ONE CENT

HAD TO SPEND MUCH MONEY TO PUT RAILWAY IN ORDER

Manager Hunter Tells of
Rebuilding the Road After
He Took Charge—Every
Cent Received Spent on
the Road—A. P. Barnhill
Tells of Organization

The commission opened its session at
ten o'clock this morning.
A. P. Barnhill was the first witness.
He was one of the original incorporators
of The N. B. Coal and Ry. Co.,
which was organized in 1901. He was
elected a director and also provided
act. He renewed bonds of what was
known as the founders' issue. He did
not know whether the contract was
passed over to the J. A. Barnes Con-
struction Co.
He had acted as solicitor for Evans &
Bikins. He had no knowledge of the
sale of the road. He simply carried
out the instructions of his clients.
Speaking of the bond issue he said
that the first was signed by Mr. Hutch-
inson, as president of the road.
Since July 16, 1903 bonds have been
issued to the extent of \$400,000. An
issue of \$15,000 made in 1901 or 1902
was afterwards recalled.
Later on he went into the matter of
bond issue again, and explained that
the first issue covered both the Central
Road and the Hampton-St. Martins
Road. Later on he was asked to act
as trustee of the St. Martin Road.
Another set of bonds was issued he
thought for \$100,000 to cover the St.
Martins Road. The first bonds were
then endorsed with the information
that the security for them was the
Central Railway alone.
In 1901 or 1902 a bond issue of \$250,000
was made and he presumed that after
he left the company the issue had
been recalled and a new issue made.
To the time he left the company he
did not know of the government guar-
anteeing any bonds.

Mr. Trueman, Mr. Allen and the At-
torney general, were under the
board of directors the men who man-
aged the company. The attorney gen-
eral and the provincial secretary were
ex-officio members of the board of
directors. He was legally a director
during the first two years, and his
company did not work for the
company at all. He came from
draw on account of pressure of other
business.
He did not know of the progress of
the construction work except through
the information given by Mr. Evans.
The progress was then sent to
Mr. Allen, the secretary at Fredericton,
in order that he might make payments
accordingly. In reply to a question
as to where the money came from, he
said banking arrangements were made
at Fredericton. He remembered that
thought Bryon Winslow was elected
treasurer. He did not know of any
guarantee or understanding from
government regarding guarantee of the
bonds. He knew nothing of the money
transactions except that he at one
time loaned some money which was
returned to him. The progress reports
he received were from Engineer Evans.
He was present at the meeting when
tenders for construction of the new
line were opened. There was a ten-
dency to accept tender of Mr. Wheaton
but the question of security came up
and his tender was withdrawn.

W. C. HUNTER'S EVIDENCE.
W. C. Hunter, sworn, said that he
has been manager of N. B. Coal and
Ry. Co. under the present name since
1 July, 1906, and for one year
before that. When he joined the staff
in 1904 Geo. McAvity was president.
The portion between Chipman and
Minto and two and half miles beyond
was then completed. There was a
branch leading to a mine operated by
G. H. King, and a mine has since been
opened by the Northfield Mining Co.
on this branch which is about three
quarters of a mile long.
The other spur is about two and a
half miles long leading to six
other mines. Taking these two branches
by themselves as he found them
on this branch which is about three
quarters of a mile long.
On the second spur there
was a half mile not in ballast.
From the terminal of the old line at
Chipman, to Minto is thirteen miles.
To the end of the main line about fif-
teen miles. In addition to this there
were two branches. This was all
of the new portion.

Regarding the old portion the 35 miles
from Norton was in a wretched condi-
tion. Nearly eleven miles from the
other end from Cumberland Bay was
in good condition and had apparently
been newly laid.
The structures, bridges and trestles
were some good and some very bad.
From Norton the following trestles
were in good condition: Hugabud Trestle,
24 of Belleville creek trestle; Pat-
erson trestle; Sardinian trestle; Bran-
combe trestle; Lackey trestle; Elliott
trestle. All showed evidence of decay
repairs. The balance of the structures
were in bad condition. These nine trestles
which were in good condition
showed that they had been constructed
within two years, and they are
standing yet, with some improvements.
They have been redecked.

INSTANTLY KILLED BY NORTH SYDNEY CAR

Young Woman Was Found
Fearfully Mangled

Particulars of the Tragedy Not Given
But an Inquest Will be Held
This Evening.

SYDNEY, N. S., July 9.—A very sad
accident took place here about five
o'clock yesterday afternoon, when Miss
Emile Pittman was struck by an elec-
tric tramcar and instantly killed. The
young lady was crossing Queen street,
when she was accidentally struck by
the car. It is impossible to form any
idea how the accident occurred, as
there were few people near at the
time, and the motorman and conductor
will not speak of the affair until the
inquest. When the body was removed
from beneath the car it was found that
a large portion of the forehead was
broken in and the head and face ter-
ribly bruised. The left foot was cut
off from the instep. It is thought
death was instantaneous. The inquest
will be held this evening. Miss Pit-
man was 32 years old, and came to
North Sydney about two years ago
from St. Pierre.

BOY'S LIFE SAVED BY A CIRCUS ELEPHANT

Lad Had Fallen Into a Lake and Was
Drowning, When Elephant Seized Him
and Carried Him to Shore

NEW YORK, July 9.—A special from
the Times from Worcester, Mass.,
says—Charles Macomber, with 2,000
other spectators, was watching the
swimming antics of a group of elephants
in Quinsigamond yesterday afternoon.
The Macomber lad was standing on the
trotter when he lost his balance and
fell into the water. He was a fine swim-
mer, but the large elephant, which
seemed to divine his danger, and as
he was sinking for the third time, the
elephant with his arm with her trunk
and thrashed toward shore, holding
him up in the air until a policeman
lifted him safely to the foot.

BATTLE LINER ARGOLA WRECKED IN A FOG

Ran Ashore on St. Paul's Island Last
Night and Went Down—The
Crew Escaped.

SYDNEY, July 9.—The steamer
Argola, of the Thomson Line, com-
manded by Capt. Shaw, from Manches-
ter to Montreal, struck on St. Paul's
Island last night during a thick fog
and went down shortly afterwards.
The crew escaped.

The Argola is an old ship and was
formerly called St. Helena. Her
registered tonnage was 1,229.

On enquiring at the local office of
Wm. Thomson and Co. it was learned
that the steamer was in ballast and
was to load lumber for the United
Kingdom.
The ship was fully insured.

nine touring cars started from Buffalo
this morning in the contest for the
Glidden trophy. Fourteen smaller cars
departed in the contest for the Howar
trophy, and ten other cars left in the
official capacity, but not as contestants
for any prize. Two hours previously
two pilot cars left the starting point
distributing confetti to mark the
course which will take the tourists
over 1,100 miles of road in six states
and over five mountain ranges, ending
at Saratoga July 23.

Today's run will be to Cambridge
Spring, Pa., 115.4 miles.
Under the change of the deed, the
Glidden trophy is contested for by

ABSOLUTE DIVORCE IN SIMONDS CASE

Judgment Delivered in Fred-
erickton Today

All the Property is to be Divided Equally
Between Former Husband and Wife—
No Decision Regarding Children

FREDERICTON, N. B., July 9.—In
the divorce court this morning Justice
Gregory delivered judgment in the
case of Eunice Frances Simonds
against Edmund Jonides Simonds. His
honor granted an absolute divorce on
the ground of adultery. In giving his
decision, he reviewed the evidence at
length. The marriage was entered into
between the parties in 1881, and was
solemnized by the late Canon Bris-
stock, rector of Trinity. The act of
adultery charged and proven was com-
mitted in the vicinity of St. John in
the year 1906. His honor said that in
connection with the suit a motion had
been made for alimony and the amount
of alimony had been arranged between
the counsel representing the plaintiff
and defendant. This agreement was in
writing and he granted the motion and
accepted the agreement reached and
ordered it to be inserted as part of the
decrees. This agreement divides the
Simonds' property equally between the
husband and wife. By it the defend-
ant keeps all the personal property and
the real estate with the exception of
two lots in Stanley Ward, St. John,
and a house in Peter's street, in the
same city, all the rest of the real es-
tate is to be divided equally between the
husband and wife. His honor would
give no decision as to the custody of
the children, as he said it did not come within his juris-
diction. W. A. Ewing represented the
plaintiff, and Alex. W. Macrae, K. C.,
the defendant.

THE PROVINCES ARE GOING TO THE DOGS

Dr. Andrew McPhail as a
Pessimist

Lectured in Charlottetown on How Badly
Things are Done in Eastern Canada
—He Cannot Help It.

CHARLOTTETOWN, July 9.—Dr.
John Andrew McPhail, of Montreal,
who is summing up his old home in
Orwell, lectured before the Canadian
Club here on the island, as seen by a
native from a distance of a thousand
miles. He said there is no place in the
world more desirable to live in than
the island. He claimed our people do
not take themselves seriously enough
and too patiently endure inconvenient
and expensive transportation facilities
not tolerated elsewhere. Prohibition
of liquor and automobiles keep tourists
away. He approved of the absence of
sectional bitterness so noticeable in
Quebec. He found the excises still in
progress, and finally termed the Mar-
itime Provinces a decaying commu-
nity. The population should naturally be
1,111,879 instead of 981,990. He believed
the cause lies in economic conditions
forced upon us from without, the peo-
ple being denied access to their natu-
ral markets. He declared that the
island had suffered from protection. He
severely condemned a protective policy
for Canada and said government by
party had broken down and we have
not found a better way.

PROTEST ENTERED IN THE LIPTON CUP RACE

NEW YORK, July 9.—Pending the
decision of the regatta committee of
the Brooklyn Yacht Club, regarding a
protest which was filed yesterday
against Frederick Thompson's schooner,
the Shamrock, the apparent winner
of the Lipton Cup for the ocean race
and back, the trophy will remain in
the custody of the club. The commit-
tee refused to divulge the name of the
protestor or the nature of the protest,
but it was learned that the complaint
had been made by Stuyvesant Way
Wright, owner of the Mimosa III,
which finished second, 3 hours, 18 min-
utes and 46 seconds behind the Sham-
rock, according to the allowances
based on the measurements now in
hand. Shamrock's rating has been the
subject of considerable comment for
the past week, and the protest is lod-
ged on the basis of erroneous mea-
surements.

THE ROOSEVELT HAS REACHED NEW BEDFORD

NEW BEDFORD, Mass., July 9.—
Commander Peary's ship Roosevelt ar-
rived in the lower harbor early this
morning and dropped anchor off Clark's
Point. She came to take on whale
boats, whaling supplies and a quan-
tity of supplies for the medicine chest.

LIGHTNING KILLS ONE,

Child in P. E. Island Struck

Ingersoll Woman Mixed Up
in a Smash.

INGERSOLL, Ont., July 9.—To have
the lightning strike almost directly
over her head while in her summer
kitchen, sending the bricks and mor-
tar tumbling down upon her with a
crash, tearing a large hole in the floor
right where she was standing, over-
turning the stove and a cupboard, and
to escape unscathed, was the experience
of Mrs. M. J. McDermott, during an
electrical storm yesterday afternoon.
Mrs. McDermott was dazed by the
shock but recovered in time to exting-
uish a fire which had started near the
doorway just below where the
lightning struck.
CHARLOTTETOWN, P. E. I., July
9.—During a severe electrical storm in
the western part of the island yester-
day, the house of Mrs. M. J. McDermott,
Tyne Valley, was struck and his four
year old daughter was killed while ly-
ing on the floor at her mother's feet.
The baby was thrown from her moth-
er's arms but not injured. The house
was badly damaged.
Richard Heertz, aged 32, father of
Rev. Dr. Heertz, president of the N. S.
Methodist Conference, is dangerously ill.

BERESFORD MAY ENTER PARLIAMENT

He Complains That His Fleet is Too
Weak—Chances are That He
Will Resign.

LONDON, July 9.—The morning
newspapers regard Premier Asquith's
statement in parliament regarding the
dimensions among naval officers as a
warning to Admiral Lord Chasles
Beresford and other naval malcontents.
The Daily News prints a guarded state-
ment that Admiral Beresford has ad-
dressed to the Admiralty a strongly
worded memorandum, declaring that
with an inadequate fleet under his
command he is unable to guarantee
the security of the Kingdom from for-
eign attack. The Daily News suggests
that this ultimatum means that the
Admiral intends to resign and seek a
seat in parliament with a view to at-
tacking the Government's naval policy.

up a district constitution. A strong
resolution of appreciation of the cor-
responding secretary, Mrs. M. S. Cox,
was passed.

very pleasant day in Rockwood park

cisco despatch says: Taking advantage
of the boycott declared by China
against Japan, the representatives of
a syndicate of Chinese capitalists are
on board the steamer Siberia on the
way to San Francisco to make pre-
parations to establish a \$12,000,000
steamship line between China and

STEAMER OHIO SAID TO HAVE REACHED A HARBOR

SEATTLE, Wn., July 9.—An uncor-
roborated report received in the night
from Alaska says that the steamer
Ohio has put into Dutch Harbor. The
Ohio sailed from Seattle June 1, for
Nome, Alaska, with 400 passengers and
was wedged in the ice. The last de-
finite information from her was on
June 28, when she was in company
with the steamer Umatilla in compara-
tively clear water.

ger trains collided head on near Knob-
noster last week, was arrested at Dres-
den yesterday on a charge of man-
daunder. Eight persons were killed
and about 30 injured in the collision.
Taylor and a despatcher, P. W. Strang,
of this city, were held responsible by
the company. Strang has not been ar-
rested.

INSURANCE COMPANIES STAND THE WHOLE LOSS

BOSTON, July 9.—Practically the en-
tire loss of \$1,500,000 caused by the fire
which destroyed almost a quarter of

The Leyland Line vessel was destroyed,
together with several freight cars and
a large quantity of miscellaneous mer-

COMMONS DISCUSS ADMIRALS' QUARREL

LONDON, July 8.—The discussion between a trio of British admirals, Lord Charles Beresford, Sir Percy Scott and Sir John Fisher, first Lord of the Admiralty, was the subject of a question in the House of Commons this afternoon. In reply Premier Asquith declared that apart from certain unverified rumors, the government had no knowledge of the existence of any quarrel. "If," he added, "the government found reasons to believe that a state of things existed in any way detrimental to the discipline and smooth working of the fleet, it would not hesitate to take prompt and efficient action."

The premier repudiated the suggestion that the antagonism between the three officers originated among the recent changes in the methods of naval administration.

SOME GRIM TALES OF EUROPEAN COURT LIFE

In the old days Royalty thieved and swindled and murdered pretty much as they liked. They are not supposed to do such things now—perhaps because they are much more strictly looked after. But even in these modern times Princes of the Blood Royal have taken the lives of their fellow-men.

It is always an accident of course; at least, so the official journals say, if they say anything at all.

Only the other day an aged Serbian peasant received a fatal note from his son, a private in the Serbian army was dead and that the body was being sent home for burial.

KILLED BY PRINCE.

Nothing was said as to the cause of death, and when the coffin arrived the old man insisted on having it opened. On the lid being removed, the soldier's family were amazed to find a bullet wound in the body. Suspicious of foul play were aroused. Inquiries were made and at last the truth was dragged from the reluctant officials.

An officer, they said, had been practicing with his revolver, and, seeing the soldier with a cigarette in his mouth, he had betted that he could knock the tobacco ash from the tip of the cigarette. He raised his revolver, fired, and missed.

"Who was the officer—the man who murdered my son?" the old man asked.

They tried to put him off with all sorts of explanations, but at last he forced them to answer his question. "It was His Highness the Crown Prince!"

STORY CAME OUT.

Last July a hunting party, which included the Emperor of Austria went to shoot at Mitten Weissenbach, near Ischl. In a surprise attack, the party returned to Ischl, one of the party having been injured.

An "inspired" communication was later sent to the Press to the effect that Baron Kriehammer, Minister of War for the Austro-Hungarian Empire, had fallen while shooting, and injured himself.

The Baron, who was an old man of seventy-five, lingered for some time in great agony, but ten days after the accident he died.

The public accepted the official account of the affair and promptly forgot about it. Some weeks afterwards the facts of the case were divulged in the Press, and without it actually becoming public property, the story of that fatal hunting party in Vienna.

REGAL COMPENSATION!

The true facts were, simply that, about a quarter of an hour after the party had started, the Emperor's grandson, Prince George of Bavaria, fired the first shot, hitting Baron Kriehammer in the thigh. The Minister fell to the ground with a groan. Prince Joseph, who rushed to his assistance, found him lying in a pool of blood.

The unfortunate Minister was carried back to Ischl, where attempts were made to remove the bullet. The official version of the accident was only issued when it was seen that the Baron's case was hopeless, and that recovery was impossible.

If a motorist who runs down and kills anyone may be classed as a murderer, then the King of Saxony, while travelling in his automobile at Paderborn, the King of Saxony ran over a farmer named Starcke. The man was killed almost instantly. King Frederick, who was one of the ALD. KELLEY WANTS SCHOOL BUILT ON FORT HOWE

Condemns Site of Winter Street School and Will Not Recommend Erection of Annex.

The Treasury Board will hold its regular session this evening. One of the most interesting events on the programme will be the report of the sub-committee consisting of Ald. Kelly and Ald. Frink regarding the possibility of arranging the school accommodation so as to defer the necessity of building the Winter street annex at present.

Speaking to the Star this morning Ald. Kelly said that in his opinion the annex should not be built. The location is not suited for a school because of the danger to the children from the street cars which pass the doors, on account of the noise from the cotton mill nearby, because of the disturbance caused by the I. C. R. yards which are only a short distance away, and because with the clay soil in that district it is impossible to get good enough drainage for a school site.

He claimed the purpose would be better served by erecting a two storey wooden building of inexpensive construction, not to cost more than \$4,000, on some of the heights overlooking the harbor, such as Fort Howe or Rockland Road. Such a structure, he said, would serve the requirements of the city for ten years at the end of which time the city might be in a better position to pay \$40,000 for a building.

The ground recently purchased by the board could be well used as an addition to the playground.

Ald. Frink also favors some change in the plan adopted by the school trustees.

TOO MANY MEN ARE AFTER THIS WIDOW

A woman who, a few days ago, was before the police court and stated that she was housekeeper for a man named Kays, who abused her, complained to the police in the West End yesterday that she had been assaulted by a married man named Thompson. She says that Thompson entered her house, caught hold of her and kissed her.

If the case appears before the magistrate it promises to be interesting as the woman and Kays for whom she keeps house were instructed by a court couple of weeks ago to get married. He was a widower and she a widow and both acknowledged an infant they had in court. Thompson has a wife and children.
