MARKET SHEDS ARE DEFECTIVE

More Complaint About Poor Construction In Municipal Building

CITY MILK IS EXAMINED

The wretched condition of the flooring in the upper portion of the market sheds formed a topic of discussion at the meeting of the Board yesterday afternoon. Chairman Charteris brought the matter up, saying that shortly after last meeting of the Board he made an investigation of the market sheds, when he was surprised to discover that there were spaces between the flooring which allowed dust and dirt to sift down on to the produce offered for sale in the dairy market. There were so many holes that the flooring resembled a sky-light more than anything else. Dr. Charteris said that the present condition of the building, on account of the poor flooring, was deemed to be unsanitary. He had spoken to Mr. Wainless, of the Property Committee, about the matter, but that gentleman had said that the Council could not at the present time afford to spend money to properly fix up the flooring.

Mr. Wainless—I was there Saturday, and I saw the water running through the flooring and onto the women beneath. Dust, dirt and water all came down through the cracks, and conditions are not only unsanitary on this account, but they are very uncomfortable for the women who have to sell wares beneath. That market is all upside down any way. The meat market should have been placed downstairs, instead of up there where the water is always running down on the people beneath.

Dr. Hall said that a defective sewer had also been found in the fish market, but this defect had been repaired. Ald. Potter had said that the Council would endeavor to make some arrangement to cover up the holes in the flooring.

Mr. Wainless—The most economical plan would be to put in a ceiling underneath.

It was moved by Mr. Wainless, seconded by Dr. Eray, that the attention of the Council be drawn to the wretched condition of the upper floor in the market sheds. Carried. Dr. Eray referred to the matter of Medical Health Officer Hall's appointment to the Provincial Board of Health, which, he said, was an honor to the doctor and an honor to this city and the Board of Health as well. Dr. Eray remarked that Dr. Hall was an efficient and capable medical health officer, well qualified to hold the position tendered him on the Provincial Board. He thought that the Board should take cognizance of the fact, and he moved that a record be made of it in the minutes, as a compliment to Dr. Hall that the Board have in him a trustworthy officer.—Carried.

Dr. Hall, in suitable terms, thanked the Board for their resolution, and said that he was pleased to get the appointment to the Provincial Board, where he would have an opportunity of keeping in touch with other men engaged in health affairs.

Dr. Charteris—The Provincial Government has itself an honor in honoring Dr. Hall.

MILK EXAMINED.

Medical Health Officer Hall said that since the last meeting of the Board, an examination had been made of all milk sold in the city. All of it, he was pleased to say, was found to be up to the standard, and some above to the extent of being five per cent. better fat.

Dr. Eray inquired as to whether the hydrants had been attempted to or not.

Mr. Wainless said that nearly all of them had now been flushed out. He thought that this work should be done every once in a while.

Dr. Hall drew attention to the fact that the isolation hospital was in need of some minor repairs. Glass was needed for some of the windows, and the cellar stood in need of some small repairs.

It was moved by Mr. Wainless, seconded by Mr. Baxter, that the sanitary officers have the necessary repairs made to the building.—Carried.

PASSED AWAY

George A. Taylor, one of the oldest and most widely known colored residents of the city, passed away at his home on Duke street this morning after a short illness. The cause of death was paralysis of the brain.

The late Mr. Taylor was 76 years of age, and previous to retiring from active life some years ago he had been engaged in the barbering business in the stand on King street now occupied by S. O. Simmons. He is survived by one married daughter, who is now living in the State of Pennsylvania. His wife has been dead for some years.

The funeral arrangements had not been definitely made this morning.

HAD AN IDEA.

I thought she was unalterably opposed to golf. She was, but then she's got an idea now that she'd look real cute in one of those red coats.

THE LADIES OF THE HOME HOLD BUSY ANNUAL MEETING

There Was An Excellent Attendance Of Workers And The Various Reports Received Show This Institution To Be In Flourishing Condition

The Ladies of the Home of the Friendless held their twenty-fifth annual meeting in the Council Chambers in Harrison Hall yesterday afternoon. There was a good attendance present, and the reports gave ample evidence of the good work which the ladies have been doing during the year just passed. Space to-day does not permit of the praise and encouragement which is truly due the ladies of the Home for their most worthy and noble efforts in sweet charity's cause, but the reports which follow, and the glowing tributes paid them by the gentlemen present at yesterday afternoon's meeting are eloquent in themselves, and the ladies may be assured that the good work in which they are engaged does not by any means go unappreciated.

Mrs. Scane in the chair, the following members and others were noticed present: Mesdames Scane, Fleming, Ferguson, Gardiner, Tyhurst, Flynn, Eboris, Ball, Taylor, Laird, Canary, Taylor, Robinson, Williams, Taft, McDonald, Tassman, Spence, McDonald, Lewis, Mills, Stevens, Richards, Sheldon, Kingston, Johnson, and Mrs. Ryan, and Mayon W. S. Marshall, Rev. Dr. J. R. Battisby, Rev. Mr. Hodgins and Rev. Wm. Rutledge. Dr. Battisby opened the meeting with prayer, after which the various reports were read, as given below:

FINANCE REPORT.
The statement handed in by Mrs. Fleming, treasurer, showed receipts \$3,610.30, and expenditures \$2,912.95, showing a balance on hand of \$697.35.

SECRETARY'S REPORT.

From Sept. 30, 1905, to Oct. 1st, 1906:

I herewith present to you the twenty-fifth annual report of the Home of the Friendless, which comes under the supervision and patronage of the ladies who kindly give their time and ability to impart to the inmates the real comforts of home.

During the past few years the ladies have beautified and made the Home a more complete and up-to-date institution. A large and spacious veranda has been built, a new furnace put in, all plumbing made perfect and the interior of the Home painted. Acting upon the advice of Dr. Smith, the electric light service was installed and fire appliances added.

The purchasing committee have provided new iron bedsteads, arm chairs and rockers for the comfort of old people. A barn has been built and two cows and some fowls purchased. Through the activity and good management of Janie and the table is supplied with home grown vegetables sufficient to answer the purpose for winter. Mrs. Yorston supports the interior of the Home in a capable manner.

At present there are 18 persons in residence, 12 of whom were there previous to last year. Admitted 28

ALD. EDMONDSON TAKES FLOOR AND TELLS IT TO ALD. STONE

Another Case of Vindication Witnessed in the Council Chamber—Search Light Plays on Several Departments—Alderman Stone Fails To Produce Proof

Last night's Council meeting belonged to Ald. Edmondson. The Public Works Dept. was laid bare before the members present, as a result of the recent corporation of the city. The charges made against this department by Ald. Stone at the last meeting of the Council.

Ald. Stone's charge was that the work on the sewers in the city, which is now done by the city laborers, is costing more than if the work were let by contract. When the charges were made Ald. Edmondson promised to look into the figures, and Ald. Stone promised to also look up a few figures, and both were supposed to be present at the meeting last night with the necessary data to back up their statements. Ald. Edmondson was there with "the goods," in the shape of an extended report from the engineer on the relative cost to the city of sewers put down by contract and by city labor. Ald. Stone evidently did not connect, and the result was that he was present, but with no figures to back up the extravagant statements he had made. This made the contest rather one-sided, and Ald. Edmondson came off a glorious victor.

It was a grand sight to see the worthy chairman of the Board of Works standing up before his colleagues with a large roll of parchment in his hand—the proof—as he gazed round at the aldermen with a smile of satisfaction, and search of all he surveyed, while Ald. Stone's role called for silence, and a "take-your-medicine" demeanor. Some were reminded of the famous night when the same alderman made an appeal for his honor, which will go down as the most sensational scene witnessed by any Council in Chatham. The result was the same—Ald. Edmondson was vindicated.

FIGURES TALK.

The proceedings were commenced with the reading of a lengthy report from Engineer Jones on the cost of sewers, in which it was shown that the sewers put down by city labor were cheaper and better than the ones let by contract—a direct denial to the charge of Ald. Stone. There was no denying it, because the figures were there, taken from the city's books.

Ald. Edmondson—I have brought my proof to deny the extravagant statements of Ald. Stone, and I have shown that his statements were not correct. I hope he has some proof to substantiate his statements. In reference to the Cemetery creek bridge, Ald. Stone says that the only report he got from the engineer was a bill for livery hire. He tells me that he did not make a report to both Ald. Potter and Ald. Stone.

Ald. Potter—What was the report?

Ald. Edmondson—That the bridge was unsafe.

Ald. Potter—We asked for a report on a new structure.

SEARCH LIGHT SWITCHED.

Ald. Edmondson—You have turned the search light on the Board of Works and you have found that it

A CIVIC JOB IS NOW OPEN

Health Inspector Anson Mounter Has Resigned His Position

WORK IS COMPLIMENTED

Anson Mounter tendered his resignation as City Health Inspector, at the meeting of the Board of Health yesterday afternoon. Mr. Mounter gave no reasons, but it is understood that he has accepted a better position with a higher salary attached.

Chairman Charteris brought up the matter yesterday afternoon, and said that he understood that Mr. Mounter intended laying his resignation before the City Council. Dr. Charteris said that he was very sorry to learn that Mr. Mounter was about to sever his connection with the Board. The retiring inspector had always been faithful in the performance of his duties, and he had been most obliging to all who had occasion to require his services. He was glad, however, to learn that the health inspector had secured a better position.

Dr. Eray said that Mr. Mounter had always done his work ably and well.

Dr. Hall also added his regrets. He said that he would greatly miss Mr. Mounter, who used great tact in all his dealings with people whom he came in contact with in his daily duties. One good thing about the retiring inspector, he was not meddlesome, and he invariably settled disputes that came under his notice without litigation, many times to the advantage of the city. Mr. Mounter's work had always been very satisfactory from every point of view, and Dr. Hall's greatest fear was that the Board would be unable to get as good a man to take his place.

Mr. Mounter thanked the members for their kind remarks, and said that he would give fifteen days' notice, and would render any assistance he could to the men who should take his place.

The Board will hold a special meeting later to consider the matter.

THE PLANET'S BUSINESS OFFICE 15. Edit. Room 100.

TUESDAY, OCTOBER 2, 1906.

ANOTHER SENATE REFORMER.

Mr. Thomas Murray, Government candidate in North Renfrew, condemns the appointment to the Senate of defeated candidates for the House of Commons. He declaims vigorously against the practice of filling up that legislative assembly with men in whom the electors have expressed their want of confidence. The North Renfrew Liberal doctrine is not likely to be popular in the Senate as now reformed by Sir Wilfrid Laurier. Among the senators appointed within the last few years, who are likely to object to Mr. Murray's view, are the following:

Senator Cloran, defeated in 1887, 1890, 1900, never elected, and appointed to the Senate in 1903.

Senator David, defeated in 1867, 1875, 1878, 1891, never elected to the House of Commons, appointed to the Senate in 1903.

Senators Donville, Frost, Gibson, McHugh, McMillen, all members of former parliaments, who were defeated in 1903, and were appointed to the Senate within the next three years.

Senators J. K. Kerr and William Kerr, the former defeated in 1891, the latter in 1878 and 1882, and both appointed by Sir Wilfrid Laurier to the Senate.

Senators Robertson and Thompson, both from the Maritime Provinces, both defeated in 1891, both called to the Senate in 1902.

Senators Watson and Young, of Nova Scotia, the former a member of the Greenway Government, the latter in his last term, both defeated in 1899 and both called to the Senate in 1900.

These are only a few of the defeated candidates who from their present position in the Senate may criticize Mr. Murray's observations, and will probably smile if he shall be defeated and become an applicant for a seat beside them.

DISTRICT

EBERTS.

The Rev. Mr. Neilly is away on his vacation and services were conducted at Chalmers last Sunday by Mr. Fred Ward, of Chatham.

Rev. Mr. McFarlane is conducting a series of special services in Knox church. Meetings this week will be held on Wednesday, Thursday and Friday evenings, also Sunday afternoon and evening next week. Rev. Mr. Hoyt, of Chatham, will assist the pastor.

Mrs. Harry Brookbank and Miss Emma Brookbank spent last week at London Fair.

Miss Jean and Mr. Stanley Rowe, of Wilkie, visited their sisters here on Sunday.

Miss Edna Pikey, who has been visiting Miss Anne Mackness, has returned to her home in Buffalo.

Mr. Wesley Roseburg, of Chatham, was the guest of his cousins, the Misses Roseburg, here last Sunday.

It is understood that a number of test wells will be put down here shortly for oil by a party from Ohio. A large number of farms have been already leased.

On October 7th Chalmers church

will hold special harvest home services both morning and evening. Rev. Mr. MacGillivray has been secured to fill the pulpit. On Monday evening following a tea meeting will be held at the church.

The death of Miss Gertrude Somerville, soloist, of Chatham, has come as a shock to this church, where she has assisted in previous social gatherings.

Madame Herscov, the famous Prima Donna, who, after a tour through the States, was summoned to sing before the King at Buckingham Palace, has recently reaped great benefit from Bileans. In the course of an interview with a leading journalist, she said: "I was often subject to liver trouble and indigestion, and the usual remedies seemed quite inadequate and gave me no relief. I saw a report about Bileans one day and thought I would give them a trial. The result of the treatment was as surprising as it was pleasing. I felt quite another woman. Bileans are so delightfully easy to take, too, and one has not to go through a long weary course before reaping benefit. I am now recommending Bileans frequently to friends and pupils."

Bileans are a household remedy of unsurpassed merit. Their operation on the liver is just what is needed to transform an inactive, diseased organ into a healthy one. They also stimulate the digestive organs. When you remember that biliousness, indigestion, constipation, piles, dizziness, wind pains and headaches all arise primarily out of liver and stomach disorder, you at once see how Bileans, by correcting liver and stomach, cure these ailments in the surest and most reliable manner. They also cure debility, anaemia, female ailments and liver chill, clear the blood of impurities, and are a boon to pale-faced girls and weak women. Of all druggists at 50¢ a box, or post free from the Bilean Company, Toronto, on receipt of price.

Bileans
FOR
Biliousness

FLORENCE.

Mrs. Miller, who has been the guest of relatives in town for a few weeks, returned to her home on Monday.

Mrs. Mary Corbett has gone to Chatham on an extended visit.

Rev. Mr. Elford, of Rutherford, occupied the Methodist pulpit Sunday evening.

Wm. McDonald, who has been very ill, continues low, and small hopes are entertained for his recovery.

Mr. and Mrs. John Webster returned last week from a holiday trip to St. Mary's and other points.

Miss Pikey, of Pittsburgh, Penn., is spending her vacation with her parents, Rev. and Mrs. C. Pikey.

Mr. W. Grosse, who has been West on the harvesters' excursion, came home last week.

Miss Ridley has returned to her home after spending a couple of months in Toronto and Montreal.

Miss M. Spurr has been quite ill. Mr. Gussie took charge of the school in her absence.

Mr. Redington has sold his business to L. North and has returned to Thamesville.

Communion was dispensed last Sunday in the Presbyterian church, when a new member was received into the church. Rev. Mr. McInnes, of Thamesville, conducted the service.

Mrs. Grace Wood has returned after a pleasant trip to the Soo, accompanied by Rev. and Mrs. H. Cowan and family.

Boy Smith has accepted a position with the R. Calderwood Co.

Miss Clark, of Michigan, is visiting her sister, Mrs. Edward Laird, and other relatives in town.

LADIES OF THE HOME HOLD MEETING

Continued from Page 1.

persons, making a total of 46 sheltered through the year.

Fuel and provisions supplied to families through the city—88 householders, 336 persons in all; 119 white, 217 colored, 254 Protestant, 84 Catholic; 119 wood and coal orders distributed; 454 grocery orders, varying from 25¢ to \$100, according to their needs; 13 hospital patients, 9 burials, 15 railway passes to the travelling poor.

CHARLOTTE RYAN, Secretary.

RELIGIOUS COMMITTEE.

Sunday service, held by laymen: Mr. Matthew Side, four Sundays; Mr. and Mrs. Moore, nine Sundays; Mr. T. R. Putnam, two Sundays; Mr. S. C. Walker, eight Sundays; Mr. H. Macquibay, six Sundays; Mr. John Royle, seven Sundays; Mr. Cochrane and Mr. Tuckner, Victoria avenue church, eleven Sundays; Salvation Army, ten Sundays; Mr. Everett, substitute for Mr. Side.

THURSDAY SERVICES HELD BY CLERGYMEN.

Rev. A. H. MacGillivray, three Thursdays; Rev. W. L. Rutledge, three Thursdays; Rev. D. Battisby, four Thursdays; Rev. J. W. Hodgins, three Thursdays; Rev. F. E. Mallett, two Thursdays; Rev. J. W. Hoyt, four Thursdays; Rev. Wm. Clarke, three Thursdays; Rev. R. McCosh, two Thursdays; Rev. Jesse Henderson, two Thursdays.

King's Daughters, nineteen Thursdays.

NO SERVICE.

Rev. Fr. James, O. F. M., visit; Rev. Fr. Celestine, O. F. M., visit; Rev. Fr. Leo, sick call; Rev. Fr. James, O. F. M., P. P.; Rev. Fr. James, O. F. M., P. P.

At the conclusion of the reading of the reports, Mayor W. S. Marshall was called to the chair. His worship paid many flattering tributes to the ladies on their good work, and made a very gallant speech, which, to judge by the approving smiles of his fair audience, was much appreciated. The Mayor said that he felt that it was a great honor to be called upon to preside at this, the twenty-fifth annual meeting of the ladies of the Home. He was flattered and pleased to be present and have the privilege of addressing them. He felt that the ladies of the Home were doing a noble work, and that their efforts were being appreciated by the community. He wished to compliment the ladies on their efforts, and to express his confidence in their future success.

Mayor Marshall said that the city now had a Home of which the citizens might well be proud. It was as good as any in any city of this size in Ontario, and it was conducted, he ventured to say, as economically and as well as any in the world. In conclusion, he again complimented the ladies on their excellent reports for the year, and wished them every success in their good work in the future.

Rev. Dr. Battisby, who was next called on, gave a very interesting review of the earlier work of those into whose hands the management of the institution had been at various times. In the earlier days the Home was made as good as possible under the circumstances, but it was then a very uncomfortable and unsatisfactory institution to what it is at the present time. The ministers of the city had always taken an active interest in the welfare of the Home, and they would always do all in their power to further its interests. He congratulated the ladies on the splendid account which they gave of their stewardship during the year just past.

Rev. Mr. Hodgins, who next spoke, said that he was much pleased to be present and address the ladies engaged in the noble and noble work. He was very much interested in the reports, and especially in the President's report, of the business of the twenty-fifth year. He congratulated the ladies on the success of their efforts to relieve these distressed old people. Mr. Hodgins took the liberty to suggest that the ladies should keep an account of their expenditures by the day or the week for a time, and thus gain an idea of the

average expenditure. He was very much pleased and delighted with the economical plan on which the Home was managed, and on a recent visit to the institution he was greatly impressed with the comfortable interior. All the inmates appeared to be happy and comfortable. No one could deny the usefulness of the Home, and the ministers of the city, he felt sure, one and all heartily appreciated the efforts of the ladies.

Rev. Mr. Rutledge also congratulated the ladies. He said that he had not arrived in time to hear the reports read, but he would read them carefully in the newspapers the next day. He wished to offer his congratulations to the ladies on having reached their silver anniversary, and the unbounded success with which their efforts were meeting. It was his hope to some day see an old age pension system inaugurated in the Dominion.

Before the elections were gone on with, Mrs. Eberts, seconded by Miss Ryan, moved a vote of thanks to the officers of the society for 1906.

The elections, which followed, resulted as follows:

President—Mrs. Eberts.
Vice-President—Mrs. John Ferguson.
Secretary—Miss Charlotte Ryan.
Treasurer—Mrs. W. J. Johnson.
Special Treasurers—Mrs. Eberts, Miss Ryan, Miss John Ferguson, Miss K. C. Mr. Archibald Park and Mayor Marshall.

Religious Committee—Messrs. Laird, Tinsman, Kingston, McDonald and Miss Ryan.

A hearty vote of thanks was passed to All. Thomas Scullard for the assistance he had rendered the ladies during the year, as was also to Mayor Marshall for his presence and assistance during the meeting.

REGAINED NERVE AND VITAL ENERGY.

From Walton, P. O. Que., comes the following from Mr. Nazaire Beggin: "If anyone had told me any remedy could build up my nervous system, I would not have believed them. Before using Ferrozone I was run down in nerve and vital energy, and in very weak health. I didn't get enough sleep at night, felt poorly in the day time. Ferrozone has filled me with energy and vim increased my weight and made a new man of me."

Hundreds tell the same story—Weak and dispirited, everything going wrong, unable to catch up. They took Ferrozone and all was changed to health and serenity. Price per box 50¢, all dealers.

Diamond Mine Prisons.

Each of the great South African diamond mines has its several compounds, where the Kafirs are imprisoned. These are inclosures with walls sufficiently high to prevent escape, and around the walls is a stretch of roofing sufficient to prevent the inmates from tossing diamonds to the outside to be picked up by confederates. In the early days the Kafirs used to throw diamonds over the walls in tin cans, so that their wives or friends might come and pick them up. When the Kafirs go to Kimberley from their tribes they agree to submit to imprisonment. The shortest period is three months, but there are many who have never been out of the compounds for two or three years—World's Work.

THE ORIGINAL CORN CURE.

No sub titute has ever been devised that gives the quick, painless results of Putnam's Corn Extractor. For fifty years its success has been unequalled. For safety and thorough cure use "Putnam's" only.

A Colored View.

"Mammy," said Pickaninny Jim as he watched the meteors falling, "does you see all dat brightness comin' down?"

"Yaas, indeed."

"I know what makes it. De cullud angels has been put to work sweepin' up de golden city."

His Way.

Mr. Hennypeck (peevishly)—When you tell me to do a thing, like a fool I go and do it. Mr. Hennypeck (acidly)—No, you go and do it like a fool.

We have committed the Golden Rule to memory; now let us commit it to life.

The Way of It.
"You see, he was whirled around a shaft at the mill and pretty seriously hurt. Now he's suing the boss for \$500 damages."

"Well, that's the way of the whirled."

The Little Girl Will Gladly Wear One of Our Coats...

WHY? For the same reason that the women find our garments superior to those obtained at other stores.

Better styles, prettier fabrics, a wider choice, even in the garments for little children.

Hundreds of children will feel warm and contented, and look bright and rosy in our coats during the cold months of fall and winter.

While our stock is large we advise early buying, as naturally some of the coats are more desirable than others, and will sell quickest. Perhaps you will want one of these.

Children's White Bear Coats—Rich washable qualities, assorted curls, handsome styles, in four sizes, at each \$2.50, \$3.00, \$3.50, \$4.00 and \$4.50.

Girls' Coats—In reds, blue, green, fawn and brown tweed mixtures, very smart styles, long lengths, 4 years to 14 years, at each \$2.50 up to \$4.75.

Girls' Coats—In plain cloths and new Tweed mixtures in wide range styles and colors, full length garments, full of style, comfort and service, sizes 4 years to 15 years at \$3.50 up to \$8.00.

Why You Should Buy Dress Goods at Northway's.

Briefly, because we sell better dress goods at lower prices than any other store.

When we say that, we speak earnestly. We understand fully its significance, and we want you to. You will want a new costume soon, you'll want the very newest, too. Don't make an investment until you have seen our matchless gathering of fashionable fabrics. You will be delighted with the goods and the prices.

HOUSEHOLD HINTS FOR WOMEN

A Column Specially Prepared By The Planet For
The Busy Housewives of Chatham and Vicinity.

CANNING AND PRESERVING PEACHES.

Peaches.

In choosing peaches for canning, be sure they are firm, and not over-ripe. Use the best granulated sugar, and a porcelain lined kettle. Have the jars and covers well washed, and a quantity of new rubbers on hand. The writer recently opened a jar of peaches put up five years ago, and found them to be as delicious as when first done.

Canned Peaches.

To every pound of sugar, add one pint of water, boil and skim carefully, and cut in halves—removing stones—large fine peaches. Put into the syrup as many peaches as will fill a quart jar, and fill with cold water. Have ready a syrup of sugar, allowing one pound for each pound of fruit. Drop in the peaches, a few at a time—cook until you can pierce them with a straw. Skim them out, dropping them into a large earthen crock, until all have been cooked. Set them in a cool place, and let stand for twenty-four hours. You will find when you get ready to put them in they will be floating in a pink juice. Have your jars heated by standing them in a pan of hot water on the back of the range. Put the syrup on the front of the stove, and let it come to a boil. Put in the peaches, enough to fill a jar at a time, until all the fruit has been well heated. Pour in the juice from the crock, boil steadily for thirty minutes, pour this hot syrup over the fruit, taking care that the jars are full to overflowing, put on your covers as quickly as possible, and stand in a cool place for two days. This recipe is an old one, taught the writer by a southern housekeeper, whose reputation as a cook was well known.

Way Down South Peach Preserve. Take a quantity of peaches, selecting the large juicy Crawford's if possible. Have ready plenty of boiling water. Fill a large earthen bowl with the fruit—and pour over them the hot water. You will find the skins will come off by rubbing. As fast as peeled drop into cold water. Have ready a syrup of sugar, allowing one pound for each pound of fruit. Drop in the peaches, a few at a time—cook until you can pierce them with a straw. Skim them out, dropping them into a large earthen crock, until all have been cooked. Set them in a cool place, and let stand for twenty-four hours. You will find when you get ready to put them in they will be floating in a pink juice. Have your jars heated by standing them in a pan of hot water on the back of the range. Put the syrup on the front of the stove, and let it come to a boil. Put in the peaches, enough to fill a jar at a time, until all the fruit has been well heated. TAFT WIRES FOR TROOPS

United States Takes Over
Control Of Cuban
Affairs

NATIVES NOT SLIGHTED

Havana, Oct. 1.—A United States provisional government assumed possession of Cuba Saturday when War Secretary Taft's proclamation declaring himself provisional governor of the island was formally issued.

The proclamation was published in The Official Gazette, and thousands of printed copies of the document were distributed in Havana and elsewhere.

Governor Taft proceeded to the palace at noon to take over the Government of Cuba. The act was not accompanied by any formal ceremony.

While Governor Taft has not taken possession of the palace, this is only because ex-President Palma was not ready to vacate the official residence until Monday, and Mr. Taft desires to do whatever he can to suit the ex-President's convenience.

Saves Cuban Pride. Governor Taft's proclamation gives unbounded satisfaction to all classes. Instead of wounding Cuban pride, Governor Taft has saved it.

The Cuban flag is not to come down. Cubans will be in charge of every department of the Government. Cuban officials will keep their offices. The Cuban courts will not be disturbed. Cuban laws are to remain in force.

In a word, the United States has taken temporary control of a Government of Cuba administered by Cubans for Cubans. Governor Taft in his proclamation promises a new election as soon as conditions permit.

Rebels Dispersing Peacefully. The work of dispersing peacefully the revolutionary forces in arms against the Cuban Government is already under way. Brig.-Gen. Frederick Funston, chairman of the disarmament commission, had two amicable conferences yesterday with Generals Plon Guerra and Del Castillo and arranged a program perfectly satisfactory to all concerned.

The first landing of any considerable number of Americans took place last night, when 450 marines came ashore and proceeded to Cienfuegos.

Taft Says "Send Troops." Washington, Oct. 1.—Secretary Taft has cabled from Havana to Acting Secretary Oliver at the War Department to send the American troops to Cuba in accordance with the program already arranged.

Acting Secretary Oliver has issued orders for the first expedition of 5,500 soldiers to prepare to sail for Newport News as soon as possible.

United States troops are moving towards Cuba. The first troops will be landed at Havana next Saturday.

In official circles here American intervention was regarded as inevitable. How long it may continue it is impossible to foretell.

Mutineers Sentenced. Death For Nineteen Sailors and Long Term For Others.

Cronstadt, Oct. 1.—The sentences of the court-martial on the sailors and others charged with participation in the mutiny at Cronstadt last August have been delivered, subject to confirmation.

M. Omipko, one of the leaders of the peasant party in the outlawed parliament, is condemned to deportation and the loss of all his civil rights. Nineteen sailors are condemned to death by shooting, 12 to life servitude, 120 to terms of servitude varying from four to 20 years, and 429 others, sailors to service with the disciplinary battalions and various terms of imprisonment.

One hundred and twenty-nine sailors were acquitted.

ENFORCING THE LAW. Only One Hotel In Town With 19 Escapes Blue Paper.

Niagara Falls, Ont., Oct. 1.—Eighteen out of nineteen hotel proprietors of this city received their papers Friday to appear before Police Magistrate Cruikshanks Tuesday morning for selling liquor during forbidden hours. Only one place, the Market Hotel, managed by Charles J. Flynn, is not included in the list.

In Welland two hotel keepers were "scolded" in, and all "settled" by paying the fines imposed.

Stabbing Affray. Deseronto, Oct. 1.—A stabbing affray, in which the victim is an Indian, will be investigated here on Tuesday next. It is alleged that Archibald Green and an Indian named Andrew Cuthbertson had a row, and the latter was stabbed in the back. The wound is over three inches deep, and one of the kidneys has been perforated, but a fatal termination is not looked for at present, unless complications set in.

France Determined. Paris, Oct. 1.—Premier Sarrien and Minister of the Interior Clemenceau delivered notable speeches yesterday, in which it was set forth that the Government was firmly determined to carry out the law providing for the separation of church and state.

Tie-Up at Fort Arthur. Port Arthur, Oct. 1.—Anglophobes of Port Arthur and Fort William are all out on strike. Over a thousand men are affected. The men employed by the C. P. R. at Fort William all went out Saturday. Several steamers were delayed.

New Mining District. Toronto, Oct. 1.—Parry Sound and Muskoka have been erected into a new mining district, with Henry F. McGuire of Parry Sound as recorder.

Lightning Burns Barn. Welland, Oct. 1.—Scott Ledy's barn, west of here, was struck by lightning and burned Saturday night.

Thief Shoots Detective. Montreal, Oct. 1.—Detective Le Hequet was shot in the right arm and neck yesterday by Robert Walker, a ticket-of-leave man from St. Vincent de Paul Penitentiary, and Walker was knocked senseless by a blow from a pickaxe handle in the hands of Detective O'Keefe. Detective Le Hequet's wounds are not serious, but the ticket-of-leave man's skull seems to be fractured. O'Keefe and Le Hequet were trying to arrest Walker and another young fellow.

Girl Took Poison. Toronto, Oct. 1.—Lena Scott, who since her arrival in Canada a few months ago, has been living on upper Terauley street, was taken to St. Michael's Hospital on Saturday after having swallowed some bichloride of mercury. Dr. Crawford attended to her and she will recover.

Prosecution in East Elgin Case Asks For Adjournment. St. Thomas, Oct. 1.—The council chamber at Aylmer was crowded Saturday to hear the case brought by License Inspector Andrews of East Elgin against Mr. Butler of Orwell for keeping a disorderly house, and having the blinds of his hotel down on the second day of August, 1906, and at other times.

Mr. Butler pleaded not guilty, and requested W. K. Cameron of St. Thomas, who appeared for the prosecution, to adjourn the case until Monday, when he would be prepared to go on with his case. Mr. Cameron therefore adjourned the case until Monday.

W. F. Hepburn, retired Liberal candidate, was present.

The two women who figure in the case have mysteriously disappeared, and are said to be in hiding in Detroit.

"Witnesses have mysteriously disappeared," said Mr. Cameron, "but we are ready to go on with the case."

He explained that an attempt to subpoena the women had proven vain.

GRAIN COMMISSION Special Data Submitted as to Elevator Shortages.

Toronto, Oct. 1.—The Dominion Government Grain Commission wound up its session in Toronto on Saturday morning, when a brief sitting was held. C. B. Watts, secretary of the Dominion Millers' Association, was recalled to give some further special data dealing with elevator shortages, and John L. Fisher of Toronto, manager for James Richardson & Son, grain dealers, of Kingston, presented further claims as to shortage of wheat when delivered from lake port elevators, and also as to shortage of cars.

The commission will sit in Kingston to-day, and will, after concluding its business there, go to Montreal. They expect to return to Toronto about Oct. 15 to have representations from the farmers of Ontario.

In polite society reports are often accepted with thanks.

ENDS SORROW WITH POISON

Young Married Man Of
Toronto Takes Carbolic
Acid

MEAFORD MAN SUICIDES

Toronto, Oct. 1.—Carbolic acid killed James E. Grindall at 184 Harbord street on Saturday. He was a young man with a wife and two children. Lately he has been worrying about things but, although despondent, no such tragic termination as that of Saturday was anticipated. It appears that Grindall had his wife an affectionate good-bye on Saturday morning and then went upstairs, where he consumed a considerable quantity of carbolic acid, which he had procured from a neighboring drug store. One of his children went to Dr. Canfield and said: "My dear daddy is dying." When Dr. Canfield could get to the house his services were of no avail.

In a Fit of Despondency. Meaford, Oct. 1.—In a fit of despondency, brought on by worrying over financial matters, H. Kirkpatrick, a married man, about 40 years of age, committed suicide at his home in Centreville Saturday morning. He shot himself through the heart with a shotgun. He leaves a widow and five young children. He came here from Dublin, Ireland, some years ago.

Girl Took Poison. Toronto, Oct. 1.—Lena Scott, who since her arrival in Canada a few months ago, has been living on upper Terauley street, was taken to St. Michael's Hospital on Saturday after having swallowed some bichloride of mercury. Dr. Crawford attended to her and she will recover.

Prosecution in East Elgin Case Asks For Adjournment. St. Thomas, Oct. 1.—The council chamber at Aylmer was crowded Saturday to hear the case brought by License Inspector Andrews of East Elgin against Mr. Butler of Orwell for keeping a disorderly house, and having the blinds of his hotel down on the second day of August, 1906, and at other times.

Mr. Butler pleaded not guilty, and requested W. K. Cameron of St. Thomas, who appeared for the prosecution, to adjourn the case until Monday, when he would be prepared to go on with his case. Mr. Cameron therefore adjourned the case until Monday.

W. F. Hepburn, retired Liberal candidate, was present.

The two women who figure in the case have mysteriously disappeared, and are said to be in hiding in Detroit.

"Witnesses have mysteriously disappeared," said Mr. Cameron, "but we are ready to go on with the case."

He explained that an attempt to subpoena the women had proven vain.

GRAIN COMMISSION Special Data Submitted as to Elevator Shortages.

Toronto, Oct. 1.—The Dominion Government Grain Commission wound up its session in Toronto on Saturday morning, when a brief sitting was held. C. B. Watts, secretary of the Dominion Millers' Association, was recalled to give some further special data dealing with elevator shortages, and John L. Fisher of Toronto, manager for James Richardson & Son, grain dealers, of Kingston, presented further claims as to shortage of wheat when delivered from lake port elevators, and also as to shortage of cars.

The commission will sit in Kingston to-day, and will, after concluding its business there, go to Montreal. They expect to return to Toronto about Oct. 15 to have representations from the farmers of Ontario.

In polite society reports are often accepted with thanks.

ABSOLUTE SECURITY. Genuine

Carter's Little Liver Pills.

See Fac-Simile Wrapper Below.

Very small and easy to take as sugar.

FOR HEADACHE, FOR DIZZINESS, FOR BILIOUSNESS, FOR TORPID LIVER, FOR CONSTIPATION, FOR SALLOW SKIN, FOR THE COMPLEXION.

GUARE SICK HEADACHE.

Minard's Liniment Cures Diphtheria.

In proportion as nations get more corrupt more disgrace will attach to poverty, and more respect to wealth.

Half-Sick

When your nerves are weak, when you are easily tired, when you feel all run down, then is the time you need a good strong tonic—Ayer's Sarsaparilla. Your doctor will tell you why it has such power over weak nerves, why it makes the blood rich, and why it gives courage and strength. Ask him if it is not just the medicine you need.

We have no secret. We publish J. C. Ayer & Co. the formulas of all our medicines. Lowell, Mass.

DISTRICT

JEANNETTE'S CREEK.

Mr. and Mrs. Racher were Maple City visitors on Monday.

Ed. L. Smith returned on Tuesday from London Fair.

Miss Annie Rath returned to her home in Ingersoll this week to attend the wedding of her sister.

A. G. Atkinson had a cow killed at the new crossing, but the railway company are in no way responsible, as due warning had been given that the crossing was open.

R. Venning is getting his new weigh scales in, ready for the shipping of sugar beets.

N. Fullerton is offering his onion farm for sale.

The annual harvest home services in connection with the Methodist church will be held on Sunday, Sept. 30th, with supper on Monday evening, Oct. 1st, from six until eight p.m. After the supper an interesting program will be given.

Mr. Dunby has leased S. Adair's farm for five years.

Word has been received here by relatives of the safe arrival of S. Adair and J. Simons in Owens, Alta.

There will be considerable changes in tenants this week: J. Steadman

moves to the 4th concession, A. Leguire moves onto Mrs. Howe's farm, H. Dandelin into the G. T. R. section house, and Adolphus St. Aubin into Forbes' house, and W. Brusso into the house vacated by H. Dandelin on the north side of G. T. R. track.

The new dock does not present a very attractive appearance; the earth thrown in by the dredge has caused the cement to crack and bulge out. The dredge is now at work at the mouth of the river.

All bad fortune is to be conquered only by endurance.

ASK FOR

Labatt's

(LONDON)

India Pale Ale

Prejudiced and unscrupulous vendors may suggest others, but compare it any way you will—purity, freedom from acidity, palatableness—Labatt's Ale is surpassed by none, equalled by few—at about half the price of best imported brands.

STRICTURE CURED

YOU CAN PAY WHEN CURED.

NO NAMES USED WITHOUT WRITTEN CONSENT.

STRICTURE AND KIDNEY DISEASE CURED.

"I had stricture for eleven years. It finally brought on Bright's Disease of the Kidneys. I had an uncomfortable shooting pain in the groin and feeling as though something was in the urethra. My back was weak and I could scarcely stoop over. Urine was full of sediment. Had a desire to urinate frequently. Family doctors, so-called specialists, patent medicines, electric belts, all failed. I was distressed and spent hundreds of dollars in vain. Finally I consulted Dr. Kennedy & Kergan as the last resort. I had heard a great deal about them and concluded from the fact that they had been established over 25 years that they understood their business. I was delighted with the results. In one week I felt better and in a few weeks was entirely cured. Have gained sixteen pounds in weight."

Births, Marriages and Deaths
DIED.

CLARK—On Sunday at 12.10 a. m., Melvyn, infant daughter of Thea and Lillie Clark, Colborne street, aged three months.
The funeral took place to-day at 2.30 to Maple Leaf Cemetery.

RIDDLE—On Monday, Oct. 1, 1906, James T. Riddle, aged 29 years.
The funeral will take place from the residence of his mother, Mrs. Robert Riddle, Park street, at 3.30 to-morrow (Wednesday) afternoon.

LOCAL

Miss Maud Schwenker spent yesterday in Detroit.

Frank Matt, of Big Point, is in the city to-day.

J. Wright, of Dresden, was a city visitor yesterday.

J. R. Torrance, of Sarnia, was a city visitor yesterday.

Harold English has returned from a three months trip in the West.

Dr. H. O. E. Smith, of London, is in the city calling on friends to-day.

James Pritchard is at Pelee Island to-day on business for Park Bros.

Fine yellow free stone peaches \$2 per bushel at the King Edward Grocery.

Glasses lost on Saturday, a pair of rimless glasses, on Park street, or thereabouts. A reward will be paid at this office for their return.

The infant daughter of Mr. and Mrs. Thomas Clark, Colborne street, passed away yesterday. The funeral took place to-day to Maple Leaf Cemetery.

Mrs. I. E. Collins, of Owen Sound, left yesterday for Tacoma, Wash., where she will join her husband, Mr. Collins has been visiting Mrs. W. H. Moore, Richmond street.

Dr. Tharlow Miller, of San Francisco, who has been visiting friends and relatives in this city, left yesterday for his home. Mrs. Miller, who accompanied him here, will remain in the city for a while.

The schooner Ontario, now in port with a cargo of lumber for the S. Hadley Lumber Co., made a record trip on her way to this city. She travelled 180 miles in 19 hours. She leaves at five o'clock to-day for Richards Landing for another cargo of lumber.

A driver complained this morning about the wretched state in which Pattison avenue has been left by Board of Works workmen. The excavations for the intake pipes have never been properly filled and the street is full of holes as a result. A horse came near suffering severe injuries through a fall on this street yesterday.

Mr. and Mrs. Wm. Burdett entertained a number of friends at their home on Arnold street last evening in honor of their guests, Mr. and Mrs. Henry Burdett, of Walkerville, who are just returning from their honeymoon, which they spent in eastern points. The house was tastefully decorated for the occasion with flowers and hunting, and the evening was spent very pleasantly in dancing and games. Mr. and Mrs. Walter Moore assisted in entertaining the guests.

SPONGES

Don't sponge with a cheap article when you can obtain a good sponge at the same price. We have just received a fresh consignment of sponges.

SCANE BLOCK

THE LONDON CASE HE LOST A FINGER SIX MEN PERISHED

Evidence Taken That Substantiates Story of Jerry Collins.

Toronto, Oct. 2.—Evidence substantiating the story of Jerry Collins as to the bribery of voters in the London bye-election was given in the police court yesterday by Edgar Mulloy and Kenneth Clark, who swore they had received \$10 each for voting for Hyman. They implicated Wiley and Mulloy. John Cox had also received an envelope from Mulloy, while Alex Milne a deputy returning officer, swore that he had been instructed by Collins as to how to illegally fold the ballots.

When court opened these prisoners lined up when the charge of conspiracy was read: Wm. Mulloy, Wm. Service, Geo. Ardey, Daniel Wiley, George Reid and John O'Gorman. They all pleaded not guilty.

Mr. Robinette formally objected to the jurisdiction of the magistrate to hear the case, but was overruled.

A pollbook was filed as an exhibit by the crown. Initials indicate that 144 voted Hyman and 105 Gray, and other initials are taken to indicate payments to voters by Collins, Service, Mulloy and Sifton.

All Will Share Alike.

Yesterday Premier Whitney, discussing the situation, said:

"Whoever may be playing fast and loose in the matter, this Government is not. The case was reported to the Attorney-General's department, and the first I heard of it was when the Attorney-General, Hon. Mr. Foy, told me it had been placed in the hands of the prosecuting authorities."

"An immediate and full investigation was ordered—the only proper and consistent course to pursue, and the course I trust the Government will always pursue without any considerations of personal or political effect."

"In future let it be clearly understood that there is no intention to wink at allegations of electoral crookedness, be they from Liberal or Conservative. All will share alike."

WAS FOUND DEAD

A distressing accident occurred at Erieau yesterday, through which James Riddell, son of Mrs. Robert Riddell, Park St., lost his life. The deceased young man was working for Mr. Paxton on the new pier, and announced to the other men on the work that he intended to take a day's outing, and shoot ducks. He was found later in the day by his brother, lying on the ground, dead. It is supposed that the gun had in some way accidentally discharged, killing him. The remains were conveyed to this city, and the funeral will take place from the family residence to-morrow afternoon at 3.30. The deceased was 29 years of age, and was a young man of exemplary character. He had a most kindly disposition and was highly esteemed by all who had the pleasure of his acquaintance.

A CHILDREN'S SERVICE

The feast of the angels was celebrated to-day in the Big Point R. C. church. The blessing of the children took place, at which over two hundred little children were present. The service was a most impressive one and the children congregated in the church made a very beautiful sight. During the service the pastor, Rev. Fr. Prudhomme, explained the words of St. Mark, "Suffer little children to come unto me and forbid them not." The speaker also urged the parents to set a good example to their children and explained to the little ones that the Guardian Angel is ever present beside both young and old, and that the children should lead them to Heaven. After the service candy was distributed freely among the children.

EASY TO RETAIN HEALTH.

Most important of all is proper attention to the bowels. Avoid constipation, it's the health-killer of to-day. Harsh, gripping medicine is ruinous—beware of it. Best results follow a truly vegetable remedy, like Dr. Hamilton's Pills of Mandrake and Butternut, which not only relieve costiveness in one night, but cures the cause of the trouble and prevents its return. No distress or inconvenience attends the use of Dr. Hamilton's Pills, which are world famous for their mildness and efficiency. Sold everywhere, 25c. per box.

Not of Government Making.

Toronto, Oct. 2.—Premier Whitney stated yesterday that the report of a wholesale investigation of the various institutions for the blind and deaf in the province was founded on a much less extensive fact.

A. J. Russell Snow is going to be asked to investigate certain charges made at the Brantford Asylum for the Blind.

At Belleville, a woman has made a complaint about the treatment of her little girl, and Superintendent Matheson has requested to have an investigation which Mr. Snow will be asked to make, but the enquiry has not been prompted by the Government.

U. S. Wime Balloon Race.

Paris, Oct. 2.—A semi-official announcement of the result of the competition for the James Gordon Bennett cup for international aeronauts was given out last night, as follows: Winner, Lieut. Frank P. Lahm of America, with the balloon United States; second, Signor Von Willer of Italy, with the balloon Elfe; third, Count de la Vaulx of France, with the balloon Walhalla.

Peace Conference at Hague.

Rome, Oct. 2.—The convocation of the second peace conference at The Hague is being urged by Great Britain and also by Russia, the latter wishing to show that the internal situation in that country is again becoming normal and that in any case it does not affect her foreign policy.

Young Man In Tilbury Meets With Nasty Accident—Visit Of Bishop Of Huron

From Our Own Correspondent.

Tilbury, Oct. 2.—Pat. Brogan, of Quinn, lost a finger yesterday, and had his hand very badly cut, by an engine which he was running at Valetta. Dr. McColl attended to his injuries.

Misses Agnes and Janet Dusty returned yesterday from a visit with their aunt, Mrs. Eccles, in London. Andrew Keith, of Walkerville, was the guest of his brother, Gilbert, yesterday.

Miss Olive Mather returned on Sunday to Chatham, after spending a week with her parents.

Masonic lodge meets to-night. Mr. Thompson, of Detroit, spent Sunday with friends here.

The Public School Board held a business meeting last night.

The Bishop of Huron will conduct confirmation services in the English Church here some time during the latter part of the month.

Deepen Welland Canal.

Kingston, Oct. 2.—Before the Dominion Government commission yesterday, H. W. Richardson asserted that the bulk of the grain from the west coast be brought down the St. Lawrence by the deepening of the Welland Canal. Grain costs seven cents by Buffalo and New York, whereas it could be carried profitably by the St. Lawrence route for five cents, provided longer vessels could pass through the Welland Canal.

Slashed by Italian Gang.

Calgary, Alta., Oct. 2.—H. E. Hewitt, and Edward Cole two prominent ranchers, riding near Cochrane, were fatally stabbed Sunday by a gang of 30 drunken Italians. Cole was ripped to pieces so that his vital organs were exposed, while Hewitt was found with two inches of a heavy dagger imbedded in his spine. The mounted police arrested thirteen members of the gang. They are C. P. R. bridge workmen.

Fall From Car Is Fatal.

Toronto, Oct. 2.—Early yesterday morning Mrs. Frances Boland died in Grace Hospital, the result of a fall from a Belt Line car on Sunday night. Mrs. Boland lived at 493 Seaton street. She alighted from the car at St. Andrews street and fell on her head. Coroner Pickering will open an inquest on Thursday.

\$5,000 For Half His Time.

Winnipeg, Man., Oct. 2.—After a stormy session last night the city council agreed to terms with Cecil B. Smith, by which he will be engineer in charge of the municipal power scheme at a salary of \$5,000 a year. He is to devote half his time to the work and have a board of consulting engineers.

F. R. Hutton Dead.

Hamilton, Oct. 2.—Francis R. Hutton of the city assessment department died unexpectedly at his home yesterday afternoon. He was well-known all over the province, taking an active part in framing the new Assessment Act, and he was regarded as an authority on the subject.

OVERSEAS MAIL VIA CANADIAN PACIFIC RY.

The fact that the British Government has selected the Canadian Pacific Railway as the line over which the most important mails from and to the far east should be earned shows that the magnificent service which the C. P. R. is supplying to its transcontinental passengers has been recognized. The new train, which will be called the "Overseas Mail," will consist of baggage, mail, dining and sleeping cars, no day coaches being carried, the actual running time from coast to coast being ninety-three hours, making only twenty-four stops. The next "Overseas Mail" will leave Quebec October 26th, and run via St. Martin Junction, Smith Falls, North Bay and Winnipeg. For reservations and further information regarding this train call on E. Fremlin, C. P. R., 25 King street, in Opera House Block, Chatham.

COLD ENOUGH FOR AN

OVERCOAT

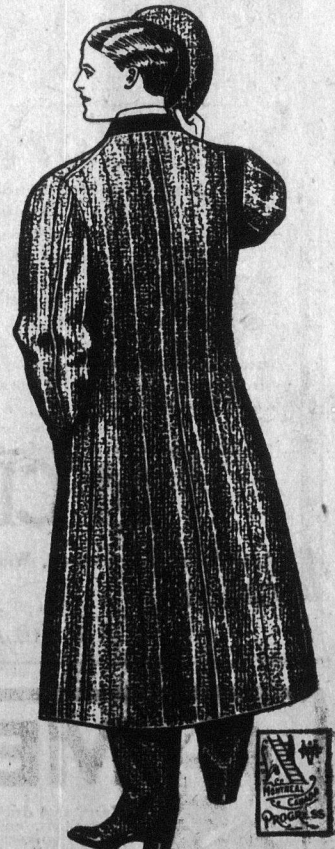

That's the thought that flashed through many a man's mind as he walked out of the house this last two mornings. Of all such we are impatient enough to ask: "Where are you going to get YOUR FALL OVERCOATS? If you are in the habit of having a tailor make it from your order you may be prejudiced against the kind that we have ready for you to put on. These long coats, raincoats if you like, were made to remove such prejudice. They have removed many, give them a chance at yours. Our prices range from **\$7.50 to \$18.50.**

Special \$7.50 Topcoat—Made from Novelty Pattern Tweeds with invisible overplaid 38 to 40 in. long, raised seams and long vent in back, all sizes, 34 to 42.

Austin Special 7.90 Raincoat—The coat that does double duty, makes an overcoat for early fall and spring and a raincoat for wet weather, in plain and fancy Oxford and olive shades. medium weight, long full garments, regular \$10 value anywhere, Austin Special \$7.90, all sizes.

Black Overcoats \$7.50 to \$18.50. The dress overcoat and the popular coat for this season, made in 40, 42, 44, 46, 48, 50 in. length, handsome meltons and beavers. It's a beauty; see it.

A Man's Middieweight Underwear. Now is the time for it. It is better for health and it is far more comfortable than to jump from thin to heavy underwear at one bound. In wool and merino—50c. to \$1.00 garment. All sizes.

C. A. Cooksley,
KING STREET

WAS LARGELY ATTENDED

St. Andrew's annual tea meeting
held in the church last evening proved
very successful, and the attend-
ance was unusually large.

Supper was served from six till
half past eight, and everyone present
was more than satisfied with the good
things which the ladies had prepared
for them. The attendants at the
tables were busy all evening.

The program, over which Mr. Fisher
presided, commenced at 8.15. The
various numbers were much appre-
ciated. The following gave addresses
and took part in the musical and
vocal program:

Addresses—Rev. Wm. Rutledge,
Rev. Rural Dean McCosh, and Rev.
F. E. Marlett.
Songs—Mrs. Bogart and Miss Car-
ter.
Piano solo—J. W. Wilson.
Duet—Messrs. Ross and Flora Mc-
George.

Three anthems were rendered in ex-
cellent style by the choir, "Fear not,
On Land," "Evening and Morning,"
and "Blessed Shall be Thy Basket in
Store." The solo parts in the various
anthems were taken by Miss Ross
and Mr. Coatsworth.

At the conclusion of the entertain-
ment, Rev. A. H. MacGillivray pro-
nounced the benediction, and all de-
parted for their homes highly pleased
with the evening's program.

Policy King Shoots Himself.

New York, Oct. 2.—Albert J. Adams,
formerly known as the "policy king,"
because of the prominence of his con-
nection with the conduct of policy
games in this city, committed suicide
by shooting himself in the head with
a revolver in his apartments in the
Ansonia yesterday. His health and fi-
nancial losses are believed to be in part,
at least, the cause for the suicide.

Girl Takes Poison.

Toronto, Oct. 2.—Lizzie Lafontaine,
whose home was at 17 Cornwell street,
drank carbolic acid early on Monday
morning, and died in the General Hos-
pital. She had been reprimanded for
staying out late.

Ambition is merely trying to do
the things we can't instead of those
we can.

IS YOUR TROUBLE INDIGESTION

Then probably you know the evils
of distention, fermentation and irri-
tation that accompany digestive
troubles. Next important is to know
how promptly Nervine cures. Quick
as wink it relieves bloating and feel-
ing of fullness, puts the entire di-
gestive apparatus in perfect order,
makes you feel fit and fine all over.
For internal pain, Nervine's
unusually every known remedy. Keep
it in the house always, it's a source
of comfort in the hour of emer-
gency. Large bottles for 25c. at all
dealers.

Gruesome Discovery.

Peterboro, Oct. 2.—As J. S. Clarke,
29 Union street, was digging in his gar-
den yesterday afternoon he discovered
a skull and a leg about ten inches be-
low the ground. The flesh was still
clinging to the leg. The police think
this may be evidence of foul play, and
an inquest will be held.

Deaf Mute Killed.

Windsor, Oct. 2.—Andrew Hamel,
aged 63 years, a farmer of Belle River,
was instantly killed by a Wabash Rail-
way freight train Sunday night. Mr.
Hamel, who was a deaf mute, was
walking on the track.

'Phone Competition in Lindsay.

Lindsay, Oct. 2.—Lindsay is to have
competition in the telephone busi-
ness, the Town Council last night passing
a bylaw granting a 21-year franchise to
the Canadian Machine Telephone Co.
of Toronto.

Grand Trunk Blamed.

Guelph, Oct. 2.—The verdict of the
jury to investigate the death of Engi-
neer Farley in head-on collision near
Gourcock blames the Grand Trunk, and
points out need of certain legislation.

Sultan's Birthday.

Constantinople, Oct. 2.—U. S. Am-
bassador has again been postponed, in
view of the fact that the Sultan's birth-
day is celebrated Oct. 3 and is always
succeeded by a religious festival.

Killed By Pilot Engine.

Thorold, Oct. 2.—William Bradley,
lock tender on the new Welland Canal
at Merritt, was instantly killed early
yesterday morning by being struck by
a Grand Trunk pilot engine.

Took Paris Green.

St. Thomas, Oct. 2.—Duncan Lamont
of Kintyre committed suicide by tak-
ing Paris green yesterday. He had
been in London asylum, but was
brought home Saturday.

Strike Grows Larger.

Port Arthur, Oct. 2.—The strike
here assumed larger proportions yester-
day afternoon when the men em-
ployed at the Canadian Northern ele-
vators went out.

FALL IN LINE FOR FALL COATS AND HATS AT THE GORDON STORE

Noted for being a Leading House for Ladies' Wear. We will continue to
surpass ourselves. This time we make special mention of Our Coat Department,
filled with the very latest in Ladies' and Misses' Fall and Winter Coats. In color
and cut there is an improved and striking change from former seasons. The
styles are very imposing and becoming to almost every ladies' figure and form. We
have selected them with the greatest care from the best the manufacturers can pro-
duce, and from our past experience can guarantee our customers every satisfac-
tion. Our prices are always right.

FOR STYLISH FALL MILLINERY

Fashions famous demands continue in Gordon's Millinery Department. Our hats are more worn on
dress occasions than ever. The change of style this season is a marked departure from the past one, and
brings into prominence new and peculiar attractive shapes and trims. Those of French origin are espe-
cially unique and high grade. See our rich variety in shape and color in Mushroom Hats, Picture Hats,
Sailor and Outing Hats.

DRESS GOODS DEPARTMENT.

Time and money you will assuredly save when you buy of us. Our present stock cannot be sur-
passed in any way. SEE THOSE TARTAN PLAIDS—the pride of old Scotia—50c, 75c, \$1.00
COAT BARGAIN TABLE—A large prime and cut price lot to select from.

William Gordon

NEW ZEALAND EXHIBITION

LOW RATES

To the many attractions of New
Zealand as a tourist and pleasure
resort is this year added that of the
International Exhibition, to be held
at Christchurch, the second city of
the colony, from November, 1906, to
April, 1907.

Canadian products will be much
in evidence, and it is expected that
a large number of Canadians will take
this opportunity of visiting "Maori-
Land," that interesting country of
which most people have heard so
much, and in reality know so little.
Mark Twain's opinion that New Zea-
land "was somewhere near Australia,
and you got over to it by a bridge,"
is shared by a great majority, who
have never experienced the steady
steaming across the wide Pacific ne-
cessary to bridge New Zealand and
her neighbor. The Democratic Gov-
ernment, unique and progressive
legislation, state controlled indus-
tries, from railroads to coal mines,
have made New Zealand so well
known, as has its natural beauty, its
hot lakes and geysers, outwelling
the Yellowstone, its lovely semi-
tropical bush, with graceful palms,
and tree ferns, and gorgeous wild
orchids everywhere, its majestic
wild scenery and its truly need
to be seen to be appreciated. The
climate is certainly the best found
south of the line, and as the exhibi-
tion is from November to April, cov-
ers the best of the summer months,
visitors need not fear bad weather.
If you have ever contemplated a trip
to the Southern Seas, "do it now,"
this is a good opportunity.

Special reduced rates for the ex-
hibition are offered by the Canadian
Pacific Railway, with its ocean con-
nection, the Canadian Australian line
of royal mail steamships. Through
rates from Toronto right to Port
Lyttelton, N. Z., and return are
\$18.90 first class throughout, and
\$34.90 first class rail and second on
steamer; tickets good sailing from
Vancouver on Oct. 12th, Nov. 9th,
Dec. 7th, 1906; Jan. 4th, and Feb.
1st, 1907, good to return to Van-
couver within six months. These
steamers call at Honolulu, and pass-
engers can tranship at Savai, Fiji,
if they wish, instead of reaching New
Zealand by way of Sydney, N. S. W.
Splendid accommodation is provided,
with a fine table and attendance,
and at this time of the year a smooth
passage is a certainty. Further par-
ticulars and literature gladly fur-
nished on application to E. Prem-
ier, C. P. A. Canadian Pacific Rail-
way, Opera House Block, Chatham,
or C. B. Foster, District Passenger
Agent, C. P. R., Toronto.

Vulgarity No Irish Trait.
There are certain nations that have the quality of vulgarity strongly in the blood, and indeed it seems to testify to a strong and full blooded vitality, a desire for self assertion, and thus we may expect to find vulgarity dogging like a shadow the footsteps of strong, capable and pushing nationalities. But there are certain nations that have been accused of many faults that yet have never been accused of being vulgar. The Irish are a case in point. They have been accused of levity, of undue conviviality, of frivolity, of a tendency to romance, of untrustworthiness, of irresponsibility, but they have never been accused of vulgarity. There lies deep in the Celtic temperament a rich vein of emotion, a strong relish for the melancholy side of life. It is on this that their incomparable sense of humor is based, and it may be said that no one who feels at home with melancholy, who luxuriates in the strange contrast between the possibilities and the perfections of humanity, is in any danger of vulgarity, for one of the essential components of vulgarity is a complacent self satisfaction, and if a man is apt to dwell regretfully on what might have been rather than cheerfully upon what is there is but little room for complacency.—A. C. Benson in Atlantic.

SIMPLE CATARRH REMEDY

Take a Hyomei Treatment Four Times a Day and be Cured.

Hyomei has performed almost miraculous cures and today recognized by leading members of the medical profession as the only advertised remedy for this disease that can be relied upon to do just what it claims.

Until recently your physician would have said the only way to cure catarrh would be to have a change of climate, but now with Hyomei you can carry a health-giving climate in your vest pocket and by breathing it a few minutes four times a day, cure yourself.

The Hyomei treatment is simple and easy to use. It destroys all catarrh germs in the air passages and enriches and purifies the blood with ozone. When using Hyomei the air you breathe will seem like that on the mountains, high above the sea level.

A complete Hyomei outfit costs but \$1.00, extra bottles, 50c. You run no risk whatever in taking this reliable treatment.

For sale by all dealers. The R. T. Booth Co., Buffalo, N. Y.

A Funny Incident.
When Senator Wolcott first went to Colorado he and his brother opened a law office at Idaho Springs under the firm name of "Ed Wolcott & Bro." Later the partnership was dissolved. The future senator packed his few assets, including the sign that had hung outside of his office, upon a burro and started for Georgetown, a mining town farth up in the hills. Upon his arrival he was greeted by a crowd of miners who critically surveyed him and his outfit. One of them looking first at the sign that hung over the pack, then at Wolcott and finally at the donkey ventured, "Say, stranger, which of you is Ed?"

Minard's Liniment Cures Diphtheria.

"For Sale Cheap"
By C. H. SUTCLIFFE
Copyright, 1906, by C. H. Sutcliffe

"Why don't you fellows," wrote Burt Henderson to young Weaver and Knowlton of Columbia college, "hire an auto some Saturday and come down here to see me? The old folks will make you welcome, and my sister Annette, of whom you have heard me speak, is home now. Arrange to stay over Sunday with us. We'll have a bully time."

Young Henderson was still living with his parents at their country house on Long Island and had been chummy with the two men during his days in college. The invitation was alluring. Each of the sophs had taken lessons in running an auto, the Long Island roads were known to be good, and at the end of the run was a handsome girl, as they knew by a photograph they had seen.

It was a rare chance to get out of town and do a lot of other things besides, and on a certain Saturday morning of a certain June an auto might have been seen speeding two rather hilarious young men up the island roads. The garage man had been particular when they went to hire the machine. They confessed to being timid about speed, but felt perfectly confident on all other points, and after displaying their knowledge in a practical way he had placed them in charge.

The destination was thirty miles from Brooklyn, but at a steady jog this might have been covered by noon had not something happened to prevent.

As they were passing through Jamaica, the journey only just begun, a handsome young lady emerged from a house, stepped into a steam runabout and, acting as her own chauffeur, started off at a fast clip.

"By George, but did you ever see anything to compare with her?" gasped young Weaver, who was noted as impressionable.

"Handsomest girl I ever saw," was the reply.

"Did you notice that look she threw at me?"

"It was meant for me."

"You go on! Say, I'd give all I expect to get from my grandmother's estate to know that girl. What eyes! What hair! As her eyes looked into mine for an instant I—"

"She was looking into mine, and there was a roughish, defiant look in them as if she dared us to follow her."

"By George, but come to think of it, we ought to follow her anyhow. No woman has any business driving a machine. Suppose a tire may meet a train at a crossing, run into a ditch or have something else happen. If we are on hand we can assist!"

More speed was put on to decrease the distance and the young lady looked back as she heard the chugging of the big machine.

"She's surely flirting with me!" gurgled young Weaver as he clasped his hands.

"You dolt!" replied young Knowlton. "She doesn't know that you are on earth. Isn't she skimming along pretty fast?"

"Seems to me she's let out a link. This is faster than we ever drove before, but we've got to take chances or lose that girl."

The girl in the runabout had several ideas on the subject in hand. One was that the two young men behind her were new to the sport. Another was that they had left the direct road in order to follow her. The third was that she would be revenged on them. She rattled along at a high speed for a mile and could see without turning her head too much that the big machine was wobbling badly and being driven by a trembling hand.

On coming to a quarter of a mile farther on, she chose the roughest way. The light-weight runabout seemed to sail over the humps and ruts and washouts, while the larger machine had to slow down and bump its way along.

"If we lose her I'll commit suicide," said young Weaver as he hung on for dear life and grew paler every minute.

"Don't you fear that I will lose her," grimly replied Knowlton. "This is rather bumpy, but I'll stand ten miles of it for another look from those blue eyes."

"Her black eyes, you mean?"

"I mean blue. If I ever take you out into the country again may I be hanged."

"Ditto. Because a handsome girl takes it into her head to flirt with me a bit!"

But the rest was lost in the bumping. The girl could have dropped them on that bit of road, but she made no effort. When they debouched into the main road she was in sight and jogging along at an easy pace. She had led them seven or eight miles out of their road before they realized it. Each was wishing the other would throw out a hint about abandoning the chase when the runabout turned into a highway that was not macadamized. It was heavy with sand, and the auto groaned and complained as it made the steep hills.

"If she wasn't the best looking girl I ever saw," began Knowlton.

"If she hadn't dared us to follow her," replied Weaver.

Then there was a scream ahead of them, and a tire was seen to leave one of the wheels of the runabout and the machine to come to a standstill.

"Ye gods, but what luck for me!" whispered Weaver.

"Say, now, if you don't let me do all

the talking I'll break your neck!" replied Knowlton.

When the auto came up, the girl was down on her feet inspecting damages. It was easy to see that the machine must be got home by some motive power beyond its own. There were too many stony spots on the highway to run it on the rim of the damaged wheel. Mr. Knowlton at once introduced himself and companion and tendered their services.

They found the young lady even better looking than they had given her credit for. She was not at all embarrassed over the meeting. She was chatty and vivacious, and in five minutes' talk she made them realize that she knew twice as much about an auto as they did. One thing the boys forgot until afterward. They gave their names to her, but she did not reciprocate. It was decided that the damaged machine must be drawn to the side of the road and sent for later on, while the auto was to convey the girl to her home, a distance of fourteen or fifteen miles. Why she had gone out of her way she didn't explain, and the boys didn't ask.

"As I am used to autos I shall ask the privilege of acting as chauffeur," announced the young lady as she was ready to get in.

This seemed like a reflection on the abilities of the young men, and they were hesitating over it when Miss Blank took the matter in hand. There was room for one of them beside her, and both jumped for the place at once. There was a struggle, but shame soon came to both and they humbly climbed into the rear seat and glared at each other and mentally threatened murder at the first opportunity. They soon discovered that the young lady was no vain boaster. She turned the machine about with a whizz and started off at a speed that had not continued for five minutes when young Knowlton felt compelled to lean forward and say:

"This is certainly exhilarating, but do you think it altogether safe?"

"This isn't twenty miles an hour," was the reply as the machine sailed around a curve on three wheels.

Three minutes later Mr. Weaver, whose face was growing as white as chalk and his teeth clicking together, managed to make the young lady understand that he was troubled with palpitation of the heart at times.

"Best remedy for it in the world," she replied as the machine struck a road as level and hard as a floor, and she increased the speed.

The young men instinctively clasped hands and said farewell to each other. They didn't dare reach over and twist the wheel out of the driver's hands, and yet they realized that a calamity must soon happen. A word from her might have prevented what followed, but she was intent on the road ahead.

Of a sudden, as they came upon a long strip of hazel bushes, both stood up and jumped for it and landed among the bushes with a crash.

The auto did not stop. If the girl missed them she was not concerned. They picked themselves up after a while and limped out to the road in time to make inquiries of a passing team. They walked two miles and then hired a farmer to drive them six more, always inquiring for an auto driven by a girl. At length, as they drew near a manor house embosomed in a grove, young Weaver exclaimed:

"Say, now, it's dollars to cents that this is the house we were bound for—the Henderson place!"

"And if that isn't the young lady we have been chasing may I never eat again!" replied Knowlton as he nodded at a girl on the veranda.

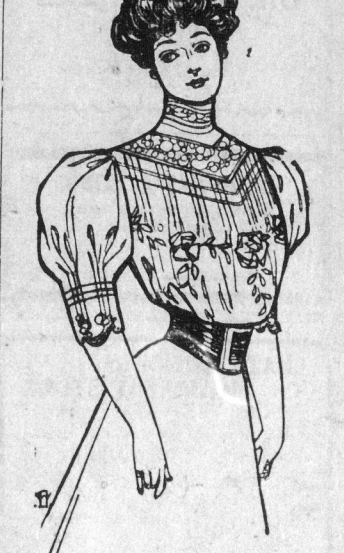

In front of the house was an auto tied to the fence with a rope. It was their auto. Hung in a conspicuous place was a sign reading, "For Sale Cheap." The young men did not stop to ask any questions. If their friend Burt was home they did not want to see him. If his sister Annette was home they did not want to see her. All they wanted was to get back to New York by the shortest route.

Vulgarity and the Sexes.
Vulgarity is certainly commoner among men than among women, and, indeed, when a woman is vulgar she is apt to display the quality in high perfection. The reason why it is rare among women is that the emotional nature is stronger among women than among men, and thus where men are ambitious, fond of displaying power, anxious to carry out designs, desirous of recognition, women are sympathetic, tender, affectionate, subtle; they value relations with others more than performances, they are interested in the person who desires sympathy more than in the aims which he nourishes. If one's main interest in life is in the personalities that surround one, one is not likely to be tempted by vulgarity, because the essence, again, of vulgarity is that it tends to affix an altogether fictitious value to material things. A man who pursues wealth, comfort, power, position, is always in danger of vulgarity.—A. C. Benson in Atlantic.

Peril of Erving Soldiers.
"Strange as it may seem," said a former colonel of a Manhattan regiment, "members of state military organizations will continue to violate duty calls while knowing full well that by so doing in certain instances they render themselves marked men for life. The fact is probably not generally known among citizens that a dishonorably discharged militiaman is forever barred from holding public office, whether this applies to the municipality, the commonwealth or the federal government. I know of some cases where men with dishonorable discharges have fallen to speedy ruin upon full realization of the serious consequences attaching to conduct unbecoming a soldier."—New York Press.

BOOTS AND SHOES.
Colored Shoes Not For Women With Large Feet—Irish Lace Slippers.
Girls whose feet are not of the small proportions will do well to leave colored shoes severely alone. Brown and black shoes are by far the safest mode for a girl who takes any size bigger than a small four. There is something very fascinating about a tiny red shoe peeping out beneath a white muslin frilly frock, while blue footwear allied to a blue gown is almost equally as dainty, but the whole effect becomes absurd if the foot is not built on the smallest lines.

The craze at present for evening shoes of Irish lace mounted over pale

EMBROIDERED BLOUSE

colored satin is one of the chief features of the season, the heels being carried out in colors to correspond with the linings, while solitary paste buttons take the place of bows. Brocade slippers for boudoir wear carried out in the richest brocade in old French patterns represent another fancy.

To darken brown boots they must be brushed with a weak solution of ammonia or soda in warm water. After drying apply with a brush a warm solution of bismark brown, repeating till desired shade is obtained. Unlined oil will also darken. Finish with clean tallo or mutton fat, stiffly brushing.

Tan boots may be renovated by mixing a little ammonia water with half a pint of milk and bottling it. Shake well, apply with a sponge and allow to dry and then polish with a soft duster.

The lingerie blouse illustrated is tucked in tiny groups to form a point at the yoke. Below this point is an elaborately worked design.

WHIMS OF THE DAY.

A New Feature in the Dress World.
Princesses Basting Seals.

Real hand painting on silk is an important feature in the dress world. Flower patterns are almost invariably chosen and the most fairylike effects are obtained. The silk treated in this manner is generally applied in the form of panels or insertions for evening

gowns. Medallion insertions of hand painted mouseline de soie or chiffon are likewise introduced on lace dresses.

A delightful dancing frock for a young girl is of painted muslin. The design is in pale yellow roses and foliage and hemmed with soft ivory duchesse satin. Above the hem are such wide flutings both of muslin and satin.

New lines for suits and dresses and a dozen purposes now come bleached instead of the half bleached kinds formerly used.

So popular is the princess model that even the bathing suits are being made up after that style, and so faithfully has it been copied that with the exception of the abbreviated skirt there is comparatively little difference noted.

The new watches are gayly enameled to match the gowns. Colors that do not harmonize with sartorial outfit are not smart. The works are less important, the time keeping qualities not generally considered if tones blend.

"Colibri," or hummingbird, is the newest shade of pink. It has a soft, doll tone with a suggestion of brick red in its makeup. In soft silk it is very effective trimmed with venetian lace or point d'elancón. It is much used for summer evening clothes.

The pinafore frock illustrated is developed in the fashionable blue and white pique silk. Little quillings of plain blue silk are effective as trimmings.

SURPRISE SOAP

A PURE HARD SOAP

NAIL CHARACTERISTICS.

They Are an Aid in Diagnosis of Diseases and Traits.

It is said that the moon at the base of the nail is simply an indication of good health and excellent circulation, while the white spots are always the accompaniment of an impaired nervous system. The common idea that an external application of vaseline will cure the white spots is erroneous, and those afflicted with the little "story tellers" would far better turn their attention to securing perfect physical health in the assurance that the spots will disappear with improved circulation.

It is not possible to create moons at the base of the nails. Frequently the moon is there, but through negligence it is covered by skin, which without attention will grow upward over the base of the nail.

It is not generally understood that the shape and appearance of the finger nails are carefully considered and form an important factor in the diagnosis of disease. Long nails are said to indicate physical weakness and tendency to lung trouble, and this tendency is aggravated where the nails are corrugated and yet more aggravated if they curve from the top back to the finger and across. Where the nails are long and bluish they indicate bad circulation. This same type of nail, but shorter, denotes tendency to throat affection, bronchitis and the like.

Short, small nails indicate heart disease. Where they are short, flat and sunken you may look for nervous disorders. The short nailed woman will criticize her friends and her foes, but she will criticize herself with the same severity. She is apt to be sarcastic and sometimes so quick at repartee that she appears almost brutal. The best dramatic and literary critics possess this type of nail.

Gold.
The first mention which we have of gold is in the eleventh verse of the second chapter of Genesis, or, in other words, 4,004 years before Christ. Gold was used as money by the ancient Egyptians at a very early date. Herodotus tells that the invention of the coinage of gold belongs to Lydia, about 750 B. C. Authorities conflict about the first coinage of gold. Some say it was Miletus and some the Persians, but there are no records to show just when.

The Just.
Banaram of Persia bore the enviable title of the Just. The righteousness of his decisions was seldom called in question. This title has been conferred on several monarchs, among them being Casimir II. of Poland, Ferdinand I. and James II. of Aragon, Haroun-al-Raschid of "Arabian Nights" fame, Khosron of Persia, Louis XIII. of France and Pedro I. of Portugal.

GIN PILLS FAIL TO CURE

Even after you buy GIN PILLS, your money is yours until you say that GIN PILLS have done you good. Every box of this famous Kidney Cure is sold with a positive guarantee that the pills will give welcome relief from Backache, swollen Hands and Feet, Burning Urine, constant desire to urinate, and all other kidney and bladder troubles. If you buy 50c for a box of GIN PILLS, and do not honestly believe that they have done you good, and are curing you of kidney or bladder trouble, return the empty box to your druggist and he will refund your money. And because we know that you want to be cured your money shall be refunded.

WALKER, Ont., Feb. 28th, 1906.
Adolph Wilsch, one of my customers, says of his pills:—"I have used all the different kinds of kidney pills and tried several doctors, but none of them did me any good. I got a box of GIN PILLS, and since have used 4 boxes and am completely cured."

Peter McDermid says:—"They are the best kidney pill I ever used, and I would recommend anyone to buy them."

C. W. CRADDOCK, Druggist.

Buy GIN PILLS on our positive and unconditional guarantee of money back if they fail. Send us your name and address, mentioning in what paper you saw this offer, and we will send you a free sample box of these famous pills at once. Sold by all druggists at 50c a box, or 6 boxes for \$2.50.

WE SELL DRUGS CO. - WINNIPEG, MAN.

Laundry With Clean Apron.

Never allow your laundress to iron unless she is wearing a clean apron or a clean cotton dress. An old cloth dress is bound to be dirty if not germicidal, and no particular woman wants her clean underwear or table linen to be rubbed against such a dress as she works.

However, this is exactly what happens if you are not careful to observe and insist on such cleanliness.

Minard's Liniment Cures Garget in Cows.

A Darning Help.

Try filling up a big hole with a bit of coarse net when you are darning the stockings of the young hopeful of your family, who goes through stockings with a superb disregard of the wear-some stitches somebody else has to take in consequence of his carelessness. Then darn back and forth, taking your stitches in and out of the net, yet darning as closely as you do ordinarily. He'll have trouble to wear that darn out.

TRADE MARK REGISTERED.

The British Toastmaster.

The British banquet differs from the American only in that the chairman presides, but does not keep order or announce the toasts. That is attended to by a professional toastmaster, who is a large person with a volcanic voice. While the guests are assembling he stands at the doorway and announces the names of the arrivals, who are then greeted by the chairman and passed into the push. When the guests are seated he takes up his station behind the chair of the presiding officer and commands order in these terms:

GAS MATTER LAID OVER

Council Decides To Take More Time To Consider Natural Gas Tenders

DEFECTS IN THE MARKET

The Council meeting last evening was a busy one. The members did not sit long, but they kept things moving while they were there. Many interesting matters were brought up, and probably the most important one was the natural gas franchise. The Council very wisely decided to give the matter a little more consideration, before finally granting the franchise. This is the stand maintained by this journal, and the ratepayers will agree that the Council will make no mistake in giving every feature of the question the utmost attention and consideration. All feel that the matter is one of the most important ones brought before the attention of any Council.

The Separate School Board was granted \$500 in answer to a request for this amount.

BASEBALL TROUBLES.

Ald. Stone brought up the matter of the breaking of the glass in the armory on the park. He said that the baseball boys had refused to pay the bill, and he did not know what to do with the account. It amounted to \$12.75. When it was presented to the Council at the last meeting it was \$5.60, and since that time, some more glass had been broken. The matter was referred back to the committee to bring in a report.

DANGEROUS WALKS.

The engineer reported on the following dangerous walks: One on the north side of Wellington street, one on the south side of Selkirk street, and one on the south side of Park street. Referred to the Board of Works.

A petition for a granite walk on the north side of King street from the Rankin dock to the power house, was referred to the Clerk to report. SENT BACK TO SCHOOL BOARD.

An account was presented from Bright & Fielder for a granite walk in front of the Central school. The amount was \$122.75.

Ald. Keadley moved that the account be paid.

The Clerk—How is this account to be charged? Shall I charge it to the Board of Works account? The School Board has refused to pay the account and have referred it back to the Council.

The Mayor—Who authorized this work to be done?

Ald. Edmondson—I don't know anything about it. I suppose it will have to be charged to the Board of Works account.

Ald. Benson—The chairman of the Board of Works has a poor memory at times. I met the chairman of the Public School Board and Mr. Plewes and they asked me if the work could be done. I telephoned Ald. Edmondson and asked him his opinion, and he said to go ahead and have the work done, and it was done. The work beautifies the city, and is a benefit to the citizens, and I think they should pay for it.

Ald. Potter—Let it be charged to the chairman.

Ald. Edmondson—What Ald. Benson says may be true. I do not remember. I am willing that the account be paid out of the Board of Works estimate.

Ald. Austin—I think that the School Board should pay for this work, out of their \$19,000 debentures. The Board of Works has no power to pay it. The School Board is the only body with any money to spend.

Ald. Austin moved in amendment that the matter be referred back to the School Board.

Ald. Edmondson—I do not feel like repudiating anything, and I am perfectly willing that the amount be paid out of our estimates. We will have a surplus anyway.

Ald. Austin—If we do this there will be other corporations holding us up in the same way.

The amendment carried and the account will be sent back to the School Board.

SALE OF MARKET SPACES.
The treasurer reported the sale of the market spaces. The total amount was \$117.50, \$199.75 of which was paid down and the rest will come on Saturday next. Ald. Potter explained that this was considered a satisfactory sale.

A. T. Mounteer tendered his resignation to the Council as Sanitary Inspector. Received.

ACTION FOR DAMAGES.
A notice was received that Mrs. Rose Matt intended to sue the city for damages received by a fall on Kent street. It was claimed that the accident was due to a defective sidewalk. Referred to Finance.

The Mayor warned the Board of Works that all defective sidewalks should be repaired at once. If they are not repaired they should be thrown out altogether.

on the batter, etc., below. The floor is leaking badly.

The Mayor—This is a nice state of affairs in a new building.

Ald. Potter—My attention was drawn to this matter, and I found it would cost about \$800 to repair this floor. The tenant in the second floor are only going to be there for a couple of months, and it would not pay the city to make this expenditure. If the people can get along for a couple of months, the trouble would be at an end.

The matter was left with the Property committee to look into and report.

Bright & Fielder presented their account for work done for the Pere Marquette on the street. They were referred to the railway company.

NATURAL GAS FRANCHISE.

Ald. Scullard, for the special committee to consider the granting of a natural gas franchise, reported progress. It had been the intention of the Council to act on this matter last night, but they had reconsidered the matter and had decided to take a little more time in considering the different propositions. They had received six applications, and the committee had got down to two of them. Still they were not in a position to act. One of the two was all right in one respect, and the other was all right in another respect. They thought it wise to leave the matter over until the next meeting.

Ald. Edmondson—The committee met this afternoon, and had made a report which was favored by seven to three. I move that the report as read in committee be read now.

Ald. Stone was not in favor of opening the matter up. It had been decided to committee to leave the matter over until the next meeting.

Ald. Edmondson got no second to his motion.

ONE TENDER TOO LATE.
Ald. Austin reported that he had received a tender that afternoon on the street, and the advertised time for receiving tenders was noon Monday. He wanted to know if the Council intended to consider this tender. It was decided to throw it out, and will be returned unopened.

Ald. Potter—I think the Council is wise in coming to the conclusion that it is wise not to go too fast in this matter. I only wish that we had even more time.

Ald. Stone called the attention of the Property committee to the need for a hydrant on Wade street, and a light on Jeffrey street. Ald. Potter will consider the matter.

A DARK SPOT.

Ald. Scullard pointed out a dark spot on Victoria avenue, and asked if there was any chance of getting a light there. If there was not, he would like to see a gas lamp there. If the Council would put up the lamp the citizens in that locality would see that it was kept lit.

The matter will be considered by Ald. Potter.

BADLY NEEDED PAVEMENT.

The petition for a bituminous pavement on the west end of King street was brought up. The pavement extends from the Rankin house to Pagott's office.

The solicitor gave his opinion that the city could put the pavement down as the street was in a bad condition and the estimated cost of the present pavement, although the work is not yet paid for, expires before July, 1907. The work is badly needed, as the street is in a dangerous condition.

The matter will come up at the next meeting of the Council.

The Property committee will bring in a report as to whether a bell or a clock will be placed in the new market building.

SITUATION IN EAST ELGIN

W. F. Heppburn Denies The Story Of Keeping Immoral Company

REASON WHY HE RETIRED

Aylmer, Oct. 2.—Evidence, flatly contradictory, was given before Magistrate Hunt yesterday in the charge against D. Butler, proprietor of the Orwell Hotel.

Why He Retired.

Heppburn was put through a two and a half hours grilling by W. K. Cameron, crown counsel, who asked him if the charges preferred by Butler were responsible for his retirement from the election contest. Heppburn refused to answer until the magistrate ordered him to. Then he said it was not because of the charges, but owing to the scandalous stories circulated.

Pressed if that was the only reason he again declined to answer.

Boughner's Story.

The first witness was Mahlon Boughner, Orwell, who lived about 40 rods north of Orwell for 40 years. He said Butler, on Aug. 30, had told him that Heppburn had stopped with a woman (Mrs. Gilroy) about the 2nd of August.

Mr. Cameron handed witness a piece of paper containing a statement that he had seen Butler write, which said that on the 1st of August Heppburn came to his house at 6.30 p. m. and put up. Afterwards two women came to the house and went upstairs without his knowledge. Heppburn went to a room with one of them and remained until about 1 a. m. Heppburn drove away with her and came back and stayed with the other. Butler told witness that Heppburn called for a drink between 12 and 1 a. m. Butler said he went to the room to take the drinks to Heppburn and found him with a woman. He ordered him out.

In cross-examination by Andrew Grant, witness said that Heppburn and Butler subsequently called at his house after midnight and asked him to have this held back until after the election. No money was offered him.

Butler testified that Heppburn had ordered a bottle of whiskey at 9.15, and at midnight called for more drinks. Then Butler ordered him away. He did not know the women, but was told they had a bad reputation. Heppburn had promised him "anything" after the election if the matter was kept quiet. No one had ever offered him money to lay the charges.

Heppburn Denies.

W. F. Heppburn, the late Liberal candidate in East Elgin, took the stand at his own request.

He said he reached the hotel about 7.45. He went to bed about 9 o'clock. He got up the next morning about 8 o'clock. He saw no one between the time he went to bed and when he got up. He knew one of the women and saw her in the morning, but that was all.

Butler had threatened that unless he paid him \$500 he would "howl him out" at this election. He admitted going to Boughner's with Butler at Butler's request in reference to the two women. Butler giving him to understand that he was about to be prosecuted for keeping a disorderly house, and that he wished Heppburn to protect him. Boughner said he had been to see the inspector and Brower for the purpose of protesting Butler. Either Boughner or Butler said that the one or the other could fix the inspector. Heppburn was told that as he was at the hotel that night suspicion would point to him.

Witness said he would not give any money in consideration to settle the affair, that he had nothing to do with it, and that the inspector could go ahead with the case so far as he was concerned.

Butler and witness then proceeded to the hotel, where the matter was again discussed in the presence of a man named Kaiser, who was lying on the lounge. Butler said that if Heppburn did not pay \$500 that he (Butler) would associate his name with the women.

Butler had further said that he had been offered \$1,000 by Marshall and his party to put up this job on witness. Witness replied that it was a contemptible plot of blackmail, and that he would not give him a cent. After that Boughner and Butler came to Port Stanley and there Butler demanded money from witness. He replied that he would have nothing more to do with either of them.

Heppburn claimed he did not know the nature of the charge until he heard it yesterday.

One of the women said to be implicated is a Mrs. Stringer of Aylmer. She believed to be now in St. Louis.

Court adjourned until to-day at 2 o'clock, when the case will likely be concluded.

Killed in Mill Shaft.

Brookville, Oct. 2.—W. Capron, an employee of the Norwood Paper Mill, was accidentally caught in the main belt and whirled rapidly around the shaft. His body was mangled and torn, his head being crushed to a pulp. His neck was broken, and death was almost instantaneous.

Escape At Railway Crossing.

Belleville, Oct. 2.—While driving across the railway tracks at Trenton yesterday afternoon Wm. Penny was struck by an express train and thrown some distance. His leg was broken, but he suffered no other injury. The rig was smashed, but the horses escaped.

Drowned in Blind River.

Ottawa, Oct. 2.—Jean Bonnevillie of Hull was drowned at Blind River on Thursday last. He was a shanty man employed with Cook Bros., and fell out of a canoe.

Chesley a Town.

Chesley, Oct. 2.—Chesley became a town yesterday. It was incorporated as a village in 1879. The present population is 2,019.

ALD. EDMONDSON TAKES FLOOR

Continued from Page 1.

practice of this principle is right in the Council Chamber."

Ald. Benson agreed with this. He did not believe in making statements which could not be verified.

Ald. Stone—What about the rash statement made by Ald. Edmondson about the deficit in the Cemetery Department?

Ald. Edmondson—That deficit is there and either Ald. Stone or Ald. Potter, who was chairman of the committee last year, will have to stand for it.

Ald. Potter—Through that deficit we have a good house at the cemetery, and no one regrets the expenditure. If Ald. Edmondson will attend to the affairs of his own department he will not have time to bother with other departments.

Ald. Edmondson—That is what I was thinking about you.

This ended the discussion, and the feeling was that unless Ald. Stone comes to the next meeting with some sort of proof, that his charges were gathered up from street talk, and should never have been made. It has before been openly charged that Ald. Stone made the charges merely as a "grand stand" play. If this is true, his present position is by no means an enviable one. Gallary play does not appeal to the best thinking class of people.

HAVE YOU PILES?

Dr. Leonhardt's Hem-Roid is an internal remedy that entirely removes the cause of Piles, and cures to stay cured any case, no matter how long standing.

If you have Piles, and Dr. Leonhardt's Hem-Roid will not cure you, you get your money back.

A thousand dollar guarantee goes with every bottle of Hem-Roid sold. If you want a perfect and permanent cure, ask for Dr. Leonhardt's Hem-Roid, the guaranteed remedy. All druggists, \$1.00, or The Wilson-Flye Co., Limited, Niagara Falls, Ont.

Who overcomes by force overcomes but half his foes.

Let Me be Your Baker?

Butter-Nut Home-Made Boston Brown

E. A. Mounteer,

How men are abused! Yet is it not a fact that you know a dozen good men to every unreliable one?
