BRITISH GUNS EFFECTIVELY ANSWER FIERCE BOMBARDMENT BY ENEMY

FIERCE GERMAN THRUSTS IN VICINITY OF HILL NO. 04 SET AT NAUGHT BY FRENCH FIRE

Hail of Lead Sweeps Back Enemy as He Returns to Attack Second Time Only to Retire With Heavy Losses—Both British and French Fronts Subjected to Violent Bombardment—Germans Gain About 300 Metres of French Trenches Northwest of Cumieres.

The Verdun region in France and Southern Tyrol continue to be theatres where the most sanguinary battles are taking place. While the Italians are holding back the Austrians from further advances and inflicting heavy losses on them in counter-attacks in Tyrol, their German allies have been able to make another gain in the capture of about three hundred metres of French trenches northwest of the village of Cumieres on the left bank of the Meuse near Verdun.

Fighting of great intensity has been in progress around Hill 304 and between Le Mort Homme and Cumieres, but except near Cumieres the vicious German onslaughts were all set at naught by the vigorous counter-offensive of the French.

The sectors east and west of Fort Donnauont, northeast of Verdun, have witnessed still another violent artillery duel but no infantry attacks were launched. The artillery of both sides has been busy along the remainder of the front in France and Belgium.

In Tyrol the Austrians, in the Lagarina Valley and south of the Posina Torrent, threw heavy assaults against the Italian positions, but the Italians stood their ground and repulsed the attackers with considerable losses.

On the Asiago plateau the men of two batteries, which were surrounded by the Austrians, were relieved by an Italian regiment and their guns brought safely away.

Except from a report from Petrograd that the Germans have repeatedly bombarded the railway line to the east of Riga, no operation of moment has taken place on the Russian front. Minor successes have been obtained by the Russians over the Turke in the Rivandouza region of the Caucasus front.

Nothing new has come through with regard to the manoeuvres of the Bulgarians in Greek Macedonia, where important events are expected to transpire by reason of the Bulgarian advance into Greek territory.

Since the commencement of the war 550 persons have been killed and 1,515 injured in the British Isles by German attacks by sea and air, according to a statement made in parliament by the British home secretary.

French Check Enemy Attacks.
Paris, May 29 (10.45 p. m.)—The official communication, issued by the war office tonight reads:
"On the left bank of the Meuse the enemy directed, all day, an intense bombardment with shells of large calibre against our first and second lines from the Avoucourt wood to Cumieres. About three o'clock in the afternoon the Germans violently attacked our positions on Hill 304. Repulsed the first time with considerable losses the enemy renewed his effort at 5.23 o'clock and suffered a new sanguinary check. Concentrations of the enemy reported west of Hill 304 were taken under the fire of our batteries and dispersed."

"Between Le Mort Homme and Cumieres a strong enemy attack, debouching from the Corbeaux Wood, was broken by our battery fire, except at one point, where the enemy gained a footing on a front of about 200 metres in one of our advanced trenches northwest of Cumieres."

"On the right bank there was a violent artillery action in the regions to the east and west of Fort Donnauont."

"Except for the usual cannonading, which was particularly spirited in the Agromont Forest, there is no event to report on the rest of the front."

Belgian communication:
"There was considerable artillery activity on both sides to the north and on the centre of the front. In retaliation for the bombardment of Pertryse, and Casskerke our batteries of all calibres carried out a destructive fire on the German works around Dismude."

Party of Kurds Wiped Out by Cossacks.
Petrograd, via London, May 29.—The official communication, issued from general headquarters today reads:
"East of Riga, in the Kurtenhof region, the enemy artillery repeatedly bombarded the railway. Our aerial squadron bombarded the enemy elec-

tric station at Komay, northwest of Lake Narocz."
"Caucasus front: The fighting in the Rivandouza region continues. Kurds, who attempted to attack our convoys, were dispersed in a successful action by our troops, notably a detachment of forty-four Cossacks, who surprised a Kurdish bivouac near the village of Zova and surrounded and killed 150 Kurds, including a Mollah, safely rejoining their regiment with the loss of only two killed and one missing."

Fierce Bombardments of British Front.
London, May 30.—The following official communication was issued at midnight:
"During the past twenty-four hours the enemy artillery has been very active on certain portions of our front, particularly between La Bassée Canal and Arras. The enemy bombarded our front and support lines in the neighbourhood of Loos. The bombardment was particularly heavy in the early morning, and continued intermittently throughout the day on all tactical points in this locality. The town and neighbourhood of Arras, and as far as Neuville-St. Vaast, were also the scenes of intermittent and heavy concentrated bombardments. We replied effectively, in some cases silencing hostile batteries."

"In the region of Loos mines were sprung by the enemy, but without jamming our defenses. On our right the re-entrant in our line about Mametz and Fricourt has been the scene of some artillery activity, but not of a serious nature. On the left our front from Zillebeke to Hooge and the vicinity of Elverdinghe has been heavily shelled. North of Hooge our artillery breached a hostile parapet, destroying a machine gun emplacement. Our guns caused considerable damage to the enemy at various points, in addition to engaging hostile batteries."

"There has been no infantry action during the last twenty-four hours. The fine sunny weather has been suitable for aerial work, and much successful work has been accomplished by us. Few German aeroplanes were seen."

A Vienna Report.
Vienna, May 28.—The statement follows:
"Italian war theatre: Austro-Hungarian troops captured the fortified works at Cornovo, west of Arsenio, and the fortified dam across the Italsys, southwest of Monte Interrotto, in the fortified district of Asiago."

"Southeastern war theatre: Skirmishes with an Italian patrol occurred on the Lower Voyusa (in Albania, north of Avlona). The situation is unchanged."

Battle on Austro-Italian Front as Furious as Ever.
Rome, via London, May 29.—The following official communication was issued today:
"In the Lagarina Valley Sunday night and Monday morning the enemy renewed his stubborn, sanguinary attacks against our positions between the Adige and Val D'Arca, the attacks were always broken by the firm resistance of our troops. In the Polesina-Astico sector the intense artillery duel continued yesterday. A large force of the enemy in the afternoon attacked a part of our position south of the Posina Torrent, but after a determined struggle it was repulsed with considerable losses."

"On the Asiago plateau our troops are now occupying and consolidating positions dominating the Asiago Basin. A brilliant counter-attack by the 14th Regiment relieved two batteries which had been surrounded on Monte Moscia, and saved the guns. In the Sugana Valley there were some skirmishes."

"On the remainder of the front the artillery actions were especially intense at Piana and Montafalcone."

Crews Are Safe.
Algiers, via Paris, May 29, 4.50 p. m.—The crew of 26 men of the British steamer Trunkby, sunk by a submarine of unknown nationality, have arrived here.

The Trunkby measured 2,635 tons gross, and was owned by R. Ropner & Company of West Hartlepool. She was built in 1896. The steamer was last reported as having arrived in Clyde March 23.

MONCTON TRANSCRIPT EATS ITS OWN WORDS

Opposition Slanderbund Organ in Westmorland Takes Back Defamatory Statements Contained in One of the Blair "Solemn Declarations"—Will the Telegraph Follow Suit?

The Moncton Transcript, one of the mud-slinging organs of the Cartier-Veniot slanderbundists, having been served with a notice of libel by Constable Stevenson in the proceedings instituted by Hon. James A. Murray, Minister for Agriculture, has made a retraction.

Similar notice was served on A. P. Barnhill, secretary of the Telegraph Publishing Company, of St. John, in the absence from that city of Ernest W. McCready, the editor and president of the Telegraph Company.

The libellous statements were contained in matter published in both papers in connection with an affidavit issued by H. M. Blair, the dismissed secretary of the department of Hon. John Murray, before the Liberal minister of public works, who was also obliged to quit his office.

The Transcript says that in the "hurry and haste of editing" the statement was "inaccurately published." It accepts Hon. Mr. Murray's denial of the allegations made and further says that it "has no knowledge whatsoever of the matter outside of the affidavit."

The apology is not a very graceful one, but it may be accepted considering the source from which it comes.

The bitter pill which the Moncton organ of the Cartier-Veniotites has been compelled to swallow is another confirmation of the truth of the charges, which The Standard and Moncton Times have been making to the effect that the desperate opposition crowd have nothing on which to conduct a campaign except abuse, slander, vilification and malicious lies.

Hon. Mr. Murray is a native of Moncton and is well known in the county, and those who are acquainted with him know that such wiffling and libelous slanders, which he has run to earth, will only result in bringing confusion to his defamers and defeat to their candidate tomorrow.

SWEEPING VICTORY FOR HON. MR. MAHONEY TODAY

Latest Reports from Conservative Workers in all Parts of Westmorland Indicate Election of Minister of Public Works by a Substantial Majority—Dr. Smith Will Lose His Own Parish of Shediac—B. F. Smith Holds Rousing Meeting at Sackville.

Moncton, May 29.—The reports from all the Conservative workers in the County of Westmorland at the close of the campaign tonight spelled victory for Hon. P. G. Mahoney, of Melrose, Minister of Public Works. Many enthusiastic supporters of the minister predicted that he would carry the county by at least 500 majority. When Hon. Mr. Mahoney was a candidate in the general election of 1912 his margin over A. B. Copp, leader of the provincial opposition at that time and, like the minister of public works, a resident of the eastern part of the county, was 456, the vote standing: Mahoney, 3,501; Copp, 3,045.

B. F. Smith at Sackville.
The principal meeting in the constituency tonight was at Sackville, the home of Mr. Copp, where B. Frank Smith, M. L. A., of Carleton, addressed a large audience. Mr. Smith was asked by many of the people of Sackville, a Conservative stronghold, to go there and address the electorate.

The Sackville citizens felt that in view of the blunder which Mr. Copp, who lives in that town, made last week in advertising a joint debate in the writ organ there, the Tribune, between Frank B. Carvell, M. P., of Woodstock, and Mr. Smith that the man from East Florenceville, who has been maligning by the reptile element in the opposition party, should be given an opportunity to speak. When Carvell

GIVES THE TO VON HOLLWEG'S STATEMENT

Foreign Office Gives Facts Concerning Bosnian Crisis of 1909.

WHY EUROPEAN CLASH DIDN'T COME.

Both England and Russia Reluctant to Press Serbia's Claim at Cost of a European Struggle.

London, May 29.—The foreign office issued a statement today countering the allegations of the German chancellor, Dr. Von Bethmann-Hollweg, about the Bosnian crisis, which Sir Edward Grey, the foreign secretary, in the House of Commons characterized as "a first class lie."

The statement is chiefly of historic interest, but shows that Sir Edward Grey, writing to the British ambassador at St. Petersburg, on Feb. 27, 1909, declared that no territorial concessions could be obtained for Serbia without a successful war, and that "to risk for Serbian territorial claims a war, which might eventually involve the greater part of the continent of Europe, must be out of all proportion to the interests at stake."

The statement adds:
"The records of the period leave the impression that war was avoided because both Russia and Great Britain were reluctant to press the Serbian claims against Austria to the point of war, and had Germany taken a corresponding view in 1914, when the Austrian demands upon Serbia were pressed to the point of exciting the gushing Serbian independence, war would have been averted then."

'HOME BREW' OF LIQUOR CAUSED MAN'S DEATH

Believed Parrsboro Man Died from Drinking bad "Booze"—Man who Sold it Arrested

Special to The Standard.
Amherst, N. S., May 29.—Robert Smith, who is the alleged party who sold the booze to a Mr. Kelly in Parrsboro recently and caused the death of that gentleman, was arrested in Amherst today. After selling several bottles of the believed poisonous home brew to Kelly and one or two of his friends, Smith made tracks from the seaport town. Kelly, who is a tailor, died at his home on the night that he had a few drinks of the liquor, in great pain. It is understood that Smith cannot be prosecuted as from the fact that he sold the booze as none of the liquor remains to be analysed.

STATUS OF VON IGEL, BOMB PLOTTER, NOT YET DECIDED

New York, May 29.—Because Secretary of State Lansing has not yet declared the status of Wolf Von Igel, late editor of the New York Staats Zeitung, and Carl Bueaz, then German consul-general in New York, Von Igel, however, appears to have been the most active of the three in promoting whatever were the objects of Prince Henry's tour, giving various interviews to the newspapers on the political aspect of the visit.

"Nothing much was heard of Von Briesen after Prince Henry's tour until 1907, when he visited Germany and was received in audience by the Kaiser. The following year Emperor

CARVELL GOT PRETTY CLOSE TO GERMAN CROWN WHEN HE DEALT WITH JEROME ET AL

Further Inquiry Concerning Pro-German Lawyers whom Carleton Co. Grit Dealt with Brings Out Some Interesting Facts—While Taking Canadian Dollars to "Dig Up" Information for Carvell were Also Being Paid to Defend Bueaz, Indicted for Sending Supplies from U. S. to Admiral Von Spee.

Special to The Standard.
Ottawa, May 29.—The Ottawa Journal gives a further exposure to the relations of Mr. F. B. Carvell with the pro-German William Travers Jerome, of New York. The story follows:
"When about two weeks ago Mr. F. B. Carvell stated in parliament that he had engaged the services in New York of Wm. Travers Jerome to secure evidence against J. Wesley Allison, General Hughes and the Shell Committee, the Evening Journal pointed out, and gave documentary proof, that Mr. Jerome was pro-German, adding that there was possibility of great danger that Mr. Carvell might unwillingly place into the hands of a pro-German lawyer information which would be of value to the enemy."

What Further Inquiry Has Disclosed.
"Mr. Carvell's reply was a threat that he would sue this newspaper and several others which copied the story, for libel. Since then the Journal has further investigated the Jerome firm. The facts disclosed are, to say the least, the most complete justification for the contention that Mr. Carvell would be much too close to the German crown if he discussed Canadian war affairs with the law firm of Jerome, Rand and Kresel. The Journal finds that not only is Mr. Wm. Travers Jerome a self-confessed pro-German and counsel for Arthur Von Briesen, active agent of the Kaiser, but that while this firm is taking Canadian dollars to "dig up" evidence to destroy the reputation of Canada's government, it is at the same time taking German money to defend Carl Bueaz, one of the worst of Prussia's agents indicted for violating American neutrality by sending supplies to Admiral Von Spee, who, with his superior forces, sent gallant Craddock's squadron, and with it a number of heroic young Canadians to the bottom of the Southern Pacific."

"Hardly less convincing testimony of the pro-German character of legal allies of the opposition is the discovery that Isidor J. Kresel, who is known in New York as the brains of the Jerome firm, is an Austrian by birth; that he is the husband of a German wife; is connected with several Austro-German societies, and was strongly suspected of being associated with the Austrian network of intrigue against allied munitions plants in the United States, which led to the sensational recall of Dr. Dumba, Francis Joseph's ambassador at Washington."

"To fully appreciate the significance of the connection of the Jerome firm with Arthur Von Briesen and Carl Bueaz, it is necessary to study the history of the German activities of these two men in the United States for years past, and their close relationship to the Kaiser and to each other. Also, it serves to throw considerable light upon the extreme unreliability of the present legal relations of Carvell and Jerome."

Von Briesen's Pro-German Activities.
"Arthur Von Briesen was born in Borkendorf, in the Prussian province of Pomerania. He came to New York at an early age, and as far back as 1900 he was recognized as a German leader in the United States, being at the head of the German-American League. In 1902, when Prince Henry of Prussia made his memorable tour of the United States—a mission now believed to have had a sinister political and military object—Von Briesen was among the few leading Germans in the States who made arrangements for the trip. With him in this connection were Herman Ridder, chief editor of the New York Staats Zeitung, and Carl Bueaz, then German consul-general in New York. Von Briesen, however, appears to have been the most active of the three in promoting whatever were the objects of Prince Henry's tour, giving various interviews to the newspapers on the political aspect of the visit."

"Nothing much was heard of Von Briesen after Prince Henry's tour until 1907, when he visited Germany and was received in audience by the Kaiser. The following year Emperor

William gave an interview to Dr. Wm. Bayard Hale, an American writer in which he expressed hostility toward Great Britain. The interview gave rise to a great controversy and Von Briesen at once appeared upon the scene as the champion of the Kaiser in the United States. It is interesting to note, in passing, that Dr. William Bayard Hale, who got the interview in question, has turned out to be one of the most bitter pro-Germans in the United States, and with Von Briesen figured in the revelations of German plots against the Allies in the United States last August.

Decorated by Kaiser.
"Shortly after Von Briesen's defence of the Kaiser's anti-British interview he again visited Germany and was decorated by his Emperor, in recognition of his services with the order of the Prussian Crown. Consul-General Carl Bueaz delivered the decoration."

"In 1909 Von Briesen again visited Germany and was received in audience with the Kaiser. In 1912 he again visited the fatherland, on this occasion spending the entire summer. He was received by the Kaiser on several occasions, also by the King of Wurtemberg and was publicly thanked by them for his "efforts on behalf of the German people in the United States."

"The war had hardly broken out when Von Briesen came before the United States public as one of the most fierce partisans of the Kaiser. He began by a vitriolic anti-British letter to the New York press signing himself the president of the New York Legal Aid Society. This bold attempt to give the sanction of the legal aid society to a pro-German propaganda drew forth a storm of protest from its purely American members, and Von Briesen was compelled to relinquish the presidency. Shortly afterwards came the British secret service exposures of German conspiracies to prevent the shipment of munitions to the Allies, and with this letter from William Travers Jerome to Von Briesen:

No. 37 Wall St., New York, June 29, 1915.
Arthur Von Briesen, Esq.,
No. 26 Broad Street,
New York City.

"My Dear Mr. Von Briesen—Since I saw you this morning I have conferred with my partners in regard to the matter we have discussed. It would be a great pleasure for me to undertake this business not only because my inclination would coincide with my professional duty, but because the employment would be to do what, regardless of any legal question involved, I considered to be right. . . . The selection of agents to conduct those investigations would be a difficult matter. They could not, of course, be the ordinary type of private detectives. . . . The matter is so grave in its character that I should be unwilling to undertake it without devoting my best efforts to make it a success and it would be necessary that not only myself give it close personal attention, but I should want my partner, Mr. Rand, and to a certain extent my partner Mr. Kresel, to be as active in the matter as I myself would be. In other words I don't want to undertake the job without doing everything humanly possible to make it successful."

WILLIAM TRAVERS JEROME.
"This confession of sympathy with the Germans on the part of Jerome startled New York. Mr. Rand, one of the Jerome firm, admitted that Jerome had written the letter. Von Briesen, apparently fearful of indictment by the United States authorities for conspiracy, vehemently declared that the letter had nothing to do with a German plot, but related to a prosecution which would soon be begun in the courts. It has not yet begun. As a matter of fact, there is nothing to show that Mr. Jerome is not at present employed by Von Briesen for the German cause. When, two weeks ago the Evening Journal republished the Jerome letter the New York World, asked him if he were still in the em-

BRITISH PUSH FORWARD IN GERMAN EAST AFRICA

INFORMATION FROM ST. JOHN BIG FACTOR IN OPIUM CASE

Capture of "Dope" Smugglers by James Hamilton and A. L. Hoyt, Customs Officials, Had Important Part in Landing Head of Gang in Montreal.

The Canadian and United States government officials, who for several years have been endeavoring to break up the opium traffic, which has been conducted by an organized band of smugglers, are confident that an end has been put to the evil. With the arrest in Montreal of John Griffiths, the last of ten opium smugglers and confederates, with the exception of two, have been rounded up. The breaking up of the opium smuggling traffic was largely due to the activity and energy of James H. Hamilton, appraiser of customs, and A. L. Hoyt, inspector of customs, both of St. John. The information accumulated by Messrs. Hamilton and Hoyt, who began a secret investigation of the widespread opium traffic last fall, led to arrests which involved men in St. John, Montreal, Vancouver and other places.

WHAT PRICE DO YOU PAY FOR TEA?

This is very important on account of changed conditions. Conditions in the tea markets of the world have changed considerably since the war. On account of Russia prohibiting the sale of vodka and France putting the ban on Absinthe, these countries have become larger consumers of tea. In fact, France and other countries have followed the English custom of serving tea to the troops instead of coffee, and this takes an enormous supply of tea.

The foregoing facts explain why tea is higher in price than before the war. If you are still paying the same price for tea as you were eight months or so ago, you are getting a lower grade than the tea you formerly used. For example, if you are paying forty cents a pound, you are getting the quality that sold for thirty cents a year ago. The old forty-cent quality is now selling at fifty cents—in fact, has been selling at this price for months. If anyone has not been enjoying their tea lately they will no doubt find that they have not been getting the same grade or label, consequently it has not tasted so good. The flavor wasn't so full or so rich.

HOW MAHONEY, THEN A PRIVATE MEMBER, STOOD ON POLLING DAY IN 1912

In the provincial general elections in 1912 P. G. Mahoney had a majority of 456 over A. B. Copp, then the opposition leader and the highest man on his ticket. Both Mr. Mahoney and Mr. Copp, later elected member of parliament by acclamation, reside in the eastern section of Westmorland Co., and each received in the eastern parishes many personal votes, regardless of politics. This was particularly true in the parish of Sackville, Mr. Copp's home, where a large number of Conservatives gave him a complimentary vote. Nevertheless Mr. Mahoney carried Sackville by 837 to 535. Mr. Smith, however, does not live in Sackville and will make a very poor showing in that parish today.

In the general election Mr. Copp ran well in his neighboring parishes of Westmorland and Botaford, but he failed to carry Botaford, 33 votes and Westmorland by 6 votes. Mr. Copp, however, was ahead of his opponent in another neighboring parish, Dorchester, where the Sackville man received 532 votes and Mr. Mahoney 472. Shediac, Dr. Smith's own parish, where he is thought to have influence as president of the Liberal Association of the county, declared for Mr. Mahoney by a vote of 714 to 622. In Moncton parish Mr. Copp was swamped.

In today's election the situation in the eastern parishes is entirely different and even Mr. Copp's friends and relatives on the Conservative side will vote for Hon. the Minister of Public Works.

Carvell Got Pretty Close To German Crown When He Dealt with Jerome et al.

Continued from page one. report of Von Briesen. Mr. Jerome evaded the question by replying that he would accept employment from any reputable client of any nationality.

Buenz and Kresel. "We knew Carl Buenz, who was the Kaiser's agent in New York for years, who decorated Von Briesen with the Order of the Emperor and who helped Von Briesen bring the royal spy, Prince Henry of Prussia, to America, and again we strike the trail of Mr. William Travers Jerome. Carl Buenz, after having served the German Emperor well for several years, as consul general at New York, became head of the Hamburg-American Line in the United States. When the war broke out he became the head and centre of an amazingly daring scheme to ship supplies and coal to Admiral Von Spee in southern waters. The whole desperate submarine adventure was exposed by the British and United States secret services, and Buenz was arrested and indicted by the federal authorities of the United States. This was in November, 1915, five months after Von Briesen had retained Jerome. It is found in the third partner of Jerome partnership. Kresel is alleged to have been connected with the propaganda which was carried on by Dr. Dumba, the Austrian ambassador who was kicked out of the United States. The fact has never been definitely established, but New York believes it at any rate, there is no doubt of Kresel's pro-Germanism. Canadian information of a military character in his possession would be perilsous.

ST. STEPHEN SOLDIER'S FUNERAL TOMORROW

Special to The Standard. St. Stephen, May 29.—The body of Corp. Joseph O'Brien of the 104th Battalion arrived from Woodstock tonight accompanied by a firing squad of twelve men and eight pallbearers. The funeral will be held Wednesday morning from the Church of the Holy Rosary. Music will be provided by Short's military band.

OUTPUT IN ENGLAND CUT DOWN 15 P. C.

London, May 29.—The House of Commons today passed the second reading of the bill which would reduce by fifteen per cent the output of beer. The object of the bill is to relieve the room in ships required for importing foreign hops. The measure empowers the government to prohibit the importation of hops, unless the home grown supply is insufficient to meet requirements, when licenses for importation will be granted.

BERLIN REPORTS DETENTION OF THREE DANISH STEAMERS ON WAY TO DENMARK FROM BRAZIL

Berlin, May 29, by wireless to Sayville.—Three Danish steamers on their way to Denmark from Brazilian ports were forced by the British authorities to unload their cargoes of coffee at Newcastle, according to the Copenhagen newspaper Ekstrabatidat, as quoted by the Overseas News Agency today. The vessels were the Moskva, the I. P. Holmbald and the Pennsylvania. On the Pennsylvania, according to the newspaper, was allowed to continue her voyage, both of the others having been detained in Newcastle a considerable period.

DUTCH SHIP CAPTURED BY GERMAN FLEET

London, May 29, 10.45 p. m.—A Berlin message received at Copenhagen says the Exchange Telegraph Company's Copenhagen correspondent reports that the Dutch vessel Holland has been captured by a German warship and taken to Borkum Island. The dispatch adds that the vessel was arrested on suspicion of being engaged in spying.

SPANISH PREMIER BELIEVES TIME NOT RIPE FOR PEACE PROPOSALS

Berne, via Paris, May 29.—The Budapest Arest, a copy of which has been received here, publishes a dispatch from its Madrid correspondent in which Premier Romanones is quoted as having said concerning peace proposals: "Spain desired to see an end of the war, but the hour for negotiations for peace has not yet arrived. We gladly contribute to the re-establishment of peace if we are invited to do so by the belligerent powers."

A political speaker, warning the public against the imposition of heavier tariffs on imports, said: "If you don't stop shearing the wool of the sheep that lays the golden egg, you'll pump it dry"—(Christian Register).

BRITISH ADVANCE 20 MILES INTO TERRITORY OF ENEMY IN EAST AFRICA

London, May 29.—An official statement issued by the war office today says: "Brigadier-General Northey, commanding the British forces on the northern borders of Rhodesia and Nyasaland, reports that on Thursday he advanced twenty miles into German territory on the whole front between Lakes Nyasa and Tanganyika. The enemy retired from Ipiama, twenty-one miles north of Karonga, and Ipiama, eighteen miles northeast of Fort Hill, toward Nuanetsi. South African Nyasaland troops bridged and crossed the Songwe river during the night. Gen. Smuts reports the railway station at Usambara and the railway lines occupied by a column of his troops. Another column moved down the Pangani river by way of Marago, Opuni, eighteen miles northwest of Sara."

WORN, WORRIED WOMEN

Her Many Duties Affect Her Health and Often She Breaks Down Completely.

It is little wonder that there are many times in a woman's life when she feels in despair. There is no nine-hour day for the busy housewife. There are a hundred things about the home to keep her busy from the time she arises until it is again bed time. What is the busy wife's her nerves give way, her good looks suffer, her blood becomes thin, her digestion is disturbed and her system threatened with a complete breakdown. Every woman should do all possible to protect her health and good looks, and there is one way in which she can do this, and that is by taking Dr. Williams' Pink Pills. These actually make new, rich blood, strengthen every nerve and every organ, bring the glow of health to the cheeks and brightness to the eyes. These pills have done more to make the lives of thousands of women sunnier than anything else in the world. Mrs. Daniel Thiel, Waterloo, Ont., says: "I was very much run down, my blood was thin and watery and I would faint at the least excitement. I suffered from headaches and dizziness and often it seemed as though there were clouds before my eyes. Finally I was forced to go to bed with weakness. I doctored for six weeks while in bed without receiving any benefit. Finally I was induced to take Dr. Williams' Pink Pills, and when I had taken six boxes I was completely cured, and never felt better in my life. I am convinced that what Dr. Williams' Pink Pills did for me they will do for others, and I warmly recommend them to all weak women."

You can get these Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

WANT LOBSTER SEASON OPEN UNTIL JULY 10

P. E. I. Development Commission Makes Several Recommendations Regarding Changes in Fisheries Regulations.

Charlottetown, P. E. I., May 29.—At a meeting of the Prince Edward Island Development Commission held this afternoon sub-committees on various matters reported. Committee on fisheries made the following recommendations: Lobster season should be extended to July 10th; deep sea fishermen should be imported to the province; advantages of the island as fishing ground should be advertised in North Sea districts; government should institute technical education for fishermen; dogfish should be procured for fertilizer or for food; fishermen should cooperate more.

COL. ALLISON RESUMES HIS EVIDENCE

Several New Points Brought Out at Fuse Inquiry Before the Meredith-Duff Commission.

Ottawa, May 29.—For three hours this afternoon Col. John Wesley Allison, of Morrisburg, New York, who ten days ago was overcome by illness when being closely questioned by counsel in the Meredith-Duff fuse inquiry commission today, was able to stand up under three hours of direct cross-examination at the resumption of the probe. There were several new points brought out in the day's proceedings.

MARY WOMEN SUFFER FROM EXCORIATING PAINS IN THE BACK

Do you ever feel that you must have some rest for that lame and aching back? Do you ever feel that those shooting, stabbing, darting pains must be gotten rid of before you can get into condition, whereby you can attend to your household duties without a pain or ache?

When the back begins to ache it is a sure sign that there is something radically wrong with the kidneys.

What you want is a kidney medicine, and a medicine for the kidneys only. Doan's Kidney Pills know nothing but kidney disorders, because they are manufactured solely for the purpose of relieving and curing the kidneys.

Mrs. L. McLannan, Plymouth, N. B., writes: "I am sending you this testimonial, telling you what a wonderful cure Doan's Kidney Pills made for me. For years I had suffered so with my kidney troubles that I could hardly do my household duties. I used several kinds of pills, but none of them seemed to be doing me any good. At last I was advised to try a box of Doan's Kidney Pills. When I had taken the first box I found relief. I have used five boxes, and today I feel like a new woman. I cannot recommend them too highly."

Doan's Kidney Pills are 50c per box, 6 boxes for \$2.50, at all drug stores, or direct on receipt of price by The T. M. Doan Co., Limited, Toronto, Ont.

ATTEMPT TO SLAY AUSTRO-HUNGARIAN MINISTER TO PERSIA

Made by Djemel Bey, who was Involved in Assassination of Turkish Grand Vizier.

Berlin, May 29, by wireless to Sayville.—An unsuccessful attempt to assassinate the Austro-Hungarian minister to Persia is reported in a Constantinople despatch to the Overseas News Agency today. The attempt, according to the despatch, was made by Djemel Bey, who several years ago was involved in the assassination of Mahmoud Shekief, Pasha, Turkish grand vizier and minister of war, and who, in consequence, was expelled from Turkey.

SWEEPING VICTORY FOR HON. MR. MAHONEY TODAY

Continued from page one. Humphrey, M. L. A., who lives in the parish, was asked on Saturday by a delegation of railway employees to arrange if possible for an extra hour at noon here so that they could vote. The city, which is a separate district in provincial elections, does not vote, but many railway employees here live outside the city limits and in the Parish of Shediac. Mr. Humphrey interviewed the management of the Canadian government railways and the management agreed to allow the voters in its employ an extra hour at noon tomorrow. A special election will leave the railway shops at 12.15 for Sunny Brae, an incorporated town, and will leave Sunny Brae for this city at 1.45. The railroad men living in Shediac will also be given an opportunity to vote.

GERMAN CASUALTIES ESTIMATED AT 2,822,079

DEATHS FROM AIR AND SEA RAIDS ON ENGLAND SINCE WAR BEGAN NUMBER 550

Total Killed or Injured 2,166—Number of Soldiers Only a Comparatively Small Fraction—German Army Casualties Since Start of War to May 1st. Almost Three Millions.

London, May 29 (4.01 p. m.)—In the attacks on the British Isles from sea and air during the war 2,166 persons have been killed or wounded. The number of deaths is 550.

The figures were given in the House of Commons today by Herbert L. Samuel, the home secretary, as follows: In the three attacks from sea 61 men, 40 women and 40 children were killed, and 611 persons wounded. In the 44 air raids 222 men, 114 women and 73 children were killed, and 1,006 persons were injured. The number of soldiers and sailors who were killed is only a comparatively small fraction of the total.

Edwin Samson Captured After Trawler, of Whose Crew He was a Member, was Sunk by Hun Airship.

St. John's, Nfld., May 29.—Governor Davidson announces that Edwin Samson, a naval reservist is a war prisoner in the hands of the Germans. He was a member of the crew of the armed trawler King Stephen, which was sunk and her crew captured by a German seaplane, when returning from a recent raid on Scarborough, England. This trawler, it may be remembered, left the crew of a German Zeppelin to sink in the North Sea on a previous voyage, fearing to take them aboard, as they outnumbered the trawler's own crew. The trawler was apparently taken into the admiralty's service after this.

JUDGE HUGHES CANDIDATE FOR PRESIDENCY

Endorsed by the German-American Alliance in Elizabeth, N. J., as Republican Candidate.

Chicago, May 29.—Two additional booms of candidates for the Republican nomination for president were brought to Chicago today. They were those of Charles Evans Hughes, of New York, and Coleman Dupont of Delaware, Fran H. Hitchcock, accompanied by William L. Ward, former Republican national committee man from New York, launched the pre-convention campaign in the interest of Justice Hughes. Governor Whitman, of New York, will place Mr. Hughes in nomination, according to present plans. When the roll of the states is called, it is estimated that it has been arranged to have Alabama vote in favor of New York, so that Hughes' name may be the first presented. Headquarters for Hughes will not be opened in Chicago, according to Mr. Hitchcock. "Mr. Hughes is not an active candidate for the presidential nomination and therefore no headquarters for him will be opened here, but his friends who are urging his nomination will work in his interest as individuals," said Mr. Hitchcock. "His views on Americanism, preparedness and other important public questions are sound, and were frequently stated by him in public addresses before he became a member of the United States Supreme Court. There is no question where he stands on any of these questions. While I have had no communication with Justice Hughes for several months, I believe there is no question that if he is nominated he will accept."

AMERICAN SECURITIES DEPOSITED WITH BRITISH TREASURY ARE EXEMPTED

Reginald McKenna Moves Resolution Increasing Income Tax on American Securities Held Back by Owners—Supply Offered to Gov't Has Greatly Diminished.

London, May 29, 4.50 p. m.—In the House of Commons today Reginald McKenna, chancellor of the exchequer, moved the resolution which he gave notice of last week, the purpose of which is to compensate to the government, under the mobilization plan, of American securities, heretofore withheld by their owners. Mr. McKenna's measure imposes an additional income tax of 2 shillings in the pound on American securities, excepting those which are deposited with the treasury.

Harold J. Tennant, parliamentary under-secretary for war, explained that as the balance of trade was against England there was a limit to the exportation of gold. A loan already having been raised in America, the government had resorted to the mobilization of securities to meet the balance of payments. This scheme, Mr. Tennant said, had been carried out with great care and without any injury to the American market. The government had been able to pay its way, and preserve a substantial balance in New York, to enable it to meet charges which might become due. For some months past, however, the supply of American securities offered to the government had dwindled from a torrent to little more than a trickle. It had been suggested that since it has been arranged to have Alabama vote in favor of New York, so that Hughes' name may be the first presented. Headquarters for Hughes will not be opened in Chicago, according to Mr. Hitchcock. "Mr. Hughes is not an active candidate for the presidential nomination and therefore no headquarters for him will be opened here, but his friends who are urging his nomination will work in his interest as individuals," said Mr. Hitchcock. JAMES J. HILL PASSES AWAY

From Farmer's Boy to Builder of Railroads and Power in Railway and Financial Circles.

St. Paul, Minn., May 29.—James J. Hill, railroad builder, capitalist and most widely known figure of the northwest, died at his Summit Avenue residence at 9:30 o'clock this morning as a result of an affection due to bowel trouble. Mr. Hill was unconscious for nearly twelve hours before he died. Dr. Herman Biggs of New York and Dr. Stanley Searor of Rochester, Minn., together with members of the immediate Hill family, were at the bedside when the end came. Mr. Hill's personal secretary, M. R. Brown, made the announcement of his employer's death to various newspaper correspondents at the Hill residence. His statement was made verbally with the intimation that a written bulletin might be issued later. Questioned regarding a date for the obsequies, Mr. Brown said no arrangement had been discussed. Mr. Hill was born near Guelph, Ont., in 1838, the son of an Irish-Canadian farmer. He discovered "the bread basket of the world" in the great northwest. He led in its development from a wilderness to what now comprises six wealthy states, and he blasted a trail for transportation which reached eventually from Buffalo to Asia, with a total mileage of rail and steamship facilities that would nearly girdle the earth. That but roughly spans the story of his achievement. While Mr. Hill built up for himself and his associates an immense fortune, he also helped to create for the settlers along his lines a wealth of more than five billion dollars in real property, which is represented by the value of the 400,000 farms and their 65,000,000 acres of improved land. Upon his retirement at sixty-nine, the "streak of rust" he had bought thirty years before had expanded to more than 6,000 miles, and it was earning gross profits of more than \$65,000,000 a year, and carrying 15,000,000 tons of freight annually. He

JORDAN SANATORIUM IMPRESSES VISITOR

"The Jordan Memorial Sanatorium is an ideal spot. This is the first impression made on one," said a visitor from Portland, Me., who spent a few days at that place last week. The greeting received from the matron, Miss McCarthy, made one glad that he had come. Many touching incidents could be told of the love and energy displayed to nourish, comfort and cheer those who were forced to make their home at that place for a time. One thing which impressed the visitor was the kindly good night call made on each patient by Dr. Townsend and the night nurse to make sure that everyone was all right. The spiritual side was not neglected, the local pastor holding regular services every week and visiting the patients. They seemed like one big family, each doing what they could to help the other. The visit made one realize that the spirit of the Master "who came not to minister unto but to minister," was still alive, and too much praise could not be given the founder of this institution for the care of those afflicted with this terrible disease.

By Purifying The Blood You Get Rid of Pain

Here is the Sworn Statement of a Lady Who Was Cured By Dr. Chase's Kidney-Liver Pills.

Poison causes pains and aches, drows, lingers feelings and derangements of the vital organs of the body. By ridding the human system of poisonous impurities Dr. Chase's Kidney-Liver Pills cure rheumatism, headache, backache and pains through the body and limbs. As an illustration, we would refer you to the sworn statement of Mrs. Bergland. It is just such experiences as this that has made so many thousands of people enthusiastic about Dr. Chase's Kidney-Liver Pills. This is why they are to be found in the great majority of homes. Mrs. O. Bergland, Dumfries, Sask., writes:—"I can highly recommend Dr. Chase's Kidney-Liver Pills to all who are suffering from weak kidneys. I suffered from headache and backache, had heart fluttering and my sleep was so broken and unrefreshing that it was with difficulty that I could get any rest. I had rheumatism and always had a heavy feeling in the region of my kidneys. I was nervous and often dizzy. Reading about Dr. Chase's Kidney-Liver Pills led me to use them, and with the most highly satisfactory results, and I can recommend them to everyone who wants to be cured of kidney troubles." Mr. W. E. Johnson, Commissioner to take oaths, writes: "This is to certify that I know Mrs. Bergland and believe her statement in regard to Dr. Chase's Kidney-Liver Pills to be true and correct." Put Dr. Chase's Kidney-Liver Pills to the test when suffering from torpid, sluggish action of the liver, kidneys and bowels and you will soon appreciate their value. THE WESTMORLAND CAMPAIGN.

If the men of Westmorland county do their plain duty today Hon. P. G. Mahoney will be elected by a splendid majority and the bitter and most slanderous political campaign New Brunswick has witnessed for a long time will be brought to a satisfactory close.

The tactics pursued by the opposition organizers and workers should be stamped with the disapproval of every decent resident of Westmorland for the events of the past two weeks have done much to lower the tone of New Brunswick politics and to give this province unenviable notoriety as a hot bed of discreditable election methods.

No calumny has been too vile or too low for the opposition workers and the opposition newspapers to circulate. Already one of the responsible Ministers of the Clarke Government, Hon. J. A. Murray, has invoked the power of the courts to force retraction of slanders concerning him. The Moncton Transcript, one of the newspapers in which the slander appeared has already made a grudging withdrawal. The Transcript must follow suit or bear the responsibility for its statements in court.

Misrepresentation in every degree from veiled insinuation down to outright falsehood has been employed by the oppositionists in an effort to defeat Hon. Mr. Mahoney. The Government has been accused of every crime in the calendar, the despicable race and religion cry has been raised and every dirty means taken in an effort to gain for the Carterventolites one more representative in a Legislative Assembly which now numbers two oppositionists in its membership.

But the people of Westmorland should not be deceived. They have before them on the one side the worthy record of the Clarke Government, a record which spells an honest and aggressive administration of public affairs. Coupled with this is the knowledge that the man they are asked to support is in every way a splendid representative who has been selected to take up the duties of the most important portfolio in the New Brunswick Government.

On the other side they have the knowledge that the men who are behind the campaign of Dr. Smith are the same men who, when previously in power, plunged the province into debt, played ducks and drakes with the public funds, regarded the provincial treasury as a beneficent institution from which they could "borrow" at will with the knowledge that they would not be called upon to return their borrowings as long as the province was ruled by themselves or their friends; the same men who permitted the Central Railway steal, and who, it is reported, have already promised that if returned to power they will re-instate in one of the most important public offices a man who was recently removed for corrupt dealings.

The electors of Westmorland have the knowledge that the affairs of the province under Premier Clarke have been wisely and honestly administered. They also have in their minds the remarkably brazen statement of F. B. Carvell made at Moncton on Saturday that "when the opposition comes into power . . . things will be different."

THAT ALBERT COUNTY FARM.

Resorting to that cowardly but peculiarly Carterventolite method, the managers of the opposition campaign in Westmorland attempted, through the Telegraph, yesterday to throw discredit upon Hon. J. A. Murray for his replies to questions in connection with the purchase of the Fullerton farm in Albert county.

The Telegraph said "He, (Carter) had a question asked in the legislature if Hon. A. R. McClellan had any mortgage upon any farm purchased by the Farm Settlement Board in

Albert county. The answer was, "No."

Mr. Murray's answer was perfectly true, and was admitted to be so by Hon. C. W. Robinson, who investigated the Albert county case after Mr. Carter had found the "digging" too strenuous. Mr. Robinson's report was to the effect that Hon. A. R. McClellan did not record the assignment of mortgage in the Albert county record office. The only thing the Farm Settlement Board could go by in the purchase of that farm was the record, and that record, according to the advice of the barrister who searched the title, and to Hon. C. W. Robinson, showed nothing to connect Mr. McClellan with the property.

This in itself is the strongest evidence that the statement of Mr. Murray was absolutely true, and the Carterventolites know it. Their last minute effort merely indicates their desperation over the failure of previous attempts to discredit the Minister of Agriculture.

WHERE THE REMEDY LIES.

The editor of The Standard last evening received a letter from which the following paragraph is taken:

"I read The Standard and Telegraph and I must say that in an experience of several years I have never known a political campaign in which these newspapers were as bitter. It has been a dirty campaign on both sides at least so far as the newspapers are concerned."

The Standard admits that the campaign has been bitter, and it has been necessary to use harsh language. This necessity will continue until the provincial opposition changes its methods and its chief organizer. Any campaign in which the present opposition manager is concerned is bound to be dirty and, unfortunately, dirty on both sides, for fire must be fought with fire, and when a man or a party descends to deliberate misrepresentation as the opposition has done in the Westmorland campaign it is necessary, and for the public good, that such tactics should be exposed.

If, as our correspondent suggests, the newspaper campaign in the Westmorland election has been "dirty," it was the opposition men and methods which made it so. The remedy lies in changing both.

Mr. Blair is said to have the promise of the Carterventolites that as soon as they are returned he will be reinstated as secretary of the Public Works Department. Yet Mr. Blair was dismissed for corrupt practices after an investigation in which his guilt was clearly established. The promise said to have been extended to him is the best sort of evidence of the kind of government Mr. Carter and his friends would give the province.

A vote for Hon. P. J. Mahoney today is a vote for clean government. A vote against him is evidence that Westmorland desires that the provincial treasury shall be turned over to the bootleggers and grafters who permitted the Central Railway steal, the Tweedie borrowed draft, the Pugsley over-draft and the other shameful transactions which characterized the rule of the gentlemen who held office prior to 1908.

Mr. Carvell did not discuss "fuse charges" in that Moncton meeting. He realized that Col. Bullock, of Ottawa, was but a few feet from him. And Col. Bullock is the gentleman who made the allegation through an Ottawa newspaper that the Carvell-Kyte crowd knew they could not get evidence of wrongdoing in the fuse enquiry, but that they might be able to "make a lot of political capital."

The Telegraph and Times declares that the agents of Hon. P. G. Mahoney will use "rum and money" in today's election. Evidently the opposition organs believe in preparing a soft spot on which their candidate can fall. The cry of corrupt methods is always raised by the Carterventolite street newspapers as soon as they realize that certain defeat awaits them.

The Telegraph artist who has been supplying the "local color" for that newspaper in the Westmorland campaign occupied a couple of columns of space yesterday with a eulogium of F. B. Carvell, in the course of

which he remarked, "F. B. Carvell seems like a man of iron." BRASS would come nearer to describing the Carvell material.

Mr. H. M. Blair is said to have boasted to York county friends that when the Carterventolites gained power at Fredericton he would "get his job back." If the discredited and dismissed secretary of the Public Works Department is obliged to wait until that time he will require an old pension rather than a job.

"Carvell Trounces R. F. Smith," says the Telegraph. Where? Surely not in Carleton county where Mr. Smith alleges it required the assistance of a dishonest returning officer to elect Carvell in opposition to the expressed wish of the people.

The Standard this morning publishes some interesting facts regarding the pro-German law firm in New York to whom Mr. Carvell confided the task of procuring evidence against Canadian military authorities.

The Moncton Transcript has retracted its statements against Hon. J. A. Murray. Hawke and Crow are synonymous terms after all.

Y.M.C.A. WORK FOR THE BOYS AT THE FRONT

Rev. J. M. Wilson Tells of Greatly Appreciated Effort to Improve Conditions for Soldiers.

A good sized audience gathered in St. Andrew's church last night to hear Rev. J. Macartney Wilson deliver his lecture "The Back of the Front." He said in starting that he did not want them to get any false impressions, and that was why he called the lecture "The Back of the Front." He had not been at the front. He had not even seen a wounded soldier or a Zeppelin. He had seen plenty of aeroplanes and heard them like giant flies buzzing in the air. He had no horror to tell them about, but he was going to try and tell of the work that the Y. M. C. A. was doing to make life for the soldiers more comfortable. Last summer he was in England spending a holiday and made acquaintance with the Y. M. C. A. for a position at the front. The Y. M. C. A. workers in England are on a different footing than the Canadian, inasmuch as the English workers do not accept military rank but go as civilians, and have really no rights in the camps; they are supposed to pay for everything, but they very seldom do. For instance, at the hut where he was stationed they got their water from the same pipe that the camp did, but had a separate meter, the meter was buried two feet deep, and was never read, so that they did not have to pay anything; the same with the lights. They had electric lights in the hut and had a meter on, but nobody came to read it. When his application was sent to the war office he was told that he might have to wait five or six weeks for a reply, and in the meantime he was sent to East Sandling where the second Canadian division are in camp. After he had been there three weeks he was called back to London, as his permission to go to France had arrived, and he had to get his passport.

A Day's Routine. When he got to France he was sent to Calais, to what was known as the Mercers Hut, and he said the best way to describe his work there was to give the history of a day. They rose about 7.30, had breakfast and prayers, then came the cleaning up and putting of the place in order. He usually had the job of marketing to do, and started out with a big basket on his arm for the day's supplies. At 10.30 the men had fifteen minutes rest and the hut was open for business. They had served as many as three hundred men in the fifteen minutes. After this they closed the doors and proceeded to clean up and wash cups in readiness for the next rush at dinner time. The men had an hour and a half at noon and usually spent about an hour of the time in the hut. The entire staff were kept busy all the time they were there. After dinner they had a chance to rest for a little while. At five o'clock they opened up again, and from that until eight when the lights out sounded they were on the jump. After the men had gone they gave the hut a thorough sweeping and cleaning, then they wrote letters home, and when they got to bed were ready to sleep. They sold tea, coffee and cocoa, cannot goods of various kinds and sweets. For entertainment they provided lectures, concerts and picture shows, and did what they could to vary the terrible monotony of camp life.

The men appreciated what was being done for them and he had always found them to behave themselves in the hut. He had not heard any bad language in the hut but all the time he was there, though he had heard plenty outside. One thing which had struck him particularly was the splendid national spirit manifested in France. There had not been a strike there since the war started, and the nation as a whole was determined to see the thing through to a finish. He spoke of the work of what is known

as the graves commission, whose duty it was to see that every grave was marked, so that it would be possible to tell where every soldier was buried. They took two bottles and in them put the man's name and regimental number; one was buried in the grave, the other was stood neck down in the earth just so it showed above the ground enough to indicate that it was a grave, and in this way it would always be possible to find where any person was buried. A vote of thanks moved by C. B. Allan and seconded by C. H. Smyth was unanimously carried by a standing vote.

WESTERN CROP REPORT

Regina, Sask., May 29.—Reports received by the Saskatchewan department of agriculture from their staff of telegraphic correspondents indicate that the rain of the past week was general throughout the province, and while it delayed sowing to some extent, prospects are very bright.
Wheat and oats seeding are practically completed and barley and flax to the extent of at least fifty per cent.
Some re-seeding was necessary on account of the high winds, and one report shows slight damage by cut-worms.
Wheat is making good growth and is on the average, from two to three inches in height. Oats are also making good growth. Live stock is in

good condition, with an average increase, although in some districts some loss was sustained owing to the long and severe winter.
Pastures and grasses are well up to the average condition.

USE "TIZ" FOR SORE, TIRED, ACHING FEET

No more puffed-up, burning, sweaty, calloused feet or corns.

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath.

When your feet feel like lumps of lead—all tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous excretions which puff up your feet and cause foot torture. Get a 25 cent box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel. You can wear shoes a size smaller if you desire.

SHAMROCKS WON FROM ROSES IN GOOD GAME IN THE ST. PETER'S LEAGUE

Eight to Three the Score Last Night—Many Good Plays in the Contest.

That Jennings bunch didn't do a thing to the Roses last night on the St. Peter's ball yard when they handed the "Flowers" three runs and took eight for themselves.

Howard started the game for the Shamrocks when he crossed the plate at the first inning on a hit by Butler.

For the Roses Meyers scored the initial run, also in the first. In fact, Meyers scored the total number of runs for the Roses. The second inning netted another for the Shamrocks.

The Roses failed to score in the second but in the third Meyers on one base hit by Hansen crossed the plate.

The last run was scored by Meyers. He took one long sporting chance on an overthrow to home and successfully added a third run to his score.

The battery for the Roses, the Harrington brothers, had to dissolve partnership in the fifth inning and Hansen, the old reliable, took charge of the breach. Changes, however, failed to stop the Shamrocks and they came through the fray with another win.

The Shamrocks used Perry and McIntyre on the big gun and although "McTraw's" arm is a little weak for want of practice they made a great battery.

Meyers played great ball, his base running and batting winning a place for him in the baseball hall of fame, alongside his namesake across the border. The box score follows:

Roses	AB	R	H	P	O	A	E
Meyers	5	3	1	2	1	0	0

ABOUT THE BOXERS.
Dave Smith, the Australian middleweight, who did not do very well when he came to America several years ago, and who has been the manager of Australia, tried to make a comeback in Australia the other night. He had Jimmy Clabby for an opponent and Clabby got the award in 20 rounds.

The Cleveland authorities will not allow any outdoor boxing this summer. Johnny Ertle and Benny Kaufman will meet in Philadelphia June 5.

Ad Wolgast and Frankie Murphy will meet in Denver tonight. Tony Vatlin, the crack amateur featherweight, is going to join the professional ranks. He says that he has got such raw deals from the judges in amateur bouts that he will not box again as a pure.

Willie Ritchie wants \$10,000 to box Ted Lewis in Buenos Aires.

YOUNG VICTORIAS VS. DOUGLAS AVENUE STARS.
The Young Victorias and the Douglas Avenue Stars met on the Shamrock grounds last night and the Young Victorias won by a score of 7 to 6. The batteries for the winners were Harding and Doyle, for the losers Walsh and Lannon.

Yale's Sports Revenue \$190,203.95. New Haven, May 29.—Revenues of the Yale University A. A. for the year ended Aug. 31 last totaled \$190,203.95, according to the annual report made public today. The balance of the reserve fund is \$90,257.74. The greatest revenue came from football, \$106,765.52, baseball next with \$40,514.56. The crew cost nearly \$35,000 and the receipts were only \$5,500. The expenses of the track team also exceeded the revenues.

Haggert expects a new supply of home runs in next week.

RAMBLERS AND STARS NOW EVEN IN BOWLING MATCH FOR \$50 PRIZE

Each Team Has Won Two Games and Final Will be Rolled Tonight—Rambler's Won Last Night.

The bowling match between the Ramblers and the All-Stars on Blacks alleys for a prize valued at fifty dollars, is causing even more excitement among the bowling fans than the City League tournament. Total pin fall counts in the games, and the winner of the prize must capture the best out of five games. The fourth game was bowled last night and was won by the Ramblers with a score of 1499 to 1420. This gives each team two wins and the deciding game will be rolled tonight commencing at 8.45 o'clock. The individual scores in last night's game follow:

Rambler's	All-Stars
Wilson 93 123 90 306 102	Laney 96 102 97 295 98 1-3

RAILROAD SHOPS TO GO ON OVERTIME SCHEDULE

Hundreds at Moncton to Get Time and a Half for Extra Hours Called for by Wa's Demands on Railway Traffic.

Owing to conditions brought about by the war the Canadian Government Railways management announces that beginning June 1, the mechanics in the big shops at Moncton will be placed on an overtime schedule. The working hours will be from 7 a. m. to noon and from 1 p. m. to 6 p. m., eastern standard time, six days a week. This means that the mechanics are to work overtime one hour each day, except Saturdays, when the overtime will be two hours.

The men will be paid time and a half for all overtime work. The traffic on the Government Railway has been so heavy during the winter and spring months due to the movement of about a hundred thousand soldiers and the hauling of so much war material, besides the ordinary traffic, that it has been found impossible to keep the rolling stock up to the requirements, particularly the motive power.

It is impossible to secure mechanics to do the extra work and consequently the situation has simply developed into a case of the present employees being put on overtime or allowing the service of the road to be seriously crippled. The arrangement is a temporary one brought about by the extra heavy traffic on the road during the past two months.

Arrangements May be Made for Loan Until County Taxes are Collected—Other Matters Before Committee

All the commissioners were present at the noon meeting of the common council yesterday. It was decided to recommend that the tender of J. A. Gregory for 50,000 feet of spruce deals at \$20.10, being the lowest, be accepted. C. B. Allan and J. King Kelley appeared before the council on behalf of the Patriotic Fund and asked that the city advance a portion of the money which the municipality had voted for this fund, the county to repay when the taxes were collected. Mr. Kelley explained that the county was now overdrawn about to the limit and therefore could not do anything until the taxes were paid. On motion of Commissioner McLellan the matter was left with the commissioner in finance with power to act. The engineer was present and recommended that the portion of Main street between Douglas Avenue and Adelaide street be paved with solid concrete. This will be acted on by the council at today's meeting. The request of J. Clark and Sons that they be permitted to install a gasoline feed pipe at the curb was referred to the commissioner of public works. Commissioner McLellan reported that the city solicitor had given it as his opinion that the chapel of the sisters on Cliff street was a church within the meaning of the by-law and therefore Mr. Garvill would have to have their consent to build a garage.

Commissioner McLellan reported that the city solicitor had given it as his opinion that the chapel of the sisters on Cliff street was a church within the meaning of the by-law and therefore Mr. Garvill would have to have their consent to build a garage.

Arrangements May be Made for Loan Until County Taxes are Collected—Other Matters Before Committee

All the commissioners were present at the noon meeting of the common council yesterday. It was decided to recommend that the tender of J. A. Gregory for 50,000 feet of spruce deals at \$20.10, being the lowest, be accepted. C. B. Allan and J. King Kelley appeared before the council on behalf of the Patriotic Fund and asked that the city advance a portion of the money which the municipality had voted for this fund, the county to repay when the taxes were collected. Mr. Kelley explained that the county was now overdrawn about to the limit and therefore could not do anything until the taxes were paid. On motion of Commissioner McLellan the matter was left with the commissioner in finance with power to act. The engineer was present and recommended that the portion of Main street between Douglas Avenue and Adelaide street be paved with solid concrete. This will be acted on by the council at today's meeting. The request of J. Clark and Sons that they be permitted to install a gasoline feed pipe at the curb was referred to the commissioner of public works. Commissioner McLellan reported that the city solicitor had given it as his opinion that the chapel of the sisters on Cliff street was a church within the meaning of the by-law and therefore Mr. Garvill would have to have their consent to build a garage.

Eighty-five thousand satisfied owners against unproved claims and rosy promises

You judge a man by what he's done—not by what he says he intends to do. Judge a motor car the same way.

Eighty-five thousand and more Canadian built Fords have "made good" in actual service. Since 1904 this sturdy, economical car has stood the test—not only in Canada, but throughout the British possessions.

Every passing year has seen Canadian Ford sales mount by thousands of cars—because, under almost every conceivable condition, the car has proved itself a splendid all-around utility.

It has sold on its record for dependable and economical performance—not on the rosy promises of its makers.

STAGNATION ON NEW YORK 'CHANGE

Dealings Lightest And Most Contracted of Any Session for Weeks. RALLY IN STANDARD SHARES AT CLOSE

Anglo-French and Canadian Bond Issues Showed Particular Strength and Activity.

New York, May 29.—Today's excessive stagnation on the stock exchange bore the familiar anti-holiday aspect, with an irregular mixture of gains and losses, the former predominating at the close. Dealings were the lightest and most contracted of any day for many weeks, the output of the noon hour barely aggregating 20,000 shares, with a total of only 285,000 for the day.

Reading and Lehigh Valley, both at substantial advances over last week's quotations, featured the rally, with belated strength in other coolers and some of the grain carriers. Great Northern preferred and Northern Pacific were only slightly and temporarily affected by the death of their guiding spirit, recovering with other representative stocks in the general covering movement of the final hour.

United States Steel and other standard shares were listless most of the time, but rose briskly with various specialties at the end. Movements in other quarters of the list were seemingly speculative. The motors attracted some attention with further advances in Willys-Overland and Chandler Motors, the latter making a new maximum on its advance of the previous week, declining 6 3/4 points to 46 1/2.

Among the more prominent war issues, the locomotives and allied equipment were firm to strong, together with United States Industrial Alcohol, Continental Can and American Coal Products. Mexicans and the metals were backward, with further selling of leading coppers.

Western Railway Centers reported heavy gains in freight movements, with higher prices for various commodities. The Norfolk and Western road reported a net gain for April of \$753,000 with \$34,000 for Erie and \$372,000 for Illinois Central.

The strength and activity of Anglo-French and Canadian bond issues was regarded by Wall Street as having some relation to President Wilson's recent peace address. Total sales of bonds, par value, amounted to \$3,450,000.

DOMINION TEXTILE REPORT SHOW A GOOD SURPLUS

The Net Profits Amounted for Year to \$1,481,195, Considerably Above Showing of Preceding Year.

Special to The Standard.

Montreal, May 29.—Brazilian, after dropping under 60 in the first session, resumed at 59 to 59 1/2. Other features in today's session were Smelters, 40 1/2, Steel of Canada 63, Scotia 123 1/2, Cement 67 1/2, Textile 84, Laurentide 188 1/2, Steamship Pfd, 63 5/8, Cottons 50 1/4, Ames Pfd 78, Wyannamack 44 1/2, Porcupine Crown 80, Spanish River Pfd 31, Car Pfd 89, Ames 37 1/2, Quebec Railway 28 1/2, Toronto Ralls 103, Car 69. The financial statement of the Dominion Textile Company presented to the shareholders at the eleventh annual meeting showed net profits for the year ending March 31, after paying current interest on loans, mill charges and writing off \$350,365 for repairs and improvements amounting to \$1,481,195. This compares with \$1,250,767 last year. To this amount is added \$74,877 a dividend of 2 1/2 per cent on Dominion Cotton Mills stock for 1915.

From the total of \$1,556,072 interest on bonds took \$192,556 dividends \$434,820, Dominion Cotton Mills rental \$288,055, Mount Royal Spinning Company rental \$189,000, and \$16,000 for the patriotic fund.

After allowing a balance and doubtful debts and putting aside a reserve of \$100,000 towards the government war tax there is left a surplus for the year of \$211,108.

In the course of his remarks C. B. Gordon, the president, stated that the company had experienced a great deal of difficulty in obtaining sufficient quantities of dyes and chemicals used in production of high grade shirts and prints at the bleaching and print works but they had been able to run these departments to full capacity although obliged to advance prices to meet conditions. He explained that one reason for the prosperity which the Textile Company had enjoyed was the difficulty experienced in getting goods from the foreign side but he expressed the belief that they would always be in a better position to compete with the British market in the future.

The board of directors were elected as follows: C. B. Gordon, Sir Herbert S. Holt, J. P. Black, Hon. Robert MacKay, John Baillie, C. R. Hosmer, G. A. Grier.

SPIRITED BUYING OF DOMINION IRON

Session Ends, However, Without Stock Reaching The Desired 60 Mark.

GENERAL BUYING MOVEMENT SMALLER

Market on Whole Acted Well With a Few Strong Spots Sandwiched in Among the Easier Ones.

Special to The Standard. Montreal, Que., May 29.—Spirited buying of Dominion Iron continued on the resumption of trading in the stock market today and in the first half hour the price rose from 59 1/2, equal to last week's high, and closing at 59 1/2, later reached 59 1/2, closing at noon at 59 1/2. Whether the buying was a continuation of that which made the stock so prominent in the last half of last week, or was merely the aftermath of the movement remains unexplained, but it eased up after the first hour and the session ended without sixty being reached, a level which has long been anticipated as one of the epoch makers of the market.

Possibly helped by the holiday in Wall Street tomorrow and the need of a local rest the general buying movement relaxed to a minimum with slight reactions in prices. None of these were of a striking character and the market on the whole acted well with a few strong spots sandwiched in among the easier ones.

There was a slight hardening tone in evidence at noon. Power rallying once after reacting to 24 1/2, the initial trading being 63 to 62 1/2. Scotia lost a point in the first half hour to 123 but closed 123 1/2. Iron and Brazil divided the honors of the afternoon market in point of activity to the working fractionally easier during the greater part of the session. The balance of the list was dull with comparatively slight changes in prices. The most notable instance was Power which after easing off to 24 1/2 in the first session regained a point, added another to the recovery, making it 24 1/2. The deal in iron fluctuated between 59 1/2 and 59 1/2 against an early high of 59 1/2.

CLOSING LETTER OF N.Y. MARKET BY E. & C. RANDOLPH

(McDOUGALL & COWANS.) New York, May 29.—The market was dull through the greater part of the day but there was a spurt of activity and strength before the close which carried Norfolk and Western to a new high record and Lehigh up over two points to a new high for the year. Reading was also strong and the munition stocks generally showed gains. The Rubber issues drew the attention of the market in the afternoon trading and Lee Tire and Rubber gave quite an exhibition of strength on the basis of much improved earnings. Kennecott Copper, although one of the active issues, still fails to show any ability to advance. There was no explanation for the upturn at the close outside of the fact that there was further short covering in preparation for the holiday tomorrow. The market still seems to be pretty well in control of the interests who have stocks to liquidate, and the decline may therefore be gradual for a time yet. We see no reason to look for an upturn until liquidation has been carried considerably further. Sales, 261,000. Bonds, \$2,600,000.

THE POLICE COURT.

In the police court yesterday James Crabbe and Herbert Downey were charged with drunkenness and assaulting Pte. Lockhart of the 11th Battalion, Dykeman's identified a slip-waist produced in court as being identical with goods sold by the store. A silk waist which the Merin girl had worn last week and was inspected by several witnesses, during the week, was again to be examined yesterday morning, but on the girl standing up it was perceived she had a new waist. Questioned as to the whereabouts of the suspected garment, she said she had torn it up. The girl was remanded. Three drunkards were fined 8 each.

NEWS LETTER FROM MONTREAL EXCHANGE

Montreal, May 29.—There was nothing special to today's session, except that, on any weakness in the market, good buying seemed to develop. Montreal Power declined, but recovered all its loss. The steel stocks were again strong and in good demand. Brazilian Tractor was off on profit-taking. People have been spilt by last year's market and expect very quick action. They buy on the spur of the moment and also sell the same way, which makes a very erratic market. The Wall St. market opened up on the weak side. It was a very dull day there owing to the holiday tomorrow, but the closing was, if anything, strong.

HARTLAND

Hartland, May 29—Some time ago, Thos. Pankhurst of this place had his hand badly injured in Smith's saw mill at Coldstream, and he has been idle since. He took the matter before Judge McKeown at the Woodstock sitting of the court last week, claiming damages under the Workmen's Compensation Act. Mr. L. Hayward had charge of the case. His honor has reserved judgment.

M. L. Hayward returned from Ottawa last week, where he was looking after the case of Wm. Roy et al v. The St. John River Lumber Co., as appealed from the Supreme Court of New Brunswick to the Supreme Court of Canada. The appeal was not allowed and the men win their suit. The case had considerable interest here, as the men were principally Hartland residents, and they claimed pay for sixteen days under an agreement with the agent of the company, T. T. Hammond, who engaged them at \$3.00 per day of driving operations. The company refused pay for the sixteen days during which they were obliged to wait for weather conditions suitable for driving operations. Their case was placed in the hands of M. L. Hayward, who has carried it to a successful conclusion.

Unusually sad is the case of Mr. and Mrs. Norman Wallace, formerly of Woodstock, but now residents near Woodstock. A short time ago their twenty year old son died in a great agony from spinal meningitis, on Sunday last they buried their ten-year-old daughter at Armand, she having died while undergoing an operation for appendicitis. At the same time another daughter was ill of pneumonia and a son was employed with typhoid. The sympathy of the community goes out to the afflicted family.

Last week Mr. Dennis McGaffigan and daughters removed from Florenceville to St. John, where they will make their home. Mr. McGaffigan had been a resident of Florenceville for over fifty years, conducting a general store at this place. Mr. Geo. Gray of Cabana, Que., has purchased his former home and moved in.

Monday evening of last week the younger ladies of Hartland entertained the members of Platoon 15, 140th Battalion in the Star Theatre. There was an abundance of refreshments, games and a general social time. The choruses for the occasion were: Mesdames S. S. Miller, Scott Sippell, J. W. Montgomery, A. D. Kennedy, J. P. Murdoch, Stephen Hanning, Owen Clark and H. C. Gillin. The boys enjoyed themselves hugely and returned to barracks in a happy mood.

Staff Sergeant H. F. Fowler, who is with the 55th Batt. at Westenhanger Camp, England, has a severe blow coming to him when he receives word of the death of his mother, which took place at Lakesville, twenty days after he had written her a cheery letter. His letter was full of hope and told of his anxiety to get to the front, and he and others whom he named clamored for positions on the drafts that are made at intervals.

Mr. and Mrs. C. R. Imman of Kiburn, left last week for Saskatchewan, where they will spend a few months on the homestead of their son, the late Guy R. Imman.

Miss Mattie Rideout has gone to Patten, Me., where she will visit her cousin, Mrs. Eugene Grant.

Vegetarian diet will soon be forced on the people here, unless something unforeseen happens. Beef is almost unobtainable and other fresh meats are very scarce. There is plenty of beef in the country, but the farmers are holding back for exceptionally high prices.

Mr. Arthur Cody of St. John, is spending some time here as the guest of Mr. D. H. Nixon.

Mrs. Grace Stevens and daughter of Quincy, Mass., who have been visiting at the house of Mrs. E. Day, have returned to their home.

The village of Rockland was seriously threatened by fire one day last week, some children having started a fire on Dickinson's hill, which was only extinguished after hard work by the men and boys of the village.

At East Florenceville on Sunday, Rev. E. C. Jenkins baptized twenty-five persons in the river, as the result of the special meetings being held in that vicinity.

On Tuesday Col. H. H. McLean and Major Powell of St. John, were here, and took the boys of Platoon 15 by surprise. They found everything in good shape, however, and went on to Perth, where they looked into the matter of the wrecking of Green's restaurant by the soldiers stationed there.

At the close of the Church of England service on Sunday morning, May 7, Rev. N. Franchette performed the ceremony which united William Henry Howells and Christina Gillis in the bonds of matrimony. The young couple will reside in Hartland.

Mr. Geo. Alton was here this week to visit his parents before going to Regina, to which place he has been transferred from the St. John branch of the Bank of Montreal.

Word has been received by Mrs. Fred J. Boyer of Victoria, of the death of Maurice White, a brother-in-law who has been with the British forces in German East Africa. He was a veteran of the South African war, and his wife is the daughter of the late Dr. Joseph McLeod.

Mrs. A. Thornton has gone to Boston to pay a visit to her sons there.

After completing a course at the Kingston Military College, McLeod Boyer of Victoria, has returned home. Mrs. C. H. Taylor went to Moncton this week to see her son, Burton, who a short time ago had his leg broken while at work with the Summer hardware concern.

At his home at Lower Wakefield, on Sunday, April 7, the death took place

HARTLAND

of John Sharp at the age of 87 years. He had been ill for some time. He leaves five sons and four daughters to mourn his loss. Interment was in the Lower Brighton cemetery, Rev. P. J. Quigg conducting the services.

At Lower Windsor on Sunday, May 14, the death took place of Frank Bejea, at the age of fifty-seven years. He leaves besides his wife, two sons and seven daughters to mourn. The funeral was held on Tuesday, the services being conducted by Revs. J. V. Wetmore and I. E. VanWart.

The marriage took place on Wednesday of Mr. Claud McMullin and Miss Eva Belyea, Rev. P. J. Trafton performing the ceremony. The young couple left on the evening train for St. John and other New Brunswick points on their honeymoon, followed by the best wishes of a host of friends.

On Sunday afternoon, May 14, Rev. Franchette of Hartland, assisted by Rev. Mr. Manuel, held a memorial service at Argyle in remembrance of Ralph Wiley, a fallen hero in the present war. He was thirty-three years of age, a son of Edward Wiley of Argyle, and was highly esteemed by all who knew him. Father, mother, two sisters and three brothers mourn the loss of one who fought and died for his country in the struggle for liberty, justice and truth.

ANDOVER

Andover, May 28—Mrs. McLeod, who has been the guest of Mr. and Mrs. Herman Stewart, has gone to Halifax to spend some time.

Mrs. Roxborough and children who have spent some weeks at Hotel Andover, Roxborough, have gone to St. John.

The Round Table Literary Club was most pleasantly entertained at the home of Mrs. J. E. Stewart, by Mrs. Stewart and Miss Mildred Wallace, on Thursday evening.

Miss Millicent Imman of Bardsville, has accepted a position with the Victoria County News.

Mrs. Charles Dinsmore, who has been visiting her sister, Mrs. Wiley, has returned to her home in Houlton, Me.

Mrs. Hugh Reid and young son, Douglas, went to Reid's Island Saturday to visit Mrs. Leonard Reid.

Mrs. Arthur Ross and little daughter, Mary, and Miss Margaret Curry, spent the week-end at Edmundston with their brothers, John and Wilford Curry.

Mrs. Benj. Kilburn of Kiburn, was in town part of the week. Leland Bell, student at Sackville, is visiting his parents, Rev. A. C. and Mrs. Bell.

Mrs. Thomas Hoyt and daughter, Miss Theresa, Houlton, have been spending a few days with friends at Aroostook.

Mr. and Mrs. E. S. Hopkins and family of Fort Fairfield, spent Sunday with Miss Sarah Watson.

Major and Mrs. Long went to St. John, Thursday for a few days.

Mr. and Mrs. Nelson Hanson and Master Perley Hanson, were guests of the Misses Frazer, Grand Falls, this week.

Miss Harriet Gabel is visiting Miss Pearl Watie.

Mrs. William Era Ford of Carletonford, has been visiting Mrs. Julia Sutton.

Mrs. James Scott entertained the Auction Bridge Club on Thursday afternoon.

Miss Ruth Matheson, who is a student at Sackville, is home for the summer.

Misses Jennie and Annie Watson were hostesses at a small tea party of Thursday last in honor of Mrs. Ross.

Ellsworth Field spent Sunday with his parents, Rev. William and Mrs. Field in Caribou, Me.

The last meeting of St. Agnes was held with Miss Mabel Peas on Tuesday.

Mr. and Mrs. James Paul and family of Fort Fairfield, spent Sunday with Mr. and Mrs. Stanley Ritchie.

Miss Susie Watson is spending a short time with Mrs. Lewis Rivers of Aroostook.

A large number from the two towns attended the funeral of the late James Baird on Sunday.

NEWCASTLE

Newcastle, May 29—At the annual meeting of the Methodist Sunday school, held Friday night, an enrolment of 106 with average attendance of 81 was reported besides an enrolment of 49 in the home department. The financial report showed a surplus. Following officers were chosen for the ensuing year:

Superintendent—H. H. Stuart.
Assistant Superintendent, J. H. Ashford.
Primary Superintendent, Mrs. H. S. Leard.
Assistants—Mrs. T. J. Jeffrey and Miss Jean Black.
Home Department Superintendent—Mrs. A. E. Petrie.
Assistants—Mrs. J. Robertson Allison and Mrs. T. J. Jeffrey.
Secretary—Ethel Allison.
Assistant Secretary—Miss Florence Price.

Treasurer—H. R. Moody.
Organist—Miss Florence Price.
Assistants—Misses Besale Jeffrey and Ethel Stuart.
Teachers—H. H. Stuart, Mrs. Harrison, Miss Jean Ashford, Miss Maud Atkinson, Mrs. H. H. Stuart, Mrs. A. B. Leard, Mrs. Jeffrey and Miss Jean Black.

Reserve teachers—Misses Blanche Barker and Eulah M. Stuart.
A very successful concert and basket social was held in the New Salem Hall, Blissfield, May 19, by Misses Mesereau and Parks. The net profit was \$53.35 which was donated to the 132nd Band Fund. Every number on the programme was thoroughly enjoyed, especially the recitation by Miss Grace Weaver.

At a special meeting of the Women's Institute, held Monday night at the home of Mrs. G. G. Stothart, arrangements were made for a lecture on Home Economics, to be given June 22nd, by Miss Saunders, who last month conducted a cooking course here. Other matters of interest were also discussed.

HOPEWELL

Hopewell Hill, May 28—Miss May Leyden of Eldon, underwent an operation for appendicitis at the Riverside hospital on Saturday.

Mrs. George W. Newcomb is visiting in St. John, the guest of Capt. and Mrs. F. J. Newcomb.

Walter Killam has been undergoing medical treatment at Riverside lately. Mr. Killam has been a great sufferer for some months from some cause which baffled medical skill, and the removal of a clotted blood vessel in a bone, it is hoped will give him the desired relief from pain.

About thirty acres of woodland belonging to W. J. Carnwath of Riverside, was burnt over at Memorial last week. The bushes had been cut a few years ago off it. The fire originated from a spark from Killam's mill, and also destroyed a few thousand feet of cut lumber belonging to Robinson and Wright for whom Mr. Killam is operating. Had it not been for a drenching rain at eleven o'clock, the results would have been very serious as there was a high wind prevailing.

The fourth quarterly meeting of the quarterly board of the Methodist Albert circuit will be held at Albert on the 30th.

MOSS GLEN

Moss Glen, May 29—Mrs. E. H. Merritt and Mr. Leslie Merritt spent Sunday the guests of Mr. and Mrs. Howard Lyon, Hampton.

Mrs. E. Puddington was the guest of Mrs. Wm. Hazen on Sunday.

Mrs. A. G. Brown spent the week-end the guest of relatives in St. John. Mr. Freeman, St. John, was in the village on Saturday.

Miss Eva Sherwood, Upham, who has been spending some time at this place, returned home on Wednesday.

Mr. J. P. Merritt returned to St. John on Wednesday.

Dr. O. R. Peters, Rothesay, was in the village on Saturday.

Mrs. W. Bowland and two children arrived home on Friday from Upham, where she spent a few days the guest of relatives.

Rev. H. Waterston held service in All Saints Church on Sunday morning at eleven o'clock.

REXTON

Rexton, May 28—The death occurred at her home at Bass River, Saturday night, of Mrs. John Fearon after about three months' illness. Mrs. Fearon was sixty-three years of age, and is survived by her husband, three sons, James, Albert and Fred and two daughters, Mrs. Whitney of Bass River and Miss Margaret, a trained nurse, who is at present in France. The funeral will take place Tuesday afternoon. Interment will be made at Brown's Yard.

The heavy gales of last week were seriously felt by the fishermen, as they were unable to get to their nets for several days. Farming in many places will be retarded by the large quantity of rain which fell. Previous to the storm considerable seeding was done.

Mrs. Fred Knight and little son, Ewart, of Moncton, are visiting Mr. and Mrs. J. L. Hitchcock.

Frank Lenzigan has accepted a position with a lumber company at Bridge-water, N. B.

HAMPTON

Hampton, May 29—The members of Hampton Lodge, F. O. G. T. entertained the members of Fraternities Lodge, Norton, last evening in the Methodist Hall. About fifty members of the visiting lodge were present. Among others present were Mr. Herbert Cochran, the Ch. Temple of Happy Home Lodge, Bloomfield, and Mr. Stockford, the Grand Chief Templar for N. B. who occupied the chair.

The following programme was carried out: Piano Duet, The Misses Dorothy and Alice Brewster; Recitation, Miss Manning; Vocal Solo, Miss Dorothy C. March; Recitation, Miss Vera Walden; Piano Solo, Miss Phyllis McGowan; Recitation, William Manning; Piano Duet, The Misses Alice Clark and Phyllis McGowan; Reading, Miss Dorothy L. Brewster; Vocal Solo, Miss Hazel Belding; Reading, Miss Gladys Smith; Vocal Solo, Miss Eva Jones; Vocal Solo, Miss Phyllis McGowan; Miss Nellie McParlane played the accompaniments.

Short addresses were given by Mr. Belding, Mr. Huggart, M. E. Harmer, George DeLong, Rev. O. N. Chipman and Mr. John Frost.

A feature of the evening was the presence of E. N. Stockford, the G. C. T. of N. B. who gave an address along temperance lines, strongly advocating prohibition.

After the completion of the programme daily refreshments were served by the young people of Hampton lodge, and a social time spent. A hearty vote of thanks was tendered the members of Hampton Lodge by those of Norton for the splendid way in which they entertained them, and an invitation extended to visit them at some future date.

The gathering broke up about midnight, with the National Anthem, the visitors returning to Norton by the midnight express.

A most enjoyable and mutually helpful time was spent, and it is hoped that the sister lodges will have opportunities frequently of paying fraternal visits.

The ladies of the Methodist Church conducted a pantry sale this afternoon in the Church Hall, and in spite of the unpleasant weather and the fact that this was their first sale of the season they met with great success, and were well pleased with the results. It is the intention of the ladies to continue these sales every Friday afternoon.

The household effects of the late G. G. Scovil were sold at public auction this afternoon at his late residence, Hampton Station, by H. J. Fowler, auctioneer. This residence has been rented by Mr. H. F. Polkins, who will occupy it after June 1st.

Here is a dress with several new touches. The skirt with the side ruffles gathered just below the hips is very new and the little sleeve flits would give the cape effect to the waist so fashionable now. A note of contrasting color to the material of the dress could be introduced in collar and cuffs while the hat and parasol would carry out the idea of contrast.

The Marquis and Marchioness of Aberdeen and Tamar are in New York, where Lady Aberdeen is attending some of the meetings of the Federation of Women's Club Biennial. Lady Aberdeen was one of the guests invited to the luncheon held in the Rose Room of the Astor on Wednesday by Mrs. John Hays Hammond, when covers were laid for two hundred.

A party of Daughters of the Empire went down to New York last night in Lady Mackenzie's private car to attend the annual meeting of the Daughters of the British Empire in the United States, says the Toronto Daily News of May 25th. They included:

Rompers Ready for Summer Play.

Two new styles of rompers are practical; one for beach wear, made of corduroy with straps and belt of linen. This romper is a bit warmer than a linen or cotton garment and may be worn like a bathing suit, with no other clothing underneath. Then if a small somebody goes paddling too far, the home-going raiment will not be come hopelessly wet. The shady beach hat of washable fabric is to be commended also.

Fretful that the ordinary shapeseless romper, a new play garment for babyhood—babyhood that is, big enough to scramble and romp in the garden or on the sands. The picture of this romper shows how it is fastened with buttons underneath and belt of linen. This romper is a bit warmer than a linen or cotton garment and may be worn like a bathing suit, with no other clothing underneath. Then if a small somebody goes paddling too far, the home-going raiment will not be come hopelessly wet. The shady beach hat of washable fabric is to be commended also.

Nut Bread.

One egg, 1 scant cup of sugar, 3 cups of flour, 1 cup of nuts, 4 1/2 cups of flour, 4 level teaspoons of baking powder.

Sport Skirts? To Be Sure!

Of course the little girl has natty sport skirts this year, made of bright colored Scotch plaid preferably, and of course the skirt has pockets in which hands may be boyishly tucked. Very correct is a sport skirt of Mackenzie tartan—one of the handsomest of the clan plaids—with box pleats depending from a wide belt, buttoned toward one side. The belt is worn low, buttoning underneath to a long-waisted skirt much like a small boy's with starched, tucked fronts, coat sleeves, breast pocket and turnover Eton collar with Windsor tie—an excellent play costume for summer mornings at mountain or shore!

Describes Work of Fund For the French Wounded. The work of the French Wounded Emergency Fund was described in an interesting manner by Madam O'Gorman in her lecture in the Collegiate Hall before a large audience which included the Duke and Duchess of Connaught, says the Ottawa Free Press.

She was in Ypres during the first battle there and saw the Canadians during the fighting in the second battle of Ypres. She worked at Dunkirk and saw aeroplanes landed there which she described as terrible.

The fund works by means of a great many women delegates who, driving their automobiles from place to place, find out what is needed in the hundreds of hospitals, and make these needs known at headquarters. The greatest need of all is the renewing of worn-out equipment.

In addition to this work, the fund has established hospitals of its own, and is distributing milk to refugee babies.

One of the most useful of the devices that the fund is using is a barge hospital. Madam O'Gorman, is the wife of Col. O'Gorman, of the British general staff, and served with the Red Cross at Port Arthur and in the Boer rising.

Though we should be grateful for good houses, there is no house like God's out-of-doors.

Glad Holidays are Coming.

Young's Cove Road.

Dear Uncle Dick:

I have not written to you in quite a while, I thought I would write and try the contest this week. We are having lovely spring weather now. I go to school every day. I will be glad when the holidays come. I will close now with love to yourself and the Corner.

Dear Uncle Dick:

I wish to thank you for the certificate of merit, and I am so glad in the answer to this week's contest, and I hope I will have better luck this time for a prize. I will try to send in a few new members soon.

Dear Uncle Dick:

I have not written to you for a long time, and I am going to write now. I was not to school yesterday as we had a picnic dinner on the garden. I have five brothers and one sister, one big brother at college and four small brothers. My little sister is five years old. I am sending in an answer to the Jumble Word Contest.

In the particulars of the Hidden Proverbs Contest, for boys and girls, which appeared in Saturday's and yesterday's Standard, only eight proverbs are hidden in the jumbled words, not ten as stated. The correct information is given elsewhere in this issue.

First Letter to Corner.

Dear Uncle Dick:— This is my first letter to your Corner. This is the first puzzle I tried. This is all for this time. Good bye.

From your nephew,
Gordon Laing.

Dear Uncle Dick:

I have not entered the contests for a long time, so I thought I would try this one, which I think I have got right, and hope I may be successful in winning a prize.

I am fourteen years old now, my birthday was the ninth of this month. I am very fond of reading and I support quite a few of the members here. There has been plenty of May flowers here this spring, but not many now.

Well I must close as my letter is rather long, with best wishes.

News of The St. John Theatres Told In The Right Way

Who's Who and What's What in the Picture Game and on the Stage --- Film Favorites and What They Say and Do.

Unique.

Miss Anna Nilsson, who is the leading lady in the William Fox production of "Regeneration," at the Unique Theatre, yesterday, is a Swedish girl, who was born at Helsingfors, just twenty-four years ago. She has been on the stage and in motion pictures in the United States for the last nine years; yes, she does not come of theatrical folk. In fact, Miss Nilsson is the first member of her family to go on the stage. Friends of her's returning from America fired the young girl's ambition and she came to New York where she became a fashion model.

One day she dropped into the studio of a picture company to visit Alice Joyce. While she was sitting in Miss Joyce's dressing room a director entered and—well then and there Miss Nilsson became booked for a theatrical career. She worked in small parts for a time; by degrees she worked herself up and soon was playing ingenue roles and then ingenue leads.

For four and a half years Miss Nilsson worked in the same manner as one of America's premier screen actresses. Then she went to play the lead in "Regeneration."

This picture is the story of a girl's work in a settlement home in a big city and the good accomplished by her influence. There is a great scene of a day's excursion in a river steamer, given to hundreds of children, the fire on board and rescue of "all the kiddies." A view is given of all the youngsters and there are no gruesome horrors. There is "Hunchy" also, who is the faithful attendant and Owen, who is the "Regeneration" from which the picture takes its name. There is also another man in the case whose character is judged by the fact that he reads a diary belonging to the girl he loves. The cast is perfect, splendid types being used for city toughs, flower sellers, shop girls and poor little street gamins.

This is a very fine picture, exciting and splendidly acted. The raid by the police on Chickory Hall is full of thrills and the ending of the story is beautiful.

Lyric.

The Lyric gave a Mutual masterpiece yesterday entitled "April," in which Helen Rossion played the name part. "April" is the name suited her, for she could have posed for a picture of Spring, particularly in her white dress with the wreath of flowers on her beautiful hair. I don't wonder she is featured in youthful parts for it would be too bad to hide that wealth of curly locks. The story of this picture is of a babe kidnapped and brought up in the mountains of Kentucky or somewhere where moonshiners abound. Rather unpleasant people they were with guns ever pointed and first always ready for a blow, so it was no wonder April fell in love with Jeffrey (played by E. Forest Taylor), when he came to the mountains for his health, how she loved him and how she was ready to sacrifice herself for his good make a very pretty story and picture. The mountain scenery which the Mutual company seem to utilize so well is very beautiful and grand.

Opera House.

Those who had read Bella Donna perhaps knew what a fine picture play it would make and produced by the Famous Players with marvellous scenic effects, and acted by Miss Pauline Frederick with consummate art. It is indeed a triumph of pictorial representation. I liked the play much better than the book, for while one misses Hitchen's word painting one is spared in the picture many details which offend good taste in the book. Miss Frederick's beauty, "the woman with the wonderful eyes," as poor Nigel Armine called her before his own eyes were opened, her perfect emotional portrayal of passion, hate and despair would alone make of this a great picture. Then besides you see the splendor of Egypt, Baroud's dream palace on the golden sands, and how gorgeous the star, each one a creation, and many symbolic of character as the sassy effect of the broad robe. Well, you can see; I thought Bella Donna a fine picture.

The Paramount views were of Buenos Aires, and such a beautiful city as it is, with fine streets, parks, public buildings and a most efficient mounted police force who would put some cavalry regiments to shame by their fine discipline and drilling. A curfew of an up to date fire brigade. Also several good views were shown of a fire-truck with extra high pressure pumps.

Imperial—"The Raven."

So popular was the Essanay, Big Four feature "The Raven," a picturization of the life of Edgar Allan Poe, when it played at Jacksonville, Fla., that the patrons of the Imperial Theatre voted their approbation by drawing up three petitions duly signed, and presented them to Manager N. W. Redmond of the Imperial theatre, asking him to secure a return engagement of "The Raven," with Henry B.

Walthall in the leading role." The patrons of the Imperial Theatre St. John, N. B., witnessed this motion picture yesterday. It is weird and dramatic in the extreme, many supernatural incidents being introduced to heighten the effect—rather unnecessarily at times, as the poem of The Raven is fantastic enough. This is decidedly an artistic play, but fitted for grown-ups rather than children. There is, of course, no fault to be found with Henry Walthall's acting.

The Weekly War Films at the Imperial are splendid, showing life on a French Battleship; A Royal Field Artillery Regiment, leaving England and fine views of our King visiting a hospital. These were greeted with applause.

Young Women Ushers.

In the June 3rd issue of Motion Picture News the Young Women's Patriotic Association's act is taking over the ushering of the Imperial Theatre is very favorably commented upon. The paragraph after explaining that the salaries go to war relief funds, ends thus:

The girls will hold these positions until the end of the war, or until the former occupants come to claim them, the positions being held for the former holders, as is the case all over Canada, in similar situations.

Chaplin.

The screen wardrobe of Charles Chaplin, the Mutual comedian, consists by actual count of the following: Nineteen hats, seven pairs of shoes, those with the turned up toes, of course, four bamboo canes, and five suits of clothes.

The Floorwalker, Chaplin's first Mutual release is filling houses everywhere it is shown. The Fireman, the second picture is said to be very funny.

John Vallant, as a child in "The Valiants of Virginia" is in the capable baby hands of "Little Billy" Jacobs, one of Finland's most famous children. He is a veteran in experience if not in years and has already made himself at home in the Selig Zoo.

Metro Travologues.

Metro travologues, a weekly feature, which had its first release on May 29, under the auspices of the Metro Pictures Corporation will soon be seen at the Imperial. These features embrace a wide range of subjects, in-

cluding studies in animal and bird life and glimpses of interesting and picturesque locales throughout the world. Unlike similar travologues heretofore presented upon the screen, the Metro weekly features will carry a predominating element of humor in the animal and bird studies. The seemingly impossible has been obtained in the humorous "close-ups" of bird life.

William Lovell Finley, biologist for the State of Oregon, is the genius responsible for these intimate pictures of bird and animal life.

There are also scenic beauties and views of strange and beautiful locations.

Ormi Hawley, one of William Fox's stars, was going home in a street car the other day. It was the rush hour and the car was crowded. Every time the car started or stopped she lurched back into the arms of a big man, who also was standing.

"Excuse me, miss, but hadn't you better stay here," the man said quietly on the last lurch.

Helen Holmes, who is shortly to be starred in a number of feature productions screened for the Mutual at the Sismet studios, is the owner of a large tract of ranch in Lower California. Her earnings as a screen actress—which are by no means small—are, to a large extent, devoted in purchasing stock for her ranch. Miss Holmes spends one day of each week on her property.

Miss Helen Linstrom, who has played important character roles with Pauline Frederick and Marguerite Clark, will be seen in the Famous Players' latest release of June 5, "The Evil Theatrical," now being filmed under the direction of Robert Vignola.

ALICE FAIRWEATHER.

Farewell to 115th Battalion.

The 115th Battalion will soon be leaving the city for Valcartier. Tonight the battalion band will play a farewell concert in the Imperial Theatre, opening at 9 o'clock. Many reservations of seats have been made but there still some good locations left, and citizens in general should try to attend to show their good-will to the men of the unit. The proceeds are in aid of battalion funds, and the concert in which local talent will also participate, will be well worth while.

PAULINE FREDERICK in THE TENSE AND THRILLING DRAMATIC ROMANCE **"BELLA DONNA"**—In 5 Parts From the Famous Novel by ROBERT HICHENS

PARAMOUNT TRAVEL PICTURE | PARAMOUNT LADIES' ORCHESTRA

AFTERNOONS 2.15 and 3.45 | EVENINGS 7.15 and 8.45

Around the City

Charged by His Wife. Herbert Nalra was given in charge of the police last night for acting disorderly in his house on Pond street.

Two Sailors Arrested. Two sailors, giving their names as Ololedo and Neuder, were arrested yesterday afternoon on the charge of remaining duty and being absent without leave from the steamship Coward.

The New Isolation Hospital. A committee from the municipal council and the board of health met yesterday afternoon to open the tenders for the new isolation hospital. The warden and architect will award the contract this morning to the successful tenderer.

Col. McAvity Improved. Word was received in the city yesterday to the effect that Lieut. Col. James L. McAvity, who had been ill in England, had been discharged from the hospital as well, but that he would go before a medical board before returning to the firing line.

U. S. Stamps Placed on Sale Here. The St. John post office yesterday placed on sale United States postage stamps. This innovation will accommodate many people who have occasion to send small remittances across the border and those who enclose stamps as return postage to correspondents living in the republic.

Rotary Club Luncheon. W. F. Burditt was the speaker at the Rotary Club luncheon at noon yesterday. He spoke on town-planning as applied to St. John and illustrated his talk with a large map of the area which is to be laid out in accordance with the plans of the commission. At the close of his address a number of questions were asked by those present and answered by Mr. Burditt.

Yarmouth Out of Commission. The C. P. R. steamer Yarmouth on her arrival from Digby yesterday afternoon was placed out of commission as soon as her freight and baggage were discharged. She was moored east of the Eastern Steamship Co's wharf at Reed's Point. The steamer Empress, formerly in the Shediac-Summerdale service, will sail for Digby this morning, replacing the Yarmouth.

Fireman Soldier Remembered. On Saturday evening the members of No. 3 Hose Company assembled in their rooms, Union street, and Capt. Nixon, on behalf of the members, presented a safety shaving outfit to Win. Lawton, one of the hosemen. Sgt. Lawton received the gift with a word of thanks. Sgt. Lawton is a member of the 140th Battalion and for the past few weeks has been taking a special course in the school being conducted in the armory.

City Hall. Rapid progress is being made with the work of extending the water and sewerage system in Newman street. Yesterday the connection of both water and sewerage pipes was made at Victoria street and about 120 feet of pipe laid. Mayor Hayes has received a request from a New York firm for the addresses of shipbuilders, shipyards and shipbrokers in St. John and vicinity as they might be in a position to put some business in their way.

Presented With a Watch. On Saturday morning last Harry Gorman, who for 26 years had been in the employ of the Royal Hotel, and who resigned his position to enlist for overseas duty with No. 7 Siege Battalion, was given a great surprise when he was called into the hotel office. There he was met by the clerks of the hotel, and in the presence of a number of commercial travellers James F. McGowan, on behalf of the clerks presented Gunner Gorman with a costly wrist watch. Perhaps there is not an hotel employ in the maritime provinces who is so favorably known to the travellers as Gunner Gorman, and he takes with him the very best wishes of a very large circle of friends.

SENSATIONAL STORY WAS BUT CHILD'S TALK

No Truth in Tale Credited to Five-year-old Robert Aird as to Young McLellan's Death.

Men with grappling irons swept the bottom in front of the Indian town in New Brunswick six-seven men enticed last week. St. John county heads the list with thirteen and Kings county tails it with one. Below is the list for the week ending May 27, 1916: St. John—

The citizens were startled yesterday when a story was published in which it was stated that Robert Aird, the five year old son of Robert Aird, a sergeant in the 115th Battalion, who resides on Main street near the corner of Bridge street, had given out the report that his brother "Tommy" had "grabbed" the McLellan lad by the waist and threw him overboard because he swore at Tommy.

Tommy Aird is an older brother of Robert and as soon as the latter made the above statement it was fully investigated by the police and others interested. The story given out by little Robert Aird caused his parents to feel badly, but when the facts were learned it was shown to be nothing more than the rambling statement of a five year old boy, who was not responsible for what he said, and it did not bear the least item of truth.

Police Constable Hamm had a talk with the young fellow yesterday after he told his story and found that the boy was ready to say most anything, in fact the officer soon decided that there was nothing in what the lad had said regarding the death of young McLellan.

A Standard reporter called at the Aird home on Main street last night and had a talk with Mrs. Aird. She was able to prove that there was no truth in her five year old son's story. The McLellan boy is supposed to have fallen over the wharf on Saturday evening. Mrs. Aird stated that it was on Friday afternoon that her boys Tommy and Robert were playing with Ernest McLellan on the grass in the square at the foot of Indian town. A street car conductor put up a prize of a cent for Tommy Aird and Ernest McLellan to wrestle for, with the result that Tommy Aird won the cent.

On Saturday morning Ernest McLellan was at the Aird home playing with Tommy and Robert and left there at eleven o'clock. After dinner Tommy and Robert Aird accompanied an older sister to the Star Theatre. They all came home to their supper. Tommy Aird did not leave the house after supper, while his little brother Robert was playing in front of the house for a time before he went in and went to bed. Mrs. Aird said she did not know anything about Ernest McLellan being missing until she was called on and informed of the fact late Saturday night.

According to the story published yesterday afternoon Robert Aird is given credit for saying that after his brother Tommy threw Ernest McLellan into the water he ran home, told his mother and the latter whipped him. As to that statement Mrs. Aird says that there is no truth in it, she did not whip her boy, he did not come home and tell her that he pushed Ernest McLellan into the water, because he had not been out of the house after supper on Saturday evening.

PRICES HAVE NOT BEEN CHANGED. A considerable number of patrons at the Imperial Theatre last evening tendered twenty-five cents for orchestra floor tickets and fifteen for the first balcony. Judging by this an impression seems to be abroad that the Imperial's rates are permanently increased. Such is not the case. The slightly higher prices of last Wednesday, Thursday, Friday applied only to the extraordinary engagement of "The Battle Cry of Peace" picture and ceased with the closing of that engagement Friday night. The regular prices remain at the Keith house, five cents and ten cents in the afternoon and ten and fifteen at night.

With regard to the "Battle Cry" engagement it may be mentioned that the ruling prices for this picture in the States are from 25c. to \$1.50. Other big attractions are soon to be seen at Imperial and at usual prices, too, pictures that are exclusive to the Imperial in this territory.

Relics From the Battlefield. Three German shells picked up on the battlefields of Flanders can be seen in the window of DeForest & Co's tobacco store on Charlotte street. The large shell, an eighteen pounder, has been made into a pitcher by Corp. T. F. Leary of the 26th Battalion, during off duty from the trenches and the two smaller ones have been made into vases. The three ornaments all bear the shield of the 26th Battalion, and the larger one has the following inscription: "In memory of the heroic members of the 26th Battalion who have fallen in battle."

NO. 7 TO HOLD LAST PARADE 7.30 TONIGHT

Boys of Siege Battery Will March to Depot en route to New Training Quarters.

It may not be long before the Siege Batteries, No. 4 and No. 7 will be requiring reinforcements. The composite battalion on Partridge Island is to be converted into a siege battery depot just as soon as it is full. The battalion requires 100 men in order to bring it up to strength. The physical requirements for this battery are: Height, 5 ft. 8 in.; weight, 160 lbs.; chest measurement, 34 inches. It furnishes a splendid chance for any young man that wants to enlist in a battery.

No. 7 Siege Battery will arrive at Reid's Point tonight at 7.30 instead of 8.30, as originally planned. They will parade from there to the I. C. R. depot. It is not known where the Siege Battery will complete their training, but they will leave St. John tonight and will not return until the war has been brought to a close. Bands from the local units will furnish music and a guard of honor will be selected from both battalions to escort the men to the station. As this parade will be the last in which the boys of the Siege Battery will take part it is well for the people of the city to show their admiration for the boys of No. 7 by decorating their buildings with flags and bunting. Let everyone join in making the final parade of No. 7 Siege Battery one to be remembered.

School of Instruction to Go to Alder shot. Col. Papineau, who arrived in the city yesterday announced that the gentlemen taking the officers course will leave here on June 8th for Aldershot. N. S. Capt. Correll will probably go to Aldershot with the cadets. This class will just about complete "B" course in St. John. Strips of Khaki. Dr. L. A. Donovan, son of Laurence Donovan of Glen Falls, left last night for Halifax, where he will sail for England, having obtained a commission as lieutenant in the Imperial Army. Col. McLean left last night for Halifax on military business. Lieut. J. Kirk of 115th Battalion has returned to the city from his home at Sussex and will report for duty today. Lt. Dowling returned to the city yesterday. He will report for duty to the O. C. of the 145th Battalion. Lt. Col. Guthrie passed through the city yesterday en route to P. E. I. where he will conduct an active recruiting campaign. Dr. W. J. Kee, son of J. C. Kee, of this city left last night for Halifax. He will shortly sail for England to accept a commission as lieutenant in the Imperial Army. Dr. Kee graduated from the Ontario Veterinary College. Major Carter left last night for Amherst. Major Bissonette of the 165th Battalion at Moncton is in the city. He has been appointed second in command of the battalion. Col. Papineau left last night for Halifax. Col. Weston was a passenger out of the city last night on the Halifax. Private O'Keefe, who was recently invalided home, passed through the city last night, en route from his home at McAdam to Halifax, where he will visit friends.

The 94th At Otterpool. Word was recently received in the city from Capt. F. R. Fitzwater that the 94th had moved from Bramshot camp to Otterpool and that they were very much pleased with the change. He had met Lieut. Col. and Mrs. McAvity and Major Colm McAvity and had dinner with them. He spoke of seeing Capt. (Chick) Sturdee and having a game of cricket with him. A letter received from Lieut. George Morloney yesterday conveyed the news that he had returned to the front and was on duty again.

DIED. MARR—On Saturday, May 27th, at the residence of her daughter, Mrs. McAfee, Hannah, beloved wife of William Marr of Millstream, Kings Co., leaving, besides her husband, four daughters, three sons and three step-daughters and one step-son.
