

# McALLISTER ELECTED

In Legislative Building

## PARLIAMENT TONIGHT

Tonight ceremonies will take place to officially open the UNB Model Parliament. Speaker of the House Prof. Hugh Whalen will administer the signing of the Oaths of Allegiance and President Colin B. Mackay will act as Governor General to read the Speech from the Throne. Parliamentary procedure will be followed closely in the various Notices and then the Reply to the Speech from the Throne will be moved and debated.

The government will introduce two bills, the Liberal opposition one, and the Secreds one in the ensuing Saturday morning and afternoon sessions. It is expected that a lively debate will follow each motion.

The Progressive Conservatives have announced their Cabinet to be as follows: Prime Minister, David MacKeen; Secretary of State and House Leader, Elsworth Briggs; Minister of Finance, Eric McAlary; Minister of Trade and Commerce, George Bastin; Minister of Transport, Dick Steeves; Minister of Natural Resources, George Hayes; Minister of Defence, John Hansen; Postmaster General, George Burt; Minister of Veterans Affairs, Gil Oldham; Minister of Health and Welfare, Joan Young; Minister of Citizenship and Immigration, Leonard Johnson; Minister of Justice, Neale Hargrove; Minister of Fisheries, Keith Allen; Minister of Labour, Carl Wallace; Minister of Organization, Malcolm Harris; Minister of Defence Production, Gino Blink.

The University has procured the Provincial Legislative Buildings for the Model Parliament. The galleries will be open to students and anyone else interested in watching the proceedings. The Parliament opens at 7:30 tonight; sessions will be held from 10:00 to 12:00 on Saturday morning and from 1:00 to 5:00 in the afternoon.

## MARITIME TITLE TO S.D.U.

St. Dunstan's University won the Maritime Intercollegiate Debating Championship last Monday night defeating the University of New Brunswick debaters on a unanimous decision of the three judges. Both teams had been undefeated in intercollegiate competition during the regular schedule and were playing off for the Abegweit Trophy and the right to represent the Maritimes in the National finals this coming weekend in Ottawa. The debate was held at St. Dunstan's University in Charlottetown before an audience of three hundred people.

The St. Dunstan's debaters, Leo Peddle and Donald McDougall upheld the negative on the resolution "that the Federal government should encourage American capital investment in Canada". The UNB debaters defending the affirmative, were

## SKI DANCE

The Saturday Evening semi-formal dances held in the Student Center since the start of this term have been a welcome success. This Saturday evening your U.N.B. Ski Club is happy to be sponsoring the dance.

### 2nd. Vice-Pres.

PEGGY COLPITTS  
PRESIDENT AAA

JIM ROBINSON

### President Elect

GORDON McALLISTER

\*\*\*

### Treasurer

GEORGE BASTIN

\*\*\*

## OPPONENT LEFT FAR BEHIND; RAY SELECTED AS VICE-PRES.

Gordon McAllister, fourth year Electrical Engineering Student and past Vice-President of the SRC received the solid backing of over 80% of the student body who took part in the recent election. McAllister defeated his only opponent in the campaign, Barry Toole, by over 500 votes. Approximately 68% of the UNB students cast their ballots in the election; of these, 630 voted for McAllister, 115 for Toole.

### 1st. Vice-Pres.

BILL RAY

\*\*\*  
SECRETARY

VIVIAN GRANT

With McAllister on the executive will be: Bill Ray, First Vice-President; Peggy Colpitts Second Vice-President; George Bastin, Treasurer; and Vivian Grant, Treasurer. Both Colpitts and Bastin were elected by acclamation.

Held at the same time as the election of the SRC representatives was the election of the officers of the Amateur Athletic Association. In this election, Jim Robinson was selected for President and Bob McNutt, Vice-President.

A Plebiscite, sponsored jointly by NFCUS and WUSC was also voted upon. The question to be decided was whether the students should pay a sum of \$2.00 which would be divided equally between the two organizations to pay for organization, administration and student scholarship. The Plebiscite was passed; 330 votes to 292.

Here is a complete list of the election results.

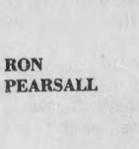

<b>For President:</b>	
Gordon McAllister	630
Barry Toole	115
<b>For 1st Vice-President:</b>	
Bill Ray	481
Jim McLeod	261
<b>For 2nd Vice-President:</b>	
Peggy Colpitts (acclamation)	
<b>For Secretary:</b>	
Vivian Grant	464
Jackie Liddle	261
<b>For Treasurer:</b>	
George Bastin (acclamation)	
<b>President of A.A.A.:</b>	
Jim Robinson	429
Art Cowie	291
<b>Vice-President of A.A.A.:</b>	
Bob McNutt	397

### PHOTO CONTEST

The Camera Club announces that the deadline for the Winter Carnival Photo Contest has been extended to Saturday, March 9, 1957. The response thus far has been disappointing but it is hoped that some of the eager photo-

graphers that sported their cameras during the Carnival will enter their work in the contest. Notices are still up; information can also be had from Hans Foerstal, Residence, 9004.

"Weather" or not you are an enthusiastic ski-bum, plan to be there and meet some of those crazy skiers. Remember the more the merrier; all are welcome, even snow-bunnies. B. C.ing U. this Saturday evening at the Student Center... Why not?

## More Close Attention

In the Bank of Montreal Business Review, issue of February 22, there is a statement that says, in part "... Potato prices strengthened last month, but have since fallen back to around \$2.25 a barrel; movement has been slow... Fish landings have been light; markets generally are dull..." These are significant observations, and while they do not indicate a definite slump, could be viewed as a trend. It could be said that in both these industries, the season has long passed. However, it is becoming increasingly clear that the Maritimes, and New Brunswick can no longer subsist on what might be called the traditional industries. Businessmen and government are going to be forced to concentrate on the more lucrative enterprises, such as manufacturing and base metal processing.

Many of the proposals in the late, and in some circles, lamented, Gordon Report, should be more closely studied. The value of the survey is obvious. It must not be allowed to expire, whether through lack of use, or abuse.

One rather interesting fact that was revealed in the Gordon Report, was the reason, in part, for the higher freight rates in the Maritimes. It seems that truckers in Ontario and Quebec presented such stiff competition to railroads a few years ago that the railways were forced to lower their rates, or be faced with considerable loss of business. As a consequence, they charge higher rates in the Maritimes to compensate.

An observation like the above could be of immeasurable value to enterprising businessmen. Let us sincerely hope that many of these proposals are more stringently studied than they are, apparently at the present time. J.B.T.

## Congratulations . . .

Congratulations to the successful candidates in the recent S.R.C. election. They have been selected from the many who ran by a fairly large percentage of the Student Body and have one year in which to show that that trust has not been poorly placed. The past council has been very successful, leaving to the new members a financially sound and smooth working system.

The new President, Gordon McAllister, has had a long and distinguished career on the council, serving at various times as secretary, treasurer, and vice-president. He has the qualities of what should be a capable administrator, and we look forward to seeing a well run council. With him he will have many experienced members as well as the new representatives. We look forward to seeing them be active and conscientious, knowing that they represent their associates.

In connection with the election, a Plebiscite was held to determine our financial contribution to N.F.C.U.S. and W.U.S.C. As you are all aware, it has been decided to increase the amount and to change the system. This, we believe, was the correct choice. These organizations must now show positively that they are doing pertinent activities, whereas the students can demand results. C.W.

## All Attend . . .

Tonight is the first session of the 1957 UNB Model Parliament. It is hoped that as large a number of students as possible will attend the deliberations.

Only if there is sufficient interest now, will the future of the enterprise be assured.

It is especially noteworthy that the UNB Parliament should be held in the Provincial Legislative buildings in Fredericton. That surely, is the right atmosphere.

Rumors circulate to the effect that several interesting bills will be presented, both by the government and the opposition. All in all, it will prove an interesting and stimulating experience to those actually participating, and an entertaining spectacle for those watching.

MARITIME TITLE  
(Continued from page 1)  
Neil Mulvaney and Elsworth Briggs.

The judges for the debate were M. A. Farmer, G. Campbell and Dr. J. H. O'Honley, all of

Charlottetown. Don MacDougall and Leo Peddle of SDU carry with them the congratulations and best wishes of the UNB Debating Society as they represent the maritimes in the National finals.

## Letters to the Editor

### STUDENTS' COUNCIL AT FAULT; P.C.'s ALSO APOLOGIZE

The Editor  
The Brunswickan  
U.N.B.

Sir:

The Students Representative Council which has done a fairly good job all year governing students affairs made an unjust move at their last meeting in office. Two days before the Model Parliament Elections they tabled the Social Credit Constitution because it has a "restrictive clause" in it. The Social Credit constitution states that one must be a member of the Social Credit League of New Brunswick to be a member of the UNB Club. Whether this is a fair and reasonable clause is irrelevant. The fact is that the Students' Representative Council has accepted other constitutions with restrictive clauses in them and recognize many organizations on the campus with restrictive membership. They therefore should be bound by these precedents, regardless of their personal feelings, to accept the Social Credit Constitution as it is.

The SRC recognizes the Inter-Varsity Christian Fellowship constitution (whose members must sign a pledge accepting Jesus Christ as their personal saviour), the Newman and Canterbury Clubs, the Engineering and Forestry Associations. All these have restrictive membership.

The Progressive Conservative Party, who stated in a paper published the very evening of the SRC Meeting, that the Model Parliament was "initiated to promote intelligent and gentlemanly behavior on the campus and not to foster a complete disregard for the ethics of our society", misrepresented in a most unscrupulous manner what actually did happen at the SRC Meeting. They announced over their PA system from the Residence at 1:30 P.M. Thursday, February 21, that the Social Credit Aims were "so subversive that the SRC would not approve their constitution".

The Progressive Conservatives should make a public apology to the Social Credit group for misrepresenting the facts to the student body.

It is a pity that on our campus where there has been so little political interest, that a group of interested students who wish to form a political club, should be impeded without just reason.

The Students Representative Council should accept this constitution as originally presented, or change their whole basis of accepting constitutions.

Yours very truly,  
Jim MacKenzie, Bus. Admin. '57  
\* \* \*

The Editor,  
The Brunswickan,

Dear Sir:

In an article supporting the giving of aid to Hungarians, which appeared in a recent issue of the Brunswickan, a writer expresses the hope that we "will show common sense and decency to others", and vote in favour of the imposition of a student levy which is to raise money for Hungarian Scholarships. The writer stated that the motion was "without precedent in the history of student affairs at U.N.B." This I consider indeed fortunate.

I for one enjoy giving to a worthy cause such as the providing of students from Hungary and other needy countries with the opportunity to further their education and to enrich our University society. But I feel that I have a choice in the matter. And certainly, if the levy is imposed, it cannot be said that any choice is given either to those who voted against the levy, or to the incoming freshman next fall.

The writer proposes to "silence the energetic minority". Although I might wish to give to a certain fund, would it be fair that because I and seventy-five per cent of those concerned were willing to give, that the other twenty-five per cent should be forced to give too?

We are proud of our Democracy in which the individual is given the right to make his own decisions. Let's leave him that choice! I may believe that what is good for me is good for everybody, but that doesn't permit me to force everybody to do as I do.

Sincerely,  
P. J. Dykeman

## TRADE ANALYSIS

MARITIME PROVINCES — Wholesale and retail trade were generally about 10% higher than in January last year, spurred by the usual sales. Collections are fair to good though slowing in some sections. Pulp and paper mills are all operating at capacity to fill a strong demand. Other manufacturers are generally fully employed.

Ideal weather has accelerated woods operations; lumber markets are quiet but there is a good demand for peeled pulpwood. Potato prices strengthened briefly last month but have since fallen back to around \$2.25 a barrel; movement has been slow. Fish landings have been light; markets generally are dull with exports being affected by the discount on U.S. funds. Steel production continues at full capacity with record output for 1956. Coal mining was maintained at near full production although there was a shortage of rail cars due to bad storms. The wage dispute between union and company has gone before a reconciliation board.

NEWFOUNDLAND — Wholesale and retail trade throughout the island were reported slow this past month with collections fair to good. Weather conditions have been ideal for woods operations and about 50% of the annual

haul has been completed. The paper mills at Corner Brook and Grand Falls and the base metal mine at Buchans continued to operate at capacity. Stocks of sait codfish at January 20 were 33,225,000 lbs, as compared with 18,515,000 lbs. a year ago; exports in 1956 amounted to 69,810,800 lbs. as against 101,148,300 lbs. in 1955.

### United Kingdom

Latest United Kingdom external trade figures are:  
(£ Millions) 1956 1956 1957  
Jan. Dec. Jan.  
(£ Millions) 1956 1956 1957  
Total exports 272.1 264.9 272.7  
Total imports 346.3 307.8 376.2

Adverse balance 74.2 42.9 103.5

The contrast between the January 1957 figures and those of the preceding months reflects the re-arrangement of shipping schedules due to the closing of the Suez Canal. The gold and dollar reserves fell during January by \$49 million to \$2,084 million. In January 1956 there was a surplus of \$29 million. After standing at 5½% for nearly a year, Bank Rate was cut on February 8 to 5%. Following this reduction, the deposit, overdraft and call-money rates of the commercial banks were also reduced by ½%. The Chancellor of the Exchequer emphasized that this cut should not be interpreted as a change in economic policy. Coal output for the first five weeks of 1957 totalled 22.5 million tons compared with 22 million in the corresponding period last year. Steel production during January was at an annual rate of 21.6 million tons compared with 21.1 million in January 1956. During 1956, housing completions numbered 300,225 as against 316,995 the previous year. Substantial gains were shown in most sections of the stock markets during January. The Financial Times industrial ordinary share index rose during the month from 178.8 to 187.4, this level being almost the same as a year earlier, while the gilt-edged market index moved up from 84.74 to 89.41, slightly higher than at the end of January 1956.—Bank of Montreal Review.

## TWO SCHOLARSHIPS OFFERED

World University Service of Canada is pleased to announce Two Scholarships for Canadian students, which are tenable at universities in Germany and Egypt respectively, during the 1957-58 academic session. One scholarship is offered by the German WUS in co-operation with the German Foreign Office. The second is offered by the Egyptian WUS with funds raised by the Egyptian university community to reciprocate the scholarship awarded by WUS of Canada for an Egyptian student at the University of Toronto.

### ELIGIBILITY:

- (1) Open to men or women undergraduates in their third or final years, or recent graduates, who must return to a Canadian University immediately following their year of study abroad. Applicants must be Canadian citizens by birth or naturalization, and must be resident in Canada at the time of application.
- (2) Applicants must be mature, of good academic standing, and have shown leadership qualities through active participation in extra-curricular activities.
- (3) Applicants must be willing to assist in the task of promoting international understanding while abroad, and on their return to Canada must be willing to help the WUSC Committee on their campus in its activities.
- (4) Applicants must satisfy the academic requirements of the University, and the award of the scholarship will depend on willingness of the University to accept the scholar who is selected.

### PARTICULARS FOR THE GERMAN SCHOLARSHIP

- (1) FIELDS OF STUDY: Unrestricted, but will depend on the courses offered at the university which the scholar wishes to attend;
- (2) WHERE TENABLE: At any university within the Federal Republic of Germany;
- (3) VALUE OF AWARD: Free tuition; DM. 300 per month to cover board and lodging; Free travel by rail from German border to University selected by the scholar, and return;
- (4) DURATION OF AWARD: Twelve months commencing November 1, 1957;
- (5) TRAVEL COSTS: Cost of travel between Canada and Germany will be borne by the scholar.
- (6) LANGUAGE: Preference will be given to students with some knowledge of the German language.

### PARTICULARS FOR THE EGYPTIAN SCHOLARSHIP

- (1) FIELD OF STUDY: Arts, Science, Medicine, Law, Engineering, Agriculture, Commerce, Veterinary Medicine, Classical Arabic Studies.
- (2) WHERE TENABLE: Cairo University, Cairo.
- (3) VALUE OF AWARD: The scholarship will cover the following items: Board and lodging, probably in the university residence;
- (4) DURATION OF AWARD: October 1, 1957 to May 1, 1958 (1 Academic yr.)
- (5) TRAVEL COSTS: To be borne by scholar;
- (6) LANGUAGE: The language of instruction in most subjects is Arabic; some courses are given in English in the Faculties of Medicine and Agriculture. English speaking students will, we are told, be given every help in their studies to enable them to take full advantage of the scholarship.

### SELECTION PROCEDURE:

The National Scholarship Committee of WUS of Canada will be responsible for selecting both scholars.

### HOW TO APPLY:

- (1) Write to WUS of Canada, 43 St. George Street, Toronto 5, for application forms which should be completed in duplicate.
- (2) Forward two copies of your application, together with two recent photographs (passport size) and the names and addresses of three referees, to: The Chairman, National Scholarship Committee, WUSC, 43 St. George Street, Toronto 5.

**THERE IS BUT LITTLE TIME LEFT AS THE DEADLINE FOR APPLICATIONS IS MARCH 10, 1957**

## THE ISRAELIAN CONFLICT

Under the auspices of WUSC Mr. Benjamin Medjuck will give a talk on the state of Israel, the reasons for its creation in 1947, its development since that time and the situation as it is at present, with particular reference to the happenings during the last six months. Mr. Medjuck is an expert on Political Zionism and is one of the top men in that movement in Canada. The meeting will take place in the Oak room of the Student Memorial Centre at 7:30 p.m. on Monday, March the 4th. Refreshments will be served.

### CANADA ODDEST STUDENT PUBLICATION

Oh! the 'phone rings!  
It's a cute little Queen from down in the 'Jean.  
They 'phoned all night, and they phoned all day,  
The Jones' Boys couldn't keep the Co-eds away.

Persistently pestered by the demands of dozens of dishes, we sit in our tower eagerly anticipating another exciting evening sipping small glasses of iced water in the Paradise. If we are lucky we might even get a LOADED DISH to satisfy the inner man. Such commodities are rare!

How do you feel Honey, is it as good to say goodnight to your Hero, and then to stagger home alone and unsupported to the Maggie-Jean?

What a shame that there are not many more such weeks, we might get as experienced in thinking up the Kaleidoscopic excuses in the split interval between the request and answer. Mind you, most of us set our hair several times last week and just had to work on our essays, depending on who the delightful dater was, after all during Co-ed week even we are allowed to be unpredictable.

Wolf Night was quite the biggest success of the whole week, the Jones' Boys really enjoyed this! What a fantastic evening! Packed with ex-cruciating excitement! It's a pity that the fangs of the She-Wolf are blunt and that she no longer howls at the waning moon.

Some of the little Vixens were successful, for some of the weaker Jones' have been looking lovelorn, singing louder in their showers, and are forgetting their meals. As to the latter this could be either love or Ptomane poisoning, after all there isn't much difference is there?

By the way the Fruit Juice Plebiscite was 100% for the serving of Fruit Juices in all the suggested places, even in the Bookstore. We were swamped by the great popularity of our campaign, receiving the phenomenal number of one spoiled ballot paper.

### HIGH SCHOOL BASKETBALL TOURNAMENT

The annual New Brunswick Inter-scholastic Basketball Tournament will again be held in the Lady Beaverbrook Gymnasium. The dates are March 7, 8, 9.

UNB students will again be admitted free to the preliminary games prior to Friday night. The admission charge will be 35 cents from Friday night on.

The sock dance will again be held following Friday night's games. The admission charge will be fifty cents.

### APOLOGIES

To Hans Foerstal and George Bastin for the mistake in pictures.

A modern university for men and women, situated in Fredericton, the beautiful capital city of New Brunswick. The Faculty of Law is maintained in Saint John.

## EngineEars

by Red 'N Black

This Saturday the Wassail takes place, and that host with the most, Henry Sherrard, is seeing to it that the food, surroundings, and entertainment will be better than ever. All members of the UNB Engineering Society are invited to attend this banquet, which begins at 6:30 p.m. in the Lord Beaverbrook Hotel. Tickets for the baked Tendersweet ham dinner and convivial evening are on sale at the engineering store for \$2. Refreshments will be sold during and after the dinner.

Some faculties gather socially in the middle of the woods. This party is in the best possible surroundings because we feel that engineers can, when the situation calls for it, drink, dine and be entertained in a civilized manner.

The above is a notice of interest to engineers. We hope you have the opportunity to see it, for although an EnginEars column is written every week, the Brunswickan staff have published only those which interest THEM. Those of special interest to engineers, (i.e. almost half the student body) have been discarded. Because of its high-handed policy, notices and write-ups of engineering functions go unpublished. Engineers objecting to the Brunswickan's growing tendency to represent one faculty only, should write the editor.

### EDITOR'S NOTE:

A slightly peeved paragraph forms the conclusion of this week's engineers column. Apparently Mr. Red 'N Black feels that a column of interest to approximately half the student body should take preference over articles and columns of interest to the entire student body. If the engineering students were the most active group in extra-curricular activities on the campus, then this attitude might be more or less understandable, but the way things are now . . .

Mr. Red 'N Black also accuses the Brunswickan Staff of publishing the engineering column only when the column interests them. This is of course a ridiculous statement for which no basis can be found. If the engineering column is not published every week then this is due to technical difficulties. If Mr. Red 'N Black does not think such a thing as technical difficulties exist then perhaps he would like to apply his technical skill towards editing the paper weekly. Criticism is of great value, but only if it has a basis and is constructive. Neither of these two qualities can be found in the above column. One should be careful with ones accusations Mr. Red 'N Black!

The honourable gentleman also accuses the Brunswickan of having a growing tendency to represent one faculty only. Could he perhaps be a bit more specific and point out that faculty, substantiating his argument?

### INTRAMURAL HOCKEY

With the hockey season almost at a close, we find both the Senior Engineers and the Sophomore Engineers "B" tied for first place in the Intramural Hockey League. These teams have both claimed 16 points in eight games. Following them in the league standings are the Intermediate Engineers, who have played ten games, winning seven and losing three. Competition in this league has been very keen this year and the playoffs promise to be very good.

Activity resumes this week-end in the Lady Beaverbrook Rink with games being played on Sunday and Monday. Slated on Sunday are: 1:30 p.m., the Frosh Arts and Science vs. Business Administration; 2:30, Sophomore Engineers vs. Foresters "21"; 3:30, Junior Engineers vs. Sop-

(Continued on page 4)

## EXPERIMENT In International Living

World University Service of Canada is pleased to announce that it will again act as the Canadian agent for The Experiment in International Living, a private, non-profit organization which has for the past twenty-five years, arranged study tours in Europe, and more recently in Asia and Africa. Canadian students are eligible to participate, and those interested should apply direct to the Experiment in International Living, Putney, Vermont, USA, before April 1, 1957, for application blanks. The selection of students will be carried out by the organization of the Experiment, and not by the World University Service of Canada. The experiment programme offers students the unique experience of living with European, African and Asian families and sharing with other young people in everyday activities. It provides particularly for the imaginative student who does not wish a Beadaker tour and who is eager to make personal friendship among others of his or her own age. The Experiment programme is highly recommended by WUSC for those interested in this kind of experience.

The countries in which Experiment programmes are being arranged for the summer of 1957 include 16 European countries, Mexico, Chile, India, Nigeria and Japan. For the benefit of those who have some speaking knowledge of the country of their choice there are so called Language-speaking tours to most European countries. English speaking tours are arranged to all countries mentioned unless participation proves to be insufficient. Each group has from 10 to 15 young people in it, under the direction of a trained and experienced leader, who travels with the group. A complete tour will consist of two months during the summer, of which one month will be spent living with a family. The Experiment organization still needs some group leaders, and thus welcomes leadership candidates 25-45 years of age. Information can be obtained from the above mentioned address.

The individual costs for participants vary according to the country visited but are \$350, for Mexico; \$800, for Europe; and \$1200, for Chile, India, Nigeria and Japan. Those fees include all expenses round-trip from the port of embarkation which is New York or Montreal for all the tours except the Japan tour, for which it is San Francisco.

# RAIDERS FACE SDU TONIGHT

## Howse Replies To Riled Riley . . .

Gordon Howse, *Brunswickan* hockey writer, has replied to recent comments on his work which were made in the columns of *The Daily Gleaner* by Jack Riley, sports editor of that paper.

Mr. Howse denied he was "ashamed or afraid" to sign his name to his article about the recent exhibition hockey game between UNB Red Devils and the Fredericton Capitals. He pointed out that his name has often been found above hockey reports in *The Brunswickan* and that in the issue in question his name appeared on the masthead.

He further denied that Stewart led the UNB players off the bench, a charge made by Capital Coach Tim Bliss. Mr. Howse states that Stewart was already on the ice at the time and that because of this he could not possibly have been one of the first players off the bench.

He also said that the UNB players had "good cause" to clear their bench, because the Capitals had cleared their's first.

The following is the text of a letter written by Mr. Howse to Sports Editor Riley:

University of New Brunswick  
Feb. 26, 1957

Mr. Jack Riley,  
Sports Editor,  
The Daily Gleaner,  
Fredericton, N.B.  
Sir:

I have read with great interest Timmy Bliss', Charlie West's and your comments concerning the recent exhibition hockey game between the UNB Red Devils and the Fredericton Capitals. Since I am the author of that controversial article which appeared in *The Brunswickan*, I feel obliged to write you concerning this matter.

There has been a great deal said over the fact that the article was unsigned. It has been inferred that I was ashamed or afraid to sign it. Such is certainly not the case. My name could have been found in the masthead or in previous issues accompanying my stories.

Coach Bliss' charges that Stewart and McDonagh were the first two players off the bench with the rest of the UNB team closely following is the purest hogwash. Stewart was already on the ice before the fight started; thus it would have been impossible for him to have led the team off the bench. In addition, anyone who knows McDonagh and Stewart would realize that these players would not leave their bench when a fight started unless they had a good cause. In this case they would have had a good cause. Several dozen spectators had seen that cause, just as I had; the Capitals had cleared the bench first.

I am prepared to accept Bliss' statement that it was a player's "head" and not a high stick that struck Savoy only if he had clarified his statement by saying that the player's "head" that did the damage was wrapped in black friction tape. It was an "unfortunate incident" indeed.

Another game with the Caps is a good suggestion, but it'll have to come after the Maritime Intercollegiate hockey final.

Yours truly,  
GORDON M. HOWSE

## CAMPUS BOWLING; RECORDS LISTED

Bowling has been a popular intramural sport on this campus in the past few years and for the bowlers we are printing the UNB Bowling Alley records. If you think you can better them, let's see you try.

In the ladies' division, Miss Shirley Ramey holds the record for 5-pins with a score of 298. This was set on November 5, 1956. Miss I. Hoyt holds the record for the highest single in the ladies' duck pins with 163 in 1953. Jean Brown has the high three of 397 points, set in 1955.

In the men's division of the 5-pin league, Terry McClusky holds the record of 348 points which he set in January. In the men's duck-pin league, Henning

Auland is the high singles' champ with 235. Rae Brown is the high three champ with 479. In the men's candle-pin league, Rudy Hanusiak is the high single champ with 161. Rene Bouchard is the high three champ with 351 points.

The following are the UNB Bowling Alley Records:

Ladies' 5-Pins: Shirley Ramey, 298, Nov. 5, 1956.

Men's 5-Pins: T. McClusky, 348, Jan. 1957.

Ladies' Duck Pins: I. Hoyt, (High single) 163, 1953; Jean Brown, (High triple) 397, Feb. 1955.

Men's Duck Pins: Henning Auland, (High single) 235, Jan. 1955; Ray Brown, (High triple) 479, Oct. 1956.

## TITLE RESTS ON OUTCOME

Tonight the UNB Red Raiders play St. Dunstan's University from Charlottetown at the Lady Beaverbrook Gym. This game involves the NB-PEI championship and the right to represent NB-PEI in the Maritime finals. SDU won their only previous game with UNB this season, taking a 66-63 overtime decision in Charlottetown two weeks ago. It was a 59-all tie at the end of regulation time and SDU went ahead in the overtime period.

SDU has a 3-0 record, UNB 2-1; thus a Red Raider victory would tie them with SDU. If this happens Friday night the team with the highest point total in their two games is the winner. The Red Raiders therefore must win this game by more than three points. Game time is 8:30 o'clock.

Saturday night at 8:30 p.m. the Red Raiders will play an exhibition game with the Saint John Atlantics. The Atlantics are one of the strongest teams in the Maritimes, and should give a good idea of UNB's strength.

## Rink Hours Set Up to March 10

A schedule of UNB hours at the Lady Beaverbrook Rink from March 3 to March 10 has been released.

This Sunday, March 3, UNB curlers will take to the ice between 8 and 10:30 a.m. In the afternoon, from 1:30 to 5:30 o'clock, action in the Intramural Hockey League is slated. In the evening, from 9 to 11 o'clock, general skating is on tap.

Monday night, varsity hockey practice and intramural hockey are scheduled. The Red Devils will work out from 8:30 to 9:45 o'clock. At 9:45 intramural hockey will begin and it is scheduled to continue until 11 o'clock.

Another Red Devils' workout is on tap Tuesday. The hour-and-a-half session is set to get under way at 6:30 o'clock.

On Wednesday, a junior varsity hockey practice is slated to run from 8:30 to 9:30 o'clock in the evening. Immediately following, general skating is booked.

On Thursday, a Red Devils' sweat session is on tap for 6:30 to 8 p.m.

Saturday night will see the first game of the Maritime Intercollegiate Hockey championship series. The initial half of a two-game, total-goal round, the contest is slated to get under

Men's Candle Pins: Rudy Hanusiak, (High single) 161, 1953; Rene Bouchard, (High triple) 351, 1957.

## McDonagh Still Tops Among Devil Snipers

So far this season UNB has an undefeated record in New Brunswick-Prince Edward Island Hockey League play. Their biggest game was against Mt. A. who in former years were the team to beat. This year UNB has shown its supremacy on the ice. The Red Devils have won four games in as many tries, beating Mt. A. twice and STC and SDU once each.

The high point man for UNB so far this year has been Bill McDonagh who has 17 goals and 13 assists. In the nets this year is Claude Brown who has also done very well in helping his team stay out in front in the league race. He has played in nine games, letting in 41 goals for an average of 4.55 per game. The other goalie for UNB, White, has played in one game and let in eight shots for an average of eight goals per game.

### N.B.-P.E.I. Hockey League Standings

Team	W	L	T	F	A	Pts.
UNB	4	0	0	22	6	8
SDU	2	2	0	16	16	4
Mt. A	2	2	0	13	18	4
STC	0	4	0	12	23	0

### Varsity team scoring (Including exhibition games)

Player	G	A	Pts.
McDonagh	17	13	30
Stewart	6	11	17
Pearson	6	8	14
McNutt	4	10	14
Mockler	4	5	9
Dohaney	1	5	6
McLellan	3	2	5
Benson	1	4	5
Hersey	4	0	4
MacElmon	2	2	4
Coombes	2	1	3
Savoy	1	1	2
Parent	1	0	1
Fraser	0	0	0
Bourque	0	0	0

Goalkeepers	Games	Goals	Avg.
Brown	9	4	4.55
White	1	8	8.00

## JV CAGERS TO PLAY 2 EXHIBITION TILTS

UNB's junior varsity men's basketball team will be playing twice this week-end.

Tonight, they'll clash with Teachers' College at 6:45 o'clock at the Lady Beaverbrook Gym. This game will serve as a preliminary contest to the clash between UNB Red Raiders and St. Dunstan's University of Charlottetown.

Tomorrow night, the junior hoopsters will tackle Saint John High School. Again game time is 6:45 o'clock and the tilt will precede an exhibition tilt between Red Raiders and Saint John Atlantics.

way at 7:30 o'clock. Immediately following at 9:30 general skating is scheduled.

Next Sunday will see curling from 8 to 10:30 in the morning, intramural hockey from 1:30 to 5:30 in the afternoon and general skating from 9 to 11 in the evening.

## Water Polo Loop Play Scheduled

The Intramural Water Polo League resumes play this week end with three games. Saturday afternoon at 2:00 o'clock the Lady Beaverbrook pool will see the Science faculty pitted against a strong Sophomore Engineering team. At 2:45, the Engineers 45 will play the Frosh Engineers. At 3:30 the Foresters will play the Junior Engineers.

The following is the league schedule to March 30:

Mar. 2.—2:00, Science vs. Soph. Engineers; 2:45, Engineers 45 vs. Frosh Engineers; 3:30, Foresters vs. Jun. Engineers.

Mar. 9.—2:00, Science vs. Frosh Engineers; 2:45, Soph. Engineers vs. Jun. Engineers; 3:30, Engineers 45 vs. Foresters.

Mar. 16.—2:00, Science vs. Jun. Engineers; 2:45, Frosh Engineers vs. Foresters; 3:30, Soph Engineers vs. Engineers 45.

Mar. 23.—2:00, Science vs. Foresters; 2:45, Jun. Engineers vs. Engineers 45; 3:30, Frosh Engineers vs. Soph. Engineers.

Mar. 30. — (semi-finals) 2:15, First place vs. Fourth place; 3:00, Second place vs. Third place.

## INTRAMURAL HOCKEY

(Continued from page 3)  
homore Engineers "L"; 4:30, UNB Law School vs. to be announced.

On Monday: 9:45 p.m., Arts vs. Science.
