared with 8,292,204. On the Canada Atlantic road there was a net revenue deficiency of £30,296. On the Great Western the gross receipts were £213,596. The working expenses increased £6,021, leaving a net profit of

\$3,557, the same as last year. The net revenue surplus for the half-year was £239, compared with £7,438. The last half-year's surplus is brought forward and payment in full interests of second mortgage income bonds ordered. Passengers carried total 18,152, showing an increase of 77,995. Detroit & Grand Haven gross receipts were £161,273, an increase of £22,508. The working expenses increased £14,994. There was a net revenue surplus of £1,192, compared with a deficiency of £10,415. Passengers carried were 292,850, against 285,035.

SOUTHERN PACIFIC TARIFF. SAN FRANCISCO, Oct. 4.—Beginning October 10, the Southern Pacific will make a twenty-five per cent. reduction in its tariff on commodities shipped under refrigeration. At present the charge of shipping perishable commodities is 25 per cent. above the cost of the shipments. As a result of this change of policy, California fruits can be bought at a much cheaper price in eastern states. Larger shipments of fruits and other perishable commodities will also be encouraged.

UNCHANGED. LONDON, Oct. 4.—The rate of discount of the Bank of England remained unchanged to-day at 4 per cent.

WALL STREET. NEW YORK, Oct. 4.—Opening prices of stocks generally were a fraction higher than last night, but there were wide declines in a few cases. The Pacific fell 2-8; U. S. Rubber, 2-5; Northwestern, 1-4, and Norfolk and Western 3-4. Colorado Fuel advanced 1-4; Southern Pacific, Colorado Southern and the second preferred and Mexican Central about a point, and Reading, Missouri Pacific and Distillers Securities, 5/8. The market opened irregular.

BANK OF ENGLAND. LONDON, Oct. 4.—The weekly statement of the Bank of England shows the following changes: Total reserve decreased... £2,500,000. Circulation increased... £32,000. Bullion decreased... 2,397,413. Other securities increased... 1,390,000. Other deposits decreased... 5,000. Public deposits decreased... 1,595,000. Notes reserve decreased... 2,388,000. The proportion of the bank's reserve to liability this week is 38.50 per cent., as compared with 42.53 per cent. last week.

F. W. DANIEL & CO., London House, Charlotte St.

MANY THEFTS HAVE BEEN REPORTED. Officer Sullivan Proves That He Was on King Square When the Cronin Saloon Incident Occurred.

Chief Clark yesterday afternoon continued his investigation into the charge made by Wm. Pyne against Police Officers Thomas Sullivan and Ira Perry. The only witness examined was John Dunn, night clerk at the Park Hotel. By the testimony given by the witness, Officer Sullivan considers that he has proved that he was on King Square at the time when Mr. Pyne says he visited the saloon.

Mr. Dunn said that he was talking to Officer Sullivan at that night. It is reported that Patrick Pyne saw a man loitering around Germain street about one o'clock in the morning in question. In addition to the Cronin case, other strange robberies have been committed in the city lately. John Barsley, the

HOW SHIPPING SUFFERED IN THE SOUTHERN STORMS. A Number of Stranded Vessels Will be Repaired and Floated, But Several are Total Wrecks.

PENSACOLA, Fla., Oct. 4.—A careful review of the damage to foreign vessels in port during the recent storm was made yesterday. The Norwegian ship Ingrida, the Norwegian bark Hensford and Campbell, and the German bark Maria are total wrecks. The Norwegian bark L. Nelmsdop and the Swedish bark Alfid, and the Norwegian ship Avanti may again be floated, but in some cases the cost will be almost as much as the original cost of construction. The Norwegian bark Lilla, Superb and Andro, and the Italian ship Lena can be saved and made seaworthy. The British ship Canada and the Italian ship Avon were floated yesterday.

MORAN TO BE NOMINATED FOR THE GOVERNORSHIP. Opposition Withdrawn at a Conference Last Night—Others of the Ticket are in Doubt.

BOSTON, Oct. 4.—John Brown Moran, assistant attorney of Suffolk County, will be nominated for Governor without opposition at the Democratic convention here today. The make up of the state ticket aside from Mr. Moran is uncertain, although two of the independence league candidates, E. Gerry Brown, of Brockton for Lieutenant Governor, and T. L. Hingon, of Springfield, for Auditor, may be endorsed. After a long conference last night, when Mr. Pyne, Mayor Fitzgerald, of Boston, and Chairman Jonah Quincy of the state committee, it was agreed that there would be no opposition to the control of today's convention by Mr. Moran's supporters.

"CANADIAN NATIONALITY." (The Farmer's Advocate—London, Ont.) "Canadian Nationality, The Cry of Labor, and Other Essays," is a neat, 230-page volume, embracing a symposium of eleven essays on many topics by W. Frank Hatheway, of St. John, N. B., who clothes his thoughts in glowing language, embellished with extreme with a wealth of allusion and illustration. Of Emerson, he proclaims himself a devoted disciple, though he has departed far from the simplicity of style of that great master of English, and comes dangerously near what he warns his readers against—hero-worship. The predominant note is appreciative patriotism. On Canadian scenery, Canadian education, Canadian character, Canadian opportunities and Canadian destiny the author seeks to focus the attention of his readers. He would have us engaged with a vital philosophy of the living present, rather than the dusty lore of the past. Very effectively he appeals to us to look for joy and inspiration in our home surroundings, rather than abroad. For the essays on labor, not so much can be said. The sentiments expressed are altruistic, but the hard-headed economist will scarcely give much consideration to the author's well-intended suggestions for the improvement of the existing order of society and wealth-distribution. Nevertheless, even these chapters are good reading. The profession of apt reference to the beauty spots and scenes of grandeur which abound in the Dominion, will give the book a local coloring for almost every reader, from Halifax to Vancouver. Naturally, the most frequent mention is made of familiar points in the author's own picturesque Province of New Brunswick, but pains have been taken to foster the national outlook and deprecate the old, lingering tendency to provincial prejudice. Taken all in all, the book is uncommonly interesting and elevating from cover to cover. There is room for more works with the same strong, wholesome Canadianism. The author displays an enthusiastic and appreciative acquaintance with the natural beauties of Canada that is positively refreshing. Here he is on safer ground than when he undertakes the role of Councillor-in-General to statesmen, political economists, business men, preachers and teachers.

The merry whirl at Victoria Roller Rink continues. Last evening there was a very large assemblage of adults and children, who enjoyed the popular music programme of the band to the fullest. Some of the latest songs were rendered. After the rink programme was over the electric cars did a rushing business. Besides those skating last evening there was a large attendance of spectators and promenaders. Band again tonight.

EXTRAORDINARY METHOD OF DISPOSSESSING TENANT

Rideau Hall, Fashionable Union Street Boarding House, Filled With Drunken Negroes Last Night -- Guests Fled in All Directions -- Police Called but Refused to Interfere.

Rideau Hall, the well known hotel at the corner of Union street and Hazen avenue, was the scene of the wildest excitement last night when a crowd of nearly a dozen negroes, the Messrs. Burns and other familiar characters had the run of the house, cutting the music and enjoying themselves at the utmost as they sat at the hotel Adam Bell, Mrs. Bell and his son were among the boarders.

It would seem, however, according to the story is a long one. Harry Wilson, who has for some time past been the proprietor of the Rideau Hall, leased the building for such a purpose from Adam Bell, the owner. At the hotel Adam Bell, Mrs. Bell and his son were among the boarders.

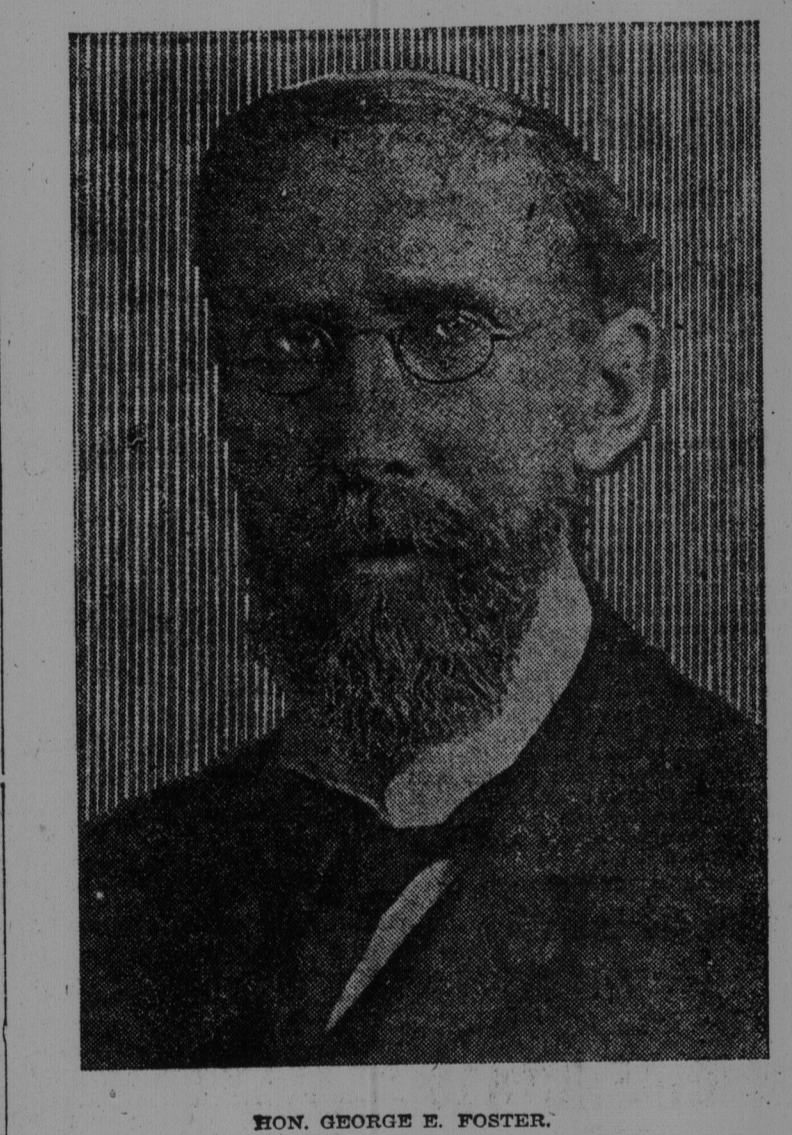

It would seem, however, according to the story is a long one. Harry Wilson, who has for some time past been the proprietor of the Rideau Hall, leased the building for such a purpose from Adam Bell, the owner. At the hotel Adam Bell, Mrs. Bell and his son were among the boarders.

MR. FOSTER TESTIFIES IN HIS OWN DEFENSE

His Explanation of the Deals With Union Trust Company's Funds.

Transaction Was Approved by Directors -- He Shared With Fowler in Profits of Lumber Deal, but Had Nothing to Do with Arranging It -- Oronhyatekha Got 100 Shares for Nothing--George W. Fowler Will be Heard Soon.

HON. GEORGE E. FOSTER.

TOBACCO, Ont., Oct. 2.—Having waited patiently since Monday morning to be called by G. F. Shepley to finish his testimony, and seeing little chance of being called, Peter Ryan kicked over the traces this morning. He electrified the insurance commission by hurling a six minute explanation at them almost before they had taken their seats. Shepley did not put to him again the question Ryan refused to answer, as to the men with whom George W. Fowler said he had to divide the \$55,000 handed back to him after he paid for the Kamloops lumber property.

Hon. Geo. E. Foster closely followed Mr. Ryan on the stand, and he also was given an opportunity to explain his connection with the syndicates that purchased properties, while he was manager of the Union Trust Co.

Mr. Foster said he came out of politics poorer than he went in. During a spell of hard luck he applied to many individuals, intending to finance it himself. Finally, believing it was a good thing, they let the Union Trust Co. borrow money from the company, giving them in return 27 1/2 shares of bonus stock as an inducement.

Reference to the minutes showed that on June 4 Foster laid the proposition before the directors of the Union Trust Company verbally. There were present Dr. Oronhyatekha, Sir John Boyd, Foster, Matthew Wilson, K. C., Lieut. Col. McGillivray and Lieut. Col. Davidson.

There was, Shepley pointed out, no mention made in the minutes that Wilson, Foster and McGillivray owned the option, but Foster said if it was not mentioned, then it was afterwards well understood and mentioned. The idea in first bringing the matter before the Union Trust Company was to obtain a loan for the amount of the first payment to the C. P. R.

Foster was not able to give any definite reason for having given 100 shares of stock in the Great West Land Company, which originally belonged to Wilson, McGillivray and himself, to Dr. Oronhyatekha. The suggestion that this was done was made by Oronhyatekha himself at a board meeting, and it was acted upon. Foster could not give any explanation why he had given up his hundred shares of stock without receiving any consideration for it. If he had any supposition about it at the time, he presumed, supposed that the Oronhyatekha would use them for the benefit of the company, but there was no contract in any way, shape or form as to any service that was to be performed by Oronhyatekha for it.

He had no idea they were to be used for the benefit of the company if they were not so used would come back to the original owners. At any rate, the doctor was not holding the shares in trust for Foster and his associates. The stock was not given to Oronhyatekha to secure his good will because the proposed loan had been assented to by him before that.

It was announced that Geo. W. Fowler is on his way to Toronto and will arrive in a few days.

CHAS. E. HUGHES STATES POLICY

Issue at Stake He Says is Decent Government

Scores Hearst Party as Masquerade Which Has Violated Every Democratic Principle

NEW YORK, Oct. 2.—With the declaration that the issue in the forthcoming campaign in this state is not to be one of republican principles or democratic principles, or a partisan issue at all, but the vital issue of decent government, Charles E. Hughes, of this city, to-night formally accepted the nomination for Governor, which was brought to him by a committee of the republican state convention recently held at Saratoga.

In reply to the official notification of his nomination for Governor, Mr. Hughes said in part: "As a lifelong republican, as one loyal to the principles and best traditions of the party, I respond to the unanimous call, and especially claim to represent true republicanism when I promise to administer the affairs of the state in the interest of all its citizens. I recognize the emergency which has made us the trustees of the conscience and sober sentiment of the people of the state, and have charged with the duty of leadership in a contest for decent government. To this contest, humbly conscious of my own limitations, but confident in the strength of the cause, I commit myself heart and soul without doubt as to the result.

"No one can deny us the right to pay just tribute to 'Jefferson Democrats' or to 'Lincoln Republicans.' Our contest is not with them, but with the candidates opposed to us are not of them. Vain is it for our opponents to parade in the liveliest of virtue. Empty are their professions and hollow their declarations and promises.

"If you would know the sort of administration we should have in the event of their success look at the Buffalo convention, for there you will find their motives and their methods mirrored; their motive selfishness and their method intrigue.

"What, then, is the supreme issue of this campaign? It is not an issue of the Republican or Democratic or Democratic principles. It is not a partisan issue at all. It is an issue which should array on one side all lovers of truth, of sobriety, of honest reform, of independence. It is an issue of the Republicans, Democrats or Independents.

"The question is whether the unholy alliance that succeeded at Buffalo shall capture the State of New York."

Continuing, Mr. Hughes said that if elected he would give the state "a sane, efficient and honorable and honest administration."

"It will be an imposed administration, I promise all members of the party fair treatment and just consideration. No individual group or individual shall be permitted to dictate my policy. I shall decide and act according to the maintenance of the law and the public interest."

Regarding the labor situation he said:

In closing, Mr. Hughes said: "I shall spare no effort to make effective the reforms in the business of life insurance so essential to the interests of polytheists."

"I promise the enforcement of the law with equal severity and equal justice to all, rich and poor, corporations and individuals."

The Globe CLOTHING HOUSE

REV. DAVID LONG ASKED TO REMAIN

Congregation of Victoria Street Church Agree to His Terms—Will Give Answer on Sunday

The annual congregational meeting of Victoria Street Baptist Church was held last evening. A unanimous call was extended to Rev. D. Long, the present pastor, to remain. It has been well known to the members of the congregation that Mr. Long had been

REV. DAVID LONG.

BENCH WARRANT FOR SCOTT ACT WITNESS

Several Interesting Cases in the Hampton County Court Docket—St. John Lawyers Present

HAMPTON, Kings Co., Oct. 2.—The October session of the county court of Kings county opened this morning at eleven o'clock and was adjourned until 2 p. m., when E. R. Chapman on behalf of Mr. Cozier asked his honor to name a day when the case of MacRae v. Poole could be heard in chambers in St. John, the counsel having been called away to Montreal. His honor decided to stand it over until Friday, Dec. 7th. In the Scott act case of the King on the information of H. Cusick v. George Meyers, Amos A. Wilson appeared for the inspector, and Messrs. Jonah and McIntyre for the defendant. Mr. Wilson said the two witnesses for whom warrants had been issued are still out of the county, one now living in New Hampshire and the other coming and going in the service of the customs on the border line. Sheriff Freese returned two warrants which he had tried to serve on George Panams and Robert Penesalt dismissed without avail. Mr. Wilson consented to have the case against Penesalt dismissed, but a bench warrant for the recalcitrant witness, Crandall.

In the case of the King on the information of Harris T. Cusick v. William Cumming, Ora P. King, acting clerk of the Superior Court, was called by Mr. Fairweather, the attorney and counsel in the case, was prevented by illness from appearing and thereupon the case was allowed to stand over.

In the case of Mary Quirk two of the three charges were disallowed on appeal, and in one case the conviction was confirmed.

Court adjourned sine die.

DR. MELVIN DINED MEDICAL SOCIETY

At the annual meeting of the St. John Medical Society, held in May last, Dr. Melvin was elected president for the society's year, beginning on October the first. The first meeting of the year was held last evening in their rooms in the Market Building, at which the president read a valuable paper on Crossed Reddity. There was a large attendance of members, the meeting being one of the most successful ever held.

In accordance with the immemorial custom of the society the new president gave a dinner to the members of the society. The function, which was held at White's, was a brilliant one. Dr. Melvin presided, places being laid for about twenty-five. W. Frank Hatheway and Wm. Brodie were present as guests. Witty and pleasing speeches were delivered by nearly all those present, including Mr. Hatheway and Mr. Brodie. The dinner was served in Caterer White's best style, the service and appointments being very favorably commented upon.

REV. GORDON DICKIE COMING TO ST. JOHN

Will be Inducted as Pastor of St. Stephen's Church on Oct. 16th—Acceptance Announced Yesterday

Rev. Gordon Dickie announced at the meeting of the Presbyterian synod of Nova Scotia, that he had accepted the call to St. Stephen's church here. The induction of the new pastor will take place at the meeting of the St. John presbytery on Oct. 16th.

Mr. Dickie, who is a young man, is the son of a Presbyterian clergyman of Nova Scotia. After graduating at Dalhousie in 1898 he entered on theological study at Pine Hill Theological College, Halifax. His first pastorate was at Colechester, N. S., after which he was assistant to Rev. T. C. Jack at Sydney. Mr. Dickie then further pursued his studies at the universities of Harvard and Edinburgh and in Germany. In 1904 he accepted a call to St. Stephen's church, St. Stephen. At that time he was also favorably spoken of in connection with St. Andrew's church in this city, which was then in need of a pastor.

For Family Colds

A reliable cough and cold cure should be always in the house ready for use the moment the first symptoms appear.

It is always easier, cheaper and better to check a cold in the very beginning. It is safer, too.

Shilo's Consumption Cure, the Lung Tonic, has been tested for thirty-three years, and tens of thousands of homes in Canada and the United States to-day are never without it.

A dealer writes: "Shilo's Consumption Cure is without doubt the best cough and cold cure on the market. One year, my company will not be without it."

If it were anything but the best would this be so? Try it in your own family. If it does not cure, you get back all it cost you. We take all the chances. Neither you nor your dealer can lose. Isn't that fair? Yes, it is the price. All dealers in medicine sell.

LOCAL NEWS.

Hereafter all notices of auctions will be found on page 3, last column.

The monthly business meeting of the Kings Daughters' Guild will be held on Friday at 3 p. m.

The library of the late Rev. J. deSoyres is now on sale at the Church of England Institute, Germain street.

Only two more days to secure the one dollar coupon of the Union Clothing Co. See it on page 3, cut it out.

W. H. Sargeant, of North End, who went to Calgary last April, and started a small boot and shoe shop, has been very successful. He also makes custom shoes to order, and has opened up a retail store.

The Sydney Post says—Between 7 p. m. o'clock and midnight on Saturday, the steamer Borgestad was docked with 7,000 tons of coal, and despatched for Montreal. Seven thousand tons of coal over the chutes in less than five hours beats all previous records the world over for coal handling.

The anniversary of the Women's Missionary Society of Carleton Methodist church will be held in the vestry Friday evening, October 5th, at 7.30. An address will be given by Miss Crombie, a returned missionary from Uda, Japan, and the report from delegates to the branch meeting will also be given. A collection will be taken at the close of the meeting.

The yacht Grace M., owned by Mr. McLaughlin, the baker, is out of the water at Millidgeville, and will be radically improved before next spring. Builder Colton is soon to commence the work of building a new and commodious cabin in her, which with other changes will place the speedy single-sticker a few notches nearer the top of the line.

A merry gathering took place last evening at the home of Mr. and Mrs. John Stanton, Elliott Row, the occasion being the first anniversary of their marriage. Shortly before lunch James Walsh, on behalf of the assembled crowd, presented to Mr. and Mrs. Stanton a handsome set of dining room chairs. Mr. Stanton responded in the most appropriate manner and then the party enjoyed themselves in singing and dancing.

The annual fair of the Loch Lomond Agricultural Society is being held today at the society's grounds near the old Ben Lomond house. The attendance at noon was large, and people were arriving at a rate which would indicate that the fair was well patronized. The display is also said to be above the average, the exhibits in the line of root crops are excellent, and entries of live stock are numerous. Judging was going on all forenoon.

A peculiar accident occurred at the Exhibition grounds Tuesday night. John Abraham, a cable operator of the "Kill the Coon" game, he put on all the force possible and the result was that his arm broke above the elbow. He was taken to the drug store of A. Tompkins, where first-aid injuries were attended by a physician after which he was driven to his home. The break occurred just as he had swung his arm back to make the throw.—Halifax Echo.

James Muir, one of the chiefs on the Ottawa Journal staff, is in the city with Mrs. Muir on their way from Halifax. While in St. John Mr. Muir is visiting his sister, Miss Muir of the Victorian Order of Nurses. The Upper Canadian newspaper man is a prominent figure in the press gallery at Ottawa, and is a person of very considerable experience in the journalistic field, even so far as being war correspondent in South Africa. He is impressed with the businesslike tone of St. John, and likes the place for its all round attractiveness. Mr. and Mrs. Muir will leave for their home tomorrow.

The quality of gas supplied these days is simply vile. If it continues so poor, numbers of customers of the St. John Railway Company promise to boycott the system. In numerous localities when jets were turned on full force, only half lighting power was forthcoming, and that was a dirty yellow, shedding little illumination. It was necessary to turn on all the jets in order to get a light by which a newspaper could be read. Some householders turned off the dimmable sockets and lighted lamps. Of all the poor gas had in St. John of late years, the present supply is the limit. At \$1.65 per thousand—when nearly every other city in Canada and the United States is getting it for half that price—the gas supplied the people of St. John is high and poor.

R. E. Johnston, of New York, who is managing the American tour of Anton Hekking, the great German cellist, is endeavoring to arrange for a performance in this city. Mr. Johnston has written to a musical man here asking him to take up the local end of the matter. The Canadian engagements begin in Montreal on the 9th inst. Concerts are also booked in Quebec and Halifax. Mr. Johnston thinks that as the party has to come through St. John reasonable terms might be made which would enable him to have a concert here. Mr. Johnston says the 16th as a possible date, but at that time both the theatres will be engaged. Doubtless arrangements might be made to get one of these houses if it is decided to have the cellist come here.

FUNERALS. The funeral of the late Mrs. Evans was held this morning from her late residence, Prince William street. Rev. Mr. Hand conducted the services, and interment was made in Fernhill cemetery.

The funeral of Mrs. Catherine Vincent was held this morning from the residence of her son, Victoria street. Rev. Mr. Camp conducted service at the house last evening. The body was taken on the steamer Crystal Service to Coles Island, where interment was made.

THIS EVENING. Band in Victoria Hink. Band in St. Andrew's Rollaway. Smoker in Neptune Rowing Club rooms. Free lecture at the Opera House. Fair in Catholic church, Carleton.

MUCH INCONVENIENCE THROUGH LACK OF WATER

People Went to Work Without Washing Their Faces—All the High Districts Affected.

A good many people in St. John this morning went to work without washing their faces. In certain districts supplied by the high pressure water service, there was no water to be had, owing to the break in the 24-inch main at the Hickey Road. No warning, of course, could be given that this was to occur, and the people were deprived of the opportunity of drawing off a supply of water to last while the interruption existed. Hence, when they got up this morning there was not a drop in the pipes to put away, and on Douglas avenue especially people were running even across to Fairville for buckets and barrels of water, while many others preferred going to their shops and offices without soap; a wash, and an opportunity offered, taking their breakfasts at some of the lunch rooms in town. In the King square district the water did not altogether fall, although the pressure was very weak in the higher parts, and considerable inconvenience was caused.

DIGG'G MANY BOULDERS OUT OF No. 2, CRIB SITE

Mr. Clark is Cheerful—Ballast Was Put in No. 1 Crib Today and it is Firmly in Place

The dredge Beaver is now digging at the eastern end of the site for crib No. 2. Mr. Mayes, in conversation with the Star, said he could not say when the site would be ready, as there are so many boulders to be cleaned out. Last night the dredge removed four large boulders, and this morning it took out five more. Mr. Mayes hoped that he could do very little more until the site for No. 2 crib is ready. He did not think that there would be any difficulty in putting crib No. 2 or No. 3 crib in place.

The dredge Beaver is now digging at the eastern end of the site for crib No. 2. Mr. Mayes, in conversation with the Star, said he could not say when the site would be ready, as there are so many boulders to be cleaned out. Last night the dredge removed four large boulders, and this morning it took out five more. Mr. Mayes hoped that he could do very little more until the site for No. 2 crib is ready. He did not think that there would be any difficulty in putting crib No. 2 or No. 3 crib in place.

MOWRY NUT COMPANY STILL UNDECIDED

Moncton Bids for the Plant, But Nothing Definite Has Yet Been Settled

The Mowry Safety Nut Company has received a letter from the city of Moncton stating that parties willing to establish such an industry would be treated generously.

The Mowry Safety Nut Company will probably have plants in several of the progressive towns, although no definite arrangements have been made.

An official of the company, when seen yesterday, would not say if Moncton was one of the towns that would be chosen.

The most bustling towns and the ones offering the greatest inducements will be chosen. The plant in this city is very busy, and a large number of men are employed at the factory.

C. V. Wetmore, a member of the company, arrived in the city at noon today. He registered at the Dufferin. C. S. Dempsey and H. C. Arnold of Boston, Mass., who are also at the Dufferin, met with Mr. Wetmore immediately after their arrival. They are endeavoring to purchase the American rights from the company.

Mr. Wetmore, when seen by the Star, said that the company has not yet decided where they will have another plant. Moncton, Amherst and other provincial towns have been thought of. No decision has been arrived at. The matter will probably be settled in about ten days.

WOKE UP TO FIND HIS BARN BURNED

Valuable Property Belonging to Col. Campbell at Apohaqui, Destroyed While Family Slept.

On Tuesday night the barns of Col. H. Montgomery Campbell, the well known military man and farmer of Apohaqui, Kings Co., were burned to the ground under very peculiar circumstances. The barns, which are situated some little distance from the colonel's house, were well stored with the summer's crop consisting largely of hay and grain. In the buildings there was also a large quantity of farm machinery, but no live stock.

Before the family went to bed on the night of the fire everything was apparently all right, there being no sign of any fire. But what was the surprise of the colonel on awakening in the morning to find the well filled barns to be nothing but a heap of smoking ashes. No person had seen or heard of the fire, and there is no knowledge as to its origin.

Repairs to the water main were completed this forenoon, and shortly after two o'clock the water was put on. No other breaks have occurred. The new pressure will probably be put on again tomorrow, when No. 2 low service pipe will be tested.

J. J. Fox of Fredericton arrived in the city on the noon train today. Miss Elsie McDonald is visiting friends in Chatham.

Men's Fine Tailored Ready-to-Wear CLOTHING

20th Century are now supplying nearly every city and town in Canada. The last two years has seen a very great increase in the demand for these fine tailored garments. Their purchases of cloths and linings may well be described as enormous. Consequently they can buy cheaper every season. What would supply even a large retail business is comparatively a small item in their production.

The Suits and Overcoats for this Fall and Winter at \$10 to \$18 are better for the price than ever before, notwithstanding the increased price of materials. The modeling, tailoring and fit simply cannot be surpassed. We court very critical inspection. Our fall stock is very complete.
