

U.S. CAMPAIGN IS WARMING UP

Gaynor Strong for New York Democratic Nomination -- Havens Has Also Strong Support.

Roosevelt Will Not Recede from Position-- Four Possible Opponents of Draper in Mass.

Rochester, N. Y., Sept. 25.—Rochester's big convention hall, the scene of many political struggles, awoke to life again today which in the 30 or 40 young men gathered there to receive instructions as ushers for the Democratic state convention to take place on Thursday and Friday to nominate a ticket to oppose the candidates placed in the field at Saratoga, two days before.

At present before the arrival of leaders and delegates from outside Monroe county, the Gaynor sentiment which State Chairman Dix and Mr. Murphy say expressed them so strongly, in the upstate districts is somewhat absent here. For Rochester has its own candidate in Rep. Jas. W. Havens and his backing makes up in fervor what it lacks in geographical extent.

The Havens men throw up their hands impatiently when one mentions the name of the lieutenant governor ship. "We would not take it under any circumstances," they say. At the same time they admit that if Mayor Gaynor or any other New York man is placed at the head of the ticket, Havens as a candidate for lieutenant governor would make as strong a candidate as the leaders could find.

Tonight there were rumors that an argument in favor of his accepting such a nomination may be put to him as follows: If Mayor Gaynor is elected governor he probably will receive the presidential nomination next year here. This would leave Havens as the candidate for governor then.

Fight to Finish.

Oyster Bay, N. Y., Sept. 25.—There will be no compromise in Theo. Roosevelt's fight the colonel himself said today. The question which all along has been the main issue between Col. Roosevelt and the old guard and which was largely responsible for the breach between them is to be met squarely at the Saratoga convention this week. Col. Roosevelt said he would not recede from his position and that he believed enough delegates would support his stand to put into the platform a plank embodying his ideas. His assertion was prompted by reports published this morning that he had concluded it would be impossible to influence a majority of the delegates for a strong direct primary plank, and that he therefore had decided on a compromise.

Massachusetts Situation.

Boston, Sept. 25.—The first political battles of the year in Massachusetts will be fought on Tuesday and Wednesday of the present week, when primaries for the election of delegates to various conventions will be held by the two dominant parties, and nominations will be made in three congressional, fifteen senatorial and nearly three score representatives.

Joint primaries in 11 cities and two towns and all the Democratic primaries will be held on Tuesday, with the Republican primaries in the remaining 19 cities and 22 towns the following day.

In the absence of any suspicion of a fight for third place on the Republican state ticket, which will again be headed for a place by Governor Eben S. Draper, interest in the primaries centers in the personell of the delegates to the Democratic state convention, where it is expected that four well known leaders will be selected for the gubernatorial nomination. The candidates are former Senator James H. Vahey, who has twice led the party, Congressman Eugene N. Foss, the victor in the famous fight in the 14th district last March; Mayor John J. Fitzgerald of Boston; and former assistant secretary of the treasury Chas. H. Hamlin. As very few of the delegates are expected to be instructed, the Democratic convention is expected to be very interesting.

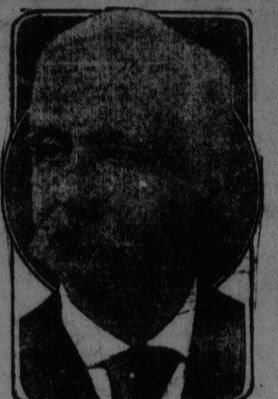

New York, Sept. 25.—Plans were announced tonight for the convention of the National League of Republican clubs to be held in New York on Friday and Saturday next. Participating in the function of the convention will be President Taft, Colonel Roosevelt and 15 Republican governors, 20 United States senators and 30 members of the lower house of congress.

In addition there will be several hundred delegates representing every state in the union. The feature of the convention will be a dinner Saturday night at the Hotel Astor in honor of President Taft, when covers for 2100 will be set.

STEAMER HURON IN TOW OF NAVAJO

New York, Sept. 25.—Wireless advices were received here today by the Clyde Line saying that the steamship Huron which broke her tail shaft near Diamond Shoals lightship was in tow of the steamship Navajo of the same line en route to New York.

Member Of Lorimer Committee Himself Charged With Bribery.

APPLE TRADE JEOPARDIZED BY CARELESSNESS

Canadian Dairy Commissioner Protests Strongly Against Sending Poorly Packed Fruit For Shipment To Gt. Britain.

Ottawa, Sept. 25.—J. A. Raddick, dairy and cold storage commissioner reports as follows concerning apple shipments from Canada:

Several shipments of early apples have been made to Great Britain during the past month. Our inspectors report some shipments in ordinary cars arriving at Montreal in a heated, over-ripe and even rotten condition. In view of arrangements between the department of agriculture and the railways whereby shippers may obtain iced cars at ordinary rates for carriage of fruit intended for export in cold storage, it is amazing that such a complaint can be founded on fact. Some of the oldest shippers are the worst offenders in this respect. The direct loss for such neglect or ignorance, falls on the shipper or owner, but indirect loss from injury to reputation of Canadian apples reaches every apple grower in Canada and it is about time that careless, slipshod operators should be given to understand that he has no right to jeopardize interests of an important industry in this irresponsible manner.

COUNTING THE VOTES TODAY

Standing Of Contestants Will Show Marked Changes When Winners Of Period Prizes Are Announced.

The vote as it appears in today's issue of The Standard, is the same as that published Saturday, as the contest department is waiting to get the returns from the outside districts before the count is made and the winners announced. The count will be made at 5 p. m. today and the names of the winners published in Tuesday morning's issue of The Standard.

There was some heavy voting on Saturday and some dark horses came to the front with a vote that will cast a different light on those who all along have looked like trip winners. The contest department was kept busy from early morning until the closing hour receiving subscription votes and the result of the heavy voting will be seen in the paper tomorrow.

Don't wait until you see whether you have won one of the special prizes before you start on the last grand struggle for the prize trips, a day's delay may make a big difference in the final count, so let us slip by. Start in today and even if you are not one of the lucky prize winners, you will have a chance to see how big a vote you have got to beat, which will be a big help in making your plans for winning the trip. The trips to New York city and Bermuda are the big prizes and the ones you had in mind at the start of the contest, so don't get discouraged and give up, for what one contestant can do another can duplicate and the trips will go to those who are determined to win them.

Be A Trip Winner.

MINE FALLS IN.

Lead, S. D., Sept. 25.—The Home Stake mine caved in early this morning from the 200 level to the surface. Buildings in the centre of the city are being vacated.

The Old Story of Two Stools

Sir Wilfrid singing (I can't get away to make you better) in the concert after the show.

AVIATOR FELL TO HIS DEATH

French Aeroplane Fell Backwards At Height Of Ninety Feet And Poillot Killed— Chavez Gets \$10,000.

PARIS TO BRUSSELS

Charles, France, Sept. 25.—The aviator Poillot was killed today while making a flight with a passenger. The latter escaped with slight injuries. The machine had reached a height of 90 feet and seemed to be going well, when a piece of canvas ripped out from the wing. The aeroplane fell backwards turning completely over and burying the two men in the wreckage.

Milan, Sept. 25.—The aviation committee which had supervision over the aerial flight across the Alps, has awarded \$10,000, half the amount of the prize, to Geo. Chavez, the Peruvian aviator, who was injured after covering the most dangerous part of the journey. The condition of Chavez is reported satisfactory tonight by the attending physicians.

Paris to Brussels.

Paris, Sept. 25.—Two biplanists, Mableu and Loridan each with a passenger, started today on a flight to Brussels for the auto club's prize of \$30,000, which will be open until Dec. 31, and the prize of \$5000 offered by the municipality of Paris. Both the aviators met with misfortunes, Mableu was forced to descend in the Bois de Boulogne because of trouble with his engine.

While engaged in testing it a dog ran into the whirling propeller, smashing it. Loridan got as far as Saint Quentin, but his gasoline gave out and he was forced to descend. His aeroplane stuck in the branches of a tall tree, but was not damaged. Both aviators expect to continue their flight tomorrow.

ESCAPED EVICTION TO FACE ARSON

Lawrence Miller Arrested On Suspicion Of Setting Fire To House Near Middleton, N. S.—Slaughter House Burned.

Special to The Standard. Middleton, N. S., Sept. 24.—A house in Victorville occupied by Lawrence Miller was burned yesterday morning. C. I. Bowby, the owner had just obtained from Judge Pelton an order to evict Miller from the house. Miller has been arrested on the charge of arson.

W. L. McNally's slaughter house at Kingston, filled up with refrigerators, was burned on Thursday night together with contents.

ANOTHER ADDED TO MAINE DROWNINGS

Elsworth, Me., Sept. 25.—By the capsizing of a small boat in Union River today, Harrison Leach, aged 23, was drowned. His companion, Peter Starkey, was able to swim ashore. Leach's body has not been recovered.

REV. J. L. BATTY IS HEARTILY APPLAUDED

Moncton Pastor Who Answers Father Vaughan Has Large Audience— Protestant And Catholic Lands Compared.

HALIFAX PASTOR CALLED TO MONCTON

Special to The Standard. Moncton, N. B., Sept. 25.—Every available seat in the Central Methodist church was occupied this evening long before the opening of the service to hear Pastor Batty's reply to Father Vaughan's criticism of Protestantism and hundreds were unable to gain admittance even to the aisles.

Mr. Batty's subject was "Is Protestantism dead or dying?" and the sermon was frequently applauded by the clapping of hands. He dealt particularly with Father Vaughan's statement that the hope and prayer of the Catholic church was the return to the fold of the whole of the British Empire.

Contrasting the conditions in Roman Catholic countries with those under the sway of Protestantism he claimed that the conditions were all in favor of the latter in matters of education as well as liberty. While the Roman Catholics admitted perfect liberty in Protestant countries, he said, conditions were vastly different in Roman Catholic countries.

With that church it was "heads I win, tails you lose." He made a strong plea for Canadians to maintain the liberty handed down to them by their ancestors and while recognizing perfect liberty to Roman Catholics in religious matters to cry hands up to any interference in the affairs of state.

In St. George's, Church of England, the rector, Mr. Sloman, strongly commended Father Vaughan's statement that England was drifting either to materialism, or the Roman Catholic church. He quoted the Bishop of London's statement that Roman Catholics were a more harmful in England and generally held that the position of the Anglican church was strong and unassailable.

The congregation of Moncton First Baptist church tonight unanimously sustained the call to Rev. G. A. Lawson of Halifax. Mr. Lawson is a son of the late Rev. Davis Lawson and a native of Westmorland. He has been active in temperance work, being G. W. P. of the National Division, Sons of Temperance.

THREE KILLED TWO INJURED

Philadelphia, Pa., Sept. 25.—Three persons were killed and two were seriously injured at Gloucester, N. J., today when an electric train on the West Jersey railroad struck an automobile.

The Dead. C. E. Davis, Collingwood, N. J. C. S. Pest, Philadelphia, Pa. Mrs. W. H. Mackay, Philadelphia, Pa. The accident occurred at Essex street. There are no safety gates at the crossing, the big buildings on both sides of the street prevented the occupants of the auto from seeing the approaching train.

3 KILLED IN TROLLEY CRASH

Two Dead In Haverhill Hospital And Third Man Not Expected To Live—Six Others Slightly Hurt.

TOOK PLACE SATURDAY

Haverhill, Mass., Sept. 25.—Death came during last night and today to two of the more than a dozen persons injured in last night's trolley car collision, and tonight was hovering near the bedside of another.

The dead are Wm. Welch of Lawrence, who died of multiple injuries, mainly internal, about midnight, and Wm. Blaisdell of Haverhill, who lost one leg in the collision and died following the amputation today.

With his 75 years behind him, it is feared at the hospital that John B. Clapney of Haverhill will not survive injuries to his chest and elsewhere.

These three men were the most seriously injured and only the ones who were taken to the city hospital. The six persons taken to the Hales hospital were treated for minor hurts only and sent to their homes.

ASIATIC CHOLERA CASE AT NAPLES

Prompt Measures Taken For Suppression Of Dread Plague—Foreign Offices Notified And Patient Isolated.

WARN MARINERS OF APPROACHING STORM

Washington, Sept. 25.—Another West Indian hurricane is sweeping toward the North Atlantic from the tropics, headed for the lanes of travel of the European steamship services, and the wireless telegraph has been used to warn captains of steamers.

The storm is expected to carry destruction in its path, for the next week, and may do considerable damage to shipping. The storm is expected to move in a north-northeasterly direction. It may continue its course northward toward the Irish coast.

RAILWAY UNIONS ENTER POLITICS

Representatives of 300,000 Members of Four Great Divisions Agree on Platform.

Decide at New York Meeting to Submit List of Eight Questions to Candidates.

New York, N. Y., Sept. 25.—For the first time in the history of railway unions, members and delegates representing 308,000 of the four big divisions of railway employes in the east voted unanimously at a meeting held here today to take concerted action in national and state politics.

"The proper place to settle questions affecting labor is at the ballot box," said Warren S. Stone, of Cleveland, Ohio, grand chief of the brotherhood of locomotive engineers. "Whatever your political affiliations, do not let party lines blind you to your true interest, or prevent you from going to the polls. See that the men you vote for stand for the right principles regardless of party and support those men who meet the requirements and you will not only be doing the best thing for yourself, but for the public. This is not a political move at all, as is generally understood, but a move to get away from the old lines of partisan politics."

In pursuance of this plan the meeting decided to send a series of eight questions to candidates for the legislatures and house of representatives asking for a definition of their attitude on the universal adoption of safety appliances and an employers liability law where such does not already exist, company pensions for superannuated employes, hours of labor and other matters of kindred interest.

There were 3000 members and delegates at the meeting, today representing the brotherhood of locomotive engineers, the brotherhood of locomotive firemen and engineers and the order of railway conductors. They met to define their attitude toward the application by railways now before the interstate commerce commission for permission to increase rates, and as had been expected, they adopted resolutions favoring an increase.

It was decided that this representative meeting of the railway brotherhoods, request our chief executives to appear before the interstate commerce commission during the pending rate hearing, and to support the proposals to reasonably increase the existing rates.

Special to The Standard. Dalhousie, N. B., Sept. 24.—Wallard Price, Robert Hicks and Roy Heath have been arrested here and placed in the county jail charged with theft and forgery. They were working some days ago with the Dalhousie Lumber Co. on the South West, and when they left a valuable revolver, a safety razor and several articles of clothing were missed. They were followed to Charlott where they were placed under arrest, but were not searched when lodged in jail.

Today officer George Seely took each aside but got nothing but denials. He then placed them in other cells and after a search found the articles under the floor in the cellar of the jail. Beside the theft they forged an order on the Dalhousie Lumber Co. for \$61. They confessed to the theft. They said that they came from Moncton, having been sent there by an agent for the Dalhousie Lumber Co.

PANAMA CANAL CLOSED IN WAR

Paris "Temps" Acknowledges Right To Fortify Cut And Refers To Uneasiness Of England And Japan.

Paris, Sept. 25.—The "Temps" in discussing the intention of the United States to fortify the Panama Canal, admits the right of that country to do so, and attributes the disquietude in England and Japan on this score, to fears as to the real purpose of the American government.

After pointing out that the treaty of 1903 reaffirmed the article in the Hay Pounce Fote treaty of 1901, to facilitate the construction of the canal guaranteeing that the canal shall be free and open, and that no act of hostility shall be committed within it, the "Temps" draws attention to the significant omission from section 1, article 3, of the treaty of 1901, of the words, "the canal remaining open in time of war, even to ships of the belligerents."

This provision is included in the Constantinople treaty with reference to the Suez Canal, of which the said clause is otherwise an exact reproduction.

GERMANS PROUD OF THEIR NEW CRUISER

Hamburg, Sept. 25.—According to the "Hamburger Nachrichten," the new cruiser Von Der Tann, which was launched here March 20, 1909, and in May last made a speed trial of 28 knots, will undertake, before being added to the high sea naval forces, a voyage around South America for the purpose of testing various innovations in construction, and to give the South American nations an object lesson in the capacity of the German ship yards.

SEN. BULKELEY ON LORIMER COMMITTEE

Connecticut Leader Who Is Himself Under Cloud Arrives At Chicago To Take Part In Investigation.

Chicago, Sept. 25.—Senator Morgan B. Bulkeley, of Conn., arrived here today, filling the roster of the senatorial committee in the investigation of the election of Senator Wm. Lorimer, of Illinois, with the exception of Senator James S. Prier, of Tennessee. It is the plan of the committee to proceed in the inquiry tomorrow morning with state representative Chas. A. White, who charges that he was paid \$1,000 to vote for senator Lorimer, as the first witness.

It is known that Representative H. J. C. Beckemeyer, also a Democrat legislator who voted for Senator Lorimer, has been notified to appear to testify.

Much interest attaches to the presence of Senator Bulkeley as there are charges pending against him at present of having bribed Connecticut legislators in the interest of the Etna Life Insurance Co., of which he is president.

CUMBERLAND CO. LOSES TWO AGED RESIDENTS

Amherst, Sept. 25.—Cumberland county lost two of the best known residents today, Mrs. John Lusby, aged 82 years and Jacques Walon, aged 87 years.

Mrs. Lusby was the oldest lineal descendant of the late Henry Landy, who in the early days of the 19th century represented Cumberland in the House of Assembly.

TWO NEW CAPTAINS.

Special to The Standard. Ottawa, Sept. 25.—Lieut. S. T. Atten, 3rd Heavy Brigade Artillery, and Lieut. F. H. Mersereau, 73rd Northumberland Regiment, are promoted captains.

TRIBUTE PAID TO MEMORY OF LATE CITY RECORDER

Common Council Assembled in Special Session on Saturday to Adopt Resolution--Mayor Frink and Ald. McGoldrick Speak in Eulogistic Vein--Law Society Passed Resolution.

Attended by members of the common council, the St. John law society, the Independent Order of Oddfellows, the Loyal Orange Association and a large concourse of citizens, the body of the late Hon. C. N. Skinner, city recorder, was borne to its last resting place Saturday afternoon. A short service was held at the family residence at 10 o'clock, Rev. J. A. Kuhring, rector of St. John (stone) church officiating.

The funeral procession was then formed and proceeded to the grave. The city fathers in mourning garb headed by the city marshal, T. F. Coughlin, led the procession, followed by the members of the law society. Behind the hearse, attended by the mourners, marched the members of the Oddfellows and Orange orders, and Col. H. H. McLean who represented Lieut. Governor Tweedie and walked with Senator Ellis.

A large number of citizens from all walks of life had gathered to witness the funeral. Rev. G. A. Kuhring conducted the service at the grave while the large concourse of citizens stood with bared heads.

At 2:30 Saturday afternoon the members of the common council, garbed in mourning, assembled in the council chamber to pay their tribute of respect to the memory of the late city recorder. After calling the meeting to order, the mayor made a formal announcement of the death of the recorder, and in a few fitting words gave expression to the feelings of sorrow aroused by the loss of a man who had not only been connected with the government of the city for many years, but had played a conspicuous part in the public life of the province and of the Dominion.

In the death of Recorder Skinner," he said, "the city has lost a fine and good adviser and the members of the council and a host of citizens, a sincere personal friend. The Hon. Mr. Skinner was not only famous for his forensic eloquence and ability, but in his profession, he was a man who by virtue of his public acts and private character, brought honor and dignity to the City of St. John."

Resolution Adopted.
Ald. McGoldrick the senior member of the council, then arose and moved the adoption of the following resolution:

Whereas His Worship the Mayor has formally announced to this common council the death of the Honorable Charles Nelson Skinner, Esq., K. C., D. C. L., who, for nearly sixteen years has filled the honorable and responsible office of recorder of this city and was for many years a member of this common council;

Whereas the deceased gentleman has through a long life, marked by great industry and activity, been called to fill many positions of importance, political and social, which have brought him in close contact with the people of this city and province during several generations;

Whereas his career in the legislature of this province during the period immediately preceding Confederation and in the Parliament of the Dominion many years afterwards, brought him into vital correspondence with much that has been of importance in the history of our country while in the field of his chosen profession his experience of upwards of half a century of active practice at the bar stands almost unparalleled; and

Whereas his kindness of manner, his ready sympathy and his spontaneous though unostentatious charity have endeared him to many while his mastery of public questions and his interest in the success of his native city have caused his counsel to be sought in matters of great importance to the community;

Therefore resolved that this common council place on public record their sense of the loss which the community has sustained by his death and their sympathy with his widow and family in their personal affliction, and further

Resolved that a copy of this resolution be forwarded to the widow and family of the deceased.

Ald. McGoldrick's Tribute.

In speaking to the motion, Ald. McGoldrick said he deeply regretted the duty he had to perform. He had during his long connection with the council been associated with the late recorder in various ways, and he had always found him a courteous gentleman, and a sound advisor, ever anxious to serve the interests of the city and citizens. When a man of such distinction passed away the citizens generally experienced a deep sense of personal loss.

Ald. Christie seconded the motion. The resolution was then adopted by a standing vote, and an arrangement was made to attend the funeral in a body. Those present besides the mayor were Ald. Christie, Sproul, Hayes, Scully, Baxter, Smith, White, Russell, Wilmore, Willet, Jones, Likely, with the common clerk, the city marshal and the chairman of the Board of Assessors.

Law Society on Record.
The St. John Law Society met Saturday morning in the Law Library, A. A. Wilson, K.C., presiding, and unanimously adopted the following resolution in connection with the death of Hon. C. N. Skinner, D.C.L., K.C., moved by Silas Aldward, D.C.L., K.C., seconded by Arthur C. Fairweather, K.C.

Whereas the Saint John Law Society has learned with deep regret of the death of the Hon. Charles N. Skinner, D.C.L., K.C., late Recorder of the City of Saint John, an active member of the society since its formation, and a well known prominent citizen; and

Whereas, this society recognizes the great loss it has sustained by the death of Mr. Skinner, who always took a deep interest in its welfare, and who for over a quarter of a century was a member of the council and a past president; and

Whereas, he has for over fifty years been a barrister of the Supreme Court of the province, and since his admission to the Bar, has practiced his profession with great skill and

success, in the city of Saint John, holding the position to the last as one of its recognized leaders; and Whereas, in addition to the faithful discharge of the many duties of an exacting profession, he found time to take part in public affairs, not only as a member of the Common Council of his native city, but in the Legislature of the province, and in the larger arena of the Parliament of Canada, occupying a prominent position in all those places of trust, by his legal acumen, varied knowledge and ready, incisive powers of speech; and

Whereas, by his courteous bearing, and kindly, generous nature he will long be remembered by members of his profession, as well as by the public at large; therefore

Resolved, that this Society place upon record the foregoing expressions of an indication of their regard and esteem, as well as a sense of the loss sustained; and further

Resolved, that a copy of this resolution be forwarded to his widow, with expressions of sympathy and regret on the part of the members of the St. John Law Society.

Dr. Alward in moving the resolution, paid an eloquent tribute to the late Mr. Skinner. Mr. Fairweather also made feeling reference to his long career and his ability. D. Mullin, K.C., also spoke briefly to the resolution.

After the resolution had been passed, it was moved by Hon. J. D. Hazen, K.C., and seconded by M. G. Teed, that the members meet at the law library rooms at 2:30 to attend the funeral. Both speakers briefly gave expression to their personal regard for the late recorder.

The resolution was unanimously adopted and J. H. A. L. Fairweather and Thomas S. Smith were appointed marshals.

WORKING MEN OWE TRAMPS GREAT DEAL

Speaker at Socialist Meeting Points Out Menace of Unemployed Returning to Work--Race Suicide in St. John.

F. Hyatt was the principal speaker at the meeting of the Socialists last evening. He was "Sons of Pests of Society." Tramps, he said, were one of these pests. It was estimated that there were 150,000 tramps in Canada and the United States. Tramps were often discouraged workers. Some times a man had to work so hard he got disgusted with work. The bosses always preferred married men--they couldn't kick over the traces. But in most cases the tramp was a man who had grown discouraged looking for work. It was often useless to tell a tramp to go and get a job.

There were few jobs going a-begging. On the whole it was rather fortunate that there were 150,000 tramps in America. The labor market was relieved to that extent. Tramps worked hard enough walking. Often they walked 30 miles a day. Some people did not count that work. But when he was in the army he thought a march of 20 miles a jolly good day's work.

The speaker gave an account of his experiences as a tramp in Alberta where he said, you met hundreds of tramps walking the ties. If these tramps began to look for jobs, wages would be cut, and many people driven into the unemployed army.

In the discussion that followed the low birth rate in St. John was referred to. It was claimed that this was one of the evidences of the suicidal character of capitalist society--that capitalism had not only reached a stage of development where trusts and combines were formed for the purpose of restricting the production of goods, but now began to restrict the production of population.

Duncan McLean said he read that there were 4,000,000 men in the United States tramping around looking for work.

The chairman said the Socialists in the United States polled 1,500,000 votes at the last election, while in far off Finland the Socialists polled 45 per cent. of the total vote.

Ald. Potts occupied a front seat in the hall.

To Montreal in Early October.

With richly wooded Mount Royal in its beautiful autumn tints the magnificent stores brisk with fall trade, the theatrical and concert season at its best, and that contagious snap in the air so peculiar to the Canadian climate in early October, no more ideal season could be selected for a trip to the Canadian metropolis. The hundreds of satisfied passengers who are now returning to the Maritime Provinces from the September excursions and encharistic congress will, no doubt, prove good advertisers no doubt, prove good advertising mediums for the People's Railway. And when it is taken into consideration that the rates quoted are less than single fare for the round trip, from all points on the Railway in the Maritime Provinces it should certainly provide another opportunity for the intercolonial to demonstrate its excellent facilities for transporting a large number of people from St. John to Montreal, and no doubt it will, October 1, 3, and 4, are the going dates for a return limit leaving Montreal not later than the 18th, and it would be advisable to make early application for sleeping car reservations on those popular trains, the Ocean Limited and Maritime Express.

Vineyard Haven, Mass., Sept. 25--Arrived barkentine Hector, New York for Bridgeport, N. S.

REV. GORDON DICKIE LECTURES TO BOYS

St. Stephen's Scots Cadets in Fine Turnout at Church Parade Last Evening--Right Kind of Military Training.

At 8:30 o'clock last evening the members of the St. Stephen church cadets assembled the Y. M. C. A. rooms on Hazen Avenue in charge of Col. Buchanan and headed by the Caledonia Pipe Band they paraded down Prince William street to King up King to Charlotte, thence to Coburg and down Garden street to St. Stephen's church, where a sermon was preached to them by the Rev. A. Gordon Dickie.

The young soldiers presented a very favorable appearance in their neat little uniforms and their marching was highly commented upon. Military training in modern life, was the subject chosen by Rev. Mr. Dickie, the text being, Let every soul be subject to the higher power, from Romans 13:1.

What the average man needed today, he said, was discipline without the disposition of the soldier. He should be brave, not brutal; strong, yet tender, with an outlook always on the higher life. As a matter of fact this had been the idea of the great leaders in the history of the world. The 19th century the Christian world saw no greater soldier than Charles Gordon, and Gordon as a man saw God from day to day.

Gen. French, who was the great driving power of the South African War, was a man who served under God. Gen. Baden-Powell whose resourcefulness aroused the world's admiration had given his life for the welfare of his fellows.

The message to be taken from these lives was, Be strong; quit you like men.

Fighting at best was but a side issue of life, for there are those who would have us believe that that it is by this means that we get our bread and butter. For these people there are always wars or rumors of wars in their neighborhood. When they cannot have the genuine article, they must look for the pictures.

Men who fight all the time and gloat over it become as big a nuisance as those who drink all the time and are quite as useless to society. Not to dispose of the ill of society but to display them, this class were quite willing to glory in the nation's shame. There should be quite enough fighting in the ordinary course of life to satisfy the most enthusiastic. Justice cannot always be had without a great struggle.

INDEPENDENT LABOR PARTY SUGGESTED

Formation of Trades and Labor Council Here May Mean New Element in Civic Elections.

Since the inauguration of the movement to revive the Trades and Labor Council, there has been a good deal of talk in labor circles regarding the advisability of organizing an independent labor party, such as exists in Montreal, Toronto and many other cities. This party, it is said, would be an organization distinct to a certain extent from the Labor Council, but working in conjunction with it.

It is claimed that such a body, backed by the Trades Council, would hold the balance of power and could oblige the city council to abolish the property qualification for aldermen and pave the way for the election of workmen.

CIRCUIT COURT.

Rossi Trial Before Judge Landry on Tuesday--Eight Pictures are next in Docket.

The September sittings of the Circuit Court opens tomorrow morning at eleven o'clock at the court house. His Honor Mr. Justice Landry will preside. Two criminal cases will engage the attention of the court. The case of the King vs. Andy Rossi, an Italian, charged with the murder of a constable on the 26th of June last. Attorney General Hazen will prosecute and G. Earle Logan will appear for the prisoner. The case against Messrs. Hooly and Armstrong committed for exhibiting the pictures of the Jeffries-Johnson fight will be tried next. J. B. M. Baxter, K. C., and E. P. Raymond will defend.

Eucharistic Congress and Big Bill at Nickel.

The announcement that the Nickel is to show the first motion picture of the great Eucharistic Congress at Montreal has aroused a great deal of interest, particularly among the people of the Roman Catholic church, as this series of magnificent ceremonies was not only of great spectacular worth, but marked an epoch in the history of the church in this country. There will be 1,000 feet of film, showing the procession of children 30,000 strong, the High Mass in Fletcher's field, the procession of the Holy Sacrament and close views of the visiting prelates and the hundreds of thousands of onlookers. The doors of Nickel theatre will be opened at 1 o'clock, and parents are advised to let their little ones see the pictures in the afternoons, as the evenings will surely be crowded occasions. Accommodations for over 250 people will be made on the large stage where the pictures can be clearly seen. In addition to the Eucharistic Congress picture the following programme will be put on--"A Summer Idyll" (Biograph); "The Attack on The Mill" (Edison); Mr. J. W. Myers in a late picture ballad and the MacBrady Children. The Nickel orchestra will give the religious film special setting with such numbers as: Gloria from Mozart's Twelfth Mass, Adagio Fideles and a paraphrase of "The Palms."

THE PRINTING BUREAU INVESTIGATION.

Some months have elapsed since the first rumors of irregularities in the government Printing Bureau at Ottawa reached the ear of the public and, as yet, there has been no authoritative statement as to the amount of the defalcations or the names of those implicated. The extent of the public knowledge is limited to the fact that some more officials have been asked to retire from the public service. Under these circumstances it is not unnatural that the printers and publishers of Canada are raising a protest at the delay. Indefinite charges of graft have been made which reflect upon the business integrity of firms engaged in the printing and publishing trades, and the matter has been allowed to rest there. The investigation may have disclosed conditions which were not at first suspected and which the government is naturally averse to making public, but, in the meantime, a grave injustice is being done.

In its last issue, the Printer and Publisher says editorially:—"The printers and publishers of Canada have a peculiar and vital interest in the investigation at the government Printing Bureau at Ottawa, and are anxiously awaiting an announcement from the government of the names of the manufacturers or supply houses who are implicated in the scandal, together with full particulars in connection therewith. It has been admitted that a cleverly-arranged system of fraud and raffle-off has been in operation for a number of years in the purchase of paper and other supplies for the Bureau, but beyond this little information of value has been given.

"It is true—and thankful we are for the knowledge—that no Canadian house has been mentioned in connection with these disclosures. It is altogether probable, however, that in these days of close international commercial relations, some of the foreign houses implicated in the scandal number among their customers many Canadian printers and publishers. The printers and publishers of Canada are therefore entitled to specific information in connection with these disclosures for their guidance and protection in future purchases of supplies.

"Nor is the interest in this phase of the question confined to the members of the craft in Canada. The eyes of the printing fraternity of the United States are upon Ottawa in this matter, for a reflection has been cast upon the supply houses of that country. The individual printer of the United States is interested with his Canadian confreres in the identity of the firms who are willing to stoop to fraud, and possibly to bribery, in the sale of their product.

"Commenting editorially upon a statement in our July issue that United States concerns were implicated in the disclosures, the Inland Printer, one of the leading United States trade journals, says, in part:—"If this be true, humiliation should burn into the soul of every honest American citizen. It were enough to shoulder the rottenness unearthed within our own borders, but to be accused of extending the graft market into the dominions of our neighbor is, or should be, the last straw.

"It is to be hoped that our Canadian colleague is mistaken, and that a further investigation will clear our skirts of any connection with the corruption of the Printing Bureau at Ottawa. But, be that as it may, printers should be the first in the fight to purge the nation of its corrupting influences! Every vestige of party prejudice should be swept aside in the interest of honest men and honest measures, and a supreme effort put forth, not only in the defence of the printing industry, but of every other business, and of our country."

"Considerations of policy and expediency may have prevented the Secretary of State from taking the public into his confidence at an earlier date. But if the investigation has been conducted with the vigor and aggressiveness demanded by the exigency of the case, it should now be sufficiently advanced to permit of an announcement along the lines herein suggested. We have suffered, as Canadians, the humiliation of these disclosures in our government Printing Bureau. We are entitled, as Canadian printers and publishers, to the knowledge that will enable us to show through our individual purchasing departments our opinion of the manufacturer or dealer who becomes an active party in the contemptible practices that have been the source of this humiliation."

The Printer and Publisher gives a fair and impartial statement of the case. The government is doing a gross injustice to firms engaged in these trades by allowing a cloud of suspicion to rest upon them indefinitely. The existence of irregularities in the Printing Bureau was first reported as long ago as last June. If the investigation has been thorough there is no excuse now why those immediately concerned and the public in general should not be made acquainted with the results.

LIFE IN THE SCHOOLROOM.

The September issue of School Hygiene devotes the whole of its space to a report of the papers read at the Third International Congress on School Hygiene at Paris, and few readers will opine that the space has been thrown away. To parents, medical men, and educational authorities, as well as to the general public the subjects dealt with are full of interest, and cover a remarkable range.

A subject to which considerable prominence was given at the Congress is the possibility of co-operation between the school and the parent in the inculcation of a healthy outlook on the questions in which children are too commonly allowed to pick up knowledge where they can. Dr. Chotzer read a paper suggesting that it was possible for the school, in many indirect ways, to be of material assistance in this matter; and, among older children he advocated the giving of direct instruction—with the consent of the parent. He also urged that these subjects should be made part of the course for teachers in the training colleges and universities.

Some novel suggestions emanated from Dr. Chailou, of Paris, who dwelt upon the need for a stimulating dietary for the child, in view of the exhausting character of latter-day curricula. Dr. Chailou contended that "children of 16 to 18 years should get up between five and seven and go to bed at half-past eight." Meat, he said, should be given at early breakfast and midday, but not at dinner in the evening. At breakfast black coffee might be taken, but not cafe au lait or chocolate. He regarded milk as poison! For dinner he advocated light Bordeaux, which he considered "an excellent beverage for school children, who required something stimulating." The criticism of Dr. Chailou's arguments, according to the report, must have been somewhat brisk. His contention that Bordeaux must be good for French children drew a suggestion from one of the delegates that Dr. Leslie Mackenzie should stand up for providing the Scotch children with whisky on the like grounds—"an invitation which," we read, "Dr. Mackenzie refused."

Gaiety in the schoolroom found an earnest advocate in Prof. Schuyten, of Antwerp. The child must laugh, he says:—"He has a natural instinct for laughing. If he cannot laugh he is ill or morally wrong; in either case a prompt cure must be found. Hence it follows that gaiety must be promoted under all circumstances; when absent it must be stimulated. Judiciously used, gaiety is never a source of inattention or of worry; we have rather to fear the inverse. Childish gaiety may be regarded as the natural and indispensable stimulus of intelligence, and can be profitably employed for educational purposes." Dr. John Brannan, of New York, in the discussion of open-air schools, mentioned the value of the school sanatoria established on the old ferry boats of New York, condemned as unfit for further service. The children are brought daily to the quay, and spend the day on the boats in the open air, returning to their homes in the evening. The editor of School Hygiene observes:—"This seems to open up great possibilities for the use of the discarded river steamers or even Dreadnoughts of a few years hence."

A luminous and interesting paper was contributed by Alderman Broadbent, of Huddersfield, on "The teaching of infant rearing to mistresses and children." Mr. Broadbent, who is entitled to speak with some authority on infant life, dwelt on the appalling ignorance of many present-day mothers, the necessity for giving instruction on infant management to every elder school girl, and the fallacy of the opinion that such instruction robbed girls "of the bloom and freshness of innocence." The first principle of education is to build up intelligence upon instinct. To a large extent we do so with boys, but with girls the very strongest of natural instincts is ignored and as far as possible suppressed. The girl's unconscious love of babyhood was described by Mr. Broadbent as educationally "a mine of ungoten gold which should be made the utmost use of." There is, he said, splendid material in this motherly instinct of girls, and whatever has been the reason for its neglect in the past, it is time a totally different view should be taken of the relation between education and motherhood.

"The doctor's work in the schools," was the subject of a short paper by Dr. James Kerr, medical officer to the Education Department of the London County Council. Defining the purposes of medical inspection in the schools, Dr. Kerr said its first great purpose was the scientific aim of raising the standard of public health, and improving the methods of education by furnishing knowledge as to the various factors affecting the health and development of children. In medical inspection, he said, all the work must be done with a rational perspective, in proportion to other things of educational or public interest. "It must be undertaken so that the maximum value to the community is obtained at the minimum cost to the ratepayer. Children assessed as normal at the first inspection need have no elaborate notes recorded. Family histories are mere useless waste of time. Any possible weightings and measurements, once standards have been determined, are neither of interest nor value to the public."

From the provision of shower-baths to the periodical fumigation of the books in the school library, the Congress touched upon many matters of general interest. The present issue of School Hygiene, as will be readily apparent, provides a complete record of a series of papers admittedly of wide interest.—Vancouver World.

Capt. C. W. Bliss, of the Amherst Rifle Association, writes to point out that in a recent editorial in The Standard on the Ross Rifle, the weapon in use at Blissley was referred to as Mark II instead of as Mark II **. Capt. Bliss is quite correct, the "two stars" were inadvertently omitted. Mark II is the ordinary service rifle. The special rifle Mark II ** is about 2½ inches longer than the Mark II with special sights. It is a good single shot rifle for target use. "I do not know," Capt. Bliss adds, "whether or not the magazine is like Mark II, if so, it is defective, as is also the safety on Mark II. The Ross Company make a good target rifle, a good sporting rifle and a poor, costly military rifle, at present at any rate, for the Canadian government."

CURRENT COMMENT

(London Times.)

The much-discussed pictures of the Reno glovefight, in all 6,000 feet of films, were shown on Monday afternoon at the National Sporting Club. The many pictures of Reno and its vast and excited population in the days preceding the contest were vivacious in the extreme; and it was also interesting to see once more the retired heroes of the new prize ring, including J. L. Sullivan, who was—and is—the only one with a presence, Fitzsimmons having a port, and most of the others looking like navvies (American variety) out for a Sunday in the open air. The fight itself was rather dull, and not at all like the highly-colored word-paintings of it. The truth is that the cinematograph leaves out all the adjectives. There was much more wrestling than boxing, and fear of a blow to the stomach from his opponent (who tried for nothing else) was evidently the motif of Johnson's tactics up to the eighth round, when Jeffries was obviously tiring. A very harmless show; and anybody who could be demoralized by seeing it would certainly lose all his morality if he saw a cab accident.

(Moncton Times.)

The St. John Telegraph indulges in a sneer and an insinuation over the suspension of a rival evening journal. If the amount that the dredging contractors and grafters have sunk in keeping the Telegraph and its evening edition afloat should be revealed it might occasion some surprise to those who have not considered where the money comes from.

HUNTING TROPHIES COME TO FREDERICTON

Frank Cook of Redmondville Shoots Record Moose of Present Season—L. W. Barker Busy.

Fredricton, Sept. 24.—Several fine moose and deer heads including the largest moose head shot this year in New Brunswick, have arrived at L. W. Barker's taxidermist establishment, Westmorland street, to be mounted.

A moose head with antlers spreading 51 inches was sent in by Frank Cook, of Redmondville, Northumberland county. This is a record head being the largest shot so far this season in the province. The antlers have 23 points.

R. Y. Sweezy, of Chatham, sent the Barker establishment a very fine moose head and Mr. H. A. Perley, of Margerville, and Mr. William Webster, of Chatham, have each brought nice deer heads to Mr. Barker this week.

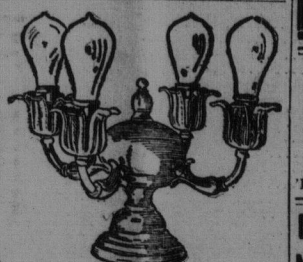

Dr. Howard F. Woodbridge, of Boston, who with his brother, Mr. Norman Woodbridge, was shooting near Fredericton Junction, secured a fine moose on Wednesday last.

Are Your Glasses Right

It's not enough that you should wear glasses—you should be sure they are right—that they properly correct the irregularities in the shape of the eyes and that they fit the face properly.

There's one final test in regard to glasses—do they show results.

If you've been troubled with headaches, do your glasses stop them?

If your sight has been poor do your glasses give you good vision?

If the answer to these questions is "yes," you may be satisfied with your glasses; if "not," better let us help you get the right kind.

People's Pulpit. Preaching to Imprisoned Spirits

Sermon by Charles T. Russell, Pastor Brooklyn Tabernacle. "By which also he went and preached unto the spirits in prison."

Knoxville, Tenn., Sept. 25.—A convention of Bible students in session in this city. Pastor Russell, of the Brooklyn Tabernacle, as president of the International Bible Students Association, addressed the students twice today. His audiences were large and intelligent. We report one of his addresses from the text foregoing. He said: Much speculation has been aroused by our text. Some have claimed that it signifies that Christ, after his death on the cross and before his resurrection, went to some place where human spirits were imprisoned...

Angels Preferred to be Human. Some time after Father Adam's disobedience and his expulsion from Eden—the holy angels were permitted to visit humanity with a view to assisting men back to harmony with God. This doubtless was permitted for two reasons: First, had such an opportunity not been furnished, the angels might in the conclusion of God's great plan, have been inclined to say, "Yes, God accomplished human salvation, but at a very great cost and trouble. Had he given us an opportunity to mingle with humanity we might have had an uplifting influence upon the people and have accomplished their reconciliation to God."

God wished to forestall any such misunderstanding of the wisdom of the plan which He had arranged and which in due time, work out; secondly the angels themselves, who were in contact with sin of any kind. Hence they never had been tested or tried in respect to their obedience and loyalty to the Creator. They were permitted to attempt the recovery of humanity—partly in order to test their own obedience and loyalty to God.

Our knowledge of spirit beings and the powers granted to them by the Almighty is limited by our observation of the Bible record. The angels who appeared as young men at our Lord's sepulchre and again at His ascension and who, as soon as they had accomplished the purpose of their visit, vanished, are illustrations.

We remember the account of how Abraham sat in the door of his tent and, behold three men came to him. He arose and, as the most enterprising of them at dinner and we read, "They did eat and talked with Abraham." They had human powers though still spirit beings. When they dematerialized they were invisible.

Genesis vi. 12, informs us that this privilege of materialization for the assistance of mankind was eventually misused by some of the angels as an opportunity for sinful pleasures with humanity. The time at which this began is not definitely stated. The expression, "When men began to multiply on the face of the earth," might safely be estimated at about a thousand years after Adam's creation and fall. This would leave a period of 655 years to the flood. It was approximately during that long period that the angels, some of whom were the daughters of men, took to themselves wives all that they chose of the fair daughters of men. And they bare children to them. The same became mighty men which were of old men of renown.

These are the terms used in the Scriptures in describing the fallen angels, who from earliest days have attempted to deceive humanity—representing themselves as human beings who have died and who desire to communicate with their friends. And they attempt to do so through spirit mediums. This is their practice from of old. The endeavor is to break down the human will and to more and more control it. The height of their ambition and success is to fully dominate the human body as their own, so when they had power to materialize. Those who come fully under their control become demoralized, often several spirits gaining possession of the one person.

MANCHESTER ROBERTSON ALLISON LTD

and powers and every name that is named"—all this constituted a most wonderful sermon of love and loyalty to the Lord. How serious was our mistake in being disobedient to God in any particular. It meant also, May not God, who has thus gone to so much trouble for the redemption of fallen men, have in his heart also a place of mercy for us, should we repent? The Apostle intimates that these angels, with the exception of Satan, are yet to have a testing or trial, for he assures the Church that God purposes that we, as the Bride of Christ, shall not only be entrusted with the work of judging or giving trial to the world of mankind during the Millennium, but also that we shall judge angels—not the holy angels, for, of course, they need no judging on our part—but the fallen angels (1 Cor. vi. 3).

CLOSING COTTON LETTER. By direct private wires to J. C. Mackintosh & Co. New York, Sept. 24.-Today's Liverpool market for cotton is a party with our last night's low level, and scattering selling of an evening up nature carried our market from 5 to 10 points lower in the opening today. There was almost a complete absence of influential news, with the possible exception of reports of somewhat freer spot offerings at the South and predictions of an increased movement next week. The short interest in Sept. is not believed to be unwelcomed and no particular excitement is expected to attend the maturity of that option. A renewal of speculative concern appears to be forming in the more distant deliveries. Meantime, the non-combatant element is inclined to assume a trading position buying on sharp reactions and reversing the operation on pronounced bulges. JUDSON & CO. CLOSING STOCK LETTER. By direct private wires to J. C. Mackintosh & Co.

ST. PETERS TAKE 2ND GAME FROM ST. JOHNS 6-5

Wiggs Pitched Good Game, but Was Tendered Very Ragged Support--Offences on Both Sides.

The St. Peters are again victors, and this time over the St. Johns by a score of six to five. The game was played on the Shamrock grounds Saturday afternoon and there were fully eight hundred people in attendance.

The game was an exciting one, and the work of the pitchers was good, while the fielding of some of the players was the poorest shown this season.

The two teams were made up of the strongest players that they could secure in the city and when they lined up the fans looked for the best game of the season.

The St. Johns were strengthened with Donnelly on first, Finnamore at short-stop and Wiggs the Eastern leaguer in the box.

The Saints of the North End had their strong point as in all their games this season in the shape of Frank Harrington, who performed his usual steady work in the box and proved to be the same hard problem for the batters to solve.

Pitchers with all their good twirling cannot win a game if the field behind him is bad, as the Eastern leaguer man found. Wiggs made a favorable impression on his first appearance in the east. He is a pitcher in the Montreal and has a grand record with the big team.

For five innings the St. Peters were only able to find him for one single and then they only gained four more singles in the game. The St. Johns had no less than nine errors in the game and the opposing team went one better, for they managed to roll up ten errors. Only seven hits were made off Harrington's delivery.

The game started with the St. Johns to bat. Small struck out. Lynch singled to centre field, stole second, and reached third on an error of F. Mahoney. Ramsey hit safely to short. Donnelly hit a long one to Dever in centre field and the ball being dropped, Lynch scored and Ramsey went to third. Finnamore singled to right field and Ramsey scored. Riley and Cribbs struck out.

Art Mahoney reached first on Donnelly's error, but was forced out at second on McGovern hitting to the short stop. A pass ball put McGovern on second and he scored when Lynch threw badly to first. Britt struck out and McCormick hit out to pitcher.

In the second inning Small got a single to left field but the next three men up were retired quickly.

For the North Enders an error of Finnamore's put Harrington on first and he stole second and scored on Dever's single to centre field. Dever got caught off second base and the next two men struck out.

Nothing Doing for the Tilleyites. The St. Johns were blanked in the next four innings. For the St. Peters the first three men up in the third inning scored. A. Mahoney reached first on Lynch throwing wildly. McGovern got the first bag on Finnamore's error. Harrington drew a base on balls and filled the bases. Britt struck out, McCormick fled out to right field and A. Mahoney scored. A bad throw of Cribbs to first base allowed McGovern and Harrington to score. Dever fled out to left field, Riley making a very pretty one hand catch.

The Saints were blanked in the fourth, but in the fifth inning they made their sixth and last run. McGovern got a single to left field but got caught too far off the first base. Harrington singled to centre field and went to second when Britt drew a base on balls. A pass ball put Harrington on third and he scored while

VIPER III WINNER OF TRASK RACE

Pictou Boat Led All the Others in Exciting Contest--Better Than Nineteen Miles an Hour.

Hundreds of people witnessed one of the most exciting and interesting races that has been held on the Millidgeville course when they assembled at the R. K. Y. C. house on Saturday afternoon to watch the struggle for the Trask Cup, by the fastest motor boats ever seen in the city. The winner of the race was the small boat Viper III, owned and designed by Albert Hickman and Sanford Munis, of Pictou, N. S.

In addition to the large crowds of people on the shore there were more than a hundred craft on the water and the race was watched with interest. The course was laid so that the entire race could be witnessed by those at the clubhouse and a more interesting event has never been held at Millidgeville, the ground of many a hard fought battle with both rail and power boats. The handicap was given the boats at the start so that made the finish more exciting than would otherwise have been the case. There were nine boats in the contest and they left the line in the following order and time:

Table with columns: Boat, Time. Rows include Bonsel, Curlew, Keonik, Grayling, Phoenix, Arrow, Viper III, Essex, Effie M.

Table with columns: Boat, Time. Rows include Bonsel, Keonik, Phoenix, Viper III, Sussex, Effie M., Curlew, Grayling and Arrow did not finish.

The course was 8-10 knots and the Viper III, went at the rate of 17 knots or 1 1/4 miles an hour. The Pictou boat will hold the trophy for this year and the cup is open to challenge.

H. J. Fleming's boat the Essex, was defending the cup up till Saturday, having won by default from the Keonik, owned by Dr. Barton. Dr. Barton won the cup on the opening race last June but on account of an accident was unable to defend it when challenged by the Essex.

On Saturday F. Dykeman, C. Colwell and Fred Fleming were judges on the course while Percy Howard and W. C. Rothwell were starters and judges at the finish.

The Viper III is finely built of Cypress and fastened with brass screws. She appears to be nothing but a simple fabricbanded boat, simpler in construction than even a dory. She is perfectly safe and it is predicted power and weight this type of craft is the fastest type of speed boat in the world. The Viper III, is only 17 horse power and when tuned up will do 20 miles an hour.

McCormick hit out to short. Harrington fled out to left and retired the side.

Get Three Runs. The score was now six to two when in the sixth inning the North End team took a fit of the rattles and the St. Johns made three runs. Small singled to right field and went to second on Lynch hitting out to second. An error of A. Mahoney's put Ramsey on first and allowed Small to score. Another bad throw by A. Mahoney put Donnelly on first and scored. Ramsey. An error of McGovern put Donnelly on second and he scored on an error of McGovern's. Finnamore singled to short but got out at second and Riley fled out to McGovern.

This finished the run getting and as the St. Johns were blanked the next two innings the St. Peters won the game. Daniel Connolly umpired the game and the following is the score and summary:

Score by innings table for St. Peter's and St. Johns.

St. Peter's. A. B. R. H. P. O. A. E. A. Mahoney, s.s. 5 1 0 4 1 4 McGovern, 2b. 4 2 1 1 5 1 Harrington, p. 3 2 1 0 3 0 Britt, 1b. 3 0 1 1 1 0 1 McCormick, l.f. 4 0 0 0 1 1 Harrigan, r.f. 4 1 0 0 4 0 Dever, c.f. 4 0 1 1 0 1 McGowan, c. 4 0 1 1 0 2 F. Mahoney, 3b. 4 0 0 0 1 1

First base on errors, St. Peter's 9, St. Johns 7. Time of game 1:55. Umpire D. Connolly. Attendance 800.

World Series Stars No. 7

Murphy formerly played second for the Athletics, but when Eddie Collins showed his class, Connie Mack shifted Murphy to the outfield, where he soon became a home. In addition to his fielding, Murphy is a hitter, and a hard, consistent hitter at that. He is liable at any time to break up a game with a long hit and his years of experience makes him more dangerous than a youngster.

CAMERON DOWNED BY WOOD IN FIRST PROFESSIONAL RACE

Amherst, N. S., Sept. 25.—Amherst is in mourning tonight. Its peerless winner, Fred S. Cameron went down to defeat in his first professional race against Abbie Wood, of Montreal.

The race was witnessed by fully two thousand people, many of whom came from adjoining towns and from the country side. The race was an eventful throughout. Wood had the pole, but before the lap was finished Cameron took the lead and the first two miles and a half was bowled off in quick order.

Wood then forced to the front and Cameron allowed him to set the pace until five miles were reached. Wood took his time running at a leisurely pace, the five miles being run in 27.18.

For the last five miles Cameron led with Wood close on his heels. Lap after lap was run in this order. In only one instance did Cameron make one of his spurts and Wood responded freely. The runners were so evenly matched that the spectators saw that both were depending on the finish sprint.

In the final Cameron led for three-quarters of the lap when Wood put on a burst of speed never equalled on the Ramblers grounds and breast the lap about ten yards ahead of the Amherst champion.

MIDDLETON SENDS HORSES TO HALIFAX

Middleton, N. S., Sept. 25.—A number of the best horses from this vicinity go to Halifax next week. E. J. McKenna, has four good ones entered in the standard class. Russell Palettter takes Lady Evelyn to compete in the 235 class. L. B. Dodge takes Avery, a promising green yearling four-year-old entered in the carriage class, and R. E. Feltus takes Brenton King, one of the winners in the Labor Day races here.

NATIONALS OUTCLASSED IN MINTO CUP GAME

New Westminster, B. C., Sept. 25.—The Nationals were hopelessly out-classed this afternoon in the second of the Minto cup games. New Westminster winning by 11 goals to 1. Newsy Lalonde was unable to play, and was replaced by Beauchamp. Only about 5000 people saw the game.

SUNDAY BASEBALL American.

At St. Louis, First game—Washington 1; St. Louis 2. Second game, Washington 3; St. Louis 0.

At Chicago, First game—Chicago 1; Philadelphia 3. Second game, Chicago 5; Philadelphia 2. Five innings, darkness.

At Detroit—Boston 2; Detroit 4. Eastern.

At Jersey City—Newark 3; Jersey City 7. At Montreal—Rochester 5; Montreal 7.

LUKEMAN HERO OF CANADIAN CHAMPION'S

Montreal Man Captured Three Firsts and Ran Close Second in Hundred Yards--Flanagan Breaks One Record.

Montreal, Sept. 25.—The Maritime Province representatives failed to annex any of the Canadian championships at the meet here on Saturday afternoon. The man to make the best showing was J. D. Kennedy of the Inverness A.A.C., who carried off second honors in the only event in which he was entered, putting the sixteen pound shot, Coe of Boston winning.

The only other Maritime Province man to show up prominently was F. G. Schaefer of the Wanderer A. C. of Halifax. Schaefer finished second in both of his qualifying heats in the one hundred and 220, but failed to get a place in the final of the 220, winning third place in the 100, being close up to the winner, who did the distance in 10 flat.

The only Canadian record broken was that in throwing the sixteen pound hammer, Flanagan of New York putting the mark up to 179 feet 2 1/4 inches, as against the old mark of 173 feet 7 inches.

The feature of the meet was Lukeman's work, the M.A.A.A. man winning the 220 yards, the hurdles and the broad jump, and finishing second in the hundred yards, which he might have won had he not gotten a spike in his shoe.

The summary follows:— One hundred yards, first heat—1, R. Cloughen, Irish-American A.C., New York; 2, F. O. Schaefer, Wanderers A.C., Halifax; 3, L. J. Sebert, West End Y.M.C.A., Toronto; Time, 10.5.

Second heat—1, F. L. Lukeman, Montreal A.A.A.; 2, R. Eller, Irish-American A.C., New York; 3, A. M. Bowser, Boston A.C.; Time, 10. Third heat—1, S. L. Lewellyn, Boston A.A.; 2, J. M. Rosenberger, Irish-American A.C., New York; 3, G. R. MacGregor, Montreal A.A.A.; Time, 10.25.

Final—1, R. Cloughen, Irish-American A.C., New York; 2, F. L. Lukeman, Montreal A.A.A.; 3, F. O. Schaefer, Wanderers A.C., Halifax; Time, 10.2.

220 yard—First heat, 1, F. L. Lukeman, Montreal A.A.A.; 2, F. O. Schaefer, Wanderer A.C., Halifax; 3, A. M. Bowser, Boston A.C.; Time, 22.15.

Second heat—1, L. B. Dorland, Pastime A.C., New York; 2, R. Eller, Irish-American A.C., New York; 3, S. L. Lewellyn, Boston A.C.; Time, 22.25.

Third heat—1, R. Cloughen, Irish-American A.C., New York; 2, E. P. O'Hara, Boston A.A.; 3, G. R. MacGregor, M.A.A.A.; Time, 22.37.

Final—1, F. L. Lukeman, Montreal A.A.A.; 2, R. Cloughen, Irish-American A.C., New York; 3, L. B. Dorland, Pastime A.C., New York; Time, 21.45.

440 yards—1, J. M. Rosenberger, Irish-American A.C., New York; 2, W. C. Prout, Boston A.A.; 3, T. H. Guehling, Boston A.A.; Time, 50.45.

880 yards—1, A. M. Knox, Central Y.M.C.A., Toronto; 2, G. M. Brock, West End Y.M.C.A., Toronto; 3, F. N. Riley, Irish-American A.C., New York; Time, 1:56.

One mile—1, R. Kiviat, Irish-American A.C., New York; 2, J. W. Monument, Irish-American A.C., New York; 3, J. L. Tait, West End Y.M.C.A., Toronto; Time, 4:26.25.

5 Mile—1, H. Tressider, Central Y.M.C.A., Toronto; 2, W. H. McVicar, South Boston A. C.; 3, J. Keeper, Winnipeg, N. E. A. A. Time—26:25.25.

120 Yards Hurdles—1, F. L. Lukeman, Montreal A. A.; 2, L. B. Dorland, Pastime A. C., New York; 3, R. Eller, Irish-American A. C., New York; Time—16.

1 Mile Relay—1, West End Y. M. C. A. (Brook, Tait, Sebert and Follinsbee); 2, Irish-American A. C., New York, (Eller, Riley, Monument and Kiviat); 3, Montreal A. A. (Mansfield, MacKay, Budde and Roughton); Time—3:39.45.

Pole Vault—1, A. Cameron, Central Y. M. C. A., Toronto; 2, W. Happenny, Montreal A. A.; 3, S. C. Lawrence, Boston A. A.; Time—11.5.

Futtling 1 lb. Shot—1, W. Coe, Boston A. A.; 2, J. D. Kennedy, Inverness A. C.; 3, J. Duncan, Mohawk A. C., New York. Distance—42 ft. 3 in. Throwing 16 lb. Hammer—1, J. J. Flanagan, Irish-American A. C., New York; 2, E. F. Sherman, Boston A. A.; 3, R. Edgren, New York A. C. Distance—179 ft. 2 1/2 in. (Canadian record).

Throwing the Discs—1, Rdgren, New York A. C.; 2, J. Duncan, Mohawk A. C., New York; 3, W. W. Coe, Boston A. A. Distance—136 ft. 6 1/2 in. Running High Jump—1, E. Erickson, Mount Haven A. C.; 2, S. C. Lawrence, Boston A. A.; 3, H. A. Gidney, Boston A. A. Height—5 ft. 10 in.

Running Broad Jump—1, F. L. Lukeman, Montreal A. A.; 2, E. Farrell, South Boston A. C.; 3, S. C. Lawrence, Boston A. A. Distance—32 ft. (Only two competitors).

Throwing 56 lb. Weight—1, J. J. Flanagan, Irish-American A. C., New York; 2, W. W. Coe, Boston A. A.; 3, B. F. Sherman, Boston A. A. Distance—35 ft. 2 1/2 in.

CAMERON DOWNED BY WOOD IN FIRST PROFESSIONAL RACE

Amherst, N. S., Sept. 25.—Amherst is in mourning tonight. Its peerless winner, Fred S. Cameron went down to defeat in his first professional race against Abbie Wood, of Montreal.

The race was witnessed by fully two thousand people, many of whom came from adjoining towns and from the country side. The race was an eventful throughout. Wood had the pole, but before the lap was finished Cameron took the lead and the first two miles and a half was bowled off in quick order.

Wood then forced to the front and Cameron allowed him to set the pace until five miles were reached. Wood took his time running at a leisurely pace, the five miles being run in 27.18.

For the last five miles Cameron led with Wood close on his heels. Lap after lap was run in this order. In only one instance did Cameron make one of his spurts and Wood responded freely. The runners were so evenly matched that the spectators saw that both were depending on the finish sprint.

In the final Cameron led for three-quarters of the lap when Wood put on a burst of speed never equalled on the Ramblers grounds and breast the lap about ten yards ahead of the Amherst champion.

Disappointed in putting it mildly but although he has been defeated they have still faith in him. They realize that Wood is probably the best man in Canada, but they claim that his wide experience in running enabled him to out general Camron, and that the latter made a mistake in allowing the Montreal man to set the pace in the earlier portion of the race.

Both men finished fresh and were in condition to go another ten miles. Another race between the two rivals will take place at the Ramblers grounds within a fortnight, and a third race has been arranged to be held in Montreal in the near future. Wood is a fine type of athlete and has made a host of friends here.

To the reporter he stated that he was enjoying his trip to the Maritime Provinces very much. The sporting fraternity in Amherst are doing all they can to make his stay a pleasant one, and before he returns he may run in some other Maritime towns. The time for the race was 55 minutes and 42 seconds.

On the same track last fall Cameron defeated Fowler in 54 minutes and 46 seconds.

FOOTBALL IS BOOMING NOW

New Rules Will be Tried Out at First Important Games of Season on Saturday--Penn Defeated.

New York, Sept. 25.—This week will see the new football rules brought out for public inspection for the first time at most of the big colleges. The University of Pennsylvania led the way on Saturday in her game with Ursinus which resulted in unexpected defeat of Pennsylvania. Yale, Princeton, Cornell, Dartmouth, Brown, West Point and Annapolis, the football leaders in the east will all play their opening games this week. In each game the chief point of interest will be the use of the rules committee's latest effort at a safe and spectacular game.

Yale, completing a two weeks' season of elementary practice at Lakeville, Conn., on Tuesday will be back on Yale field, Wednesday for her opening game with the Wesleyan eleven, and Harvard players with nearly a month of preliminary practice, under the new rules, will have their first opponents in Bates at the Stadium Wednesday. The programme for Wednesday also includes a game at Philadelphia between Pennsylvania and Dickinson.

The Carlisle Indians, who defeated Villa Nova on Saturday, in an old fashioned game, will try conclusions with Muhlenburg. From the spectators standpoint the best game of the week will be at New Haven on Saturday between Yale and Syracuse. Harvard on Saturday will meet Bowdoin; Princeton will try conclusions with Stevens; Cornell will play Rensselaer and Dartmouth, Massachusetts state.

The other eastern games scheduled for Saturday are: University of Pennsylvania-Gettysburg at Philadelphia; Injured in Collision.

Saturday afternoon a boy named Arthur Hodges was riding his bicycle along Charlotte street, he collided with a team driven by John Secord. The boy was severely injured, but after a time was able to proceed home.

Agent'

THE WEATHER.

Maritime—Moderate to fresh south westerly to northwesterly winds, a few local showers, but mostly fair, not much change in temperature.

AROUND THE CITY

Farmer Shoots Moose. Dow Mercereau, of Hillsville, recently shot a moose with an antler spread of 42 inches, in one of his back fields.

Hole in Pond Street. The police report that there is a dangerous hole in the sidewalk on Pond street, near the Grand Union hotel.

Hackmen Reported. Wm. White and Murray Northrup, two coachmen, have been reported by the police for going beyond the stand allotted for them at the I.C.R. depot.

Six Enter Hospital. Saturday was a busy day at the General Public Hospital, when no less than six people were conveyed to the institution suffering from different ailments.

Hazen Campbell Ill. Hazen Campbell, who is well known in sporting circles, is confined in the general public hospital through illness, but is recovering and expects to be able to leave the institution in a short time.

Died in the Hospital. Saturday morning a man named John Jenkins was conveyed to the General Public Hospital in the ambulance suffering from epileptic convulsions. The man was unconscious and died did not regain consciousness and died yesterday morning. His address was given at the hospital as 53 Erin St.

Not Many Go West. There were not so many farm laborers leaving for the west as was expected on Saturday evening. It was at first thought there would be 500 or more, but when the time came there were only about 100 and one special car was attached to the Pacific express to convey the men to the western wheat fields.

Dog Shot by Policeman. Yesterday afternoon policeman McCollum was called on to shoot a dog in a yard off Charlotte street. The dog had been run over by a team and badly injured. The policeman reports that the dead dog is lying in the yard between the St. Andrew's rink and H. McEath's store and should be removed.

Wife Mourning a Husband. The painter's wife who last week was mourning the loss of a runaway husband, has received no tidings of her better half as yet, and she is in an almost destitute state with five children. She still feels certain that her husband is in Boston and is striving as best she can to get some word to him imploring him to return to her and the children.

Easy Entrance. During the past summer while the police were going their rounds they found a great many doors of business houses open which invited a grand invitation to a burglar who could rob the premises without having the trouble of breaking into the establishments. On Saturday night the police found the doors open of two prominent business places on Ward street.

Bishop Casey in Town. His lordship Bishop Casey returned from a confirmation tour through Albert county on Friday last. During his tour he confirmed a large number of young people through the country. This morning his lordship leaves for Queens county on a confirmation tour. He will go as far as Chipman today and will make further plans when he arrives there.

Operation Necessary. John E. Irvine was removed from the General Public Hospital on Saturday night and taken to Montreal, where a difficult operation will be performed. Dr. W. W. White accompanied Mr. Irvine and will remain with him until after the operation is performed. The many friends of Mr. Irvine hope for a successful operation and a speedy recovery.

Injured by Fall of Coal. On Saturday morning a seaman named Joseph Doucet was badly injured on board the Black Diamond coal steamer Dominion, which was discharging a cargo of coal at the Dominion Coal Company's piers. He was walking on the deck when a lump of coal fell from a bucket and struck him on the head. He was conveyed to the hospital in the ambulance and it was found that a section of his skull was crushed and was pressing on the brain. An operation will be performed and it is expected that he will recover.

Court Room Renovated. The large court room in the Court House on Sydney street will hardly be known by the judge, jurymen and others when they file into the place on Tuesday next, for the sheet metal workers and the decorators have made a great change. The old plaster ceiling that had been on the room for many years and which was dangerous has been removed and a sheet metal ceiling has been put in place. The room has been thoroughly renovated and is now one of beauty. The staging on which the workmen made the changes was removed on Saturday and the room is now ready for occupancy.

Trouble in Harrigan's Alley. Blood Alley and the foot of Duke street has been well rid of a most disorderly crowd of residents and that section of the city is now one of the most quiet in the community. There are other places, however, that are becoming famous for fighting and disorderly conduct and one of these is a spot known as Harrigan's Alley, off Brussels street. Here white and black people reside together and on Saturday night acting sergeant Scott was summoned to the alley to quell a disturbance that was being created by colored people who reside there, including a man named Blizard, another named Francis and the latter's wife.

Eucharistic Congress and fine new bill at Nickel. Send the children in the afternoons. Extra seats on stage.

DEVINE MADE ESCAPE FROM CHAIN GANG

Prisoner Serving Term for Disorderly Conduct Gets Away While Working on Sydney St.—Has Bad Record

During Exhibition week Devine, who is better known in police circles as Barney Devine, was arrested and charged with disorderly conduct on Sydney street. Owing to his past bad record and the nature of the offence he was charged with Acting Magistrate Henderson sentenced him to a heavy fine or eight months in jail with hard labor. Devine was without the fine and had to take the jail option. He worked faithfully in the chain gang until Saturday morning when the prisoners were engaged in cleaning up the court room on Sydney street and getting a good chance Devine made his escape from the guards and up to last night had not been captured.

ROBBERY DISCOVERED SATURDAY MORNING

Office of G. Hevenor & Co. Ltd., on Smythe Street, Entered and Thoroughly Ransacked—\$12 in Cash Stolen

Despite the fact that the police department has been very vigilant during the past summer, and many thieves have been arrested and punished, there is a robbery coming to light every once in a while, and the latest break is reported to have taken place on Friday night last, and the place was G. Hevenor Co. Ltd., copersmiths on Smythe street. An entrance was made by breaking into the building and the office was ransacked thoroughly. The desk drawers were gone through and papers scattered about. All that is reported stolen was about twelve dollars in cash, and there is no clue left to enable the authorities to get after the robber.

FIRE ALARM CAUSE OF HIS DISCOVERY

Greenlander Arrested in Police Building on Charge of Drunkenness—Fire in North End Did Slight Damage.

About four o'clock yesterday morning, fire was discovered in an old shack on the Elm street dump, North End, and an alarm was sent in from No. 435. The fire department responded promptly, but before the shack had been destroyed. The old building was used as a shelter during the day by the caretaker of the dump and it was practically worthless. A still alarm to the No. 2 Chemical engine would have been quite sufficient to have quenched the flames without having called out the whole department in the northern division.

RALLY DAY IN TWO SUNDAY SCHOOLS

Pleasing Programme Carried Out in Victoria St. Baptist Church—Bright Prospects for Portland Methodist School.

The Victoria street Sunday school held a most successful rally yesterday afternoon when the following programme was carried out, J. A. Vanward in the chair; selection by the Brotherhood orchestra led by F. Holder; recitation of 23rd Psalm; selection by the primary dept., Gifts From God, accompanied by Miss J. Pirie; prayer by E. M. Sipprell; chorus of 20 girls. The Banner of the Cross, accompanied by Miss Y. Keith; address by E. M. Sipprell; selection by male quartette; recitation by Miss Ruth Phipps, Canadian Born; selection by the orchestra; address by J. N. Harvey; solo by E. Holder, Hymn Blest Be the Tie That Binds; benediction by the Rev. B. H. Nobles. The attendance numbered 279.

FAREWELL SERMON OF REV. S. W. ANTHONY

Beloved Pastor of Congregational Church Preaches for Last Time—His Interpretation of the Gospel.

"God is love, life is love, and Christ is the revelation of both: this is the gospel that I have preached to you," said Rev. S. W. Anthony, as the climax of a farewell address in the Congregational church last evening. Mr. Anthony has concluded a successful ministry of three years and his departure is the cause for general regret. He will attend a theological college at Montreal for a further preparation in his work. "When I go down the pulpit steps tonight," said Mr. Anthony last evening, "I will have finished my ministry with this church, and if I return it will be as a stranger, or as an alien." I do not wish to speak of myself, but of the Gospel message. As children of God, having one father and belonging to one family, we are continually emerging from animal life to the spiritual. Wherever we see peace, justice or love predominant, we see a witness of the kinship of men. The sprouting seed turning to the sun, or a child's love reciprocating the love of a mother, is an echo of the manner in which the world is seeking God and God is seeking the world. All religions are groping after God and when the philosopher seeks truth, the artist portrays beauty and the poet delineates love, the tendency of man is indicated. Needs No Analysis. The historical revelation of the relation of Christ to the eternal Father is more satisfying than any philosophical analysis as His attributes call for knowledge than for love, reverence or truth. Christ was the typical son of man because he was the Son of God. The philosophical construction of the total depravity of man must not be entertained. To learn the drama we do not attend a 10 cent show but study the glories of Shakespeare, to learn philosophy we do not read a magazine article by Mrs. Eddy, but read Plato and to become acquainted with life we do not go to a barroom, but rather to Christ the great teacher. If the whole world was forging toward God how simple would the construction of the brotherhood of man and the fatherhood of God be? But those who cried Hosanna to the King, were afterward willing to present a crown of thorns and a sceptre of a side piercing spear. The cohorts of righteousness are opposed to those of vice and the vested wrongs by which hate is conquered by love and falsehood by truth. The agonies of the passion week were not to pay a definite penalty or a certain sacrifice, but the heart of God was suffering as long as there was sin in the world and sacrifice was the very essence of Christianity. The command of Christ is not to think in a certain manner, or to accept creed or dogma, but to live the Divine life and serve your fellows.

CITY CORNET BAND HOME FROM BOSTON

Excursion Was Highly Enjoyable and Concert on Common Was Attended by Many St. John People.

Members of the City Cornet Band and a large number of the citizens who left a week ago last Friday night on the steamer Calvin Austin for Boston, returned home on Saturday afternoon and report that the excursion was one of the most enjoyable that has ever been held under the auspices of this popular musical organization. A week ago yesterday the band rendered a sacred concert on the Boston Common and the programme was listened to by thousands of delighted people. Residents of Boston and the surrounding country that were formerly residents of St. John were on hand to hear the band and renew acquaintances from the Winter Port, and a gentleman who was present on the occasion stated to The Standard that he never before saw so many St. John people assembled together outside of this city. After the concert the members of the band packed away their instruments and while some went to New York and other cities on a vacation, others remained in Boston and the trip was one that will not be forgotten for a long time to come.
